Why can't Sanford get more and better ball players? This may be the reason: More than 120 new Class D leagues (the same classification as the Florida State League) have been organized this year and it naturally follows that with seven or eight hundred additional clubs looking for players it is harder to find the right men.

Daytona Beach has proven quite conclusively that it has the best club in the State league, at least in date. The salary limit for Daytona, Sanford and all the other clubs is the same. So why can't Sanford get as good players as has the beach city? This may be the answer, according to Director Jimmy Wright of the Sanford Baseball Association.

The Lookouts have some mighty good men on their line-up and some not so good. They can frequently win by winning when De Hardin is in the pitcher's box, but they need more hitters like him. Joe Blistruff can't be beat as a catcher, and he is also the leading hitter in the entire league.

The Lookouts play at home again Friday, against the Saints, and it would be fine if they would get the alphas out of their system and show the visitors they can sometimes win a game at home.

The Gainesville Sun says that "strings are out for a first-class hurler to bolster the G-Men staff, as well as a hard-hitting outfielder and shortstop, and some announcements in this regard will be forthcoming shortly, according to club officials."

The Seminoles in the Lion League lost their second game of the season yesterday, and as a result they go into a three-way tie with the Yankees and the Pirates.

The percentage standing of each of the three is 500. The Glens, in the cellar, and the Red Sox, one day removed from the cellar, are that struggle will have a bearing on the league championship.

But the Pirates beat the Cubs in the final game on Friday and as the Cubs have won only two games this season, the odds are in favor of the Pirates winning and, as a result, being declared the champion team of the Lion League for the 1936 season.

The current campaign is likely to be the passing of three National League stars who were known as the "ray nineties" from the ranks of active players.

Frankie Frisch, Charlie Gorman and Terry. The cooling of the current in that it is likely good to Frisch when he was in the league.

Sanford Loses Game By Two Close Decisions

Teams Battle For 11 Long Innings On Sanford Field

Split Second Rulings In Ninth Canto Decided The Contest

Two close decisions were made by umpires in the ninth inning of yesterday's 11-inning game on Sanford Field between the Lookouts and the Islanders, and Daytona won, 3 to 2.

In the first half of the ninth inning Dillingham of the visitors failed to touch third base, but as Umpire Grant was not looking in that direction at the time and therefore failed to see the umpire's omission he did not call him out.

In that last half of the ninth two runs had been made by the Lookouts, two men were gone and the bases were filled when Overstreet came to bat. But he popped to the pitcher, and the side was out.

Overstreet pitched a great game, though his team failed to hit in the pinches and there were a flock of errors. Overstreet is the new pitcher signed by the Lookouts after the DeLand Reds rejected him.

In the tenth inning the seats were filled by Lookouts again, but Gleason flied out and the three men died on bases.

A spectacular play that won the plaudits of the crowd was a hand-catched catch made by Gleason, shortstop, as he raced to third base just in time to put out an Inlet runner.

Daytona put over its first run in the second on a hit and two errors. From the third through the eighth the Islanders could not solve Overstreet's offerings, securing only one hit, a single to left field, in the sixth.

In the ninth inning Daytona put over one more run as a result of errors.

Frack, pitching for Daytona, allowed Sanford only three hits with no runs up to the ninth inning.

'Runs Or Fines,' Frisch Tells Cards And He Has To Pay

ST. LOUIS, May 14.—(AP)—St. Louis Cardinal players who fail to drive in a runner from third base with one out or more out are automatically fined \$5 under the rule established by Frankie Frisch, manager.

The fines will be split among the players at the close of the season.

Frisch himself was one of the first victims of the rule. He fined himself \$10 the other day after he hit into a double play with the bases loaded and one out against Boston.

Goose-Eggs Only 2 To 1 Is Score For G-Men When Of Game Between They Meet Saints

GAINESVILLE, May 14.—Taking advantage of four Gainesville errors, the St. Augustine Saints defeated the G-Men, 3-0, here yesterday afternoon. None of the runs scored by the Saints were earned.

Through this loss the Gainesville team set a new league record with a total of six consecutive losses, breaking their old record of five which they set in the first five playing days of the Florida State loop.

The Saints scored two runs in the third inning as the result of two errors and a wild pitch. Their final run came in the ninth as Schneider sent Langston, who had made first on an error, across the plate with a single to left.

Davis allowed the G-Men to knock but five balls out of the infield. Pitching three-hit ball up until the eighth inning, Davis was touched for three hits in the most scratchy of scratch hits when the Gainesville team filled the bases with none out. He then bore down to set the G-men down without a run scoring.

Schneider, a leading pitcher of the Saints, patrolled left field, and was the leading hitter of the contest with three safeties in four appearances at the plate.

