

3 Women Killed In Chinese Mill Riots

SHANGHAI, Feb. 2 (AP)—Two women workers were trampled to death and a third was killed in a three-story fall today in rioting punctuated by gunfire between 600 policemen and strikers among 7,000 cotton mill workers. More than 60 workers were injured, many seriously. A dozen policemen were hurt. Police, using tanks and riot cars, brought about surrender to the strikers who had barricaded themselves in the big Sung Sing cotton mill. More than 300 workers were arrested. The strikers began their sitdown four days ago to enforce demands for a new year bonus of two months' pay. Officers fired into the rambling three-story building after seven policemen had been seized and held as hostages. The strikers then dropped pieces of iron machinery and stones on the policemen, 10 of whom were injured. Two officers were shot.

Murray States ERP Price Cut Will Be Fatal

Curran, CIO Maritime Head Says Administration Has Forsaken U. S. Seamen

WASHINGTON, Feb. 3 (AP)—The CIO declared today a deep cut in the \$6,800,000,000 start-up cost of the Marshall Plan would be "well-nigh fatal."

CIO president Philip Murray said a slash of as much as \$1,800,000,000 would make it "merely a relief program and nothing more."

Furthermore, the European Recovery Program should run at least until the middle of 1952, as asked by President Truman Murray said.

"No practical man or group of men could hope to bring about the needed rehabilitation in fewer than four years at the very minimum," the CIO leader said in a statement filed with the Senate Foreign Relations Committee.

Meanwhile Joseph Curran, CIO Maritime head, told senators that the Administration has "written off the American seaman" in the Marshall Plan.

Curran testified before the Senate Foreign Relations Committee in opposition to the Recovery Program's provision for transfer of 500 merchant ships to 10 western European nations.

As he testified, a group of demonstrators carrying banners inscribed "Marshall Plan Means Seaman Starve" and "Stop Ship Transfers" paraded in front of the State Department.

Reporters were told by participants that the demonstration was arranged by the CIO National Maritime Union and other groups.

Asserting that the jobs of half a million Americans are at stake, the demonstrators demanded:

1. Require that all shipments be carried in American ships.
2. Ban the further sale of vessels to foreign countries.
3. Screen steel exports so that the American shipbuilding industry is not starved while foreign shipyards reach new peaks.

"Taken together, the proposals to transfer at least 600 vessels to foreign registries and the decision of President Truman not to ask for adequate funds for shipbuilding in his budget message demonstrate that the Administration has written off the American Merchant Marine," Curran declared.

As the hearing resumed, the State Department furnished the committee with a statement contending that if the full \$6,800,000,000 asked by President Truman is not voted by Congress shipments to Europe would be cut.

The statement said that all but \$800,000,000 in goods would be shipped before July 1, 1950. It said the remainder represents "pipeline" supplies, adding:

"If the amount which has been requested to purchase \$6,800,000,000, it will be necessary, therefore, either to allow the pipeline to become empty or to reduce shipments financed by U. S. funds under the program below the required \$6,000,000,000 level during the first 15 months."

Mr. Bloodworth, who served in the Army in General J. C. Huchinson's Division, spent over a year in New Guinea, where he was injured and retired.

Born in Georgia, Mr. Bloodworth came to Sanford a little more than two years ago and has made many friends here.

LEND—FLORE
MOSCOW, Feb. 3 (AP)—A taxi driver from Washington said today that eight U. S. ships transferred to Russia under lend lease during the war are being returned.

The dispatch said Alexander Fenyukhin, the Soviet ambassador in Washington, informed the United States government Saturday that the vessels, which were used and a cargo vessel, would be returned during February and March.

(The state department in Washington confirmed last night that Russia had notified it of the projected return of the vessels. The United States has asked the Russians to return nearly 100 borrowed ships, or pay for them.)

Southern Demos Plan Split With Truman On Civil Rights Issue

TALLAHASSEE, Feb. 3 (AP)—Governor Millard Caldwell of Florida said today he will support Democratic re-nomination of President Truman even though he disagrees with some of the President's civil rights proposals.

"As a Democrat, I will go along with the Democratic Party," Governor Caldwell said. "The fact that we made a serious mistake years ago when the South gave up the two-thirds rule and the fact that I am in disagreement with the President's proposals are besides the point."

WASHINGTON, Feb. 3 (AP)—In an angry outburst in the House floor, Dixie Democrats accused President Truman today of "stabbing" southern supporters by asking laws against lynching and racial discrimination.

Rep. Williams (D-Miss.) shouted: "I would rather see my party go down in honorable defeat than win an empty victory by stabbing its best friends in the back."

Other southerners chimed in similarly. In congressional cloakrooms, some Southern Democrats were talking of calling a Dixie convention to split away from the President on the civil rights issue.

Rep. Cox (D-Ga.) started the flare-up in the House over the President's civil rights message, sent to Congress yesterday.

Cox said: "When I read this message I wonder if after all Henry Wallace is such a bad man. The President attacks people from the section of the country whose support he must have if he is to be re-elected. The whole thing saddens and sickens me."

By JACK BELL
WASHINGTON, Feb. 3 (AP)—Southern Democrats talked bluntly today of calling a Dixie convention to split away from President Truman on the civil rights issue.

One deep South senator who asked not to be quoted by name told a reporter present plans are to ask the conference of southern governors to call an All-Southern Convention.

Such a political gathering could pick its own candidate for President. But the main objective would be to work out some way to withhold at least part of the South's electoral votes from Mr. Truman.

The governors will meet at Tallahassee Friday. They are certain to take up Mr. Truman's message yesterday urging Congress to act on a 10-point Civil Rights Program.

The southerners are boiling mad over four of those points. They call for (1) A federal anti-lynching bill, (2) a Permanent fair employment practice commission, (3) An end to Jim Crow rules in transportation and (4) Outlawing state poll taxes.

Senator Eastland (D-Miss.) called these proposals "outrageous." "The South will have to protect itself," he said.

MIAMI, Feb. 3 (AP)—AFL President William Green today announced the selection of Burton K. Wheeler, former Democratic senator from Montana, as director of the AFL's political league in the coming elections.

The post will pay \$20,000, Green said. Wheeler will appear before the 30-member administrative committee of the newly-formed league here tomorrow. The committee still must approve the selection of the executive council, but Green indicated there would be a formality.

The AFL head said the wartime isolationist views of ex-Senator Wheeler would not interfere with the political objectives of the labor organization, because they were primarily to bring about repeal of the Taft-Hartley Act.

Wheeler was defeated for re-election in 1946, despite the personal endorsement of John L. Lewis, United Mine Workers' chief and friend of the Montana senator among the miners of that state. Lewis is no longer in the AFL, so had no direct hand in the choice.

The 66-year old former legislator has been living in Washington, and served in at least one official post by appointment of President Truman, since his retirement.

Wisconsin Rape Law Is Unconstitutional
MADISON, Wis., Feb. 3 (AP)—A Wisconsin law which prohibits publication of the identity of a rape victim was held "unconstitutional and invalid" by Superior Judge Roy H. Procter today.

Judge Procter dismissed a charge against William T. Eyles who accused of publishing the name of a young woman who told authorities she was raped by two men who shot her brother-in-law and tossed his weighted body into the Wisconsin River. The man now is serving life terms for murder.

Eyles pleaded innocent and challenged the constitutionality of the law. His attorney contended the statute was "ambiguous and uncertain." Judge Procter said he agreed with the contention.

CITY PERMIT
Ocala, Rolling recently secured a City permit to erect a four room dwelling at Eighth Street and Ponce Avenue at estimated cost of \$5,000.

Jewish Agency Reveals Arabs Hatching Plot

Arab League Accused Of Trying To Prevent Partition By Acts Of Aggression

JERUSALEM, Feb. 3 (AP)—Police said Jews bombed Arab welfare headquarters in Haifa today, killing four Arabs. Otherwise Palestine was reported relatively quiet. Occasional sniping was reported in the border area between Jaffa and Tel Aviv, and a few shots rang out in Jerusalem.

LAKE SUCCESS, Feb. 3 (AP)—The Jewish Agency for Palestine appealed today for Security Council action against what it called an Arab plot to overthrow the Palestine partition plan.

The Agency, recognized officially as the voice of the Jews of Palestine, turned in a 22-page memorandum to the United Nations Palestine Commission. It asked that the Security Council act under charter provisions concerning threats to peace.

The commission now may decide whether to refer the agency's plea to the Security Council directly, to include it in its special report, or deal with it in its general consideration of partition.

The agency accused the Arab League of:

1. A campaign of threats, incitement and propaganda, officially sponsored by the league.
2. Direct acts of aggression against the Jewish settlements of Dan, Mfar Sotol, and Yehiam by Arab invaders on Jan. 9, 14 and 21.
3. Preparation for further aggression in Palestine by Arab League members.

The commission was created by the UN Assembly to carry out the partition of Palestine. It is working on a special report to the Security Council in which, authoritative sources said, the members will ask the council for an international force to make partition effective.

California Seeking Drought, Cold Relief
SAN FRANCISCO, Feb. 3 (AP)—California, with a taste of moisture here and there to slake its six-week drought, was still looking today for a good storm.

The Weather Bureau forecast freezing temperatures in the agricultural Sacramento and San Joaquin valleys; scattered showers elsewhere.

But the monotonous "mostly clear" indicated no letup in the drought period which has extended 45 days in the San Joaquin valley and 27 in the Sacramento.

The west side of the San Joaquin felt a trace yesterday—made showers induced by dry ice dumped into moisture-bearing clouds.

Los Angeles got a drizzle and San Diego .05 of an inch, its first in 65 days.

KKK PARADE
ATLANTA, Feb. 3 (AP)—Ku Klux Klanmen will parade in Swainsboro tonight despite an appeal to Governor M. E. Thompson to stop the demonstration.

Samuel Green, Georgia grand dragon, declared, "The appeal to the governor was reported to have been made by the non-sectarian anti-Nazi league in New York City. Thompson was out of the city and unavailable for comment."

County Candidates Have Until Mar. 20
Candidates for county positions have until Mar. 20 to qualify, it was announced today by O. P. Herndon, county clerk. Sunday, Feb. 1, was the deadline for candidates seeking state positions, including the Legislature.

County positions for which candidates may qualify to run in the May 4 Democratic Primary election are Clerk of the Circuit Court, Tax Assessor, Tax Collector, County Judge, County Prosecuting Attorney, Sheriff, Superintendent of Public Instruction, Supervisor of Registration, County Commissioner in District No. 1, in District No. 3 and District No. 5. Voting will also take place to elect members of the Board of Public Instruction in District No. 1, 2 and 3; for Justices of the Peace in Districts No. 4 and 6, for Constables in Districts No. 4 and 6, and for State Democratic Committeemen.

FUEL OIL
NEW YORK, Feb. 3 (AP)—New York City, hungry for fuel oil, has asked the U. S. Navy to share some of its supply.

Mayor William O'Dwyer revealed yesterday that he had appealed for "all the oil the Navy can spare." He said his plea had not been answered yet.

