Through cold, mow-covered fields, underneath iceencrusted trees, the river runs its course.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has flowed steadily on for centuries. It is still going on today in

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the builting of charac-ter and good citizenship. It is a store-house of spiritual values. Without a strong Church, twither democracy nor sivilization can survive. There are four sound reasons why every person should attend services reguharly and support the Church, They are: (1) For his own mke, (2) For his children's aske, (3) For the mke of his community and nation. (4) For the take of the Church itself which needs his moral and material support. Plan to go to church regu-larly and read your libble daily.

If you do not attend church services why not go

The 'Jeep' Gladiator with 4-wheel drive has twice the traction of ordinary pick-up trucks.

When a 'Jeep' Gladiator gets down on all fours, there isn't much in nature that can stand in its way.

The 'Jeep' Gladiator with 4-wheel drive can get through stormy weather and rough terrain that would stop any conventional 2-wheel drive pick-up. That's because it has twice the traction. 'Jeep'-Gladiators plow through enow, slush through mud, sail through downpours and give better control on ice.

And because it is built to take it, a 'Jeep' Gladiator

is worth a mint when you get ready to sall it. It holds its

value because it stays versatile. Go to your 'Jeep' dealer and test drive a 'Jeep' Gladlater. Notice its passenger car smoothness. Then find a hill. A steep one. Try it halfway in 2-wheel drive. Now throw the 'Jeep' Gladiator in 4-wheel drive, And hang en. You'll know then what separates other pick-up trucks from the "Unstoppables."

The Tiger of the year was just named Car of the Year by Motor Trend.

If that isn't enough of a hint, try Quick Wide-Track. (This is their year.) Or Turbo Hydra-Matic, the new transmission you can order that does away with rearing between shifts. Coupled with the quicker engines for the '65 Pontiac, it saves the rearing for whenever you need it. When you don't, the extra potent engines let you just loaf along. And this loading gives you the kind of economy you wouldn't expect from a looker. Quick Wide -Track Tigars
