

FEDERAL INVESTIGATION KU KLUX KLAN POSSIBLE INFORMATION IS SOUGHT

Attorney General Lays Facts Before the President

NOTHING DEFINITE

NO ACTION OF DEPARTMENT UNTIL FURTHER INVESTIGATION IS MADE.

WASHINGTON, Sept. 21.—Information in the hands of the Department of Justice as to the activities of the Ku Klux Klan were laid before President Harding today by Attorney General Daugherty after the latter had conferred with Director Burns of the Department's Bureau of Investigation. Officials decline to express an opinion as to the possibility of the federal investigation but stated the department would take steps to gather further details of the situation. So far the department's information consisted largely of isolated complaints from private individuals and organizations.

ST. LOUIS, Sept. 21.—The Ku Klux Klan was denounced as destructive of free government, peace and harmony by William F. Johnson, grand master of the Grand Lodge of Missouri, Free and Accepted Masons, in an address at the lodge's annual convention which opened here yesterday.

"As the impression seems to prevail in some sections," declared Mr. Johnson, "that the Masonic fraternity is directly or indirectly associated with this (Ku Klux Klan) secret organization, it is well that the seal of disapproval be positively placed by this grand lodge upon this secret organization."

"We cannot, as Free Masons, and good citizens, recognize the right of men to assume unto themselves the right to administer law and to inflict punishment upon their fellow-men. Such an assumption is subversive of our republican institutions, contrary to the great principles of Free Masonry."

"An organization that practices censorship of private conduct behind the midnight anonymity of mask and robe, and enforces its secret decrees with the weapons of whips and tar and feathers, must ultimately merit and receive the condemnation of those who believe in courts, open justice and good citizenship."

The convention will continue Thursday.

BORAH TO LEAD FIGHT AGAINST PEACE TREATIES

WASHINGTON, Sept. 21.—Announcement from the white house today that the new peace treaties with Germany, Austria and Hungary, would be transmitted tomorrow, the senate was followed by information that they would encounter opposition from several Republicans as well as some Democrats.

Senator Borah, Republican, Idaho, who began the battle against the treaty of Versailles, is planning to wage a fight against ratification of the new treaties, and is said to have assurances of support from a few Republicans and some Democrats who were foremost among the critics of the Versailles treaty.

Despite the promises of opposition, administration leaders in the senate said last night they were confident of early ratification, and the opponents did not express much hope of overcoming the administration support combined with the Democrats who already have declared for ratification.

Colonel Mathews Chosen to Head Air Service.

ONLY ELEVEN PARDONS RECEIVE FAVORABLE ACTION STATE PARDON BOARD.

(By The Associated Press) TALLAHASSEE, Sept. 21.—Favorable action upon only eleven out of one hundred and fifty applications for clemency was reviewed by the State Pardon Board at a meeting held last week. Seven were granted conditional pardons, and fines reduced in two cases and citizenship restored to two persons previously pardoned.

SEVERANCE IN MURDER CASE IS GRANTED

POPE AND RAWLINGS WILL BE TRIED SEPARATELY

(By The Associated Press) JACKSONVILLE, Sept. 21.—Circuit Judge Gibbs this morning granted severance in the case of Pope and Rawlings jointly indicted on murder in the first degree. Pope was re-arrested on the first and second counts in the indictment which charged murder, pleaded not guilty. Rearrangement was necessary on account of the withdrawal of the third count in the indictment by the state, which charged Pope instigated killing of Hickman. Gibbs serving instead of Simmons, who disqualified himself late yesterday on the plea of Pope's counsel that Simmons was prejudiced.

Rawlings counsel protested against severance which Pope's counsel successfully gained but Gibbs overruled protest. Pope's counsel then made a motion for a change of venue which will be argued at noon. Pope will be tried first.

FLORIDA'S HERO LAID TO REST TODAY AT CLEARWATER

CLEARWATER, Sept. 21.—Almost every person in Clearwater will attend the funeral today of the late Lieut. Henry W. Hoyt, whose body arrived Monday night, having left New York on Saturday night. Lieut. Robert Hoyt, who went to New York to attend the ceremonies in the Brooklyn Navy Yard, accompanied the remains home.

