Girls Gym Classes Take Up Volley Ball

For the second unit the girls gym classes are taking up volleyball. The classes are divided into teams to play each other during the period. The students are making very nice progress in their practice.

The girls who enjoy the games after school for practice. After having two weeks of practice the best players from the teams—Fleming and Stephens—will be chosen.

Those making the team are those points toward their letter.

There will be only one practice this week because the students are to have their letter ceremony on Friday afternoon. The teams are expected to play on Saturday.

Those who have taken up volleyball are: Edith Lundquist, Marie Temple, Edith Lundquist, Charles Park, Emma Riddle, Edith Lundquist, Stewart Quarlesman, Lois Caldwell.

Suggestions Given To Be Considerate

Many persons, it seems, do not know the meaning of the word "considerate." To be considerate we must think of the feelings and rights of others, not of ourselves. There are many ways in which we are able to be considerate of others at all times in our lives.

One grand way of showing our consideration is to be as quiet as possible when passing the home of any person who is sick.

Another way is to speak nicely to people. If you know nothing nice to say of that particular person, don't talk about him. And if someone else does speak wrongly of a person, change the subject. This act is often committed and should be avoided.

A very sure way of raising your good name and standing is through your actions in public. When at a gathering of any sort, don't make noise and throw away wrappers on the floor or put chewing gum on the seats.

Be considerate of everyone and everyone will be considerate of you.

Students See Film Sponsored By FFA

Students of S. H. S. were given an opportunity Wednesday to see both an educational and interesting picture, "Our Heritage," which was sponsored by the Future Farmers.

The picture opened by showing several species of Florida wild life, such as wild duck, wild turkey, coon, black bear and panther, in their natural haunts. During the showing of the picture, many of the various game laws were explained. After this the audience was shown how fish are taken from lakes which were about to go dry and placed in large deep lakes where they can live and propagate. The picture closed by showing a thrilling picture of the hunt for the panther.

After the picture was ended, Mr. Johnson introduced Mr. Claude Howard who spoke a few words on the preservation of wild life.

Then the students were given an unexpected treat. They were shown pictures of football scrimmages and parts of the Daytona game.

Debating Club Has Meeting October 26

By EDWARD MARSHALL
 The Debating Club met Oct. 26, 1939 at the club house. The meeting was called to order by its president, "Coke" Stewart. An interesting topic of the meeting was a debate on "Should legislation be passed to suppress all forms of gambling?"

The motion was carried by a vote of 10 to 5. The affirmative side was represented by Edith Lundquist, Charles Park, Emma Riddle, Edith Lundquist, Stewart Quarlesman, Lois Caldwell.

Hallow's Stunt Night Is Success At Seminole High

Stunt Night While the scoping of windows and the usual Hallow's eve were being carried on down town, Seminole High School staged her annual, but much more entertaining, Hallow's Stunt Night.

Stunt night is the night when each of the four classes presents a one act play in competition for the silver cup which is the property of the winning class for one year, or until the next Hallow's eve.

The play, "Sophie of Sandysville," presented by the Junior class and directed by Mrs. MacFurt was judged best.

The winning cast is as follows: Miss Ethel Adelbert, a wealthy, middle aged woman—Erma Doudney; Bonnie McFarland, Aunt Ethel's niece—Jessie Durden; Sophie Bonamscher, who masquerades as a maid—Nell Stewart; James Martin, who masquerades as a chauffeur—Leroy Lang; Larry Lemmond, an unsuccessful contractor—Dickey Brown.

Running a close second was the senior play "The Spirit of Democracy," directed by Miss Nellie Williams.

The cast consisted of: Mr. McAndrews, head of McAndrews Construction Company—Constantine deWaltke Jr.; Dad Daniels, head of the bookkeeping firm—Shelton Hardin; Ralph Dierby, McAndrews's lawyer and paid friend—James Shoemaker.

Larry, the night watchman—Harry Brownlee; Marie, McAndrews' wife—Louise Perkins; John, their daughter—Mary Wilkins; Darrel, their son—Arthur Brannan.

The Sophomore play, "Bachelor's Baby," placed third. Miss Catherine Takach, Mrs. Lucy Smith and Miss Edna Chittenden directed it.

The cast: Dick Sommers, young struggling artist—Elizabeth Clarkston, Dick's fiancée—Joyce Adams; Miss Smithers, old maid rooming house keeper—Nancy Dighton; Falkman—Sherwood Jacobson; Baby's mother—Alice Temple.

In their first dramatic attempt in high school the Freshmen were directed by following: Miss Clara Smith, and Miss Laura Chittenden. Although the Freshmen played fourth, they presented an excellent play, "The Orange Tree," with the cast: Mr. Hawkahaw, his wife—Lois Merzowher; Daughter of the Hawkahaw family—Valerie Wells; Mrs. A. Phoebe—Leona Howard; Colored maid—Beulah Bolton; Messenger—Herbert Moreland.

The guests were superbly placed by the following girls: Beulah Bolton and Lois Merzowher; Junior—Grace Sebree and Dorothy Ruge; Sophomores—Marjorie June Burdick and Joyce Wardlaw and Freshmen—Marguerite Myers and Frances Dague.

Parent-Teachers To Hold Meet Nov. 7

By MARTHA WRIGHT
 The November meeting of the Parent-Teachers Association will be held on Tuesday, November 7, at 8:30 P. M. in the Seminole High School Auditorium. The parents and teachers will be led in song by Mrs. W. L. McCracken.

