

## POLICE BRIEFS

### Suspect chased from scene

**CASSELBERRY** — A man chased by a homeowner after allegedly stealing several fishing poles and a lantern, was caught by Seminole County sheriff's deputies who picked up the pursuit in woods in rural Casselberry.

William Frederick King, 22, 1181 Springview Run, Winter Park, was caught hiding under a palmetto bush near the burglarized house of James Travis, at 1088 Creek Bend Drive. About 30 feet away from King deputies recovered the items stolen from Travis' house.

King was charged with burglary to an occupied dwelling and loitering and prowling at 6:52 p.m. Monday.

### Inmate has more charges added

**SANFORD** — A Seminole County jail inmate already jailed on burglary and theft charges by Sanford police had more charges added Monday by Seminole County sheriff's deputies.

Jermaine McTavish Seymore, 17, of Sanford, who is charged as an adult, had charges of burglary, dealing in stolen property, forgery, uttering a forgery, grand theft and petty theft charges added against him.

Deputies allege Seymore burglarized TNT Golf Carts in rural Sanford July 27. He allegedly stole a payroll check and a calculator. Deputies said he had an innocent party bring him the check in the county jail, which he endorsed and had the other person cash for him in July. The check was for \$379.

### Two arrested in burglary cases

**SANFORD** — Seminole County sheriff's deputies report charging Robert Thomas Richardson Jr., 18, 407 Navarre Way, Altamonte Springs, and Robert Dale Horne Jr., 21, 10600 Chokecherry Lane, Winter Springs, in connection with two burglaries and the theft of a car. The arrests were made at the county jail Tuesday.

The burglary to the occupied dwelling and the auto theft occurred at 323 W. Hornbeam Drive, Longwood. The second burglary and grand theft occurred at 228 E. Hornbeam Drive, deputies said. Deputies said they recovered several stolen items in the suspects' car.

## EMERGENCY CALLS

# Polk returns home after hospitalization

By **SUSAN LODEN**  
 Herald staff writer

**John Polk** hospitalized at Florida Hospital-Altamonte Springs, with fluid in the cavity surrounding his

**SANFORD** — Seminole County Sheriff John Polk is back at home in Sanford after a 11 days of hospitalization in Altamonte Springs. Polk entered the hospital after a setback following double heart bypass surgery Nov. 29 in North Carolina.

Polk joked Tuesday he's working toward getting back to his old self, "mean and ornery." He said he expects to return to work for a short period of time next week, but he's not pushing it. He was released from the Altamonte Springs hospital Monday night.

Polk was released from Duke University Medical Center North in Durham, N.C. Nov. 29, eight days after open heart surgery there. He returned home the following day. On Dec. 1 he was

lungs. Polk said his lungs were under pressure and he had difficulty breathing. His condition improved when the fluid was drained.

Polk, 58, said he feels fine, but the setback will extend his six week recovery period. This is also his second double heart bypass surgery. Polk said he was back at work for brief periods of time within 10 days following his first surgery performed in Gainesville in 1978.

Two arteries not involved in

the earlier surgery were bypassed in this latest surgery. Polk said his doctors predict a full recovery for him "if I take care of myself," he said.

So far, his plans to run for re-election in 1992 have not been curbed by this latest surgery. Polk has been elected sheriff six times for terms of four years each.

In Polk's absence from the sheriff's department, Chief Deputy Duane Harrell is in command.

## Sanford may supply water to homes

By **BRAD CHURCH**  
 Herald staff writer

**SANFORD** — An agreement to furnish water to the proposed General Sanford Estates housing development, which has been dormant for over a year, was extended until Jan. 23 by the Seminole County Commission Monday night as an inducement for the developers to apply for annexation to Sanford.

A Development of Regional Impact (DRI) for the development, which is to include 1,000 single family homes, was approved by the county last year. The property is located southwest of the intersection of Airport Boulevard and Old Lake Mary Road.

The original developer was interested in being annexed to Sanford, but at the time the county opposed the annexation and said it would fight it.

Since that time the development has been split between four owners. Lake Mary Residential Joint Venture, Belair Groves Limited, the Sydney O. Chase Family Trust, and Chase Groves Ltd. Dick Pope, attorney representing Lake Mary Joint Venture, said current owners have not discussed applying for annexation.

The original agreement for Sanford to furnish water and

## County considers two-clerk store safety ordinance

By **J. MARK BARFIELD**  
 Herald staff writer

**SANFORD** — Seminole County Commissioner Jennifer Kelley called for a countywide ordinance, possibly one that would affect cities, requiring more protection for convenience store employees.

"This will be for the protection of both the people working in convenience stores and the people going to them," Kelley said.

Kelley stopped short of recommending a method commissioners should consider next month during a worksession, although she suggested either a "two-clerk" rule similar to one approved in Sanford Monday or added safeguards such as bullet-proof glass in front of stores. The two-clerk rule would require at least two clerks to be on duty during nighttime and early morning hours.

Sylvester Chang, owner of Sanford Mobile Service in Sanford and vice president of the Service Station Dealers of Florida, urged commissioners to act without a worksession.

Commission chairman Sandra Glenn said a worksession was needed for commissioners to consider all the possible effects of the proposal before they make a final decision.

**Helmsey's mercy plea rejected**

NEW YORK — Lorna Helmsey, who remained silent during a seven-week trial in which she was called a witch, bitch and tyrant, finally spoke up at her sentencing, tearfully pleading for mercy from a federal judge.

The judge, a cousin of President Bush, was not listening Tuesday and sentenced the hotel queen to four years in prison for failing to pay more than \$1 million in federal taxes on personal items charged to her husband's real estate empire.

"You were not driven by financial necessity," said U.S. District Judge John Walker. "Rather, you were a product of malice greed." He said she possessed "the arrogant belief that you were above the law."

Unmoved by the 68-year-old Helmsey's pleas, Walker told her she had shown no remorse during her trial and also fined her \$7.1 million.

**North returns to scene of conviction**

WASHINGTON — Oliver North, the gun-ho former Marine already convicted in the White House Iran-Contra scandal, returned to court with his bodyguards and tried to avoid testifying in the trial of John Poindexter, his former boss.

It didn't work.

North invoked his Fifth Amendment constitutional right against incriminating himself Tuesday. But on the spot, U.S. District Judge Harold Greene signed a grant of immunity requested by special Iran-Contra prosecutor Lawrence Walsh.

Forced to testify, North spent all day on the stand — a reluctant witness — and was ordered to return Wednesday to the courthouse where he was convicted of three Iran-Contra felonies seven months ago.

**Scandal leads to second suicide attempt**

NASHVILLE, Tenn. — Doctors removed a bullet that Tennessee Secretary of State Gentry Crowell shot through his skull in a suicide attempt and said the embattled politician known as "The Godfather" was in very critical condition.

Crowell, 57, a Democrat whose office was being investigated for corruption, tried to kill himself early Tuesday by firing a bullet from a .38-caliber handgun into his mouth in the back yard of his home in nearby Lebanon, authorities said.

Crowell was the second Tennessee politician to shoot himself this year as a joint federal and state investigation of public corruption has unfolded.

**Federal judge says legalize drugs**

NEW YORK — A federal judge has called for the legalization of cocaine and other drugs, wondering "what then is wrong?" with a substance that alters one's perception of reality.

