

Israel Warriors

(Continued From Page 1 Sec. 2)
cial protection or rights under it.
But when he leaves that foreign
army, unless he has otherwise
contravened his American pass-
port, it is still good.

their papers are in order for re-
turn home are asked to make a
statement, substantiated by the
Israeli army, that they at no time
took any oath of allegiance to any
other state.

The Israeli army attests that
this is so. At the time it gave
its troops an oath of allegiance to
Israel, a year ago, Americans
who wished were excused from
taking it.

But it is different with those
Americans who voted in the Is-
raeli election, as perhaps some
dozens did. They are Israeli citi-
zens now whether they like it or
not. That is the American govern-
ment view.

It says in an American pass-
port he is not permitted to vote
in foreign elections. Through ad-
vertisements in Israeli newspap-
ers and pamphlets to the army
before the election, Americans
were warned not to vote unless
they wanted to lose citizenship.

British Princess

(Continued From Page 1 Sec. 2)
Soir reproduced the same picture
on page one, side by side with a
Giles cartoon from the Daily Ex-
press, showing two shirt-tailed
city businessmen with bowler hats
and umbrellas in deference to
"the latest male fashion from the
continent."

Before announcement was made
that Princess Margaret would in-
clude the Paris visit in her trip,
several French newspapers claim-
ed there had been some criticism
that she had gone to Italy, a
former enemy country, before say-
ing her first visit to the Allied
capital.

The Princess will stay as the
guest of Sir Oliver Harvey, the
British ambassador. The embassy
said no plans have yet been made
for her visit and the exact date
of her arrival in Paris is not
known.

UNMECHANIZED FARMS
COUNCIL BLUFFS, Iowa, May
19—(AP)—Fay Boyer, owner of an
implement shop in Council Bluffs,
says five per cent of the farmers
in southwest Iowa still operate
with horse-drawn equipment.

"And you are wasting your
breath talking powered equipment
to them," he says. "They have
their own system of farming and
reason 'why change?'"

He said there are two distinct
types still using horses—the
young man just starting out and
the "old timer."

Fish Cakes with Curried Rice,
Steamed Carrot Strips, Green Peas,
Bread and Butter, Molded Waldorf
Salad and Beverage.
MOLDED WALDORE SALAD
Ingredients: 1 package lemon flav-
ored gelatin, 2 cups boiling water,
1 tablespoon cider vinegar, 1/2 tea-
spoon salt, 1 cup diced peeled
apples, 1 cup diced celery, 1/2 cup
without meats (finely sliced).
Method: Add the gelatin to the
boiling water, stirring until com-
pletely dissolved. Add vinegar and
salt and mix well. Chill until gelatin
is slightly congealed, then fold
in the apple, celery and walnuts.
Pour into individual molds and chill
until firm. Unmold and serve on
salad greens with a creamy salad
dressing. 4 to 6 servings.

11 German States Outside Red Zones United In Republic

Constitution Rati- fication Is Com- pleted By Eight Western Countries

MUNICH, Germany, May 20.—Western Germany tonight ratified a constitution uniting 11 states outside the Soviet zone into a federal republic.

Ratification was completed by the parliamentary action of eight, or two thirds, of the states of the Western occupation zones.

The eight states voted "yes" by overwhelming margins, with virtually all the opposition coming from the Communists. Bavaria, the big state in the American occupation zone, voted "no," but reserved the right to enter the new government upon ratification by the others.

The ratification paves the way for setting of a federal republican government of West Germany by mid-July, with guarantees of democratic freedoms to all citizens.

It came just a few days before the opening in Paris of the four-power council of foreign ministers meeting on the German question and thus greatly strengthens the hand of the Western Powers in that meeting.

Four states ratified today. Four others had ratified two days ago.

The state parliament of Schleswig-Holstein voted the Danish border voted for the Bonn constitution, 69 to 6 today, with only the Danish minority in opposition. Lower Saxony's parliamentary vote was 98 to 37, with the Communists and two minor parties against. Hesse approved 78 to 8, with the Communists opposed.

Grocery Store On Thirteenth Street Wrecked By Fire

Fire, believed to have started in a defective refrigerator motor housed in the rear of the grocery store owned by D. B. Stafford at 1417 West Thirteenth Street, wrecked the one story frame structure and its contents early this morning.

The heavy fog hindered the two fire trucks on their way to the fire at 4:30 o'clock this morning. Fire Chief M. N. Cleveland declared the loss at several thousand dollars, and said that with the possible exception of some meat, all food was destroyed. Damage to the building was between 70 and 80 percent, he revealed.

When firemen arrived at the scene the store was enveloped in flames and Lieut. Jack Horner and Firemen M. Hazzell, J. W. Giles and J. L. Lee spent two hours before the final embers were quenched.

The fire must have spread from the motor to some crates piled back of the building, said Chief Cleveland. The store was covered by insurance.

Camp Is Attended By National Guard

At the regular meeting of the National Guard unit held last night at the Sanford Armory, Lieut. Raymond Kader announced that all men would attend the tent firing on the range at Camp Blending. Approximately 30 men and three officers have already attended and another group will attend over the weekend, he stated.

A number of men in the local unit drew their equipment for the annual encampment to be held at Ft. Jackson, Columbia, S. C., from July 21 through Aug. 9. The entire membership was divided into platoons last evening with Sgt. C. G. Jones and Sgt. C. R. Jones commanding the two platoons. Lieut. Kader stated that this has been done to familiarize the men with their appropriate duties when they arrive at Ft. Jackson.

New members are added at each meeting and all men desiring information are invited to attend any meeting on Thursday evenings at Sanford Station, 1417 West Thirteenth Street, Lieut. Kader at Kader's Jewelry Store or Sgt. Ralph Morgan at the Armory on East First Street.

ARCHBISHOP DIES

ATHENS, May 19.—Archbishop Damaskinos, former primate of Greece, died suddenly today. He was 80.

The archbishop, who ruled Greece as regent from 1944 to 1946, had been in poor health for the past several months. He suffered from heart trouble.

Senate Urged To Cut Rivers, Harbors Bill

Sen. Douglas Says This Is Change To Make Big Savings; Farm Plan Drafted

WASHINGTON, May 20.—(AP)—Senator Douglas (D-Ill.) today urged the Senate to slash a \$711,000,000 appropriations bill by 40 percent.

"This is our chance to make big savings," he said of the Army civil functions bill carrying funds for scores of flood control and rivers and harbors projects.

"We are heading for a budgetary deficit of at least three to four billion dollars a year," Douglas told his colleagues. "I urge, therefore, that we cut these appropriations (in the pending bill) by 40 percent or approximately \$300,000,000 to a total of \$450,000,000, and that we give the Secretary of the Army and the Director of the Budget the responsibility for making these cuts."

Douglas said that "in the old days" the civil functions bill was known as the rivers and harbors bill, and added:

"It was also commonly, if it reverently, referred to by the people as the 'pork barrel.' It was commonly believed that sufficient fat chunks of appropriations were passed around among the various districts and states."

Seminole Jaycees Approve Terminal Project For City

The Seminole County Junior Chamber of Commerce yesterday went on record at the luncheon at the Tourist Center in approving the City Commission's action in presenting the bill for the terminal project in Sanford to the Legislature, and further recommended to the City Commission and the Chamber of Commerce that every effort be made to obtain financial soundness of the project before steps are taken to start construction on the buildings. Karlisle Housholder offered the motion.

A motion to approve the action of the City on the terminal project and making the construction of the shipping facilities contingent upon securing signed contracts with shippers before construction begins was made by City Commissioner W. H. Stember, but the organization rejected the motion.

B. L. Perkins, Jr., reported that the annual membership drive would be started tonight at a "kick-off" party at the Seminole Country Club, and actual work of the campaign would begin Monday.

President Gordon Bradley reported on the recent state convention.

Elks Members Return From State Meet

James Lodge exalted ruler of the Sanford Lodge of Elks, reported today following his return from the three day state convention of the organization in Pensacola that the local lodge was well represented at the meeting.

Among the local delegates and wives present were Mr. and Mrs. Harold Kastner; Mr. and Mrs. Marie Ginder; Mr. and Mrs. Leo Butner and Harry Kudell.

Meetings were held Sunday through Tuesday and West Palm Beach was selected for the next annual state convention. Among the addresses enjoyed was that of Walter J. Mahary, dean of business administration, University of Florida.

Plans were made, said Mr. Lodge, for attending the national Elks convention at Cleveland, Ohio, July 10-13.

Mrs. W. A. McMullen Dies Early Today

Agnes Grace McMullen died early this morning in a nursing home after a brief illness. She was a member of the First Presbyterian Church.

In addition to the husband, W. A. McMullen of Sanford, she is survived by three sons, Don E. Kimball of Mt. Dora, Edward Kimball of Ocala, and Thomas Kimball of Sanford; one daughter, Mrs. George E. Stree, Jacksonville; three brothers, R. E. Simpson, Orange; Frank E. Simpson, Jacksonville; and Leon Simpson, Wierdale; three sisters, Mrs. M. A. Cameron and Mrs. E. E. Evans, Leesburg; and Miss Margaret L. Simpson of Wierdale.

