**Seminole Students Bused To Maitland**  
By JANE CASSELLBERRY  
In an effort to solve some of the problems of overcrowding at English Estates School starting today 141 pupils in five second grade classes will be "satellited" to temporary classrooms at First Presbyterian Church in Maitland by school bus. Children will leave English Estates at 9 a.m. and wait the church to come back at 3:10 p.m.  
Built for 800 students the school has an enrollment of 1100 in grades kindergarten through sixth.  
Teaching the classes will be Mrs. Merle Chisholm, Miss Sharon Booth, Mrs. Sue Hill, Mrs. Marilyn Scioma, and Miss Edna McCarty.  
Notes will be sent home to determine how many students want satellite lunches and how many prefer to pack a lunch.  
This new move was planned as an alternative because of the strong objections to double sessions for second and third graders voiced by irate parents at the school.

# Sanford Is 'Permanent County Seat'

## Court Decision Brings Elation

By MARION BETHA  
General elation seemed to be the consensus today following the news Wednesday that Sanford had been determined as the permanent seat of Seminole County by the Florida Supreme Court.  
The court held that the status of Sanford as "temporary seat" in the beginning reverted to a "permanent seat" through usage over the last half-century. It also ruled that the Circuit Court was correct in validating bonds to help in the financing of a new court house facility.  
A random survey this morning elicited the following statements from local civic leaders:  
**HOWARD HODGENS:** "I think this is a fine thing. It should have an excellent effect upon the economy of the community. The court house facilities were in need of replacement. We should have an economic boom, and tremendous long range effects. Certainly this decision would be an advantage to any town."  
**RALPH COWAN:** "Good economic value. The county has been relieved of a tremendous financial burden had the court house been moved. The Supreme Court did what it had to do. It couldn't be any different. I think that the north and south ends of the county will work together harmoniously now. After all, only a few factions wanted to change the county seat, possibly just for the sake of change. Not all people felt this way, however."  
**JAMES HOENING:** "The new court house will have an impact on everything. We will not notice any great difference at the present time, since the court house is already located here. I think this decision will have a tendency to tie the county together."  
**JOHN M. FERRER:** "I am pleased with the decision. It will be a saving to the taxpayers in that they will be relieved of the burden of moving a two-story jail and abating the new one which we have. It would have been a blow to the community had the county seat been moved. I sincerely hope that this will tend to solidify both ends of the county."  
**WILLIAM BOATNER:** "Since this has been settled, I predict a definite upswing in the economy because things have become stabilized. Now we can proceed with renovations and other things necessary for the community."  
**GEORGE TOUHY:** "While I generally conceded that Sanford has been the county seat of Seminole County, the fact that some resorted to court action to disprove the verity of the assumption is an indication that we need greater indication of county wide effort to place our community in the prominent position it can attain and deserve. With concerted action of public officials, the business community and other interested citizens, this area will become the vital business center that is projected for it in the statistics for the next ten years. The Chamber of Commerce will continue to do its best to achieve this goal. With the outstanding benefits to be derived through concerted action throughout our county, it seems unreasonable that any course other than close knit cooperation between all vital elements of the county would be a deliberately chosen course of action. Therefore I feel both ends of the county will work in harmony."

**HERE WE GO AGAIN**  
SECOND GRADERS in five classes board buses at English Estates Elementary School this morning to be transported to Orange County where they will be taught in the educational building of First Presbyterian Church in Maitland due to the overcrowded conditions at their school. (Herald Staff Photo)

# Man Jailed For Morals

A 50-year-old retired Navy man was ordered bound over to county court on \$2,000 total bond Wednesday by Peace Justice Thomas Lovett after he was arrested at his Casselberry trailer home on eight charges involving alleged incidents with minor children.  
Robert I. Cecil, 790 Crestview Drive, was charged on eight counts, four for contributing to the delinquency of minors and four for indecent exposure and returned to the Seminole County jail.  
Constable Robert Jane arrested the man after warrants were taken by parents of several children ranging in age from nine to 12 years.  
Cecil pleaded not guilty at yesterday's hearing but failed to make bail on the charges, each of which carries a \$400 bond.  
Constable Jane said this was the third time the man had been arrested on similar charges. He stated Cecil had previously been arrested at St. Cloud and had paid a \$100 fine after a May Casselberry arrest.

# \$1 Million Apartment Project

By FRED VAN PELT  
Permanent financing for a proposed \$1 million apartment project has been agreed by the Federal National Mortgage Association (FNMA), of Atlanta, it was announced today.  
Seminole Garden Apartments, Inc., plans the 107-apartment project on a 7.5-acre site located in an area bounded by Fifth and Sixth Streets and Mangrove and Pomegranate Avenues.  
When the project was originally announced quite a few months ago, it was reported the federal government would insure rental payments and, in fact, would make partial rental payments for the residents.  
The project will consist of 19 one-bedroom, 52 two-bedroom and 19 three-bedroom apartments in 33 semi-detached buildings. Special features in the masonry structure will include ranges, refrigerators, kitchen exhaust fans, separate laundry facilities and 138 parking spaces.  
FNMA, large residential lender, which until last September was an agency of the federal government, is now federally sponsored but privately owned. Free of federal budgetary restrictions, FNMA operates at no cost to the taxpayer and pays regular corporate income taxes. In its role as the nation's central mortgage bank, FNMA performs the public purpose function of providing liquidity and stability to the FHA and VA mortgage market. Seminole Garden Apartments is an FHA project.

# Educator Accepts State Post

Dr. Harold H. Kastner, Jr., of Winter Haven, son of Mr. and Mrs. Harold H. Kastner, of Paola Road, has been nominated as assistant director of the community junior college division of the State Department of Education.  
He received his bachelor's and master's degrees in economics from Florida State University and his doctorate from the University of Florida, where he was a Kellogg Fellow and first graduate of the Southeastern Junior College Leadership program.

# Buses May Be Provided For Young School Pupils

By BILL SCOTT  
Seminole County kindergarten-through-sixth-grade children living less than two miles from school may soon be riding buses to and from the classroom. This was revealed today by Walter Teague, assistant school superintendent and school finance officer.  
Commenting on the recent memo from Shelby Boone state director of elementary and secondary education in state's 37 school districts, Teague said Herlihy Muse, county transportation supervisor, was compiling information on the costs of providing transportation for students living in a 1/2-mile limit, one-mile limit and no mileage limit from nearest school or kindergarten.  
The information will be forwarded to Boone and then to Rep. John L. Ryals (Tampa Democrat), who first sought the information. Boone has asked all school districts to reply by Oct. 24.  
Present limit for busing children is established by state at two miles, and no children are bused living less than the limit unless the buses have sufficient room and carry students as a courtesy.  
Other information needed by the state to influence the decision to bus include total number of bus riders, number of new buses needed and the number of new schools to be served at the various limits.  
THE TEMPO at the United Fund office picks up considerably this time of the year. Mrs. Margaret Ganas, (left) year-round secretary for the United Fund and her assistant for the Campaign period, Mrs. Mary Reed distribute the literature and coordinate efforts to insure the smooth operation of the campaign.

