Strolling In Sanford

Mr. and Mrs. Jack Ratigan are proud parents after Mrs. Ratigan gave birth to a 9 lb. boy, Donald Richard, March 16 at the Fernald Loughton Memorial Hospital. This makes the first boy in the family of five daughters. The Ratigans are also boasting about their new grandson which was born to their daughter Kay (Mrs. Ben Benedict) of Altus, Okla. The young man who weighed 8 lb. 2 oz., has been named Ricky Wenford.

Miss Jo Ann Moore, daughter of Mr. and Mrs. Milton Moore, Celery Ave., has been chosen Counselor of Women at the University of Miami where she is in her sophomore year.

C. H. McNulty of Melbourne, president of the McNulty Chain of Banks and Past International Director of Lions International, will be the principal speaker at the Sanford Lions Club weekly luncheon tomorrow.

Sanford and Seminole County will be the subject of a broadcast Wednesday over Radio Station WIOD, Miami (810 on your dial). Sponsored by the Miami Beach Kennel Club, the broadcast will begin at 1:30 p.m. Information for the program was furnished by the Seminole County Chamber of Commerce.

Churchill Letters Sent in January Are Made Public

PARIS (AP) — Former Premier Pierre Mendes-France revealed today that British Prime Minister Churchill wrote him early this year opposing any Big Four meeting until final ratification of West German rearmament by all governments concerned.

Mendes-France made public letters he and Churchill had exchanged in January. Foreign Minister Antoine Pinay had referred to the letters in an appearance before the Foreign Affairs Committee of the French upper house.

According to the texts released by Mendes-France, Churchill wrote Jan. 12 that until ratification of the Paris treaties was completed, he did not favor any meeting or invitation for a meeting either of heads of foreign ministers.

Churchill's letter was in reply to a personal letter from Mendes-France written Jan. 5, a week after the French National Assembly approved the treaties.

The French Premier told Churchill French public opinion needed to be assured that putting the treaties into effect would not hinder a Western policy of seeking peace. He suggested France propose to Russia the opening of negotiations for a Big Four meeting in May.

TV BEDSPREAD TAKEN
DENVER (AP) — Alvin Vigil told police today he lay down on a bed at his home to watch television, dozed off and woke up to find both the TV set and the bedspread gone.

A neighbor, Mrs. Martha Kimble, said she saw three men carrying a suspicious looking box down the street. A bedspread was draped over it, she added.

BLACK STALLION
RECEIVES AWARD
WORTHIDGE, Calif. (AP) — A black stallion named Gypsy has won an animal kingdom version of the Oscar.

He was awarded the Patsy award for the picture animal top star of the year for his part in the film "Gypsy Colt."

The event, sponsored by the American Humane Assn., was held yesterday at Devonshire Downs in this San Fernando Valley community.

Second place went to Francis the mule for "Francis Joins the Wacs" and third to the seal Esmeralda for "30,000 Leagues Under the Sea."

Two Cars Hit On French Ave.

Six men were injured, none seriously, in a two-car accident early today across from Motors Inn., French Ave. and Seminole Blvd., City Police reported.

Five of the men were attached to the Naval Auxiliary Air Station.

Neal Vernon Purvis, 21, of VCS, NAAS, driver of one of the cars involved, was charged with careless and negligent driving.

Investigating officers said the accident occurred at 12:15 a. m. when Purvis' 1954 Ford sedan ran into the rear of a 1941 Chevrolet sedan driven by Charlie Hayward, 60, of 887 South St., Winter Garden. Damage to each car was estimated at \$350.

The cars were going east on Seminole Blvd. at the time of the accident.

Hayward, who sustained a bruised right shoulder, was examined at Fernald-Loughton Memorial Hospital and released.

Purvis suffered a laceration of the hip. He was treated at the Air Station dispensary along with the other four Navy men.

Others injured were D. Corlett, slight shock; William Hadden, multiple lacerations and chipped teeth; Walter Bader, laceration of left elbow, and Paul Utia, bruised left foot. All are attached to VF652.

Investigating officers were Police Lt. R. J. Hickson and Patrolman W. R. Cosgrave.

Telephone Strike Enters Eighth Day; No Relief In Sight

ATLANTA (AP) — The outlook for a settlement had not appreciably brightened today as the nine-state strike of Southern Bell Telephone workers went into its eighth day.

A federal conciliator talked with each side separately over the weekend, but said there was no change in the situation.

A company spokesman said about 500 telephones were disrupted temporarily in the Atlanta area yesterday when cables were cut in four places. Phone cords in "a number" of West End pay stations were reported slashed.

In a fifth damage incident of the weekend, a cable was punctured by bullets and 150 Atlanta telephones temporarily put out of commission. It was the 60th such incident to be reported by the company in Atlanta.

A cable serving 304 phones at Opelika, Ala., was punctured yesterday and another cable was slashed near Danville, Ky., Saturday night, the company said.

Spokesmen for the Communications Workers of America (CWA) denied responsibility and urged union members to help prevent such incidents.

WASHINGTON (AP) — A 150-million-dollar pay raise for postal workers headed toward a House vote today.

In advance of House action, President Eisenhower said he would view with "grave apprehension" any further additions to the 14 1/2 per cent average increase provided by the postal pay bill.

He noted that the postal increase will set the pattern for 1,200,000 civil service employees. This bill is still in committee.

The President's views, contained in a letter Saturday to Chairman Murray (D-Tenn.) of the House Post Office Committee, clear any doubt a probable veto of any bigger increase.

They also underscored a statement last week by Chairman Philip Young of the Civil Service Commission that the government cannot afford more. It already faces the need of financing government-wide employes benefits totaling more than a billion dollars a year, he said. These are raises and other benefits proposed and pending.

Four youths were charged with petty larceny after being arrested early Sunday at Roy Reel's used car lot, 11th St. and Sanford Ave., City Police reported.

Police Lt. R. J. Hickson and Patrolman W. R. Cosgrave said the group had been "taking things" from the cars and also had a car jacked up to remove a tire.

Arrested at 12:15 a. m. were Grady Paul Johnson, 17, R. E. Sanford Ave.; Jan Martin Wallis, 18, of 2605 Sanford Ave.; Robert Buford Johns, 21, of 211 Elm Ave.; and Frank Adkins Thomas, 17, Geneva.

LAUNDRY IS SOLD
The Sanford Automatic Laundry on the corner of Second St. and Oak Ave. was sold by Ray Kennedy to Marty (Martin) Dyer, former co-owner of the Laundrette of Winter Park.

NO FOUL PLAY SEEN
MIAMI, Fla. (AP) — Nothing to indicate foul play has been uncovered in the investigation of a report club fire in which a Miami woman died and the husband of former metropolitan opera soprano Irma Padua was seriously burned, sheriff's officers said today.

mission on proceedings established by the Assembly for the hearing was reported ready to set for denial of the request today.

12 Lives Are Taken As Plane Crashes On Missouri Farm

SPRINGFIELD, Mo. (AP) — An American Airlines plane threading its way through darkness and rain toward a landing field crashed last night, killing 12 persons and injuring 23.

The twin-engine Convair crashed in a pasture about two miles north of the Springfield airport. Wreckage was scattered more than 300 feet.

The plane carried a three-member crew and 32 passengers. All the survivors were injured. Jack Pripish, of Chicago, the pilot, was the only member of the crew to survive. Stewardess Rita Madaj and copilot Glenn Walker, both of Chicago and Los Angeles, died.

The airport control tower had given final clearance for the landing. As the craft approached Carl McCrary in the tower saw a flash. Then the plane disappeared and he gave the alarm.

Sheriff Glenn Hendrix, one of the first to reach the scene made muddy by an all-day rain, said: "There was no fire. In the darkness I found it hard to find the plane and I lost my shoes in the mud as I crossed the farm field."

Restaurant Burned By Weekend Fire; Other Calls Made

The Sanford Fire Department was kept busy with fires all weekend with the first one starting at 6:40 a. m. Saturday. An A.C.L. car caught on fire at the railroad workshop when the fuse on the outside of the car hit the wall and started the outside burning.

The second call came at 4:45 a. m. Sunday when an alarm came from the Seminole Restaurant at 1401 French Ave. The building, occupied by the Lopez Brothers, and the contents were severely damaged as were various sections of the garage repair shop. The firemen spent three hours at the scene and used 1100 feet of hose.

Sunday night another fire was reported at 1200 W. 25th Street. The house was owned and occupied by Edith Wolfgram who had been cooking steak in her oven and the grease had caught fire. Nothing was severely damaged.

Today at 9:48 a. m. a grass fire was reported at French and Commercial Ave. No damage was reported.

Seminole High Band Is Rated Superior

Returning triumphantly from District IV Band Contest in Deland, Friday, the Seminole High School Band received a total of 18 superior ratings in different categories of the contest. The band made a superior in the concert contest where each of the three judges, Miss Dorothy Parker, Major J. B. O'Neil, and William Schuler, rated them superior. They also rated a superior in the sightreading contest and the drill contest.

This is the first time in the history of the Seminole Band that they have received a straight superior rating in all three phases of the contest and the second time they have been eligible to compete in the state contest.

Receiving superior ratings for student conducting were Ronnie Robinson and Robert Reely Jr. The trombone quartet consisting of Richard Tison, Joyce Milam, Bruce McCoy and Ronnie Robinson and the brass sextet consisting of Joe Fisher, Leslie Smith, Sue Hayer, Robert Newsum, Joyce Milam and Larry Hurney were awarded superior ratings.

Soloists receiving superior ratings were: Olivia Giddens, flute; Eva Jean Corfield, clarinet; Jimmy Brown, bassoon; Mickey Durak, saxophone; Solney Viben, trumpet; Richard Tison, trombone; Patsy Haught, Tympani solo and xylophone solo; Bob Reely, piano solo.

Receiving an excellent rating were Tommy Hower, flute solo; Grace Duggan, piano solo; Colleen Engstrom, twirling solo; clarinet quartet, Grace Duggan, Mary Esther Powell, Faye Ashley, Pauline Rans.

