#### Rubber Brokers Of England Begin To Retire From Work

LONDON, Dec. 24.—(AP)—Rubber brokers are beginning to retire with well filled pockets and the public is wondering whether they foresee a collapse of the boom and are "planting from under."

Baies and Rogers, who have announced they have decided to close down their business, have been in rubber brokerage for less than four years, and are said to have made \$1,000,000 in profits. Several other firms say they will retire with the end of this year.

The firm had to reserve a large number of rooms in a hotel adjoining its offices in the city and its employees slept in relays. Sometimes they were able to get only a few hours of sleep because of the press of business. Work was kept up Sundays as well as week days.

#### Airplane Drops Literature And Prize Winning Tags On Sanford Citizens

Mrs. Paul B. Monahan today presented at the offices of the Davy-Winston Company one of the winning coupons thrown from an airplane yesterday morning by Lieut. Scott and G. N. Hughes, who showered Sanford from the air with advertising literature of Indian Mound Village, a new development promoted by the company.

The coupon represents a \$100 credit on an the two other winning tags, 1,000 and 1,500, respectively, it was announced.  
R. G. Davey, who made a flight over Sanford and the surrounding country in company with F. F. Dutton, stated today that every Sanford resident should see the city and nearby fields from the air in order to appreciate the beauty and orderly arrangement of all streets and parks and buildings.

No really adequate conception of the modern layout of Sanford can be obtained except from an airplane at a sufficient altitude to enable the observer to see the city in perspective," Mr. Davey said.

#### ATLANTA ARMS AGAINST NEGRO HOLD-UP GANG

Wednesday Night Is One Of Terror When Many People Are Held Up And Robbed By Blacks In Fast Cars

**Police Reserves Are Called Into Service**  
**Robbers Would Espy A Lone Pedestrian, Swoop Down On Him And Get Valuables**

ATLANTA, Ga., Dec. 24.—(AP)—Police reserves patrolling the city in automobiles armed with sawed-off shotguns today bore orders to shoot to kill following a night in which 14 persons were held up and robbed by bands of negroes causing the city in fast automobiles.

The patrol will be tripled at nightfall. Chief Jett of the police force announced. Several of last night's victims were severely beaten by the bandits.  
Police believe that the robberies were staged by an organized band of negroes, as in each instance, the victim reported he had been robbed by negroes. The same blue touring car was described by several of the victims and about 11 o'clock last night police picked up such a car on Terry Street between Hunter and Fair Streets. The floor of the car was littered with checks and pay envelopes which presumably had been stolen. This automobile bore an Illinois license tag and had been reported stolen earlier in the night.

Two negroes, after the finding of the automobile and are being held on suspicion pending a further investigation.  
The robbers would espy a lone pedestrian and swoop down on him, leap from the car, hold him up and "frisk" him in short order. If the slightest show of resistance was evidenced, he would be beaten either with a club or with the butt of a pistol. One man was painfully injured and left bleeding on the sidewalk. He was taken to a hospital.

#### European Gale Has Blown Itself Out

PARIS, Dec. 24.—(AP)—The gale which has been raging with unprecedented fury during the past few days at last has blown itself out. The full toll of the disaster, however, still is being tallied. The telegraph system throughout the country is so badly wrecked that the work of recovery will require considerable time.

Paris remains cut off from a majority of the principal provincial cities as well as a few cities, except in a few cases, where it has been possible to establish a route about, precarious service by linking up various local lines.

"nor can one truly appreciate the beauty of the river, the celery fields and the country club except from an airplane."  
Mr. Davey stated that the winning coupons thrown from an airplane yesterday morning by Lieut. Scott and G. N. Hughes, who showered Sanford from the air with advertising literature of Indian Mound Village, a new development promoted by the company.

The coupon represents a \$100 credit on an the two other winning tags, 1,000 and 1,500, respectively, it was announced.

#### Publication Of Diary Would 'Raise Ruction', Says Butler Who Will Continue Attacks

PHILADELPHIA, Dec. 24.—(AP)—Gen. Smedley D. Butler, dismissed by Mayor Kendrick as head of the Philadelphia police, said today that publication of his diary would "raise a ruction." He kept it during the two years he was director of public safety and recorded, among other things conversations with the mayor and other city officials.

The general said that a broadside, in which he alleged the mayor was a protector of big violators of prohibition law, was only a preliminary blast. "I'm going to keep right on with the attack until I get ready to stop," he added. "And I won't stop until I prove my case."  
Gen. Butler let it be known that he would endeavor to recall his letter of resignation from the Marine Corps, which he submitted Monday in order to remain here. He plans to visit Washington early next week for a conference with Maj. Gen. John A. LeJeune, commander of the corps, who was instrumental in his resignation to have the general remain in the service.

Wouldn't "Go Easy"  
In making public letters which passed between himself and Mr. Kendrick and Joseph P. Gaffney, city solicitor, the general attempted to show that it was because he would not "go easy" on the big hotels that he was "fired." Butler said that he wanted the Ritz Carlton padlocked for liquor law violations and the dates charges of the Bellevue-Stratford and the Waldorf Hotel revoked for the same reason, but the mayor disapproved.

#### COOLIDGE WORKS, WIFE PREPARES FOR CHRISTMAS

WASHINGTON, Dec. 24.—(AP)—The spirit of Christmas engulfed Washington today, as the president and his family prepared for the day. With Congress already in adjournment until after New Year's, the wheels of government began slowing down today for an almost complete holiday stop of three days.

Although the shutdown does not become effective until the close of the day's work, several cabinet members slipped out of town to spend Christmas with their families, and hundreds of employees also left their posts. Suburban residents Coolidge, busy at his desk, left White House preparations for tomorrow to Mrs. Coolidge and their son John, who is home from college. Nothing elaborate is planned, as they expect to spend the day in the suburban home of the president and to have no house guests.

There will be a White House Christmas tree, however—one shipped from Wisconsin and decorated today—and tonight the president and Mrs. Coolidge expect to take part in a Christmas Eve ceremony at a community tree planted south of the treasury.

#### Man Held For Inciting Killing Of Officials

SAN FRANCISCO, Calif., Dec. 24.—(AP)—William Elmer Wolfe, alias David Watson, a violin maker, was arrested by government officers of Oakland today on a charge of using the mails to incite an assassination of federal officials. Wolfe had been sought for several years in various parts of the country for sending printed matter to Presidents Wilson and Coolidge and to a number of congressmen, belittling their public acts and suggesting methods of punishment for them.

#### CAMPAIGN GETS SETBACK

CHICAGO, Dec. 24.—(AP)—Chicago's campaign for pure milk, near its goal when the city council voted to bar all milk except that from healthy cows, today received a setback when the federal government, for financial reasons, suspended its tuberculosis tests.

Santa's on the way! Sanford bound, loaded down with an immense shipment of goods that would dismay and probably ruin the gala spirit of rail officials if a tight embargo on reindeer transportation should require the railroads to handle the stuff.

Christmas activities in Sanford are reported greater than any in the memory of Frank P. Forster, or other pioneer citizens. Local merchants report an unprecedented volume of business even at this late hour, when hundreds of "last minute" crowds of the mart, frantically pawing over the stock for presents or cards to post date to those who seem to always remember them.

#### Methodist Episcopal Church

Dr. T. J. Nixon  
The Christmas message is one of good cheer to all mankind. We may see gloom in the blessings brought to a weary world by the Babe of Bethlehem. The wonderful love that shines out in his life of service to mankind is the hope of the old world today. Like the wise men of old let us follow our star and bring to the king our cheer and our service, that will make our own lives a blessing to others.

John V. Weidemeier Is Called "Professional Husband" By One Wife

CHICAGO, Dec. 24.—(AP)—John V. Weidemeier, who came into public notice recently through his arrest in St. Louis, with the wife of a Chicago furrier has been termed a "professional husband" who has been married at least 28 times, in testimony in an annulment suit brought by one of the wives.

Mrs. Esther Wexler Brooks, concert violinist, who said she married Weidemeier, 1924 when he was using the name of Arthur Brooks, told Judge Lewis yesterday that she was the forty-eighth or forty-ninth wife, she wasn't sure which, and the judge indicated the annulment would be granted.

#### Special Church Programs To Be Held Christmas

Many entertainments are to be presented by various organizations Christmas Eve and Friday morning.

