Disposition Of Murphy Money To Be Argued

Legislature Advances On Holland's Program, Making Way For Finance Talk

Governor Lauds Session's Speed

Chief Executive Retains Firm Stand On Race Track Tax

TALLAHASSEE, May 8.—(AP)—Responding to Governor Holland's request for action on a few pending problems, the Legislature advanced a step farther today on the administration program to make way for the chief executive's address on finance early next week.

The Senate agreed to debate tomorrow morning on the Governor's bill to turn \$750,000 of accumulated Murphy tax money into the general state treasury—a proposal that was approved by the House after a sharp debate.

A Senate committee rejected the bill and proposed as an alternative that the money be used for old age pensions and aid to dependent children. The bill was not in the calendar in the House at the time of the Senate substitute.

Announcing delay of his address on finance matters until next week, the Governor raised the Legislature to the point which he had reached through the House.

All the same time he stated that he would not raise \$2,000,000 of the Murphy tax money to be used for the purpose of the race track tax.

The House approved the bill and the Governor will sign it before he leaves for his home.

Some opponents said the bill was aimed chiefly at Railroad Commissioner Jerry Carter, who has run for governor and United States senator while holding office.

"We all know this bill is aimed at one individual who has run for more offices than you can count," said Representative Holt, whose office is in the race track bill. "It is aimed at Jerry Carter, who is a man who has run for more offices than you can count."

Holt smiled. Later he said he referred to Carter.

In addition to Carter, other state officials who have run for office in recent years included Governor Tompkins, who ran for U. S. senator last year; State Auditor Wainwright, who ran for state treasurer; Governor F. A. Baskin, who ran for U. S. senator in 1938; F. A. Baskin, for governor in 1932 while chairman of the state road department, and Elynn Thomas, for the supreme court with a circuit judge.

The Senate committee on education voted 6 to 5 to kill a bill designed to abolish several societies in public schools, but then withdrew the action and postponed the final consideration until the afternoon could be heard.

No word was raised against the bill of public school secret groups, but some felt it was not a matter to be remedied by legislation. After the unfavorable vote, Chairman Collins asked for reconsideration.

Collins introduced the bill in the Senate. It is being considered by the House by Representative Thomas. The bill would prohibit the U. S. Marine Corps from appearing in the school grounds.

Boy Scouts Will Gather Tomorrow For Annual Silver Lake Camporee

Between 100 and 150 Boy Scouts, members of troops throughout Seminole County, will meet tomorrow afternoon for an overnight camporee at Silver Lake, about four miles from Sanford, where contests will be held in fire building, handicraft, bridge building and other activities.

An annual affair, the camporee will attract Scouts from Sanford, Longwood, Oryledo, Ocoola and Geneva.

Troops will be divided into patrols of six boys each, and the patrols will compete among themselves. The Scouts will choose their own camp sites at Silver Lake and pitch their tents. They will do their own cooking, and for recreation there will be boating, fishing and swimming.

Last year the boys held the camporee on the shores of Lake Monroe, but decided this year to pitch camp "in the woods." Though the various troops in the county camp at Silver Lake throughout the year, this is the only time that all Boy Scouts of the county assemble in one body.

Some of the boys will go to the camp in automobiles, while others plan to hike.

Victor Greene has been chosen as director of the camporee. Camp craft directors will be Dr. Luther T. Doss and W. E. Kader, E. L. Kelsey will be chief judge, and will be assisted by A. C. Madden, Cullen Wright, John Kader, Joe Davis, Ralph A. Smith and others. Herman Morris will be activities director and Lewis Wright will be chief clerk.

Purpose of the camp as explained by Mr. Smith is to choose patrols which will participate in the council camporee at Camp Weva near Apopka May 16 and 17. Each patrol will be scored at the camporee this weekend, and those receiving 325 or more out of a possible 500 points will be eligible to go to Camp Weva. Scouts from six or seven other counties will also be present at the camp next week.

Judges will score the boys on the packs they carry, the sanitation, and projects.

Friday night skits will be presented by each patrol around a campfire, and visitors will be welcomed to attend.

An outline of the program to be followed is listed below:

Friday, registration, 8:30 P. M.; flag lowering, 9:45 P. M.; supper and cleanup, 10:00 P. M.; campfire program, 11:00 P. M.; Saturday, reveille, breakfast and cleanup, 8:00 A. M.; free time and projects, 9:00 A. M.; free time, swimming, 11:00 A. M.; lunch and cleanup, 11:30 A. M.; projects, 3:00 P. M.; break camp, final inspection, 4:30 P. M.; leave camp, 5:00 P. M.

Members of the troop committee of Troop 5 which are assisting in arrangements are Dr. E. D. Brownlee, Father J. J. Keighan, Ben Wiscup, Judge R. E. Ware, and Dr. Doss. Those who will stay at the camp overnight with the Scouts include Mr. Greene, Roland King, Guy Jones, assistant scout executive of Orlando, and Lewis Wright.

Additional Men Will Sign For Draft July 1

Nearly Million Have Reached 21 Since First Enrollment; Many To Be Called

DETROIT, May 8.—(AP)—The Labor Relations Board announced today it will conduct an employe election to determine the collective bargaining agency for the Ford Motor Company workers May 21. Approximately 90 thousand workers will vote in the largest election of its kind ever held by the Labor Board.

WASHINGTON, May 8.—(AP)—The Army and selective service officials were reported to have decided on July 1 as the date for registration of approximately 8 million men who have become 21 since the first selective service enrollment last October.

It is expected that a large proportion of them will be called for training within a few months after they have registered.

Voting 268 to 120, the House passed President Roosevelt's ship seizure bill yesterday and sent it on to an uncertain future in the Senate.

The measure, requested by the Administration, would empower the President to seize foreign vessels idle in American ports and put them to any use he sees fit. Thus he would be enabled to use Italian, German and Danish vessels recently taken into protective custody and others not yet requisitioned in the help to England program.