Funeral arrangements, including burial, will be announced later.

U. S. Rejects Red Bid For Greek Parley

Russia Is Told To End Satellite Aid To Guerillas, If Peace Is Desired

WASHINGTON, May 20.—(AP)—United States has told Russia that if it wants peace in Greece it should get the Communist satellite states to stop aiding the Greek guerillas.

Until such help is ended this government will not relax assistance to non-Communist Greece.

These two points were disclosed in a lengthy statement issued by the State Department today. The statement brought out that the Department has rejected Soviet efforts to get the Greek situation out of the hands of the great powers for what amounts to a compromise settlement.

The statement declared "we are prepared to discuss any matter with the Soviet Union in the proper forum in the case of the Greek government it is the United Nations."

The declaration on Greece was released as a result of a press report last night that Russia had proposed informally at United Nations headquarters that the United States and Britain join in a common effort to settle the fighting.

The Soviet proposal, which the State Department had been discussing privately with U. S. representatives, was that the settlement.

10 Sanfordites Witness Passage Of Terminal Bill

Ten Sanford citizens, including Mayor Andrew Carraway, motored back from Tallahassee last night after witnessing passage of the terminal bill by the Florida Legislature.

A garrison communique claimed the Nationalists threw back all new Red efforts to close in from the Pootung area across the Whangpoo. Nevertheless, four Red shells fell in Shanghai proper—killing half a dozen Chinese along Rue LaFayette in the old French concession. The area is about a mile from the Whangpoo front.

One foreigner who went to the front said he walked three miles beyond Kanchow and saw no Communists. The Reds are supposed to have attacked that area last night. It is near the Yangtze downstream from Wussung fortress.

Although the famed band of troops has not developed, the foreigner who visited the front said he saw large ships loading there. The Communists have light artillery on the Pootung side. A few minutes before I visited Lung-hwa Airfield at 5:00 P. M. two Red shells landed in that area. One went into the Whangpoo at the edge of the airfield and another fell on the far side of the river. There was no damage from either.

Lung-hwa field was still open to shipping. Waiting rooms were piled high with baggage. Every departing plane was jammed with passengers. The Chinese pilots will eventually be prepared to close at any time.

Businessmen Shift Eyes To Paris To Watch Cold War Developments

NEW YORK, May 20.—(AP)—Businessmen, like everyone else, will shift their eyes over the weekend from Washington to Paris. What happens there can affect both the length and depth of the recession.

The cold war has been one of the important props of the recent boom, aided in keeping it going longer than many expected. It is being now feeling the first effects in large scale orders. Billions more are slated to be poured into this program—if the cold war continues.

Our large scale rearmament program, spurred by the cold war, has already revived the once sickly aircraft industry, and apparently assured these companies of financial health for some years to come. Big planes use gasoline and oil, require aluminum, electrical parts and many other products of industry.

Altogether we are pouring more than \$15 billion a year into the effort to keep our military forces ready. Most observers have felt this would grow, because they expected the cold war to go on.

Congress will soon debate how much money to spend on building up our first line of defense in Europe—a rearmament program for Western Europe. This, too, is likely to be a continuing proposition.

Warren's Taste Test Citrus Bill Passes House By 78-10 Vote

New Margaret Ann Supermarket On East First Street To Open Monday

Marking another milestone in the growth and progress of Sanford, the new Margaret Ann Supermarket at 504 East First Street, will open its doors for business at 8:30 o'clock Monday morning, Joe Saunders, manager, announced today.

During the past five years, he pointed out, business at the store in the Meisch Building has increased to such an extent as to require more space, modern equipment and facilities and increased parking room. The old store is closing to make way for the new.

The new supermarket, surrounded by a paved area capable of accommodating nearly 150 automobiles, presents an attractive appearance with its gleaming white walls and green trim, with light green the finish at the front on East First Street.

Of concrete block construction, the one story building measures 50 by 110 feet, providing 5,500 feet of floor space. The entrance and exit by means of two large double doors is on East First Street. A sidewalk has been laid in front.

Aiding in the approach to the building has been the recent paving of the City of Cypress Avenue adjoining the store property on the east side and permitting easy access to the store area by motorists approaching from either.

Overnight Rains Ford Refuses To Hike Oklahoma's Flood Problems Contract Talks

OKLAHOMA CITY, May 20.—(AP)—Overnight rains brought on new flood problems for Oklahoma today as rivers, creeks and streams spread out over large areas.

Thousands were driven from their homes and crop and property damage mounted steadily as the state was gripped in its latest surge of the elements.

A flash flood emerging from the waters of Cottonwood Creek dealt severe blows to Guthrie, a city of 14,000 just 30 miles north of Oklahoma City.

Red Cross workers counted more than 1,000 homeless after the swollen creek sent a wall of water surging through the center of the town.

Several houses were believed missing as homes floated away. Water was seven feet deep in one block where damages were heavy. City officials reported 30 blocks of Guthrie underwater.

The southeast was the only section of the state escaping the high water menace.

The Cimarron, North Canadian and Wichita Rivers and their tributaries caused the major flooding. The Arkansas was expected to overflow at several points in Eastern Oklahoma today after reaching 13 1/2 feet at Tulsa last night.

River observers said they expected serious trouble from the winding Arkansas.

Many state highways were closed.

Wesley Foster Is Hurt In Car Wreck

Wesley Milton Foster, 31, of 112 Elm Avenue received cuts and a broken arm shortly after 1:20 o'clock this morning when his 1937 Ford Sedan went out of control when a rear tire blew out over the sea wall into Lake Monroe a short distance west of the concrete bridge on Seminole Boulevard.

G. R. Bohannon who was driving toward the French Avenue terminus ahead of Foster, noted the accident and reported it at the police station. Patrolman Jack Hickeyson investigated the accident.

Mr. Foster was taken to Fernald-Laughton Memorial Hospital, and his automobile, bashed in on the left side and top, was towed to Ratliff's. Damage is estimated at \$250.

Week's Sales Total \$58,000 At Market

The Sanford Weekly Farmers Market, with a few weeks of the season remaining, has experienced the largest volume of trade both in valuation and number of units sold of any season since it was started, Manager Sandy Anderson announced today. He predicted sales of \$4,500,000 for more than 1,200,000 units before July 1. Sales last week totaled \$58,000, or \$24,000 less than during the preceding week. Principal sales are of peppers, peas, celery, watermelon, tomatoes, cucumbers and citrus fruit.

From now on until the end of the season sales at the Market will decline sharply and there will be about two more weeks of slow trading, he declared.

TACKLE FIRM EXPANDS
KISSIMEE, May 20.—(AP)—A \$50,000 expansion program for the Tackle and Tackle Company has been announced this week by H. L. Murray, secretary-treasurer of the firm which moved here from Detroit last October. It makes casting rods.

Fighting Ends As House Refuses To Drop Regulations On Canned Fruit

TALLAHASSEE, May 20.—(AP)—The House passed HB1003 today authorizing the Longwood town council to act as a municipal delinquent tax adjustment board. HB1013 authorizing Seminole County Commission to give Sanford certain real property, HB1016 authorizing transfer of other real property from Seminole to Sanford.

TALLAHASSEE, May 20.—(AP)—Governor Warren's bill to revise all Florida citrus laws and set up higher fruit quality standards was passed, 78-10 by the House today.

The real fighting ended when the House voted 52-37 against taking regulation of canned and processed fruit quality standards out of the measure.

It still must go back to the Senate, which passed it 34-2, for consideration of an amendment that would allow bulk truck shipment of fruit from grove to consumer without packaging in packing houses.

Three days of intermittent debate and off-stage manipulating climaxed by charges of pressure and coercion from the Governor's office.

High School Glee Club Entertains At Lions Meeting

The Lions Club today enjoyed a musical program by a mixed quartet of members of the Seminole High School Glee Club with Miss Ollie Reese Whittle, director, accompanying.

The quartet included the Misses Anita Aiken and Kathleen Babcock, Stanley Brumley and Arnold Harrington who sang "New Cathedral" and "Good News." The latter number included a bass solo by Arnold Harrington. Anita Aiken sang "Morning" and Stanley Brumley soloed with "The Open Road."

Plans were discussed for the big event of the Lion Junior baseball season, the clash tonight at the lakefront softball diamond of the pennant winning Red Sox, managed by Joe Moss and J. H. Blaine, versus the All Stars, piloted by Henry Witte, Harry Robson.

ACL May Make Short Hauls By Trucks

Shippers of produce and other commodities within an overnight 75 mile trucking radius of Sanford will benefit if Interstate Commerce Commission approval is given the Atlantic Coastline Railroad to inaugurate truck shipments of less than a carload. D. L. Harper, traffic manager of Chase and Co., reported this morning after attending an ICC hearing in Tampa Wednesday.

