THE DIGEST POLL

Last week the Literary Digest announced the final count in its poll of present New Deal popularity...

The question which the Digest asked the voters was: "Do you NOW approve the acts and policies of the Roosevelt New Deal to date?"

Democrats generally seek to minimize the importance of this reflection on present governmental policies...

But while granting that a majority of the people in the United States are against the New Deal...

For it must be remembered that the present opposition to the New Deal includes many besides Republicans...

But in November the choice of the Upton Sinclair believers in ending poverty will not lie between Upton Sinclair and President Roosevelt...

So the task of the Republicans is not as easy as it might appear to be from the Digest poll...

What subtle and mean attempt to have it appear that Woodrow Wilson was compelled by the House of Monks to drag his unwilling body...

SENATOR WILSON DEFENDS WILSON

WASHINGTON, Jan. 22.—Senator Woodrow Wilson, Democrat of Virginia, attacked Senator Gerald P. Nye, Republican of North Dakota...

Mr. President, it is well known to me that I have been accused upon the floor of the Senate...

It occurred to me, and the thought was suggested by a member of my staff...

Every intelligent American citizen knows that the banking interests of the country were leading large sums of money to the Allies...

It was not a war of our making. For three years it was their war. Why should we have their debt?

Every body who came in contact with the then President of the United States knows perfectly well that he wanted to be neutral...

But there were secret treaties and what relationship that has to this matter is beyond me to determine...

Should he have made a condition of our entrance into the war that the European nations should abrogate all secret treaties...

Why, everybody knows, except the Senator from North Dakota, that Woodrow Wilson came nearer wrecking his life at Versailles...

For the United States of America, we have held in all of our public relations...

Think of it! Some great European nation or nations...

Women, "Jesus Shall Reign"

A talk, "The Reality of Religion" by Mrs. J. L. Hurt of All Souls' Catholic Church was omitted because of illness.

It was announced that the annual interdenominational meeting will be held in the Fall with the Presbyterian Auxiliary as hostess. Mrs. Brownlee spoke of two interdenominational meetings held recently by the colored women of the city which she said speaks the spirit of unity irrespective of race or creed.

Mrs. Whitner thanked all the speakers for their parts in making this meeting a success. The closing hymn, "Lord Dismiss Us," was then sung with Mrs. W. T. Jackson as pianist and Mrs. W. S. Leake and Mrs. Marum Bram leading.

Barn Dance Frolics To Be Here Friday

Uncle Kara and his Barn Dance Frolics are booked to play here Friday.

You have seen radio stars on the stage and many times you have gone home disappointed—but here is one radio show that will please you.

First—Because it's the largest company on the road.
Second—We do not depend on any one act to make the show a success.

Third—The general radio show runs twenty minutes while Barn Dance Frolics is a complete entertainment with all the twenty-five performers giving a real stage show.

Fourth—All forms of entertainment are provided—music by Zeke's Hill Billy Band, who play all the old tunes and some new ones.

Singing—The Old Homestead Quartette of real singers from the country.
Dancing—Besides our barn dance where we show you all forms of the square dances we bring to you Lulu May and Bob, a pair of tap and rhythm dancers that have few equals.

Musical—Lyle and Virginia will offer their rural-home made instruments, all kinds of objects which bring you real mountain music.

Comedy—No show is complete without comedy, and Uncle Kara Jones will deliver this to you as only this old comedian can do it. He will be assisted by Charles "Dome" Williams, one of America's brightest comedians.

Van Hying Scores Fee Collection By Pension Seekers

(Continued from page one)
Welfare feel that the signing of an application and the collection of fees from aged persons on the representation that the application would facilitate their securing an old age pension is a procedure which unfairly rouses the hope of such applicants and is of no benefit to them whatsoever.

"The members of the State Board of Social Welfare wish to warn local public officials against working with persons representing themselves as being able to secure old age pensions by any means other than the official application to the legal agent of the National Social Security Board, which is the State Board of Social Welfare."

Commissioner Van Hying said he sent letters yesterday to all members of the boards of county commissioners in the state describing in detail just how Florida may participate in the Social Security Act and warned them that the State Board of Social Welfare is the only agency which will be employed to give out applications or accept them.

Mississippi Group For Florida Canal

WASHINGTON, Jan. 23.—(AP)—Rep. R. A. Green of Starke, Fla., said representatives of the Mississippi Valley Association had appeared before the House Appropriations Committee, endorsing a proposed \$12,000,000 appropriation for the Florida Gulf-Atlantic ship canal.

Pecan trees should be spaced 60 feet apart each way.

Chiropractic Clinic Will Be Held Friday

A free educational chiropractic clinic will be held tomorrow in the office of Dr. L. T. Dean in the Sanford Atlantic National Bank building. It will be conducted by Dr. R. L. Larson of Sioux City, Ia. with the assistance of Dr. Dean.