Riots Sweep India In Wake Of Gandhi's Slaying

FOLLOWING THE ASSASSINATION in New Delhi of Mahandas K. Gandhi, ardent followers of India's spiritual leader turn their fury on property of persons connected with the Hindu Mahasabha, the extreme anti-Muslim political organization. This is a group in which Nathuram-Vinayak Godse, Gandhi's assassin, was a member. Police and troops were called out to quell enraged mobs. Above (firemen are shown fighting fires in shops belonging to Mahasabha members. (International)

Appeal Is Made For Donation To Negro Boy Scouts

Montez Harris Tells County Commission Of Project's Value

An appeal for funds to complete improvements at the Negro boy scout headquarters located on Island Lake south of Maitland, was today made by Montez Harris, negro, who appeared before the County Commission and stressed the need of completing the mess hall by May when 150 to 200 trainees are expected to arrive at the camp from five southern states for courses training them in boy scout activities.

The Commission took the matter under advisement to determine what can be done in the way of aid. County Clerk O. P. Herndon pointed out that the 120-acre camp had one of the finest layouts of its type in the state, and that the buildings and grounds are a credit in any county.

County Chairman H. B. Pope commented that the Commission had been considering a negro recreation project in the county. Commissioner J. E. McClelland spoke favorably of the project and pointed out that the County had already built a pier at the lake. Commissioner B. J. Overstreet termed the project a very worthy cause.

In her appeal, Montez Harris pointed out that James Foster, negro scout leader, had been compelled to get his scout training elsewhere. She told of a \$1,500 donation from Mr. Howard of Daytona Beach and pointed out how boy scout training aids in making law-abiding citizens. She termed the camp an ideal recreation center.

Thomas W. Lamont, World Famous Financier, Dies In Florida Home

NEW YORK, Feb. 3 (AP)—Thomas W. Lamont, 77, a country clergyman's son who became head of Wall Street's famed "House of Morgan," died last night at his winter home in Boca Grande, Fla.

Death of the board chairman of J. P. Morgan and Co. was announced in New York early today by R. G. Wasson, a vice president of the banking firm.

"His heart finally gave out," Wasson said. The financier and philanthropist had been in poor health for more than a year. He had been in Florida since early January.

Wasson said the slight, genial banker died peacefully in his sleep. At his bedside were his wife and two of their four children, Corliss Lamont and Mrs. C. C. Cunningham.

Lamont's almost legendary role in the financial world began in 1894. Then 33 years old, he became secretary and treasurer of the newly-organized Bankers Trust Co. His reputation as a shrewd organizer and astute financier spread rapidly and eight years later, J. Pierpont Morgan invited him to become a partner in J. P. Morgan and Co.

For two decades before the death of the younger J. P. Morgan in 1913, he was second only to Morgan himself in guiding the destinies of the international banking house. With Morgan's passing, Lamont succeeded him as senior officer of the firm.

Unlike Morgan, who was born to wealth, Lamont was the son of a Methodist Episcopal minister and teacher of Greek. Lamont described his boyhood days in Hudson River valley in a book, "My Boyhood in A..."

Stetson Chorus To Sing For Tourists
The Sanford Tourist Club met last evening and made plans for shuffle board tournaments and entertainments. It was announced this morning by E. M. Armitage, director of tourist activities.

Plans were made to organize the Stetson Varsity Male Quartette and the Stetson Radio Chorus for a concert at the Tourist Center, Monday, Feb. 16 at 8:00 P. M.

"This is an organization of 25 voices," said Mr. Armitage. The public will remember from last year the wonderful concert given by the Varsity Male Quartette, and this was one of the high lights of last winter's entertainments. The concert will be given under the direction of Prof. Harold Giffin, voice instructor at the University. Further information about the concert will be given at a later date.

"Weather permitting, shuffle-board players will go to Deland Friday where they will play the Deland Tourist Club members," Mr. Armitage announced.

Following the business meeting last evening, indoor games were played by the club members and their friends.

CHESS TOURNEY
A chess tournament between the Sanford Chess Club and the Orlando Chess Club will be played tomorrow night at the Tourist Center. It was announced today by the local club.

The public is invited to attend the meet, which is scheduled to get underway at 8:00 o'clock. Players who will represent Sanford include Dr. W. D. Gardner, H. B. Pope, J. E. Stewart, A. L. Lyon, A. B. Lovley, A. C. Madden, D. L. Harper and L. T. Crook.

Senate Group Votes Against Meat Controls

Brannan Says Rationing Is No Good If There Are No Price Controls In Force

WASHINGTON, Feb. 3 (AP)—A Senate Banking Subcommittee today voted against authorizing the government to get ready for meat rationing.

Chairman Flanders (R-Vt.) told reporters the vote was three-to-two against his bill to let the Agriculture Department set up rationing machinery.

He said he and Senator Sparkman (D-Ala.) voted for the measure. Against it were Senators Capehart (R-Ind.), Buck (R-Del.) and Willis Robertson (D-Va.).

The subcommittee's recommendation against the measure goes now to the full banking committee.

It could override the smaller group, but that appears unlikely.

The action came shortly after the Administration had asked Congress again to keep rent controls and to give it power to fix prices for meat and other foods and to ration them, if need be.

In the continuing Capitol Hill debate over how to deal with high prices:

1. Charles F. Brannan, Assistant Secretary of Agriculture, went before the Senate Banking Committee and said meat rationing won't work without price controls. The committee has a bill by Senator Flanders (R-Vt.) to get ready for meat rationing, but not for price controls. Brannan said, too, that controls on meat alone won't be enough; that they will be needed on foods which are substitutes for meat.
2. Tighe E. Woods, housing expert, told the House Banking Committee controls ought to be continued two more years and made stronger. That group is just opening hearings on whether to keep controls which will end Feb. 20 unless Congress votes to continue them.

Brannan declared there is no inconsistency between the Agriculture Department's views and those President Truman has expressed. Flanders had called them inconsistent after two developments last week.

First, Brannan testified in defense of the Flanders Bill. Then Mr. Truman told a news conference there was no use having rationing without price controls.

That was one reason Brannan was called back today to clear up the confusion.

THE WEATHER
LAKELAND, Feb. 3 (AP)—The Federal State Frost-Warning Service forecast for peninsular Florida tonight and Wednesday was considerable cloudiness with occasional light rain; little change in temperature; tonight, warmer Wednesday; and the outlook was no frost through Friday.

Temperatures

Shanghai's Unrest Reported As Critical
SHANGHAI, Feb. 3 (AP)—American and other foreign officials, predicting that Shanghai's social unrest will worsen—today rushed plans for the swift evacuation of their nationals in an emergency.

Shanghai police were ordered, "shoot to kill" if the past week's rioting flares anew.

Three women were killed and 110 persons, including 40 policemen, were injured yesterday in a pitched battle involving a portion of 7,000 sitdown strikers at a cotton mill. Three hundred workers were arrested.

Within the week, university students and thousands of cabaret girls rioted separately. Mayor K. C. Wu, was roughed up, but not injured, when he intervened in the student strike to prevent bloodshed.

Foreign observers see little basis for optimism.

NEGRO ENROLLS
FAYETTEVILLE, Ark., Feb. 3 (AP)—Silas Hunt, Tezakana negro war veteran, enrolled for three law courses at the University of Arkansas today, and except for paying his fees, officially became a student. Along with 30 white students who enrolled for the second semester, Hunt will take courses in agency, criminal and real property law, but will attend separately classes.

Public Warning On Substitute Fuels
TALLAHASSEE, Feb. 3 (AP)—A warning against the use of substitute products in fuel oil and kerosene heaters was issued by the state inspection service today. Nells Berryman, assistant state chemist, said it has been reported during the current fuel oil shortage that tractor fuel, mineral spirits, kerosene, solvent, and other products are being used in heaters.

"We wish to point out that this is a dangerous procedure," Berryman said. "The flash point of some of these products may be low enough to cause an explosion or fire when used in equipment designed to burn fuel oil or kerosene."

Berryman urged the public to have any substitute products tested before it is used. The state has no authority to prevent use of such substitute products, Berryman said. However, he added most manufacturers have such regulatory powers under fire safety ordinances.

Sanford Man Buys Orlando Feed Store

Purchase of the Coxwell Feed and Plant Store, located at 120 West Church Street, Orlando, was announced today by Ford Russell, who for the past six years has been office manager of the business...

The Coxwell store is being moved to larger quarters at 201 West Church Street in the Ross Theater Building and will open for business the latter part of the week.

Mr. Russell graduated from high school here, took an agricultural course at University of Florida, and engaged in celery farming here for 12 years. He is a member of the Presbyterian Church, Mr. and Mrs. Russell plan to continue to live in their Sanford home.

Col. Robert L. Scott, Jr., deputy national commander of the Civil Air Patrol and author of "I'm My Country's Champion to Glory" and "Runway to the Sun" will lecture on Universal Military Training on Feb. 13, at 8 o'clock in the Orlando Municipal Auditorium.

Mr. G. Johnson dies. Mr. G. Johnson died at his home in West Palm Beach yesterday morning. He was formerly connected with the Great Southern Trucking Co. and had many friends in Sanford.

BIBLE VERSE FOR TODAY

A SARCASTIC REMARK, AN
UNCHARITABLE ACT MAY DO
INCALCULABLE HARM.—Ps.
32:9; Be ye not as the horse or
as the mule which have no under-
standing; whose mouth must be
held in with bit and bridle.

The Times-Union is concerned
over the growing disrespect among
men for women, and views this
national crisis with alarm in an
editorial called "Gentlemen Do Not
Cuss in Front of Ladies." And
conversely, ladies do not cuss in
front of gentlemen. Perhaps a
better rule would be, "Gentlemen
do not cuss period." And neither
do ladies.

Are American Communists loyal
citizens or are they traitors who
should be treated as such? Alex-
ander Bittelman, of New York,
national committeeman for the
Communist Party, says "I would
not fight against the Soviet Union
in any war. Any war against
the Soviet Union would be an
unjust war." Even if the Soviets
started it?

Despite the decline of cash in
the people's pocketbooks during
the past month, as revealed Sun-
day by government officials, the
actual savings of the American
people increased nine billion dol-
lars last year, according to the
Home Loan Bank. Total savings
are now estimated at over 155
billions. We are not bankrupted
yet, or heading for a depression,
although no doubt some readjust-
ments will have to be made here
and there.

Miami's lush tourist season is
said to be \$50,000,000 behind
last winter's record take of \$220,
000,000, and many people are
blaming it on the iron discipline
with which City Manager Danner
(a former FBI agent, by the
way) is keeping the lid clamped
on gambling. It might be, on the
other hand, due more to the fact
that during the last five years
while the town has been wide
open, the tourists got gyped out of
so much of their money, they just
can't afford to return this sea-
son.

Hard money in the people's
pockets dried up last month to the
tune of one billion dollars, gov-
ernment officials report. They are
still a long way from bankruptcy
however, with over \$28,000,000
still looking for something to
be spent on. The trend, however,
is in the wrong direction, and
until it reverses itself the public
may be expected to spend more
cautiously than for the past few
years. It isn't how much money
you have that determines how
you spend it. It's how much you
have in relation to last year at
this time, or the year before.

