

SHIPPING BY WATER MADE BIG SAVING ACTUAL FIGURES GIVEN

S. J. Sligh Makes Comparison Between Rail and Water

DIFFERENT GRADES

OF CITRUS FRUITS COULD BE SHIPPED IF RATES WERE MADE REASONABLE

The following figures from S. J. Sligh, president of the Central Florida Water Traffic League, are most interesting:

Please note enclosed papers which are self-explanatory. You will notice this covers a shipment of 300 boxes of second grade grapefruit shipped by Clyde Line, and also what the car would have net, had it gone all rail. As a matter of fact this grapefruit is what we call second grade which stock is rough and rusty, but heavy and juicy and eats as good as any grapefruit. Fully twenty to thirty per cent of the crop runs this grade. On account of the extreme high rate of freight, as a rule, this stock does not pay packing charges. This fruit would never be picked if it were not mixed up with the better looking fruit on the trees. It is all picked together and graded in the packing house. After the fruit is picked and hauled to the packing house it costs about 65c a box to put it up. If we had the same rate of freight as we did in 1917, this second grade grapefruit would all be shipped, and we could get something out of it. But with the present rate, thousands of boxes are being thrown away every day.

You will also note the difference in the Clyde shipment of 44 crates of eggplant to New York, and if we shipped it by express we would only have received \$60.95. The extreme express rate is simply wholesale robbery, and the service is anything but good. We have noticed this season in particular when we hauled goods to Sanford and shipped by Clyde Line, it would beat the express and the entire shipment would be delivered at one time. Very often, express shipments are delivered in part one day, and the balance of the shipment will show up from one to two days later, or we have had them deliver one shipment of express goods in three different lots. The question is how long can the growers of this state stand these extreme freight and express rates? The key to the situation is to ship by water whenever possible. We want every grower and every citrus man to be on hand at our meeting in Orlando March 24, 1922, to be held in the court house at 7:30 p. m. We will have some very able speakers with us.

Hon. C. D. Haines will be at this meeting, and says he has something good to tell us.

Comparison of net proceeds on car of second grade grapefruit shipped to New York by Clyde Line, and net proceeds if shipment had gone via rail to New York:

300 boxes grapefruit sold New York	\$574.00
Freight via Clyde	\$180.00
Cartage	30.00
Commission	57.40
	267.40
	\$306.60
800 boxes grapefruit sold New York	\$574.00
All rail freight	\$276.00
Cartage	30.00
Commission	47.40
	353.40
	\$210.00

Had this shipment gone all rail instead of Clyde, shipper would have only received \$210.00 instead of \$306.60. The high freight rate is causing hundreds of thousands of boxes of grapefruit to be thrown away each year, as fully twenty to thirty per cent of the grapefruit runs what we call second grade, rough and rusty but full of juice and as good eating as any fruit.

Comparison of Clyde and express shipment of 44 crates of eggplants:

44 crates eggplant sold New York	\$151.00
Freight via Clyde	\$28.68

COAL MINERS PREPARE FOR BIG WALKOUT

MAKING PLANS NOW TO LEAVE THE MINES ON SATURDAY, APRIL FIRST

(By The Associated Press) NEW YORK, March 20.—Six hundred thousand union miners in the anthracite and bituminous fields will quit work April 1, unless some unforeseen solution of the present wage controversy is offered in the meantime, John L. Lewis, president of the international organization of united mine workers announced yesterday.

Plans for evacuation of the mines already are under way, Mr. Lewis said. In the event of a walkout, crews of pumpmen, engineers, firemen, watchmen and helpers will remain at their posts to prevent flooding of the mines and maintain the property he said.

Final orders for withdrawal of the men will be issued by the general policies committee of the union at Cleveland or Chicago, probably this week, it was said, effective in case operators and miners fail to arrange a new working contract before April 1.

The order to suspend operations in the anthracite field April 1 already has been issued by the miners general wage council in session at Shamokin, Pa. An arbitration committee of eight composed of operators and miners will meet here Tuesday to discuss a new wage scale for this field.

Work in the bituminous mines automatically will cease April 1, Mr. Lewis asserted, because of the operators' refusal to meet the miners, in accordance with the terms of their last contract.

