If you visit Cuba, don't be content with a short stay in Havana. As delightful and interesting as the city may be it is still not Cuba anymore than Miami is Florida. To really know our Latin neighbor you should take a trip into the interior where you will find scenery unsurpassed and learn first hand of the industry and activity that makes the country tick.

are scattered over the island. Some welcome visitors. Vegetables are grown in many areas as well as fruits and melons. The small independent Cuban farmer cannot afford modern equipment. Tilling the soil with oxen is a common sight. Ox-carts are encountered on rural roads just as we used to see them on some Florida roads a few years ago. Large farming operations are carried on in some sections by corporations employing the latest methods and equipment.

President Batista is trying to improve conditions of the small farmer. He has inaugurated a building program to provide modest homes for rural people to replace the native thatched huts and these new homes are available for a small down payment and the balance on easy terms.

Rains are frequent at this time of year and are quite similar to the summer showers we are so familiar with in Florida. During our two day tour we encountered intermittent showers and sunshine, that kept the temperature pleasantly cool and comfortable. The interior towns and villages are quaint and colorful. I was particularly impressed with the city of Mantanzas. It is an old city, typically old world, pocketed between rolling green hills and lying on a beautiful bay.

Our party of five hired a limousine and chauffeur and we were fortunate in securing Pancho Rodriguez, brother of the local manager of the Farr Tours, Reinaldo Rodriguez. Not only was he an excellent driver but he spoke very good English, had a delightful sense of humor and saw to it that we saw there was to see along the route.

Our stop for the night was at beautiful Varadero Beach where we were guests at the modern swank Varadero hotel. Accommodations were excellent and we thoroughly enjoyed our stay in this splendid modern resort community. Most clubs and hotels have game rooms where you may engage in gambling to suit your taste. Slot machines, commonly known to us as one-armed bandits were everywhere in evidence. Cuban lottery tickets are available most everywhere and much of the country's revenue is derived from its cut on gambling.

body's toes," he said, "I came here with the idea of doing a survey and see what the needs would be."

McCarthy explained that it was his feeling, no matter what the size of a community, there is always the need of a full time recreation program. However, he pointed out, one man is not sufficient to operate it. Any community leadership is the problem and "you don't get it cheap."

In a question and answer portion of McCarthy's visit and talk with the Childrens Committee he pointed out that participation in a program depended on the leadership and the type of community. He estimated participation at from 10 to 20 per cent.

To a question "What about children that need to be reached," he said, "There again it depends on your leadership. Our problem is getting to those children and it takes time. We have to make our programs so attractive they want to become a part of it."

"What do you do about transportation?" was asked. "I just can't give you an answer to that," McCarthy said, "School centers may be the answer—take the program to them." There are some, he said, who say the recreation program won't work in the school, but I know better.

"The main thing is a long range recreation program. It takes cooperation and coordination," he said.

McCarthy explained the duties of a Recreation Superintendent and the cost to the community pointing out that two-thirds of the total budget should be for leadership and the balance for equipment and maintenance.

City Manager Warren E. Knowles told the committee that the City of Sanford is now spending about \$18,000 annually for recreation.

Our main trouble is the lack of public interest," he said. Knowles, at the request of Childrens Committee members, outlined the construction of the new Sanford Civic Center and its usage. "It is breathtaking in design and utilitarian. It is unique and unusual," he said, "and will bring comments from all over."

County To Put Up 11 Court House Area Lots For Public Sale

COL. PAUL D. TROXLER

COL. ELMER E. KIRKPATRICK

Troxler To Succeed Col. Kirkpatrick

Colonel Paul D. Troxler will become District Engineer of the Corps of Engineers at Jacksonville about the middle of June, the Department of the Army announced today.

He will succeed Colonel Elmer E. Kirkpatrick Jr., Jacksonville District Engineer for the past two years, who has been reassigned to the Mediterranean Division of the Corps of Engineers and will be stationed at Leghorn, Italy.

Colonel Troxler has been serving in the Office of the Chief of Engineers for the past three years where he has been Assistant to

John Riley Dies In New Orleans

John Riley, 77, passed away at the home of his sister, Mrs. John E. Moreheiser, in New Orleans, La. Monday afternoon following a lengthy illness.

Mr. Riley was born July 26, 1880, in New Orleans, La., and had lived in Longwood for the past 30 years. He had been in New Orleans since December.

He was a member of the All Souls Catholic Church of Sanford. He was superintendent and caretaker of the Sanford-Orlando Kennel Club.

Mr. Riley was the husband of the late Kate E. Riley.

Survivors are three sisters, Mrs. Walter J. Reed, Miss Rose Riley, and Mrs. John E. Moreheiser, all of New Orleans and several nieces and nephews.

Funeral services will be held at 8 a.m. Thursday at the All Souls Catholic Church with Fr. Richard Lyons officiating.

Burial will be in Oaklawn Memorial Park.

Brisson Funeral Home is in charge.

Eleven lots of the Seminole Court House area, at the corner of Park Ave. and Seminole Blvd. will be put up for public sale with a minimum price of \$35,000, according to action taken at yesterday afternoon's session of the Seminole County Board of Commissioners.

The lots are reportedly being considered by the Florida State Bank of Sanford for a new site for their banking facilities.

Volle A. Williams Jr., attorney for the Florida State Bank, asked the board of commissioners yesterday to "Establish a base price on property on Park Ave."

Clifford McKibbin, speaking for a group of merchants in the downtown Sanford area, asked that the property being considered be placed on public sale. "Banks and courthouses and county seats all go together," he said, "and if it were turned into a productive enterprise we would all make more out of it."

A 150 foot area between the present Court House and the area to be sold has been reserved for expansion of the present county facilities.

McKibbin also asked that "a stipulation for a certain class of type of building be placed upon the sale along with a date for completion."

Commissioner John Krider stated "I feel like this, in my political career which has been pretty stormy, my policy has been to get as much out of vacant land as possible. A productive piece of land should not lie idle."

Immediately Krider made a motion before the commission "That we offer this land for sale at \$35,000 minimum price and get it on the tax roll."

Commissioner Lawrence Swinford seconded the motion which was unanimously approved by the board.

However, commissioners also agreed that the minimum cost of a building erected on the property should be \$100,000. Plans must be drawn by an AIA architect, start of construction must be within 12 months and completion of the building within 24 months. Commissioners also reserved the right to approve such plans proposed for a building erected on the property.

Bids will be accepted on the 11 lots at the June 4 meeting of the Board of County Commissioners.

'Miracle Drugs' Have Tuberculosis On Run In State

The "miracle drugs" have tuberculosis on the run in Florida. The successful use of antibiotics in the treatment of tuberculosis has resulted in an 81 per cent drop in death rates during the past 10 years. Tuberculosis deaths in Florida totaled only 244 in 1956, to show a rate of 6.3 per 100,000 population, lowest for any southeastern state, and well below the national average of approximately nine per 100,000.

However, statewide, according to the monthly statistical report of the Florida State Board of Health for January-February of this year, there were 52 deaths from tuberculosis compared to 50 for the comparable period last year.

There were no deaths reported in Seminole County from tuberculosis in the January-February reporting period.

Elsewhere in the report, there were 52 marriages in Seminole County, 28 divorces and annulments, 180 births, and 117 deaths.

Heart disease continues to be the top killer in Seminole County with 25 deaths reported in the two-month period, cancer claimed 14 deaths, cerebral vascular disease 11, influenza five, accidents five, two deaths from motor vehicle accidents, all other CVR disease three, and diabetes one.

