Sanford, Florida

Electric system debate short-circ de a friend,

Sanford company donated manpower

By Dan Ping Editor

SANPORD - A two-month controversy over the purchase of an electrical system ended with plenty of sparks but no lights for downtown.

City commissioners have debated at length whether to purchase an electrical sys-tem for \$25,000 from the Downtown Business Association. The electrical work would power a \$10,000 light system the city planned to install to light up 1st Street. Much of the debate has centered on whether

for what it believed was a city project the DBA received proper documentation \$10,125 in manpower for what they thought from property owners to install the electrical work and whether a private company actually donated \$2,700 of equipment to the DBA or the city.

Monday night's city commission brought a new round of controversy as an official with Sanford Electric Company Inc. told commissioners the company provided was a city Christmas lighting project.

"I didn't know there was an organization called the Downtown Business Association," said Barbara Hubler, treasurer of Sanford Electric. "I simply thought they were doing the leg work for the city of Sanford. In fact, at one point we asked why the city electricians weren't helping."

After the meeting Hubler showed mem-bers of the city commission a gift one Sanford Electric's employees was given by a member of DBA. It was signed from "The City of Sanford."

Deputies from the Seminole County Sheriff's Office were called to 276 Petunia Terrace, Apartment 102 around 8:30 p.m. Friday in reference to a child who had been seriously injured.

Seminole's stop streak

After getting off to a good Since returning to the field this week, the This have ripped off three victo-

ries in a row, two over Class 6A-District 3 foes, and are beginning

to look like a real contender for a poeleesson berth. Page 18

Child dies after television falls on top of him

Upon investigation, it appeared the 2-year-old child, Michael Jermaine Pooler II, pulled over a dresser, on which a television set was setting. It occurred in a bedroom. The television reportedly struck the child.

The child was airlifted to Orlando Regional Medical Center. The helicopter used BJ's Wholesale parking lot on State Road 46 to land. The child died at the hospital just before midnight. Amording to police, the death appears accidental.

Teacher arrested by sheriff's office

Seminale County deputies -arrested Tuesday night a Lyman High School teacher.

He's identified as 34-year-old Bruce Grant Bonaventure II. His job duties included coordinating a work-study program at Lyman High School as well as coaching

the girls' basketball team.

Rental car taxes will return to Central Florida

By Christopher Patton Staff Writer

SANFORD - Seminole County Commissioner Dick Van Der Weide was all smiles Tuesday morrung.

Less than eight months after being elected chairman of MetroPlan Orlando, his leadership is paying dividends for the region. Last week, the

state Senate and House of Representatives passed the "fair share distribution of the statewide

The legislation was one of MetroPlan's top priorities for the 2002 Florida Legislative Session and could bring an estimated \$12 million in additional transportation dollars to Central Florida annually.

"It's a major benefit for Central Florida," Van Der Weide said. One of his first orders of busi-

ness as MetroPlan chairman was hiring a lobbyist. The lobbyist's quick success "I think surprised everyone," Van Der Weide sald.

The bill was sponsored by Rep. Randy Johnson, R-Celebration, and Sen. Anna Cowin, R-Leesburg. The bill will help enable tracking of the statewide rental car surcharge. It will then return the revenue to its area of origin for transportation improvements.

The beautiful thing is it's going to the district to address regional transportation issues," Van Der Weide said.

Currently, about 80 percent of the money from the \$2 rental car surcharge are deposited in the State Transportation Trust Fund. The funds are distributed throughout state without taking in account the areas that are impacted by the rental cars.

"Their (rental cars) impact is tremendous to our roads,"

Viking World Orlando No. 3-501, a Sons of Norway lodge, hosted Saturday its fifth annual SpringFest 2002. Throughout the afternoon, "real" Viking boats raced in the weekend regatta on Lake Monroe. Six boats competed in the regatta, which included a women's race and a general race with two heats each. Each boat was manned by one coxewain and four to eight rowers. Pictured above, the crew of the "Hager," raise the sail during the general race. The race course was in a square formation, with two legs of the race concentrating on rowing strength, while the two remaining legs depending on the crews salling abilities. Pictured right, Al Strom, an oarsman for the Volhalla," takes a break during fcilowing one of the races.

incentive plan for police

By Dan Ping Editor

SANFORD - City Commissioners approved a broadly outlined mortgage incentive plan that would encourage Sanford police officers to live within the city limits.

Details of the plan still must be hammered out between, but commissioners agreed to cap the program at 35 officers to test the financial impact and the popularity of the program.

Mayor Brady Lessard introduced the plan three weeks ago in a memo to city commissioners. Officers should be encouraged to live in the city, Lessard argued, because the city benefits from having more officers live where they work and it would be an additional incentive in recruiting top officers to the department.

Originally, Lessard proposed paying 20 percent of an officer's mortgage or rent, but Monday's agreement eliminated incentives for those who rent.

"The rental market has routinely provided incentives to officers to live in their facilities," Lessard said, noting some apartment complexes discount units as much as 50 percent. He said he thought the program would be stronger including both mortgage and rent payments. "But there concerns about the cost of the program." Chief Brian Tooley estimated

there are about 17 officers with mortgages who live in the city. If 35 officers enrolled in the program

Commissioners agree to continue merger talks

By Christopher Patton Staff Writer

SANFORD - County commissioners gave the nod Tuesday to continue talks with Altamonte Springs about merging the city fire department with the county.

"I think it's a step in the right direction as long as we can provide the same service and it's economically feasible," Commissioner Carlton Henley said

The board voted unanimously, minus Commissioner Randy Morris who was absent, to have staff develop an interlocal agreement for the proposed fire department merger. Despite the overwhelming support, Henley said there is a "bushel basket of issues" that still need to be tackled.

Chairman Daryl McLain said a few of those issues include some form of dedicated funding from the city and plans to boost the county's fire contingency fund. An estimated \$800,000 sits in the emergency fund which is about 4.8 percent of the total county fire department budget. With the added responsibilities and equipment associated with merging with city, McLain said the contingency fund would also need to be increased.

A dedicated stream of funding from the city could come in several forms. The city could dedicate a part of its millage to the county, McLain said.

"We don't want to get in the situation where Altamonte Springs is cutting us a check every month for the services,"

Shelton takes over as 2002 Miss Seminole By Michelle Jeria Managing Editor

One month after Shannon Shelton was selected first runnerup in the 2002 Miss Seminole County Scholarship pageant, she received an unexpected telephone call.

Dr. Beverly Baird Boothe, executive director of Seminole's annual pageant, informed Shelton that the reigning crown holder, Emily Martin, couldn't fulfill her obligations as Miss Seminole County. It was now the responsibility of the first runner-up to complete her duties.

"It was St. Patrick's Day when 1 received the call," Shelton said. "I was extremely surprised to hear the news. I have competed in pageants before, and I never imagined something like this would happen. People say how important the first runner-up is, but you

don't always believe it. It rarely comes to fruition.

From sports writing to evening gowns -

"And, lightning rarely strikes twice."

The first runner-up has become an important player in the Miss Seminole County pageant. In two of its three years, the pageant's original crown holder stepped down before completing her yearlong reign.

"In a way, it has actually been a good thing," Boothe said. "It is an example of why the first runnerup should always be prepared."

Martin, a student at the University of Central Florida, was given a choice of passing her organic chemistry class or spending five days in Miami for the Miss Florida pageant, Boothe said.