Mr. Milwee also discussed plans that will give the Goldsboro schools equal facilities.

He pointed out that Seminole County schools have shown a 23 per cent increase in enrollment since 1951. Present enrollment, he said, is 8,772.

He said the state has forecast that by 1959 there will be approximately 7,500 pupils.

"At our present rate of growth, however, we should reach that figure by 1957 or 1958," he said.

Distress Signals Puzzle Residents

Who has shooting off the distress signals in Lake Jessup? Flares have been sighted for more than a week, but no one knows who is responsible for them. City Police records revealed today.

The signals have been seen two and one-half miles south of Crow Camp.

Bailey Questions Reitz Nomination

THE BIG EVENT of the year for Brownie Troop No. 3 was a train ride to Orlando Saturday afternoon where lunches were eaten and then the return trip home. Mrs. J. T. Garrison is troop leader while Mrs. Fred Perkins and Mrs. Leo Spaulfore went along as chaperones with seven other guests. The girls that attended were Brenda Allen, Pat Bassett, Pat Bass, Pat Bruce, Celeste Canell, Carol Green, Linda Hunt, Brenda Love, Myra Weeks, Susan McCall, Nancy Perkins, Sandra Richards, Maria Spadafora and Janice Wynn. (Staff Photo)

Public Meet Set For Baseball Entry

A public meeting to make plans for Sanford's entry in the Florida State Baseball League will be held at 7:30 p.m. tomorrow at City Hall.

The meeting was called by H. J. Bauman, president of Sanford Enterprises, Inc., which will operate the team.

Sanford recently completed a full working agreement with the St. Louis Cardinals.

Demonstrations Feature Meets Of Paola, Lake Mary 4-H Clubs

Demonstrations featured meetings of the 4-H Clubs at Paola and Lake Mary this afternoon.

Mother Of 3 Boys Takes Baby Girl 29 Minutes Old

BEAUMONT, Tex. (AP) — A woman charged with snatching a 29-minute-old infant from its hospital crib "wanted a baby girl worse than anything in the world," her father said. She has three sons.

Officers found the little girl yesterday in the Houston home of Mrs. Pauline Schulze, 30, a former nurse's aide.

The child was sped by police-escorted ambulance 85 miles back to Beaumont and reunited with its mother before she knew it was kidnapped Saturday — while she was still in the labor room. The news had been kept from her.

Doctors said the baby was in good condition.

Her novel was tied with a shoulder strap from a woman's slip.

Mrs. Schulze was charged with kidnapping and jailed here. Officers said she kept screaming during long hours of questioning. "It's my own baby," they said she apparently had an overwhelming desire for a fourth child and claimed the baby was born to her at home.

Footprint records identified the child as the daughter of Mr. and Mrs. George Wharton, of Beaumont. Examinations of Mrs. Schulze confirmed she has not given birth recently, doctors said.

Pravada Accuses U. S. Of Discredit

MOSCOW (AP) — Pravada has accused the U.S. State Department of trying to smear the 1945 Yalta conference by publishing "by no means authentic" documents.

"Attempts to discredit the Crimean conference led only to discrediting the United States," the Communist party paper said. "Hull's circles in the United States once again exposed themselves as the enemies of peace and international cooperation. Their actions have given rise to new suspicions among the United States' partners in NATO and have increased contradictions among them."

Public Meet Set For Baseball Entry

A public meeting to make plans for Sanford's entry in the Florida State Baseball League will be held at 7:30 p.m. tomorrow at City Hall.

The meeting was called by H. J. Bauman, president of Sanford Enterprises, Inc., which will operate the team.

Sanford recently completed a full working agreement with the St. Louis Cardinals.

Doctor's Training In Doubt

Uoff Appointee To Be Discussed

TALLAHASSEE (AP) — State School Supt. Thomas D. Bailey today questioned whether the training and experience of Dr. J. Wayne Reitz is sufficiently broad to justify his appointment as president of the University of Florida.

Bailey said he knew nothing of Dr. Reitz and was in no position at this time to make "an intelligent decision" on his nomination by the Board of Control.

The board ended its long search for a successor to the late Dr. J. Hillis Miller last week by nominating Dr. Reitz, proponent of agriculture at the university.

The nomination is expected to be put before the Cabinet Board of Education tomorrow.

Bailey said no formal action was granted to be taken on Dr. Reitz until a full membership of the Board of Education was present. He said Atty. Gen. Richard Erwin was out of the city and wouldn't attend tomorrow's meeting, an expected action to be postponed.

"I have no objections to Dr. Reitz personally. I understand he is a fine man. But I question whether he has had the broad training in education and the experience in the type of administrative duties I feel is necessary for the university president," Bailey said.

"The University of Florida already is a great institution. What the program of expansion now under way, things like the starting of a medical school, eventually the University of Florida will become one of the greatest centers of learning in the country."

"I feel we should have a man of broad training in general education and experience in an administrative post of a similar nature."

Churchill Retiring Taken For Granted By Many Britons

LONDON (AP) — Britons look for granted today that Winston Churchill is stepping down as prime minister within weeks. But no one expects him to go into retirement by the seaside.

Only the 80-year-old statesman's political enemies seemed to harbor any suspicion the impetuous Churchill might change his mind at the last minute.

The authoritative, independent Times, which seldom deals in political speculation—said today: "Now seems increasingly likely that he (Churchill) will resign about Easter" and that Queen Elizabeth II will call on Foreign Secretary Anthony Eden to form a new government.

But the anti-Conservative Daily Mirror, which for two years has been calling Churchill too old for the premiership, said people "will not believe he has gone this time until they see the back of him."

Churchill supporters talked of him becoming a sort of "elder statesman of the free world," speaking out on vital issues.

CHEWING TOBACCO HOLDS NO GROUNDS FOR FIGHT

CROWLEY, La. (AP) — City Judge Edmund M. Heggie holds a wife has no grounds for a fight when her husband tries to enjoy a good-by kiss and a plug of chewing tobacco at the same time.

He found Mrs. Winston Bertrand guilty of committing simple battery on her husband and gave her a suspended sentence of \$15 or 10 days in jail.

Mrs. Bertrand testified she pushed him in the face in a spat after her refusal to kiss him good-by while he was chewing.

"FLAME URE DOOM"

PHOENIX, Ariz. (AP) — An out-of-control car crashed into the plate glass window of Mr. and Mrs. Arnold Rothfeder's newly redecorated fashion shop, scattering mannequins everywhere. After the store front had been boarded up, the Rothfede's put out a sign reading: "FLAME URE DOOM."

Assembly Gathers To Try Guizado

PANAMA (AP) — Panama's National Assembly gathered today as a court of justice to try ousted President Jose Ramon Guizado on charges he plotted the assassination of his predecessor.

The dispute arose today around the Jan. 23 machine-gunning of President Jose Antonio Remon, the country was reported quiet.

A young lawyer, Ruben Miró, confessed that he shot down Remon at the Juan Franco race track. He charged that Guizado plotted with him. Later, in letters from his cell, he repudiated the confession.

Guizado, a wealthy 35-year-old civil engineer and contractor who had been Remon's first vice president, became president Jan. 2. After Miró's arrest, he was detained by the Assembly for the hearing was reported ready to set for denial of the request today.

In advance of the Assembly hearing, prosecutor Jose N. Lasso de la Vega said he has "real, substantial" evidence against Guizado. He charged the killing of Remon was motivated by greed and a thirst for power.

Guizado's attorney Felipe Juan Escobar countered "there is not enough evidence even to indict." He termed the proceedings "unconstitutional and prompted by political motives."

Guizado, who denied the charges, faces a maximum penalty of 10 years in prison if convicted. Votes of 25 of the 41 Assembly members are required for conviction.

If freed, Guizado is entitled to resume the presidency.

Miró will be tried with three alleged accomplices before an ordinary court of law, probably in April or May.

Guizado's attorneys have moved for postponement of his trial, contending they have not had enough time to gather evidence. The con-

mission on proceedings established by the Assembly for the hearing was reported ready to set for denial of the request today.

In advance of the Assembly hearing, prosecutor Jose N. Lasso de la Vega said he has "real, substantial" evidence against Guizado. He charged the killing of Remon was motivated by greed and a thirst for power.

Guizado's attorney Felipe Juan Escobar countered "there is not enough evidence even to indict." He termed the proceedings "unconstitutional and prompted by political motives."

Reason had been a power behind the scenes for more than a decade, serving as chief of the national police, prior to his election as president in May 1953.

GIRLS ARE PUZZLED

OKLAHOMA CITY (AP) — Two little Oklahoma City girls still can't understand why everyone was so worried.

Betty Briggs, 7, and Vickie Mae Smith, 9, went on a cookie-selling expedition for the Girl Scouts Saturday. After they had been gone more than 12 hours, police found them asleep in an old barn.

They said they hadn't been able to find their way home. In true Girl Scout tradition, they had saved one package of cookies to eat, found a mattress in the barn and gone to sleep.

FLASH GOES ON

THE TRAP WAS SPREAD! BUT I DON'T SEE THE VULKE!

FLASH! HE MUST BE NEAR BY!

THE DEVIL! HE CIRCLED THE CLEARING AND DROPPED THE PIG INTO THE TRAP— AS IF TO THUMB HIS NOSE AT US!

HE KNOWS WE'RE HUNTING HIM NOW! DON'T ANYONE STRAY OFF BY YOURSELF!

WHILE NOT FAR OFF, MICROBE SEARCHES FOR FLASH...

G-GOLLY, IT'S SO DARK! I CAN'T FIND FLASH... AN... AN... I DON'T KNOW MY WAY BACK TO THE FARM! I S-S-S-SCARED!

FLASH! LITTLE MIKE IS GONE! HE LEFT TRACKS FROM THE FARMHOUSE LEADING INTO THE WOODS!

HE MUST BE TRYING TO FIND US HERE! QUICK! LET'S GET A BONFIRE GOING! MAYBE HE'LL SPOT US.

AND A MILE AWAY...