State Baseball Championship on May 19th and 20th

Prof. G. E. Wilbur, athletic director of the Duval high school and president of the State High School Athletic Association, visited Rollins College Saturday in the interest of the Florida state high school baseball championships which will be held in May. Several matters of interest were discussed, among which were the dates of the championships. Tentative dates announced are May 19 and 20.

After officiating at the boys' basketball championships at Gainesville and the girls' basketball championships at DeLand, Prof. Wilbur believes that the estate will be redistributed when the annual meeting of the High School Athletic Association is held in April. Such action will add to the present number of districts and give the high school athletic teams of the state a better opportunity for contest.

W. W. Ross, president of the State League, who offers the championship trophy; Prof. G. E. Wilbur, Harry Culley, sporting editor of the Florida Times-Union; Gilbert Freeman, of the Tampa Tribune; Prof. W. B. Feagle, principal of the Winter Park high school, and others will serve on the championships committee this year.

At least ten high school baseball teams of the state, each being allowed three subs, will compete in the championships this year.

Cartage	3.36
Commission	10.57
	42.61
	\$108.39
44 crates eggplant sold New York	\$151.00
Express	\$76.12
Cartage	3.36
Commission	10.57
	90.05
	\$60.95

Shipper received \$108.39 instead of \$60.95 had shipment been made by express. Furthermore if goods are shipped so as to make boat connections, they will arrive on the market quicker than express shipments, and be delivered in one lot, whereas the express company invariably will deliver part of a lot one day and the balance one or two days later.

BANKERS BACK BOOTLEGGERS IN MIAMI SAYS COL. NUTT IN REPORT TO HAYNES TODAY

Says Most Brazen Operation of Booze Runners in America

MIAMI, March 20.—(By the Associated Press).—The most brazen operations by bootleggers along the Florida coast, especially at Miami, with assistance of some Miami bankers who hold money for liquor deals was found by prohibition agents working here under direction of Colonel Nutt according to his report to Prohibition Commissioner Haynes, at Washington, made public here today by Nutt. Report said a dozen investigators received proposals the first day to deliver liquor anywhere. All that was necessary was to put up the money, the bootleggers would pack the liquor as grapefruit and ship to any part of the country. "In two instances negotiations were closed, with aid of bankers, all of which will be revealed shortly in court procedure," the report continued. Nutt reported the liquor situation in Miami as more brazen. Bottle liquor formed the principal prizes of punch boards, agents won the liquor through this medium and carried away punchboards as souvenirs.

Federal prohibition agents under Nutt had made eleven liquor raids in city of Miami up to noon today and at Nutt's headquarters. It was stated, the officers expected to make thirty-one more raids before night. Raiding parties, which started to work this morning consisted of eight squads of five men each. Nutt said the raid was the first of a series to be conducted in every large city under his personal direction. It was stated Colonel Nutt would go to Key West from here and probably go to Cuba.

WASHINGTON, March 20.—The immediate arrest of a number of individuals, some of them prominent in Florida commercial circles, was indicated in preliminary reports from Colonel Nutt in charge of the campaign at Miami against liquor smugglers, Commissioner Haynes said today.

BANK ON TREATIES AS STRONGEST WEAPON IN REPUBLICAN CAMPAIGN

Party Leaders Call on President Harding to Talk it Over Today

WASHINGTON, March 20.—The Republican party leaders responsible for the direction of the coming congressional campaign, accompanied by Chairman John T. Adams, of Republican National Committee, conferred with President Harding today and discussed relation of treaties growing out of Washington conference to coming elections. Treaties regarded in administration circles as major achievement of first year of Harding's administration and is said to be the intention of party leaders to put them forward as issue in November elections.

FLEET OF MOTOR CARS PATROL NEW YORK STREETS TO CURTAIL CRIME WAVE

Seventy-two Cars Containing Six Policemen Each Now in Service

NEW YORK, March 20.—(By the Associated Press).—A fleet of seventy-two motor cars, each carrying half a dozen policemen was launched today by the Police Department in a further effort to check the crime wave. The fleet will be in service day and night. One car will be attached to each of the seventy-two police precincts.