In a private speech Tuesday at the Cosmopolitan Club in Manhattan reported in Wednesday's editions of The New York Times, U.S. District Judge Robert Sweet said the nation's justice system is overwhelmed by drug cases.

"Even an alcohol dulls the suppressor and enhances one's view of oneself, cocaine gives a sense of exhilaration, heroin a glow, a warmth, and marijuana a sense of relaxation and ease. What then is wrong?" Sweet said.

Sweet, a former federal prosecutor, became the first federal judge to publicly propose legalizing drugs such as marijuana, heroin and cocaine, said the Drug Policy Foundation.

**City keeps marijuana legal**

ANCHORAGE, Alaska — The city's municipal assembly, rejecting a proposal by the mayor to outlaw marijuana, decided to keep pot possession legal in Alaska's largest city and let the people vote on the issue next year.

The 8-1 city assembly vote Tuesday night keeps the status quo, which allows adults to possess up to 4 ounces of marijuana in their own homes.

The assembly acknowledged that Alaska is the only state that permits possession of marijuana by adults.

**'Degradable' plastic boycott urged**

WASHINGTON — Environmental groups called on Americans to boycott degradable plastic products, saying consumers are being misled into thinking they are a solution to the nation's garbage problem.

Six groups said Tuesday that while manufacturers are promoting such products as "environment-friendly," there is little proof degradable plastics disintegrate fast enough or thoroughly enough to protect wildlife and the environment or extend the nation's dwindling landfill capacity.

To the contrary, the groups charged that during the breakdown process some degradable products may release a variety of toxic chemicals.

In addition, they contend degradable products are raising havoc with recycling programs by gumming up processing machinery and contaminating recycled batches.

**Charges remain against Exxon skipper**

ANCHORAGE, Alaska — The skipper of the supertanker that caused the biggest oil spill in U.S. history will appeal a judge's ruling that he is not entitled to immunity from prosecution under a federal law designed to ensure that spills are detected.

Superior Court Judge Karl Johnstone refused Tuesday to dismiss state criminal charges against Joseph Hazelwood, captain of the Exxon Valdez when it crashed into a well-marked reef March 24, spilling nearly 11 million gallons of oil into pristine Prince William Sound.

**McNamara urges deep Pentagon cuts**

WASHINGTON — Former Defense Secretary Robert McNamara told a Senate panel that recent changes in Eastern Europe should prompt deep, long-term Pentagon spending cuts as the nation rethinks its military needs.

But a top defense official, testifying Tuesday at another Senate committee hearing on the possibility of increased warning time before any Soviet attack, urged caution in cutting the Pentagon budget.

### Clark named county forestry chairman

Earl Clark of Casselberry has been appointed County Chairman by the Florida Forestry Association. He is responsible for Lake and Seminole counties. Clark will be the Association's personal representative to bring forestry information and the Association's activities to the forestry community. Clark is an Area Procurement Forester with Georgia-Pacific Corporation, Palatka. For more information on educational seminars, forestry regulations, membership or other specific activities of the Association, call Clark at (407) 688-8880.

### Shoes, socks for homeless sought

LONGWOOD — Pediatric Mark S. Davis and the Christian Service Center are collecting donations of shoes and socks for distribution to the homeless for the holidays. Donations may be made at Davis' office at 805 Wehava Springs Road, Suite 100, or at the Christian Service Center, 608 Central Blvd., Orlando. Christian Service Center representatives said work shoes for men and women are particularly needed. Shoes in good condition and new socks are also needed. The shoes will be distributed at noon Dec. 19 during the Daily Bread lunch program at the Christian Service Center.

### Scientist, family move to area

WINTER SPRINGS — One of the leading scientists in laser research has moved to Winter Springs from Montecito, Calif., with his family. Luis R. Elias, considered by his peers as a world leader in free electron lasers (FEL), recently purchased a home in Tusawville. Elias, an accomplished watercolor artist, and his wife Maria Elias, an accomplished watercolor artist, and the couple's two children will join the scientist in his new home. Luis Elias has joined the University of Central Florida Center for Research in Electro Optics and Lasers. He previously developed the first biomedical and material science FEL research facility at the University of California, Santa Barbara. Maria Elias is preparing for the Strawberry Spring Art Festival in Winter Park. Her second show in Milan, Italy will be in June. In September, her work will be displayed in the couple's native country, Lima, Peru.

### Lake Mary park plans presented

LAKE MARY — Final plans and cost estimates for a seven-acre city park at Lake Mary Boulevard and Country Club Road were presented to the city commission last week. Lake Mary Central Park is planned for the western corner of Lake Mary Boulevard, near city hall. Plans include a brick- and grass-terraced amphitheatre, fountains, pavilions and picnic areas surrounding a lake. Architects at Glatting Lopez Kercher Anglin, Inc., who designed the park, estimate costs of the park at \$413,985. The park will be built in three phases, with construction scheduled to begin this year. The park will be bounded by Fourth Street, Country Club Road and Lake Mary Boulevard, and will surround the new city hall facility. The new city hall is scheduled for completion in July. City officials first began plans for the Central Park three months ago.

### Water

Continued from Page 1A  
service to the development was negotiated about a year and a half ago and was not complete today. Pope said the developers' lender needs assurance the development has assured water supply. Commissioner A.A. McManahan said he favors using

renewal of the agreement as an inducement for the developers to apply for annexation to Sanford. However, Pope said it would be impossible for all the owners to be contacted and reach an agreement on annexation by today, or even within a week. He said a court order is needed for any policy statement from the

### Transfers

Continued from Page 1A

"She's not a perfect angel," Tom said, "but she hasn't been a problem." Both families report that having their children in private school has pleased them under a great financial strain. Rodney Smith, a Seminole County firefighter, had had to take on two additional jobs to make ends meet. Hayworth said the families are glad the transfers were granted. He said they only wanted to get the children out of what they felt was an environment that hindered their academic progress. Board member Joe Williams, the sole negative vote in both cases, said he believed the children should stay in the same school environment but withdraw from the physical education class in which the incident occurred.

"The incident should never have occurred," Williams said, "but we're not giving (the children) a chance to adjust to the situation." He added after the vote that he would have preferred the parents had "gotten back on the horse" and tried to work with the school. Hayworth did not speculate if the parents would ask for an extension for the transfers next year. "Let's see what happens this year," he said. Following an investigation of the situation by school and district administrators, it was recommended the instructors involved in the incident be suspended for five days without pay and that letters of reprimand be placed in their personnel files.

### FP&L

Continued from Page 1A

Including some \$2 million for quality management programs and the utility's bid to win a Japanese management award. The staff said the power company returned to customers only \$46 million of its \$140 million tax windfall under the federal tax reform act of 1986. The staff said FP&L's permitted rate of return on its investment should be reduced from 13.8 percent to 13 percent to reflect current market conditions and prevent it from earning excess profits. The PSC was to take up the recommendations Dec. 19. Public Counsel Jack Shreve, who represents customers in proceedings before the state public utility regulatory board, said the staff proposal was a step in the right direction.

He has been arguing for permanent rate reductions since the utilities' federal tax rates were reduced from 46 percent to 34 percent in 1986. "We need the rate reduction," Shreve said. "We don't need to continuously work on refunds." Shaw said the utility, headquartered in Miami, would also resist the refund because the PSC staff did not fully understand FP&L's financial figures. The PSC staff says the refund should include \$35 million in power plant and transmission improvements, \$6 million in customer service programs and products, \$14 million in administrative expenses and \$7 million in interest. Shaw argued the expenses helped reduce costs to customers.