Majorette Corps In State Contest

Twelve beautiful girls of the Seminole High School Majorette Corps under the direction of petite and talented Carol Nutt will parade and twirl in state competition Saturday morning in the bandstand for hours from the Florida Bandmasters' Association. This is the second year the corps has entered the State Contest and they have been recognized as one of the finest corps in Central Florida. Just recently they were asked to present a special performance before the Orlando Twirling Club and they have received special recognition in the many parades in which they performed with the band. Tuesday morning the group entertained the high school assembly with their concert routine and several special numbers, all of which has taken much of their time practicing before, during and after school.

Included in the corps are head majorette Carol Nutt, Mary Grace Hobbs, Pat Harrington, Ann Davis, June Jennings, Dottie Williams, Nancy Richards, Betty Lynn Selvidge, Linda Smith, DeJores Jones, Eric Kratzert and Judy Herrer.

Capt. R. W. Jackson Announces Tour At NAS Sanford Ends

Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Air Station, today announced that his tour of duty at NAS Sanford will end sometime in July.

Captain Jackson said today at noon "My order to the staff of the Supreme Allied Commander, Atlantic Fleet, were issued Wednesday."

Orders for the new commanding officer have not been released, but should be forthcoming shortly, said Captain Jackson in the "plan of the day" issued this morning at the Sanford Naval Air Station.

Captain Jackson told all station personnel, military and civilian, of the new orders this morning.

He said "I regretfully announce that my tour of duty at NAS, Sanford must soon end."

"A sense of privilege and pride motivates this announcement from your Skipper to All Hands," he said.

Prison Officials Are Investigating Four-Hour Riot

BISMARCK, N. D. — Prison officials today began an investigation into a four-hour riot of 200 rebellious convicts which was broken up by a flying wedge of prison guards who charged the mob with gas blasting.

Three guards were wounded in the charge, but four other guards were released from parts of the North Dakota State Penitentiary where they had been trapped.

The convicts seized complete control of the penitentiary about mid-morning Tuesday, and only lost control in the rush of guards firing rifles and tear gas shells into the air.

Warden O. J. Nygaard said he had a "pretty good idea" that 10 convicts were responsible for the riot, but he did not identify them.

Armed Forces Day Parade Planned

Plans are being completed for Sanford's Armed Forces Day, Saturday May 18, Joel Field, Armed Forces Day General Chairman, said today.

A gigantic parade, expected to surpass all others which have been held here, will be staged Sunday at 10 a.m. by the committee by the Armed Forces Committee of the Seminole County Chamber of Commerce.

The parade, currently planned to begin at 10 a.m., will include hundreds of Sanford citizens as well as boys and girls representing many of the community's youth organizations.

Veterans organizations will take a prominent part in the parade this year, it was revealed.

Also represented in the parade will be the Sanford Naval Air Station which will this year increase the number of units participating in the gigantic Saturday morning showing.

The Sanford Unit of the Florida National Guard, Co. B, 15th Armored Infantry Battalion will have open house as well as having on display in Fort Mellon Park a Bell helicopter which is used for reconnaissance as rescue work.

It is expected that "open house" will be observed aboard the Sanford Naval Air Station following a "flyover" at the start of the parade by one of the new AD3 Sky Warriors.

Sanford Civic clubs will hold a joint meeting aboard the Sanford Naval Air Station on Wed. May 15, immediately prior to the Armed Forces Day celebration, as guests of Captain Robert W. Jackson.

Governor LeRoy Collins has proclaimed Saturday, May 18, as Armed Forces Day throughout the State of Florida.

May Make Two TV Talks

WASHINGTON — President Eisenhower told a news conference today that he may make two television appearances soon in support of his budget, which is encountering trouble in Congress.

The President told reporters he had worked for a long time on an address to the people, but found there were so many subjects to be covered that he doubted one speech would accomplish his purpose.

He used his news conference to make another vigorous stand in behalf of his budget, asserting that truly big cuts could not be made until this country was certain that the foreign situation had eased very greatly.

He said he anticipates the eventual resignation of Treasury Secretary George M. Humphrey but said there were no differences between them on financial policy. Quite firmly, Eisenhower said the monetary policy of this country is strictly his own.

He disclosed that a letter in which Humphrey spoke of the possibility of a major depression under certain financial conditions in the government was prepared jointly by the secretary and the President.

Disarmament Hopes
Eisenhower thought the Russian compromise aerial inspection plan submitted at the current London disarmament talks would require earnest study, but did demonstrate that more honest, hard work was being done by the current conference than in previous meetings.

If a fool-proof international inspection system were agreed on, the U.S. would only need top production of nuclear weapons, he said.

In the realm of foreign affairs, the President said the Soviet Union has not suggested another summit meeting.

He emphasized that the United States will continue to develop plans coordinated with its allies to use nuclear weapons, if necessary. Moscow's string of threats against allied nations do not enter into American development of plans to preserve free world security and deter war.

Five plans for subdivisions were approved by the Board of Commissioners in final action of the afternoon. Those approved were for the Seminole Terrace Replat, South Pinecrest Second Addition, Fern Terrace, Beverly Hill, and Duck Pond.

Commission Turns Down Plat, Street Construction Plan

One plat, and a set of street construction plans, presented to the Board of Seminole County Commissioners, were turned down yesterday during the afternoon session.

A Tanglewood subdivision street construction plan was turned down due to the lack of necessary drainage and catch basins for the street. The plans were ordered returned for revision.

A plat for Lake Harney Estates designed for 600 foot lots and 50 foot streets were not approved because of the width of the streets. "Fifty foot streets are not wide enough for the size of the lots," one commissioner complained.

The Seminole County Board of Commissioners denied a request made by petition from residents of Lake Mary in which they asked that 75 foot streets be narrowed to 60. The decision of the board was unanimous.

Commissioners yesterday approved the notification of the Seminole County Delegation to withdraw a bill for countywide zoning and asked that the present zoning bill be amended to allow unlimited expenditure of funds for zoning. "We've got a better bill now," said one commissioner, Commissioner Krider stated.

"We will never get 10 men to serve on a zoning board," commissioners said as they approved the action.

Five plans for subdivisions were approved by the Board of Commissioners in final action of the afternoon. Those approved were for the Seminole Terrace Replat, South Pinecrest Second Addition, Fern Terrace, Beverly Hill, and Duck Pond.

Blood Donor Appeal At Presbyterian Church Tomorrow

The Elk's Club Blood Bank, originally scheduled for tomorrow afternoon has been postponed, said Ralph Wight, chairman of the Elk's Club Blood Bank Committee.

"We urge everyone to participate in the United Church Blood Donor appeal at the First Presbyterian Church," he said.

The second United Church Blood Donor appeal, sponsored by the Seminole County Ministerial Association is scheduled to get underway tomorrow at noon and continue through 4 p.m.

Central Florida Blood Bank technicians will be on hand to receive blood from donors, a spokesman for the Ministerial Association said today. He said "through the Central Florida Blood Bank system you can bank blood just like you bank your money, and as you give here withdrawals can be made in any other section of the country."

Refreshments will be served the donors by a group of ladies representing several Sanford churches.

Donors, said the spokesman, can give the credit to the church of their choice and as donors arrive they will be asked what church the credit should go to.

"Individual accounts will be established, too," he said.

The last United Church Blood Appeal was very successful, the Seminole County Ministerial Association spokesman said this morning.

Mental Health Drive Continues

"The Mental Health CAN Come Back! Help Them! by sending in your contribution now!" urges Mrs. R. E. Chapman, chairman of the "Mental Health" which is sponsored by the local Pilot Club. George Tushy serves as president of the Mental Health Association of Seminole County.