Gunmen Active In Belfast Today; One Wounded Man

Police Barracks at Makhere is Captured

(By The Associated Press) BELFAST, March 20.—Gunmen are again active in Belfast today. A number of carters proceeding to work were stopped by a man who pointed a revolver at them and ordered them back. In the ensuing altercation one carter was wounded. The police barracks at Maghere, County Londerry, was captured during the night.

CLEARWATER ELECTION CAMPAIGN IS ON NEW CITY OFFICIALS

(By The Associated Press) CLEARWATER, March 20.—Clearwater is in the throes of a municipal campaign which will end April 1, with the election of a new set of city officials. The officials to be named are mayor, four councilmen to serve two years, city clerk, city tax collector, city tax assessor, one bond trustee, to serve six years, and one member of the Charter Board.

(By The Associated Press) WASHINGTON, March 20.—Speaker Gillett announced today he would not entertain the motion to suspend the house rules so as to put the bonus bill through the house with restriction on debate and without opportunity for amendments.

Search Warrants Get Hard Wallop From Andrews

Andrews Rules Liquor May Be Seized in Establishments Without Them

An important decision and one which may have widespread effect on the enforcement of the prohibition laws was handed down Saturday in Circuit Court here by Judge Charles O. Andrews, ruling on the appeal of the Atz case brought here from the county court of Lake county.

Atz was convicted in Lake county some time ago on a charge of illegal possession of liquor, but appealed the case on the ground that the officer who arrested him did not have search warrant and therefore could not seize liquor said to have been found in Atz's establishment.

Judge Andrews, in his decision, holds that a search warrant in cases of this kind is not required and the finding of the lower court is upheld. Other courts, including the federal court at Tampa, have repeatedly thrown out cases where liquor was seized without a search warrant and there is considerable speculation as to whether the precedent established by Judge Andrews will be followed by other judges.—Orlando Sentinel.

HEAVY TRUCKS UNDER THE BAN ON EAST COAST

(By The Associated Press) FORT PIERCE, March 20.—Municipal judges and justices of the peace along the East Coast may be lenient with drivers who speed in passenger motor cars but the lid is on the drivers of heavy trucks and busses. Sam Bostick, driver of one of the Miami-Jacksonville busses has posted \$25 bond for his appearance in county court to answer a charge of speeding. An officer who said he trailed the bus three miles north of here declared Bostick was driving forty miles an hour.

The busses and heavy trucks, county Engineer Collins declares, cannot be permitted to operate rapidly because the speed and grinding, swaying motion of such vehicles damage the highways, heavily.

The report of the committee which met here Saturday will be submitted at the meeting in Orlando at 2 p. m. April 5, when permanent organization of the Removal Association will be effected.

Members of the committee who attended the meeting here Saturday were: Thomas J. Appleyard, Jr., of Lakeland, chairman; W. T. Gray, Ocala; N. P. Yowell, Orlando, and J.

Women Must Register Now to Participate in Democrat Primary

DEFINE DEMOCRATS

EVERY PRECINCT IN COUNTY SHOULD SEE THAT EVERY WOMAN REGISTERS

At a meeting of the Seminole County Democratic Executive Committee the following resolutions were read and adopted:

Whereas, The Women of the land are now by law, authorized to qualify as and be electors, and

Whereas, at a meeting of the State Democratic Executive Committee held in Jacksonville, Fla., February 22nd, 1922, by resolution the said committee urged the several County Executive Committees to use every effort to have the white women of the several counties register as Democrats and take part in the party politics and Democratic primary.

Now, Therefore, Be It Resolved by the County Democratic Executive Committee of Seminole County, Florida, that it is the sense of this meeting that all white women be and they are hereby invited and urged to register as members of the Democratic party of Florida, and to take part in the party politics and also the Democratic Primary, and

Be It Further Resolved, that each member of this committee be and each member is hereby appointed as a committee of one to lend such aid, assistance and instruction as may be necessary to have every white woman in his respective precinct register as a Democrat, and take part in the party, politics and Democratic primary, and

Be It Further Resolved that in addition to spreading a copy of these resolutions on the minutes of this meeting that a copy be furnished to the Sanford Herald with a request that the same be published.