The train was met by a body of American Legionnaires and escorted to the undertaking parlors of C. N. Alexander, where it remained until this morning when it was taken to the Presbyterian church, where it will lie in state until the funeral services at 4 o'clock this afternoon.

Word was received in this city yesterday afternoon by Commander Abbott, of the local American Legion, that a naval subchaser would be here today with a full complement of naval men.

On account of the shallow water of the bay, the boat will anchor off Clearwater Beach. The naval department will participate in the funeral of Lieutenant Hoyt.

A number of American Legion men from Tampa post and a large company of citizens and personal friends of the dead man, a hero of the disaster to the dirigible ZR-2 at Hull, England, will be in attendance at the services.

Navy Airships and Hangar Wrecked

An explosion in the gasoline tank of the navy dirigible D-3 at the Rockaway Point (N. Y.) air station started a fire which destroyed the dirigible, a kite balloon and another airship and rendered the big hangar a pile of junk. The damage is estimated in the neighborhood of \$500,000.

CHICAGO LAW AND ORDER LEAGUE APPEALS TO CONGRESS FOR OFFICIALS TO FUNCTION

Want City Officials to Enforce the 18th Amendment

CHICAGO, Sept. 21.—An appeal to congress to enact a law to compel city officials to obey their oaths of office in enforcing the 18th amendment has been made in the form of a resolution passed by the Chicago Law and Order League with assurance that it will be brought up in congress during the next few days.

The resolution, after asserting that while Mayor Thompson of this city has announced that all of his appointees have been instructed to enforce the law, states that there are not less than 3,500 "dry bars" in the city of Chicago where intoxicating liquor is sold.

TWO AMERICAN BALLOONS ARE ACCOUNTED FOR

NEW YORK, Sept. 21.—The Belgian I, an American entrant in the international balloon race, which started from Brussels, has landed at Braich Y Pwll, north Wales. Ralph Upton, one of the pilots, cabled yesterday afternoon to the aero club of America. The balloon traveled 420 miles in 27 1/2 hours.

BRUSSELS, Sept. 21.—Two of the five balloons which up to yesterday morning had not been heard from after starting Sunday in the James Gordon Bennett International race, were reported safely landed in messages received here yesterday afternoon. It was announced by the Aero club that the French balloon Marne had landed at Dolgelly, North Wales, and that the French Balloon Picardy had landed at Pandy, 12 miles north-west of Dolgelly. These were the balloons piloted by Dubois and Bienaime.

NEW AMERICAN MINISTERS ARE CHOSEN TODAY BY PRESIDENT HARDING.

(By The Associated Press) WASHINGTON, Sept. 21.—Joseph C. Crow, of Massachusetts, now American minister to Denmark, was nominated as minister to Switzerland, and John D. Prince, of New York, professor at Columbia University, was nominated minister to Denmark.

before witnesses that "a sloop as the government allows intoxicating liquors to be shipped into Chicago I will not mop it up."

The resolution then continues: "Now, when the mayor of Chicago and his general superintendent of police take a position that we have shown to you that they have taken, and the condition as to the illegal sale of intoxicating liquor in Chicago are very bad, and when the mayor and chief of police have under them about 5,000 policemen, we believe that the time has come in the history of this government to find out whether there is not a law that will reach officials of a great city like Chicago, who practically nullify the 18th amendment to the Constitution. The time has come when the government of the United States, if there is no law to compel the officials to obey their oaths of office, ought to enact such a law and we appeal to the Senate and House at Washington and ask that, if necessary, a law be passed to cover such cases as this."

IRISH PEACE FARTHER OFF THAN EVER NOW

LONDON, Sept. 21.—Prime Minister Lloyd George's reply to Eamonn DeValera, will probably be delayed until after a conference with the ministers at Gairloch, Scotland, Thursday and it seems certain that there will be no Irish peace conference at Inverness, for, according to the latest reports, Mr. Lloyd George has decided to return to London at the end of the week if his health is sufficiently restored, in which case the next formal cabinet council will be held in London.

