# County Budget Faces Hatchet

## '68 Budget Increases Total \$175,000

### \$679,143 Sought For Road Department

Seminole Counties can look for an increase in taxes if budgets submitted to the County Commission by various department heads and elected officials are permitted to stand.

However, if the Commission follows the precedent set by the last several years, deep slashes in all budget requests can be expected. Budget cuts are expected to be in the range of 10 to 15 percent.

Other departments, budgets and increases are supervisor of elections, \$41,200, an increase of \$12,212; Health Department, \$138,620, an increase of \$20,422; maintenance department, \$59,604, an increase of \$16,993; county engineer, \$48,053, an increase of \$11,173.

Also, Anthropod control, \$49,400, increase of \$8,845; circuit judge, \$8,850, increase of \$1,580; Civil Defense-Veterans' Service, \$12,800, increase of \$700; county judge, \$44,887, increase of \$4,487; county planner, \$18,940, increase of \$3,940; foster home care, \$12,500, increase of \$2,500; zoning department, \$47,643, increase of \$10,188; juvenile judge, \$17,200, increase of \$1,720; extension services, \$28,704, increase of \$8,215.

No increase was requested by the welfare department. Budget requests remained at \$58,500.

The County Commission has set budget hearings to begin July 2 and the hatchet job will begin. Consideration has not been given as yet to increases which may be necessary for general expenditures such as lights, phones, records, supplies and possible necessary purchases of land for day pits or ancillary landfill.

Port Authority budget must be submitted by July 15, but no increase is expected.

**Nab Two**  
A teenager and 14-year-old boy from Forest City are in jail today after breaking into three churches in the south end of the county Friday, Deputies reported.

The teenager, Robert Lewis McFee, of Opelika, Ala., was arrested Saturday and admitted breaking into the Lakeland Baptist Church, Bear Lake Methodist Church and Bear Lake Presbyterian Church. He is survived by his wife, Mrs. Elizabeth Helmy of Savannah, Ga., and a sister, Mrs. Carrie Alnut of Savannah.

Members of the Port whose terms are expiring are Byron Kimball and Carl Schickel. Kirk's GOP Advisory Committee is pushing for Bassett, father of Don E. Pope Bassett, to fill Kimball's seat.

Much discussion was held among the commissioners earlier in the year to obtain legislation to take appointment to the Port and the Hospital Board out of the hands of the governor after a problem was experienced where in Gov. Haydon Burns made appointments to the port and hospital without waiting for the commission's recommendations.

Possible legislation at that time was folded, however, when the county attorney advised such legislation would be unconstitutional.

The board is expected to recommend Kimball and Schickel to succeed themselves and will see what action the governor takes.

# City Warned On Budget

## Nine Mill Hike Predicted

City Manager W. E. Knowles warned the City Commission in an off-the-record move that unless capital improvements are drastically cut, the city will face a nine mill increase during the next fiscal year.

Knowles, currently working on the budget, reported that needed improvements would cost some \$310,000 additional to the operating budget and with \$120,000 earmarked for water and sewer lines to the new junior college, the figure would soar to \$435,000.

The City Commission will have to cut many of these projects.

Zoo relocation - \$125,000; use of county landfill, \$5,000; concrete sidewalk from marina project to Melvinville, \$6,600; Bandshell pier beautification, \$30,000; Neighborhood Facilities Bldg., \$305,000; Industrial Bldg., \$30,000; new fire station to be located at the south end of town, \$85,000; new fire truck, \$23,000.

County planner Jack Goodin is expected to be hired by the City Commission tonight to come up with a workable program for Sanford for the tune of \$100 per month.

Goodin is expected to work with the city manager and zoning and planning board to prepare the program which would help the city get federal assistance for some programs including code enforcement.

In other business scheduled for tonight, the city fathers will discuss earmarking some \$20,000 for a feasibility study of the Naval Air Station once the base is phased out. It is hoped they may get a economic development grant to help pay for the study.

