At Belding, last year's Mayfair Inn \$500 Open Champion brought in a score yesterday of 68 which was matched by eight other golfers playing the first round.

There were 19 one under par scores turned in from the 18 hole first round match. Included in the scores were: "Dutch" Harrison, Lionel Hebert and Freddie Haas.

Play in the second round got underway this morning at 8 o'clock led off by Bob Kivlin Jr., Andy Arcury, and Bud Timbrook.

**Orlando Company To Construct End Zone Areas At NAS**

Recent bids for the construction of two end zone areas for the East-West runway at Sanford Naval Air Station, resulted in a \$120,121 contract being awarded to the Hubbard Construction Company of Orlando.

The contract calls for extending the West end of the runway by 1,000 ft., and the East end by 1,300 ft. The two end zone areas will have an eight inch thick limestone base, with bituminous prime coat, and double bituminous surface treatment.

Also included in the contract is the construction of pipework and other appurtenances.

The work is scheduled for completion by April 22, 1957.

action?" he said "I would have done the same thing if I had been there." However, Chief Cleveland told Mayor Scott, "If you had just mentioned that it was city property this would have never happened."

Commissioner Gatchel stated to the commission and to the Fire Department officers "In Mayor Scott's position, I would have done the same thing and would have been just as mad, but on Lt. Crow's side, with the directives issued, I would have also done the same thing."

No action was taken in the questioning of the Sanford Fire Department personnel. However, commissioners agreed that they should "spell out" the location of property located outside the city limits and to be protected by Sanford Fire Department equipment.

The Sanford Fire Department is prevented from answering alarms outside the city limits unless an insurance rider providing payment to the City of Sanford for the city expense is attached to insurance policies and registered with the City of Sanford or a cash deposit of \$100 is made with the city.

**LENNIE HUNT FINALLY HITS A BIG WINNER**  
MIAMI, Fla. (AP)—All of a sudden Lennie Hunt is a big man in racing. He's the trainer of King Hairan who, like Needles, was foaled at Ocala, Fla., and hopes to emulate Needles by winning the Flamingo Stakes next March 2.

Hunt has been on race tracks since 1924. As a jockey he rode his first winner in 1925 at Sanford Park, Ontario, on a mare called Isabel C.

He has worked for Alfred G. Vanderbilt and George Odom. His present employer, Leo Edwards and H. B. Messer, bought King Hairan for \$35,000 after his first race at Hialeah last winter. The King won \$101,575 in 1956 and Hunt, as trainer, came in for a 10 per cent share.

**New Aid Against Colds May Have Been Found**

By HENRY H. SCHUBERT, M.D.

MANY of our great medical discoveries were made through an error or an accident. In fact, a study is being planned right now to determine whether just such an error might have uncovered a prophylactic against colds.

An antibiotic nasal solution is now under scrutiny. There is evidence that it may cut the incidence of head colds in children of school age and maybe adults, too.

Through a misunderstanding 60 young children in an orphanage were instructed to spray each nostril three times a day with biomydrin nasal solution during the months of December, January and February.

**For Use At Onset**  
Actually, it had been intended that the youngsters, aged 6 to 12, use the solution just at the onset of a cold.

However, the methodical use had some surprising results. Of the 60 children, only five developed even early signs of upper respiratory tract infection. And these signs lasted less than 24 hours.

**No Lost Time**  
None of the children was hospitalized and none lost time from school. Eight who had chronic nasal congestion at the start of the treatment were cleared within seven days.

These youngsters weren't shielded from colds by anyone. Far from it. They were constantly exposed to upper respiratory tract infections through their contact with other children in the school.

On the other hand, 60 youngsters in another orphanage, used as a control group, suffered a relatively high number of colds. They did not use the biomydrin. During February, March and April, 44 of them had one or more head colds lasting more than 48 hours.

**Head Pains**  
Thirty-two of them had to be placed in the infirmary and lost one or more days of school.

Dr. Theodore A. Schwartz and John W. Heise Jr. who report on the subject in "Eye, Ear, Nose and Throat Monthly" conclude that it is possible that the constant action of the antibiotics on the nasal mucosa prevented the secondary invaders from multiplying and producing severe nasal infections.

**QUESTIONS AND ANSWERS**  
H. S.: I have been reading that certain antibiotics help the growth of animals. Do you think they might promote growth in infants and children?  
Answer: Certain studies have shown some increase in growth in children with the use of the antibiotics. However, because of the side effects from these drugs in humans, their use for such a purpose would not be advisable.

### Christian Church Carol, White Gifts Service Is Sunday

A candlelight Christmas carol and "white gifts" service will be held Sunday, 7:30 p. m., at the First Christian Church, it was announced today.

Preceding the program a medley of Christmas numbers will be played by Mrs. N. V. Farmer, organist. The choir, under the direction of Jay M. Walter, will sing several carols, including "O Holy Night (Adami). A Junior choir led by Mrs. Perry L. Stone will present Luther's "Away in a Manger." Patty Glenn Johnson will sing "Gesu Bambino (Yon). Program parts will be taken by Tommy Hinson, Diane Baty, Beverly Evans, Brenda Ellett and Wayne Evans, Charlie Spotts, and Sandra Baty will give out programs and light the candles.

Mrs. Charles R. Grieme will have charge of the "white gifts." Attendance are asked to bring white-wrapped gifts of canned fruit for the Florida Christian Home, Jacksonville, Pastor Perry (Continued On Page Ten)

"This year's tournament was a complete success" said Frank Mebane, manager of the Mayfair Inn following the awarding of prize money yesterday at the Mayfair Inn's \$15,000 PGA Open.

The crowd was certainly much larger, said Mebane as hundreds followed favorite golfers around the fairway.

Largest crowds watching golfers try for the big money followed Frank Stranahan and Mike Fetschick who were competing for the low score in the tournament.

Apparently every golfer in the top bracket among the competitors was playing relaxed and without tension.

Mike Fetschick grinned as a score of reporters crowded around him on the 18th green to get first word of his "big win." Tanned, and apparently happy over the outcome, Fetschick said "I really didn't know that I was in the lead."

"I didn't do my best putting these last two days," the big golfer said as he answered questions from sports writers as well as fans.

Frank Stranahan, runner-up beamed his approval when he congratulated Fetschick.

Also on hand to congratulate Mike Fetschick was Al Balding, wily Erin Dale, Canada golfer (Continued on Page 10)

### Day School Pupils To Exchange Gifts At Party Friday

Slavia—Friday the 21st will be the last day of classes before the Christmas holiday vacation for the pupils of St. Luke's Christian Day School, it will also be their annual Christmas Party. The various rooms have been gaily decorated for the Christmas season by the pupils. In the afternoon the pupils will assemble for the party. Entertainment will be given by the pupils in the form of skits, plays and group singing of Christmas carols. After the exchange of gifts refreshments will be served by mothers of the P-TA committee. Mrs. Paul Mikler is chairman, assisted by Mrs. Albert Jacobson, Mrs. John Eustis, Mrs. Ivan DeRousha, Mrs. M. S. Beasley and Mrs. Dorsey Martin.

### De Baryites Dedicate Post Office Saturday

DeBary—An imposing ceremony of dedication was presented to the throng who attended Saturday afternoon's rites at the DeBary post office. The VFW and auxiliary color bearers stood at attention as William Blaine Moore, Scoutmaster, brought his troops to the fore and to the strains of "The Star Spangled Banner, oldrahUse cmf cmf Banner, raised the U S flag. The audience joined in the salute to the flag.

The Rev. Wilfred Aldridge gave the dedication invocation. H. Hudson Myers was master of ceremonies and introduced the following speakers: Judge Robert H. Wingfield, Delpho Hackney, postal inspector; Senator E. W. Gatter, Jess Mathias, Fred Karl, John Emley, Warren Jackson and John R. Godbee, representatives of the state and county. Judge Wingfield presented postmaster Walter Hani with a beautiful Florida state flag and described the meaning of its seal. Hani accepted and stated that he was happy to be a part of this solemn dedication.

Hackney told of his first official visit to the community which had petitioned for the name of DeBary. He found one grocery, a tourist camp and a real estate concern plus 70 homes. But he found also that this would be a going proposition from the start inasmuch as one of the 70 homes had a mortgage. "The De Bary people have a reputation for paying their own way", he added. From a modest \$1,000 receipts in '49 the postoffice received \$6,000 in '52 and in '53 was \$14,000. This year none can estimate.

Dr. Morgan Crashes Into Train

### Dr. Morgan Crashes Into Train

Seminole County was riddled with traffic accidents over the past weekend with property damage running an all-time high and two deaths as a result of the accidents.

Napoleon Thomas, 40-year-old Florida East Coast railroad employe was killed early Saturday morning when his 1946 Oldsmobile crashed through the Osteen bridge and submerged in over 10 feet of water.

His automobile, apparently traveling at a high rate of speed, failed to negotiate a curve at the west approach to the bridge just east of Sanford at the Sanford Boat Works and tore through the wood railing ramming two of the wood beams into the motor of the car.

The accident, which occurred at about 5:10 a. m. Saturday morning, was discovered when a Negro attempting to rent a boat, noticed the bridge torn out and notified bridgetender J. Turner McDonald who in turn notified authorities.

Investigating the fatality were Florida Highway Patrol Trooper T. Mark Mack, who went into the water to attach chains to the submerged car in order to pull it out; Sheriff's Deputy Ed Cowan, who assisted Mack from a boat; Constable J. Q. "Slim" Galloway and other deputies.

The dead man, a Negro resident of Sipes Ave. in Midway, was pulled from the water in his car shortly after 8:30 Saturday morning.