### Election

Continued from Page 1A

Geard said paperwork requesting permission to take the bond issue to the voters must be returned from Tallahassee before the election can be held. School superintendent Robert Hughes had delivered the request to commissioner of education Betty Carter Dec. 1 when she was in town to speak with the Greater Seminole County Chamber of Commerce. "It's at the top of my list of things to do," Carter said at the time.

Geard said she has yet to receive any word from Tallahassee, but did not consider that to be a problem. "You just have to be patient," she said. Geard said she would have worked with the school board if they had insisted the election remain on the previously announced date, but she is glad the board voted to change the date to accommodate her situation. "I think it will work out better this way," she said.

### Condemned

Continued from Page 1A

The third condemned home is near Altamonte Springs at 516 Tuskwood Lane. The house was found in similar deteriorated condition. Commissioners condemned four other homes, but because their owners were in the process of repairing them, the commission granted delays of up to four months to allow the repairs

to be completed to satisfy county building, electrical and plumbing inspectors. The homes that can be repaired by April 10 are 2431 Jivway Street, 2151 Spies Ave. and 3715 Main St., all of Midway, and 1912 Southwest Road in Goldsboro. If the homes are not repaired fully by April 10, commissioners authorized their demolition.

*'Tis the season to be cautious.*

We joyously supply the power that lights up your holiday season. And we ask you — please use it carefully. Always read and follow instructions that come with gifts that are powered by electricity. For example, use only grounded extension cords, don't trim hedges when the ground is wet and keep electric cords out of the way of cutting edges.

Christmas lights also should be used with care. Keep them away from flammable decorations, check for worn or broken sockets, cracked insulation and frayed cords, turn them off when you go out and use no more than three sets of lights on an extension cord. And, of course, never put lights on a metal tree.

Make safety your first New Year's resolution. And have a most joyous holiday season.

## IN BRIEF

### Jordan explosion carries Bulls

CHICAGO — Michael Jordan scored 21 of his 41 points in the final quarter Wednesday night after Chicago nearly blew a 15-point lead to give the Bulls their third straight triumph, 105-97 over the Dallas Mavericks.

The Bulls, 12-7, have won seven of their last nine games overall and six straight at home.

Rolando Blackman's three-point play brought Dallas within 84-81 at 7:46 of the final quarter.

But Jordan followed with a jumper and a breakaway dunk. After Herb Williams hit one of two free throws for Dallas, Jordan nailed a 3-pointer from the top of the key and Craig Hodges a jumper to put Chicago safely back ahead 93-82.

Elsewhere in the NBA Atlanta dropped San Antonio 102-94; New Jersey ripped Philadelphia 97-82; Indiana tipped Minnesota 113-112 in OT; the LA Lakers hammered Charlotte 103-89; Houston belted Phoenix 105-83; Detroit outlasted Denver 121-108; Golden State upended Sacramento 118-103; and Portland topped the LA Clippers 99-92.

### SANFORD BASKETBALL

#### Sanford seeks participants

The City of Sanford Recreation Department is still in need of players and volunteers to coach youth basketball teams during the 1990-91 season.

Sanford has two leagues this year, the Junior League for 12 and 13 year olds and the Senior League for 14 and 15 year olds. All games will be played on Saturday at Lakeview Middle School on Georgia Avenue.

There is an \$6.00 charge for each registrant and non-residence must pay the \$10.00 yearly non-residency fee before participating.

Parents can register their children at the Downtown Youth Center office or by calling 330-5897. Children will be required to show their birth certificates.

Any adult interested in coaching a team is encouraged to contact Jim Adams at 330-5897.

### COLLEGE FOOTBALL

#### Ware heads All-American team

NEW YORK — Heisman Trophy winner Andre Ware and runner-up Anthony Thompson led the list of players named Tuesday to United Press International's 1989 All-American college football team.

Ware, who set 25 NCAA and 36 Southwest Conference passing records at Houston in 1989, was the overwhelming choice at quarterback. Thompson, who broke three NCAA records this season at Indiana, was named as one of two running backs.

Wide receivers Clarkston Hines of Duke and Terance Mathis of New Mexico, who each broke the NCAA record for career touchdown catches, also made the first team.

Ware, the engineer of Houston's high-octane run-and-shoot offense, was the most prolific passer in the country since Brigham Young's Jim McMahon. Ware's 4,899 yards passing this year broke the NCAA record set by McMahon set in 1980 and his 48 TD passes came within one of McMahon's mark.

#### MacLean sparks Devils

UNIONDALE, N.Y. — John MacLean scored two goals and set up another Tuesday night to lead New Jersey to a 7-2 victory over the New York Islanders that the Devils five-game losing streak and gave the franchise only its second victory ever at the Nassau Coliseum.

The Scouts-Rockies-Devils have a combined record on Long Island of 2-37-4. The only other victory came five years ago almost to the day, December 11, 1984 as the Devils posted a 7-5 win.

MacLean had a hand in all three New Jersey goals as the Devils scored three times in the first 9:28 of the contest and their way to a 3-1 lead after one period.

The Islander's Mark Fitzpatrick, the NHL Player of the Week for the period ending December 10, entered the game with string of 136 minutes 45 seconds of shutout goaltending.

In other NHL action Pittsburgh outscored Boston 7-5 and Vancouver upended Minnesota 4-2.

Compiled from staff and wire reports.

# Rams win in double OT

## Patriots can't capitalize on Lake Mary's miscues

By MARK BAYTNE  
 Herald sports writer

LAKE MARY — The winner of most games is the squad that takes advantage of other teams mistakes. Tuesday night, Lake Brantley couldn't capitalize on Lake Mary's miscues, setting up a 68-61 Seminole Athletic Conference loss in double overtime at Lake Mary High School.

The Rams improved to 5-3 overall and return to action Thursday at Lake Howell. The Patriots fell to 2-4 and will resume play Thursday night in SAC action at home against Seminole.

Lake Brantley came on strong in the third period to build its biggest lead of the game, 33-28, with 4:28 remaining in the frame. Karen Morris then triggered Lake Mary on a 12-2 run to establish a 39-37 lead entering the final period. Morris had six points, three rebounds and two assists during that run.

The Rams went up 39-35 when Lisa Johnson, who finished the night with a game-high 24 points, hit a twisting layup with 7:36 to play in regulation. But then the Patriots went on a tear, scoring the next 10 points to take a 48-39 lead with 5:27 left in the quarter.

Johnson came up with a free throw and a three-point field goal to end the Brantley run. Lake Mary went on a run late, scoring eight consecutive points with Johnson hitting another free throw and three-pointer to power the run.

Karen Morris capped the run off with a steal and a field goal with 41 seconds to play to put Lake Mary up 53-51. The Patriots evened the score when Tara Gibson drove the lane and connected on a short field goal with 26 seconds remaining in regulation.

Lake Brantley then squandered three opportunities to put the game away in the final 17 seconds as they had two out-of-bounds plays and a missed free throw go sour.

"I kept praying," Lake Mary coach Anna Van Landingham said. "They had several chances to put us away but we didn't quit. We never gave up, even when it looked like we would lose. We believed we could come up with a way to win."