"Her professor told the class if they missed one day, they would fail, which made it impossible for

SEMINOLE SUMMARY A GLANCE AROUND OUR COUNTY

ter to reader from Orlando anklin explained changes the uning next week, including the is of briefs to the Local & State

1.2002

the Clock is there's a lot more being unsaid. As Paul Harvey likes to say, "Now, the rest of the story"

Franklin failed to mention an important change that threatens to substantially reduce local news coverage-the Sentinel is dropping its zoned editions. Till now, Volusia, Seminole, Osceola and other counties in the Sentinel's circulation area had separate Local & State sections. While some stories appeared in all papers, the zoned editions gave the daily's bureaus a chance to highlight stories important to that county on the front of the L&S section.

..................

By axing the zoned editions, all Orlando Sentinel readers will receive the same paper with the same stories. What does that mean for local readers? Less space to cram more news into. Instead of three or four local stories vying for front page space in the Seminole County L&S edition, all stories from all bureaus will be considered.

by Dan Ping

With a typical layout, section fronts can usually

accommodate four to six stories. The rest get shoved inside and most likely cut to fit space. A Sanford or Lake Mary story that may have landed on the front page of Local & State in a zoned edition may now receive no coverage at all. Presumably, the reasoning behind the two "new" pages the Sentinel plans to add will be to sum up stories in two or three paragraphs that may have received a full bylined story in a zoned edition.

In general, expect the daily's local news reporting to resemble it's high school football coverage: two or three of the big games receive coverage, one with a photograph; two or three others receive a few paragraphs; and scores from the others are crammed into the agate type on an inside page.

Why are the zoned editions being cut? Obviously not for better local news coverage. Surprisingly, saving money is not the primary reason for the change, which is an anomaly for a giant media corporation. The zoned editions are being dropped because the Sentinel has been swamped with complaints about poor delivery service. The daily has committed itself to delivering every paper by 5:30 a.m. Sentinel brass believed the logistics of producing, printing and delivering several zoned editions made that goal impossible.

Volusia County readers will receive the biggest benefit. Printing deadlines were so early for the Volusia edition most night-time sports events, especially those on the West Coast, weren't final, so sports enthusiasts had to get final scores from other news sources.

A herd of colorful cows, on a recent sunny, warm day, graze in a pasture on South Cameron Avenus near Lake Jesup.

Massage Parlor Bust

Altamonte Springs police arrested Wilbert Serrano, 43, of Orlando Friday for deriving support from proceeds of prostitution and assignation to commit prostitution. After receiving an anonymous complaint about possible prostitution activity, Altamonte Springs police initiated an investigation into Personalized Entertainment located at 483 Montgomery Road. While making an appointment for a massage, an undercover agent reported the employ-ee indicated to him that made activity as well as masturbation was available.

An agent arranged for another massage appointment at a local motel. Serrano escorted a female to the hotel and waited outside. Inside, police interviewed the female and she agreed to help in the investigation by wearing a wire. The female left the room wearing the recording device and holding the \$125 for the massage. In a vehicle parked in the hotel parking lot, she talked openly to Serrano about how the customer was an easy "job," but she didn't receive a tip. After being arrested, Serrano told police he was going to give the female \$50 of the \$125 since she did not get a tip.

Street and Winding Oak Lane.  Seminole Deputy Roderick Starling arrested Renzo Camareno, 23, of Sanford Saturday for driving under the influence. Breathalyzer tests at the jail revealed a blood alcohol content of

Sanford Avenue Family Dollar, Bartheli allegedly made 12 fraudulent refunds over the past two months. The refunds totaled approximately \$380.

Contributing to the

Delinquency of a Minor Seminole Deputy David Kohn arrested Charles Banner, 20, of Sanford Friday for contributing to the delinquency o a minor. Banner reportedly took a 14-year-old girl to a Tropical Park Drive storage area and caused the girl to miss school. Banner was in a similar incident recently when Sunford realize areated him. There when Sanford police arrested him. They found him in a local motel room smoking marijuana with two 15-year-olds.

Matijuana Possession • Seminole Deputy David Nagowski arrested Christopher Bruce, 22, of Longwood and Marshall Kimball, 21, of Altamonte Springs, Saturday for possession of marijuana. Police also arrested David Pearman, 21, of Altamonte

OUT & ABOUT

THUR

The city of Sea cooperation with the Florida Yards and Neighborhoods, will be hosting a free land-scape seminar 6 to 9 p.m. Thursday, March 28, in the Senford City Commission Chamber at City Hall. The Florida Yards and Neighborhoods program is designed to help transform a yard into a beautiful oasis Renowned speaker Teresa Watkins of FY&N will be presenting the seminar. Space is limited. Make reservations by calling 407-330-5624.

3() SAT

On Saturday, March 30, at 9:30 a.m. the Easter Bunny will visit Lee P. Moore Park in Sanford. Afterward, a golden egg hunt will com-mence. The event is free and is open to all children 12 years old and younger.

For more information, call the Sanford Recreation. Department at 407-330-5697.

On Saturday, March 30, at 10 a.m. the Lake Mary assisted-living facility Heritage Woods will hold an egg hunt for children of all ages. The Lake Mary Fire Department will also attend and bring their fire truck for the children to see.

The event will be held at Heritage Woods at 150 Middle Street.

On Saturday, March 30, at 10 a.m., the city of Apopka will hold its 14th annual Easter Egg Hunt. The event is part of a yearlong celebration of Apopka's 120th birthday. Kids from diapers to pre-teen ages are invited to join in the hunt. The event at Kit Land Nelson Park will also feature an egg-coloring contest. On Saturday beginning at 10 a.m., Community

Alliance Church, located at 4815 E. Lake Drive, in Winter Springs, will host a Community Easter Egg Hunt.

The event is for children in first to fifth grade. Kids in four different age groups can hunt for 3,200 eggs. The event will also include a moonwalk, puppet show, prizes, candy, crafts and balloons. Tykes will need to bring their own basket or bag.

Love hurts: Though "love" would hardly be the right word to describe Monday's Sanford City Commission meeting, Commissioner Whitey Eckstein did manage to mouth a few sweet nothings during the contentious debate over the electrical system the Downtown Business Association is tried to sell the city.

Commissioner Randy Jones crossed swords with Downtown Diva Sara Jacobson several times, prompting Community Redevelopment Agency Chairman John Mercer to accuse the Jones and the commission of playing politics. Eckstein and the other commissioners disagreed.

"Come on Sara, I love you like you love Randy," Eckstein said, breaking the tension with laughter, if only for a moment.

Going Global: Though the company had announced plans to build a sizable headquarters at the Orlando Sanford International Airport, it looks like Global Construction isn't going to be building much of anything at all. Not sure of the all the particulars, but I do know the bonding companies are covering the costs to finish some of the work Global was hired to do at OSIA.

If you're looking for office space, Global's offices in the stylish building on Park Avenue between 2nd and 3rd Streets are available. The movers showed up Friday to move out Global's stuff, and the building owners are looking for tenants.

SCC student claims second silver medal Seminole County

By Christopher Pation Staff Writer

Sanford recently claimed its second silver medal of the year.

After U.S. Winter Olympian Garret Hines won the silver in bobsledding, Seminole Community College student Marty Brasher earned silver at the 2002 Associated Builders and Contractors (ABC) National Craft Olympics."

Brasher of Mascotte is an employee of Wayne Automatic Fire Sprinklers in Ocoee. He competed in the fire sprinkler division.

