With JULIAN STENSTROM Herald Sports Editor

Since our column in last Friday's issue has brought about a little discussion on baseball facilities, we've decided to make a few proposals to eliminate a possible congestion next Spring. The Municipal Athletic Field is going to be tied up by the St. Paul Saints of the American Association who will conduct Spring training activities here. In addition to that, we may have a baseball school operated by the Brooklyn Dodgers even before the Saints arrive. The local high school plans to go into baseball in a big way next Spring. Goose Kettles coached the Celery Feels to a district championship last season and hopes for a repeat performance this coming year. Another angle that can't be overlooked is the fact that in all probability the American Legion will organize a club to represent the local post. Also an important baseball feature is the operation of the Junior League by the Sanford Kiwanis Club.

The City make immediate plans to renovate the local softball park so that baseball could be played there by the Lion Junior League. We also suggest that The Ninth Street Park on French Avenue be turned into a good baseball field. The outfield would be a little close, we realize, but it would still make a nice park for high school and American Legion teams to use. A fence could be put around the park and a wire backstop could be placed behind the plate and seating facilities for approximately 50 people erected on each base line. That wouldn't be too expensive we don't think and it could be done with a minimum amount of labor.

**Pickard Cops Miami Open Gold Tourney**

MIAMI, Dec. 10, (AP)—Golf pro Henry Pickard hit the jack pot in Miami this weekend when he won the \$10,000 open golf tournament.

He took top money of \$2,000 and earned an extra \$250 cash award for low round of the play. Then he cleaned a \$30,000 a year job with a club manufacturer as an additional reward for capturing the event.

Sports Editor Jimmy Burns of the Miami Herald says the job will not interfere with Pickard's plan to report as pro at the Canterbury Golf Club in Cleveland in the near future.

Association has ordered a floral arrangement throughout the day and Seminoles County leaders will be invited to be guests of the man-trophy for the winning thorough-agement presentation in the winners circle.

**TALKING TIRES**

**We Kellys are tough babies!**

If you drive or if your car or truck is driven in any State in the Union and is involved in an accident, you can be compelled to return to that State to defend a suit.

Recently a party from another State had an automobile accident in Sanford. He was insured in one of the companies we represent. The insurance company agreed to pay any claim for bodily injury and property damage against him and he was allowed to continue his trip.

Without insurance his car would probably have been tied up in court procedure and he required to return to Sanford to defend the suit.

The cost of this protection is very reasonable. For the benefits you get. For \$16.00 you can be protected up to \$5,000 for bodily injury and property damage claims while driving your car in any State.

Why Gamble? Call 178-J. C.M. Boyd & Co.—Adv.

## Repatriation Of Jap Troops Topic Of Meet

### Presence Of Japs In China Seen As Menace To American-Chinese Relations

(By Associated Press)  
Lieut. General Albert C. Wedemeyer says the repatriation of the Japanese expeditionary forces was the main topic at the high command conference in Tokyo over the weekend. This meeting was attended by Wedemeyer, as the American commander in China; Vice Admiral Daniel E. Barbey, of the Seventh Fleet, Admiral Raymond Spruance, and General MacArthur.

It may be assured that the conference was not concerned with merely accommodating Japanese troops aboard in the same sense that American doughboys are being sent home. The presence of Wedemeyer and Barbey at the meeting implies strongly that it bore strongly on two questions: First—the American position after the North China powder keg. And secondly—the coming arrival of General George C. Marshall, as soon as he can shake loose his Pearl Harbor question.

The importance of demobilizing and repatriating the Japanese, which has been proceeding slowly, is to be seen in the disposition of the various forces in North China. The American Marines are concentrated around Tientsin and Peiping. The Chinese Nationalists are strung out in a thin line all the way from Tientsin to Mukden. In the same area are the Chinese Communist Fourth and Eighth Route Armies. It's impossible to get an accurate picture of the Communist strength in this zone, but the Chinese Reds undoubtedly are stronger than the Nationalists who are engaging in skirmishes on several widely-scattered sectors. In the background Japanese still armed and perhaps still in many as all the other combined.

With all these forces together a potentially dangerous situation exists—made even more delicate by the presence of the Japanese and the American Marines who already are involved in shooting incidents. Although the Marines were sent to North China for the purpose of demobilizing the Japs, there are some who believe that this has become a camouflage. There are suggestions that their real purpose is to support the Chinese Nationalists against the Communists. This already has resulted in complications. There have been at least two incidents in recent days in which Marines have been killed or wounded by what are generally referred to as Chinese bandits. There was the Marine shelling of an undefended civilian Chinese town. Two fires, which are officially listed as being of undetermined origin, destroyed more than \$1,000,000 worth of American radio and radar equipment last night at the operations and control tower building at Peiping's west airfield.

### CHUNGKING, Dec. 11. (AP)—

The official Central News Agency says that the Chinese and Soviet have reached an agreement on the occupation of Manchuria by Chungking troops.

The Chinese troops are to be flown into Manchuria. The News Agency dispatch says Russian military authorities have agreed to give protection to Chinese central government troops whenever they land in Manchuria.

Observers in the Manchuria capital at Chungking estimate that it will take from one week to ten days to fly a division of central government troops into Chungking.

### DROWNED

GREEN COVE SPRINGS, Dec. 11. (AP)—A woman identified as Mrs. Mildred Pierce Twyne drowned late last night when the car in which she was riding with a girl companion and two sailors slipped through the St. Johns River bridge near Green Cove Springs. One of the sailors also is believed to have drowned. The other couple are said to have escaped from the submerged car. Both servicemen were stationed at the Green Cove Springs Naval Base.

### FIRE AT RITZ

A smoldering fire which firemen had difficulty in locating, was discovered at the Ritz Theater this morning at 9:15 o'clock, according to E. T. Thomas, secretary of the city fire chief. The source of the blaze was discovered finally after coming from a space behind the balcony and the ceiling where excelsior and papers were accumulated. The cause of the blaze was not determined.

## Hurley Accusing Five Aides

AT A TURBULENT THREE-HOUR HEARING before the Senate Foreign Relations Committee, Maj. Gen. Patrick J. Hurley, recently resigned as Ambassador to China, told the senators that State Department career men sought to destroy China's National Government by having lend-lease arms supplied to Chinese Communists. He accused five diplomats by name, saying they sabotaged U.S. policy in China. (International)

## Nazi Leaders Are General Patton Shown Pictures Of Their Crimes

### Germans Reported To Have Used Poison Gas On Prisoners

WASHINGTON, Dec. 11. (AP)—The German used concentration camps, the deadliest poison gas in the world. That's the testimony given today before a Senate military subcommittee by Col. Bernard Bernstein, a director of the United States military government in Germany. Bernstein added that, although it was used on helpless people during experimental stages later on, the gas was used with U. S. prisoners of war in concentration camps.

NUERNBERG, Germany, Dec. 11. (AP)—Twenty-one former leaders of Nazi Germany came back today to haunt themselves at the Nuernberg war crimes trial.

They sat in the darkened courtroom to watch a motion picture depicting the rise of the Nazis through the years, run off as evidence by the American prosecution.

The movie was compiled from German official documentary films assembled in Berlin by two United States naval officers from confiscated enemy libraries.

The film, estimated to run four hours, depicted the rise of German Nazism from a small party to a government that swept over Europe.

The closing scenes showed the facial trial of German officers which followed the rise of German Nazism from a small party to a government that swept over Europe.

### J. I. Malcolm Named Worshipful Master

J. I. Malcolm of Oviedo was elected Worshipful Master of the Oviedo Masonic Lodge No. 243, for the forthcoming year at a meeting held last night.

### MCGILL IN STATES

Walter E. McGill, Jr., RT 1 (USNR), has landed in San Francisco after a year of service in the Pacific area, and expects to be home with his parents, Mr. and Mrs. Walter E. McGill, of Geneva by the first of the year.

## Truman Will Tell Housing Plan At 10 A.M.

### Disabled Vet Leader Says Lumber Goes Into Race Tracks And Road Houses

WASHINGTON, Dec. 11. (AP)—President Truman is expected to announce tomorrow his plans for re-instituting controls over building materials. Presidential Secretary Charles E. Risse was asked at a conference today what is holding up the promised announcement from Mr. Truman—the announcement concerning plans to set aside materials for home building. Risse said he expects the President to have some statement on the subject at his press and radio conference at 10 o'clock tomorrow morning.

Meanwhile, a house committee heard testimony today that critically scarce lumber and other building materials are going into construction of such projects as race tracks and road houses, while veterans are unable to find shelter. The witness was Dow Walker, national commander of the Disabled American Veterans.

The Congress of Industrial Organizations also had some thing to say on housing. The CIO urged prompt approval by Congress of a broad national housing stand. The organization was put in record to this effect by R. J. Thomas, president of the CIO United Automobile Workers. Thomas submitted a statement to the Senate Banking and Currency Committee endorsing the Wagner-Elmendorf-Taft Housing Bill.

## Corporal Evans Is Home From Service In European Area

Cpl. William G. Evans, son of Frank Evans of Lake Mary, has received his honorable discharge and arrived home during the week end after European service. Evans was in the 101st Airborne Division during the invasion of Normandy on June 16, and other actions in northern France, the Rhineland and Central Germany.

He entered the service in March 1942 and was sent overseas with the 10th Air Force, Oct. 8, 1944. His brother, P/O John Evans, received his discharge at Columbus, Miss., Dec. 8, after completing his combat pilot training, becoming a flight officer after receiving his wings in March. Mrs. Patton said, "I have seen George in these scrapes before and he always comes out all right."