Largely as a result of the recent church census taken by members of the city, great crowds are expected to be in attendance this evening and tomorrow for the many Yuletide programs and festivities which have been arranged by nearly all the churches of Sanford.

More elaborate plans have been made for observing Christmas this year than ever before and the profusion of spirit has been such that every minister and church in town has been kept busy arranging details of the special services and entertainments.

#### Young Negro Held In Jail On Charge Of Forging Money

Lennie McKeever, colored, was arrested yesterday by a deputy from the office of Sheriff C. M. Hand and lodged in the county jail on a charge of forging forged money on a storekeeper near Cannon City.

McKeever, who is only 13 years old, walked into the store several days ago and made purchases amounting to \$4.50. He tendered a bill, which had been raised from one dollar to five by altering the face of it and received 20 cents in change. The storekeeper is reported to be very nearsighted and the fake was not discovered until yesterday morning when he went to pay a wholesale grocery bill. Sheriff Hand was notified and in a few hours Lennie was brought in and identified by his victim.

#### Head Will Not Publish Tomorrow

In conformance with its usual policy of closing on Christmas day, The Herald will not publish an edition tomorrow, and its employees will be free to observe the day to the fullest extent.

Believing that Christmas is a holiday on which no form of industry should operate, The Herald has in the past, and will in the future observe this universal occasion by suspending all activities for the day.

---- THE DOMINANT FACTOR IN THE  
ENHANCEMENT OF REALTY VALUES

There is no other one thing or condition that adds so favorably to the constant increase of realty values as does that of location. Loch Arbor has every advantage in this respect—it is not simply near, it is an actual part of the most exclusive home community of Sanford and Central Florida.

The Country Club Entrance Section comprises all the property between the Crystal Lake Club Section and the entrance to the Sanford Country Club. Many choice sites fronting on the green of the golf course can still be secured. Immediate investigation of this development will convince you of its superiority as a home community.

THE COUNTRY CLUB ENTRANCE SECTION WILL BE PLACED ON THE MARKET WITHIN THE NEXT FEW DAYS. WATCH FOR THE ANNOUNCEMENT.

# The Christmas Dinner

BY SISTER MARY

Goose seems to be as traditional for Christmas as turkey for Thanksgiving. While every family has certain dishes they like to serve Christmas after Christmas, each hostess likes something a little different when it comes her turn to entertain the kinsmen.

A different stuffing for the goose, an unusual sauce, an out-of-the-ordinary salad or a novel dessert will add interest to the family dinner that may be orthodox in other respects.

Christmas is always essentially the children's day so the dinner should not be overburdened with forbidden foods. The vegetables should be carefully planned with the juniors in mind and while a "taste" of the festive dishes may be permitted, the simple, wholesome foods must be used to satisfy appetite and nourish.

**A Centerpiece**

As for the decorative centerpiece for the Christmas table this year, why not try a gingerbread house with a gingerbread Santa Claus? Can you imagine the thrill of nibbling the chimney of Santa's house or actually swallowing a spicy, crumbly hand of the beloved old saint? One will gladly forgo the plum pudding or mince pie when one is less than eight of one may consume a piece of a house.

The following menu is not bristling with new dishes, but does have one or two points that make it different and worth consideration.

It begins with an oyster cocktail for several reasons. First the oysters are nourishing and easily digested, second they require no cooking and extra funing at the last minute and third they are at their best at this time of year. Also with the cocktail sauce they form a piquant appetizer that is

not so highly flavored as to dull the palate to foods to come.

The tomato bouillon carries out the Christmas colors esthetically and stimulates the digestive juices dietically.

**Chestnut Stuffing**

Roast goose with chestnut stuffing provides the piece de resistance. The sauce is a bit unusual and most delicious.

The vegetables are planned with children in mind. And so is the salad.

The plum pudding isn't really plum pudding at all but a gelatine pudding full of fruit not as rich and heavy as the steamed pudding.

Stuffed celery in place of plain dressed celery is planned as a festive touch and because cheese is not used elsewhere in the menu.

**Oyster Cocktail**  
Tomato Bouillon  
Stuffed Celery  
Olives  
Roast Goose, Chestnut Dressing  
Apple and Horseradish Cream  
Gillet Gravy  
Mashed Potatoes Creamed Onions  
Buttered Spinach  
Prune and Nut Salad  
Plum Pudding  
Coffee.

**How to Serve**

Of course the table is resplendent with the "best" linen, "best" silver and "best" dishes. The centerpiece is in place and the cocktails are served when the guests sit down to the table. The celery and olives may be on the table or if a maid is in attendance they are passed and then placed on the table to stay until the removal of the main course.

The cocktails are removed, leaving the service plate in front of each guest and the bouillon cup in its saucer placed on the service plate.

The bouillon cups are removed from the service plate, after the

second course. Then the service plate is removed with one hand, the dinner plate served with goose and stuffing is placed with the other hand. The host may carve and serve the plates if he prefers or they may be served from the kitchen. If the dinner is maidless it means much to the cook and hostess if the man of the house will carve.

And now for the goose. A so-called "green goose" is the choicest, but one up to eight months old is good.

**Scrub Goose Well**

Scrub the bird well with hot soap suds when it comes from the butcher. This removes some of the oil. Rinse well after scrubbing and rub the inside with a cut onion. Season with salt and pepper and sprinkle inside and out with lemon juice. Rub the inside with salt, pepper and powdered thyme. The bird is now ready to stuff.

Stuff and place on rack in roaster. Sprinkle with salt and pepper. Put into a hot oven and roast one hour. Pour off fat. Dredge with flour and put a thin slice of salt pork on each side of the breast. Reduce heat and roast for two or three hours, depending on the age of the goose. The joints should separate easily when the goose is done. If a bird is more than eight months old it should be steamed for two hours before roasting.

**Chestnut Stuffing**

Two cups cooked chestnuts, 1 cup stale bread crumbs, 4 tablespoons melted butter, 2 teaspoons salt, 1 tablespoon minced parsley, 1-1 teaspoon moist (about 1-2 cup).

American or European nuts can be used. Boil 30 minutes, shell and pass through a coarse ricer. Combine ingredients, adding water to make moist.

**Apple and Horseradish Cream**  
Six Greening apples, 1-2 tea-

spoon white pepper, 1-2 cup grated horseradish, 1/4 cup sugar, 1 cup whipping cream, few grains salt.

Any tart apple can be used. Pare, quarter and core. Add boiling water, as little as possible and simmer until apples are tender. Beat with a slotted spoon or rub through a colander. Add pepper, sugar, horseradish and salt. Let stand until cold or ready to serve. Then fold in cream whipped until stiff.

**Plum Pudding**

Two tablespoons granulated gelatine, 1 cup milk, 1 cup boiling water, 1/2 cup cold water, 1 cup seeded and chopped raisins, 1/4 cup sliced and shredded citron, 1/4 cup stoned and chopped dates, 1/2 cup blanched and shredded almonds, 1/2 cup candied cherries, 1/4 cup minced candied orange and lemon peel, 2 squares bitter chocolate, 1 cup sugar, 1 teaspoon vanilla, few grains salt.

Soften gelatine in cold water for ten minutes. Grate chocolate and add boiling water, stir until melted. Add sugar and hot milk. Bring mixture to the boiling point and remove at once from the fire. Stir in softened gelatine. Let stand until cool and stir in salt, vanilla and prepared fruit and nuts. Turn into a mold and let stand several hours or over night in a cold place. Unmold and serve garnished with whipped cream and candied cherries.

**Gingerbread**

So much for the dinner itself. The gingerbread house is our next consideration. This should be baked one or two days before Christmas and hidden in a safe place until wanted.

A good cookie mixture is baked in six sheets. Two are ten by seven inches, for the sides of the house. Two are six by ten for the ends of the house and two are ten by three for the roof. Of course you can choose your own proportions and make the house any size you choose.

The ends are cut to fit into the point of the roof. The pieces are put together with a heavy sirup rolled to the crack stage.

Windows and doors can be cut in the house after the sheets are baked. If the mixture bakes unevenly trim the pieces to uniform size.

The following recipe is particularly good for the cookie mixture.

**Cookie Mixture**

Three-fourths cup butter, 1 cup brown sugar, 1/2 cup molasses, 1 egg, 1/2 cup sour cream, 1 1/4 teaspoons soda, 5 cups flour, 1 teaspoon salt, 2 teaspoons ginger, 1 teaspoon cinnamon.

