ALTHOUGH BULLFIGHTER Alejandro Garcia lies between life and death, Madrid's fans or "adicionados" are still talking about the "regada" which they term the most dramatic of the bullfighting season. The word means "catch" and is colloquially applied to the act of a bull catching the bullfighter. Here, top left, the bull refuses to be fooled by the cape and nicks the matador in the right thigh. Top, right, the infuriated animal turns and gores Garcia in the back. Bottom, the matador lies critically wounded in the arena but his helpers have meanwhile distracted the bull, the winner, and are taking him out of the ring. (International)

State Board Of Health Charges Florida Water Pollution Serious

JACKSONVILLE, Aug. 3 (AP)—A State Board of Health engineers has said a serious condition existed in Florida due to drinking water pollution.

He said there was no immediate way of determining how widespread polluted areas were; nor how long it might take to survey and correct the situation. He said, too, that a number of communities in the state already had been advised by the board to go on a boiled water restriction to avoid typhoid disease.

Spy Says High Officials Kept Him On Payroll

Navy, Civil Service Attempts To Fire Silvermaster Were Futile During War

WASHINGTON, Aug. 4.—(AP)—Secretary of the Navy Sullivan, hailed before Senate investigators, refused today to say why William W. Remington was asked to resign his commission in the Naval Reserve. Sullivan was called to the Senate Office Building after three admirals refused the information and declined to turn over the Navy's secret files on Remington. All cited President Truman's order against making public files dealing with "loyalty" investigations.

WASHINGTON, Aug. 4. (AP)—Nathan Gregory Silvermaster, now accused of spying for Russia, stayed on the government payroll during the war although both the Navy and Civil Service Commission tried to get him off, it was disclosed today.

This was developed at a session of the House Un-American activities committee where Silvermaster took the stand and (1) denied he ever was a spy or agent of any foreign government and (2) steadfastly refused to say whether he is or has been a Communist.

Silvermaster, a middle-aged man with a shock of blond hair and a bristling mustache, is one of the men named by Elizabeth T. Benley as members of a wartime Communist ring in the government. She testified that they gave her secret information for relay to Russian agents.

After Silvermaster left the witness chair, Miss Benley went back and repeated the story she told last week that Silvermaster had admitted a Communist group in the (Continued on Page 5)

Dream Of Struggle Told In Confession At Rollins Trial

BARTOW, Aug. 4.—(AP)—Deputy Sheriff Hagan Parrish told a circuit court jury today that he admitted struggling with his wife over a gun and hearing a shot fired the night she was murdered.

Rollins, 48-year-old former school superintendent and Winter Haven Municipal judge, is charged with the first degree murder of his wife, a school teacher.

Parrish testified that on May 30 after Rollins had been in jail two days the defendant said he had a dream that might throw some light on the killing.

In this dream Rollins said he saw a man throwing away a pistol into a pond. Parrish continued. Rollins then offered to show Parrish and Sheriff Dewitt Sinclair the location of the pond.

Parrish said officers were unable to find the weapon at either of two ponds Rollins said looked liked he was in his dream, the witness said.

Rollins then was asked if he couldn't remember who the man was who threw the gun in the dream.

Suddenly, Rollins started crying and said "I did it. I did it. It's all clear to me now." Parrish testified.

Parrish's testimony was the same he began Monday when the jury retired for a "moment" while the defense objected to his remarks about an admission. The moment stretched into a day and a half of arguments.

Judge Don Register ruled the jury could hear Parrish's testimony about purported admissions.

City Commissioner John Krider, and Edward Higgins (left) manager of the Seminole County Chamber of Commerce, arranged the deal with the Giants while on a recent trip to New York.

Missouri, Kansas And Virginia Voters Give Nod To Veteran Campaigners

Voters in Missouri, Kansas and Virginia primaries yesterday gave the nod for November election competition to a field of veteran political campaigners.

In Missouri, State Auditor Forrest Smith won the Democratic nomination for governor with little trouble piling up a vote score greater than the combined totals of his two opponents, former U. S. Tax Collector Dan M. Nee and former Attorney General Roy McKittick.

Smith had the support of 30 "Pendergast" forces in Kansas City. The GOP primary was tighter, but with only one fourth of the votes remaining to be counted. Speaker Murray Thompson of the State House of Representatives had piled up a strong lead over his closest rival, lawyer Manuel H. Davis.

In Kansas, former Gov. Andrew Schoepel got the approval of Republican voters as candidate for the Senate seat being vacated by Arthur Capper, a veteran of 30 years on Washington's Capitol Hill. Schoepel defeated Wichita lawyer Harold Malone.

The former governor's Democratic opponent for Capper's job will be George McGill, who has served previously as Senator from Kansas. He ran up a two-to-one margin yesterday over farm leader E. K. Dean.

Virginia Democrats meanwhile gave the same two-to-one victory to Senator A. Willis Robertson, running for re-nomination against anti-organization candidate James P. Hart, Jr., Roanoke attorney.

In Congressional contests in the three states, incumbents were in all cases either unopposed, assured of victory, or leading.

In two of these races, however, lawmakers had to put up a tough fight to keep their House seats. Republican Rep. Dewey Short faced stiff opposition from young Quentin Haden in the Seventh Congressional District of Missouri before he finally nailed down the victory.

The Third District in Kansas saw an even closer struggle, with GOP Congressman Herbert A. Meyer hanging on to a slim lead (Continued on Page Five)

At the suggestion of Kiwanian President Frank Lamson, Kiwanians rose to applaud John Krider, city commissioner and member of the club, for his help in bringing the New York Giants and farm clubs to Sanford and for his work in inducing the Giants to purchase the Mayfair Inn.

Mr. Krider expressed thanks for the ovation, but declined to take sole credit in the recent hotel deal, stating that many people had assisted.

State Considers New Courses For Negroes

TALLAHASSEE, Aug. 4 (AP)—The State Board of Control will investigate the possibility of setting up schools of law, library science and social work at Florida A. and M. College for negroes here.

Governor Caldwell reported there may be a chance of establishing the schools for the fall term which starts in September. He said the cabinet board of education and the board of control discussed offered a three-year law course and professional and graduate courses in library science and social work.

At present, Florida negroes are sent out of the state on scholarships for training in the three fields. Most of the \$50,000 spent by the state last year on out-of-state scholarships for negroes was for those studies.

Republican Leaders Decide To Abandon Anti-Poll Tax Bill

Tito Wins Support Of Reds In Fight For Trieste Area

Debate Is Test Of Unity Among Soviet Bloc In U. N.

LAKE SUCCESS, Aug. 4. (AP)—Marshal Tito's Yugoslav Government won Soviet support today in its fight with the Western Powers over Trieste.

The debate in the security council was the first test of the unity of the Soviet bloc in the United Nations since the Communists began its recent attacks on Tito.

Dmitri Z. Manuilsky, foreign minister of the Soviet Union, protested vigorously against what he called efforts to obscure the Yugoslav complaint in irrelevant counter-complaints. He objected particularly to demands that Yugoslavia report to the council on the administration of the Yugoslav zone of the free territory.