Henry Wallace, who once said
"America Must Choose" and is
now going to give them a chance
to do it, says he sees no evidences
of any Communist attempt to
overthrow the government of the
United States by force. The fact
that the Communists overthrow
the government of Russia by
force, as well as the governments
of Poland, Bulgaria and Rumania,
and are trying to overthrow it in
Greece by civil war, and are not
far from it in Italy, or in France,
could of course have no bearing
on what they would do in the
United States if they could con-
vert a few more taps to their
cause, he seems to think. Now-
where in the world have Commu-
nists ever been able to command
a majority, and wherever they
have gained control, they have
done so by bloodshed, murder,
and civil war, and have main-
tained themselves in power by
means of secret police and firing
squad. Yet, in the United States
it is going to be different, Mr.
Wallace assures us in all sweet-
ness and light.

Mr. Pauley has concentrated on
proving that he did not benefit
by inside information and that
his story was one of "profit
honesty and honorably made,
legally and ethically and in the
American tradition." He may be
right, by his own standards. But
the very difficulty he has found
in demonstrating the correctness
of his actions indicates that those
standards are not sufficient as a
guide to the conduct of public

Welcome, Giants

Sanford is indeed fortunate in having located here the
New York Giants' baseball training school which officially
opened its season at the Municipal Airport ball diamonds
yesterday afternoon as the first venture of its kind in the
history of organized baseball. Under the capable guidance
of Carl Hubbell, experienced instructors and coaches are
expected to turn out winning material for a dozen teams.

Quartered in the Junior Officers Quarters at the former
Naval Air Station the 150 men who checked in yester-
day will be increased by at least 450 men by Mar. 1
when the Giants farm club teams arrive. At least one hun-
dred are already in attendance at the George Barr Umpire
School. Together with coaches, trainers, helpers and others
connected with the two schools, nearly a thousand people
will be thus added to Sanford's winter population.

It goes without saying that the presence of these
young men in Sanford will provide a welcome stimulus to
our commercial activities as well as add a great deal to the
social life of this community. They are all fine young
fellows who would be welcome in any home and who, we
are sure, will enjoy the friendly interest of all our public
officials, civic leaders and local merchants.

The publicity value alone of this training school will be
of enormous importance to Sanford. Newspaper reporters
from the metropolitan cities will report daily on their ac-
tivities, and news releases will be sent out from here to
newspapers everywhere. Many visitors to other parts of
Florida will no doubt come here to watch them play.

This is the first season of their fly year contract.
Let's make their visit here a pleasant one. Let's assure
them that we want them to come back next year, and in
the years to come.

The Army Steps Out

Traditional American distaste for the odious and
thankless task of governing a conquered nation has entered
into the long negotiations for transfer of responsibility in
Germany from military shoulders to those of the State
Department. The Army's work will be little different after
the change is made in the coming summer, but the weight
of decision and the brunt of criticism will be upon the State
Department. Former Secretary Byrnes can hardly be
blamed for wanting none of it.

Despite aversion to military governments, there have
been weighty arguments for the perpetuation of one in
Germany. The other three powers sharing in the occupation
show no disposition to make a similar shift to civilian
authority, so when a civilian takes over the rule of the
United States zone, he will find himself dealing with mili-
tary authorities of the other powers in the Allied Control
Council. Now that announcement of the plan has been made,
the present military commander, General Lucius D. Clay,
will be under a handicap in dealing with the representa-
tives of the other nations.

Actually the change in rule probably will be imper-
ceptible to the German, in or out of the American zone.
The soldiers will remain to enforce the decrees of the new
civilian governor, who as likely as not will be a military
man. Americans will consider it nevertheless a healthy
shift of government responsibility to civilian hands. Of far
greater significance is the question, now unanswerable,
of the psychological effect upon Germans who have a nation
to rebuild and upon the other nations upon whom we must
rely to share guidance and assistance to Germany.

U.N. Student Internes

One student from each of the 57 member nations of
the United Nations is to be asked to act as an "interne"
at Lake Success this summer. The students will be expected
to speak either French or English or both these working
languages of the U.N. No salary will be paid them, but
board and lodging will be provided.

Some will help U.N. experts compile biographical data
on United Nations officials. Some will assist the U.N. De-
partment of Public Information, where they will be able to
learn about the work of the United Nations as a whole.
An extensive program of lectures and seminars will give
them knowledge of the actual technique of the U.N. work.

Both men and women are eligible. They must be be-
tween 20 and 30 years old, and have completed at least
two years of undergraduate college work. The idea has the
warm support of international educational leaders. Each
nation will nominate from one to ten students of interna-
tional affairs, probably on the advice of colleges in its
country. Final selection will be made by the U.N. training
committee on the basis of the individual record of each
applicant.

The scheme was tried with a few students last year.
They proved so valuable that it is hoped to increase the
number in 1948 and still more in 1949. The idea of the
young people going back home able to interpret the United
Nations aims and achievements to their fellow citizens
makes the plan doubly valuable. It looks like a sound ap-
proach to international understanding.

NOT GOOD ENOUGH

NEW YORK HERALD TRIBUNE

Mr. Edwin W. Pauley has a
set of standards by which he
believes men who combine gov-
ernment office with private busi-
ness should be judged. He readily
concedes that no official should
use inside information for private
gain, and indignantly repudiates
the charge that he has done so.
He does not believe that an offi-
cial charged with the procure-
ment of commodities should trade
in them, and had begun to divest
himself of commodity holdings
"in an orderly fashion consistent
with good business methods" be-
fore the present investigation be-
gan. But he does not consider it
wrong for a government official
to trade in commodities as a gen-
eral thing; indeed, he holds it to
be a moral duty which a man owes
his family as a defense against
inflation. And he sees nothing
wrong in making large profits
through commodity transactions
while employed in positions of
high official responsibility which
brought him in close contact with
the nation's food policy makers,
provided his own position was
not directly concerned with those
policies.

Mr. Pauley has concentrated on
proving that he did not benefit
by inside information and that
his story was one of "profit
honesty and honorably made,
legally and ethically and in the
American tradition." He may be
right, by his own standards. But
the very difficulty he has found
in demonstrating the correctness
of his actions indicates that those
standards are not sufficient as a
guide to the conduct of public

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Jawaharlal Nehru, prime min-
ister of the Hindu dominated
India and faithful disciple of the
martyred Gandhi, has declared
that the restoration of peace in
his strife-torn country is the issue
on which his government will
stand or fall.

That's Nehru's answer to those
who deny his Mahatma. It is his
answer to those who, the govern-
ment tells us, also plotted to kill
Nehru and other members of his
cabinet because they advocated
peace with the Moslems as Gandhi
taught.

Good for Nehru! Such a stand
for right and justice deserves
success, but Gandhi's death em-
phasizes that the prime minister
will be up against this appalling
fact:

There still exist in this sorry
world of ours powerful interests
that don't want peace—or if they
want peace, it must be the kind
they themselves impose by force.
That's the reason the United Na-
tions can't function. It's the reason
why wars still continue, and it is
responsible in great degree for
continuation of the economic chaos
in many countries.

However, Nehru has recognized
this truth and his declaration has
been backed by concrete action.
The home ministry at New Delhi
has abolished "any organization
preaching violence or communal
hatred" and we are likely to
hear that this has hit in powerful
quarters. The government also
has banned private communal
armies. A mass meeting attended
by an estimated half million people
yesterday heard Nehru call on
Indians not to take the law into
their own hands, for "That is just
the thing Gandhi would have
abhorred."

That's the way Nehru is tack-
ling the high and mighty who, for
their own purposes, want war in
India. As for the hundreds of mil-
lions among the rank and file,
they want peace, just as do the
rank and file all other countries
of the world. And because of that
desire among the masses, I believe
that in the long run peace will
win in India, though the going
may be tough and even bloody
for a time.

One thing we certainly must
expect, and that is much political
confusion as the new dominion
governments feel their way.
Apropos of this I am getting in-
quiries as to what this situation
may mean to Russia and to Com-
munism.

There is Communism in India,
though as in many other coun-
tries it is a hidden disease and
it's hard to say how many people
are infected. Certainly there are
no communistic elements dis-
cernable in the present govern-
ments. Nehru, for example, is a
socialist but has a deep abhor-
rence of totalitarianism.

However, it is a truism that
Communism flourishes amidst
chaos, and the disturbed condi-
tions in India might provide soil
for the germ's growth. The British
government, before granting India
her independence, seemed con-
cerned over Red potentialities and
kept a sharp lookout along the
northwest frontier which provided
a conduit for the Red line.

India and Afghanistan are con-
nected by the great Khyber Pass,
through which Alexander and
other conquerors came, and
Afghanistan is much under the
influence of her mighty Russian
neighbor to the north. Over the
generations a lot of trouble of one
sort or another has come into
India across that northwest fron-
tier. Apropos of this, the Pathan
tribesmen who are invading the
state of Kashmir come from the
northwest frontier, and they are
tough lot, as your correspond-
ent well knows having had some
first-hand experience with them.

RARITIES 'STOLEN
MERIDEN, CONN., Feb. 3 (AP)—
A heavily bearded, pistol carry-
ing bandit today robbed Gerhardt
Hintz, 22, of Bristol, of a brief-
case containing rare coins and
stamps which Hintz valued at
\$21,100.

The holdup occurred as Hintz
walked from a parking lot to the
Meriden railroad station. The
gunman fled with a companion
who had remained at the wheel
of an automobile.

Hintz, who was en route to
New York City to assign the
collection for auction, described
the coins as "all rarities."

THE NATION TODAY

By MAX HALL
(For JAMES MARLOW)

WASHINGTON, Feb. 3 (AP)—
The two-edged sword of the Taft-
Hartley Act has come into full
use. This weapon is the injunc-
tion power. It is a weapon so
new and so important that people
concerned with labor-management
relations are watching it intently.

So far, 10 injunctions (court
orders) have been issued under
the new law. Nine were against
unions, ordering them to stop
certain practices. The other was
against an employer (Gen-
eral Motors).

The man who grasps the two-
edged sword in his hand, Robert
N. Denham, says the injunction
power is "perhaps the most far-
reaching feature of the act."

He also says it won't be used
often, for "it is too powerful and
sharp a weapon to be weakened
and dulled by indiscriminate
usage."

The new law says neither unions
nor employers may commit un-
fair labor practices. It gives
Denham, as general counsel of the
National Labor Relations Board,
the power to prosecute offenders.
And it gives the five-man board
the power to order the practices
stopped.

But first the board must hold
a trial on the charges. And such
trials take a lot of time, some-
times more than a year.

So the new law, to cover urgent
cases, gives Denham the power
to seek a court order halting an
alleged unfair practice pending
an NLRB verdict. The law says
federal judges may issue such an
order when they believe it is
needed.

Denham can take this action
when prosecuting any unfair
practice. But whenever he prose-
cutes a union for certain kinds
of practices—a secondary boy-
cott for example—he not only
can, but must, seek an injunction.
He has no choice.

Here are some of the results
so far:
An injunction was issued at
Utica, N. Y., against the AFL
teamsters, ordering them to stop
six different practices.

At Topka, Kas., a judge or-
dered the AFL carpenters to quit
picketing a company that is put-
ting up prefabricated houses.
Denham's office charged that this
was a secondary boycott that is
an effort to force the company to
quit doing business with another
company which manufactures the
houses.

