

## MEASURE INDICATES MUSSOINI FLURRY

Measure Indicates  
General Election  
To Be Held Within  
3 or 4 Months

Members of Own  
Party Surprised

Prominent Poli-  
ticians Including  
Mellon Favor Bill

Dec. 22.—Premier  
Mussolini's dramatic announce-  
ment of the chamber of de-  
puties in giving notice  
of modifying the elec-  
tion law, kept the political at-  
mosphere buzzing Sunday.  
The news and legations and  
press were in a state of  
excitement throughout Sun-  
day and Monday.

Although many of the  
senators left Saturday  
night and Christmas at their  
homes, the parliament resembled  
a scene where the leading poli-  
ticians were exchanging opin-  
ions on the proposed  
measure.

Premier Ciolitti's  
expression of  
confidence in the  
bill is interpreted  
as a signal that the  
government is  
prepared to make  
a revolution.

It is expected that the  
bill will be passed  
in the next few  
days. The measure  
is expected to be  
passed in the  
next few days.

## Bolshevist Agitations Are Cause Of Albanian Trouble, Jugo-Slavia Note Reiterates

Message Denies Charges That  
Jugo-Slavia Has Been  
Responsible For The Internal  
Troubles Of Past Few Days

PARIS, Dec. 22.—The Jugo-Slav  
legation in Paris, on behalf of its  
government Sunday issued a categorical  
denial of charges brought  
against it in connection with the  
disorders in Albania. The note  
says Jugo-Slavia has distinctly ob-  
served the principle of non-inter-  
ference in internal affairs of  
Albania, the independence of which  
country Jugo-Slavia always has  
considered one of the essential  
guarantees for peace in the Bal-  
kans.

The note ascribes the present  
agitation and political struggles  
among the various parties, which  
it says exist throughout the coun-  
try, and are not limited to the  
frontier.

Appeal Actively Supported  
GENEVA, Dec. 22.—Actively  
supporting Albania's appeal to the  
league of nations against Jugo-  
Slavia is Dr. B. Bliniski, Albanian  
permanent representative in  
Geneva, who spent a strenuous  
Sunday circulating information in  
an endeavor to justify the appeal  
of Bishop Fan S. Noli, Albanian  
bishop-premier, for intervention.

Dr. Bliniski issued a series of  
communiqués fresh from Bishop  
Noli at Tirana, insisting that the  
people of Albania, far from re-  
volting against the existing reg-  
ime, have become more and more  
united in "combating the foreign  
invaders."

Jugo-Slavia is pro-  
claimed the invader. Further-  
more, the communiqués allege, the  
armies of guns near the frontier  
bearing marks which prove they  
were furnished by the Jugo-Slavian  
army.

Prisoners Confess  
Bishop Noli's legions are claimed in  
the communiqués to have admitted  
that they participated in incursions  
into Albania by orders of the com-  
mander-in-chief, at Prizrend. One of the  
statements says that "soldiers of Bul-  
garian origin who had taken refuge  
in Jugo-Slavia are also among the  
invaders and are in charge of the  
heavy and light artillery." It de-  
clares that "the entire transport  
of munitions and general war ma-  
terial is being done by Jugo-Slavian  
automobiles."

Another communiqué issued by  
Dr. Bliniski characterizes as an  
invention out of the whole cloth  
the report that the insurgent chiefs  
at El Bassan condemned to death  
Premier Noli and all the members  
of his ministry.

Meanwhile, the council of the  
league of nations, which has just  
completed a session in Rome, finds  
itself confronted with a Balkan  
conflict which it is recognized will  
require delicate handling and which  
the arbitration counsel failing,  
probably will necessitate a special  
meeting of the council.

Loan Is Sought  
Premier Noli himself still is ac-  
tively seeking a loan for his coun-  
try. Some advisers reaching here  
insist that his failure to raise the  
loan needed to give realization to  
his democratic dreams is one of  
the chief causes for his present  
difficulties.

The Geneva Tribune today de-  
clares the present revolution in  
Albania is a natural counter-coup of  
a nationalist counter-revolution.  
The league of nations, that it is  
logical sequence, arrested with  
World and brought into conflict  
since the proclamation of indepen-  
dence the feudal clans and groups  
of Nationalist Democrats, now led  
by Noli.

Sanford Building  
Operations Going  
Forward Smoothly

Building progress on the Man-  
sonic Temple, the Episcopal Church  
and the City Hall continued sat-  
isfactorily through the past few  
weeks, supervisors declared Sun-  
day morning. There is expected to  
be some delay in construction  
on account of the Christmas Holi-  
days but this is not to seriously  
delay the completion of the build-  
ing.