At an examination of the application by A. Stillwell of the ICC, interested shippers and receivers from different points in Florida testified concerning the possible advantages and need for such a project, he asserted. Shippers of fruits and vegetables, grocery concerns and shippers of building supplies were among those present.

Mr. Harper predicted that the truck service, if put into effect, would probably shorten the time in transit of less than carload shipments, and said that Sanford would be a key point for shipping.

WTRR's Birthday

Today is Radio Station WTRR's second birthday. The station started broadcasting at 9:00 A. M., May 20, 1947. Efforts are being made to find a child born here on that date in order to give a party for it, said Myron Reck, manager.

AEC Reveals Plan To Expand Atomic Energy Laboratory

OAK RIDGE, Tenn., May 20.—(AP)—A \$19,000,000 construction and improvement program at Oak Ridge National Laboratory was announced today by the Atomic Energy Commission.

The AEC announced last January plans for a \$70,000,000 expansion of the half-billion dollar gaseous diffusion atomic process plant here.

The laboratory expansion will cover a period of two and a half years. It involves construction of 205,000 square feet of new buildings, renovation of 15 structures...

Approximately \$10,500,000 will be spent for new research facilities and approximately \$4,500,000 for renovation of existing facilities.

Most of the laboratory's research activities now are carried on in temporary structures erected during World War II.

The AEC said the permanent field of responsibility of the Oak Ridge laboratory "comprises a strong chemical engineering program; vigorous programs of basic and applied research in chemistry, physics, metallurgy, biology and health physics; cooperative programs of training and participation with academic, industrial, military and other governmental organizations...

Florida water control program will be considered by the Senate next Thursday.

Senator Hescham of West Palm Beach made the motion to have the measure placed on special order for Thursday.

A bill to prohibit alien corporations and any board, commission or agency of a foreign government from manufacturing business within the state...

American women spend an estimated \$1,000,000,000 a year on cosmetics and perfumes.

The Federal Reserve System began operation on Nov. 16, 1914.

Mr. Smith Favors Organizing Women

BY CYTHIA LOWRY AP Newsfeatures

Harrison Smith, who is the president of the Saturday Review of Literature, thinks women should organize in a women's union...

The women, if we follow Mr. Smith's program, will be striking against men and the object will be to get something he calls our "rights"...

It seems to me there's a little familiar something about Mr. Smith's idea, perhaps the plot of "Leahurst" and I think that women's strike was successful in calling off a war.

Anyways, Mr. Smith thinks that there's a great big important war on right now between the sexes, and that women are going to get back to the cattle stage in life-time if they don't get the thing straightened out pretty quick.

His approach to the ham-over situation is a little unusual however because he's a man writing about women and he thinks that women aren't the loathsome creatures they've been painted lately.

He says that both men and women—both, the man says—have lost contact with reality. The only way to get this horrible situation patched up is to have women recognized for what they should be, "full time partners of men."

Women may possess three-quarters of the nation's wealth, but economically they are treated like children, says Mr. Smith.

Relatively few women hold down executive jobs in offices, factories, or labor unions...

As for the current attack on the housewife, he points out that she's probably only in her forties when the children leave the nest, and what is she supposed to do with the 30 or more years she'll probably live?

And he also has a gentle word for the "career woman" who has been raked over thoroughly by just about everyone...

It's frightening to contemplate, that first day of the women's strike. No dinner on the table that night, the children uncared for, the telephone service out, no letters typed, no dictation taken, no waitresses to sling hash, no nurses to cool a brow, no hunchback girls, no musical revues, no soap operas, schools closed, no books at the library, no columns like this...

The water level of Lake Geneva, Switzerland, this year was the lowest recorded in a century.

Gov. Warren Signs New Auto Accident Responsibility Act

TALLAHASSEE, May 18.—(AP)—If you are at fault in an automobile accident in Florida after July 1, you'll have to pay the damages and show ability to pay them for other accidents during the next 12 months.

Governor Warren signed a new auto accident responsibility act containing these provisions into law today. It will not become effective until noon July 1.

The amount of financial responsibility isn't changed. You must be able to pay \$1,000 for property damages, \$5,000 for death or injury to one person, \$10,000 for death or injury to more than one.

A liability insurance policy for those amounts will do. Or you can qualify under the law by a showing of personal worth of that much, or with a surety bond. Let C. B. Hays, C. B. Hays & Co., 1st Street, Sanford, write your financial responsibility insurance agent in all States and Canada.

Grandmothers Are Good Whistle Bait

By CYNTHIA LOWRY AP Features Writer Take a good look before you whistle at that dandified, well-dressed, well-to-do old fellow. It may be your grandmother. Or somebody's grandmother.

Once upon a time, grandmothers were comfortable, gray-haired people who could be depended to snuff the kids' cotton, pony up in emergencies and be called in upon occasion to take care of the darlings while Mother and Father went out on the town.

But not any more, not since Miss Marlene Dietrich and Joan Bennett took grandmotherhood in their stride, and since Carl Brisson, the romantic singing star, boasted that someone called him grandpa-and still packed in crowds to a New York carharet.

It's too soon to tell whether this is a real trend, but it very well may be one. Always in the past, most women have considered certain occasions as milestones in the aging process. These had nothing to do with the way a woman felt. But when a certain few birthdays were passed, she set herself into various categories. And certainly most women have some sort of a personal reaction besides the joy of the circumstance-the day their first grandchild is born.

"Well, I'm an old woman now," they'll say facetiously to congratulating friends-and frequently they won't think it's so funny.

However, Miss Dietrich in her most recent picture was cast as a sultry cafe entertainer for whom strong men sacrificed honor and all. So if Miss Dietrich managed to get into the grandmother class without shedding a lot of glamour it ill-behoves any grandmother to give up the ghost, go off her diet and throw away her cosmetics.

It may seem like a pleasant thing for a tired business man to accept grandfathership as an excuse to cut down on his rhumba sessions, but top-hatted, slim-waisted Mr. Brisson, surrounded by adoring lady admirers, of all ages, is a disquieting sight for him to see. Mr. Brisson is living testimony that there's no excuse for a paunch and the quiet life.

Of course Miss Bennett's age is listed as 39, which is not ancient by any of the standard we use. But still she's a grandmother, and she still can play ingenue.

Obviously, today grandparent-hood does not mark the beginning of life's twilight, the relaxed period of knitting, stuffing turkeys, making preserves and becoming chairman of the woman's club poetry section.

We all realize how important Hollywood is in thinking up terms and our thinking. Time was when movie stars went to all sorts of lengths to conceal the fact that they were parents. The theory was that maternity or paternity would interfere with popular appeal, and it did. When the secret was found out the stars always pretended the concealment was caused by fear of kidnappers.

Then, round about war time, all this was changed. Some brave stars went right ahead and admitted they had, or were going to have, children. Pretty soon it seemed as though all Hollywood was producing families. It seemed to me that maybe Hollywood soon will be doing the same thing about grandchild-hood.

It's undoubtedly a good thing. In the first place, it might indicate that the American public is no longer completely concerned with youth for youth's sake. Perhaps as a nation we are able to appreciate the value of maturity. No matter what it means, it's nice to think that there's something besides a rocking chair for people who don't like to rock.

The nucleus of an atom is said to measure only one 2,000,000,000,000th of an inch across.

In Arabic-speaking countries, the word, fellah, is used to designate peasants.

BURNED TRUCK IS WET DOWN IN FIRE-QUITTED HOLLAND TUNNEL

Try and Stop Me

By BENNETT CERF

WHEN Time Magazine sent two crack reporters to interview Tallulah Bankhead, the tempestuous star began chattering as they entered the drawing room, and didn't stop for a solid half hour. Then she paused for breath and inquired, "Have you another question to ask me?" One of the reporters reminded her, "We haven't opened our mouths!"

Miss Bankhead is apt to be a bit absent-minded when the question of her age comes up. Her sister Eugenia says ruefully, "Every time Tallulah takes off a year, I have to, too. This can't go on much further because she's got me in diapers now."

Ted Shane calls attention to the pathetic drunk in Venice who lay down in the gutter to sleep it off.

Word from the Federal Communications Commission indicates that the technical controversies over the future development of television are nearing settlement...

The experience of the paying public with frequency modulation (FM) seemingly is to be duplicated only in part. When FM was in an early stage of public acceptance, the allotted frequency band was changed with the result that receivers became obsolete...

With that much apparently settled, the development of television broadcasting can proceed. Then will come questions of widespread competition with other media of entertainment. Television promises to compete with the ticket sales of sports events by offering a better view of the proceedings...

Practical Pastor

The pastor of a church in a suburb of Chicago has instituted an annual Marriage School which runs for several weeks each spring. The originators of the school have three ends in view: to give the modern viewpoint on marriage, to guide young people, and to help couples already married who have problems of getting along together.

Anyone may attend the meetings, the first of which attracted 150 persons of various ages. Questions about age qualifications for marriage, dependents, parental opposition and living with in-laws were handled by the minister in charge.