At New York, a judge issued a
temporary restraining order (one
kind of injunction) against Gen-
eral Motors, preventing the com-
pany from putting an employes'
insurance plan into effect Feb. 1.
Denham's office charged the com-
pany, with refusal to bargain,
since the company had previously
agreed that another plan, offered
by the CIO auto workers, "will
continue as a subject for discus-
sion."

Denham has asked a federal
court at Indianapolis to order the
AFL International Typographical
Union to stop certain practices,
including its strike against Chi-
cago newspapers. The judge will
hear arguments Feb. 6.

Most people, including Denham's
office and leading members of
Congress, have interpreted the
Taft-Hartley Act as giving the
injunction power to government
officials only—and not to a union
or employer.

But a federal judge in North
Carolina has ruled that the CIO
textile workers had a legal right
to asked him for an injunction
to force a cotton mill company to
bargain with the union. However,
the request for the injunction is
still pending.

At about the same time a fed-
eral judge at Texarkana, Ark.,
granted an injunction to a motor
coach company. The judge ordered
the AFL street Electric Railway
and Motor coach employes not to
go through with a threat to picket
a bus terminal.

Denham's office, amazed at
those two decisions, is prosecuting
both of them.

Social And Personal Activities

Social Calender

TUESDAY
The Daughters of Wesley Class of the First Methodist Church will meet at the home of Mrs. L. Sill of Celery Avenue at 8:00 P. M. Mrs. Harvey Swanson's group will serve as hostesses.
The Fidelis Class of the First Baptist Church will meet at the home of Mrs. Evans McCoy, 1810 Palmetto Avenue, at 8:00 P. M.

WEDNESDAY
The regular luncheon and business meeting of the Sanford Women's Club will be held at the club house. The sponsor of the program will be Mrs. E. D. Brownlee, chairman of the Bible division of the Fine Arts Department, who will have as her subject, "Women of the Bible." Hostesses will be Mrs. H. W. Goodspeed, Mrs. A. D. Johnson, Mrs. R. T. Warren, Mrs. W. D. Hoffmann, Mrs. R. H. Reely and Mrs. June Roumillat. Reservations must be made with Mrs. Goodspeed or Mrs. Johnson by Tuesday at noon.

THURSDAY
The T. E. L. Class of the First Baptist Church will meet at the church annex for a covered dish supper.
The Parent Teachers Association of the South Side Primary School will meet at 3:15 P. M. The board will meet at 2:30 P. M. Seminole Chapter No. 2, O. E. S. will meet at 8:00 P. M. to honor the past matrons and past patrons.
The West Side Parent Teachers Association will meet at the school at 3:00 P. M. The board will meet at 2:30 P. M.

FRIDAY
The American Legion Auxiliary will hold a dinner for the deputy president, Mrs. Jane Fleetwood at 6:30 P. M. at the Legion Hut. Guests of honor will be Mrs. Fleetwood will be Mrs. J. B. Kirkpatrick, national vice president of the southern division, and Mrs. Walter Altermatt, past district president and department of American chairman. All members wishing to attend must call Mrs. Seth Woodruff or Mrs. C. M. Flowers not later than Wednesday.

Mrs. Davis Hostess For Circle 5 Meet

Mrs. J. C. Davis was hostess yesterday afternoon to Circle No. 5 of the First Methodist Church for their regular meeting at her home on Magnolia Avenue. Three new members, Mrs. John Vaughan, Mrs. W. D. Forbes and Mrs. H. B. McCall were welcomed as new members.
The chairman, Mrs. J. Brodie Williams, presided over the short business session and Mrs. E. C. Williams gave the devotional. Following adjournment of the meeting refreshments were served to Mrs. Bradford Byrd, Mrs. Forbes, Mrs. L. P. Don, Mrs. Vaughan, Mrs. C. R. Lord, Mrs. McCall, Mrs. Ruth Lundquist, Mrs. W. E. Smith, Mrs. Mamie Williams and Mrs. Davis.
Also Mrs. J. P. Thurmond, Mrs. J. J. Carver, Mrs. May Willms, Mrs. C. E. Ellis, Mrs. M. E. Moye, Mrs. C. C. Priest, Miss Ella Bolton, Mrs. J. E. McKinley, Mrs. H. A. Swanson, Mrs. E. G. Kilpatrick, Mrs. E. C. Williams and Mrs. J. O. Laney.

Scout Appeal

Leonard Button appeared before the commission and stated that deeds had been secured for the right-of-way for extension of Seminola Boulevard from near the present terminus at Seminole Driving Park to Lake Tony, where a number of homes have been completed recently. Work of grading the 50 foot right-of-way and possible clay surfacing, will be started in the near future, the Commission promised, pending the delivery of the deeds. The extension goes through the Watta farm area, but not through the driving park grounds as at present.

H. B. Pope read telegrams from various oil companies promising co-operation in relieving the local fuel oil and kerosene shortage.
Mr. Harndon read a letter received by Board Attorney L. F. Boyle from Attorney General Tom Watson, approving action of the Board in purchasing radio sending and receiving equipment for use of Sheriff P. A. Mero and deputies.

STATE FAIR
TAMPA, Feb. 3 (AP)—Some 2,000 persons flocked to the Florida State Fair within two hours after the annual exposition opened its gates. Today was Charlotte county and Pan American Day. Honor guest was B. Kendrick of Jacksonville, president of Rotary International. He was to make a tour of the grounds later in the day.

'Holy Mackerel' Home Is Best Winter Place

ELLWOOD CITY, Pa., Feb. 2 (AP)—Running away from home may be fun but, "holy mackerel, not in the winter anyway."
That's the cold comment from two 12-year-old boys, Keith Kaufman and Tom Keul, who "just decided to run away" from their nearby Frisco homes.
"We didn't think anyone would be there," Keith said.
The grade school youngsters, missing 24 hours, were believed drowned near a hole in the ice in Conquessing Creek. It was here Tom's sled was found.
"We had the sled for a while but it was too much trouble so we just let it go," Keith said.
"The only cats we had," explained Tom, "were our school lunches. We made them last as long as we could."
"It sure was cold," Keith related. "Tom wanted to keep going but I said I was going home."

TROLLEY POST CARD

An interesting postal card was brought to the Sanford Herald Friday morning by Rev. C. A. Hagan which pictured the first trolley arriving in Sanford, Rev. Hagan revealed that he had come to Sanford in 1919 and is now residing with his wife at 1107 Sanford Avenue which has been his home since his arrival in Sanford.
The card pictures the trolley which is surrounded by people on bicycles and standing in the street. Rev. Hagan stated that he thought the trolleys were in operation about five or six years in Sanford.

From 15 to 20 million dollars a year are spent in the United States annually for control of forest fires by public and private agencies.

Personals

Mr. and Mrs. James Rivers arrived yesterday from Cordele, Ga. to spend several days in Sanford.

Gene LeGette who is a student at Stetson University in DeLand, spent the weekend with relatives in Sanford.

George Spencer who is attending Rollins College in Winter Park has been named on the honor roll for the past quarter.

Friends of Mrs. J. E. Deneff will regret to learn that she was taken to the Orange Memorial Hospital on Saturday because of illness.

Friends will be glad to learn that Mrs. H. B. Odham, Jr. is able to be out after having been confined to her home because of illness.

Named on the dean's list at "A" "B" averages or better at Florida Southern College at Lakeland was William S. Earle, Jr. of Sanford.

Billy Fleming, a student at the University of Florida in Gainesville, spent the weekend in Sanford with his parents, Mr. and Mrs. W. G. Fleming.

Capt. Jack Holt, USMC, has returned to Selma, Ala. where he is attending a school after spending the past weekend in Sanford with his wife and young son, Bobby.

Friends will be glad to learn that Clark Tillis, son of Mr. and Mrs. M. L. Tillis, is getting along nicely after having undergone an operation at St. Vincent's hospital in Jacksonville on Saturday.
Miss Norma Jean Sayer will arrive on Thursday from Florida State University in Tallahassee to spend the weekend with her parents, Mr. and Mrs. H. N. Sayer, at their home in Mayfair.

Paul Harden of Macon, Ga. and his brother, Avery Harden of Parkersburg, Calif. have left after visiting their brother and sister-in-law, Mr. and Mrs. Moody Harden at their home at 415 Palmetto Avenue for the past ten days.

Hagan Home Scene Of Circle 3 Meet

The home of Mrs. L. P. Hagan on Park Avenue was the scene of the monthly meeting of Circle No. 3 of the First Methodist Church. Mrs. G. W. Bailey served as co-hostess for the meeting held on Monday afternoon at 3:00 P. M. During the business session presided over by Mrs. Fletcher Bolls, chairman, the group voted to hold a monthly market basket sale with proceeds to go toward the church expansion fund.
Those present were Mrs. J. E. Courier, Mrs. R. B. Monroe, Mrs. R. M. Mason, Mrs. Clark Leonard, Mrs. Elizabeth Reyes, Mrs. C. E. McKee, Mrs. R. P. Grenshaw, Mrs. F. R. Wilson, Mrs. Emma Abrams, Mrs. W. R. Edensfield, Mrs. Bolls, Mrs. J. N. Azarelo, Mrs. Bailey and Mrs. Hagan.

Azaleas Bloom at Cypress Gardens

CYPRESS GARDENS, FLA.—Lovely Amelia Crossland of St. Petersburg, former Life Magazine cover girl, makes another pretty picture among these White Azalea blossoms at Cypress Gardens. This is one of many varieties of Azaleas which are now blooming in great profusion throughout the gardens of Florida and the South.

Harry Davis, Talented Pianist, Is Enthusiastically Received At Concert

By MISS MARGARET DAVIS
Harry Davis, talented young American pianist, gave a splendid and taxing program before a large, enthusiastic and absorbed audience at the concert given last evening at Seminole High School auditorium under the sponsorship of the Civic Music Association.
The concert was given on a Steinway grand made available by Mrs. H. P. Fuller, Jr.

Mr. Davis showed himself to be a musician of extremely promising gifts. Not only did he develop a prodigious technique, but something more than technique, sensitivity and understanding.
The ease and finish of his playing soon made one forget all about technique and settle down to a mood of mixed astonishment and sheer appreciation.
His rendering of Beethoven's "Appassionata" was exceptional in its technique, grasp and security. This would have done credit to a master or veteran concertist.
From a most interestingly built program came richly satisfying Chopin, Debussy and Liszt. A very deft touch of showmanship was his repetition of the Shostakovich polka, "The Golden Age," which was a gem and as pleasingly done as any music lover could desire.
His accomplishments were so striking that the unusually enthusiastic audience paid him the rare compliment of remaining seated en-masse until he came forward with many encores.
Among the numbers enjoyed were: "Two Sonatas" by Domenico Scarlatti which was the opening number of the program and included the E minor "Pastorale" and "A major Sonata." Featured Chopin numbers were: "Grande

Valse Brillant," "Fantasia Impromptu," "Nocturne in F Sharp major," "Two Etudes," "Revolutionary" and "Winter Wind" and "Waltz in C Sharp minor." Debussy's compositions included "General Lavine" and "Clair de Lune." "The Maiden and the Nightingale" is by Granados. List numbers played were: "Polonaise in E major" and "Dream of Love."
For nearly three years Mr.