"It's good for resume," Brasher said. "The big thing is it gets the company name out there."

More than 150 apprentices from around the nation competed in 11 trade areas at the Louisiana Super Dome. Brasher completed a 100-question exam and six-hour practical exercise for the medal. Apprentices were judged on accuracy, safety Croson Company of Florida.

and speed.

Brasher is in his fourth and final semester at Seminole Community College. He said he plans to stay at Wayne Automatic Sprinklers after completing his studies in fire sprinkler technology.

Similar to many Olympians, his journey to the final event was a memorable and unusual trip. During the state level competition, Brasher narrowly avoided a disaster - missing his own wedding.

"I was kind of cutting it close," Brasher said about showing up for the wedding with only a couple minutes to spare after competing in the state event

"If it wasn't for her, I wouldn't be there (national Olympics)," he said. "I told her I wasn't going to do it, but she told me I should."

Also representing SCC during the New Orleans competition was Timothy Thompson of South Seminole Sheet Metal and Tom Mullendore of J.A.

Expo spotlights work-at-home moms

Parents who have chosen to interrupt their careers to care for their children, as well as those wanting to learn more about home-based employment, business or volunteer opportunities, are invited to attend the event, which will run from 4 p.m. to 9

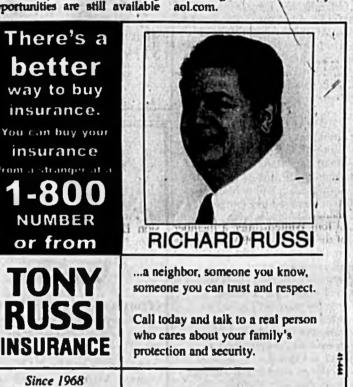

participate in each of the Orlando WAHMfest with information, business opportunities and advice from those who have "been there," according to Volers. Other expos are scheduled for Pensacola on April 6, from 10 a.m. to 4 p.m.; Tallahassee on April 8th from 4-9 and Tampa on April 13th from 10-4. Sponsorship and advertising opportunities are still available

for the program and year-round, web-based directory. Attendance is free.

Orlando WAHMfest 2002 will be held at the Holiday Inn Universal, 5905 Kirkman Rd. Additional information and directions are available at www.wahmfest.org/fl/index.ht ml, by calling 256-232-9602, or by e-mailing AtHOMEwithStyle@

Many parents are meeting the challenges of career and family by finding creative ways to combine the two, according to Susan Volers, director of the event. While some opt for long-established home-based opportunities such as Avon, Mary Kay or Pampered Chef, or ones like the newly launched Southern Living At HOME, others have started their own consulting or free-lance businesses in areas like marketing support, public relations, graphic design, and Web site development, all of which can be accomplished in a home office with a computer and modem. Others are seeking telecommuting arrangements.

The term 'stay-at-home-mom' is being redefined," said Marybeth Henry, the national director of WAHMfest, which she launched 4 years ago in Virginia. "WAHMfest is an enormous resource for companies that want to hire highly motivated, professional workers, but don't necessarily need a 9-to-5 presence at the office," she said. Around thirty exhibitors will

The homesites will be priced from the \$190's to the high \$200's, Ayers said.

The entry, which features palm trees, a fountain and elaborate stonework, will be completed within a few weeks, Ayers said.

The Sanlord Chamber of Commerce announced a "Pump Up the Volume" program designed to increase exposure for the Chamber and raise money. The centerpiece of the program is a \$5 per ticket drawing for a custom built home. The structure will be approximately 2,292 square feet with a 455-foot garage. It will be constructed on the winning ticket-holders approved lot anywhere in Seminole County. Construction must start within 60 days of the drawing which is Dec. 11. Donations of products and labor will be used to building the home. Some of the money raised will go to the Chamber and a portion will go to groups such as the Boy Scouts and others who help sell the tickets. Most of the money will be contributed to other established organizations like the Central Florida Zoo to help establish more public and charitable events. Ticket sales begin in mid-April. For more information, call 407-322-2212.

Incentive

Continued from Page 1A with an average mortgage of \$600 per month, the city's 20 percent contribution would cost \$50,400 annually.

Besides costs, Lessard said there are other issues to be addressed. He said officers would only be allowed to enroll once, and the program would apply only to first mort-gages, not second or third mort-gages. In addition, refinancing to expand the home, add amenities or finance vacations or other property purchases would not qualify.

Commissioners Whitey Eckstein and Velma Williams wondered if the plan would prevent officers would cluster in one area.

"I do have a concern about incentives to live in areas where officers might not normally live," Williams said

Lessard said Sanford provides a variety of housing options for home owners

"I don't think all the officers are going to live just in Mayfair or

Bill

Continued from Page LA Johnson said.

MetroPlan estimates that an additional \$11 to \$12 million a year in transportation monies will come to Central Florida as a result of the new legislation that awaits the governor's approval. Van Der Weide said with an improving economy and tourism industry the monies returned to Central Florida would only get larger.

"When you think about the major players, such as the Sanford

Pinecrest or Goldsboro," Lessard said. "There are different salary levels within the department and the each officer will buy into a neighborhood based upon his household income. I think eventually every piece of housing stock will benefit."

Commissioner Art Woodruff said he was hesitant about committing future city commissions to what could be a burdensome expense. He suggested limiting the program to allow the city to decide in five or 10 years whether to continue.

"I'm not opposed to that," Lessard said. "Statistics show homeowners move about every 7.2 years."

Lessard must not work with city attorney Bill Colbert, the finance director Donna Watt and Tooley to nail down specifics for the incentive program. Lessard is expected to bring a final version of the proposal back to the commission in early May.

mitments, he said.

International Airport.

The loan is due this August, but the bill would push payment back until September 2008. The loan To earn the Florida Department of Transportation's support for the was used to build the international bill, reallocation of the rental car terminal. The delay would prevent the airport from going out and borrowing money, said airport years, said Johnson. The five-year delay will avoid "pulling the rug the rug out" of prior FDOT com-President and CEO Larry Dale. "It's a good deal for us," he said.

"It establishes some breathing room for us."

Originally, airport officials hoped the loan could be trans-

ferred into a state grant. At the "eleventh hour" of the state legislative session last year, FDOT officials informed the airport that the legislature would have to act on the matter, Dale said. By the time notice came, it was too late for the session.

111

ATTER

The proposed delay will also push back the payment for when other loan payments are due. A long-term reserve established by the airport will help meet the loan repayments, Dale said.

Lights Continued from Page 1A out because they were in a bind,"

Hubler said. 71 put my job on the line by donating that much manpower."

Hubler said if the city gave DBA \$25,000 for the electrical system, Sanford Electric would ask to be reimbursed for \$9,375 in overtime hours the company donated.

"We had no clue that it wasn't already yours," Hubler said. "To the city \$25,000 may be a drop in the bucket, but to a small business like ours, \$10,000 is a lot of money."

Tom Winterheimer, a member of the board for DBA; sdid there' was no misrepresentation about who the services were being donated to.

"I by no means indicated I was with the city of Sanford," Winterheimer said.

Winterheimer noted that while Hubler may have misunderstood who the beneficiary was, DBA should receive some compensa-

The motivation was to make things better for the city, to do good things for Sanford," Winterheimer added. "The money is not for us to take a vacation. We're not trying to take money for ourselves. We want the money to do more things for Sanford.

