

Johnson Starts Third Year As Chief Executive

JOHNSON CITY, Tex. (UPI) — President Johnson started his third year in office today with indications that foreign policy problems are claiming a greater share of his time.

Next week's meeting with West German Chancellor Ludwig Erhard, involving controversy over NATO's role in nuclear weapons strategy, was one major item on the Chief Executive's ranch-homestead.

Mounting American casualties in the Viet Nam war, along with U. S. efforts to find a peaceful solution at the negotiating table, also occupied his attention.

The President was expected to alternate office work and roaming over the LBJ spread today in the pattern that has marked his long visits to Texas.

He paused Monday to pay homage to the memory of his predecessor on the second anniversary of John F. Kennedy's assassination in Dallas.

Foreign problems continued to concern the President even on the anniversary when he called "that terrible day in November" when a Kennedy was slain.

The White House announced new dates for the Erhard-Johnson talks—Dec. 23—but said no date had been chosen for the meeting.

They were advanced from the original dates of Dec. 24 and Dec. 25 to Dec. 23 and Dec. 24, respectively, that was announced just last week.

Erhard is expected to seek a bigger voice for West Germany in shaping nuclear strategy and a greater degree of control over nuclear weapons within the North Atlantic Treaty Organization.

On that subject, the White House said the United States has supplied nuclear warheads to its NATO allies in Dallas, but that warheads are kept in American custody and control by used without a specific authorization by the President.

Easy Info For The Asking
CONCORD, N. H. (UPI) — Gail Hoffield of Londington, Ky., will receive the information she wanted on Franklin Pierce, 4th president of the United States.

The material is being sent by the New Hampshire Department of Resources and Economic Development which received the postcard request Gail mailed to 214 N. Main St., Concord, N. H. She said she believed to have had law offices about 100 years ago.

More Trouble Seems Certain In Rhodesia

BULAWAYO, Rhodesia (UPI) — Police were alerted for more trouble today in this black nationalist stronghold, where officers with dogs fired shot into the air to break up the most serious anti-government demonstration since Rhodesia declared independence from Britain 12 days ago.

A ground nationalist movement was attempting to organize general strikes to keep Africans from their jobs in protest against the white-ruled regime's rebellion. About half of Bulawayo African workers stayed home Monday, but by late afternoon some had a change of heart and reported to work.

Bulawayo is an industrial city, second largest in the country, about 250 miles southwest of Salisbury.

Thousands of Africans mounted a protest Monday night in the Mopoma Township on the outskirts of the city. Five riot control trucks and scores of helmeted police moved into the crowds with German shepherd dogs and snarls at the ready.

When the demonstrators began pelting the vehicles with stones and rocks, police started shooting into the air and the police dogs strained at the leash.

No tear gas was used against the crowds, which formed behind a barricade of overturned trash cans.

The Mopoma disturbance climaxed a day of minor protests in the Bulawayo region as rock went through the windshield of its automobile.

A team of newsmen arranged a meeting with police officials today to discuss alleged harassment by authorities against reporters covering the story here.

The government of rebel Premier Ian Smith issued a statement in Salisbury which said police in Bulawayo had dispersed "gangs of hoodlums" without trouble.

Milk, newspaper and telephone delivery services were curtailed because of the protests, but railroads were operating normally.

War Crimes
HANNOVER, Germany (UPI) — Franz Hunkler, 44, former Nazi SS sergeant, went on trial accused of slaying a Jewish prisoner in Poland in 1941. Two other defendants, one accused of complicity in 15,000 murders and the other of 120 counts of murder, were unable to stand trial because of poor health, court officials said.

Meat of the cashmere goat is edible. These animals also give rich milk.

FLORIDA BOYS Quartet will be featured in program of gospel music Friday night at 8 o'clock at Civic Center to aid Sanford Firemen's Benefit Fund. Tickets for program are still available and may be purchased at Fire Department headquarters, 109 South Palmto Avenue. Several other famed singing groups will also appear.

JACKSONVILLE (UPI) — The Duval County Budget Commission gave in to pressure asserted by a full political spectrum and approved an uncut budget for the school system Monday night.

Adopted was a budget of \$49,841,043. Teachers had threatened sanctions if the budget was not adopted.

"The decision was taken in view of expressions heard from the governor, the press and the Legislature, the press and the majority turnout at last Friday night's public hearing," Commissioner Joe Best said.

SCHOOL BUDGET OK'D The millage to pay for all budgets adopted by the commission was set at 29.2 mills in the city and 30.5 mills in the county.

Sanford Halts Daily Hustle In Thanks

By Barry Lewis
Thanksgiving Day in Sanford promises to dawn fair and mild Thursday, as the city pauses in its daily hustle to give thanks for its many blessings.

