Merry Christmas 1968-With Accent On Merry!

Merry Christmas! From all of us to all of you! And, as we prepare to observe the joyful anni-versary of the birth of Jesus Christ in far-off Bethlehem, even the most hard-headed must admit that recent events, recent days make this 1968 observance omething special.

Our concern is news, "what" happens, "where" it happens, "who" it happens to and — most difficult of all — to see if the complexities of "why" can be

ings that can be and should be listed on the "positive" side and real aids to Santa Claus in making his "Ho-Ho-Ho!" sound out with meaning!

A very special laurel wreath not only to the FBI but all law enforcement folks who took part. And there can be no more happy event to take place at this time than the wedding of long-legged, smiling Dwight Davis Eisenhower II and beautiful,

But these young folks displayed such a demeanor that even the fact that the groom is the grandson of

and the lost opportunities should be relegated to a very secondary spot. Here in the United States it has been a period which was distorted, hampered and unhinged by a presidential election campaign conducted

But this is Christmas-time. Those who need an excuse for looking beyond the superficial cover of material gift-giving and gift-receiving, to dip into beloved "Ike" Eisenhower and the bride the daughter those deeper emotions which have always been arousof our President-elect, paled in comparison with their ed by observance of the birth of the Bethlehem Babe,

no further excuse is needed. How wonderful it is to realize that on the long road upon which the Three Wisemen embarked centuries ago, the search continues. To each such traveler, the attraction makes its own appeal.

Again we say "To All Of You From All Of Us" - a VERY MERRY CHRISTMAS!

We are happy to respond to the appeal of Gov.
Claude R. Kirk, Jr. to us for strong endorsement
and support for his drive to reduce highway fatalities and to encourage safe driving.

Safe Highways

His letter states, in part:
"The terrible toil of death and destruction occurring on our streets and highways is of great concern to me and other officials in our State Government.

"At a time when our people are celebrating and enjoying the happiest season of the year, we are faced with the most dangerous automobile traffic of the year. "Every effort must be made to attempt to in-

fluence safe behavior in our drivers. We are soliciting your help in a traffic safety emphasis program during this busy Holiday Season, and we hope that we can enjoy your support in our crackdown on traffic offenders. The Florida Highway Patrol is conducting a

"Gift of Life" campaign through the Holiday
Season with the message, "There is no greater
gift than LIFE — don't destroy it this Holiday
Season. Keep a safe speed, keep sober, keep
alert and keep a safe distance..." "Previous experience has shown that special traffic safety emphasis programs can influence the behavior of drivers, and you have a special

opportunity to assist with a life-saving program this Roliday Season. To all of this we add sober and sincere edi-torial approval. There are times when we do not see eye-to-eye with our governor. But in this we are indeed, shoulder-to-shoulder and are glad to be able to add that this same motivation

The next morning the couple found the child to be gone. As they searched about, they hear a host of angels singng outside their door. Amidst this group of angels, the Christ Child appeared. The couple recognized Him as the waif they had cared

Almost thirty years later the Christmas tree became a holiday custom in the United States. Today, burning candles ar replaced by strings of electric lights; fruits and nuts have been replaced by fragile glass baubles; and, in some cases, the green-boughed tree has been changed to one made of plastic or foll, and much to some people's dismay even comes in pink and other nona green colors.

The symbolic use of the tree dates back at least 4,000 years to a time when the Egyptians celebrated in honor of their sun god during the month corresponding to our December. This was the season of rejoicing and the palm tree became its sym-

Still another story of the Christmas tree goes back to the days of Saint Wilfrid in the 7th Century. Once, as he stood among a crowd of his converts, he tried to indicate their severance of all connections with heathen religions by cutting down a great oak. As it fell to the earth, the oak split into four pieces and - to the amazement of the converts-a young fir tree with its green spire pointing toward the heavens grew from the center. "This little tree," said Wilfrid. "is a young child of the forest. It shall be your holy tree to night. It is a sign of an endless life, for its leaves are evergreen. See how it points toward heaven. Let this tree be called the tree of the Christ Child."

First Creche

We do not know when the first creche was set up as a tableau to illustrate the nativity. but church records indicate tha St. Francis of Assis received special permission from the Pope to reconstruct the scene in the Bethlethem stable. Today the crib, surrounde by figurines of the Holy Family, the Three Wise Men, shepherds, angels and farm ani mals, is to southern Europe and Catholic countries what the brightly decorated Christmas tree is to America.

It's nice to have so many friends-
