All Hope Gone For Quick Steel Negotiations

Union Boss Sends Wage Policy Committee Home

PITTSBURGH (UPI) - United Steelworkers President | C & O David J. McDonald today sent home the union's powerful Chrysler Wage Policy Committee, virtually ending all chances of a Curtiss - Wright quick negotiation settlement of the 85-day steel strike. The 171-member committee must approve any new con-

tract offer. No new negotiations were scheduled. McDonald, after a 20-minute

ald said in a formal statement.

Is Bound Over

Nation's Economy

WASHINGTON (UPI) - Government economists said today the steel strike stopped the nation's past three months and even may have caused a small setback. "But if an injunction is issued the United Steelworkers of America will obey the law of the land," They tentatively estimated that the total output of goods and serv-ices in July, August and Septem-ber remained at the \$484,500,000,-008 annual rate posted in the previous three months. But some late figures on inventories may show that the e e e m o m y actually alid backward from the April-May-

ORELAND, Pa (UPI) - The "boys" at the Oreland Volunteer Fire Company found out today you just can't chuck the ladies' auxiliary without running into a court battle.

The all-male membership of the fire company gave the 35 women in the auxiliary the heave-ho last July, A source close to the company said the ouster was an "act taken by a corporation."

Mrs. Mary H. Bunting, auxiliary president, said she knew of no reason of the order to disband. "They just don't want us," she said "They want the

building to themselves," The executive board of the company ordered members of the auxiliary barred from the firehouse and instructed them to turn over \$600 in cash and \$300 in government bonds reported in their treasury,

Tuesday, the drummed out women drummed up action of their own.

Know Better

They hired Dist. Atty. Bernard DiJoseph in a private capacity and filed a suit in Montgomery County Court in Norristown, seeking to enjoin the men from forcing them to disband.

"We're trying to regain our privileges," Mrs. Bunting said.

She explained that these included pool rights, use of the social hall, and most important, raising funds to aid and equip the fire company as a gesture in this sub-

urban Philadelphia community. "One of our card parties raised \$1,000 toward a new building," she said. "On another occasion we raised \$500 for whatever the company needed most. In most

cases, we raised money for equipment." She said about five members of the auxiliary have husbands who belong to the company but "they were outvoted on this question, of course." She said the company has more than 25 active members.

Seminole Can Cast A Vote For Itself

Seminole County veters will be going to the poils in feveraber to cast ballots for or against the legislative respectionment which would give the county its own senstor natural of sharing one with Brevard.

There has been some organised opposition to the proposal by those who claim it is not real reapportionment. Others, who realise it is not a perfect measure, also say that "it's the best wa're going to get" so why not approve it.

that "it's the best we're going to get" so why not approve it.

The legislation is the first real reapportionment set of
any real consequence in memory of most of our people. It
gives firmnials County a full vote in the state Senate. That would appear basis enough for its support in this county.

Some other counties may cast votes against it, so we at

least ought to cast our ballot in our own behalf.

Jaycees Fight Fires

Banford doesn't seem to have a lot of large fires, but there are still too many small alarms that cause damage and,

even worse, injure people.

The Jayeese are promoting Pire Prevention Week this week as part of the annual national observance. They are trying particularly to impress on youngsters the importance of safety practices and recognizing fire hazards.

for a movie at the Rits Theater and a demonstration of fire fighting equipment by members of Chief Mack Cleveland for.'s force.

We can look to neighboring DeBary's \$80,000 fire damage Sunday as a good example of what fire can do if it gets a start. The idea is never take chances with fire hazards or mflemmable meterials.

he promised he would do so, but he always would backslide within "Now he has lost most of his

practice and we can't even afford plus 20c for your copy, for all on. There was a wail of mortifithe rent on his office. "I love Jeff and it grieves me doubly to see such a talented lawyer destroyed by liquor. Dr. Crane, is there anything else I long to stamped, addressed encan do to help salvage him?"

Some people, by temporament, are prope to become drunkards if they ever start using liquor. They are like St. Paul, for they are the "all-or-nothing" type. They don't like to do things half-way. hamas is called "goombay." Thus, they don't sip liquor just to kill time or occupy their hands during a conversation with friends.