**Student Bank Loans Available**  
By CHARNER LEONE  
Although college students throughout the United States are feeling the pinch of tight money even more than usual this fall, local students find themselves in a somewhat more enviable position. Many banks are hesitant to participate in government-sponsored student loans this year because of the low interest - low payback on them. And legislation that would boost the interest rate on these loans and make them more palatable to the banks has been shown, as Congress drags its feet on the issue.  
But only one Seminole County bank has said outright it would stop making these loans. Even though they are a nightmarish combination of paperwork and little profit to the banks, four of the five county banks that make loans say they will continue their policy of making these loans to children of their customers. Those who are not regular customers of the local banks are out of luck in their hunt for this seven per cent interest loan.  
For the past several years the banks have been making loans of up to \$1,500 a year for up to seven years of schooling to approved students. Following (Cont. on Page 1B, Col. 6)

New Agency Will Replace Controversial Agency

Picture Cloudy For Legal Aid Services To The Poor

TALLAHASSEE, Fla. (AP)—Legal aid services to the poor were clouded today after two top state Republicans jointly announced that a new agency would replace the controversial South Florida Migrant Legal Services Program.

Gov. Claude Kirk and Sen. Edward Gurney, R-Fla., said in Washington Tuesday that a new program of the city and will program, Florida Rural Legal Services Inc., would provide assistance for all poor—including migrants.

But Tuesday night employees of the old program didn't know whether they would be kept on the payroll and transferred to the new agency.

Joe Segor, executive director of the old agency, said he was resigning today and didn't know who would take over until the program could be phased out.

James Richardson, who oversees the state's migrant work programs, said he didn't know how the new agency would be funded.

Kirk and Gurney both said they wanted the new agency's main office moved from Dade County, but said only that it should be located in Broward or Palm Beach Counties.

Segor said South Florida Migrant Legal Services had already received a \$300,000 grant from the Office of Economic Opportunity, but Kirk's press aides could not say whether the grant was transferable to the new agency.

Kirk called the new plan "a refreshing departure" from the old migrant legal services program, which he and Gurney described as "highly controversial and frequently criticized."

Segor had denied that he had been forced out as director of the Miami-based South Florida project.

He refused to comment on the Gurney-Kirk statement, but said the politicians are taking credit for what essentially is not up to them.

"The 100,000 farm workers who serve is more important now than my ego and I don't want to say anything that will hurt them or endanger the OEO grant," Segor said.

Segor said Kirk has the power to veto the grant for 30 days after it is authorized. He said there are still several days remaining before the veto time limit is up.

"I won't say anything about Kirk or Gurney until the grant is assured and I am a free agent, but believe me, I will talk then," Segor said.

Michael Foster, assistant executive director of the old agency, who is based in Fort Myers, declined comment. But he said he did not know whether there were plans to keep the present staff and move them to the new agency.

It is for what essentially is not up to them.

"The 100,000 farm workers who serve is more important now than my ego and I don't want to say anything that will hurt them or endanger the OEO grant," Segor said.

Segor said Kirk has the power to veto the grant for 30 days after it is authorized. He said there are still several days remaining before the veto time limit is up.

"I won't say anything about Kirk or Gurney until the grant is assured and I am a free agent, but believe me, I will talk then," Segor said.

Michael Foster, assistant executive director of the old agency, who is based in Fort Myers, declined comment. But he said he did not know whether there were plans to keep the present staff and move them to the new agency.

I. Claxton Appointed At Oviedo

By LIZ MATHIEUX  
Irvin G. (Bud) Claxton has been named building inspector for the city of Oviedo.

Claxton moved to Oviedo from Jacksonville with his wife, Kay. He is retired from the Navy with the rank of lieutenant.

Claxton stated that he saw Oviedo as a small but growing community with great potential for both residential and industrial growth. He continued, "It is not only a friendly city but a beautiful one with many wooded building sites in all sectors. The presence of a great university such as Florida Tech at our very door step will stimulate growth of a spectacular scope in the next 10 years."

The building inspection program is an essential ingredient of the Building Control Program of the city and will protect property owners from many of the "pit falls" associated with new construction or remodeling.

All contractors and subcontractors serving the Oviedo area should be advised that building permits and occupational licenses are required within the city prior to commencement of work. After Oct. 1, 1969, any permit requested after work is begun will require a double fee.

Claxton has a three sons, James, in the U. S. Army stationed in Germany; John, a junior at Florida Tech; and Joseph, at student at Oviedo High School.

Six Receive K. C. Degree

At recent installation ceremonies at Father Richard LeCombs, Deputy Director Frank Van Donkelaar conferred the second degree on the following members: John W. Prokocinski, E. A. Gaudreau, Glenn W. Craig, F. S. Douglas, Douglas P. Sharrow and L. F. Spiranardi.

Following the installation ceremonies Joe Falcione, council director of activities, met with the wives of the Knights in their first organizational meeting. He announced that the wives will meet again on Oct. 21, at 7:30 p.m. for the purpose of electing officers for the group. Falcione also announced the following events for the members and guests of the Sanford Council: Picnic at Lake Golden on Sept. 26, from 12 noon until closing; Sept. 30, at 7:30 at the Ball, the Sanford Police Department will present a program which will include a movie and lecture on marriage; and all members are reminded to place Nov. 21 on their calendar. This is the date of the annual K. C. Ball.

Program Slated: How To Beat Draft

By TAD BARTIMUS

MIAMI (AP)—Counseling on how to avoid selective service will be as easy as advice on Economics 102, says a political organizer who vows to put draft counselors on Florida campuses.

"We are going to move into college campuses all over Florida and tell these guys there is a way out," said Bob Kuntz, statewide coordinator for the New party.

"We are setting up New party offices throughout the college system in Florida, and we are going to train housewives, teachers, lawyers—anyone sympathetic to ending the war—to become draft counselors," said Kuntz.

A platform plank in the New party, now located in 14 of the 30 states, is opposition to the war in Vietnam.

"We don't feel the draft is any benefit to the whole American concept because it discriminates against the poor and the blacks," Kuntz said.

Kuntz, 27, said his counselors will initially be trained by the American Friends Service Committee.

"We are getting tapes and pamphlets from the Quakers, and we will draw up our own training manuals from these," he said.

"We aren't like the Students for a Democratic Society, and all those radical groups. Our motto will be set up on campus for a peaceful purpose, and we won't resort to any violence to bring our services to these young guys," he said.