Cream butter. Beat in sugar. Add molasses and beat until smooth. Add egg well beaten. Dissolve soda in sour cream and add to mixture. Mix and sift flour, salt, ginger and cinnamon and add to first mixture. Chill for several hours. Roll very thin and cut in the described sheets. Bake 12 minutes in a moderate oven. Let cool before using to build the house.

This same cookie mixture is used to make the figure of Santa. Baked frosting can be used for snow and fur trimmings on Santa's coat.

This centerpiece will take time to make but it won't take much money, which is worth thinking about at this time of the year.

## Buckner Begins 3rd "Padlock Crusade" On Gotham Resorts

NEW YORK, Dec. 24.—(P)—Federal Attorney Buckner has begun his third and largest "padlock crusade" by a holiday onslaught on 43 white way night haunts, some of them favorite society and theatrical resorts.

At midnight last night deputy U. S. marshalls, prohibition agents and police began a wholesale service of summonses and complaints upon proprietors who are given 20 days in which to accept "consent decrees" or fight their cases.

The padlocking proceedings are the result of evidence previously gathered by the authorities. Several of the places proceeded against were involved in previous drives by Mr. Buckner's officers. The 20 day leeway, it is admitted, will not prevent any holiday plans from being carried out, but it is hoped that the proceedings will have a "moral" effect.

Mr. Buckner asserts some of the cabarets, restaurants and night clubs have sent out holiday invitation cards which hint broadly that the thirsty may have their thirsts slaked by visits to the resorts. Many, he says, have spent thousands of dollars in renovating and decorating their establishments for prospective Christmas and New Year patronage.

SANTA CLAUS IS TO COME HERE HEAVILY LADEN

(Continued from Page 1.)  
 Nick gets out of range. News is at a premium for people seem to have generally forgotten to kill or maim each other in the happiness of the season, and even the real estate salesmen are neglecting their business in the mad whirl of the occasion.

Peace And Good Will Evident  
 Personal prejudices and animosities have submerged in the spirit of Christmas, and those who before shouting "Merry Christmas" on the streets. It is reported, but not vouchered for that a son-in-law was seen down town shaking hands with his mother-in-law. The spirit of Christmas has accomplished wonderful things.

MINISTERS ISSUE YULETIDE WORD TO ALL CITIZENS

(Continued from page 1.)  
 Having a unique mission, a mission of redemption, related to the ages before His birth, and to all subsequent races of mankind, a mission which was held within the eternal purposes of God from the beginning, antedating the song of the morning stars.

The theme of prophet and poet who interpreted the world's need of just such a child coming with just such marks of uniqueness at just such a time in the history of the world, such a child, I say, could not have come otherwise, and at the same time have met the requirements of faith or imagination.

God's miracles delights us. They do not stagger or distress our faith. We simply rejoice in their glory.

"Unto us is born a Child," his name shall be called Wonderful, Counselor, the mighty God, the Prince of Peace.

HOLY CROSS EPISCOPAL CHURCH

Rev. Mortimer Glover  
 The original Christmas message was: "Glory to God in the highest, and on earth peace towards men in whom He is well pleased."

Although nineteen centuries have passed since that message sounded from the skies, the world has been ever slow to accept the implication of the angels' song, that God is well pleased only in men who dwell together in peace. Warning and strife still go on, not only between nations, but between individuals and associations in the worlds of commerce and society.

The great need of the world is for peace and good will. Shall we not pray that this Christmas may mark the beginning of a new era, when the peace of the Christchild will reign in every human heart, with the celestial hosts in the ascription of glory and praise to the King of Kings?

ALL SOULS' CATHOLIC

Rev. William Humphries  
 What is the Christmas spirit? What does Christmas mean? We get it best from the original witnesses—St. Luke and St. John.

In recalling them the simple but sublime story of Bethlehem, we learn how to celebrate this first of Christian festivals. Because there we see that Christ was God, that He was our redeemer, that He had come to save the world from sin.

Christmas then is no mere holiday. It is indeed a day of joy, but not a day of common increment, not a day to be profaned by any kind of excess.

It is a day when, in the words of the Apostle Paul, "the grave of God our Savior both appeared to all men, instructing us that, denying ungodliness and worldly desires we should live soberly and justly and godly in this world, looking for the blessed hope and coming of the glory of the great God our Saviour Jesus Christ."

To look elsewhere therefore to government, to service, to education for a panacea for all our ills, is to miss the message of Christ, is to fail to know Him, to fail to recognize authority.

That message is, peace to men and good will.

When we all learn to have good will, learn to love one another, peace will reign and strife will cease.

That then is the Christmas spirit, and the spirit of Christ's love to all men, the good and the bad, the young and the old, the rich and poor, all who have good will that is what the world needs—not mere government, but more love. That spirit we are pleased to notice, however imperfect is universal.

It expresses itself in gifts, in greetings, in hymns, in prayers. "Merry Christmas" is heard every where from every people, in every land. While we hear it, we have hope. Hush it up and then comes the deluge.

Merry Christmas to all.

FIRST PRESBYTERIAN

Rev. E. D. Brownlee, pastor.  
 "Only God could have thought of Christmas." When men want to change things they send armies of soldiers or workmen with multitudinous implements.

God sent a babe to transform a world. Man has only one answer to every problem—money. God answers it with love.

Man's idea of greatness is wealth, position—Christ's idea is through character and service.

We know how thoughtful, sym-

pathetic, tender and kind His loving service was.

My Christmas wish for you is that you may be filled with His spirit this Christmas time and carry it with you all your days.

CONGREGATIONAL CHURCH

Rev. Thomas J. Armstrong, pastor  
 With the coming of Christmas we always turn with our accord to the story of the Christ child, whose beauty and simplicity, make a profound appeal to us.

It carries a message of gladness and joy that is irresistible and it is for all who will receive it. A Savior for us if we will give ourselves unto him. There was no hesitancy on the part of the shepherds who heard, but an immediate response. They went at once and worshipped and so should we be eager, earnest and sincere in joyous worship of Him who has given so much for us.

Then too we are told that "Mary kept all these things, and pondered them in her heart." We would do well today to stop and give Christ a chance at our hearts. Open anew our lives to Him and this wonderful way with men. Even to the pondering of "these things" until "the day dawn and the day star arise in your hearts."

Then too we are told that "Mary kept all these things, and pondered them in her heart." We would do well today to stop and give Christ a chance at our hearts. Open anew our lives to Him and this wonderful way with men. Even to the pondering of "these things" until "the day dawn and the day star arise in your hearts."

Merry Christmas

## CHILDREN ENJOY PARTY GIVEN BY THE LITERATURE DEPARTMENT

Members of the Literature Department of the Woman's Club entertained most delightfully Wednesday afternoon with a Christmas party for all children under 12, whose mothers are members of the several departments of the club.

Presenting a most picturesque and festive appearance, was the large lounge, with its decorations of Yuletide greenery, red cut flowers, lights softly shaded in red, and other suggestions of the Yuletide season. A large fire was burning on the hearth, around which the children sat, when listening to the many stories so dear to the childish heart.

Completing the scene was the huge Christmas tree, hung with tinsel, and myriads of tiny electric lights in the forms of birds, fruits and flowers. Here large gifts of novelty red and green "lolly pops" were given each tiny guest.

Greeting the young guests upon arrival were Mrs. G. C. Woodruff; Mrs. William McKinnon and Mrs. Henry Wright.

Games and stories caused the hours to pass all too quickly. Games and stories were conducted by Miss Theriault, to whom much credit is given for the extremely capable and charming manner, with which she handled the children.

After all the games had been played and the last story told, ice cream "lollies" and individual iced cakes topped with red cherries were served, helping to complete an already perfect afternoon.

Mrs. Woodruff, chairman of the department, gave a most interesting talk, concluding her remarks with a "Merry Christmas and a Happy New Year" to all.

A very representative group of club children was in attendance, as well as a number of mothers.

## Mrs. Scott Entertains In Honor Of Guest, Miss L. Garman

Entertaining in her usual charming manner, Mrs. William Moore Scott was hostess Wednesday afternoon when she entertained at bridge at her home on Oak Avenue, honoring her house guest, Miss Leona Garman of Maryland.

The artistic color scheme of white and gold was emphasized with golden calendulas and narcissus, and also in the floral tulle.