MAYBE FLASH'LL SEE MY FIRE 'N' FIND ME! I YAWN!... I'M SO S-SLEEPY!

FLASH! BUT YOU ABBOTT! YOU ABBOTT! YOU ABBOTT! YOU ABBOTT! YOU ABBOTT!

YOU KNOW, I CAN'T HELP THINKING CHIPS LET HIS AXE CUT OUT OF HIS HAND IN THE WOODS— CADDISPIN GONTER! CAUSE HE WENT BEHIND THE BENTON MIA!

HAH-HAH! I APPRECIATE YOUR LOYALTY, MONEY...

IT WAS A SURPRISE TO ME, HONEY. BUT BERGANTY RED KOTE AM THE MOUNTAIN WILL TAKE CARE UP HIM NOW!

WASN'T ALL THE TIME IT WAS CHIPS BACK UP THE WOODS? I'LL KILL OFF STORMY NO ONE WOULD FIND OUT WE WIZ STEALIN' HER MONEY!

AM I HAPPY TALKIN' BUNYIN MAD NOHIN' TO DO WITH IT—AM BORKIN' LIVED HIA!

WOULDN'T SHOCK ME IF'S STORMY HAD A CRUSH ON HIM—MAYBE THAT'S WHY SHE STAYED AT THE CAMP!

AM HOPE SKIP SHELLEY WILL THINK THAT MAN BEIN' LATE FOR SPRING TRAININ' IS ALL A DREAM TOLD!

HOW THAT IT'S OYUN, IT ALL BEGINS LIKE A DREAM!

COMPROMISE REACHED
 KENOSHA, Wis. (AP)—The Kenosha County Board was split on renaming Paschen Lake. Some members wanted to call it Benet Lake and others, Lake Shangri-la. The board finally settled by order-

HYDROGEN BOMB SAID PEACE PRESERVER
 LONDON (AP)—The Archbishop of York, Dr. Cyril Garbett, said possession of the hydrogen bomb seems to be at the moment "the one possibility of preserving peace

in the years immediately ahead. If so, it would be madness to close the doors to this possibility." Early Moslems believed that printing was evil.

Looks like **Buick's**
Biggest Year

It's been happening week after week. More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. More people than ever before in our history. That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" on automobiles that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick interiors never so rich—Buick's great ride never so calm-smooth and steady.

But there's something else, too—something really different and exciting.

Now before was there any motorcar thrill like the

thrill you get from Buick's spectacular new *Pitch Dynamics*?

It lets you do what a pilot does—pitch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflow unit, spinning in oil. You change their pitch merely by pressure on the gas pedal. You get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

For all the pep-up the line—from the Independent SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history? *Dynaflow Drive is standard on Roadmaster, optional on other Buicks.

Thrill of the year is Buick!

NICHOLSON BUICK CO.

New York Lags Behind

New York, our wealthiest and most populous state, was the last to establish a state university. Though this was set up in 1948, investigation shows that not much has been done.

The plan was not to build an elaborate plan on one location, but separate colleges in different parts of the state. A beginning has been made a liberal arts college has been opened at Binghamton, and two private medical schools have been taken over. Five two-year community colleges have been established.

While this is not bad for six years, it sounds better than it is. At all the new institutions tuition is at least twice as much as in their privately operated rivals. Large parts of the state are uncovered, and not much has been done to provide low cost college education in various parts of the state. The trustees' presiding officer, a former lieutenant-governor, says that a great deal has been accomplished, but citizens generally are disappointed.

It may be the number and variety of private institutions of higher learning in New York state which have given rise to a belief that public institutions are not of so much importance there as they are in many states, but it remains surprising that New York

stats has so little to show in the way of low cost higher education. When the new colleges are thoroughly on their way, the demand is likely to prove surprising. This has usually been the case wherever state education has been tried in earnest.

It is not a question of whether private or public education is better. Both kinds and every kind of possibility of improving the American mind are needed and once started show expansion in every direction.

Handwriting Crusade

A new foundation, this one to promote the cause of legible penmanship, has been formed. It is known as the "Handwriting Foundation, Inc." Its officers met recently in New York and vowed to replace the study of penmanship in the exalted position it once held in our education program.

Poor handwriting can be a serious handicap and can be expensive. Officials of the foundation said that \$70,000,000 was lost last year by American business because of illegible writing. Many man-hours were lost in attempts to decipher the scrawls that pass for penmanship with some people.

We are all for the idea. Bad handwriting leads to confusion. A letter can be explicit and grammatically correct and yet have no meaning to the person who receives it because the script is unreadable.

The foundation may be too late to do much about the penmanship of old sinners like us but perhaps they can help the younger generation. Who knows? In a few years we may even be able to hire a reporter whose notes we will be able to read.

Professors In Business

The absent-minded professor used to be the butt of vaudeville jokes. He has vanished from that role ever since professors have held high political office with credit, and proved invaluable sources of advice for large industries. It can hardly, therefore, be a desire to rehabilitate the professors' reputation which leads Ohio's Antioch College to adopt a plan whereby they may obtain business and industrial experience. The college will help them find such positions for a year, and give them the necessary leaves of absence. A like plan, except that the period in business is three months, has already been found successful in the education of Antioch students.

Experiences in a new field is always broadening, and doubtless the professors will find it so. It is not impossible, however, that they will educate their new employers even more.

ASSAULT WITH INTENT TO KILL

HAL BOYLE

Girl Hits Stardom

NEW YORK — Hildegrade Neff, Broadway's latest toast, rocketed to fame from a background of fear.

Success isn't likely to turn this German-born girl's head. She can still remember how she made her first stage hit in bombarded Berlin wearing an evening gown made from a bed sheet, the only cloth available. Still fresh in her mind are the wartime years when she carried a knife—to take her own life if necessary.

Now co-starred with Don Ameche in "Silk Stockings," she plays the role of a Russian lady commissar, a role first made famous by Greta Garbo in the film "Ninotchka." "Silk Stockings," a musical, reached Broadway after a 15-weeks of out-of-town trials and tribulations that had many Broadway gloomleaders predicting it would be the season's outstanding flop. But it opened here with a \$750,000 advance ticket sale, and proved an instant hit.

The prospect of a long run of

fers Hilde the best prospect of stability she has had since childhood.

"I lost 18 pounds during the try-outs, but it was worth it," she said. "I've lived in hotels for six years. I've been nothing but a night plane passenger all that time between Germany, France, England and America."

"Now I can stay in one place. I can have my own apartment, and feel settled for a while. You can have no idea what this means to me."

Hilde shook her long red-blond hair and looked cheerfully around her new four-room penthouse apartment on lower Fifth Ave. as if her mind were feeling each piece of furniture to be sure it was in the right place.

She has a taut, vibrant body, and weathervane eyes that change, not with the wind, but with the light. A strong March breeze rattled the windows, sending cloud fragments across the drab sky. Her eyes deepened to dusky gray or lightened to green as the sky deepened or brightened.

Hilde now an American citizen, has been a picture star pilgrim since the war. She has made films in three languages—English, German and French—and speaks each so well she has no need of dubbed-in dialogue.

Her first big picture, "Under the Bridges," made by UFA, the German studio, was never released. It was destroyed during an Allied bombing.

Beneath her present security lie crowding memories of the terror of those years, when Allied bombs rained on Berlin day and night. It took some prodding to get her to talk about those years she'd like to forget but can't.

"Most of us carried knives in our boots," she said matter-of-factly. "The knives were to dig out of the rubble, or, if we were hopelessly trapped, to commit suicide."

Hilde said that as the Soviet armies encircled Berlin she herself donned a soldier's uniform and tried to escape to the River Elbe. She was caught by the Russians a few miles short of the American lines and thrown into a concentration camp.

"For three months I was the only woman in a camp of 40,000 soldiers," she recalled. "It wasn't as hilarious as it sounds."

They found she was a girl during a medical inspection. Her kindly Polish doctor, who had lost his own daughter during the battle for Warsaw, intervened and obtained her release.

"The only thing I am afraid of is another war," she said. "One war is more than enough for a lifetime. I hate the way it divides friends as well as nations."

"War is nothing but a blind panic... lonely individuals caught helplessly in a collective fate."

Labor, Management Join Forces

NEW YORK — Maybe you think that labor and management always fight each other—just doing what comes naturally.

But more often probably than you know they forget their differences to fight together for their common welfare.

Three examples are in the day's news of each side giving a little ground in seeking more prosperity for both.

The first involves the Otis Elevator Co.'s plant in Yonkers, N.Y. The company said high operating costs and a dispute over local taxes would force it to close and move to the Midwest.

The CIO International Union of Electrical Workers has agreed to a plan which involves no cut in rates of pay or fringe benefits but calls for labor-management cooperation in cutting costs by conserving tools, supplies and equipment and cutting down "unproductive practices."

The second example is in the military industry. It may be news to you, but the union and the man-

ufacturers think that your wife doesn't buy enough head finery. So the AFL United Hatters, Cap and Millinery Workers International Union has dropped its demand for higher pensions.

The higher pension would have cost New York's hat industry alone one million dollars over the next three years. That amount will be put instead into a promotion campaign to make American women more style conscious and dissatisfied with their old headgear.

The union hopes to persuade workers in other millinery centers to join in, and maybe bring the promotion fund up to 1½ million dollars.

The third example is in the paperhanging trade. Paperhangers stiff at the "do-it-yourselfers" and say that paperhanging is a difficult and complicated job. What this country needs is more and better paperhangers, they hold, because the more the do-it-yourselfers are pleased the more they'll buy.

So union members manufac-

urers, wholesalers and retailers of wallpaper have formed the National Joint Paperhanging Training Committee. Object: to teach the art to apprentices and to journeymen painters as well.

Cecil Learns Being Camel Is Lonely Work

MIAMI, Fla. — Spurred by the yak, disdained by the buffalo, Cecil finds being a camel is a lonely business at Crandon Park Zoo.