Voting in favor of the bill were 212 Democrats, 51 Republicans and three Progressives; opposed were 119 Democrats, 100 Republicans and one American Laborite.

The bill was passed after the House had defeated 230 to 160, a motion by Representative O'Quinn, Republican of New York, to send it back to committee with instructions that a provision be inserted forbidding the President to seize Axis-owned vessels over to Britain.

This proposal, presenting the biggest dispute connected with the measure, had previously been rejected, without a record vote. Those behind it contended that to seize the ships of one belligerent and transfer them to its enemy would be an act of war on the part of the United States.

British Coastal Defenses Attacked By Nazi Planes

Yugoslav Ship Under U. S. Guard

A Coast Guard patrol boat, with cannon mounted on its foredeck, guards the Yugoslav freighter Sreca at her pier in Brooklyn, N. Y. The Sreca was one of several Yugoslav ships in American waters placed under "protective custody." The precautionary move was designed to head off possible pro-Axis maneuvers by officers or crews.

Streets in Southeast Town Are Machine-gunned By Airmen; Liverpool Assaulted

22 Enemy Craft Are Shot Down

2 English Boats With U. S. Supplies Are Torpedoed By Subs

German planes stabbed at British coastal defenses with mounting violence today, machine-gunning streets in a southeast town, attacking the Dover balloon barrage and clashing with R. A. F. fighters over the English Channel.

British night fighters shot down 22 Nazi bombers last night for a new one night record, the British reported, but failed to prevent the Luftwaffe from heavily damaging vital British port areas, including Liverpool, which was assaulted for the seventh night in a row.

The R. A. F. continued its offensive tactics by hammering Beirut.

In the seven-day-old strife at Beirut, the British Middle East headquarters said the situation was quiet. R. A. F. warplanes yesterday bombed the airport at Haidhal, capital of Iraq.

In New York, maritime circles said the British passenger liner Union and the Norwegian freighter Eastern Star, ferrying American supplies to England, were torpedoed by Nazi submarines.

British troops and the R. A. F. were described officially last night to have sunk crushing blows to the Iraq forces of Premier Rashid Ali Al Gailani, and military quarters expressed belief the conflict was near an end because Germany sent him no aid.

British airmen systematically destroyed most of the Iraq air force, ground troops regained control of a pumping station near Hutha on the vital Mosul-Haifa oil pipeline, and the Iraq army fighting with the British to rout the Iraqis holding dominating plateau positions around the airfield Tuesday.

Heavy losses were inflicted by a closely coordinated British ground and air attack, the British said. More than 300 Iraqis were reported captured.

The shattered forces retreated eastward toward El Faluja.

Prime Minister Churchill told the House of Commons in London that approximately 1000 Iraqis had been killed or wounded, and that 484, including 26 officers, were captured.

British losses were officially described as negligible.

Dispatches from Beirut, Lebanon, said Iraq was fervor apparently was subsiding.

Reports of R. A. F. attacks on the Moksar al Rashid airfield destroyed several Iraq planes and tipped up the airport's apron, a British communique said, against "practically no opposition."

The British reported all three remaining strongholds of Italian resistance in Ethiopia were threatened, with progress indicating their reduction soon.

In the northwest, one of the columns converging on Am Alaji was said to be only 30 miles away. The 80,000 odd Fascist defenders of the town were described as in a "distinctly uncomfortable" position.

The Suez Canal Zone was raided for two hours last night the British announced in Cairo today. Official sources reported some damage to the Egyptian State Railway property but said there were no casualties. Anti-aircraft guns opposed the raid.

German fliers returning from reconnaissance today reported big fires raging in Manchester, English manufacturing center. The German High Command had attacked last night on the parts of Liverpool, Hull, Hartlepool, Middlesbrough, Bristol and Plymouth.

Sanford Grammar School May Day Program Features Athletic Events

The annual May Day program of the Sanford Grammar School featuring basketball, volleyball and a track meet will be held at the school building Friday beginning at 10:00 o'clock in the morning.

The program has been planned by the school committee and will be held on the school grounds and the public is invited to attend. The athletic program will include basketball, volleyball, track and field, and a track meet.

The complete program is as follows:

1. Drill exercises by the whole school.
2. E. J. Johnson recited by the whole school.
3. Lord's prayer—led by Miss Ruby Peters.
4. Star Spangled Banner by the student body.
5. Military tap dance by Norma Jean Sayer, with Mary Bell.
6. Minuet danced by Peggy Pippen, Ruth Hodson, Emily Matthews, Dolores McLeilan, Robert Faircloth, Phyllis Bach, Frank Dursley, Phyllis Dingfelder and William Ludwig.
7. Routine tap dance by Gordon Wright, with Mrs. Dore at the piano.
8. Presentation of blue ribbon awards by Mrs. Dorothy Lamb, county health officer.
9. Presentation of the P. T. A. award by Mrs. J. J. Keighan.
10. Presentation by Misses Mary Arthur, Joyce Goodspeed, Louise Chase, Mary E. Kader, Harry Gwynn Reel, Russell Hasty, David Bach and Jack Benton.
11. Glee Club program in honor of Mother's Day.
12. "The Blue Danube."
13. "Springtime in Apple Blossom Time," by Peggy Pippen, soloist.
14. "The Blue Danube," by Nancy Williams, soloist.

Following the lunch at the school cafeteria the girls and the boys' diamond ball championship games for the fifth and sixth grades will be played. During the afternoon the annual track meet to determine the championships in relays, high and broad jumps, diamond and volley ball, shot put, pole vault and races will be held.

Sanford Woodmen To Attend State Meet Next Week

Fifteen Sanford members of the Woodmen of the World Camp No. 625 will leave Sunday morning for Pensacola to attend the biennial head camp convention, which was announced today.