Freddie Francis Regains Control Of Sainly Team

Blaine Kunes Played Last Game With Saints Yesterday

ST. AUGUSTINE, May 14.—(AP)—Blaine Kunes was replaced as manager of the St. Augustine Saints of the Florida State League by Jerry Fitzgerald yesterday and Fred Francis, former pilot and baker of the Saints in the old Florida State League, was appointed coach and given control of the team officials of the club announced.

The "new deal" for the Saints goes in to effect today when Gainesville visits Lewis Park for a loop encounter.

On the field Francis will serve as coach. He has long been the dean of baseball here and new life was injected into the Saints and baseball interest began to soar here following the announcement of the changes in the makeup of the local Florida State League entry.

Kunes came to St. Augustine with a fine Class A and AA record and was highly recommended by the St. Louis Cardinals. However, he was out of the game last season because of illness, and just could not get around into shape. His successor, Fitzgerald, has had wide baseball experience.

Bryant Bonner has been obtained by the Saints from the Jacksonville Tars of the South Atlantic League. Bonner will be stationed at third following Manager Kunes' release after the game at Gainesville yesterday. A good strength is also being sought in an effort for St. Augustine to make a better showing in the pennant race.

Sports Writers Hold A Meeting In Ocala

OCALA, May 14.—(AP)—Dave Tillinghast of the Greenville, S. C. Piedmont, was elected president of the Southeastern Sports Writers Association in a meeting at Silver Springs yesterday.

Other officers named were Frank Barfield of the High Point, N. C. Enterprise, vice-president; Houston Lawing of the Greenboro, N. C. Record, secretary, and Jimmie Thompson of the Greenville Piedmont, treasurer.

The sports writers adopted a resolution approving the press box arrangement at North Carolina State College, where all persons not connected with the press are barred from the coop. The plan was recommended for all colleges and universities in the South.

About 30 writers attended the annual three-day outing at Silver Springs.

Red Sweeney May Pitch Tomorrow When Saints Come With New Manager

New Lookout Hurler Has Made A Record With Minor League

Red Sweeney the Lookout's newest pitcher and a hurler with an enviable record with the minors, may pitch in tomorrow's game on Sanford Field when the Saints come here under the coaching of their new manager, Freddie Francis. Manager Stuffy McCrone of the local club said it might be necessary to put Sweeney in the box today, even though he arrived in Sanford only yesterday and has not had much rest, but he hopes to save him until tomorrow's game on the home field.

Sweeney started his baseball career with the Orlando club of the old Florida State League back in 1927, and since then has played with various clubs in the New York-Pennsylvania League and the East Dixie League. His record shows he has always won not less than 18 games with any team on which he has played.

Francis takes over the management of the Ancient City baseball club today and he has announced plans for greatly strengthening the aggregation and of going out to win. He will coach the Saints in their game here tomorrow. Francis was the majority of the St. Augustine aggregation for a number of years, but declared before the opening of this year's season that he was through with baseball. However, he acceded to demands of the fans in his home town and has returned to the fray.

Pitcher Refused By Club Because Of His Lame Arm

McNally's Return To Lookouts May Not Be Insisted Upon

Buddy Lake, pitcher, has been released back to the Albany, N. Y. club of the International League.

He was bought by the Sanford Baseball Association on Apr. 17, the association agreeing to pay \$200 and to give First baseman McNally in return. McNally was given his release, but no money actually has been paid for Lake.

Director Jimmy Wright said today that the trade was made for Lake, the pitcher's arm was O. K. The pitcher himself was not on the active lineup with the Albany Club and was not aware that his arm would not hold out through a game. The president of the Albany Club is insisting that the purchase price for Lake be paid, but Director Wright declared today that the money will not be paid, though the association may not insist up the return of McNally.

Wolf Has Signed To Coach The Tar Heels

CHAPEL HILL, N. C., May 14.—Raymond (Boss) Wolf, director of athletics and assistant football coach at Texas Christian University, accepted a three-year contract as football coach at the University of North Carolina, it was announced by George W. Fetzner, director of athletics. Salary terms were not revealed.

Wolf succeeded Carl Sharkey, who resigned last winter to take over the position vacated by Gil Dobbie at Cornell. The new Tar Heel mentor is not expected to select his assistants until he arrives here, probably early next week, Fetzner said.

Program Is Given By Girls' Hi-Y Club

"Patriots and Honor" was the theme of an interesting and instructive program given by the Girls' Hi-Y Club during a singing at the Seminole High School Chapel exercises. The devotional was given by Sheila Britt Cameron and the Flag Salute was presented by Sidney Mix, Jr. and Ernest Southward, local Boy Scouts.

The program was opened by Roy Wright, a senior student, who presented the life and invention of John Gorrie, who shares with Kirby Smith one of the two places offered in Florida in the Statutory Hall of Fame in the House of Representatives.

The second patriot was one well known to Sanford residents, General Henry S. Sanford. His life and achievements were presented by Donald Lawson of the Sophomore Class. He professed his remarks by showing a picture of General Sanford borrowed from the municipal library.