## Reorganization Of Executive Branch Approved By Group

WASHINGTON, A Senate and House conference committee, after three weeks of study, has approved legislation giving the President limited authority to reorganize the executive branch of government.

The conference report exempts 11 agencies wholly or partially from reorganization. The bill now will be sent to Congress for action, first by the House, then by the Senate.

As Senator John Murdock sees it, the legislation is not all that President Truman requested. But, said the Utah Democrat, the President's efforts in reorganization will not be very much impeded by restrictive provisions of the bill. Murdock is acting chairman of the Senate conferees. And the head of the House group, Representative Carter Manasco of Alabama, said he thought Mr. Truman would be "well pleased."

Mansaco said he thought he would call on the measure for a vote in the House on Thursday.

As rewritten in conference, the bill rules out a reorganization of the civil functions of the Army engineers. This phase of the engineers' work includes such projects as flood control.

### BUTNER RE-ELECTED USDA COUNCIL HEAD

Leo Butner, local grower, was yesterday re-elected chairman of the USDA Council, formerly known as the USDA War Board, which met at the office of County Agent C. R. Dawson, who was re-named as secretary.

In addition to Mr. Dawson and Mr. Butner were Mrs. Ouida Wilson, county home demonstration agent, Oris Mathews, assistant to Mr. Dawson, and George Livingston.

Miss Bertie Mae Steinmeyer is acting as secretary to Mr. Dawson during the vacation of Mrs. Christine Butler.

### AUTO SALES

Auto tag sales during the past week at the office of County Tax Receiver Jno. D. Jenkins were 97 percent higher than during the same period of time last year. It was reported this morning by Mr. Jenkins.

Initial week sales this year total \$20,888 as compared with \$11,008 sales last year.

### NOTICE

Beginning Friday, Dec. 14, all classified advertisements must be in the Herald Office by 3:00 o'clock of the day preceding publication. This is being done in an effort to get the paper out earlier, a factor which will help both the subscribers and advertiser. We know the public will cooperate with us in this effort.

# Marshall Says Roosevelt Gave Orders To Wait For Overt Act By Japanese

## Wreckage Of Bus After Fatal Hit By Train

CRUMPLED AND TORN at a railroad crossing southeast of Chicago Ill., the wreckage of a bus in which five died is pictured here when it was thrown by the fast-flying express train that smashed it. Some of the passengers were reported thrown under the wheels of the express. Nine survivors, all injured, were taken to hospitals. (International Soundphoto)

## Local VFW Post Has Annual Roll Call At Meeting

The Seminole County Post No. 3282 of the Veterans of Foreign Wars held a special meeting last night at the American Legion that which was featured by the reading of the annual roll call.

Post Commander Lloyd E. Boyle presided at the meeting that was attended by a number of veterans of the First and Second World Wars.

O. J. Camp, Commander of the Fifth District, was a guest at the meeting and told the group of activities in the Fifth District during the past few years. He announced that plans had been completed for the Annual District Conference which is to be held at St. Cloud in April. Commander Boyle also complimented Commander Boyle for his efforts and activity in affairs of the local organization.

Frank McGuire, Fifth District Inspector, was also a guest and spoke briefly of the organization of the Veterans of Foreign Wars. He outlined activities of the local bodyguards, and two others, out of ammunition, surrendered to him after a two-hour battle. The car, at the time of its capture, was mounted on a flat car, he said, and Goering had gone on ahead after it had broken down. Azara was returning in a Peep after a tank repairing mission when he sighted the car. Several windows of the car were cracked by bullets from his .30 caliber carbine.

Accompanying the car on its tour of the eastern coast from Washington, D. C. to Miami are Lieut. John Cole, who headed the ordinance group to which Sgt. Azara belonged; Sgt. Azara, S-Sgt. Edwin Lasko, T-5 James Pendas, Pfc. George Hunt, Pfc. Walter Lewis, T-5 Walter B. Spencer and Pvt. Thomas Kiral.

## Herman Goering's Mercedes Benz Is Exhibited Here

Had he and his Hitler captor conquered the world as they set out to do, Reichsmarshal Hermann Goering might now be touring Florida in his 10 foot long, 160 horsepower Mercedes-Benz long bullet proofed with armor plate and five ply glass, one and a half inches thick, which yesterday was on exhibit at the garage of the Sanford Truck Company. As matters now stand, the car, piloted by G.I., is touring Florida on behalf of the Victory loan drive, while Goering in Germany is on trial for his life before the bar of international justice.

The huge four-ton brute of a car, hand built in 1942 at Stuttgart, Germany, at a cost of \$25,000, was one of eight similar cars built for the Nazi world by Goering. A model belonging to the late and unlamented Adolf Hitler is now touring the west in connection with the loan drive.

A 1944 model motor, taken from one of Hitler's cars at Berchtesgaden, was substituted for the original motor of Goering's car after a connecting rod was broken.

Sgt. Joe Azara, of Cleveland, Ohio, who single handed, captured the car at Laufen, Germany on April 5, yesterday stated that he killed two of Goering's personal bodyguards, and two others, out of ammunition, surrendered to him after a two-hour battle. The car, at the time of its capture, was mounted on a flat car, he said, and Goering had gone on ahead after it had broken down. Azara was returning in a Peep after a tank repairing mission when he sighted the car. Several windows of the car were cracked by bullets from his .30 caliber carbine.

Accompanying the car on its tour of the eastern coast from Washington, D. C. to Miami are Lieut. John Cole, who headed the ordinance group to which Sgt. Azara belonged; Sgt. Azara, S-Sgt. Edwin Lasko, T-5 James Pendas, Pfc. George Hunt, Pfc. Walter Lewis, T-5 Walter B. Spencer and Pvt. Thomas Kiral.

## Tennis Court Bid Is Referred To Tennis Club

Action on the letting of a contract to build a new concrete tennis court in Fort Mellon Park was deferred last evening by the City Commission, pending a meeting with the Sanford Tennis Club, after the City Commissioners had rejected the lowest bids and found them too high to fit in the \$3,000 figure budgeted by the City for the purpose.

The lowest bid for laying a single tennis court alone, and not including a wire fence or equipment, was \$3,404.00, made by Harold B. Gray. The other bidder was W. O. Liddges. The lowest bid made on a double court was \$4,127. It was reported by City Clerk H. N. Sayer. Mr. Sayer estimated that a fence and equipment would cost \$500.

The resignation of James Moughton, city street and park superintendent for the past 23 years, was accepted by the Commission, and will be effective on Jan. 1.

The employment of Ralph L. Binski as superintendent of public works, at an annual salary of \$3,000, was also reported by Mr. Sayer. The city public works employee at the Sanford Naval Air Station, was approved by the Commission. Mr. Lubin, who is now on vacation, is married and has lived here about 10 years. He will occupy his new post after Jan. 1.

Sidney Richard, city employee for the past 20 years, was promoted from assistant street superintendent to superintendent.

Three applications for sale of licenses were rejected by the Commissioners. They were: application of Roy A. Redding to sell beer and wine at 157 West Thirteenth Street; application of Sally Perry, colored, to sell beer and wine at 112 Orange Avenue, and application of E. B. Smith, to operate a package liquor store at Eleventh Street and French Avenue, the rejection being based on the fact that this was outside the liquor zone.

Application of John Reddick, colored, to operate a taxicab was rejected, as it was felt by the Commissioners that there are enough taxicabs operated by colored drivers.

December analysis of milk was reported to have met Grade A requirements.

The Sanford Atlantic National Bank and the Florida State Bank were designated as depositories for City funds.

## Chief Of Staff Says FDR'S Instructions Being Followed At Time Of Jap Raid

WASHINGTON, Dec. 11. (AP)—General George Marshall has testified that President Roosevelt was responsible for orders to American commanders to wait for an overt act by the Japs. The former Army Chief of Staff told the congressional committee investigating Pearl Harbor that the late President had ordered such instructions included in orders issued prior to the Jap attack on Dec. 7, 1941.

Marshall added that Mr. Roosevelt's directions were being followed when Lieut. General Walter Short was told, quote, "The United States desires that Japan commit the first overt act." At the time of Pearl Harbor, General Short was commander in Hawaii.

Also in Washington, undoubtedly developed as to whether a Japanese submarine commander would appear in court in the court marshal of Capt. Charles McVay. The Jap officer, like McVay, was taken to the courts from Japan. Raskin said he had been in command of the submarine boat which sunk the heavy cruiser Indianapolis, at that time commanded by McVay. But now the judge advocate in the court marshal says that it has not been determined whether the Jap is a competent or credible witness.

At the White House, it was announced that President Truman is working on a message to Congress stating his views on proposals to give the Army and Navy, as proposed by the Senate, that it was possible that the Chief Executive's message would go to Capitol Hill before the start of the Christmas recess.

The White House also announced that the President has reappointed Basil O'Connor of New York as national chairman of the American Red Cross.

And Mr. Truman took time out from his duties to have lunch, aboard the presidential yacht, the USS Intrepid, at the Potomac were members of the cabinet.

## CITY BRIEFS

A supper meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held at 7:00 o'clock this evening at the Hotel Mayfair.

Dr. Alfred Foster, plant pathologist of Alhambra, N. Y., arrived Monday with his wife and two children, David and Ruth, and is now seeking a house location. Dr. Foster will assist Dr. R. W. Rupprecht, chief chemist of the Central Florida Experiment Station.

The Oviedo High School Senior Class will present its annual play entitled, "Aunt Jerusha," at the school auditorium at 7:30 o'clock Tuesday evening.

The Woodmen of the World will hold a regular meeting tonight at 7:30 o'clock at the W. O. W. Hall located at 116 South Park Avenue. All members are urged to attend as the election of officers for the forthcoming year will be held.