Sanford had been designated with EPA priority earlier in the month and a special committee set up to coordinate projects.

Those named to the committee were Mayor Joe Baker and City Manager W. E. Knowles. City Commission Chairman John Alexander; Community Action President Dr. Robert Roberts; Chamber of Commerce Manager John Kridler; Lee

# Open Battle Seen On Port Appointment

Open battle can be expected at the meeting of the County Commission to make the appointment to the Port Authority.

Four recommendations, according to the Port Authority law, must be made by the Commission for consideration by the governor for appointment to the two seats scheduled to become vacant in the next few weeks.

Members of the Port whose terms are expiring are Byron Kimball and Carl Schickel. Kirk's GOP Advisory Committee is pushing for Bassett, father of Don E. Pope Bassett, to fill Kimball's seat.

SAIGON (AP) — South Vietnamese paratroopers and South Korean marines bore the brunt of ground fighting in Vietnam Sunday and reported killing 148 Communist soldiers.

Only light and sporadic contact was reported by U. S. units conducting 21 major ground sweeps.

U. S. headquarters reported 153 American air missions over North Vietnam Sunday, almost all against supply routes. At least 100 tanks and 150 American planes avoided the Hanoi-Haiphong region. The official reason given was bad weather.

South Vietnamese paratroopers scored the biggest success of the day in the 2d Corps area.

## Jr. College \$ Sked Hit

TALLAHASSEE (AP) — State education officials say the \$106-million budget for junior colleges in Florida is the lowest in the state's history.

State officials said the budget would deprive many students of a chance for higher education.

Even counting the \$16.9 million Gov. Claude Kirk proposed for junior college instruction, the budget is the lowest in the state's history.

The Democratic version includes the \$21.3 million cut proposed by Kirk in the April 25 budget message. The Republican version would restore the cut but \$16.4 million of it would come from the increased student fees.

# 'Peace in World' Aim Of Leaders

NEW YORK (AP) — President Johnson and Premier Alexei N. Kosygin have failed to resolve any of their differences over such major world issues as Vietnam and the Middle East, but they intend to keep in contact on the subject and other problems they debated in their Glassboro summit conference.

The conference ended Sunday night after the two men had spent almost 10 hours together in two days at the small New Jersey town south of Philadelphia. Both told a cheering crowd of their desire to promote peace in the world.

Kosygin returned to Moscow in a helicopter provided by the President and held a news conference at the United Nations. There he abandoned the smiling countenance displayed at Glassboro and reverted to familiar Soviet attacks on American policy in the Middle East and the United States in Vietnam.

Johnson returned to Washington and said in a broadcast statement that "no agreement is readily in sight on the Middle Eastern crisis, and our well-known differences over Vietnam continue."

But he added: "I believe it is fair to say that these days at Hollyhush have made the world a little less dangerous."

A little more than half of the 10 hours the two men spent together was spent apart from their advisers, attended only by interpreters. This gave them an unusual opportunity to talk in full secrecy about their disagreements and about the possibilities for future action to narrow them.

This gave the Glassboro meeting a possibly greater significance than the public statements indicated. But it was not known whether Johnson and Kosygin explored the

## Race Opening Wide For GOP Nomination

WEST YELLOWSTONE, Mont. (AP) — An indicated rift among Western Republican governors over the 1968 GOP nomination is widening.

By all of the recognizable but not always dependable signs, Gov. Ronald Reagan of Michigan and former Vice President Richard M. Nixon, the 1960 Republican nominee, are ground to two men who say they are not candidates.

The flight of party conservatives from Nixon toward Gov. Ronald Reagan of California, shown at last week's meeting of the Young Republicans in Omaha, was acknowledged by Gov. David M. Cargo of New Mexico as a phenomenon that is becoming an art form.

Cargo, a Michigan native and close friend of Romney, has expressed a replacement despite his protestations that he will never seek the nomination again.