Coroner W. Hugh Duncan assembled a coroner's jury for an inquest. Serving on the coroner's jury are: W. C. Hires, Charlie Wood, Claude Loch, Leroy Smith, Francis Wilson, and Willie Hunt.

Leland Long, 38-year-old alleged moonshiner, died at 5:30 this morning as a result of an injured spine sustained in an automobile accident Saturday night on Highway 17-92.

Long, driving his car at an apparent high rate of speed, according to FHP Trooper T. Mark Mack, was traveling south on 17-92 when he crashed a wood barrier south of Five Points turning his car, a 1951 Mercury, over on its top.

### Krider Is Re-Named FSL President; 7 Teams Post Bonds

John Krider, of Sanford, was renamed president of the Florida State League at a meeting of the Directors held in Orlando yesterday morning.

Krider said yesterday afternoon "I accepted the position as president but without authority, I will only be responsible for handling the policy of the league during its 1957 season."

Explaining his position, Krider said "I will have no official duties except to preside over annual meetings and act as liaison man between the league and major league farm club officials."

Elected as executive vice president to handle all administrative matters was Peter Schaal, formerly of Sanford and now in the advertising business in Orlando.

Schaal was for a number of years league secretary and statistician. Seven teams have posted \$1,000 bonds to enter the Class D Florida State League for the 1957 season. The directors, acting yesterday on the Orlando franchise, gave Joe Cambria, who operated the Orlando Club during the waning weeks of the 1956 season, until Midnight Dec. 23 to post \$1,000 bond or suffer the loss of the Orlando franchise.

The door was left open for a possible Sanford entry in the Florida State League but the matter was not a part of the official business of the league directors. There has been no concerted action in Sanford, as yet, to enter a team in the 1957 Florida State League organization.

Teams posting bonds yesterday were officials representing Palatka, Cocoa, Daytona Beach, Gainesville, Leesburg, St. Petersburg, and Tampa.

Krider yesterday, attending the Mayfair Inn's \$15,000 PGA Open, said "I am sure we will operate the 1957 season with eight teams."

### Speeding Motorists Warned By Sheriff

Sheriff Luther Hobby pointed a warning finger at speeding motorists this morning when he called attention to the numerous accidents especially on Highway 17-92 in the section where the new road is under construction. "We've had two deaths over the week end," Sheriff Hobby pointed out. "Now, we're going to arrest everyone when caught exceeding the speed limit."

The sheriff sternly warned to enforce right here at Christmas time but it is necessary in order to save lives," the Sheriff said this morning.

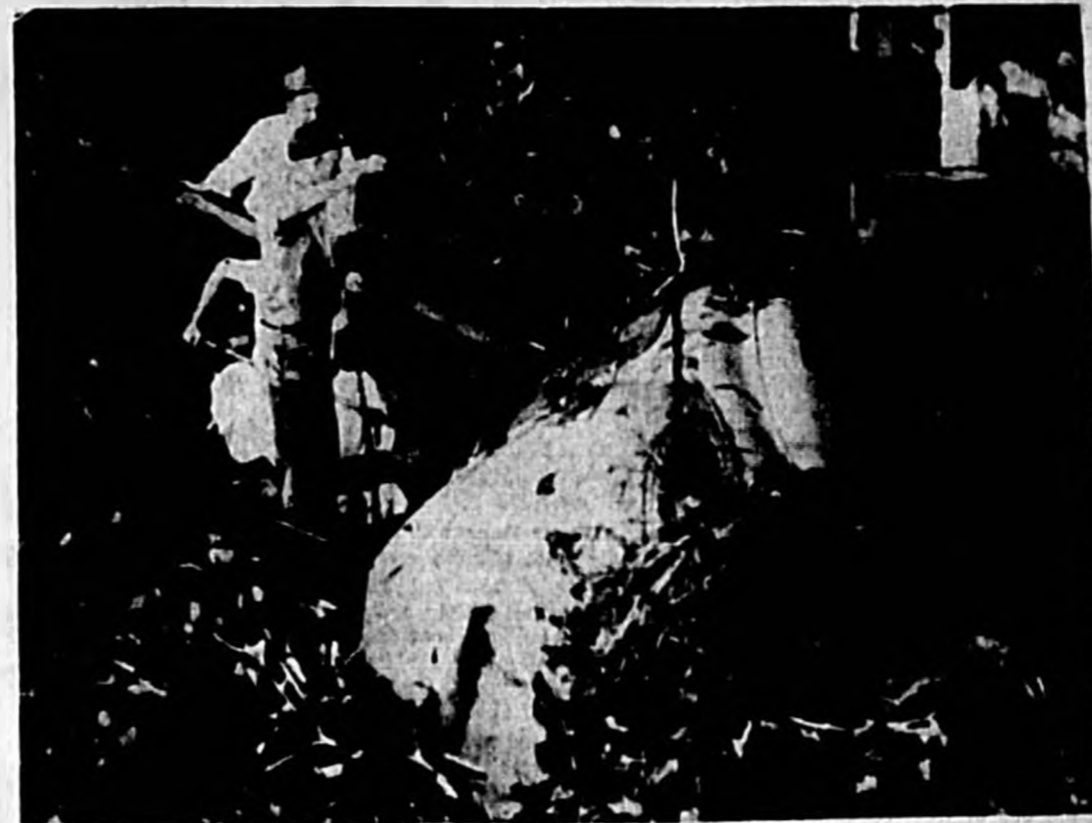

### American Legion Party Is Tonight

"There will be no business meeting of the Campbell-Lossing Post of the American Legion tonight," said Post Commander Lynn Lyon. "The entire meeting will be turned over to our Annual Christmas Party," he said. Admission to tonight's Christmas Party will be one toy. Lyon pointed out and these toys will be turned over to the Elk's Club for underprivileged children.

### Luther League's Christmas Party At Children's Home

Slavia—Members of the Luther League of St. Luke's Lutheran Church will hold their annual Christmas Party on Tuesday the 18 at 7:30 p. m. at the Lutheran Haven Children's Cottage. Membership to the Luther League consists of all the young people of high school age. The committee arranging the reception for the party consists of Elena Tuby, Mary Ann Tesinsky, Irene Hvizdak and Luther Duda. Susan Stanko is chairman of the refreshment committee, assisted by Phyllis Clemanec, Lois Murphy, Marlene Bellhorn, Katharine Mikler and Robert Mikler.

Another project of the Luther League is the annual Christmas decorating of the church and the trimming of the church tree. Sunday afternoon the 23 is the date set for this event. In the evening the group will go caroling at the homes of the Slavia community and surroundings. All young people of the church are invited to help with this project. Mr. Steven Sittik is counselor for this young people's group.

### Board's 'Closed Door' Meet Comes To Light

A "closed door" meeting of the Board of Sanford City Commissioners has come to light following the hassle between the Sanford Fire Department and Mayor F. D. Scott.

Mayor Scott, last Tuesday evening, called the Sanford Fire Department to answer an alarm at the Mayfair Inn Country Club. However, Lt. John Crow, on duty and in charge, refused to answer the "out of the city limits" fire call because of an ordinance which prohibits the local fire department from answering alarms unless property owners register their property with the city and provide insurance riders to cover the cost.

The social meeting was called last Wednesday morning for the Mayor to discuss his complaint. With all commissioners present, without calling the press into the meeting, official action was taken.

The City Charter, Section 11 provides that "The City Commission shall meet at the usual place for holding the meetings of the legislative body of the city, and at such times as may be prescribed."

### Registration Heads To Meet Jan. 18-19

The midwinter meeting of the Florida Supervisors of Registration Association will be held in Fort Pierce Beach on Jan. 18-19.

The announcement was made today by Elizabeth Summerlin, president of the association.

The meeting will be held at the Shamrock Motel.

All committees of the association will meet on the afternoon of Dec. 19 and the general meeting will be held on Dec. 19.

Supervisors of Registration from all of the 67 Florida counties are expected to be represented.

What Christmas Means To Me

By BETS AMBLEY Some nights are magic nights. No! I mean one of those, and there are others, too, sometimes, but never-the-less magical. These are beautiful nights when the world is large, and the sky is dark and black or maybe filled with a billion miraculous points of light. There is a different sort of feeling in the air - one of awe or wonder or great happiness. The loveliest night of all - Christmas Eve - combines all of these feelings.

Tryouts Are Held By Band

Tryouts That is the most dreaded word in band, whether you are a half a world away, the meaning of tryouts to the layman is this you must play music that you have never seen before; and it's invariably the hardest obtainable, in front of the whole band, which makes it ten times worse, even though the band members are your best friends.

Friday's Assembl

Friday was our last day at school until next year. We had a Christmas program which consisted of a number by the Frohman Girls Glee Club, a song by the Triple Trio and a reading of "The Little Star" by Mrs. Ryan.

## Medical Defense Office Readying Kit For Shock

By NEWMAN H. BOWEN, M.D.  
NEWSPAPERS across the country recently carried stories about the discovery of a new treatment for shock.

An international team of medical scientists conducted clinical tests and measuring spoons are tests which demonstrated that scrupulously leveled off, some of oral consumption of a salt and then hold amounts which would soda solution is an effective emergency treatment for cases of shock due to burns.

Complicated Treatment  
Usual treatment for shock is injection of whole blood, plasma or plasma substitutes into the veins. In emergencies, such as an air attack, such complicated treatment would be virtually impossible on a mass scale.

Correct Amounts  
The Office of Medical Defense knows this. That's one of the reasons why the OMD is procuring 330,000 packets of measured amounts of salt and sodium citrate. These will be distributed along with quart measuring containers among first aid stations and mobile hospital units, according to this new method of shock treatment stressed the fact that the ingredients used in the solution—baking soda, table salt and tap water—are in every home.