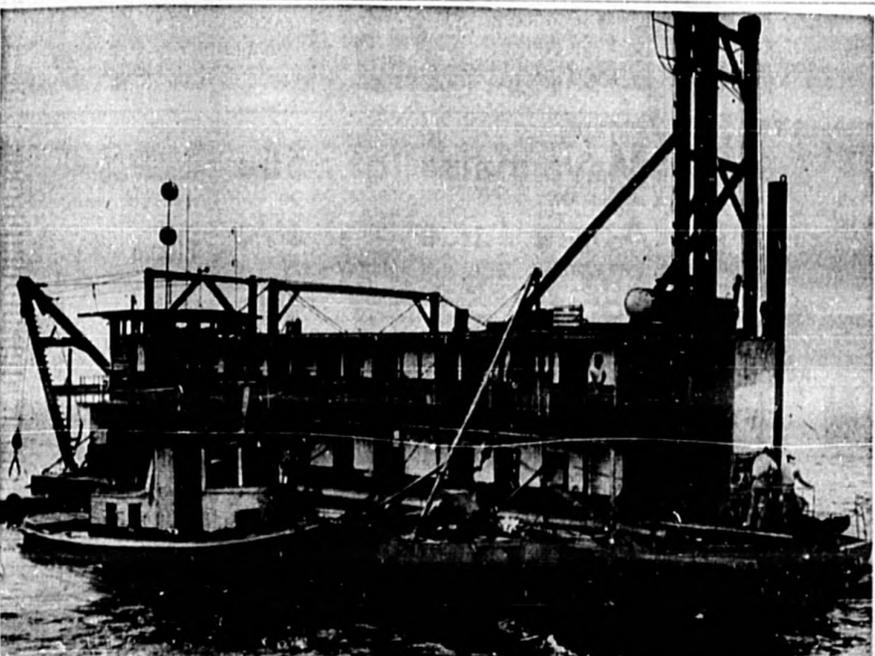

Locally, mental health authorities are following prescribed procedures and are anticipating securing the services of a full time worker "but the success of the program," stated Mrs. Chapman, "depends on the amount of funds collected in the campaign."

County Sales Tax Collection Increase Revealed In Report

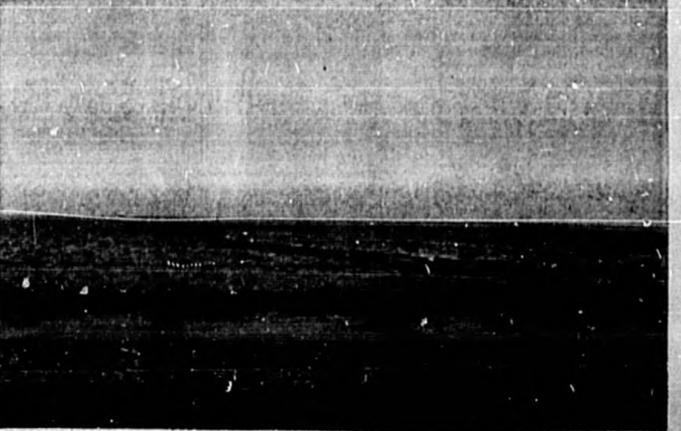

The upturn in retail sales in Seminole County is reflected in the current report made by Ray E. Green, State Comptroller, on sales tax collections based on sales made during the month of March, 1957.

More than a 10 per cent increase is shown in the sales tax collections compared with the same period one year ago. The report also shows more than a 20 per cent increase in the retail sales tax over the previous month.

Sales tax collections for April 1957, based on March sales, totaled \$38,574.89 while the previous month's collections reported by the State Comptroller came to \$28,838.48. Collections for April, 1956 were \$31,071.82.

Florida sales tax collections during April, based on March sales, totaled \$10,416,019, an increase of \$1,201,787 (13.04 per cent) over the \$9,214,231 collection.

Food Prices Will Continue To Be High

United Press Staff Correspondent
By GAYLORD P. GODWIN
WASHINGTON — The Agriculture Department has had news for consumers: Food prices for the next few months will continue to be "somewhat higher" than a year ago.

Consumer demand for food during the spring and early summer will continue strong, supported by employment and income, the department said in its publication, "The National Food Situation."

Supplies of most major foods in the next few months are expected to continue close to the high level of a year ago.

The department said livestock products will be plentiful through midsummer. Meats will be only a little less plentiful than a year earlier, mostly because of a smaller supply of pork. Lard also will be in smaller supply.

Some Increased Supplies
The report said there will be at least as many eggs as in the spring and early summer of 1936; more poultry meat, particularly turkey, and more milk than in 1936.

With average weather during the next few months, the harvest of food crops again will be large. Supplies of fresh fruits and vegetables normally increase toward midsummer.

Supplies of both processed fruits and vegetables are expected to continue at least as large as a year earlier because of the large stocks still on hand from the record high 1936 packs.

Exports Heavy
The department said food exports have been heavy thus far in 1937, but are expected to slacken a bit during the second half. Food shipments abroad will continue to be comprised of those items in especially heavy supply.

The Bureau of Labor Statistics said retail food prices have been relatively stable since last August, averaging "moderately higher" than a year earlier.

During the first quarter of 1937, the food price index was 4 per cent higher than at the same time last year, but below the levels of the winters of 1933 and 1934.

Eggs were the only major commodity for which prices were lower than in the winter of 1936. Increases were sharpest for meats, fats and oils, and beverages.

THEY WERE NO ANGELS

TV NOTEBOOK

By BUD JENNINGS & JIM BURKETT
We are asked from time to time how a TV set "works"; what goes on in the innards of a set to produce a picture.
To begin with, a complex signal made up of four elements—sound, picture, horizontal sync (synchronization) and vertical sync—are received by the antenna. The channel selector and fine tuner portion of the set is utilized to select a desired channel to the exclusion of all others and to amplify the received signal. From this point intermediate frequency amplifiers further amplify the signal and go about the intricate job of separating the signal into its four component parts. Further amplification is necessary before the components finally perform their intended functions via the picture tube and loudspeaker.
This is, of course, an extremely abbreviated version of the wondrously intricate processes which are performed to provide an evening's entertainment before a TV screen. Speaking of TV entertainment, have you seen a DUMONT in action at BENNETT'S TV SALES & SERVICE, 409 West First St. Your eyes undoubtedly told you that this, by all odds, is the best performing set available. 'Revolutionary Change' Taking Place In Attitude Toward Relief

"At a time of prosperity such as this nation has never before enjoyed, five and a half million Americans are on relief rolls. The bill for this relief—\$3.1 billion last year—is at a record high."

Thus begins an article in U. S. News and World Report for April 19. The money, it adds, goes to more than 2.5 million elderly people, to 600 thousand mothers with 1.7 million dependent children, and to the blind, the disabled and others.

Here in Sanford, Central Florida, and over the entire State there has never been such glorious prosperity and employment as at a record high.

Why should relief costs be so high in boom times, and why should the number of people sharing in the payments reach peak after peak? No single answer to such a question can be completed. But it seems that the dominant factor is what the magazine calls "a revolutionary change" in the attitude of many Americans toward relief.

Not long ago, as time is measured, the indigent old were cared for by children, or failing that, took refuge in homes provided for them. Relatives came to the rescue when misfortune struck families. Big-scale government aid, as a principle and a philosophy, was unknown.

It was not until 1935, with the great depression in full swing, that the Federal Government embarked on a program of direct assistance to the needy, by providing funds to the states on a matching basis. As U. S. News points out—and it is certainly a point that seems to have been forgotten today—the program was regarded as a temporary emergency measure. Once business started back uphill and jobs became available, it was reasoned, the need for this kind of assistance would gradually end. The old age security program, supported by a tax of its own, also was supposed to do much of the welfare job.

