Clark: Nixon, Kissinger Should Be The Hostages

TEHRAN, Iran (UPI) - Former U.S. Attorney General Ramsey Clark says Richard Nixon and Henry Kissinger should be the hostages in Iran instead of the 53 "little people" now spending their 214th day in

Clark himself offered to take the place of one of the American hostages if it would help end the crisis. He made his statements in an emotion-filled address Tuesday to an international conference probing American "interventions" in Iran called by Ayatollah Khomeini. The former attorney general is heading a 10-member American delegation to the gathering in defiance of a White House ban against travel to Iran. In his speech, Clark praised the Islamic revolution and called the American mission to rescue the hostages "a lawless act."

Amin Hopes To Return

LONDON (UPI) — Deposed Ugandan dictator Idi Amin, speaking from the \$3,500-a-day exile he shares with his racing driver wife "Suicide Sarah" and his 25 children, boasts he was "last man to withdraw from the battlefield" and says his countrymen still love him. "I never run away," Amin, flanked by burly Ugandan and Arab guards, said in his first interview since he fled the East African nation last April on the heels of the Tanzanian army that routed his forces and took the capital.

Dressed in a casual blue suit in place of the bemedaled, beribboned field marshal uniforms in which he used to strut when he was "president forlife," Amin said he still hoped to return to Uganda and "save it from chaos."

The President: Can He Be Sued?

It is significant that the Supreme Court has agreed to review a federal court's award of damages against former President Nixon for a wiretap placed upon a former government official. The case raises far-reaching constitutional questions about the separation of powers — especially, the degree to which the courts can monitor presidential powers.

The lower courts have subjected the presidency to the threat of endless litigation by ruling that Nixon: (1) committed an illegal act by ordering a wiretap on the home of Morton Halperin, a former aide to Henry A. Kissinger at the National Security Council (NSC), (2) as a consequence, lost the immunity conferred upon public officials generally in the performance of their legitimate duties, and (3) held no special immunity from civil liability for the exercise of presidential

These rulings place the president, for the first time in the nation's history, on an equal footing with other citizens in answering to the courts for his official acts. As repugnant as Nixon's actions may have been in tapping the phone of Halperin, 12 other government employees, and four newsmen to find the source of an embarrassing leak of information from NSC, we believe the court's position is wrong.

The Constitution provides that Congress alone can call the president to account for his actions through the impeachment process. Nixon abused his authority and resigned under threat of impeachment - proof, if any is needed, that this is a sufficient deterrent to the abuse of presidential

Popular Animals Face Extinction

GAINESVILLE, Fla. (UPI) - What do the snowy egret and conch — a large marine snail — have in common? According to Dr. Fred Thompson, a Florida State Museum malacologist (specialist in molluscs), the conch, like the nowy egret at the turn of the century, faces extinction because consumers prize one of its parts. In the case of the egret, the bird was hunted to near ex

West Indians eat Il six species, Thompson said.

A Great Day Coming For A Great Dad

On Father's Day, what better way to turn the tables for Dad than to set the table with special foods! He'll know it's a feast created for him when his favorite beef roast or steak captures the spotlight for a menu that includes the flavor appeal of golden cling peaches and is crowned with tempting and timesaving desserts made with multi-colored milk chocolate

If a tender, juicy roast is his favorite choice, consider a boneless beef top round roast, simple to cook to perfection and to carve with ease. Its uniform, compact shape makes it ideal for the outdoor rotisserie or microwave oven as well as the conventional oven.

· To bring the roast to the table looking fit for a king, surround it with Bay Laurel Peaches, made by simmering canned cling peach halves with bay leaf. The spicy peach syrup does double duty as a delicious baste for the roast.

For dessert delight Dad with a Frosty Crunch Pie. The outstanding feature of this make-ahead frozen pie is its spectacular light and crispy crust made with "M & M's" Plain Chocolate Candies and ready-to-eat cereal. The children will enjoy making the easy pie shell with its delicious milk chocolate flavor and confetti colors and then filling it with Dad's favorite flavor of sherbet or ice cream.