Kuntz added, "I don't think the administrators will back us much, because they sure don't want any type of riots like they had over the ROTC situation last year."

The coordinator referred to other states in order to study legal draft decisions and the broad "conscientious objector" category.

He said the campus groups would be college-sanctioned organizations, and would concentrate on telling prospective draftees they can enter professions or domestic and foreign branches of the Peace Corps which he said would automatically provide them with a draft-exempt basis.

Kuntz, who has been in Florida for six years after he injured his back in an automobile accident, said he is coordinating his effort with those being conducted in other states in order to study legal draft decisions and the broad "conscientious objector" category.

As I See It! by Gary Taylor

Last weekend I took a little trip to Chicago with the Orlando Panthers... As I see it, the city of Chicago is a city that is not only a city of sports but a city of people.

The Orlando Panthers, with their 31-6 come-from-behind win over the Owls in Chicago last week, along with an Alabama loss, have moved into a three-way tie for first place along with Alabama and the Norfolk Toppers.

The Owls are in. Three of the division titles have already been decided as Baltimore clinched their AL title last night... The fourth race may not be decided before the season ends.

Three of the Giants' last six games are with the Padres. The Giants finish up with a rough slate of home, including a season-ending series with the ever tough Reds.

The Baby Seminoles' only touchdown came with 50 seconds left in the second quarter, on a one yard run, after a 25 yard pass from Keith Harris to Aaron Johnson set up the scoring opportunity.

This series will see the top three hitters in the AL meeting each other: Rod Carew is number one and Rich Reese is number two in the AL. Both are from the Twins.

Both teams will feature a power hitter. Harmon Killebrew, who is known to date, will represent the Twins while the Baltimore ace will counter-act with Boog Powell.

Minnesota's hitting won't catch up with the Orioles' pitching and defense as the "Birds" from Maryland will win the right to represent the American League in the World Series.

The Baby Seminoles' coach, Darin Bothe, said about the game, "We just aren't working together as a team and it's going to take a lot of hard work to get them on the winning track."

Yank Aaron, as he is having a fine year. He now has 353 career homers as he has already picked up 43 this year and just trails Willie McCovey of the Giants.

# Greyhounds Don't Have A Home!!

By TOM ALEXANDER Herald Sports Editor Will Lyman High School have a new stadium this year? It appears now that the answer is capital NO.

It was also estimated only a year ago that a complete modern stadium for Lyman would cost near \$70,000. That price has since mushroomed to \$165,000.

Lyman has a top notch athletic program featuring a football team that strung out 10 consecutive wins during the 1968-69 season. Thousands of fans turned out to see the Greyhounds perform and one could call it a miracle that they could even witness the game due to not poor, but terrible playing facilities.

This year Lyman has another powerful football squad and again thousands of fans will turn out to see them play, but they won't be playing at Lyman according to Principal Carlton Healey.

are with Seminole County rivals Crooms and Seminole High School and both are set for the Sanford Memorial Stadium. There is a possibility that Lyman will meet Winter Park at the Sanford stadium for its final game but still it is only a possibility.

Lyman attempted to schedule all their home games for the Sanford playing field but two situations prevented this. One of the reasons is the high cost of renting the "White Elephant" as it is known throughout the county and the other reason is the difficulty of rescheduling opponents to a different playing night.

JENO "THE OLD FOX" PAULUCCI Head Coach of the Pizza Roll Pack... (Special to Herald Sports)

## Panthers Battle Caps In Sunday's Contest

ORLANDO, Florida — The Orlando Panthers, their backs still stinging from the accolades heaped upon them from their 3-16 triumph over Chicago last weekend are home this Sunday afternoon against the venerable Indianapolis Capitols.

It was the Caps who only two weeks ago beat the Panthers in a battle of the individual hurl scratches. The Indianapolis group which hasn't been coming on like the renowned '80' lately is bound to be reeled up for this one, sitting atop the Central Division have only two weeks ago, successive losses to Orlando.

Orlando meanwhile has moved up to a three-way tie for first place at the Atlantic Division with Alabama and Norfolk. Orlando, in the Atlantic Division, needs this one desperately, as they will be coming up

against Alabama which is also tied for first place on October 5. Alabama has looked good this year with only last week's loss to Norfolk to mar their record. The Panthers this Sunday will be up against a pair of pasting masters. Through September 22, John Walton and Frank Stovroff have done extremely well for the Caps.

For rezeer for Indianapolis is Joe Wynn, one of the top-rated grabbers in the League. His prowess is proven with over 20 catches for 200 yards in credit this year. Orlando Panther fans will be watching Tullback Pat Batten to see if he can repeat his fine showing against Indianapolis this week. In the last game, Batten rolled up 333 yards and 21 catches against the Caps two weeks ago. The Caps are expected to lighten up their close secondary which was off watching Darrell Cox and Tom Bland while Batten tore up territory.

OUR CAMERA CAUGHT Don Williams, as he returned home with a satisfying catch of the morning. The two fish weighing 7 1/2 and 4 1/2 pounds (they really looked like they weighed more) were caught by Don in one of the adjacent spring fed lakes in Deltona, using shiners as bait.

26 Return LARAMIE, Wyo. (AP) — Twenty-six lettermen and six junior college transfers are on Wyoming's football squad. The Cowboys, in their eighth season under Coach Lloyd Eaton, won the Western Athletic Conference title last season.

THE GIL HOOPLE LEGAL... for the New York Mets as they captured the National League crown by defeating last year's AL pennant winner St. Louis.

## Map Out Strategy SEC Teams Ready For Games

By THE ASSOCIATED PRESS Southeastern Conference teams were ranged from "slow" to "hot" as they prepared for the start of the season. Alabama to "hustle and spirit" at Tennessee Wednesday, as SEC football players worked to correct mistakes made last weekend and map strategy for next Saturday's games.

At Georgia, Coach Vince Dooley said the performance of his SEC champs wasn't particularly outstanding, and that mental errors were to blame. The Bulldogs lost safety Buck Swindle for the day, Swindle, who was nursing a touch of flu, is expected to play Saturday against Clemson, however.

At Auburn, Coach Ralph "Shug" Jordan put sophomore fullback Tommy Lowry, whose 194 yards in eight carries last weekend against Wake Forest made him tops among SEC ground gainers, into Saturday's starting lineup.

The Tigers leave Friday for Knoxville and the Tennessee game. The Vols practiced with "good hustle and spirit," Tennessee Coach Duke Dieck said. Starting backfield against Alabama apparently will be manned by Bobby Scott at quarterback, Dom McLeary at tailback, Lester McClain at fullback and Curt Watson at wingback.

The Tigers of LSU worked on passing and goal line defense with Mike Hillman, Buddy Lee and Butch Duke calling signals in preparation for their game with Rice in Houston this week end.

