## BEER BILL ON LAW BOOKS BY MONDAY IS AIM

### Week-End Conference To Help Decide Al- coholic Contents Is Arranged By Chiefs

WASHINGTON, Mar. 18.—(A.P.)—The beer bill on the law books by Monday night was the aim of Congressional leaders as they arranged a week-end conference to help decide whether the new beverage would contain 3.2 or 3.05 percent alcohol.

Conferences were necessary because the House refused to accept the Senate amendments requiring the alcoholic content, adding wines, and prohibiting the sale of drinks to youths under 18.

President Roosevelt is ready to sign the bill at once. Fifteen days after his signature is placed upon it, the measure will become operative. The estimated federal revenue from the bill's tax of five dollars a barrel is \$150,000,000 a year.

In addition to the difference on alcoholic content, disagreements on two other Senate amendments must be proposed. The first of these would prohibit sale of the legalized beverage to persons under 18. The second would legalize wines of 3.05 alcoholic content. California's voters have raised strenuous objection to the latter contending that the production of such wine is unfeasible.

To expedite matters a plan was (Continued On Page Two)

## Miller Institutes Injunction Action Against F.P. And L.

Former city commissioner Frank L. Miller, this morning, through his attorney S. R. Dighton, filed an application for injunction against the Florida Power and Light Co., restraining that company from collecting the gross amount of Mr. Miller's February bill for electric current furnished him.

Electrical Court Judge Millard B. Smith will hear arguments in the case at Titusville next Wednesday morning. Mr. Miller, Mr. Dighton, and F. R. Wilson, representing the City will attend this hearing.

Mr. Dighton this morning returned the affair a "test case to determine whether or not the Florida Power and Light Co., has the right to violate its contract with the city."

The application alleges that since the City and the power company signed a contract which provides that the company charge 11 cents per kilowatt hour for lighting purposes, and that since Mr. Miller's February account is figured on the 11 cent rate, the company has no right to add a penalty, contained in the contract, on the 11 cent rate. "The company violated its contract when it charges more than it agreed to," Mr. Dighton said.

Mr. Miller appeared at the local power company office this morning and offered to pay the net amount of the account which came due on Wednesday. When payment was refused, he instructed his attorney to proceed with the application for injunction.

The new application covers a specific instance of what Mr. Dighton termed a "violation of contract." In contrast to the F. P. and L. contract, some days ago the new suit questions the right of the company to violate its contract, while the Derris case questions the right of the company to collect a penalty on any of the various types of service it offers.

## Stock Mart Closes With Steady Tone

NEW YORK, Mar. 18.—(A.P.)—The Stock Market quieted down to move in narrow fluctuations today but closed with a steady firm tone with a number of issues up a fraction of points. Sales for the short session approximated \$500,000. The most encouraging aspect of the market was its dullness on declines. After an irregular opening it stiffened momentarily and then turned rather heavy but after a number of shares lost a point or so, the selling dried up and the list recovered in the late trading.

## ZANGARA LOSES BOASTFUL MEN AS DEATH NEARS

### Assassin Sits Sullenly In Cell Awaiting His Execution Date

RAIFORD, Mar. 18.—(A.P.)—Far from the boastful, defiant scowl who shouted back at the judge who sentenced him, Giuseppe Zangara, assassin of Mayor Anton J. Cermak, of Chicago, sits sullenly in the death cell here, awaiting execution next week.

He just sits or lies on his cell cot, then next door to the chair. No one speaks to him except the guards, and the attendants who bring him his food.

Zangara gets the regular prison fare. The assassin claimed he was driven to try to kill President Roosevelt and shot five others instead, because of "beag stomach pains," but he has asked not to receive any food except what the other prisoners get.

He has not shown the slightest sign of remorse. He refuses to see a clergyman, not even the prison chaplain.

When he was in the Dade county jail at Miami where he committed his act of assassination while Mr. Roosevelt was receiving a public reception in Bayfront Park, Zangara boasted about writing a book.

But he hasn't written any book here. His keepers say they doubt he can write anyway. They say he has not signed his name.

## Cuban Solons Object To Budget Savings

HAVANA, Mar. 18.—(A.P.)—Secretary of the Treasury Averhart's expressed intention to hold the 1933-34 budget figures to \$17,000,000 has met decided resistance in the Congress.