The Patriots again had chances to down the Rams in the first overtime but another missed free throw and blown out-of-bounds play allowed the game to reach the second overtime period.

Lake Mary came out blazing in the second overtime with Johnson and Kim Prater coming up with quick

shots. Johnson scored the game-winning layup with 2:09 left in the second overtime. Lake Mary won 68-61 in double overtime. **See Overtime, Page 5B**

Herald Photo by Betty Jordan

Lisa Johnson (No. 10) was the game's leading scorer Tuesday night, tossing in 24 points to lead Lake Mary to a double-overtime win over Lake Brantley.

## Free throws help Oviedo hold on to win

From staff reports

CASSELBERRY — Free throws were the difference for the Oviedo Lions as they defeated the Lake Howell Silver Hawks 53-46 for their first girls' basketball win of the 1989-90 season on Tuesday night at Lake Howell High School.

After trailing for most of the game, Lake Howell rallied to overtake Oviedo in the third quarter. Then the two teams exchanged the lead several times before the Lions finally regained some semblance of control in the fourth quarter.

As the clock ran away, Lake Howell was forced to foul to try and get the ball back. But Oviedo kept hitting its free throws (finishing 16 for 27) to confound the Silver Hawks' strategy.

"It was a nip-and-tuck game through the fourth quarter," said Oviedo coach John Thomas. "In the first quarter, we were up. We were leading at the half but

they took the lead in third quarter.

"The lead kept slipping back and forth, but then we got up by three in the fourth quarter and they started to foul. We just kept the ball in Betsy's (Hughes) hands and she made the shots. We made six free throws down the stretch, which helped tremendously."

Hughes finished with a game-high 17 points, nine of which came on free throws. Pam Lindsey contributed 16 for the Lions while Quiya Hawkins had 16 for the Silver Hawks.

Oviedo returns to action on Thursday, when the Lions will host DeLand. Lake Howell, now 3-3, host Lake Mary on Thursday.

**ORANGWOOD 66 WYMORE TECH 54**  
 ORLANDO — Pressing early, Orangewood Christian jumped out to a 16-6 first-quarter lead and cruised to a 66-54 girls' basketball win over Wymore Tech on Tuesday night. **See Girls, Page 5B**

## Tribe boys fall in triple OT

From staff reports

DAYTONA BEACH — After having the game almost won, Seminole suffered a heartbreaking 92-87 prep boys' basketball loss to Mainland in triple overtime on Tuesday night at Mainland High School.

Mainland's Buccaneers outscored the Seminoles 7-3 in the decisive third overtime to improve their record to 3-3. Seminole, winners of three straight going into the contest, dropped to 3-3.

Seminole was down 13 points with 2:40 left in regulation when Tribe coach Greg Robinson decided to press. It worked like it was supposed to.

"We were leading at the half but

## Doran helps Rams boot Lake Brantley

From staff reports

ALTAMONTE SPRINGS — Chris Doran helped create two goals with 11 seconds to help power the Lake Mary Rams to a 4-2 win over the host Lake Brantley Patriots in Seminole Athletic Conference boys' soccer action Tuesday night.

Now 3-1 overall and 2-0 in SAC play, Lake Mary returns to action on Thursday at home against Lake Howell. Lake Brantley, 1-3-1 and 0-3-1, is at Seminole on Thursday.

Lake Brantley opened the scoring on Tuesday night, Bob Hartman heading in a cross from Shawn Jones with 12 minutes gone in the first half. Troy Weltzel also assisted on the goal.

## Oviedo grapplers showing improvement

By ROBIE STOCK  
 Herald correspondent

OVIEDO — Make no mistake, Oviedo wrestling is back.

After several years of being walked on by other teams, the Lions have returned to the spotlight. Although dropping a 34-28 loss to fifth-ranked Winter Park Oviedo proved to be no pushover.

"Oviedo is the most improved team in Seminole County," said Winter Park head coach John Rouse.

## Seminole socks it to Seabreeze

By TONY DECONAMMA  
 Herald Sports Editor

SANFORD — Seminole High School girls' basketball coach John McNamara will admit that he was spoiled by last year's team, a group that went 26-4 and lost the state championship game in double overtime.

This year, McNamara has a group of athletes not as polished as that group. But after they drilled Daytona Beach-Seabreeze 73-46 on Tuesday night, the 1989-90 edition of the Seminoles were 6-0 and still ranked No. 2 in the Class 3A state poll.

"I thought it was a great effort by the girls," said McNamara. "We've played four games in the last six days with no practice in between. The mistakes we made tonight are the same ones we made last Thursday against Lake Mary."

"We came out slow and so did they. There were a lot of turnovers both ways."

Lisa Jackson, Seabreeze's high scorer with 17 points, hit three baskets midway through the first quarter to give the Sandcrabs a 10-9 lead with 3:14 remaining in the period. But Seminole went on a 27-0 run that reached into the second quarter, giving the Tribe a 36-10 advantage.

Seabreeze ended the half with a 9-0 spurt but, for all intents and purposes, the game was over. McNamara put the starting lineup in at the start of the quarter to boost the lead back to a more comfortable margin, but spent most of the evening experimenting with different combinations.

"We played some of our younger ones tonight," said McNamara. "We had to keep one of the better players in there all the time. I want to try to run up the score, but we had to have someone in the game who could handle the ball."

"We still have a long way to go. We pick something up every game and get a little better."

Seminole was led by Koscia Kennon and Sheri Reddicks, who each had 22 points. Most of Kennon's came in the first half, when she was 9-for-12 from the floor, while Reddicks scored 14 of her points in the second half.

"We had some good offensive production from our guards," said McNamara. "We haven't been getting that kind of effort lately."

**See Seminoles, Page 5B**

## Milwaukee converts down the stretch to trip Magic

United Press International

MILWAUKEE — Paul Pressey and Jay Humphries hit the big shots down the stretch for the Bucks in Milwaukee's victory over the Orlando Magic, but it was Greg "Cadillac" Anderson who was big.

Anderson had his best game as a Milwaukee Buck, scoring 17 points and pulling down 12 rebounds as the Bucks beat Orlando 108-103 Tuesday night.

"Cadillac was big on the boards for us," Bucks Coach Del Harris said. "We were struggling to make the shot. But having a big guy who can use

the board makes you confident."  
 Humphries sank two free throws with six seconds remaining and Pressey scored 20 points to lead the Bucks. Jerry Reynolds, who led Orlando with 28 points, had a chance to tie the game but his three-point attempt caromed off the rim at the buzzer.

Reggie Theus hit a jumper and Michael Ansley added two free throws to bring Orlando within 100-99 with 57 seconds to go. Pressey and Theus traded baskets to make it 102-101 with 28 seconds left.

Pressey sank two free throws with 22 seconds remaining. After Theus responded with two fouls

shots, Humphries hit two free throws for the Bucks to make it 106-103 with six seconds remaining.

Reynolds then missed the final shot.  
 Theus added 23 for the Magic while Humphries scored 19 for Milwaukee.

An 11-5 run put the Bucks up 82-68 with 2:11 left in the third quarter. The run culminated with technical fouls on Sidney Green and Terry Catledge for arguing. It was Catledge's second technical, and the Magic's leading scorer was ejected from the game.