The realization has been enormously different from the expectation. Not only are more people getting relief checks, but the amounts are far higher—as much as \$200 a month to an aged couple, according to U. S. News. Old regulations, which denied relief to people owning valuable property such as autos, insurance, and homes, have been greatly liberalized or abandoned. As the magazine puts it, "Many Americans getting public aid today are people of substance and respectability." There are states where relief to the elderly is not called relief at all—it is given the much more attractive name of "pensions."

How To Stay Young, Vigorous At Any Age

By Dr. A. W. Woodell

Just as "life can begin at 40" for those who have saved money, it also begins for those who have "saved health". Those who have misused their bodies by living at a fast pace, engaged in excesses and ignored danger signals, cannot expect to obtain the same benefits as those who have lived carefully. Even the healthiest folk, who have lived carefully, must learn a new set of health rules to live by.

Youth is a mental as well as a physical attribute. If you admit you're old and act accordingly, you will be accepted as an oldster. Forget the "good old days"; live in the present, mix with the younger fold, and follow today's clothing fashions. But don't try to outdo the youngsters in physical endurance.

Slow down, avoid fatigue, don't overtax yourself. Learn to relax and avoid emotional upsets and unpleasant excitement. Certain emotions can age—especially hate, suspicion, and jealousy—they poison the system. Be patient at all times; watch your waistline and your regularity. Chronic indigestion, insomnia, headaches and "nervousness" are warning signals. Consult your doctor for a thorough check-up and learn how to live and like it.

Youth is a state of mind; age is a surrender. Time deals gently with those who treat it gently. You can be 60 years old, or 70 years young—die old at 80, or young at 80. Keep up on what is going on in the world; cultivate a hobby; be as modern as today

Over-Protecting Baby Can Give Him Miliaria

By HERMAN M. BUIHOISEN, M.D.

DO not protect that baby of face and the perspiration is retained within the dead, outer layer of the skin.

Wrapping him in too much clothing, keeping him in a room that is too warm may result in miliaria—miliaria, not malaria.

There are several forms of miliaria, an inflammatory skin condition which results from prolonged sweating. Most common probably is miliaria rubra, or prickly heat.

Burning Sensation
In such cases, the sweat pores become blocked and the perspiration is retained within the living portion of the skin. The result is the appearance of the familiar tiny papules which cause tingling or burning sensation.

Generally such lesions occur on the body, the face, neck or forehead, wherever clothing rubs against the skin.

Cool Place
The prickly heat will disappear within a few days if you keep the youngster in a cool place and make him remain fairly quiet.

Another form of the disorder is miliaria crystallina, in which the miliaria crystals are larger. In this instance, the sweat pores are blocked nearer the surface and the like.

QUESTION AND ANSWER
A. P.: I get dizzy spells. What can be done about them?
Answer: Attacks of dizziness may come from a variety of disorders, such as disturbances of the inner ear, high blood pressure, low blood pressure, heart disturbances and the like.

Subcommittee Gets Conciliation Bill Tuesday For Study

TALLAHASSEE (UP)—Gov. Le Roy Collins, conciliation bill got snaggled in the Senate Judiciary Committee yesterday amid warnings that time is running out for the 1957 session.

With less than four weeks remaining in the session, the bill was shoved into a subcommittee group and clears the full committee, it still must go to the appropriations committee.

The bill, which sets up a division of labor, services in the State Industrial Commission, was voted favorably by the Senate Labor Committee and has the blessing

of most segments of organized labor.

Frank Roche of Miami, president of the Florida Federation of Labor, urged it's approval. Richard Gardner, legislative aide to Collins, explained that Florida is one of six states in the nation and the only state in the Southeast without such a service.

But Chester Daniel of Sanford, who said he represented some segments of the AFL-CIO termed it "useless to the labor movement" and charged it could do harm.

The service would be purely voluntary and Gardner said Collins feels there is a "real need" for it in Florida.

JOSEPH (SOCKS) LANZA passes the bars of Sing Sing Prison in Ossining, N. Y., as he is taken to New York to appear before the Joint Legislative (Watchdog) Committee. 'Meet Arizona' Presented Last Night By S.H.S. Glee Club

The Seminole High School Glee Club presented a thrilling performance of "Meet Arizona", a dupe ranch operetta in two acts last night at the Pinetrest auditorium.

The musical comedy took place on the "Hide 'um Hard Dude Ranch" in Arizona with the ownership of the ranch in question. After many complications, romantic and mysterious, worked themselves out the problem was solved and the grand finale brought forth a profusion of applause from the house.

Carol Nutt who replaced one of the leads Pat Harrington, certainly deserves a pat on the back for her performance last night. She replaced Pat only a few hours before curtain time and handled her part like a trooper.

Others in the cast included Bob Mrs. W. A. Hunter with life memberships. Mrs. W. P. Fields and Mrs. Bessie Greek will receive theirs later as they were not present.

Mrs. J. W. Yarborough a delegate to the W.S.C.S. conference at Sarasota gave her report which was very interesting and enjoyed by all.

Upsala Church Groups Enjoy Fellowship Meet

Mr. and Mrs. J. Rossman, Linda Karl and Armon, Betty Edwards, George Pezold, and Mrs. C. O. White were among those who attended the North Florida Rally at the First Presbyterian Church in Eustis April 28 from the Upsala Church.

It was reported that the attendance of young people was very high. After the devotional was given, five groups met for a buzz session. Pictures were shown immediately after the Fellowship supper had been served. A very impressive candlelight communion service was then held.

The Westminster Fellowship sponsored a party Friday evening at the home of Mr. and Mrs. J. H. Rossman, Orlando Highway. After an evening of visiting and playing games, refreshments were served to Betty Edwards.

Sharon and Wayne Hoopengardner, Sharon and Sandra Maxwell, Mr. and Mrs. Hubie Summerlin, Mr. and Mrs. Robert Campbell, George Reese, George Pezold, Mrs. C. C. White, Linda, Karl and Armon Rossman.

During a recent meeting of the Upsala Presbyterian Church, Mother's Circle, the following officers were elected: president, Mrs. L. C. Hobby, vice president, Mrs. M. A. Rogers, secretary, Mrs. J. Rossman, treasurer, Mrs. R. J. Carroll.

The summary report showed a very splendid year of service for the circle. They completed their work with the Red Cross, contributing to the cause in India, sending supplies to the Presbyterian Hospital at San Juan, Puerto Rico, and to the Ocala Mission field. The group also bought some furniture for the church kitchen.

It was announced that the next meeting of the Mother's Circle will be held May 9 at the church. All members are urged to attend.

SHS Plays In Tourney Semi-Finals Friday Nite

Semi-Pro Team Is Determined To Play

W. C. "Red" Hires, whose efforts brought together the strongest semi-pro baseball team for Sanford in many years, said yesterday that the team was determined to stick together and play this season despite statements that the team may not be able to open the season Sunday afternoon in Memorial Stadium.

Hires said, "I do not believe that the city fathers will let us down in trying to bring a good baseball team here this year. I think something may be able to be worked out."

Hires said that he heard that the local negro team had scheduled a practice game for Sunday afternoon in Memorial Stadium. "They may consent to hold the practice game in the 'Bull pen' of the Giant Base and let us have the stadium for the season opener," Hires remarked.

Hires explained that the season opener would draw between 400 and 1,000 people. "And frankly," Hires admitted, "unless we have the opening day gate in the purse, I don't think we will be able to take up enough to cover expense."