The theme of the program for the year is Democracy. The purpose of this meeting is to bring about a better understanding and better feeling between us and foreign nations.

The speaker will be Mr. DeWish, who, during the World War, was in the military line and is in a position to speak with authority on present day situations. All parents and teachers are urged to attend this meeting.

Sanford Makes Good Showing In Cheering

Well, we may not have beaten Ocala in the game, but we certainly over did them in the cheering. Even the freshmen did their part. Believe it or don't Ocala had a man who was heavier than a Friday, and he weighed two hundred and fifty pounds. Even though they had this man on their team none of our players was hurt.

When Ocala's team came out on the field, which is in brief, they had about fifty players, who were wearing green and white uniforms, making a splendid showing.

Mr. DeWish repeated his stunt of jumping over five chairs and is going to try to go over six at the game with Ocala tonight.

Pan American Club Holds Second Meet

The Pan American Club held its second meeting of the year Friday morning, Oct. 27, 1939 during activity period.

The meeting was called to order by the president, Mary Martha Emerick, after which the roll was called, and minutes were read of the previous meeting.

Business of the organization of the secretary, Emma Sue Leath who moved to Tampa, the election of a new secretary was held. Ruth Adams was elected.

Various reports concerning the South American countries were given by the following members: Selma Levy, Mabel Chapman, Edith Lundquist, Henry Lovell, Dale Ryan and Catherine Hart.

Lawton Says Way To Instill Democracy Is By Daily Practice

In the October issue of the Florida Journal, State Superintendent English says, "There has been a lack of positive, colorful and active elements in our education for citizenship. School experience should be democratic with pupils and teachers at work as members of a democratic society."

Having accepted gladly the suggestion of PFA President James T. Wilson and our state superintendent that this year's activities be centered about the theme "Education for Democracy" it behooves us as teachers to analyze our work and evaluate it by the yardstick of this theme and while I have been deeply impressed with the sincerity of our principals and teachers in training the pupils of the schools of this county in democratic principles, I wish to offer a few suggestions along this line.

"The Kingdom of God is within you" may be paraphrased "The Spirit of Democracy is within you." The sermon on the Mount is the only perfect outline of rules of conduct, the only perfect philosophy of life, embodying in detail the Golden Rule and all correct spiritual attitudes. But this system of ethics, as laws of the Kingdom of God, is worthless when any attempt is made to use external force in its application.

Just so is democracy, and it is the high privilege of our teachers to instill the principles of democracy into the minds and hearts of the pupils through the exercise of democratic principles in daily practice, in classroom management and instruction, and on the playgrounds by personal example and quiet, unobtrusive comments and suggestions. Interesting and apt is the saying of Benjamin Franklin, "Men must be taught as though you taught them not."

Dramatic Society Elects Members For Present Year

The Dramatic Club of Seminole High School met at Harry Brownlee's home, Thursday, Oct. 19, for the purpose of initiating the new members.

After the short business meeting, in which Mac Cleveland was elected secretary, a program, consisting of various "gentle tortures" in which Leroy Etridge distinguished himself with a superb presentation of a ball-tit-terbrog combination dance, was participated in by the new members.

Herbert Moreland also distinguished himself by rolling an egg with his nose around the room under chairs, footstools, etc. in record time. Poor Lois Caldwell drank two pitchers of water in her toast to Major Puff, and Helen Hutchison actually turns green every time a certain connection, thrown together by the initiating committee, is mentioned.

Other unfortunate partakers of the horrors of the initiation were Joyce Adams, Leona Howard, David Gatchel, and Dick Pickett.

Afterwards refreshments were served by Mrs. Brownlee to the members present who were Dorothy Ruge, Grace Sebree, Nancy Dighton, Patsy Hodge, Winifred Lovell, Harry Brownlee, Dickey Brown, Bruce Holt, Bill Brannan, Mac Cleveland, and new members Lois Caldwell, Helen Hutchison, Leona Howard, Joyce Adams, David Gatchel, Leroy Etridge, Herbert Moreland and Dick Pickett, and Miss Nellie Williams, sponsor.

Hi-Y Pledges Given Initiation Monday

The initiation of the Hi-Y pledges was held Monday night, Oct. 30, at Seminole High School. After a court was held in which the new members were accused and found guilty of various charges, they were led to other rooms where they underwent other forms of initiation.

The pledges were: Grace Sebree, Erma Alderman, Jess Durden, Priscilla Reynolds, Erma Doudney, Lois Hagan, Eleanor Marshall, Joyce Whiddon, Margaret Spencer, Virginia Yarbrough, Ruth Young, Natalie Tron, Jane Cochran, Rebecca Lee, Leona Vaughn, Gwendolyn Hayes, Olive Chapman, Elizabeth Whitcomb, Harry Lynn Ross, and Mary Alice Hunter.

Project Work On Farm This Year

By STUART QUARTERMAN
 A large number of boys have project work on the school farm this year. Aldine Taylor, Edwin Ballard and John Hall, each have one sixth of an acre of leborry lettuce which has been set for days. Billy Bond, Robert Howell, Jim Riser, Charles Leavitt each have one sixth of an acre of cabbage. In this planting Billy Bond's seems to be leading in growth at the present time.

Charles Bradbury has one sixth of an acre of Georgia marketing cabbage which he expects to put on the market by Christmas. Julian Baumel planted turning last week and Lyle Lathrop planted carrots. Edward Lane has a sixth of an acre of land on which he plans to plant carrots this week. Elsworth Hoover is preparing a fourth of an acre on the muck which he will plant in a week or two.