The last patriot given was Edward Bok whose contribution to

Civic Leaders Urge Concert Attendance

Under the Federal Music Project of the WPA Dr. Nice has announced a composers' forum, where all original compositions are considered and evaluated. In speaking of this activity, Dr. Nice stated that a surprising amount of real talent was shown up in Florida.

Mrs. E. M. Galloway, discussing the work of F. Pierce Drohan, which she heard in Miami at the Miami Biltmore during the recent council meeting of the General Federation of Women's Clubs, said several numbers were given at a dinner by the W. P. A. orchestra, and when it came to Sunlight and Shadows, the Drohan number, Dr. Nice announced that he "would never have placed it on the program had he realized the rather noble conditions of that time and place." However, said Mrs. Galloway, "just as soon as this composition began, complete silence prevailed, until it was terminated by enthusiastic applause—so delicate, so light and ethereal was this lovely number."

The following expressions are indicative of the general interest in the coming artistic event, says Mrs. P. E. Roumillat: "The P. T. A. of the Seminole High School is proud to be the special sponsor of the free symphony concert to be given in our auditorium Monday, the 18th at 8 P. M. We warmly favor legislation which would enable the earnest music student to receive a full high school credit annually for his studies and we have emphasized the importance of music in a balanced education."

"Our own high school orchestra will set as ushers for the concert," Mrs. Ralph Smith voices her opinion: "Sanford is indeed fortunate to have as her guest, the Florida Symphony Orchestra. Those who wait the music of the opportunity of listening to this great body of musicians will agree with Martin Luther who said, 'Music is next to Divinity and no art is comparable with it.'"

"The citizens of Sanford should be indeed grateful to the sponsoring organizations for making possible this musical treat and offering such excellent entertainment free to the public."

"It was an inspiring climax, welcoming him, one state more than 400 guests at the General Federation meeting at the Miami Biltmore Hotel, Coral Gables recently when I had the privilege of enjoying the Florida Symphony Orchestra under the direction of Dr. Clarence Niece."

Says Mrs. Walter L. Cooper, president of the Woman's Club: "The Sanford Woman's Club feels that it is a privilege to join the other service clubs of the town in bringing to Sanford the WPA Civic Orchestra. We feel that good music is essential to the life and development of any community and this concert given by a group of artists is sure to prove worth while."

human welfare will live forever in American life, Louis Hill's presentation of the oration on Edward Bok. He reminded his audience to listen and weigh carefully the notes of peace and good will which resound every year from the Bok Singing Tower at Lake Wales.

Mary Chapman, president of the Girls' Hi-Y, then presented the Rev. Martin J. Bram who addressed the student body on the subject of honor and urged them to receive their share of education so that in later life they may be able to take the places which society expects of them.

The program was brought to a close when the Senior Class rendered its class song.

A Million Miles WITHOUT AN ACCIDENT

Firestone HIGH SPEED TIRES

WILL STOP A CAR UP TO 25% QUICKER!
GIVES GREATER BLOWOUT PROTECTION!
GIVES 25% LONGER NON-SKID MILEAGE!

BUY ON PROOF OF PERFORMANCE

A MILLION miles on Firestone Tires without an accident. That is the record of Ab Jenkins, famous driver, who has driven on all kinds of roads and in all kinds of traffic in every state in the union. What a tribute to safe, dependable, tire equipment! Make this proof of performance your guide in choosing new tires to protect yourself and your family.

There are three important facts you should know about the tires you buy—

- THE FACTS ON TRACTION and NON-SKID SAFETY**
A leading university in 2,350 tests has found that the new, scientifically designed tread on the Firestone High Speed Tire stops a car up to 25% quicker.
- THE FACTS ON BLOWOUT PROTECTION**
Ab Jenkins used Firestone Gum-Dipped Tires when he drove his 5,000-pound car over the hot salt beds at Bonneville, Utah, in the record-breaking time of 127 miles per hour, covering 3,000 miles in 23½ hours without a blowout or tire trouble of any kind.
- THE FACTS ON ECONOMY and NON-SKID MILEAGE**
The largest transportation companies in the country, such as Greyhound, to whom safety and tire economy mean business efficiency, use Firestone Tires from Coast to Coast and from Canada to the Gulf. And our own test fleet records prove that the new Firestone High Speed Tire for 1936 gives you up to 25% longer non-skid mileage.

The Firestone High Speed Tire for 1936 proves by performance its superiority in all of these three qualifications. Make this proof of performance your yardstick of safety and value. Decide today to equip your car with new Firestone High Speed Tires for 1936—the safest driving equipment money can buy.

How's Your Health

MENTAL PROMIDES; II
 What is to be done when, with the aid of the physician, the patient is made to realize that the major portion of his difficulties arises from his tension and conflict?