These primaries are looming larger in the calculations of the governors. They are wary of going out on any political limb for a candidate who might fail to make a creditable showing with the voters.

League Ends In 4-Way Tie

Play-off Starts Tonight

Regular season play ended in the American Little League Saturday night in a four-way tie for the top position.

The winner of the American Little League title will meet Chase, the winner of the National Little League crown in a best two out of three play-off for the overall Sanford Little League Championship.

Twins Meet Lions In District Tourney

The Altamonte Twins, champions of the Seminole Little League, will begin tournament play this evening, competing for the Central Florida championship in Orlando.

The Twins, who lost only twice during the regular season are a well balanced ball club, characterized by effective pitching and clutch hitting.

The Casberry Indians continued to maintain a firm hold on first place in the Senior League, whitewashing Sunland 4-0 at Cooper Field on Saturday.

Spider crabs place hits of seaweed and stinging anemones, a plant-like creature, on their bodies to camouflage themselves and discourage predators.

HAPPY WINNER of the American Saddle Horse Race at Seminole Downs Sunday afternoon in South Seminole Jaycees' Amateur Derby was 14 year old Anita Camelon of Forest City mounted on "Cricket."

FIRST PLACE trophy is presented to Carol Jackson of Daytona Beach by South Seminole Jaycees John Morrison. Carol was the winner of two quarter horse amateur events at Seminole Downs in Casselberry Sunday.

Regular season play ended in the American Little League Saturday night in a four-way tie for the top position.

What A Smash!

In Saturday's make-up game in the American Little League, Strickland - Morrison bombed Georgia's 11-4 in a game highlighted by a triple play executed by Georgia's Billy Mitchell.

Three games were tied over the Chiefs 10-4. Jimmy We League, The Carls won allowing Goodwood only four hits. Donald Brown led the winners with two hits while John Getzen added a double to the cause. Jerry Smith was the winning pitcher.

In Eastern League action the Twins topped the Rebels 19-14 led by three home runs of Tommy Farrow. Mike Curry laced two hits for the losers. Al Wilder took the victory from the winning pitcher.

The Rebels clubbed the Cubs as the one that didn't reach the south.

The Kansas City Athletics will write it off as just another bad day.

But California's George Brunet will count it as one of the few good bounces he's had all year.

Reichardt's initial base-loaded homer in the make-up in inside-the-park shot that carried crazily past right fielder Mike Hersheyberger in the first inning.

The victory was only the fourth in 15 decisions for Brunet, a hard-luck southpaw who recently lost nine in a row while the Angels scored a total of 38 runs for him.

In other American League games, Minnesota topped the first place Chicago White Sox 3-1. Baltimore crushed Washington 8-3. The New York Yankees slugged Detroit 3-2 and Boston whipped Cleveland 8-5.

The Twins rallied for three runs with two out in the eighth. Earl Battey's two-run pinch triple keying the burst, and gave unbeaten Jim Merritt his fifth victory.

Former reliever Bill Hands and Nietro, who haven't started at all if Ken Holtzman had not been injured.

Hands pitched only three hits—including a runner-up single by Don Buford in the third—before being lifted for a hitless reliever Dave Boswell.

Singles by Zoilo Versalles and Frank Kostro preceded Battey's triple off loser Tommy John and pitcher Dave Boswell.

Nietro, a rookie making his first start, set the Astro down in three singles in the second game.

Duroucher At The Top? Hey, Check Those Cubs

By THE ASSOCIATED PRESS "Can Joe Niekro pitch?" yelled Randy Hundley.

"Yes, he can," belted Ron Santo. "Can Ernie Banks hit?" shouted Dick Radatz.

"Yes, he can," answered Banks. "Let's play another one."

It went on and on. The surprising third-place Chicago Cubs were acting like a bunch of kids, having a ball off sweeping a double header from Houston 4-2 and 8-0 Sunday.