He's letting zoo officials know he wants camel companionship by kicking up his heels, loitering at the yak and buffalo in adjoining pens and blowing through his rubbery lips at Carol, a nine-foot giraffe nearby.

In short, it's spring and he's acting like a young camel in love. Park Director A. D. Barnes noticed all this and finally went to the County Commission about it. The commissioners told him that if the park had enough money, go ahead and buy Cecil a mate.

But the park officials don't know how much young female camels cost and they aren't sure they have enough money. They're checking on it.

Meanwhile, Cecil continues his antics. He's the only camel at the zoo and he's been here two years. He will be 6 next month and for him, there could be no better birthday present than a camel.

Inside Washington

WASHINGTON — The recent death of Ira Hayes, the former Marine who helped raise the United States flag on two Jims 10 years ago, may lead to another congressional investigation — this one into the plight of American Indians.

Hayes, who has been described as a "hero to everyone but himself," died of alcoholism and exposure on an Indian reservation in Arizona. His obituary quoted him as once saying: "The white race looks down on the Indian as if he were a little man, and I don't stand a chance anywhere off the reservation."

This expressed feeling of inferiority is said to have been contributed to his death, and has spurred efforts to do something for the nation's original inhabitants.

Demand is growing for a congressional investigation of conditions on Indian reservations. Those who make the demand cite figures showing that the average Indian in Arizona earns less than \$800 a year, that the average life span in one Indian tribe is 17 years, and that most Indians have virtually no chance to gain an education.

Statehood — indications are that there is a chance statehood may be approved at last for Alaska and Hawaii this year. Administration Interior in President Eisenhower's Cabinet, told the House interior committee recently that he had no objection in statehood for both territories this year.

However, McKay said he was "less enthusiastic about Alaska than I am about Hawaii," and added that the two issues not be lumped into one bill. McKay expressed his feelings about Hawaii by stating: "The passage of statehood legislation for Hawaii is to my mind, a 'must' of national policy."

Claim Filed For Clumsy Handling

WASHINGTON — The State Department has filed an early claim on the 1953 prize for clumsy handling. The way it handled, and then released, the Yalta papers was as clumsy as anything seen in Washington in at least a year.

Secretary of State Dulles juggled the papers as if they were on fire. He didn't seem to know what to do, make them public or keep them private? In the end they "leaked." Then he made them public.

A year ago the Army gave certain senators, confidentially, a report on its dealings with Sen. McCarthy (R Wis.). One copy was "leaked" to a newspaper, presumably by one of the senators.

Whereupon another senator, hearing of this, decided to release the report to newspapers generally. Publication led to a flaming McCarthy-Army row and eventually to the McCarthy-Army hearings. Nothing so sensational is expected from release of the Yalta papers, a two-volume account of the 1945 wartime conference between President Roosevelt, Prime Minister Churchill and Generalissimo Stalin.

Churchill is irritated by the papers. He gave grudging consent to their publication when pressed by the department. He said there are mistakes in this American version.

State Department officials have worked on gathering the 1945 wartime Yalta documents for almost 10 years, intensely in the last two. They were printed by the government printer in limited number.

For at least a month the department has had 125 sets of the 834-page volumes. Republicans, critical of Roosevelt's performance at Yalta, for years have demanded the papers be published.

Last Monday Henry Snydam, Dulles' press chief, said it was "inadvisable" to release the papers publicly because they involve national security and U.S. relations abroad.

He said Dulles had decided not to publish them but would make 24 copies available to Democratic and Republican leaders in House and Senate and to six congressional committees.

But Sen. George (D-Ga.), chairman of the Senate's Foreign Relations Committee, declined the

honor. He didn't want to be blamed, he said, for any "leak" that might occur.

Dulles, after this rebuff, withdrew a bit. He said members of Congress could have the volumes if they wanted them. And on Tuesday at his new conference he said the papers would be made public someday—he didn't know when.

But that same day, Tuesday, one of Dulles' aides told a newsmen the volumes would be released to newspapers Thursday for publication on Friday morning papers.

But, just as in the McCarthy case, there was a "leak." It is not yet known who did the "leaking." The State Department doesn't seem to be investigating.

But sometime between Tuesday and Wednesday afternoon several newspapers obtained copies. Dulles then let all the newspapers have them.

When Paul Andolino tried to put down the size of his racing stable a year ago he offered his Boston Doge for sale at \$7,500. Andolino refused \$100,000 at Hialeah after the colt won his seventh straight race.

FLORIDA HOUSEWIVES FIND ELECTRIC COOKING IS

White Glove CLEAN

With an electric range in your kitchen your cooking can be spotless, smudgeless and as clean as a pair of white gloves. But that's only one of the marvelous advantages of clean, electric cooking. Ask your neighbor who cooks electrically. She'll probably delight in telling you how her range cooks cleaner, cooler, faster, safer...and cheaper, too. Make your own "white glove" test and see how smudge-free pots and pans remain. It's a fact, with an electric range your kitchen can be white glove clean. Isn't it a blessing?

With Reddy Kilewatt on the job, your modern electric water heater will deliver all the hot water you want — when you want it, where you want it.

Presbyterian Choir Honored At Dinner

The Chancel Choir of the First Presbyterian Church was honored with a dinner Friday evening given by the Women of the Church. The annex, where the dinner was held, was decorated with a spring theme using potted fern and vases of flowers placed in appropriate spots around the room. On the table also were smaller vases of flowers while green and white place mats were used to accent the theme.

The menu consisted of salad, escalloped asparagus, mashed potatoes, pickled beets, steak, celery, olives, hot rolls, coffee and lemon pie.

The Rev. A. G. McInnis welcomed the choir members and told them that this was the Church's way of saying "thank you" for a job well done. Mrs. George Touhy, choir director, thanked him on behalf of the entire choir for the delicious meal.

Those present to enjoy the meal were Mrs. Harris Folds, Miss Maud R. Wilson, Mr. and Mrs. Leon Walker, W. R. Jennings, Miss Patsy Walker, Mr. and Mrs. George Touhy, Mr. and Mrs. Robert Brown, Mr. and Mrs. Clifford McKibbin, Mr. and Mrs. J. A. Bistline, Mr. and Mrs. B. H. Ferrell, the Rev. and Mrs. A. G. McInnis, Steve Anderson.

Robert Mern, Mr. and Mrs. Al Case, Mr. and Mrs. Nick Pfeiffer, Mrs. Phyllis Proctor, Mrs. Rudy Sloan, Mrs. Roy Mann, Mr. and Mrs. E. M. Galloway, Mrs. Charles Wilke, Mrs. Robert Graham Jr., Mrs. Kenneth Sapp, Mr. and Mrs. Charlie Morrison, Mr. and Mrs. Charles Seuder, Mr. and Mrs. Robert L. Cornell Jr., Mr. and Mrs. Joseph Orseno, Mr. and Mrs. Herbert Stenstrom and Miss Sandra Dunn.

History Of 4-H Work In Florida

When girls' clubs first began in Florida in 1912, they were called "Girls Tomato Clubs." Each club members planted and harvested tomatoes on a one-acre acre plot. During 1914 the 373 Tomato Club girls grew 184,821 pounds of tomatoes.

Many girls planted gardens annually for profit and in a number of high schools there were girls making at least a part of their support. As a result of their tomato club work, a few girls were able to enter college.

These early girls' canning clubs inspired interest in home activities and helped fill home pantries, giving a greater variety for the family diet and reducing the cost of living. They gave girls between the ages of 10 and 18 an opportunity to earn money at home. They increased interest in the study of home problems and gained the interest and assistance of adult women, mothers of club girls and their families.

In these early days home demonstration agents visited rural schools, explained the purpose and the work of the tomato clubs and left enrollment cards with the teachers. After getting their parents' permission to join the girls filled out the enrollment cards, signed and mailed them to their home demonstration agent. After the agent received the card she sent tomato seed, planting instructions, and a record book to each enrolled member. As soon as possible the home demonstration agent visited each club member, measuring her lot, instructed her in cultivation and plant care, and before the canning season the agent visited each neighborhood and gave a canning demonstration, so that all club member planted and harvested tomatoes before they ripened. Club members were urged to sell tomatoes fresh as long as they could get a good price. What they could not sell for a profit, they were encouraged to can for home use or for the market.

During the growing season the club girls had time to study not only the agricultural side of their work, but also began to study foods, their preparation and value; sewing, as applied to making caps, aprons, holders and club dresses and home-making in relation to the study of household conveniences and home sanitation.

The transition from canning clubs to other interested groups came when, at the canning booth, the girls began asking the home demonstration agents, "When are you going to teach us to sew?"

The 4-H Club emblem, with the letter "H" on each of the four leaves, also went through many changes during the pioneer years. The first "H" were for hands, heart, and head, but soon another H was added—"humble." The 4-H emblem Cloverleaf design was adopted as a label for canned tomatoes and as a badge for members. It was soon suggested that the fourth H stand for "health." The fourth H's then, as now, represented the equal training of the head, heart, hands and health. The head was to be trained to think, plan and measure; the heart to be kind, true and sympathetic; the hands to be useful, and efficient; and the health to resist disease, enjoy life, and make for efficiency.

At one time in the history of the 4-H pledge there was a fifth H representing the home. This H

Personals

Marvin Goebel arrived home Friday from Georgia Tech, Atlanta, Ga., where he is a student, to spend several days with his parents, Mr. and Mrs. Glenn Goebel, and family.

Joe Hutchison, a student at Georgia Tech, Atlanta, Ga., is spending a week with his parents, Mr. and Mrs. R. U. Hutchison.

Ed Gordon is home visiting with his parents, Mr. and Mrs. M. C. Gordon.

Miss Nancy Rountree spent the weekend with her parents, Mr. and Mrs. A. D. Rountree. She is attending Florida State University and brought with her as a guest Miss Mary Oliver from Thomasville, Ga.

Miss Rosemary Garner, a Freshman at Florida State University, spent the weekend with her parents, Mr. and Mrs. Wade H. Garner.