## SPECIAL STRIKE FUND

DETROIT, Dec. 11. (AP)—The International United Automobile Workers' Union has asked its members to contribute at least \$1 each to a special international strike fund. The action by the CIO union was accompanied by a statement that it is apparent that the General Motors Strike will last a long time. The drive for funds will start on Dec. 15, and will last until the end of the GM strike.

BIBLE VERSE FOR TODAY... NEVER DO ANYTHING THAT YOU MIGHT WANT TO FORGET. IT IS NOT SO EASY AS YOU THINK. I do remember my faults this day. Genesis 41:20.

PRECIOUS STONES AT A BANQUET

MRS. MILLER'S emerald furnished light. No minds were there to scintillate or shine. Only the jade and sapphires glittered bright. There was no intellect to stop the wine.

ORIAN DE PLEDGE

Buy an E-Bond and help put Seminole County over the top.

Considering the handicaps, Sanford is making splendid progress in having its face lifted.

If you don't do your Christmas shopping early this year, you are not likely to do it at all.

The Conservatives in England are not willing to accept a loan from the United States. Like so many people who have carried the burden of repaying obligations, the Conservatives know the loan will be harder to repay than to face the problems of the world today without borrowing.

There are generally plenty of taxes to pay in Florida, but the Tampa Tribune reminds us that this state has no state income tax, no general sales tax, no state inheritance tax, no tax on humbugs under \$5,000 in value, no state realty tax, no poll tax, no need for any new taxes, with no state bonded debt, no unpaid bills and with a big cash balance in the Treasury. Worth thinking home.

John L. Lewis pays his respects to capital, labor and President Truman, all of whom he seems to think are a bunch of bums. And that is about what all of them think of him. About the automobile workers being stupid in selecting this particular time to strike against General Motors, there is something in what Lewis says. The union couldn't have struck at a better time, from General Motors' point of view. But maybe the U. A. W. is a spirit of co-operation and a spirit of unthinkability to John L. Lewis, wanted to save the company unnecessary losses.

Being paralyzed even temporarily is going to be tough for awashbuckling General Patton who has probably never been in a bed sick in his life. For one so used to taking care of himself in any and all emergencies, there is no greater embarrassment than having to be cared for by others. No doubt he would rather be dead. Fortunate, however, in any good soldier there is something which clings to life, no matter how great the suffering or embarrassment. And in time the human body is mended in miraculous ways. So may it be with Patton.

Republicans are considering General Dwight Eisenhower for president in 1948, even as labor leaders are casting around for someone to support besides President Truman whom they regard as not quite far enough left of center. Although the Germans raised General Eisenhower as the greatest soldier to come out of this war, the Republicans would be making a mistake to nominate a man with no previous political experience, no public life, no record, no name, no battle of wits, no ability to lead. For them, the choice for them is Comdr. Harold Stassen, who has a notable record.

Houses Going Up

Many of us still living recall the time when Florida spent much of her energy and money developing real estate allotments, building houses as well as schools, churches and stores, many of them of wood.

New residences faced the streets often unpaved, sometimes mere quagmires. Frequently sidewalks were lacking. Draymen belabored their horse-teams struggling with heavy loads of lumber, lime, slate for roofs, stone for foundations, kegs of hails. Scooting over scaffolding, though forbidden, was a regular after-school activity for boys and girls. Sights and sounds of buildings going up were common place as were the delicious smells of newly-sawed wood, fresh-laid cement, wet paint and glistening varnish.

How good it would be if all this were being enacted now, throughout the country so in need of new homes and enlarged business facilities! Indeed all those good sights, sounds and smells of building may soon become experiences that today's children can carry into their future, if promised construction gets under way.

But there will be a difference. Prefabrication will eliminate much of the scaffolding, and the romance of the horse-drawn wagon will be gone. Efficient trucks will whisk supplies over well-paved streets in half the time and with less than half the labor of the old days. Some boys and girls are too busy with movie-going and driving the family car to have time for loitering near the sound of the hammer.

Thousands, however, will still delight in the sensory joys and in that satisfaction of the creative instinct which comes from seeing a useful dwelling rising from the hands of men.

Cream Into Butter

Every citizen has an obligation to work for what should be mankind's absorbing concern today—world unity. So says Andre Maurois, French author and lecturer who is a familiar figure in the United States.

As a prelude to action he would have everyone keep fully informed by making the study of current events a daily habit. He tells the story of two frogs who fell into a cask of cream. One, a pessimist, gave up easily and was quickly drowned. The other kept on kicking, falling back after each futile attempt to scale the slick only to thrash about and attempt it again. Never giving up, he finally churned the cream to butter. From this same foundation, the do-something optimist frog leaped to freedom.

Maurois is himself a doer. Except for the interval when he served on active duty in this war with the French army, he has spent his life attempting through his books to interpret France to British and American readers, and the English-speaking peoples to his native countrymen.

A morass of tensions and problems threatens to engulf all thinking people today. As Maurois sees it, intelligent workers, who keep a clear view of facts, like the frog with his eyes on the sky above his cask, can churn a useable springboard from which they can launch themselves into a better future.

Champion City Boss

The American city boss, once a familiar figure but of late years disappearing from the scene, is not the champion of his kind. Shanghai, a city of 3,000,000, has just been revealed as possessing the No. 1 boss of all time.

Tu Yueh-sheng, head of the two Red Gate and Blue secret societies, chairman of the Cotton Mill Guild, an employers' organization, and the ruler of the General Labor Council, is pretty much the whole city of Shanghai. He is chairman of 50 to 60 organizations, a shareholder in two big banks and several small ones, two cotton mills, four flour mills, two woolen factories and a silk factory. He has a son, incidentally, studying at the University of Virginia.

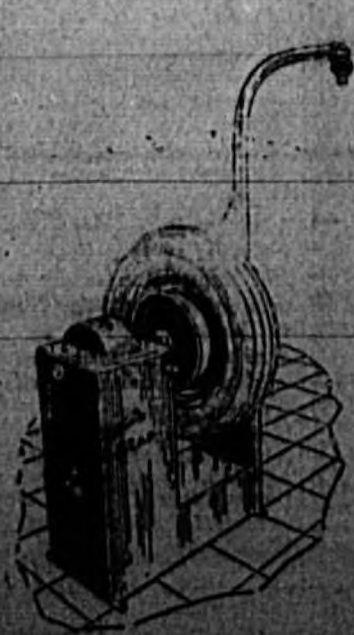

No wonder that with all these strings to pull, Tu was called on personally by Generalissimo Chiang Kai-shek to keep the city's rising prices down. Mayors Hague of Jersey City and Kelly of Chicago may well look on this Shanghai ruler with awe and envy.

Musical Era

Nowadays the beginning of the operatic season not only brings to America the finest and best-played music in the world, but brings it into the homes of many millions of people—far more than were ever able anywhere before to listen to good music at one time. The crowning blessing is that such music is now delivered directly into people's homes, with no more expense or trouble to them than the providing of an ordinary radio set. Of all our modern cultural miracles, perhaps this is the most wonderful.

And it is also very fruitful. For out of the listening to aerial music coming over the waves by day and night is developed gradually such a universal knowledge and taste for music as never existed anywhere else, in any age. It is seen already in the flowering of youthful geniuses in almost every section of our land, and this process may continue without limit.

THE SENATE "WHIP"

Very truly yours, Claude Pepper

Last week, you recall I wrote from Nuremberg where the Nazi criminals are on trial. During the last 10 days I have heard the indictment read, have heard the defendants and some of the other Nazis who are to be witnesses for the prosecution questioned, and have gone over the preparation of this world-renowned case with Justice Jackson and his staff. For four days I attended the trial myself.

Goering, Hess, Ribbentrop, Keitel, Raeder and all these defendants are charged first with organizing and carrying out a conspiracy through the Nazi party to take over the absolute control of Germany and to crush all opposition to their absolute power in the German Nation. That involved the abolition of the civil rights of the citizens, the establishment of the secret police and the ruthless party gangs like the S.S. and the R.A. troops, and the setting up of concentration camps into which their enemies could be thrown and either confined, tortured, or killed.

The second step of the conspirators, as the prosecution is showing, was to plan aggressive wars first upon Europe, then upon the United States and other parts of the world. This policy of conquest still carried out by the Nazi party but through the instrumentality of the German state because the party by this time absolutely dominated and controlled the state.

The third step was the beginning of the German wars of conquest as planned by the Nazi conspirators and the attack upon Poland after Poland which followed. The indictment charges that in the course of the conduct of this war of aggression and conquest, the defendants as the responsible heads of the Nazi Party and the German state, tortured and killed prisoners of war, want only destroyed and looted in occupied territory, shot people in

upon our relations with Russia generally. Out of his long experience General Smith was able to give me some very helpful information as to what was the underlying principles upon which all genuine friendship between the United States and Russia, and undoubtedly by the peace of the world, will depend.

En route from Frankfurt to Paris by train I had the pleasure of running into one of my old friends, Lt. Colonel Golden of Tampa, who has done a great job for General Eisenhower in handling petroleum supplies for the American forces in France and Germany. He was happily en route home.

In Paris I found two more of my old friends, Colonel R. J. Marshall and Lt. Colonel Bob Pentland. Colonel Marshall had charge of our post exchanges during the French and German campaigns, and Colonel Pentland, recently discharged after distinguished service with the Army, came back in the Army as a civilian to help Colonel Marshall in Paris. Thanks to Colonel Marshall the American soldiers have had the best supplies possible; everything from cigarettes, candy and coca-cola to music boxes and Swiss watches. Colonel Marshall and Colonel Pentland, are soon to come home.

