

ATLANTIC BEACH

THE NEW CITY BY THE SEA

A new city is being built at Atlantic Beach, Jacksonville's splendid seaside resort, which through the past dozen years has been made famous by the Continental Hotel. Beautiful homes are rising along the bluffs that overhang the beach itself, and in the palm and oak-covered hammock behind it---there is no more attractive place in Florida nor in the South for year-around residence.

More than four thousand acres of forest land and ocean front are to be opened to home-builders---a modern city with paved streets, electric lights, healthful drainage, and all the conveniences and necessities of comfortable living. The location is by the finest ocean beach in the South, seventeen miles from Jacksonville and connected with it by a splendid, hard-surfaced roadway and a convenient train schedule. An electric service is promised within the next few months, with an hourly schedule from Jacksonville.

Beautiful home sites by the beach or among the great palms, magnolias, and oaks of Florida's splendid forests. There is no more attractive spot in the South.

Already a beginning has been made---nearly a thousand acres north of the road to the beach have been platted, streets have been laid out and cut through, building sites cleared and a score of beautiful bungalows and houses are actually going up as rapidly as men and material can be gathered for their construction.

The electric lighting plant is ready for extension along the streets and boulevards and into the houses. An artesian well is flowing thousands of gallons an hour, sufficient for a population of ten thousand people.

Atlantic Beach is owned and being developed by men of energy and experience who are backed by abundant capital. They will control the building of Atlantic Beach from the beginning and no feature will be allowed that can mar its desirability as a home place for men and women of refinement. Building restrictions and limitations will control the class of buyers and home builders.

Many beautiful bungalows and residences will be ready for occupancy within a few weeks---desirable lots on which the purchasers may build houses of their own designing will be offered for sale within a short time. There is no more attractive place in the South for homes, summer, winter, the year around.

The Atlantic Beach Corporation has its office on the property at the Beach. It is always open to receive visitors, who will be welcomed. An inspection of the property will be a revelation. The Company also has an office in the St. James Building, Jacksonville. If you cannot come, write for full information about this home development proposition. It is the largest that has ever been undertaken in the South.

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here The Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

In the presence of a distinguished gathering of educators, Dr. Henry Louis Smith was formally inducted into office today as president of Washington and Lee University at Lexington, Ky. The Mission of the American College Tomorrow formed the theme of Dr. Smith's inaugural address.

John Purroy Mitchell, independent Democrat and president of the board of aldermen of New York city was nominated today by President Wilson to be collector of the port of New York to succeed William Loeb, Jr. This selection brought what the White House termed "a happy solution" to a contest in which New York state leaders of every wing of the party had taken a lively part for the last 140 months.

Mrs. Henry Longstreet, widow of the famous Confederate general today lost her fight for reappointment as postmistress of Gainesville, Ga. Mrs. H. W. J. Hagan was nominated to the office after President Wilson had consulted the Georgia senators. It was learned that Postmaster General Burleson's reports of the condition of the postoffice over which Mrs. Longstreet presided alleged that the office was poorly managed.

Although Job Harriman, their standard-bearer, was defeated by 784 votes for a place on the election ballot, fifteen candidates were named for the primary which assured another warm campaign between now and June 5, the date of the next election, between Socialists and Anti-Socialists. Charles O. Morgan, Socialist candidate for city attorney, won a place on the final ballot, as did six out of seven Socialist candidates for the board of education, and eight out of nine candidates for the council.

All fourth class postmasterhips, except those paying less than \$180 a year, were thrown open to competitive examination by an order issued today by President Wilson. These positions are retained in the classified service, but about 50,000 incumbents who were "covered" in the classified service by executive orders of previous administrations will have to meet all comers in competitive examination to hold their positions with civil service protection. In a statement making this order public Postmaster General Burleson announced that it was the purpose of President Wilson and himself to extend the classified service to include presidential postmasters of the second and third class, probably within a year. This may require legislation by congress, he said. His plan, which will be laid before the president, will provide for a qualification test for incumbents and applicants "in keeping with the importance of the office."

Entre Nous Bridge Club

Mrs. J. H. Roumillat was hostess of the Entre Nous Club Wednesday afternoon. Two tables of bridge were played. Mrs. C. G. Butt made the highest score, which won for her the prize, a pretty fern dish.

When the interesting games of cards were concluded delicious apricot ice and cake were served by the hostess whose guests were Mrs. George A. DeCotte, Mrs. Gertrude Keely, Mrs. C. G. Butt, Mrs. A. B. Wallach, Miss Elizabeth McLaughlin, Miss Lucy Newsome, Miss Mabel Howell.

Cooked Food Sale

The Methodist Society of the Methodist church will conduct a cooked food sale at the home of L. P. McCuller Saturday afternoon, May 10th. They will have for sale bread, rolls, cakes, candy, pies, salads and baked beans for your Sunday dinner.

CHANGED TO SEMINOLE

Court Cases Will be Tried in New County of Seminole

The docket of the circuit court which convened here today was curtailed by at least a third by a ruling of Judge Perkins, whereby all cases impending from Seminole county will be held to be tried under the new county's jurisdiction.

Such provision was made in the act creating Seminole county, but Judge Perkins' ruling made it effective. Two important cases will thus be removed from the jurisdiction of Orange county, one, the Willmott case, and the second that of a negro, G. W. Benton, charged with killing one Frank Franklin in Goldsboro, near Sanford. And a great quantity of civil cases.

Judge Perkins also instructed Sheriff Frank Gordon this morning not to summon jurors from points beyond the newly established Orange county line. Reporter-Star.