Sir Hamaar Greenwood, chief secretary for Ireland, left yesterday for Gairloch, indicating that Ireland will be the subject of the conference on Thursday.

None of Mr. DeValera's previous communications with the prime minister has met here. The parliament of North Ireland met yesterday, the date originally proposed for the Inverness conference and the speech of Sir Jas. Craig, the Ulster premier, showed that Ulster is no better disposed toward the peace conference than before.

Latest reports from Gairloch last night say that a ministerial conference may be held today, and there are also rumors that Mr. DeValera has expressed willingness to withdraw his claim that the Irish delegation must go into the conference as representatives of an independent and sovereign state.

STATE ROAD BOOSTERS WILL HAVE ROAD NO. 2 OR KNOW REASON WHY

FUTCH BRINGS SUIT AGAINST TAMPA TIMES ALLEGES HE WAS LIBELED.

(By The Associated Press) TAMPA, Sept. 21.—A. D. Futch, a traveling salesman for a Jacksonville concern, has filed suit for fifty the publisher of the Tampa Times. He alleges he was libeled in an article of a recent issue of the Times, which related to the death of Virginia Turner, of Clearwater.

ENTIRE FAMILY MURDERED IN MICHIGAN

DOWAGIAC SCENE OF FRIGHTFUL CRIME SUNDAY NIGHT

(By The Associated Press) DOWAGIAC, Mich., Sept. 21.—Bloodstained club and bloody finger prints were the only clues today by which local authorities hoped to clear up the murder of three persons and the serious injury of another, a child, in their home here. William Monroe, wife and 17-year-old daughter were found beaten to death with a club, in the same room was found the ten-year-old daughter beaten on the head until unconscious. The child was made blind by the blows. Although her recovery is very doubtful officials hope she may be revived sufficiently to tell the story of the attack. The tragedy was discovered yesterday when the child's chum entered the home after hearing her mom. It is believed the attack occurred Saturday night as members of the family were last seen then. It is believed that the child lay wounded on the floor nearly sixty hours before discovery.

TENTATIVE AGENDA TO GUIDE NATIONS IN PEACE PROGRAM

WASHINGTON, Sept. 21.—The tentative agenda which the United States has transmitted to the principal powers who will participate in the conference on limitation of armament and Pacific and Far Eastern questions suggests on broad lines subjects for consideration. Foreign offices to whom it has been sent have been informed that it is essentially suggestive and subject to amendments or additions.

1.—Limitation of armament. Basis of limitation. Fulfillment of conditions.

2.—Rules for control of new agencies of warfare.

3.—Limitation of land armament.

Pacific and Far Eastern questions:

1.—Questions relating to China. Principles to be applied.

2.—Application to subjects: (a) Territorial integrity. (b) Administrative integrity.

(c) Open door. Equality of administrative and industrial opportunity.

(d) Concessions; monopolies and other economic privileges.

(e) Development of railways.

(f) Preferential railroad rates.

(g) Status of existing commitments. Questions relating to Siberia. Similar questions relating to China.

3.—Mandated islands.

Several Hundred Will Gather at Orlando October 8th

MEETING AT OCALA

YESTERDAY DECIDED TO CALL ANOTHER MEETING AT WHICH THEY WILL DO SOMETHING

(By The Associated Press) OCALA, Sept. 21.—Several hundred State Road No. 2 will meet at Orlando October 8th to continue their efforts to have work on highway completed. Orlando meeting decided upon at mass meeting in Ocala last night attended by several hundred persons from nine counties. Resolutions were adopted calling upon Governor Hardee and members of the State Road Department to make available one million, three hundred and twenty eight thousand dollars provided by four of the counties involved for road work. Several speakers declared Jacksonville and the East Coast interests were trying to stifle the project in order that the influx of tourists and newcomers to the state must necessarily come through Jacksonville and down the East Coast. W. W. Phillips, of Lake City, a member of the state legislature, urged the fight be carried into politics, exhorting the voters not to support any candidate for state office not in favor of the project. The meeting at Ocala followed the one held at Gainesville recently.

