

GATOR SCHEDULE HAS 6 OPPONENTS ALREADY CHOSEN

Georgia Tech To Play In Gainesville For Homecoming Affair

TAMPA, Dec. 22.—Although the University of Florida has withheld the complete 1932 football schedule, six games have been affixed definitely on the Gators' grid card for next year.

Athletic Director Edgar Jones announced yesterday in Gainesville that Florida will play Auburn in the two schools' sixth straight football meeting at Montgomery or Birmingham on Nov. 12. Otherwise, the Florida officials have remained silent as to the 1932 schedule.

However, announcements by other schools have placed five other games on the Florida schedule. The Gators will go to Athens on Oct. 29 for their annual tussle with the Georgia Bulldogs. And the Georgia Tech Yellow Jackets will come to Florida for the first time on Nov. 19 for the Gators' homecoming celebration.

North Carolina State, the University of California, Los Angeles branch and The Citadel, of South Carolina, are other teams the Gators will meet in 1932. The Citadel is the only newcomer.

The identity of Florida's opponent in the annual South Florida classic at Plant Field still remains a deep mystery. It has been rumored for some time that the Gators would import the Clemson Tigers here in 1932, but the South Carolina school's schedule, released yesterday, revealed no game with Florida.

Joe Dillon, president of the Florida alumni club here, said that Athletic Director Jones recently informed him that the Tampa game had not been arranged. Dillon said he had no inkling as to either the date or the identity of the Gators' opponent in the annual Plant field game.

North Carolina State, in announcing its 1932 schedule recently listed a game with the Gators on Dec. 3 to be played either at Tampa or at Miami. And this may be South Florida's college grid allotment.

The Citadel in announcing the same with Florida, did not reveal the date. However, it is virtually certain that the South Carolina school will play Florida in the first game this season, but withdrew when the Gators booked the Thanksgiving Day tilt with California.

It is probable that Florida will meet The Citadel on Oct. 8. The Gators announced early this year when revealing the return engagement with California in Florida, that they would open their season a week later in 1932. Florida played North Carolina State on Oct. 3 in last year's opener. The return game with California will run the season past Christmas.

As it stands today, there are four open dates on the Gators' 1932 grid card, two in early October and two in November, including the one on Thanksgiving Day. And it may be that the Gators will fill them with teams they played last year.

It is a certainty that Florida will not play Syracuse or any other northern team next year. Coach Bachman made this clear upon the Gators' return from the trip to California in November. This leaves Alabama, Kentucky, North Carolina and South Carolina to be heard from. Florida met each of them last year, losing to Alabama and Kentucky and tying North Carolina and South Carolina, but no announcement has been made whether any of the four will be played next year.

PEPPER MARTIN LEADS VOTE FOR ATHLETIC HONOR

Ellsworth Vines Runner-Up In Outstanding Achievements

NEW YORK, Dec. 22.—(A.P.)—More complete returns yesterday in the Associated Press National poll on the year's "outstanding individual achievement in sports" established Ellsworth Vines, youthful new tennis star, as the runner-up to Pepper Martin, world series hero, for this 1931 distinction.

Martin, the favorite by sports experts by a clear majority over all rivals, now has 75 votes out of a total of 131 cast. But the latest rush of ballots enabled Vines to replace the veteran Francis Ouimet, hero of this year's big golflet comeback, in second place. Vines has a total of 10 votes as the year's outstanding individual performer, in the opinion of the nation's leading sports writers and editors. Ouimet is third with 11. Fourth place goes to Robert Moses, pitching ace of the Athletics and leading twirler of both major leagues.

The support for Vines as an outstanding amateur performer of 1930 forecasts a probable heavy vote for him in the contest conducted by the National Amateur Athletic Union for the James E. Sullivan Memorial Award.

The Sullivan Award, confined to the amateur field, went to Bobby Jones in 1930 for his golfing "grand slam."

The landslide was in Martin's favor from all over the country, even in California, Vines' home state, the baseball hero led in the balloting among the experts.

Yesterday's returns were unique in bringing in the first two votes for Burleigh Grimes, Martin's teammate and a co-sharer in world series glory. Also was cast the first ballot for Mrs. Moody whose tennis conquests generally seemed to be accepted as a matter of course and the occasion for no surprise or comment.