Mrs. Ellis Entertains

Mrs. Ena Taylor Ellis entertained at a beautiful reception on Friday afternoon in compliment to her cousin, Miss Kate Budd of Monticello and Mrs. Geo. Frederick Smith of Sanford, who in the guest of her sister, Mrs. M. H. Mabry. The handsome Ellis home is an ideal place for entertaining and on this occasion it was unusually attractive with its wealth of beautiful flowers. Little Misses Julia and Millie Ellis, the pretty little twin daughters of the hostess received the cards at the door, and Mrs. T. M. Shackleford and Mrs. R. S. Cockrell received the guests in the hall and ushered them into the drawing room to meet the receiving line, which was composed of Mrs. Ellis, Miss Budd, Mrs. Mabry and Mrs. Smith. This charming room was artistically decorated with lovely Easter lilies and roses. In the dining room sweet peas in all the exquisite shades of the season were the table particularly attractive with a beautiful centerpiece. The table was set in pink rooms, and upon this a vase of sweet peas in the daintiest shades were reflected in a handsome mirror plateau. The effect was especially charming as the rooms were darkened and lighted by pink shaded candles. Mrs. Ella Nash ushered the guests into the dining room, where Mrs. W. A. Hocker and Mrs. L. A. Perkins presided. Delicious ice and cake were served, with the assistance of three attractive college girls, Misses Mary Floyd, Elizabeth Parkhill and Mayme Pomythe. A large number of ladies enjoyed Mrs. Ellis' hospitality. Tallahassee Democrat.

Hospital Association Meeting

The annual meeting of the Sanford Hospital Association was held at the office of the president, Tuesday, May 6th, as per notice published in the Sanford Herald.

The meeting was called to order at 8:10 p. m., a quorum being present. The minutes of the last meeting were read and approved. The election of officers was then held and resulted as follows:

M. F. Robinson, president.
Dr. C. E. Walker, vice president.
Mrs. A. T. Rosetter, secretary.
Geo. H. Fernald, treasurer.
Trustees—Thos. Emmett Wilson, D. A. Caldwell, T. J. Miller, Mrs. R. L. Peck, Mrs. J. D. Davison, E. B. Rourke, Mrs. M. Frank, Mrs. J. H. Roumillat, Mrs. J. N. Whitper, Dr. J. N. Robson, Mrs. Geo. H. Fernald.

Mr. Wilson was requested to investigate the mortgage against the lots donated by Mr. Holden and report at the next meeting. A general discussion followed showing the necessities of a hospital at this time. The report of the secretary and treasurer was received and filed.

The president and the trustees were requested to consult with the officers of Seminole county and the city council of Sanford as early as possible in reference to their aid in supporting a hospital.

On motion the following were elected as a membership committee: Mrs. M. Frank, chairman; Mrs. R. L. Peck, E. B. Rourke.

Mr. T. J. Miller was requested to consult with city council and have the lots for hospital drained and street graded.

There being no further business the meeting adjourned at 9:30.

It is proposed to have the lots cleared at once and arrangements made to construct a suitable building to accommodate the immediate demands for a hospital.

PRESERVE OUR HISTORY

New County Should Have Chronicler For Posterity

A HISTORICAL ASSOCIATION

Should Be Formed In Seminole County To Preserve the Records And Traditions

The following able article has been sent to The Herald for publication and this paper suggests that every citizen read carefully and digest the contents. Such an association would be very valuable in many ways:

A Historical Society

We are elated over our new county. Our patriotism is excited and the time is propitious for forming a Seminole County Historical Association. We are all first citizens; devolves upon us the duty to preserve a record of the facts and incidents transpiring just now in this formative period of our county's affairs. In which if we fail coming generations shall have a right to charge us with negligence.

Accurate county records afford the best material for state history. The territory comprised within the new county was the seat of important military activities during the Seminole war, and still among our citizens are a few who witnessed, or had part in that prolonged struggle. Their assistance would be invaluable in locating places of historical interest, and if recorded their reminiscences would furnish elements of romance and adventure in the story-telling of the future. Biographical sketches would have an added interest if prepared by those who had a personal acquaintance with our pioneer men and women.

It is interesting and should arouse a laudable enthusiasm to have the names upon that roster which shall belong to history.

Recently a tender chord was struck in the memory of some of Sanford's earliest residents when the faithful heart of "Beckebub" our old cannon, was burst in an over-joyful effort in announcing the birth of Seminole county.

Since the early day he has had his part in all the town's joyful occasions and his thunderous acclamations to our affectionate ears were only the boisterous jubilation of a friend.

The hope has for years been cherished that the old cannon might some time be mounted in one of the parks of the city in memory of the days that are gone, inscribed with certain dates, its own name and that of its faithful gunner, "Shad," for many years a familiar and picturesque figure upon our streets—a type of his kind fast passing away—one worthy to be enrolled upon our annals—and a personal sketch of him is soon to appear.

And now that we cannot mount the cannon in the way we had planned, we may yet gather up the fragments and limbed them in a concrete pillar with the inscriptions upon the largest piece, one of which weighs about one hundred pounds.

Let us not defer these matters; they are best done under enthusiasm and let not our enthusiasm give place to the absorbing routine of every day affairs. Let a day be set in the near future when our county citizens shall meet in Sanford to organize the "Seminole County Historical Association" and let it not be postponed "Lest we forget."

Camen Bridge Club

The Camen Bridge Club was entertained by Mrs. W. R. Anno Tuesday morning. Two tables of bridge were played.

Mrs. B. W. Herndon was the lucky winner of the top score and is wearing with pleasure the lovely cameo brooch, the club prize. Those who enjoyed the pleasant morning game of cards were Mrs. C. M. Vorce, Mrs. C. O. McLaughlin, Mrs. O. W. Brady, Mrs. A. P. Connelly, Mrs. Robert Newman, Mrs. T. A. Neal, Mrs. R. W. Herndon.

Cecilian Music Club

The regular meeting of the Cecilian Music Club will be held at the studio of Mrs. Fannie S. Munson Saturday afternoon at 3 o'clock.

CITY COUNCIL MEETS

Streets Opened Streets Paved And Tax Matters Discussed

City council met in regular session May 6th, 1916 at 7:30 p. m.