ONE HUNDRED KILLED AT MAYENCE, GERMANY, IN CHEMICAL PLANT.

(By The Associated Press) MAYENCE, Germany, Sept. 21.—More than one hundred persons are reported killed today when a chemical products plant exploded at Oppau, near Frankenthal, in the Worms region. Telephone and telegraph communication with Frankenthal are cut off by the explosion, and details are lacking.

Early reports stated that two explosions, which besides causing hundreds of casualties killed and injured, did enormous damage.

PARIS, Sept. 21.—One thousand persons are reported killed, several thousand injured, at Oppau, near Frankenthal, in Rhine Palatinate, through explosion in a chemical products plant, according to a Mayence message to Havas agency here today.

MAYENCE, Sept. 21.—Eight hundred persons are reported killed and many injured today by explosions in Badische Anilinfabrik Works at Oppau.

SUBMERSIBLE R-27 MAKES PORT SAFELY

WASHINGTON, Sept. 21.—Safe arrival at Guantanamo bay, Cuba, of the American submarine Z-27, which, while enroute from Coto Solo, Panama, Canal Zone, to Guantanamo, sent out a distress call Sunday night, was reported today to the navy department.

A dispatch reporting the safe arrival of the R-27 said she came in yesterday under her own power, but gave no details as to the trouble experienced by the submersible nor distress signals.

Assistance in the form of a sea-going tug was ordered by the navy department on receipt of dispatches indicating that the R-27 needed help, to proceed to her position.

TREATIES SENT TO SENATE TODAY BY PRESIDENT.

(By The Associated Press) WASHINGTON, Sept. 21.—Treaties with Germany, Austria and Hungary, were sent to the Senate for ratification today. The treaties were accompanied only by a brief formal note of transmittal.

AUTOMOBILE MEN OF STATE MEET IN JAX, OCT. 5 AND 6

JOIN LOCAL ORGANIZATION WHICH WILL GIVE ITS FIFTH ANNUAL SHOW

JACKSONVILLE, Sept. 20.—Members of the Florida Automotive Dealers Association, comprising about 150, which organization was established in 1919, will hold their third annual meeting here October 5 and 6, in conjunction with the fifth annual show of the Jacksonville Automotive Dealers Association, which will be held October 3 to 8 inclusive.

Officials of the state body are Ray B. Cralle, president; E. C. Williamson, vice-president; D. F. Owen, treasurer; L. P. Dickie, secretary-manager and Edith Weeks, assistant secretary.

The directors are C. C. Kirby, Screven Bond, L. B. Giles, G. N. Raughman, Philip G. Murphy, J. P. S. Houston, J. E. Junkins, Jr., I. W. Phillips, Ray Green, William A. McQuigge, L. T. Bryan, J. Y. Clark, V. S. Getts, J. B. Darby, Claude Nolan, W. A. Riddle, R. L. and H. W. Dettre.

The Jacksonville Automotive Dealers Association has sent out 3,000 invitations to attend the exhibition October 3 to 8 and anticipate an attendance of between 2,000 and 2,500 during a greater part of the show, and an especially large crowd during the two days the state body is in session here.

Committees have just been appointed by the local club and members are now at work arranging details, among them the entertainment features for the members of the Florida Automotive Dealers Association. Ample provision has been made for the annual business sessions of the latter organization.

In regard to the matter of lightening the hours during the business meetings of the state body, the local association announces a series of entertainments to be given. So far it has been decided to give them a long ride on the St. Johns river on the steamer City of Jacksonville, on the night of October 5 and a banquet on board will be tendered. There will also be music, dancing and light refreshments to aid in whiling away the time on the water trip on the historic stream, during one of the beautiful fall nights for which Florida is famous. Thursday following a luncheon will be given the visitors. The entertainment committee will later announce other features of this kind.