It would be hard to think of a more fruitful project for a social-minded pastor. The large divorce rate in this country has ceased to be merely a subject for shocked comment. Social agencies, schools and churches are taking steps to forestall divorce by providing young people with the proper background for marriage.

You Have Important Work To Do

You have a contribution to make to the world that you alone can make. No one else can take your place. No matter who you are, or where you are, you are important.

My happy friend, William L. Stidger, tells me that once Walter Damrosch stopped his orchestra, when apparently everything was going smoothly, and asked, "Where is the seventh flute? Where is the seventh flute?"

Mr. Stidger says his call was not for the first flute, or the second—but the seventh. Even the seventh flute had an important place in creating the harmony Conductor Damrosch desired.

"We may feel inferior, untalented, not even beautiful or educated," comments Mr. Stidger, "but each of us has a part to play and should play it well."

Sanford Forum

Editor, The Sanford Herald, Sanford, Florida. Dear Mr. Dean: An sponsor of the Cancer Fund, The Pilot Club would like to announce that our Chairman, Mrs. A. B. Peterson, and her corps of high school workers have collected a total of \$1,013.65 and this amount has gone forward to State Headquarters.

The students, under the able leadership of Arnold Harrington, are to be highly commended for their outstanding performance and we are happy not only to have been of service to this cause, but to have had the opportunity to work with the young citizens of Sanford.

Sincerely yours, Ruth B. Scott (Mrs. P. M.), President

Editor, Sanford Herald, Sanford, Fla. Dear Sir: I am pleased to inform you that we have passed HB1135 relating to building warehouses and financing them from revenue from its use, and if necessary thru parking meter revenue. I honestly feel this is for the best interests of our city.

I certainly wish to thank those citizens who have expressed to me their desires in this matter. I have not intended to be stubborn about this matter, but I do feel it was important enough to withhold action until I was sure that I was representing the views of the people.

I have attempted to follow the same business logic on this matter that I would use in handling my own business. Now that we have the necessary laws, let's all of us work together to assure the success of this project and for the further development of our city.

Brasley Odham, Representative, Seminole County.

Dear Editor: I believe that the majority of the people have had a chance to express themselves favoring plugging the meter fund as additional security for the terminal project. Also, the City Commission has individually pledged themselves that contracts with shippers should be obtained before they would feel obligated to continue with the project.

W. H. (Bill) Stempert, City Commissioner

Central Florida's Historic Day at Sanford several weeks ago when the U. S. Soil Conservation Service of the Department of Agriculture regaled upward of 80,000 sightseers with a one-day transformation of 388 acres of wasteland into a potentially productive farm, was one of the best publicized events in the history of the department, according to reports tabulated by H. E. Wainwright, administrator of the work of the Soil Conservation Service in Florida.

THE WORLD TODAY

By DEWITT MACKENZIE

The visit of amity by Brazilian President Eurico Dutra to the United States is a happy burst of sunshine through the international storm clouds.

It is symbolic of a great friendship which cannot be too assiduously guarded in these days when the nations of the Western Hemisphere must stand together for the common good.

President Dutra's stay with us got away to a fine start when official Washington, aware that he was arriving on his 64th birthday, staged a surprise party—cake and all—with President Truman as general host. It was the sort of thing which captures the fancy of Americans, and sets them to humming "Happy Birthday to you" so we are glad to see General Dutra.

In an address before a joint session of the Senate and House, the general referred to the relations between Brazil and America "as a rare example of fraternal association of two peoples which has prevailed over a period of more than 120 years."

"In the international field," declared the general, "this friendship, through its practical manifestations and by virtue of its ample, is the greatest guarantee of peace, understanding and comprehension among the other sister nations in this hemisphere."

Dutra said the Inter-American Defense Pact "established the reciprocity of the American republics in common bond against aggression." "The pact is true—at least on paper—but he might have added that such an agreement to be effective must be supported by constant cultivation of friendships and study of ways and means to strengthen the association."

The visit of General Dutra to the United States is of course an excellent illustration of how friendships can be cultivated. And naturally it is pleasing to see the two largest countries of the hemisphere moving in such close harmony.

As a matter of fact our friend Dutra is larger than continental United States, although the South American country's population is only 47,850,000. Furthermore Brazil's natural resources are enormous.

However, we mustn't overlook that the 19 other republics belonging to the hemisphere pact. That declaration of friendship shouldn't be allowed to lie fallow too long lest it lose its fertility. It is well for the Americas to remain together, for they still are the "new world." The known resources of the hemisphere which still remain undeveloped are tremendous. Who can say that those resources don't exceed the total for the rest of the world?

Nation's Business

(Continued From Page One)

There are many other government projects less directly tied to the cold war, but certainly influenced by it.

Much of the President's still undefined point four for developing the underdeveloped portions of the globe is motivated by the idea that if these countries can be made economically healthy they will be less likely to throw in their lot with the enemies of our democratic and capitalistic system.

How much this plan may cost the American taxpayer is not yet known. How much its successful fulfillment could help American industry, both by providing new huge markets for our goods and by furnishing more and cheaper raw materials for our factories to turn into goods for us, is also still unknown. But businessmen are already looking into the possibilities.

The reciprocal trade agreement system, now before Congress for renewal, is also tied in with this general plan of building up our relations with our friends and potential friends. These agreements determine how much tariff protection is given our own manufacturers in the domestic market. They also determine how much tariff protection is given the manufacturers of other lands where our businessmen may want to sell American goods.

The International Wheat Agreement, which Agriculture Secretary Brannan says could give American farmers an annual overseas market for 900 million bushels for the next four years, is now before Congress. The wheat pact might, or might not, be affected in its operations by a turn in the cold war. But such a turn could affect the thinking on the proposed pact in both our own Congress and the other nations involved in the pact.

Committees of business men, are to be convened for the necessity and recommendations that brought such high credit and beneficial attention to their community, and in all of Central Florida.

Inside WASHINGTON

MARCH OF EVENTS

Truman Has Difficult Time Filling Open Service Posts

Army, Air Force Fear They May Be Next for Trimming

Special to Central Press

WASHINGTON—President Truman has had a rough time trying to get capable men to accept the posts of secretary of the Navy and secretary of the Army.

The president's difficulties have arisen chiefly from the blunt, if not bold manner in which Defense Secretary Louis Johnson has been "unifying" the armed services.

Johnson is terribly sincere in his desire to end the Air Force-Navy wrangling which has delayed for nearly two years the defense integration ordered by Congress. However, prospective tenants of the Army and Navy posts are afraid they would be little more than "burnheads" under the hard-driving Defense secretary.

Johnson's ax to date has fallen almost exclusively on the Navy and the Navy carrier, but the other services—even the apparently "pet" Air Force—are fearful that they may be next for a trimming.

The Army post was offered to Curtis Calder, New York industrialist, and the Navy job to Jonathan Daniels, former Truman aide and son of the World War I Navy secretary, Josephus Daniels. Daniels declined with thanks, saying the press of private business precluded his acceptance.

It was finally accepted by Francis Patrick Matthews, Omaha, Neb., attorney.

"UPS" AND "DOPS" IN THE SENATE—Senator Homer Ferguson (R., Michigan), told the Senate the other day he has found another reason why it is called the "upper chamber."

The Michigan senator is leading an economy drive to slash all money bills five per cent. He thinks that if government expenses can be cut that amount, a tax increase may not be necessary.

However, Ferguson said he may live to regret his action even though it does avert a tax increase. He recalled in a floor speech that a few years ago an effort of his to cut a government bill was successful. He added:

"And what happened? The first place the administration picked for economy was the home area of the junior senator from Michigan."

Ferguson said his phone rang night and day with complaints. He made it clear that he thought the administration was "just getting even" by selecting his home area for the first curtailment of services.

NEW BROOM—Another indication of Defense Secretary Johnson's terrible sincerity is his determination to get rid of the so-called "influential" brokers who claim they can "place" defense contracts.

Johnson, embittered already by string-pulling to get more dollars out of the public treasury, has adopted an attitude of "driving the money-changers from the temple."

The secretary minced no words when he appeared recently before the staid United States Chamber of Commerce where laudatory speeches about the country's future are usually expected from government dignitaries.

Instead, he lashed out at "power-seeking and merger-mad corporation officials" and served notice he will place defense contracts where he pleases, including with small business that does not hire brokers. He said:

"There is no need for special brokers, for 15 per centers, for 10 per centers, or even for 5 per centers. There is no need for anyone to intervene between small business and the government to procure government contracts."

signed a quota. Selections will be made by the regional service institutions from students certified by the states.

"The signing of the contracts represent years of discussion and months of intensive effort," said Dr. John E. Ivey, Jr., director of the Council. "It reflects the work of a large number of governors and educators in the southern states who see in the regional education plan a means of improving graduate and professional training of southerners for work in the South."

Ivey said it is expected the plan will cover other fields in addition to the present ones.