Pupils To Present Interesting Dances

Among the many interesting numbers to be presented at the annual recital of the Cogburn School of Dancing on Thursday night at 8:15 P. M. in the Seminole High School auditorium will be an interpretation of the popular song, "Dance, Ballerina, Dance," by Jane Davis and Ann Whitaker. "Anitra's Dance" will be presented by Barbara Chapman, Yvonne Cullen, Betty Ann Munson, Maria Menendez, Susan Shames and Claudette Wais and "Civilization" by Patsy Collins, Ellen Lyon and Patricia Tooke.
A skilled group consisting of Jane Davis, Joan Humphrey, Gretchen Kirchhoff, Jacquelyn MacDonald, Pat Ratigan and Ann Whitaker will dance the well-known "Red Silk Stockings" and Maria Menendez will present "Feudin' and Fightin'".
The theme of the program will be "Dance Time" with the dances being an interpretation of a quaint old granddaddy's day dreams of her wedding ensemble "something old," "something new," "something borrowed" and "something blue." Dances will be under the direction of Mrs. P. H. Teppic assisted by Mrs. A. B. Duxbury. The attractive costumes are under the direction of Mrs. W. H. Stewart, Mrs. V. G. Hasty, Mrs. Jack MacDonald and Mrs. J. B. Cogburn.

Sanford Elks Attend Umatilla Meeting

Exalted Ruler J. E. Rowland and a delegation of 15 from the Sanford Elks Lodge attended the turkey dinner and meeting of more than 350 Elks at the Harry Anna Home for Crippled Children at Umatilla, Sunday.

Grand Exalted Elk Ruler L. A. Lewis of Anaheim, Calif. gave a very inspiring and "heart warming" talk on the aims and purposes of the Elk organization, said Mr. Rowland. Past Grand Exalted Ruler Robert S. Barrett of Alexandria, Va., who has set aside more than a million dollars for various charities, announced a gift of \$5,000 to the Elk sponsored Harry Anna Home, said Mr. Rowland.

Of the 38,980 farms in Maine, only 2,519 are operated by tenants.

An abundance of snowshoe hare may mean disaster for Alaska moose. They eat the same food and starve each other out.
Davis has been heard and seen on weekly appearances in television on New York City's largest FM television station, WABF, and this year will be soloist with The New Friends of Music in New York.

Qualifying Races

SHUQUALAK, Miss, Feb. 3 (P)—A record field of 35 pointers and four setters are entered to face judges today in the running of the National Field Trial Club's free-for-all championship here.

The field will run a qualifying series of one hour heats under the eyes of judges Raymond Hoagland, Cartersville, Ga., and Fred Sharpert of Belvedere, Ill.

Westerner, owned by A. G. Sage of Alberta, Ala., was named 1948 derby champion at the end of the derby runnings yesterday. The pointer took top purse of \$750.

Derby runnerup was Drug News, a pointer, owned by Otis Brown of Florence, Ala. Drug News won the second place purse of \$250.

LUJACK TO BE MARRIED

CONNELLSVILLE, Pa. Feb. 3 (AP)—Johnny Lujack, 23-year-old All-America football star, said today he and Miss Patricia (Pat) Schierback, 20, of Davenport, Iowa, will be married tomorrow after his graduation from Notre Dame next spring.

Peasants are an important money crop in nine states of the United States.

Irish Continue Their Home Court Jinx Against Foes

NEW YORK Feb. 3 (AP)—The mightiest of them all somehow stumble and fall when they face Notre Dame in the Irish Field Hall.

Kentucky's power-packed basketball team, generally regarded as one of the finest college cage squads in the country, was the latest to succumb to Notre Dame's home gym jinx when the Irish last night walloped the Wildcats 64-55 in one of the most important games of the season.

The win made it 38 straight home triumphs for the Irish over a period of five seasons. The last team to defeat Notre Dame on its home court was Western Michigan which did the trick by a 46-42 count Dec. 4, 1943.

The victory was in the nature of revenge for the Irish, who received a 60-30 pasting at the hands of the Wildcats in Kentucky just a year ago last night.

It also proved to be a fine present for Irish Coach Ed (Moose) Krause, who reached his 35th birthday anniversary. The series between the two teams now stands at 10-3 in favor of Notre Dame.

Kentucky had come up to South Bend with a record of 18 victories in 19 starts, its only defeat, a 69-58 setback inflicted by Temple. For this Irish, it was their ninth win in 13 starts this season.

Bob Feller Declares Chicago Star Should Try To Make Majors

CHICAGO Feb. 3 (AP)—Bob Feller says he believes George Zoeterman, Chicago High School pitching star, should sign with a "young ball club" and try to first with a big league club his first season.

The Cleveland Indians' strike-out champion, spending the winter in Waukegan, Ill., offered these pointers before the 17-year-old Christian High School twirler meets with C. C. Slapnicka, the famed Cleveland scout.

Slapnicka, who signed Feller a dozen years ago, is scheduled to talk contract with Zoeterman tomorrow.

The Indians' ivory hunter is among the last of 10 Major League representatives to huddle with the prep star since he graduated Friday night.

The youngsters, who hurled four no-hitters and struck out an average of 16 batsmen per game for his school, has received offers from the Boston Braves, Detroit Tigers, New York Yankees, Brooklyn Dodgers, Chicago Cubs, Pittsburgh Pirates, Atlanta Braves, Philadelphia Phils, Boston Red Sox and St. Louis Cardinals.

"I'll study all of the offers then probably decide later this week," he said.

N. C. State Cagers To Play U. Of N. C.

RALEIGH, N. C. Feb. 3 (AP)—North Carolina State, the nation's highest scoring basketball club, runs head-on into the best defensive outfit in these parts tonight—the University of North Carolina.

The collision should produce the best game of the year in Dixie.

State's freshmen stars of last year whipped North Carolina twice—both times by two points and once in an overtime period.

A third meeting was cancelled when state students and the general public started tearing off the doors of the state gym in an effort to witness the contest.

Coins were in use both in the east and the west, as early as the eighth century B.C.

A member of the oak species grown in the western Mediterranean area yields cork.

OFFICIAL FLORIDA STATE LEAGUE SCHEDULE FOR 1948 BASEBALL SEASON. Table with columns for teams (Leesburg, Palatka, Daytona, Sanford, St. Augustine, Gainesville, Orlando, Deland) and dates for games.

FSL Schedules Are Announced

Sanford Will Open Season In Orlando And Close Against Leesburg Pirates

every night for the first two weeks but the same schedule will be followed during the last two weeks of the season.

SILVER SPRINGS Feb. 3 (Special)—Something brand new in baseball scheduling fans and players alike was announced here today as the Class D Florida State League released its official 1948 schedule.

The 1948 affair is unique in baseball history in that it provides that each of the eight teams will play a different foe every night for the first two weeks but the same schedule will be followed during the last two weeks of the season.

close race during the last two weeks from driving "out front" because the club happens to run into two or three week opponents in four or six games, there'll be action aplenty as each night brings a new problem.

To give you an idea, take the Leesburg Pirates. Reversing last year's schedule, Leesburg opens at Gainesville. The next night St. Augustine plays at Leesburg, while on the third night Leesburg will be in Orlando. DeLand plays in Leesburg on the fifth night, with the Pirates home the next night to Palatka, and

traveling two nights to Sanford and Daytona, respectively.

Thus, inside of seven days, the Pirates will have seen all the opposition, and can plan accordingly.

team of veteran players, met a fan-selected team of first year, or "rookie" players. The tilt was a decided success and will be repeated on Sunday July 4 in the city whose club was leading the league at midnight Sunday June 27.

Opening games will find Leesburg at Gainesville, Palatka at St. Augustine, Daytona at DeLand, and Sanford at Orlando, with closing games Thursday night Sept. 2 finding Sanford at Leesburg, Palatka at Daytona, Gainesville at St. Augustine, and DeLand at Orlando.

COMMENTS from the SIDELINES

Sports World

The New York Giants opened their school at the Municipal Airport yesterday to notch another accomplishment for Sanford in the world of sports.

The Giants have brought 150 men into Sanford from all corners of the United States and are offering the youngsters an opportunity in baseball that was unknown just a few short years ago.

The school is not a try-out camp, and will not be conducted as such.

All students enrolled are not having to "foot" any bills. They are being roomed and fed by the Giants at no expense to the boys.

Every opportunity will be given these men, if they have any aptitude for baseball.

The George Barr Umpire School is continuing with its 111 men and are rapidly progressing with their sessions.

Next month the Giants will begin their spring drills for 15 of their farm clubs. This will bring more men into the city.

The clubs will bring correspondence for their home town newspapers, and they will send stories back to their papers, describing Sanford and the surrounding territory. This will bring us publicity that we could not buy with money.

Sanford is indeed fortunate to have these sports activities here.

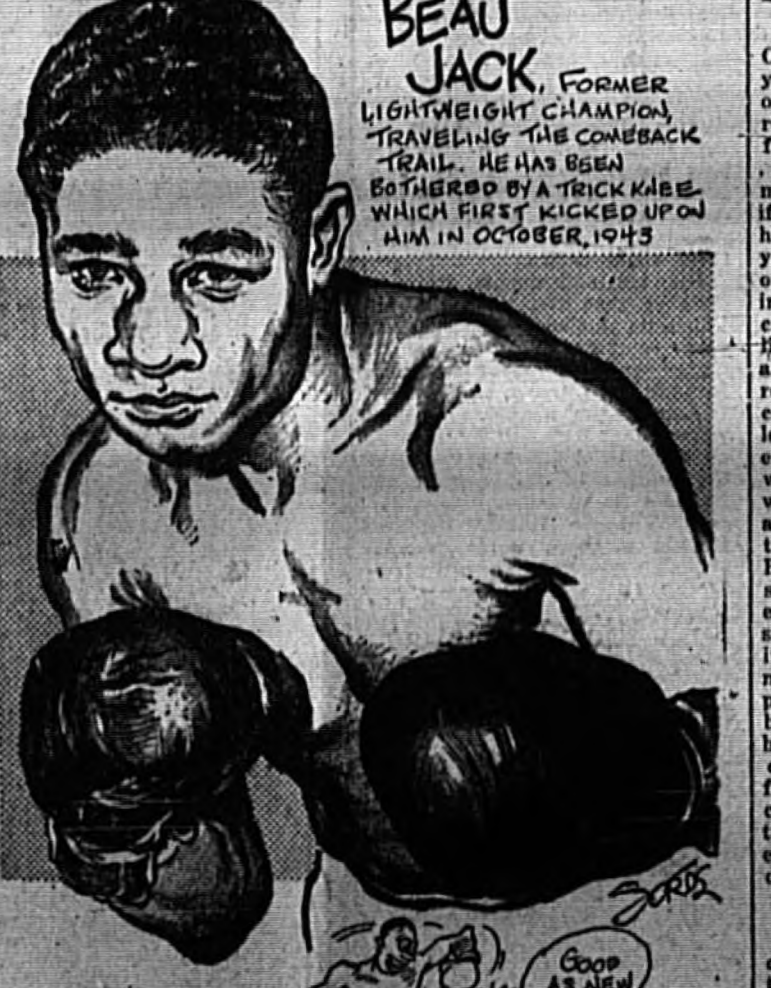

Here's 'n There

E. F. "Lefty" Craig, public relations man for the Texas League, is in Sanford looking over the George Barr students.

He represents all leagues in Texas, and has the responsibility of supplying them with umpires. He represents the Longhorn League, Evangeline League, Texas-Louisiana League, West Texas-New Mexico League, Lone Star League and the Big State League. He wants at least 25 men and could use 35.