Great Danger  
This obviously is true. However, there is a great danger that the average layman would make too strong a solution even if he were to mix it at his leisure.

## The Christmas Story

By RAYMOND A. LAJOIE  
Central Press Association Correspondent  
(First of a series)

FOR people of all ages, Christmas is the holy season of happiness.

To some, it is the radiant Madonna and Christ Child and the scene at the manger, or the humble shepherds in adoration. To others, it is the Wise Men of the East, the angels and cherubs, or linking bells and Christmas choirs. To many, it is all this plus much more besides—evergreen leaves and Christmas trees, holly wreaths and greeting cards, gifts and Santa Claus.

But to all of us, one thing is sure. It is old friendships come alive again, and the true spirit of peace on earth, good will toward men reigns everywhere.

There is no other celebration in the history of the world so rich in charming legend, fact and fancy—all of it blending delightfully into the greatest of our Christian observances, a golden heritage evolving through twenty centuries of time.

Interesting it is that Christmas wasn't always celebrated on Dec. 25. History records that early Christians pliously observed Jan. 6, April 19 and even May 20 as Christ's birthday.

It wasn't until the Fourth Century after Christ that Pope Julius I definitely established the immovable date of the twelfth month in commemoration of this special day, and the edict has endured to this time.

Further, in this regard, it is too late to change the date of Christmas, but there seems to be undeniable proof that we have been celebrating the wrong day. It now appears certain that the proper year of Christ's birth is 7 B.C.

In the year 1603 the great astronomer Kepler saw the mighty planets Jupiter and Saturn in conjunction above him. He made minute calculations and found that the same planets had fallen in the same way into one line in the winter of the year 7 B.C.

When the heavenly bodies fall in conjunction they appear larger and more brilliant. The heavens appear to light up as though at the advent of a new and mighty star; and so it is easy to believe that the Three Wise Men saw this illumination in the skies and found their way across the bleak deserts to the manger in Bethlehem at that time.

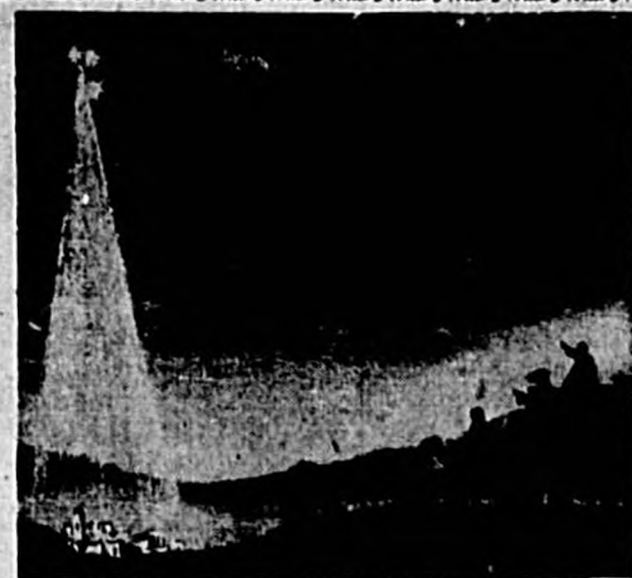

What is the story of the beloved Christmas Creche? Christ's crib, installed in a cave in Italy, served as the center of a crude altar for St. Francis when he celebrated Christmas in 1223. Although the saint was the first to popularize the creche, simple presentations of the Nativity had taken place in the church as early as the 8th Century.

These soon evolved into elaborate plays in which the clergy took the parts of shepherds, angels and even midwives—to help at the birth of the Holy Infant. St. Francis desired to restore the classic drama to its humble origin and meaning. In the mountain cave where he lived above the town of Greccio, he placed a life-size image of the Christ Child in a manger.

A wealthy lord provided ox and ass for the scene and peasants scattered straw upon the floor. At night, the cave was alight with flickering tapers as throngs of worshippers from the surrounding farms and towns pressed into the rocky chapel to witness the quiet, ascetic monk at his devotions commemorating the Nativity.

Still another highlight? Christmas to many moderns just isn't Christmas without the funfule custom of kissing under the mistletoe. We owe our pleasure to ancient times, to the popular mistletoe kiss which originated with the staid English!

The Druid priests of England of long ago—in the twelfth month—went out into the woods and gathered together what they considered

ed the sacred plant, the boughs of which, when blessed, were looked upon as the true symbol of purity and love. The Druids, who lived at a time before Christ in Britain and Gaul, would cut the giant oaks with golden sickles during elaborate religious ceremonies and give them to young men to carry to the homes of the people.

It was the duty of the populace to accept the mistletoe and to show their appreciation for the blessing by offering aims to the young men. The mistletoe then was hung over the doorposts of the homes and it was thought that only happiness could pass under the branch.

To the ancients, too, goes the honor of using the lovely traditions of decking the halls with deep green ivy and foliage at Christmas-time. Holding nature in reverence, primitive man sought to bring a blessing into his home through the woodland spirits. These spirits, he implicitly believed, dwell in all growing things—a custom which brought about today's popular use of evergreens during the happy Yuletide season, and was, as well, the background from which evolved the fabulous Christmas tree of pine and fir.

A pretty legend tells us that when Christ was born, the devil died and all the bells on earth rang in celebration, just as they will ring again on Christmas morning. And to this very day, the bells remain one of the most appealing symbols of Christmas joy and cheer. They have as their home of origin both France and Italy.

Another Christmas story points out that the Yule Log, most popular in France and the Balkans, is derived from a Christmas legend of long ago in which a shepherd, seeing the Holy Family suffering from the bitter cold, gathered wood and built a blazing fire to keep the holy ones warm and comfortable.

The Christmas candle, of course, is symbolic of the Star of Bethlehem. For centuries, it was burned in churches as a symbol of enlightenment, and it signifies, as well, the Virgin Mary's purity.

Today, the popular bayberry candle, made from wax of the bayberry bush, perfumes the home while burning and is traditionally associated with the Christmas season of ages past.

The use of trinkets in Christmas tree decorations dates from the early Roman days when masks of Bacchus were hung on trees to impart fertility to those who gazed upon them.

Tomorrow: THE CHRISTMAS STORY — is more of the traditions which have grown from ancient folkways and rituals, bringing gladness and goodwill.

## U. S. Uranium Oxide Production Shows Double Increase

WASHINGTON—The Atomic Energy Commission AEC has reported today the rate of U. S. uranium oxide production has doubled in less than a year.

This was the first release of such information, in line with a new policy announced with the aim of speeding developments of peaceful atomic power.

U. S. mills currently are producing at an annual rate of more than 8,000 tons of uranium oxide, compared with 4,000 tons at the beginning of the year, the AEC said.

Uranium oxide is a concentrate that may be refined into metal for nuclear reactors or into chemicals for gaseous diffusion plants.

The United States, Britain and Canada said they will release much information on nuclear power techniques and resources heretofore kept from the public. AEC said in explanation that the world is "on the threshold of practical atomic power development."

The report on uranium oxide output was accompanied by an estimate that the United States had 60 million tons of uranium ore reserves as of Nov. 1.

Of these reserves, 68.4 per cent were in New Mexico. Utah has 12.5 per cent, Colorado 8.8, Arizona 4.3, Wyoming 3.8, Washington 2 and all other states 1.7.

The information was given out simultaneously with an estimate in Ottawa that Canada has 225 million tons of known reserves of the ore.

"Extensive private drilling during 1956, almost twice that of any previous year, greatly increased ore reserves," AEC said.

"This was particularly true in the Ambrosia Lake area of New Mexico where large reserves were proved on lands previously classified as potentially ore bearing."

The century plant blooms once in its lifetime; not once in 100 years as its name seems to indicate.

## Radio TV Highlights

NEW YORK—Victor Borge was very funny indeed in his "Comedy in Music" CBS-TV the other evening. He achieved the commendable result of creating laughter from coast to coast.

To one viewer, however, he was not as funny as in his one man Broadway show of the same name. This reaction raises an interesting question concerning some of the medium of television feels it must do when bringing a stage success to the home viewing audience.

There seems to be a theory that one must broaden a stage drama or comedy when putting it on television. Borge on Broadway was best when he was subtle. He also has been best in his two television appearances when subtle.

But as a result of the theory that subtlety is lost on much of the TV audience he was induced to throw in some very broad comedy Tuesday evening. Borge burlesquing Liberace and Elvis Presley wasn't Borge at his best. But Borge playing elementary tunes in exaggerated imitations of classical composers was superb.

There is instinctive dread in

television of putting one man, and only one man, on the home screen for a single hour. He can't possibly hold a TV audience, the theory goes. Regardless of the fact that Borge has held audiences totaling hundreds of thousands throughout the world entirely by himself, an orchestra was added to his TV show. It turned out to be an unnecessary expense.

There is a theory rampant in television that an audience cannot be asked to laugh for an hour; it must cry a little too. There must be a little schmalz or pa-

thos to vary the pace. The phrase booted in television is "doing a Micawber." The classical example always cited is Jackie Gleason's characterization of the Poor Soul.

Borge amply varied the pace of evoking laughter by his excellent rendition of Rachmaninoff's Second Piano Concerto. One realized that he is, when he cuts the comedy, a great pianist. So it was unfortunate that he recited to music that loving bit, "A Child's Grace" by Ernest Claxton, illustrated with photo-

graphs of children. Excellent as it was in itself it was not a part of the mood of "Comedy in Music."

Yet the second "Comedy in Music" seen on television was great fun, some of the best TV fun in recent weeks. One can

only hope that Borge will go on to do what he has called the third, fourth and fifth halves of his excellent show.

# Adequate Protection Should Be Provided At Railroad Intersections

One of the worst traffic accident weak spots in the history of Seminole County has just been experienced.