Legislatures in ten states have approved the contract under which the regional plan operates. Alabama and Texas are now considering it. Appropriations for the plan during the next two years will total about \$1,750,000.

Lions Meet

(Continued From Page One) and Jack Morrison. The game will start at 8:00 o'clock, and King Lion Bielec urged that all members and friends be present. John Miesch and John Schirard will umpire.

Tomorrow at 9:00 o'clock, the more than 60 boys in the league will be taken by bus to Blue Springs for a picnic.

Plans were discussed for a ladies' night program on June 15 at the Country Club, when King Lion Cliff Ables and other recently elected officers will be installed.

Henry Witte reported that approximately 1600 Lions and wives attended the recent state convention at St. Petersburg, and hinted that Deala Lions "stole the show" in the election campaign.

Cliff Ables revealed that Lions have been requested by school authorities at Holly Hill, to vacate the building used by the organization as a school for the blind. Lions have spent \$13,000 on the building, he stated.

Jaycee Meet

(Continued From Page One) vented held in Tampa, and stated that the Seminole County club was well represented.

T. E. Tucker urged the Jaycees to support the drive to raise funds for the drive to operate the Fernald Laughton Memorial Hospital. Several members volunteered to assist in canvassing for money.

Dr. Frank Quillman invited the organization to attend the mass x-ray survey to be held in Sanford and Seminole County on June 1-8.

A. B. Higgins, Jr., of Jacksonville, Paul Campbell of Oviedo and Reginald Moffatt of Orlando were guests at the meeting.

Social Calender

SUNDAY
A two-ball foursome will be sponsored by the Sanford Woman's Golf Association at the Seminole Country Club to be followed with a buffet supper.
The Rainbow Assembly will hold a public installation of officers at 3:00 P. M. at the Masonic Hall to be followed with a silver tea for the benefit of the girls in the Masonic Home. The public is cordially invited to attend.
MONDAY
The Story League will meet at the Tourist Center at 8:00 P. M. to be preceded by the board meeting at 7:30 P. M.
The Beardsall Avenue Circle will meet at the chapel at 2:00 P. M.
The Truth Seekers Class of the First Methodist Church will meet at the home of Mrs. Tom Williams, 302 Oak Avenue, at 3:00 P. M.
Circle No. 4 of the Woman's Missionary Society of the First Baptist Church will visit the County Home with cars leaving the church promptly at 3:30 P. M.
The Pilot Club will hold its business meeting in the Tourist Center at 8:00 P. M. to be preceded by the board meeting at 7:30 P. M.

Episcopal Auxiliary Has Quarterly Meet

The last quarterly meeting of the Woman's Auxiliary of Holy Cross Episcopal Church was held last Monday at the Parish House at 12:30 P. M. A covered dish luncheon was followed under the direction of Mrs. W. J. Tipton, at several long tables decorated with arrangements of hibiscus and other spring flowers.
Mrs. B. F. Whitner, Jr., president, presided over the business meeting which followed the luncheon and annual reports were heard from Mrs. J. L. Ingley, treasurer and Mrs. S. O. Chase, Jr., chairman of Christian Social Relations.
Reports were heard from the delegates to the Diocese of South Florida convention held May 2-5 in Key West who were Mrs. Whitner, Mrs. H. L. Zimmerman and Mrs. A. M. Phillips. Mrs. Phillips told of the opening meeting and stated that Bishop Wing's address was on the history of the church in Florida. He told of the first diocesan meeting in Tallahassee in 1838 with one bishop and 12 laymen present, she said.
Today 130 clergymen and 35,000 members are active. Mrs. Phillips stated that Bishop Wing urged all members to continue their efforts to keep the church alive as there is still much to be done.
Mrs. Zimmerman reported on a business meeting at which time Bishop Henry L. Louttit spoke on missions. Bishop Louttit told of the number of small missions which need help. Mrs. Zimmerman also described the election of officers at which time Mrs. Wm. L. Zwick of Vero Beach was elected president.
Mrs. Whitner served as a member of the revising committee for the convention and she told of a resolution passed authorizing publication of a address made by Rev. H. L. Zimmerman in the Palm Beach.

Mrs. Whitner read the membership list of St. Agnes, St. Ann's and St. Catherine's Churches. About 50 members attended the luncheon and meeting.
Hibiscus Circle Has May Meeting
The May meeting of the Hibiscus Circle of the Sanford Garden Club was held at the home of Mrs. Joe Meisch on West First Street. Mrs. Meisch was assisted in entertaining by Mrs. Fred Zerrner. The business of the year was brought to a close and plans regarding next fall. Raising funds for the Fernald Laughton Memorial Hospital was also the object of a discussion.
Delicious refreshments were served and a social hour enjoyed. Those present were Mrs. H. James, Gut, Mrs. Seth Woodruff, Mrs. Gordon Brison, Mrs. Zerrner, Mrs. Charles Morrison, Mrs. Michael Ginson, Mrs. John Landwig, Mrs. V. Schley, Mrs. J. P. The, Mrs. B. L. Dunn, Mrs. H. C. DuBose, Mrs. John Fox, Mrs. W. C. Satcher, Mrs. R. F. Moulle, Mrs. W. H. Stewart, Mrs. Brodie Williams, Mrs. James Gut, Jr., Miss Louise Ginson and Mrs. Meisch.

Shields To Deliver Aldergate Address

The Rev. J. B. Shields, dean of Aldergate University, will deliver the baccalaureate service address to the nine graduates of the Academy or high school, and 10 graduates of the college, Sunday night at 8:00 o'clock at the auditorium located in the former Naval Air Station mess hall.
Commencement exercises will take place Wednesday evening at 8:00 o'clock. Tonight at 8:00 P. M. a musical concert will be held Saturday has been designated Missionary Day. Monday evening at 8:00 o'clock the Academy seniors will present a class night program. The alumni banquet will be held Tuesday evening at 7:00 o'clock.
For a springtime dessert serve Hubbard Betty with lemon hard sauce. To make the hard sauce, cream butter or margarine with condensedensed sugar and a dash of salt. In a tablespoon of cream add a little lemon flavoring. If desired the ground rind of a lemon may be added instead of the flavoring.

West Side Mothers Will Entertain

All children who expect to enter the first grade of the West Side Primary School in September are invited with their mothers to visit the school on Tuesday at 9:00 A. M. Marion St. John, school principal, announced today. This year's first grade mothers will entertain next year's.

HAPPY BIRTHDAY
Marie Kay Lippincott

Who Is The Most Promising Citizen?

Third week's nominees in The Herald's "Most Promising Citizen of Tomorrow" contest are, top left, Donna Peters, 21 month old daughter of Mr. and Mrs. Ralph Peters, 111 Maple Avenue; top right, Kathy Butler, two year old daughter of Mr. and Mrs. Ike Butler, Jr., of 1215 West First Street; center Gary Bruce Straub, three and a half year old son of Mr. and Mrs. William Straub, 2412 Palmetto Avenue; below left, Linda Carol Harvey, three year old daughter of Mr. and Mrs. Bill Harvey of 800 Magnolia Avenue; and lower right, Linda Anne McIntosh, two year old daughter of Mr. and Mrs. H. G. McIntosh, 1100 Editha Avenue. The public is invited to vote for its choice among these five contestants for "The Most Promising Citizen of Tomorrow". A ballot is provided for this purpose in another column on this page. Mark it and send to The Herald office before 9:00 o'clock Monday morning.

Garden Club Holds Last General Meet

Concluding the Sanford Garden Club year was the general business meeting held yesterday at the home of Mrs. Charles Ginn on Sanford Avenue. Mrs. Ginn, club president, presided over the meeting and called for final reports from all officers and chairmen. She introduced the two new officers: Mrs. Seth Woodruff, vice president, and Mrs. J. M. Moye, recording secretary.
Mrs. Mayme Hodgkin appeared before the group with a request that the club wire representatives in Tallahassee favoring the enabling act for financing the St. John's River terminal which the club voted upon and passed. Macdonald Bryan, campaign director for the Fernald Laughton Memorial Hospital drive, was introduced and requested workers in the drive.
Mrs. Endor Curlett reported on events at the annual convention of Garden Clubs held in April in St. Petersburg. The club also voted to inform Tallahassee representatives of their approval of the one cent tax on cigarettes with proceeds to go to the support of tuberculosis hospitals. A committee with Mrs. A. W. Epps as chairman was appointed to investigate the possibilities of securing the two roadside parks which are due Seminole County. Mrs. Ginn read her annual message to the group.
Following the business meeting a covered dish luncheon was served buffet style on the outdoor terrace. The spacious grounds of the Ginn estate formed a lovely setting for the event. About 100 members attended.