"It would be incorrect and inappropriate," Manuilsky said, "to broaden the case to inquire into what has been taking place in the Yugoslav zone."

Yugoslavia opened the debate with a charge that the Western Powers in effect, had already incorporated the British-American zone of Trieste into Italy by financial and economic agreements.

The Jozef Vilfan, the Yugoslav representative, told the United Nations Security Council the United States and Britain are openly violating the Italian peace treaty in an effort to "bolster the reactionary forces of Italy."

"The only distinction between the Anglo-American zone of the Free Territory of Trieste and the Republic of Italy," Vilfan said, "is the open occupation by the Anglo-American troops."

Vilfan called on the council to act quickly to prevent an alleged British-American plot to turn over all of Trieste to Italy.

U. S. Delegate Philip C. Jessup replied with a charge that the whole Yugoslav attack was designed for propaganda purposes. Jessup said the charges were (Continued on Page Six)

170 Per-cent Jump In State's Farm Prices Revealed

ORLANDO, Aug. 4.—(AP)—The index of prices received by Florida farmers for their products on July 15 was 170 per cent of the 1934 level, the U. S. Bureau of Agricultural Economics reported today.

The July 15 index was one point above that of the previous month but 17 points under that of a year ago.

A rise in the price of hogs, yearlings, eggs and sweet potatoes was said by J. C. Townsend Jr. and John P. Steffens Jr., agricultural statisticians, to have more than offset price declines for some other products.

"The most outstanding gain," they reported, "was in the price of hogs, which advanced from 10.50 to 22.50 average per hundred pounds on foot."

Beef cattle remained steady at 17.50 per hundred pounds, which was a rise from 20 cents to 19.25 per hundred pounds.

Chickens, averaging all types, fell two cents per pound, whereas eggs advanced from 54 to 57 cents per dozen.

The average equivalent on tree fruits, all methods of sale, for oranges on July 15 was 40 cents a box, compared with 43 cents in June and 11.05 a year ago.

Grapefruit, at 10 cents per box last month, compared with nine cents on June 15 and 32 cents in July, 1947. Lime prices were \$2.50 per box, against \$3.80 in June and 12.05 a year ago.

The bureau's report showed that most Florida feed prices declined between mid-June and mid-July but that dried citrus pulp rose from \$2.55 to \$2.60 per hundred pounds.

Russians Present Their Plans For Control Of Danube

Proposal Would Give Red-Ruled States Reign Over River

BEUGRADE, Aug. 4. (AP)—The Russians presented today their plan which would give Communist-ruled states of Eastern Europe exclusive control over the Danube.

Deputy Foreign Minister Andrei Vishinsky presented the proposal to the Danube conference, where the Russian bloc outvotes the U. S., Britain and France seven to three.

He demanded what he called "protection" of the sovereign rights of the Danubian states over the 1,800 mile waterway, the major one in Central Europe. Each participating country would have immediate control of the waters on its own banks.

Vishinsky explained the Soviet draft point by point. He asserted it would do away with the "privileges" (Continued on Page Six)

Henry Wallace Party Recognized In N.C.

RALEIGH, N. C., Aug. 4 (AP)—The State Board of Elections recognized Henry Wallace's Progressive Party of North Carolina today. It refused to recognize the anti-Truman states' rights board.

Chairman Hubert E. Hays said in handling down the denial that "I think it is clear that the petition of the states' rights Democrats doesn't comply with rules and regulations of the board."

There was no way to determine today that qualified voters had signed petitions asking that the names of Governor Strom Thurmond of South Carolina and Governor Fielding Wright of Mississippi be placed on the general election ballot. Thurmond is the new party's presidential candidate; Wright, his vice presidential candidate.

The states' righters previously had said they would carry their case to the courts if a denial were issued by the state election board. Oliver today requested Attorney General Harry McMullen to cooperate with the new party in bringing a test case into the courts "at the earliest possible moment."

McMullen told reporters that he thought the case could be presented to the state supreme court by Sept. 1.

Marshall Refuses To Give Indication Of Parley Results

Another Meet Between Stalin And Envoys May Be Requested

WASHINGTON, Aug. 4. (AP)—Secretary Marshall declined today to give reporters any indication when the Western Powers and Russia will announce the results of their talks in Moscow.

At his weekly news conference, the secretary of state rigidly maintained the secrecy which the American government has applied to the stage of conversations with Premier Stalin.

Marshall said he could not give any idea when to expect word on the outcome of Monday night's talks and said that for very evident reasons the State Department could make no statement without explaining further, he added that for equally evident reasons speculation about the talks might be very harmful.

Marshall promised that the State Department would do its best to protect the interests of the American press in the negotiations.

An informed source in Moscow said some sort of agreement may result from the talks of Western Power envoys with Prime Minister Stalin and Foreign Minister V. M. Molotov.

The informant would not specify the nature of such an agreement. Another meeting of the envoys with Stalin, Molotov or both may be requested soon.

The three envoys—Ambassador Walter Bedell Smith, French Ambassador Yves Chaigneau and Frank Roberts, principal secretary to British Foreign Secretary Ernest Bevin—were reported (Continued on Page Five)

Suicide Note Is Said To Stem From Communist Probe

SAN FRANCISCO, Aug. 4.—(AP)—A seeming suicide note, with unexplained references to the Washington Communist spy inquiry, was found with a scattered pile of feminine clothing on Golden Gate bridge today.

The note, dated Aug. 3 and addressed "Dear E. T. B.," referred bitterly to E. T. B.'s "sensationalism," and declared, "The sun is setting and my life is going out with it." It was unsigned.

State Highway Patrol officers noted that the initials of the addressee were the same as those of Elizabeth T. Bentley, key witness in the current congressional Communist expose in Washington.

With the scattered clothing were clothing from a San Francisco newspaper of yesterday carrying Miss Bentley's name, and that of Alger Hiss, State Department official. Hiss' name was underlined in pencil.

The clothing, bearing the labels of expensive stores—some of them in Berkeley—were found by Highway Patrol officers on the center span of the bridge over the Golden Gate.

A motorist reported he had seen a figure on the span near the north bridge tower.

Officers found no one, but spotted the clothing.

The accompanying note was typed, and authorities described it as the work of a well educated person.

It was torn at one point, and officers theorized the author had ripped out a paragraph or more of the text as an afterthought.

The note bore no name, only the postscript: "Nobody would care about my name, except maybe Elizabeth."

MADRID LEAVES PANAMA

HALBOA, C. Z., Aug. 4 (AP)—Arnulfo Arias, Madrid, former president of Panama, fled into political exile today for the second time.

Arias, who was the opposition candidate for president in the elections last May, declared as he boarded a plane for Barranquilla, Colombia:

"We are under a dictatorial regime. A horrid criminal fraud has been perpetrated. I will return when a sense of responsibility and tranquility return to Panama."

GOP Agrees To Drop Fight In Order To Allow Congress To Quit By Saturday

WASHINGTON, Aug. 4. (AP)—Senate Republicans today abandoned their efforts to pass an anti-poll tax bill during the extra session of Congress.