Leaders of both houses favor a total of about \$42,000,000. The total this year originally was set at \$22,000,000 but December's horizontal readjustment reduced it to \$19,000,000.

Averhart contends that 1933-34 receipts, calculated on present revenues make \$12,000,000 in economies independently. Congressional leaders believed revenues should be increased.

## Remarkable Offer Made To Herald Subscribers For Limited Period

New and old subscribers to The Sanford Herald today are given the opportunity of taking advantage, for a limited time, of a subscription offer which is most extraordinary in nature, and which is based on the universal appeal that lies in the printed word and brightly colored picture.

The Herald today offers its subscribers their choice of three of 18 of America's leading magazines for one year each, and The Herald at a cost of only 18 in addition to the regular subscription rates of The Herald.

## SOLONS SEEK TO FEEL PULSE ON FARM BILL

### Action On Broad Relief Measure That Roosevelt Backs Is Expected Next Week

WASHINGTON, Mar. 18.—(A.P.)—Members of Congress today took advantage of a breathing spell—the recess until Monday—to analyze the countrywide reactions to President Roosevelt's farm relief program on which they are set for action early next week. The agricultural committee of both Houses, meanwhile, plumbed the broad possibilities of the complex measure with a prospect of action before the end of the day. Administration leaders predicted committee approval of the bill without change.

Railroads, banking and a huge unemployment relief plan head the list of legislation the President will submit in the near future. These proposals will go along as soon as the emergency measures on farm relief and unemployment are enacted.

A start was made yesterday on the railroad legislation with the introduction of a far reaching bill by Chairman Rayburn of the House Interstate Commerce committee to regulate railroad holding companies and a motor truck transportation and to consolidate the power and radio communications into a commission on communications.

The last of the Roosevelt emergency proposals—authorization of a broad relief program expected to give jobs to about 200,000 men—will go on to Congress early next week. After that he (Continued On Page Two)

## Boy Scout Court Of Honor Will Be Held

Boys from Seminole County's three day Scout troops will appear before a Court of Honor at the City Hall Monday night at 7:30 o'clock, according to Arthur Branan, chairman of the Seminole County Boy Scout Executive Council.

Judge J. G. Sharon will preside over the Court, while Klavian Julius Dingfelder, Howard Overlin, Dave Bonke, W. H. Zachry and Arthur Branan, and Scoutmaster D. K. McNair will be among those listening to the tests offered by the boys. The public is invited.

## Zernoven Presents Celery To Herald

The editorial staff of The Sanford Herald this morning was indebted to Nick Zernoven, local grower, for his donation of a crate of choice celery taken from his farm. It is not the first time that Mr. Zernoven has remembered The Herald in this manner, for at various times during the past months he has presented The Herald with samples of his county's agricultural products, either celery, lettuce, romaine, or tomatoes.

## Quick Action Seen Need To Keep Peace

OSTIA, Italy, Mar. 18.—(A.P.)—Peace must be organized quickly if it is to be organized at all, Prime Minister Ramsay MacDonald, of Great Britain, said today while enroute to Rome for a conference with Premier Mussolini. "I am impressed with the difficulties confronting us," he said, "but I believe that with vigorous cooperation especially among the great nations, of the world we shall find a way out of our difficulty, both political and economic, and shall make world a safe and pleasant place for this and future generations. We have no time to waste, however."

## MANY FACTORIES RE-OPEN IN OHIO AFTER CLOSEUP

### Five Thousand Families To Be Affected By Job Resumption

CLEVELAND, Mar. 18.—(A.P.)—More than 5000 families in industrial Ohio cocked an ear for the factory whistle and lifted a hopeful eye for pines of smoke yesterday as their bread winners prepared to go back to work.

The call went out in Cleveland, Steubenville, Toledo, Youngstown and other cities—and men grinned broadly when they got the news, eager for the grime and grease and stank of industry.

For the industry had responded in the short span of four days to the jangling of open banks, whose numbers incidentally had mounted well past the 500 mark in Ohio last night.

The response began late Thursday when Thompson Products Company of Calverton announced it would recall between 100 and 100 men Monday. These followed quickly a call by the Cleveland Granite-Bronte Company for more men to join the 350 already working full time.

The Cleveland branch of Fisher Body Company yesterday notified some 3000 former employees to appear on duty Monday morning.