The standing of votes in the poll on the outstanding athletic performer of 1931:

Pepper Martin, St. Louis Cardinals, series hero—75.
Ellsworth Vines, National tennis champion—16.
Francis Ouimet, National amateur golf champion—11.
Lesley Grove, Philadelphia Athletics pitcher—9.
Billie Burke, National open golf champion—8.
Helen Madison, swimming champion and record holder—3.
Burleigh Grimes, St. Louis Cardinals pitcher—2.
Albie Booth, Yale football captain—2.
Max Schmeling, world heavyweight boxing champion—2.
Bat Battalino, world featherweight boxing champion—1.
Helen Wills Moody, National tennis champion—1.
Jules Ladoumègue (France), one mile record holder—1.
Johnny Baker, Southern California football player—1.
Howard H. Jones, Southern California football coach—1.
Johnny Orsi, Colgate Football captain—1.

Lewis Hopes To Get 3 Boxing Matches For Chicago Arena

CHICAGO, Dec. 22.—(A.P.)—Nate Lewis, matchmaker for the Chicago stadium, left last night for New York armed with articles for three championship boxing matches which he hopes to stage in the big west side arena early next year.

Lewis' most important piece of business was to sign Max Schmeling for a defense of the heavyweight title against Mickey Walker sometime in March. The articles for the heavy title battle included a proviso that Schmeling may withdraw if the Illinois legislature fails to approve an amendment to the state boxing law providing for 15-round championship bouts. The stadium has offered Herr Maxie \$200,000 or a privilege of 40 percent of the gate, to meet Walker.

Also in Lewis' brief case are articles for title bouts between Tony Canzoneri, ruler of the world's lightweights, and Christopher (Bat) Battalino, featherweight champion, in February, and Lee Brullard, welterweight titleholder, and either Jimmy McLarnin or Jackie Fields, the latter a former champion of his division. The welter title bout would be held in February or March.

The stadium also is figuring on another flatie 14-bit, a match between Ernie Schauf of Boston, and Will Strickland, the prominent Georgia heavyweight.

Tested Recipes For Christmas Dainties

NUT LOAF

One-third cup butter, 1 cup light brown sugar, 2 eggs, 1 teaspoon vanilla, 1-2 cup milk, 1-2 cups flour, 1-4 teaspoon salt, 2 teaspoons baking powder, 1 cup chopped nuts, preferably pecans. Cream butter, sugar and add egg yolks, flavoring and milk and beat well; add the well-sifted dry ingredients and chopped meats and fold in beaten egg whites. Bake in greased pan in moderate oven for 25 to 40 minutes. Frost with maple icing.

1-2 cups cold water, 2-3 cup granulated sugar, 1-inch piece cinnamon, 1 cup boiling water, 3 tablespoons cornstarch, 1 tablespoon lemon juice.

Pick over and wash prunes. Let stand in cold water for one hour. Simmer until tender but not soft in same water. Remove stones from prunes. Remove the prunes to water in which they were cooked and add boiling water, sugar and cinnamon and simmer 10 minutes. Dilute cornstarch with enough cold water to pour easily and add to mixture. Cook and stir for 10 minutes longer. Remove from fire and remove cinnamon. Add the lemon juice and pour into a mold. Chill for several hours and serve with whipped cream.

PINEAPPLE GLACE

Melt one and one-half cups of sugar and two tablespoons butter in one-third cup of water. Cook to thick caramel stage without much stirring. Place a slice on a dessert dish, top with a slice of pineapple and pour on hot caramel sauce. Serve at once with whipped cream.—Dutch Tea Rusk Co.

MINCE MEAT

Two pounds lean beef, 3-4 pounds beef suet, 4 pounds apples, 2 pounds seeded raisins, 1 pound cleaned currants, 1 pound shredded citrus, 1-4 pound candied lemon peel, 2 pounds light brown sugar, 2 quart sweet cider or the equivalent in fruit juices, 1 cup molasses, 1 cup meat stock, 2 teaspoons salt, 1 nutmeg (grated), 1 tablespoon ground cinnamon, 1 teaspoon ground allspice, 1 cup preserved cherries or strawberries.

Any part of the beef can be used that is lean. Some people prefer the tongue to any other part. It must be boiled until very tender and carefully trimmed before chopping. Cook meat in boiling water until tender, adding 1-2 teaspoon salt when half done. Add water as necessary and remove scum as it rises.

When meat is tender boil rapidly to reduce stock to one cup. Let cool in stock. When cool, remove from stock and carefully trim away bits of fat, bone or gristle. Put meat through food chopper and strain stock. Mince suet. Pare, core and chop apples and chop raisins. Put all ingredients except preserves into preserving kettle. Bring to the boiling point and cook over a low fire for about two hours, stirring to prevent sticking. Add preserves if liked.—Sister Mary.