The school has planted one half of an acre in celery in order to give the boys practice work in celery production.

Last week the agriculture class planted a large rose bed containing fifty-two rose bushes and the boys are now busy setting Australian pines in nursery rows. The advanced class started making ornamental cuttings.

City Taxes For 1939 Are \$10,000 Below Last Year

\$155,877 Is Assessed Against Personal And Real Property

Sanford taxpayers will pay over \$10,000 less in taxes this year than for 1938, according to the 1939 tax roll. Taxpayers will pay over \$119,900 in real estate taxes and over \$34,000 in personal property taxes in 1939, the roll, which was opened for payment at the City Hall this week, disclosed.

City Clerk H. N. Sayer pointed out that under the provisions of a bill passed at the last session of the Legislature, the taxpayers will receive a 4 percent discount for payment of their taxes in November, against a 3 percent discount for payment in November last year. The 1939 discount for December is 3 percent, for January 2 percent and for February 1 percent. There are no discounts for March and the taxes become delinquent in April.

The assessed valuation of the property for debt service is listed at \$4,575,000 and the 15 mill levy for payment of bonded obligations makes a total of \$72,131 to be collected for this amount this year. The assessed valuation of property which must pay the levy for general operating expenses, from which homesteads are exempt, is \$3,084,000 and \$64,120 is listed as the revenue expected for this amount.

The total assessed valuation of the property in Sanford this year, on a personal and real, is \$6,100,000 as compared with \$5,815,000 in 1938. Last year the total amount of the taxes for debt service was \$97,764, and the total amount for the operating fund was \$71,998 making a total in taxes last year of \$169,762 compared with \$155,877 this year.

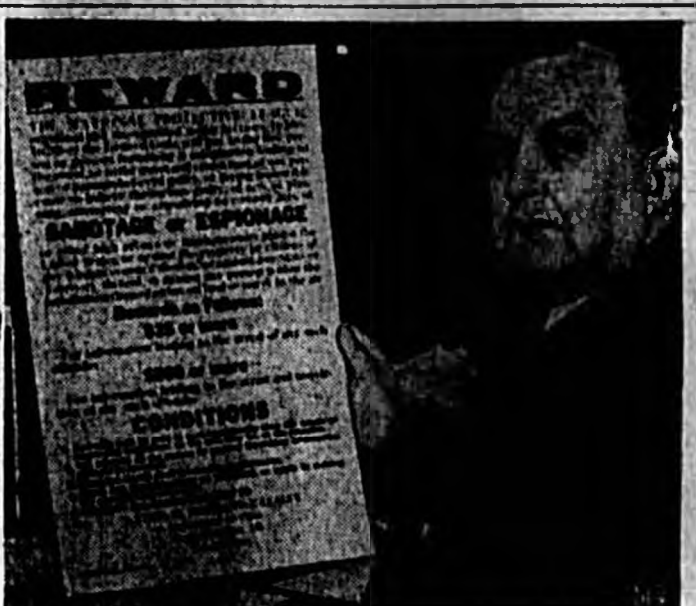

Erkko Reported As Saying Soviet Must Be Stopped

COPENHAGEN, Nov. 4.—(AP)—The Helsinki correspondent of the newspaper Berlingske quoted Foreign Minister Elias Erkko of Finland yesterday as saying the time had come for his country to say "stop" to Russia.

The newspaper said that Erkko asked by reporters whether Finland would consider the loss of a base, asked by Russia for a "When one already has ceded two-thirds of what is asked, there must come a point when an independent state must say 'stop'."

A correspondent asked, "and this is it?" Erkko was quoted as replying, "Finland is firm. The newspaper said that Erkko said that the Finnish Government was ready to say 'stop' to Russia."

Annenberg Plans Roosevelt Signs Fight Against Measure Ending Race News Ban Embargo On Arms

CHICAGO, Nov. 4.—(AP)—The nationwide horse race information service, confronted by prospects of complete collapse of its vast wire network, planned a court fight last night in an effort to avert a measure ending race news empire dominated by M. L. Annenberg, reported he would seek an injunction against interference with the service on the grounds that it was a public utility.

He announced he would apply for the injunction some time before noon next Monday—the hour set by the Illinois Bell Telephone company for terminating the rental of its facilities to the Annenberg agency.

The Western Union Telegraph company joined the American Telephone and Telegraph company in deciding to take similar action next Thursday.

Husband Said To Have Confessed Murder Of Young Wife Because Of "Urge To Kill"

SPRINGFIELD, Mass., Nov. 4.—(AP)—Pretty 18-year-old Caroline Hibberd, bride of one week, was found decapitated in the bathroom of her honeymoon apartment shortly after her young husband allegedly confessed he did it because of the "urge to kill."

After a sleepless night at Brattleboro, Vt., police headquarters where he surrendered, William Hibberd, 29, told newsman and officers he had had the "urge to kill" for about two years but didn't get a chance to act until last night.

Declaring he had been under treatment by a Springfield psychiatrist, Hibberd said he had no motive except the "urge to kill." He said his young wife asked him to get her a glass of water but he "drew a hunting knife into her chest," dragged her to the bathroom and decapitated her.

Churchill Confers On War At Sea With French Officials

PARIS, Nov. 4.—(AP)—Winston Churchill, British first lord of the admiralty, held a series of surprise conferences with high French naval officials yesterday regarding the war at sea while reports from the Western Front told of increased activity by German land troops.