Personals

Mrs. J. A. Harrold, who has been confined to the Andrews Nursing Home, expects to return to her home on Park Avenue next week.
Mr. and Mrs. James C. Hall and daughter, Miss Betty Hall, left today for Jacksonville where they plan to make their future home at 1204 Cherry Street.
Friends will be glad to learn that Mrs. Ralph Wight has returned to her home on Golden Lake after having been confined to the Orange Memorial Hospital in Orlando for some time.
Mrs. L. B. Cochran is expected to arrive tonight from Washington, D. C. to spend a week with her parents, Mr. and Mrs. Donald Dunn. She is the former Miss Donna Jean Dunn.

Mrs. Cooper Hostess To Auxiliary Picnic

Mrs. R. F. Cooper was hostess recently for a meeting of the Intermediate Girls' Auxiliary of the First Baptist Church held at her home on Cameron Avenue. Counselor for the auxiliary is Mrs. H. M. Pearce. Plans were made for a party honoring members who will graduate from Seminole High School in June. A discussion was held on plans for a program to be presented at the County Home.
During the social hour the group gathered in the garden and made dolls to send to children of European Shuffelboard was played and a picnic supper enjoyed.
Those attending were Gloria Collins, Janice Reel, Carol Beard, Ruby Stenstrom, Bobbie Jean Galloway, Marjorie Sheppard, Kay Holzlclaw, Joyce Anderson, JoAnn Strawder, Mary Jane Dobson, Barbara Pearce, Betty Peacock, Ellen Driggers, Barbara McNab, Helen Brewer, Eileen Barnett, Jean Wilson, Shirley Peacock, Mrs. C. A. Anderson, Jr. and Mrs. J. P. Holtzclaw.

Hollywood

HOLLYWOOD, May 20 (AP)—Crooner Billie Burke is hitting the road again—this time with a different production.
After she finished "Baby is Here," the actress leaves on a tour to help introduce her autobiography, "With a Feather on My Nose," which she wrote with Cameron Shipp. She'll autograph books in San Francisco, Chicago, Philadelphia, Washington, New York and other cities.
Miss Burke tells me there have been talks of filming her life story and she has several actresses in mind to play herself. I asked her how she liked the way William Powell and Myrna Loy enacted her husband and herself in "The Great Ziegfeld." Her answer:
"Pretty good, but they were much too solemn. Flo and I were so much gayer."
June Lockhart is the unhappy in town. She still hasn't worked in a picture after being called back from her Broadway sensation over a year ago. She is still under contract to Eagle-Lion, which has been embroiled in financial troubles.
James Cagney will give newcomer Richard Widmark a few lessons in how to be a film tough guy. In "White Heat," Jimmy clocks a dozen or more killings. In one scene he bumps off Steve Cochran, then kicks the corpse downstairs to other gangsters, muttering, "catch!"
Looks like old times at Warners, with Cagney, Bogart and Bette Davis back working on the lot. Richard Whorf is back to acting in "Chain Lightning" after directing such successes as "Till the Clouds Roll By." "It's the old ham coming out," he admits. "Besides—I want to be ready for television." Whorf and his wife are celebrating their 20th wedding anniversary.
Sighting of the week was Robert Cummings and Rosalind Russell dunking into a studio tank in formal attire. For a "Tell It to the Judge" scene, they stood waist-high in water most of the day.
This will prove how tough

Lake Monroe Scene Of Council Meeting

The Seminole County Council, Parent-Teacher Association, held its last meeting of the year recently at the Lake Monroe School. The Council awarded banners to West Side Primary and Oviedo schools for the best program for the year in the county.
New officers installed by Mrs. Jean Rogers are president, Mrs. Claude Hill (vice president), Mrs. A. W. Teslo; secretary, Mrs. R. W. Williams; treasurer, Mrs. W. A. Fealer; principals at large, B. C. Steele and Mrs. J. B. St. John; Supp. T. W. Lawton and R. F. Cooper were visitors at the meeting. Refreshments were served by the Lake Monroe P. T. A. in the lunch room at the close of the meeting.
The three biggest peanut producing nations last year were India, China and the United States.

Legion Auxiliary Has Supper Meet

Members of the American Legion Auxiliary, Campbell-Leasing unit, enjoyed a supper and "get acquainted" meeting Wednesday night at the Legion Hut.
Mrs. E. A. Covington, president and Mrs. C. E. Hunter, secretary, had charge of the program which included a piano solo by little Miss Ellen Vihlen.
Two solos, "Galway Bay" and "Oh Solo Mio" were sung by Mrs. R. P. Galloway, with accompaniment by Harry Wester, pianist; Ray Parson, violinist from Stetson University, and W. R. Connolly, guitarist.
Mrs. Covington led in group singing, with the trio accompanying. Among the guests from the Legion post were James J. Galloway, commander; Jim Singletary, adjutant; Capt. Earle T. Louise, historian; and Joel Field, post commander.
A number of popular selections were played by the trio, including solo lead on the accordion by Mr. Wester.

Brides Should Use Tasteful Make-Up

By BETTY CLARKE
AP Newsfeatures Beauty Editor
Most books of etiquette now agree that the bride should be permitted the use of cosmetics on her wedding day. Thank goodness, she doesn't have to use beet juice or get color from a rose leaf to bring appropriate blushes to her cheeks as her aunts did back in the Nineties.
The trick for the bride to achieve still is the subtle makeup, of course. It must be in such good taste that even her best friends do not suspect.
The girl with vivid coloring can use a dab of rouge blended well into her foundation, lightly powdered over with a darker shade. She can put just a bit of rouge on her lips, blot it with cleansing tissue and still look amiable.
It is the pale girls that must do a deft job on their faces. These are the girls with blonde eyebrows and lashes, pale skin, perhaps freckled, red or light blonde hair. The only alternative they have is to use all the darker shades of makeup—tans, preferably. A soft or creamy foundation, brownish red eyebrow pencil, carefully applied, orange-red rouges and lipstick are their best bets.
One famous model says that she worried so much about the possibility of crying at her wedding and streaking mascara that she couldn't sleep for weeks before the wedding. "I need the mascara, my eyes are so light and lashes so blonde," she said. "I just couldn't visualize myself looking pretty without it." Finally she hit upon the idea of dyeing her eyelashes, had it done at a beauty salon, and found it solved the problem.
Another thing she worried about was the possibility of small blotches appearing on her face. Whenever she was in a state of excitement her skin developed a rash which looked like measles. She decided she would definitely have to use a foundation, and selected a deep hued creamy one.
In order to wear a tan makeup she knew she would have to follow the color down neck and throat, and she worried that it would stain her wedding dress. She hit on the idea of putting a

few drops of iodine in vegetable oil and rubbing it into neck and throat. She rubbed off the oil and a faint tan stain remained, just enough to blend in with the shade of foundation and powder she had selected.
The bride should have a dress rehearsal of her wedding makeup. If you are planning to wear a veil, try it after you experiment with your makeup to get the final effect.
Be sure to take an attractive snapshot and a few makeup aids to the wedding reception. Even brides need to resort to a few beauty repairs.

Giants Defeat Saints 6-4

Lake Spins Second Victory Of Year; Locals To Invade Gainesville Tonight

The Sanford Giants nipped the St. Augustine Saints at the Municipal Park last night in a 6-4 victory, which was the team's second of the season for Rightlander Buddy Lake.

Tonight the Giants move to Gainesville for a game with the St. Augustine Saints at 7:30 p.m. in a rematch of last night's game. It is likely that manager Hal J. Gorman of the Giants will send Jackie Lake, a left-hander, to the hill tonight.

The Giants were held to two runs in the game, but Lake's pitching was excellent in his second start. He pitched a complete game, allowing only four runs in the six innings.

Lake's second victory of the year came in his second start. He pitched a complete game, allowing only four runs in the six innings.

Lake's record is now 2-0 with a 1.50 ERA. He has pitched 42 2/3 innings, allowing 17 runs, 21 hits, and 14 earned runs.

COMMENTS From The SIDELINES

BY ARTHUR HICKMATH, JR.
Herald Sports Editor

Swimming Pool

Orlando thinks enough of swimming pools for their children to send a bill to the Legislature to fund the building of a big one in revenue certificates for the project. It is going into the swimming pool fund in a big way.

This is what Martin Anderson, chief of the Orlando Morning Sentinel has to say about it.

"Mayor Hearsh and city commissioners are to be congratulated for finally getting around to financing a swimming pool for the city."

"They have a bill in the Legislature and we are sure it will pass." This is what Anderson says in a column in the Morning Sentinel.

"This is a long overdue project for the city."

"It is well overdue to build a swimming pool for the city."

"It is well overdue to build a swimming pool for the city."

"It is well overdue to build a swimming pool for the city."

Southeastern Conference Coaches To Consider Dropping Out Of NCAA

BIRMINGHAM, Ala., May 20 (AP)—Southeastern Conference coaches tomorrow will propose a plan which may take the deep South school out of the National Collegiate Athletic Association.

The issue is the NCAA's rule which allows aid to college students solely because of their athletic ability.

Coaches will discuss four possible changes in present rules. All would permit financial help for athletes, during the entire school year, at a training table (this is now prohibited).