It wasn't at all like a team that has not finished in first division since 1946.

The Cubs have blown their bases on big, they've moved within four games of first place in the National League after front-running St. Louis last month to Philadelphia 6-4 and 8-4.

Chicago also pulled within 4 1/2 games of second-place Cincinnati as Pittsburgh beat the Reds 5-4.

Clete Boyer of Atlanta has been having a good time, too. His hot bat boosted the Braves to a 4-2 victory over the New York Mets.

In the other National League game, Los Angeles defeated San Francisco 2-0 on Len Gabriel's homer in the make-up in inside-the-park shot that carried crazily past right fielder Mike Hersheyberger in the first inning.

The victory was only the fourth in 15 decisions for Brunet, a hard-luck southpaw who recently lost nine in a row while the Angels scored a total of 38 runs for him.

ISLAND BEACH STATE PARK, N.J. (AP) — The New Jersey governor's wife says the 18-year-old daughter of Soviet Premier Alexei N. Kosygin is a "swarm, lovely girl—the kind any mother would be proud of."

"She's so charming," Mrs. Richard J. Hughes said Sunday after entertaining Kosygin's daughter, Ludmila A. Gvishani, for more than three hours.

Other guests at what Mrs. Hughes called "a seaside summit" were Mrs. Lyndon B. Johnson and her daughter Lynda B. Bird.

All spent the afternoon at the Hughes' 10-room summer home on the edge of the Atlantic Ocean while President Johnson and Kosygin discussed world problems 65 miles away at Glassboro, N.J.

A helicopter brought the ladies from Glassboro to a wind-sept, 10-mile-long peninsula. Mrs. Johnson and Mrs. Hughes pointed out sights in south Jersey during the 45-minute trip.

Mrs. Gvishani saw vegetable and fruit farms, cranberry bogs, beaches filled with bathers, the Atlantic City boardwalk and the convention hall where Johnson was nominated by the Democrats in 1964.

The copier landed at a Coast Guard station one-half mile from the Hughes' seaside home. A three-car motorcade took the ladies to the 1 1/2-story gay care single home owned by a traffic highway.

BLOSSBURG, Pa. (AP) — Witnesses say they saw fire in the tail section of a Mohawk Airlines jetliner just before it crashed into a mountain Friday, killing all 34 persons aboard.

This was reported in interviews conducted Sunday by federal investigators seeking the cause of the crash of the British-made BAC111 in this remote Pennsylvania community after takeoff from Elmira, N.Y. It was en route from Syracuse, N.Y., to Washington, D.C.

Edward Slattery, information officer for the National Transportation Safety Board, said the interviews indicated the plane seemed to be flying lower than normal and that pieces of debris fell off it just before the crash. He said weather did not appear to be a factor in the crash and that no evidence of sabotage has yet been uncovered.

The jetliner's voice and flight recorder have been sent to Washington for examination, he said.

THE well-known gospel group, "The Ron Blackwood Singers," will present a program at 7:30 p.m. Sunday at the Church of the Nazarene in Lake Mary.

There will be no admission charge and the public is invited to attend.

Leader of the group, which appears on the Bob Poole Sunday morning television show, is Ron Blackwood, eldest son of the late R. W. Blackwood who was killed in an airplane crash in 1954.

At time of his death he was manager and baritone for the original "Blackwood Brothers Quartet."

Singing first tenor is Ron's wife, Sandra, and Dean Brown, from Ft. Worth, Tex., sings lead.

Pianist is Wayne Douglas of Corsicana, Tex.

"She's so charming," Mrs. Richard J. Hughes said Sunday after entertaining Kosygin's daughter, Ludmila A. Gvishani, for more than three hours.

Other guests at what Mrs. Hughes called "a seaside summit" were Mrs. Lyndon B. Johnson and her daughter Lynda B. Bird.