Representatives of the Sanford camp will be C. C. Collins, senior past head camp, and B. F. Swagerty, Ben Crawford, Bernard Collins, H. L. Worthen, L. A. Brown, Jr., G. K. Houghton, T. E. Smith, Randall Collins, Eugene St. Johns and K. S. Allison, team members.

The team members will enter the competitive drill contest with three other teams of the state. The Pensacola convention will continue through Monday and Tuesday. Sanford members, who will travel by automobile will leave early Sunday in order to be in Pensacola for the opening session Sunday afternoon.

The head camp convention is one of 25 such meetings being held all over the nation, it was explained. Reports of the progress of the Woodmen of the World, addresses by national officers, a mass initiation of new members and election of officers and delegates to the sovereign camp convention are included in the program.

Mrs. C. C. Collins, juvenile director, and Mrs. C. B. Rudd, secretary of the juvenile lodge, will attend the convention.

Casselberry Is City Asparagus Built, Says Paper

Describing Casselberry as the Florida Town that Asparagus Built, the Miami Herald told in its Sunday issue the story of the small community between Sanford and Orlando which is the nation's largest grower of asparagus.

Illustrated with 12 photographs of scenes of Casselberry, the article points out that the "asparagus town" is not really a town at all. The story was written by W. F. Threlkisson, and appeared in the All Florida page.

Thriving asparagus is also a thriving industry at Casselberry, the article points out, stating that there are in excess of 2,500,000 asparagus in various stages of growth.

"Casselberry having made a success of asparagus, experimenters with asparagus, Mr. Threlkisson writes, "high shades were built, and today the propagation of the flowering plants grows on with unabated energy and spread."

"Many acres of ground are covered with enormous flat houses and in them are millions of asparagus plants, the article says. "Scores of men are engaged in cultivation general care and in the picking of asparagus. These cuttings are hauled to the packing houses where many women carefully grade and bunch the asparagus for market. It is explained.

Declaring that \$45,000 a year is expended on asparagus charges by the Casselberry Ferneries, the article says, "Florida's production of this increasing popular green is indeed an important business. California and Texas produce some, but Florida grows more than all other 'outdoor' areas in America combined."

10,000 Americans Believed Fighting In Allied Forces

LONDON, May 8.—(AP)—Robert Hutchinson, chairman of the American Eagle Club, estimated today that 10,000 Americans are fighting in British and Allied forces. Most of them are included in the Canadian forces.

As chairman of the Eagle Club, Hutchinson said he is in a position to give an accurate estimate. The club is a voluntary but many of its members.

Germany's long range bombers and huge guns missed their target and only today in sudden death attacks which spread death and destruction on England's coasts, and in Liverpool landed a seventh straight night.

Dover was shelled briefly but failed by guns set upon the coast of France, two women were killed, German bombers followed the evening shelling with sudden centering on west coast towns but also reaching East Angles and southeast coastal districts.

The attack on Liverpool was described as an medium scale—similar to that of the previous night.

Liverpool has been undergoing a week long blitz in what appears to be a German attempt to smash major west coast ports before aid from the United States reaches the port. The Germans lately have been giving London a rest while concentrating on British and Northern Irish ports.

Three bombers were reported to have crashed on the flames. A number of persons were trapped and houses were demolished by heavy bombs in one town.

Most Of Volunteers Are Enlisted With Army From Canada

The British reported all three remaining strongholds of Italian resistance in Ethiopia were threatened, with progress indicating their reduction soon.

In the northwest, one of the columns converging on Am Alaji was said to be only 30 miles away. The 80,000 odd Fascist defenders of the town were described as in a "distinctly uncomfortable" position.

The Suez Canal Zone was raided for two hours last night the British announced in Cairo today. Official sources reported some damage to the Egyptian State Railway property but said there were no casualties. Anti-aircraft guns opposed the raid.

German fliers returning from reconnaissance today reported big fires raging in Manchester, English manufacturing center. The German High Command had attacked last night on the parts of Liverpool, Hull, Hartlepool, Middlesbrough, Bristol and Plymouth.

Future Farmers To Give Bridge Party To Obtain Money

To raise funds for their summer activities, the Seminole Chapter of the Future Farmers of America will sponsor a benefit bridge and Chinese checkers party at the Future Farmers Building next Thursday night.

Alex Johnson, adviser, said today. Prizes ranging from baby chickens to a bottle of perfume will be given winners of the games, Mr. Johnson said. Honorees will be Mrs. Alex Johnson, chairman; Mrs. D. B. Smith, Mrs. Henry Thurston and Mrs. Ralph Thurston. Refreshments will be served.

During the summer the Future Farmers go on camping and fishing trips and are also planning to go to Galvestone for the state F. F. A. convention. Mr. Johnson explained, and funds are needed for these activities.

Bridge parties and the merchants who give them are: 25 chicks and 25 pounds of starter feed, Kuroda Feed Company; 15 gallons of gasoline, General Oil Company; bottles of perfume, Rosell and Anderson's; pyrex dish, Hill Hardware Company; and a year view vanity mirror, Birch and Moore. Refreshments will be served by Mrs. Alex Johnson, Mrs. Henry Thurston and Mrs. Ralph Thurston.

Sanford Men Are Given Patent For Cleaning Device

Jay A. Young of Lake Monroe and James E. Ahernally, former Sanford resident who now lives in Miami Beach, both employees of the Florida Power and Light Company, have been granted a patent for an apparatus they invented to clean preheaters.

The device was invented three years ago, and has been successfully in use at the Lake Monroe plant ever since, but the patent was just recently awarded. The two men now plan to make the apparatus available to other power companies.

In the patent brief, it is stated that the device automatically and progressively removes soot and other foreign materials from the surface of preheaters, and that one of the objects of the invention is to provide a cleaning device which will clean a liquid or the cleaning medium.

Disadvantages of the old method of cleaning preheaters and furnaces are said to be overcome by the new apparatus.

It is explained that the invention permits the removal of the soot without any discontinuance or interrupting in any way with the operation of the preheater. The device is described in the patent brief.

