## Sanford Boy And Youth Are Drowning Victims

By TOM ALEXANDER

Two Sanford residents, a four-year-old boy, Richard Joseph Gilmartin, and an 18-year-old youth, Johnny Pringle, drowned Sunday afternoon, according to sheriff's reports. Richard, son of Mr. and Mrs. Eugene G. Gilmartin, of Sanford, became Seminole County's second drowning fatality within a week during a family picnic at Lake Golden.

The youngster was apparently playing at the fringe of the lake when his mother noticed that he had disappeared. Other swimmers in the lake said they felt something just off shore and a lifeguard at the Sanford Airport beach found the youngster in waist deep water.

All efforts to revive the youth at shore-side failed and the youngster was pronounced dead at SMH after being rushed there by Herndon Ambulance Service.

The drowning occurred around 3 p.m.

According to the Volusia County sheriff's department, Johnny Pringle, a resident of Broadway Street, in Midway, drowned late yesterday afternoon in the Indian River at Bethune Beach near New Smyrna.

Pringle apparently was trying to swim the river, according to sheriff's reports, when he evidently panicked and went under.

Pringle was rushed to Fish Memorial Hospital in New Smyrna and pronounced dead at 7:15 p.m.

Perry Funeral Home in Sanford is in charge of arrangements.

A visiting South Carolina youth, Howard R. Pickett, 18, drowned last Wednesday while swimming at a man-made lake just west of Sanford off SR 46. Pickett was pronounced dead at the scene.

Gilmartin is survived by his parents, Mr. and Mrs. Eugene Gilmartin; six brothers, Daniel, Eugene, Brian, Michael, William and Patrick.

Brisson Funeral Home is in charge of funeral arrangements.

By JOHN A. SPOLSKI

It's Hard To Understand . . . We have a dedicated individual, completely qualified in water safety and life-saving, willing and anxious to start his classes . . . with names of almost 2,500 who'd like to avail themselves of these free lessons, and there isn't any local facility "available" to him and his group.

Notwithstanding the fact that the City of Sanford does have four swimming pools . . . presently inoperative!

Yesterday, we had two local residents drown and last weekend a visitor to this area lost his life in a swimming mishap.

We're not in a position to determine whether any or all of these lives could have been saved . . . if they would have had the opportunity of attending a class of life-saving. But, if it's a case of "money" for not opening all four pools again this summer, why can't at least one of the pools be opened . . . JUST FOR THOSE INTERESTED IN LIFE-SAVING CLASSES, and only for that period of time required to teach the applicants.

Dr. Tom Largent received a minor blow Sunday. Some months ago he complained to his fellow trustees at Semoran Hospital that "outsiders" were using the physicians' private parking lot. The hospital got busy, rearranged the parking lot and put in a gate. A control box mounted on a post, with a gate, supposed to block the driveway except when the doctors inserted a key in the control box and the gate would rise. Only the gate — finished for several weeks — hasn't been used. The gate for these several weeks has been extended straight up, leaving the driveway open. Sunday a motorist missed the driveway and laid low the control box, gate and post, all laying on the ground.

In betting parlance (I am told) you may often hear the phrase, "Put your money where your mouth is . . ." Evidently, the "Silent Majority" did not put their flags where they should have been yesterday . . . while trying to do a composite of the many homes in the area, it took our photographer more than an hour to fill a "roll" of film, and guestimates that the ratio was one house for every 25 (and then he was being generous in that estimate, he says . . .)

In all of his driving around, there was only one area where two houses . . . side-by-side . . . had Old Glory waving in the breeze.

## Bond Ceiling OK 4 Damage Suits Filed In Deaths

By MARION BETHEA

Two civil suits in excess of \$500 have been filed in Circuit Court by William Browder against Edward Fitzgerald and the Government Employees Insurance Company. The suits charge that the defendant on Jan. 10, 1970, at about 7:13 p.m., while under the influence of alcohol which caused his faculties to be impaired, caused the death of Richard Eugene Browder, 17-year-old youth, who was changing a tire on a disabled vehicle at the intersection of 25th Street and Cedar Avenue. The suits have been assigned to Judge Tom Washell and Judge William Abridge, Orlando attorney William Whitaker represents the plaintiff.