Present, T. J. Miller, president; F. L. Woodruff, S. Runge, W. S. Hand, B. W. Herndon and W. H. Underwood. Absent, C. C. Woodruff.

Minutes of the last meeting read and approved.

Mr. Ferguson and others appeared before the council and asked that French avenue be paved 26 feet wide from First to Ninth street. Moved that the request be granted. Lost for want of a second. Moved and seconded that French avenue from First to Ninth be paved nine feet wide. Carried. Moved and seconded that relief vouchers be drawn Gus Frank, \$7.00; Miss Lola Evans, \$2.80; Maggie Mizelle, acct. rebate in 1915 tax. Carried.

Petition to open Tenth and Eleventh streets from Holly to Poplar avenue referred to street committee.

Moved and seconded that the salaries of the police be raised from \$50.00 per month to \$70.00 per month, and that of the Chief of Police be raised from \$75.00 to \$85.00 per month. Carried.

The clerk was instructed to correspond with the officials of the A. C. L. in regard to parking.

Moved and seconded that the finance committee take up the matter of a further bond issue, and report at the next meeting. Carried.

The collector was instructed to notify all who had not paid their taxes that if not paid by the 19th inst they would become delinquent and property advertised and costs added.

Reports of treasurer, chief of police, sanitary inspector, fire company read and ordered filed.

Moved and seconded that the bills as approved by the finance committee and sent to the president be paid. Carried.

Council adjourned.

Every Week Bridge Club

Mrs. C. M. Vorce was the charming hostess of the Every Week Bridge Club Wednesday afternoon, complimentary to Mrs. O. W. Brady, who will leave for her home in New York next week. The members of this pleasant Bridge Club have been associated together in their weekly meetings for so long, that this next to their last meeting, with these individual members it will also be the last time that Mrs. Vorce will be the hostess of the club for some time, as she will soon leave Sanford for the season—that the reunion Wednesday was tinged with more sadness than pleasure.

Two tables of bridge were played. Mrs. W. D. Holden made the highest score and won the lovely belt pin prize. After the conclusion of the interesting game of cards, delicious stuffed peppers, pimento sandwiches, olives, nut sandwiches, lobster "a la Newburg", cheese cakes and coffee were served by the hostess, whose guests were Mrs. O. W. Brady, Mrs. C. O. McLaughlin, Mrs. W. D. Holden, Mrs. Cruse Parnes, Mrs. A. P. Connelly, Mrs. W. R. Anno Mrs. T. A. Neal.

Will Visit Sanford

Mrs. Pauline B. Hazen will leave Wednesday afternoon at 4:15 via the Atlantic Coast Line for a pleasant vacation of two months. Beginning tomorrow Miss Helen Stewart will fill her place as society editor of the Tribune during her absence. Mrs. Hazen will go to Limona this morning to spend the first of the week with her parents, Mr. and Mrs. J. W. Browne. She will be accompanied by her mother for a visit of a few days in Sanford and Jacksonville, visiting a sister, Mrs. W. A. Lilla at the latter place. Mrs. A. C. Clewis will join Mrs. Hazen in Jacksonville May 18, and they will go to Washington, D. C., to attend the annual convention of the American Federation of Arts. Mrs. Walter J. Ward of Chicago and Tampa, who is visiting in New York, will meet them in Washington, and after a week spent at the New Willard Hotel, Mrs. Hazen will accompany Mrs. Ward to Chicago, where she will be her guest for a few days. Later she will be joined by her sister, Mrs. Frank D. Slawson, and will accompany her to her home in Jacksonville, Fla., to spend the remainder of her vacation. Mrs. Clewis will visit friends at Winston Salem, N. C., after the convention is over.—Tampa Tribune.

The General News of the Land of Flowers

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain

Twenty-five car loads of potatoes were shipped from the Hastings section yesterday and about the same will go forward today. It is believed that the crop will all be practically on the way to market by Saturday night.

The Pensacola Journal says: "Under the direction of City Health Officer Wm. D. Nobles, with sanitary inspectors in the front ranks armed with hand sprayers, coached by Mayor Frank Reilly and the city board of health, financed by the city council and assisted by an army of Pensacola citizens, war on the deadly house fly will begin today and will continue indefinitely in an effort to rid the city of the pest during the summer months." A patent liquid fly killer will be used to kill the insects and two large spraying machines have been ordered.

From present indications Governor Trammell's bill abolishing the convict lease system, which passed the house by such an overwhelming majority will travel a rocky road before it passes the senate, as the bill favored by the senate committee on convicts and prisons is regarded by many as a much better measure for several reasons, principal among which is the fact that it cuts out the "middleman" in convict leasing and thereby increases the revenue to the state and eliminates to a certain extent the feature of commercializing human beings.

Key West, Fla., May 7.—One hundred thousand dollars' damage was done, and several hundred men and women thrown out of work when fire, early Wednesday morning destroyed four cigar factories, three sponge houses, two lumber sheds and several small buildings in Key West. The fire was discovered in the factory of the Key West Cigar Company, and spread rapidly for a time, threatening the lower business section of the city. A branch factory of E. H. Gato and the Wolf Bros. and Principe de Golfo factories were burned. John Lowe, Jr., owned most of the buildings and is the heaviest loser.

Potato digging time is here and many Starke farmers are shipping fine potatoes to the northern market. Foremost among them is J. Heenan Williams, who has as fine potatoes as ever grew anywhere on earth. His yield has so far been at the rate of thirty-five barrels to the acre. Mr. Williams is one of the most successful farmers in Florida and knows just what to do with a farm. At this time, when scarcely anyone has a good oat crop, he has twelve acres of oats on the farm of E. S. Matthews that are well up to the standard. The prospect was gloomy at one time, but an application of nitrate of soda at the right time brought the oats out and they look good enough to eat now.—Starke Telegraph.