Whereas, since the last meeting of this committee a general election has been held, and

Whereas, this committee is reliably informed that certain candidates throughout the state, who stood for the Democratic nomination in the last Democratic primary, and who in such primary lost the nomination, but, notwithstanding this defeat participated in the general election as candidates for election, and as opponents of the regular Democratic nominees, and

Whereas, if the Democratic party is to stand as a party and is to represent the true principles of party politics, such practice by alleged Democrats must be discontinued:

Now, Therefore, Be It Resolved by the Seminole County Democratic Executive Committee in session assembled this the 20th day of March, 1922,

First: That the action of defeated candidates in the Democratic primary in standing for election, against their successful opponents, in the general election be and the same is most strongly condemned, as being non-Democratic and unfair.

Second: That a copy of this resolution be spread on the minutes of this meeting and a copy furnished to the press of the state.

Be It Resolved by the County Democratic Executive Committee of Seminole County, Florida, that the terms and conditions on which legal electors shall be declared and taken as proper members of the Democratic party of Seminole County, Florida, and entitled to vote in the primary election on the first Tuesday after the first Monday in June, 1922, as members of the said party, shall be as follows:

First: That they are white persons.

Second: That they believe in the principles of the Democratic party, and will support and vote for the nominees of said party in the ensuing general election.

Third: And that such electors are registered as Democrats according to the provisions of Section 14, Chapter 6469, Laws of Florida, 1913.

The Jenny Spaulding Circle met on Thursday afternoon at the home of Mrs. Robert Glenn, after an interesting program, the hostess served delicious refreshments.

The next meeting will be Thursday afternoon at the home of Mrs. Ahlley Kelly on West Hughey street. The subject will be "Patience." All Baptist ladies of the Heights are invited to attend those meetings which are held every Thursday afternoon.

BUSINESS AND PROFESSIONAL WOMEN'S CLUB

There will be a meeting of the Business and Professional Women's Club Monday evening at eight o'clock at the Club rooms. Mrs. Meadows of DeLand, will be the speaker for this meeting. There will also be a large delegation from DeLand, and it is earnestly desired that a large number of members will be present. Refreshments will be served.

ENTERTAINS SENIOR CLASS

Miss Marion Hand entertained the members of the Senior Class of S. H. S. most delightfully last evening at her home on the West Side, at a "Kids' Party." All guests wearing "little tots clothes and brought their toy, some bringing horses, and dolls and others teddy bears.

The decorations of green and white, being appropriate and in keeping with the day (St. Patrick's Day). Streamers of green and white crepe paper were extended from the corners of the rooms to the chandeliers, where they were fastened with large bows.

All kinds of childish games were played followed by a grab bag, story telling by their "nurse," Mrs. R. C. Maxwell and a contest of "Pinning on the donkey's tail, Harold Christensen winning the prize for this, it being a Kewpie doll, and Patye Lyle, was presented a rubber ball for the booby prize.

After the games and contests, the guests were invited into the dining room for refreshments. The refreshment table was centered with a large birthday cake, iced in white and topped with eighteen tiny lighted tapers, and decorated with ferns and orange blossoms (it being the birthday of the hostess). Delicious refreshments of ice cream and cake, with favors of sunbonnets, lolly-pop dolls, were served by the hostess assisted by her sisters, Misses Ruth and Mildred Hand. In cutting the birthday cake, Harold Christensen got the thimble, Frederick Rines the dime and Robert Thrasher the ring and Miss Margaret Ericson the button.

After the refreshments, a member of the class, with a few well chosen

words, in behalf of the Senior class presented the hostess with a beautiful gold pin, as a birthday token.

Those enjoying this delightful evening were Frederick Rines, Patye Lyle, Zillah Walsh, Virginia Neeley, Margaret Gallagher, Carrie Stanley, Lillian Shinholser, Alma Lohnes, Esther Hughey, Mary Belle Allen, Anna DuBose, Cora Rutherford, Florence Henry, Margaret Ericson, Lila Murrell, Willard Lumley, Robert Thrasher, Edward Henderson, Harold Christensen, William Mallem, Frances Dutton, Margaret Zachary, Bertram Sheppard, Dorothea Micky, Billie Fitts and Mrs. R. C. Maxwell.