The action, decided upon at a conference of GOP senators, represented a victory for Southern Democrats whose filibuster against the bill is in its fifth day.

Chairman Milliken (R-Colo.) told reporters the GOP conference agreed to clear the decks for the Senate to turn to other pressing business in the hope that Congress can quit by Saturday night.

He said the decision to abandon the poll tax fight as "futile" at this time was reached after considerable discussion. He said the GOP Senators committed themselves to an effort to change Senate rules in January so that debate may be limited. Such a change would allow the Senate to invoke cloture and halt a filibuster.

While the GOP Senators were meeting, Republicans on the House side formally proposed their own anti-inflation bill amid prospects that it may reach the House floor for action tomorrow.

Chairman Wolcott (R-Mich.) of the House Banking Committee disclosed that the measure calls for restoring installment buying controls through next March 15. It also provides for moderate tightening of bank credits.

These steps previously had been agreed upon by the Republicans who have ignored anti-inflation curbs proposed by President Truman.

Milliken also told newsmen after the lengthy meeting of GOP senators:

"Inflation legislation will not be introduced on Page Four"

Sanford To Gain Wide Publicity From Mayfair Inn

The advertising and publicity resulting from the purchase of the Mayfair Inn by the National Exhibition Co., owners of the New York Giants, will be of inestimable value to Sanford and Seminole County, declared Edward Higgins, manager of the Seminole County Chamber of Commerce.

This statement, he added, will be fully endorsed by City Commissioner John Krider, who accompanied him on the trip to see Giant officials in New York regarding the deal.

The acquisition of this hotel property by the Giants is one of the greatest things that has happened to Sanford in many years," said Mr. Higgins.

The National Exhibition Co. owners of various enterprises, but this is the first hotel that they have ever invested in, he stated.

Forecasting the publicity that will result, he quoted Charles Marion, Giant official who will manage the hotel, as stating that the hotel will be advertised over a wide network of radio stations. The hotel will also be advertised on printed programs of all baseball clubs owned or controlled by the Giants throughout the United States. It will be featured on television broadcasts as the Giants have recently made a contact to televise games played on the Polo Grounds in New York.

All sports editors of papers in the east will be invited as guests to attend the hotel opening, on Dec. 1, Mr. Higgins quoted Mr. Marion as stating.

Mr. Higgins stressed the fact that the Mayfair Inn be operated as a hotel for the benefit of the public, as the Jersey City and Minneapolis clubs will not occupy more than one-third of the building, and then only for four to five weeks in March and April.

The hotel, he pointed out, contains 150 guest rooms, a large lobby, a ball room, two dining rooms, a modern kitchen, refrigerating plant, tap room and offices. It has an outdoor swimming pool, shower facilities for swimmers, tennis courts and shuffle board courts.

DR. ECKENER CLEARED STUTTGART, GERMANY, AUG. 4 (AP)—An American zone denazification court here cleared Dr. Hugo Eckener, 79-year-old German zeppelin designer of Nazi activities yesterday.

The court said his activities as a leader of German industry under the Nazis were "not incriminating under the denazification laws."

BIBLE VERSE TODAY

In a world in which hope is the
star in the sky, mourning is the
abnormal condition, hope sings in
the heart in the darkest hours and
soon draws the sound of mourning.
—Matt. 5:4; Blessed are they
that mourn; for they shall be
comforted.

Our American athletes should
be careful not to win all the
Olympic cups and thus destroy all
that has been done in the last
few years to build up international
peace and understanding.

We suppose Senator Pepper is
entitled to his own opinion on the
anti-poll tax legislation but we do
not believe he is fairly representing
the views of his constituency
when he repeatedly casts his vote
to enact federal legislation setting
up voting requirements throughout
the South. Florida's Senator may
argue that Florida has no poll
tax anyway and that therefore
other Southern states should be
made to abolish theirs, but it
should be remembered that Florida
abolished its poll tax of its own
free will and accord and not to
suit the whims of northern
politicians. If the federal government
can abolish state levied poll
taxes, it can also set up other
voting requirements, or control
other state tax laws. Florida and
all the southern states would be
even more at the mercy of the
northern politicians than they are
at present.

It was 22 years ago last January
that the Mayfair Hotel was
first opened to the public with a
formal dinner party far surpassing
in elegance anything ever attempted
here before, and under the
management of those exacting and
fastidious maître d'hôtel Howard
and Bloomfield Hulek. They ran
the hotel well, but the same
year came the hurricane that
formed a fitting climax to the
comprehensible boom which had
spanned the hotel. It closed soon
afterward and ultimately was
picked up on a tax certificate for
\$17,000. The war gave it its first
opportunity to serve its original
purpose, and many were the Navy
men and wives who stopped there,
but rationing, rent controls, and
labor shortages made the service
it could render at best exasperating.
Mrs. Perry and later Lind
Weber both made a gallant attempt
to overcome insuperable
obstacles. When it finally closed
again this summer, many feared
we had another white elephant on
our hands. It is therefore particularly
gratifying that its ownership
has finally passed into the
hands of the New York Giants.

Not many people remember
Alexander Kerensky who says that
millions of Russian people are
ready to revolt against the slavery
to which they are subjected
by the Stalin government and that
the United States should strive to
drive a wedge between the people
and their rulers. It is worth while
recalling from time to time as
liberals attempt to convince us
that we should be more tolerant
toward the Communists that the
czarist regime was not thrown out
by the Communists but rather by
a coalition of all the democratic
forces of Russia and that Kerensky
was their leader and the first
president of the Russian republic.
Democracy prevailed in Russia
scarcely six months, however, when
the Communists seized control and
Kerensky and his followers were
forced to flee for their lives.
Millions of Russian liberals who
believed in democracy or the republican
form of government and
even countless socialists who were
opposed to violent revolution were
brutally put to death or sent to
concentration camps. And the
Communist party, which embraced
nearly three million souls and
which was led by Lenin and
Trotsky and later by Stalin, gained
absolute control of 60,000,000
people.

Civil Rights

That not all northern people are as prejudiced and
intolerant towards the South's racial problems as some of its
politicians is shown by Dorothy Thompson in one of her recent
columns in the Times-Union. Speaking of segregation, she
reveals not only that she knows whereof she speaks but
also is not afraid to call a spade a spade. She hails from Ver-

mont. "Segregation," she writes, "will not be ended in the
South by Federal edict. If either armed force or other fanatical
pressure is applied to enforce a anti-segregation, the
South will revolt with consequences to the colored population
which I shudder to contemplate. Also, tensions between
the states and racial groups within the states will reach
"unmanageable proportions."

"I am not here saying what "should" happen. I am analyzing
and predicting the results of a possible policy. The
ideologists who fanatically commit themselves to what they
believe ought to be, disregarding all reality, do not ask themselves
which is worse: segregation or civil war?"

"The great campaigns against social discrimination in
the U. S. and the tendency of minority racial groups to identify
themselves with their own, are not mitigating but
exacerbating tensions. The Klan is rising again with the
ugliest visage in years. There is more anti-negro feeling in
the North and more suppressed anti-Semitism in the Nation
than I ever have known in my lifetime.