True, speed has been predominant in the cause of accidents and in the loss of two lives.

Speed has also been responsible for injuries, property damage, suffering, and expense.

But there could have been one accident less had there been sufficient warning for the driver of a car.

There is no way to estimate the loss in this particular accident. Injury has created heartaches, suffering, property damage and anxiety on the part of hundreds upon hundreds of people.

An unprotected railroad crossing within the city limits of Sanford was the cause of the accident to which we refer.

For the want of an inexpensive flare to warn that a train was crossing a city street—an uncalled for injury becomes a part of the tragic traffic accidents of our country.

Every railroad crossing in the city of Sanford and in the entire area of Seminole County should be provided with protection to warn motorists of approaching trains.

Railroad sidings and spurs, short lines into various parts of the county become deathtraps for motorists who ride the highways unaware of an unseen barrier to safety.

It is admitted that train whistles are blown, bells are rung, and twirling lights play along the tracks—but sound above the drumming and pounding of an automobile motor is no advance notice of impending danger.

Protection that can penetrate fog and darkness for hundreds of yards can provide the answer for safety to both property of the railroads and to the lives of men, women and children who use the highways for travel.

The cost for protection at every street and road—knowing that total monetary outlay would be incidental to the cost of investigations, property damage, loss of life, medical bills and the untold suffering.

In the name of humanity, this protection should be made available to those whose lives are endangered, and that would leave out very few of the total population of the county.

Where should the movement start to provide this protection for the welfare of the public? To be truthful—the movement should start with the railroad who would

profit most from such an expense necessary to provide them.

If that isn't the answer, a petition should be circulated asking every citizen to sign the request that they and their families be provided with additional safety measures.

Our local lawmakers should be interested in presenting such a proposal for adequate laws and ordinances requiring protection at every railroad crossing in Sanford and Seminole County.

Whatever steps are necessary to be taken for the providing of adequate safety measures for the protection of human lives and for the protection from damage to property, whether that property is of the citizens or the railroad, should be undertaken immediately.

There is no expense so great that it would be comparable to the suffering and distress caused by injuries and death at our street, highway and railroad crossings.

The automobile has become a standard in family and public transportation. There is going to be speed, there are going to be incidences of every character, but that does not eliminate the necessity for protection of human beings as they utilize to the fullest advantage the mode of transportation that has become universal.

It is known that such action cannot be an overnight thing. But haste is necessary for the ultimate goal of having every intersection of a public street or road with a railroad completely provided with protection for the motorist with the approach of a train.

## Inside Washington

WASHINGTON — White House sources say President Eisenhower is so earnest about remodeling the Republican party that he is now ready to war against members of the GOP who refuse to have anything to do with "modern Republicanism."

In 1952, 1954 and 1956, Mr. Eisenhower supported all Republicans for office, regardless of whether they agreed with his views of what the party stands for. Thus, some extremely right-wing Republicans, far away from the President politically, than many Democrats, nevertheless had his blessing.

White House aides now say Mr. Eisenhower is abandoning this policy, and that his tremendous election victory, while the GOP failed to win a majority in Congress, has convinced him that the party cannot exist unless it "goes modern."

Therefore, the President is likely to take sides in GOP primary races in 1958, throwing all his prestige behind any "Eisenhower Republican" who vies with a member of the "old guard." However, even before 1958—particularly in the next session of Congress—the chief executive will undoubtedly exert all the pressure at his command to help "modern Republicans" and hinder right-wingers.

Congressional investigations—in what may be a related development, an effort will be made in Congress in January to put an end to so-called character assassination by congressional investigation.

Senators Thomas H. Kuchel (R), California, and Prescott Bush (R), Connecticut, both Eisenhower Republicans, who won re-election this year, will introduce a resolution calling for the Senate "to elevate the level of committee investigations" and "to assure citizens of fair treatment at the hands of their legislators."

Kuchel said the resolution would call for a code of conduct which will curb what he calls "flagrant and degrading abuse of witnesses, smears of innocent third persons, and use of investigations as sounding boards for the rankest heresay."

The target apparently is Senator Joseph R. McCarthy (R), Wisconsin, who frequently opposes the administration. McCarthy is ranking Republican on the Senate permanent investigation committee—and he headed the committee during the first two years of President Eisenhower's first term.

Geiger Count Marriage—Disclosure that the United States plans to establish a "safe" radiation exposure standard for the entire U. S. population raises all kinds of possibilities, particularly involving marriage.

Some scientists say that individuals, if plans are approved as being worked out, may have to carry personal "score cards" showing just how much radiation they have accumulated during their lifetime and how much more they could safely take.

Such records, it was said, may even determine what couples may marry and have children. For example, a man with a high accumulation of radiation soaked up from medical X-rays and atomic test exposures would be dissuaded from marrying a girl with a similar high rating.

As one man put it—the possibility is not eliminated that a Geiger counter would properly precede an engagement ring.

Campaign Flying—Air line authorities report that the two major political parties did more campaigning by air in 1956 than ever before in history.

They compute that Republican and Democratic candidates for President and vice president and the "truth squads" of the two parties chalked up 200,000 air miles during the campaign. The previous high was in 1952, when 175,275 miles were recorded in the air.

Train Travel was minimized by the major candidates but strategists of both parties concede that for congressional and local campaigns, the airplane isn't the answer for the aspiring candidates.

DIRECTOR NAMED JACKSONVILLE — The Florida Hospital Assn. yesterday named Steve F. McCrimmon, director of Doctor's Hospital at Coral Gables, president elect to take office at the 1958 convention. Ben P. Wilson of Ocala was installed as president for this year.

Robert E. Rafael of Tallahassee Memorial Hospital was selected secretary-treasurer.

# Nussbaum Has Successful Career

NEW YORK — Jack Nussbaum's mother didn't raise her boy to be a life insurance salesman.

He became one because at the time it seemed a better idea than starving. Today he thinks it's a wise mother who alerts her son early to the possibilities of financial success in the booming insurance field.

For Nussbaum feels that any young man who gets into the business now will ride the crest of a still growing wave.

"In 1933 there was \$6 billion dollars of life insurance in force," said Nussbaum, president of the National Assn. of Life Underwriters. "By 1955 it jumped to 151 billion dollars, and last year to 272 billion."

"In another ten years it should reach anywhere between 750 billion to a trillion dollars."

Nussbaum's own career is an example of the success that can come to a man who stumbles into his natural vocation by chance. He quit school at 12 in the city of his birth—Glasgow, Scotland—and took a job in his aunt's clock factory.

"The job paid 60 cents a week, and it seemed a lot at the time," he said.

Three years later he came to America and became a clothing cutter. After serving in France during the World War I he began saving his money and bought into a Milwaukee store specializing in high-priced men's clothes.

In 1929 there occurred a notable business recession—some even called it a crash—and Nussbaum's income dried quickly from \$10,000 a year to zero.

One of the most popular gathering places for Germans in West Berlin is the American Memorial Library with its 120,000 books.

All things were made by Him; and without Him was not anything made that was made.—(St. John 1:3)

Almighty God, all-good, all-merciful, made the vast, limitless universe—our sun, and the millions of suns beyond it, and this tiny planet upon which we live. And He made each and every one of us, in His image. Each and every one of us is one with God, as each and every atom is one with the sun.

"I was offered a job selling insurance," he said, "and I took it very reluctantly."

"The first 25 weeks I earned \$13.12—an average of 75 cents a week. When a man said he couldn't afford to buy insurance, he was telling the truth. But I stuck to it."

His income rose steadily. Since 1943 he has been a member of the select "million dollar round table," made up of salesmen who sell that much insurance in a year. He earns up to \$50,000 a year but is prouder of the fact that despite his lack of formal schooling, he is a faculty adviser at Purdue University's Institute of Life Insurance Marketing.

Nussbaum says the public has a number of misconceptions about life insurance salesmen.

"You don't have to put your foot in a door to sell insurance," he said. "Women in particular are well-educated on the value of insurance, especially since we began emphasizing its living benefits rather than its death benefits."

"And you don't have to be a joiner."

Nussbaum himself belongs to only two organizations—the professional organization he heads and the American Legion.

"Insurance doesn't offer as high starting salaries as some other professions," he said. "But the 70 years old sold 45 policies last month totaling \$750,000."

"The men who have been five years or more with one large insurance company averaged \$12,500 each last year. The top 100 salesmen in the same company averaged \$27,300."

"And nobody can push you out of your job at 61 or 70. You can write your own ticket as long as you can write a ticket. One agent in Oakland, Calif., who is 78 years old sold 45 policies last month totaling \$750,000."

Nussbaum said most people buy life insurance today for investment but often at work also is the factor of "recognition."

"They want to be a financial success even if it's only on the day they die," he said. "They know that the first thing they will ask is, 'what shape did he leave his family in?'"

## Young Foundling's Dream Comes True

PHILADELPHIA (AP)—A two years' dream has come true for Harriet Thalf, 11-year-old Negro founding, over whom a lot of people are making quite a fuss this Christmas season.

Harriet at last has met her idol, and ideal, the great and gracious contralto, Marian Anderson.

Harriet sings, too, the quality of her sweet, clear voice already having won much praise. She lives in utter poverty, softened by an atmosphere of love; but want cannot stifle the intensity of her ambition to become an artist in music.

The two met at a luncheon in honor of Miss Anderson, a native Philadelphian.

The script called for Harriet to present a spray of flowers to Miss Anderson, to clasp her hand, and in good time, to sing for her.

Out of the same kind of poverty which blighted the early life of Marian Anderson in South Philadelphia, Harriet Thalf has appeared.