MASKED MEN RAID DISTILLERY

BLOOMFIELD, Ky., Sept. 20.—Twenty masked and armed men overpowered two guards at B. McClasky & Sons distillery, bound them with wire torn from a telephone line, blindfolded them with curtains from the distillery office and escaped in seven touring cars with eighty-eight cases and three barrels of whiskey early today.

Experiments are under way in Maine by scientists endeavoring to make paper from maple, beech and other hard woods.

SIMS SAYS HE WAS MISQUOTED BY U.S. SENATOR

DENIES SAYING IT WOULD BE DIFFICULT TO DEVELOP MERCHANT MARINE

WASHINGTON, Sept. 20.—Declaring that Senator Carter Glass, of Virginia, was mistaken in quoting him as saying in a convention in London that the United States ought not to undertake the development of a merchant marine of its own, Rear Admiral William S. Sims, in a letter to the National Merchant Marine Association, made public here yesterday, explained that what he did say was that "with the present restriction of our present shipping laws it would be very difficult for our country to develop a merchant marine commensurate with our needs."

In the senate speech Senator Glass was quoted as saying:

"When I was abroad in 1918 Admiral Sims, much to my amazement, told me in London that he did not think that the United States ought to undertake the development of a merchant marine of its own. He thought that field of activity should be left to Great Britain, saying that the British were our kinsmen, bone of our bone and blood of our blood, and might be relied on to come to our defense in case of war; that they were natural seamen, and we knew nothing about it. Besides, he added, it would require a great subsidy to conduct a merchant marine, and the American people were inherently opposed to subsidies."

In his reply to the marine association, Admiral Sims wrote:

"I am not surprised that Senator Glass was much amazed if he understood me to state in London that the United States ought not to undertake the development of a merchant marine of its own.

"Just how from from this from what I have ever or could thought of the merchant marine, you may judge from the fact that the navy of the United States would be of very little value as a defense of the United States and our possessions if it were not for the merchant marine.

"In the absence of a merchant marine the transport for the immense amount of supplies that a fleet would need, that fleet would be restricted in its operations to a comparatively short distance from its nearest base.

"If our fleet had to be sent to make an attack at a long distance across the ocean, it would require something like 30,000 tons of supplies a day, including fuel and all other supplies. This is one of the essential elements that enters into the consideration of what we call the logistics of a military operation and is one of the subjects which receives the closest study of those who are charged with the preparation of naval plans.

"As I remember my conversation with Senator Glass, it was to the effect, that, with the restriction of our present shipping laws, it would be very difficult for our country to develop a merchant marine commensurate with our needs."

Man can forgive a woman who has more authority than he has, but he can't forgive one who has more brains than he has.

Fables: Once upon a time there was a woman who didn't believe her husband did most of the work at the office.

STATE NEWS

Jacksonville, Sept. 20.—Submarine Chaser No. 144, recently purchased by the State Shellfish Commission, has arrived here from Philadelphia. After undergoing minor repairs the vessel will be stationed on the Gulf coast.

Ocala, Sept. 20.—The tourist season seems to be opening early for the motor tourists already is wending his way southward. Almost every day cars arrive here from other states, some from as far west as California. Information received by the Marion County Board of Trade, indicate that Florida is to have another heavy tourist season.

Miami, Sept. 20.—Police men, when appearing in municipal court here, as attendants or witnesses, must keep their elbows off the desk of the judge, and not loll back in their seats and elevate their feet at an angle of forty-five degrees with a desk in front of them as a prop, according to an order issued by the Director of Public Safety.

Lake City, Sept. 20.—Sheriff W. B. Douglass, of this, Columbia county, spent last week searching for moonshine stills, and as a result of his activities captured seven stills and seven alleged moonshiners. A large quantity of liquor, mash, honey and other ingredients used in the manufacture of the moonshine was destroyed.

St. Petersburg, Sept. 20.—Man conceived the "tent city" to care for automobile tourists here, according to a writer in the Independent, but upon a woman has fallen the job of making it a success in this city. Miss Leora D. Lewis has obtained permission from the State Board of Health and city commission to establish a camp at Big Dayou, between Pinellas Drive and Lake Maggiore, the coming season. The work of preparing the site which will accommodate from 300 to 500 tourists already has begun. Plans for the camp include everything possible to protect the health and comfort of its residents, according to Miss Lewis.

