College For Women

TALLAHASSEE, Feb. 16 .- One fithe most beautiful customs at forida State College celebrates during the second semester each year is the planting of the Senior tree by members of the senior class, assisted by their sophomore disters."

The services this year were un usually impressive. A spot or usually impressive. A spot of the campus overlooking "Frater nity Row" was chosen for the planting of an oak tree and here each senior, dressed in her cap and gown, and escorted by her sophomore sister, dressed in con trasting white, assembled in the beauty of the moonlight to prefer beauty of the moonlight to perform the rites of the tree planting. Dr. Paul Finner, senior class

petron, spoke briefly on the significance of the occasion. Mist Julia Bilzer of New Smyrna then read an appropriate poem after which Miss Lucile Summer, of Tempa, president of the senior class, spoke to members of her class, and to the sophomores, entrusting the latter with the care of the tree during the remainder their stay on the campus. The response was given by Miss Cor-nelia Dozier of Ocala, president of the sophomore class.

After these brief rites, each senior and sophomore stepped for-ward in turn to place a handful of soil about the roots of the tree. Then as sophomores grouped a bout the tree for the singing of their class song, the seniors slow-ly made their departure, leaving the underclassman in charge of the oak.

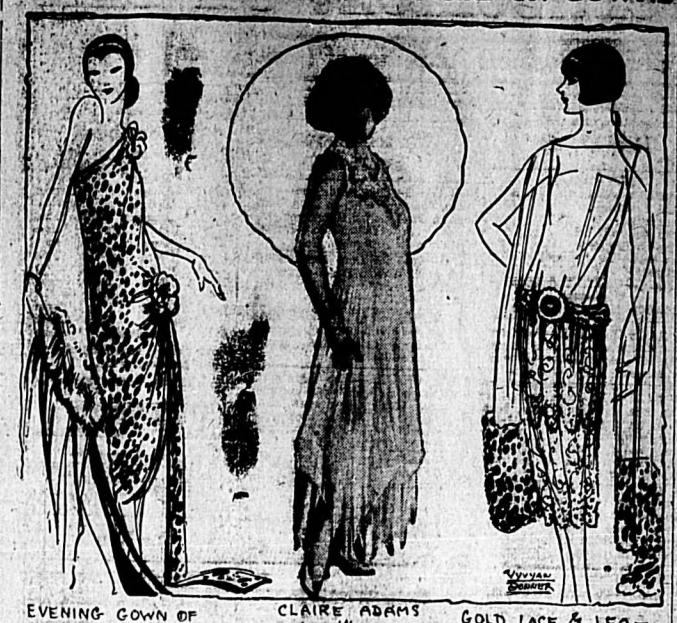

20,000 Visitors Go Through Jacksonville

Natural Tomb Will Be Dead Explorer's Final Resting Place

(Continued from Page One)
The rescue shaft will be dynamited after Collins' body has been re-

It is a dangerous place and we do not want my one else trapped in there," said Mr. Carmichael, in charge of the exervation.

Collins was trapped by a falling boulder in Sand Cave at 10 o'clock. Friday informing, Jan. 80. His plight was discovered 21 hours later and them then began a great fight against the rescue

Heart breather desappointment the workers or partition repeated ly, as nature dimped one hazard after another into their paths. Man's Perseverance Wins.

At last, however, man's perse-verance won and the limestone roof of San Cave collapsed today under the weight of the miners and dropped them into the natural passage, between where Collins was trapped and a "squeeze" which trapped the natural passage some ten days ugo. But their indomitable struggle to sing a shaft to save him was in vain.

There his eyes sunken, Collins lay. The man the resource had worker so hard and so long to save had paid with his life for his search for the earth's underground treas-

The continuously dripping water was not sufficient to keep Collins alive, the physicians said. His jaw was in a state of tension when

Jardine-Warren Action Later
The senate still has to act on two other cabinet nominations, those of William W. Jardine, of Kansas, to succeed Howard M. Gore, of West Virginia, as secretary of agricul-ture and Charles B. Warren of Michigan to be attorney general. The nomination of Mr. Jardine was sent to the cenate last Saturday the visitors will be taken on an along with that of Mr. Kellogg and has been referred to the agriculture committee. Administration leaders said there would be prompt action on it.

Mr. Warren's nomination still is before the judiciary committee, probably will give it further consideration later in the week. Administration leaders are still undecided whether it will be pressed at this session or held up for resubmission to the special session of the senate called for Mar. 4.