An absorbing game of bridge was played during the afternoon and when scores were counted the prize for top score, silk hose, was won by Miss Le-Claire Jones. The consolation prize, a leather bridge score pad, fell to the lot of Miss Mae Holly. Miss Garman was presented silk lingerie.

After the card game, the tables were covered with dainty luncheon cloths and a salad and sweet course were served by the hostess, Mrs. Scott being assisted by her niece, Miss Louise Sarles.

Invited to meet this charming guest of honor were Miss Maud Lake, Miss Gladys Wilson, Miss Naomi Scoggans, Miss Mae Holte, Miss Olive Newman, Miss Georgia Mobley, Miss Sarah Evelyn Williams, Miss Helen Vernay, Miss Emma Spencer, Miss Ellison White, Miss Kitty Du Bose, Miss Anna Du Bose, Miss Mary Elizabeth Puleston, Miss Le Claire Jones and Miss Sarah Wheeler.

## DELIGHTFUL DANCE IS GIVEN TUESDAY EVENING FOR MISS KNIGHT

Among the many lovely parties given for the members of the younger set during the holidays, one of the most delightful was the informal dance given Tuesday evening by Col. and Mrs. George W. Knight at their new home in San Lanta, honoring their daughter, Miss Elizabeth Knight.

Red and white, the colors chosen for this affair, were beautifully carried out in every detail both in the decorations of red roses and white narcissus and later in the refreshments.

Mrs. Knight received the guests wearing a smart toilette of red georgette, heavily beaded in iridescent beads and trimmed with ostrich.

Rose georgette with handsome yellow and lavender French flowers applied on the skirt, fashioned the stunning frock worn by Miss Knight. Her corsage of sweet peas completed the costume.

Dancing was enjoyed until a late hour, the music being especially good and was furnished by the "Sanford Syncopators." At 11 o'clock a refreshment course consisting of ices frozen in the forms of Santa Claus, red and white mints and angel food cake, were served by Mrs. Knight, assisted by Mr. and Mrs. J. H. Hinchey. Delicious luncheon was served throughout the evening.

Those enjoying this delightful courtesy were: Misses Margaret Peters, Ruth Henry, Florence Berchert of Milwaukee, Wis.; Frances Teague, Camilla Puleston, Elizabeth Turnbull, Elizabeth Whitner, Rebecca Stevens, Doris Hand, Mildred Hand, Louise Thrasher, Algonon Speer, Arthur Zachary, Jr., Tom Zachary, Andrew Caraway, Warner Scoggans, John Schirard.

## Members Of Club Are Urged To Send Names To Mrs. G. I. Loucks

All those expecting to attend the annual ball given by the Social Department of the Woman's Club, who have not sent in their names are requested to do so at once. These names accompanied by the members' cards are to be sent to Mrs. G. I. Loucks.

Attention is called to the articles in the year book as follows: Each member is entitled to a complimentary invitation for husband or escort. Also, each member may have the privilege of inviting two guests by paying \$1 for each invitation.

The invitations may be secured by sending in writing the names of the guests, the remittance and the members cards, to be inclosed with the invitations to the chairman of the invitations committee. Any name deemed ineligible by the committee shall be referred to the board.

All invitations must be sent in the name of the Social Department. Note—Family to be interpreted as meaning all members of a family dependent upon one source.

Mr. and Mrs. Edward Stott of New York will arrive in Sanford on Thursday to spend the holidays here as the guests of Mr. and Mrs. Edward Markell and Mrs. Christopher Williams at their lovely country home, "Edgewater Farm."

## Mrs. Sneed Entertains With Bridge Luncheon For Mrs. Slaughter

On Wednesday Mrs. John W. Sneed entertained at the second of a series of lovely bridge luncheons, at her cozy home on Park Avenue, honoring her house guest, Mrs. R. Slaughter, Hopewell, Va.

Red Radiance roses, poinsettias, and other cut flowers in red, combined with ferns, and other greenery, were used with artistic effect in the rooms. Luncheon was served at small tables, each centered with a crystal vase holding red rose buds. Marking the places of the guests were place cards done in holly, mistletoe and other suggestions symbolic of this season. A tempting five-course luncheon was served at 1:30 o'clock.

Several progressions of bridge were played after the luncheon. Scores were kept on tallies of Santa Claus design. These were placed by the young son of the hostess, Master Wilson Sneed, cunningly dressed as a "Frost Sprite." The prize for top score, a pair of Italian Renaissance sceneries and candles, was won by Mrs. Harry Wilson, while the consolation prize, an attractive green flower basket, went to Mrs. John C. Deen. A handsome embroidered guest towel was presented Mrs. Slaughter.

This delightful social courtesy was enjoyed by 16 intimate friends of Mrs. Sneed, whose graciousness has won her the name of a most charming hostess. Mrs. Sneed was assisted in looking after the pleasure of her guests by her sister, Miss Ollie Johnson.

## Payroll Bandits Get Nearly \$48,000 From Coal Company's Clerk

PITTSBURGH, Dec. 21.—(AP)—The Christmas payroll of the Pittsburgh Terminal Coal Company of \$47,900 was taken from the pay clerk by armed men in Mokenaura, a mining settlement near Pittsburgh today. They escaped in an automobile.

The bandits shot I. L. Gump, a guard in the abdomen. His condition is critical. LeRoy Hutton, paymaster of the company, and Gump and another guard had just alighted from a special Pittsburgh and West Virginia railway car to go to nine number three nearby when the men drove up.

The bandits opened fire immediately. The first volley brought down Gump. Hutton drew a pistol but was forced to drop it. One of the robbers jumped from the machine took the bag containing the payroll and then returned to the car.

As the robbers drove away, towards Library, another mining settlement, they fired a parting volley of shots at Hutton and the guard.

City police, county detectives and deputy sheriffs were sent out to guard all roads in the region in an effort to find the bandits.

Forbes rubber-plantation project in Florida has been pronounced a success by those who have inspected his farming operations.

# McTIGUE DEFEATS "TIGER" FLOWERS IN GOTHAM FIGHT

### Victory Gives Former Champ Another Crack At Crown Now Worn By Berlenbach; Labarba Defeats Perfit

NEW YORK, Dec. 24.—(AP)—Mike McTigue, who lost the world's light heavyweight boxing title to Paul Berlenbach last summer, has earned another chance at the crown by his defeat of the national champion, Tiger Flowers of Atlanta in the Christmas fund bouts in Madison Square Garden, last night.

McTigue, always admired for his defense, came out of his shell against Flowers and turned back as good as received. He was a different McTigue from the man who kept away from Berlenbach during a slow contest in which the title passed last summer.

But many at the ringside believed that the negro had gained the verdict by his constant lashing out which time and again drove the former champion to cover. Some writers gave Flowers seven of the 10 rounds, which under the most recent ruling of the New York Athletic Association gave him the battle.

Under this ruling the greater number of rounds won decides the winner.

Fidel Labarba, conqueror of the American flyweight champion, obtained a six round decision over Low Perfit of New York, with a slashing offensive in the last four rounds after tumbling to his knees in the first.

George Godfrey, negro heavyweight, outpointed Martin Burke of New Orleans in 10 rounds, while Ernie Javers, English flyweight and Izzy Schwartz of New York battled to a draw.

**Other Fight Last Night**  
WARREN, Pa.—Jimmy Slattery of Buffalo, knocked out Joe Burke of New York (13 rounds).

PHILADELPHIA—Dave Adelman of Baltimore, beat Marty Gold of Philadelphia (10 rounds).

SAN FRANCISCO—Frankie Muskie of St. Paul, beat Harry Dedderman, Vallejo, light heavyweight (19 rounds).

LOS ANGELES—Lew Paleso of Salt Lake City, won from Tommy O'Brien, New York, (10 rounds). Earl McArthur of Sioux City, Ia., and Leonard Gracia, Los Angeles, fought a draw.

# BIRD SOCIETY TO MEET AT ROLLINS EARLY IN SPRING

### Florida Audubon Society Is Making Plans For Session March 5-6; State Body Was Found At Winter Park

WINTER PARK, Fla., Dec. 24.—(AP)—Rollins College and Winter Park will be the hosts to the Florida Audubon Society on March 5 and 6, when the next annual meeting will be held, according to an announcement made here yesterday by A. J. Hanna, secretary of Florida Audubon Society.

Leaders in the bird protection movement in Florida, said the secretary feel that holding the meeting in Winter Park this season is particularly appropriate as the society was founded here and for many years was headed by members of the Rollins faculty.