HARD SAUCE

1-8 cup butter or margarin
1 cup brown sugar
Cream rind of two oranges
Cream together the fat and sugar, and add the orange rind. The secret of creamy hard sauce lies in long beating. Chill before serving.

VANILLA SAUCE

2 tablespoons cornstarch
1-2 cup sugar
1-2 teaspoon salt
2 cups water
1 teaspoon vanilla
1 tablespoon butter or margarin
Mix the cornstarch, sugar, and salt thoroughly. Add the water, boil over direct heat, and stir constantly until thickened. Cover and continue the cooking over hot water for 15 to 20 minutes. Stir in the vanilla and butter (or margarin). Serve hot.

FLORIDA FRUIT CAKE

One pound crystallized peaches, 1 pound currants, 1 pound crystallized citron, 1 pound crystallized orange peel, 1 cup dried figs, 1 pound pecan meats, 1 pound butter, 1 pound crystallized cherries, 1-2 pound crystallized lunquats, 4-1-2 cups flour, 4 cups brown sugar, 1 dozen eggs, 2 teaspoons salt, 2 teaspoons baking powder, 2 teaspoons cinnamon, 2 teaspoons mace, 1 teaspoon nutmeg, 1 teaspoon allspice, 1-2 teaspoon cloves, 3-4 cup orange juice or cooking sherry.

Chop fruits and nuts. Mix flour, spices, baking powder and salt. Sift about one-half of this mixture over the fruits and nuts. Cream butter, add sugar, then beaten eggs. Stir in flour alternately with fruit juice.—Mrs. Martha Lynch Jenkins, Florida Power & Light.

ENGLISH PLUM PUDDING

One-half pound stale bread crumbs, 1 cup scalded milk, 1-4 pound sugar, 4 eggs, 1-3 pound raisins, seeded, cut in pieces and floured, 1-4 pound currants, 1-4 pound finely chopped figs, 2 ounces finely cut citron, 1-2 pound suet, 1-4 cup currant jelly, grape juice, or cooking wine, 1-2 grated nutmeg, 3-4 teaspoon cinnamon, 1-3 teaspoon cloves, 1-3 teaspoon mace, 1-2 teaspoon salt.

Soak bread crumbs in milk, let stand until cool, add sugar, beaten yolks of eggs, raisins, currants, figs, and citron; chop suet and steam by using the hand; combine mixtures, then add wine, currant jelly or grape juice, nutmeg, cinnamon, clove, mace, and whites of eggs beaten stiff. Turn into a buttered mould, garnish with citron, and adjust cover. Steam three and one-half hours.—Mrs. Martha Lynch Jenkins, Florida Power & Light Co. home service department.

STERLING FRUIT PUDDING

One cup suet, 2-3 cups stale bread crumbs, 1 cup grated raw carrot, yolks 4 eggs, 1-1-3 cup brown sugar, grated rind 1 lemon, 1 tablespoon vinegar, 1 cup raisins, 3-4 cup currants, 1-4 cup flour, 1-2 teaspoon salt, 1 teaspoon cin-

FRENCH FRUIT PUDDING

One cup finely chopped suet, 1 cup molasses, 1 cup sour milk, 1-2 teaspoons soda, 1 teaspoon cinnamon, 1-2 teaspoon salt, 1-1-4 cup raisins, seeded and chopped, 1-2 teaspoon cloves, 3-4 cup currants, 2-3 cups flour.

Add molasses and sour milk to the suet; add 2 cups flour mixed and sifted with soda, salt and spices; add fruit mixed with remaining flour. Turn into buttered mould, cover and steam for four hours. Serve with sauce.—Mrs. Martha Lynch Jenkins, Florida.

HOLIDAY PUDDING

Four cups scalded milk, 1-1-4 cups rolled crackers, 1 cup sugar, 4 eggs, 1-3 cup melted shortening, 1-2 grated nutmeg, 1 teaspoon salt, 1-1-3 cups raisins.

Pour milk over crackers and let stand until cool. Add sugar, eggs lightly beaten, nutmeg, salt and shortening. Paibell raisins until soft, seed and add to mixture. Turn into buttered pudding dish and bake slowly for two and one-half hours, stirring after the first half-hour to prevent raisins from settling. Serve with sauce.—Best Food, Inc.

SPICE CAKE

One-half cup butter, or other shortening, 1-2 cup brown sugar, 1 egg, yolks of 4 eggs, 1-2 cup molasses, 1-3 cup milk, 2 1-4 cups flour, 1 teaspoon cinnamon, 1-2 teaspoon soda, 1-2 teaspoon clove, 1-4 teaspoon gra'd nutmeg, few gratings lemon rind.