Miss Anderson's father peddled ice and coal; her mother once taught school. Money always was scarce. When the father died, Marian's mother supported the family by doing domestic work. At six Marian started singing at the Union Baptist Church, billed as the "baby contralto." When she was in high school, members of her church collected nickels and dimes to make up a fund to help her future. That led to her enrollment in music schools, and eventually to great honors.

Harriet, abandoned at the age of three months, was taken in and reared by Mrs. Emma Thalf, a domestic. Enrolled in St. Teresa's, she joined the choir and became soprano soloist and sometimes director of the ensemble. A voice teacher got her a scholarship. She won first place at the 34th Annual Irish Fairs this year at Fordham University.

L. Francis Carré of the Fire Department, giving over a list of groups chosen to sing Christmas carols in City Hall courtyard, noted the omission of St. Teresa's Choir. Thanks to Carré's reminder, St. Teresa's was asked to join in. The luncheon invitation followed, with at least a dozen city officials and others offering to stand as Harriet's sponsor.

But Harriet's one party dress had six holes in it. The head of a department store offered to outfit her completely for the party and for school.

Mrs. Thalf summed up for both of them: "We're poor in one way, but rich in love."

## On The BOOKSHELF

By SARA KING  
If you read and enjoyed Edwin Teale's "North With the Spring," you will have to read his new book "Autumn Across America". This companion to "North With the Spring" reveals the fall season in a cross-section from coast to coast as the author pokes into out-of-the-way places, encounters interesting people, discovers fascinating mysteries of nature, and travels through the infinitely varied autumns of the land, in deserts, mountains, rain forests, by the sea. Illustrated with photographs.

Another good non-fiction you may have been looking forward to is Fred Allen's book "Much Ado About Me". The autobiography of the well-loved vaudeville and radio entertainer tells of the vanished world of vaudeville and the struggles and successes of a young man from Boston who graduated from the glitter of Scollay Square into the one-nighters and split-weeks that led all the way to Brisbane, Australia, and eventually to Broadway stardom.

John Kennedy's "Profiles in Courage" is second on the best seller list. He tells the tales of a handful of Americans who at crucial moments in history showed the capacity to do that one thing that seemed right in itself, regardless of consequences to their public and private lives. Some of his subjects include John Quincy Adams, of Massachusetts; Sam Houston of Texas; Taft of Ohio; Lamar of Mississippi; President Washington; and Charles E. Hughes.

A story of the Florida Everglades by Helen Barney, "The White Dove", is about Honor Dixon, a young Quaker girl lost in the wilderness. She finds shelter in a primitive Seminole village, and discovers that Oswald, the chief's son, is a college friend. She determines to bring modern ways to his people, but the Indians have had good reason to distrust the word of almost any white men, and when her friend Fred Morrow breaks in from the outside to rescue her, he vastly complicates her problem.

## Mary E. Earle To Be Married To W. T. Walker

Mrs. William S. Earle Sr. announces the approaching marriage of her daughter, Mary E. Earle, to William T. Walker, of Oviedo.

The wedding will take place Tuesday, Dec. 18, at 7 p. m. at the First Presbyterian Church. All friends of the couple are invited to attend the ceremony and the reception, which will be held immediately following the wedding at the home of Miss Rebecca Stevens, 821 Park Ave.

Miss Earle is Tax Assessor-elect of Seminole County. Mr. Walker is engaged in farming. After a short wedding trip the couple will be at home in Oviedo.

## Personals

Friends of Mrs. R. E. Tolar will be glad to learn she is recuperating nicely at her home, 807 Magnolia, after being hospitalized with a broken shoulder.

Mr. and Mrs. Watson Wallace will observe their 25th wedding anniversary tomorrow.

Ms. A. P. Bandy left Saturday for Columbus, Ga., where she will visit friends for a few days, going from there to Atlanta, Ga. for several days, before going on to Leaksville, N. C. to spend Christmas with her daughter, Mrs. Carter Wilson.

Bruce Anderson, who attends the Baylor School for Boys at Chattanooga, Tenn., is spending the Christmas holidays with his parents, Mr. and Mrs. B. W. Anderson of Route 2.

Also home from Baylor for the holidays is Jim Wright, son of Mr. and Mrs. J. A. Wright Sr.

The first part of the book is devoted to an intense study of the minds of the two criminals. The story then recounts the police search, and finally the brilliant and revolutionary defense made by the most famous lawyer in the land.

December readers' choice of current books is still "Don't Go Near the Water" (we have two copies so if your name is on the list it should come up soon). Best seller of the week in the fiction department is " Peyton Place" with "Don't Go Near the Water" second. (and by the way "Auntie Mame" is still on the list!) In the non-fiction "The Nun's Story" is first and "Profiles in Courage" second.

Literary Guild selection for December is two volumes of "Stories to remember" edited by Thomas B. Costain and John Beecroft. Both are full of some of your favorite stories by your favorite authors.

On order: "Anne Boleyn" by Evelyn Anthony; "Beware the curves" by A. A. Fair; "Those Thousand Hills", by A. B. Guthrie; "Bon Voyage" by Joseph Hayes; "Mirage" by Ruth McKenny; "Rally" by Florida Nurse; "Home Ranch" by Ralph Moody (latest book).

All of which will make good holiday reading. And do relax with a book sometime during the rush. It's good for you.

Supply plenty of soap or detergent, too, so that they can wash up heaps of bubbles. You'll be amazed at how little soap to use with things proportioned to adult size.

## Mrs. Goff's Kindergarten Has Program

Mrs. O. K. Goff's Kindergarten class presented its annual Christmas program Thursday morning at the Baptist Church, with many parents, relatives and friends attending.

Mrs. R. T. Humphrey, regular pianist, played Christmas selections and accompanied the children.

The guests were welcomed with a poem, recited by Jim Heckenbach, who also acted as herald, announcing the arrival of different toys appearing in the play "Santa and the Toys that Came To Life."

Those participating in the play were Danny Wright as "Santa Claus"; Linda Cullum as "Mrs. Santa"; Aaron Wooten, David Holloway and Albert Jarrell as "Brownies"; Denise Jarrell and Nancy Crabtree as "Fairies"; Analee Moore, Judy Lynn Wyche, Debra Moore, and Jenny Olliff as "Paper Dolls"; Iris Dornay, Kay Ferguson, and Paul Parsons as "Doggles"; Paul Rollins, Mitch Melzer and Steve Fletcher as "Sailor Dolls"; Laurnell Johnson, Jay Morrison, Vicki Hardin, Melanie Murray, Patsy Crawford and Sue Jeffcoat as "Dolls"; Van Robbins, Glenn Jones, Mett Morgan, Jimmy Williamson, Bill Braeken and Johnny Burkholder as "Toy Soldiers"; and Susan Metzger, Jane Mero and Terry Siskind as "Kittens."

At the conclusion of the play, Jenny Olliff recited "Twas the Night Before Christmas." The Christmas Scripture from Luke was repeated in unison by the class, after which seven Christmas songs were sung.

## Two Honored At Party Sunday

Dr. and Mrs. A. W. Epps Sr. entertained with a birthday party Sunday honoring his mother, Mrs. W. H. Epps of Tampa, who will be 73 Wednesday, and her father, J. E. McElhannon, of Jefferson, Ga., who was 80 on Saturday.

The party was held at the Epps' Lake Minnie home, and luncheon was served on the lakefront terrace.

Those attending were Dr. and Mrs. A. W. Epps Jr. and Wayne, Marilyn and Dennis, and Dr. and Mrs. John W. (Bill) Epps and Lorraine and Steve.

## 22 From Holy Cross Kindergarten Have Christmas Program

22 little boys and girls of Holy Cross Kindergarten put on their annual Christmas program Friday morning at the church.

They went into the church proper, where they sang five Christmas carols from the adult choir loft. Father Thomas conducted the very brief service, at the conclusion of which the children returned to the nursery to exchange Christmas gifts. They were served ice cream and cake made by some of the mothers.

Mr. and Mrs. J. M. Shoemaker and sons, Jimmy, David and Gary arrived from Pine Bluff, Ark., to spend the Christmas holidays with his parents, Mr. and Mrs. A. K. Shoemaker.

## Annual Christmas Banquet Held By Castle Memorial Class

Castle Memorial Class of the First Methodist Church held its annual Christmas banquet in McKinley Hall social room of the church Saturday evening. A turkey dinner was served buffet style to about 85 members of the class and their guests, who sat at beautifully decorated tables, and ate by candlelight.

Highlight of the evening's entertainment was a quiz program conducted by popular Charlie Morrison, who gave away silver dollars donated by the Florida State Bank to contestants giving three out of four correct answers to the variety of categories listed on the blackboard. Winners of the silver dollars donated their winnings to the Sunday School Class Treasury. The class is attempting to raise money for a junior worship center.

Credit for the successful production of the dinner goes to Mr. and Mrs. Ted Williams, Mrs. Beck with, Mr. and Mrs. Gerald Myers and Mrs. Grady Herman, who purchased, prepared and served the food. The candlelit tables were decorated by Mrs. Justice Lee, Mrs. J. B. St. John, Mrs. Dick Jones, Mrs. Jimmy Wright and Mr. and Mrs. Ashby Jones. Others on the social committee who helped with the preparations were class president, Ernie Southward and Mrs. Southward, Mr. and Mrs. Ozzie Roberts, Mrs. Al Calhoun, Jim Hozard, Roger Higgins, and Mr. and Mrs. E. S. Higginbotham Jr.

The ten third grade teachers who worked with the boys and girls were Mrs. Rebecca Holmes and Mrs. Oscar Neider.

Miss Gene Nunnally was soloist also for the Sanford Grammar School program where she sang "Sweet Jesus", "Christmas Candles" and "Bethlehem".