The British naval chiefs talked for two hours with Premier Daladier, conferred twice with Cesar Campinchi, French naval minister, and lunched with Rear Admiral Darlan, supreme commander of French naval forces.

After talking with the British official, Daladier called a conference of his economic advisers. Churchill arrived Thursday but his presence was not disclosed until military dispatches announced a sudden burst of German troop activity south of Zweibrücken, accompanied by a series of protective barrages.

New Evidence Of Disaster At Sea Found

Life Boat And Many Bits Of Wreckage Brought In By High Tide At Hobe Sound

No Clue To Ship's Identity Is Found

Probe Follows Sighting Of Oil Slick Off Florida Coast

JUPITER, Nov. 4.—(AP)—New evidence of a mysterious sea disaster off the lower Florida coast swept into shore today pulling a new puzzle to the two day search for the identity of a vessel believed lost in the stormy weather.

A life boat in good condition, still stowed with jacket-type life preservers, hit the coast on morning high tide at Hobe Sound about five miles north of Jupiter where yesterday a slick of oil slick and bits of wreckage started an investigation.

The lifeboat bore no painted name on the exterior, but inside near the stern was a copper plate engraved with the name "Seefahrtsgenossenschaft."

From across the sound came the report of a negro caretaker who told of seeing a large wreckage "as big as a house" floating northwards off the coast.

A check at Florida ports disclosed no missing ships and radio stations. Coast Guard said they had received no calls for help.

Since the extensive mass of high grade, unburned oil was discovered off the beach at Hobe Sound, a heavy search of high grade, unburned oil was discovered off the beach at Hobe Sound.

At high tide yesterday afternoon, however, a mass of wreckage washed in. The most important find was a ship's binacle, with the compass missing but intact. The compass equipment still attached.

Searches generally are not used except on modern, fully equipped vessels. A small motor on the binacle bore the manufacturer's name P. E. Perry and Company, West Hattlespool, England.

Household Hints

TEN-MINUTE CRANBERRY SAUCE 1-1/2 cups cranberries 2 cups water 1-1/2 cups sugar 1 pound (4 cups) cranberries

Boil sugar and water together for five minutes. Add cranberries and boil without stirring until all the skins pop open. (Five minutes is usually sufficient.) Remove from fire and allow the sauce to remain in the vessel until cool. One pound of cranberries makes two and a half pounds of sauce.

Put up Ten-Minute Cranberry Sauce in sterilized jars. Simply pour the hot sauce into the jars and seal tightly. Keep in a dark, cool place for future use.

Legion Endorses Film To Be Shown at Ritz

The American Legion heartily endorses the picture "Mr. Smith Goes to Washington," weekend feature at the Ritz Theatre, since its theme is in line with the Legion's Americanism program.

The slogan of the film is "Just a great to be an American," Mr. Weinstein said and pointed out that every person who sees it should be truly thankful that he lives in the land of the free and the home of the brave.

Florida Field, dedicated to men of Florida who lost their lives in the World War, has been the home of the University's "Eighting Gates" since its dedication in 1930. Football is not the only activity known to Florida Field, for the university's last two regular term graduation exercises have been conducted there.

On Nov. 21-22 it will be the scene of various Homecoming activities, chiefly the Gator Game and the Florida vs. Tex Tech football game.

COMING SUNDAY 3 DAY SHOWING 3 OVERWHELMING in Universal Appeal!

When your son or daughter is away at school, does your guiding influence remain at home?

As boys and girls leave for schools and colleges, homes are made lonely and the young people face homesickness and separation from the guiding influence of home.

The affectionate, sympathetic understanding present in homes is difficult to maintain by letters, but by telephone, home visits can be kept alive and warm. Telephone visits at regular intervals with children away at school are as intimate as though the children were at home with you. They'll be happier, and do better work. And what a joy these inexpensive voice-visits will be to you.

The best plan is to arrange for your boy or girl to call home "collect" at regular intervals at a particular time. Then by using Station-to-Station service after 7 P. M. or at any time on Sundays, you can talk 100 miles for 3c, 200 miles for 6c, and greater distances at correspondingly low cost.

Instruction in reading clinical thermometers and taking temperatures is essential to caring for sick at home. Red Cross nurse teaches school girls.

TO COMBAT illness and disease the American Red Cross has instructed over one million women and older girls in simple nursing procedures and the fundamentals of home sanitation since 1914. Last year 1,826 graduate nurses conducted 4,506 classes and qualified 51,296 family members to recognize sickness in its early stages, showed them how to fashion comfort aids from home-made equipment and taught them how to give skilled care to invalids and the bed-ridden. These courses were given in 954 communities throughout the nation. Instruction is available through Red Cross Chapters. Home hygiene and care of the sick as taught by the Red Cross to-