Cream butter, add sugar gradually, then the egg and yolks of eggs, well beaten, molasses, milk, flour—mixed with the spices and soda. Add lemon rind. Turn into greased loaf pan and bake one

MAPLE ICING
One tablespoon butter, 1 tablespoon hot milk, 1-1-2 cups confectioners' sugar, 1-2 teaspoon maple flavoring.
Add butter to hot milk, stir over and add gradually to make a paste of the right consistency to spread. Add flavoring, spread on cake and sprinkle with chopped nuts.

MAPLE ICING
Do you want to lighten Mother's kitchen work? An electric mixer will do it.

CHRISTIAN CONFIDENCE

This is the confidence that we have in him, that, if we ask any thing according to his will, he heareth us.—1 John 5:14.

GOD'S WORD STANDS.—The grass withereth, the flower fadeth: but the word of God shall stand for ever.—Isaiah 40:8.

EVENTIDE

Now you may go slowly As all the things we love, With slow feet upon the hills And soft finger on the lips of night...

—Loris H. Guild, University of Wyoming.

You can lead a boy to college but you can't make him think.

Any man would find it difficult to get ahead until he gets a head.

The best Christmas present Santa Claus could bring us would be a nice spell of cold weather.

No wonder Tammany always wins. Apparently the whole city is on its payroll.

If old Saint Nick is really coming to Sanford by airplane, we hope he has a trailer.

Bill Collector Can't Bother Cane in Jail—headline. Say, there's an idea.

The brassiere bathing suits, it strikes us, should be a good ad for Florida. We always did like plenty of white space.

It is only a coincidence that nearly all modern Presidents have had a big dam named in their honor.—Clemson Press. But the biggest dam of all is usually named Hoover.

While busy picking celery, Seminole County had time to take a day off and vote for dog racing. Gambling on crops is evidently not thrilling enough for the folks around Sanford.—Plant City Courier. Us thrill chasers!

One business concern which is reporting increased sales for 1931 is the electric refrigerator industry. Last year there were 775,000 units sold in the entire country; this year, over a million. Wonder if that has anything to do with the similar increase in frozen assets?

Not attempting to liquidate its indebtedness and perfectly capable of carrying its floating obligations, Barron Collier's yacht, Baroness, after the manner of stocks and bonds, nevertheless sank the other day at its Port Myers dock. And believe us, there is nothing so sunk as a yacht when its sunk.

Because "Legs" Diamond was as low in the scale of society as a worm can become, New York police seem to feel that the apprehension of his murderers is not necessary. But it is not up to the police to judge guilt or innocence. Their job is to get the slayers no matter who is slain. It should be up to the jury to decide whether the killing justifies merry or other consideration.

Arthur Brisbane says that what this country needs is the realization that we have everything in the world that any country needs, having everything in the world and being able to use it are two different things. A million dollars is the bottom of a cold sweat in the middle of the ocean should do you little good. The millions of dollars of surplus wheat, cotton and other staples which this country has will do us little good unless we can find some way of disposing of them to the people of the world.

I am convinced that if tomorrow the head of every enforcement force represented here would call up his men and tell them to get crime out of this community or get out of office, and mean it and make his men realize he means it, ere another moon weaves and wanes 75 percent of the criminals in our midst would fold their tents like the Arabs and silently steal away.

The Tampa Tribune in commenting upon Judge Akerman's remarks, agrees that there is too much crime in Tampa, and insists that the enforcement of the laws is the direct responsibility of the law enforcement officers.

"One determined drive," the Tribune continues, "joined in impartially by federal, county and city law enforcement officers, would, in 24 hours, do the job which Judge Akerman says ought to be done and which the right-thinking people of this city and county agree with him ought to be done."

We would suggest however, that before these law enforcement agencies begin their twenty-four hour drive, they determine by some means or other, possibly by a poll conducted by the Tribune, just what proportion of the total population the "right thinking people" are, and also whether these "right-thinking people" are also the "best people."

It has been the experience of some law enforcement agencies that the very minute they began to enforce the laws, the "best people" began to squawk. We are inclined to wonder just how long the Tampa chief of police, or the Hillsborough sheriff could hold their jobs if they impartially and permanently closed all the speakeasies, gambling dens, and bawdy houses within the immediate proximity of Tampa.

"Unquestioned Amateurism"

The Herald wishes to commend the action taken at a recent meeting of the Southern football conference in New Orleans which went on record as favoring "unquestioned amateurism" in all sports.

In the zeal to win and the passion for publicity the fundamental purpose of sports in schools is sometimes overlooked. Primarily high schools and colleges do not play football to become famous throughout the country, to increase enrollments, or to make the headlines and news reels, but rather to provide a healthful and invigorating form of exercise for their students.