C. W. Ward brought to the Valley Gazette office Wednesday four ears of corn, each of different variety—white, yellow, strawberry and flint that he says was growing on the St. Cloud farm some twelve years ago. The ears are in a perfect state of preservation, being as hard and firm and the grains as full of meat as they were the day they were pulled from the stalk; in fact, they are so perfectly preserved that it required a man of Mr. Ward's reputation for veracity to convince us that they were not produced last season. Mr. Ward states that forty bushels were grown to the acre of this crop, and he sees no reason why the same could not be done by anyone in this section. This corn has been in Washington, D. C., for the past ten years, and was only returned to Kissimmee last fall, which fact may account for its splendid condition.—Kissimmee Valley Gazette.

Want to buy a few thousand feet of cypress boards. F. L. Greene, R. 2. 684

REVEALED BY FINGER NAILS

**How Observant Person May Judge
Character of His Neighbor.**

It is always amusing to specialists on the character of one's neighbor. A very simple aid in so doing is to watch the nails. If a man's or woman's nails are long and slender, you may be quite certain that person is not so robust physically, as the possessor of short, broad nails.

Whereas men and women with the long, narrow type of nails are inveterate visionaries, those having short nails are almost always conspicuous by the strength of their logical powers. It is the latter who make the best and most reliable critics.

A further and almost certain characteristic of long nailed people is their intense depreciation of themselves and their own efforts in any branch of work. The feeling almost amounts to pessimism with them. Such a point of view however, seldom worries those possessing short nails. In fact, the reverse is the case; they are inclined to be overture of themselves.

Back Broken, Walks.

Waldorf Miller of New Rochelle, N. Y., who contrary to the prediction of physicians, has lived for nearly 18 months with a broken back, celebrated his Christmas by going out for his first walk in the streets since July 3, 1911, when he received the injury while driving. His case had received so much publicity that victims of similar accidents in all parts of the country sent him letters, to which he replied with Christmas greetings. A neighbor prepared an unusual present for him in the shape of a silk quilt with the names of 400 young women embroidered on it. Each girl embroidered her own name, and paid ten cents for the privilege, the money being given to Miller with the quilt.

Paid \$1,575 for An Egg Boller.

At a sale in London last week of the late Lady Caroline Lindsay's tapestries, furniture and objects of art Charles Davis gave \$1,575 for a Ceres egg boller. It is painted with landscapes and small figures, and has gilt scroll borders on gros blue. It was made by Gomersy in 1769. The same purchaser gave \$1,312 for an ornate Louis XV mahogany secretaire with a revolving cylinder front.

Learn Him Some Things.

"Poets are born and not made," said the young man with the pale, interesting face and the long hair. "Are they?" replied his wife. "Well, I'll show you that they are made sometimes. I'll make you watch the baby while I go shopping this morning or you shall never have another dollar that my father sends to me."

Joy in Serving.

One has made a genuine discovery when one has grasped the fact that joy is a thing that is fast linked to service. Then one will cease indulging in idle, feverish dreams of millions and prominence. For the man who is not somehow serving humanity invariably gets a dark brown taste in his soul.

Tough Luck.

"Why so disconsolate?"
"I've such a fine formula for getting rid of red ants," pouted the bride.
"Well?"
"And I have no red ants to get rid of."—Louisville Courier-Journal.

Often the Case.

The Fat Man—What line are you in?
The Bearded Man—I'm manufacturing a safety razor. What's yours?
The Fat Man—I put up an anti-fat preparation.—Philadelphia Bulletin.

Her Yearning.

Little Marjorie Louise leaned on her grandmother's knee and gazed into space with a particularly soulful expression. "Oh, grandmother," she burst out, suddenly, "I just long to grow up and be a big lady and have corns!"—Harper's Bazar.

Safe.

"The next time you spill your coffee on the table cloth, don't try to hide it by setting the cup on it. I will notice it anyway when I clean up."
"Yes, but I am in the office by that time."

Harsh and Stupid View.

Of course, if you don't agree with a man in religion it is easy to believe him to be a hypocrite, unless you happen to disagree with him in politics. Then you know he's a crook.—Houston Chronicle.

Borrow Enthusiasm.

If you don't feel enthusiastic get up and rub up against some fellow who sees—Recharge your batteries, and do the hard thing first; it will stimulate your nerve.—Ted Scarborough.

D. A. CALDWELL & SONS

CASH DEPARTMENT STORE

SANFORD TWO STORES—121-123 E. FIRST STREET FLORIDA

MONDAY Has become linked with the name of D. A. Caldwell & Sons, so much so as to be synonymous of bargains and to help strengthen this, for **MONDAY, MAY 12th** there will Simply be floods of bargains added for this Special Occasion.

Mosquito Nets—This sanitary net is suitable for a full size double bed, worth \$1.75, our price **\$1.39**

WAGING PEOPLES FIGHT

Valusia County Board of Supervisors Occupies Limelight

AFTER FIRE INSURANCE TRUST

Van Valzah Will Make a Vigorous Fight in Legislature

There's a great stir about insurance rates all over Florida resulting from the Van Valzah bill, which seeks to give freedom for the people against the Southeastern Tariff Association, which is nothing short of a trust.

Jacksonville has suffered much at the hands of this trust, and the increased rates have caused general complaint. Space forbids a detailed statement of the machinations of this insurance trust, but that legislative action is necessary is self evident, in spite of threats of "retiring from the field."

There may be various causes assigned for the oppressions in Jacksonville. One given by the defenders of the trust is the report of the National Board of Fire Underwriters affecting Jacksonville. Jacksonville people boast of its fire department, which has ninety-one fire-fighters, and which cost for maintenance last year \$118,711.

The National Board of Underwriters, in their last report (issued last month) declares that the fire ordinances of the city are faulty, and that certain blocks are a great menace, and says "Since the previous report the general construction has been slightly improved by the erection of fireproof buildings, but as a whole is still weak, and the potential hazard is high."