At Florida, the Gators stressed play execution and good line stands. Team doctors cleared sophomore defensive tackle Danny Williams, who missed Florida's 20-0 rout of Houston because of an elbow injury, for action Saturday against Mississippi State.

Coach Charlie Shrie conducted a "really good practice" at Mississippi State, stressing pass offense and defense. Jimmy Partridge was moved from fullback to backup tailback with Lynn Zeringue shifting to the No. 2 fullback slot.

## Casey's Up Tight

LOS ANGELES (AP) — Casey Stengel, now back in the hot seat, has a 7-3 victory over Los Angeles that knocked the Dodgers out of contention. The New York Mets had just clinched the championship of the National League East Division by defeating the Pittsburgh Pirates 4-1.

Casey's comeback was a triumph of the underdog. He had been fired after a 1-1 tie with the Atlanta Braves in the eighth inning of a 2-1 loss to the Braves in the 14th game of the National League East Division.

## Bernal-Dalton Nuptials Spoken

Miss Pamela Lee Bernal and David Alexander Dalton were united in Holy Matrimony, Sept. 19, 1958, at St. Paul's Catholic Church, Daytona Beach.

The bride is the daughter of Mr. and Mrs. Rudolph S. Bernal of Daytona Beach, formerly of Sanford. Parents of the bridegroom are Mrs. Barbara Pent, Marietta, and Robert Dalton, Marietta, Ga.

Father Jose Meza officiated at the double ring nuptial mass before the altar arranged with a vase of mums and glads. Two standards headed the aisle and white satin bouquets presented the family pews.

Harry Hing presided at a recital of appropriate nuptial selections.

Given in marriage by her father, the bride chose for her vows a formal gown elegantly designed of candlelight satin and Chantilly lace. Fashioned along the Empire silhouette, a remodeled front lace panel extended to the hemline from the wedding ring lace collar. The long lace sleeves terminated in self-fabric of her wrists and her train, appliqued with lace motifs, cascaded to a full chapel sweep.

A tier bow of candlelight satin secured her shoulder length veil of imported candlelight illusion and she carried a formal cascade of stamens, centered with a yellow-throated orchid, showered with candlelight satin streamers.

Miss Sherryl Lyn Heath of Sarasota, attended the bride as maid of honor. Her gown was a floor-length, deep pink brocade creation, fastened along the A-line. Her headpiece was a deep pink brocade bow and she carried a bouquet of pink and white carnations with natural foliage, showered with muted shades of pink satin ribbons.

Attending the bride as bridesmaids were Miss Penelope Bernal, sister of the bride, with another sister, Miss Patricia Bernal, the junior bridesmaid. Their gowns and flowers were similar in design to the honor attendants.

Richard Pernie of Hialeah, served the bridegroom as best man. Ushers were Brian Hamner and Minnie Williams, Homestead.

Alter boys were Steven Bernal, brother of the bride, and Edward Secunda, Commensar was Randall Brister.

For her daughter's wedding, Mrs. Bernal chose a deep pink ensemble complemented with matching accessories and a white orchid corsage.

Following a wedding trip to Orlando, Florida, the bridegroom is resting at 222 Pennell

MR. AND MRS. DAVID ALEXANDER DALTON

## Engagements Announced

### Lowry-Warfel

Mr. and Mrs. Lionel L. Lowry of Tampa, announce the engagement of their daughter, Julia, to Mr. James H. Warfel, son of Mr. and Mrs. Marvin E. Warfel of Sanford.

Miss Lowry is the granddaughter of Mrs. Lionel Lowry Sr., of Orlando and the late Mr. Lowry, and of Mr. and Mrs. J. Emmett Evans of Lake City. She is a graduate of Pasco High School, attended Sweet Briar College for two years and is presently a student at the University of South Florida.

Mr. Warfel is the grandson of the late Mr. and Mrs. H. H. Warfel of Lancaster County, Pa. and of Mrs. W. T. Weidie of Wellsville, Pa., and the late Mr. Weidie. He is a graduate of Seminole High School and the University of South Florida where he received his B. A. in chemistry. He is currently a mathematics instructor in Leesburg.

A December wedding is planned.

MISS JULIA LOWRY

## Heath-Beatsinger

By MARYANN MILES

Mr. and Mrs. Harold Heath Jr. of Bear Lake, are announcing the engagement and approaching marriage of their daughter, Sherryl Lyn, to Tommy Dorsey Beatsinger, son of Mr. and Mrs. Robert Dalton Jr., Hialeah.

Sanfordites attending the wedding were Mr. and Mrs. George Brister and children, Randall, Tom, Harry, Martin and Laura, Mr. and Mrs. Raymond Coyne, Mrs. and Mrs. Alex Serres and children, Mr. and Mrs. Frederick Weston and sons, Mr. and Mrs. C. Westbrook and children.

The wedding will be an event of Oct. 4, at St. Andrew's Presbyterian Church, Bear Lake.

### Ruth Bellhorn Honored Guest At Luncheon

By LIZ MATHEUX

Miss Ruth Bellhorn, daughter of Mr. and Mrs. E. L. Bellhorn, was the guest of honor at a "going away" luncheon given by Mrs. Walter Hinds at the Herndon Skyline Restaurant recently.

Ruth is attending Concordia Lutheran College, Austin, Texas. Each girl wrote a short letter to Ruth and mailed them so that she would receive them when she arrived at school.

The hostess presented the honoree with an elegant pin and earring set and a yellow chiffon scarf.

Those invited to the delightful affair were Susan Jensen, Joan Porter and Mrs. E. L. Bellhorn.

Schedule: Young Sports and exercise are helpful to an excellent condition because profuse perspiration lowers blackheads, plugging sebaceous glands and encourages a freer flow of the fluid within the glands.

### Bewitching Wiggery

WIGS ARE THE SPECIALTY of Mrs. Irene Martin, below, of Tres Chic Wigs, Sanford. She will show the teens who attend the Sanford Women's Club Charn School this Saturday, techniques to arrange their tresses — wigs, hairpieces, or falls — so that they truly "turn on" the real reflection of you! Mrs. Rachael Roll, Seminole Junior College instructor will also participate in Saturday's program showing the "cool teens" how to keep trim and healthy through exercise designed especially for these members of the "now" generation. By LIZ MATHEUX

If you are wondering why the big grin on my face over the weekend, it was because grandsons, Todd and Donald came down from Atlanta to visit with granddaddy and me and we ate the best and more than that pleased. I forgot to mention that their mom also came along.

I have been informed by one who knows that Cliff and Marie Holzer and Elsie Oldham and the baby are soon to embark for Germany for a visit with Elsie's Ma Ma.