In explaining his team's position concerning the use of the stadium, Hires said, "If we can't get the use of the stadium we may not be able to survive the season, but we'll still open the season at 2:30 Sunday afternoon, even if it is in the bull pen."

His reference to the bull pen describes diamond two and three of the New York Giants Farm System Training Base located behind Memorial Stadium.

Admittedly, the possibility of getting a Class D Florida State League team here next year or in the future largely depends on the reception of the semi-pro team here this year.

"But," says Hires, "we'll go down swinging even if we can't make a go of it. I really don't think the City Commissioners will let us down though."

During 1956, there were 2,200 more highway traffic fatalities than in the previous year.

Sid Summerfield To Conduct 3-Day Tennis Caravan

The Second Annual visit of the Tennis Caravan, sponsored by the Florida State Bank and Yowell Department Store, will be held at the Mayfair Inn Tennis Courts on First Ave. on Thursday, Friday, and Saturday of this week.

The Caravan Program will be held Thursday, May 9th from 2:30 to 6 p.m.; Friday, May 10th from 3:30 until 6 p.m.; and Saturday, May 11th from 9 a.m. until 12 noon.

The Caravan will be conducted by Sid Summerfield and he will be assisted by Mayfair Inn Tennis Pro Frank Deame.

Sid Summerfield is an internationally known tennis professional who originated the Tennis Caravan Program in 1946 and which has had 10 years of tremendous success in bringing tennis to the youth of America.

The Coach-Exercise Method of teaching tennis in Group Classes will be presented. This method is the result of years of teaching experience with young players 8 to 18 years of age in Florida.

This new method of instruction divides the strokes, footwork, eye training, muscular co-ordination, and rhythmic control into simple exercises so that progress and learning are assured.

By the use of special training apparatus each experience adds to the students' ability so that when the Caravan has departed, they will be eager to continue their progress with instructions they can readily understand.

All services are free and each student will receive a small pamphlet on "Good Courtmanship."

In the event of rain the sessions will be conducted in the Seminole High School gymnasium. All participants should wear tennis shoes or sneakers and bring a racket. The Caravan will have some spare rackets on hand, but usually not to go completely around to those who neglect bringing their own. All tennis balls will be provided by the Caravan.

Trophies, donated by the Sanford Merchant's Association, will be awarded to the most outstanding students of the Tennis Caravan.

Smith Is Given Mound Duty For Seminoles

Seminole baseball mentor Dave Gaulie said this morning that he would give L. C. Smith the starting nod for mound duty Friday night when Sanford meets the winner of the DeLand-Oviedo game during the semi-finals of the Sub-Group Tournaments to be held in Memorial Stadium Thursday, Friday and Saturday.

The Seminoles, who have accumulated a 3-6 season record, are waiting until Friday night to waiting until action by virtue of a drawn bye in the first round.

Boasting the finest stadium in the group, the Seminole administration hopes for strong support from the local fans and a high sales volume on the Tournament tickets that would give Sanford the favored position for more baseball tournaments next year.

This, the initial, holding of the tournaments in Sanford's Memorial Stadium will feature Tournament tickets for all five tournament games for only one dollar. Fred Ganas, athletic director of Seminole High School said yesterday, "We are just hoping to break expenses and give us enough encouragement to try for better things next year."

The statement, though not stated explicitly, gave some implication that the Seminole High School staff may try to bring the Group tournaments here next year if this tournament is a success and may even try for the State Finals.

"We are looking for a long-range progressive program that will give Sanford and Seminole High School the recognition that it deserves," Andy Bracken, SHS principal, said this morning. "We think the people here enjoy athletics, there is a definite swing on the part of the student body to support a vaster program, and of course, that will effect the winning attitude of the teams that we will field next year and the years to come."

When asked if Seminole High School would attempt to sponsor the State Tournaments next year, principal Bracken remarked, "Any sort of an announcement one way or the other could be very premature until we see if the people will support us this week as we anticipate they will."

Bracken did leave room, however, for efforts on the part of the school to act favorably should this tournament be the rousing success that is hoped for.

"There are 3,000 people in Sanford who are enthusiastic about highly competitive sports," Ganas said, "and it is our goal to give them something that they will enjoy this week."

The records show that Sanford has always supported a fine athletic showing. Ganas remarked, and he said that he thought this tournament would meet all the requirements in excitement and fine baseball.

"Besides that," Ganas concluded, "we have a good chance of being in the tournament finals Saturday night."

Pirates Hold Lead Over Giant Team For Whole Game

The Pirates powered to a 7-4 victory over the Giants yesterday afternoon to show strong indication that their losing ways were over and they had found the winning combination for the Rotary Baseball League.

Behind the smooth and deliberate pitching of Mike Davis the upstart Pirates converted five hits into seven runs and staved off the Giants' last inning-three run attempt to retalliate to hang on for the victory.

The Pirates jumped to a two run lead in the first inning and never slipped from the lead for the rest of the game.

Tommy Butler started for the Giants but didn't survive the first inning blast and was relieved by McKibbin who allowed six hits and three runs for the rest of the game.

Eight walks and two hits later Dandridge was recalled for duty on the mound and retired the last batter in the inning after eight runs had ambled across the plate.

Team captain Brantley Schirardi made his best showing of the season as he blasted two long hits in two official times at the plate. Bill Tyre also tapped out two. Claude Hattell, Ken McMurray, and Ronnie Russi banged out one hit apiece.

Pitching Duel Is Seen At Rotary Game Yesterday

The Rotary Baseball League leading Tigers came out on the mound for a pitching duel yesterday afternoon to absorb their hands of the Cubs.

second loss of the season 2-1 at Terry Christensen pitched the Cubs to the victory and allowed only two hits for the route, and while he was bettered in that aspect by Earle Summerhill of the losing Tigers, allowed the Tigers to realize only one run out of the meager effort.

The losing pitcher, Summerhill, allowed only one hit for the five inning game and struck out six opponents at the plate but a hit a walk, and a sacrifice fly into the outfield spelled his downfall in the third frame.

Worthy Grands Visit Shrine Club Recently

By MARIAN JONES

SANFORD — Once again we joined in with our friends of Seminole Chapter No. 2, OES to enjoy one of the outstanding events of the chapter year—the visit of the Worthy Grand Matron and the Worthy Grand Patron.

This year we arrived at the Shrine Club late of course, misunderstanding the time—to enjoy the banquet preceding the program of entertainment scheduled at the Masonic Temple.

The Shrine Club had been beautifully decorated for this memorable event by Mrs. Eva Williams, Mrs. Ethel Pourifoy, Mrs. Donna Lacy, Mrs. Alma Lacy, Mrs. Alberta Howard, and Mrs. Willie Mae Schnabel.

The tables were centered with pink hibiscus and fern. White candles, trimmed with red, were placed at intervals down the length of the tables. Nut cups of red, tied with white ribbons, red and white napkins and programs were hidden in between the covers of a red and white folder.

The officers and distinguished guests were also dressed in white, with red corsages, or red with white corsages.

Mrs. Kathleen Well's Rainbow girls did a superb job of managing the serving of the delicious repast, turkey and dressing with all the trimmings.

The Toastmaster for this event was our own worthy patron, Bob Williams. Mrs. Martha Lyons, past grand chaplain, gave the invocation. The Welcome to the Worthy Grand Matron was given by Mrs. Grace Cordell, worthy matron of Seminole Chapter No. 2, while the welcome to the Worthy Grand Patron was given by Robert Williams, worthy patron of the chapter.