"For where racial or religious sympathies or antipathies
are concerned, the forces engaged are emotional and irrational,
with roots twisted all through the unconscious mind
and capable, therefore, of producing the most explosive
reactions.

"Discrimination is a phase of human nature, not confined
to any group. If Gentiles discriminate against Jews, so do
Jews against Gentiles; and so do negroes—when the
opportunity is given—as in the reconstruction era, against
whites. Jewish Zionists vilify non-Zionist Jews, and anti-Semitism
flourishes among the colored.

"The racial problems of such a heterogeneous nation as
ours cannot be "solved" except by gradually expanding tolerance
over great periods of time. We have to live with them,
as we have to live with all our real problems—each of us,
of whatever race, bearing his share of the burden, with a
much justice, mercy and humor of which he is capable. Unroll
the whole issue of race and religious prejudice in an
attempt at a radical solution and, instead of brotherly love,
you will promote hate; instead of social peace, civil war;
instead of mercy, persecution and instead of justice, revenge."

Not As Rows of Men

An admonition against cussing passed out by the Army
chief of staff at a conference of high officers, won headlines
over the reports of the meeting. Less spectacular was
this statement by General Bradley: "We must treat our men
as individuals and not as rows of men lined up on the parade
field before us."

The process of making the Army over continues. It has
been going on, largely under the pressure of public opinion,
since the war ended and some ten million confirmed civilians
discarded their uniforms and began airing their ideas about
the operation of the military services. The fact that the services
once again are faced with the problem of integrating
drafted men into their organizations is increasing the pressure
for revision.

Many changes are being made, some by Congressional
changes in the laws, others by altering administrative policy.
At the bottom of most of them is the idea enunciated the
other day by General Bradley, that soldiers are "not as rows
of men."

Man has become an individual. As a man individual he
should have more sense than to make war, but he also should
know that with the world as it is the military establishments
cannot yet be discarded. The new trend in the Army, then,
appears to be aimed at letting man go on being an individual
while maintaining the military defense of the country. We
hope it works.

How Old Is Old?

Eighty-two-year-old Senator Arthur Capper of Kansas,
who has served for 30 years, is not running for another term.
Till lately he was all set to go, feeling that not only was he
perfectly fit at 82, which is a venturesome opinion, but that
he would continue to be fit for the next six years, which is
rather indeed. He will now make way for a younger man, who
may be more receptive to the world's astonishing new
developments.

Perhaps Capper had ambitions for beating the record of
Justin S. Morrill of Vermont, whose 31 years as senator carried
him into his 88th year. Cynical colleagues said of Morrill,
"they'll have to shoot him on the Day of Judgment."
That distinction Capper may have more chances of attaining
if he is freed from the arduous duties of the Senate.

THE WORLD TODAY

By DEWITT MacKENZIE
AP Foreign Affairs Analyst

While the western world is
speculating on what degree of
Russian cooperation (if any) may
grow out of the Stalin parley,
the Belgrade Conference on control
of the Danube River provides
a mirror which reflects a
hardened Bolshevik determination
to grant the democracies
nothing which impedes Red
expansion.

The mighty Danube is one of
the world's strategic waterways.
It is of the highest importance
economically, politically, militarily
and culturally, for it is the chief
means of transport in that whole
area of Southeastern Europe. It
rises in the black forest of South-
west Germany and winds east-
ward for 1,750 miles, thus con-
tacting eight countries before
emptying into the Black Sea.

Sea-going ships can sail up the
Danube about 100 miles, after
which their cargoes are transferred
to barges or other craft
with light draft. Even small ships
of war operate on it.

Prior to the war the Danube
had been under international control
which gave rights to both
Eastern and Western Powers. As
a matter of fact the Paris agree-
ment of 1921 providing for such
control is still on the books but
the Russians and their satellites
have assumed complete domina-
tion of the waterway, charging
that the Western Allies broke the
pact.

So it is that we find the warring
parties assembled in Bel-
grade to discuss a new "agree-
ment" for Danubian control.
Theoretically the conference is to
reestablish free navigation, but
practically the matter was virtu-
ally fixed in advance by the
Communists. The Russians have
presented a new agreement under
which the Danubian countries
have exclusive control of the
water throughout. Moreover
these states have a majority in
the conference and can dictate
what they wish. The line-up is
America, Britain and France on
the one side and on the other
Russia, the Ukraine, Bulgaria,
Romania, Yugoslavia, Hungary
and Czechoslovakia. Germany isn't
directly represented and Austria
is permitted to sit only as an
observer.

Soviet Deputy Foreign Minister
Andrei Y. Vishinsky sounded the
key-note of the conference right
at the start. He told the repre-
sentatives of the Western Powers
to accept decisions of the Com-
munist-dominated parley or get
out.

Yesterday Vishinsky got an
answer from the chief British de-
legate, Sir Charles Peake, who
accused the Russian of trying to
dominate the conference through
control of the Eastern States.
Declared the irate Briton:

"I for one have no intention of
being bullied or intimidated. The
United Kingdom will not jump at
the crack of Mr. Vishinsky's whip.
Let me make that plain."

Later Peake quoted a remark
by Vishinsky that the Western
Powers have treated the Danu-
bian States in the past as a cook
treats potatoes in the kitchen.
And Peake commented:

"A vivid and homely phrase
but, I ask you, who is a cook
here?"

Vishinsky grinned, and pointed
toward himself with his thumb.
That gesture by the Soviet
foreign minister conveyed a volume
of truth. He is the cook at Bel-
grade, and it is obvious that he
intends to railroad through the
new agreement of Danubian con-
trol unless Moscow unexpectedly
orders a change of front.

Naturally one of the chief
reasons why the Western Allies
want to see an internationally
free river is to prevent the Danu-
bian states from being completely
swallowed up by Russia. More-
over, a resumption of trade be-
tween Eastern and Western Eu-
rope is important to success of
the Marshall Plan.

However, Vishinsky won't likely
give up the "Blue Danube" on
any such basis. The Danube, by
the way, isn't blue. It's brownish,
from silt. It's the allied chances
which took blue.

have had plenty of time."
The thief made off with three
ties and tube, a case of motor
oil and a box of wrenches.