For most of the county and state employees, it will be a long weekend. State office and the court house will be closed from this afternoon until Monday morning.

Schools likewise will be closed Monday in observance of the "turkey day" festival.

City Hall will be closed Thursday, although all emergency personnel of the city government will be on duty.

All postal services will be suspended for the day, with the exception of special deliveries and mail pickups, which will follow the established holiday schedule.

Business in Sanford and Seminole County will be closed, with only a few exceptions.

Special Thanksgiving Day services are planned at many of the churches and synagogues in Sanford and Seminole County.

The base will table a huge Thanksgiving dinner for the Navy and Marine personnel who will be unable to go home for the holidays.

The USO will also hold a dinner for the Navy enlisted men, with service beginning at 5 p. m.

Turkeys for the feast were donated by Scott Burns, manager of Florida Power and Light here, and the Enlisted Men's Club of NVA's will furnish salads and desserts.

A decorated sheet cake has been given by Holy Cross Church of the Holy Spirit and the USO will furnish all the rest of the trimmings for the holiday.

The Sanford Herald will be published as usual Thanksgiving Day. The paper will run early in order to give employees a partial holiday with their families.

Rate Hike OK'd For Workmen's Compensation
TALLAHASSEE (UPI) — Insurance Commissioner Howard Williams okayed a 3.8 per cent hike in workmen's compensation insurance rates today but refused to go along with a proposal to increase the payroll limitation from \$100 to \$200.

Williams said the National Council on Workmen's Compensation Insurance presented evidence at a public hearing that companies writing the coverage last year had a 3.8 per cent increase in rates. The rates, Williams said, would go up 4.3 per cent for manufacturing firms, 6.1 per cent for contracting concerns and 2.6 per cent for all others, for an average of 3.8 per cent.

\$1 Million Technical School OK'd

Will Start Fall Of '67

Seminole County has been granted approval by the State Department of Education for an area technical-vocational school, which will be financed by the state and federal money under the Vocational Act of 1963.

School administration officials are hard at work preparing a preliminary plan for the school, which will be submitted to the State Department by Dec. 1, in order to have the money allocated.

The reply from Joseph P. Wiegars, chairman of the foundation board, caused consternation among the School Board officials, who expressed dismay that the foundation had a rental price of \$25,000 a year for the property.

The board offered \$20,000 a year, which, it said, was found "to be a generous offer" and "more than we can afford right now."

In addition to the school, the state and federal money will be used to purchase land on Mellowville Avenue as the temporary home of Seminole Junior College received a "shocking setback Tuesday evening when it was reported that the Seminole County School Board that the Bernard Macfadden Foundation is asking a rental price of \$25,000 a year for the property.

The board offered \$20,000 a year, which, it said, was found "to be a generous offer" and "more than we can afford right now."

'Slap On The Wrist'

"Good boys from good homes" are frequently let off with no more than a slap on the wrist by juvenile court officials.

"Bad boys from bad homes" do not get the same type treatment.

Maybe it should be the other way around. Certainly the "bad boys from bad homes" need much more than the "good boys from good homes."

We mention this because we read in the papers where several alleged juvenile offenders in New Smyrna Beach have been freed from any punishment for acts of vandalism which occurred during the high school's homecoming celebration.

Many of these students apprehended spent considerable time in New Smyrna Beach painting "Class of '66" on seawalls, schools, buildings, road signs and water towers.

But they are not to be punished for these "pranks" apparently because they all good kids from good homes.

If this yardstick is used to measure justice, juveniles from "bad homes" will not be spared. They will be sentenced, fined and given a police record to carry through life.

Certainly habitual juvenile offenders should be considered in a different light than one-time law breakers but we believe that too often the

'Thought For Today'

I desire then that in every place man should pray, lifting his hands without ceasing, as Paul says in I Timothy 2:8.

Between the humble and contrite heart and the majesty of heaven there are no barriers; the only password is prayer. — Hoesen Ballou, American clergyman.

THE GREAT WHITE FATHER

Foreign News Commentary

Kernel Of Truth

Back in November, 1961, during a visit to the United States, the premier of Western Nigeria, Chief Samuel Abiola, remarked with more than a kernel of truth that the African continent has been getting the wrong kind of headlines in the world.

"I don't," he concluded, "know how to get the headlines that I would like to see. I would like to see headlines that would show the African continent as a continent of progress and development, and not as a continent of poverty and backwardness."

Letters

Editor, Herald:

I am sure a prominent banker of Sanford has some idea of the economic situation in the state of Florida. He would know that the state is in a state of economic depression, and that the people are suffering as a result.