## IN BRIEF

### Pancake breakfast planned

GENEVA — Geneva Citizens Association will sponsor a Pancake Breakfast, from 9 a.m. to 1 p.m., Saturday, Dec. 16, to benefit the building fund. It will be held at the Community Building on First Street.

### 'Scribbles & Kitts' helps tots

SANFORD — "Scribbles & Kitts", a musical by local Professor Jack Service about Christmas and the meaning of Christmas, will be presented at 11 a.m., 1 p.m., and 5 p.m., Saturday and Sunday, Dec. 16 and 17, at First World. The musical will include Toys for Tots, sponsored by the U.S. Marine Corps. Admission to the performance is a voluntary donation of a new, unwrapped toy, to make Christmas brighter for San Bernardino children.

### Zoo admission helps others

SANFORD — "Share Your Christmas", to be held through Friday at Central Florida Zoological Park, is a community fund drive to benefit local food banks and The Salvation Army units. Each person who donates a non-perishable food item to the staff office will be given a free box of popcorn upon admission. Suggested items include canned meats, vegetables and fruit, dried fruit, rice, peanut butter, cereals, personal hygiene and paper products. The Zoo will deliver all donated items to The Salvation Army in Sanford on Dec. 16. The Zoo is located at 5755 U.S. Highway 17-98 at I-4 Exit 98 near Sanford.

### Founders seek membership

SANFORD — The Founders Acting Troupe Inc., will hold a general membership meeting 7:30 p.m., Thursday, at the Chamber of Commerce. Anyone interested in community theater should plan to attend.

## Jams, jellies, chutneys make appreciative gifts

Jams and jellies, chutneys and relishes make thoughtful gifts from your kitchen. Fortunately, they can be made in small batches in the microwave. A basket containing several different kinds in attractive containers, with suggestions for serving, given to a neighbor or teacher, shows how much they are appreciated.

My favorite of the sweet-tart type of jelly is pepper jelly. Make some red as well as green. It's wonderful served with cream cheese on crackers or as a meat accompaniment.

**GREEN PEPPER JELLY**  
2 medium bell peppers  
3/4 cup cider vinegar  
3/4 cups sugar  
2 tablespoons fresh hot peppers (jalapeno)  
3 ounces liquid pectin  
Green or red food coloring  
Remove seeds from peppers. Grind peppers in food processor or blender. Mix with vinegar, sugar and hot pepper. Microwave on 100 percent power for 5-10 minutes or to a rolling boil. Add liquid pectin and continue microwaving on 100 percent power until mixture comes to a full rolling boil again; cook for 1 minute.

Spoon off foam and add a few drops of food coloring (green or red). Pour into sterilized jars and seal. Serve on top of cream cheese with crackers.

MIDJEWAVE RECIPES  
MIDGE MYCOFF

This is good served with roast pork.

**CINNAMON APPLE JELLY**  
2 cups apple juice  
3/4 cups sugar  
1 (1 1/4 ounce) package fruit pectin  
2 tablespoons lemon juice  
1 cup red cinnamon candies or 1/4 cup Red Hot  
Combine: apple juice, sugar and fruit pectin in a batter bowl. Microwave on 100 percent power for 5-7 minutes or until mixture boils. Add remaining ingredients and stir until candy dissolves. Microwave on 100 percent power for 5-10 minutes or to "sheets" from spoon. Skin and pour into sterilized jars and seal.

It need not be corn season to prepare this flavorful corn relish.  
**CALICO CORN RELISH**  
2 cans (12 ounces each) whole kernel corn, drained — reserve liquid  
1/4 cup each of chopped celery

See Jams, Page 7B

## Businessman enjoys baking

### Cakes, fresh crusty breads his specialties, wife's treats

By LARRY DODD  
Herald Correspondent

During December, if you're planning to tank your calorie counter away in a drawer with your overcoat, read on.

If a devil's food cake is too creamy, it would make the beginning of your temptation, and if warm crusty bread, fragrant with turkey dressing herbs sounds like an interesting alternative to white bread, then meet our Deltona resident Cook of the Week, Bill Brasse.

Born and raised in Ocoee, Brasse said he has "three sisters and there's a big spread in our age, so we didn't all cook together as kids. At 18, I got a summer job washing pots and pans and out of full into the kitchen part. I learned it all and loved it."

Brasse baked for several grocery stores and for Disney in their central distribution bakery for eight years. He can "bake 150 dozen blueberry muffins at one time!"

"It was all from scratch at Disney" and in massive quantities, so one mistake was magnified many times.

"Once, our shift was mixing 80 gallons of cherry pie filling, and someone added 50 pounds of salt instead of sugar. We sent out the pies and had to recall them all," he recounted.

"When you bake bread, you use about 1 1/2 quarts of dough per loaf. At Disney, we mixed 80-quart batches. One day we mixed a batch and went on a break to allow the dough to rise. The floor cleaners came in and shoveled the dough under a table, where it remained because we forgot we made the batch," Brasse said. A yeasty blob had grown to more than six square feet before the oversight was discovered.

The monumental mess was "cleaned up by me," Brasse said with a laugh, pointing to his hair.

The way to a woman's heart may be through her stomach. Brasse's bride of five years, Theresa, acknowledges that her husband's baking skills surpass her own.

"He tried to teach me, but it didn't take. When he says he feels like baking, I leave. He

Bill Brasse kneads dough. He bakes it, eats it. He cleans up and he's a great guy," she said.

Theresa affectionately glances up at her floured husband, and then down at the white trail he's left around his work station.

"I get flour everywhere," Brasse said, grinning. "That's why I wear white clothes; the flour doesn't show. To do this right, you have to get into it with your hands," he explained as he he doved into a bowl of dough.

"You can't tell if something is stuck to the bottom of the bowl if you're using a spoon. You have to roll up your sleeves and dig in, and Theresa doesn't like to get dough all over her," he said.

"Yes, but I like to eat everything you bake," she added.

Although Brasse loved working as a baker, he discovered that the profession doesn't pay big dough.

"The hours are horrible, too," he said.

"He had to be at work at 3 a.m.," Theresa interjected.

Pointing an accusing finger at his wife, Brasse joked, "And that doesn't go over real well if someone's wife doesn't like to get up very early to say goodbye."

The Brasses are both involved in the family-owned plumbing supply business, along with Theresa's parents Jerry and Kathy Haley, of Ocoee.

"After Theresa's dad had his heart attack, we discussed my taking over a sales position. I'd never been in sales before, so I thought about it and decided we'd all sink or swim together. It worked out, and it's been good for us," Brasse said.

"Bill does supply the office with baked goods, and my mom and I eat all the stuff," Theresa added.

Asked if he misses baking for a living, Brasse recalled Jerry Haley's (father-in-law's) motto, "If you can't be doing the

Bill Brasse cuts into bread, while Theresa watches.

job you really like, get a job where you make enough money to do what you really like." Theresa confirmed that her dad "really likes his cows and horses!" Donning his oven mitts, Bill Brasse, Page 8B

SUPER DISCOUNT BEVERAGE

*We believe in Santa Claus and when we care enough to share... So can they!*

In the two hours of Christmas, our shoes have been busy whipping up stockings, to share with little ones whose trees might otherwise be bare.

**WANT YOU HELP US FILL THEM TO THE BRIM?**

Little boys need reading books and just plain toys. Babies love bright colors and anything with noise. Mom boys and girls make little girls smile. They say that words will always make the most memorable moments, and shoes will help all the memories and make good ones.