Two civil suits in excess of \$5,000 have also been filed in Circuit Court by Lawrence Boggs against Ray Gamme and the Insurance Company of North America in the death of Allen Neil Boggs. The suit charges that Gamme, driver of a city garbage truck, struck the boy on June 11, 1969 at 3:45 p.m. The suit states that the driver had stopped the truck, which was north bound in the vicinity of 137 Pinecrest Drive, and had observed young Boggs riding his bike at the rear of the truck. The driver, the suit alleges, backed the truck in a southeast direction along Pinecrest until it struck the minor. There were no warning horns, bells or whistles, the suit charges, nor did the driver station a watchman or flagman at the rear of the truck. Further, the suit charges, Gamme did not ascertain reasonable safety nor take evasive maneuvers to avoid the youth. The suit has been assigned to Judge Volie Williams. William Tiller, Daytona Beach attorney, represents the plaintiff.

An order dictating the six per cent interest ceiling in the wording of the courthouse construction bond issue, which has been validated, has been signed by Judge Roger Dykes. According to the new state constitution the interest rate is 7.5 per cent in the \$2.9 million issue.

Public hearing was held this morning, which will possibly be continued until tomorrow's County Commission meeting, in the railroad crossing ordinance and the garbage ordinance. The former provides that the railroad will install automatic signals at hazardous crossings between the state and the railroad, following a resolution to the State Department of Transportation pledging the crossing. The ordinance affects only spur lines outside municipalities.

The garbage ordinance will provide a contract for execution between customer and refuse company setting forth standards for each. In the event of a breach of contract by either party, the other will have legal redress. Seminole County Board of Adjustment will meet at the courthouse at 7:30 p.m. today. Several variances are on the agenda as well as several applications for trailer parking.

Disgruntled residents who may contemplate initiating action such as was displayed by the former mayor of North Orlando, Mrs. Irene Van Epeol, when she opened a "pandora's box" of files, are warned by County Commission John Alexander that there will be no further incidents of this nature tolerated. Alexander said that it is the responsibility of the board to maintain order, and that it is not necessary for any citizen to be disruptive in his presentations or to suspend the usual courtesies. Alexander said that the board welcomes complaints or criticism, but cannot carry out its responsibilities in the democratic processes of the county without exercising restraint, and that such incidents cannot be tolerated. In the future, Alexander warned, such items will be corrected by the sheriff.

## Food Stamp Report Scheduled Tuesday

A relatively light agenda faces County Commissioners at a meeting tomorrow.

Mrs. Margaret Cammack will appear to discuss the proposed central sanitary landfill at Ocoke Airfield relative to a prospective buyer for the site and alternative locations. Mrs. Cammack was scheduled at the meeting last week but advised the board that she was not in a position to give a report, and the matter was continued.

A report will be given by Road Supt. J. C. Lavender upon the transfer stations for the landfill. The four present landfills will be utilized as transfer stations, and Lavender was to ascertain their capabilities.

It is anticipated that Commission Chairman John Alexander will give a report upon the progress of the Food Stamp program in the county. The report is contingent upon Alexander's being able to reach Lee McCubbin of the Division of Family Services for comment.

Public hearings will be continued in a request to remove from A-1 to C-1 and from A-1 to B-LAA property adjacent to Lake Harney for a development to be known as Paradise Bay. Several objections were voiced by commissioners at last week's meeting relative to half the site being in a flood plain area, which will necessitate a considerable amount of fill to bring it to the required elevation.

A remaining request from A-1 Y to C-N on property at the intersection of SR 436 running westerly on the south side of Winter Woods Boulevard is also scheduled in continued hearing. This, too, was the subject for much contention by residents of the area, who oppose the change to accommodate convenience and (Cont On Page 1B, Col. 4)

## 422 FTU Graduates Hear Astronaut

By MELENDA CASSELLBERRY

"What happens to our world depends more than ever on the individual. It is up to each of you graduates of 1970 to contribute the change in your lives for the better," said Astronaut John W. Young at the graduation exercises of the charter class of Florida Technological University, held in the Orlando Municipal Auditorium, Sunday.

A reception hosted by FTU President Charles N. Milligan was held in Sunshine Park immediately following the commencement.

In 39 years there will be six billion people living on this planet, Young forecast. "Apollo 13 showed us there is hope . . . when all the nations of the world showed genuine concern for the safety of the crew," Young said.

Young cited a few benefits to man from the space program. "Through lunar missions, scientists are able to detect and learn the causes of radiation and weather which tremendously affect earth, and learn to control them for the betterment of mankind. The astronauts also discover lunar rocks and minerals which help them to understand how planets are geologically formed which, in turn, enables us to know where to look for certain minerals in exploring earth.