Erection of the City Hall has  
progressed to the point where ma-  
sons will soon be able to begin  
laying the bricks of the second  
floor. The north wing of the  
building is now practically ready  
for the placing of the roof, and it  
is expected the entire building will  
be under roofing within three weeks.  
Bridges on the Masonic  
Temple has progressed far enough  
to allow carpenters to begin on  
the woodwork of the building. The  
work is being rushed, according  
to S. T. Hunt, foreman, and the  
contractors expect to have the  
building ready for occupancy by  
April.

Building operations on the Epis-  
copal Church also are progressing  
in a satisfactory manner. It is  
understood, and it is expected to  
be finished well within the speci-  
fied time.

## MRS. GOMPERS HIRES LAWYER IN WILL CASE

Widow Has Not Disclosed  
Whether She Will Contest  
Will or Not But Reported  
That She Will Take Action

Left Only Minimum  
Amount to His Wife

Will Was to Have Been Pro-  
posed Monday; More De-  
velopments Are Expected

WASHINGTON, Dec. 22.—Mrs.  
Gertrude Gompers, widow of Sam-  
uel Gompers, has retained an at-  
torney to protect her rights in the  
settlement of the estate of the  
late labor leader.

She has not indicated whether  
she will contest the will in which  
he left her only the minimum al-  
lowed by law to a widow. Gompers  
bequeathed the bulk of his es-  
tate, the value of which is undis-  
closed, to son and grand-daughters.

Capt. Julius I. Peyster, attorney  
for Mrs. Gompers, said Sunday  
night, he understood counsel for  
Mr. Gompers' sons, to whom most  
of the possession will revert under  
the second will, intend to file ap-  
plication in the morning for probate.

"In the event the second will is  
set aside," said Capt. Peyster, "the  
first will then become the legal  
will. That gives Mrs. Gompers  
the entire inheritance outside of  
a few special bequests."

The attorney pointed out that  
Mrs. Gompers had not made her  
plans because neither she nor her  
husband had yet seen the second will.  
It was filed at the court house at  
1:30 a. m. Saturday and the court  
house closed at noon. Conse-  
quently they are awaiting opportunity  
to review the document before an-  
nouncing their intentions.

Capt. Peyster said, however, the  
customary procedure is for persons  
who have legal rights to an estate  
to consent to the admitting of the  
will to probate. This Mrs. Gompers  
does not intend to do, he added.

Asked if he could explain the  
apparent estrangement between the  
labor leader and his wife, Capt.  
Peyster said he did not know of  
any unusual situation between  
them. Mrs. Gompers had in her  
possession, he explained, a copy of  
the first will, with information as to  
where it was deposited, and keys.

She was ill when Mr. Gompers  
departed for the federation of labor  
convention in El Paso and for that  
reason did not accompany him. Mr.  
Gompers also was ill, departed with  
a nurse and had been under the  
care of a nurse for three weeks  
prior to his departure, he remarks.

The reference to the late chief's  
alleged illness was taken as a hint  
that Mrs. Gompers' attorney is  
considering an effort to break the  
second will, which was made after  
Mr. Gompers left Washington for  
the El Paso meeting, and just be-  
fore his visit to Mexico City. Capt.  
Peyster will obtain photostatic  
copies of the will in the morning,  
following which he and Mrs. Gompers  
will make their plans.

Mrs. Gompers is saying nothing  
for publication except through her  
attorney.

Tampa Taxi Driver Is  
Freed In Murder Trial

TAMPA, Dec. 22.—A jury in  
criminal court here has acquitted  
Bernard Haenel, a taxi driver, of  
a charge of second degree mur-  
der growing out of the death of  
Mrs. Wyatt Bass, victim of an  
automobile accident last August  
2. Haenel testified that he was  
not driving at the time of the ac-  
cident in which his car collided  
with that of the woman. He claim-  
ed one of his passengers, a sailor,  
took the wheel when he stopped to  
lighten a tire, and insisted on run-  
ning the machine.

Lost In Swamp, Boy Scout Sleeps  
While Party Searches All Night

Aided by woodcraft acquired  
through scout training, Stanley  
Peckham, 14-year-old, spent a  
comfortable Saturday night in the  
Wekiva Swamp while members of  
a searching party were themselves  
out combing the woods in the vic-  
inity of the place where he was  
last seen. At 9 o'clock the follow-  
ing morning Stanley aroused him-  
self, stretched, yawned and then  
finding he was none the worse for  
his experience, ambled about 200  
yards from his sleeping place to  
a fire left by the searching party.  
There he was found a short time  
later.

## New Labor Chief

afternoon was elected president of  
the American Federation of Labor,  
succeeding the late Samuel Gompers,

octon, Ohio.