The Toledo branch of the Chevrolet Motor Company announced that operations would be resumed Monday after a week's shut-down. Although no renewed demand for scrap iron had appeared, scrap yards at Youngstown yesterday put 50 men to work sorting and preparing scrap for use in open hearth furnaces. The advance of \$1-a-ton to \$10 for heavy melting scrap at Pittsburgh, was an incentive.

The Follansbee Brother Company, at Steubenville, disclosed plans for increased operations by Monday at its Follansbee, W. Va., tin mill plant. Some 75 men will be added to the pay roll.

It also was reported the Hoover Sweeper Company at Canton, was preparing to pick up operations after a two week's shutdown, with a call for 400 employees to return to their tasks.

## Inquest Is Held In Death Of Orlandoan

Following an investigation into the death of Jesse L. Harris, young Orlando barber who was killed in an automobile accident near Fern Park on Thursday night, Justice announced that Mr. Roberts came to his death by losing control of his car while passing another car parked on the side of the road, and that no inquest is necessary. State Attorney L. F. Boyle, Sheriff J. F. McClelland, and Officer E. T. Hamill assisted in the investigation.

Mr. Roberts also called the attention of the motoring public that Harris' death is the third in three weeks on the Sanford-Orlando highway. "I beg and implore, our motoring public," Mr. Roberts said, "to use all diligence and take all precaution in traveling on the Sanford-Orlando road. It is dangerous to travel at any great speed, or to try to pass another car as this road is very treacherous at times, particularly when wet. The minute you move your steering wheel you are liable to lose control of your car, thereby endangering your life, as well as the lives of the people that may be with you."

## College Running Days Are Over For Carr

PHILADELPHIA, Mar. 18.—(A.P.)—College running days are over for Bill Carr, Arkansas flyer, who thrilled the athletic world with a record breaking performance in the Olympic Games. Hospital reports today definitely stated he suffered multiple fractures of both ankles and a fracture of the pelvis in an automobile accident last night. His general condition is good.

This Orlando group is back of the movement to establish a series of adequate landing fields between Orlando and Jacksonville by way of the St. Johns River Valley. They therefore were invited to assist in staging a celebration which will be devoted on (Continued On Page Three)

## RUSSIA WARNS HER NEIGHBORS TO BE CAREFUL

### Government States It Is Fully Prepared To Meet Any Attack With Victory Sure

MOSCOW, Mar. 18.—The Soviet government, with unprecedented vigor, has served notice to certain "imperialist neighbors" that it is not only fully prepared to repulse any military attack but convinced that Russia would win if forced upon.

Press and government pronouncements make no effort to conceal the fact that the warning is directed at Japan, where Tokyo's refusal to sign a non-aggression pact is characterized as alarming.

Premier Vladimir Molotov, in (Continued on Page Three)

## Veteran Engineer Ends Long Career With Coast Line

Nearly 44 years of service as an employee of the Atlantic Coast Line Railroad came to an end at 2:40 o'clock this afternoon for Engineer E. B. Huntley, of Leesburg, when he stepped from an engine which he had driven here from Leesburg on a regular run which he has been on for more than 25 years.

Mr. Huntley today reached the age of 70 years, thereby automatically being retired from further service with the railroad. This veteran of the rails, widely known in many parts of Florida, today has turned over to his son, who has been and taken great pride in the service, his duties as an engineer.

He has worked for 44 years of almost daily connection with the service, and served to stamp such duties indelibly upon his mind, so much so that his life centers about the "run."

When the white-haired engineer stepped from the cab at the depot here this afternoon, there were many friends on hand to congratulate him upon a service well rendered. Among them was H. R. Stevens and T. L. Dumas, two other Coast Line veterans who have watched his years of service with much interest.

## Solution Of \$50,000 Extortionist Plot Is Believed Found

EVANSTON, Ill., Mar. 18.—(A.P.)—Solution of an alleged \$50,000 extortion plot against Mrs. James Patton, 76-year-old widow of a multi-millionaire "wheat king" was claimed by police today after the arrest of a man they said confessed to writing her five letters.

The man was Axel Peterson, 32, landscape gardener who police said was once employed by the Pattons, General Charles Patton and his brother Rufus Patton, president of Chicago's World Fair and Northwestern University.