Ed Yde has been named president of the Leesburg Pirates for the 1948 Florida State League season. Yde, a former Major League pitcher, picked for the Pittsburgh Pirates and now makes his home in Leesburg where he owns a clothing store.

FIGHTING BACK By Jack Sords

IN THREE FIGHTS SINCE NOVEMBER, JACK WON ALL DECISIVELY AND SUFFERED NO KNIFE DISCOMFORT.

Frank Stranahan Picked As Top Amateur Golfer

SAN FRANCISCO Feb. 3 (AP)—It's a large order to name the best amateur golfer in the U. S. currently active.

There are a lot of top-notch players but of latest showings our pick is Frank Stranahan, who lives in Toledo, O., and seemingly is seldom home. He plays in practically every tournament over the P.G.A. circuit, being financially able.

Stranahan matches shot for shot with the greatest pros in the game and by the time he has made the tournament swing, once more stands above the rest of the amateurs. Continued experience should improve his temperament, which even now is not bad. He already has every shot in the book. Byron Nelson, when pro at Inverness in Toledo, was one of his teachers. Playing very well against the professionals and an every kind of course

is the finest teacher of all and this is where personable Frank has the advantage over his fellow amateurs.

Behind Stranahan well grade the next four as follows: 2—Willie Turnesa, New York; 3—Skeel Riegel, Upper Darby, Pa.; 4—Marvin (Bud) Ward, Spokane, Wash.; 5—Doug Ford, New York.

Turnesa is the British Amateur Champ and a corking golfer. Riegel is the National Amateur titleholder and a bold player. He gets around almost as much as Stranahan. Ward, twice U. S. crown winner, appears to be falling off largely because of lack of high class, steady competition. If he played in twenty tournaments a year, he'd be our first choice. Young Ford is somewhat of a newcomer, although he was a finalist in the 1947 Metropolitan Amateur.

Whether Ford remains an amateur is problematical. On his first far western tour along with the pros this winter, he was considering the idea of turning professional if he could hold his own. He boasts a brilliant game and is a low amateur in one of the early season tournaments this

Sports Roundup By HUGH FULLERTON, Jr.

NEW YORK Feb. 3 (AP)—Mel Ott, looking about five years younger than he did at the end of the 1947 baseball season, was reviewing the Giants prospects for a squadron of baseball writers.

"I often have thought what might have happened to our club if Whitney Lockman had not been hurt," he mused.

Lockman, a flashy young outfielder who broke a leg during a Spring exhibition game and couldn't play all season. He still jumps but says he feels no pain and will be okay after a winter's rest.

"Lockman was playing center field and Clint Hartung, who couldn't catch flies in a big league park, turned into a pretty good pitcher. . . . What it proves, this dept. doesn't know."

Ott Staff

Ott also was responsible for one of the best descriptions of the week in discussing rookie Don Mueller, whose dad played for the Pirates some 25 years ago. "Don has hit 350 or 360 in every league he has been in. Every time he hits a line drive he thinks it should be a base hit. But he plays the outfield the same way when the other fellow hits one."

Monday Matinee

Rev. Gil Dodds, in setting his world indoor (11-lap track) mile record Saturday, turned in the fastest first quarter (38.4) and the fastest last quarter (61.4) of any of his mile victories. . . . Like Dodds, Bob Richards, whose 14-6 pole vault was the best indoor leap since Dutch Warmerdam went out of circulation, is a preacher. Judging by the way the winter olympics have been

year.

That's as far as we will go in classifying the top amateurs as of today. Perhaps the first five could be nudged out of position by such as Ted Bishop, former National Champion from Massachusetts; Frank Stranahan, Dick Chapman, and Ray Billow, New York; Wilford Walker, Chicago; Murice McCarthy, Ohio; Billy Bob Coffey, Texas; Johnny Fischer, Kentucky; Johnny Dawson, Bruce McCormick, Ernie Pieper, California; Lou Jennings, Oregon; or Arthur Armstrong, Hawaii.

Anyhow, Stranahan of Toledo is our man as of now.

going, they'll both be needed at the summer games to keep peace.

George Sauer, chosen to head the Navy's new football enterprise (that's a gag, fan), committed a masterpiece of understatement when he admitted being "a bit apprehensive" about Navy's schedule. . . . Army's Earl Blaik recently pointed out that the Midshipmen and Cadets "have no right to play the best football teams in the country every Saturday" on top of their strenuous academic schedules.

Dots All Brothers

Former Illinois whiz kids Jack Smiley and Ken Menke, playing with the Fort Wayne Zolpers, are steamed up about ex-teammate Andy Phillips' remark that the Chicago Stags are the best basketball team he ever saw.

One Pacific specie of the octopus is known to have grown to a diameter of 28 feet.

Barnacles can add about 30 tons to the weight of a 10,000-ton ship in a year's time.

Feds Will Tackle DeLand Bulldogs At Seminole Hi

The Seminole High School Celery Feds, fresh from their 41 to 35 victory over the Palatka Maroons, will engage the DeLand High School Bulldogs at the local court in a twin bill tonight with the "B" squad contest getting under way at 7:30 o'clock. The varsity game will begin at 8:30 o'clock.

In their first encounter with the Dogs earlier this year, the Feds dropped the contest by a 52 to 32 score. The tilt was scheduled to be played Jan. 20 but was postponed until the next night due to a water seepage which had made the floor too slick for play.

Cosch Fred Ganas of the Feds has been sending his charges through intensive drills to improve their shooting.

"If we had been able to sink about half of our shots against Palatka, we would have really trimmed them, but we didn't," Coach Ganas stated this morning.

The Fed mentor will probably open the contest with Coleman Yates and Fred Siegest at the forwards, Floyd Cooper at center and Bill Thomas and "Squirrel" Bowen at the guards.

Davis Catches 9 1/2 Pound Bass In River

C. W. Davis may have fished in some pools in East Liverpool, Ohio, his home, but it is doubtful if he ever snared such fish as the nine and a half pound bass that he reeled in while fishing from a boat on the St. Johns River, Friday.

With Tom Jones, who aided in pulling in the catch, Mr. Davis was fishing at a point about half way between the Geneva and Osteen bridges. This is his fourth season in Florida.

40 Deer En Route To Brooksville, Stopped By Cold

PULASKI, Tenn., Feb. 2 (AP)—Forty deer being trucked from Wisconsin to Florida must have thought they still were in Wisconsin yesterday.

They were stranded here by record snows and sleet which blocked highways in Tennessee. The animals were enroute from E. J. Schawalter's Jackson, Wis., deer farm to Brooksville where they were consigned to B. C. Morgan, Florida director of game and fish.

Besides the deer, hundreds of motorists travelling between Florida and the North on U. S. Highway 31 were stymied in Tennessee towns. There were 600 here, another 300 at Columbia, 20 miles to the north.

Homes, churches—and jails—were thrown open to the weather-bound tourists.

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

A SEATTLE TAXI DRIVER has just won the world's eating championship by downing 132 clams in 10 minutes. What the man at the next desk wants to know is—how much did they cost him?

Eating champs used to do their stunts with sirloin steaks. But that sport became far too expensive.

The gulping gladiators then switched to eggs—fried or hard-boiled. But this, too, has become a millionaire's pastime.

Then, there were milk drinking athletes but these, too, seem to have gone into temporary retirement, the lactical fluid having attained near-champagne costs in many quarters.

We don't know what the current quotations on pancakes may be but there has been a noticeable dearth recently of flapjack tournaments.

Our town once boosted the regional doughnut destroyer champion—but this was back in the days when they were a dime a dozen.

The Seattle taxi cab driver's ratio of clam devouring, incidentally, was at the rate of one every four-and-one-half seconds. That's by our tabulation and not by the cabbie's meter.

Florida State News In Brief

MASON DIES
OCALA, Feb. 3 (AP)—Charles A. Bangert, who on Jan. 21, last, was invested with the high rank of knight commander of the Ancient Scottish Rite Masons, died at his home here last night. He was 75 years of age.
Bangert was the first Mason in Marion county to have the distinguished title of Knight Commander of the Court of Honor of the Scottish Rite of Free Masonry conferred upon him.

UNION CITED
JACKSONVILLE, Feb. 3 (AP)—Circuit Judge Claude Ogilvie yesterday ordered four union members to show cause by Monday why they should not be held in contempt of court for violating an injunction prohibiting violence in the National Air Lines clerical workers' strike.
He named Clyde H. Williams, president of one local of the International Association of Machinists; Victor Phelps, business representative of another local; J. P. Hyden and William O. Brady, strikers.
The show cause order was written after Tyrus A. Norwood, Miami attorney representing the air line, cited three alleged violations of the injunction. He told the court that Hugh Resmondo, who drove a bus load of workers to a NAL hangar at the Jacksonville municipal airport, had been threatened with violence by "strikers or their agents" if he made further trips.
Other violations claimed were the scattering of carpet tacks over the roadway leading to the air line's hangar, and the hurling of bottles through the window of the home of O. G. Brice, an NAL employee.

BANK ROBBER
MIAMI, Feb. 3 (AP)—Police Chief Karl Engel of North Miami said a man who identified himself as Roy E. Toler, 27, formerly of St. Louis, Mo., had admitted after his arrest here early today that last Nov. 14 he held up and robbed the Seattle, Wash., Trust Co., of approximately \$44,000.
Engel said Toler told him he escaped by displaying a bottle of cough medicine and telling the teller by a note it contained a high explosive. The police official said Toler told him the note further instructed the teller to put a stack of bills in a bag and pass them over to him.

NEW TEXTBOOKS
TALLAHASSEE, Feb. 3 (AP)—Proposed new textbooks for Florida public schools are being examined by a special eight-member rating committee.
The committee, appointed by the state cabinet, began its study yesterday as publishers submitted bids on books covering more than a dozen subjects. It will make up a list of recommendations for the cabinet textbook purchasing commission.
New bids were asked by the State Department of Education when many publishers refused to renew contracts at current prices.

U. S. Declares
Romania Breaking
New Peace Treaty
Marshall Also Proposes
Big 4 Take Up
Russian Demands

WASHINGTON, Feb. 3 (AP)—The United States aimed a counter-punch today in the war of words with Russia. It charged Communist-dominated Romania with violating its new peace treaty.
Secretary of State Marshall gave notice at the same time, however, that the United States is ready to discuss again the Soviet price for a peace treaty for Austria.