All spent the afternoon at the Hughes' 10-room summer home on the edge of the Atlantic Ocean while President Johnson and Kosygin discussed world problems 65 miles away at Glassboro, N.J.

A helicopter brought the ladies from Glassboro to a wind-sept, 10-mile-long peninsula. Mrs. Johnson and Mrs. Hughes pointed out sights in south Jersey during the 45-minute trip.

Mrs. Gvishani saw vegetable and fruit farms, cranberry bogs, beaches filled with bathers, the Atlantic City boardwalk and the convention hall where Johnson was nominated by the Democrats in 1964.

The copier landed at a Coast Guard station one-half mile from the Hughes' seaside home. A three-car motorcade took the ladies to the 1 1/2-story gay care single home owned by a traffic highway.

BLOSSBURG, Pa. (AP) — Witnesses say they saw fire in the tail section of a Mohawk Airlines jetliner just before it crashed into a mountain Friday, killing all 34 persons aboard.

This was reported in interviews conducted Sunday by federal investigators seeking the cause of the crash of the British-made BAC111 in this remote Pennsylvania community after takeoff from Elmira, N.Y. It was en route from Syracuse, N.Y., to Washington, D.C.

Edward Slattery, information officer for the National Transportation Safety Board, said the interviews indicated the plane seemed to be flying lower than normal and that pieces of debris fell off it just before the crash. He said weather did not appear to be a factor in the crash and that no evidence of sabotage has yet been uncovered.

The jetliner's voice and flight recorder have been sent to Washington for examination, he said.

At time of his death he was manager and baritone for the original "Blackwood Brothers Quartet."

Singing first tenor is Ron's wife, Sandra, and Dean Brown, from Ft. Worth, Tex., sings lead.

Pianist is Wayne Douglas of Corsicana, Tex.

Grand Slam - Past 2nd

The Chicago Cubs swept a doubleheader from Houston 4-1 and 8-4, Philadelphia beat St. Louis 5-4 and 10-4. Atlanta downed the New York Mets 4-2. Pittsburgh edged Cincinnati 5-4 and Los Angeles clinched San Francisco 2-1 in National League play.

Jim Fregosi beat out an infield hit with two out in the first inning, and KC starter John Blue Moon's Odum walked Don Mincher and Jimmie Hall, filling the bases, before Reichardt's drive off the right field fence skipped away from Hersheyberger.

Reichardt, a speedster despite his 215-pound bulk, chased Fregosi, Mincher and Hall across the plate for his ninth homer of the season.

Brunet gave up a run in the Athletics' first, then nursed the 4-1 margin until the eighth, then relief ace Minnie Rojas was called on to halt a two-run rally. Rojas retired the A's in order in the ninth, preserving Earl Battey's 10th victory in his last 20 games.

The Twins rallied for three runs with two out in the eighth. Earl Battey's two-run pinch triple keying the burst, and gave unbeaten Jim Merritt his fifth victory.

Air War Gains Proving Costly

WASHINGTON (AP) — Some U.S. officials are beginning to think the air war against North Vietnam is yielding diminishing gains while toughened ground defenses are raising the price in U.S. warplanes.

Certain of a loss believe it might be a good idea to limit the bombing essentially to the supply routes running south through the narrow neck of North Vietnam and to cut down strikes against heavily defended industrial-type targets in the Hanoi and Hai Phong areas.

But other authorities argue that to do so would result in swelling the volume of supplies and equipment to Communist forces in South Vietnam.

Those holding this general view say the Communists have been employing many more air-traffic control towers in the 150-mile long North Vietnamese panhandle, and that concentrating attacks there would not likely reach the toll of U.S. planes.

Moreover, they contend that the movement of material should be interdicted not only at the lower end of the funnel but at the top where it enters the infiltration pipeline.

Officials inclined toward a slowdown in the air war are not all civilians. Some military men also have doubts about the effectiveness of the bombing.