The coaches also will discuss what might happen to the SEC if it withdraws from the NCAA. It later adopted the same code in January, 1948, and applied it to its 400 college members.

Neither the coaches nor the conference itself has acted on the proposed changes. But the code as it stands has been termed "unworkable and impractical" and worse—by SEC officials.

Official conference action may come in a meeting in Atlanta. That is the date of a joint meeting with the Southern and Southwest Conferences.

The announced purpose of that meeting is to discuss the same code, written announcements to SEC officials, this question: "Can the three conferences withdraw from the NCAA and successfully conduct an athletic program?"

In any event, the NCAA acting in New York next January will have to decide whether rules will be changed. That will be the show-down.

The SEC suggested changes, any of which might be adopted, are:

1. To permit free meals for athletes during practice periods and during the season of the sport in which the student is engaged (only one meal date is now permitted).

2. To permit free meals for...

Curtain Rises On Tax Search In Legislature

Bill To Pay County School Board Members Is Rejected By Senate Group

TALLAHASSEE, May 23, (AP)—The curtain will be lifted today on the plan by a tax-hunt committee to solve Florida's financial troubles. The plan, drawn by a seven-man group set up after Governor Warren's dinner for several legislators last week, was to be made public at 4:00 P. M.

It was being typed during the morning and turned over to the House and Senate finance committee at afternoon meetings.

No details have been disclosed on the nature of the plan, but the best guesses are that the program will go something like this:

It will be a combination of several previous tax proposals. It probably will have a privilege tax on business and professional operations along the broad lines of the Matthews plan.

There is a likelihood there might be a gross receipts tax on wholesaler and a scattering of Governor Warren's tax proposals.

Cities would receive benefits from the program by receiving permission to enter some tax fields now held exclusively by the state.

A member of the tax-hunt committee said the fate of the program will be in the hands of the finance committees and the Legislature after it is made public.

Committee actions started off at a first city with the Senate education group rejecting a bill to pay county school board members. The bill would have repealed a provision of the 1947 school law that pays for school board members after Jan. 1, 1951.

Rep. Frank of Marion called for an investigation of mineral land leases by the state. He said a resolution calling for the probe was aimed at leases on titanium-bearing lands in several sections of the state.

Frank said the state army board was getting only 30 cents a ton for mining rights on part of the Camp Blanton reservation, but the internal improvement board was getting 75 cents per ton for leases in coastal areas from Ponte Vedra to Vero Beach.

Rep. Pomeroy of Jackson asked for a study of Florida board of forestry and parks.

The Senate declined to act immediately on a resolution recommending a five-day 40-hour work week for state employees.

Senator Collins of Tallahassee urged immediate passage of the resolution. However, it was referred to a committee for study.

7 Sanford B&PW Members Attend Jacksonville Meet

Mrs. Sally Mero Williams, president of the Sanford Business and Professional Women's Club, and six delegates from the Sanford Chapter of the Florida Federation of Business and Professional Women's Clubs at the George Washington Hotel in Jacksonville over the weekend-end and ran through Saturday night, all business sessions were presided over by Mrs. Elizabeth Heth of Tallahassee, president. Mrs. Huston conducted the workshop on Friday when instruction was given concerning the function of all standing committees.

Dr. Thomas D. Bailey, State superintendent of Public Instruction talked on legislative program for schools and pointed out the needs of schools and that we must bring education to the children no matter who they are nor where they live.

Mrs. Frances Thurman of Daytona Beach was elected as state president for the coming year. Mrs. Horton Walls was chairman of a legislative symposium and such subjects were discussed as jury duty, women in policy making points, a national and state roster, and a legislative platform for the Florida Federation.

Postmasters Hold Tampa Convention

TAMPA, May 23—(AP)—The annual convention of the Florida Chapter of the National Association of Postmasters opened here this morning at 9:15 o'clock at the Hillbarn Hotel with a well rounded program designed to entertain delegates as well as promote closer inter-working of the organization.

Presiding at the convention was Joel B. Field of Sanford, who was guest of honor at the president's reception last night as a get-acquainted affair for old and new members.

Reports of various committees will be heard during the morning, followed by addresses by Otis Padgett, Marianna, editor of the Gator Postmaster; Arthur H. Albright, central accounting postmaster, Birmingham, Ala.; Oris P. Myers, regional director of the Fifth U. S. Civil Service Region, Alabama; and George L. Pope, superintendent of postal finance, Jacksonville.

This afternoon will be given over to sightseeing trips in the Tampa Bay area.

HEAT WAVE

The thermometer was up to 95 degrees yesterday, marking the hottest day of 1949. E. J. Moughlin, Jr., weatherman, reported today, Saturday's peak was 94 degrees.

With but a week of the month remaining, May is proving to be a very dry month and lawns are parched. Only 30 of an inch of rain has fallen. The normal figure for the month is four inches.

Ministers Hold First Session In Fourth Conference On Germany

PARIS, May 23 (AP)—The Big Four Council of Foreign Ministers met today to begin an attempt to settle the problem of Germany. Secretary of State Dean Acheson of the United States, Foreign Secretary Ernest Bevin of Britain, Foreign Minister Robert Schuman of France and Foreign Minister Andrei Y. Vishinsky met in the big festooned pink marshallade at three minutes before 4:00 P. M. (AP) A. M. EST.

This was the sixth meeting of the Council of Foreign Ministers since the war and the fourth on the German question. It was their first session since the council was dissolved in London in December, 1947, on a German peace treaty.

The three Western powers were expected to press Russia for immediate and urgent consideration of Berlin. The lifting of the Soviet blockade of Berlin and the Allied control blockade of Soviet-occupied Eastern Germany opened the way for these new talks.

Acheson arrived first for the meeting in a limousine which was preceded by a police escort. He drove up through a big crowd of silent sightseers. Bevin and Vishinsky, who carried a big brief case, followed soon after and all were greeted by Schuman in the heavily guarded palace.

As the meeting perhaps the most momentous since the war got under way, Western leaders at first refused to say whether they were optimistic or not. The British official said the West "but wait and see" what Vishinsky has to say. There has been speculation that Vishinsky's speech will make a major Soviet policy statement.

Schuman called the meeting to order at 4:30 P. M. and then moved to his aides to clear out photographers and reporters, who had been permitted to witness the opening.

Up to that time the room was hellum. The four spokesmen listed delegates, ministers and reporters with each other to get in position for angles.

When Vishinsky entered he looked at Acheson, Schuman and stepped over to shake hands.

Commie Armies Launch All-Out Shanghai Attack

SHANGHAI, May 23 (AP)—Communist troops tried all day to crack Shanghai's defenses. But at nightfall they had not achieved a breakthrough.

Some progress was made in spots. In others they failed.

The mid-day garrison communiqué described the Posing battle as nearing a climax. From the Associated Press office just off the Shanghai Bund we had only to look out of the window to confirm the communiqué.

The center of the fighting was directly across the Waigoo from the heart of Shanghai. Fighting raged less than two miles away. It started about 10:00 A. M. and was roaring on into the night.

Thousands watched the battle from high buildings and the streets. Shell bursts set no less than 40 fires during the day. Some burned for hours.

Government planes and Mosquitoes alternated in bomb and strafing. Sometimes the Reds answered with ground machine guns. They were not effective. Artillery and mortars rumbled at intervals of 10 to 20 minutes.

In the afternoon with the bat the fire more than 2,000 yards away, two ancient, rust covered riverboats were dragged upstream and jammed into the middle of the Waigoo River. What they were for nobody here knew. They were for evacuation ferries, and stream defenses against a crossing or they could be sunk to block Shanghai's main channel if the Nationalists decide to let the Reds have Shanghai.

It was not easy to assay the battle even though it was under our noses. At times the planes and big guns seemed to be covering a withdrawal. At other times they seemed to be supporting an attack. All I can say is that mortar and artillery burst and the new fire at 6:00 P. M. looked to be half a mile further from the river than they were at noon.

West Refuses To Enter Rail Row In Berlin Area

BERLIN, May 23 (AP)—The three Western military commanders rejected today a petition from the West Berlin city government to seize strike-bound elevated railway stations in the city.

The strike against the Soviet appointed management of the rail ways, now in its third day, was marked by a weekend of bloody rioting in which Soviet-controlled police used guns against mobs of strikers and their sympathizers.

The decision of the military commanders of the United States, Britain and France in effect reaffirmed the property rights of the Russian-controlled railway system. The rights were established in 1945 by four-power agreement.

The anti-Communist city government had asked western authorities for the right to send their own police into railway installations and stations in Western sectors, with the backing of American British and French authorities. The strikers—numbering about 12,000—had been clamoring for Western intervention.

Rep. General Frank L. Howley of the United States called the communists' plan to do this discuss the city government's plea and other aspects of what he called an "intolerable situation."

Most trouble spots were inactive, at least for the time being. At least three trains managed to reach Berlin from the West, although the rail yards are largely unworked.