A choir composed of 40 members of the 6th grade class sang 11 selections, under the direction of Mrs. Roberta Richards. The quartet, composed of Sandra Richards, Judy Van Winkle, Beiford Alken and James Guy, sang "The Birthday of the King". Mrs. N. V. Farmer was accompanist for the program.

## 2 Grammar Schools Present Christmas Programs Thursday

The Westside School's annual Christmas program was presented by 30 boys and girls of the third grade, who were dressed in white robes with red bows under the chin.

On stage a series of living pictures were posed, while the choir sang musical selections appropriate to each picture.

Miss Gene Nunnally, soloist sang "Sweet Little Jesus Boy," accompanied by Mrs. Dorothy Hauser, County Music Teacher.

David Wieboldt played two accoridian selections "Silent Night" and "Away in a Manger."

Miss Gene Nunnally was soloist also for the Sanford Grammar School program where she sang "Sweet Jesus", "Christmas Candles" and "Bethlehem".

## J. C. Mitchells Celebrate 40th Wedding Anniversary

Mr. and Mrs. J. C. Mitchell, who celebrated their 40th wedding anniversary on Saturday, were entertained at a dinner party Thursday night given by the faculty of Southside School, where Mrs. Mitchell is Principal.

The dinner was held in the private dining room of the Mayfair Inn, where the table decorations followed the Christmas theme, with red candles, poinsettias and red, chrysanthemums being used in an attractive arrangement.

The 40th being the ruby anniversary, the guests of honor were presented a beautiful ruby-colored epergne. Mrs. Mitchell was also presented a lovely orchid given by Mr. and Mrs. A. K. Rosseter.

On Friday night, the Mitchells had a dinner party at Spencer's for a small group. Among the guests were their son-in-law and daughter, Judge and Mrs. Tom Kirkland, of Orlando.

The table was gay with Christmas decorations, and the guests all enjoyed a delightful dinner, after which they went to the Mitchell home for an evening of bridge.

Mr. and Mrs. Mitchell were married in the Methodist parsonage at Americus, Ga., after Mrs. Mitchell had completed her stint of teaching for the day. They then went to their hometown of Yatesville, Ga., where they lived for nine years, moving to Sanford when their daughter was six years old. Mrs. Mitchell started right in teaching the first and second grades, which she continued to do for 20 years. For the past eleven years she has been principal at Southside School. Mr. Mitchell is associated with the Southward Fruit Co.

## 4-H Club Learns Proper Measuring Methods At Meet

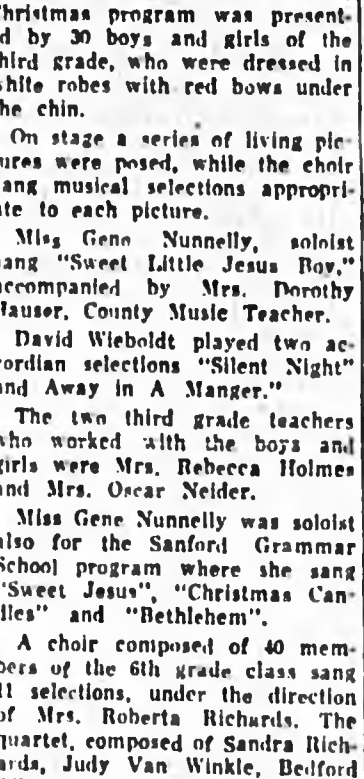

Wednesday's meeting of the Sanford Grammar School Fifth Grade 4-H Club was called to order by Nancy Perkins, after which the group sang Christmas carols, led by Myra Neeks and Beth Buck. After they had sang "Hark the Herald Angels Sing", "Joy to the World" and "Silent Night", Cathy McBrain, secretary, called the roll. This was followed by the Pledge to the Flag, and the devotional, led by Carol Samuels.

The first demonstration of measuring was given by Norma Wittern, who showed the proper way to measure a level cup of sugar, and also how to measure a half-cup of sugar. Karen Walcott then demonstrated the correct way to measure water.

It was announced that the club would have a radio program on WTRR at 11:30 Saturday morning, Dec. 15.

# Fetchick Wins Top Money In PGA Open; Stranahan Close Behind Course Record Broken

The final day of the Second Annual \$15,000 PGA Open saw the course record broken twice in seven minutes yesterday, as Mike Fetchick with a hot putter on the first two days and a hot driver on the last two, blazed a curvish path to win the top money of \$4,000 for his 72-hole tournament with a 17 under-par 285. Close behind him all the way was consistent Frank Stranahan. Stranahan finished two strokes above Fetchick with a 18-under-par 285, good for second place and \$1,800. Three strokes behind Stranahan, Dow Finstervald, gained third with a 18-under-par 288, good for a check written by Horace Stoneham, head of the New York Giants organization, and pay-off man for the tournament, for \$1,400.

All three broke the course record for 72 holes at the Mayfair Inn Country Club, an 11-under-par 289 set by Al Balding of Erin Dale, Canada in the tournament last year.

The last two threesome coming in yesterday afternoon decided the winner. Stranahan finished seven minutes before Fetchick.

Stranahan and Fetchick were regular teeing off for the final round. Trailing by two strokes for the lead, Stranahan turned to Fetchick and said, "You'd better not look around today, Mike, I'm right behind you and I'm right ahead of you."

During the round the competition narrowed as Fetchick bogied on the tenth. Both Fetchick and Stranahan were three under par at the turn, and the bogie put them only one stroke apart for honors. It was only his third bogie for the entire tournament. Missengers were keeping both threesome informed as the made the turn and started in. After Fetchick bogied on number 10, Stranahan putted for a birdie on the score. He got off a perfect putt, but it eluded the lip of the cup and rolled past.

Fetchick was watching Stranahan putt on number 17, Stranahan bogied and the race was over. "I had a lot of good chances for birdies after that, but I didn't try for them. And I didn't play it safe. I just played and let the ball fall where it would," he said.

His best professional year, topping the Mayfair Open this year will bring Fetchick near the \$15,500 mark.

With the check in his hand he was asked if he was going out to Los Angeles for the winter tour. "Yes," he said, "But I'm going home for Christmas first."

Of the 60 pros that went into the final half of the tourney, half of them finished in the money.

## Seminoles Drop Game To DeLand Quintet

The Sanford Seminoles proved to be the foot mats again Friday night when the cage quintet dropped on unimpressive game to DeLand 68-29. It was the third straight one-sided loss by the Seminoles since they won their season opener over Florida Military School.

Clarence Hillall was the high man for the Seminoles with only five points.

The New York Giants attracted the fewest home fans in the National League in 1954. A total of 629,379 paid to see games in the Polo Grounds, a drop of almost 200,000 from the 1953 attendance.

### Conning The News

BY VIRGINIA CONN

Friday is always a bad day to write news, because it is so old by the time Monday rolls around. The schools have had their Christmas parties, and with the children out of school we will all be so busy that today I'd like to take a breather and not write about social affairs. And if you really want to know why, it's because I have been Christmas shopping all day, and haven't had a chance to call anyone. Then the rest of the day was spent at the Mayfair Country Club, watching the pro come in on eighteen.

There was no little excitement out there today what with one of the caddies being knocked out as he shagged balls, and taken to the hospital where he is in good condition, and undoubtedly released by now. Winter pro Porky Oliver suffered as he came up with a seven on number nine, and remarked that there would be some changes made. However, it encouraged the amateurs watching to see such a good golfer in trouble in a sand trap. Many of them were heard to remark, "He looked just like me!" Today Tommy Bolt displayed a goodly amount of temperance, which is one reason golf is so widely followed. The gallery is just waiting for one of the players to fly off the handle. The gallery itself, is full of personalities and frequently it is not the players that are getting the attention. But once again, Sanford was blessed with beautiful weather on this, their highlight of the year. Saturday and Sunday the crowds will be out in the thousands, and I hope that by the time this comes out, none of Fanchon McRoberts faithful crew have been trampled in the stampeding masses. Fanchon herself has worked long and diligently, as have Vern Smith, Joanne Fouk and Sally Straus, and the rest of the members of the Women's Golf Association, to make the tournament run smoothly. Hope that Frank Mahana feels repaid by this time for the free luncheon.

By now most everyone in town has received his Christmas seals, and sent in two dollars to the Seminole County tuberculosis and health association. If you have not received them and have not bought them down town, call Mrs. Graham at 794, and she will gladly get them to you at once. Many of us have fallen into a laxity about the Christmas seals, because we rarely hear of any one with T. B. any more. This is true. Much of it has been arrested. At the present time Sanford has twenty patients in the hospital in Orlando, and three in the hospital in Tampa. These patients are cared for. They will be taught before they are discharged how to care for themselves. But T.B. can touch you too. At this moment one of our own girls is suffering from the same disease. Fortunately in her case it has been discovered in the early stages, but it still means that she will be in the hospital for nine months to a year. Because we have a drive in Seminole County, she will be able to go to the hospital in Orlando, where she will be able to see her husband and children. This girl is NOT poor, she is NOT negligent about her health, and yet this disease has attacked her. The mobile X-ray units will be in Sanford from the eighth of January until the sixteenth. We urge you to be X-rayed then. It is not

the patient in the hospital the Association is worried about, it is the man in the street or the mother in the home who may have T. B. without knowing it. And meanwhile when you get your seals send in your donation, and remember that it will help some one you may know, and when the mobile unit comes to your neighborhood, take the time to be X-rayed. Remember the lesson that our friend has in only two months old, doctors think, and yet she must be hospitalized for almost a year. Think about it and I'm sure I don't have to say any more.

Children love to mimic their elders, so next time you want to keep them out of mischief, provide some adult "tools." Good water-play materials include an old washtub or pail, a scrub-brush, and a washboard.