Many Florida boys, hearing I was in Paris came to see me about their problems. Some had illness in their families and I was able to help them get home. Some felt that they had suffered an injustice and had their cases looked into by responsible officers. I constantly kept up pressure upon the armed forces to expedite the return of our boys home, if possible, by Christmas. I have also kept pressing the armed services to release doctors and nurses as fast as possible so they could return to serve the civilian population at home. I have been making some progress in this respect.

Where Are All The Little Fuehrers In War Torn Germany

The big boys now are in the prisoners dock at Nuremberg. But what about the hundreds of thousands of little Fuehrers who strutted and helled all over Germany? Where are they? The Germans have their own ideas where these "Bonzen"—as they were called—have gone. Some say, ironically, that all of them are working for the Allied Military Government. Or they're masquerading as refugees from the Russian Zone. Others say the worst Nazis never will be found, because they never joined the party and last put up party members as a front. Now, supposedly, they are still up to the same tricks, with party members doing time for them.

Some, of course, have been arrested. Probably typical of this group is one Dr. Rudolf Firlie, who didn't throw his money around under the Hitler regime but who made plenty. Firlie was a submarine officer in the First World War and then became an ambassador in Germany. He was arrested by German Lloyd Steamship Line. That was until Hitler appointed him managing director and virtually the king of Bremen.

Yes, Firlie lived with his family in solid comfort during the Nazi hey-day. But things are different now. Their house, with its beautiful sitting room, has been requisitioned by the Americans for homeless persons. Herr Firlie tried to burn a lot of evidence before the Allies got to Bremen after he escaped from Paris. But it was no use. Everything was written down. The Allies knew all that he had been doing. One day, four soldiers came and took him away.

And what about his son Helmut, the honor leader of the Hitler Youth? The old cronie who serves as caretaker of the Firlie household, hopes that some diving helmet will come back from the Russian prison camp. And what about Frau Firlie and daughter Ruth—who in the high days of 1935, used to argue that Hitler practically was a divine being? Those two, their health, spirit, and illusions shattered, live in the French zone on the \$20 a month which the Allies allow them from the family's confiscated fortune.

This is the fate of just one family in Germany; this is but one legacy of the Hitler regime. There is another which is children left without parents or homes; some of the Germans who are truly innocent victims of Hitler's war. They are to be seen everywhere in the larger German cities—white-faced, gaunt eyed ghosts, wandering amid ruins and living by their wits.

It is estimated officially that there are 14,000 homeless children in Munich alone. Many lost both

parents in the war. Some of the youngest don't even know their names. Some of the 11 and 12-year-olds are particularly hard to handle. They constantly try to escape from authority in order to resume a career of thievery which they call adventure. The Berlin newspapers contain columns headed "Kinder Verloren"—lost children. They include pitiful appeals from parents who lost families when the war went down on them. Some, giving up hope of finding their own children, offer to adopt others. But most of the time, they are found to be living in homes which are half-destroyed and are so unattractive that their offers have to be refused. Here is just one case from among thousands: Five little boys and three little girls—the youngest, one and-a-half years old—are sharing four beds in a Berlin hospital. They were found several weeks ago in a freight car as it rumbled. There were six boys, but one of them died. Only one of the children, a boy, knew their name. But even he could not explain how they came to be alone, half-starved in a freight car.

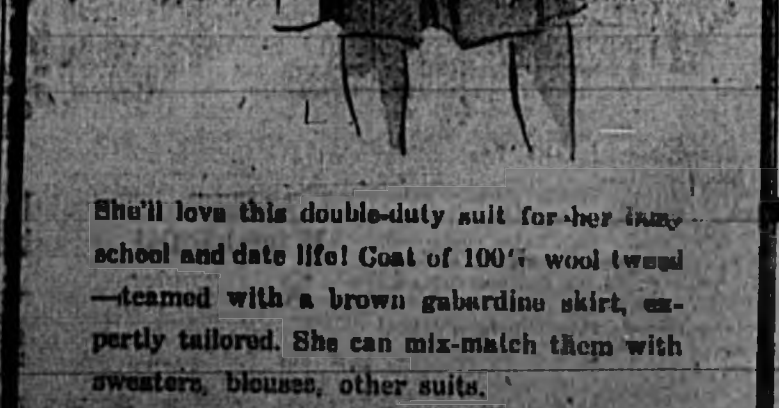

This is but part of the legacy Hitler bequeathed to the world. In the prisoner dock at Nuremberg, and their functionaries like Rudolf Firlie, of Bremen. Yes, it is bitter, it is heart-rending, it is pathetic. But it is a legacy which must also be found in every European country invaded by the German occupation.

McNarney Keeps In Good Stead With Russian Generals

BERLIN, Dec. 11. (AP)—The old adage—when in Rome, do as the Romans—has a parallel in the case of Joseph T. McNarney in good stead in Germany. The American occupation commander has advised that idea to the Russians. And in that way he has found a solution that has kept him out of other—how to keep pace with the expansive hospitality of the Soviets. The others always came away from Russian parties stuffed and a bit tipsy, but not General Joe—and here's his secret.

McNarney was at a luncheon party given by the Soviets in Berlin and well-better let the General tell it: "I sat next to Marshal Zhukov, and he's a jolly fellow. Everything a dish came along—and there was a long succession of them—he'd say: 'Now, you must try some of this. It's fine.' "I tried it several times, but I noticed he passed up some dishes, so I tried a different tack. I just said: 'I'll take some if you do.' He took some, but when I didn't eat it, I didn't eat. He just went along that way, and I came out okay."

TO THRILL HER AT CHRISTMAS

She'll love this double-duty suit for her busy school and date life! Coat of 100% wool tweed—steamed with a brown gabardine skirt, expertly tailored. She can mix-match them with sweaters, blouses, other suits.

MATHER of SANFORD

Social And Personal Activities

Society Editor: Cecelia Tralock

Social Calendar

TUESDAY
The Intermediate Girls Auxiliary of the First Baptist Church will meet at the Church at 7:30 P. M.

Rev. Sackett Speaks To West Side P-T.A.

Rev. M. B. Sackett addressed the general meeting of the West Side P.T.A. members Thursday afternoon in the school auditorium on the value of home influence in a child's life.

Mrs. C. A. Anderson, president, introduced the speakers and presided over the business meeting.

Miss Jane Benson Is Wed To H.R. Parker

In a quiet but impressive ceremony performed at the home of the Rev. and Mrs. W.P. Brooks, Jr. last Saturday afternoon, at 1:00 o'clock, Miss Jane Benson, daughter of Mr. and Mrs. J.A. Benson, became the bride of H.R. Parker, Chief Petty Officer, USNR, son of Mr. and Mrs. E.W. Parker of Lynchburg, Va.

The double ring ceremony was performed by Rev. Brooks in the presence of only the family, Mr. and Mrs. M.T. Haynes, brother-in-law and sister of the bride attended the couple.

Following a honeymoon trip Mr. and Mrs. Parker will visit with his parents in Lynchburg before going to California where he will be stationed.

Grammar School PTA Plans For Orchestra

The Sanford Grammar School P.T.A. voted to adopt the school orchestra as its project for the year and contributed \$300 toward its support at the meeting held Wednesday afternoon at the school auditorium with Mrs. George Harden presiding.

Personals

Friends of Miss Phyllis Allen will regret to learn that she is ill at her home on Holly Avenue.

Mr. and Mrs. Winston Henderson are residing at the present time with Mr. Henderson's parents, Mr. and Mrs. C. P. Henderson at 1010 Oak Avenue.

Mrs. J. C. Snead has returned to her home in Atlanta after spending a few days with Mrs. E. B. Phillips and Miss Vera Phillips at 1004 Laurel Avenue.

Mr. and Mrs. John B. Phillips and young son, Johnny, are now residing at 2632 Sanford Avenue. Mr. Phillips has recently received his discharge from the Navy.

Mr. and Mrs. J. H. Went had as their guests over the weekend the latter's brother and family, Mr. and Mrs. G. W. Niblack and Mr. and Mrs. St. Johns also of Jacksonville.

Mr. and Mrs. C. D. Phillips have returned to their home in Jacksonville after spending several weeks here visiting relatives and friends. Mr. Phillips has recently received his discharge from the Army after serving two years in the China, Burma and India theater of war.

Mrs. Raymond Lundquist, 805 East Second Street, was visited Saturday by her parents, Mr. and Mrs. Cecil Wilson of New York City who arrived by plane. They expected to leave today for Miami where Mrs. Wilson will visit friends. Mr. Wilson, who is public relations director for the National City Bank of New York, will embark from Miami by plane to Santiago, Chile, on a business trip.

Mr. and Mrs. J. M. Stinescoper and Grace Marie attended the wedding of Miss Lollie Melvin and Lieut. (jg) James B. Doster which was solemnized in the First Baptist Church of New Smyrna Sunday afternoon. Mr. Stinescoper sang "Because" and "For You Alone" during the ceremony. They also attended the reception for the bridal couple which was held at the New Smyrna Yacht Club.

equipment, and clothing for children of countries devastated by war. Twenty dollars was contributed and it was decided to devote proceeds from a silver offering to be accepted Monday evening at the Christmas program in this cause. Five mothers volunteered to attend a P.T.A. study course scheduled to be conducted early in the new year at Southside Primary School. The nine point requisite for a blue ribbon school was reviewed and assurance given the president that all requirements would be met by her organization. Mrs. Hardy, guest speaker, who was presented by Mrs. Wonne, program chairman, used as her subject "Music in Childhood." The glee club favored the group with several musical selections which were enthusiastically received.