This report throws on the city of Jacksonville, Haney and his men, and declares the department to be well organized. Its criticism are numerous, however, and among these are the following: "No fire marshal;" "duties performed by city officers poor;" "public service corporations render but little aid at fires;" "fire alarm system inadequate;" "building laws inadequate;" "chemical service weak."

The report is a lengthy one and it gives a black eye to Jacksonville in spite of the enormous amounts spent, and in spite of the great work that has been accredited to William M. Bostwick and his political ring. If this report is true, then the bond trustees of Jacksonville—the oligarchy which has run the city for years—is responsible for the high insurance rates.

I believe there are other causes, principally among which is that Jacksonville people are forced to pay for bad conditions in other cities. Some weeks ago the Southeastern Tariff Association decreed that a higher rate must be paid on houses that are rented in Jacksonville. This was done in spite of the fact that Fire Chief Haney's records showed that 60 per cent of fires in this city involved the property used by the owners.

Jacksonville is paying too high a rate, and the threat that the companies will withdraw from the field is the same old bluff. The companies are rich and getting richer every day, and unless a remedy is applied then the rates will go higher and higher. Maybe the Legislature can be bluffed by these threats, but this remains to be seen.

The truth of the matter is that the insurance system in this country is pre-nated with graft and dishonesty. Thieves and scoundrels insure property in New York and other cities for much more than the real value, and burn up their homes and stores, and honest Florida policy holders must pay these losses. Last year the fire graft exceeded \$15,000,000, and we in Florida must pay to keep up the partnership between the adjuster and the criminal. There is an " arson trust."—Chas. Jones in Dixie.

Melon Worm and Pickle Worm These insects did much damage in Florida last season, and are again active.

In spite of their common names, either or both of them may be found on cucumbers, or cantaloupes, as well as on watermelons. Their habits differ somewhat, and consequently the remedies to be applied. The pickle worm is the most common of the two. It never eats the leaves, but bores into the buds, blossoms, stems and leaf-stalks as well as into the fruits, which it utterly ruins. The melon borer does not often bore into the vines or leaf stalks, but eats its way into the fruits, and also feeds extensively on the leaves.

The melon worm, because it feeds partly on the foliage, can be reached by arsenical sprays. Use three pounds of lead arsenate paste to fifty gallons of water, or use one-half as much of lead arsenate powder, or one pound of zinc arsenate to fifty gallons. Paris green may be used at the rate of one-half pound of freshly slaked lime to fifty gallons of water, but it does not stick as well as the others and is more liable to burn the foliage.

The pickle worm, because it feeds in the interior of the buds, blossoms and fruits, cannot be sprayed by arsenical sprays. The grower should carefully collect and destroy all wormy fruit with the contained worms. If these wormy cucumbers and melons are left in the field, the caterpillars will enter fresh ones, or complete their growth and enter the ground, to emerge as beetles in a week or two. The moth lays enough eggs to hatch into about three hundred more worms.

The easiest and most successful remedy for both of these worms is a trap crop. For this purpose plant, for each acre of cucumbers or cantaloupes, from four to eight rows of early summer or crooked neck squash. The large blossoms and leaves, and the tender fruits of this plant are preferred by the moths to either cucumbers or melons, and most of the eggs will be laid on the squash. It is better to make several plantings of the latter so as to have a succession of attractive blossoms and fruits to invite the moths. The first planting should be made at the same time as that of the cucumbers or melons, and other plantings at intervals of a week. One may pick off the infested squash blossoms and fruit and destroy them; and also if the melon worm is abundant, spray the vines with one of the arsenicals. The quickest way, however, to destroy the pests on the trap crop is to pull up and burn the trap crop as soon as the worms are thoroughly infested and before the worms have attained their full size. If this is neglected the trap crop is useless.

Clean culture should be practiced, not only on account of these insects, but also to keep down fungus diseases. As soon as the grower is through picking, the vines, fallen leaves and other refuse should be raked up and burned. Also, if practicable, do not plant cucumbers or melons on the same land two years in succession.

The pickle worm (Diaphania nitidalis) is a whitish caterpillar, with conspicuous black dots on each segment. When barely full grown these spots become less conspicuous and the worm is of a coppery color. The melon worm, D. kyalnata, lacks these dark dots, but has longitudinal stripes and never becomes coppery colored. It takes about two weeks to complete its growth, and then forms a cocoon in a dry leaf on or near the plant which nourishes it. Here it remains about a week and then issues as a moth. The moth of the pickle worm is from an inch to one and a fourth inches across the out-stretched wings, which are white with a broad black border. It lays its eggs mostly on the buds and in the flowers. The melon worm moth is larger, about one and three-fourths inches across, and the white area on the wings is much larger, occupying all but a narrow margin. It lays its eggs mainly on the tender young leaves. The eggs of both moths hatch in three or four days.

May Recital

The annual May recital of the piano pupils of Mrs. Fannie S. Munson will be given in the auditorium of the High School Monday evening, May 19th, in honor of the graduating class, at 8:00 o'clock.

Miss Ruth Allen, mezzo soprano and pupil of Prof. John W. Phillips, musical director at Stetson University, DeLand will assist on the program.

Seats may be reserved in rows of eight or nine seats at 10 cents per seat. All seats not sold in rows and before the recital Monday evening will be sold at the auditorium for 25 cents each. Phone Mrs. Munson for rows of seats, as this small charge is made to cover expenses only.

The Gate City House has brought down the high cost of living. Only \$4.00 per week for the finest table board in the city. See Parker. 28-11

Episcopal Church Services in the Church of the Holy Cross, corner Park avenue and Fourth street, until further notice, follows: Sunday school every Sunday morning at 9:45. IRON WITHOUT FIRE!