"The space program is a type of national commitment to correct pollution," Young remarked.

"The single most thing you and I can do to improve the world is to 'brighten the corner where you are,'" said Young in the 427 listening graduates.

"If you take your place in society instead of out, you will be well placed," he advised. And added that "nothing is more effective than a rebel within a cause."

Sanford graduates include Sybil W. Best, Earl C. Bourquard, Charles R. Brabban, John J. Cannavino, Nancy Chacarraga, Nicholas A. Conant, Linda Courier, John Culum, Donald Doyle, James Fay, Charles Huff, Ida Jalliet, Daryl McLain, William McQuatters, Virginia McQuatters, Simon Minick, Phyllis Murphy, Eunice Murray, Glenn Richards, Richard W. Smith, and (Melenda Casselberry Photo)

## 2-Car Crash

A spectacular two car accident on Interstate Four last night, just north of SR 436 sent three area residents to an Orlando hospital.

According to Florida Highway Patrolman Robert Lovering the accident involving two compact cars occurred at 11:30 p.m.

Lovering's report states that both cars were heading west on the four lane artery, when apparently a car driven by Joseph D. Lieber, 6236 Spanish Oak Drive, Orlando clipped the rear section of a car driven by Rose H. Lycaas, 59, of 224 Warren Street, Longwood.

This sent both cars rolling down the interstate with the Lycan car turning over 3 1/2 times before stopping. Lieber's car traveled 206 feet before halting. Lieber and two of his passengers, John P. Perkins of Orlando Naval Training Center and Tom Patterson of 1824 Purlain Avenue, Winter Park were thrown from the car as was Mrs. Lycaas and her passenger Leona West of 174 Palmetto Street, Longwood.

Mrs. Lycaas, Lieber, and Patterson were taken to the Florida Sanitarium and Hospital in Orlando for treatment.

Lovering charged Lieber with failure to have this vehicle under control.

# Florida Teachers Prepare Continued Student Rebellion is Expected

By THE ASSOCIATED PRESS — Predicting continued student rebellion in Florida's public schools next fall, many officials and teachers have turned in desperation to summer training programs in human relations as they grope for answers to turmoil.

The demand for student-teacher cooperation will produce an organized effort to disrupt education in high schools next term, warned Dr. Wayne White, Brevard County Superintendent.

"I would like to say that there will be less trouble next season," he acknowledged. Dr. Wally Johnson, executive secretary of the Florida Education Association, said, "We're not through with this problem. We've still got lots of desegregation to accomplish. We're due for several more years of unrest."

Violent inter-racial conflict, fanned by court-ordered school desegregation, ripped through classrooms during the 1969-70 term. It was also a year of boycotts and general breakdown in discipline.

The FEA reported at least 2,000 teachers, their morale badly shaken by campus battles, bolted from classes—some never to return to education.

"The teachers have a feeling they have lost control of the situation. The lack of discipline, the inability to cope with it, definitely induced many of them to leave the teaching profession," said Johnson.

Black and white students clashed in several Florida counties during the past term. Parents and students boycotted against the closing of some all-black schools. White parents in some districts raised sand over court-ordered busing to achieve integration.

"I just hope the Florida Christian, that it won't get any worse next year."

The problem was intensified, Christian said, by a U.S. Supreme Court order to Bay and Alachua counties to "integrate now." The ruling, which actually affected 15 Florida counties, resulted in hasty mid-term moves, disruptions and boycotts, Christian said.

Entire Dade County facilities will undergo training in human relations during the summer, seeking better understanding between black and white teachers.

Pat Tornillo, executive director of the 7,000 member Dade County Classroom Teachers Association, said the training is "needed desperately" because integration on a much larger scale is planned in September.

Only better understanding between faculty members, students and administrators can avert the demonstrations, said Dr. White, Brevard County Superintendent.

# Candidate Woos For Peace

TALLAHASSEE, Fla. (AP) — U.S. Senate candidate Joel T. Deves III hopes to snail the election with peace votes, although he solemnly admits, "I've got all the establishment credentials."

"Maybe they'll listen to me because I don't think anybody will accuse me of being a hippie," he cooed himself.

Then he declared, "I take the strongest possible stand on this war. Get out now. There is no military reason, either tactical or strategic, why we cannot do so."

The 41-year-old Democrat, a lawyer and former legislator, said he jumped into the Senate race because the other candidates were silent on the war.

"The painfully shy candidate was a strict law and order advocate at the Palm Beach County solicitor from 1959-64, freshman legislator of the year in 1966 and is a company commander in the Marine Corps Reserve."