Commissioner Art Woodruff said the issue about donations should be moot. He argued that DBA took on the task of installing electrical fixtures as part of the Christmas Festival and should be compensated.

"I was never under the impres-sion DBA had purchand any-thing," Woodruff said, "I mought all along that they solicited donations for the electrical system."

"We are killing ourselves to make this as hard as possible and as ugly as possible," Woodruff said. "If we look at this as just a purchase, we are ignoring a lot of facts."

"Are we being pragmatic?" **Commissioner Whitey Eckstein** asked. "Is it good for the city to

ing Jacobson was a stealing. However, Commissioner Randy Jones and Velma Williams along with Mayor Brady Lessard voiced concern that DBA had not been forthcoming with information.

"We ask questions and don't get answers," Jones said. "Then we get accused of playing politics when we got out and try to get those answers."

·· Woodruff offered a compromise that would have paid DBA* \$15,000 not for the electrical system, but for event planning. All events would have to be cleared through the city. In return, the city would collect easement agree-ment from property owners and DBA would grant the city use of the electrical system. Eckstein seconded the motion

"We can't do it for \$15,000." Jacobson said, at which point Eckstein withdrew his second and the motion died.

The city may ultimately purchase the lights, but not through the general fund tax money. John

Merger -

Continued from Page 1A

McLain said. "Otherwise, it's a great plan, and I'm very support-ive of it."

A study outlining the costs associated with the potential merger estimates the total savings for the county and city to be \$9.6 million. Savings could even be higher, according to Henley. He said the majority of the city's equipment is relatively new and probably wouldn't need to be replaced any-

time soon.

Other merger obstacles include rank structure, pension and retire-ment plans, said Deputy County-Manager Rob Frank.

"I don't think any of it's going to be a deal killer," he said. "People are just going to have different ideas."

County and city officials will work out the details and present both commissions, county and city, with the finalized interlocal

agreement in about 60 days, Frank said. The merger is proposed for Oct. 1.

The addition of the city fire department resources will be a plus for the county fire depart-ment, said Terry Schenk, county fire chief. The city fire department consists of four fire stations and about 70 employees.

"That's about one-third of the size of our department right now," Schenk said.

Shelton -

Continued from Page 1A

her to take a five-day trip," Boothe said. "You have to make academic choices. It was an understandable decision to make.

It was a decision that didn't discourage the pageant director. Boothe knows runner-up doesn't mean second best, and she is pleased with the new Miss Seminole County.

"All of the ladies in the pageant are extremely talented," Boothe said. "It always comes down to just a few points and is a very close competition.

"Shannon was the favorite of a lot of people in the audience during the night of the pageant," she said. "She epitomizes the achievement of a successful young lady."

Shelton is a graduate of Michigan State University and holds a master's degree in journalism from Northwestern University. She currently is a sports writer for the Orlando Sentinel.

"I always wanted to be a journalist, and I was always a huge sports fan," Shelton said. "But, 1

writer until my Dad encouraged

me to combine the two." Although Miss Seminole County is Shelton's first pageant title, she isn't new to the scholarship circuit. While in high school, she participated in local events and later in the Miss Michigan system.

Some contestants take pageant competition very seriously. Shelton believes in giving 100 percent, but she also thinks scholarship events are a time to relax and have fun.

said. "Pageants have helped me gain self-confidence, which has helped me in life.

"Plus, it gives me a chance to dress up."

It's an attitude she is taking with her when she heads to Miami for the Miss Florida pageant. With more than 40 other contestants vying for the title, Shelton's strategy is to be prepared and have fun.

"I am not going in expecting to win," she said. "I am just thrilled never thought I'd be a sports about the opportunity. I'm 24, so

this will be my last chance to compete."

With a sports writer's mind, Shelton compares being a contes-tant in the Miss Florida pageant to a college basketball team.

"I feel like a team who went to the NCAA tournament on an atlarge bid," she said. "I plan to give 100 percent. And, I will be

No matter the outcome in Miami, Shelton is focused on promoting her platform, "Building Healthy Lifestyles," within Seminole County during the next year.

"The good thing about the Miss Seminole pageant is that you can make as much of it or as little of it as you want," she said. Some see it only as a stepping stone to the Miss Florida pageant. I plan to use it as a way to promote healthy lifestyles and sports and fitness within the community.*

Anyone interested in contacting Shelton in regard to public speaking or a community event can call Beverly Baird Boothe at 407-321-3576.

THE SEMINOLE HERALD

Story of teen-ager' accident still exerts powerful message

DEAR'ABBY: A senior girl at my school was tragically killed in a car accident over Super Bowl weekend. She wasn't wearing her scatbelt and was thrown from the car. The car rolled on top of her and crushed her. Her boyfriend was with her. I heard that before she died, he took her hand and she told him she loved him. It just blew me away. My cousin was killed a year ago in much the same way.

My family has read your articles for years, but one touched us deeply. It was an essay about a

teen who was killed in a car accident, and he was only 17. I am

> girl who died. Please print it again to remind us of the fact that we reonly mortal and should cherish every waking BARRY W. IN KENNEWICK,

DEAR BARRY: That piece is titled, "Please God, I'm Only 17," and

WASH.

it's the most requested piece in the history of the column. Young people have written to me to confirm that it made them think twice about

their driving habits. You are right; it should run at least once a year, so here it is:

PLEASE GOD, I'M ONLY 17 The day I died was an ordinary school day. How I wish I had taken the bus. But I was too cool for the bus. I remember how I wheedled the car out of Morn. "Special favor," I pleaded. "All the kids drive."

When the 2:50 bell rang, I threw all my books in the locker. I was free until 8:40 tomorrow morning! I ran to the parking lot, excited at the thought of driving a car and being my own boss. Free!

It doesn't matter how the accident happened. I was goofing off - going too fast - taking crazy

thing I remember was passing an old lady who seemed to be going awfully slow. I heard the deafening crash and felt a terrible jolt. Glass and steel flew everywhere. My whole body seemed to be turning inside out. I heard myself scream.

Suddenly I awakened; It was very quiet. A police officer was standing over me. Then I saw a doctor. My body was mangled. I was saturated with blood. Pieces of jagged glass were sticking out all over. Strange that I couldn't feel anything.

Hey, don't pull that sheet over my head! I can't be dead. I'm only 17. I've got a date tonight. I'm

supposed to grow up and have a wonderful life. I haven't lived yet. I can't be dead!

Later I was placed in a drawer. My folks had to identify me. Why did they have to see me like this? Why did I have to look at Mom's eyes when she faced the most terrible ordeal of her life? Dad suddenly looked like an old man. He told the man in charge, "Yes, he is my son."

The funeral was a weird experience. I saw all my relatives and friends walk toward the casket. They passed by, one by one, and looked at me with the saddest eyes I've ever seen. Some of my buddies were crying. A few of the girls touched my hand and

sobbed as they walked away.

Please - somebody - wake me up! Get me out of here! I can't bear to see my mom and dad so broken up. My grandparents are so racked with grief they can hardly walk. My brothers and sisters are like zombies. They move like robots. In a daze, everybody. No one can believe this. And I can't believe it, either.

Please don't bury me! I'm not dead! I have a lot of living to do! I want to laugh and run again. I want to sing and dance. Please don't put me in the ground. I promise if you give me one more chance, God, I'll be the most careful driver in the whole world. All I want is one more chance!