You heat the iron—not the stove. Iron in a cool kitchen, on the back porch or in the shade of a tree. No changing of irons or handles. No stuffing the stove with fuel. No tiresome trotting to and fro. Down in the body of your iron, 150 little holes in the feed pipe are shooting out 150 darts of flame. These keep the iron hot—you keep cool. The improved

Monitor Sad Iron

changes ironing day drudgery to pleasure. Saves money, time, strength, worry and health. Ordinary ironing costs only 1c for fuel. Pays for itself four times over each year. Used in over 350,000 homes. One woman writes: "Worth its weight in gold." Made of finest material, handsomely nickel plated. Guaranteed to work perfectly if operated according to instructions. Demonstrations cheerfully made in your own home. Used with care will last for years.

THE MONITOR SAD IRON COMPANY Edward J. Eubank, Agent for Orange County, Sanford, Florida

CAMERON CITY CLIPPINGS

Mrs. H. H. Stevenson, who has been visiting in Sanford spent Friday of last week at Minnick Place. She was accompanied by her sister, Mrs. W. M. Haynes and little daughter, Dorothy.

Mr. and Mrs. Robt. Washburn were visiting Cameron City friends on Tuesday of this week. Mr. Washburn will leave next Tuesday for Mt. Pleasant, Iowa, where he will be joined after school closes by Mrs. Washburn and their son, Harold, and they expect to make their home at that place for a time. Mr. Washburn will be missed by patrons of the interurban line. Their many friends regret their leaving.

A pleasant party of friends and acquaintances gathered at the home of R. E. Gormly Sunday afternoon to surprise his sister, Mrs. Stevenson of Jacksonville, who was spending Sunday at Beck Hammock. Mr. and Mrs. Gormly made it a most enjoyable afternoon for their invited guests and their sister.

Capt. Randall has returned from his trip to Cuba with the railroad men and reports a most interesting and enjoyable time.

Dr. Jarrell of Kissimmee spent a part of Saturday and Sunday with the Minnieks.

A party of commission men from Atlanta were here this week buying stuff. Our farmers have been busy gathering and selling beans, cukes, beets, corn and squash the past week and are finding good markets this far.

Grandpa Gormly is to reach Sanford next week and make his home with his daughter, Mrs. W. M. Haynes. His many friends at Cameron City will be glad to see him again.

MOORE MOVEMENTS

Prof. Gray of Jacksonville repaired and tuned the church organ last Friday. The twelve ladies of the Beck Hammock Culture Club with their husbands

and a few friends picniced at the Beck grove in Cameron City last Thursday.

Mrs. Ella Greenland, who has been quite ill for some time was at the Sanford House several days, unable to be brought home.

Mrs. Myrtle Curtis leaves for her home in Columbus, Ohio, in a few days after spending the winter with her sister, Mrs. Greenland.

Mr. and Mrs. H. M. Gilbert and niece, Miss Osborne will spend Sunday in Oviedo.

W. W. Britt, Howard Britt and Frank Willis were in Manatee, Ruskin and elsewhere sight seeing last week.

Mr. and Mrs. E. R. Gormly of Beck Hammock gave a reception for their guest, Mrs. H. H. Stevenson of Jacksonville Sunday afternoon. Mrs. Simon, Miss Simon and Mr. and Mrs. W. M. Haynes from town, Mr. and Mrs. L. J. Hancock of Lake Golden, Dr. and Mrs. W. A. Minnick, Mr. and Mrs. Clark Beck and son, Mr. and Mrs. W. W. Dressor of Cameron City and Mr. and Mrs. J. C. Ellsworth of Moore were the guests present. Ice cream and cake and a delightful social hour were enjoyed.

There is a good deal of complaint being made about the numerous forest fires of late. It is dangerous and steps should be taken at once by those in power to punish or prevent those who set them.

GENEVA JOTTINGS

Mr. and Mrs. Sheldon and Miss Jeanette Sheldon are another pleasant family from Michigan, who have come here to make Geneva their home. Miss Sheldon, who is a violinist will be a charming addition to our musical circle.

Mr. and Mrs. Claude Raulerson spent a few days in DeLand last week.

Mrs. W. L. Taylor returned last Thursday from a three months' stay on the East Coast.

Bert Pattishall spent the week end with home friends in Geneva.

Charles Chilson of Paola spent Sunday with Mr. and Mrs. R. A. Gresham.

Mr. and Mrs. Burley, Mrs. Curlett and Mrs. Adams were guests of Mr. and Mrs. Musselwhite of Orlando last Friday.

The Misses Margaret and Jennie Hope of Oviedo attended the picnic at Lake Harney Saturday, as the guests of Miss Blanche Pattishall.

The M. M. S. Society met with Mrs. Etta Roberson last Thursday afternoon. This being the first meeting held for

some time it was especially interesting. The hostess had prepared a very entertaining program for the occasion, which was greatly enjoyed.

Blanche Pattishall played two fine piano selections, Mrs. Roberson and Mrs. Pattishall sang a very beautiful duet by Nenkome and Miss Dooley gave a reading, "Jamie," by Will Carleton, in which she proved herself an artist in this line. After this the annual election of officers took place, Mrs. W. J. Daniels being elected president; Mrs. Henry Burley, vice president; Mrs. Etta Roberson, secretary; and Miss Blanche Pattishall, treasurer. It was unanimously decided to work for both churches again this coming year. After the close of the business meeting Mrs. Roberson served delicious ice cream and cake, assisted by Mrs. Adams and Miss Blanche Pattishall.

Mr. and Mrs. Curlett were Sunday guests of Mr. and Mrs. Harris of Winter Park.

J. E. Pomeroy, contractor and builder of Longwood arrived here Monday and has located at White City. Mr. Pomeroy has the contract for the new Methodist church to be erected here and will begin work at once.

Miss Bertha Jacobs of Chuluota was the guest of Miss Pearl and Miss Marjory Kilbee at the picnic last Saturday.

CHULUOTA SNAPSHOTS

The air is nice and fresh out in the new county. No contamination as yet from politics, etc.