To this query, one experienced physician replies: "I have found it worth while to suggest to him (the patient) to make better to remind him, however, in the manner of the Greek chorus chanting the flow of life from the wings of some . . . principles which he has been believing the tension and conflict within him."

These general principles are:
 Of the strong probability that the patient will receive the power of the mind and of the mechanism of mental recovery by bringing the problem to the surface and naming it frankly.
 Of the person's legitimate right to his self-confidence and self-esteem.
 Of the influence of the "stream of consciousness" the self-conducted mental commentary that, for good or ill, gathers our rills of thought into the stream of personality.
 Of the recovering power of time. No lesson is harder to learn, but none more salutary than that all things, and above all peace, comes loves company."

to those who know how to wait.
 Of getting around what one cannot get through or over.
 Of the serenity of the nature. Hyper-reaction is childish.
 Of the value of detachment and the power of non-interference—especially important to impress on the over-sensitive parent confronted by the rebellious child.
 Of the vice of continuous effort even in a good cause and the exhaustion that comes to the perpetual striver who never grants a moratorium to himself or others or indulges in purposeful uselessness, masterly inactivity or conscientious lassitude.
 Of solitude and the fact that one is not alone, for even "misery loves company."

Islanders Lengthen Lead At Expense Of Lookouts

Legion Junior League Game Ends At Dark With Score Tied At 2 And 2

COACH-AND-FOUR ESTABLISH DISTANCE RECORD

Swindell Gets Three Runs, Muse Hits For Circuit Drive

Despite a home run by Muse and a double and a pair of singles by Swindell and runs also batted in by McCrone and Cates, the Lookouts were unable to break the winning streak of the Islanders in the game at Daytona Beach yesterday, and the Islets won, 10 to 9. It was the eighth straight victory for the League leaders.

Red Swoney pitched for the Lookouts after only one day's rest. He struck out four men, but allowed 11 hits to seven given by Kinzel, Daytona pitcher.

Daytona Beach started the uneven struggle with four runs in the first inning, then a couple more in the third, and four more in the sixth inning. Sanford scored once in the first, twice in the fourth and three times in the sixth inning.

Costly errors were made by Kistuff and Gleason, but the Islets made the same number of errors. Dave Swindell led the Lookouts in batting, getting three hits. Muse, the new right fielder, got two hits, one for a home run, and McCrone, Malby, Cates and Gleason each got one hit.

Anderson led the Daytona Beach pitchers with a homer and two singles in four times at bat.

Mistreated 'Mule' Still Among Best 'Money' Players

CHICAGO, May 15.—(AP)—They're kicking the Mule around a bit these days, but he's still quite a ball player, as thousands of Chicago White Sox fans will testify.

The Mule is George "Donk" to his teammates) Haas, onetime star member of Connie Mack's champion Philadelphia Athletics, and now a member of Manager Jimmy Dykes' hustling White Sox. The fans realized the Mule's worth when injuries forced him out last season. Many contend his absence cost the pale hose a first division berth.

This spring, with Zeke Bonura a holdout, Haas was put on first base. Came the opening of the season and Zeke had signed. But the Mule still is covering the initial sack—and doing a fine job at a post foreign to him.

Manager Dykes knows the value of Haas. He isn't hesitant about paying his old Philadelphia teammate credit. "He hits .290 ordinarily," says Jimmy, "but when the tying or winning run is needed he slaps that ball at a .350 and .375 clip."

Ball players know Mue is one of the game's best "money" players. Back in 1929, when the Cubs lost the series to the Athletics four games to one, it was two homers by Haas that sank the hopes of the Chicago club.

"I do the best I can when I'm out there—and I hate to lose," smiles the Mule. "I like to hit in the pinch and I guess I'm fairly successful."

Chicago's southsiders agree with the Mule.

Saints Now Next To Islanders At State League Top

Francis Brings Winning Team To Meet Sanford Lookouts

Freddie Francis, new pilot of the Saints, brings to Sanford this afternoon a club that is now just behind the Daytona Beach Islanders at the top of the Florida State League. The St. Augustine nine defeated the G-Men in St. Augustine yesterday, 8 to 7. They play the Lookouts on Sanford Field at 4 o'clock.

In yesterday's game the Saints spotted the G-Men a 6 to 0 lead, then opened with a smashing attack to drive two hurlers from the mound. A four-hit attack in the eighth drove Guntharp and Henderson to cover as the Saints came from behind with three runs to deadlock the score at 7-7. Then Relief Harler Albritton incocked a wild pitch with a runner on third in the ninth to let in the winning St. Augustine run.

John Schneider, starting Saint southpaw, gave way to a pinch hitter in the fourth after the G-Men had gidd up what looked like a commanding lead. Schneider did some great relief hurling for the Saints, allowing but two hits and retiring Gainesville in order in the last four innings.