Deves said, "I imagine I'll be labeled a 'peace candidate' and will be called a hippie by a lot of people. But I really don't know what a hippie is."

He cautioned, however, "I hope the young people who choose to be with me will get a haircut and wear coats and suits. This thing is going to be tough enough as it is."

He added, "What I want to do — God, I don't know whether I can do it or not — is take the thing to the business and professional groups, the groups of my generation in this state, and try to talk about it, to try and reason with these people."

Deves dismissed the notion that the only people who are patriotic are those who support President Nixon.

"I think he is sincere. I just think he's all wrong," he said of the President.

Mrs. Shaw was a member of the first graduating class of Florida Technological University yesterday. She marked its elementary education. When the Shaws were married, Mrs. Shaw had one year of college.

Through the years of raising a family, which included four children, it had been her ambition to return to college and receive her degree. During the last three years, she has done this, transferring four times, when necessitated by her husband's ministerial assignments.

The graduate Mrs. Shaw has attended Furman University, Greenville, N.C.; University of Florida, Station and Atlantic Christian, Wilson, N.C. When the family moved to Sanford two years ago, Mrs. Shaw transferred to FTU. She has been teaching the second grade at Rupert Elementary School, while working on her degree.

Rev. Shaw explained that his wife applied to the teaching seminary high school, and has been accepted at PSU. Miss Shaw hopes to teach music and according to her father, he is a

deLand, and "fell in love with the second grade." She has had a class of 43 for an entire week, and quite unusually "experienced no problems." The minister went on to explain that his wife was able to complete her education in addition to rearing a family, teaching a Sunday School class, and assisting in the married responsibilities of a minister's wife because she is "well disciplined" and "knows what she wants and goes after it." However, Rev. Shaw mentioned that his wife's education was a "family affair in which all members cooperated."

Debbie was graduated from Seminole High School, and has been accepted at PSU. Miss Shaw hopes to teach music and at Rupert Elementary School,

## Girl Scouts Hold Court Of Awards

Junior Girl Scout Troop 144 held its annual banquet and Court of Awards at the House of Steak.

A menu consisting of tomato juice cocktail, tossed salad, fried chicken, French fries, ribs, raspberry sherbet and vanilla was enjoyed by Scouts and parents.

Following the dinner, Mrs. Marian Betha, leader, presented perfect attendance awards to Cindy Keeling, three years; perfect attendance; Iris Collins, two years; and Irene Collins, one year.

The long anticipated "Scout of the Year" was announced as being Kathy Neiswander. This is an award, voted upon by the Scouts themselves, which typifies and exemplifies all the attributes of a "Good Scout".

Kathy did outstanding leader work, and served as an officer of the troop. Kathy was presented with a gold locket and bracelet.

Proficiency badges were presented to Iris Collins, Irene Collins, Debbie Freeman, Mary Ann Grover, Cindy Keeling, Patty Lee, Theresa Morris, Sharon Neiswander, Kathy Neiswander, Laura Winegard and Diane Young.

The scouts presented Mrs. Betha, who is retiring from new leaders.