## NEGRO DIES FROM SCALDS RECEIVED ON BOARD BOAT

Boiler on City of Jacksonville  
Springs Leak But Passen-  
gers Escape Injury; Steam-  
er Out of Service for Week

Penned in the boiler room by  
the falling of an iron sheet, "Pete"  
negro fireman, was scalded to  
death Saturday morning when the  
boiler of the Clyde Line Steam-  
er City of Jacksonville sprung a  
leak while the boat was tied to the  
dock in Deland.

None of the passengers suffered  
injury nor was any damage  
appreciable done to the boat, ac-  
cording to J. B. Collier, local agent  
for the company. The boat, how-  
ever, due to the incapacitation of  
the boiler will remain out of com-  
mission for approximately a week,  
it is believed.

Passengers of the boat, which  
was bound for Sanford, completed  
the trip by rail.

Despite persistent rumors to the  
contrary, officials of the com-  
pany insisted that there had been  
no "explosion." The boiler, it was  
pointed out, is of low pressure  
type, carrying not more than 20  
pounds of steam when in opera-  
tion. This pressure, it is said, is  
not sufficient to cause an explo-  
sion.

The reason that the negro met  
death, it is said, was that the iron  
sheet over the front of the boiler  
fell against the steel ladder lead-  
ing from the boiler room. Unable  
to escape from the room filled with  
live-steam, the negro received in-  
juries that resulted in his death  
with a short while.

The steamship, it is said, is now  
being towed back to Jacksonville  
for repairs.

Missing Air Pilot

CHICAGO, Dec. 22.— Search  
from air for Charles Gilbert, air-  
mail pilot, missing 13 hours and  
last seen winging westward with  
a cargo of mail over Kaneville, Ill.,  
was undertaken shortly after day-  
light Monday morning when Pilot  
Page took off from Maywood Field  
in another plane.

Body Is Found  
AURORA, Ill., Dec. 22.—The  
body of Charles Gilbert, air-mail  
pilot, lost Sunday night in a  
snowstorm over Kaneville while  
enroute from Chicago to Omaha,  
was found this morning about a  
half mile from the wrecked plane.  
His parachute apparently failed  
in his leap in the dark and snow  
swirled about him. Gilbert is the  
first fatality in six months of  
transcontinental air mail service.

## YOUNG IS HEAD OF FUND GIVEN TO NEW SCHOOL

Accepts The Chairmanship of  
Board of Trustees For Ob-  
taining Endowment For  
The Page Memorial School

Fitting Memorial To  
Walter Hines Page

Plan to Give a Post-Graduate  
Course in Foreign Rela-  
tions At Johns Hopkins

NEW YORK, Dec. 22.—Owen D.  
Young has accepted the chairman-  
ship of the board of trustees for  
obtaining the endowment fund for  
the proposed Walter Hines Page  
School of International Relations  
at Johns Hopkins University. Her-  
bert L. Gutterson of the control  
committee, announced Sunday.

"The United States as a creditor  
nation is now faced with oppor-  
tunities and responsibilities which  
she has not had before," Mr. Young  
said in accepting the invitation to  
work in the field of research, in  
order to discharge these adequately,  
we must educate ourselves. In order  
to educate ourselves, we must or-  
ganize for the purpose, because our  
very remoteness prevents us from  
coming into immediate and daily  
contact with international prob-  
lems in such a way as the people  
of Europe by their closer contacts  
must necessarily do. The need of a  
post graduate school, built on the  
principles of research, seems to me  
not only obvious but pressing.

"Certainly an appropriate insti-  
tution to guide the post graduate  
work in the field of research, in  
Johns Hopkins University, is well  
located territorially and has an excel-  
lent record in the field of product-  
ive research. The spirit of the place  
is sound, and lost of all, but not  
least, the school will be a fitting  
memorial to Walter Hines Page,  
whose extraordinary work and fine  
spirit has contributed so much to  
the feeling of solidarity among  
English speaking peoples."

Mr. Young's associates on the  
board of trustees of the endowment  
fund are:

Dr. Charles W. Elliot, president  
of Harvard University; Edward  
W. Bok, president of the University  
of Pennsylvania; William S. Sims,  
former United States ambassador to  
the republics commissioner; Sen-  
ator Carter Glass, former secretary  
of the treasury; Mrs. Herbert  
Hoover; Col. Edward M. House;  
Adolph S. Ochs, publisher of The  
New York Times; Franklin D.  
Roosevelt, former assistant secre-  
tary of the navy; William S. Sims,  
rear admiral, U. S. navy; Henry  
L. Stimson, former secretary of  
war; William Allen White, editor  
of The Emporia Gazette, Kansas;

dent, Willam and Mary College;

mer ambassador to Great Britain;

Brown University; John H. Finley,  
editor of the New York Times; Dr. Ver-  
non Kellogg, permanent secretary  
National Research Council; Mrs.