Coloring books and crayons can make a rainbow glow. Playdough and paper helps imaginations grow.

On Wednesday, December 13th, Our Christmas trees go up and our stockings will be hung with care... hoping that you'll help us to share.

If you will help by sharing a toy, supplies or game, we'll add it to our tree, in a stocking in your name.

Now through December 21st.

HAPPY HOLIDAYS TO ALL...

# Mono may make a fatiguing comeback

**DEAR DR. GOTT:** My 47-year-old daughter has been diagnosed with Epstein-Barr virus. Could you please give me some information on this disease and advise what the outcome might be?

Epstein-Barr antibodies in patients with chronic fatigue. The answer to the syndrome was thought to be persisting mononucleosis.

**DEAR READER:** Epstein-Barr virus is the cause of infectious mononucleosis. This acute disease is common in young adults and is marked by fever, fatigue, sore throat, tonsillitis, swollen glands, an enlarged spleen and—occasionally—liver inflammation (hepatitis).

However, this was just a scientific tease. Subsequent studies revealed that many normal, non-fatigued people—without symptoms—had measurable levels of Epstein-Barr antibodies.

Almost all patients with mononucleosis recover without treatment; the illness runs its course in about two weeks and its victims return to normal activity and good health.

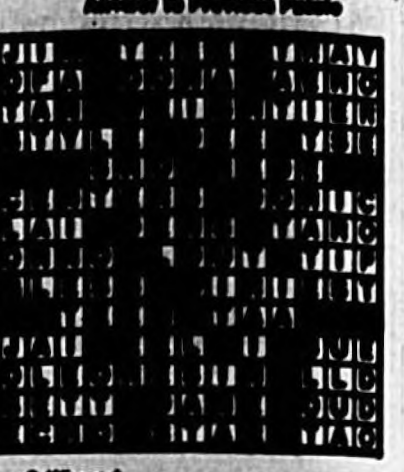

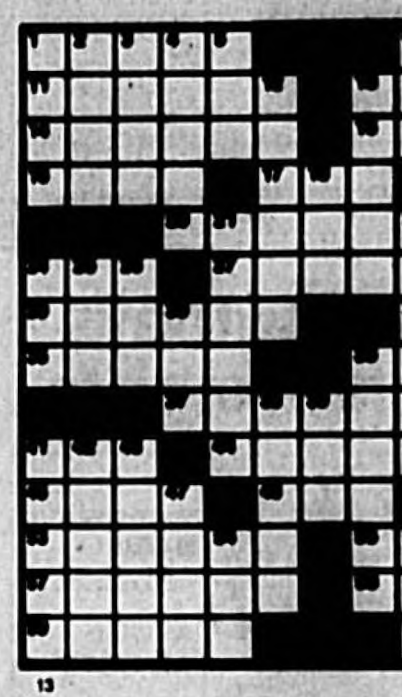

Therefore, the presence of these antibodies was not the differentiating factor between the two groups of fatigued and non-fatigued persons, except in isolated instances.

In a small number of cases, mononucleosis becomes chronic, or returns in cycles. The reason for this is unknown, but the virus causes a syndrome of chronic fatigue that can be quite debilitating. This is known as chronic Epstein-Barr virus syndrome.

Through sophisticated analyses, most laboratories can determine whether the antibodies reflect acute illness, or whether the proteins are simply holdovers from a past infection. Most patients who have recovered from mononucleosis continue to manufacture antibodies to the Epstein-Barr virus for several years, long after the initial infection has disappeared.

The interpretation of Epstein-Barr antibodies can be a problem in patients with chronic fatigue syndrome. Many people are chronically tired, even exhausted, and doctors have long hoped to find a consistent physical cause for this ailment. A few years ago, several reports showed a high proportion of

## WIN AT BRIDGE

By James Jacoby

The bidding and opening lead made it very clear to South that East held an eight-card diamond suit. Why else would West not lead his partner's suit? So when East won the club ace and led back a low diamond, South was very quick to ruff with the 10 of hearts. West, of course, could overruff with the king, but it was much better for him to simply discard a low spade. West's K-9-8-7-3 of hearts had started out as being worth two tricks. Now suddenly the holding was worth three tricks and declarer had to go set. So what should declarer have done about it? Declarer is certainly looking at a freakish deal. With diamonds split around the table 8-5-0-0,

there is certainly a fair chance that West will hold all the remaining hearts. To guard against such a possibility, declarer should ruff with a low heart. Many times that will result in West's making a small heart trick when otherwise the defenders' trick would be limited to only two tricks (ace of clubs and king of hearts). But the play is still correct, since it guarantees making the contract. Incidentally, an opening lead of a spade from West would almost surely beat four hearts, since South would likely lose two heart tricks and two club tricks. In addition, if East worked out the play of the club nine to the first trick, declarer would also have to lose four tricks.

## HOROSCOPE

**By Bernice Bode Cool**  
**YOUR BIRTHDAY**  
**Dec. 14, 1989**

Conditions in general appear very promising for you where your material interests are concerned. Your earning potential looks good and you could also be lucky with investments.

**SAGITTARIUS (Nov. 23-Dec. 21)** Conduct important business matters with as little fanfare as possible today. Unless specific people are directly involved, don't make them privy to your secrets. Trying to patch up a broken romance? The Astro-Graph Matchmaker can help you to understand what to do to make the relationship work. Mail \$2 to Matchmaker, P.O. Box 91428, Cleveland, OH 44101-3428.

**CAPRICORN (Dec. 22-Jan. 19)** If a windfall comes your way at this time, alert your old friends so they can share in your good fortune, especially those who were there when you needed them.

**AQUARIUS (Jan. 20-Feb. 19)** A major ambition can be realized in this cycle, but you might need some strong allies to open doors

for you. Cultivate them now by making the necessary arrangements.

**PISCES (Feb. 20-March 20)** You could be luckier than usual today in enterprises or ventures you originate or personally manage. Dame Fortune might have something really big in mind.

**ARIES (March 21-April 19)** You could do very well at a flea market today. You're sharp at buying, selling, bargaining or being the middle person in helping a companion get a good deal.

**TAURUS (April 20-May 20)** Something mutually constructive can result from an agreement you may be negotiating today. Conditions that are acceptable to both parties can be achieved.

**GEMINI (May 21-June 20)** Something in which you are presently involved can generate better returns than you're presently receiving. Study this matter carefully with an eye toward improvement.

**CANCER (June 21-July 22)** Don't be bashful about protect-

ing your self-interests in an important involvement today. Humility has its place, but there are times when it can be counterproductive.

**LEO (July 23-Aug. 22)** In commercial development today, don't jump at the first offer you get, even if it sounds very enticing. Being a bit standoffish could put you in a stronger bargaining position.

**VIRGO (Aug. 23-Sept. 22)** Conditions in general are likely to be vastly improved for you today. Opportunities may begin to present themselves in areas that looked rather dismal yesterday.

**LIBRA (Sept. 23-Oct. 23)** Focus your efforts on situations that affect your prestige, career or finances singularly or jointly today. If you're going to score, it's apt to be in these areas.

**SCORPIO (Oct. 24-Nov. 22)** Don't put limitations on your thinking today. Instead try to envision things in their broadest perspective. Uncluttered horizons enhances your ability to plan.