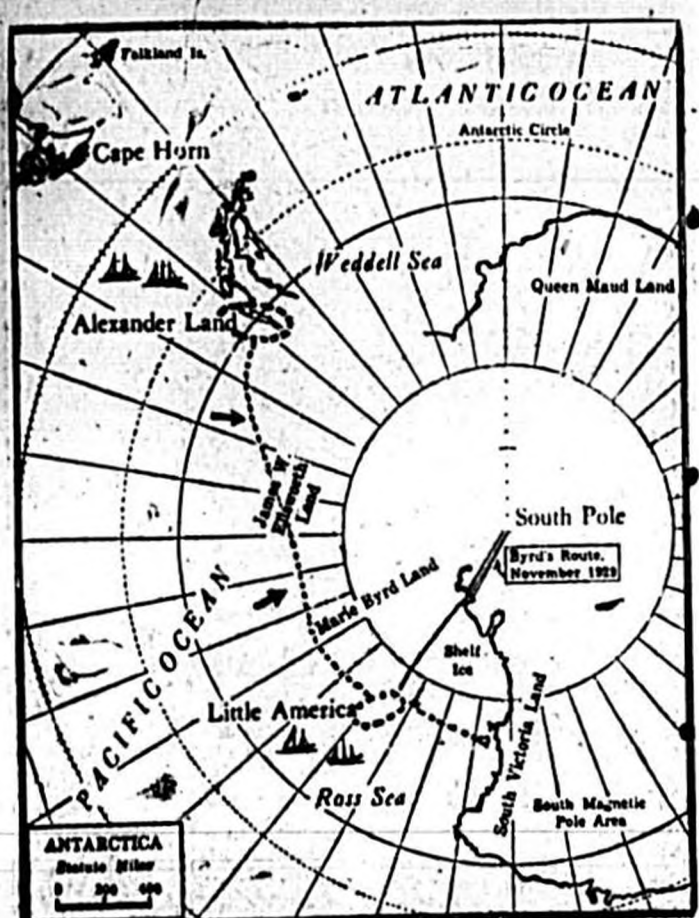

day is a standard course in many junior schools and colleges, and instruction has been given Girl Scouts, Camp Fire girls and numerous other groups. Each summer University courses are held to qualify Red Cross nurses as home hygiene teachers. In addition to the Red Cross program of family health education, Red Cross public health nurses in hundreds of communities make a million annual visits to, or on behalf of, the sick in rural areas and in industrial centers, and help physicians examine children at schools and clinics. Knitted in the Red Cross reserve nursing corps are 41,500 nurses who stand ready for disaster, epidemic and other emergency service.

Sanford Theater News for the Coming Week

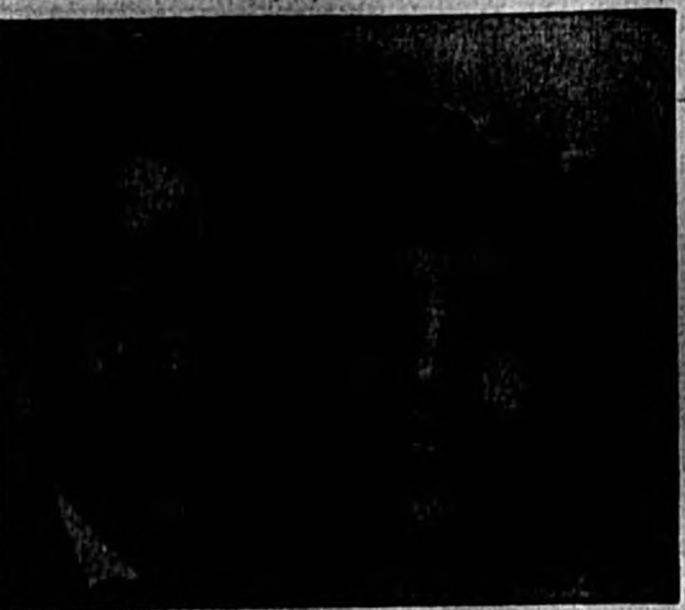

Romantic Film Is Also Filled With Comedy

"Honeymoon in Bali," which stars Fred MacMurray and Madeleine Carroll for the second time, is a lively romantic comedy, which poses fun at the expense of a career girl who is too self-sufficient to find love in her life for love. It shows next Wednesday and Thursday at the Ritz Theatre, with Helen Broderick, Osa Masena, Carolyn Lee, four-year-old Shirley Temple, in important featured roles.

The new Paramount hit is directed by Edward H. Griffith, the put Miss Carroll as a representative of the career girl who has a very important position in a Fifth Avenue department store, and the chief man in her life, Allan Jones, an opera singer, can't seem to marry her on any terms. Fred, a carefree playboy, is inclined to a life of adventure, has just returned from Bali at the start of the story.

The romantic and comic doing is done in high speed when Miss Carroll meets Fred who falls in love with her. She retreats behind her defenses and refuses to let him know she's interested. From that point, Fred makes every effort in a man's power to win her. He asks her to care for a four-year-old child, wait left on his hands, and finally, fortuitously, she who is still in love with him, attempts to commit suicide in Bali because he doesn't marry her—appears on scene. There doesn't seem anything which will arouse her interest.

After a good night kiss for the purpose, leading Madeleine to flee with the child. Fred follows, and romantic complications which lead him to go back to Bali with Madeleine, realizing she is in love at last, in pursuit. Viewers will be thrilled by scenic backgrounds provided by the Masena and Ball sequences, and will be delighted by the singing of Allan Jones, who has a role in that superbly acted scene which has thrilled away listeners.

DICK FORAN and Anita Louise in "Here for a Day," a light comedy drama of football at a small Texas College, will be at the Ritz Theatre next Friday and Saturday. These stars are ably assisted by Charley Grapewin, one of the most popular of the old timers in the movie.