James Davis and Eugene Estridge, students at Florida State University, spent the weekend with their parents, Mr. and Mrs. J. C. Davis and Mr. and Mrs. I. E. Estridge.

Miss Joan Wright, a student at Wesleyan College in Macon, Ga., spent the weekend with her parents, Mr. and Mrs. James Wright, Elliott Ave.

Miss Ann Raborn spent the weekend with her parents, Mr. and Mrs. L. Ryborn Sr., after which she returned to Florida State University at Tallahassee where she is a student.

Mr. and Mrs. Harold M. Kastner left Thursday for Delray Beach where they were guests of Mr. and Mrs. W. L. Wilson at the Sage-N-Sand Motor Hotel at Boynton Beach.

Mr. and Mrs. Harold H. Kastner, Harold Kastner Jr. and Bill Ludwig were guests of Mr. and Mrs. Guy de La Rupella of Paris, France at the opening of the Ruppelle's "Monsieur Cafe de la Paix" in Boynton Beach Saturday night.

was removed in 1948 because each of the four H's has its foundation in the home, around which all 4-H work is built.

50th Year Observed By OES

Seminole Chapter No. 2 O.E.S. held its regular meeting in the Masonic Hall, Thursday evening with Mrs. Virginia Anderson, Worthy Matron, presiding.

Since this was the 50th anniversary of the issuance of the Charter by the Grand Chapter of Florida, the theme of Golden Anniversary was carried out throughout the chapter room. Baskets and vases of golden flowers were used. A large golden picture frame in the West, portrayed living pictures to represent the history of the chapter. Mrs. Clarence Welsh was in charge of the program and read the history as the pictures were formed.

The Past Matrons, wearing white, with yellow caps and the Past Patrons wearing white coats with yellow ties were led into the chapter room by Mrs. Esie Cole, carrying a large gold star. After a lovely drill, they made the formation of the number 50.

The guests of honor of the evening were Mrs. Alice Harvey, daughter of the first grand matron of the state of Florida, Mrs. Alice Robbins; and Mrs. Irene Whitner, sister of the worthy patron, R. W. Turner, of Williston.

Fifty-nine past matrons and past patrons were introduced and given a cordial welcome as were Mrs. Nancy Rickard, past grand matron, of Miami; Mrs. Ruth Hubert, grand chaplain; Mrs. Miami Bohls, grand instructor of district 13, of Kissimmee; Mrs. Gladys Herndon, grand representative of Pennsylvania; Mrs. Smymra; Mrs. Leona McLain, grand representative of Utah; and Mrs. Louise Eselstein, grand representative of New Brunswick.

After the program, everyone was invited into the dining room for refreshments. There the golden theme was carried out with a large table covered with a beautifully embroidered linen cloth and the punch bowl on one end. In the center was a basket of golden and white chrysanthemums and a three-tiered white and gold cake.

Mrs. Odal Crosby, hailed as the oldest member of the chapter, served the cake, while Mrs. E. C. Williams cul. Mrs. Wurt W. Warner, presided at the punch bowl. Mrs. W. E. Raines was chairman of the refreshments.

Candidates For Battalion Sponsor of the Stetson University ROTC. In be chosen March 31, are, from left, Sally King, Newnan, Ga., sponsored by Pi Beta Phi sorority; Paula Duke, Duluth, Ga.; Zeta Tau Alpha; Caroline McInnis, Sanford, Delta-Delta-Delta; Sue Ferrell, Palatka, Alpha Xi Delta, and Marlene Lackman, Jacksonville, Phi Mu. The other four will be ROTC company sponsors.

Hollywood Actors Reach Agreement On Playing Scenes

By BOB THOMAS
HOLLYWOOD (AP)—Film actors agree on one thing—avoid playing scenes with dogs and children; they'll steal you blind.

Yet here is a Broadway star who appears set for a career with a boy and a dog—and a scene-stealing old man as well. What's more, she loves it.

She's Jan Clayton, the winsome star of "Carrousel" and "Show Boat" in New York and "Guys and Dolls" on the road. She appears in the TV series "The Adventures of Lassie with the clever collie, Tommy Rettig and George Cleveland."

"I couldn't be happier," she said at her sumptuous home overlooking the San Fernando Valley. "That dog is a tramp at heart—a real character. Tommy's just about the brightest kid I've ever known, yet not precocious like some child actors. And old George is a great guy. I've learned a lot about acting from him."

It's lucky that she likes the service, because Jan seems set with Lassie for a long spell. She has made 23 of the telefilms and will start another 33 this spring.

This marks another phase in the varied career of the New Mexico girl, who has managed to combine show business and a family with equal success. Born in Alamogordo, she grew up on Tulare, despite the small size of the town, it had an excellent theater department in the high school. Her acting urge got good encouragement.

She came to Hollywood, but strangely has never clicked in films. She has been under contract to Warners, MGM and 20th-Century Fox—but I never could make it past the first option." She reached her greatest success as a Rodgers and Hammerstein star on Broadway.

After the war, she took on another career, as wife of Robert Lerner, attorney and department store heir. She is the mother of four children, yet manages to keep her acting career alive too.

"The trouble is that I'm stage struck," she remarked. "And in the one medium that Bob doesn't like me to do. It turns our family life topsy turvy and requires long absences."

Cheese Rabbit makes a delicious Sunday night supper when served on crisp crackers on toast. For a different touch, add sliced pineapple-stuffed green olives to the Rabbit.

Nutmeats are likely to get an off-flavor if they are exposed to warmth and air. So put your shelled nuts in a tightly-covered jar in the refrigerator.

Rev. J. B. Root Speaks At DAR Meet

Mrs. R. E. Tolar, secretary of the Sallie Harrison Chapter N.S. D.A.R., entertained that group at her home recently with Mrs. M. Mason, Mrs. E. C. Smith, and Mrs. Mary Elizabeth Nance as co-hostesses.

Mrs. H. W. Rucker, Regent presided over the business meeting which preceded the program and social hour.

It was announced that Mrs. Miriam Russell and Mrs. Rucker would attend the State DAR Conference at Miami.

A gift of a hand carved spice mortar and pestle and rolling pin dated about 1800, from Mrs. W. B. Ballard, a member who was moving to Kentucky, was presented to the Seminole County Museum through the Sallie Harrison Chapter.

Mrs. R. E. True a new member was introduced, and it was announced that Mrs. Charles McCrewe had asked for reinstatement.

Mrs. Teler, in the absence of the flag chairman, read a release from the National DAR office on the correct use of the American Flag.

Mrs. Rounillat, music chairman used the use of the National Anthem "The Star Spangled Banner" at all public meetings.

Mrs. Rounillat, music chairman used the use of the National Anthem "The Star Spangled Banner" at all public meetings.

These members of the 1934 St. Louis Cardinals enjoyed the rare pleasure of hitting for the distance in recording their first major-league hit. Wally Moon, Tom Alston and Joe Cunningham registered home-runs as their first big league safeties.

The Rev. J. B. Root used the topic, "Florida, 1,000 years ago and 1,000 years from now." He touched on the history of our state from prehistoric times, stressing the political, geographical, agricultural and social changes that made the state of today, and how the climate, "the beautiful Florida sunshine" would make the state of tomorrow.

The following enjoyed refreshments served by the hostesses and a pleasant social hour in the beautifully decorated home of Mrs. Tolar:

Mrs. E. M. Hoke, and Mrs. Leonard DeBarry, Mrs. R. J. Hobbs of Cleveland, Mrs. Brewer of Connecticut, Mrs. R. E. True Lake Mary.

Mrs. Mary Sue Compton, Mrs. A. C. Henson, Mrs. E. C. Smith, Mrs. Miriam Russell, Mrs. A. R. Key, Mrs. L. P. Hagan, Sr., Mrs. A. W. Lee, Mrs. F. E. Rounillat, Mrs. R. M. Mason, Mrs. R. E. Tolar, H. W. Rucker, Mrs. H. W. Tunnilliff, and Mrs. C. R. Dawson.

CALENDAR OF EVENTS

MONDAY

The Christian Women's Fellowship of the First Christian church will meet at the church at 7:30 p. m.

The Seminole County children's committee will meet at the Court House at 4 p. m.

The Prayer Band of the Women of the Church will meet at 2:45 p. m. in the Educational Building of the First Presbyterian Church. The Business and Inspirational Meeting will follow at 8 p. m.

The First Baptist Sunbeams will meet at the First Baptist church at 3:30 p. m.

The First Baptist Church-wide Music School will begin tonight at 7:30 p. m.

TUESDAY

The First Baptist Crusader Choir will hold rehearsal at 3:30 p. m.

The First Baptist Concord Choir rehearsal will be held at 6:30 p. m.

The First Baptist Church-wide Music school will begin at 7:30 p. m. in the church auditorium.

The First Baptist Intermediate Royal Ambassadors will meet at 7 p. m. at the church.

The Pilot Club will hold its dinner meeting in the Yacht Club at 6:30 p. m.

WEDNESDAY

The First Baptist Carol choir will hold rehearsal at the church at 3:30 p. m.

The First Baptist Church-wide Music School will begin at 7:30 p. m. in the church auditorium.

The Department of Fine Arts of the Sanford Woman's Club will meet at 3 p. m. to be entertained with music and drama from the Stetson Speakers Bureau of Stetson University. Hostesses will be Mrs. E. A. Montforton, Miss Ella Lee Kirchoff and Mrs. E. C. Harper. The public is cordially invited. Tea will be served.

THURSDAY

The First Baptist Carol choir will hold rehearsal at 3:30 p. m.

The First Baptist Junior Royal Ambassadors will meet at the church at 7 p. m.

The First Baptist Church-wide Music School will begin at 7:30 p. m.

FRIDAY

The Stetson University Players will present a play, "The Boor" at the Sanford Woman's Club at 7:30 p. m.

The Duplicate Bridge Club will meet at the Yacht Club with seating to start at 7:45 p. m. and play to begin at 8 o'clock.

The First Baptist Church-wide Music school will begin at 7:30 p. m.

The Norman deV Howard Chapter of the UDC will meet at 3 p. m. at the home of Mrs. J. M. Hayes.