Negro Is Killed As Streamliner Runs Into Auto

Clifford Andrews, negro who is employed at Lane's Dry Cleaning, was killed last night shortly after 6:00 o'clock when the new Atlantic Coast Line streamliner, Tamiami Champion, crashed into his automobile at the Thirteenth Street crossing, police said today.

The negro, who would have been 22 years old today, was unconscious when brought to the hospital and died soon after his arrival there.

Driving an old model Lafayette sedan, the negro was driving west on Thirteenth Street and started to cross the track despite the warnings of pedestrians, witnesses told police. The car was completely wrecked, police said, and the motor was knocked out of the chassis.

E. E. Tolar of Sanford was engineer of the train, which was bound from Tampa to Jacksonville, and Captain O. V. Singletary was the conductor. The negro lived at 1409 West Ninth Street.

Animals At Zoo Have Moving Day And Investigate New Neighbors

It was moving day at the zoo today and Betty Ann, the black cat, Jiggs the mandrill, and the two scaly manatees were shifted around in their cages.

Reason for the change was to give Betty Ann more room to move around and separate the manatees, which have been pulling the scaly hair, Phil King, zoo keeper, said today.

Part of one of the big bear cages had been partitioned for Betty Ann's exclusive use and she was carried in by Phil. Since the black bear is getting to be a long walk and a long haul to carry her down again and she still looks wryly at the other cats with the two big bears, Betty, the big cinnamon bear, seems very interested in the new arrangement.

Unusual Run Upon Post Office Halted

DELRAY BEACH, May 8.—(Special)—Wednesday afternoon and Thursday morning of last week were busy times at the post office, Postmaster LeRoy E. Diggins was unexpectedly besieged for unusual demands for withdrawals of sums that totalled in the vicinity of \$3,000—all by colored depositors.

The run was finally stopped when Clint Moore, Sr., called a meeting of employes on his farm and announced that he would personally be responsible for the deposits. It was decided that if Mr. Clint was lacking the government, everything was all right, and the money might as well be left in the post office.

Boys State Will Be Held In Tallahassee

TALLAHASSEE, May 8.—(Special)—The second annual Boys state will be held June 14-21 at Tallahassee, sponsored by the American Legion. Boys selected from the senior and sophomore classes of high schools throughout the state for scholarship, character, courage, leadership and understanding of the social sciences, will assemble to elect a governor, cabinet and house of representatives and a senate, and will virtually take over the state government, performing all the functions of the office for which they are selected for the week's period.

The governor and high state officials will advise and help the boys in their problem. American Legion posts and civic clubs throughout the state are cooperating in sponsoring the affair, which is patterned after the Boys Town of Nebraska.

General Motors Has Record Auto Sales

NEW YORK, May 8.—(AP)—General Motors Corporation today reported that April sales of 177,183 units were the greatest for any month in its history.

U. S. Marines To Arrive At Danedin

OVIEDO

By FRANK W. TALBOTT

The Young People's Department of the Oviedo Methodist Church had complete charge of the services last Sunday evening. After the opening hymns were sung the scripture lesson was read by Miss Penny Mitchem, after which the Rev. J. H. Hager made the introductions. A radio skit, "The Summer Youth Program," was presented by the following young people: Geraldine Wilkerson, Martha Anne Moon, Martha Carraway, Polly Mills, Sharon Murphy, Marjorie Wilkerson, Penny Mitchem and Jane Staley.

The following held a panel discussion on "The Youth Caravan": Charles Olliff, Polly Mills, Jerry Wilkerson, Jane Staley and Rex

Clients.

Officers of the Young People's Department include Charles Olliff, president; Thelma Lee, vice president; Jerry Wilkerson, secretary; Charles Lee, treasurer; Martha Anne Moon, chairman of missions; Penny Mitchem, worship chairman; Marjorie Wilkerson, recreation; Polly Mills, chairman of leadership training; Martha Carraway, publicity superintendent; Sharon Murphy, pianist and Penny Mitchem, chairman of missions and world friendship for Central Florida Union.

Sunday afternoon the council meeting for the Young Peoples Department was held at the parsonage.

The Women's Society, of Christian Service of the Oviedo Methodist Church met at the church Monday afternoon.

The new minister of the Oviedo Baptist Church, Rev. Link, is to be in Oviedo next Sunday and there will be no services Sunday evening at the Methodist Church as the two churches will meet in a union service at the Baptist Church to welcome the new pastor into the community.

R. Higgins and Edward Higgins of Sanford were in Oviedo Monday afternoon.

The Rev. J. S. Day of Lakeland, former pastor of the Oviedo Baptist Church, presided at the local church last Sunday. Rev. Day was accompanied here by Mrs. Day and their daughter, Miss Olive Day.

Several from Oviedo attended the funeral services for Dr. A. W. Knapp in Sanford last Sunday afternoon, including Dr. and Mrs. J. W. Martin, the former being one of the honorary pallbearers. Mr. J. W. Coates, Mr. and Mrs. W. B. Williams, Mrs. R. G. Smith and Mrs. F. W. Talbott and other.

The W. M. F. and auxiliaries of the Oviedo Baptist Church met Monday afternoon at the church. The Royal Ambassadors, under the leadership of the Rev. J. S. Day, were in Oviedo Sunday afternoon visiting her parents, Mr. and Mrs. W. B. Young.

H. P. Cox, manager of the Wheeler-Fitzhugh Co., made a trip to South Florida on business for his firm Monday

evening in the interests of their firm.

Charles E. Niblack, L. H. Gore, L. E. Malibu and D. D. Daniel were in Sarasota and Belle Glade last week looking over the celery crop in those sections.

T. H. Donald of Atlanta, Ga., visited here and Mr. R. W. Young.

Mr. and Mrs. Marion Wagner spent the weekend with the latter's parents, Mr. and Mrs. W. B. Young.