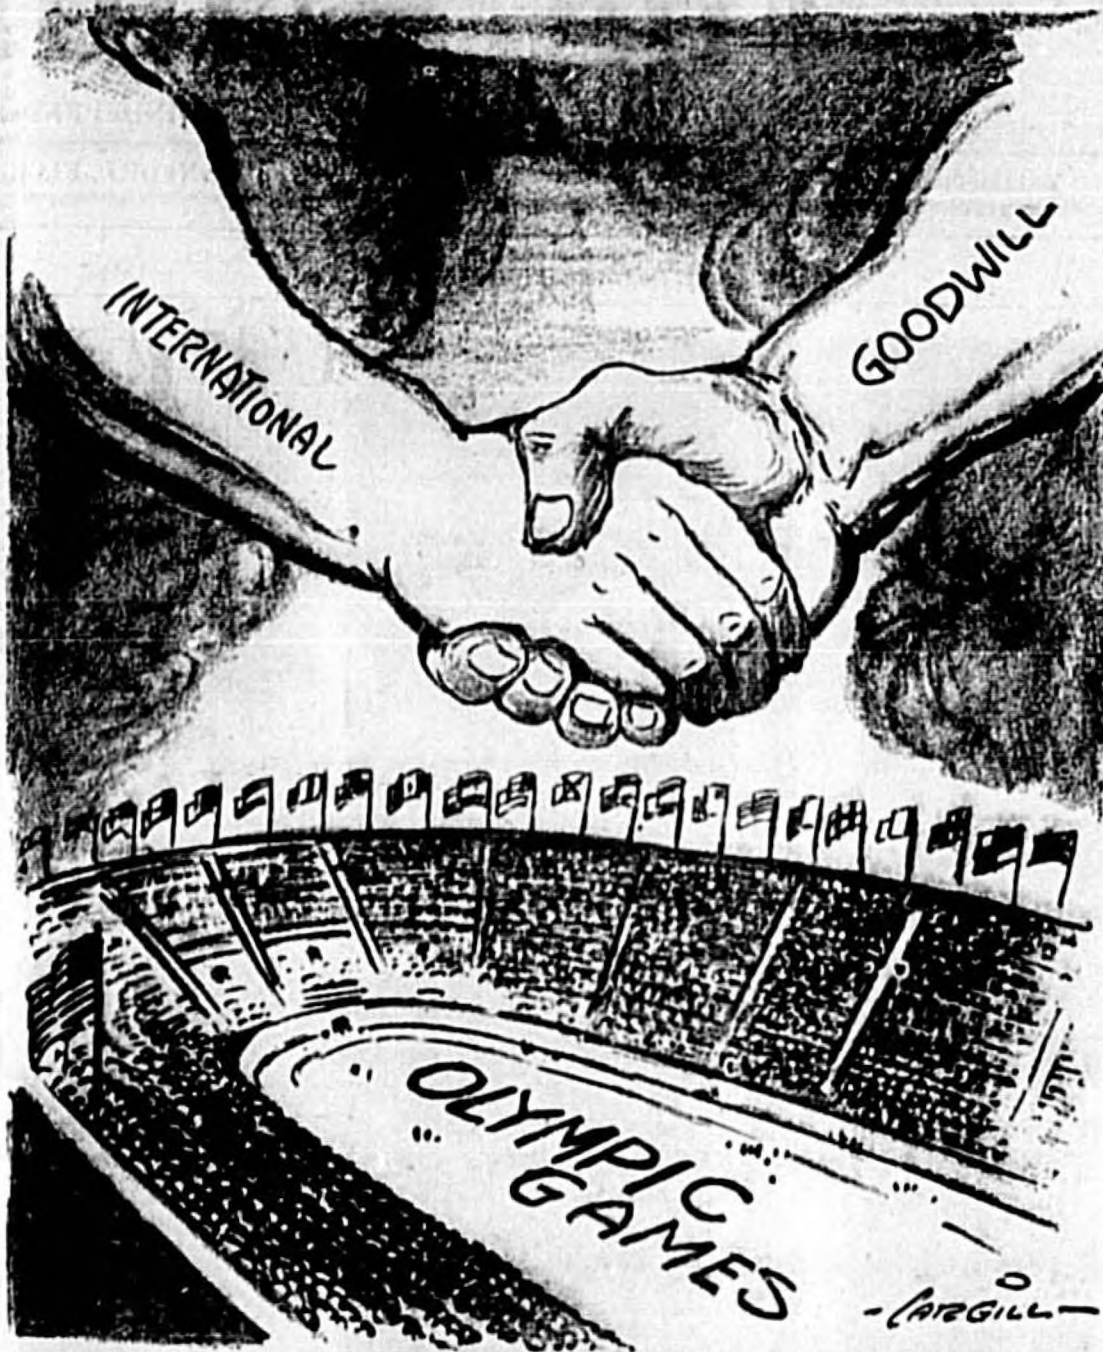

Beating the note, the thugologetic
thief left Jordan a gift—a box of
cheese.

One of the lovely parties of the
season was the buffet supper
given by Mrs. William Henry
Martin and Miss Kathryn Lawton
honoring Miss Thelma Lee,
daughter of Mr. and Mrs. Charles
S. Lee, Sr., and bride-elect of Rex
Clonts, son of Mr. and Mrs. C. R.
Clonts, Sr.

The house was lovely with an
artistic arrangement of pink
roses, roses and pale pink lilies.

Miss Lawton and Mrs. Martin
presented Miss Lee with a novel
set of crystal iced tea coasters as
a memento of this memorable
occasion. Those enjoying this
buffet supper with Miss Lee were

Mesdames Robert Lee, Roy Clonts,

Another lovely affair of the
summer was the lovely tea given
for Miss Thelma Lee, popular
bride-elect of Aug. 22, by Mrs.
M. I. Gary and Mrs. W. R. Meek
at the home of Mrs. Gary.

Mrs. James Parlin and Mrs.

William Henry Martin alternated
at the tea table which was beauti-
ful with an artistic arrangement
of summer flowers in the center.
These flowers were arranged
throughout the house to lend an
air of festivity to the occasion.

Mesdames Donald Leirhart,
Merritt Staley, Roy Clonts, Jr.,
and Basil Guyton assisted the hos-
tess in serving.

Those included in this party
were Mesdames Charles S. Lee,
Sr., Robert Lee, C. R. Clonts, Sr.,

Congress Receives Pleas For Beauty

By HAL HOYLE
NEW YORK, Aug. 4.—Does Congress want the American woman to stay beautiful?

There are government subsidies for almost every type of education except for the education of women.

As long as we have beautiful women, she said, "our men would slaughter any foreign 'ism'."

There are five basic types of faces, she said.

Mark — for some reason hair stylists never have last names — thinks women could eliminate this sameness by concentrating upon their own facial type.

Carmen Miranda Files Counter-Suit

LOS ANGELES, Aug. 4.—Carmen Miranda, the Latin singer and dancer, wants \$250,000 damages from a corporation which formerly operated the exclusive Broadway night club.

Following a wedding which completely crossed up the film colony, actress Lucille Bremer and Alberto Rodriguez, son of a former Mexican president, were honeymooning today.

The former Philadelphia girl who danced her way from ballet to Broadway to the movies was married to the son of General Alberto Rodriguez in a simple ceremony on Santa Catalina Island Sunday.

The secret was guarded until yesterday. By that time, Rodriguez and his bride had flown to the lower California spa of La Paz. They plan to make their honeymoon in Mexico City.

The couple met last year when Miss Bremer went to Mexico to make a picture. Their engagement had been announced some time ago, but the wedding was not expected for several months.

Sanford, Daytona Beach Twin Bill Was Rained Out Here Last Night

By ARTHUR BECKWITH, JR.
Herald Sports Editor

The scheduled twin bill between the Sanford Giants and the Daytona Beach Isles was washed out last night by an afternoon downpour, which lasted until late last night.