Lieut. Henrichsen Honored At Party

Miss Susan Kirtley honored Lieut. Florence Henrichsen USNR with a bridge party Saturday evening at the Kirtley home on Golden Lake. Lieut. Henrichsen, former aide to the commanding officer at the Sanford Naval Air Station and Wave administrator, has been detached from the local station and will soon depart for San Francisco, Calif., where she will be released from the U.S. Naval Reserve.

The Kirtley residence was beautifully decorated with hollyhocks and red chrysanthemums. The dining room table was centered with a small Christmas tree bearing red camellias. Each guest chose a camelia to which her tally was attached.

After several progressions of bridge had been played, paper was awarded Miss Marjorie June Burdick for high prize and a compact was awarded the honoree as a memento of the occasion. Miss Winifred Lovell was awarded a screen prize.

A sweet course was served by Miss Kirtley and Miss Catherine Spencer to the following: Lieut. Henrichsen, Miss Margaret Spencer, Miss Winifred Lovell, Miss Lutetia Gornly, Miss Marjorie June Burdick and Carl Kirtley.

TERRACE TALK

Of course you'll have a Christmas party. Afternoon, evening or drop-in guests. Festivity is in the air this Christmas. The boys are either home or coming, lots of gas, meetings with old friends you haven't seen in ages. So here is party fare. Have candies and cookies ready; serve the dress-up crowd an elegant tray of super-delicious surprises with punch; and chat for hours with dear friends in the companionship of kitchen and coffee. . . . McCalls magazine suggests: popcorn balls, creamy fudge, spiced nuts, savories and punch, shrimp-bacon hot devouevre, aspic, cream puffs with chicken salad, crab meat delight, egg anchovy strips, sausage rolls and spiced mulled wine.

DOTTIE BOLT'S baby boy born Saturday afternoon at five is named ROBERT SIMS and is a husky lad . . . nine pounds and eleven ounces. . . DOTTIE will be confined to the Orange General Hospital for approximately ten days . . . then she will return home with ROBERT. . . HURSTON BABCOCK, violinist, played the First Movement of Beethoven's "Moonlight Sonata" Sunday at the Episcopal Church and it was magnificent. . . Chating in the uptown section Monday afternoon were BOB WILLIAMS, LEA LESHER and L. T. DOSS. . . BOBBY NEWMAN and ROBERT WILSON are in town again and will be here through the holidays. . . the Cotillion Club is sponsoring a dance Dec. 21 at the Womens Club with a good orchestra to mark that date down on their holiday calendar with a red pencil. . . High School couples go as follows: NANCY WILLIAMS and JAN JENKINSON; LYLILIAN BOYLE and JOHNNY BRUMLEY; KITTY OIHAM and PETER LANSING; CAROLINE LEE and GEORGE CHAPMAN; JOYCE GOODSPED and VERN CLARK; HANK DAMPIER and ANDY ANDERSON; LOLO LEE and CARL WILLIAMS; WALTER

Mrs. Adams Entertains Her Bridge Club

The Duplicate Bridge Club met Wednesday afternoon at the home of Mrs. W. A. Adams, Jr. 2101 Lily Court. The rooms of the Adams residence were decorated with red chrysanthemums and greenery carrying out the Christmas motif.

Mrs. Joe Meisch and Mrs. Hawkins Connelly were awarded prizes for having the highest scores. A sweet course was served by the hostess to the following:

Mrs. W. C. Hill, Mrs. James Ridge, Mrs. Hawkins Connelly, Mrs. Hugh Whelken, Mrs. Roby Laine, Mrs. J. L. Woodruff, Mrs. Joe Meisch, and Mrs. Lloyd Boyle.

GLEE CLUB

FALLAHASSEE, Dec. 7. (Special)—One hundred and three voices, under the direction of Miss Ethel L. Robertson, will present the annual Christmas Vespers program at 7:30 the Florida State College for Women Glee Club next Sunday afternoon at 7:30 in Westcott auditorium at the college. Miss Lane Meriwether and Miss Mildred Robson from Sanford are members of the glee club and will participate in the program.

The Glee Club members will be assisted in the program by Miss Mary Reeder, faculty harpist; Rachel Crutwell of Tallahassee, student violinist; and Fawn Traylor of Tallahassee, student organist. Piano accompaniment will be played by student pianist Eleanor Brong of Tampa.

Miss Robertson has announced an interesting program for the annual affair, which in years past has attracted many visitors to the campus. It includes a group of seven carols played by Miss Traylor, a harp selection by Miss Reeder and a violin and harp selection by Miss Reeder and Miss Crutwell, in addition to selections by the Glee Club and soloists.

Handel's "Hallelujah Chorus" from the Messiah, reputedly raised to even greater heights of popularity by its presentation in the motion picture "Music for Millions," is a salient feature of the Glee Club's program, which includes traditional Christmas music of several periods and countries and ends with the best-known of all Christmas carols, "O Holy Night."

Scheduled to sing solo parts of the program are Anne Daniel of Miami, Paula Teagarden and Alice Wheeler of Tallahassee, Phyllis DeKalb of Clearwater and Doris O'Neill of Daytona Beach.

Dorothy Powell To Open Supply Store

Miss Dorothy Powell will open Powell's Office Supply Company Wednesday at 110 1/2 Magnolia Avenue, adjoining the Peter Paul Beauty Shop. In addition to office supplies and equipment, she will have a stock of Christmas cards and social stationery.

Miss Powell was born in Alabama, but has lived most of her life in Sanford. She is a graduate of Seminole High School and attended Massey's Business College in Jacksonville. She has gained considerable knowledge of the office equipment line by former employment with the Pound and Moore Company of Charlotte, N. C., Bishop's Office Equipment Company of Orlando and Coleman's Office Equipment Company of Sanford.

STARBUST SOLD

LONDON, Dec. 11. (AP)—The Aga Khan has sold his race horse Starbust for a record price of almost \$200,000. Starbust was sold in London to a breeding syndicate for 12,000 pounds, which would be \$118,000.

General Yamashita Will Appeal Case Before MacArthur

MANILA, Dec. 7. (AP)—Lieutenant General Tomoyuki Yamashita planned today to appeal to a man he once threatened to drag to a surrender table—General of the Army Douglas MacArthur—to save his life.

In a brief, 15-minute procedure today a United States Military Commission of five generals, declared Yamashita guilty of committing atrocities committed by troops of his Philippines command. The commission—headed by Major General Russell B. Reynolds—sentenced the bullet-headed Jap general to death by hanging.

Prior to hearing the verdict and sentence, Yamashita, through an interpreter, issued a brief statement to the court. Said the three-star-maj. time conqueror of Malaya and Singapore:

"I wish to take this opportunity to express gratitude to the United States officers of the defense, brilliant and upright officers. I want to thank the commission for a fair trial."

Yamashita's smoldering anger when he heard the sentence, but he straightened quickly and made a curt bow to the commission before he was led back to his cell to await the outcome of appeal procedure.

His defense had several courses open for one thing, it still has an appeal pending before the United States Supreme Court asserting that the commission had no legal right to try Yamashita.

Yamashita's counsel also can appeal first to the Commanding General of Army Forces in the western Pacific—Lieutenant General W. D. Styer. If Styer upholds the commission's findings, and voids Yamashita's own set, appeal goes to MacArthur. If the Allied Supreme Command upholds the verdict, Yamashita can again appeal to the United States Supreme Court.

Meanwhile, a dispatch from Tokyo said Yamashita's wife, who has not been with her husband more than five months in the past ten years, also thinks to get a fair trial, said she to a Tokyo newspaper.

"The method of justice on the American side is admirably fair, I am pleased with it. I thought my husband should be put on trial normally because he took command for a long time in the front."

GHAIL SCORES 100 POINTS —Miami, Fla., Dec. 11. (Special)—Harry Ghail, University of Miami's sensational freshman footballer, scored 100 points in football this year. His teammates scored 98.

Advertisement for B. L. Perkins robes. Text: "This is The WEEK To Select HIS ROBE". Lists items: RAYONS \$11.95 to \$18.95, FLANNELS \$11.95 to \$26.50, COTTONS \$8.95 to \$13.50, TERRIES \$6.95. Includes image of a man in a robe.

**Marking 'Em Up**

With JULIAN STENSTROM  
Herald Sports Editor

The City Commission recently voted to construct some tennis courts. They sent out bids to contractors but the contractors wanted to know where the courts were to be constructed before submitting bids. It seemed that if the courts were built in the Eighth Street Park, the cost of construction would be more because some trees would have to be removed, especially if a double court was built.

Last Wednesday afternoon Mayor Edward Higgins brought the matter before the Commission and it was decided to choose the court (or courts) on the Lakewood front in Fort Mellon Park.

Thursday afternoon the selection of the site appeared in a Herald story and all day Friday we were answering telephone calls from people interested in tennis who cannot understand the idea of putting tennis facilities on the Lakewood front. They all want to see the courts in the Eighth Street Park or any other place other than the Lakewood front.

When Mayor Higgins brought it up before the Commission the other day, it was also decided to plant some windbreaks. However, this doesn't seem to satisfy the tennis fans who say it would take 12 years before they would do any good. They all want to see the courts in the Eighth Street Park or any other place other than the Lakewood front.

Mayor Higgins says that the City selected the site because they wanted to continue their program of making Fort Mellon Park a recreational center. They plan to place the swimming pool there too. The City will soon have control of the present USO building. Mayor Higgins suggested that if the City construct the courts on the Lakewood front and later other facilities, it would require only one caretaker to keep facilities in proper order.

Some people have called us and insisted that the Lakewood front is no place for the swimming pool, either. They say the wind is too strong for that too.