People who are interested in attention at this clinic will make appointments through Dr. L. T. Dean, who is in charge of arrangements locally. A limited number will be accepted, as the clinic is of limited duration.

The examinations are strictly private, and without expense to those attending. After examination the clinicians will discuss the conditions found and attempt to find the cause and advisable method of correction.

NEW CITY MANAGER TALLAHASSEE, Jan. 23—

Mayor L. A. Weston announced the appointment of F. H. Ford of Barrow as city manager of Tallahassee.

Sanctionists Nations Warned By Italy That Pact Endangers Peace

Security Agreement Made At Geneva Is Blamed By Il Duce On Great Britain

Claim England Broke Covenant Warning Of Protest Served 2 Days Ago

ROME, Jan. 24.—(AP)—Italy warned sanctionist nations of the world today that Great Britain's action in arranging a Mediterranean security pact constituted "a danger for European peace." The memorandum prepared for Geneva distribution to sanctionist powers protested that Britain had acted outside the League covenant, Italy condemned the move as made in the face of her assurances, she had no desire to drag the "colonial conflict" into a European war. Italy had served a warning two days ago she would protest the "unilateral" pact between Great Britain, France, Turkey, Greece and Yugoslavia in which they agreed to mutual defense if Italy attacked any of them.

Today, Italy charged Britain acted on her own initiative as head of the League of Nations. Meanwhile, Marshal Pietro Badoglio, Mussolini's high command in Africa, reported "complete victory" over the Ethiopians after a three-day battle in the southern Tumbur Mountains on the northern front. In southern Ethiopia General Rodolfo Graziani, after six days' fighting claimed control of all water supplies within 250 miles of Dolo. It is reported he drove the defenses through the heart of the army of Ras Desta Demtu.

New French Cabinet Formed By Sarraut

PARIS, Jan. 24.—(AP)—Senator Albert Sarraut was successful today in his attempt to form a new cabinet for France, the one hundred and first government of the third republic. It replaces the fallen ministry of Pierre Laval. Sarraut is a veteran, former premier and colonial administrator. He took over the ministry of the interior himself in addition to the premiership.

Negro Asphyxiated In North Carolina

RALPHIGH, Jan. 24.—(AP)—Alfred Parker, 20, negro, was asphyxiated here today for criminal assault on a Hoke county white woman in the first lethal case execution east of the Mississippi River. Physicians pronounced him dead 11 minutes after the gas was cut off. Equipment was turned on.

Long Forces Win In Louisiana Election

NEW ORLEANS, Jan. 24.—Today's election has placed the politics of Louisiana in the hands of a triumvirate, who will strive to carry on where Huey P. Long left off when he was shot to death. Three men, Oscar E. Allen, former governor and United States senator-elect for Long's unexpired term; Richard W. Leche, judge and governor-elect, and Allen Ellender, speaker of the House and U. S. senator-elect for the regular term beginning in January 1937, have an election in Huey's empty political shoes.

War Blamed On Publicity By Attorney

IL DUCE WOULD QUIT IF NAME WAS LEFT OFF FRONT PAGE OF PRESS, SAYS WILSON

"If the newspapers would cease to print anything about Mussolini and his doings in Ethiopia the war would soon be a thing of the past," City Attorney Fred R. Wilson told members of the Men's Bible Class of the First Baptist Church who attended a chicken picnic at the church last night. If Duce likes publicity, and if he did not receive it he would soon withdraw his legions from the African battlefield, in the attorney's opinion.

Mr. Wilson's subject was unselfishness, and he declared that the "selfishness of one man (Mussolini) has brought Europe to the brink of war." However, there would be no war if Mussolini, such as shown by John the Baptist, was practiced by both rulers and people, he said.

Declaring that John the Baptist was "the greatest apostle of unselfishness," Mr. Wilson quoted the words of the forerunner of the Christ: "He (Jesus) must increase but I must decrease." He asserted that selfishness is at the bottom of the chaotic condition of the world today and that the troubles of the world would be settled by the practice of the principles of Christ and of John the Baptist who, though he had built up a large following, effaced himself when his mission of proclaiming the Christ was fulfilled.

Mr. Wilson was the main speaker at the Bible class meeting, though short talks were made by several other men present. J. B. Borland, superintendent of the adult department of the Sunday School, told of the success of the evening Sunday School started a fortnight ago. A. C. Madden reported that when he started his Sunday School, he took only one child, but now the average roll is around 30. The Rev. W. P. Brooks, pastor of the church, reported on the recent state convention of the denomination.

W. H. Schmidt and Millard Connelly entertained the group with music on a saw and guitar. The chicken pie was prepared by Mrs. Gus Loveloy and was served to the more than 80 men present by Mrs. Loveloy, Mrs. E. L. Garrison, Mrs. C. P. Henderson and Mrs. C. A. Yancy.