The weather has been cooler during April than it was in January. We are needing some rain, too.

The Knights of the Cow Whip are doing a hustling business these days. They all report cattle doing well.

Crops are looking fine for this season in this part of the country.

G. M. Jacobs spent Monday in Orlando on business.

Several from here went to the picnic at Christmas last Thursday.

Matthew Best is laid up with a badly cut knee, which injury he received at the Palmetto Boot Camp.

Mrs. Prudence Long, who has been confined to her bed for some time with her eyes is able to be out again.

Mr. and Mrs. F. M. Stary and daughter, Miss Josie, left Saturday for Conway to visit Mrs. David Hart for a few days.

Mr. and Mrs. Gabe Long came home today from City Point where they had been on business.

THE LEGISLATIVE GRIND

Law Makers At Tallahassee And Their Doings—Brieflets Of Legislative Nature By Special Correspondent

More County Division

To present to the legislature the claim of those in favor of the division of Dade and Palm Beach counties and the formation of a new county, to be known as Everglades, a committee consisting of Messrs. G. G. Mathews, M. A. Marshall, W. O. Berryhill and R. A. Bryan of Fort Lauderdale has gone to Tallahassee. It is understood that the petitions have received a large number of signatures, and every effort will be made to push the matter through at the present session of the legislature.

Fort Lauderdale wants to be the seat of the proposed Everglades county. It is argued that there is plenty of room for three counties where there are now but two, and that the saving in time, in regard to county business, the convenience of that town for a large number of people, and other features are much in its favor.

Those who are strongly in favor of dividing the county declare that they object most strenuously to being taxed to pay interest on the proposed issue of \$40,000 to buy the riparian rights along the bay front at Miami.

Judge Geo. A. Worley, representative from Dade county, before the session of the legislature opened declared himself to be in favor of forming the new county and told the Fort Lauderdale people that if they would come to the capital with a legally signed petition of the requisite number of voters that he would do his best to get the measure through.

Other county division propositions before the present session have fared well, and with the precedents established coupled with the support of the representative from the district affected, the Everglades county supporters are quite confident of success.

It is understood here that Palm Beach county will fight the proposed division.

Tallahassee, Fla., May 8.—Indications now are that the Times will win its fight for gradual abolition of the fee system. The Times' position is strong, despite the opposition of office holders from all sections of the state. The Times is using its power to prevent the passage of the Tomlin graduated fee system bill and other measures which are intended to abate the fee system evil in the larger counties of the state, which are the chief sufferers.

Representative Tomlin expects his bill to pass the house shortly and to get through the senate as well. It is understood that all anti-fee bills that have been presented, other than Mr. Tomlin's in the house, will be withdrawn in favor of his bill, and all of the legislators who are convinced that the time has come for abatement of the fee system will concentrate on Mr. Tomlin's measure.

Mr. Tomlin estimates that in Hillsborough county alone, the graduated fee bill system which he has proposed would save the people not less than \$35,000 a year, and it is probable that his estimate is \$15,000 under the true figures. The bill provides good payment for the officials.

"I want the public and the press to give me all the support possible," said Mr. Tomlin today, "as the fight is proving a hard one."

Naturally those county officials who have been drawing salaries under the iniquitous fee system in the larger counties and receiving several times the amount each year that is paid to the Governor of the state, do not want to be separated from any portion of the bloated compensation which the present law affords them. Mr. Tomlin's fight is not a new one. It has been waged at session after session, only to be defeated by the lobby maintained by the office holders in the larger counties.

The bill, as amended, will not work any hardships on the office holders in the smaller counties, the fees in which do not aggregate large amounts, but will allow them to earn as much as now. Briefly, the provisions of the Tomlin bill are that no county officer under the fee system shall pay in excess of \$5,000 per annum to the office holder. The bill provides that the office of county treasurer shall not pay in excess of \$2,000 per annum. The bill provides: "Whenever the fees collected by any of the aforesaid officers for any year shall exceed the sum of \$2,000 after paying the legitimate expenses of the office held by such officer, 50 per cent of the amount in excess of \$2,000 shall be paid into the county treasury, and should the fees collected during such period exceed the sum of \$3,000, after deducting the legitimate expenses, and allowing 50 per cent of the amount in excess of \$2,000,

then 75 per cent of the amount in excess of \$2,000 shall be paid into the county treasury; and should the fees collected during such period exceed the sum of \$5,000, after deducting the legitimate expenses and after allowing 75 per cent of the amount in excess of \$3,000, such officer shall pay the entire amount of fees collected in excess of \$5,000 into the county treasury, except that the county treasurer shall pay into the county treasury the entire amount of fees collected in excess of \$2,000, after paying the legitimate expenses of his office."

The fight for reduction of the exorbitant fees paid to the office holders is a popular one. The people of the state, especially those in the larger counties such as Duval, Hillsborough, Escambia, Marion and Alachua are demanding relief. The Tomlin bill will have the undivided support of the Hillsborough delegation and that of Escambia county. Messrs. Clifton and McHugh of that county are among the pioneers to advocate legislation that will cut down the enormous "salaries" of the county officials.

Wednesday Club

The regular meeting of the Wednesday Club was held at the home of Mrs. J. N. Whitner Wednesday afternoon. The president, Mrs. George L. Maris in the chair.

The program was opened with two piano selections, "The Flatterer," Charmade, and "Rustle of Spring," Sinding, delightfully rendered by Mrs. R. E. Tolar.

Owing to the absence of the secretary the minutes were read by Miss Mell Whitner, who acted as secretary pro tem.

The program for the afternoon concluded the year's study of Mexico.