J. P. Cox, manager of the Wheeler-Fitzhugh Co., made a trip to South Florida on business for his firm Monday

evening in the interests of their firm.

Miss Clara Lee Wheeler and brother Frank Wheeler, Jr., of Oviedo spent the weekend at Florida Southern College, Lakeland, as guests of their sister, Mrs. J. S. Wheeler, who is a student there.

Miss Wilhelmina Lemen, district supervisor, state-wide library projects, with offices in Orlando, was a recent visitor to the library in Oviedo and was a lunch-in-guest of Mrs. Anne E. Carter, local librarian. The library will be closed all day Friday, May 10th, on account of the Women's Club luncheon on that day. The regular Story Hour will be held Saturday at 9:00 A. M.

Mr. and Mrs. E. J. Lindsey and son Jerry of Cross City were guests of Mrs. J. C. Bradley last week.

Miss Alice Walsh of Biloxi, Miss and Mrs. Ester R. Lee of Tampa, Ala., are expected to be the guests of their sister, Mrs. W. B. Young in Oviedo.

Mr. and Mrs. W. B. Knight and daughter, Amy Ruth of Davenport were recent guests of the former's sister, Mrs. E. A. Farnell.

The Oviedo School held a annual May Day activities last Friday on the school recreation ground. The Elementary Department gave a pageant. The contest of the children's songs, under the direction of the four elementary teachers, Miss Williams, Mrs. Margaret Harper, Mrs. James Partin and Miss Albert Gore.

In the professional the contest was followed by the May Queen and her attendants: May Queen, Lucy Ann, Madeline, Honor, Gloria, Lillian, Mrs. Nellie Hodges and Josephine Johnson, crown bearer, Ivan Jakubien, flower girl, Elaine Mikler. In the cast of characters depicted the following pupils from the first through the sixth grades and included the following: King, Cole, Luther, Mills, pages, Donna, Kasell and Theobald, Glenshire, sergeant at arms, Lynn, Fletcher, Mother George, La June Estes, children of Mother George, Daddy-down, Dilly, Peggy, Stansell, Little Boy Blue, Ferdinand, Jacobson, Hector, Audrey Cox, Jack, Spratt, Harold Jordan, Mrs. Jack Spratt, Dorothy Knight, Jack, Floyd Cooper, Jill, Dorothy Niblack, Little Miss Muffet, Carlene McKinnis, Polly, Flanders, Bettye Aulin, Tom Tucker, Bobby Ragsdale, Little Miss Mary Quite Contrary.

Following the pageant the parents and friends were invited to the various school rooms to inspect the pupil work that was on display. At 11:00 o'clock the tenth grade gave a radio skit directed by Mrs. J. N. Thompson. Awards were presented to the boys by Ned Amery, athletic director, the following boys receiving athletic awards: Herman Long, Maurice Jacobs, Clarence Kelly, Bennett Kimble, Earl Beasley, Charles Lee, Jr., Rex Clonts, Charles Olliff and Leon Olliff. Mrs. James Partin, girls' athletic director presented the following girls with athletic awards: Lucy Ann, Juanita Johnson, Nellie Hodges, Josephine Johnson, Martha Carraway, Vivian Wharton, Ivan Jakubien, Penny Mitchem, Kathryn Aulin and Madeline Williams. Other leadership awards are Wanda Lee, Anderson, Louise Parker; also Jim Martin, scorekeeper, received an award.

During the noon hour dinner was served to the pupils and guests in the First Teachers Association in the Athletic Building.

ELECTRICITY IS CHEAP!

SEE YOUR ELECTRIC DEALER

ELECTRIC power is a vital essential in national defense. Our country has ample power for defense needs, thanks to the preparedness of the private utility companies which produce 90 per cent of this country's electric power. Large appropriations of tax money aren't needed to build power plants or lines. America's electric power industry is ready NOW.

eggs and poultry meat through the year. Thus, Mr. Sowell points out a family of five should have a flock of 35 hens.

Even the smallest flock, however, needs a house for protecting them from weather. The house should have a good roof to keep the birds dry, a floor to facilitate regular cleaning and nine inches of roost space for each bird. (He has a circular for anyone interested in building a good, inexpensive poultry house.)

are establishing small flocks to provide their families with beautiful poultry products. And they are well satisfied with the results they are obtaining. Farmers who are interested in raising chickens will find Mr. Sowell and their county and home agents ready and willing to help them with their plans.

More Than 50,000 Homes Started In 1941, FHA States

WASHINGTON, May 8.—(Special)—More than 50,000 new small homes have been started under Federal Housing Administration inspection since the first of the year, at least 55 percent of them in defense industrial areas, Administrator Albert H. Ferguson has announced.

FHA program is now approximately 800 homes a day. In the week ended Apr. 12, the number of homes started under the FHA program was the highest on record, with 4,433 started under Title II and 271 under Title I. This compares with the previous peak reached in the week ended May 11, 1940, at 4,125 homes under Title II and 252 under Title I. The number started in the period ended Apr. 19 also surpassed the 1940 high.

The number of homes started this year is more than 20 percent in excess of the number built in the same period of 1940, the administrator said. Gains in the volume of homes being started in many defense areas range up to 50 percent and even 100 percent.

The record-breaking activity in home construction under the FHA program shows the willingness and ability of private industry to help meet the need for housing in the defense emergency, Mr. Ferguson said.

From Jan. 1 through Apr. 19 about 48,500 small homes were started under FHA inspection which are being financed with loans insured under Title II of the National Housing Act, compared with 38,700 in the same period last year. In addition, about 2,800 homes were started under FHA inspection which are being financed with loans insured under Title I, compared with 1,100 in the same period of 1940.

Mr. Ferguson pointed out that total applications under Section 203 have been between \$30,000,000 and \$35,000,000 for each of the past seven weeks. This amount of applications indicates that private-home construction under the FHA program will continue extremely active in the next few months.

