Home Buying Time

Your Home Is Waiting For You In

South Pinecrest or Sunland Estates

Here Are The Reasons Why Odham & Tudor Has Built And Sold More Homes In Sanford
Past 3 Years Than All Other Builders Combined

We are interested in building you a home — not just a house. So we carefully selected our architects who would design individual homes. Each home designed to take full advantage of Florida climate and weather.

Our homes have twice the usual amount of windows for better light and ventilation.

Our floors are all of marble terrazzo, life time floors, no rot, warping, no termite damage to be concerned about.

Thru out each home we have used only the best workmanship and best material. And we guarantee our homes for a period of one year and if you are not absolutely satisfied with your home your money cheerfully returned. Don't take our word for this, ask our home owners. They are our best sellers.

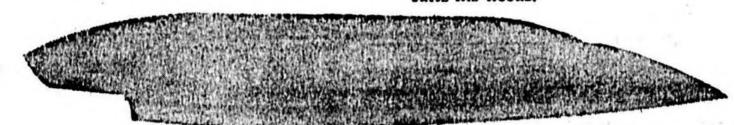

South Pinecrest has over 277 homes that have been built and sold in the past 3 years. 15 homes are ready for immediate occupancy.

Sunland Estates has over 52 homes that have been built and sold. 20 homes are under construction and 15 will be ready within the next 30 days.

Sunland Estates is complete with dedicated park situated on a beautiful lake, playground, tennis courts and all of the other conveniences that makes surburban living so convenient and so much more enjoyable.

A new change in F. H. A. reduces down payments as low as \$650 including closing cost. Monthly payments under F. H. A. financing as low as \$75.00 per month, including taxes and insurance.

F. H. A: In Service \$650.00 down including closing cost. Monthly payments \$70.00 including taxes and insurance. A Man In Service can use either F. H. A. In Service or .F. H. A., which ever one of the two financing plans best suits his needs.

There are other solutions to the prob.

There's no use griping about the high for example, every individual knows cost of foodstuffs if we aren't prepared to pay and resulting about them?

There's no use griping about the high extended for direct VA leans?

A. Yes. Direct loan program was ricultural Research Service's instances of home economics, used findings from food consumption we, at Southern Union, appreciate discharge. Where do I get another?

There's no use griping about the high extended for direct VA leans?

A. Yes. Direct loan program was ricultural Research Service's instances of home economics, used findings from food consumption we, at Southern Union, appreciate discharge. Where do I get another?

There's no use griping about the high extended to July 25, 1960.

Q. I lost my original service findings from food consumption surveys as a guide to nutrients the hindness shown to our men's there are controlled in most instances.

In The Jungle

Some folks whose political sense of there beyond the clearing. Still, they ought to be warned: Those big, deep drum sounds cally on the veranda these days, not to be heard more and more often now have armed by rumors that the jungle is astir. They reason complacently that, this being the year 1968, the next presidential campaign is two years away. They think the drums they hear throbbing when the wind is right herald nothing more than such local skirmishes as congressional elections.

One might envy these people their happy unawareness of what is really going on out

The Sanford Herald

ment was "undiluted nonsense" and de- child's birth? scribed Butler's prediction as "an odd and, in a sense, amusing political performance." effective only from the date VA Only he really didn't seem much amused.

sidential booming.

At about the same time, Vice President Nixon had a word to say down in La Pas, Bolivia. He affirmed that it was too early to say whether he would be a candidate for presidency in 1960. He also expressed a view guaranteed to lift eyebrows in many parts: "I have a theory that those who seek the U.S. presidency seldom win it."

It may seem a pity, but our political days of peace are ever. That booming in the jungle is the real thing. Nineteen sixty isn't really two years away at all, if the figuring is done in political arithmetic.

Standings .

"Another thing to remember is that homer-hitting is usually greater early in the season than ater on when pitching staffs are straigtened out." Frick added.
"I would say homer hitting will
decrease as the season goes on."
If the current pace of homerhitting were continued over the 9 15 full meason, a total of 108 would he hit at Los Angeles and 182 at San Francisco .These totals would fail short of the 219 hit at Cincinnati's Crosley Field last season as well as the 207 at Brooklyn's Ebbets Field in 1960 and the 206 at New York's Pole Grounds in 1947.

At the same time, the clubs responsible for the sharp rise in National League homer-hittingthe Chicago Cube and Plitaburgh Pirates - did do a lot of their

THE CARD OF THANKS THE CARD OF THANKS

Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only to it a gracious expression of gratitude to those who have sent theral tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on eliquetts, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion somes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIUM" NOTICE It is the custom of many families in this country to commomorate a hereavement by an "in Memorium" notice in newspaper classified columns. They and a real solace therein, Preservation or selection of a suitable verse brings back to them tender, pleasant recallections. An Elisa Cook, the English port has so beautifully

expressed it: "How gruelly sweet are the echees

that start

What memory plays an old tune
on the heart.

Most frequently an in Memorium is inserted on the anxiversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas
are among other significant occasions chosen.
If you are healtant to express your tender thoughts in posts
form, you may avail yourself of the Herald's collection of original
verses. These express in posts beauty the emotions of the heart
strings. Among them are verses appropriate to any excessions.

THE RATE.

Cards of Thanks and in Memorium setiess, due to the fact they

OFFBEAT BREAKFASTS H you have a breakfast rebel at your house, teempt him with some of his favorite toeds uncommonly served at breakfast. The home economists with the Gas Appliance Manufacturers Association

Arousing great interest among serious cooks this year is the new push button remote control gas range. Three of the top burners have push button settings for seven different temperatures of heat. The fourth burner features an automatie top burner heat control with a timer. The remote control unit is small enough to be carried in a pocket. The gas burners can be turned off from the patie, or other rooms in the house.

any dobta incurred by anyone

this summer!

Make the decision to air condition!

e Conditioned air keeps the whole family happier—alle-inates "prickly heat," "crotchety" hot weather moods.

e Filtered air blocks out dust and pollen, projects yes from allergies - makes housecleaning a breeze.

e Reduction of moisture in air assures com guarde health!

· Quiet, restful - street noises are shut out.

ECONOMICAL CENTRAL UNITS keep temperatures same throughout your home, or in the sones you desire.

EFFICIENT ROOM UNITS install easily at low cost. New models are thinner, smaller—can be installed

NEW PORTABLE MODELS can be moved easily from

grades, leaves no alternative but schools," he said,

classes may be resumed on full schedule. Any unforeseen delay in delivery of materials, or excessive had weather can cause second semester double sessions. Bids are to be opened and contracts let in June for construction of a new elementary school at Altamonte Springs.

The schoolboard also has long range plans for the building of new school plants and additions to existing plants to meet the needs of the 1500 elementary students anticipated within five years, and the 900 high school students expected in the southeastern section of Seminole County alone.

Noting that schools are the county's biggest business, because it is in the schools that our most precious possessions — our children - spend most of their time, Milwee called attention to thef act that more money is spent every year for eigarettes, cosmetics and beer than is spent on all schools combined. "Criticism is as old as the schools themselves" said the edu-

"but the more recent criticism has been the complaint that not enough science, not enough nor advanced math is taught, and that there has not been enough emphasis placed on languages. Much of this cristian