Even without the elevated railway service, which normally carries more than half a million passengers daily, business activity in Berlin appeared near normal. Street cars were not affected by the strike. The cars and buses were jammed with passengers.

The strikers seek principally payment from the Soviet-controlled administration in western marks. Russian-sponsored east marks are worth only a quarter of the Western currency and are illegal in Western sectors.

Brevard Authorities Find Woman's Body

TITUSVILLE, May 23—(AP)—The badly decomposed body of a middle-aged woman who had been missing five months was found yesterday beside a little-used, sandy trail on Merritt Island near here.

Sheriff H. T. Williams said no one fit her description was missing from Brevard county.

Dr. G. E. Christle who examined the body said it appeared to have been there "several days". He said he could not make a more definite estimate. Immediately. The weather has been very hot recently which would speed up decomposition.

The body was found by Mr. and Mrs. R. S. Osborne of West Palm Beach whose car had been stuck in the sand, the sheriff reported.

TO BOOST STATE

MIAMI, May 23—(AP)—The three major domestic airlines that service Florida from northern cities are going all-out to plumb the state as a summer vacationland.

In the next three months Eastern, Delta and National Air Lines will spend nearly \$9,000,000 in 21 major Eastern cities to advertise Florida as an ideal place to spend a summer vacation.

Forrestal To Be Buried In Arlington, Va.

Wednesday Is Set As Day For Military Services For Former U.S. Official

WASHINGTON, May 23 (AP)—James V. Forrestal, 67, who served for more than 12 years in government service, will have a final resting place with the nation's war dead in Arlington National Cemetery.

The national military establishment announced today that burial will be with full military honors, and that the funeral tentatively has been set for 10:00 A. M. (EST) Wednesday.

The navy conveyed a board of inquiry into the death trap of the 57-year-old former cabinet officer from the 10th floor of the Navy's towing hospital in nearby Bethesda, Md.

The board already have written their report, but they haven't worked out a final plan for the funeral, which will be in the absence of relatives from an outpouring of tributes from the military and navy members of Congress.

In the House, speaker Rep. Carl Albert of Texas called Forrestal's death a "most deplorable tragedy" and urged the House to pass a bill to honor his memory. Rep. W. C. Clegg of Ohio called Forrestal a shining example of selflessness and high ability.

Rep. Rogers of Ohio held a bushel of flowers that Forrestal was the victim of Washington's "most devastating weapon" the weapons of words.

Mr. Forrestal was subjected to "intimidation" by the "fascists".

Spring Vegetable Season Comes To Close In Florida

JACKSONVILLE, May 23—(Special)—Florida's spring vegetable season is nearing its close, reports from several vegetable markets indicate. Due to mild weather the spring yield was one of the best ever in the state.

More than 200,000 bushels of spring vegetables were produced in Florida during the season, and the total value is estimated to be over \$50,000,000.

The Sanford market report trading declined sharply on the market during the past week, with approximately 15,000 packages of various vegetables, such as peas, cauliflower, cabbages, and others, will be available during the current week.

"The Plant City Market which is usually the largest in the state reported that all commodities on the market are on the low side, due largely to dry weather. The greatest decrease is shown in corn, crows, peas, bell peppers, and many other fresh vegetables. A large variety of produce will be offered for sale during the current week.

The Farmers Market report (Continued on Page Two)

Businessmen Come Around To Back President's Bold New Program

By SAM DAWSON

NEW YORK, May 23 (AP)—Many businessmen are now coming around to support President Truman's bold new program for improving the world. But they want a lot of strings attached.

They note today that Brazil is apparently chosen to be the test case. Perhaps this is because Brazil is more apt than many others to accept with grace the strings.

American businessmen want to see attached to Yankee dollars when they are sent abroad.

Businessmen will watch closely to see if President Truman attaches these strings in the treaty he proposes to draw up with Brazil for the investment of American capital there.

In January when the President first announced point four calling for use of American capital and technical skill to develop the world's underdeveloped areas, many businessmen thought it added up to something like this:

"Once Americans talked of supplying each hottentot with a quart of milk a day. Now we seem to be planning to buy each one a cow and teach him how to milk."

Probably some still see point four in that light. But others now feel that point four can be made profitable for American business.

If foreign lands would give the

Tornadoes, Wind, Snow Cause Big Damage In West

Ten States Add Up Damage Caused By Dreary Storms

CHICAGO, May 23 (AP)—Tornadoes were added today to the scale of misery of the nation's weather which included drought, tornadoes, and snow.

While ten states were adding up the millions of dollars in damage from tornadoes, wind and hail today, which covered 40 deaths, 4,000 injuries and 4,000 livestock deaths, a sharp frost tonight snow today in Montana and Minnesota.

Tornadoes killed six people in Great Falls, Minn., and Lexington, Mo., and injured 12 others in Lexington, Mo. The weather bureau and temperature were in the 40's in Great Falls and Lexington, Minn., D.

The cold weather was expected to push eastward and south to hold the mercury to a high of 60 tomorrow at Chicago and most of the Great Lakes region. Wind readings tomorrow were expected to be in the low 40's.

General drouse was falling all along the east coast from Texas to New England. Drought here some of them fairly heavy, also were reported in Oklahoma and Texas.

Mercury temperatures were reasonably mild and clear today.

And in Cape Girardeau, Mo., 21 were killed and property damage to crops of \$1,000,000 from a Sunday, Monday and Tuesday. A "black area" of drought conditions will be reported in Missouri, looking for other areas of drought.

A severe tornado in Missouri yesterday.

Three hospitals were visited to take care of 142 injured people of other persons receiving serious injuries were treated at various hospitals.

Households were made homeless. More than 200 houses were destroyed and destroyed and many more seriously damaged. Ninety houses and one church were destroyed.

In Missouri, Missouri houses and other property in the path of the storm, such as reported one dead in one, Charlevoix, Beaverville, and Cabot.

Indiana's 11 dead and 15 injured were at Methodist Hospital, Hoosier, and 115 injured at Warren a Red Cross spokesman said. The states damage report run into hundreds of thousands of dollars.

Eight persons were killed in a tornado in the path of the storm in one of the most serious districts of the two states (Continued on Page Two)

Negro Is Killed In Country Club Road Auto Crash

Car Overturns Near Landon Club Home, Four Others Hurt

HOUSTON, May 23 (AP)—A 1947 Buick sedan was overturned today on a country club road near the H. V. Landon home. Eddie Williams, 23, was killed in the crash. Four others were injured.

Two of the injured were taken to the hospital. The driver of the car, Landon, was not injured.

The car was traveling north on the road, which is a private road of the Landon Country Club.

Williams was driving the car. He was alone in the car at the time of the crash.

The crash occurred at about 8:00 P. M.

The police are investigating the cause of the crash.

Vandenberg Calls For Inquiry Into Attitude Of Atomic Energy Commission

WASHINGTON, May 23 (AP)—A charged economic case started in the House today aimed at the Atomic Energy Commission.

Rep. Vandenberg of Michigan led off with a charge that the commission had been too slow in releasing information on the atomic energy program.

He called for a full-scale investigation into the attitude of the commission.

The majority bill, introduced by a 22-19 vote by the House, appropriated \$100,000 for a study of the commission's activities.

House action on the measure will start Thursday. The bill then will go to the Senate and then to the President's desk.

Along a claim filed in U. S. court by Mr. Vandenberg, his bill would require the commission to report to Congress on its activities.

Mr. Vandenberg said the bill would require the commission to report on its activities on a regular basis.

Other congressional developments:

Army with vast foreign expenditures, some \$2 billion before fiscal year end, and possibly that in 1950, and authorized \$1 billion for 1951.

Mr. Vandenberg's bill would require the commission to report on its activities on a regular basis.

Other congressional developments:

Rev. W. P. Brooks Tells Rotary Of Health Program

New Plan Would Cost More Than Present Voluntary System

Discussing the National Health Insurance and Public Health Act recently passed by Congress, Rev. W. P. Brooks of the Episcopal Church, told the Rotary Club that the new plan would cost more than the present voluntary system.

Brooks said the new plan would require a contribution of 1% of gross income for each person in the family.

He said the present voluntary system costs about \$1 billion a year, but the new plan would cost \$5 billion a year.

PLEAS INNOCENT

MILWAUKEE, May 23 (AP)—Milton Bahick, pleaded innocent and innocent by reason of insanity at the time of the act today to a charge of murdering his bride's pretty sister.

Municipal Judge Herbert J. Steffen, accepting the 19-year-old former honor student's first plea in the death of 16-year-old Patricia Birmingham, adjourned the arraignment until May 27.

HINS TRIAL DELAYED

NEW YORK, May 23—(AP)—Federal Judge Samuel H. Kaufman today delayed the jury trial of Alvin Karpis until May 31.

Kaufman said the 34-year-old former State Department official asked a postponement until Wednesday. The government did not object.

However, Judge Kaufman ignored the suggested date and ordered both sides to be ready to proceed May 31. His was not in court.