Homemakers Plan Christmas Smorgasbord

By Mrs. H. L. Johnson
Feminile County Extension Homemakers Council completed plans for the Dec. 8 Christmas Smorgasbord at this month's regular meeting at the Agricultural Center with Mrs. Kay Baseman, president, in charge of the business.

Guest speaker for the smorgasbord will be Kenneth Mellicham, Seminole County prosecuting attorney. County Commissioners and their wives have been invited to attend along with County Agent Cecil Tucker and Mrs. Tucker.

Each club is asked to come to the Agricultural Center at 10 a.m. on date of the event to set up its own tables for the dinner which is scheduled for 5 p.m. Following the dinner, a program of songs will be installed by the council in the Emblem Courtyard.

In other business at the meeting, the council accepted the resignation of Mrs. Helen Powell as incoming secretary and elected Mrs. Feltz Mego to the office. Mrs. Ruth Gallagher was installed to serve as second vice president.

Mrs. Molly Steuda reported on her business trip to the National Homemakers Conference in Denver, Colo., next August.

Legal Notice

In the Court of the County Judge, Seminole County, State of Florida, in Probate, the will of WILLIAM RANDOLPH MANDINGO, Deceased.

Notice is hereby given that the undersigned will, on the 15th day of December, A. D. 1965, at 10 o'clock in the forenoon, in the County Court Judge of Seminole County, Florida, to receive, account and vouchers, as Administrator of the Estate of WILLIAM RANDOLPH MANDINGO, Deceased.

Witness my hand and seal of said Court at Sanford, Seminole County, this 14th day of November, A. D. 1965.

WITNESSES:
JENNIFER KELLEY, Clerk of the Court and in the presence of the County Clerk, and in the presence of the County Clerk, and in the presence of the County Clerk.

YOU ARE HEREBY NOTIFIED that a bill to collect a mortgage has been filed against you in above Court by the above named Plaintiff. The property sought to be foreclosed is as follows:

Evangelistic Services Held At Local Church

Evangelist William Dennis opened Sunday revival services Monday at the Church of God of Prophecy, 2309 Elm Avenue. Meetings are being conducted at 7:30 p.m. each day with the exception of Friday.

Rev. Dennis came to Sanford following consecutive Friday revivals in Perry, Daytona Beach, Tupper, Miss., Charleston, Miss., and Jacksonville. His next appearance, scheduled to begin Dec. 5, will be in Tampa and evangelistic work in the Bahamas and Puerto Rico has been slated for early next year.

A Christmas party was given at the University of California at Los Angeles. He worked for Douglas Aircraft Corporation and the Veterans' Administration Hospital in Long Beach, Calif., before entering the military in 1958.

He has appeared in revivals from coast to coast and has been a sought-after speaker in schools and for industrial companies. He served as the North Florida Regional Overseer for the Church of God of Prophecy for one year but resigned the position in 1964 to return to the field of evangelism.

Rev. Bobby Welch, pastor of the Elm Avenue church, has extended an invitation to all Sanford residents to attend the current service.

Committee chairman presented reports during the business session conducted by Mrs. Joanna Dubois, president.

Mrs. Marion Lee, creative arts chairman, announced that she will instruct a class, Dec. 2, and Mrs. Marion Betha and Mrs. H. L. Johnson reported on their work with the 20-4-H Girls Club in Lake Monroe.

Mrs. Dubois and Mrs. Johnson informed of action taken in the recent council meeting they attended.

Plans were discussed for the club's part in the Dec. 5 Christmas Smorgasbord at the Agricultural Center. Lake Monroe will represent Haven and will make the fruit cup for the dinner.

A Christmas party was scheduled for 7:30 p.m., Dec. 9, in the Educational Building of Upland Presbyterian Church. Mrs. Olga Hunter, Mrs. Alice Nordgren, and Mrs. Johnson will be hostesses and there will be a gift exchange.

Members were urged to prepare a Christmas basket for a needy family.

Mrs. Val Roy was welcomed as a new member.

Mrs. Alice Carroll and Mrs. Betty Blackwell, hostesses for the evening, served refreshments to the 20 members present.

4-H Girls Sell Bubble Bath

A new project has been announced by the Junior and Senior Liberty Bell 4-H Girls Clubs of Starke which again this year won the trophy for best exhibit at the recent county fair.

The girls are selling bubble-bath and, in exchange, will receive their sewing kits for use in this year's club work. At present, members are making kits and a number of the girls are making the green felt holiday skirts with expectations of wearing them in the Christmas Parade.

In other joint activities of the clubs, Miss Evelyn Morris, county nurse, conducted a meeting on health, and Mrs. Joan Lusk, beautician, spoke to the girls on good grooming.