Mrs. Margaret Chapman, Worthy Grand Matron, of Sarasota, gave a very gracious response; also Robert Sanford, Worthy Grand Patron, who hails from Tampa and is father of Mrs. Stewart Gatchel, of Ocoee.

That well known singer, Richard Holtzclaw, treated the members and guests twice, singing two solos during the proceedings at the banquet.

Mrs. Henrietta Raines, president of the past matron's club; welcomed the distinguished guests, to which Mrs. Mae T. Donovan, past grand matron and grand secretary responded. Mrs. Donovan is well known in this locality, having visited our chapter on numerous occasions. She is from Daytona Beach.

Mae Sheppard, our own associate matron, welcomed everyone, in which Mrs. Frances Andrews, grand instructor of District No. 24, responded.

Everyone then left to go to the Masonic Temple for the program of events that many had been working so hard on for this special occasion.

As soon as Mrs. Cordell opened the chapter, the conductress, Mrs. Linnie Moye, and associate conductress, Mrs. Marjorie Sheppard, were asked to introduce and escort the Worthy Grand Matron and Worthy Grand Patron to the East. Mrs. Moye then introduced Mrs. Mae T. Donovan, past grand matron and grand secretary, and escorted her to the East. Mrs. Eloise Pfeiffer sang a solo suitable for the occasion.

Next the past grand chaplains; namely, Mrs. Martha Lyons, Mrs. Ruth Huber, and Mrs. Anna Sanford; the grand instructors; namely, Mrs. Frances Andrews, of our own district No. 24; Mrs. Kathleen Bradshaw, district 7; Mrs. Christine Kilbourne, district 13; Mrs. Mildred Tingle, grand representative of New Hampshire; and Mrs. Lucille Humphrey, grand representative of Minnesota and

Mrs. Lola Minor, chairman of Masonic Home fund were introduced by the conductress and associate conductress. All were escorted back to their seats with the exception of Mrs. Andrews, grand instructor of district No. 24. She was escorted to the East.

All past patrons, past matrons, worthy matrons and worthy patrons were then introduced by Mrs. Moye and Mrs. Marjorie Sheppard. Many came from nearby localities; however, there were also quite a few from points throughout the United States.

The worthy matron thanked all who had participated in the work and preparations for the evening, especially emphasizing the many deeds performed by Mrs. Augusta Bilbery, secretary.

The officers of the chapter, bearing heart shaped ornaments, using them as picture frames for their faces, entered and stood in formation, while Mrs. Eloise Pfeiffer sang Let Me Call You Sweetheart, the officers joining in on the second go-round. Mrs. Bertha Snyder, organist, was accompanist.

Mae and Leslie Sheppard, associate matron and associate patron respectively, approached and presented gifts from the chapter to Mrs. Chapman and to Robert Sanford. Mrs. Grace Cordell and Robert Williams, worthy matron and worthy patron, did likewise.

While all past matrons of Seminole Chapter stood, Mrs. Henrietta Raines, their president, presented a gift to the Worthy Grand Matron from the past matron's club.

Mrs. Augusta Bilbery, secretary of the chapter, approached and presented another chapter to Mrs. Margaret Chapman from Mrs. Margaret Chapman.

The officers were then requested by the Worthy Grand Matron to conduct their short service. Officers serving included: Mrs. Grace Cordell, worthy matron; Robert Williams, worthy patron; Mae Sheppard, associate matron; Leslie T. Sheppard, associate patron; Augusta Bilbery, secretary; Linnie Moye, conductress; Marjorie Sheppard, associate conductress; Henrietta Raines, secretary; Eunice Turner, chaplain; Bertha Snyder, organist; Mary Eula Holtzclaw, marshall; Marge Brademeyer, Adah; Mary Elizabeth Thompson, Ruth; Essie Cole, Esther; Helen Leinhardt, Martha; Ethel Pourifoy, Electa; also, Irene White Elicia; Phil Wyatt, sentinel for E. C. Williams, who was sick.

J. B. Jones was substitute sentinel during the courtship ceremonies.

The most interesting occasion came at the close of the evening in the form of speeches from both

Newlyweds Advised To Honeymoon At Home, Relaxed

WASHINGTON UP — A timely tip for June brides and grooms: Have your honeymoon right in your own home.

Here are just some of the advantages listed by Dr. John R. Cavanaugh, noted psychiatrist: —Less chance of getting tired. —It's cheaper, laddie.

Cavanaugh, lecturer at Catholic and Georgetown universities, told a social hygiene society meeting Monday "The best advice which can be given to most couples concerning the honeymoon is to spend it at home."

He said the honeymoon "may make or break a marriage." But, he said, too often the groom arrives at the alter exhausted after a big bachelors' party the previous night.

Moreover, he said, the bride is probably just as exhausted from the weeks of preparation and parties before the wedding.

Cavanaugh said then they rush off to "some uncomfortable and expensive hotel" and frequently

Mrs. Margaret Chapman, Worthy Grand Matron, and Robert Sanford, Worthy Grand Patron. Delicious refreshments were served to the approximately 150 members and visitors in the dining hall following the program in the chapter room.

Members of the refreshments committee included: Mrs. Herzon, Mrs. Ethel Carver, Mrs. Alice Darnham, Mrs. Vera Woodcock, and Mrs. B. Gillon.

The symptoms? An urge to get out on the highway. An uncontrollable desire for fun and freedom. A longing to own the best.

The cause? That wonderful, three-years-ahead Plymouth styling. That thrilling Plymouth power. That velvety Plymouth Torson-Aire Ride.

The cure? A wonderful Plymouth of your own... yours to take whenever the symptoms get out of hand.

Test-drive a Plymouth today. Then compare Plymouth with the "other two"... and you'll see why thousands get Plymouth Fever every day—and love it!

Get yourself a **Plymouth** too!

ACTRESS Arlene Dahl appears in Supreme Court, New York. In her \$1,000,000 suit against Columbia Pictures for what she calls "obscene, degrading and offensive" promotion of her latest movie. She objects to an advertisement that "dropped her dress down to her bodice."

The Enlisted Men's Wives Club met Monday evening at 8:00 p. m., at the U.S.O. The club president, Mrs. Betty Miller, called the meeting to order. The main topic under discussion for the evening was revision and amending of several of the club by-laws. These were introduced, discussed, and voted on by the entire group; it was also decided to appoint a nomination committee for the purpose of electing a new club treasurer to replace Mrs. Marion Holmes, who will shortly be resigning from the club, when her husband advances to the rate of chief. It may be noted at this time that the Enlisted Men's Wives Club is open to all those whose husbands are in the paygrades through E-6. It was also decided that the next meeting of the club, on May 20, will be a "pot-luck" supper, so all you members better check with someone if you're not sure what to take!

Talked with Doris Shortland, and even though Jim is on leave, the doctor's decision put an end to their plans for a trip to Washington. D. C. He doesn't want to go at absolutely no charge to you! The Seminole County Home Demonstration Club holds free sewing classes every Wednesday afternoon from 1:00 until 3:00 p.m. They are under the guidance of Mrs. Maxine Clabaugh, who, incidentally, is the wife of a chief

day's "square-dancing lesson" at the Chief's Club was one of the best they've had. The regular crowd that attends is finding it easier and more fun each week that passes. Harry Griffin "flew away" again, so it was left up to Chief C. R. Bone to "pitch-hit" as the "caller". Understand he did real well! Twelve couples attended, which was enough for three squares.