Redlegs, Braves Score Wins As Top Sluggers Show Power

Sports Roundup

By GAYLE TALBOT
TAMPA, Fla. (AP)—At the age of 16, a chubby high school catcher out of Gretna, La., first walked into the Polo Grounds and began serving his big league apprenticeship under a man he still refers to almost reverently as Mr. McGraw.

Today, almost 30 years and 511 lifetime home runs later, Mel Ott is beginning a brand-new career in the majors as a radio announcer after having spent several seasons hustling steel around New Orleans, and he's scared. It's a racket he never tried before, but he's glad to be back in baseball on any terms.

"It's this time of year that gets you," says the man who won his plaque in the Hall of Fame by hitting more homers than any player in the history of the National League. "The rest of the time it's not too bad. But when you realize one day that everybody's gathering again for another season, and you're not there, it kind of gets you."

Ott in his playing career of 22 years with the New York Giants knew only two managers, John McGraw and Bill Terry, and he was his own playing manager for the final six years that he was coking his right leg in a fashion unique to himself and pelting the stands with home runs. He smote 30 or more of them for eight seasons.

"No, Mr. McGraw never tried to teach me not to lift my right leg when I teed off," he recalled here. "The only thing he did the first couple of years when I was just a kid was show me how to hit to left field. Once I became a regular he left me alone to pull the ball to right, but as long as I played I still could push one into left when I needed to as a result of his teaching."

Ben Hogan Set For Golf Tourney At Palm Beach

PALM BEACH, Fla. (AP)—Ben Hogan makes his springtime return to golf here today in the opening round of the \$10,000 Seminole Club Pro-amateur Tournament.

The 36-hole medal play event has a field of 33 including Sammy Snead and most of the winter tour leaders. The two-day tournament will be played on the par 72 Seminole Club course.

The professionals at the same time will play a separate best-ball golf round with two amateurs teamed with one pro.

Snead and Hogan, both tuning up for the competition, burned up the course in practice rounds.

Snead shot a five-under-par 67 yesterday and Hogan, who has practiced nearly a month, has shot several 68s. Both have won the event in past years.

The defending champion, Law Workman of Fort Lauderdale, won the pro event last year with a 68-68-136 while Ted Kroll of New Hartford, N.Y., paired with R. A. Reese of Morgantown, W. Va., as the team winner with a best-ball score of 61-63-121.

4 Heavyweights Fights Slated

By ED CORRIGAN
The Associated Press
Four heavyweight scraps—headed by the Bob Baker-Julio Mederos battle in Madison Square Garden Friday—are on tap this week and you can bet the quartet of winners will sing in unison:

"I want Rocky Marciano."

Baker, No. 3 man on the list of boxers, stands the best chance of getting a title shot and that is in the distant future, if ever.

Mederos, a big Cuban, knocked out Roland LaStarza in five rounds on March 2, and that night's work earned him a date with Baker. The bout will be telecast and broadcast by NBC.

No one knows much about Mederos, but he is reputed to be fast for a heavy and possessor of a good right hand. For the record, no other heavyweight ever had knocked out LaStarza before the Cuban connected.

Julio's record reads 17-7-2, with 12 knockouts to his credit. He has reversed five of his defeats, all by knockouts.

Legal Notice

NOTICE TO APPEAR
STATE OF FLORIDA: To: Merrill Coley Smith, also known as Merrill C. Smith, defendant, whose address is United States Penitentiary, Atlanta, Georgia, c/o W. H. Hiltz, Warden, GRIFFITHVILLE, ARK.
This is to give you notice that on the 19th day of March, 1935, in the Circuit Court in and for the County of Seminole, State of Florida, at Sanford, Florida, a suit was commenced against you as defendant, for divorce, by Doris E. Smith, plaintiff; you are hereby required to be and appear before the above entitled court at Sanford, Florida, on the 22nd day of April, 1935, and enter your written defense, if any you have, in the above mentioned suit, and file a copy of said written defense on the attorney for the plaintiff, H. P. Mohr, whose address is 418 Conway Road, Orlando, Florida, on or before said return day and fail to do so may result in a decree pro confesso being entered against you and said cause will proceed ex parte.
Witness my hand and official seal at Sanford, Seminole County, State of Florida, this 19th day of March, 1935.

Musicians Cinch 1st Place Berth In Bowling Loop

Bukur's Music Shop cinched first place last Wednesday night by taking a three game series from Tommy's Radiator Shop five. Team captain Pete Bukur paced his team with a 533 series and high single game of 196. For the Radiator five Ray Carroll hit the high single game for the evening of 204

Fifth place Burnett Painters took three games from last place Stine machine Shop with Pete Eitel having high series for the Painters with 507 and a high single of 184. Carl VonHerbulis had a 516 series for the Stinemens.

Second place Celery City Printing Company took two of three games from New York Life and moved out to a three game lead over Tommy's Radiator Shop and the New Yorkers who are tied for third place.

With only two more weeks in the season, Bukur's Musicians have cinched first place with Celery City in second and leading the runners-up, Tommy's and New York Life who are tied for third place. The hot spot in the league this Wednesday night will see New York Life and Tommy's Radiator Shop battling for third place. Last place Stine Machine meets second place Celery City, while Burnett Painters take on league leading Bukur's Music Shop.

Rollins Defeats Virginia Tech

WINTER PARK, Va.—Lefty Art Brophy who hasn't lost a game in three years struck out 13 Virginia Tech batters yesterday as Rollins defeated Virginia Tech 6-3 for its second victory of the Rollins Week Baseball Tournament.

Alabama, a Rollins victim Saturday, whipped Ohio State 7-3. It was Alabama's second triumph over state.

The results gave Rollins a 2-0 lead in the tourney, Alabama had a 2-1 record; Virginia Tech 0-1 and Ohio State 0-2.

Today, Virginia Tech opposes Alabama and Rollins clashes with Ohio State. Georgia Tech enters the tournament Wednesday and North Carolina on Thursday.

MEET IN FINAL

PINEHURST, N.C. (AP)—Eighteen-year-old Wim Smith, just the tonic the depleted ranks of amateur women's golf needs in view of the banner number of links ladies who have turned professional in recent years, and Pat Lesser, a "veteran" at 21, met today for the North and South amateur title in an All-Pacific Coast final.

Stokes Takes Major Honors In Tournament

NEW YORK (AP)—All America Dick Ricketts and Si-huge Green sparked Duquesne to its first National Invitation basketball championship but it was lanky Maurice Stokes of little St. Francis of Lorette, Pa., who carried off the major individual honors.

Duquesne won its first NIT in nine attempts with a 70-58 decision over Dayton Saturday night after finishing fourth, third and second in the last three years.

Ricketts and Green both were selected for the Associated Press all-tournament after scoring 58 points between them in the championship game. But Stokes, on the team that finished fourth after dropping a 66-91 overtime decision to Cincinnati, also was named on the all-star team and was the unanimous selection as the tournament's Most Valuable Player.

Johnny Moran of Dayton and Ed Fleming of Niagara were picked to round out the all-star team.

Maurice the Magnificent almost singlehandedly carried St. Francis into the semifinal bracket. And he almost mired that demonstration Saturday night as he tallied 21 points in the battle for third place.

What Ricketts and Green accomplished in the little game was almost unbelievable. They scored all of Duquesne's 33 points in the first half. And it wasn't until 7 1/2 points had passed in the second half that another Duquesne player broke the monopoly. Green ended up with 33 and Ricketts with 22.

Dayton contributed Jack Sallee to the all-star second team. Picked with him were St. Louis' Dick Boushka, Tom Heinsbora of Holy Cross, George Young of Lafayette and Charlie Tyra of Louisville.

On the basis of unofficial returns yesterday, the United States increased its over-all games total to 79 1/2 points. Argentina, with its 217 and Mexico, 22 1/2, were the next in line. The United States scored 20 1/2 points yesterday, largest single day total of the games.

In swimming and diving, Uncle Sam added two more gold medals. One went to ex-Yale star McClane, the other to a water sprite of 14, Wanda Lee Warner, of Bethesda, Md.

Wanda dived off the opposition in the 300-meter freestyle in 3:22.5. Her immediate runners-up were Lilian Gonzales of Argentina and Gladys Aranda of Mexico, with Susan Douglas Gray, of Washington, D.C., fourth.

Joaquina Capilla of Mexico won the three-meter diving championship.

Hector Dominguez Nimo of Argentina beat off his own Pan-Am record in the 200-meter breaststroke with a winning time of 2:46.3.

Backers Predict Glowing Future For Tomorrow

GULFPORT, Miss. (AP)—Minsky Tommy Morrow's backers predicted a glowing future for the former Louisiana State University star today after his playoff victory over a seasoned pro for the first prize in the \$5,000 Gulf Coast Invitational.

The 23-year-old Shreveport, La., putting master defeated Buck White of Greenwood, Miss., on the second hole of the sudden death playoff yesterday at the Great Southern Country club. After they teed off in record-breaking 18-under-par 276, Morrow got a birdie on the second hole to tie.

Professional Johnny Morris of Mobile, Ala., third place finisher in the 72-hole four-day tournament, said Morrow "can put with the best right now. A little more distance on his game and he's going to be in the best anytime."

White earned \$200 with his show-

BETTER LUCK OVERDUE - - By Alan Mavor

WALTER "SMONEY" ALSTON, BROOKLYN MANAGER.

DOESN'T HAVE TO WORRY IF THERE'S A MANAGERIAL 'SOPHOMORE Jinx'—IF THERE IS ONE, IT COULDN'T BE AS BAD AS THE ONE THAT PLAGUED HIS FRESHMAN YEAR.

LET ME THINK

MAKING UP FOR AN INJURED CAMPANELLA MIGHT EVEN HAVE STOPPED SOME OF THE GENIUSES WHO PREVIOUSLY PILOTED BROOKLYN—CHIMMY FELL OFF 105 POINTS IN BATTING AND DROVE IN 51 LESS RUNS.