My little friend, Penny Glazier, is a seventh grade home room representative to the Student Council of Oviedo Junior High. She was also a prize winner in our recent G.A. Coronation. Penny was a sweet little girl and now I am proud to say that she is growing into a lovely young lady.

Congratulations to the Harold Cramer in honor of their 25th wedding anniversary!

Tony Whiting, son of Mr. and Mrs. Dinky Whiting, has left for Tulane University. By the way anyone who wishes to write to Tony's grandmother, Dot Webster, can contact me for her address.

**ROSE CIRCLE**  
By Mildred Hauser

Rose Circle of Deltona Garden Club met at the home of Mrs. Frank Guinns with Mrs. William Bauers acting as co-hostess. Fifteen members attended.

Welcomed into the club as new members were Mr. Leonard Siereck and Mrs. William Washburn.

Corsages were presented to the hostess and co-hostess by Mrs. Joseph Brenner of the DeBary Nursery who was the guest speaker. Her talk centered around the care and raising of the Deltona Garden Club was held on September 17 with Mrs. William Atkins, 1700 East Page Drive, as hostess.

Twelve members enjoyed the talk given by Mr. Larry Loadholt, guest speaker. They learned much from his pointers in the care of Camellias and Azaleas which most of the members feature in their gardens.

The next meeting on October 17 will be a boat tour of Gardens and manions in Orlando.

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** My daughter married a 30-year-old man who is to have a large, formal church affair. I am 18 years old. He's got a fortune and I'm poor. Just to give you an idea, he paid \$14 for one little fish. Well, after four months of marriage, my daughter got pregnant and his wife was so big and went home to her apartment, and even can't afford a baby yet. (I wish he can afford.)

He left the fish tanks in his apartment, and even had to feed them, and clean the tanks. The fish-lover came by once a while to see the fish. My daughter cries every once and a while, so now her husband doesn't see her and lost the baby, so she should be glad to get up and start a new life. She took him back, and so far it's calm, but I know this isn't going to last. The priest says she got an annulment on the grounds that this man is a boy. How do I convince her she ought to forget him and go for all?

**HER MOTHER:** DEAR MOTHER: You can't water down his own life. You can't keep your ears out of their water and let your daughter sink or swim.

**DEAR ABBY:** My sister's daughter, Ariene, is being married soon, and the whole family is all excited about the coming wedding, which will be a large, formal church affair.

Ariene has asked all the girls present near her age to be bridesmaids—except my daughter, Nancy. Ariene and Nancy have never been close friends due to jealousy on both sides. (And although my sister and her husband have always been very close to me and my husband, I just don't feel that I should be my sister on the spot by being a bridesmaid.)

Naturally my daughter is deeply hurt, and now she doesn't even want to go to the wedding with me. Should we insist that she go and pretend she doesn't care? Or should we let her stay away? Now I don't know if my husband and I should go to the wedding either. It is certain to be a very unhappy day for my wedding with me. Please advise. **BEWILDERED DEAR BEWILDERED:** Don't insist that your daughter attend the wedding if she prefers to stay away. (Perhaps the wedding of the wedding she would take a little trip out of town to cheer her up.) If you and your husband want to go, by all means, go. But don't stay away to enter to "pretend" the wedding of your daughter. And by the way, I think you used excellent judgment in referring from putting your sister on the spot.

**DEAR ABBY:** I am 16 and have a question I hope you won't think is too dumb to answer.

When a girl (me) goes riding with a boy (he is not a "steady"—he is just someone I like a real lot) how close should I sit to him?

I fear his grossing against the door like I am afraid of him. All we do really while he is driving is talk.

**DEAR JUDY:** Sit close enough to talk, but not close enough to be talked about. CONFIDENTIAL TO LUCY (AND TO ALL THE OTHERS WHO WROTE TO TELL ME THAT CATS DO GARTY HINAWORDS): Yes, I know, but the writer on denning cats stated that all cats carry trypsinogen and transmit it promptly to babies. Any animal (or person) afflicted with a contagious disease "carries" and transmits it, of course.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 6708, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Love Wedding," send \$1 to Abby, Box 6976, Los Angeles, Cal. 90069.

# Forecast

**FRIDAY, SEPT. 26, 1969**  
GENERAL TENDENCIES:  
Tonight's Full Moon can find everyone involved in a dispute. Make a special point today and this evening to keep your temper and avoid a tense situation.

**ARIES (Mar. 21 to Apr. 19)**  
You feel like lashing out at one in a powerful position, but this would only hurt someone who is already in trouble. Keep busy at your own affairs.

**Taurus (Apr. 20 to May 20)**  
You have many important duties which must be completed, although they aren't much fun. Be sure to help another who is in a worse position than you.

**GEMINI (May 21 to June 21)**  
It is important that you keep calm since another can't control his, or her temper. Avoid social events this evening. Traffic could be dangerous.

**MOON CHILDREN (June 22 to July 31)**  
You know that you can very well gain these benefits on your own without having to show anger toward an innocent associate. (Get busy being constructive. This makes more favorable arrangements with your boss.)

**LEO (July 22 to Aug. 21)**  
Postpone doing that work that can wait. Get busy with promoting new projects that will help you to advance. Be sure you handle correspondence. Don't go into much detail.

**VIRGO (Aug. 22 to Sept. 22)**  
Do not annoy one in a high position. Encourage others who are having trouble. (Get busy with that fascinating hobby after supper. Try not to pick on your mate now.)

**LILITH (Sept. 23 to Oct. 22)**  
Try to stop the argument between a close tie and one outside the family. Bring money to that home. Keep your promises. Show tact.

**SCORPIO (Oct. 23 to Nov. 21)**  
Forget your money matter now. Think now to arrive at a better understanding with a good friend. This is your work, an equal one, working with you at work.

**SAGITTARIUS (Nov. 22 to Dec. 21)**  
Your family may not agree with you now on one subject, so wait for a better time to broach it. Some thoughtful associates will influence them. You can pave the way to a better understanding.

**AQUARIUS (Jan. 22 to Feb. 19)**  
Step brooding in the background. Meet interesting people; make your life fascinating. Carry out your plans. Being true never gave anyone success.

**PISCES (Feb. 20 to Mar. 20)**  
Now is the time to start on that project you've been talking about. Listen to the advisor who has fine ideas for your advancement. Make notes of details you might forget later.

**IF YOUR CHILD IS BORN TODAY:**  
He or she will be one of those young people who seems to be very old-fashioned, but will suddenly become avant-garde. Teach early to accept the best in both worlds. This chart can become successful, especially in pioneering fields. Give training in sports. College may not be necessary here, since your progeny may study better alone.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for October is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, The Sanford Herald, Box 628, Hollywood, Calif. 90028.

# Jacoby On Bridge

South had a mighty good hand for his pre-emptive opening for four spades but his partner had passed originally and he decided to abandon any possible suit contract.