Authorities said Peterson might be turned over to federal officers for prosecution. Peterson was arrested when he attempted to meet Mrs. Patton at the place he designated for her to deliver the money.

College running days are over for Bill Carr, Arkansas flyer, who thrilled the athletic world with a record breaking performance in the Olympic Games. Hospital reports today definitely stated he suffered multiple fractures of both ankles and a fracture of the pelvis in an automobile accident last night. His general condition is good.

## Plans Arranged For Celebration Of St. Johns Valley Day In DeLand Soon

Tentative arrangements for the celebration of the first annual St. Johns Valley Day, to be staged at the DeLand Fair Grounds on Thursday, April 20, by four groups whose interest are closely affiliated in the success of this section, were completed at the Chamber of Commerce office this morning at a meeting attended by a group of Orlando aviation enthusiasts.

Plans had been arranged earlier this week but they were not consolidated until today's meeting when Lieut. E. C. Nillon, City Commissioner, Wayne Gray and L. O. Mote, secretary of the Orlando Chamber of Commerce, met with local groups after they had arrived in the City by airplane from Orlando.

This Orlando group is back of the movement to establish a series of adequate landing fields between Orlando and Jacksonville by way of the St. Johns River Valley. They therefore were invited to assist in staging a celebration which will be devoted on (Continued On Page Three)

## American Statesmen Are Scrutinizing Far-Reaching Disarmament Proposition

### CELERY CROP TO BE CURTAILED BY FIFTH NEXT WEEK

WASHINGTON, Mar. 18.—(A.P.)—American statesmen piling over the far reaching British disarmament proposal last night found themselves faced with a vital decision as to whether the United States should commit itself to join in solving any disputes which might arise between nations which have signed the famous pact of Paris.

This question stood out as the most important from an American viewpoint of all the matters covered in the plan presented by Prime Minister MacDonald, of Great Britain.

On the question of dealing with specific steps toward reduction of armies, navies and war materials, the American government found itself in general accord as most of these proposals closely resemble suggestions made by President Hoover and endorsed in (Continued On Page Three)

## L. P. Hagan Urges Consideration Of State Sales Tax

Former Representative L. P. Hagan today offers a solution, summed up as a sales tax on the dollars that are spent in Florida every day, for the problem of taxation and finance that faces the new legislature which convenes on April 3.

Mr. Hagan sees the proposed sales tax as an additional tax, but as one for the relief of homes and real property upon which taxes are not being paid at the present time. He pictures the creation of such a tax as one of the ways in which the gasoline tax may be reduced at least two cents, and the price of automobile license tags reduced to \$5 and \$10, and he expressed the hope that those officials who have gone on record as opposing such a tax, reconsider and study the subject.

Mr. Hagan's complete statement is as follows:

"Realizing that finance and taxation for the support of government is the most vital question before the people of Florida today, and that a solution must be found in order to maintain our structure of local and state government."

"I am convinced that we have come to the day that we need a sales or turnover tax similar to the Mississippi sales tax, not as an additional tax, but for the relief of home and real property which is unable to pay at this time. In my opinion with such a tax the gasoline tax could be cut two cents per gallon, and automobiles reduced to five and ten dollars, allowing all the people to share in the cost of government. In other words it seems to me that we must maintain government taxation of the dollar by turn over today."

"None of our public officials have gone on record as being opposed to such a tax, but I have mentioned, I hope they will reconsider and study the subject, for surely the time has come for officials to give to the people a practical solution without thought of the next election. Economy and fair taxation are the only ways out of the present crisis."

## Plans Arranged For Celebration Of St. Johns Valley Day In DeLand Soon

Tentative arrangements for the celebration of the first annual St. Johns Valley Day, to be staged at the DeLand Fair Grounds on Thursday, April 20, by four groups whose interest are closely affiliated in the success of this section, were completed at the Chamber of Commerce office this morning at a meeting attended by a group of Orlando aviation enthusiasts.

Plans had been arranged earlier this week but they were not consolidated until today's meeting when Lieut. E. C. Nillon, City Commissioner, Wayne Gray and L. O. Mote, secretary of the Orlando Chamber of Commerce, met with local groups after they had arrived in the City by airplane from Orlando.