THEN THERE WAS PODRES MAKING LIKE A 20-GAME WINNER WHEN APPENDICITIS SLOWED HIM—AND HERE COMES THE BROTHERS WHO WERE CONCERNED SO BUT WON ONLY 9.

Middlecoff Wins St. Pete Tourney

ST. PETERSBURG, Fla. (AP)—Jny Hebert, the handsome Louisiana pro who says "It takes guts and a good grip" to be a winning golfer, learned from veteran Cary Middlecoff in the St. Petersburg Open yesterday that it also takes something else—tournament nerves and experience.

Middlecoff calmly worked his way from a five-stroke deficit to a two-stroke victory over Hebert and 2,200 first prize. Middlecoff, the Memphis dentist who now plays out of Kiamesha Lake, N.Y., posted a 5-under-par 67 for a 72-hole total of 274. Hebert, who registers out of Woodmere, N.Y., took 74 for 278.

Another veteran of the golf trail, Art Wall Jr., Pocono Manor Pa., made a great stretch drive, shooting the day's best round of 68 soon up from 11th place into third with 277.

The 23-year-old Hebert, who had both the good grip and guts, held a three-stroke lead going into the final round.

But yesterday Hebert was edgy and uncertain. Middlecoff was cool and methodical.

The Louisiana golfer, who plans only a few of the winter tournaments, missed a two-foot putt on the first hole. He booted five more putts of less than three feet.

By the 10th Middlecoff had caught up with him. At the 15th hole, Middlecoff went ahead with a par 4 when Hebert missed a short putt for a bogey. Middlecoff dropped in a 20-foot putt as the 19th for the winning two-stroke margin.

Flashing in a tie for fourth were Billy Maxwell, Odessa, Tex., and Ed Frazee, St. Louis, with 178. They collected \$618 each.

Leo Blagitt, Sandusky, Ohio and John Barnum, Grand Rapids, Mich., were next with 179 and checks for \$600.

Julius Bore, Mid Pine, N.C., Bo Winger, Oklahoma City, and Mike Souckal rounded out the top 10 with 180 cards and \$483 each.

With the record of the last two years and the tremendous backing of fan enthusiasm to back him up, it is not necessary for Manager Charlie Grimm to pop off. "We have as good a chance as anybody," says Grimm. "We could have won it last year. We got off to a terrible start and the injuries killed us after we got rolling."

Few Changes Set For Playing Code

KANSAS CITY (AP)—The National Basketball Committee today waded through the results of a country-wide survey and indicated few, if any, important changes will be made to the 1935 playing code.

The most likely change, a reliable source hinted, may limit dribblers to five seconds in the front court as a curb on stalling and perhaps extend the bonus free throw rule to cover a whole game.

The committee gave no indication of whether the bonus rule will be an extra shot for a free throw or a bonus shot for a free throw as a bonus shot for a free throw.

The rule was adopted last year, it was said, in the belief that it would curb stalling.

The committee also is expected to consider a rule that would limit the number of fouls a player can commit in a game.

PIGS ARE SMART

ITHACA, N. Y. (AP) — Cornell University specialists say the pig probably is the smartest of the hoofed animals. The scientists, Dr. H. H. Dukes and Dr. A. U. Moore, say the brute "just isn't too bright."

Tests here showed pigs to be quicker of the hooded group in responding to signals for food. The scientists say that pigs get no chance to show their intelligence because they usually go to market before they are a year old.

Given a chance, the specialists feel, the pig can be one of the cleanest of animals. He roots around in the dirt partly because the sensitive feeling device in his snout helps keep him in contact with his environment. In effect, pigs have "fingers" in their noses.

Home Building Path Cleared

The County Commission today cleared the way for construction of 44 high-cost homes on land located behind Freddie's Restaurant on U. S. Highway 17-92, approximately 15 miles south of Sanford.

The Brittany-type homes, ranging in price from \$18,500 to \$21,000, will be built over a 22-acre area by Clayton's Realty of Orlando.

Strolling In Sanford

A bald eagle was donated to the Sanford Zoo yesterday by J. W. Wolfley of the U. S. Fish and Wildlife Service, Orlando.

John H. Searcy of Longwood left by plane from Orlando Sunday with a party of engineers who are being flown to New York City by Radiation, Inc., of Melbourne and Orlando, to attend the meeting of the National Institute of Radio Engineers to be held at the Waldorf-Astoria Monday through Wednesday. Searcy graduated in the Class of '45 from the University of Florida with a Masters Degree in Electrical Engineering and has since been employed by Radiation, Inc., as a junior engineer.

Lions Expansion Discussed Today By C. H. McNulty

There are 12,000 individual Lions clubs in 65 nations, C. H. McNulty, executive head of the McNulty group of Banks in Florida, told the Sanford Lions Club today.

McNulty, past director of Lions International, said clubs are building up tremendously in the Far East and European countries. Clubs have been operating in South American nations for 15 or 20 years and clubs have sprung up recently in Argentina, he pointed out.

McNulty's talk centered around "The Spirit of Lionism." He explained the letters forming the word "Lions," pointing out that "L" stands for liberty, "I" for intelligence; "O" for our; "N" for nations; and "S" for safety.

He said the idea of Lionism is to "create and foster understanding to all the people throughout the world."

About 25 new Lions clubs are being formed in Florida each year, he reported.

McNulty told the group: "Don't be a chronic knocker; boost your city, boost your friends, and the street you live on."

The Sanford club will hold a board of directors meeting Tuesday night.

Main Water Lines Location Changed

E. H. Johnson, superintendent of the Sanford Water Department, stated today that the Cragg Construction Co., who has the contract for changing the location of the large water main to carry the water from the wells on the Orlando Highway to the City water plant, finished this part of its contract yesterday about 3 p. m.

Water consumers may now use City water to water their lawns and wash their cars during the day without interfering with the City's water conservation program.

Army Sends Home 5,367 Soldiers

HEIDELBERG, Germany, (AP)—The U. S. Army announced today it is sending 5,367 soldiers home from Europe for discharge because they scored "below standard" in mental and aptitude tests.

The Army's European headquarters said all have had at least three years active service and are "ineligible for re-assignment due to current higher standards."

The announcement said the discharges were "necessitated by the directed limitations on manpower ceilings and the need for maintaining quality of manpower in a reduced strength modern army."

Don Bales Elected Elks Exalted Ruler

Don Bales was elected Exalted Ruler of Sanford Elks Lodge 1241 at last week's meeting.

Other officers elected were Roy Green, Esteemed Leading Knight; James R. Hoolahan, Esteemed Lay-Knight; James C. Lodge, Esteemed Leading Knight; Frank Bales, Treasurer; and Robert S. Hoolahan, Trustee.

LIONS HEAR BANKER—C. H. McNulty (left), executive head of the McNulty group of banks in Florida, was the speaker at today's meeting of the Lions Club. With him is Jack Stemper, club president. (Staff Photo)

Efforts Continued To Settle Dispute

Federal Mediator Makes Attempt To End Nine-Day-Old Phone Strike

ATLANTA (AP)—A federal mediator continued efforts to settle the nine-day-old Southern Bell Telephone Co. strike today while the company reported new damage to cables.

The mediator met separately again with representatives of the company and the CIO Communications Workers of America.

A company spokesman said two major toll line circuits near Savannah, Ga., were slashed yesterday, a cable near Montgomery, Ala., was shattered by a pistol bullet and other bullets knocked out three cables in the Atlanta area.

CWA spokesmen reiterated that union members had nothing to do with the damage.

At Jacksonville, Fla., a company spokesman said 45 per cent of union-eligible employees reported for work in Florida.

Roy Armstrong, Florida CWA director, said the figures were "phony," and added: "Reports I am receiving from the locals in the state do not indicate any such movement. Our lines are holding strong."

In Mississippi, two women strikers were fired by Southern Bell on charges of slapping and pulling the hair of a nonstriker at Laurel.

The Presbyterian preacher pointed out that the Easter season is one of great joy and this feeling is fittingly expressed in music, especially following the somber tones of the passion period.

Since the service will be held on Palm Sunday a special committee on decorations from the members of Mrs. George Stine's circle is hoping that the palms characteristically symbolic of the day may be combined with the Easter flowers, he added.

MEETING POSTPONED
A meeting of the Chamber of Commerce's Long-Range Road's Planning Committee, scheduled for tomorrow night, has been postponed until next Wednesday night. The meeting will begin at 7 o'clock at City Hall.

Local Residents Are Queried About Highly Debated Romance

BY SANDRA DUNN
HERALD STAFF WRITER
A question of much controversy these days is the romance hovering between Princess Margaret, 24, and Captain Townsend 40, in England.

Recently a poll was taken in England to find out the opinions of the working man and statesman alike. Replies were numerous and different in causes, so "The Herald" decided to take a poll of the people in Sanford to see "what do you think of the romance between Princess Margaret and Capt. Townsend?"

MRS. HAROLD KASTNER... "I think it's their own private business... if they're in love let them do as they please..."

LESTER THARPE... "They're free, alive, and 21 and they should be allowed to do as they please..."

DOT POWELL... "I wouldn't want to say because it's her own personal life..."

D. E. McNAB... "They ought to do what they want to do... I want to see them get married..."

MRS. G. L. ANDERSON... "All the world loves a lover..."

Williams, Cleveland Chosen Chairmen

Delegates To Attend Panama City Session

Dr. Terry Bird, County Health Officer, and V. J. Robbins, sanitarian with the Health Unit, will attend a meeting of the Florida Anti-Mosquito Association opening Sunday in Panama City.

Dr. Bird said "any practicable ideas" advanced at the four-day meeting will be put into use in Seminole County.

The program will include discussion of a proposal to combine two mosquito control laws. The laws deal with financial aid to counties and cities.

Meanwhile, the Florida State Board of Health Bureau of Entomology pointed out that another nature joined with Florida's step-up mosquito control campaign to reduce the danger and nuisance from biting insects during 1954.

"There was less annoyance from mosquitoes, dog flies and other arthropods that had ever been recorded before," the bureau noted in its report of activities.