St. Augustine was reinforced with Bryant Bonner, at short and Vic Zupanec at first. Both figured in the Saints' tying three-run rally in the eighth with smashing triples. Langston, Turney and McGowan led a 10-hit attack off three G-Men hurlers with two blows each. Gainesville collected eight safeties.

The loss marked the seventh straight for Gainesville. The game was played for the most part in a slow rain and before a good crowd.

Sebring Man Killed When Tire Blows Out
SEBRING, May 15.—Enroute to Tampa to meet his wife, Jesse Lisk, 42, local grove caretaker, died of injuries received yesterday in an automobile accident on the state highway north of here.

Witnesses said that apparently a tire blew out. The car rolled over four times and crushed Lisk's head as it came to a stop. His companion, Robert Horn, 22, also of Sebring, was only slightly injured.

Canberra, capital of Australia, had a population of only 7,325 in 1933.

With Azaleas In Game In Palatka

Nine Palatkans Are Fanned By McGoin, DeLand's Pitcher

DELAND, May 15.—DeLand defeated Palatka, 4 to 3, in a Florida State League game here Thursday to even the series with the Azaleas. The Reds meet the league-leading Daytona Beach Islanders there today.

DeLand made his runs in the early innings, Martin and Dillrikson working a double steal to score one in the first. Three more were added in the third when the Reds bunched three hits with two bases on balls.

Palatka made one in the third, and threatened again in the fifth. With none out and three on, McGoin struck out two and the third man popped out to center. Three hits combined with an error served to give the Azaleas two in their half of the eighth.

McClein, who hurled for DeLand, struck out nine Palatka batters, allowed one free pass, and kept eight hits fairly well scattered. Henry proved less effective against the Reds, striking out one, walking five, but was nicked for only 10 hits.

Spanish Lightweight Seeks 15th Victory In His Bout Tonight

NEW YORK, May 15.—(AP)—Pedro Montanez, sensational Spanish lightweight, will go after the fifteenth consecutive victory of his American campaign when he clashes with Leonard Del Genio, rugged Harlem battler, here tonight.

The boys are scheduled for 10 rounds in Madison Square Garden. It will be Montanez' debut in the Eighth Avenue arena. Incidentally, he will receive 33 1/2 per cent of the gate, more than any non-champion has ever received before.

Since coming to New York several months ago, Montanez has been beating all comers in the smaller fight clubs. He boasts a speedy, two-fisted type of attack and is a big favorite with the fans who like their fights spiced with plenty of action.

The betting favorite is the lad from Spain, but the experts are agreed he may run into plenty of trouble from the sturdy Del Genio, pride of Harlem's Italian colony.

Senator-Panther Battle Interests Number Of Fans

Total Of Only Five Hits, Three Errors Made During Game

Battling until dark, when they were unable to see the ball, the Senators and the Panthers of the Legion Junior League played to a 2-2 tie last evening. The game was called at the end of the seventh inning, not only because of darkness but because of wet grounds.

It was one of the most interesting baseball games ever witnessed by many of the fans along the coaching lines of the new diamond in the Ninth Street Park. Each pitcher was in his prime and each was given excellent support.

Only three errors were made during the entire game, two by the Senators and one by the Panthers. Billy Zachry, captain of the Senators, allowed four hits, but Derrill Ferguson, pitching for the Panthers, allowed only one hit.

Dob Epps was the Senator batter so favored. Ferguson is captain of the Panthers. He got a two-base hit one time at bat.

Warren Odham caught for the Senators and Eddy Dyson caught for the Panthers. Bill Davanel umpired the game.

The score:

Senators 2 1 2
Panthers 2 4 1

Scramble For Senate Berth Changes Deal

Candidates For Governor Lose Spotlight Since Death Of Park Trammell

Vacancy Has Not Yet Been Filled

Indications Are That Sholtz Will Name Senator Next Week

TALLAHASSEE, May 16. (AP)—Death of Senator Park Trammell in the second year of his six-year term at Washington has changed the complexion of Florida's campaign situation.

Personalities in the scramble to succeed him have drawn the political spotlight away from the races for governor and other major state offices in the regular Democratic nomination primaries next month.

Adding to the interest is the confusion about the method to be followed in nominating a Democratic candidate to go before the voters in the November general election contest with a Republican nominee for Trammell's unexpired term.

It's a question on which lawyers, party officials and candidates themselves are in disagreement. Some say the Democratic executive committee may call a special nominating primary while others say a primary would be nothing more than a "straw vote" and that actual nomination must be made by the committee.

The winner in a special primary could be certified as the committee nominee.

Governor Sholtz himself a candidate for Trammell's post has not appointed a Senator to serve until the November election. There were indications the appointment would be made next week. Hundreds of telegrams endorsing a number of persons for the appointment have been received.

Adding to the senatorial speculation is the disagreement over which Democratic executive committee has authority to act on selecting the party's senatorial candidate.