Sessions will begin Friday Mar. 5 at 2 p. m. with reports from officers and special committees. In the evening an address by some eminent scientist will be given and Saturday morning will be devoted to discussions of special interest to the teachers of Florida in preparation for a more thorough knowledge of Florida birds.

Dr. Hiram Byrd, of Bradenton, is president of the society; Mrs. S. W. Foster, of St. Petersburg, is treasurer; Mrs. E. E. Crocker, of Leesburg is auditor and Judge I. P. Warlow, of Orlando, is counselor. The vice-presidents are O. L. Dommerich, Thos. Edison, Edward W. Bek, Carl Fisher, Miss Elizabeth Skinner and W. M. Ball.

## Susanne Pleased At Visit Of Helen Wills

PARIS, Dec. 24.—(AP)—"I am always glad to meet good players," declared Susanne Lenglen, when asked by L'Auto for her views on the coming of Helen Wills, the California girl, to the Riviera.

"I shall have just as much, if not more, pleasure in trying conclusions with Miss Wills as with Miss McKann. But I must tell you that Miss Wills' coming is the least of my cares. My father, who has been seriously ill, has just undergone a severe operation and mother and I have been terribly anxious about him lately."

## High School Football Players Lose Amateur Standing In Chicago

CHICAGO, Dec. 24.—(AP)—Four Englewood High School boys, backfield of their football team, have been barred permanently from competition as amateurs in high school because they played with a make-shift professional team representing Milwaukee three weeks ago.

As a further outcome of the scandal, the Chicago Cardinals, a member of the national professional league is under official scrutiny and amateur athletics all over the country may be affected.

The annual meeting of the amateur federation in New York will discuss revisions of the rules governing the amateur status of boys tagged professional for life because of a single petty violation.

# Rewards

AT THIS HIGH SEASON of the Christmas year it is natural for us to pause in the hurry of modern life and indulge in a little mental stock-taking. Inasmuch as most of us are engaged in the pursuit of money through some form of endeavor, this sober thinking usually questions the meaning and value of our efforts.

The acquisition of money for money's sake alone is generally regarded with disfavor. Most of us try to acquire money through the performance of some useful form of public service, and to spend it in a way that benefits others as well as ourselves. In fact, that is pretty close to expressing the American Ideal.

And the man or woman who helps to create a place where people can live and work under perfect conditions—specifically, who becomes a partner in the creation of such a city as will be Daytona Shores—more nearly than in any other way attains the American Ideal. For that man or woman renders the greatest of public services by making it possible for home-hungry Americans to live and work in "the most beautiful spot in Florida," idyllic in setting, ideal in climate, a place where the best that life can hold will be realized.

To such an investor great will be the rewards—alone in a material way, but likewise in the spiritual satisfaction of knowing one has helped his fellow men.

Wills Bay, age 5, died yesterday from poisoning after he had swallowed a firecracker of the sort used in 1924.  
The lad was the son of Mrs. Rosa Bay and is said to have lived at 615 East Eleventh Street.  
It was stated that the boy had been playing with fireworks which had been purchased for his Christmas celebration and that he died fifteen hours after swallowing the torpedo. Physicians were called in too late to save the youngster's life, it was said.

Explosion Damages  
Railroad Bridge

CLARKSBURG, W. Va., Dec. 24.—(AP)—An explosion damaged the Western Maryland Railway bridge at Binghamton Junction early today. The blast, set off near the middle of the span which crosses West Fork River, caused damage estimated at several thousands of dollars. Large pieces of steel were hurled great distances, while windows in nearby dwelling houses were shattered. Railroad officials expressed the belief that nitroglycerin had been used.

Florida, they say, is being gorged with Republican voters. But the Postal Guide shows there won't be post-offices enough to go around.

American Cities Are Giving  
More To Organized Charity;  
Minneapolis Leads Country

KANSAS CITY, Dec. 24.—(AP)—Of American cities which are giving increasing amounts to consolidated charity budgets, the mill of human kindness seems to prevail most abundantly in Minneapolis and Cincinnati, although there is a chance for divergence of opinion, as various standards may be applied.  
Minneapolis subscribed most per capita in 1925 to philanthropic institutions from all sources, including public revenue, and Cincinnati led in voluntary gifts per capita to its community chest. Cleveland, however, had the largest chest pledge—\$1,285,908—and Philadelphia, with pledges of \$2,920,154, the next largest.  
These figures were made available here through the American Association for Community Organization and the Kansas City Council of Social Agencies.  
Cincinnati subscribed \$4.31 per capita, in the 1925 drive, based on its entire population.  
Minneapolis was shown to have donated from public revenues and private sources a far greater sum from every person—\$14.84—while St. Paul was only slightly behind with \$14.39, and Kansas City, Mo., third with \$13.65. Buffalo was listed as fourth with \$12.91, and Des Moines fifth with \$12.52.  
Rochester, N. Y. followed Cincinnati in donations to the community charity budget, giving at the rate \$4 per person; Cleveland was third, giving \$3.89, and San Francisco fourth with \$3.51.  
The popularity of the community chest plan, which concentrates charities campaigns into one grand crash and gets it over, was attested by the increasing number of cities which have adopted it. In twelve months ending May 31, 1925, the association says, 26 cities adopted the plan and held their first campaign.

The amount raised by 206 community chest and welfare federations (the latter has only a slightly different meaning from the former) in the same period was reported at \$56,500,000.  
Deducting the amount raised by the 26 new chests, there was an increase of \$1,136,634 in the amount raised in 1925, over the amount raised in 1924, said the association. Eightyone cities asked for more in 1924, 33 for less and 19 for the same amount.  
The community chests, for the most part, are for approved charities without reference to race or religion. Each philanthropic organization is apportioned a share of the proceeds from subscriptions.

### AMERICANS ARE RAISING COTTON IN FAR OFF ASIA

Competing With Turks And Belgians To Attain Highest Efficiency In Producing A Good Grade Of Short Cotton

ADANA, Southeast Asia-Minor, Dec. 24.—(AP)—Three young Americans, who have faith in the future of Adana, are engaged in a competition with the Belgians and Turks to attain the highest efficiency in producing the best short cotton. They are Robert H. McDowell, of New York; Thomas H. Bower of Middleburg, Pa., and Ivy E. Valentina of Waxahatchie, Tex.

Under the name of the Anatolian Cotton Corporation the Americans are completing the construction of a \$100,000 plant designed to gin 15,000 bales of cotton monthly. It stands between a Belgian and a Turkish-owned plant.

All three plants are equipped with the latest American machinery but all of different types and by different makers. All three are guarded jealously lest a rival should discover the type of machinery and the degree of success the competitor is making in producing the best cotton after it is ginned. The cotton is the short "bolly" variety and the annual crop is 150,000 bales.

Adana was once on the Roman military road to the east and its only reminder of ancient days is a magnificent stone bridge from the time of Justinian. It has 20,000 people and is enjoying a revival of commerce owing to its growing importance as a cotton center. Its population, divided between the Turk and the Arab, has not yet obeyed Mustapha Kemal Pasha's edict to shed the fez in favor of the hat, nor have its women folk lifted the veil. British capital is erecting a factory to press the oil out of cotton seed and American automobiles are being introduced in large numbers.

### Mary's Elder Son Is "Most Borrowed" Baby In All Britain

HARROGATE, Dec. 24.—(AP)—George Henry Hubert, elder son of Princess Mary, has become the most "borrowed" baby in England. King George and Queen Mary, the grand parents, are particularly fond of the boy, and when he isn't romping about Buckingham Palace or Windsor Castle, George is loaned to Lord and Lady Harewood, parents of Viscount Lascelles, at Harewood House near here where a playground has been fixed up

### Lowly Destiny Now Confront Millions Of Western Horses

PORTLAND, Ore., Dec. 24.—(AP)—Out of the glories of mountain range and plain into the soap vat or fertilizer bin is the ignominious

for his special benefit. Now and then George Henry goes to Curzon House in London, the residence of the Duke and Duchess of York. Ever so often he is taken to St. James Palace to pay his respect to his uncle, the Prince of Wales, and Prince Henry. Goldsborough Hall, between York and Harrogate, is really the home of George Henry, but he has been so busy making his visiting tours this fall that his parents have seen but very little of him. Two nurses accompany Master George on his tours in a powerful limousine which the young man, who will be three years old Feb. 7, already claims as his alone.

destiny that seems in prospect for the western mustang, small, mostly useless, and numerous. For those in the Pacific Northwest, this lowly end approached appreciably close when a Portland company began the construction of a plant in which this rendering will be done.