## Chapter Night Conducted

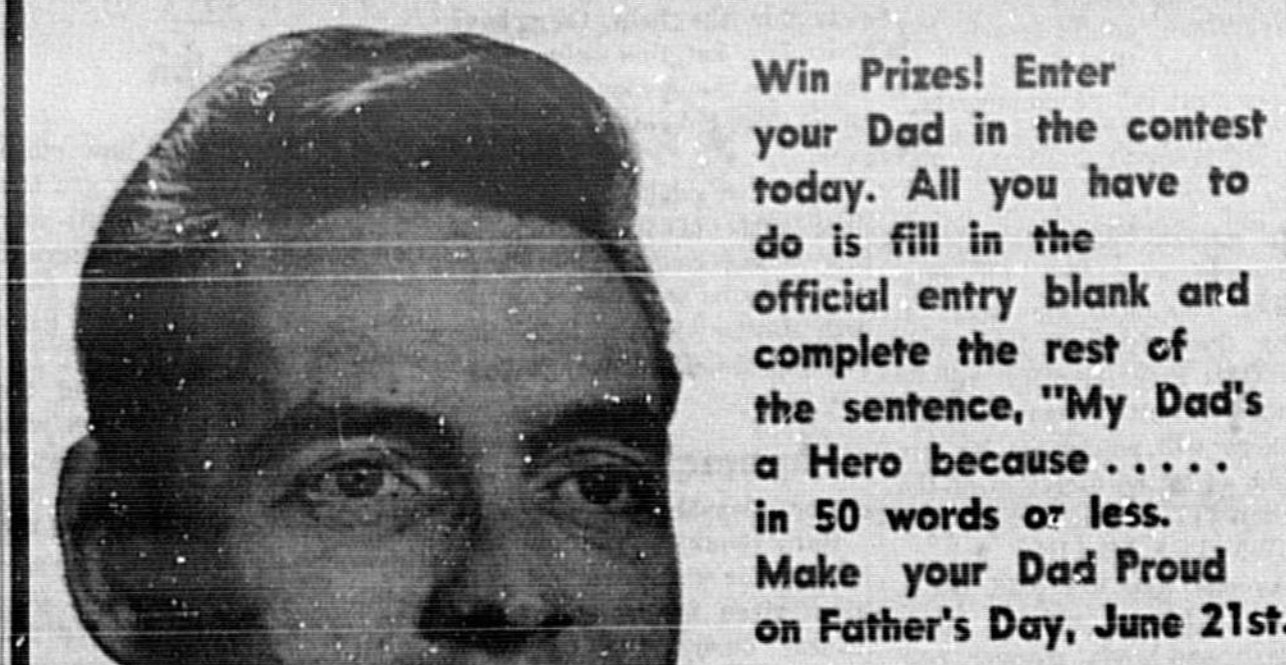

On Monday, June 8, the Academy of Friendship Chapter Night was held by Women of the Moose, Chapter 1404, Sanford under the direction of Edna Meshotte, Pra-Tem Chairman.

New members of the Academy who were presented with the coveted symbol, a small gold ring, were: Junelle Addison, Gracie Allen, Edna Norman, Bessie Tarborough, Theresa Kenis, Rose Churchhill, Josephine Smith and Florence Shirley Williams.

Erma Therp, Junior Graduate, was the presentation officer. Newly installed governor George Kenis addressed the co-workers in a most informative speech.

New candidates who were enrolled into the Chapter were: Evelyn Bish, Lillie Mae Madison and Jane Dunlap, who were sponsored by Evelyn Sour; Juanita Moore, sponsored by Theresa Kenis; Hazel Collins, Mildred Collins and Janet Walters, who were sponsored by Eloise Small.

## Orange Parents War On School Transfers

WOLLY McLAUGHLIN  
PETER PARK — Orange County parents are on the war path and may rival national wide demonstrations. Arbitrary school transfers have been conducted in Winter Park and most of the students are seeking employment.

Most of the graduation ceremonies have been conducted in Winter Park and most of the students are seeking employment.

### Gibbs, Oldest Shriner

Bart Gibbs, former Sanford resident who died June 5 in an Orlando nursing home, had the distinction of being the oldest Shriner in the United States in point of age and service. He would have been 105 on July 15 and according to a letter received on his last birthday President Nixon hoped to be with him for this occasion.

### Teen Aides Needed For Day Camp

By JANE CASSELBERRY  
Teenage volunteers are needed for a day camp to be held for exceptional children at the former Sanford Naval Air Station, June 17-July 29, by the Seminoles Association for Retarded Children, which has been granted funds for the day camp.

### Nuncio To Speak

Ted Nuncio, chairman of the board of fire commissioners of Forest City and Bear Lake Fire District will be guest speaker at the Bear Lake Community Club meeting Tuesday June 16. He will be speaking on the 14-County Planning Council. Prior to the regular meeting, a covered dish supper will begin at 6:30 p.m. at St. Andrew's Presbyterian Church, Bear Lake.

### Graduate

GAINESVILLE, Fla. (AP) — A 44-year-old man who dropped out of school in Brooklyn at the age of 12 will graduate from the University of Florida Saturday with bachelor's degree in philosophy.

William King Skinner, who scoots about campus in a motorized wheel chair because of a heart ailment, is the school's oldest fulltime student.

The Amazon River has 1,109 major tributaries. 10 of them longer than the Rhine River.

### Joe Tully Addresses Graduates

CAPT. TULLY  
Clyde Lee, reputed boatman, got hooked on a bunch of flowers. Orange and Seminole counties cooperated on this newest chapter in the life of Lee and his girl friend, Jaxie Belch. Orlando Police Officer Crystal O'Hara acted as the ball and the florist truck was emptied, not of flowers, but of police officers. Police Chief Robert Clewning of the Orlando Police Department headed up the massive raid with split second timing.