Before taking up the program the annual election of officers for the literary department of the Woman's Club took place with the following result: Mrs. Maris, who has been president of the Wednesday Club for three years, was unanimously chosen chairman of the literary department; Mrs. May Dickens, the vice president of the Wednesday Club was elected vice chairman; Mrs. C. C. Woodruff, secretary; Mrs. A. D. Key was unanimously elected treasurer. Mrs. T. A. Neal will represent the literary department on the finance committee of the Woman's Club; Mrs. J. N. Whitner the membership committee and Mrs. M. Martin the program committee.

Mrs. A. D. Key, treasurer, made her annual report. The committee appointed by the president at last Wednesday's meeting to audit the treasurer's report reported that they found the report correct.

The program was then resumed in an interesting paper on Fine Arts in Mexico, read by Mrs. J. C. McDaniel.

Mrs. H. H. Chappell read an article describing the Mexican Holidays and Holy Days.

The president reminded the club of the program for next year's study, The Literature of New England, which was being favorably considered by the members. Some unfinished business in concluding the year's work was disposed of. Other matters of a local nature were discussed and acted upon, also a telegram from Marcus G. Fagg, asking that the club instruct their Representative, Mr. Lake and Senator Donegan to give their warm support to the Child Labor Bill that is expected to come up very soon before the Legislature. The club are anticipating a great deal of pleasure at their meeting in the charming home of Professor and Mrs. Maris next Wednesday afternoon on Lake Onoro.

Death of Louis Greenman

The following from the Owasso (Mich.) Argus will be of interest to the friends of the Greenman family who resided near Cameron City for the past three years:

"Relatives here received intelligence last night of the death in Birmingham, Ala., of Louis Hartwell Greenman, son of Mr. and Mrs. Frank C. Greenman, Washington street. The deceased was born thirty years ago in Hartwellville, a short distance south of Owasso, and had resided practically all his life in this city and vicinity. He attended the public schools here and was a communicant of Christ Episcopal church.

For several years past Mr. Greenman had been with his father in the south. He was in Florida until two months ago when he went to Birmingham, where he was seized with the fatal illness. His death was due to spinal trouble.

Surviving the deceased besides his parents, are his four year old son, Don-

ald of Detroit, one sister, Mrs. M. J. Greenman, and one brother, Emerson Greenman. The remains will probably be brought home for interment and funeral arrangements will be announced later."

Lend a Hand Club

A very important meeting of the Lend a Hand Club will be held at the home of Mrs. Henry Wight Saturday afternoon at 2 o'clock. Every member of the club is urged to be present.

COUNTY HAPPENINGS

Continued from Page Two

been visiting their daughter, Mrs. Q. W. Townsend, Olive, the little granddaughter came home with them on a visit.

Mrs. P. E. Culley and little son, Joe and Miss Mary Self spent a few days at Conway the first of the week, visiting Mrs. Culley's mother, Mrs. Barber. Annie Barber came home with them to spend a few days.

Miss Bertha Jacobs spent several days visiting in Geneva the first of the week.

The Ladies' Missionary Society met at the home of Mrs. J. Tilden Jacobs last Thursday night. Quite a goodly number of the members were present. A well prepared program and devotional exercises, which were interspersed with some choice vocal music filled the time of the session. Afterwards a social hour was enjoyed. Refreshments were served during the social hour.

Guests at the Palm during the week were: Rev. W. M. Martin, Pomona; Hubert Hiscock, Georgetown, C. F.

Hartsfield, Savannah, Ga.; J. H. Pollard, St. Augustine; W. S. Waldrep, Jacksonville; Mrs. P. A. Barfield, Palm Beach; Lois Nightlinger, Springfield, Ga.; Chas. Mouse, Lakeland; J. C. Wells, Hallendale; A. J. Osteen and son, James and Edward Osteen and Bryant Hodges, all of Christmas.

Sammy George and Miss May Long spent Sunday at Geneva attending church.

Born to Mrs. Billie Jacobs Saturday, 3rd inst., a fine boy. Mrs. Jacobs and baby are getting along nicely.

Roy Tucker of Conway spent a few days here visiting his sister, Mrs. Geo. Jacobs last week.

ETHEL ITEMS

Carl Click has left for New Smyrna, where he will remain for awhile.

Several parties of this place, including Mrs. W. Lee and children, Mrs. Lipford and children, Grandma and Grandpa Lee celebrated the first day of May by having a big fish fry at Rutland Ferry. They were joined at dinner by Messrs. A. Rush, B. Boyd and Wilkerson. Every one seemed to enjoy the day first rate.

Mr. Zachary of Markham has found a new way of getting fish. He had the good luck the other day of shooting about a dozen fine trout off of his bridge that is being constructed near the ferry.

Mr. Frank and Cyril Boyd are home again from Winter Park.

Mr. Bresow has come back to try life on the homestead again.

Grandma Rush is visiting her daughter at Daytona.

Mrs. Lightsey and children, May and Earl have moved to Internest.

Mr. and Mrs. B. H. Sapp of Markham spent Sunday with the Lipford family. Bears are showing themselves again in the community. Mr. Lipford had the good fortune for them to carry off three of his hogs lately.

Mrs. Lipford spent the day in Sanford Tuesday.

Carl Dees is back again after an absence of several months.

WOODLAND PARK NOTES

Saturday the children of Miss Newsome's class were the first to have their picnic at Woodland Park this season. They came in buggies, wagons and bicycles. Mr. Thrasher brought some in his auto and stayed to enjoy the day with them. They were specially favored by the weather man with a perfect day. To merely state they enjoyed themselves would be putting it rather mildly. The usual punishment of keeping them out of the pool a limited time after dinner was quite a tax on the children for they love that Woodland pool; but after what seemed to them an eternity permission was given and they certainly agitated the water some. It was a pleasant, orderly affair, and will be remembered by all.

The park is engaged again by Miss Carrie Ensminger and Mrs. Polk, who used it last year for their classes. A number of other picnics are on the program and every Saturday will probably be taken up by some school picnic.

Sunday, the day for the general public, brought quite a number by boats and vehicles.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.