Tonight the Giants move to Daytona Beach for a two game attraction, and tomorrow evening the locals play host to the Palatka Azaleas in a single contest.

Last night Big Jim Ketcher dunned the Orlando Senators for the St. Augustine Saints by a 9 to 0 margin. Ketcher blanked the league leading Senators with five hits. Stan Zaslavski and Ed Noriega topped for the locals.

Leesburgh's Ralph Bartolozzi rapped his 16th home run of the year in Palatka last night, but the Azaleas edged the Pirates by a 6 to 3 score.

The line scores:
Orlando 100 000 000 0-1
St. Augustine 303 290 015 9-10 1
Zaslavski, Noriega and Seaman; Ketcher and Wilson.

Leesburgh 200 001 000 3-0 4
Palatka 301 100 015 6-7 2
Regan and Hall; Johnson and Sheppard.

Rains Continue To Plague G-F League

By ASSOCIATED PRESS
Heavy rain continued to plague the Georgia-Florida League and in last night's baseball program only two games could be played.

The Cordele Indians lost their sixth in seven starts, the latest to the Moultrie Athletics 3-1, and Albany won a 7-1 victory over the Americus Phillies.

The rained out games were Tallahassee at Thomasville, and Waycross at Valdosta.

Carey, pitching for Moultrie, was sparing when hits counted as he held the win over the Indians. He gave seven hits but allowed only one run. Moultrie made eight hits count for three runs against Mitsuovich. Two Cordele errors hurt the Indians chances.

Albany got 12 hits and made them count for seven runs in defeating the Phillies. The Cards had a five-run sixth inning. Carey of the Cards yielded seven hits in winning his game.

The two league leading teams, Valdosta and Waycross, have the best win records in recent games. Valdosta has won 13 out of the last 16 games while the Bears have won eight out of 13 Thomasville. In third place, has faltered, losing 13 and winning five.

Large Field Vies For Tam O'Shanter

CHICAGO, Aug. 3 (AP)—A high-powered field in the \$50,000 All-American Golf Tourney today tried to catch up with an explosive comeback swing.

Among the leaders were Goldblatt, 1037-58 U. S. Open champion. Goldblatt ripped Tam O'Shanter's rolling greens apart yesterday with a 64—a record-breaking eight under par.

Thus mild-mannered Ralph, who turned from the headlines after winning the 1939 Masters Open, held a two-stroke lead over runner-up Metz of Arkansas City, Kan., in the rich 72-hole medal play test.

Metz with 33-37-66 was a stroke ahead of a brace of 67 shooters, Chandler Harner of Portsmouth, Va., and Elmer Reed of Atlanta.

Top Greyhounds Of Area to Race At Volusia Oval Tonite

Dog racing fans will have an opportunity to see the top greyhound in this area and one of the fleetest in the country, in action at the Volusia County Kennel Club in Daytona Beach tonight when Gloria Ann, that hand-to-hand sensation, gallops again. This brilliant female climbed to the top pedestal of Dogdom after her double defeat of wing-footed Ed's Betty in two recent two-dog exhibition races. Tonight Gloria Ann has the Number 1 box and the experts say that is just to her liking.

High Barbaree will be one of Gloria Ann's most dangerous contenders for honors. This slim-bodied speedster was a champion at West Palm Beach last winter and she is now getting geared to the local track. Her performance last Friday was a brilliant one when she out-ran a star-studded set of ninth race greyhound aristocrats.

Also running tonight will be Pay Ott, Off's Shoreaces, Sooner Select, Jovial Jesse, Auto Pilot, and Snow And Steel.

Poll Tax Bill

(Continued From Page One)
2. Congress still hopes to adjourn by Saturday night "if it can do so in an orderly fashion."
3. The conference discussed amending the displaced persons bill passed at the last session, but no definite decision was reached. Any change, Millikin said, would be limited to moving up the eligibility date for refugees from Dec. 22, 1945, to April 21, 1947.

4. Leaders of the two House and chairman of the Senate and House banking committee are attempting to reach some areas of agreement on housing that may be "developed and enacted."

5. There was some discussion of substituting a constitutional amendment for the present anti-poll tax bill which is in the form of a federal statute. Millikin said there was no "full dress debate" but that the consensus was that a constitutional amendment would not be substituted at the present time.

Wolcott said the House banking group may act on the GOP anti-inflation proposals today, sending it to the House for consideration tomorrow.

President Rips Congress For Ignoring Bills

Truman Calls Spy Investigations "Red Herring" To Divert Action On Inflation

WASHINGTON, Aug. 5. (AP)—President Truman took Congress to task today for ignoring most of his recommendations for anti-inflation legislation.

He called the Communist spy investigations a "red herring" to divert attention from lack of action on inflation.

In a statement, Mr. Truman asked the Republican leadership to reconsider plans for a quick adjournment of the present session, which met July 26 at his call.

"There is still time for Congress to fulfill its responsibilities to the American people," Mr. Truman said. "Our people will not be satisfied with feeble compromises that apparently are being concocted."

Mr. Truman also told a news conference that he was (1) hopeful for peace and (2) hopeful that the atomic bomb will be outlawed as a weapon.

The chief executive declined to comment on diplomatic negotiations in Moscow. But when reporters questioned him about the talks, he said that the world outlook, he replied that he was always hopeful for peace.

He reiterated his belief that the atomic bomb should be outlawed as a weapon. "The United Nations have made proper safeguards."

Mr. Truman said the congressional spy investigations have not already known to the FBI, and added that the testimony has not proved sufficient to indict those accused.

Moreover, he asserted, the hearings have slandered a lot of people and done irreparable harm.

Pfc. Wilbur Tillis Services Set For Sunday At 3 P. M.

The body of Pfc. Wilbur Tillis, 27-year-old son of Police Chief Roy Tillis and Mrs. Tillis, will arrive in Sanford at 1:30 P. M. Friday for funeral services and burial in Geneva Cemetery Sunday at 3:00 P. M.

Pfc. Tillis was killed in action in the invasion of Iwo Jima in 1944. He was born in Sanford Oct. 22, 1917 and attended schools in Sanford and Daytona Beach. For several years he was engaged in the cattle raising business with his grandfather, E. H. Kilbee and uncle, W. G. Kilbee of Geneva.

A member of the Seventh Regiment, National Guard of Florida, Pfc. Tillis entered active service with the National Guard on Nov. 10, 1940 at Camp Harding, later transferring to Fort Benning, Ga. He was a member of the First Methodist Church in Sanford.

The Rev. J. E. McKinley will officiate at the funeral service after which a Military service will be conducted at the graveside by the American Legion and Veterans of Foreign Wars Posts of Sanford.

Motorcycle Collides With Automobile

Collision of a motorcycle and automobile last evening at the intersection of Geneva Avenue and Sipes Avenue resulted in leg injuries to Mathias Moore, negro, who was thrown from the back of the Indian motorcycle driven by Ernest Banks, negro, who was proceeding south on Sipes Avenue and who is charged by County deputies with failing to heed a stop sign.