West chose to double. No guarantee went with the double but West later to be shut out with 16 points.

"Guns started out well for the defense. Clubs went around three times and all West needed was one more trick. He led his king of hearts. South was in dummy with the ace and his first impulse was to concede down one. This seemed kind of silly. He would save a little time but sometimes that is the deciding problem.

South rattled off his six trumps as fast as possible and West had a good partner. West had made four discards. The first time he was a number. He was going to have quite a

# Polly's Pointers

**DEAR POLLY:** My husband, a jeweler, says the only way Mrs. E. S. can keep her ring-dive wedding cake knife from tarnishing is to buy a tarnish-proof bag to store it in. This cost very little.

**Polly's Problem:** **DEAR POLLY:** and other readers — please help me. My husband left the stove on the cement patio and now we have an unsightly rust spot which I cannot remove. Suggestion anyone? — MRS. F. D.

**DEAR POLLY:** With dress no so short, a lot of space in the bottom of long gowns bags goes to waste. I use this lower part for storing sweaters, mittens and other such articles. I use a towel to dry the wet cloth crystals, punch some holes in the top of the jar and put this in the — MRS. F. D.

**DEAR POLLY:** — take the usual precautions of keeping dangerous items from children. I also stored small bottles such things as medicines, tablets, cleaning fluid bottles, cans, etc. You will receive a dollar if I can help you. Write to Polly in care of this newspaper.

# Hazel Warren Assumes PTO Presidency

**By MARION BETHEA**

A get acquainted night between parents and faculty was held recently at the first meeting of the Monroe-Wilson PTO. Due to the resignation of the president, Jim Phillips, Mrs. Hazel Warren, vice president, assumed the office. Other officers are secretary, Mrs. Elizabeth Pringle, and treasurer, Mrs. Trude Dillmar. The vice president remains as vice, unfilled.

Committee chairman for the year were announced as follows: Mrs. Margaret Tindel, project; Mrs. Virginia Collins, room mothers; Mrs. Ruth Kuffin, publicity and health; and Mrs. Margaret Harrell, membership.

The faculty includes Mrs. Jessie Perkins and Mrs. Ida Lee Traver, first grade; Mrs. Jane McCarty and Mrs. Elizabeth Gallant, second; Miss Elizabeth Pringle and Martha Fazio, third; Mrs. Ellen Millar, fourth; Mrs. Pauline Krieger, fifth; William Watt, sixth; and Mrs. Mary Walker, fifth and sixth combination.

Room rent was won by Mrs. Traver's class. Refreshments were served by the members of the executive board.

# Highlights

**THURSDAY, SEPT. 25, 1969**  
7:30-9:30 p.m. NBC. Ironside. "Goodbye To Yesterday." A special, two-hour episode, intended to be shown overseas as a feature movie after its TV run. Chief Ironside, who's back in civilian consultant to the San Francisco police department, renews his friendship with an old flame (Vera Miles) from one of last year's episodes. An amusing then, she's currently in most of help because someone has kidnaped her child. The crime happens Ironside, because he still loves her and she's married, albeit to a cad (Philip Carey). A long investigation by the chief, officer Eve and Co. at a small town where the team encounters problems with local lawmen. There's an exciting climax and a bit that perhaps the chief and his love may get together later on. 8:30 p.m. CBS. Premier. The Jim Nabors Hour. (Cont.) Nabors describes his new series. That's typical understatement from the onetime star of "Gomer Pyle." Singing, dancing and joking around with old buddy and guest star Andy Griffith. Nabors, any thing but a dumb-bunny with out talent, is definitely worth watching. His dancing is often good enough to make Jim Taylor green; his singing in "Green, Green Grass of Home" is first rate. Other guests include 14-year-old Julie Budd, who belts like a pro and is especially good in a medley of little girls' songs with Jim, plus old Gomer Pyle pal, Frank Sutton, Ronnie Bell and Karen Morrow.

# Senate Liberalizes Food Stamp Program

By H. L. SCHWARTZ III  
Associated Press Writer

WASHINGTON (AP) — The Senate has passed a sweeping liberalization of the food stamp program that could end up fattening the liberal leadership position of George S. McGovern as much as the stomachs of the nation's poor.

In a major personal triumph for McGovern, the Senate voted 54-40 Wednesday to duck the recommendations of its own Agriculture Committee and adopt proposals by the South Dakota Democrats aimed at making food stamps available to every poor person in the nation.

Then, ignoring conservative objections that it was creating a "monster" and signing the "death sentence" of food stamps, the Senate sent the proposals on to the House by a vote of 78-14.

What happens now is anybody's guess.

The McGovern proposals go first to the House Agriculture Committee where Chairman W. R. Puga, D-Tex., harbors deep-seated hostility to such programs.

Essentially the McGovern amendment to the Food Stamp Act would authorize \$1.25 billion this year, \$2 billion next year and \$2.5 billion by fiscal 1972. It would make free stamps available to families with incomes under \$86 a month, allow

any family making less than \$1,500 a year to buy them with only their signature attesting the income, and set up machinery to force every county in the country to provide food stamps.

The administration last spring asked for doubling of this year's \$40 million food stamp recommendation and a hike to \$1.5 billion each of the next two fiscal years.

The administration proposals would have allowed free food stamps for families with an income of less than \$30 a month, would have left it up to the states to continue certifying who could participate and would have moved more slowly in direction of making stamps available to all.

The administration sought to allow families up to \$100 a month in food stamps while the McGovern proposals allow up to \$125 a month.

Sen. Allen J. Ellender, D-La., chairman of the Agriculture Committee said the House would never accept such a vast increase in the program.

## State Would Employ High-Powered Firm

TALLAHASSEE, Fla. (AP) — The Florida Public Service Commission, hurt by the loss of two top auditors—wants \$60,000 to hire a high-powered accounting firm to deal with Southern Bell Telephone & Telegraph Co.'s \$25 million rate increase request.

"The public is entitled and should have representation equal to that which will represent the utility industry," PSC Chairman William T. Mayo said Wednesday.

Mayo said he expects state budget officials will approve the \$60,000 request to employ Touche Ross & Co. of New York, one of the world's largest accounting firms.

In recent months the PSC's finance department chief, John McClellan, and his assistant, Robert E. Baker have had to take better paying jobs, said Commissioner Jose Varnhagen.

He said the 37-year-old McClellan practically doubled his \$14,500 PSC salary in taking a job with a New York firm. The auditor was an expert in power company matters.

Varnhagen said Baker—the PSC's telephone company specialist—will get a raise of at least \$4,000 over his \$12,500 annual salary on his new job with United Telephone Co. in Kansas City.

"We need competent people," said Varnhagen, who completed the PSC's auditing staff now stood at three persons.