May Clear Docket In County Court Late In The Day

ONLY FEW CASES LEFT TO BE TRIED BEFORE JUDGE J. G. SHARON

Judge Jas. G. Sharon said this morning that he hopes to adjourn the winter term of County Court by late afternoon. Many guilty pleas have been entered, some of the actions that went to trial took little time, and only a few cases remained on the docket at noon.

Two verdicts of acquittal were brought in Thursday afternoon. Joe Franklin was found not guilty of petit larceny by a jury composed of Herbert Behrens, N. E. Lovell, Joe Milker, Jr., J. M. Varn, John W. Snow and H. M. Cochran. Julian Baker was acquitted of a like charge by the same jury. S. J. Nix was the attorney for the defense in both actions.

Scottsboro Negro Is Convicted And Sent To Pen For 75 Years

DECATUR, Ala., Jan. 24.—(AP)—Heywood Patterson, negro defendant in the "Scottsboro case," was convicted and sentenced to 75 years in the penitentiary by a Morgan county jury yesterday.

It was Patterson's fourth trial on charges of snatching a white woman aboard a freight train in Jackson county, Mar. 25, 1931. He was sentenced to death in the three previous trials, but the cases were retried.

Larger Yield Is Said To Make New Pact Advisable

Celery Producers Are Urged To Sign New Market Agreement

Celery growers attending last night's meeting of the Seminole County Agricultural Association were urged to sign the new celery marketing agreement as the addition of 750 acres to the celery fields of Seminole County, the Sarasota country and in Manatee county will mean the shipment to markets this year of approximately 1,000 more cars of celery.

To make the pact operative it must be signed by 67 percent of the producers, or by 258 signers, speakers at the meeting stated. Seventy signatures are lacking.

P. N. Whitehurst, one of the speakers at the meeting, read a letter from officials of the Agricultural Adjustment Administration assuring growers of the continuance of marketing agreements despite the Supreme Court decision against the AAA. Another letter to R. B. Chapman from the general crop section of the AAA was read and this advised growers that the bureau is willing to cooperate with growers and control committees in any reasonable program to be governed by the wishes of the industry regarding production quotas for the 1936-37 season.

Mr. Whitehurst exhibited several graphs showing what he declared were beneficial results of control of the celery market. One of these showed that in 1933 a total of 2,913,000 crates of celery were shipped to market for a gross return of \$2,184,750. The following year 3,120,000 crates were shipped and the gross return was \$2,995,900. Last year's shipment was 2,690,000 crates and the gross return was \$4,635,000.

Another graph presented a comparison statement in celery shipments and return during the 11 weeks of control last season. In 1934 an average price of 57 cents per crate was received on 5,585 crates of celery, with a farm value of \$1,162,000. In 1935 a price of \$1.13 per crate was received on 5,015 crates with a farm value of \$2,300,000.

He pointed out that celery shipments during the control period were reduced by 550 crates, but that the net return averaged 54 cents per crate higher and that the total net increase in farm value was \$1,138,000.

Other speakers at the meeting were Fred Dorner, R. H. Chapman, Charles Lee of Oviedo, and a Mr. Dalrymple and a Mr. Sharpe from Bradenton.

Weekly Censured For Publication Of False Article

Resolution Adopted By Farm Group By Unanimous Ballot

Resolutions denying an false certain articles appearing a local weekly newspaper and reaffirming confidence in the Central and South Florida Water Conservation Committee and expressing "satisfaction with the progress made so far" by the committee were passed by unanimous vote of the Seminole County Agricultural Association at a well attended meeting last night.

Another motion, also adopted by unanimous vote, instructed the president of the Association to send a certified copy of the resolutions to the National Democratic Committee.

The resolutions had to do with the publication of an article in a recent issue of a weekly paper in which the association was making the Liberty League a "honey" out of members of the Water Conservation Committee and the local farmers opposed to the canal. This allegation was emphatically denied in the resolutions adopted last night.

A motion, made by Fred Thornton and seconded by Roy Symes, proposed that the Agricultural Association "go on record" in favoring and approving the action of the Central and South Florida Water Conservation Committee and that a committee be appointed to draw up resolutions denying any connection with the Liberty League and disapproving of the Seminole County Senator's effort to create dissension among members of the organization.

Before putting the motion calling for the appointment of a resolutions committee, Chairman Fred F. Dorner called on several growers to discuss the question.

\$25,000 WPA Money Going To The Dogs

MEMPHIS, Tenn., Jan. 24.—(AP)—A sort of "haven for homeless hounds," the nearest thing to a dog heaven that archbishops could conceive, will be complete and ready for occupancy here within a few weeks.