And those favor at least continuing the present level of air strikes — and possibly an intensification — are not all military.

It is known, however, that the Joint Chiefs of Staff unanimously and vigorously oppose any easing off of the air attacks on Communist military targets in North Vietnam.

The Air Force and Navy were authorized last Feb. 22 to start hitting what one military source called "more lucrative targets" of an industrial and economic nature.

Now there are not many more targets left untouched. Yet the North Vietnamese continue to push their war effort in South Vietnam without any apparent letup.

Many bombed facilities have been rebuilt or put back in shape for at least limited use. So U.S. raiders make repeated returns to hit them again.

North Vietnam's biggest iron and steel complex, the Thai Nguyen steel mill 38 miles north of Hanoi, is reported to be completely out of production. But it took at least 15 raids to achieve this.

The cake was iced in white and adorned with yellow and white roses, green leaves and topped with a miniature bride and groom.

Nuts, homemade green and yellow mints and punch were served with the cake. The lime punch was served from a large crystal bowl with green lemons frozen in an ice block floating on top.

Guest Smith and Barbara Stevens served the punch. Barbara Drebert cut and served the cake and Janet Bates kept the guest book. Floating hostesses were Cathy Tripplett and Pat Weidner.

## Kirk Willing 'To Gamble' On \$1.3 Billion Spending

TALLAHASSEE (AP) — Republican Gov. Claude Kirk may be willing to "gamble a little" on the 1967-68 general spending bill for Florida, but has stood out on his no-new taxes pledge in a "title summit" meeting over the weekend.

That was the indication from sources contacted Sunday night following Kirk's weekend meeting with Republican leaders and a handful of Democrats who returned his sudden bid to Palm Beach.

The topic was the deadlock over the 1967-68 appropriations bill, which has been put on Kirk's desk and reportedly is presently what he asked for in his April 29 budget message—but which he apparently doesn't want.

Democrats say the \$1.38 billion bill is precisely what Kirk requested. They are planning to pass this week a \$173 million supplemental bill.

Senate President Verle Pogue, D-St. Augustine, and House Speaker Ralph Turlington, D-Gainesville, planned to confer with Kirk today in his office.

They turned down the Palm Beach invitation, saying they had prior commitments. Several other Democratic leaders did the same.

Republicans had been invited to a meeting Sunday night in Turlington's conference room, but the session was called off after Kirk invited the two leaders to his office.

Turlington said he hopes there is "a meeting of the minds," but said, tongue-in-cheek, "I don't see what the problem is."

"We've got a bill on the governor's desk that is exactly what the governor recommended. This is the first time in history to my knowledge that any governor of Florida has ever had a Legislature pass his budget recommendations to the dollar exactly as requested," Turlington said.

There were indications that the Nuggets might release some of those pictures today.

A White House spokesman said Miss Geller is expected to stay with the President's grand son for several weeks or a month.