Applications for home-mortgage insurance under Title VI, the new defense housing insurance section of the National Housing Act, totaled about \$8,000,000 as of April 19, he said.

Advertisement for Buick cars. Text: 'HE SAVES MOST NOW WHO SPENDS ENOUGH'. 'THERE'S a rule for your guidance you may not find in the copybooks -- but that doesn't subtract one whit from its truth. Because when you buy a new car this spring you want one that will see you through many a summer. So while you're trading it's good sense to trade up -- up to something solidly good through and through. Trade up, for instance, to the FURBER power of Buick's more efficient valve-in-head straight-eight. Trade up to the thrill of Compound Carburetion -- exclusively Buick's, and as much as 10% to 15% more economical of gasoline than last year. Trade up to a splendorous big Body by Fisher -- to Buick's all-out springing that is forever cushiony yet forever free from service attention -- to stout, ride-steady torque-tube drive with nothing about it to go wrong. Buick's bodies are roomier, its frames buskier -- its steering gears go three to four times as long without adjustment and its main bearings have half-again the service life in them. Things like that really count these days -- yet they're yours in a Buick for a trifle more at most than you'd spend in any event. Go call on your Buick dealer now! BUCK PRICES BEGIN AT \$915 for the Business Coupe. *delivered at Flint, Mich. State tax, optional equipment and accessories -- extra. Prices and specifications subject to change without notice. Legislature Seeks Additional Million For General Fund

Substantial Increase For State Educational Institutions Included In Bills

Senators Vote Fireworks Ban

Greater Tax On Wine Approved In Senate; House To Get Bill

Tallahassee, May 9.—(AP)—Senate and House committees today proposed that the state raise almost \$12,000,000 a year—an increase of more than \$1,300,000—for general operations of Florida's government.

The Senate appropriations committee brought in a bill to appropriate \$11,737,866 for the next two years. The House committee in its appropriations bill proposed state expenditures \$14,973 greater than the Senate committee suggested, or a total annual increase of \$1,527,185.

Substantial increases for state educational institutions were included.

The Senate will consider its appropriations bill Wednesday.

The House approved 24 to 9 a fireworks ban.

Heads Exchange

Emil Schram, top official of the Reconstruction Finance Corporation, is the new president of the New York Stock Exchange.

He succeeds William McChesney Martin, who left for his year of military service.

The British government and the Maritime Commission have agreed to correct last night's impression that recent British shipping losses on the Atlantic had been minor—a disputed point suddenly important in the flaring congressional controversy over convoys.

In high London quarters it was said that tonnage lost in April was nearly as high as in any previous month, apparently close to 460,000 tons. The previous peak was 463,000 tons in June, 1940.

Chairman Land of the Maritime Commission issued a statement making it plain that his previous summary of certain shipping losses was incomplete. It had said that only 12 ships which cleared United States ports had been reported sunk in the past four months. It was based on a newspaper and other reports.

"There is reason to believe," he added, "that actual losses run substantially greater than reported losses."

Land's original estimate was sent in the form of a letter to Senator Vandenberg, Republican, Michigan, which the latter triumphantly produced yesterday at a meeting of the Senate Commerce Committee.

"Vandenberg" and other members of the anti-convoys group were jubilant. They seized upon the admiral's figures as proof that losses were so low as to make convoys unnecessary from any point of view. Others took a different attitude and Land was called before the committee in executive session. The primary result of his testimony was a conflict of claims and interpretations from both sides.

Senator Pepper, an advocate of convoys, said Land had estimated sinkings at 5,000,000 tons a year, or twice the combined annual ship construction of the United States and England.

Senator Housholder was sent a telegram by The Herald to ask the answer to the first question. The answer has not been received. It is understood locally that the amendments have not been passed by the Legislature.

When a statement was received from Senator Housholder, the amendments will be published.

The second sale of the hospital bonds has not been advertised yet, and will not be until it is known whether the 1937 hospital act will be passed.

Although the County's share of the proposed hospital's cost cannot be assured until the bonds have been advertised and sold, it is understood that the WPA would earmark its share of the hospital funds, contingent upon the sale of the bonds. The hospital project has been before WPA officials for weeks, but so far they have given no indication of their attitude toward it.

A Sanford doctor, who asked that his name be withheld, discussed the third question with The Herald and explained that a hospital would serve in being in more doctors to this city.

"Efforts to bring more doctors to Sanford might be hampered by trying to bring in another hospital," he said.

"When a primary care goes out of business, we are likely to bring in another primary care," he said.

They know that if business conditions improve, more doctors will move in. The same situation is true as far as doctors are concerned.

New Airport Funds Asked By Roosevelt

Over \$61,000,000 Is Requested By President For 149 New Army Flying Fields

WASHINGTON, May 9.—(AP)—President Roosevelt asked Congress today for \$61,477,750 to construct 149 new airports, and enlarge 20 now being built for the use of the Army's Air Corps tactical units and for civilian purposes.

Budget Director Harold D. Smith said the airport improvements are needed because of the increase in the number of air corps tactical units and to provide for an increase in the number of advanced training schools in the Army's 30,000-pilot training program.

There was no mention of the location of the proposed additional 149 landing fields.

The British government and the Maritime Commission have agreed to correct last night's impression that recent British shipping losses on the Atlantic had been minor—a disputed point suddenly important in the flaring congressional controversy over convoys.

In high London quarters it was said that tonnage lost in April was nearly as high as in any previous month, apparently close to 460,000 tons. The previous peak was 463,000 tons in June, 1940.

Chairman Land of the Maritime Commission issued a statement making it plain that his previous summary of certain shipping losses was incomplete. It had said that only 12 ships which cleared United States ports had been reported sunk in the past four months. It was based on a newspaper and other reports.

"There is reason to believe," he added, "that actual losses run substantially greater than reported losses."

Land's original estimate was sent in the form of a letter to Senator Vandenberg, Republican, Michigan, which the latter triumphantly produced yesterday at a meeting of the Senate Commerce Committee.