It will be a magnificent structure, so far as dogs are concerned, a W. P. A. project costing \$25,000 with all the modern conveniences that any blue-blooded animal would want. But there will be no class distinction, and the mongrels as well as the pedigreed pups will get the same considerate treatment.

Magnet Picks Up Tire Hazards On Roads In Dakota

PIERRE, S. D., Jan. 24.—(AP)—Moosemen avoided 3,300, 405 flat tires on South Dakota last year.

Frank D. Krieh, highway construction secretary, is responsible for the figure and arrives at it from 14,327 pounds of metal the road magens picked up by the department piled up on 4,077 tons of highway.

"In spring over an average collection of 32 pounds of metal," he says, "we found 2,265 pieces which we considered as tire hazards—nails, washers, screws, bolts, nails, washers, chips and shrapnel, a total weight of 21 pounds on an estimated average of 63 possible tire hazards per pound of metal collected."

CITY NEWS BRIEFS

Senator W. C. Hodges, candidate for governor, will be heard over radio WDBO, Orlando and other stations at 8:45 o'clock this evening.

Judge Edward R. Smith of the Circuit Court was prevented by illness from coming to Sanford today. He had intended to hear motions in chambers.

Coch J. A. B. Williamson was the member of the Seminole Days' Advisory Club to show up for practice hours in the Fourth Street arena at 7 o'clock this evening.

A deed signed in 1929 was placed on record in the clerk's office today. It records the transfer of Lot 2 in Tenthville Square by W. E. Brown to Paul B. Green. The sale price was given as \$10 and other valuable consideration. Revenue stamps were not required in 1935.

More Below Zero Weather Borne On New Arctic Blast

Deep Snow Barrier In Northwest; Will Be Warmer In South

A new blast of Arctic weather dashed down the Eastern slope of the Rocky Mountains today with more severe weather for a strong snow storm. Snow barriers developed over the Northwest just as the eastern half of the country began to recover from a two-day blizzard wave that left at least 150 dead in 17 states.

Minnesota bore the brunt of the frigid wave for the third successive day with a low of 48 below zero at Park Rapids. North Dakota was almost as cold with 35 below at Grand Forks.

Florida found some frost and chill this morning, but a bright sun soon warmed things up considerably. Frost and truck crops were not damaged during the night and meteorologist Elliott at Lakeland said there would be no danger tonight. The coldest spots were 34 at Pensacola and 33 at Jacksonville.

No danger of frost. Assurance was given by the weather forecasters today that there is no further danger from frost at least for the present.

Meteorologist E. S. Elliott, at Lakeland, said that temperatures at all stations in the Central Florida district will be above 32 degrees and that neither frost or truck crops will be injured by temperatures in prospect for tonight. "The future outlook is for slightly rising temperatures through Saturday and Sunday," he said.

House Immediately Passes Bill Over Veto By 324 Votes To Sixty One Against

Senate Postpones Action To Monday

WASHINGTON, Jan. 24.—(AP)—President Roosevelt today vetoed immediate passage of the bonus and his veto was immediately overridden by a healthy Democratic House.

Members barely waited to hear the reading of the bill, handwritten with message before members of "yes" vote were counted.

Democratic leaders sought to delay action until Monday, but were voted down 176 to 111. The Senate does not meet until Tuesday so final action is delayed until the week-end. Leaders predicted members would join the reorganization and will vote 227,000,000 bill a law over the President's objection.

Roosevelt's handwritten message returning the bonus bill "without my approval" looks a precedent of a quarter century. Sen. Charles McNary, Minority Chairman of the Finance Committee and Administration Committee, said: "It is my opinion that all veto will not be sustained. It shall not be overruled by the Senate."

In his short veto the President referred reorganization and reduction to "every word of what I said" in last year's veto of the deficiency appropriation bill. "My convictions are an unchangeable fact as they were then. Therefore I cannot change them."

"The bill I now return differs from last year's bill in only two important respects: First, it eliminates instances of unexcused pay currency to make the payments required and substantial interest-bearing bonds which, however, may be converted into cash for their value at any time; second, it adds \$25,000,000 to total payments by financing through a new security bond issue of \$100,000,000 in all which requires the circulation, agreement and their return, essentially the same as those fully covered and explained by my only eight vetoes."

The overriding vote was 324 to 61.

How far the chief proponent of the bonus bill:

It would deliver 2,000,000 veterans' adjusted average compensation "unusually people." The Treasury would estimate the bonus for the calendar, giving checks for all amounts, and these checks would be distributed on only one day after Jan. 15 as stipulated and any other plans the Treasury secretary might designate.

The veterans would be able to check the face value of their checks, which averages around \$150, into the amount of any outstanding loans against them. The next amount on loan was \$100,000,000, which would be converted to \$100,000,000.

WASHINGTON, Jan. 24.—(AP)—The House today passed the bonus bill over the President's veto. The bill was passed by a vote of 324 to 61.