### Home Rule Meetings

DeBary — Two meetings are scheduled to debate the proposed Volusia County home rule charter plan for government reorganization.

Meetings are slated for 7:30 p.m. Tuesday at DeBary Community Center and 7:30 p.m. Wednesday at Deltona Community Center.

Pros and cons will be debated by Dr. P. T. Fleuchaus and another member of the Charter Commission, and Robert N. Strickland and Deane Smith, county commissioners.

### High Average

Pam White, received the highest point average for all her four years at the Forest Lake Academy. She has kept a 4.0 average.

Pam was born in Jacksonville, but her home is now in Sarasota. While a student at the Academy, she has been girls' club pianist and Student Association secretary.

## Mail Service Overhaul Due For Vote In House

By JIM ADAMS  
Associated Press Writer  
WASHINGTON (AP) — One of the most sweeping plans to overhaul the American mail service since Benjamin Franklin set it up in 1783 still appears headed for victory in the House but not without some heated floor opposition.

The assumption that the postal reform bill, including an 8 per cent pay raise for mail workers, will pass the House when it comes up for a midweek vote has been so widespread that neither party bothered to take a headcount on the issue.

But during committee hearings last week the bill ran into heavy fire over compulsory union membership retroactive pay and Congress' involvement in the control of the Post Office—including patronage.

Those issues—particularly compulsory union membership—remain alive and opponents are prepared to fight over them during debate.

Not all the potential roadblocks will be in Congress.

The National Letter Carriers union, which played a major part in the nation's only mail strike earlier this year, has raised the threat of a walkout this weekend if the House kills the bill. And Postmaster Gen. Winton M. Blount says he may recommend a veto if the bill carries with the costly retroactive pay feature intact.

The timing of the pay boost is a major difference between the House version and a bill approved by the Senate Post Office Committee. As sent to the House floor the 8 per cent pay increase will be retroactive to April 30, the Senate measure calls for it to take effect upon passage.

The cost of the pay raise just for the fiscal year starting July 1 has been estimated at \$238 million, and that on top of a previous 6 per cent boost for all government workers including mail employees.

The big fight over compulsory union membership—always a volatile issue in Congress—stems from opponents' claims that it will break down government control over its workers and lead to constant strikes.

## Provincial Capital Captured Allies Fight For Vital Supply Line

By T. JEFF WILLIAMS  
Associated Press Writer  
PHNOM PENH, Cambodia (AP)—A Cambodian task force battled entrenched enemy troops today for control of Kompong Speu and Cambodia's most vital overland supply route.

In Saigon, South Vietnamese officials reported the allied troops had recaptured the provincial capital about 30 miles southwest of Phnom Penh.

The task force, which included a Cambodian army unit, had tried to make the first penetration of the city and was stopped by a curtain of fire from Communist command troops.

Officials in Saigon said the town had been retaken Sunday night.

South Vietnamese troops are in the town, a spokesman said. "It is possible to say that the enemy has pulled out."

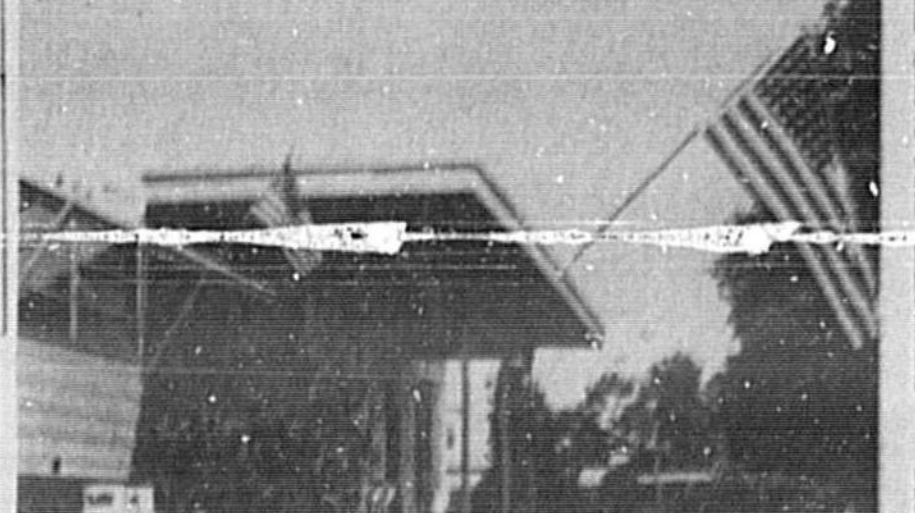

Cambodian officials reported early today that the city—seized by an estimated 1,000 North Vietnamese and Viet Cong on Saturday—had fallen to counterattacking forces. But they could not say when this was supposed to have happened.