Orlon is noted for its wonderful wash-ability, dry-ability, and shapeability. That's why Orlon sweaters will give you lots of pleasurable wear if you give them a reasonable amount of good care.

WHITE AMERICAN BROADTAIL enriches a costume of imported black and white tweed from George Carre's collection. Straight-sharpened, the coat is lined throughout with fur. Fur also overlays the flat collar. The costume is shown here with a black cashmere sweater.

## Additional Society Calendar

**MONDAY**  
The Sanford Story League will meet at the Episcopal Parish House at 8 p. m.  
The Dependable Class of the First Methodist Church will meet at 8:30 p. m. for a covered dish supper and Christmas party, at McKinley Hall. The husbands of the members will be guests and there will be an exchange of gifts.  
The Past Matrons Club will meet with Mrs. Tommy McClain at 7:30.  
Enlisted Men's Wives Club will meet at the U. S. O. at 8 p. m. for a Christmas party and election of officers.

**TUESDAY**  
Sanford Tourist and Shuffleboard Club will meet at 8 p. m. for a covered dish supper and Christmas party.  
The monthly meeting of the Dorcas Class will be held at 7:30 p. m. at the home of Mrs. W. J. Crabtree, 2349 Palmetto Ave. with Mrs. A. L. Thomas, Mrs. R. A. Cohen and Mrs. R. J. Schmidt as cohostesses. A White Elephant gift exchange will be held.

**WEDNESDAY**  
Prayer Meeting will be held at the First Baptist Church at 7:30 p. m., at 8:15 the Sunday School Cabinet will meet and at 8:30 the Intermediate and Adult Choirs will go Christmas Caroling.  
**THURSDAY**  
At 7 p. m. the Brotherhood of the First Baptist Church will serve a Christmas supper to its members, their wives and sweethearts. The Intermediate Choir will rehearse at 7 and the Adult Choir at 8 p. m.  
The meeting of O. E. S. Seminole, Chapter No. 2 will be held at Masonic Hall at 8 p. m. Each person is to bring a one dollar gift for Christmas exchange.

**New Gas Ranges Are Colorful, Easy to Wash**  
Homemakers can now select gas ranges color-keyed to match the pretty decorator colors used for other kitchenware and equipment. The colorful new ranges are easily washed, sparkling clean with soap or detergent suds on all outer surfaces.  
Best of all, storage drawers, burner grates, burner and broiler trays, burner heads — and even oven doors — are removable for in-the-sink suds-scrubbing! Some ovens are also equipped with glass "windows" which are removable for washing.

### Miss Walstrom, Rev. Burnette Are Engaged

Mr. and Mrs. Francis Edward Walstrom, of Tampa, announce the engagement and approaching marriage of their daughter, Virginia Ann, to the Rev. Jimmie Burnette, of Gainesville.

The wedding will be solemnized at 7:30 p. m. on Thursday, Dec. 20, at the First Christian Church in Tampa.

The Rev. Burnette supplied as pastor of the First Christian Church here during the summer of 1954. He completed his undergraduate work at Atlantic Christian College, Wilson, N. C., last June. He is a first year student in the Bible College of Phillips University, at Enid, Okla.

### Yuletide Party Is Held By Members Of Mothers' Circle

A noontime Yule party was enjoyed by the members and friends of the Mothers' Circle of the Episcopal Presbyterian Church on Dec. 13 in the Sunday School Room.

The rooms were cheerfully decorated with pine boughs and trimmings. The centerpiece on the table was a Christmas tree and miniature village, nestled in pine and snow.

The Christmas story was read and prayer offered by Mrs. L. DeYoung. There were 18 present for the event.

**Beauty Tip**  
The cosmetic aspects of the Empire look featured this season include some eye make-up along with a pale, scrubbed skin tone and pink lip color. In using mascara, try to achieve a delicate, smooth line instead of a lumpy and blotchy one.  
One rule for success is always to apply mascara to your eyebrows or lashes with a clean brush. Wash the brush often between your fingers, using soap or detergent suds and spreading the tiny bristles apart to remove clogged matter. Rinse, and pat the brush dry with a tissue.

### Last Day Of School

By BHS STUDENT  
It's finally here! Can't you guess? This is the time, other than summer vacation that is long awaited.

Yes, its Christmas vacation time again. A lot of pleasant events have taken place previous to these weeks of relaxing.

On Wednesday night the annual Christmas concert was given by the Glee Club under the direction of Miss Whittle.

Thursday there was a feeling of restlessness around the school. Everyone was wishing this day would end leaving only one day of the week.

Friday, the Freshman Glee Club and Triple Trio added to the Christmas spirit by singing and leading the student body in Christmas carols.

At last the bell rang! Free! Although many students will have part-time jobs there is still the feeling of rest for a while.

Now everyone is looking forward to the end of school. Then next year the story will repeat itself as it has in the past.

Many will take trips. Some will sleep. A few will do some daring things. Several will receive engagement rings. Maybe that's daring.

As a whole though, everyone will thoroughly enjoy themselves and get their fill of Christmas food and giving. Parties will be attended by the dozens. Songs of peace and good will will echo through the town as each in his own way expresses the feeling of this season.

Then, after presents have been opened and their contents closely inspected the thrill will be over for a year. But, this time, in all its splendor, will come again.

**Hang These Boots**  
Want to keep the family's overshoes out of the way, in neat order, properly mated? Here's how: fasten a metal towel bar to a wall, and then attach spring clothespins with thin wire — one clothespin to hold each pair of boots. But before hanging them, wipe the boots with soap or detergent suds. This prevents soiling the wall and leaves them clean for the next wearing.

**Whom Would You Pick?**  
to help settle a claim against an insurance company... an agent who works for that company on a full time salary or an agent who represents that company merely on a commission basis.  
If you guessed the latter you've guessed why your local, independent agent can best protect your interests.

Height Advantage Fails To Win Game For Tavares Five

By MARIAN JONES
Orlando.—The Orlando Lions faced a crucial test Friday night when they met the Tavares quintet on their local court.

The first few minutes of the game was just racing up and down the court with the ball.

It was plucky captain Luther Duda who started the ball rolling with the first field goal.

The 20-year-old man, one of the principal witnesses in the Hobby trial in Orlando, received a severe head injury in addition to his spine fracture.

They were chalking up points too fast to keep up with them. The quarter ended 10-7 Orinda.

It was in the last half of the second period that Tavares threatened to tie the score but never did. The half ended 23-20.

In the third and fourth quarters Wallace Kelsey and Mike Duda were a big help to their teammates. The third quarter ended 33-20 Orinda.

From then on there was no danger of a comeback by the Tavares Quintet. The final score was 57-23.

The highlight of the game was when Ferdinand Duda made one of the prettiest plays of the night. Tavares tried desperately for a comeback, passed the ball the length of the court.

Ferdinand led his teammates in points with 15, Carl Fabry second with 14, and Luther Duda third with 11.

In the preliminary game the Tavares B team defeated Orinda B team 44-34. This was a close game until the last quarter when William Hart, center, fouled out.

This game was Mike Tyrone all the way. The smallest man on the team contacted with 20 points of the 34 for his local team. He missed two foul shots that he attempted all night and he was a great favorite with the crowd.

ed by ordinance or resolution, except that it shall meet regularly not less than twice each month.

The Mayor or any two members of the Commission may call special meetings of the Commission upon at least 24 hours' written notice to each member, served personally or left at their usual place of business; provided, however, that absence of notice shall not be material at any special meeting at which all members of the Commission are present, and waive notice. All meetings of the City Commission and all committees thereof shall be public, and any citizen shall have access to the minutes and records thereof at all reasonable times.

The Commission shall determine its own rules and order of business, and shall keep a record of its proceedings.

Minutes of the Wednesday morning meeting were made available this morning.

Following a discussion of the Fire Department incident with Mayor Scott, which has been reported to have been a heated debate, Commissioner John Kridler moved that the Board of Sanford City Commissioners provide an amendment to the Charter of the City of Sanford to allow the Mayor of the City to be elected by the people. The amendment to be presented for passage at the forthcoming 1937 session of the State Legislature.

It was learned, however, that the powers of the proposed Mayor were not spelled out in the proposal for an amendment to the City Charter.

At present, the City is operated by a City Manager form of government with instructions for the operation of the City handed down to the City Manager by the Board of Commissioners.

L. Stone is to deliver a Christmas meditation. Chandler Vail will prepare the manger scene and Mrs. Mabel Bishop has charge of sanctuary decorations for the occasion.

Sunday morning in the church school the annual Christmas offering will be taken for charitable institutions maintained by Christian Churches of this area in Atlanta and Jacksonville.

A children's Christmas party will be held at the church on Wednesday, 7:15 p. m., at the church with carols, games and treats on the agenda with Mrs. W. H. Young in charge of arrangements. Simultaneously a party for senior high youths is slated at the home of Mrs. G. W. Morgan.

A called meeting of the new church board was held Sunday to organize for 1937. Officers were elected as follows: chairman, Clyde E. Feathers; vice chairman, Chandler Vail; secretary, Mrs. B. S. Hinson Jr.; treasurer, George W. Morgan financial secretary, W. H. Young; clerk and historian, Mrs. J. L. Horton Sr.; and church school supt., J. Earl Evans an ordination and installation service has been set for Jan.

Damage to the car totaled \$250 and to the power pole an estimated \$150.

Early this morning, shortly after 1 o'clock a large Petroleum Carrier Corp. gasoline truck failed to negotiate a curve one mile north of Orinda on the Geneva road, dug into a 12-foot embankment and turned over. The cab of the truck was smashed from the top, the rear end of the tank was torn apart.