## JAP DELEGATE TALKS AGAINST WAR WITH U. S.

### Yonke Matsuoka Declines Fight With This Country Would Be Act of Madness

LONDON, Mar. 18.—(A.P.)—Yonke Matsuoka, chief Japanese delegate at recent League of Nations meetings at which the Sino-Japanese conflict was considered, declared yesterday before his departure for America that war between the United States and Japan "would be an act of madness."

Matsuoka, who will pass through the United States on his way to Tokyo, asserted America can have "condoned the fault of Chinese misgovernment and nullified those of Japanese government."

To explain his analysis of the American public attitude he used American slang, saying that the American people "fall for appeals to your emotions; this is what you have done regarding China." He made these statements in the course of a special interview.

"The United States and Japan have an important mission to fulfill for the sake of humanity in building up the coming era of Pacific civilization in which the East and the West will unite, in peace for the first time in history," the Japanese diplomat said. "Understanding and friendship between these two advanced countries is essential to the welfare of all the Pacific. It will be of benefit not only to ourselves, but to others as well, and particularly to the people of China."

"Paradoxically as the statement may seem at the present time, Japan is and must continue to be a friend of China. To the United States, friendship for the colonial country across the Pacific is largely a matter of sentiment; you have no vital interests in China." (Continued On Page Three)

## Hoarders' Names Sent To Treasury By Sanford Bank

The names of three Sanford persons who are known by officials of the Sanford-Atlantic National Bank to be hoarding gold money or gold currency this morning were sent to the Treasury in compliance with the rules and regulations established by Secretary of the Treasury W. H. Woodin some days ago.

Announcement also was made that yesterday was the last day in which persons possessing gold money or gold currency could accede to the request of President Roosevelt that all gold be turned in before Mar. 18, or today. There is no penalty attached to the 10-cent and five-cent increments mentioned. Persons who still possess gold coins or gold currency are urged to bring it to the bank for exchange or deposit at once.

Attention also is called to a typographical error which occurred in yesterday's story of the amount of deposits, gold, and currency accepted at the bank since Wednesday. The actual amount of currency deposited totaled approximately \$100,000 instead of \$10,000 as printed.

## \$250,000 Cermak Will Filed For Probation

CHICAGO, Mar. 18.—(A.P.)—An estate valued at \$250,000 was bequeathed to charities and to the family of the late Mayor Anton Cermak in his will filed today in probate court. Cermak, shot down in Miami with a bullet through his chest, intended by President Roosevelt, left the bulk of his estate to his immediate family and distributed \$17,000 to charities.

## GENERAL BURGESS DIES

HOT SPRINGS, Mar. 18.—(A.P.)—Brigadier General Henry Burgess, governor general of Panama, died at the Army Navy Hospital today. He was 62 years old.

# League Directors Okey Drastic Rule Changes At Meet

## Central Florida Loop Is Reorganized To Benefit Amateurs

By PETER SCHAAL

Tentatively accepting drastic changes in playing rules and regulations that were suggested by the writer as secretary of the league, changes that will give the local amateur player every chance to develop his ability, representatives of baseball clubs now in process of organization at DeLand, Daytona Beach, New Smyrna, Cocoa and Sanford, meeting in Orange City last night, declared themselves ready to begin the 1933 season just as soon as possible.

A sixth club is needed, but League President J. T. Hogan declared last night that when league

directors meet at Orange City next Wednesday night to officially adopt the new rules, there will be representatives from at least three other cities seeking the extra place.

Principal change in the league playing rules provides a limit on "class" or professional players. Last season each club was allowed 15 players and all of them could be professional players. Under the new rule, each team is allowed only four professionals, but none of the four shall have played organized league baseball within two years. In other words, no team may have a player this season who played organized baseball in 1931 and 1932.

The new rule does not penalize players like Alan Mobley and Olin Hunt at Daytona Beach, Shorty Malley at Winter Park, Joe Barnes and Bert Chapman at Sanford, Jimmie Cochran at Cocoa or Bill Letz at New Smyrna. It does eliminate, among others, Lefty Baker and Possum Lewis at Cocoa, Buck Taylor at Winter Park, Cecil Frisbie, Walter Hunter, Lib Jones and possibly Otis Curry at Sanford, Lefty Guire, and Shaw York at DeLand, and Tim Stone and Lionel Mobley at Daytona Beach.