A hymn and reading of the President's national Thanksgiving Day proclamation will open the service, followed by Scriptural selections, prayer, and a Lesson-Sermon on "Thanksgiving" taken from the Bible and Health with Key to the Scriptures (the Christian Science textbook, by Mary Baker Eddy).

Club members have been working on the items for the past number of weeks and with a feeling of inventiveness, have come up with an unique and original article which will not be offered for sale elsewhere.

There also are attractive Christmas tree decorations and fanciful felt partridge and owl with a variety of useful and inexpensive gift items.

Lake Monroe Jottings

By Mrs. H. L. Johnson
Goodness me, the hunters are busy bringing the meat home. The freezers are filling up for the winter months. Even my better half come home with an eight pointer (hunter's language). Guess many a home this Thursday (Thanksgiving) will have a big turkey (wild) on the dining table. Whether it's chicken, ham, or best deer or turkey, I hope it's a happy Thanksgiving Day to all of you.

Two of our young men out on this way have joined the armed service. Lynn Harrell and Freddie Swagerty joined the Army along with another friend of theirs, Ken Barbour and I happened to see the accident while on a hand trip to Orlando. Allen and Diane have now returned back to school.

Happy Birthday to William Behrens. I think he still gives the correct age for his birthday. In other words, he is young yet.

Again I wish everyone a very Happy Thanksgiving. Let's look back on this week with this wonderful thought. "The Building of Life... Life is a building. It rises slowly day by day, through the years. Every new lesson we learn lays a block on the edifice which is rising steadily within us. Every experience, every touch of another's hand, every influence that impresses us, every new conference to announce, every new idea that we receive, every new book we read, every new thought that we have, every new act of our commonest days, add something to the invisible building."

Local Christian Scientists Plan Annual Service

The traditional Thanksgiving Day service of First Church of Christ, Scientist, 800 East Second Street, will take place at 11 a.m. Thursday. Friends, neighbors, and the public are especially invited to attend.

This annual service is distinctive for its concluding testimony period when any Christian Scientist in the congregation may rise to his feet and openly express his individual thoughts to God for blessings received.

A hymn and reading of the President's national Thanksgiving Day proclamation will open the service, followed by Scriptural selections, prayer, and a Lesson-Sermon on "Thanksgiving" taken from the Bible and Health with Key to the Scriptures (the Christian Science textbook, by Mary Baker Eddy).

Club members have been working on the items for the past number of weeks and with a feeling of inventiveness, have come up with an unique and original article which will not be offered for sale elsewhere.

Ward 9 elections are slated Dec. 7 for a mayor and two councilmen. Qualified for mayor are the incumbent, Leo Gary, and Dr. A. Johnson, now serving as justice of the peace. Candidates to date for the council posts are the incumbent, T. L. Lago Jr. and R. L.

AROUND THE CLOCK

People tell us that Sam Dambrosia needs another flag like a hole in the head. He's got lots of them, including a plastic flag he flies in bad weather and one which flew over the Capitol in Washington.

Looks like the Civil Defense Veterans Affairs Office will not have to vacate the court house after all. The office of the supervisor of elections will be expanded to make room for new equipment. Cost is expected to be around \$500.

Mrs. Jessie Brisson's name was left out of the photograph of the Sanford Dorcas Society members. She had a case of laryngitis. Seems somewhat improved though at the present time. That's good. Alice J.C. and Naomi Sapp have returned from a trip to Sumter, S.C., to see their grandchildren and daughter-in-law, Their son, J.C. Jr., is in Saigon with the armed services. They report that everything is okay at the present time.

Very glad that Edison Myers, children, Allen and Duane and niece Mary Jo were not seriously hurt more than they were from a recent auto accident. Harbort and I happened to see the accident while on a hand trip to Orlando. Allen and Diane have now returned back to school.

Military Takes Over Congo

LEOPOLDVILLE, The Congo (UPI)—A military coup today toppled the Congo's shaky civilian government. The commander of the army, Lt. Gen. Joseph Mobutu, seized power and installed himself as president for five years. There was no violence.

Mobutu, 35, deposed President Joseph Kasavubu and Premier—signatory Cyrille Kimba and ordered Col. Leonard Mulumba to take over as president for five years. There was no violence.

Mobutu said the battle for power between Kasavubu and Mulumba had plunged the Congo into "permanent political crisis."

Mobutu said he had no intention of changing the constitution. He said he would remain in power until the end of the year.

Mobutu said he had no intention of changing the constitution. He said he would remain in power until the end of the year.

Bloodless Coup d'Etat

LEOPOLDVILLE, The Congo (UPI)—A military coup today toppled the Congo's shaky civilian government. The commander of the army, Lt. Gen. Joseph Mobutu, seized power and installed himself as