Much Discussed Picture Comes To Ritz Tomorrow

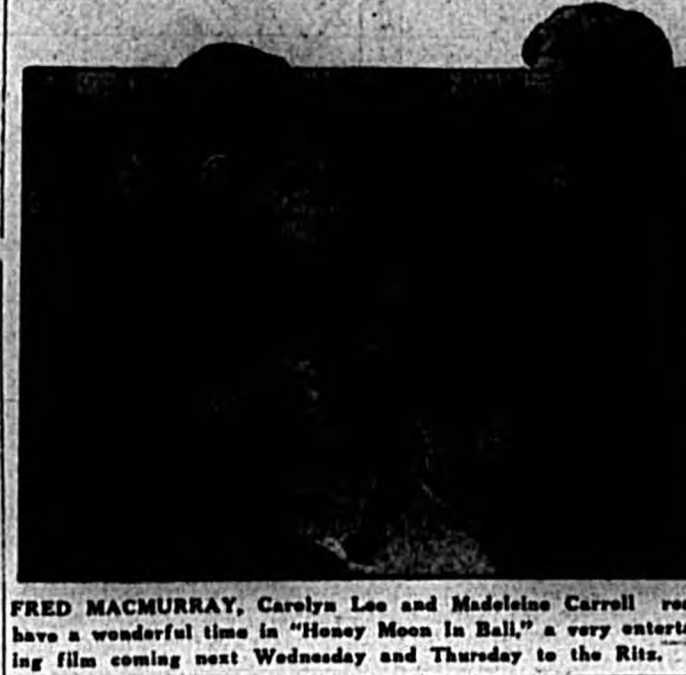

Director of "It Happened One Night" "Mr. Deeds Goes to Town," "Lost Horizon" and "You Can't Take It With You," Frank Capra on Sunday brings to the Ritz Theatre screen what has been hailed as the ultimate in screen entertainment, his stirring romantic comedy, "Mr. Smith Goes to Washington."

Critics and cinemagoers who have seen this timely, new drama enjoyed it more than "You Can't Take It With You" and "Mr. Deeds Goes to Town." That film, it will be recalled, won the Academy Award as the best picture of 1936.

Appropriately, three of its brightest personalities who appeared in "You Can't Take It With You," are reunited in "Mr. Smith Goes to Washington." They are Jean Arthur, James Stewart and Edward Arnold, the first two co-starred in the romantic leads, and Arnold as part of a truly distinguished supporting cast which includes such stellar names as Thomas Mitchell, Claude Rains, Guy Kibbee, Ruth Donnelly, Eugene Pallette, Beulah Bondi and Astrid Allwyn, to name only a few. Some like Mitchell, Kibbee and Masena, have highlighted previous Capra hits. Like the others, they were personally chosen by the director as the perfect players for their particular parts.

"MR. SMITH GOES TO WASHINGTON," and promptly discovers Jean Arthur is one of the more delightful views in the nation's capital. "Mr. Smith" is James Stewart, and the two are co-starred at the Ritz Theatre, for an extended run of 3 days, starting Sunday, in Frank Capra's stirring new romantic comedy of an earnest boy who suddenly is appointed to the United States Senate.

FRED MACMURRAY, Carolyn Lee and Madeleine Carroll really have a wonderful time in "Honey Moon in Bali," a very entertaining film coming next Wednesday and Thursday to the Ritz.

'March Of Time' Features Story About Farmers

"Uncle Sam—The Farmer," the latest March of Time film showing on the screen of the Ritz Theatre tomorrow, tells the dramatic story of the life, work, hopes and problems of the 32 million Americans who today comprise this country's vast farm population. With a new war under way in Europe, adding new and difficult problems for the already over-burdened farmer to solve, this newest March of Time has special significance today.

The film shows in detail how the U. S. Department of Agriculture, founded 77 years ago by Abraham Lincoln, is today carrying out its gigantic task of preserving and improving the billion acres of fertile soil that is America's greatest single asset. The Department of Agriculture, third largest division of the Federal Government, regularly employs 75 thousand men and women, most of whom are skilled specialists and scientists whose main job is to help the U. S. farmer. The March of Time pictures their activities and the work of the "county agent" upon whom Uncle Sam relies most of all to spread the doctrine of sound farming.

Economists agree that U. S. agriculture has been a major national problem chiefly because of the mistakes of farmers and their Government 25 years ago, during the First World War. In "Uncle Sam—The Farmer," the March of Time illustrates in vivid pictorial scenes the widespread ravages of soil erosion, caused by overplanting; floods and dust storms that have carried away billions of tons of fertile top soil and left only desert wasteland.

Although the U. S. farmer is feeling more secure today than he has since the depression began, and although he has already begun to reinvest some of his new income in modern farming implements to improve his crops and lighten his labor, the Second World War already under way in Europe poses new problems for the U. S. farmer, the March of Time shows. The film depicts the operation of the Federal Government's ever-normal granary plan designed to protect the farmer from ruinous low prices.

Russia Appeals To Working Classes Of Allies To Revolt

Statement Made In Manifesto Celebrating 22nd Anniversary Of Soviet Revolution

Finnish Parley Is Held In Abeyance

Italy Ignores Second Birthday Of Anti-Comintern Treaty

The working classes of Britain and France were urged today by the Communist International to halt the European war.

From its Moscow headquarters the Comintern appealed for British and French workers "to go against those who favor continuation of the imperialistic war."

The appeal was a manifesto celebrating the 22nd anniversary of the Bolshevik revolution. The United States was assailed for refusal of the arms embargo and attacks were made on both Italy and Japan.

Soviet Russia started a three-day observance of the revolutionary anniversary while Finland-Russian negotiations over Soviet territorial demands were held in abeyance.

Another anniversary was ignored in Italy, the second anniversary of her signature of the anti-Comintern pact which linked Italy and Germany against Communism.

Last year the signatories, who later were joined by Hungary, Spain and Manchukuo, exchanged congratulatory messages.