Some candidates want Chairman J. B. Hodges to call the present committee and provide for a special nominating primary to be held with the regular primaries in June. Hodges has announced he would call a committee meeting for June 30—of the primaries—to consider whether a senatorial primary is to be called.

Terms of present members of the executive committee will expire with the first primary June 2, when a committee to serve for the next two years will be chosen. The meeting Chairman Hodges proposes to call would bring the new committee together for the first meeting. Many of the present committee members are seeking re-election, including Chairman Hodges, who has endorsed a special senatorial primary.

Already in the senatorial nomination contest are G. O. Andrews of Orlando, E. J. Brown of Miami, former Governor Dyer of Tallahassee, and Claude Pepper of Tallahassee. Others indicated they may enter.

Sons Of Legion Squadron Formally Instituted With Installation Of Officers

Impressive Ceremony Witnessed By 45 Of Group's 60 Members

Campbell-Lossing Squadron of the Sons of the American Legion was formally instituted last night with the induction into office of the members elected by more than 60 members of the new group. Forty-five Sons witnessed the impressive ceremony, many of them accompanied by their fathers, members of the local Post of the American Legion.

J. Carl Johnson, of Tampa, state detachment commander, was the installing officer, and in most instances the officer upon taking his station was given the charge by his father. These officers are: Captain, Carl Soderblom; first lieutenant, Webster Welborn; second lieutenant, Sidney Stafford; adjutant, Walter Campbell; finance officer, Arthur Branran, Jr.; chaplain, Worley Brown; historian, Pete Mero; sergeant-at-arms, Buddy Rivers; color bearers, Sidney Richard and Reginald Soderblom.

The Sons of the Legion opened their meeting with the singing of the first verse of their theme song, "Carry On," to the tune of the "Battle Hymn of the Republic". We are the sons and workers of American Legionnaires; For God and Country and our Flag.

We always firmly stand; We fight the foes of freedom As our fathers did in France. For them we'll carry on.

They then repeated the preamble to their constitution, which is patterned largely after the preamble to the constitution of the American Legion, only most of the Sons know it by heart while the Legionnaires generally have to read it. This preamble is as follows:

"Proud possessors of the priceless heritage, we, sons of Veterans of the World War, associate ourselves together as 'The Sons of the American Legion' for the following purpose:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a true spirit of Americanism; to preserve the memories of our forefathers in the Great War; to inculcate a sense of individual obligation to the community, State and Nation; to combat the autocracy of both the classes and masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our friendship by our devotion to mutual helpfulness; to adopt in letter and spirit all of the great principles for which the American Legion stands; and to assist it in carrying on for God and Country."

After the formalities of the evening were over Mr. Johnson told the boys something of the 10-days' camp that has been arranged for the Sons of the Legion at Sarasota beginning on June 29, and urged those wishing to attend to file their applications early as only 300 can be accommodated and 105 applications have already been received. The entire expense of the camp will be only \$7 for the 10 days. Boys attending it will live "army style," sleeping on army cots, eating meals prepared by army cooks, getting up when "reville" sounds in the morning and going to bed when "taps" are sounded at night.

W. D. Hofmann delighted the boys with a number of sleight-of-hand tricks, and refreshments were served at the close of the meeting.

Appropriation Of \$572,450,000 For Army Is Approved

WASHINGTON, May 16.—(AP)—President Roosevelt today signed into law the \$572,450,000 supply bill to carry on activities of the war department for the fiscal year beginning July 1. It is the largest peace-time appropriation for the nation's land forces.

The President also signed the \$116,450,000 appropriation bill for the state, justice, commerce and labor departments.

The war department measure includes \$33,000,000 for purely military purposes, part of which will go toward increasing the Army enlistment strength to 145,000 men, an increase of about 18,000 men. A total of 665 new airplanes is provided for, while \$3,500,000 will go toward improving coast defenses on the west coast and around Hawaii and the Panama Canal. The bill also carries \$127,750,000 for rivers and harbors improvements.

The girl, first born, weighed three pounds three ounces. The boys weighed three pounds, seven ounces and four pounds, six ounces.

Mrs. Edwards and the babies were reported to be getting along well. The couple already had six children.

Labor Unrest Causes Cabinet Resignation

WARSAW, May 15.—(AP)—The Polish cabinet, harried by labor unrest, resigned yesterday and Gen. Felicjan Slawog-Skladowski immediately formed a new group of ministers with himself as premier.

Former Premier Marjan Erazm Kasackowski assumed the posts of labor and social welfare. Antony Roman became minister of commerce and industry and Witold Gubaszewski minister of justice.

Skladowski, in addition to the premiership, also took over the ministry of the interior. The new cabinet, a close friend of the British, was the subject of a treaty.

Britain To Increase Destroyers' Tonnage

LONDON, May 15.—(AP)—The British government informed France and Italy today it intends to increase the tonnage of destroyers allocated under the 1922 naval treaty.