The South Vietnamese army was making the deepest penetration yet reported by an allied military force into Cambodia in efforts to save Kompong Speu.

Newsman returning here from the fighting area today said Cambodian forces remained positioned on Kompong Speu's eastern edge while South Vietnamese troops moved at it from the southeast.

Artillery rounds continued to smash into the center of the town, which despite the claims of the spokesmen apparently was still under control of the entrenched enemy forces.

## SOME Homes Did Observe Flag Day

### Flag Day Highlights

United Press International Sunday was Flag Day across the nation. Two events in Chicago summarized what different people were doing as they look at Old Glory.

Mayor Richard J. Daley had issued a proclamation ordering the American flag to be flown from all Chicago public buildings and schools, and calling on private home owners to do the same.

"It is well for a city to proudly rally behind our flag, the emblem of justice, freedom and democracy," the mayor said.

The other event took place Saturday. Roger Veasy, 17, had gone to Chicago's Belmont Avenue lakefront, Sgt. Art Army Spec. 4 John Warhaver, 29, Warhaver didn't like Veasy's attire—a flag around his shoulders.

He told police Veasy had taken the flag off, threw it on the ground and jumped on it. Veasy admitted wearing the flag.

"In America, you can do whatever you want. It's a free country," he said.

He was arrested on a charge of desecrating the flag.

By proclamation of President Nixon, Flag Day was extended to a full week this year. Across the nation, the flag flew from buildings of all kinds and was carried aloft in parade Sunday.

Flag Day dates back to 1916, when President Woodrow Wilson proclaimed June 14 as national Flag Day. But it was 11 years before, in Washington, D.C., that the world's largest flag—1,600 pounds and 104 by 23 feet—unfurled down the front of the State. A crew of 25 men, the J. L. Heddon Department by unfurled the flag.

In Baltimore, the hometown of Francis Scott Key, who wrote the "Star Spangled Banner," church bells rang out with patriotic songs. Vice President Spiro T. Agnew's daughter, Susan, 22, led several thousand persons in the Pledge of Allegiance in ceremonies at Ft. McHenry.

In Washington, the nation's capital, the flag was displayed on light poles along major streets.

## Two Arabs Executed For Rape

By THE ASSOCIATED PRESS  
Amman, Jordan (AP)—Two Jordanian men were executed for raping two American women during last week's wild fighting in Amman between commandos and Jordanian army troops.

While the situation in Jordan appeared to be cooling, Israeli warplanes resumed their attacks along the Golan Heights along the Egyptian military positions along the Suez Canal over the weekend, and Israeli commandos staged a raid into Jordan.

Flanked by two bodyguards armed with submachine guns, Yasar Arafat, head of the Al Fatah commandos, told a news conference in the Jordanian capital that one rape case had been brought to his attention. He said the guilty Arab was arrested, tried and executed.

Later another Al Fatah spokesman told newsmen that a second Arab had been executed for raping another woman. He added that both women had been evacuated from Jordan.

E. Cheek, one of four Negroes named by President Nixon Saturday to a special commission to study the causes and cures of campus unrest, addressed the University graduates in Raleigh, N.C.

He said the top priority for black Americans is to prevent the nation's two societies—black and white—from continuing to drift apart. He said demands of blacks are no longer for civil rights but for social justice.

"In the last 12 months, we have witnessed a developing resistance on the part of our political leadership to this emerging struggle; we have watched with growing alarm a steady retreat from the principles on which this nation was founded, and a steady march in the direction of the nation's two societies—black and white—from continuing to drift apart. He said demands of blacks are no longer for civil rights but for social justice.

## U. S. Graduates Urged To 'Revolution'

By THE ASSOCIATED PRESS  
The president of Howard University, speaking during another busy day of commencement ceremonies, has told graduating blacks that America has entered the 1970s "clearly on the threshold of a revolution."

Elsewhere on the nation's campuses Sunday, Sen. Edward Kennedy, D-Mass., urged a group of business institute graduates to "awaken corporations to social needs by applying for employee representation in the decision making process."

Sen. George McGovern, D-S.D., told the City College of New York commencement that the nation needs a second, non-violent American revolution to square its policies and priorities with its founding ideals.