SUBSCRIPTION PARTY

The Catholic Women's League entertained at a Subscription card party last evening at the K. C. hall on Oak avenue, with Mrs. Harry Walsh as hostess, assisted by Mrs. Clarence Mahoney. There were twelve tables of players.

The decorations were in accordance with the day, it being St. Patrick's day, and greens, with shamrocks were effectively used. The tally cards were designed with shamrocks, and games of 500 and bridge were played.

The following won the prizes, Father Hennessy, silk socks; Miss Helen Terwilliger, crystal marmalade jar; Mrs. Alice Peters, cut glass individual salts; and the cut prize, linen handkerchiefs, was won by Mr. Bethany.

At the conclusion of the card games the hostess assisted by several of the League members served sandwiches, cakes iced in green, coffee and mints.

BOOK-LOVERS CLUB

Mrs. J. E. Pace entertained the members of the Book-Lovers Club most pleasantly yesterday afternoon at her lovely home on the East Side.

Quantities of petunias and nasturtiums were artistically used in decorating the rooms and porches. After discussion of late books and current events, the hostess served a delicious salad course, followed by an ice course.

Those enjoying the cordial hospitality of Mrs. Pace were Mrs. Stella Arrington, Mrs. J. C. Bennett, Mrs. L. P. Hagan, Miss Annie Hawkins, Mrs. R. J. Holly, Mrs. H. B. Lewis, Mrs. E. P. Morse, Mrs. B. A. Howard, Mrs. Harry Ward, Mrs. Fred Williams, Mrs. A. E. Hill and Mrs. Syphon, of Commerce, Ga., the guest of Miss Annie Hawkins.

REVIVAL ALIVE FILLED CHURCH LAST NIGHT

MANY COUNTER ARRIVALS DID NOT MAKE ANY DIFFERENCE IN CROWD.

Despite the many counter attractions in town the Revival services at the Methodist church drew a large crowd last night. It was young people's evening and the young folks filled the choir loft and all the central block of pews in the auditorium. There was special music consisting of a pantomimed hymn, sung by Miss Lillie Ruth Spencer and pantomimed by Miss Croshaw, and a beautiful solo, bearing directly upon the sermon which followed, sung by Mr. Boyd.

Dr. Walker's text was from Luke 27:22, "What Shall I Do Then, With

Jesus Which is Called Christ?" A question which he drove home in a forceful and telling manner to each heart in the congregation.

The Revival services will close Sunday night. Sunday will be a great day in the Methodist church. It is anticipated that Dr. Walker will have 150 members in the Scrap Iron Class at the Princess Theatre Sunday morning, and a great increase in attendance is anticipated all down the line.

By request on Sunday night, Dr. Walker is repeating his sermon on "Influence," preached two years ago. Hear him.

MEMBER THE ASSOCIATED PRESS

Everybody pull for a fleet of ships on the St. Johns river—ships that belong to the Central Florida Water Traffic League. With ships and wider roads and a trolley line the troubles of the shippers will be over and South Central Florida will be the biggest and best country in the United States.

Don't let anything interfere with your attending the Central Florida Water Traffic League at Orlando Friday night of this week. Every live business man in Sanford and every live grower and shipper of this district should be there. It is for your benefit that the League is working to lower the freight rates that are throttling your business.

PULL FOR THE RIVER.

The Herald would like to say to the Florida representatives at Washington that if you will just get us the proper amount of appropriations for the St. Johns river you need never bother your heads about cheaper freight rates for this part of Florida. The question of railroads will never enter our minds again and we will just forget about them from this time on. With the deep water in the St. Johns river, with our own line of ships from Sanford to New York, with a broad road from Sanford to Orlando, with a trolley line from Sanford to Tampa the railroads can go right along and make their rates as high or as low as they please—we will never even ask about their health.

And all joking aside this part of Florida wants to know just what our representation in congress is going to do about the river? There has been nothing done in the past six years and the excuse was the lack of tonnage. Now we have the tonnage but there is nothing said about it in Washington. We wonder if our representatives in Washington know there is a St. Johns river and a Central Florida Water Traffic League?