What this means is that conditions such as existed here last year when Pete Schirard and Buddy Lake were more or less benched while Hunter, Curry, Jones and others were imported and were guaranteed salaries, will be eliminated. The same conditions existed at Daytona Beach, New Smyrna, Cocoa, DeLand, and Winter Park, and as a result there was created a dissension that still is felt by the young amateurs who, believing themselves fit for semi-pro baseball, were shoved aside.

League directors feel that the elimination of professionals will not slow up the game as compared with that of last year. Instead, play should be faster and better balanced, for young and aspiring players will be holding down 11 of the 15 places on each club. It is expected that the four more or less "retired" professionals allowed on each club will provide all the experience and coaching necessary to develop the younger players properly, and that the public will approve of the change.

The new rule was given enthusiastic approval by E. L. Hayes, of New Smyrna, and C. C. Cate, of DeLand, the latter representing a group of DeLand baseball fans who are in no way connected with the DeLand team of last year. DeLand will have two teams this season, from all indications, one of which will be in the North-east Florida League and one in the Central Florida League. Mr. Cate represents a group of merchants and fans who believe that economy and protection of the amateur must be stressed this season.

Mr. Hayes announced that as far as New Smyrna is concerned "The day of the big payroll is over. We can't put a team in the field to compete with those at Sanford, DeLand, Daytona or Cocoa. We are going to have at least 25 competent amateurs in league, and we feel that if every team will do the same, that the league will be faster and will have the confidence and support of fans more than ever before. I heartily approve of the new rules suggested by Mr. Schaal and I know that our fans will also approve, for it will give them a chance to see baseball that they know they can support without a considerable drain on their finances."

Mr. Cate expressed similar approval as did President Hogan, who spoke for a group of Daytona Beach fans, and Joe Ludwig, president of Sanford's 1932 club, who succeeds R. A. Williams, as league director. The writer reported.

### LEGAL NOTICE

NOTICE OF MARTIN'S SALE  
NOTICE IS HEREBY GIVEN that under and by virtue of a decree of foreclosure and sale, dated the 6th day of March, A. D. 1932, in the case of H. E. Pritchard, complainant, versus Andrew McAnish and Bertha McAnish, his wife, defendants, in the Circuit Court of the Twenty-third Judicial Circuit in and for Seminole County, Florida, by Cheever No. 11, I will sell at public auction for cash to the highest and best bidder at the front door of the court house at Sanford, Seminole County, Florida, on Monday, the 20th day of April, A. D. 1933, the same being a rule day at the Court, between the legal hours of sale, the following described property, situate and lying in Seminole County, Florida, to-wit:

The East 1/2 part of the Northwest Quarter of Section 21, Township 28, South Range 22 East.