The sturdy, roving bands of under-sized horseflesh eat off the range that is needed by stockmen and upon which depends, to a large extent, the game in the western states. In Montana alone it was estimated that there are 250,000 of these wild horses. Other thousands perplex the livestock interests of Oregon, Washington, Idaho, Nevada and Colorado, swelling the total to a million or more for which no ordinary commercial market exists, except for the leather and by-product value.

Dr. E. E. Shase, Portland city veterinarian, has added to the indictment against the mustang a charge that it spreads contagious diseases among cattle and sheep.

### Horsemeat Becomes French Luxury Prices

PARIS, Dec. 24.—(AP)—Horsemeat, formerly "the poor man's beefsteak," has become a French luxury. Scarcity of butcherable animals is given as the cause of its enormous increase in price. One pound of choice horsemeat at the local markets recently was quoted 9.50 francs—about forty cents. Pork chops could be had for 8.50, roast beef for 9.00 and mutton for 7.50.

Besides the gradual disappearance of horses "on the hoof" available for the markets, a tax of one franc twenty-five centimes per pound placed on the meat was said to have influenced higher prices.

Horsemeat is recommended by physicians for persons suffering from tuberculosis and all diseases of anaemia of the blood. The sanatoriums of Southern France have been severely hit by the rise in price.

### FLORIDA NEWS BRIEFS

JACKSONVILLE.—Daughters of the American Revolution of Florida will hold their state meeting here, Jan. 19-21. Mrs. B. E. Brown, corresponding secretary, announced. The Katherine Livingston chapter will be host. A number of social functions have been planned.

WEST PALM BEACH.—F. B. Cooper, marshal of Riviera, was to be arraigned in court here this week for tiring at the car of I. F. Pearson, of Kelsey City. The marshal, who stated that he was trying to make Pearson, who he claimed, was speeding, was placed under \$1,000 bond after his arrest.

LAKELAND.—A mastodon tusk and two mastodon teeth were found in a phosphate mine here by Anton Schneider, city manager. A shark's tooth, about ten times the size of those of today, was also found.

PALM BEACH.—Four men lashed to the sloop Sister, were rescued off the Bahama Islands, according to word received here by radio. The rescue was made by Captain Gus Jordan and the crew of his yacht Christina, of Palm Beach.

DELAND.—Two patrolmen, forced out of homes because of alleged high rentals, finally settled in a house that had been vacant for some time. They cut the grass and weeds from about the place, and cleaned it up thoroughly. Then the owner, a woman from

the East, came upon the two policemen and swore out an affidavit against them. They were released on \$250 bond.

AVON PARK.—Rex Beach, author of a number of novels, made his third land purchase here when he took over 25 acres of muck lands.

MIAMI.—Contract for the construction of a 23-story church building, to cost approximately \$2,000,000, has been let by the First Baptist Church here. With one exception, the structure will be the largest church building in the world.

JACKSONVILLE.—H. B. Lander, of Duval county, has been selected by the National Association of Agriculture of Cuba, to judge a poultry exhibition at Havana, Feb. 6, and to lecture on poultry raising in Florida.

### Innovation In Mutual Betting Now Planned By Club In Louisiana

NEW ORLEANS, Dec. 24.—(AP) An innovation in mutual betting is planned by the Louisiana Jockey Club for the 1926 race meeting beginning at the fair grounds here on Jan. 1. Announcement was made today that the proceeds of the sale of mutual tickets would be supervised and verified daily by a firm of internationally known public accountants. A corps of accountants will be assigned by the

company to insure accuracy in the division of money between the sales. This is said to be the first time an account of this nature has ever been placed in the hands of an international accounting company and New Orleans men believe this will establish a new record for the tracks of the country. Skilled laborers overtime in order to meet the fair voting an expense of \$500,000 before the opening.

Street, art sales are heavy. When depression reads gloom among the brokers, nearly always there is a drop in sales.

The excellent condition of the art market has resulted in many fine and large collections being offered for sale which had been withheld because of a reluctance to sacrifice them.

As for sending foreign collections to New York for disposition, the opinion prevails here that this is only natural, because of the large number of Americans who for many years have frequented the galleries of London and Paris during auctions. It is a case of placing the objects nearer the best purchasers.

These collections, however, are not being given up without protest. Witness the Achillito Chie's gathering of Flemish and Dutch paintings and Italian primitives, part of which recently was sold by the American Art Galleries for \$125,160, and the Leverhulme assortment of furniture, pictures, china-ware and other objects to be auctioned by the Anderson Galleries early next year.

When financial embarrassment made it necessary for Chie's to sell the objects, the Italian government sought a way to preserve the collection.

After the sale was decided upon, the government exercised its legal right and inventoried certain painting and objects as national treasures. But it was not in funds

to make the purchases and neither were Italian collectors.

Mitchell Konnerly, of the Anderson Galleries, made a special trip to London to obtain the Leverhulme collection and his success brought disappointment to the English dealers and the following remark from one of them:

"The real reason the Leverhulme treasures are going to America is because just now she has the money to spend and an insatiable appetite for acquiring the Old World's famed art treasures."

### Florida Motorists Run Up Huge Gas Bill For November

TALLAHASSEE, Fla., Dec. 24.—(A)—Florida automobilists paid \$5,747,930.75 for gasoline during November, according to J. Hinton Pledger, supervising inspector of the Department of Agriculture.

Twenty two million, one hundred and ninety one thousand, seven hundred and twenty three gallons of gasoline was consumed during last month, or an increase of 10,941,143 gallons over the same period in 1924, which was 12,950,580 gallons, Mr. Pledger's figures show.

Kerosine consumed in November 1925, amounted to 3,970,332 gal-

lons, or an increase of 1,000,245 over the total of November, 1924, which was 1,804,089.

Signal oil used in November, 1925, amounted to 5,551 gallons, against 3,068 in November, 1924, or an increase of 2,480 gallons for the past month.

The gasoline expenditure estimate, Mr. Pledger stated was based upon the cost of 25 cents per gallon, the average retail price at which it was sold during November.

On the total number of gallons of gasoline, kerosine and signal oil sold in the state during the last month, Mr. Pledger stated, the Department of Agriculture received an inspection tax of 1-8 of one cent per gallon, which amounted to more than \$30,000.

### New Publication Of University, Edited By Sigma Delta

UNIVERSITY OF FLORIDA, Dec. 24.—(A)—Florida Alligator, the weekly publication of the University of Florida, issued a special edition recently which was edited by the Sigma Delta fraternity, a local journalistic organization petitioning Pi Delta Epsilon.

Angus M. Laird, of Panama City, the editor-in-chief, and Lewis Hall Woodville, managing editor, are both members of Sigma Delta fraternity. The rest of the staff was made up of fraternity men.

Sigma Delta expects to be taken into the national fraternity in the near future. Pi Delta Epsilon's purpose is to encourage undergraduates to compete for positions on the editorial boards of college publications to train them in writing, to conduct lectures on journalism and to give dignity and standing to journalistic work and study. The fraternity has 37 active chapters in the leading schools of the country.

Copy Of Zwingli Bible Found In Library

LANCASTER, Pa., Dec. 24.—(P)—A copy of one of the rarest Bibles in the world—the Ulrich Zwingli Bible—the printing of which is said to have taken four years, has been discovered in the library of the Reformed Theological Seminary here. The Bible, according to its title page, was printed by Christopher Froschauer in 1529. Four years before that time the first section of the volume, which is in six sections, was printed. The text was compiled by Zwingli and several other preachers of Zurich who were associated with him, and a greater part of the German text was translated from the Latin by Martin Luther. The Bible, according to historians, at the time of its publication corresponded to the popular priced editions of today. Two of the features of the book are the illustrations of the arrangement of the text. For example, the Book of Acts is placed after the Epistle of St. Paul, instead of before as is the case in printing the present-day Bibles. The majority of the illustrations

BOSTON, Dec. 24.—(P)—Although the Parker House, Boston's historic hostelry and birthplace of the "Parker House Roll," is giving way to wreckers, several of its traditional sections may be preserved by faithful friends as relics of the past. Plans call for the restoration of the mirror room—the big main floor dining room—in its entirety. This may be set up in an inn, not far from Boston. Restoration of the crystal room, the noted banquet hall, also is under consideration. It may become the saloon of a retail establishment. Some of the mantels and other interior finishings have been sold as relics. The finishing of the second room, the writing room and

### Florida Needs Sanatorium For Treatment Of White Plague, Says State Doctor

JACKSONVILLE, Dec. 24.—(P)—Among the most pressing needs of Florida is a sanatorium for the cure of treatment of tuberculosis and a system of prevention of that disease, says Dr. B. L. Arms, state health officer, in a bulletin issued by the Florida State Board of Health.