COMPARISON OF RATES

In this issue is a letter from S. J. Sligh, president of the Central Florida Water Traffic League in which he gives actual figures and shows the difference in handling and the big saving by water. It is useless for the shippers to longer ignore this important item in their business lives. While the growers here are running to and fro trying to get in their crops, to bring them to maturity and then to sell them they are losing sight of the octopus that is lying in the offing ready to eat up their profits—the railroad rates. Unless the freight rates can be lowered there is no need of growing either fruits or oranges and the so-called high prices that you hear so much about will all be a joke next season. There may be high prices for fruits and vegetables but you people will never get the money. There will be another raise in freight rates about that time and your fruits and vegetables will be swallowed up in the maw of the greedy monster that seems to know no end in demanding more and more of your hard earned money. It is high time the merchants and shippers and the growers and the various associations in Sanford took heed of this important item—by far the most important that you have to confront. All your safeguards for the crops, all your cold storage, all your co-operative methods, all your

ideas about growing and shipping and selling go for nothing unless you can get a reduction in freight by taking up the water shipments and this means joining the Central Florida Water Traffic League. It is most surprising the lack of interest that the people here show in this important matter. It is high time the people who are mostly interested took a part in this idea of putting on a new boat line and getting the rate to which they are entitled.

A REAL MAN

A real man never talks about what the world owes him, the happiness he deserves, and the chances he ought by right to have had and all that. All he claims is the right to live and play the man.

A real man is just as honest alone in the dark in his own room as he is in public.

A real man does not want pulls, tips and favors. He wants work and honest wages.

A real man is loyal to his friends and guards their reputations as his own.

A real man is dependable. His simple word is as good as his Bible oath. A real man does a little more than he promises.

A real man honors a woman, any woman. He cannot hurt a woman, physically or morally. He sticks to his wife. He can be loyal even if love is impossible.

A real man always has excuses for others, never for himself. He is patient and charitable to them, to himself he is strict.—Exchange.

BETTER BE SAFE THAN SORRY.

It is an old adage—that at the top of this editorial; but there is no gain-saying its appeal to thinking men and women. It applies with remarkable aptness to those who contemplate immediate leaving of this state to go to their northern homes, forgetting, in the embrace of Florida warmth and soothingness, that back home "the frost is still in the ground"; that a letter from home told last week of "Uncle John's" slipping on the ice and breaking his arm; of the slush and mud beginning to appear as the first spring sun rays hit the snow.

Those things, after being warm, and the saps of life having started upward, in Florida, chill and hurt the body and are too often an excitant to illness, either pneumonia, influenza or rheumatism.

It is better to be safe in Florida for a few weeks longer, than to be sorry at home in bed, with what may prove a serious illness!

Do not fear the warm weather in Florida. Those who imagine that the spring season is one of malarial poisoning, that the summer season is one prolonged battle with fevers, do not know this state. Not only are those things almost unknown here, but where careless living has resulted in either, the response to remedial and curative means is more prompt and sure in Florida than in any other state.

Thousands of men and women will remain in Florida this summer, after having come early last year to test out the climate. Not alone is the record here enough to convince them; but reports in the papers "back home" have shown them that day for day, the summer months through, it is hotter "back home" and the nights are more unbearable than anywhere on the Florida coast, or in any of the inland locations.

Various places, and organizations, of this state are beginning a campaign to turn the summer seekers after comfort and rest, to Florida. It will succeed as soon as some educational work has been done, and those who come and grow better during the summer get back and talk it over with their neighbors. The west coast resorts of this state, swept as they are daily and nightly by the prevailing westerly winds are filling each year more and more with those who have learned by actual stay that it is cooler in Florida gulf resorts during July and August than it is in any resort north of this state. Stay a few weeks longer—or better still, spend the summer.—Tampa Tribune.