Each regular couple pledged themselves to bring a "guest" couple next week, which should result in a very good crowd. They also sat down and had a group discussion on what other activities this congenial group could do for variety. Family picnics, etc., were talked about. It's something to think about if you're planning to join the group sometime soon. They also discussed warm-weather attire now that the days are getting warmer, and square-dancing any time of the year can be a very "warm" pursuit!

Do you sew? Would you like to learn to sew? Or perhaps you'd like some pointers on "short-cuts" to sewing. You can learn all these things at absolutely no charge to you! The Seminole County Home Demonstration Club holds free sewing classes every Wednesday afternoon from 1:00 until 3:00 p.m. They are under the guidance of Mrs. Maxine Clabaugh, who, incidentally, is the wife of a chief

WATER CRITIC
AUGUSTA, Me.—(UP)—Asked by a legislator for his opinion of the pollution problem in the Penobscot River, a Bangor resident described the water as follows: "It's too thick to drink and too thin to plow."

FACE LIFT
CONCORD, N. H.—(UP)—The Old Man of the Mountains soon may have his face lifted. A bill on file in the Legislature would provide \$25,000 to spruce up and repair the famous stone face in the west wall of Franconia Notch.

It takes 770 gallons of water to refine one barrel of crude oil—enough water to wash and rinse 43 loads in an automatic washer.

Big Crowd Is Expected Tomorrow At Limited Access Highway Hearing

Application Made To Construct Fixed Bridge Across River

Application has been made, according to a notice circulated by the Corps of Engineers, U. S. Army, Office of the District Engineer, by the State Road Department of Tallahassee for a permit to construct a fixed highway bridge across the St. Johns River at the west end of Lake Monroe near Sanford.

The proposed concrete bridge would be approximately 4150 feet long, and would consist of 47 spans. The span over the channel would provide a horizontal clearance of 90 feet between fenders, measured at approximately a right angle to the axis of the channel.

The bridge, said the public note, (Continued On Page Ten)

Field Days Set For May 15-16

Plans for Field Days for the Central Florida Experiment Station were announced today, according to a letter to all Seminole County vegetable growers mailed from the office of Seminole County Agricultural Agent Cecil Tucker II.

Dr. R. W. Ruprecht has set Wednesday and Thursday, May 15-16 for the two day event.

"As you know, considerable work has been carried on by this station over on the Zellwood muck," wrote Tucker in his letter.

On May 15, starting at approximately 1:30 p.m. on the Zellwood Station, vegetable growers will have an opportunity to see and hear about the work conducted by the Experiment Station on muck. Tucker stated "They have been carrying on some interesting chemical weed control plots as well as other variety trials which may be of interest."

The Field Day at the Central Florida Station in Sanford will be May 16 from 9:30 a.m. until noon, at the Experiment Station Farm. Station staff members plan to outline their various accomplishments during the past season.

While most of the celery and cabbage plots will be gone by that time, growers will have an opportunity to see such plots as variety tests of corn, cantaloupes, tomatoes, and fungicide trials on cantaloupes, and weed control tests including plastic mulch for cantaloupes.

Growers will also see herbicide trials and variety plantings of blackberries.

Operatic Basso, Ezio Pinza, Dies In Connecticut

STAMFORD, Conn. — Operatic basso Ezio Pinza, who scored his greatest success after he left the Metropolitan Opera House for Broadway musicals, died at his home here today.

Pinza, 65, had suffered three strokes since last August but his death came unexpectedly. Just one week ago the matinee idol's wife said he "was resting comfortably."

Pinza was a star for the Metropolitan for 20 years when he suddenly signed to play the lead in the Broadway musical "South Pacific" opposite Mary Martin. His last musical on Broadway was "Fanny."

He became a "new star" over night—the idol of bobby-soxers, housewives, grandmothers and men of all ages.

Man Finds Tomato On Potato Vine

One of the freaks of plant life seldom seen was brought to the Sanford Herald office this morning.

A. B. Sikes, of 1501 Mellenville Ave., brought in a potato vine with a number of potatoes growing from its roots but from the leafy portion of the plant there were four tomatoes.

Sikes said he noticed the freak of nature when examining the vines this morning.

'Cartwheels' Lead Police To Capture Of Three Youths

Silver dollars are valuable except when they start appearing suspiciously just after an incident where a store is burglarized and "cartwheels" are taken.

Chief Roy G. Williams of the Sanford Police Department said this morning that the last week-end breaking and entering of Gordon's Department Store at 1206 West 13th St. has been solved.

When the shiny pieces began to appear, Chief Williams assigned Sgt. Leo Rock and Sgt. Ben Butler to the case. Three Negro juveniles were taken into custody late yesterday afternoon and charged with breaking and entering of the Goldthorn store.

Chief Williams said that all of the merchandise taken from the store was recovered and \$10 in money returned.

The blue suede shoes with zippers would have been a dead giveaway but the youths, aged 13, 14, and 15 years old, went on a spending spree to provide Sanford Police Department law enforcement officers a lead to the arrest of the three.

Chief Williams said that the three Negro boys will be turned over to Juvenile Court authorities.

Boat, Ski Club Meeting Tonight

The Sanford Boat and Ski Club will meet tonight at the Civic Center building in Port Mellon Park to formulate plans for a moonlight cruise.

The meeting is scheduled to begin at 8 o'clock.

Westside Primary Holds Pre-School Registration Today

Westside Primary School held its pre-school registration today at 2 o'clock.

"All parents who did not register their children for their beginning term of school next fall" are asked to get in touch with Mrs. Elizabeth Sharon, principal of the school.

Teacher Pay Raise Plan Still Adrift

A capacity crowd is expected to attend tomorrow night's hearing on the proposed route for the federal linked access highway through Seminole County.

The meeting and hearing has been called by Hailey Odham, chairman of the Seminole County Chamber of Commerce Long Range Highway Planning Committee.

Representatives from Altamonte Springs are expected to attend the meeting to protest the route through the center of the community. However, it has been reported that there are some who favor the present route through the town with consideration for certain type approaches or tunnels.

Other areas throughout the county will be represented as well as individuals who are slated to protest the one announced route through a highly developed section of the county.

One group, through whose property the highway is slated to be routed, will protest the use of expensive property when a less expensive route can be used.

However, it was reported that the federal and state engineers have already, or are in the process of surveying an alternate route which will take in undeveloped land.

Road Board Member William A. Dial of Orlando, District Engineer Riche Green, and Federal Engineer H. E. Lewis will attend the meeting.

The three "visitors" will answer questions regarding the right-of-way and the route to be used by the proposed Interstate Highway System.

It was reported that sketches of the proposed routes will be on hand, the original route in which two curves were included and the alternate route which is a more direct route, will be an hand to view.

An application for a permit to construct a 4150 foot concrete bridge across Lake Monroe has already been made by the State Road Department. The south end of the bridge is reported located approximately two-tenths of a mile east of the Lake Monroe Bridge.

A dinner honoring Road Board Member William A. Dial, District Engineer Riche Green and Federal Engineer H. E. Lewis has been scheduled for members of the Long Range Highway Planning Committee at Jim Spencer's Restaurant at 6:30 p. m. Members will go from the dinner-meeting direct to the Seminole County Court House to attend the hearing.

The entire public has been invited to attend the meeting to ask questions and to either support or protest the proposed routes of the Limited Access Federal Highway through Seminole County.

Weather

Partly cloudy to cloudy, widely scattered showers through Friday; low tonight 63 to 64.

United Nations Secretary-General Dag Hammarskjöld arrived today in Jerusalem for secret talks with Premier David Ben-Gurion in hope of preventing another Israeli-Egyptian war.

Israeli military sources said Egypt already was preparing "fresh adventures" against Israel and was trying to persuade Saudi Arabia to act against Israeli shipping in the Gulf of Aqaba.