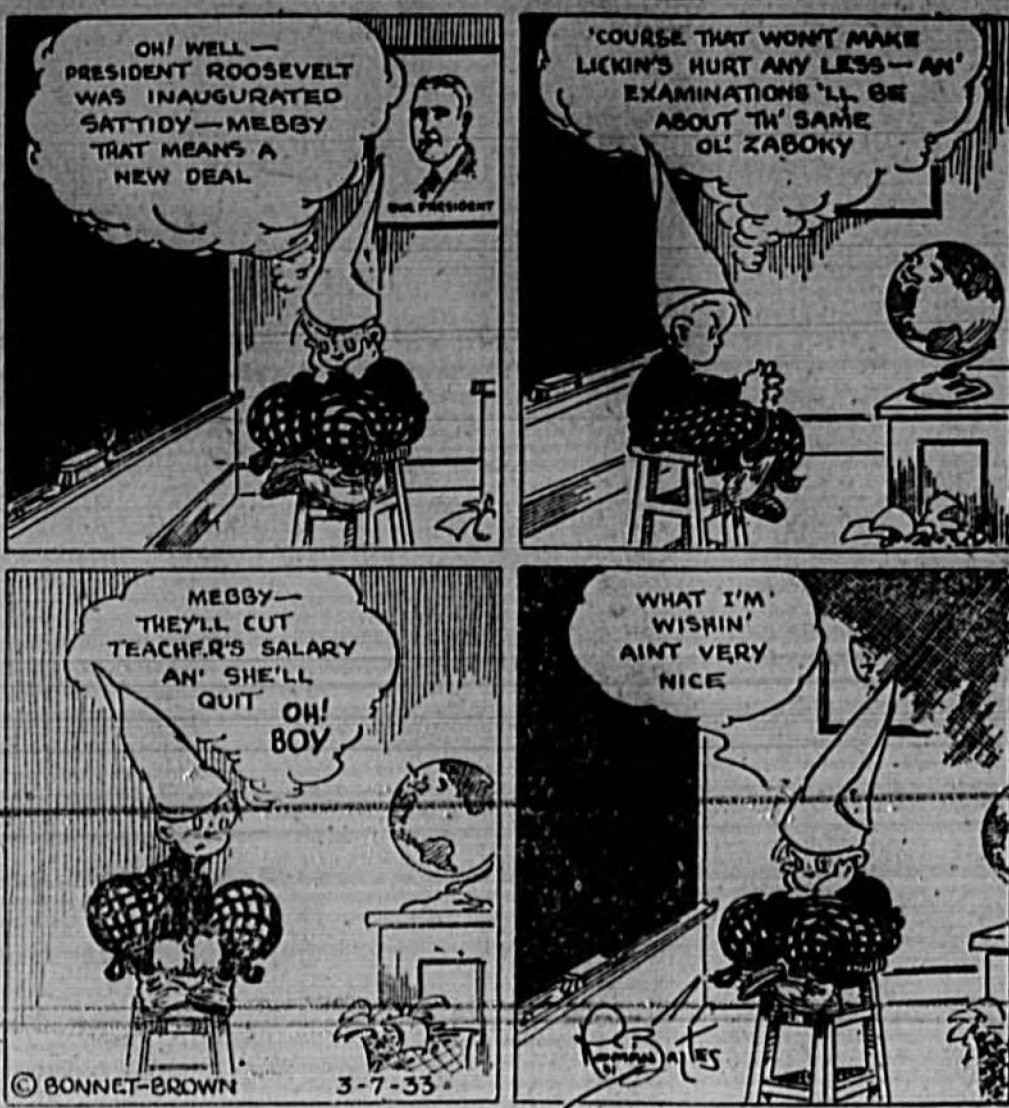

to satisfy said decree and costs.

W. A. Pritchard,  
Plaintiff.

Dr. J. H. McAnish,  
Defendant.

Notary Public.

## CHUCKY

represented Cocoa, whose director, Buck Sawyer, secretary of the Cocoa Chamber of Commerce, okeyed the new rules some days ago while visiting in Sanford.

The re-organized league is set to get away on Sunday, Apr. 9. Sixty games will be played during a split season that ends on Aug. 24, with the post-season series scheduled to start on Sunday, Aug. 27 and to continue through Labor Day or until a winner of four out of seven games is produced. Each team is to play 30 games at home and 30 on the road.

Here are the other changes in playing rules as arranged by the writer after a careful study of the difficulties that have arisen after two years of play:

Section 2, of Article Two of the League Constitution, which gives as one of the objects of the league the "protection and promotion of mutual interests in semi-pro baseball players and clubs", is to be observed to the letter as far as possible.

Annual meeting of the league changed from third Monday in April to first Monday in April. President to be empowered to take full action on all protests, such action to include the naming of four league directors not in-

cluded in the protest as an arbitration board. President to have direct supervision over all umpires, except that any umpire may be removed from duty by majority vote of the directors.

Umpires pay reduced from \$7.50 to not more than \$5 per game. No protests will be allowed on the judgment of a club unless it is clearly in violation of National League playing or umpiring rules.

All protests must be accompanied by a \$10 deposit, which sum shall be used to pay expenses of calling league directors and officers to a meeting to decide on the protest.

If two teams end either half of the season in a tie, one game to decide title shall be played on neutral grounds and the gate receipts are to be divided between the two teams.

President is empowered, "for the best interests of the league",

Passings for a 24 hour Period

ending at 6:00 A. M. Today.

Potomac Yards: 35 cars passed. New York 12, Philadelphia 4, Baltimore 2, Springfield 2, one each to Pittsburgh, Washington, Ulen, New Haven, Boston, Newark, Rochester, Wilkesbarre, Buffalo, Birmingham, St. Albans, Williamsport, and Hamilton, Ont. One car held for re-shipment.

Cincinnati: 9 cars passed. Chicago 4, one each to Columbus, Detroit, Milwaukee, Youngstown and Grand Rapids.

Savannah Division: none.

Shipping Point Information for Thursday, Mar. 16, 1933.