Although we can see the Commissioners' point of view in a perfect sense, we can also see the view taken by the opposition.

This corner is going to suggest that the City use Eighth Street Park for the construction of a Tennis Center. We are sure that four double courts could be built there without any trouble. We further suggest that Fort Mellon Park be further beautified and limited to a park along the water.

There is quite a difference between a park and a playground. The entire area on First Street clear to the hotel should be planted and a beautiful park could be the result. What we have in mind is something similar to the beautiful landscaped park that borders the western shore of the Halifax River in the Daytona Beach business district. Wouldn't that be something to see on our Lakewood front?

Guss Kaffen called us and said that Woody Thompson of the Miami Herald was all wet. Woody reported that Guss was going to Miami for the Orange Bowl till along with Willis Anderson. Guss says he isn't going to the game and never had any intentions of going. In fact, the Guss is going hunting!

**Miami Will Depend On Fleet Backs In Orange Bowl Tilt**

MIAMI, Fla., Dec. 11, (Special) University of Miami's Hurricanes, who battle Holy Cross in the Orange Bowl, possess a fleet of breakaway backs who are dangerous from every part of the field. Almost every game has seen the Hurricanes sending some back away on long jaunts.

In the opener against Chattanooga halfback Joe Krull of New Brunswick, N. J., ran 11 yards from scrimmage while fullback Sid Zucker of Miami Beach went 70 yards with a fumble. Don Jones of Miami ran 17 and then 18 yards against Georgia. Ernest Matzka of Gardner, Mass., rumbled off 46 against St. Louis and raced 30 yards in one dash against Florida the following week.

Gene Hancock of Miami turned in a 25 yard sprint against Miami U. and the next week went 29 and then 27 against South Carolina. Jones clicked for 20 and then 60 against North Carolina State while Ed Injeychek of Wilkes-Barre picked up 17 in an end run. Al Hudson of Miami gained 31 on a pass.

Against Auburn, fullback Harry Ghall galloped 82 yards with an intercepted pass and added 28 on a line plunge. Bob Newman of Miami added 20 on a forward pass while Joe Krull came up with the best punt return of the year for a Miami when he ran 68 yards.

**State Net Tourny Is Slated During Christmas Season**

JACKSONVILLE, Dec. 10. The 30th Annual Florida State Public Courts Tennis Championships will be a Christmas holiday season feature on the Riverside Park Tennis Courts, play in the classic starting Dec. 26. This tournament, sponsored by the Jacksonville Recreation Department, annually attracts many of the State's finest netters and is particularly favored as a stepping stone by the up and coming young stars of the Sunshine State. Entries must be filed by noon Dec. 22.

Many of Florida's nationally known performers won their initial success in the State Championships, all held on Jacksonville courts. The 30-year history of the tournament has found the Jacksonville stars as Gardner Mulvey, Frank Gutierrez, Arthur Hendrix, Martin Buxby, Joe Whalen, Bud Hart, Harris Everett, Carol Turner, Doris Hart, Hudson Hamm, Maria Andrade and Catherine Sample taking championship titles.

Defending champions are: Men's Singles: Bruce Thomas, Lake Worth; Women's Singles: Connie Clifton, New Smyrna Beach; Junior Singles: Hobbs Doll, Tampa; Boys' Singles: Hal Beltrone, Ft. Lauderdale; Veterans' Singles: Russel Hunter, Jacksonville; and Men's Doubles: Bruce and Byron Thomas, Lake Worth. Women's Doubles will be added to this year's affair if sufficient entries are forthcoming.

Of the defending champions, several boast high Southern and National rankings. Beltrone won the Boys' National title in 1944 and rates a high Junior ranking by the U. S. Lawn Tennis Association for his sparring play in that division of the Nationals in Kalamazoo, Michigan, the past August, losing to the 1945 junior champ, Herbert Flam, in the semi-final round. He advanced to the third round in the Men's Singles at Forest Hills before being defeated.

Bruce Thomas holds the Southern Lawn Tennis title and is in fourth place among Southern juniors. Connie Clifton gained the 23rd spot ranking among women players of the country in the 1944 rankings.

Other State stars with high Southern rankings entered last year were: Tom Malloy, Panama City, second ranking Junior; Nancy Morrison, Palm Beach, second ranking girl; Herbert Quay, St. Petersburg, tenth rank-

ing Junior and Lewis McMaster, St. Petersburg, fourth ranking boy player of the South.

**SINGLE WING**

MIAMI, Fla., Dec. 11, (Special) University of Miami which plays Holy Cross in the Orange Bowl Jan. 1 uses the single wing system of attack when it doesn't try the double wing, use a flanker or go into a spread formation. Yes, they've even used the T on a few plays.

**NO NEW EXPERIENCE**

MIAMI, Fla., Dec. 11, (Special) Playing before a capacity crowd in the Orange Bowl game with Holy Cross will be no new experience for University of Miami as the Hurricanes put up the S. R. O. sign for five of their nine home football games this year.

**WAS NAVY MAN**

MIAMI, Fla., Dec. 11, (Special) Edward Cameron of Newark, N. J., 190 pound guard on the University of Miami football squad,

**For Your Christmas Supply and Hunting Trips — See**

**Bill's Package Store and Bar**

**Long Arm Law Automobile Owners & Drivers**

If you drive or if your car or truck is driven in any State in the Union and is involved in an accident, you can be compelled to return to that State to defend a suit.

Recently a party from another State had an automobile accident in Sanford. He was insured in one of the companies we represent. The insurance company agreed to pay any claim for bodily injury and property damage against him and he was allowed to continue his trip.

Without insurance his car would probably have been tied up in court procedure and he required to return to Sanford to defend the suit.

The cost of this protection is very reasonable for the benefits you get. For \$10.00 you can be protected up to \$5,000 for bodily injury and property damage claims while driving your car in any State.

Why Gamble? Call 178-J, C.M. Boyd, 6 Co. Adv.

**NOTICE**  
Tax books are open for payment of 1945 City Taxes. Discount of 4% will be allowed for payment in November; 3% discount for payment in December; 2% discount for payment in January; 1% discount for payment in February.

**Dangerous mixture . . .**

During the war there was little production of civilian goods, and a lot of the things people had were worn out or used up—

People did not spend the big wages they earned, so savings increased rapidly.

The result is that America has built up tremendous buying power.

Lots of buying power and little to buy make a dangerous combination—like chemicals that explode when put together.

When people need things badly and have plenty of money, they are apt to pay too much for what they need. INFLATION then begins!

**GENERAL MOTORS**  
"More and Better Things for More People"

*It's a dangerous mixture—shortage of goods and plenty of money.*

The answer to high prices and inflation is plenty of goods.

America's factories should be working day and night to turn out the things people need—in bulk—since needs with goods.

Instead—what do we have? A demand by UAW-CIO leaders for a 30 per cent wage increase. More than that, a strike which has closed down General Motors plants. Both are inflationary. Both make the mixture still more dangerous.

### German Officers Pay High Tribute To Eisenhower

NUERNBERG, Dec. 11 (AP)—German Army intelligence officers regarded five-star General Dwight D. Eisenhower as a greater military leader than even German generals. They credited him with skillful military planning and ability to override everything to achieve the one important thing—the successful accomplishment of military operations.

That estimate of Eisenhower comes from a top-ranking German intelligence officer—Major General Erwin Lahusen—in an exclusive interview with Associated Press correspondent George Tucker. General Lahusen is a star prosecution witness in the Nuernberg war crimes trial and a self-proclaimed anti-Nazi.

Lahusen, in an estimate of the American Army's fighting ability, gave the Wehrmacht's rating of United States Army general officers.

He declared that General George S. Patton, Jr., was looked upon as the best American field commander by the Germans and also was the American general most feared by the Germans.

Lahusen acknowledged the German Army underestimated the American Army at the start of the war. He declared that Germans regarded the Americans as a group of "well-led football players." But, said Lahusen, the German high command soon learned its error.

Lahusen said that by the end of the war, the German command felt there was little difference in any of the Allied Armies, American, Russian or British—they all were good. But he said that in the early stages, the Russians were regarded as superior in exploiting breakthroughs and as having more daring leadership than the American-British Armies.

Lahusen told AP correspondent Tucker that Patton as a field general was unsurpassed. But he said this was due largely to Eisenhower's great planning ability. Eisenhower, said the German intelligence expert, had the political insight to carry out battle plans—something utterly lacking in German generalship. Lahusen said German generals would have been as helpless as children had they faced a situation similar to Eisenhower's.

Turning to the efficiency of the various counter-intelligence services, Lahusen rated the British first, the Americans and Russians about equal, and the Germans a poor last.

### Johns Hopkins Has United Nations Team

BALTIMORE, (AP)—The seven colleges on Johns Hopkins University's soccer schedule will find themselves meeting a team United Nations in character, for three starting positions are filled by men from Iran, China and Costa Rica.

Hormoz Brozman, center, received his preparation for college at Albroz High School, Tehran, Iran. Charles Huang came all the way from Chungking, China, after graduating from Nations Hunan-Yale College. He plays center halfback.

Latin America sent Rodrigo Nunez, from the Liceo de Costa Rica at San Jose, Costa Rica, and Edwards Medina, from University High School, Rio Piedras, Puerto Rico. Nunez is inside right-forward, while Medina is a reserve forward.

### ANOTHER-RIGHTHANDER

CHICAGO, Dec. 11, (AP)—

Cleveland's pitching ace, Bob Feller, has a good prospect for the 1946 American League —

though he's just a little Feller right now. The baseball star excitedly telephoned the Asso-

ciated Press today from nearby Waukegan to announce the arrival of a seven-pound, nine-ounce

boy, says "Feller's hope" to be another right-hander.