Ocala, Sept. 20.—Those citizens of Marion county who, in their indignation at the report of the census bureau placing the county's population in 1920 at less than 24,000, a decrease from 1910, declared they, themselves, know more than 24,000 persons personally, are pointing with pride to the arrival last week of a new family, which has settled on the Silver Springs boulevard, and declare with emphasis that Marion will have a population of more than 30,000 in 1930. The new arrivals cannot properly be termed a "family" for in reality they form a "clan." They are James T. Williams, of Athens, Tenn., who brought with him his wife, children and grandchildren. The party, which traveled in five motor cars, numbering thirty-four persons.

Titusville, Sept. 20.—Titusville is to have a new industry in operation by October 15, which is expected to furnish employment for approximately, twenty-five men and fifty women and girls. The plant will cook hard shell crabs and pack the meat. Wallace Quinn, of Crestfield, Md., who

Daytona, Sept. 20.—Bert Anderson, negro, who stole one of the city's new garbage cans last week, would not have fared so badly had the theft been the only charge against him, but Bert converted the can into a first class liquor still. He was fined \$100 for having a still in his possession.

Key West, Sept. 20.—What is believed to have been a record "run" in the aerological work of the United States Weather Bureau was made by a balloon twenty-five inches in diameter released at the local station last week. The balloon was kept under observation until it had reached a height of thirteen and one-half miles and a distance of twenty miles from its starting point. The balloon, upon being liberated, moved off in the varying air currents, its altitude and azimuth being obtained every minute

by means of a theodolite during a period of 119 minutes, at the end of which time it finally faded from view. The record is believed to have been made possible only because of the absence of interfering clouds and the unusually clear atmosphere which prevailed at the time. The balloon experiments are conducted by the weather bureau in connection with a study of air currents and have been a part of the investigation work of the Key West station for more than a year.

MAN CHARGED WITH PASSING BAD BILL; A TENNER ON A ONE

PLANT CITY, Sept. 20.—A young man giving his name as Frank Behm and his address as Lithia, was taken to the county jail in Tampa by Deputy Sheriff John W. Kirkland. Behm was arrested by Officer Jake Miles, and is facing a charge of passing counterfeit money in the form of a fake ten-dollar bill.

CITRUS EXCHANGE ANNOUNCES N. Y. OFFICE CHANGES

The Florida Citrus Exchange announces the appointment of Mr. Errol M. Zorn as manager of its New York office, effective immediately.

Mr. Zorn replaces Mr. R. H. Holland for years manager of the New York office of this organization, whose recent death caused much grief in fruit and produce circles where Mr. Holland was widely known and muchly beloved.

Mr. Zorn is well known to the trade having had many years experience in the business in New York, and following in the footsteps of his father who preceded him in the business.

Mr. Zorn who was born in New Orleans, came to New York some years ago when his father moved there to engage in business. His experience has covered the handling of citrus and deciduous fruits from both Florida and California over a period of years, both in connection with three large distributing agencies and in connection with his own business.

Mr. Zorn at the outbreak of the war volunteered as a private in the 1st New York cavalry from which he shortly was transferred to the 104th Machine Gun battalion, 27th division. He saw service in Belgium and Flanders and has to his credit seven battles and engagements, including the breaking of the Hindenburg line and the taking of Mount Kemmel. He was discharged as Sergeant-Major of the machine gun battalion.

Mr. Zorn is a gentleman of prepossessing personality and much energy, which together with his wide experience in the fruit and produce business fits him particularly well for the position for which he has been selected.

Mr. Thomas G. Casey, for a number of years in the New York office of the Florida Citrus Exchange, has been promoted to the position of assistant manager of the New York office. The plans worked out by the executive officers of the Florida Citrus Exchange for this office contemplate covering a larger field of endeavor and extending its selling territory. It is aimed through the New York office to supplement the efforts of all exchange representatives in New York state to the end that active contact shall be maintained with each possible carload market in the state. Mr. Zorn will devote his attention largely to this extension of territory and intensive cultivation of the interior markets covered, while Mr. Casey constantly will be on duty in New York giving closest attention to the New York auction market, with the handling of fruit in which he is most thoroughly familiar.