DANGER TO OUR MERCHANTS

Our local merchants might wisely give some consideration to the recommendation of the National Commission of the Associated Advertising Clubs of the World, which recently passed a resolution strongly favoring the establishment of a C. O. D. postage permit plan. Under the plan direct by mail advertisers may send out return envelopes and cards to prospects with a permit notice printed in place of a stamp. The return matter can then be mailed and the permit holder pay the postage upon the delivery. Merchants in towns such as ours are likely to be lured into a dangerous trap if they permit such a plan to go through without protest. They may see only that they may use the scheme themselves, but direct by mail advertise-

ing is as limited as it is ineffective in the smaller communities. On the other hand, such a plan would mean the most sweeping invasion of the country by the mail order houses that ever has been known. The mail order men would save hundreds of thousands of dollars, which could then be put into intensive campaigns to take trade and money from the home town. The merchants know they can serve our people quite as well and quite as economically as any mail order house in the world, and that the buyer can actually see the articles being bought and get prompt delivery, but the catalogue offers of the mail order specialists are painted in alluring colors, and when they can be put out without danger of waste for lost stamps affixed, local trade will dwindle in every community. This whole matter will rest in the hands of the new Postmaster General and if the merchants are wise they will lose no time in calling his attention to the gravity of such a ruling so far as local trade is concerned.

Merchants in several towns undoubtedly will take this matter up, and it would not hurt to add our protest to the others. The merchants can stand open competition from the mail order men, but they should not be subjected to unfair advantage. The money spent at home circulates and returns to the spender. When it goes out of town it goes into the maw of the gigantic corporations that little use for small communities, except what they can get out of them.—DeLand Sun.

EVERYBODY'S CRAZY

New Jersey reports nearly 40,000 in its insane asylums. Roughly that's one in each population.

If the ratio holds good nationally, the country must have 1,350,000 mental incompetents confined behind lock and key.

We pay great attention to diseases of the body, very little attention to diseases of the mind. This is a mistake that wise generations will rectify later on, largely by treating the thyroid, adrenals, pituitary and other ductless glands.

Shocking to think of 1,350,000 Americans locked up because they are not mentally balanced.

Several times that number, roaming at large, are considered crazy by their associates. Many of them are the victims of living ahead of their times.

Sanity is a relative term. It is not so long since people were looked on as lunatics if they thought the earth round instead of flat. It took Columbus and a host of other daring navigators, including Magellan, who was the first person to sail around the world, to turn the tables and prove the supposedly insane really were sane.

Galileo was considered crazy because he insisted that the sun stood still, earth revolving around it. Under penalty of death, he was compelled to place his hand on the Bible and admit that the sun moved around the earth, as it seems to a watcher. "Nevertheless," said Galileo, as he turned aside, "the sun does stand still."

Everyone has an obsession of some sort—a mania. You encounter the most pronounced form of monomania in the reformer who thinks his "cure-all" will right all that's wrong. He can prove, to his own satisfaction and often to others, that the subject of his mania is the cause of all evil conditions.

Most people have monomania in the mild form known as concentration. It is impossible for anyone to attain success without becoming a monomaniac on some definite subject. Thus you see one successful man devoting 80 per cent. of his conscious time and thought to the commodity or service that earns him daily bread.

Take the average successful man away from his mania, and he is lost in the labyrinth of others' manias.

A book published a few years ago, attempted to prove that everybody in the world is crazy along some line,

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

Liggett & Myers Tobacco Co

Chesterfield CIGARETTES

of Turkish and Domestic tobaccos—blended

20 for 18c, 10 for 9c, Vacuum tins of 50 - 45c

"I like 'em!" "They Satisfy"

And the book made a pretty good job of it.

Sanity is relative. And nearly every person is like the soldier who complained, "Everybody's out of step but me."

TO THE GOOD PEOPLE OF SANFORD

I thank the good people of our beautiful city for responding so freely to my call for aid in helping the poor and needy one in our community, especially Mrs. E. Hutchins and children, whose husband has fallen in sin and been taken into custody by the United States Courts and left them destitute. May God bless the cheerful givers in helping the poor and needy ones of our community is my earnest prayer. I have worked in the work for years in different places and I have never had better responses form any place than in Sanford. Why not love the good people of Sanford.