Meat Controls
(Continued from Page One)
ify his views as department spokesman.
"If we are to have a rationing program," Brannan told the committee, "the authority to control prices is necessary to make rationing work."
He said it would require several months to develop an effective rationing system. He added, however, that "rationing by price is in effect today for far too many American families" as a result of high meat prices.
"Therefore," he continued, "it is essential that the Department of Agriculture, if we are the agency Congress has selected for the task, should now have the authority to control the prices of meat and related foods as a necessary instrument in any effective rationing program Congress may enact."

Queen Wilhelmina
(Continued from Page One)
pare for a free and sovereign United States of Indonesia under the Dutch crown.
"In free association with the Netherlands, Surinam and the Antilles, a sovereign Indonesia will be able to carry on her economic development, which already before the war was unprecedented in Asia," the queen said.
"Providing Europe and America with her goods and raw materials, Indonesia will be able to make a real contribution to the tremendous efforts now being asked from the American people under the Marshall Plan."

Food Prices
(Continued from Page One)
000 says the Federal Reserve Board, and that's just \$114,500,000 below the record high in the fall of 1947.
High incomes are leading more men to become farmers and they, in turn, report the average customer must wait from 6 to 8 months for a pig, or wait to be made to his satisfaction. The custom tailors and dressmakers' Association of America, by convention here, reports it's now a \$200,000,000 a year business.
President Lawrence Puel of Chicago says, "We could have doubled or tripled that if enough

skilled journey men were available.
"Big steel" will have 10 more facilities operating before the year is over. U. S. Steel Corp. said blast furnaces, stainless steel mills, cold rolled strip mills, laboratories, pipe, plate, coil, washers, coke ovens, and tin plate mills are scheduled to be completed this year.
Pressed metal manufacturers are selling steel washers old and new. The National Association of America, by convention here, reports it's now a \$200,000,000 a year business.
President Lawrence Puel of Chicago says, "We could have doubled or tripled that if enough

Lamont Dies

(Continued from Page One)
Parsons," published in 1946.
Lamont helped work his way through Phillips Exeter Academy and Harvard. Some of his university expenses were paid by holiday jobs on newspapers and following his graduation in 1892, he became a reporter on the New York Tribune.
Lamont's financial acumen was used by the Allies in both world wars. In the first war, he helped to finance Great Britain and France. In the second, he served as special consultant to the top secret committee of operations analysis, a War Department agency designed to co-ordinate the might of the Army Air Forces. In the period between the two wars, Lamont devoted much of his time to aiding in the reconstruction of a financially sound Europe.
He traveled widely and knew the problems of Europe and the Orient at first hand. During the Versailles Peace Conference, he was economic and financial adviser to President Wilson.

FORMER UNDERSECRETARY of State Dean Acheson is shown as he testified in Washington before the House Foreign Affairs Committee. Discussing the European Recovery Program, Acheson predicted that a strong, unified Europe would mean a change in "the whole aspect of the Soviet program." (International)

Stock Market

NEW YORK, Feb. 3, (AP)—Stocks, with scattered exceptions, put on a quiet retreat in today's market.
Prices generally slipped after a fairly active start but dealings slowed appreciably. While a number of pivots retained modest plus signs near the fourth hour, declines of fractions to a point or so held the majority.
Professionals cashed in further profits on last week's rally and customers trimmed accounts here and there because of persistent doubts regarding taxes, business, labor and foreign affairs. A little reinvestment demand had dropped some shares. The question of whether the Senate would go along with the House in the tax cut program served to restrain bullish contingents.
Occasional gains were included American Tobacco "B" International Harvester, Gohrich, Douglas Aircraft and Consolidated Edison.
Bonds were mixed and commodities erratic.
Supported in the curb were American Rubber, Circle Petroleum and Brown-Forman distillers. Backward were American Potash, Cities Service, Pantepec and St. Lawrence Corp.

Senate-House Group Votes To Cut Budget

Bridges Says Committee Was Told President Seeks Further Appropriations

WASHINGTON, Feb. 4 (AP)—A Senate-House group of House Democrats beat today a GOP-backed move to cut an additional \$200,000 from President Truman's emergency fund for the fiscal year starting July 1.

The fund, part of a miscellaneous agencies appropriation bill, already had been cut from \$1,000,000 to \$700,000 by the House Appropriations Committee.

Rep. Rees (R-Kan.) proposed reducing the fund to \$500,000, the amount the President received this year for emergency.

Twelve Republicans joined 70 Democrats in opposition to the amendment. All 59 votes for the amendment came from Republicans, but the members were not recorded individually.

WASHINGTON, Feb. 4 (AP)—A Senate-House Subcommittee voted today to seek a congressional pledge to cut \$2,500,000,000 from President Truman's \$39,700,000,000 budget for the fiscal year starting July 1.

Chairman Bridges (R-N.H.) also told reporters the subcommittee was informed by Senator George (D-Ga.) that Mr. Truman plans to ask Congress for an additional appropriation of about \$1,000,000,000 for foreign aid. This would include aid for China, Bridges said.

The Administration already has asked for \$6,800,000,000 to finance the European Recovery Plan for the first 15 months of operation.

Bridges said that since the extra \$1,000,000,000 for foreign aid is an appropriation figure and not necessarily an expenditure for fiscal 1949, it could not properly be added to the President's budget total.

But he said the presidential budget estimate probably would have to be increased by \$600,000,000 to lower the expense of (Continued on Page Six)

Phone Pioneers To Plan State Meet To Be Held In May

The executive committee of the David Laird Chapter, Telephone Pioneers of America, will meet at the Mayfair Inn on Saturday to discuss plans for a state wide chapter assembly planned to take place here in May. The Assembly is an annual affair attended by more than 250 delegates from all over the State, said E. V. Turner, manager of the local Bell Telephone office.

Telephone Pioneers of America is an organization composed of long service employees in the telephone industry throughout the United States and Canada.

Twenty-one years of service in the telephone industry is a requirement of membership, which at present is more than 116,000. J. E. Harrell, president of the New England Telephone and Telegraph Company of Boston, Mass., is president and S. T. Cline of New York is executive secretary.

Scheduled to meet here Saturday are Roy W. Cox of Jacksonville chapter president; W. F. Cook of Lakeland, past president.

Earl of Derby, Famed Briton, Dies At 82

PRESTON, ENGLAND, Feb. 4 (AP)—The Earl of Derby, 82, Britain's Secretary of State for war during World War I, died here today. He was one of the nation's best known sportsmen.

His family gave its name to the world's most spectacular horse race, and Lord Derby Long had been prominently connected with racing.

Marshall Plan Talk

LEWIS H. BROWN

INDUSTRIALIST Lewis H. Brown told the Senate Foreign Relations Committee in Washington that the Marshall Plan would fail unless the American, British and French zones of Western Germany are integrated. He urged that the aid program be administered by a separate agency and headed by a person of cabinet rank. (International Soundphotos)

St. Johns River Freight Dock And Warehouse Burns

Loss Estimated At Close To \$30,000; Believed Insured

Fire of unknown origin reduced the St. Johns River Line Dock and Warehouse to the piling and part of the platform last night. The fire was observed and first reported by Patrolman E. C. Walters at 1:47 A. M.

Located at the foot of Palmetto Avenue, the ancient wooden structure cast a lurid glow as it lighted up the waterfront, and was a mass of flames when firemen arrived from the nearby station, according to Fire Chief M. N. Cleveland.

Since the building of wooden construction was fully involved, the firemen could not save it, and the heat was so intense that they had to back up and keep the hose lines watered, said Chief (Continued on Page Two)

Andrew Carraway Scores Double Eagle

City Commissioner Andrew Carraway scored a double eagle on the par five tenth hole at the Seminole Country Club Sunday for the second time in the history of the course. After hitting his drive straight down the fairway on the dogleg hole, he played his second shot right into the cup with a No. 4 wood.

G. W. Spencer, who was playing with Mr. Carraway at the time, had previously performed this feat when in 1939, after hitting his first shot into the rough, he used a No. 6 iron to get on the green and the ball went into the cup on the fly. This event was widely publicized at the time by "Believe It Or Not" Bob Ripley.

Chase And Toll Are Put On USNR Group

JACKSONVILLE, Feb. 4 (Special)—Randall Chase and William J. Toll have been reappointed to serve as members of the Orlando Naval Reserve Advisory Council for the calendar year 1948.

Other members of the committee will be Captain Maxwell W. Wells, USNR, Chairman; Comdr. Victor N. Hutchins, USNR; and Comdr. Robert J. Plaus, USNR, all of Orlando.

The appointments were made recently by Rear Admiral Ralph Davidson, USN, Commandant, SEVENTH Naval District.

In a letter appointing the men to membership on the 1948 Advisory Council, Admiral Davidson stated that "each of you served in a similar capacity last year and as a group were 'Pillars of Strength' to the Naval Reserve in the Orlando area."

U. S. Wins ST. MORITZ, Switzerland Feb. 4 (AP)—Shy, pretty Mrs. Gretchen Fraser of Vancouver, Wash., won the first Olympic skiing medal in America's history today.

Woods Warns Of Rent Rise Of 50 Percent

One Landlord Asks For "Reasonable" Rents; Sends Note Of \$32.50 Increase

WASHINGTON, Feb. 4 (AP)—Tight E. Woods, federal housing expediter, said today he believes rents will go up 50 percent on the average if Congress fails to continue rent controls.

The present rent control law ends Feb. 29. Woods gave his views to the House Banking Committee which is studying the question whether Congress should enact a new one.

Woods said "a subtle conspiracy" is evident among some landlords to seek loopholes in the present law and boost rents.

He said a landlord recently told the House Committee that all he wants is "reasonable" rents. This same landlord, Woods said, has sent his tenants notices that rents will be boosted from \$42.50 to \$75, if controls are not continued.

He did not name the landlord. Continued rent control is part of the anti-inflation program President Truman has asked Congress to enact. Leaders say Congress probably will vote to keep rent controls, but see little chance for other parts of Mr. Truman's 10-point program.

Senator Sparkman (D-Ala.), a leader among those backing the President's program, says most of it is doomed.

WASHINGTON, Feb. 4 (AP)—The CIO today accused Congress of playing politics while the high cost of living carries the nation toward an economic smash-up.

Emil Blevy, CIO vice president, said the lawmakers should "bring above party politics" and impose price controls. (Continued on Page Three)

Snow, Cold Spreads Across Midwest To Nip Eastern Areas

CHICAGO, Feb. 4 (AP)—Snow and cold spread across the Midwest through many eastern states today. Fuel shortages in some areas continued acute.

Continued cold, but not the extreme subzero weather previously forecast, was expected in the Midwest.

Snow fell from Illinois eastward through the Middle Atlantic states. It was particularly heavy in Ohio, northern Kentucky, West Virginia and Pennsylvania.

Wind-driven snow was expected to total eight inches in New York city by tonight. In New England more snow will follow a cold snap that dropped temperatures to 64 below zero in Maine and Vermont, forecasters said.

Three to eight inches of snow fell in seven eastern states—Cincinnati, O., had nine inches. Missouri, Kansas, Oklahoma and Nebraska had light snow and freezing rain.

Fritz Kuhn, Exiled Bund Leader, Escapes

MUNICH, Feb. 4 (AP)—Fritz Kuhn, exiled former leader of the German-American Bund, escaped yesterday from a German internment camp at Dachau.