Colleges are created and supported by taxpayers or alumni for the purpose of training the minds of young men and women so as to better fit them for their work in life. A very large proportion of this training is a sedentary occupation consisting largely of reading and attending lectures. It provides small opportunity for the bodily exercise necessary to healthful existence and often supplied in abundance to men in other walks of life by the nature of the work itself.

To overcome this evident defect in educational systems, athletic contests have been devised. Football, baseball, basketball, soccer, hockey, tennis, golf, track, polo, swimming, crew, fencing, boxing, wrestling, lacrosse, and squash have been developed to a high point of inter-class and inter-collegiate competition for the sole purpose of providing healthful exercise for students.

If the colleges are to encourage professionalism, what chance have the students? If the football coach can go out and hire professional athletes for his first string eleven, what opportunity is provided the student for making the team? Is it fair to the boy attending college for legitimate purposes if his place on the team is given to a lumberjack, boilermaker, or longshoreman simply because the coach, for purely business reasons, is determined to turn out a winning team?

We hope that the University of Florida will continue to use its influence to keep football on the high plane of "unquestioned amateurism" which it deserves and that the Southern conference will long remain on record as opposed to any move to throw down the bars against professionalism. A college grows and develops in direct proportion to its academic standing, not to the scores in its football games.

SANFORD, TWENTY YEARS AGO

Nearly a thousand hotel guests were routed from their beds in panic early this morning when the board of trade building on South LaSalle Street, Chicago, was totally destroyed by fire. Considerable alarm was felt for the guests of the Kaiserhof, New Victoria and Stafford hotels, all of which were near enough to be touched by the flames from the burning structure...

E. A. Jack, first lieutenant of engineers, retired, of the revenue cutter service, and one of the survivors of the crew of the Merrimack in its famous Civil War battle with the Monitor, died at Alton, Ill., Wednesday. He was one of the few Confederate veterans who received a United States commission after the Civil War. Mrs. F. L. Woodruff entertained most delightfully at a Christmas bridge party at her charming home recently. Mrs. G. F. Smith was the highest scorer at bridge and won the first prize, a lovely hand-painted china plate. The bridge party was given by Mrs. W. H. Woodruff.

Wrote On Crop Of This Year

LANDO, Dec. 23.—(A.P.)—The United States Department of Agriculture today estimated the value of the principal Florida crops for 1931 at \$28,128,000. The figures compare with the estimate of \$15,844,000 for 1930 and \$11,141,000 for 1929. The crops included staple crops, such as citrus and principal nut and fruit crops. Fruits and nuts were valued at \$41,249,000 compared with \$37,538,000 for the season of 1930-31 and \$26,286,000 in 1929-30. The total value for 1930-31 was \$37,847,000 compared with \$34,786,000 for the season 1929-30 and \$23,980,000 for 1928-29. Staple crops for 1931 were estimated worth \$16,992,000 compared with \$23,218,000 in 1930 and \$26,911,000 in 1929. While yields averaged somewhat below those of the two preceding years the report said decreased production was due largely to the lower prices received for such crops as cotton, corn and peanuts.

Former Naval Gob Granted Rehearing Upon Murder Case

ATLANTA, Dec. 23.—(A.P.)—The Honorable Judge Underwood granted a rehearing yesterday to the court which had just sentenced to life imprisonment a former naval gunnery officer charged with the murder of a woman in Florida. The court had just sentenced to life imprisonment a former naval gunnery officer charged with the murder of a woman in Florida. The court had just sentenced to life imprisonment a former naval gunnery officer charged with the murder of a woman in Florida.

Girl Gives Version Of 'Baby-Killing' By Gotham Gunmen

NEW YORK, Dec. 23.—(A.P.)—By clapping her hands a 15-year-old girl described to a jury yesterday the rapidity of the shot which killed one of her playmates last summer, wounded four others and spread terror through a tenement district. The child, Florence Amelio, was the first important witness to take the stand against Vincent Coll and Frank Giordano, whom the jury will be asked to send to the electric chair for the Harlem "baby-killing."

One Killed As Roof Of Vatican Crashes

VATICAN CITY, Dec. 23.—(A.P.)—One person is known dead and at least four are missing today when the roof over the 200-foot wing of the Vatican library fell through two floors of the building. The accident occurred only a few minutes after the library had been closed for the day. The roof fell with a tremendous crash. It appeared likely it will be days before the wreckage can be cleared away and the real damage ascertained. There's a military cycle as well as an economic cycle, and just now pacifists are growing popular again.