## Truman Asks Price Control On Housing

### President Orders Immediate Renewal Of Priorities On Building Materials

NEW YORK, Dec. 12, AP—Some reservations concerning the effectiveness of President Truman's moves to improve the housing situation have been voiced by a spokesman for a group of work building firms. An official of the New York Building Trades Employers Association, Christian Norman, has declared that unless the proposed ceiling prices are fixed high enough, they won't do much good. Norman also questioned the usefulness of eliminating priority controls on building materials. Said Norman: "Priorities would be all right if you could get any materials."

WASHINGTON, Dec. 12.—(AP)—President Truman declared a two-front war on the housing shortage at his news conference this morning. The president disclosed that the administration will seek legislation placing all residential property under price control. This would mean ceiling prices on both new and old houses.

And Mr. Truman also announced that he is ordering materials to be put on a special list for more houses. The Chief Executive has named a former mayor of Louisville, Ken., Wilson W. Wyatt as special housing expediter. Wyatt will serve under the Office of War Mobilization and Reconversion.

There was some confusion at the news conference when the president asked a question and gave the impression that he was ordering price ceilings on housing. This was cleared up by a short time later explaining that only Congress has the power to fix price ceilings, whereas no legislation is required to establish priorities on building materials. When the president gave the impression that he was ordering, rather than asking, ceiling prices, the White House said, he had thought that the question was referring to priorities.

Mr. Truman first asked that residential property, new and old, be placed under price control. And he directed that the priority system on building materials be reinstated. Special preference will be given veterans in need of housing under the Chief Executive's program.

Mr. Truman also stated that United States Marines will remain in China until surrender terms with the Japanese are carried out. Secretary of State James Byrnes recently announced that the surrender pact this nation is committed to help get signed Jap units home.

## Market Advisory Board To Meet On Thursday Evening

The Sanford State Market Advisory Board, which will meet Thursday evening at the office of Manager H. J. Lehman.

Citrus packers at the market and nearby packing houses were hard put yesterday to supply the pre-holiday demand for oranges, grapefruit and tangerines.

Bags of new potatoes, weighing 50 pounds, which formerly were held to a ceiling price of \$2.24, are now selling at from \$4.00 to \$4.50 a bag.

Avocados have made their debut at the market and are selling for \$12 a bushel hamper. Tomatoes from the Ft. Pierce section are listed at \$0.50 a crate. The Zellwood section continues to supply celery at \$5.00 to \$5.25 a crate. Green onions are bringing \$1.25 a dozen bunches.

With northern supplies of cabbage diminished, the lowly vegetable is holding its own at \$1.25 for a 50 pound sack.

Demand is very heavy for iceberg lettuce and the locally grown product is bringing \$4.50 to \$5.00 a crate.

Workers yesterday were setting the foundation timbers of the market addition, which ought to be completed by the middle of January, according to Mr. Lehman.

## SCHOOL AID KILLED

WASHINGTON, Dec. 12, (AP)—The House Education Committee has killed a bill proposing federal aid to state school systems. The bill was turned down by a vote of 19-10. The measure would have provided \$10,000,000 for federal aid to education in the years.

## 'Santa' Is Early For Dying Boy

CHRISTMAS WITH SANTA CLAUS and toys and everything has come and gone for Marvie Clark, 3, who may not be here when Christmas dawn. Pictured in his Los Angeles bed as screen and radio comedian Red Skelton played Santa Claus and little friends enjoyed the party, Marvie was said to be dying of a malignant tumor. (International)

## C Of C Directors Hear Higgins On Washington Trip

### Boyle And Kilbee Report On Highway Work In Seminole

A report from Manager Ed Higgins on his recent trip to Washington with regard to the National Bank of Jacksonville, County Commissioner W. G. Kilbee and Senator L. F. Boyle on the progress of road construction in this county featured the meeting of the Seminole County Chamber of Commerce at the Mayfair Hotel last night, which was presided over by President H. H. Coleman.

It was also revealed by J. L. Ingley, that the proposed highway station for Sanford will be operated by James E. Stivers of Ocala, Fla., a brother of former Governor Stivers of Georgia and a former employee of the Atlantic National Bank of Jacksonville. Application has been filed with the Federal Communications Commission and favorable action is expected upon it in January.

Mr. Higgins said that he felt sure the City will be able to secure the property of the Naval Air Station intact with a minimum of expenditure as soon as it is declared surplus by the Navy. Authorities in Washington assured him, he said, that the City would obtain the hangars, administration building, shops and airstrip for the benefit of the public.

He also said that he gained the impression that the City's request for the property and its equipment would be granted and that this property might be turned over to the county for use as a hospital. He added that he believed something could be worked out for the rest of the Station property in connection with plans for a vocational school.

Mr. Kilbee reported that work started yesterday on a county road in the Slavia district which would take about two weeks to build. He added that work would start some time in January on a Geneva-Mullet Lake road and on a Lake Harney road. He said that the Commission hopes to put five miles of road between Orlando and Sanford during the coming year.

Senator Boyle revealed that the State Road Department plans to spend \$540,000 on state highways in Seminole County during the coming year.

## McKinley Is Elected Of Ministers' Group

Rev. J. E. McKinley was elected president of the Sanford Ministerial Association at its regular meeting on Tuesday. Rev. Glenn E. Smith was re-elected to serve as secretary-treasurer of the group. Those elected will assume office on Jan. 1. Rev. M. McKinley succeeds Dr. J. B. Root as president.

Following the election of officers plans were made for a Union New Year's Eve Service to be held at the First Methodist Church, with its pastor, Rev. McKinley in charge of arrangements. The service will begin at 11:00 P. M. and continue to midnight, ending in a service of communion.

Participation in Christmas Welfare work for needy families was arranged for the various pastors in the County that sells the most Christmas Seals and bangles, according to an announcement today by Mrs. Rawlings, chairman of the association.

## Dr. W. S. Allen Addresses Local Kiwanis Meeting

### Discusses Military Training As Means Of Preparedness

Arguments for and against pending legislative proposals that youths of America be given a year of military training as a means of national preparedness were summed up by President W. S. Allen of Stetson University, Deland, in a talk to Kiwanis at the Hotel Mayfair today. He was introduced by Joseph A. English in a program arranged by Jno. D. Jenkins and E. G. Kilpatrick.

"If compulsory military training will give mankind peace, then I am for it," he asserted and added that this nation in the years between 1866 and 1898, had the longest record of peace of any large nation.

He then pointed out France, Italy, Germany and Japan had engaged in compulsory military training for years but that it had not kept them out of war. He quoted Joseph Stalin as stating that the strongest nation was the one that was best prepared.

## Boyle And Ware Have Narrow Escape

Senator Lloyd F. Boyle, driving a 41 DeSoto Sedan north on Palmetto Avenue and Judge R. W. Ware, who was riding with him, narrowly escaped serious injury at 8:48 o'clock this morning when the car, which they were driving, collided with a Navy pickup truck being driven eastward by V. A. Copeland of the Sanford Naval Air Station, who was arrested for reckless driving and charged with failure to give the right of way to the car on the right.

A quick swerve by Senator Boyle, according to Police, prevented a more serious collision. The DeSoto was damaged quite a bit on the radiator grill, front fender, axle, bumper and hood. The pickup truck was damaged on the right front fender and running board.

## Reports Says Patton's Condition Is Good

HEIDELBERG, Germany, Dec. 11, (AP)—Three top-flight surgical consultants left Heidelberg today after an official bulletin described the condition of General George Patton as good. And all those well acquainted with the case talk of the patient with a feeling of optimism.

Mrs. Patton herself has expressed no worry over her husband whose neck was broken last Sunday in an automobile accident. The military leader's wife said the General looks very well and she expressed her thanks for the fine care he has received at the Seventh Army hospital.

## Tuberculosis Group Will Offer Prize

The Directors of the Seminole County Tuberculosis Association will offer a prize to the school in the County that sells the most Christmas Seals and bangles, according to an announcement today by Mrs. Rawlings, chairman of the association.

## Union Chiefs Meet To Plan Steel Strike

### Largest Work Stoppage In Nation's History If Workers Quit Jan. 14

DETROIT, Dec. 12, (AP)—According to company accounts, General Motors production workers have lost wages totaling \$26,922,000 in three weeks' strike. Union figures, however, set the amount a little lower at \$23,733,000. The difference in estimates results from the company's use of 45-point-six hours as the average work week in its computations. The union claims the work week averages more nearly 4 hours.

WASHINGTON, Dec. 12, (AP)—President Truman stepped squarely into the labor picture today by announcing the appointment of a fact-finding board to look into the General Motors wage dispute. The President chose Judge Walter Stacy\* to head the board. Stacy was the chairman of the recent Labor-Management Conference. The other members of the board will be chosen by the Labor Board Chairman Lloyd Garrison, and Milton Eisenhower, president of the Kansas State College and brother of General Eisenhower.

PITTSBURGH, Dec. 12, (AP)—Executives of the CIO United Steelworkers Union are meeting in Pittsburgh today to map detailed plans for a scheduled Jan. 14 strike of 700,000 steel workers in 27 states. If the strike starts as scheduled, it will be the largest work stoppage ever to occur in the United States.

The strike date was set Monday by members of the union's wage policy committee to support the UAW demand for a \$2-a-day wage increase. However, CIO President Philip Murray says the union's plan for a \$1-a-day wage increase is being negotiated.

Representatives of "Big Steel," however, have refused to discuss the union's wage demands until the OIA lifts ceiling prices on steel products. Price Administrator Chester Bowles so far has refused to consider such a step.