DEEP WATER INLET NEAR LAUDERDALE IS CONTEMPLATED.

FORT LAUDERDALE, Sept. 21.—Soundings for a deep water inlet and turning basin at Las Olas Sound have been started by engineers of the Seaboard Dredging Co., of Jacksonville. It is the first definite step by the city of Fort Lauderdale for an inlet 400 feet wide and with a possible depth of sixteen feet which would allow coastwise vessels to tie up at the city docks. The project, which includes construction of jetties, the dredging of a portion of New River and the cut of about 100 yards from the sea, would cost, it is estimated, less than any other recently constructed inlet on the east coast of Florida. Although accurate figures are not yet available, it is understood the expense would not exceed \$100,000.

The cut is planned to be in exact line with New river as the heavy current of the river would be relied upon to keep the channel and inlet open, moving any sand or other obstruction out to sea. City officials state that a bond issue to cover the cost of the enterprise will be decided upon after exact figures from the engineers are available. After completion of the inlet the federal government will be asked to assist further the deep water project of the city.

NOTORIOUS BANDIT SHOOT HIS GUARDS ATTEMPTING ESCAPE.

LITTLE ROCK, Ark., Sept. 19.—Tom Slaughter, notorious Oklahoma bandit, today added another chapter to his long list of crimes, when, in a sensational attempt to escape from the Arkansas penal farm, he killed one man and perhaps fatally wounded two others, all trusty guards, with a rifle smuggled to him by someone on the outside.

Bliss Atkinson was killed. James Morris and Dewitt Taylor were shot through the body and are not expected to live. Lilburn Taylor, a convict, was wounded in the right leg by a guard, but is not dangerously injured.

Slaughter was brought from Tucker, where the farm is located, to the penitentiary here, and is being held in solitary confinement.

Slaughter, who with Fulton Green, was convicted of the murder of Deputy Sheriff R. Brown, of Hot Springs, about a year ago, was wanted in Oklahoma, Texas, Missouri, Kentucky, and Pennsylvania, according to officers, for bank robberies and murder. He had escaped from the Texas penitentiary just prior to the Hot Springs shooting, after striking a fellow convict over the head with a shovel and seriously injuring him. Slaughter and Green were captured at Independence, Kansas.

According to the reports from the Tucker farm, Slaughter early in the morning obtained the rifle smuggled into him from his hiding place in one of the large bath houses, where there were more than a hundred convicts at the time. He ordered the convicts to lie down, and through a window began picking off the guards. Morris was shot first then Garret. Crossing to another window, he fired on Adkisson, killing him with the first shot. Slaughter fired at several officers and then started to make a break for the open. As he reached the door, Sam Payne, life-terminer, opened fire on him with a pistol. His aim was so accurate that Slaughter threw away his gun, raised a handkerchief and surrendered.

MACCLENNY BOY SHOT AND KILLED BY HIS BROTHER.

Macclenny, Sept. 20.—Elias Mikell, 18, son of J. O. Mikell, of Macclenny, was shot through the heart and instantly killed at 9:15 Sunday night at a place where the road crosses a branch just north of town.

According to testimony brought out by the coroner's jury, young Mikell was accidentally shot by his brother, Bob Mikell, who pointed a pistol he thought was empty at Elias and pulled the trigger. The inquest was adjourned until Tuesday when further testimony will be taken and it is believed that other light may be thrown upon the case.

Bob Mikell, brother of the dead boy, and Glenn Taylor are the only two eye witnesses of the tragedy. They state that the dead Elias Mikell was returning to Macclenny Sunday night from a place about two miles from the town in two automobiles. Bob and young Taylor who were in the front car, stopped at the branch for the purpose, they say, of filling the radiator and waiting for the other car.