Tuberculosis is a major problem of health in the state of Florida and in the South generally due to the large proportion of negro population, Dr. Arms declares.

Education, asserts the health officer, ranks first in the system of preventing the spread of any disease and especially tuberculosis. He calls attention to the educational campaign that is now being waged by the Florida Public Health Association, successor to the Anti-tuberculosis Association, and urges that all persons buy the Christmas seals from the association and aid to some extent to furthering the educational program of health in this state.

"We frequently receive letters from within and without the state asking where our state sanatorium for tuberculosis is located," said Dr. Arms, "and we must reply that we have none.

"Tuberculosis is a major problem not only in this state but in practically all the southern states. It is a thoroughly demonstrated fact that the negro population furnishes a greater number of deaths per 1,000 than does the white population in the same locality. This being the case those states having the largest percentage of negro population have a relatively higher death rate from this disease than those states with a relatively small negro population. Nor must it be forgotten that any communicable disease among one section of the population affects the entire population of that locality.

1924 Deaths 1,654

"In Florida in 1924 there were 1,654 deaths from tuberculosis of which 157 were white and 597 negroes. While it is impossible to give the exact percentage of population in 1924, the exact figures for 1920, when the federal census was taken, show that 66 per cent of the population was white and 34 per cent negroes. The tremendous increase in the last few years in Florida's population has been mostly white. The figures therefore indicate an even greater relative percentage of deaths among the negroes than is actually shown.

"In the fight against tuberculosis, there are three very important modes of attack. They are education, sanatoria and preventoria.

Education is placed first I believe rightly so because unless the public is brought to realize the necessity for sanatoria and preventoria, they can never be secured. The public must realize that every case of tuberculosis is a possible source of infection for other cases. They must realize also that not all cases of tuberculosis are sources of infection to others, but these cases are those who have sanatoria training and thus have been taught how to live that they must not endanger others. This too is education.

"The public must realize that every case of tuberculosis in a community is not only a potential but it is an economic liability as well. Possibly the most dangerous case has access to your laundry or to some of the food that you eat at

### Foreign Need Creates Milk Supply For China

CHICAGO, Dec. 24.—(P)—The foreign colony has given rise to a thriving industry new to China—the milk business.

Jersey cows have been imported and the water-buffalo, heretofore a more best of burden, has been successful crossed with European breeds, said S. N. Au-Young, director-general of the Chinese bureau of economic information, who has been sojourning here.

Chinese children for centuries have been weaned on softened rice and even today milks is drunk only by children of the wealthy classes and butter consumed only by the foreigners.

"A large percentage of the milk used in the European concessions comes from the cross-bred cows," Au-Young declared. "It is of fine quality; high in butter-fat content. But milk is still a luxury among the Chinese."

### Bag Pipe Returns As Jazz Instrument

GLASGOW, Dec. 24.—(P)—The bag pipe, which was threatened for a while last spring when an American jazz operetta introduced the saxophone to Scotland, has come back into its own.

The bag pipe was recently introduced in a jazz band here and in this new role has been going strong ever since. Only large men are engaged as jazz bag pipe players because of the necessity of having individuals with an enormous lung expansion who are capable of keeping pace with the saxophone and double quick time.

and in at least two counties, Dade and Hillsboro, to establish a preventoria.

The returns from these seals will not build either a sanatorium or a preventorium but these funds will assist in the education of the public to the necessity for the work along this line."

### Agricultural Schools in Mexican Farm Order

MEXICO CITY, Dec. 24.—(P)—The program of the Calles government for the agricultural improvement and development of Mexico is gradually being effected.

Already five Central Agricultural Schools have been established, one in each of the States of Oaxaca, Hidalgo, Michoacan, Durango and Guanajuato. It is planned to eventually start such schools in every State.

The agricultural promotion projects also contemplate the creation of State or Regional banks expressly intended to extend credits and loans to worthy farmers.

More than twenty Mexican students in United States agricultural schools are preparing themselves for professorships in the new Mexican schools.

### New Invention Saves Millions

A Lamp That Burns 94 Per Cent Air.

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 55 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor P. K. Johnson, 612 N. Broad St., Philadelphia, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

### Seaweed Considered Delicacy In Japan

TOKYO, Dec. 24.—(P)—Seaweed in Japan is a dinner delicacy—for the Japanese. In fact, the harvesting of seaweed is one of Japan's large industries.

Of the many species of the weed, gathering from the bottom of the sea, the Japanese Tangle (Laminari Japonica) is most popular because of its flavor and refreshing taste. This weed grows abundantly in the cold seas off Hokkaido and is harvested during the summer months. The yearly harvest off Hokkaido alone is estimated at 200,000,000 pounds.

While this seaweed is relatively cheap, food chemists claim it is very nutritious and contains much "Vitamin A," the food element lacking in polished rice.

Daytona Beach To  
Have Homes Built  
By Northern Men

DAYTONA BEACH, Dec. 24.—An extensive home construction program was launched yesterday at Daytona Shores by J. Blampied, Dedham, Mass., contractor and builder. It was announced by Emerson W. Chaille, general manager and development director of the townsite.

The contractor announced that he has had several offers from would-be purchasers of the home while workmen were laying the foundation, but says that he will not sell until it is ready for occupancy. The house is to be situated one-half block from the Dixie highway and one block from the proposed Daytona Shores golf course. Mr. Blampied's building operations are distinct from the vast program to be announced soon under the auspices of Daytona Shores, it was said.

City of Cincinnati, Hamilton County, State of Ohio, if said corporation is no longer a legal entity, and to each and every one of the former stockholders if living, and if dead, to any or all of said former stockholders be dead, to all parties claiming interests under such deceased former stockholders, as heirs, devisees, or otherwise, in and to the land hereinafter described; and to any and all other persons whose names are unknown claiming any right, title or interest in and to the following described lands, situate, lying and being in the County of Seminole, State of Florida, and more particularly described as follows, to-wit:

Tract No. 1. All that part of Section 29, Township 19 South, Range 30 East in the Sanford Grant, lying North of St. Gertrude Avenue, less beginning at the intersection of the West line of the Sanford Grant with the South line of the NW 1/4 of said Section 29, run thence North 25 degrees East along the Grant line 15 chains, thence South 41 degrees 30 minutes, East, 7 chains, thence South 48 degrees 20 inches West 13 chains, thence West 1 chain to the point of beginning; and to any and all other persons whose names are unknown, claiming any right, title or interest in and to the lands herein above described or any part or parcel thereof.

It is hereby ordered that you and each of you be and appear before our said Circuit Court at the Court House, at Sanford, Florida, on the 4th day of January A. D. 1926, and then and there make answer to the bill of complaint exhibited against you in this cause. It is further ordered that this order be published in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once each week for four consecutive weeks.

Tract No. 2. Beginning at the Northeast corner of Section 29, Township 19 South, Range 30 East, run thence South 60 feet, thence West 220 feet, thence South 315 feet more or less to St. Gertrude Avenue, thence West along the North line of St. Gertrude Avenue to the West line of East half of the Northeast Quarter of said Section 29, thence North to the North line of said Section 29, thence East to the beginning.

Tract No. 3. The NW 1/4 of the NW 1/4 section 29, Township 19 South, Range 30 East.

Tract No. 4. All of the SW 1/4 of the NE 1/4 of Section 29, Township 19 South, Range 30 East, lying North of St. Gertrude Avenue.

Tract No. 5. All of the NW 1/4 of Section 29, Township 19 South, Range 30 East in the Sanford Grant, lying North of St. Gertrude Avenue, less beginning at the intersection of the West line of the Sanford Grant with the South line of the NW 1/4 of said Section 29, run thence North 25 degrees East along the Grant line 15 chains, thence South 41 degrees 30 minutes, East, 7 chains, thence South 48 degrees 20 inches West 13 chains, thence West 1 chain to the point of beginning; and to any and all other persons whose names are unknown, claiming any right, title or interest in and to the lands herein above described or any part or parcel thereof.

of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, on this the 2nd day of December, 1926.