Germany called the arms embargo repeal "unintended" and indicated that intensified war efforts would be the result.

Germany newspapers expressed bitterness toward President Roosevelt.

Britain had an increasingly difficult problem to handle in India where the native Congress party government resigned in a protest against Britain's failure to grant Indian independence.

The United States freighter City of Flint, gives its freedom to the Norwegian government, remained at Bergen, Norway, undecided what course to take.

Germany continues to hold the German prize crew which had captured the ship, called it to its North Russian port and then lost it while taking it to Germany.

BERLIN, Nov. 6.—(AP)—Intensified war efforts appeared yesterday the most likely German reaction to lifting of the United States arms embargo.

"American arms have been made available to our enemies but these materials will have to be put out of business," was a statement made frequently by influential persons.

It was indicated also that in view of the loss of the United States freighter City of Flint, captured from her German prize crew by Norway, sea-borne communications would be dealt with more sternly by Germany.

Some sources pointed out that if the City of Flint had been sunk, there would be no chance of her cargo reaching England.

In the first authoritative reference to the lifting of the arms embargo by the United States, German newspapers said that the United States foreign office had "accepted the action and placed a further responsibility upon President Roosevelt."

Physicians From 10 Counties To Hold Meet Here

Annual Session To Be Held In Mayfair Hotel Thursday

Physicians from 10 Central Florida counties will assemble in the Mayfair Hotel Thursday afternoon at 2:30 o'clock for the annual meeting of the South Central Florida Medical Association.

Dr. W. C. Page of Cocoa is president of the district society which is a part of the Florida Medical Society and will preside over the convention which will attract physicians from Lake, Seminole, Brevard, Orange, Ocochee, Indian River, Okechobee, St. Lucia and Martin counties.

A number of officials of the State organization will attend the meeting, including: Dr. Leigh P. Robinson of Fort Lauderdale, president; Dr. J. Sam Turck of Century, president-elect; Dr. Shaler Richardson of Jacksonville, secretary-treasurer; Dr. Herman Watson of Lakeland, chairman of the council; and Dr. Stewart G. Thompson of Jacksonville, managing director according to a program for the event.

Appearing on the scientific program will be the following: Dr. George R. Crisler of Winter Park; Dr. Clyde F. Bowie of Leesburg; and Dr. Don C. Robertson and R. D. Thompson of Orlando.

Visiting women will be entertained by the hostesses of Blue Springs, as announced by Dr. Thomas F. McDonald, president of the Seminole County Medical Society, who named Dr. Samuel S. Selman as member of the special arrangements committee.

Trustees Of School Will Be Elected

Freeholders Also To Set District Millage For Two Years; Taxpayers Eligible

An important election affecting the operation of the schools in Seminole County will be held tomorrow when 15 school trustees will be named and freeholders will also set the district school millage for the ensuing two years.

Every district in the county will select three trustees with the exception of District No. 6 which includes Lake Monroe and Paola. The election in this district is exempt by the school code adopted at the last session of the Legislature because the previous election was held within six months of Nov. 7.

Every person who pays taxes, either personal or real, may cast a ballot in this election and vote for or against the 10 mill levy, recommended by the School Board, for all of the voting districts.

There has never been much interest in these school trustee elections and usually not more than 200 to 300 voters out of over 2,000 eligible, cast ballots. The school trustee plays an important part in the operation of the school and more interest should be taken in these elections, Superintendent of Schools, T. W. Lawton said today.

The school code points out that the powers of the school trustees are supervisory rather than administrative.

They consult with patrons, teachers and principals regarding all matters relating to the welfare of the schools in order to determine the progress and the needs of the schools, and make recommendations to the School Board accordingly.

The trustees have the power to nominate teachers and principals for employment in the schools and may recommend dismissal of members of the instructional staff. The trustees may examine and approve the budget prepared by the County Superintendent in order to determine whether the district funds are being used for the benefit of schools in that district and may recommend and advise such changes as appear necessary.

The trustees are responsible for the management and the handling of local school funds and may recommend expenditures from the district current school fund.

The trustees have general supervision of the buildings, ground and equipment and may recommend to the County Superintendent such repairs and alterations as are deemed necessary.

All of these and more are the duties of the district school trustee who serves without pay. These duties are of importance in the efficient operation of the school and the welfare of Seminole County's 5,000 students.

The polls in all of the communities will open at 8:00 o'clock and close at sundown. The County Board of Public Instruction will meet the following day to tabulate the results.

The candidates are as follows: District No. 1, Sanford: R. H. Chapman, W. M. Haynes and Mrs. W. L. Moran.

District No. 2, Lake Mary, Forest City, Bear Lake, Longwood and Goldenrod: George W. Bunnell, Fred Forward, Roy L. Howell, Charles D. Leighton and L. J. North.

District No. 3, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 4, Chulucota: Nolan Ford, E. T. Hamill and S. F. Long.

District No. 5, Geneva and Ocochee: W. L. Alderman, O. R. Mathews, A. E. Moran and J. Wallace Smith.

District No. 6, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 7, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 8, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 9, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 10, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

District No. 11, Oviedo and Sylvania: C. R. Clout, L. H. Goss and George Jakubick.

Training Station Site Is Selected By Maritime Group

About \$750,000 To Be Expended For School At St. Petersburg

WASHINGTON, Nov. 6.—(AP)—The maritime commission announced yesterday acquisition of a site for a new merchant marine training station at St. Petersburg.