Standardization Takes Hold in Europe

BERLIN, Feb. 17.-Germany is struggling to establish a general standardization in industries, and the progress which has been made was reported upon recently at a meeting of industrialists.

Dr. F. Neuhaus, director gener-

al of the Borsig Works, who is chairman of the standardization committee gave a survey of last year's efforts. Tools have been standardized to a considerable extent. One great forward step has been the standardization on pipes.

Industries in England, Holland, Austria and Switzerland are inter-

Austria and Switzerland are interested in extending the idea of standardization all over Europe, in the hope of reducing production

PLAN RESORT HOTEL

JACKSONVILLE, Feb. 17.—Site has been purchased at Pablo Beach by northern interests, it is announced by Patrick H. Odom, of this city who handled the legal details of the transaction, upon which it is planned to erect a million dollar resort hotel. The site takes up an entire block of beach front property, it is stated.

All Modern Drugs

In thousands of families it has been the custom for many years to keep pine tar and honey always on hand for coughs, chest colds, bronchitis, spasmodic croup, and throat irritations. Our mothers knew that it was good, that it often broke up the worst cough in 24 hours, and that it could be given to young and old alike, as it contains no narcotics or harmest drugs.

And now we are told that in spite of modern medical discoveries there is still no better or quicker cough remedy. Doctors my the Line tar quickly loosens and removes the philegm and conjection that cause the coughing, also healing soreness, while the honey not only gives a pleasant taste, but helps soothe irritation.

Asheville Visitors To Arrive Saturday For Brief Stop In City

Members of the Asheville, N. C., Chamber of Commerce get-acquainted tour of Florida will arrive in Sanford Saturday morning at 8:10 o'clock and will be conducted to the Seminole Cafe for breakfast. As soon as the meal is over automobile tour of the celery fields in machines provided by the Sanford Chamber of Commerce. Following their tour the members of the party, 125 strong, will board a train at 10 o'clock for Tampa. R. W. Pearman, secretary of the Chamber of Commerce, has asked that 25 automobiles be loaned to the chamber for the occasion.

TAMPA, Feb. 17.—That Florida should participate in the South-ern Expositioon to be staged in New York City from May 1 to 23, next, is the consensus of opin-ion expressed at a meeting here of the state commission appointed by Gov. Martin to handle the state's part of the exposition. V. G. Sirrine, president and treasurer of the exposition, came from New York to Tampa to discuss the details with the Florida commission, and it was agreed to allot Florida, 2,500 square feet of floor space, to be used as this state sees

A Word From Bryan

Sanford people, who have voted for William Jennings below par. The Japanese are able, mission are before Congress. The world is a unit; each nation is de-I've drunk her richest wine;
have stand upon the "Rockles."

Saniora people, who have voted for winding sentings of the standard people, who have voted for winding sentings of the standard people, who have voted for winding sentings of the standard people, who have voted for winding sentings of the standard people, who have voted for winding sentings of the standard people, who have standard people, who have voted for winding sentings of the standard people, who have standard people people people, who have standard people peo Bryan in so many elections, are always giad to near what he has to say or to read his opinion on any matters either of ness, adaptation, capacity for hard extend tariff protection in a great. There is no justification economically and the same to Everyone has noticed the rise in the price of gasoline stroy international confidence in develop our home markets to the outgoing surplus crops of our own But, all things well considered, during the past few months and very few have been able the yen.

to come forward with a logical explanation. Mr. Bryan comments upon this and offers what might prove to be a might come from the activity of to build another wall against agrirecently wrote:

The organized effort of the predatory corporations to capitalize the Republican victory and get back the money contributed for campaign purposes is apparent in the rise in the price of Gasolene. Four times the price has been lifted one cent. making a total increase of four cents. On twenty cent Gasolene, that is an increase of twenty per cent, and there is no reason why increases may not be made as long as the public will stand it. The only limit to the greed of monopoly is the patience

of the people. The Republicans carried all the northern states and the new governors are not apt to follow the example set by the Republican governor of South Dakota and the Democratic governor of Nebraska, both of whom opened filling stations and saved their constituents millions of dollars. But the South still has Democratic governors and these governors have an opportunity to check the avarice of these monopolies. Who will be the first to win gratitude and fame by stepping forth as the champion of the rights of the unorganized masses against the exactions of the plunderbund?

THANKS TO GENERAL MITCHELL