### Edgar Jones Leaves For Big Coast Game

UNIVERSITY OF FLORIDA, Dec. 24.—(AP)—Edgar Jones, captain of the 1925 University of Florida "Fighting Gators" and all-southern quarterback, left here to join "Navy Bill" Ingram's all-Eastern eleven, which is scheduled to meet an all-western machine in an annual East-West clash in California, Dec. 26.

Jones' acceptance came after he had been assured that the game was for charity, and that the line-ups would be composed of amateurs, instead of professionals. He has already refused several flattering offers to play professional football this year.

The game is to be sponsored by Shrivers, and will be played for the benefit of the Childs' Hospital of San Francisco.

M. M. Smith,  
Complainant,  
vs.  
The Florida Land and Development Company, a Corporation,  
Defendant.

SET TO QUIT TITLE  
CAPTION

To the Florida Land and Development Company, a Corporation:  
It being made to appear to this Court that Summons in Chancery

has been heretofore issued, directed to you, and that the Sheriff of Seminole County, Florida, has made return that same cannot be served owing to your failure to elect officers or appoint agents, or to have within the State of Florida, an officer or agent upon whom process could be served, and that your officers and agents are unknown.

Therefore, you, The Florida Land and Development Company, a corporation, named as defendant in the above and foregoing cause, pending in the above styled Court, being a proceeding to establish and quiet the title to the following described lands in Seminole County, Florida, to wit:

Tract No. 1.—All that part of Section 25, Township 19 South, Range 30 East in the Sanford Grant, lying South of the Right-of-Way of the Orange Belt railway.

Tract No. 2. Beginning at the Northeast corner of Section 25, Township 19 South, Range 30 East, run thence South 60 feet, thence West 200 feet, thence South 142 feet more or less to St. Gertrude Avenue, thence West along the North line of St. Gertrude Avenue to the West line of East half of the Northeast Quarter of said section

25, thence North to the North line of said Section 25, thence East to the beginning.

Tract No. 3. The NW 1/4 of the NE 1/4 of Section 25, Township 19 South, Range 30 East.

Tract No. 4. All of the SW 1/4 of the NE 1/4 Section 25, Township 19 South, Range 30 East, lying North of St. Gertrude Avenue.

Tract No. 5. All of the NW 1/4 of Section 25, Township 19 South, Range 30 East in the Sanford Grant, lying North of St. Gertrude Avenue, less beginning at the intersection of the West line of the Sanford Grant with the South line of the NW 1/4 of said Section 25, run thence North 25 degrees East along the Grant line 15 chains, thence South 44 degrees 30 minutes East 7 chains, thence South 45 degrees 30 minutes, West 13 chains, thence West 1 chain to the point of beginning; are required to be and appear before our said Circuit Court at the Court House at San-

ford, Florida, on the 4th day of January A. D. 1926, and then and there make answer to the bill of complaint exhibited against you in this cause.

It is further ordered that this Order be published in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once each week for four consecutive weeks.

Two roads are traveled to elimination and is often the easier effort. The other is long—in fact a path demands constant, whole-hearted effort. Those who can see the bright side of conditions—those who keep on buying with faith in the future, judging from the fact that Sanford will be almost a surety that Sanford will be more than it is today—values will continue to increase. That you may get the future independence, consult a Realtor. The future growth of Sanford's real estate is easy as it is to own Sanford real estate.

We have a real live client who wants several small acreage tracts suitable for development; lakefront and hardwood frontage especially desired.

Cash payment cannot exceed 20% with interest payable annually.

This client is not interested in any property exceeding \$75,000 in city limits of Sanford or \$350,000 outside of same.

## REALTORS WOULD PAY INCOME TAX AS MONEY IS PAID

Federal Law Change Asked So That Tax Is Paid Only On Cash That Is Received From Real Estate Deals

ORLANDO, Fla., Dec. 24.—(AP)—As a result of the action begun at the Lakeland convention of the Florida Association of Real Estate Boards, a nationwide interest has been developed in the proposal of the realtors that income tax on profits made in realty deals be collected ONLY as the cash is received. The proposal is gaining attention and interest from property owners and developers as well as from the National Real Estate Association. This statement was issued by Paul O. Meredith, executive secretary of the Florida Association of Real Estate Boards, who has received encouraging reports from all over the country. Senator Park Trammell, introduced an amendment to the income tax law in the senate this week at the request of the Florida realtors. A copy of the amendment has just been received at the headquarters here of the association. The amendment proposes to strike out sections (c) and (e) of section 202 of the income tax law and insert in lieu thereof:

"(c) The amount realized in money from the sale or other disposition of real or personal property plus the fair market value of any property other than money received in exchange as a part payment; provided that notes or other evidence of indebtedness given to cover a part of the purchase price of said property shall not be held to represent a gain from the sale thereof until cash or its equivalent is realized thereon.

"(e) That in case of the sale of real or personal property on installments or deferred payments, whether or not the title passes, the tax shall be collected only on that portion of any installment or deferred payment representing gain or profit in the year in which the contract, notes or other evidences of indebtedness are paid or by the sale discount or otherwise cash or its equivalent is realized thereon." Secretary Meredith has received letters from members of the national committee on federal legislation and taxation, indicating the interest of realtors in all parts of the country and promising that the matter will be brought up for discussion at the mid-winter meeting of the National Association of Real Estate Boards which meets in New Orleans January 19 through 23.

Mr. Meredith also stated that the Brooklyn Real Estate Board and others have wired this office offering to send representatives to Washington and assist in support for the amendment. He added that Florida delegates to the national meeting would work for the full endorsement of realtors from all parts of the country.

"This amendment means more to Florida than the average citizen is able to realize," said Walter W. Rose, of Orlando and president of the Florida Association of Realty Boards. "There are many large developers in the state that would be seriously handicapped if the board of tax apportionment that the full tax be paid in the year a transaction is completed.

"No one in Florida is seeking to evade the payment of income tax, but we feel that the tax on sales made on the deferred payment plan should be paid as the cash is received and spread out over the same period. This matter interests large operators and developers in other states equally with Florida and we feel confident that we can gain full support for the movement."

## Income Tax Wiped Out Stage Success Of Girl Producer

LONDON, Dec. 4.—(AP)—Eighteen-year-old Marian Wilson made \$85,000 on her production of "The Beggar's Opera" and lost it all, and more too, on "The British Ballet."

The income tax got the girl producer. While money was rolling in from "The Beggar's Opera," she forgot all about the income tax and did not lay any of her money aside. Instead she put it into a new production which was not a success and when the tax collector came around she faced disaster.

So the ambitious producer went back to work as an actress. She danced for a time in a cabaret at Nice, then joined up with Ben Greet's Shakespearean players and has been playing all over provincial England.

It is her ambition to become a comedienne. She never wanted to be a producer, but her father objected to her acting and gave her \$5,000 to use in producing.

## New Ideas On Brain Functioning Given

LONDON, Dec. 24.—(AP)—New ideas about the functioning of the brain were set forth here by Sir Oliver Lodge, the noted scientist, who contended that popular theory that the brain feels is entirely incorrect.

"The brain does not see or hear or feel, nor does it plan or hope or love," said Sir Oliver in a lecture.

"These things belong to a different region, some link between mind and matter, which perhaps we have not yet begun to formulate."

## Former Editor Is Adjudged Murderer

GALESBURG, Ill., Dec. 24.—(AP)—John Looney, once declared as "King of the Underworld" at Rock Island, was found guilty of the murder of William Gable, saloon keeper, by a jury here today. He was sentenced to 10 years in prison. Looney formerly was editor of the Rock Island News.

### FOR EXCHANGE OR SALE

Land at

MOORE HAVEN, OVIEDO

We own free and clear 40 acres of drained muck land two miles south of Moore Haven, right on the Baker Highway connecting that town with Tamiami Trail and inside the system of dykes which are nearly completed. It is claimed this land will be worth \$1,500 per acre when the improvements are finished this winter.

Also 15 acres of fine, flowing well, vegetable land at Oviedo, easily cleared, joining one of the good celery and fruit farms, near the Oviedo-Geneva hard road and the railroad.

We can make attractive price and terms on these or will exchange one or both for improved property at Sanford or vicinity.