Driver of the huge truck, a 1933 Mack Semi, narrowly escaped being crushed to death in the cab. Horace Franklin Green, 30-year-old driver, escaped from the wreckage without a scratch.

FHP Trooper T. Mark Mack investigated the accident.

Company employes and Trooper Mack estimated damage to the truck at more than \$2,500.

who took top honors at last year's Mayfair Inn PGA Open. Bidding came in with a high 284 out of 300.

Dow Einterwald, the golfer with one of the most pleasing personalities in the field of 132 linkmen who entered the tournament, at first threatened to take top place but fell back to a 198 for third place Sunday. He held on to his third place finishing behind Fetick and Stranahan.

On hand to watch the distribution of prize money, as well as to watch the play throughout the day, was Horace Stoneham, head of the New York Giants organization.

The links were crowded throughout the playing but the crowds were never unruly or out of hand. Civic club volunteers served as marshalls to curb the eager golf enthusiasts in their efforts to gain a better view of the shots from the tee and the fair way. Marshalls were headed by Joe Baker who coordinated the work of the huge staff of volunteers.

It is expected that the announcement of the Third Annual \$15,000 Mayfair Inn PGA Open will be made in the near future.

## Maitland Proposes City Limit Expansion

### Extension To Seminole County Is Suggested

Officials of the City of Maitland, Orange County proposed this morning that the city expand into Seminole County.

The surprise proposal was made by Col. A. C. Newkirk, a member of the Maitland Town Council and Chairman of the city's Finance Committee. Accompanying Newkirk at this morning's meeting of the Board of Seminole County Commissioners was L. R. Marchington, the city's Chief of Police.

"I have come to the commission for your opinion on the extension of the city limits of Maitland into Seminole County," Newkirk told the Board this morning.

"It doesn't affect the taxing rates of the town or the county but there must be a legislative act approving the extension of the town's limits," he said.

Newkirk presented a prepared act which is proposed for the legislative delegation of Orange County to present at the April session of the State Legislature. However, the Board of Commissioners did not approve various phases of the act.

The proposed bill will provide a referendum for both the citizens inside the present limits of Maitland and a referendum for those outside of the city limits who wish to come within the Maitland jurisdiction.

"People in this area have expressed a desire to become a part of the city," Newkirk told the Board of Commissioners as he outlined on a prepared map an area which would be considered for annexation.

"All we want is a letter from the Board of Commissioners that they do not oppose the annexation," said Newkirk.

The area pointed to by Col. Newkirk is in the vicinity of three lakes, Lake Hope, Lake Seminary, and Lake Faith. Also in this area is the Oakland Shores subdivision.

There are 12 lakes in the Maitland area, including the three proposed for annexation. The others are: Lake Charity, Lake Minnehaha, Lake Lucien, Lake Sybella, Lake Eulalia, Lake Catherine, Lily Lake, Park Lake, Lake Gem, an unnamed lake, and Lake Maitland.

Commissioner John Meisch was the first to question Col. Newkirk when he asked "Who is going to have police powers for protection?"

Col. Newkirk told the commission that Seminole County will have police jurisdiction. However, there was some discussion as to the possibilities of the Maitland Police Department taking over all police duties.

### Quartet Of Wrecks Reported Yesterday

Accidents yesterday were occurring at the rate of one an hour when a new Florida Highway Patrolman, assigned to Seminole County to assist Trooper T. Mark Mack, arrived to take over his duties here.

Patrolman Lawrence Coffman of Orlando will be stationed in Sanford to take over his share of the accident investigation, highway patrol duties, and safety activities.

Two Navy men, attached to the Heavy Attack Training Unit at the Sanford Naval Air Station were injured when a 1934 Allstate motor scooter went out of control as they came to Sanford yesterday.

R. W. Compton, 24 year old driver of the scooter received abrasions to the left knee, and was treated at the local N.A.S. dispensary. A. D. Chance, 31, received a fractured left leg and was taken to the Orlando Air Force Base Hospital.

Shortly after 6 o'clock last night a 1930 Plymouth and a 1919 Buick struck head-on at the southern end of the Death Valley detour. The Plymouth was driven by Robert Edward Mitchell, 417 W. 3rd St. Sanford. The Buick was driven by Charles Akery, 58, Jacksonville.

Charges of violation of the right of way were preferred against the Negro woman, Callie Akery.

At 6:10 p. m. last night one mile east of Sanford on State Road 415, a 1935 Dodge panel truck of Seminole Dry Cleaners, driven by George H. Alford, 407 Orange A. E. A. Road, with a 1917 Plymouth, damaged to the truck was estimated at \$100, to the car at \$25.

The Plymouth, driven by Ned Boykin of 1408 W. 15th St. had given out of gas and had pulled only half way off the road. Traffic charges were preferred against both drivers.

The south gate of the Lake Monroe Bridge was struck and broken by a 1931 International Semi truck shortly after 8 o'clock last night when the driver, A. J. Miller of Orlando, traveling north, failed to see warning lights as the bridge opened.

Damage to the gate was estimated \$125. The driver drew traffic charges.

FIP Trooper T. Mark Mack, who investigated the quartet of accidents yesterday said "Due to the apparent disregard of highway rules and regulations by the motoring public, it is going to be necessary for us to be stricter in every instance where there is a violation."

### General Sanford's Library To Arrive Here In January

The entire library of General Henry Shelton Sanford will be shipped from Derby Conn., the latter part of January, according to a report heard at the last meeting of the General Henry Shelton Sanford Memorial Library and Museum Association.

Mrs. Fred T. Williams, Mrs. F. E. Roumillat, and Mrs. C. R. Dawson, representing the association will be on hand when the vans arrive to receive the books.

Books in the General Henry Shelton Sanford Library, in six languages, have been evaluated at more than one million dollars. The association, meeting at the Educational Building, was told that the library building located in Fort Mellon Park is now complete with the exception of a few small details. H. B. Pope is chairman of the association's building committee.

Members of the General Henry Shelton Sanford Memorial and Library and Museum Association expressed, at their last meeting, hopes that the Internal Revenue Department will make gifts to the association tax-exempt.

### Little Damage From Mattress Fire

A mattress fire in the back room of a frame dwelling at the corner of Olander and 11th St. in Goldsboro last night shortly before 9 o'clock did little damage to the home other than the burning of cloths, mattresses and beds.

Fire Chief Mack M. Cleveland, Sr., at the scene of the blaze, said that smoke damage would be the greatest loss. Only one room at the back of the frame dwelling was damaged by the fire.

### Florida Power Staff Enjoys Party

By HELEN SNOODGRASS

The Christmas party at the Florida Power Employees club Saturday evening, Dec. 15 was one of the most outstanding events of the Christmas season with approximately 300 Florida Power employees and their families gathered for a most delicious turkey and ham supper prepared by Mrs. Robert Gatchel of Sanford and served by the committee composed of Mr. and Mrs. Emory Floyd, Mr. and Mrs. H. L. Guthrie, Mr. and Mrs. H. Moore, Mr. and Mrs. Bill Dreggers, Mrs. Marion Stanley and Mrs. Doris Neims.

The clubhouse was beautifully decorated with red and white crepe paper streamers covered with icicles, snow scenes on the windows and cedar sprayed with snow on the floors. The stairway and windows were decorated with crepe paper strips and centered with large red poinsettias and the most unique idea in decorations was a large silver open framed ball containing beautiful pieces of mistletoe hanging from the ceiling in the center of the room.

A flower arrangement of sage palm leaves sprayed with gold and centered with two ornaments was beautifully arranged on the side of the stairway. Much time and effort was spent by the decorating committee, Mrs. L. W. Jones, Mrs. W. L. Tyler, Mrs. H. R. Hiers, and Mrs. Sidney Emanuel.

Harvey Dunn serving as master of ceremonies introduced Steve

Davis, son of Mr. and Mrs. Harold Davis who played several numbers on his accordion. "God Rest Ye Merry Gentlemen" and "White Christmas," were sung by a group composed of Iris Causey, Rita Crawford, Catherine Holliday, Linda Hart, Linda Dunn, Jean Parker, Pat Ryan and Harvey Dunn Jr.

Santa Claus arrived and presented each of the children under 12 a gift from the beautifully decorated tree.

Newly elected officers of the club were introduced as follows: president, J. G. McCormick; vice president, Harvey Dunn, treasurer, Sidney Emanuel, and directors Bill Dreggers, John Kelly, E. W. Jones, Bernard Harkey and Bud Long.

There are 12 lakes in the Maitland area, including the three proposed for annexation. The others are: Lake Charity, Lake Minnehaha, Lake Lucien, Lake Sybella, Lake Eulalia, Lake Catherine, Lily Lake, Park Lake, Lake Gem, an unnamed lake, and Lake Maitland.

### Sheriff's Office Will Be Moved To County Jail

The Seminole County Sheriff's Office will be moved from the Court House to the county jail as soon as partitions and repairs are completed.

Sheriff J. Luther Hobby requested the Board of County Commissioners to approve the move this morning, because, "it will be more economical and convenient."

Sheriff Hobby proposed to the Board of Commissioners this morning that the front rooms of the jail and an abandoned cell be utilized in the office of the Seminole County Sheriff.

"The county will be able to utilize the space now being used in the Court House," said Sheriff Hobby.

At present, all business to be conducted between the jail and the Sheriff's office must be handled by phone or by going back and forth between the two buildings.

The radio equipment is maintained in the county jail with a receiving and sending set located in the present office of the sheriff. Extension telephone lines are also maintained between the jail and the present office.

The Board of Commissioners approved the move which will be completed as soon as carpentry and cabinet work is completed.

There was no action as to who would be assigned the additional space on the ground floor of the Court House building.