James Harper, negro, driving a 1941 Plymouth Sedan with three negro women and three children as passengers east on Geneva Avenue, drove over the embankment in attempting to avoid the motorcycle, and the sedan turned over, demolishing the front end, but not injuring the occupants other than with a few scratches. It was reported by Deputy Sheriff Herman Brunley.

Moore was taken to Fernald-Laughton Memorial Hospital where he was treated for deep cuts on the legs, ankles and heels and then sent home. The accident occurred at 8:45 P. M.

AUXILIARY MEET

U.S. Demands Full Rights For West Group On Danube

Russia Is Accused Of Trying To Impose Red Monopoly

By ALEX. H. SINGLETON
BELGRADE, Aug. 5. (AP)—The United States demanded today a full share for the Western Powers in control of Danube River shipping. She accused Russia of trying to impose a monopoly by the Communist states of Eastern Europe.

U. S. Ambassador Cavendish Cannon placed before the 11-nation Danube conference the American plan for the river, but first he denounced a Russian proposal, introduced previously, as giving Russia and all her neighbors "special privileges" in Europe's most important waterway.

The American plan would provide for a Danube commission of 11 nations: Austria, Bulgaria, Czechoslovakia, Hungary, Romania, the Ukraine, Russia, Yugoslavia, France, the United States and Britain. Under the Soviet plan the membership would be limited to the Danube countries, excluding Austria until a peace treaty is signed.

The American proposal would give Germany a seat when that country gets a peace treaty "before that time" if agreement can be reached by other members of the commission.

Adren Thierry, chief French delegate, said he was glad the U. S. offered a plan. He defended in a speech the 1921 Danube convention of Paris, which the Russians are trying to void. He insisted the undertaking still holds and that French rights must be protected.

DuPont Head Files Suit For Divorce

TALLAHASSEE, Aug. 5. (AP)—Edward Ball, head of the Florida DuPont interests who last month lost his 1933 marriage, today filed suit for divorce in Leon county circuit court here.

He charged his wife, Ruth Latham Ball, with perjury and continuous desertion since May 24, 1945.

Although Ball has lived in Jacksonville for many years, the divorce bill of complaint said he now is a resident of Leon county.

His attorney, B. K. Roberts and Weldon O. Starr, said Ball became a Leon county resident several months ago when the St. Joe Paper Company bought a plantation near here and rented it to him as a home. The paper company, is one of the major DuPont holdings.

The Supreme Court ruled that at the time of the marriage in Washington, D. C. in 1933 Mrs. Ball "did not know nor did she have good reason to believe that she was sterile."

8 MEN KILLED

HYDEN, Ky., Aug. 5. (AP)—Two men were shot and killed from ambush early today in front of the Leslie county courthouse.

Sheriff Wiley Joseph identified the men as Murray Sizemore, 25, and John Henry Sizemore, 25, relatives. He said they were killed outright.

No motive was established for the shooting and Sheriff Joseph said they were few ones on which to work.

America's Diving Stars Forge Link In Olympic Crown

Dr. Lee Wins High Board Medal To Give U. S. 5th Title

By TED SMITH
LONDON, Aug. 5. (AP)—America's diving stars forged another link in their imposing chain of Olympic successes today and Ohio State's Hardy Mal Whitfield entered the final of his bid for the games' unprecedented middle distance "double."

Giffard said a similar arrangement was reached for western sector firms, which have been in a position of not being able to meet salaries and other debts because of the Russian squeeze on money.

Clearwater Woman Beaten And Raped In Attack By Negro

CLEARWATER, Aug. 5. (AP)—A prominent young bride-to-be was brutally beaten and raped by a negro today.

Police Chief Jefferson J. Elliott said the victim was attacked in a bungalow, located near the residence of her parents. She was alone in the bungalow when she planned to occupy after her marriage, two weeks hence.

Elliott said the young woman struggled with her attacker in an attempt to gain possession of a revolver she kept in a dresser drawer.

Two physicians were called to treat the woman. Her mother was asleep in the main residence and was unaware of the crime until her daughter ran screaming from the bungalow. The young woman and her throat was swollen from repeated choking.

Woodhounds were used in an effort to pick up the rapist's trail. City, county and state police combed forces in a major search for the negro.

The attack was made about 3 A. M. today.

Attorney Testifies Rollins Wanted Gun Brought Into Jail

BARTOW, Aug. 5. (AP)—A circuit court jury heard testimony today that Dewitt F. Rollins tried to have a package containing a loaded pistol brought in to him while he was in jail charged with murdering his wife.

William H. Corum, a Winter Haven attorney, testified Rollins asked him to get this package from the Watkinson Hardware store at Bartow.

Rollins, 48, former school superintendent and municipal judge, was working at this store at the time of the slaying. Mrs. Rollins, 47, was shot in the head three times in their automobile May 16.

Corum said Rollins did not tell him what was in the package. Corum testified the package was where Rollins said he left it but Corum did not take it.

Bids To Be Received For State Buildings

TALLAHASSEE, Aug. 5. (AP)—Contractors' bids will be received here Sept. 7 for construction of the first two units of the new state female correctional institution near Ocala.

Currency War In Berlin Is Eased By Reds

Results Indicate Soviets Might Be Willing To Compromise On East-West Fight

LONDON, Aug. 5. (AP)—Foreign Secretary Ernest Bevin saw ambassadors Rene Massigli of France and Lewis W. Douglas of the United States in quick succession today about the next Western approach to Russia on the German tangle.

Paul-Henri Spaak, Belgian premier and a central figure in the Benelux Alliance, is expected to confer with Bevin here tomorrow.

BERLIN, Aug. 5. (AP)—The Russians relaxed today their financial blockade of Berlin for the present. The Soviet action came on the third day after western envoys had talked in the Kremlin with Prime Minister Stalin.

It indicated the Russians might be willing to compromise on the east-west currency war, which the Russians assigned as a reason for imposing a land blockade on the strife torn city.

Charles Giffard, British finance officer, told a news conference the anti-Communist city government of Berlin reached an arrangement for the release of enough funds from blocked Russian bank accounts to meet its week-end payments.

Giffard said a similar arrangement was reached for western sector firms, which have been in a position of not being able to meet salaries and other debts because of the Russian squeeze on money.

Mixed Marriage Laws Condemned By U. N.

GENEVA, Aug. 5. (AP)—The United Nations Economic and Social Council today condemned all legal measures against mixed marriages.

The council's committee on human rights approved, 12 to 0, with six abstentions, a Canadian compromise between conflicting Chilean and Soviet proposals.

The resolution said the council "deplored all legislative measures to prevent mixed marriages between persons of different color, nationality, race or religion."

Chile originally urged condemnation of legal measures against mixed marriages between persons of different nationality. The resolution ostensibly was aimed at Russia. The Soviet Union submitted a counter-proposal ostensibly directed at some state laws within the United States. It condemned laws against mixed marriages between persons of different color.