**Jams**

**Continued from Page 9B**  
and diced green pepper  
1/4 cup finely chopped pepper  
2-3 tablespoons sugar  
1 tablespoon cornstarch  
1/2 cup cider vinegar  
2 tablespoons diced pimiento  
Water

In a 4-cup measure, add enough water to reserved liquid to equal 1 1/4 cups. Add celery, green pepper, onion and sugar; heat 3-4 minutes. Stir in cornstarch blended with vinegar and heat for 2 1/2-3 minutes or until mixture is slightly thickened, stirring occasionally. Add corn and pimiento; chill before serving and store in refrigerator.

Marmalades made with a combination of Florida citrus are special to serve with biscuits or toast or to be used as a glaze for ham, pork or chicken. Because of the amounts in this recipe, I would suggest using conventional methods to prepare. Smaller amounts can be made in the microwave oven, but be careful about "bubble up."

**COMBINATION MARMALADE**  
Wash one of each: orange, Florida lemon and a grapefruit. Quarter, remove seeds and run

through a food chopper. Measure. Place in large saucepan. Add three cups of water for each cup of pulp. Bring to a boil and cook 15 minutes. Let stand overnight. Stock is then ready for making marmalade. Measure out 3 cups of stock into a large saucepan. Bring to a boil. Add 3 cups of sugar. Stir to dissolve sugar and cook rapidly to 220°F. Remove from heat. Let cool to 190°F and pour into clean jars. Seal at once with self-sealing lids. Process 10 minutes in a water bath. Yield: 3 half pints.

**Who's cooking?**  
The *Sanford Herald* welcomes suggestions for cooks of the week.  
Do you know someone whose food is always the highlight of company picnics, church potlucks, receptions or covered-dish luncheons?  
It might be an acquaintance who has won a cooking contest or invented a new twist to the peanut-butter-and-jelly sandwich.  
Novice cooks and ethnic cooks, as well as experienced cooks and master chefs, add a different dimension to dining.  
Who is your choice? Maybe it's your mother, father, brother, sister, son, daughter, spouse, friend or boss.  
Submit your nominations for Cook of the Week to the *Herald's* People Editor at 322-2611, ext. 34.  
The Cook of the Week feature is published in this section on Wednesdays.

**HICKORY FARMS®**  
*The gift everyone loves to get.*  
Hundreds of delicious gifts filled with tasty delights... from \$5 to \$125. We'll even ship your gift for you!

**Godparents renounce commitment**

**BEAR ABBY:** Several months ago, we lost a very dear friend to cancer. (I'll call him Joe.) My husband and I had become very good friends with Joe and his wife about two years prior to Joe's death. Three months before Joe died, his wife had a baby boy, and my husband and I were asked to be the baby's godparents. We felt honored. After we had become the child's godparents, Joe's wife confided (to me) that during her

**ADVICE**  
**ABIGAIL VAN BUREN**

marriage with Joe, she had carried on an affair with another

man, and she was sure that this other man is the father. Joe later confided to my husband that he doubted he was the father of this new baby, because he had caught his wife "in the act" with her longtime boyfriend.

Abby, my husband and I agreed to be godparents to the child of Joe and his wife — not the child of Joe's wife and her lover.

Is there any way we can get our names erased from the church's registry as being the godparents of Joe's widow's child? Please check into this matter, as we are desperate. Sorry we can't sign our names. This is a very small town.  
**UNWILLING GODPARENTS**

**DEAR UNWILLING:** According to a spokesman for the Los Angeles Diocese, you cannot have your name "erased" from the baptismal certificate. You acted in good faith when you became godparents to the child. Please stay close to him, and try to be good friends to the little fellow regardless of who his parents are. He will need a positive influence in his life.

## Brazee

**Continued from Page 85**  
Brazee removed his Italian Cheese Crocantis from the oven. In Pavlovian fashion, mouths began to water.

"These are my favorite," he admitted.

When he's not working, Brazee is a "part-time college student, probably forever." He also plays tennis and racquetball when he's not baking.

"We live in a great neighborhood," both Brazees agreed.

Theresa elaborated. "Four or five couples get together every month to socialize and Bill always makes something. They tease me by saying 'we know Theresa didn't make this'!"

Brazee's only regret about his busy life is that his parents, Bill Sr. and Vicki, still Ocoee residents, live just a little too far away. "They don't often get to sample my baking, but they like what I make."

"Someday, I'd love to have a little bake shop. I love to create things that people like. My philosophy of life, which includes my baking, is if you decide to do something, do it well," he said.

"I get a kick out of people tasting my baking and saying, 'Mmmmm, this is good.'" The table overflows with Brazee's aromatic baked goods. Knife poised to slice the cake, he announced, "Let's try some of this!"

**CREAM CHEESE SUGAR COOKIES**  
1 cup butter, room temperature  
3 ounces cream cheese, room temperature  
¾ cup sugar  
1 egg  
Dash salt  
1 tablespoon vanilla extract  
½ teaspoon almond extract  
½ teaspoon lemon peel  
3 cups all-purpose flour

Blend first eight ingredients until fluffy. Add flour and blend well. Divide dough into 3 equal portions and shape into rectangles 2 x 2 x 12. Wrap in wax paper and refrigerate overnight. Remove dough from refrigerator and roll out on flat surface to make dough round. Unwrap from wax paper. Cut dough into ¼-inch thick slices. Bake on ungreased sheet pan for about 8 minutes at 375 degrees F. Colored sprinkles, nuts, or

candied fruit may be put on top of cookies before baking.

**SOUP CREAM CHOCOLATE CAKE WITH CREAM CHEESE ICING**

1½ cups all-purpose flour  
1 teaspoon baking powder  
¼ teaspoon salt  
¼ cup vegetable shortening  
¼ cup sugar  
1 teaspoon vanilla  
2 eggs  
3 ounces unsweetened chocolate, melted and cooled  
¼ cup sour cream  
1 cup cold water

Beat shortening in mixing bowl for 30 seconds. Add sugar, vanilla and eggs. Blend until well combined. Add cooled chocolate and sour cream. Blend well. Combine flour, baking powder, and salt. Add flour mixture in three portions, alternatingly with cold water, blending just until combined. Pour into two 9-inch greased and floured pans. Bake 25-30 minutes at 350 degrees F.

**CREAM CHEESE ICING**  
6 ounces cream cheese  
½ cup butter  
2 tablespoons vanilla  
4 cups powdered sugar

In mixing bowl, blend cream cheese, butter, and vanilla until smooth. Add powdered sugar in three portions. Blend until no lumps are present. Refrigerate before icing cake.

**STUFFING BREAD LOAF**

¼ cup butter  
½ cup chopped onions  
2 packages hot yeast  
3 tablespoons sugar  
1 can (11 oz.) condensed chicken broth  
2 eggs, room temperature  
1½ teaspoons poultry seasoning  
½ teaspoon each sage, celery seed, pepper

Mix butter and onions. Allow to cool. Mix together yeast, flour, sugar, poultry seasoning, sage, celery seed, pepper, salt and flour. Heat chicken broth to about 110 degrees F. In mixing bowl, add warm chicken broth, eggs, and onions (and leftover butter) to flour mixture. Mix about 3 minutes. Dough will be soft and sticky. Turn dough onto floured surface. Knead dough for 10 minutes, adding flour as needed.