In cool contrast to the beef, brighten the menu with Molded Fruit Cocktail Punch Salad. It's a twin-layered gelatin creation with one sparkling layer featuring fruit cocktail atop a second creamy layer made with refreshing yogurt and bits of celery and carrot.

BEEF TOP ROUND ROAST 4 to 6-pound beef top round roast

Remove from oven at 135 degrees F. for rare; 155 degrees F. for medium. Allow approximately 25 to 30 minutes per pound, depending on desired doneness. Allow roast to "set" in a warm place 15 to 20 minutes after removing from oven. Since roasts to continue to cook during this time, they usually rise approximately 5 degrees F. in the state of the

Flegance IS Flasy With Ice Cream And Yogurt

Among the best and easiest of sweet treats are ice cream and frozen yogurt. Although Confetti Cake looks elaborate, it's simplicity itself: pack torn angel food cake into a tube pan, alternating with scoops of strawberry and mint chip ice

Want to fuss pleasantly over the garnish? Make economical, mock pistachio nuts from almonds and brush rose or ivy leaves with melted chocolate to decorate the whipped cream rosettes

Frozen Peach Yogurt scooped in balls and drenched with an Orange Raspberry Sauce turns into a luscious treat. It's eveneconomical if you make your own. Frosty Yogurt Shakes are fun to blend, delectably cold and nutritious.

CONFETTI ICE CREAM CAKE

- 1 quart strawberry ice cream. 1 quart mint chip ice cream
- 1 cup whipping cream Mock Pistachio Nuts Chocolate Leaves

Strawberries Tear angel food cake into bite-size pieces. Place layer of cake pieces in bottom of chilled 10-inch tube pan. Alternate scoops of strawberry and mint chip ice cream to make next layer. Press firmly into cake. (Use ice cream spade if desired.) Add a layer of cake pieces; then a second layer of ice creams. Finish with layer of cake pieces. Press down firmly to level cake. Cover and freeze at least 6 hours, preferably

stand at room temperature 5 minutes. Run thin metal spatula upside down on serving plate. Place a towel wrung out of hot between cake and bottom of pan. Remove pan. Return to freezer to firm. Whip cream in chilled bowl with chilled cake. Sprinkle with Mock Pistacho Nuts. Pipe rosettes of whipped cream on top of cake, decorate with Chocolate Leaves and fresh strawberries. Serve with Fudge Pecan Sauce.

Mock Pistachio Nuts: Place 3 to 4 drops green food coloring with I teaspoon water in jar with cover. Add 1/2 cup chopped almonds, shake to color. Spread nuts in shallow baking pan. Bake in preheated 350 degree F, oven 6 to 8 minutes to dry. Do

Chocolate Leaves: Wash and dry thoroughly 10 to 12 small leaves with stems. (Rose or ivy leaves are ideal.) Melt 1/2 cup semi-sweet chocolate pieces in heavy saucepan over low heat, stirring until smooth. Cool slightly. Carefully brush a thin layer (about 1/8 inch) of melted chocolate on leaf. Chocolate and leaf will separate more easily if edges are not covered. Place leaves on baking sheet. Chill until firm. Carefully peel leaf from chocolate. Store in refrigerator. Yield: 12 to 18

FUDGE PECAN SAUCE

- 1 cup (6 oz.) semi-sweet chocolate pieces 1/2 cup light cream OR half and half

Chilled soup, hearty bread, wedges of cheese, and a fresh fruit very low in-calories - only 27 in a 1/2 cup serving. dessert are the makings of a fine summer meal. Start with a Fresh Beet Borscht, topped with a dollop of sour cream. The stunning red soup is thick with grated beets,

carrots and cabbage. Make it a day in advance or in the morning. It's easy to fix because once you've assembled all the ingredients in the pot, they can simmer unattended. While borscht as a dish encompasses very thin soups to hearty, meaty stews, it always includes an ample quantity of grated, fresh beets, which give the soup its inviting texture and deep purple-red color. But when serving beets as a vegetable course, the United Fresh Fruit and Vegetable Association recommends cooking the beets whole in their skins, with the roots uncut and an inch of stem left on to prevent "Bleeding" into the cooking liquid. When done, the skins will slip off easily. Good fresh beets should have a globular shape, with firm