"Vandenberg" and other members of the anti-convoys group were jubilant. They seized upon the admiral's figures as proof that losses were so low as to make convoys unnecessary from any point of view. Others took a different attitude and Land was called before the committee in executive session. The primary result of his testimony was a conflict of claims and interpretations from both sides.

Senator Pepper, an advocate of convoys, said Land had estimated sinkings at 5,000,000 tons a year, or twice the combined annual ship construction of the United States and England.

Senator Housholder was sent a telegram by The Herald to ask the answer to the first question. The answer has not been received. It is understood locally that the amendments have not been passed by the Legislature.

When a statement was received from Senator Housholder, the amendments will be published.

The second sale of the hospital bonds has not been advertised yet, and will not be until it is known whether the 1937 hospital act will be passed.

Although the County's share of the proposed hospital's cost cannot be assured until the bonds have been advertised and sold, it is understood that the WPA would earmark its share of the hospital funds, contingent upon the sale of the bonds. The hospital project has been before WPA officials for weeks, but so far they have given no indication of their attitude toward it.

A Sanford doctor, who asked that his name be withheld, discussed the third question with The Herald and explained that a hospital would serve in being in more doctors to this city.

"Efforts to bring more doctors to Sanford might be hampered by trying to bring in another hospital," he said.

"When a primary care goes out of business, we are likely to bring in another primary care," he said.

They know that if business conditions improve, more doctors will move in. The same situation is true as far as doctors are concerned.

Nazi Sailors Seized In Roundup

Striking in a series of raids, squads of police and immigration inspectors seized more than 100 German seamen in New York as part of a nationwide roundup. The Germans were arrested on charges of overstaying their 60-day leave in the country, and it was reported unofficially that they would be sent to a western internment camp to join the group of Italian seamen already interned there. Some of the Nazi sailors are pictured at the New York barge office before being sent on to Ellis Island.

Mrs. McCaslin, Resident Here 21 Years, Dies

Deceased Had Active Part In Presbyterian Church Work

Mrs. J. H. McCaslin, 82, died last night at 11:00 o'clock at the home of her son, Dr. Herbert H. McCaslin, 507 Magnolia Avenue, where she had lived for the past 21 years. She had been in failing health for some time.

Coming here from Sweetwater, Tenn., with her husband, Mrs. McCaslin took an active part in the work of the Presbyterian Church of which she had been a member since childhood. Mr. McCaslin, who had been in the mercantile business in Sweetwater, died five years ago, shortly after the couple had celebrated their 50th wedding anniversary.

Mrs. McCaslin was born in Monroe, County, Tenn., Dec. 11, 1858.

Survivors include two children, Dr. Robert H. McCaslin, pastor of the Presbyterian Church in Memphis, Tenn., and formerly pastor of the Riverside Presbyterian Church in Jacksonville.

Dr. Robert H. McCaslin of Sanford; two grandchildren, Frank L. Magill of Atlanta, Ga., and Fred Magill of Chicago, Ill., and H. E. Magill of Knoxville, Tenn.

Funeral services will be held Saturday afternoon at 4:30 o'clock at the Presbyterian Church, with Dr. E. McNair of Orlando and Dr. E. D. Brownlee of Sanford officiating. Pallbearers will be chosen from among members of the Session of the Church, of which Mrs. McCaslin's husband was a member for many years.

Burial will be in the Evergreen Cemetery, The Erickson Funeral Home is directing arrangements.

Active pallbearers will be S. E. Andrews, J. A. Battine, A. K. Bessinger, D. Thacker, H. C. DuBose, and P. B. Smith. Honorary pallbearers will be Henry McLaughlin, Fred Williams, G. U. Stuart, R. H. Muirhead, and W. L. Henley.

LEGISLATION SIGNED

WASHINGTON, May 9.—(AP)—Legislation designed to reduce the number of mine fatalities each year through federal inspections was signed into law yesterday by President Roosevelt.

Sanford Junior high and grammar school students have been particularly fond of singing the song, "Miss Sanford," which is about 100 years old and the words were written by Mr. Connelly and the music by Mr. Connelly.

Mr. Morrison led the Lake Mary group in regular sessions and hymns. Mr. Connelly said. The Lake Mary chorists furnished the music for the singers.

Work done by all of the girls during the year in gardening, making of clothes, food preparation, baking, canning, poultry raising, dairying and home improvement will be judged and the winners in each phase will be awarded the trip, Mrs. Andrews explained.

Qualifications limit the trip to girls of 14 years of age or over in good physical condition, who have exhibited work for at least two years and have shown a creditable demonstration of work in their homes. Mrs. Andrews said.

Local girls' organizations have been asked to nominate their members for the scholarship.

In addition many of the girls in the organization have been raising money on their own to pay the expenses of their members for a trip to Camp McQuarrie in June. The camp trip is for those too young to attend the short course.

Subjects chosen to be taught at the short course include home dairying, home orchards, food conservation, poultry, gardening, food preparation and health improvement. A general course will include such studies as news reporting, recreation, and training of local leaders.

All instruction given at the short course will emphasize the general theme—this year of 4-H Club Girls and Good Citizenship.

Mrs. Andrews said. The ten thousand 4-H Club girls of Florida need practical information on how they can contribute to better family living and a better America through their club activities. It has been pointed out by the government that the club work is based on achievements essential in defense programs.

Herndon Buys Right To Let Kids In Ball Park Free As Prices Are Cut

Natalie True Is Winner Of State Prize In Contest

O. P. Herndon last night bought the right to let every school boy and girl in the county into the Sanford Ball Park free to see the Seminoles play for at least the next four weeks, as a result of a contest sponsored by the Elks Club at 8:00 o'clock, Father J. J. Kollaghan, chairman of the contest, said.

With a special "ladies night" in which all ladies are admitted free, and the free gate for the children, the directors of the baseball club expressed the belief the game against Daytona would draw the largest crowd of the season.