Southern Bell is asking the largest revenue increase ever to come before the rate-setting agency. The firm is Florida's largest phone company and blankets the east coast as well as serving other isolated sections of the state.

## Bankers Endorse Measure

WASHINGTON (AP) — A bill by Sen. Spencer Holland, D-Florida, that would make national banks liable for some state taxes, has been endorsed by the Florida Bankers Association.

Holland's bill provides that national banks shall not be immune from the payment of any sales tax, use tax, personal property taxes, intangible personal property taxes and documentary stamp taxes which such banks would be required to pay if chartered under the laws of the state or other jurisdictions within which their principal offices are located.

Holland told the Senate Banking and Currency Committee that enactment of his bill would bring Florida some \$25 to \$27 million dollars annually that has been lost because of a Supreme Court ruling earlier this year.

Alfred A. McKibbin, president of the Florida State Bank in Brooksville, Fla., and a spokesman for the bankers association, said the bill "reflects the recognition of commercial banks in Florida of the propriety of their continued assumption of a fair share of the cost of state and local government by payment of these nondiscriminatory state and local taxes."

A U.S. Supreme Court decision last Jan. 30 affirmed a Florida District Court ruling holding that national banks were exempt from payment of certain taxes levied in the past on all banks chartered by the State of Florida.

Florida Atty. Gen. Earl Faircloth later said state chartered banks, trust companies and Morris Plan Banks would enjoy the same immunity in effect. Faircloth's opinion excused all banks from payment of such taxes.

# School Board To Meet At Lyman South Seminole Pleas Heard

By BILL SCOTT

South Seminole may have lost a bid to relocate the county seat outside of Sanford to a more southern exposure but the Board of Education, at yesterday's meeting, decided to start holding some of the board's sessions in the south end.

Proposed by Howard Boldmoecker, of the English Estates area, the board voted along with his suggestion to hold meetings "down south" and promptly set the board's special Oct. 23 session for Lyman High School at 7 p.m.

Regular monthly board meetings cannot be held except at the administrative office on Commercial Street in accordance with the organizational setup with the state as filed in January.

The school board has at least two special sessions each month along with the regular meeting, and it is these special meetings that can be convened elsewhere provided proper notice is given either in a newspaper of general coverage or by a radio station with a good signal.

Boldmoecker and a group of other English Estates parents appeared at Thursday's 1½ hour session to complain about the lack of planning by the board to handle the overflowing school population.

Boldmoecker asked the education board to place portable classrooms at English Estates, which is now having 1,000 students in rented church classrooms to avoid double sessions at the school.

Mrs. Robert Ward requested board action to apply in the state for a waiver to obtain money to construct a portable school in the south since board's bonds cannot be sold.

Low Boydland, another parent, spoke about the overcrowded conditions and read a petition bearing 91 signatures calling on the board for action to alleviate the situation.

Boydland said he was tired of hearing conversation about what should be done and wanted action taken.

Walter Tenig, finance officer, informed that state would not approve waiver to the special bonds.

(Continued on Page 1B, Col. 5)

## 12-Month Term OK'd By Schools

Seminole County is looking to implement year round schools.

On a motion by Pat Buie, board member, the county School Board yesterday approved advising the State Education Board of plans to start a 12-month school year as soon as possible.

Buie advised the need to consult with Atlanta or some other system already using the full year school on best methods, and bring an evaluation.

Buie cited overcrowding and loss of school building use for three months every year as reasons for going into the full school year.

Buie made his motion after the board had been advised of leasing of six air conditioned classrooms at the Mattland First Presbyterian Church by the schools for use of second grade students who are unable to attend English Estates school because of the over-crowded conditions.

Buie cited overcrowding and loss of school building use for three months every year as reasons for going into the full school year.

Buie made his motion after the board had been advised of leasing of six air conditioned classrooms at the Mattland First Presbyterian Church by the schools for use of second grade students who are unable to attend English Estates school because of the over-crowded conditions.

## EE Pupils Settle In Church

By JANE CASSEBERRY

The 11 pupils in five second grade classes at English Estates elementary school, who were moved to temporary classrooms in First Presbyterian Church of Mattland Thursday, quickly settled down in their new surroundings and made the transition smoothly, according to Mrs. Margaret Reynolds, school principal.

A teacher's aide, Miss Sandra Howe, and a maid are being provided to ease the situation at the new site. A telephone is to be installed by Monday.

Although limited, the amount of equipment they can put in the rooms, because they are used by the church as Sunday School classrooms as well, Mrs. Reynolds said that they are endeavoring to "beg, borrow or steal" enough instructional equipment to make for a good classroom situation. Items included such things as teachers desks, file cabinets and portable blackboards.

Although the pupils are presently bringing sack lunches from home, Mrs. Reynolds, lunchroom manager at English Estates, is looking into the prospect of satellite feeding. Milk is being provided.

Meanwhile back at the home school, Mrs. Reynolds and her teachers were busy setting up five new classes in the classrooms vacated by the second graders.

## Altamonte Rescinds Anti-Noise Measure

By MARION BETHA

In the words of the commentator, Gabriel Heatter, "there's good news tonight" for residents of Altamonte Springs. City council voted last night to rescind action on ordinance 31-69, the controversial "noise ordinance."

Mayor W. Lawrence Swford stated that he had been opposed to this ordinance from its inception, that citizens should make their own complaints to police officials, and have the moral fortitude to testify in cases of public disturbances or nuisances.

Specifically mentioned as points of contention in the ordinance were section 1, dealing with yelling, shouting, loud talk and whistling; and section 1 dealing with noise at particular hours in construction and repair of buildings.

One of the chief complainants of disturbance, Charles Sapp, was still disgruntled at the absence of a satisfactory ordinance prohibiting noise. Sapp, representing 34 men, protested the loud noises emanating from cement mixers, etc., late at night, and mentioned that some sort of protection for home owners should be afforded against nuisances.

Sapp alluded to rubbish left adjacent to his home by neighbors, which the mayor intended to be struck in the area of the back which could injure a child's kidney; in sports, the attorney said school could be used if a coach allowed a small boy to engage in hand to hand or physical combat with a larger boy, and the smaller youth was hurt.

On a motion by Buie, the educators moved to increase from \$500.00 to \$5 million the liability coverage for school use.

Stenstrom cautioned that teachers and principals should be made aware that board can be sued if negligence is proven in cases involving school employees administering first aid without parents consent; in corporal punishment instances, Stenstrom cautioned that board should be struck in the area of the back which could injure a child's kidney; in sports, the attorney said school could be used if a coach allowed a small boy to engage in hand to hand or physical combat with a larger boy, and the smaller youth was hurt.

