cigarette

WRITE it down that Prince Albert makes the grandest home-rolled cigarette ever. I'll sign my name to that! Why, the instant you get that glorious whiff of the tobacco itself, you know it's going to taste simply great in a cigarette. Then you roll one and prove it.

Cool as a notice that you have overdrawn your account. Sweet as the recollection that a big deposit is on its way. Mild as a summer flirtation-mild, but with that full cigarette body that satisfies to the limit on every puff. That's the kind of a cigarette P.A. makes.

Just try rolling 'em with P.A. Get yourself some of this grand old tobacco today. Put a thimbleful in a makin's paper and take out a barrelful of smokejoy. Morning till midnight-that's your smoke-program with this better cigarette tobacco. Just put it up to P.A.

Another way to enjoy Prince Albert is in the bowl of a pipe. No matter what your previous experience with a pipe, try P.A. Here's a brand you can tie to for life. It won't bite your tongue and it won't parch your throat. But it will give you the best pipe-session you ever had.

P. A. is sold everywhere. And always with every bit of bits and parch removed by the Prince Albert process.

PRINGE ALBERT -no other tobacco is like it!

Unjust Criticism

Is there anything more annoying than a person residing a glass house and throwing stones?

We quote from a New York newspaper which, assuming "holier than thou" attitude, proceeds to flay the South for what it calls "mob violence," as follows: "When a mob of willing that any should perish, but masked men invades a citizen's home at night, renders him helpless and then takes his wife out of bed, ties her to a bar- for \$2700.