The site, located at the center of St. Petersburg and adjoining the municipal airport and the coast guard air base, the site includes about six acres of high land and 14 acres of submerged land, which the city has agreed to purchase and fill.

The commission said an expenditure of approximately \$750,000 for building and equipment would be made during the first year.

Apprentices to be trained in seafaring will be limited to 500 a year and divided into two classes of 250 each. The first class of 250 already has been chosen from emblems. While enrolled in the maritime station, they will receive \$21 a month with necessary transportation, clothing, and living accommodations.

The first three months of a year's training will be spent at St. Petersburg, the next six on a school ship, and the last three on a regular coast guard vessel.

The commission and two school ships, American Seaman and Joseph Conrad, will be permanently based at the St. Petersburg station. The Trinidad, another square-rigged vessel, will be used as a station ship at St. Petersburg.

Commander W. W. Kenner, U. S. coast guard, will command the station. The American Seaman and Joseph Conrad, both commanded by Capt. J. C. Adams, will be based at St. Petersburg, the American Seaman having the 250 apprentice sailors.

Buildings at the station are expected to be ready for the first class of apprentices, which will be selected in May, 1940.

Two Are Injured When Automobile Overtakes

12 Inmates Of Infirmary Die Of Dysentery

Committee Named By Governor Investigates Conditions

NORWICH, Conn., Nov. 6.—(AP)—Dr. Chester Waterman, superintendent of the Norwich state hospital, disclosed today that a "little outbreak" of dysentery in the female infirmary had taken the lives of 12 inmates.

The outbreak, which is now believed to be under control, had approximately 30 more of the 250 patients, all between the ages of 65 and 100, had been stricken but appeared to be recovered.

The building has been isolated, he said, and the disease was believed to have been brought in by a new patient.

An investigation has been under way, he said, and a special committee named by Gov. Raymond E. Baldwin after State Senator Joseph H. Downes charged the conditions "stink to high heaven."

California Voters To Head For Polls On Pension Issue

SAN FRANCISCO, Nov. 6.—(AP)—Prominent members of the State official, last night brought California's off-year election to a climax in which the "ham and egg" pension issue and a proposal for State control of all resources figured out loudly.

While the "ham and egg" pension issue continued to sound of many meetings, and radio broadcast, Chas. Whittier, campaign director for the northern California citizens against 20 Thursday, predicted the measure would be defeated by the weighty thinking citizens of California were weary of their citizenship and turn out at the polls.

He asserted that voters would play away with the voting places. "If that happens," he said, "the outcome will be disastrous."

The initiative amendment to the State Constitution would provide for weekly issuance by the State of \$30 worth of scrip to all California non-workers over 65 years of age.

Hanks, retail merchants and Federal agencies have announced the warrants would not be acceptable as money, but there has been no lessening in the campaign fire of the plan's proponents.

Last Saturday, Secretary of the Interior Harold I. Ickes, in California to inaugurate work on a new dam, expressed opposition to the proposal.

"I like ham and eggs for breakfast, but not in politics," he said.

65 Mile Per Hour Gale Is Blowing Out

Many Ships Battered To Pieces At Sea; Storm Worst Since Hurricane Of 1938

Storm Is Called Tropical Cyclone

Freezing Weather Felt On Gulf Coast, Americas, Georgia

The 65 mph gale that lashed eastern seaboard states with sleet, heavy rains and snow subsided today, leaving much inland waterfront property damaged.

The storm, traveling north from Cape Hatteras, battered the coastline last night with a fury reminiscent of the September 1938, New England hurricane. The disturbance was described as a "tropical cyclone" by Professor Charles Brooks, of Harvard observatory.

Clearing skies were forecast over most of the area, but temperatures tumbling to sub-freezing levels made highway traffic perilous. Several small ocean vessels were pounded to pieces, and a number of coast-guard anchored distress calls from pleasure craft from New Jersey to Boston. Chief damage was inland to communication lines, trees, and shrubbery.

Freezing temperatures pushed to Alabama, the Gulf coast, and frost as far south as America was noted. The tropical disturbance was snow-covered.

Miss Eloise Winn Entertains Rotary Club At Luncheon

Miss Eloise Winn entertained Rotary club at their regular weekly luncheon today with a number of clever impressions. She was introduced by Clyde Parker, who for the next four months will have charge of the program.

H. H. Coleman, who presided over the meeting in the absence of President Martin Whelan who is in Washington, welcomed Dr. T. Park into the club as a new member and called attention to the beginning of the annual Red Cross roll call and to the plans for the Armistice Day celebration next Saturday.

Heretofore, members of Atlantic Springs and Buffalo, N. Y., was greeted by club members today upon his return from the north. He had as his guest A. E. Kline, also of Atlantic Springs.

E. M. Armitage led the club in singing a number of old familiar songs. Visitors at today's luncheon included: J. Howard Moore of Washington, D. C., and Fred W. Taylor, D. O. Flowers, and Judge Van Tassel of Orlando.

Pepper Gives Garner Huge Cigar Humidor

WASHINGTON, Nov. 6.—(AP)—Senator Pepper (D. Fla.) has presented Vice-President Garner a huge cigar humidor made of carved mahogany in manufacture, turning cigar boxes and seven large boxes of especially made cigars of different brands produced in Tampa.

He did so in asking the Vice President to attend the ninth annual show of the Cigar Manufacturers of America Nov. 9 at Tampa. Mr. Garner regretted he could not accept the invitation. Pepper also invited the Civil Service Assembly of the United States and Canada to hold its 1940 annual meeting in Florida.