No, they want to empty the bot-What Makes Drunkards St. Paul would probably have been a chronic drunkard if he had ever touched the bottle, for he was a zealot who didn't do

things by halves.

Thus, he ferreted out the early Christians and even helped direct the stoning of Stephen, the first Christian martyr.

St. Paul was as fanatical in his real, as Hitler. But when he made his dramatic right-about-face on the road to Damascus, then he was just as forvent in preaching Christianity.

In my experience, a lot of brilliant men who become drunkards are of the St. Paul temperament. But most people start use of liquor because of inner cowardice.

Nikita Blamed For East Crisis, Officials Claim

WASHINGTON (UPI)—The United States has put the finger on Soviet Premier Nikita Khrushchev as the man who must bear the blame if the Chinese Reds attack Formosa or start other conflicts in the Far East.

High officials said today that was the basic meaning of Secretary of State Christian A. Harter's declaration that the Soviet Union had "a great degree of responsibility for the actions of other members of the Communist bloe."

Herter told a news conference

Tuesday the Russians could not escape responsibility for Communist actions against Korea, Formosa or Laos "as long as they maintain they are the leaders of the bloc."

He noted that Khrushchev, before leaving Peiping, again extracted an acknowledgement from the Chinese Reds that he was the head of the entire Soviet grouping of nations.

At the same time, however, Herter said he detected some evidence of a split between Moscow and Peiping over foreign policy.

On the Berlin situation, Herter was unable to offer hope that the expected summit conference this winter would be any more successful than was the ill-fated foreign ministers' meeting in Geneva last summer.

He acknowledged there had been an easing of tension as a result of Russia's agreement that no time limit be set on the negotiations. But he said he could offer "no assurance" that the summit conference would accomplish anything.

Portable Service Station Designed

HOUSTON, Tex. (UPI) — A Houston firm has designed and put into production an all-steel portable service station which already has attracted considerable attention in gasoline marketing circles.

The portable station was halled by its developer as the answer to competition and cost problems in retail gasoline marketing.

J. M. Tajan, co-owner of the firm, said the price of the portable station is about \$6,000, compared with the \$30,000 to \$40,000 usually spent to build a service station.

The entire unit, he said, can be

The entire unit, he said, can be installed in about two hours. Moreover, if the site turns out to be unprofitable, the station can quickly be moved elsewhere.

The main section of the eight-by-16-foot station consists of a rest room, two doors for access to either end of the service island, and space for the storage of oils, balleries and accessories.

balleries and accessories.

Ilowever, it does not include the gasoline storage tank, which runs about \$500 extra for a 5,000-gallon tank.

A recorded 2.75 billion Christmas cards are expected to go through the U. S. mails this year.

JV's In Action

The Sanford Seminole Junior Varsity will open it's home schedule here tonight at 7:30 as they play host to the JV's from New Smyrna.

The baby Seminoles opened their season last week and fought to a 7-0 defeat at the hands of the Leesburg Yellow Jackets so they will be giving everything in an effort to taste victory for the first time.

Coaches Dick Silvers and Bud Layer will be sending a very inexperienced offensive unit against the Barracudas comprised mostly of freshmen. Although most of the lads will be playing in only their second full scale football game they have already picked up the much needed desire and a great deal of knowledge of the game so it promises to be a top notch contest.

FUTURE FLORIDA FINANCIER: learning today ... earning tomorrow!

A young Floridian speaks up at FP&L's recent stockholders' meeting. Already an investor in the American free enterprise system, he seeks to learn more about the security of his investment.

But, what of tomorrow?

Will this lad be able to continue to own property and to invest his money as he chooses? Will he, in fact, still enjoy the American right and privilege of free enterprise -- free enterprise that encourages him

to achieve financial security and independence? Or, will his initiative and ambition be thwarted by socialistic schemes and bureaucratic controls?

These are not academic questions. They are more pertinent today than ever before! The answers must -come from all America . . . and the right answers can come only from a constant awareness of insidious threats to the freedoms that have made our nation and her people great.