Britain already is negotiating with the United States and Japan, since these nations are members of the limiting coalition of the treaty.

Congressional Candidates To Speak Tuesday

Committee Arranges For Big Rally To Be Held At 8 P. M. At The Courthouse

Seminole County people will be given an opportunity of listening to all nine candidates aspiring to the Democratic nomination as congressman from the new Fifth Congressional District on Tuesday night, May 19, in Sanford, when the candidates will speak at Seminole County Courthouse at 8 o'clock. The date was announced this week by Ray Seiden, of Daytona Beach, chairman of the Democratic Executive Committee of the new Fifth Congressional District.

The committee has arranged a series of meetings in each of the counties composing the Fifth Congressional District as a service to the voters who wish to hear each of the candidates speak so that the public may become acquainted with the platforms of each of the gentlemen seeking nomination as the new congressman.

Several of these meetings have already been held, among them being those at Orlando and Cocoa, and all have been attended by a large crowd. At the meetings the candidates outline their platforms and are limited to about ten minutes in which to present candidates for nomination to the people. Ray Seiden, of Daytona Beach, as chairman of the Congressional District of the Fifth Congressional District, will preside as chairman at the meeting in Sanford, to which all Seminole County people are invited.

Since only one meeting can be held in each county of the district, Sanford was selected as the centrally located place in Seminole County.

W. E. Watson, of Sanford, committeeman, and Mrs. J. W. Coates, of Oviedo, committeewoman, representing Seminole County on the Fifth Congressional District Executive Committee, have charge of the arrangements in the County for this meeting.

The candidates who have qualified to make the race for congressman from this district and who will appear here to present their platforms, will be: James J. Banks, of Orlando; J. J. Dickinson, Orlando; Royal C. Dunn, Aslatula; O. Raymond Ellars, Orlando; Joe Hendricks, DeLand; James H. McCawley, Leesburg; George W. Seefeldt, Inverness; James G. Sharon, Sanford; W. J. Steed, Kissimmee.

Begin Fight To Stop Fire In Everglades

MIAMI, May 16.—(AP)—Fire-fighters piled equipment on barges and began a slow trip up New North River Canal today determined to stop the march of a spreading black blaze endangering the rich farm lands of the Lake Okechobee region.

Loaded on the barges were tractors, disc harrows for plowing ditches, water hose and pumping machinery. Operations were under direction of Guy J. Bender, state fire chief, who was aided by an aerial survey made by Fire Warden G. J. Stocks of Miami.

Stocks reported the fire was burning along a three-mile front on the northeast bank of the canal in the Everglades about 12 miles west of Davie. The muck along the canal was burning badly, he said.

Citrus Prices Move Upward During Week

TAMPA, May 16.—(AP)—Florida citrus prices moved upwards again this week with another drop in m/tes and shipments, according to figures issued today by the Florida Citrus Exchange, covering the 16 Eastern auction markets.

The average box price for Valencia oranges was \$2.26 for the week, against \$2.15 last week, an advance of 21 cents. Sales were 464 cars, a decline of 90 cars from last week's sales.

Grapefruit prices advanced one cent compared to last week's average box price of \$2.73. Sales were 192 cars, a loss of 51 cars compared to last week's sales.

Total sales of Florida citrus on all Eastern markets this week was \$60 against \$57 last week.

Vandenberg Tries To Block Friends Of Florida Canal

WASHINGTON, May 16.—(AP)—With killing amendments, Senator Vandenberg, Michigan Republican, sought yesterday to block the effort of Administration leaders to continue the Florida Ship Canal and Passamaquoddy power project in Maine.

Foe of the two undertakings, Vandenberg proposed that no allotments be made to the projects until the next session of Congress, regardless of findings of engineers whose appointment was sought in a resolution offered Wednesday by Senator Robinson, Arkansas Democrat, majority leader in the Senate.

Under the Robinson measure, a favorable report by the board of engineers would give the President immediate authority to allocate \$10,000,000 to continue the canal, and \$20,000,000 for the tide harnessing project.

Vandenberg's amendments among other things, would reserve to Congress the right to order the allotment to further funds for the two New Deal enterprises—even if the boards held them feasible.

Chairman Copeland, New York Democrat, announced a closed session of the Commerce Committee to consider the bill and amendments Wednesday. Vandenberg and Senator Fletcher, Florida Democrat, leader of the fight for more canal funds, are members of the committee.

Vandenberg did not challenge the provision of Robinson's resolution leaving appointment of the two boards to President Roosevelt. He proposed that each be composed of five members instead of three, the added two to be "experienced business executives."

Aiming most his amendments at Passamaquoddy, he sought a study of points brought out in an adverse report on the project by the Federal Power Commission.

The board would be required to report on the commission's holding that a steam generating power plant of capacity equal to that proposed for Passamaquoddy could be built and operated at a lower cost.

On the canal, the board would be called upon to make "an independent survey" of opponents' contention that few shipping concerns intended to use the Gulf-Atlantic waterway.