Please, God, I'm only 17! O 2002 UNIVERSAL PRESS SYNDICATE

Your guide to this winters coolest hot

Buzzard's Roost Events Scheduled

The Buzzard's Roost is located at 2921 S. Orlando Drive, Suite 200 in Sanford Plaza, Sanford. The new owner is Vickie Bebout. She has a wide range of events scheduled.

The Tuf Luck band is scheduled to appear regularly on Fridays and Saturdays. I could tell this group of artists has spent many hours in practice as it shows in their performance. When I first heard them play, I was amazed at how they click with each other. They play a majority of modern country with a mix of classic country and old time rock and roll while adding a short comedy skit in between songs. The first weekend they performed, the crowd went wild. It was almost as if we were in the middle of a major concert. I predict this band will go far in their career. I am just thankful that we had the opportunity to book them before they get too big to afford here in Sanford. They are truly awesome. As a special treat to our customers, there will be no cover when the band plays.

Karaoke is scheduled every Tuesday and Thursday night with Jason. Tuesday nights from the time we are open until the time we will be regular karaoke. Thursday nights will be the karaoke course and prizes to the winners. We has a blast last Thursday night with Jason. He is witty, has a terrific

voice and is a whole lot of fun. We have 11 pm. Also, very Sunday for a \$5.00 cover approximately 4,000 karaoke songs to choose from. I am sure there is something that will appeal to everyone.

We will continue to have the blind draw dart tournament on Tuesdays prior to karaoke. Everyone seems to love darts in this area. In fact, one of my customers gave my husband and I a lesson a few weeks ago. And, we now have the dart fever. It is terrif-Ic. Also, I plan to set up regular pool tournaments with the new pool tables and accessories being delivered this week. Pool is a very strategic game to play. It is as enjoyable to watch as it is to participate.

The hours of operation are 12 noon to 2 am. The karaoke and ladies and mens night events will finish early enough to prevent anyone from having too much trouble getting up for work the next day. Also, you can now choose from a wide variety of liquor rather than be limited to beer and wine. There will be creative drink specials daily signer Ever 2 Wednersday will be ladies' night, where the ladies drink free from 9pm to 12 midnight. Every Monday will be men's night, were the men drink free from 9 pm to

CORNER OF 46A &

· FAX: 324-4425 www.vivonas.com

charge, there will be free pizza and draft from 1 pm to 4 pm. Watch for the lingerie shows and male review coming soon. Those will be announced when we have more information.

I am sure everyone is curious about my husband and I. We have been married for 28 years. We have two adult children, 28 and 24, and one grandchild five year old. We used to live in Sanford and Lake Mary 20 years ago. We left to search for a career and better ourselves in life. Since then I have received my Master of Business Administration Degree with an emphasis in accounting and plan to sit for the CPA exam in May 2002. I have an accounting business that I operate during the day. My husband is a tournament fisherman

and my Marketing Director. We loved to go to dinner, dancing, play pool and have a great time before we were too busy. to do any of those things. So, I decided to buy myself a place were we could enjoy that again, not only with ourselves, but with others as well. It will be a place where you can go out, enjoy yourself and leave the worries at home. We look forward to seeing everyone in the near future.

Home of Orange City is in charge of arrangements.

Tropical Peace Lily common indoor plant

Spathiphyllum is also called Peace Lily, white anthurium, and even white sails.

Tropical in origin, and related to the caladium, elephant ears and the anthurium, this plant is used in central Florida mainly as an indoor plant. It can grow in the shade outside if protected from low tempera-

number of blooms. age but may delay blooming the following

Another problem of high levels of nutrients is that It may induce vegetative growth and reduce the Some plants can recover well from freeze dam-

tures. The white flowers are very striking and contrast very well with . the dark-green color of the leaves.

The Plant

An evergreen perennial herb with clumping habit of growth and no above ground stems, the leaves grow from the soil up to 5 feet tall. Leaves are simple, narrow blades about one foot long and 0.5 foot wide, with a sharp end, leathery, glossy dark green with depressed venation which gives the leaf blade a corrugated look.

The petioles are as long as the leaf blade. Flowers are small, bisexual, inconspicuous, arranged densely on the inflorescence called spadix. This structure is covered on the side by a large modified leaf or bract, which is white or cream, and gives the appearance of being a single flower. This structure is bome on a large peduncle that grows above the leaves. The fruit is a dry berry-like fruit.

Culture

This plant requires a welldrained fertile soil, rich in organic matter such as compost. Light requirements vary from deep to partial shade but never placed under direct sunlight. Evapotranspiration is heavy and plants most be watered regularly, the leaves should also be water-sprayed regularly to keep the plants healthy. Water several times a week during summer but less so during the winter. The plants have a dormant season in winter and can tolerate better dryness on the environment

In spring, the plants may be repotted, and propagated by division of clumps at that time. Use a slow-release fertilizer to maintain a good level of nutrients around the plant root without accumulating high doses of salts. Brown leaf tips may indi-

season Ferrer Use

> It is an excellent interior plant but in protected areas it can be planted outside in the shade, below ornamental trees or shrubs.

Species

In Florida, two species of Spathiphyllum are planted, S. wallisii (Peace lily) and S. floribundum (Snowflower). They are easily separated by the fact that in the first specie, the bract curves inward and is somewhat larger and in the second, the bract curves backward.

Varieties

There are very many varieties, most of them of unknown origin, differing in plant and flower size. The best know varieties are Deneve, Leprechaun, Linda, Lynise, Petite, Sensation, Starlight, Supreme, Symphony, Tasson, Viscount, and Viscount Prima. The variety 'Domino' is the only variegated patented variety available on the market. It was chosen one of the Florida plants of the year in 2001. S. floribundum varieties Mauna Loa and Mauna Loa Supreme are said to be highly fragrant.

Pests and Diseases

Mites, scales and mealybugs are common pests of this plant. Cylindrocladium root rot is a very destructive disease, one of the first symptoms observed is yellowing of lower leaves, sometimes accompanied by slight wilting. Other diseases are Erwinia blight, Phytophthora blight, Myrothecium leaf spot, southern blight and Dasheen mosaic virus.

Game bird Record tying night at Lake Mary permits on line now

Special to the Herald

OCALA --- What do ducks, geese, coots, common moorhens, rails, snipe, woodcocks, mourning doves and white-winged doves have in common?

They are all migratory game birds, and hunters must possess a free **Migratory Bird Permit** before taking to the field to pursue them

The permit is free and available on the Florida Fish and Wildlife Conservation Commission's Web site at www.floridaconservation.or

Internet users can just visit the site, click on "per-mits" and scroll down to the bottom of the page. Permits also are available at county tax collectors' offices and their subagents throughout the state. To order the permit, applicants fill out a short, simple questionnaire when purchasing their hunting licenses.

"Offering Migratory Bird Permits on our Web site reflects the emphasis we are placing on customer service," said Susan Weaver, head of the FWC's Bureau of Licensing and Permitting. "We try to make it as convenient as possible for hunters and anglers." The U.S. Fish and Wildlife

Service uses information from the questionnaire to determine how many migratory birds hunters harvest each season. The harvest information enables the federal agency to set hunting season dates and bag limits for each species.

Hunters who have Lifetime or Five-year licenses, and do not have Internet access, should contact their

LAKE MARY - To be a champion you have to win games like this one. The No. 3 Class 6A State-Ranked Lake Mary baseball team showed Friday night at Allen Tuttle Field that it has the ability to rise to the occasion and come out with a victory even in a game that it probably should have lost.