Howard President Dr. James E. Cheek, one of four Negroes named by President Nixon Saturday to a special commission to study the causes and cures of campus unrest, addressed the University graduates in Raleigh, N.C.

He said the top priority for black Americans is to prevent the nation's two societies—black and white—from continuing to drift apart. He said demands of blacks are no longer for civil rights but for social justice.

HOWARD LEE Elliott, son of Mr. and Mrs. George W. Elliott, Banana Lake Road, was graduated magna cum laude with a bachelor of science degree at Cumberland College, Williamsburg, Ky. He plans to teach near Knoxville while working on his master's degree in history at the University of Tennessee.

By MARION BETHA  
ALTA MONTANE SPRINGS — City Council will meet tomorrow at 4:30 p.m., at which time three ordinances will be proposed for first reading. On the agenda is the annexation ordinance for highway rights-of-way leading from the municipality. Also to be considered is the ordinance establishing sewer connections.

At a recent meeting council voted to require 60 per cent of the total connection fee of \$125 for each apartment unit at the time of connection; 25 per cent in six months and the remaining 15 per cent within 12 months.

The ordinance dealing with sewer service rates also will be presented. Lettiza will be read from the State Division of Health dealing with sewerage collection in Hidden Harbor. Rev. John Shaffer has requested rental of the Community House. A request will be considered from the Florida Sanitarium for a commitment in writing relative to sewer facility availability.

Letter will be read from the City Attorney of Eatonville to Altamonte City Attorney S. J. Davis regarding the proposed agreement between the municipalities for sewage service. Under new business the council will consider: A request for a set back variance at High Ridge. A public hearing to rezone lots 1-15, block 6 at Oak Land Estate. Authorization for finance chief to attend a conference.

The commission will hear in depth report from Commissioner Gordon Meyer on his findings about cablevision following a recent trip to survey cable-television operations in Wisconsin.

Seminole Cablevision is a subsidiary of the American Television Corporation. Both Seminole and Times-Mirror have submitted revised franchises to the city for a ten year contract.

# Bill Belk Just Might Be A Little Larger Buy From Want Ads

CLEMSON, S. C. — San Francisco 49er defensive end Bill Belk says when he entered the NFL three seasons ago he planned to play five years and then quit. "Now five years and I'm still around for 10 years."

When his playing days are over, the 64, 245 pound Maryland State College graduate who is from Lancaster, S. C., says he hopes to enter the public relations field, although "it just might end up coaching, because I like to work with young people."

Belk's fondness for young people is being utilized this week at the first Fellowship of Christian Athletes conference ever held in South Carolina, on the campus of Clemson University.

Some 275 delegates, mostly high school and college athletes, plus several pro players and college and high school coaches, are attending the five day session, one of four FCA conferences in progress this week and one of 37 scheduled throughout the United States this summer.

"It's the finest young athletes I've ever seen," says Coach Gilliam, who is the coach of the Christian Athletes in 1967 by Maryland.

Belk said he was introduced to the conference by a friend, "and I'm always Christian, and I'm always Christian."

## Sanford Playground Program Underway

Monday, June 26, saw the summer playground full of energetic youngsters between the ages of 6 and 13 registering for the program.

Each day, Monday thru Friday, the supervised playground is open for the kids to come play from 8:30 to 11:30 a.m. Games and special events are scheduled for each day of the week.

This first week's activities included a sack race on Tuesday where the children brought their lunch and exchanged with each other. Wednesday was the Big Toe Contest and the children dressed up as clowns, ring-dancing places and head baseball games.

Friday ended the week with a tour of the Police Department.

## Seminole Turf Results

The first half of the 1970 meeting at the Seminole Turf Club ended Saturday night with a good crowd in attendance.

Starting six weeks, Monday and Tuesday nights will be dark at Seminole Turf Club as the summer schedule starts this Wednesday with a four day week, Wednesday, Thursday, Friday and Saturday nights the entire summer meeting, ending Labor Day, Sept. 7.

Except for the Big Perfects, favorites continue on their merry way to the delight of the club players at the Turf Club with Pique grabbing the first race, Jeffery Jr., the second, Flirting Friday, in the third and Latin Limer, taking the fourth race, making it six winners out of ten starts for owner-trainer M. L. Sanders, who shipped here from Louisiana, a little over a week ago.

Young Haroldo, made two winners, back to back, in the second and third races bringing his total for the meeting to 20, tying him with John Sallars and Johnny Adams in the standings for the season.