Sanford-Division Section of Florida: Warm, partly cloudy. Haulings rather heavy; light wire inquiry. Demand light, market weak. Few few sales reported to quote. Most shipments rolled unshipped.

Plant City: Warm, showers. Haulings moderate, demand light, market slightly weaker. Carloads to shipping point, 18 inch crates, individually washed and pre-cooled, U. S. No. 1, 24 doz. \$1.19-\$1.14, 4-12 doz. \$1.25, fair quality 4-12 doz. \$1.00-\$1.10; crate washed and pre-cooled, U. S. No. 1, 24 doz. \$1.00-\$1.10, fair quality 16 doz. \$1.00.

Telegraphic Reports from Importers:

New York: Slightly weaker; 5 doz. partly cloudy. 15 cars arrived; 2 crates, 16 Fla. unshipped; 10 cars on track. Supplies moderate.

Philadelphia: Slightly weaker; 5 doz. partly cloudy. 15 cars arrived; 2 crates, 16 Fla. unshipped; 10 cars on track. Supplies moderate.

Washington: Slightly weaker; 5 doz. partly cloudy. 15 cars arrived; 2 crates, 16 Fla. unshipped; 10 cars on track. Supplies moderate.

Other markets: Fair to good.

appeared in at least three games during the second half of the season.

Destinies of Sanford's entry in the Central Florida Baseball League will be in the hands of a group of fans including Joe Ludwig, president of last year's club, W. E. Varn, Jack Scott, and probably D. D. Weiborn, it was decided at a meeting of fans at the City Hall yesterday afternoon.

Gathering to discuss what action is to be taken to recruit a club locally, and to name a representative to the league meeting in Orange City last night, the group assured Mr. Ludwig, who accepted the post of league director upon R. A. Williams' decision to retire from the league, that a club will be secured at once.

# TRY THEM ALL

Even the best of beauty creams and lotions will not be effective unless you start with a clean, fresh skin. And only frequent bathing with **HOT** water will really cleanse the pores and keep your skin in perfect condition.

Now you can have plenty of hot water as easily as you turn on an electric light. Nothing to remember... nothing to forget. Simply snap the switch and you have water as hot as you need it. Modern electric water heaters turn themselves off when the water is heated to the proper temperature.

And, it isn't expensive to heat water on your Thrifty Three, 7-5-2c electric rate. Ask any employee or your favorite electric dealer about this safe, modern way to heat water.

**ELECTRICITY, YOUR CHEAPEST SERVANT**

YOUR THRIFTY THREE 7-5-2c RATE MAKES COMPLETE ELECTRIC SERVICE ECONOMICAL

And Your Choice of Any One Magazine in Group No. 1

**THREE IN ALL**

FOR THE small down payment of only \$1.00 cash in advance with your order and your subscription to THE SANFORD HERALD for one year from date of order, to be paid either weekly, monthly, quarterly, semi-annually or yearly, at the regular subscription rates, you will receive your choice of any ONE magazine in Group No. 1, and your choice of any TWO magazines in Group No. 2, giving you your favorite THREE magazines at this remarkably low cost. The \$1.00 cash, with order and your regular payments to the carrier boy covers the entire cost of the magazines and THE SANFORD HERALD subscription. THE SANFORD HERALD will be deliv-

ered by your regular carrier or agent, and the magazines will be mailed to you regularly from the publisher's office. THE SANFORD HERALD, ever on the alert to give its readers the greatest possible service, makes this offer, which is unparalleled in the history of our newspaper. HERE'S THE GOOD NEWS! Both old and new subscribers are privileged to take advantage of this offer by simply signing the coupon below and sending it to us with \$1.00 cash. Tell your friends about this wonderful proposition, because they, too, will want to take advantage of it. They will appreciate the opportunity of getting acquainted with our paper.

## OUR GUARANTÉE

This arrangement is made possible by a contract direct with the publisher's own representative, and we guarantee that every subscriber will receive the full subscription time to the three magazines selected. REMEMBER, during this busy season, sometimes takes four to five weeks to get the first magazine.

## USE THIS HANDY COUPON NOW

### SUBSCRIPTION CONTRACT

#### Check 1 In This Group

- American Magazine, 1 yr.
- Collier's Weekly, 1 yr.
- House Beautiful, 1 yr.