LAKE MARY — Is the

rematch with Lake Mary.

Tribe at home a couple of

win the Auburndale

The Rams had beaten the

Baseball team evens schoolrecord for consecutive wins

Taking on a young and tenacious Winter Springs nine, the Rams rallied for four runs in the bottom of the sixth inning to remain undefeated with a 6-4 Seminole Athletic Conference victory.

Lake Mary is now 16-0 on the season and the team is now tied with the 1986 Rams for most consecutive wins to open a season and most consecutive wins overall. The 1992 squad won its first 16

games, lost one, then won 16 more in a row before falling in the State Championship Game.

The Rams went after both records on Monday when they hosted Venice High School at Allen Tuttle Field. Lake Mary will travel to Oviedo on Wednesday to play the Lions in an important Class 6A-District 3 game at Mikler Field starting at 7 p.m. The team will return home to host See Rams, Page 3B

SCC

suffers

tough

sweep

Seminole stops streak Hot Tribe holds off Lake Mary By Deen Smith Sports Editor

By Deen Smith Sports Editor

SANFORD — The Seminole Community College baseball team saw its Mid-Florida Conference chances take a major hit on Saturday as it dropped a pair of extra-inning decisions.

Lake-Sumter Community College from Leesburg was the culprit as the Lakers scored three runs in the top of the eighth inning to edge the Raiders, 4-2, in the first game.

The visitors did the same thing in the nightcap, scoring three runs in the top of the 10th inning to complete the sweep, 6-3, at Raider Field.

The losses dropped SCC's record to 19-16 overall and 6-5 In the conference, while L-SCC raised its marks to 18-16 and 6-

The Raiders were looking to right the ship on Tuesday when they hosted conference foe St. Johns River Community ollege and will continue homestand with a doubleheader against Columbus State **Community College from Ohio** today (Wednesday) starting at 1

county tax collector's office or the FWC for the appropriate questionnaires.

Migratory Bird Permits are valid Sept. 1 to March 31, and hunters (including those with Lifetime or Fiveyear licenses) must renew them annually.

SANDY KAUPE **ASSUMES FWC POST ON APRIL 3**

Gov. Jeb Bush's latest appointment to the Florida Fish and Wildlife Conservation Commission (FWC), Sandy Kaupe of Palm Beach, will assume the post during the FWC's April 3 meeting in Tallahassee. Ms. Kaupe grew up in the Clearwater vicinity. Early on, she learned to take advantage of Florida's hunting, fishing and sailing opportunities, and she developed an abiding love for Florida's treasure trove of natural wonders.

She's particularly fond of bill-fishing, and she's won her share of tournaments all over the world. She also enjoys speckled perch (black crappie) fishing in freshwa-

"That's the best-tasting freshwater fish," she said. Since earning her bachelor of arts in liberal arts from Rollins College at Winter Park in 1957, Ms. Kaupe has spearheaded numerous conservation and environmental organizations at all levels. She serves on the board of directors of the Surdna Foundation of New York (which funds grants for environmental, artistic, effective citizenry and community service projects), Duke University School of the Environment and The See Outdoors, Page 2B

But Rogers felt his team should be able to compete with Lake Mary despite the fact the Rams had won 11 games in a row and were ranked No. 10 in the Class 6A State Poll. And his charges proved his faith in them was not unfounded as Seminole took an early lead and held on for a 4-2 victory over its hosts. Almost everything on the statistics sheet said Lake Mary

should have won the game as

A Seminole High School batter stams the ball during the Fighting Seminoles' 19-0 thrashing of Bishop Moore last week. The Tribe upset state-ranked Lake Mary on Friday to extend their winning streak to three games.

the Rams had seven hits to the Tribe's two and Seminole also had four errors to only two for Lake Mary.

But the game is not decided on a stat sheet.

Beth Gase opened the game for Seminole with a walk and

was sacrificed to second by Megan Pickren before moving over to third on a wild pitch. The Tribe then took the lead when Gase scored on a ground

out by Megan Gantt. Seminole looked like it

would go quietly in the second

Bats finally producing for SCC softball team

By Dean Smith Sports Editor

SANFORD - It's amazing what a little vacation can do. Since returning from the nineday Spring Break the Seminole Community College softball team is doing something it hasn't done all season. Hit the ball.

"I guess it was just the time off," said SCC head coach Courtney Miller. "They have come back fresh and really swinging the bats. We had 21 hits against Manatee in the doubleheader. We've gone a week without getting that many hits."

Another factor may be the full-time return of All-Conference shortstop and team leader Yo Johnson after the sophomore helped the SCC basketball team to a third place finish in the state tournament.

But whatever the reason may be doesn't matter to Miller because she is just happy to see her charges finally score some runs and win a game without having to turn to an antacid.

In the four games the Raiders had played heading into a weekend series in Miami, the

team had scored 16 runs on 37 hits and won three of the contests.

The only defeat came in the opening game of a doubleheader Tuesday against Manatee Community College in Bradenton.

The game looked like it was going to be another heart-stopping win for SCC as the Raiders scored single runs in the third and fifth innings to erase a 1-0 deficit.

Starting pitcher Blake Hoorelbeke was outstanding, allowing only one unearned run on two hits through five innings.

But the host Lancers, who like SCC are ranked in the State's Top 10 Poll, got to Raiders ace Lacy Swarthout for three runs, two earned, in the bottom of the sixth inning to pull out a 4-2 win.

The freshman from Colonial was brought in to save the game, but suffered a rare bad outing, giving up two hits and two walks in the inning and seeing her record fall to 10-5.

The SCC offense pounded out eight hits, but continued to See Raiders, Page 2B

Seminole Community College's Katle Field tags out a runner during a recent sweep of Lake-Sumter Community College. The former Oviedo star was the winning pitcher in one game and had three hits, scored three runs and drove in two as the leadoff batter and leftfielder as the Raiders won three of four games last week.

Raiders

Continued from page 1B struggle in driving runners across the plate.

Lake Mary's Rachel Bradley was 2-for-2, while Johnson had an RBI double and Hoorelbeke an RBI single. Winter Springs' Dixie Reynolds had a double and Oviedo's Katie Field singled and scored two runs. Kim Stork and Kristen Hughes had one single each for the Raiders.

The nightcap saw the SCC offense explode for 13 hits as the visitors rolled to a 5-2 victoThe big inning for the Raiders was the third when they scored three runs on four hits. Stork led the way at the plate,

going 3-for-3 and driving in two runs. Johnson also had a super

game at the plate, going 3-for-4, scoring a run, and driving in one.

Hoorelbeke and DeLand's Sissy Daugharty both had two hits, with Hoorelbeke scoring a run and Daugharty driving in one. Oviedo's Stephanie Mathieux singled, scored a run and drove in one, Kiley Sieffert singled and scored a run, Stacey Spell had a single and Winter Springs' Melanie Pace scored a run.

THE SEMENOLE HERALD

Field was the beneficiary of the outburst as she pitched the first five innings and allowed two runs, one earned, on three hits to raise her record to 2-0. Swarthout redeemed herself, striking out two in two hitless, shutout innings to earn her third save. SCC finally returned to its own home field on Thursday and hosted Santa Fe Community College from Gainesville in a Mid-Florida Conference doubleheader.

Special events to be run at FASCAR tracks this week

Speciel to the Herald

BITHLO - Special races and different pro divisions from the norm will be on hand for local racing fans the next two weeks.