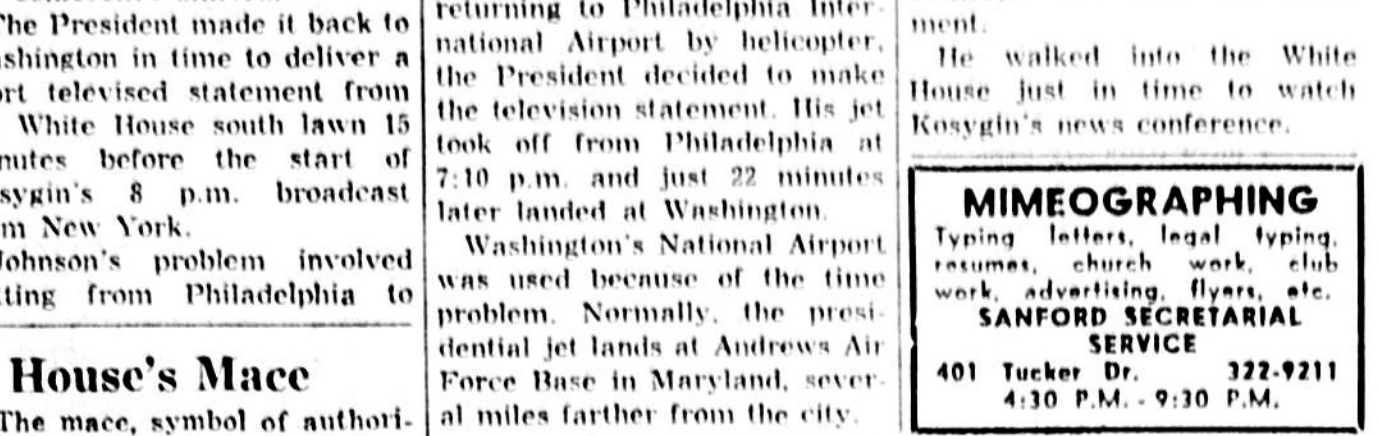

It was a quiet Sunday at the hospital for Luci, with Pat her only visitor. This was quite a change of pace from the excitement of parade when the President, between summit talks with Soviet Premier Alexei N. Kosygin, paid a call on his grandson.

where shopping is a pleasure!

By LARRY VERSHEL

I had a vision last night of Governor Kirk standing over my bed whispering in my ear...

The city can get part of NAS for \$1 per year if they can justify it as regional jet port...

Architectural firm of Schweitzer and Schweitzer will present schematics of new Oviedo High School to School Board Thursday...

Here's how busy our legislators are: It took them 40 minutes yesterday to change the name of the Sarasota-Bradenton Airport...

"Yes, Mr. Lommler, Seminole Memorial Hospital is (supposed to be) available for all residents of Seminole County..."

On June 1 the Sanford Industrial Board sent a registered letter to our good governor...

Well, the health director wants his salary to jump from \$10,840 to \$12,120...

(Which reminds me, how about a new flag for the building?)

Engineer Bill Bush is asking for \$1,500 more...

Civil Defense Director and Veterans Service Officer Herbert Johnson wants \$500...

The only department head not asking for a raise is Welfare Director Abbe Boyd...

And Cecil Tucker, our county agent, well, Cecil didn't mention figures just reported how underpaid he and his staff are...

County Attorney Harold Johnson now getting \$6,000 per year didn't turn in any figure but he'll get a whopping raise (he deserves it). Oh yeah, he is putting in a bill to the county for in excess of \$1,000 for 25th Street condemnation suit.

City To 'Get Tough' With 'Slum Lords'

Blighted Area Survey Ordered

A block-by-block survey of blighted areas in Sanford was ordered by the City Commission last night as the first step in making slum lords clean up their buildings to make them "liveable" for renters.

Bassett Snubbed On Port Job

Kimball, Schilke Pushed

The County Commission, in an apparent snub of Seminole legislator E. Pope Bassett, today refused to submit his father's name to a post on the Seminole Port Authority.

Set To Close Deal On Massive 436 Complex

Closing papers are expected to be signed Thursday by Kinzy of Florida, Inc. for site of a multimillion dollar shopping complex at the southeast corner of 21st St. and U.S. 17-92, Fern Park.

Board Says 'No' To 9 Mill Tax Hike

The City Commission made it plain last night that it would not be any nine mill tax increase to support capital improvements for the next fiscal year.

Industrial Board Director Nears

The Sanford Industrial Board hopes to have its executive director by the end of the week, Vice Chairman A. K. Shoemaker reported today.

Trailer Park

City Attorney William C. Hutchinson Jr. was authorized last night to draw up a "very closely regulated" trailer park ordinance for Sanford.

City To Hear Engineers On Jetport Study

The City Commission will interview three engineering firms from Florida on cost of a feasibility study using the Sanford Naval Air Station as a regional jet port.