Veterans Want State Compensation From Legislature

PALM BEACH, March 18.—The American Legion passed the following resolutions at their convention in this city:

"Whereas, many states in this country have through their legislatures provided for adjusted compensation to all ex-service men who served in the world war from their respective states; and, where, during the war the men who offered their services in the military service of this country received only nominal compensation while the men in industrial life were paid unusually large sums for the services they rendered; and,

"Whereas, the legislature of the state of Florida convenes in April in 1923, and it is entirely probable that a bill will be introduced providing for adjusted compensation to the citizens of Florida who served in the late world war, and if said bill should be introduced the American Legion should be able to furnish facts of approximately the number of men who served from this state, the average term of service and the amount of money required to pay an adjusted compensation; and, whereas, this Legion favors the passage of a bill for adjusted compensation; now, therefore, be it resolved, that the American Legion, Department of Florida, hereby requests members of the legislature to pass an adjusted compensation bill providing for the payment to those who served in the military service of the United States from Florida during the World war, or making other adequate compensation, and, resolved, that a committee be appointed to collect data showing the number of men enlisted, the time they served and the amount required to pay an adjusted compensation."

National Commander Of American Legion the Guest of Orlando

Speaks a Parable Relative to the Soldiers' Bonus

"This bonus was the child of congress and not the child of the American Legion," declared Co. Hanford MacNider of Mason City, Iowa, national commander of the American Legion, Saturday night in addressing 150 members of Orlando Memorial Post No. 19, at a banquet at the San Juan Hotel. "The compensation act, now called the bonus, was created two years ago by the politicians who told the people that they were going to square things up for the service men. The bonus is not the Legion's battle—it is a promise that must be carried out. It is not a price on patriotism and no man can say that because Washington took his and also Lincoln.

"The colors," continued Commander MacNider, "are the best assurance that America is going to stay the way the American Legion put it. We are going to see that those men who were blinded and disabled get a square deal from the country they fought for. Every bit of legislation now in effect for the benefit of the disabled soldiers was put through congress by the American Legion and by nobody else. Nothing in congress in the way of legislation for the ex-service man has been done except that accomplished by the Legion. Under the adjusted compensation act the ex-service men must be given their chance."

Colonel MacNider closed his address by referring to March 20 as national unemployment relief day for the ex-soldiers. He declared that the 11,000 posts in America were composed of 1,000,000 members "all standing for the same purpose, a purpose so big and fine and strong that we shall go straight, and when we say we are for a cause or measure it shall go through."

Orlando Memorial Post No. 19 was not only host to Commander MacNider but also to Mrs. Lowell F. Hobart, of Cincinnati, national president of the Woman's Auxiliary; William Follett, of Portland, Ore., past state commander of Oregon; and past national vice-commander; Humphries Sullivan, of St. Louis, chairman of the speakers bureau of the Legion; Sumter L. Lowery, of Tampa, past state commander; Mrs. H. C. Dozier, of Ocala, state president of the Woman's Auxiliary; and Mrs. H. M. Voorhis, of Orlando, past state president of the Woman's Auxiliary and state executive committee-woman. These were seated at the speaker's table together with S. Kendrick Guernsey, master of ceremonies; Hon. W. L. Tilden, who spoke on behalf of Mayor Duckworth, who was out of the city; J. Y. Cheney, post commander, and H. M. Voorhis.

Hon. W. L. Tilden in delivering his address of welcome on behalf of the mayor, referred to Commander MacNider as "the man in our midst who holds in his hand more potential power than any living man." He declared that the event was an epoch in the history of Orlando. "When the nightmare of four years ago came to a close," said the speaker, "the men of the American Legion, around this table, were the ones who stopped it, and they are of the most powerful organization in the world today."—Orlando Sentinel.

MURRAY SAMS MADE JUDGE OF VOLUSIA COUNTY

FORD "CARRIES ON" HAS NOT GIVEN UP MUSCLE SHOALS IDEA

(By The Associated Press) DETROIT, Mich., March 18.—Declaring that "if its the last thing I do in the world, I'll exert every resource and influence at my command to keep the hands of Wall street off Muscle Shoals," Henry Ford yesterday broke his silence maintained during the last two months with regard to his offer to lease and operate the government water-power project in Alabama.

Mr. Ford made the statement in answer to an intimation reaching him to the effect that because of his silence the southern states had begun to wonder whether he had lost interest in the project.

"Tell those people of the south," Mr. Ford said, "that Wall street will have no part either in financing or operating Muscle Shoals if I can help it. If its the last thing I do, I'll exert every resource and influence at my command to keep the hands of Wall street off the Shoals project and perpetuate it as a great example to the American people—a living example of what they can do if they will safeguard the country's waterpower and develop it."