This Friday night at Orlando Speedworld the extremely popular Figure-8 School Bus Race will be run along with heats and features in the regular FASCAR classes of Super Late Models, Mini-Stock, Sportsman, Super Stock, Young Guns & Bandoleros and Strictly Stock. No Modifieds this week.

Pit gates open at 5 p.m. and front gates open a 7 p.m. and racing begins at 8 p.m. every Friday night at the track located 17 miles east of Orlando between Orlando and Titusville on Highway 50 at the 520 Cocoa Cutoff.

NEW SMYRNA SPEEDWAY SAMSULA - The Modified Lites and Pro Challenge Cup Cars will be special guests this Saturday at New Smyrna Speedway.

The March 30th card will also have heats and features in the regular weekly divisions of Late Model, Modified, Mini-Stock, Sportsman, Super Stock and Strictly Stock. No Super Late Models this week as they will be running the Sunbelt Series 125 opener at Citrus County on Sunday.

The 1/2-mile speedplant will also have on hand a Hooter's Exhibition to prepare fans for next week's (April 6) appearance by the Hooter's Pro

Cup Series. NSS is located 10 miles South of Daytona Beach, between I-4 (Exit 56, East) and I-95 (Exit 64, West) at the intersection of Highway 44 & State Road 415 in Samsula, between New Smyrna Beach, DeLand, Sanford and Daytona Beach.

Pit gates open at 4 p.m. and front gates open at 6 p.m. with racing beginning at 7:30 p.m. every Seturday night.

For more information on any local short track action, call the FASCAR offices at (407) 568-1367 (Orlando) or (386) 427-4129 (New Smyrna), or check the Internet site at WWW.NEWSMYR-NASPEEDWAY.COM, or E-Mail at FAS-CARNOWGAOLCOM

Also you are invited to tune in to Daytona's WNDB-AM 1150 "The new "VOICE" of Stock Car Racing!" every Monday night from 8 p.m. to 9 p.m. following the Benny Parsons Show.

This is a radio show that is devoted to Short Track Stock Car Racing and is sponsored by FAS-CAR and hosted by Randy Dye of Speedway Dodge and Tommy Tipton from New Smyrna Speedway. They will take your calls and answer questions at 386-239-0033. You can listen to the radio show anywhere in

the United States via the Internetill Log on towww.wndb.com. Give them a call and support "your" radio show!

RESULTS

SCC

Continued from page 1B **Community College on** Tuesday, April 2, at 3 p.m. and then come back to Sanford for a single game against Florida **Community College at** Jacksonville on Friday (4/5) at 3 p.m. and host the Stars in a dou-bleheader on Saturday (4/6) starting at noon.

The week got off to a strange start for SCC when it traveled to Gainesville to take on Santa Fe **Community College**

The Raiders got off to a great start, scoring three runs on four hits in the top of the first inning.

But the Saints answered back with 10 runs, on just four hits, in the bottom of the first inning. The big blow was a grand slam by Matt Rumble.

SCC continued to battle back, cutting the deficit to 10-8 and having the tying run at the plate with two out in the top of the ninth inning when the game ended.

Providing the offense for the Raiders were Brian Machek (double, single, run, two RBI), Dan Quartararo (two singles, two runs, three RBI), Brant / Gadzicki (two singles, run, RBI), Sean Greear (two singles, run), Matt Matheson (double, run), Donnie Burkhalter (single, run, RBI), Ruben Hernandez (single), Winter Springs' John Michael Howell (RBI) and Lyman's J.T.

Williamson (run).

they scored three runs in the bottom of the fifth inning. Doing the damage for SCC were Quartararo (home run, two singles, three runs, RBI), Greear (home run, two singles, run, three RBI), Howell (double, single, run, three RBI), Hernandez and Ben Sprague (two singles and one run each), Matheson (single, two runs), Burkhalter (single, RBI), Scott McCoy (single) and Machek (run).

taking the lead for good when

The series with Lake-Sumter opened on Friday with Quartararo scoring all three runs as the Raiders won 3-2. Quartararo ripped a one-out double off former Lake Mary pitcher Stephen Apfel in the ninth inning, went to third on a single by Williamson and scored the game-winning run on a twoout single by Howell.

Quartararo also had a single and a walk. Other hitters were Williamson (two hits, RBI), 9diitario (two singles), Howell (angle, RBI), and Machine and Mathemon (one single each). Two consecutive SCC errors with one out in the eighth inning of Saturday's first game led to three runs instead of being out of the inning and what should have been a gamewinning two out home run by Tommy Solitario in the bottom of the eighth inning just went as

another run. Pinch-runner Josh Gray, a

inning run for the Lakers. In addition to Solitario's home

freshman from Lake Mary High

run, other hitter for the Raiders

were Burkhalter (two singles),

Howell (single, RBI), Tyson

School, scored the first eighth

Malik (single) and Quartararo (run).

A leadoff double by Matt Bowles in the 10th inning got the big inning rolling for Lake-Sumter in the late game. SCC had 10 hits in the game but could only score three runs. Doing the hitting were Solitario (home run, single, run, RBI), Burkhalter (two singles, RBI), Williamson (two singles, run), and Quartararo, Howell, Gadzicki and Sprague (one single each).

give up its undefeated season so easily, however, and rallied with a lot of help from the Bears.

Seey

CERTIFIC

Ryan Bono led off the bottom of the sixth inning by drawing his second straight walk, but then twin-brother Kyle hit a one-hopper back to the mound for what looked like an easy double play. The throw sailed into centerfield, however, and the Rams had the tying runners on base.

Rosado put down a perfect sacrifice bunt and reached safely when the throw from the catcher got away from the second baseman after a collision at first. As the ball rolled away, pinch-runner Tim Thomas came all the way around to score.

Rosado then stole second and Kyle Bono scored on a passed ball before Mike Muzeka got

what proved to be the gamewinning hit when he tried to check his swing on a high inside pitch and the subsequent line drive went over the shortstop into leftfield for an RBI single.

Muzeka then stole second, went to third on a grounder by Pires, and scored an insurance run on a wild pitch. Piercefield led off the top of the seventh inning for the Bears with a hit, but Kyle Bono then got a double play grounder and a strike out to get his sixth victory of the season.

SCC returned to Sanford on Thursday to host the **Community College of** Baltimore County-Dundalk Campus and won by the same 10-8 score.

The Raiders battled back from deficits of 2-0 and 7-2, finally

Softball

Continued from page 1B on another error with courtesy runner Mindy Crouse taking third.

Poloche stole second and Crouse scored when Gase slapped an infield single between short and third.

Gase then stole second and Poloche stole home when the return throw got away from the catcher.

The Tribe would only get two more base runners the rest of the game against Beth Laurence and Olivia Toporowsky, on a walk and a fielder's choice, but the damage was done.

The Rams also took advantage of an error to get back into the game in the bottom of the third inning.

Kristine Good reached on an error and went to second on a grounder, but was still there with two out. Kristen Patton then walked and Caitlin Mahoney and Ashley Bitzer ripped back-to-back RBI singles to center to cut the lead to 4-2.

Lake Mary had its chances later in the game, putting runners on the corners with two outs in the fifth inning and getting two runners aboard with only one out in the sixth inning.

But each time Seminole got a big defensive play from Gantt at first to preserve the lead.