Put dough in greased bowl in a warm area. Allow to double in bulk, about 40 minutes.

Punch down dough and shape as desired.

Allow to double in bulk again and bake at 375 degrees F. For loaves, bake approximately 30 minutes. For rolls, bake approximately 30 minutes. Bread should sound hollow when tapped with finger.

**ITALIAN CHEESE CROISSANT COOKIES**

2¼ cups all-purpose flour  
2 teaspoons baking powder  
¼ teaspoon salt  
¼ cup granulated sugar  
1 cup Ricotta cheese, room temperature  
1 cup butter, room temperature  
1 teaspoon lemon peel  
¼ teaspoon each almond extract and cinnamon  
¼ cup packed brown sugar  
¼ cup chopped almonds  
1 cup melted butter  
Combine flour, baking powder, salt and sugar.

In mixing bowl, blend Ricotta cheese, 1 cup butter, lemon peel, and almond extract until smooth. Add flour mixture in three equal portions. Mix each

addition only until just kneaded.

Remove dough from bowl and knead for 3-4 minutes. Shape dough into three balls of equal size. Wrap balls loosely in wax paper, and press down with hands to make flat circles.

Refrigerate for at least 1 hour. While dough is in refrigerator, combine cinnamon, brown sugar, and almonds. Remove dough from refrigerator. Using rolling pin, flatten dough circles to about ¼-inch thick. Using melted butter, paint circles of dough, and spread one fourth of brown sugar-almond mixture on top. Cut dough into eight equal triangles. Roll triangles beginning with wide edge. When all triangles are formed, bend to form croissants. Again paint butter on triangles and sprinkle remaining quarter of brown sugar-almond mixture on top of cookies.

Place on ungreased sheet pan for 10-15 minutes or until lightly browned, at 400 degrees F.

**Air Force Reserve Airman First Class Thomas J. Garver**, son of Linda K. Hartmann, 806 Gregory Lane, Altamonte Springs, recently graduated from a U.S. Air Force strategic aircraft maintenance course at Sheppard Air Force Base, Texas.

Cadet F. Daniel Streetman, son of Fred W. and Mary B. Streetman, 125 Lake Rena Drive, Longwood, is serving a term as a regimental commander, achieving one of the highest positions in the cadet chain of command at the United States Military Academy, West Point, N.Y.

Streetman was named to the position because of his superior academic and military performance as a cadet. As a regimental commander for the First Regiment, he will assist the training and administration of more than 1,100 cadets.

Streetman graduated from Lake Brantley High School in 1986. He is majoring in National Security and Public Affairs. He plans to graduate in May and be commissioned as a second lieutenant in the U.S. Army.

Brian L. Johnson, son of Gerald L. and C. Dianne Johnson, 632 First Street, Orange City, has been appointed a sergeant in the U.S. Air Force.

Johnson is a personnel specialist with the 437th Field Maintenance Squadron, Charles Air Force Base, S.C. He is a 1985 graduate of DeLand High School.

## Healthy snacks good for kids

**Newspaper Enterprise Assn.**  
When parents learn that their child has a high cholesterol count, they tend to panic and make too many restrictions on what the child eats. Unfortunately, dairy products are often drastically reduced, according to Nancy Copperman, a pediatric nutritionist at Long Island Jewish Medical Center/Schneider Children's Hospital in New York.

If a child's cholesterol count exceeds 200, diet intervention is necessary. Studies reveal that a child with high cholesterol will likely continue to have high cholesterol as an adult.

However, Copperman says that, whatever their cholesterol level, children still need calcium, because strong bones are built from childhood to early adulthood. According to a U.S. Department of Agriculture guideline, to provide this calcium, children should consume at least three servings of dairy foods daily. Suggested serving sizes include one cup of milk, eight ounces of yogurt, 1½ ounces of natural cheese or two ounces of processed cheese.

To provide calcium while keeping cholesterol down, Copperman suggests that children eat low-fat products such as part-skim milk, low-fat yogurt, low-fat cottage cheese and ice milk. During the day, balance the fatty and low-fat food a child eats. For example, if a child has ice cream, then serve 1 percent milk.

Peanut butter or cheese with apple on a bagel and a banana shake are healthy ways to add calcium to a child's diet.

**PEANUT BUTTER CHEESE MELT**  
¼ bagel or English muffin  
1 tablespoon natural peanut butter or 4 tablespoons shredded cheddar cheese  
1 medium-sized sweet apple, thinly sliced  
Preheat broiler or toaster oven. Spread bagel with peanut butter or sprinkle with half of the cheese. Cover with apple slices. Top with remaining cheese or peanut butter. Place on baking pan; broil 2 inches from heat 30 to 60 seconds or until cheese melts. Serve immediately with a glass of low-fat or skim milk. This kitchen-tested recipe makes one serving. (Note: Cheese and peanut butter may be used together if desired.)

**GET-UP-AND-GO SHAKE**  
2 ripe medium bananas  
1¼ cups skim milk  
1 10-ounce package frozen strawberries, raspberries or peaches, slightly thawed  
½ cup low-fat cottage cheese  
5 large ice cubes  
Fresh strawberries, optional  
Peel and cut up bananas. Wrap in foil and freeze overnight. In a blender container, combine the frozen bananas, skim milk, strawberries and low-fat cottage cheese. Cover and blend until mixture is smooth. Add ice cubes; cover and blend until mixture is smooth. Serve immediately or chill in refrigerator for up to 6 hours in pitcher or shaker container. To serve, shake and garnish with strawberries, if desired. This kitchen-tested recipe makes four (10-ounce) servings.

**Mustard of all varieties spices up sandwiches**  
**Newspaper Enterprise Assn.**  
Americans are prodigious sandwich eaters. The ingredients that go between slices of bread, rolls, muffins or croissants can boggle the mind. Some admit an uncontrollable urge for onion sandwiches for breakfast. Others, especially gardeners, treat themselves to radish and butter sandwiches.

What are the favorite condiments for vegetables, meats, fish or poultry fillings? Mayonnaise is one, ketchup another, but mustard is the condiment that offers the most variety.

Mustard is one of the world's oldest and most popular spices. Today it is second only to pepper as the most widely used spice. The Romans introduced

Mustard to France, sowing the seeds around the city of Dijon, in the Burgundy region.

Pat Fiorello, a group product manager with Nabisco Foods, says that there are three basic types of mustard on the market: yellow, spicy and Dijon-style.

There has been a change in the use of mustards throughout the country. While yellow is still the 'favorite of kids, there has been a shift to the spicier types in homes with fewer children.

Once only found in specialty food shops, more expensive mustards made with flavorings such as champagne and tarragon are now available in the supermarket. European mustards and those made regionally in the United States may cost \$3.50 or more per jar.

The typical French's may be 59 to 79 cents, a jar of Grey Poupon Dijon twice that.

Surprisingly, people have a loyalty to mustards. Fiorello says surveys show that those in the Northeast like spicy mustard, and folks in the Southeast prefer the yellow. Gulden's mustard is big, she says, with New Yorkers, while all brands except Gulden's are growing in popularity in the Midwest.

Mustard is still used mainly on sandwiches, but some mustards, such as the Dijon-style, are used in salad dressings and sauces.

Changes are underway, but mustard is a nostalgia food - most of us tend to savor what we grew up eating.