While waiting, Bob Mikell is alleged to have fired his pistol into the air several times, thinking he had emptied it. When the other car caught up, Elias Mikell is said to have gotten out and said: "Here I am, now shoot," or words to that effect. It was then that Bob Mikell is said to have pointed the gun at his brother, thinking it was empty and pulled the trigger several times.

There was one cartridge remaining in the revolver, however, and the bullet pierced the young man's heart, killing him almost instantly.

Ground has been broken for the erection of a new eleven story skyscraper hotel at Orlando, and \$1,000,000 will be spent.

A new cigar factory will be built at Fort Myers for the Jose Gonzales Co., besides a number of residences.

SENATE PROBE BEGINS IN WEST VIRGINIA TROUBLE OF THE COAL MINERS.

WILLIAMSON, W. Va., Sept. 19.—Senator Kenyon's investigating committee, bolder finally to himself and Senator Shortridge of California, went among the people in the Lick creek tent colony today to get the miners' side of the underlying cause of the industrial troubles in the Mingo region.

There was no comment from the committee after fifty or more men and women has been questioned. Tomorrow the operators will be heard, and then Senator Kenyon and his associate will determine how far to proceed and where, under the senate resolution directing the inquiry.

The tent colony is populated by miners who have been on strike fourteen months. The first of the group whose testimonies was obtained was George Echols, a negro preacher, seventy-five years old, who showed the ragged gaps in his tent, put there, he testified, by "state constabulary or private guards." Inside, the old man picked up his month-old baby, born in a home with only the earth as flooring, and proudly displayed it to Senator Shortridge as an evidence of healthy living outdoors in the Mingo mountains.

Wide slashes and bullet holes in other tents also were pointed out as alleged evidence of some of the colony's hardships. News that the senatorial party was on the way brought out a big attendance, the women being the most eager to talk. From individual groups, the senators tried to find out how the controversy might be settled. Some of the miners declared they had not been amply paid for their work, that while they might make \$8 a day, expenses for tools, dynamite and other things cut the net to \$3. Other alleged grievances were against the so-called "mine guard" system and the claim of the men that once they joined the union they were instantly fired.

"The Capital" will be the name of the new theatre which is being constructed at Orlando. It is being built of brick and cement tile and stucco and will be fire proof. It will seat 1,400 people.

Notice of Application for Tax Deed Under Section 575 of the General Statutes.

Notice is hereby given that V. G. Jones, purchaser of 1-3 interest in Tax Certificate No. 841, dated the 2nd day of July, A. HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast.

TELLS WHY EVERYONE SHOULD DRINK HOT WATER WITH PHOSPHATE IN IT BEFORE BREAKFAST

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

BATTLE OF MARIANNA COMMEMORATED.

MARIANNA, Sept. 21.—The monument commemorating the battle of Marianna during the civil war will be unveiled here November 2, according to those in charge of arrangements. The contractor who will erect the monument already is at work and the memorial will be completed some time before the date set for the unveiling. The Florida division, United Daughters of the Confederacy, is in charge of the program.

Hit the Nail on the Head

It's getting up courage to drive the first nail that's the hard part about building. You can trump up dozens of reasons for postponing the job—but did you ever know anybody to be sorry he built?

Most building materials are low priced now. Not every thing is as cheap as lumber but by the time the other things have dropped probably lumber will rise. So all in all this is a good time for building. Hit the nail on the head!

Why Fido Wags .. His Tail ..

To advertise! It is his mode of telling the world of that particular mental state known as happiness.

When the baby laughs, when the sun shines, when the flowers bloom... when dinner sends out its inviting aroma—when any one of a thousand other things happen which attract your attention—you are being advertised too.

The whole purpose of any advertisement is to excite your curiosity, gain your interest, arouse your desire; to tell you something you don't know; to remind you of something you have forgotten; to convince you of something over which you have been hesitating; to help you get the best at least cost.

In short, the purpose of an advertisement is, in one way or another, to make you happier. Think it over. Read the advertisements in this paper and see if that isn't so.

Now is the time to start your ad in the Sanford Daily Herald