Presbyterians Give  
Christmas Pageant  
On Sunday Night

The Christmas Service at the  
Presbyterian Church Sunday night  
was a Christmas Pageant. "And  
Kings Shall Come," by Mildred  
Welch. It was a beautiful presen-  
tation of the Gospel story of the  
expectancy and coming of Jesus  
with his men and kings and angels,  
dressed in costumes to portray the  
illustrated by pilgrims, shepherds,  
in Scripture story and Gospel Song,  
Hutcheson is being congratulated  
on her fine work in directing this  
pageant. In spite of the rain,  
the auditorium and gallery of the  
church were filled with people.

The first part of the service, in  
which the gifts were presented, was  
unusually impressive. Five chil-  
dren were presented to Christ by  
their parents to be consecrated to  
God in baptism. Following that,  
12 who were received into the  
church at the morning service who  
had not been baptized, presented  
themselves as a gift to Christ and  
were baptized.

A large offering was made to  
Thornwell Orphanage at Clinton, S.  
C., in which 355 orphan children  
are cared for.

## Rising Temperatures Predicted For South During Next Few Days

Observation Car of Soo Line  
Plunges Into Chippewa River  
When Switch Bolt, Weak-  
ened by Cold, Gives Away

EIGHT ARE KILLED  
AND SEVEN HURT  
IN TRAIN WRECK

CHIPPEWA FALLS, Wis., Dec.  
22.—The identification Sunday of  
the body of Miss May Morrissey of  
Stevens Point, Wis., definitely set  
the casualties resulting from the  
plunging of a Soo Line observation  
car into the Chippewa river Sat-  
urday at eight dead and seven in-  
jured. All passengers of the ill-  
fated coach apparently have been  
accounted for.

J. J. Heffron, an uncle with  
whom Miss Morrissey had made her  
home since childhood, made the  
identification. He stated that his  
niece was a school teacher at Ab-  
erdeen, S. D., and was on her way  
home to spend Christmas.

Besides Miss Morrissey the dead  
are: Barbara Spencer, baby; Mrs.  
Harry Jones, Sioux City, Iowa;  
Charles M. Pardoe, Minneapolis;  
Miss Florence Higgs, daughter of  
Pardoe, also of Minneapolis; Ben-  
jamin J. Henderson, Moose Jaw,  
Sask.; Richard W. Sharp, Toronto,  
and John Dunne, New York City.

The list of injured showed no  
change Sunday. Of those the most  
seriously hurt were M. L. Spence-  
r, dean of the school of Journal-  
ism of the University of Washing-  
ton, and Harry Jones, Sioux City,  
Iowa. Spencer, whose wife's fingers  
were frozen and whose body died in  
the frigid waters of the Chippewa, was  
injured internally and his hands  
were frozen.

Work of removing the car from  
the river was completed late Sun-  
day. Search of the wreckage failed  
to reveal any additional bodies  
and those in charge of the work  
expressed the belief that all the  
bodies had been accounted for.

It is believed that the probable  
cause of the crash was a switch  
bolt which, crystallized by the  
fifteen degrees below zero  
temperature, snapped under the  
weight of the train and allowed  
the last car to veer up a siding.  
Thrown from the tracks by the  
split, the car bumped along the  
ties for a hundred yards before  
reaching the trestle and then con-  
tinued half way along the struc-  
ture before toppling over the side  
into the middle of the river.

Henry Lawson, Chippewa coun-  
ty coroner, declared today that no  
steps to hold an inquest would be  
taken until Monday, at least.

Moderate Weather Prevails  
CHICAGO, Dec. 27.—The great-  
est fury spent by the cold wave  
which swept across the country the  
past week, paralyzing transporta-  
tion and communication facilities

peratures, released its clutch on the

by moderate weather with snow in  
some places.

Still Looking For Former Ambassador And Society Beauty Is After Payment \$300,000

Modern Building Said Professional Retarders in Attack; Neglect During the War Period Is Cause of Present Infestation.

LONDON, Dec. 20.—London is minus 3,000,000 rats, but a large section of the population is still suffering from the results of a "civilized city" and the work of several hundred professional ratcatchers.

In the year days, which all agree is the best time to catch rats, the London ratcatchers charged the Government, the posts and the city, for neglect during the war period. The ratcatchers said that the city was eventually infested by rats because of the neglect of the city and West End. Like many other cities, London was not prepared for the war.