However, the American Iron and Steel Institute says a nation-wide strike by the steel industry will involve more than forty per cent of the nation's workers through its effect on other industries. And it asserts that a shutdown of the steel industry will be what it calls a "disastrous blow to reconversion."

Financial support for CIO United Auto Workers striking against General Motors, the UAW and Ford are to start negotiations this afternoon. The proceedings are expected to open with a company reply to the union's proposals for offering Ford security against wildcat strikes and work stoppages.

United Mine Workers' chief John L. Lewis has been described as "the nation's number one blunderer" by his erstwhile associate, CIO President Phil Murray.

When asked by a reporter for comment on Lewis' recent charge that the CIO leadership had demonstrated "stupidity" in staging the General Motors strike at this time, Murray said he did not wish to comment. But, said Murray, if he did comment it would be in reply to a question like "The nation's Number One Blunderer."

Murray was a vice president of the United Mine Workers under Lewis in 1932. He went into the steel field at that time and expanded the steelworkers union from a membership of 7,000 to the more than 973,000 claimed today by the UAW.

## A. C. Hasty and W. B. Hickson Discharged

According to information received from the Naval Personnel Separation Center at Jacksonville, two Sanford men have been discharged from the United States Navy.

## Dachau Court Sentences 40 Nazis To Die

### Nuernberg Tribunal Prosecutors Tell Grim Accounts Of Nazi Slave Labor

BY ASSOCIATED PRESS—This has been another day of judgment for Nazi war criminals and their collaborators—the biggest day, yet, in the post war tribunal.

A United States military government court sitting at Dachau, Germany, has handed down the most sweeping conviction of the war criminals trials. Every one of the 40 defendants in the Dachau atrocity trial was found guilty of taking part in the atrocities which made the Dachau Concentration Camp one of the most dreaded in Europe. They will be sentenced later.

At the Hague, Anton Mussert, the leader of the Dutch Nazi party was sentenced to death by a special court for collaborating with the Germans.

And in Nuernberg, American prosecutors continued to spin a web around the 21 Nazi war leaders with the Germans' own accounts of their slave labor. In what the Nazis, themselves, called a wild and ruthless manhunt, more than 1,000,000 men, women and children of 14 different nationalities were starved to death, shipped to the Reich labor battalions to work for the German war machine.

Numerous German letters and memoranda were introduced detailing the plunder of human life, the use of starvation, arson, and kidnapping. Houses were burned in the Ukraine to force the Russians to go to the Reich to work. Women were beaten until they could work as slaves.

Even the Nazis' conscience suffered an occasional twinge because of all this. Alfred Rosenberg, Fritz Sauckel—the slave labor overseer—that he was afraid the responsibility for the inhumane treatment would some day be held against him and his colleagues.

This also is retribution day for the Japs. Four of them went on trial at Kwanjin today on charges of executing three American fliers in the Marshall last year. Ten others were convicted of similar charges in the same courtroom yesterday, and six of them are to be hanged. In Tokyo, a procession of Japanese war criminals, admirals, journalists, industrialists, has been filing steadily in the Supreme Court. Some of them is old Prince Nashimoto of the imperial family, who, along with 58 others had until today to give himself up.

## Santa Wants Boys And Girls To Sign Their Full Names

Santa Claus, beset with threats of a CIO labor strike, the gremlins, sprites and dwarfs at his North Pole toy factory, also reports he has another big worry—children who write him giving their full names and addresses.

"Take for instance the letter I just got from a little girl named Nancy down in Sanford, Florida," said Santa. "How do I know which Nancy she is? There may be a number of Nancy girls in Sanford. Nancy wrote, 'Sometimes I haven't been very good, but I'll be better.' My how good these kiddies get around Christmas time."

"All Nancy wants is a steam shovel, a book (probably on steam shovel operation), some silk panties and petticoats (won't rayon do?), a desk, some finger dishes (can you beat that) a doll, dishes, a truck and some stationery."

"Another little girl, Sally Lou, wants a doll, a book, a little sock, some dishes, a dress and some soap. It's easy to forecast that Sally Lou will grow up to be the domestic type. Judith Ann is even more modest in her requests and only wants a doll, dress and some dishes."

Santa Claus concluded, and added that if the labor situation got any worse he was of a mind to throw up his job (after all the presents had been sent), and come to Florida and spend his time fishing—that is if Sanford boys and girls will show him the best place to fish.

## ORANGE FESTIVAL

JACKSONVILLE, Dec. 12, (AP)—Plans for the Florida Orange Festival are shaping up in a speedy manner with the dates set for Feb. 12 to 23. The festival has been dormant since 1942.

## Jap To Testify At McVay Trial

AFTER A FAST FLIGHT FROM TOKYO, Capt. Iku Hashimoto, skipper of the Jap sub reported by the Nipponese to have sunk the cruiser Indianapolis, is shown bonding a Navy plane at Oakland, Calif., for Washington, D.C. He is followed by guard Lt. Allen H. Smith. Hashimoto will be a witness at the court-martial of Capt. Charles B. McVay, commander of the Indianapolis, who is charged with negligence in its loss. (International)

## Superfortress Sets New Coast To Coast Record

### Flies From Burbank To New York In 5 Hours—28 Minutes

NEW YORK, Dec. 12, (AP)—A new transcontinental speed record has been etched up by a superfortress.

A big bomber named "Dreamboat," streaked into New York last night from Burbank, Calif., in less than five and one-half hours.

Capt. Bruce Hunt of the Air Transport Command stated that the elapsed time of the trip was exactly five hours, 28 minutes and eight and one-fifth seconds. However, he made it clear that the official time will be announced formally in Washington, because there is some question as to the exact moment the plane took off from Burbank.

The Captain gave the following additional facts about the trip: The superfortress was piloted by Col. Clarence Irvine of Santa Paul, Neb. It maintained an average speed of 450 miles an hour on its 2,464 mile course to Floyd Bennett Field.

The greatest ground speed of the flight was 501 miles an hour and the flight was made at an average altitude of 35,000 feet.

The bombardier's flight log of the previous record by one hour, three minutes and 21 and four-fifths seconds.

The greatest ground speed of the flight was 501 miles an hour and the flight was made at an average altitude of 35,000 feet.

## Senate Passes Building Plan For Hospitals

### Florida Would Get \$1,687,000 Yearly From 1947 To 1951

By Associated Press—Uncle Sam is holding out a financial hand to states all over the nation to help along a hospital building boom. Provisions of the bill, passed today in Washington, are that the hand will be grasped in a partnership that should be a great benefit to health in general.

Before any state can happen though, the federal aid hospital building program must be approved by the House. Observers say that its chances are good. It has already won favor in the Senate. Its main proponents being Senators Lister Hill of Alabama and Robert Taft of Ohio. They teamed together to win Senate approval of the bill in negotiations yesterday. Senators Robert Wagner of New York

## High School Will Get Navy Fighter Plane From RFC

A Navy "Hellcat" fighter plane (Grumman F6F-5) which was flown to Sanford Saturday by Capt. William T. Easton, presented by the Reconstruction Finance Corporation to Seminole High School for study purposes, it was announced today by Principal Herman E. Morris.

The plane, which is powered by a 2,000 horse power Pratt and Whitney radial engine of its cylinders, was used by units of the air force in conjunction with operations of the Atlantic fleet.

No flying of the plane will be possible by students, but its construction, according to Mr. Morris, will afford a wonderful opportunity to learn aviation mechanics as explained by a former Navy dive bomber pilot, Lieut. L. E. Tew, who is now teaching algebra, physics and mathematics at the high school. Many students are looking forward to the course which is expected to start on Feb. 1 at the beginning of the second semester.

Mr. Morris said this morning that he was going to confer with Capt. William T. Easton in regard to the time of presentation of the plane, which will probably be shown in the downtown section in connection with the bond drive. Later, it will be housed at the school farm garage pending erection of a special shelter for it.

ADAMN SURPRISED—WEST PALM BEACH, Dec. 12, (AP)—From West Palm Beach we learn that state Supreme Court Justice Alto Adams had been quoted as expressing surprise when told that he had been mentioned as a possible candidate for the United States Senate. The Senate seat will be vacated by Charles Andrews.

## Certainty Of War Forseen By Marshall

### Army Head Tried To Build Up Defenses In Philippines To Deter Jap Moves

WASHINGTON, Dec. 12, (AP)—It was learned today that the Navy tapped telephone wires at the Japanese consulate in Honolulu until five days before Pearl Harbor and then stopped. That was disclosed before the Congressional investigating Committee in a report made by Lieut. Col. Henry Clausen, special investigator for former Secretary of War William Woodrow Wilson.

Clausen was said to have obtained a copy of a report from Navy officer, Rear Admiral Woodrow, who served in the Naval Intelligence Division at Pearl Harbor at the time of the Japanese attack. Woodrow said in his statement that Rear Admiral (then Capt.) Mayfield, district intelligence officer, had ordered the wire tapping stopped on Dec. 2, 1941, and that the order was effective until after the attack.

WASHINGTON, Dec. 12, (AP)—General George Marshall told today how he was sure in August, 1941 that war with Japan was inevitable and that the United States was not in shape for such a war. Marshall explained how he had been pressed all sides for men and equipment and how he had tried to build up the defenses of the Philippines. The five-star General said that he concentrated on the Philippines as a possible deterrent to a Japanese move to the south.

The wartime Chief of Staff began his talk by saying that he was sure in August, 1941 that war with Japan was inevitable and that the United States was not in shape for such a war. Marshall explained how he had been pressed all sides for men and equipment and how he had tried to build up the defenses of the Philippines.