Townsend Men Court Acquits Cut McNary's Two In Tampa Oregon Lead Flogging Case

Returns From Rural Precincts Heavier For Men Endorsed By Pension Group

PORTLAND, Ore., May 16.—(AP) The long lead established by Senator Charles McNary in early returns in the Oregon primary election narrowed today as his two opponent, both Townsend Pension Plan advocates, picked up support in outside precincts. The veteran Republican senator, who held a four to one lead last night, dropped back to a three and one-half to one margin. He had 42,322 votes in 840 of the state's 1,133 precincts. Sam Brown, former state senator, polled 12,252 votes and Theodore Nelson 11,345.

In complimentary votes on their respective party tickets, President Roosevelt trailed Senator Borah of Idaho. Roosevelt received 35,216 complimentary votes from the Democratic "Borah" list; received 40,127 from the Republicans.

Georgia For Roosevelt ATLANTA, May 16.—(AP)—Georgia Democrats will cast 27 votes for President Roosevelt in the Philadelphia national convention on June 23. Roosevelt will be the only entry for the state presidential preference primary at the registration deadline today. The primary, set for June 3, will be held off and the President's \$10,000 entry fee will be returned to friends who contributed it. Roosevelt will name the Georgia delegates. The state committee so provided if only one candidate filed. Governor Eugene Talmadge, critic of the New Deal, made no comment.

Old Astor Track Sold For \$25,000 To N. Y. Interests

Sale of the 2,700 acre tract known as the John Jacob Astor Grant, five and one-half miles west of Sanford on the St. Johns River for \$25,000 was reported this week. It is one of the largest real estate transactions in recent months.

The tract was sold by W. R. O'Neal of Orlando, as trustee, to Drew P. Swanson and W. M. Norton, representing the Produce Land Corporation of New York City, the deal being put through by J. D. Brown.

It is understood that the new owners plan to develop the large acreage this coming summer and fall. The tract is considered the last large body of land in this section which is suitable for trucking, with flowing wells and the protection against cold afforded by the river.

Diplomats Anxiously Watch The Near East

(By The Associated Press) The United States and other foreign diplomats watched with anxious eyes today developments in the Far East where Japan is pouring additional troops into North China, and Japan and Soviet Russia are at odds over a series of border disputes along the Siberian frontier.

Japan's present North China troop strength of nearly 10,000 soldiers is sufficient to occupy strategic air fields, railroad stations and Great Wall passes. More troops are being sent into the area.

Court Acquits Tittworth And Chappell On Trial In Bartow

Jury Instructed To Free Tittworth

BARTOW, May 16.—(AP)—Judge Robert T. Dewell directed the Tampa flogging case jury today to acquit two of the seven former policemen on trial for kidnaping Eugene F. Poulnot, one of three victims of mob violence last Nov. 13.

Those freed by the court were former Police Chief R. G. Tittworth, who was charged as an accessory, and Robert Chappell, one of six former officers charged as principals.

The court also knocked out three of four counts of information against the other five defendants, leaving only the plain charge they kidnaped Poulnot. These five are C. A. Brown, Jr., Sam G. Crosby, John P. Briggs, F. W. Switzer and C. W. Caplice. Charges of false imprisonment, conspiracy to falsely imprison and conspiracy to kidnap were dismissed. The maximum sentence now facing the five is ten years in prison upon conviction.

Judge Dewell gave his ruling after hearing attorneys argue for two days and spending all of yesterday studying the law.

Charges of kidnaping Sam Poulnot and Joseph Shremaker, the other mob victims, and second degree murder of Shoemaker, who died of his injuries, still face the defendants, including Tittworth and Chappell, although Tittworth is charged only as an accessory after the fact in these crimes.

DE FUNIAK SPRINGS, May 16.—(AP)—J. E. Hogarth was today convicted of first degree murder, with a mercy recommendation, for the slaying of Captain E. M. Jenkins at Redbay, state convict camp, on Feb. 28. The jury's recommendation of mercy makes imposition of the life term mandatory.

The state charged that Hogarth, who was night guard at the camp killed the captain while the latter slept because of ill feeling between the men. Hogarth, who was the only witness, denied the charge.

Poll Taxes Must Be Paid By 11 P. M. Or Elector Can't Vote

The time limit for paying poll taxes as a qualification for participating in the June primary is 11 o'clock tonight. County Tax Collector Jno. D. Jenkins will keep his office in the Court House open until that hour.

Poll taxes must be paid for two years. The number who have paid for 1934 is 2,184 and for 1935 it 2,103.

Watermelon Shipping Is To Begin Monday

GROVELAND, May 15.—(AP)—Florida's watermelon shipping season will be opened here Monday when two cars are placed at auction.

David Seymour, grower of the early melons, said he expects the price will exceed that of last year's first car which brought \$75.