After a brief discussion of the financial status of the club by Secretary Andrew Conway the fans took the floor to iron out the details of the plan.

It was almost unanimously agreed that the reason for the small attendance was the 45c admission price. DeLand was said to play a full house since a reduced price in the bleachers was provided.

A reduced admission for ladies was brought up by the fans, seeking to interest more women in attending the games, and consequently bringing their husbands, as one fan expressed it.

It was when Mr. Herndon offered his proposition, to buy the concession for all school children and allow them in free, that the meeting sprang to real life. Several people came to their feet immediately to say it was the best plan offered yet. As Mr. Herndon said, the purpose of the free gate for children was to get the parents to bring their children and come themselves.

When you charge a kid for admission you don't put the expense on the kid but on the parent who has to pay for the whole family. Let the children in free and you will reduce the burden on the parents and draw them to more games," said Mr. Herndon.

Otto Caldwell accepted the suggestion along with the other directors present and asked it be tried immediately. If the plan does not bring an increase in attendance by the end of four weeks both the club officials and Mr. Herndon are free to withdraw their offer he said.

Special books of tickets were given to some of the fans present to sell at the price of 25 for 14 games. Reason tickets are to be sold for \$20.

FRENCH GRANT NAZIS RIGHT TO MOVE ARMY

LONDON, May 9.—(AP)—Reuters (British news agency) today quoted a Berlin correspondent as reporting it believed the Vichy government had agreed to the passage of German troops through French provinces and mandated territories, including Syria.

This, it was reported, was thought to be Germany's price for German concessions concerning the occupation of the French homeland. Syria, the correspondent was quoted, now seems to be "at Germany's disposal."

Mrs. Susanna Smith Dies At Her Home

Mrs. Susanna Smith, 85, a resident of Sanford for 60 years, passed away at her home, 1810 West Third Street, last night at 7:30 o'clock. Born in Clay County, Feb. 11, 1856, Mrs. Smith was a member of the Church of God.

Survivors include her husband, Mr. J. Smith; two sons, Frank Hatch and J. L. Hatch, all of Sanford; a niece, Mrs. W. B. Dickson of Osteen and two grandchildren, Lloyd Hatch and Susie Myers, both of Sanford.

Funeral services will be conducted Saturday afternoon at 2:30 o'clock at the Church of God, Fifth Street and Holly Avenue, with the Rev. J. E. Revels, pastor, officiating.

Burial will be conducted in the Lake View Cemetery. Arrangements are under the direction of the Erickson Funeral Home.

German Cities Are Battered By R.A.F. In Biggest Assault

Lehman Receives Instructions On Army Purchases

Jacksonville Market Center Buys Produce For Blanding

Trail Of Destruction Is Said Left In Hamburg, Emden; Fires Are Started

Nazi Raider Is Sunk By British

Attack On Convoy In Mediterranean Is Reported By Rome

CAIRO, Egypt, May 9.—(AP)—The Royal Air Force announced today it had probably completed the destruction of the Iraq air force by two bombing attacks on landing fields near Haifa.

Remnants of the incident elements of the Iraq army which a week ago attacked the British-held Haifa, had withdrawn to Haifa, Faluja, the British reported.

The largest R. A. F. bombing for a single night's raid bumped "tens of thousands" of incendiaries and "hundreds of tons" of high explosives on Hamburg and Bremen in an overnight assault.

Some sources estimated that 300 or 400 planes were used.

In a wide-ranging expedition, warplanes flew as far as Posen, Poland.

On the home front, swarms of R. A. fighters battled another large-scale assault by the Luftwaffe from dusk to dawn—the eighth night of the stepped-up Nazi attack.

Of the raid on Hamburg and Bremen, the British said "widely spread destruction" was caused and said numerous fires were raging in the shipyards and industrial quarters of both cities.

Simultaneously, London reported the 10,000-ton British cruiser Cornwall sank a German commerce raider in the Indian Ocean, rescuing 27 British merchant seamen from the raider and taking prisoner 53 German crew survivors.

In another sea battle, Rome reported a violent attack on a convoy escorted British convoy in the western Mediterranean, and said torpedoes and bomb hits were scored on two British battleships, an aircraft carrier, two cruisers, a destroyer and three merchant ships. No British ships were reported sunk, however.

Public demonstrations in Baghdad against the month-old Iran government fighting the British Empire forced Premier Rashid Ali Al Ghalibi to flee in haste from the little kingdom's capital, the Egyptian press reported last night.

Where the coup d'etat premier might have gone was not indicated in the unconfirmed news dispatches. It was noted, however, that the report came from British sources.

Captain Statten, Williams Share Honors At Shoot

Captain Ralph Statten, a visitor from Silver Springs, and Roy Williams shared top honors at the weekly shoot of the Seminole Gun Club yesterday afternoon at the range in the rear of the Hotel Mayfair, Ned Smith, secretary announced today.

Firing on the pistol range at 25 yards, Captain Statten had a match score of 287 and Mr. Williams turned in a 284.

High scores in the slow fire matches were Mr. Williams, 97; Captain Statten, 96; Jasper Wolfe, 95; C. E. McIlarow, 94; Harry Williams, 93; Jim Webb, 92; Charles Shaffer, 89; Jim Allenby, 89; J. A. Howard, 88, and Mr. Smith, 85. Standard American targets were used.

Scores on the rifle range were Mr. McIlarow, 96; Mr. Smith, 95; George Cook, 95, and Bob Crumley, 84. Firing was done at 100 yards. Clarence McKee also fired on the rifle range.

Match scores were as follows: Captain Statten, 287; Mr. Williams, 284; Mr. Wolfe, 282; Harry Williams, 280; Mr. Webb, 280; Mr. Shaffer, 259; Mr. Hardy, 251, and Mr. Allenby, 247.

Others who fired included Ralph Wight, Jr., Victor Check, Charles Dunn, Jr., and Ira Brewer.