FISHING LICENSES

Some idea of the popularity of bait casting for bass in Seminole County may be gained from the fact that 1,468 fishing licenses were issued in July at the office of County Judge W. W. Ware. Of the receipts, \$285 was sent to the fish and game department.

War Shipment Of Uranium To Russia Shown

Klaus Testifies Commerce Department Knew Of Remington Probe When Hired

WASHINGTON, Aug. 5. (AP)—A story of uranium — raw material for atomic bombs — being shipped to Russia during the war was told today to congressmen investigating Communist activities in the government.

Rep. McDowell (R-Pa.) told it, but withheld details.

It came as the whole issue of congressional hearings on the Communists flared into a first class row between the White House and Capitol Hill.

These were developments:

1. President Truman called the hearings a "red herring" intended to divert attention from lack of congressional action on anti-inflation legislation. He said they are doing "irreparable damage," hurting the morale of government workers and shaking confidence of the people in their government. Mr. Truman also refused to let the congressional probes have any "government loyalty investigation" papers.

2. Rep. Rankin (D-Miss.) proposed that the House Un-American Activities Committee call in Henry Wallace for questioning. He said it appeared Communists had wormed themselves into "key positions" in the Commerce Department while Wallace headed it. Acting Chairman Mundt (R-S. D.) said the matter would be considered.

3. Alger Hiss, former State Department official, went before the House committee at his own request and swore: "I am not and (Continued on Page Two)

House Passes GOP Anti-Inflation Bill

Ex-Commrades Meet At Spy Quiz

WASHINGTON, Aug. 5. (AP)—The Senate by unanimous agreement began consideration today of housing legislation which includes some public housing and slum clearance provisions.

WASHINGTON, Aug. 5. (AP)—The House today passed a Republican anti-inflation bill after blocking any consideration of President Truman's limited price, rationing and wage control program.

The vote was 264 to 97, or 23 more than the two-thirds necessary for passage under a suspension of the rules that limited debate to 40 minutes and barred all amendments to the GOP measure.

Just before its passage, President Truman assailed the bill as "feeble compromise" in the fight against inflation, and some Democrats predicted a prompt veto.

The bill was sent to the Senate, under top-speed GOP time table that aims at adjourning the special session of Congress Saturday night.

It provides:

1. A return to wartime curbs on time payment buying, as the President had asked.

2. Moderate tightening on bank credit, on a smaller scale than Mr. Truman proposed.

3. A boost in federal bank gold reserves, the focal point of Administration opposition.

Rep. Morrison (D-Okla.) shouted to the House that it is a "phony" bill that would endanger the government program to hold up the value of its own bonds.

Athletic Park To Be Built By City On Paces Acres

County Commission Makes City Custodian Of Land

Plans of the City to build a new baseball park in the area of the municipal ball park on Melville Avenue added impetus yesterday afternoon, when the County Commission adopted a resolution at the request of the City Commission making the City of Sanford custodian of the property known as Paces Acres.

"This property was purchased by the County several years ago," said County Clerk O. P. Hendon, this morning. On Oct. 3, 1944 it was dedicated as a public athletic and recreation park, and the City of Sanford occurred in (Continued on Page Three)

Newspapers Show Increase In Ads

NEW YORK, Aug. 5. (AP)—Again in June newspapers showed the greatest gain in national newspaper advertising of any major media, Printers' Ink reported today.

The trade magazine said newspapers showed an increase of 2 percent over the previous month, while magazines increased 1 percent. Radio decreased 1 percent and outdoor dropped 15 percent.

Compared with a year ago, national advertising in newspapers was up 14 percent, magazines were 3 percent ahead, radio showed a 4 percent increase and outdoor was down 3 percent.

THIRTEENTH STREET SAID BURNING UP

Firemen answered a strange call shortly after 1:00 o'clock this afternoon when it was reported that Thirteenth Street was on fire.

This was found to be literally true when firemen Claude Whitten, Jr., and W. D. Spivey arrived on Thirteenth Street near the South West road and found it ablaze for half a block.

Their explanation upon return to the fire-house was that paraffin fibre had been placed on the dirt road to fill the holes and that someone had carelessly thrown a cigarette, igniting the dry material. A strong west wind, preceding a shower, was blowing at the time, but with the use of the small booster truck, the firemen put out the blaze in a short time.

LEVY'S BUY GROCERY

Mr. and Mrs. Sam Levy recently purchased Smith's Grocery located at 805 West Third Street from Edward M. Smith. The store will be called Levy's Community Store in the future, stated Mr. Levy.

Residents of Sanford and Seminole County for the past 25 years Mr. and Mrs. Levy reside at 1135 East Seventh Street. For many years Mr. Levy was market manager of the Sanford Fish and Grocery Company.

House Passes GOP Anti-Inflation Bill

Vote Is 264 To 97 On What Is Called Feeble Compromise By Harry Truman

The vote was 264 to 97, or 23 more than the two-thirds necessary for passage under a suspension of the rules that limited debate to 40 minutes and barred all amendments to the GOP measure.

Just before its passage, President Truman assailed the bill as "feeble compromise" in the fight against inflation, and some Democrats predicted a prompt veto.

The bill was sent to the Senate, under top-speed GOP time table that aims at adjourning the special session of Congress Saturday night.

It provides:

1. A return to wartime curbs on time payment buying, as the President had asked.

2. Moderate tightening on bank credit, on a smaller scale than Mr. Truman proposed.

3. A boost in federal bank gold reserves, the focal point of Administration opposition.

Rep. Morrison (D-Okla.) shouted to the House that it is a "phony" bill that would endanger the government program to hold up the value of its own bonds.

Higgins Outlines Terminal, Giants Deals To Jaycees

Manager Edward Higgins of the Senior Chamber of Commerce outlined the plans of the City for the construction of the water terminal on the lake front and reviewed the recent purchase of the Maxfair Inn by the New York Giants, at the noon meeting of the Seminole County Junior Chamber of Commerce at the Tourist Center today.

Mr. Higgins told of the plans for the advertising of the Maxfair Inn by the Giants. The building will receive nationwide publicity from newspaper, radio and record publications, Mr. Higgins said.

The City plans immediate construction of the baseball park for the Giants," Mr. Higgins declared. The idea behind the park is to have it constructed as a ball stadium, so that the maximum use can be obtained from the layout," he asserted.

He outlined the background for the purchase, saying that the National Exhibition Company had "put the squeeze" on the purchase of the building two weeks before the foreclosure procedure was complete. But John Krider, a baseball man, talked the proposition over with the executives of the company, and they decided to try to make the hotel a business proposition," Mr. Higgins declared.

"We have immense possibilities for obtaining the water terminal here, and the plan is currently being worked out," he declared. "The main reason that we will be able to get the terminal is due to the increase in earnings of citrus products. We now have 350,000 tons of canned citrus moving from a 40 mile radius of Sanford each year. This tonnage assisted us in our plans," he declared.

J. Bradley Odham requested information on the publication of the tax list which was proposed at the meeting last week. President Gordon Bradley declared that an approval of the City Commission has not been received, and therefore no action can be taken before the board meets.