Citing the growing importance of the State's program designed for permanent elimination of breeding areas authorized by the 1953 Florida legislature and financed by state and local sources, the bureau commented:

"During 1954, considerable progress was made in eliminating problem breeding areas. However, considering the magnitude of the total problem, the total work accomplished to date is relatively small."

The annual report said that 38 counties participated in the State's permanent insect control program, with a state fund of \$1,250,000 being used on a 75 per cent matching basis to assist districts and county programs.

The annual report said that 38 counties participated in the State's permanent insect control program, with a state fund of \$1,250,000 being used on a 75 per cent matching basis to assist districts and county programs.

Top-Level Meeting Opposed By Ike, GOP Leaders Say

WASHINGTON (AP)—Republican congressional leaders said today President Eisenhower is opposed to a top level conference of the Western powers with Russia at this time.

After the regular weekly meeting of GOP leaders with the President, Sen. Knowland (R-Calif.) told news men that Eisenhower still feels:

1. There must be some specific evidence of Soviet good faith before he would be willing to meet with Russia's Premier, Bulganin.

2. Such a conference should not take place in any event until after the Paris agreements have been ratified. The agreements provide for arming West Germany.

Knowland, the Senate GOP floor leader, and House Republican Leader Martin (Mass.) reported the President is opposed on these grounds to the proposal by Sen. George (D-Ga.), chairman of the Senate Foreign Relations Committee, for a top level conference of the major powers as soon as possible.

Compton Captured Without Resistance

AMARILLO, Tex. (AP)—Earl Compton Green, 27, Port Pierce, Fla., man accused of murder in California and armed robbery in Indiana and Florida, was captured without resistance by Amarillo police yesterday.

Police said they stopped Green's car after receiving a tip from Ventura, Calif., officers that he was driving from Florida to the West Coast. He is wanted on a murder charge in Ventura.

Taken with Green were an 18-year-old youth; Mrs. Green, 18; and the Green's 3-year-old daughter. The daughter was placed in the hands of welfare workers and the three adults jailed.

Family Income Has Big Upward Switch

WASHINGTON (AP)—Some 41 per cent of the nation's families have incomes of \$3,000 a year or more, and 55 per cent get \$4,000 or more yearly, the Commerce Department said today.

A big upward switch in family income since the war was reported in a new study of family finances. It said that since 1947 the number of families living on less than \$4,000 a year has shrunk by 20 per cent, while the number of families with more than \$1,000 has increased by 70 per cent.

Local Men Appointed As Heads

Selections Told By Speaker David

Rep. Volie Williams Jr. has been named chairman of the constitutional amendments committee and Rep. Mack Cleveland Jr. has been appointed to head the judiciary general committee.

The appointments were announced today by Ted David, speaker of the House.

Williams and Cleveland were both appointed members of the powerful rules and calendar committee.

Williams will also serve as vice chairman of the constitutional revision committee and as a member of the finance and taxation, apportionment, and judiciary civil committees.

Cleveland was named a member of the constitutional amendments committee.

"Speaker Ted David has been very kind to me," Williams said, "in appointing me as chairman of the constitutional amendments committee. Because of the fact the constitution requires a reappointment this year, I feel that this committee will have an opportunity to render great service to the citizens of Florida."

Cleveland also expressed his appreciation for his chairmanship and said he felt the judiciary general committee "an important committee on all bills dealing with the various professions and referred to this committee."

One of the top four committees, the constitutional amendments committee considers amendments to the state constitution and, among other things, proposals for reapportionment and changes in the judicial branch of government.

The proposal for a lieutenant governor would have to go through this committee, as would a proposal to clarify succession to governorship in case of death. A limit on sales taxes would also go to this committee.

The function of the judiciary general committee is to consider proposed changes in the judicial branch. There is a proposal to create appellate courts below the present circuit courts and the supreme court to take the heavy case load off the supreme court. Proposals to raise the compensation for judges would be considered by this important committee.

David said Seminole County has all appearances of having one of the outstanding legislative delegations in the state.

White, 61, Dies Of Heart Attack

NEW YORK (AP)—Walter White, 61, eldest champion of Negro rights, died last night after a life devoted to improving the lot of colored people. He suffered a heart attack.

His career was climaxed by the Supreme Court's ban against segregation in public schools last year. He had been a determined fighter against segregation and despite ill health had been in the front ranks of those pressing the segregation suit.

Since 1931 he had been executive secretary of the National Assn. for the Advancement of Colored People. He offered to resign because of illness in 1949 but the resignation was not accepted.

He died at his home. By his bedside was his second wife, Poppy Cannon White, a white woman and food editor of House Beautiful magazine.

Women Will See Movie On Cancer

The Seminole County Unit of the American Cancer Society will present a film for women only on "Breast Self-Examination" at the Fitz Theatre on Tuesday, March 29, at 10 a. m.

A member of the Seminole County American Assn. will be on hand to answer any questions. There is no admission charge and no solicitation of funds will be made.

Death Is Victor Over Two Couples In Race With Cop

COLUMBUS, Ohio (AP)—Two young couples tried to outrace a police car early today but they didn't get away.

A train hit their car at a crossing and carried it 200 feet. All four were killed.

One couple was thrown from the car while the other boy and girl were trapped inside.

Dead were Arnold Ray Castle, 18; Victor Lee Sykes, 17; Susan Carroll, about 21; and Roberta Ann Pugh, 19, all of Columbus.

Police in neighboring Bevely said they stopped their car last night for running a red light. They said one of the girls was driving but had no license. The car followed a police cruiser part way to the police station, then suddenly swung away at an intersection and disappeared.

Bevely Patrolman Reed Davidson said he spotted the car later parked on a dim street with lights out. It roared off as he approached. He chased it to Columbus and was about a block and a half behind when it was rammed by the westbound Pennsylvania Rail Road passenger train.

Three of the victims died instantly. Castle lived about 2 1/2 hours.

Man Tells Reporter He Shot His Girl In Jealous Anger

MIAMI, Fla. (AP)—A balding 31-year-old unemployed laborer walked into the Miami Herald City room last night and told a reporter:

"I just shot my girl. I got into custody and held him without charge pending an investigation. The victim, Mrs. Anne Davis, 43-year-old divorcee, was in serious condition."

"I hope I didn't kill her," Gilbert told the reporter. "I didn't mean to kill her. I just wanted to scare her."

He said he had accused Mrs. Davis of "stealing" on him and she denied it, they quarreled.

"We scuffled a little, then I pulled out the gun and held it real close to her stomach and shot her," he said. "I'd been drinking a little and I was going crazy because I loved her so much and was jealous of her."

Cumberland River Swollen With Rains

NASHVILLE, Tenn. (AP)—The flooding Cumberland River, swollen with the area's heaviest rainfall in 30 years, was expected to crest today at 47 feet, seven feet above flood level.

National Guard, Red Cross and civil defense personnel assisted hundreds to evacuate homes.

Bush Is Elected Rotary President

The Board of Directors of the Sanford Rotary Club Monday nominated William Bush Jr. to succeed James Holzclaw as president.

Wait Haynes was re-elected as treasurer and chosen again to act as secretary was Lou Ruppert. Bush will take over the presidency on July 1.

Children's Group Hears Of New Bills To Be Proposed

Joyce Hotel, representing the State Welfare Department, spoke on the subject of new bills to be proposed at the next meeting of the legislature at the March 21 meeting of the Children's Committee.

These bills take up the subjects of child funds to enable the Welfare to function and continuously having deficits. Another bill requires children or relatives to support their aged parents. Another places a lien on the homestead of aged people who receive aid. Many states have this law at the present time. Another bill simplifies the adoption proceedings.

Judge Ernest Housholder spoke on the need for educating children and young folks as to right and wrong. He is conducting a series of talks to the schools of the County on the subject.

The plan for immunizing against polio was discussed by Dr. Terry Bird who stated each child in the first and second grade in the County will be given gamma globin upon bringing a request from the parent.

Herald Heckenbach, president of the Children's committee appointed a nominating committee of Mrs. C. W. Moriwether, Mrs. Flowers, and Mrs. Williams.

Man Tells Reporter He Shot His Girl In Jealous Anger

MIAMI, Fla. (AP)—A balding 31-year-old unemployed laborer walked into the Miami Herald City room last night and told a reporter:

"I just shot my girl. I got into custody and held him without charge pending an investigation. The victim, Mrs. Anne Davis, 43-year-old divorcee, was in serious condition."

He said he had accused Mrs. Davis of "stealing" on him and she denied it, they quarreled.

"We scuffled a little, then I pulled out the gun and held it real close to her stomach and shot her," he said. "I'd been drinking a little and I was going crazy because I loved her so much and was jealous of her."

Police Save Trio Trapped In Cave

NEW YORK (AP)—A teenage boy and two girls were rescued by police early today from a large cave under the Henry Hudson Parkway.

They said they had been trapped there since Saturday.

They claimed they couldn't get out because the entrance suddenly narrowed after they crawled inside. However, police said, friends who took the trio food had not been asked to get help to free them.

The three were identified as Ronald Tevlin, 15, Jacqueline Weber, 13, and her sister Joelle, 16.

Police said Ronald went to the cave to hide out after a quarrel with his father, and apparently persuaded the sisters to go with him.

The trio suffered no ill effects.

Family Income Has Big Upward Switch

WASHINGTON (AP)—Some 41 per cent of the nation's families have incomes of \$3,000 a year or more, and 55 per cent get \$4,000 or more yearly, the Commerce Department said today.

A big upward switch in family income since the war was reported in a new study of family finances. It said that since 1947 the number of families living on less than \$4,000 a year has shrunk by 20 per cent, while the number of families with more than \$1,000 has increased by 70 per cent.

Discusses Baseball Meeting

Plans for tonight's public baseball meeting are discussed by R. J. Bauman (center), president of Sanford Enterprises, Inc., and Zeb Raloff (left) and J. C. Davis, members of the board of directors. (Staff Photo)