In the fifth, Gantt went far to her right and went to her knees to stop a grounder before flipping to Gase to end the inning.

In the sixth, Gantt made a shoestring catch of a liner to her right and again flipped to Gase, this time for an inning ending

double play. The Rams had one final chance in the seventh inning as Carlee Wood led off with a single, but Poloche then got a one hop grounder to Kara Lively right at the second base bag and the shortstop rifled the bail to Gantt for a double play.

Poloche, who scattered seven singles but did not walk a batter, then got her ninth strike out to end the game. Bitzer had a pair of hits for

Lake Mary, while Wood, Patton, Mahoney, Good and Maile Keeney had one hit each. The Rams fell to 12-4 and have a pair of district games on the schedule this week. Last night (Tuesday) Lake Brantley was to have been at Lake Mary and DeLand will pay a visit at 6 p.m. tomorrow (Thursday). Seminole is now 10-6 on the season. The Tribe was to have hosted Lyman on Tuesday and then play a district road game at DeLand tonight (Wednesday) at 6 p.m. and a Seminole Athletic

Conference game at Winter Springs on Thursday at 7 p.m. The Noles will then welcome Lake Howell to Seminole next Tuesday (April 2) and go to Lyman on Thursday, with both games starting at 7 p.m. Seminole will then be holding its 5th annual BBQ on Saturday, April 6. This fundraiser has grown to be a day of great fun and fellowship for the whole family.

Rogers said the team will be serving up some ribs and chicken with a full slab of ribs going for just \$15 and a chicken dinner with beans and slaw costing a paltry \$5.

Rogers and his crew will be doin' the smokin' all night and said that, "This food will be so good your tongue will slap your brain silly wantin' more." The food will be available

beginning at 10 a.m. The games will begin at noon with the Tribe JV's taking on the Oviedo junior varsity. At 2 p.m., the Fighting Seminoles and Lions varsity teams will take to the field in an important Class 6A-District 3 game. All members of the junior var-

sity and varsity team's will be selling tickets until April 2nd and the player who sells the most will win a brand new Mizuno glove worth \$80. Tickets and food will be available at the event.

Rogers is also asking for volunteers to help make this event a success. All proceeds will go to the building fund.

Call Rogers' voice mail at 407-320-5260 and he will return the call, or call the Athletic Secretary at 407-320-5057 for information.

Sheriff's office investigating electrocution

Investigators with the Seminole County Sheriff's, Major Crimes Unit are investigating the death of a 20year-old worker, who died of

an apparent electrocution. The incident was reported to the Seminole County Sheriff's Office at 11:38am Thursday. It happened on State Road 426 near the intersection of Seminole Woods Boulevard, near Geneva.

The victim, Benjamin Richard Burr (dob 6-20-81) of Deland, worked for Red contractor for Florida Power and Light. He was a manifest of a crew that was laying down power poles along the roadway.

According to a witness, the boom of the truck came in contact with a power line. The victim, who was standing next to the truck, apparently came in contact with

Abandoned baby found on restaurant's steps

By Christopher Pation Staff Writer

SANFORD — The fate of a 17-year-old mother and the baby she abandoned is now in the hands of the courts.

After two anonymous 911 calls placed by the mother Thursday morning, police quickly located the baby she left at the doorstep of the Proy Thai Cuisine restaurant at 2520 S. French Ave. Officer Tina Lehman found the baby at approximately 6:20 a.m. wearing a child sized T-shirt, said Capt. Darrel Presley. She immediately wrapped

the baby in a blanket and called paramedics," said

Police find teen-age mother after tracing 911 calls

Presley

With the baby in good condi-tion resting at Central Florida Regional Hospital, Sanford police investigators tracked down the mother's identity by tracing the 911 calls to a cell phone. The mother was located at Seminole High School as she apparently gave birth, dumped the child and phoned police all before shoving off to class. Police transferred her to the

hospital and was still recovering there as of Thursday evening. Meanwhile, at a cus-

tody hearing Thursday afternoon, Seminole County Juvenile Judge Nancy Alley ruled the child was to be placed in a Department of Children and Families shelter. The mother would be allowed supervised visitation rights and another hearing was set for April 15 at 9 a.m. Under Florida law, the girl

could have legally dropped the newborn boy off at a fire hall or hospital. Instead, she chose

pecial events like festivals and parades provide Unique obstacles for paramedics who have to provide emergency medical service, but a team of emergency personnel at the Sanford Fire Department appears to have found a solution: bike patrols.

Large crowds make it difficult for emergency medical technicians (EMTs) and paramedics to respond to a crisis. Precious seconds that could mean the difference between life and death are lost maneuvering large rescue vehicles through a crowd of pedestrians. Even golf carts are difficult to squeeze through tight spots

"Bikes are idea for things like the Fourth of July down on Lake Monroe," said Mike Salber, a paramedic with the department. Salber is the driving force behind the creation of the bike unit. Deputy Fire Chief Jerry Ransom said the idea had been kicked around for a couple of

object to plans for assisted-living facility

Heathrow residents

By Christopher Patton Staff Writer

SANFORD - The night before Passover was to begin almost a hundred elderly Jews delayed their religious preparations to show their support for a proposed county comprehensive plan amendment.

The Jewish Senior Housing Council requested the amendment for a rezoning of a 20-acre parcel from agriculture to planned unit development. The site is located west of Interstate 4, east of the Seminole-Wekiva Trail and 3000 feet south of Lake Mary Boulevard.

Commissioners voted unanimously, absent Commissioner Randy Morris, to send the proposed comprehensive plan amendment to the Florida Department of Community Affairs for review. If approved by the state, the site would be utilized for a non-sectarian assisted and independent living facility.

The development would consist of 200 assisted-living units

near 1-4 and 50 one-story units near the Markham Woods neighborhoods of Ravensbrook and Orange Ridge. Residents of those two neighborhoods pleaded with county commissioners to adhere to the comprehensive plan and deny the project.

"Approval of this plan would be hard to swallow," said Frank Shelton, vice president of the Markham Woods Association.

Shelton argued approval of the assisted living facility would be "setting a precedent for more high intense developments" in the area that are incompatible with the surrounding neighborhoods.

"Please continue to protect the integrity of our community and continue to honor the agreements made by those before you," he asked commissioners.

Joe Breig, a resident of Ravensbrook, would be the closest homeowner to the proposed development. He too asked commissioners to deny the project, calling an approval a "vio-

Substation proactive approach to policing

By Christopher Patton Staff Writer

SANFORD - A new Sanford Police Department substation at Cowan Moughton Terrace and 5th Street may benefit local students as much as the officers who will use the facility.

The grand opening of the substation Tuesday was the result of an unique collaborative venture. The police department, city of Sanford, Seminole County Public Schools and Sanford Housing Authority all pitched in The substation is located on an to help.

provide an added police presence in the area as officers will use the facility for shift changes, breaks and completing paper-work. The added presence is a more proactive approach to policing the area, said Officer Gary Johnson. Community policing coordinator Johnson will move his office from the 13th Street substation to the new facility.

In addition, the substation will be used as a tutoring center. adjacent street to the literacy

The unmanned substation will center at Harbor II, Teachers will use the substation for more individualized tutoring, said Elizabeth Graham, Title I comsaid munity educator and administrator

> "The extra quiet place gives them a chance to work one-onone with teachers," she said. "We've had some great support from these collaborative agencies and the community."

Officers who use the new substation will also help in tutoring. According to Graham, the offi-