## Renewal Meet Set

Sanford Zoning and Planning Commission will meet at 8 p.m. Wednesday in the Civic Center to discuss urban renewal.

Russell Jacobson, representative from U. S. Department of Housing and Urban Development (HUD) at Atlanta, will be present to discuss urban renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

Although bids on the system expire this month, contractors have agreed to extend the date until Oct. 1. If easements are not granted and the deadline is further extended, the cost of unit prices will increase, which will force HUD to negotiate the award.

Therefore, in the event of no action being taken, Verbage ensued between the mayor and Sapp, until the former, obviously annoyed, placed Sapp's complaints on the agenda for next Wednesday's meeting of the council.

Swford also stated that before another such ordinance is enacted, a public hearing would be held to ascertain the feelings of the community.

The ordinance was made by Alex Sabharwal to place ordinance 32-69 on second reading by title only. This ordinance deals with the construction of the sanitary sewer system. A negative vote was from councilman, William Nickols.

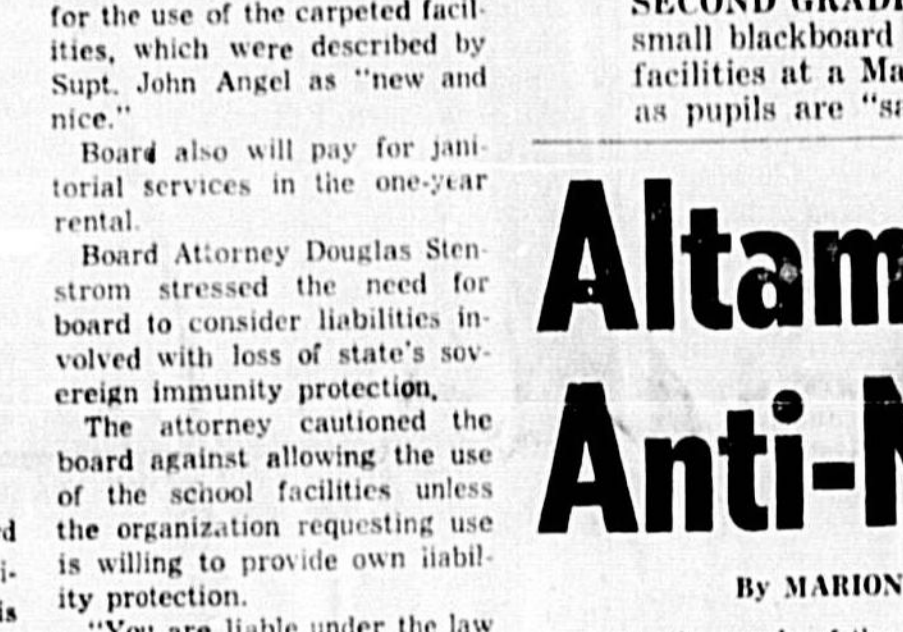

William Palm, city engineer, gave a comprehensive report upon the proceedings of the grant from HUD on the sanitary sewer system for Altamonte. Palm advised that South Seminole Park, with whom the city is negotiating for \$50,000 more than had been originally requested in temporary financing of the first phase of the system in the amount of \$300,000, had requested a copy of ordinance 32-69. Palm further stated in his report that all pertinent documents have been transmitted to HUD but that the agency could not await phase 1 until the city received easements.

At the meeting, the planning board is expected to make recommendations on the renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

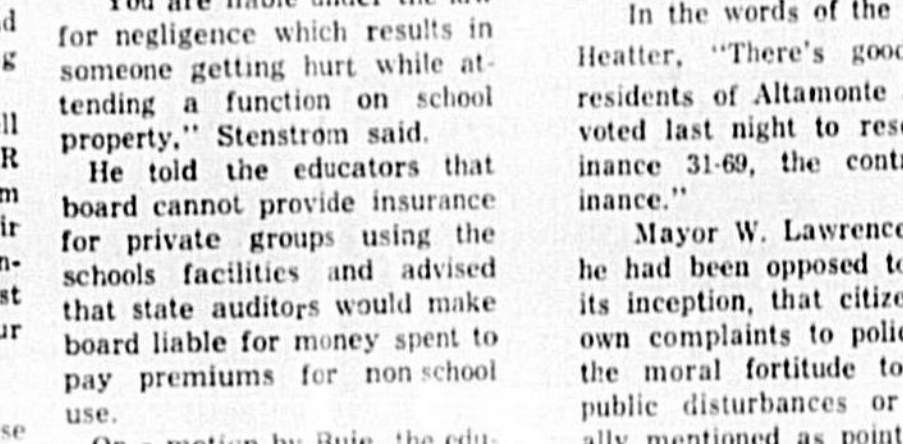

Feeling the session will be educational, the planning board is expected to make recommendations on the renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

If time allows, the last half hour will be devoted to answering questions from the public.

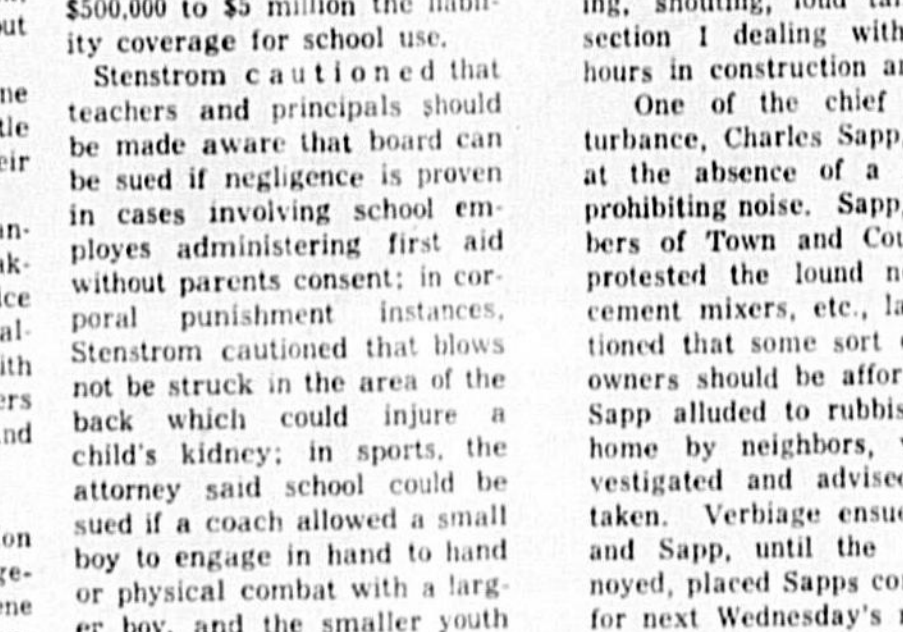

Sanford City Commission already has voted to place the urban renewal question on the Dec. 1 city election ballot.