Florida Pouer & Light, embarked on the greatest expansion. program in its history, is building plants and lines to power Florida's rapid growth ... pledged to supply more and more power FOR HAPPIER FLORIDA LIVING ... ELECTRICALLY!

Six Children Hurt, Baby Dead In Auto Mishap

ORLANDO (UPI) - Six children were injured and a baby killed Tuesday when a woman driver apparently suffered a fainting spell and her car slammed headon into a city bus.

Police said all of the children and two women were in the car. Two Negro women aboard the bus also received minor injuries.

The lone victim was little John Krashney, six months. His mother, Mrs. Ruth Krashney, 34, was seri ously hurt but expected to recover. Investigators said Mrs. Diane J Carson, about 35, the driver, lost control of the car after apparently fainting at the wheel. The car crossed the center line into the path of the bus, approaching from the opposite direction.

The two women were taking the ehildren home from a kindergarten class sponsored by a local Presbyterian church when the accident occurred.

Wed., Oct. 7, 1959-Page 9

THIS 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. The new Galaxie is one inch lower than the 1959 model, but has more interior room for six big persons than ever before. The Galaxie also is available as a two-or four door sedan. All Fords for 1960 have the slim-line forward sloping front roof pillar that eliminates the "dog leg" for easier entry.

Lake Mary Church Plans Special Day For Anniversary

A red letter day is planned for Oct. 18 when old and new friends of the Community Presbyterian Church of Lake Mary, will assemble to celebrate the 65th anniversary of the founding of the church.

Coffee and Juice will be served to those who arrive early by the young adult Sunday School Class. Morning worship is scheduled as usual at 11 a. m. Former ministers, and the pastor, Rev. John Pilley, will take part in this service. At 12:30 a covered dish dinner will be served in the Educational Building, followed by a special program.

A memory table will be set up,

displaying articles of interest on the history of the church, by Mr. and Mrs. P. D. Anderson and Mr. and Mrs. H. M. Gleason. Contact them if you have an item you would like placed on the table.

A WONDERFUL NEW WORLD OF

but three new lines of Ford care . . .

- 1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!
- 2. The 1960 Falcon-The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
- 3. The 1960 Thunderbird . . . The World's Most Wanted Carl

Introducing the New-Size Ford... the 1960 Ford Lalcon

Meet the Newsize Ford - the Fakon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car . . . powered to pass and climb like a "big" car . . . and built like no other

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this calcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.-a grueling demonstration

climaxing Ford's 3 years of development and testing. The Falcon has the features that American car buyers expect. Its gearshift is on the steering column-not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's . . . and see the difference!

Now you can me them-the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hardtop model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme! And Ford sets the new trend in power, Ford's Thunderbird 292 V. 8 and 352 V. 8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance-on regular gas. To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue

all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful . . . a Full Flow oil filter that lets you go 4,000 miles between oil changes ... Diamond Lintre Finish that never needs waxing ... aluminized mufflers that normally last twice as long as conventional types . . . new, safer, Truck Size brakes that are the biggest ever in Ford's history ... and new soft-tread, Tyrex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetimel See them at your Ford Dealer's

Negro attorney Ernest A. Jack-son, who filed the original suit which ultimately led to the clos-ing of the courses, said Tuesday he would seek as injunction to keep the city from selling. An-other Negro, Frank Hampton, said proceedings would be filed today either in circuit or U. S. district court.

THE GRACEFUL sweep of Buick's sculptured styling is epitomized in the Electra 225 four-door hardtop, the most luxurious model in the Buick line. The exquisite styling of the Electra 225 has been enhanced by a luxurious brushed aluminum panel that extends along the bottom of the car from the front wheel housing to the rear bumper. All Electra series models carry the four ventiports on the front fenders to distinguish them from the other series. New features on all 1960 Buicks include a new transverse muffler which replaces the two mufflers previously used on cars equipped with dual exhaust systems. Also new is an adjustable instrument panel, the first in the automotive industry, which the driver can set to the viewing position most suited to his height.