First Convention Set At Civic Center

The first convention slated for Sanford at its new Civic Center has been scheduled for next April.

Frank Mebane, general manager of the Mayfair Inn, said this morning that the Episcopal Church Diocese of South Florida, will hold its convention in Sanford next April due to the fact that "we're getting the new civic center."

The invitation was extended by Mebane and the Rev. John Thomas of the Holy Cross Episcopal Church in Daytona Beach this morning when this year's convention is being held.

The invitation was accepted unanimously.

There are 963 registered at the Episcopal Church, Diocese of South Florida.

The new Sanford Civic Center will be equipped with a restaurant type kitchen, an air conditioned banquet room that will seat 300, with the entire auditorium air cooled for comfort.

Mebane said this morning that the Episcopal Church, Diocese of South Florida annual meeting is a "tremendous convention."

Contracts Awarded For Improvements To Be Made At NAS

Capt. Robert W. Jackson, CO of NAS Sanford, has announced the awarding of construction contracts amounting to \$61,980 for improvements to the base.

The contracts awarded were to the Manning Company of Atlanta, Ga., \$31,432 and the Gibson Brothers Construction Co. of Brewton, Ala., \$29,548.

The Manning Co. will install air conditioning in designated spaces of Bldg. 3, make repairs to the station steam distribution system and install interior systems in two warehouses.

The Gibson Bros. contract covers repair of the station railroad and includes new cross ties and ballast.

LEDR David P. Canning, USN, ROICC at the Naval Air Station is in charge of the contracts and will be assisted by Ensign R. F. Godzinski, AROICC, Mr. J. D. Duck, and Mr. P. L. Alexander, Construction Inspectors.

Election Time Here At SHS; Students To Vote May 14

Students will come up now and then, sometimes in unexpected places. But at the present time there's heated campaigning, placards, speech making, banners, lobbying, and some button-holding going on at Seminole High School.

Elections for Student Council officers as well as officers for each of the classes will be held next Tuesday.

This morning, campaign speeches by candidates for offices in the Seminole High School Student Council were held in the school auditorium.

Three of the offices in the top student body organization are uncontested with Gary Baker an announced candidate for vice president; Peggy Lundquist for secretary and Irma Corley for treasurer.

The big campaign is between Teddy Walker, Richard Phagan, Sidney Viblen, and Al Collins for president.

Highway Race Ends In Two-Car Crash; 6 Persons Killed

POWEROY, Ohio — A highway race between two cars ended in a crash Wednesday night that killed six persons and injured three others, two critically, the highway patrol said today.

The patrol said a car driven by John Carter Smith, 21, of near Middleport, Ohio, was racing with another when Smith attempted to pass a truck.

Smith's car struck head on a car driven by William Halloy, 31, of near Cheshire Smith and Halloy were killed and their cars demolished.

Six ambulances rushed to the scene on route 7 near the Gallia-Melges County line in southeastern Ohio, 14 miles north of Gallipolis.

George R. McCoy Jr., 4 Cheshire, died at the scene and three others were dead on arrival at a hospital here. They were identified as Mrs. Elizabeth Halley, 32, Cheshire; Marshall McCoy, 40, Cheshire, and Mrs. Charles McCoy 19, Cheshire.

The injured were identified as Nancy McCoy, 15, and Mrs. Ruby McCoy, 37, both critical with skull fractures, and Ruth Ann Halley, 8, minor injuries.

Hubert Boyd, the truck driver, was uninjured and his vehicle was only slightly damaged.

ACTRESS CHALLENGES LINE

HOLLYWOOD — Blonde and buxom Mamie Van Doren thinks Clark Gable's line in "Teacher's Pet" describing her "isn't very nice." In the picture Gable says: "Nature didn't give her a big brain but sure made up for it in other places."

Officials To Meet Again

TALLAHASSEE — A third conference among Gov. LeRoy Collins, legislators and school officials failed to produce the long-awaited "package" teacher pay raise plan this morning, but spokesmen insisted it will be wrapped up after another meeting at 3 p.m.

Sen. J. K. Edwards of Irvine, chairman of a special legislative committee trying to reconcile differences in teacher pay plans said the controversy is blocking major tax and spending legislation and "we must get it out of the way immediately."

He said each group has gone all the way to get together and "it's strictly give and take." He conceded the major stumbling blocks are the specific pay raise figure and a tax program to support it.

The Florida Education Assn. wants an \$1,100 across-the-board raise for teachers, which Collins and many legislators insist is "unsound and unrealistic." Collins recommended a flat \$300 increase with an additional \$400 for "merit" raises to exceptional teachers.

Collins reportedly has agreed to go beyond the \$300 figure for an across-the-board raise but is insisting on some "merit" provision. The figure most often mentioned is \$600.

Edwards said the "package" will include funds for pay raises and school buildings, a tax program to support them and a bill authorizing a two-year study of the whole school system.

Musical Program For Mothers' Day Event Revealed

Music appropriate to the occasion will be interspersed with tributes to Mothers at the annual Mothers' Day Program of Sanford Lodge No. 1241, B.P.O.E., to be held in the lodge rooms, corner of San Juan Ave. and East Second St., Sunday afternoon at 3:00 o'clock. Featured in vocal selections will be Mrs. William Lockard, contralto singing "Mother's Day"; a male quartet with Harry Weir, William Brown, Warren Adams and Charlie Morrison singing a special arrangement of "M O T H E R S"; and Dick Holtzclaw offering "This Wonderful Mother of Mine" and Kipling's "Mother of Mine". Roger Harris will assist as accompanist.

Dick Holtzclaw, prominent bass-baritone of the N. Y. City Opera Co., has made a great reputation in operatic circles and has been featured in stellar roles in many of the great operas. Holtzclaw known professionally as Richard Wentworth, will leave next week for Jones Beach, Long Island, N. Y., to appear in Jerome Kern's "Show Boat" for a 10 or 11 week summer season. He is scheduled to appear in Ft. Worth, Tex., in "Don Pasquale" and will then rejoin his company in Detroit for the rest of their tour until about mid-December when Dick and his wife, Caroline, will return to Sanford for the holidays. In between his "Show Boat" and "Don Pasquale" appearances, Holtzclaw plans on joining the New Orleans Opera Co. in several performances for the Houston Opera Association.

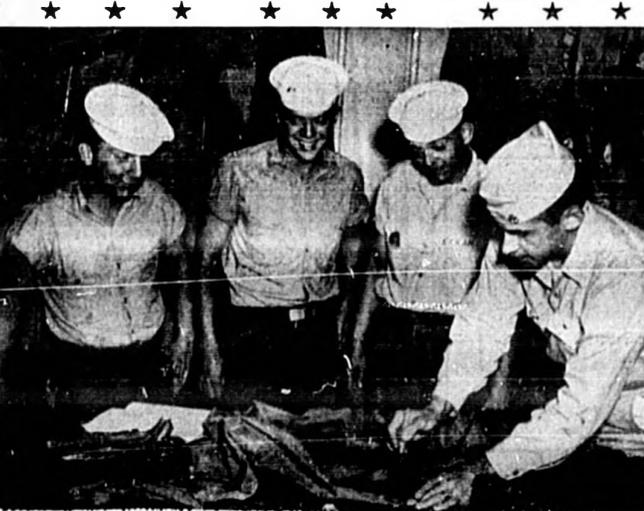

The officers of the local Elks' Lodge invite the public to attend the observance of Mothers' Day here and to note that the hour has been set for 3 o'clock instead of 2 o'clock, as previously announced.