A German denazification board had him jailed last July for trial as a Nazi offender. He was deprived of his naturalized U. S. citizenship and deported from the United States in 1948. The board said he would be tried in absentia unless captured. No date has been set for the hearing.

Police combed southern Germany today, while authorities tried to find how Kuhn got out. Other inmates reported his disappearance.

Otto Gritschneider, his lawyer, said he had learned only this afternoon of Kuhn's escape. He commented: "Kuhn probably thought that he had to wait too long for his trial and preferred to await his acquittal in a more comfortable place."

'Friendship Train' Food Burns

HUGE STORES OF FOOD from the "Friendship Train" are destroyed as a Paris warehouse is swept by flames. The supplies were contributed by scores of American communities for the hungry children of France. Above, firemen play a hose on the smoldering ruins. (International)

Truman's Civil Rights Message Draws Fire From South's Press

WASHINGTON, Feb. 4 (AP)—Republican leaders drew comfort today from the Democrats' intra-party row over the racial question.

Chairman Carroll Reece of the Republican National Committee said the controversy is further proof that the Democrat party is made up of "splinter parties with discordant and mutually antagonistic aims and purposes." Reece issued a statement.

President Truman's civil rights message was the target of another Southern Democrat barrage in the House, this time bringing the Republican Party in the line of fire too.

BY THE ASSOCIATED PRESS
President Truman's message to Congress on civil rights and his request for anti-lynching, anti-police and fair employment practices laws drew editorial fire from a number of southern newspapers. One accused him of trying to buy votes with contempt for southern customs.

Praise came from some northern newspapers today, but they saw little hope for adoption of the program.

The New York Herald Tribune said the President "was awfully even before they vociferously told him so yesterday that, his Solid South will resist his recommendations no less bitterly than they have done in the past, and that an election year will be no time to fight that kind of battle to a finish. It is difficult to resist the impression that Mr. (Continued on Page Six)

Student Veterans And Job Training Allowances Hiked

WASHINGTON, Feb. 4 (AP)—A \$10 to \$30 monthly boost in living allowances is in prospect for approximately 2,000,000 veterans attending school.

Congressional action on a bill providing the increases was completed yesterday by the House. Only President Truman's signature is needed to make them effective April 1.

The House also passed Senate-approved legislation to let ex-GI's draw more pay for on-the-job training. But it has to go to a Senate-House conference committee to thrash out differences.

The bill raising government subsistence allowances for student veterans cleared the house on a (Continued on Page Six)

Iraq-British Treaty Rejected By Council

BAGHDAD, IRAQ, Feb. 4 (AP)—An official said tonight the council of ministers had rejected the Iraqi-British alliance.

Riots protesting the accord have cost scores of lives and caused the fall of Premier Raith Bey Jabur's cabinet. He has left Baghdad. (Sally Jabur's wife said in London he had fled to Trans-Jordan.)

An official note of rejection has been handed to the chargé d'affaires of the British embassy. The informant said the treaty was rejected by the council three days ago and that news was withheld while details of the diplomatic manner of rejection were worked out.

Marshall Says Reds Included As Immigrants

150 To 200 Communists Among 12,000 Jewish Persons On Way To Palestine

WASHINGTON, Feb. 4 (AP)—Secretary of State Marshall professed Congress today for action on the European Recovery Program in the next two months. He said: "Unless the aid plan is authorized before Apr. 1, the pipeline of food and material to western Europe will run out." The result will be to confront the U. S. government with great embarrassment. Senator Vandenberg (R-Mich.) when told later what Marshall had said, commented that he thought Congress would act by Apr. 1. Vandenberg is chairman of the Senate Foreign Relations Committee.

WASHINGTON, Feb. 4 (AP)—Secretary Marshall said today the State Department has been informed that Communists were among a group of Jewish immigrants intercepted while on the way to Palestine from the Balkans.

Marshall told a news conference he had seen the department's report but did not recall on what authority it was based.

He added that he had a dim recollection the report said something like 150 to 200 identified Communists were included among the 12,000 immigrants. Their ships were halted by the British.

Marshall did not identify the vessels. Presumably he referred to immigrants aboard the ships Pan York and Pan Crescent which were intercepted last December.

Dispatches said that before these sailed from Balkan ports, several other vessels carrying unauthorized immigrants also left Romania, Bulgaria and Yugoslavia.

Asked whether there are any indications that the Russians are softening their attitude toward the United States, Marshall said he did not think of any. He declined comment on recent Soviet protests against American actions abroad.

Boy Scout Troop Gives Exhibition At Kiwanis Meet

Kiwanians were entertained today at the tourist center by members of Boy Scout Troop No. 5 which is sponsored by the Kiwanis Club. The Boy Scouts were introduced by B. B. Crumley and Herman E. Morris.

Boy Scouts participated in first aid, knot tying, fire making and flag signaling contests between three groups with Kiwanis routers assigned to each group cheering them on.

Jack Spencer, senior patrol leader, directed the scouts, who were transported to the meeting by Capt. Byrd Hudson of the Salvation Army.

The scouts outlined the qualities of scouts, such as courtesy, bravery, obedience and cheerfulness. Alan Heisel won the first aid contest; Oliver Andes won the knot tying contest and Stanley Brumley won the fire making contest with flint and steel. Brumley recorded, John Fox read and Leonard Wilkinson waved the flags in a demonstration of signaling.

Other scouts participating in the program were: James Wilson, Bob Walton, John Bach, Billy Clark, Walter Graham, Leonard Taylor and Henry Cordell.

At the conclusion of the program Kiwanians, visitors and boy scouts linked hands for the hand (Continued on Page Six)

PILOTS STRIKE NEW ORLEANS, Feb. 4 (AP)—Three plane flights out of New Orleans were cancelled today because of the pilots strike of National Airlines.

A company official here said the grounding resulted in cancellation of about 70 reservations. Three other flights scheduled for departure over National during the afternoon and night had not been cancelled.

The company official said the main office in Miami had advised against calling off the latter three flights.

Douglas Stenstrom

Announcing his candidacy for Seminole County Judge last week was Douglas Stenstrom, Stetson law student, who will graduate in March. Mr. Stenstrom graduated from Seminole High School, served in the recent war, and also attended the University of Virginia.

Higgins, Lee Give Report On Flood Control Hearing

General Youngberg Asks Consideration Be Given Navigation

A detailed report for consideration of navigation on one of the proposed flood control canals between the St. Johns and Indian Rivers was made Monday in Miami by General Gilbert A. Youngberg, who represented the St. Johns River Improvement Association and Florida Inland Navigation District at the public hearing held on the \$208,000,000 plan drafted by Army Engineers to prevent floods in central and south Florida.

"At least we got our foot in the door," commented Edward Higgins, manager, and Al Lee, waterways chairman of the Seminole County Chamber of Commerce upon their return Tuesday afternoon from the hearing. They indicated by this statement that Seminole County has made a start on selling the government on the idea of a navigation canal to the Indian River.

Edward Higgins represented Seminole County and the Chamber of Commerce in endorsing the proposed plan for flood control and water conservation on the upper St. Johns River.

In his talk before the engineers he stressed the fact that damage by floods to Seminole County was damage to improved pastures, roads, bridges and city streets, and that the improvement was not requested with the idea of developing further lands, but to make more usable the lands already developed.

Mr. Tate is a member of the American Legion, lives at 2010 Maple Avenue. He is a property owner and pays taxes in Seminole County. In 1932 he was a candidate in the run-off primary for sheriff.

Mr. Tate pledged that if elected he will enforce the laws. He declared that he had made a study of law enforcement, and therefore feels that he is fully qualified to render an honest and efficient administration of the office.

A. A. Gatlin Dies At Home In Tampa

Arnold A. Gatlin, 65 year old resident of Tampa, and brother of Mrs. M. B. Nelson and Ben Gatlin of Sanford, died in his sleep yesterday. Mr. Gatlin formerly lived in Sanford, but had lived in Tampa for the past 10 years.

Funeral services will be held at the graveside in Evergreen Cemetery at 2:00 P. M. Thursday with the Rev. W. F. Brooks, Jr., officiating. Erickson Funeral Home is in charge of arrangements.

Other survivors include another sister, Mrs. Bula Smith of Gulf Hammock, Fla., and a brother, Ellis Gatlin of DeLand.

GOVERNOR DIES NEW YORK, Feb. 4 (AP)—John Lawrence Goheen, 64, possibly the only American ever to rule in India princely state, who was temporary ruler of Ichalkaranji from 1930 to 1934, and principal of the Allahabad, India, agricultural institute, died last night. He was born at Kohapur, West India.

Britain Asks Halt On Wage, Profit Hikes

Britishers Asked Not To Appeal For Pay Raise On Promise Of Lower Prices

LONDON, Feb. 4 (AP)—The British government called today for a halt on increased wages and profits. It was a move to check inflation.

Prime Minister Attlee's Labor government issued a White Paper saying: "It is essential that there should be no further general increase in the level of personal incomes without at least a corresponding increase in the volume of production."

"Unless we are prepared to check such a tendency, we shall find ourselves unable to fulfill our export task, owing to the rise in costs, which will be reflected on the home market."

In recognition of the shaky British economic position, Attlee planned to take the floor in the House of Commons and outline the need for self sacrifice by British workers and employees.

The government cautioned against the danger of a race between rising prices and personal incomes, saying prices "always win in the long run." The White Paper said wage earners always are the greatest sufferers.

"There is no justification at the present time for any rise in incomes from profits, rent or other like sources," the White Paper said. "Rises in wages or salaries should only be asked for and agreed upon in the exceptional cases."

The White Paper promised, however, that, except for tax (Continued on Page Five)

Sanford Merchants To Keep Open Shop All Day Wednesday

A decision to keep stores open Wednesday afternoons from Feb. 11 through Apr. 30 and in the future from Dec. 1 through Apr. 30 was made by the Sanford Merchants Association yesterday afternoon at its meeting at the Tourist Center.

W. A. Morrison, president, said that the action was taken after the Association had contacted neighboring towns in regard to the Wednesday closing and declared that the ruling is in line with actions of these towns.

John Ivey of the Publicity Committee discussed plans for advertising by the Association. Chairmen and members of various committees were appointed.

W. V. Bittling, a former president, was named chairman of the Business Development Committee which includes Joe Saunders, George Touhy and Charles Luke.

E. C. "Ned" Smith, immediate past president, was named chairman of the Business Standards Committee with R. T. Hunt and B. L. Perkins as members.

Jack Hill was made chairman of the Credit Control Committee which includes William Kader and D. K. McNah.

The Membership Committee has George Austin as chairman and all directors as members. A. L. Lyon was appointed to head the Public Relations and (Continued on Page Four)

VFW District Meet To Be Held Sunday

The VFW district meeting will be held here on Sunday. Men will meet at the Tourist Center and the ladies auxiliary at the City Hall. Mayor Robert A. Williams will welcome the delegates. Commander F. D. Scott will award a citation of cooperation to Manager Thompson of radio station WTRR. The meeting will be broadcast from 10:15 to 10:45 A. M. and distinguished guests will be introduced at that time. A feed will be held at the Legion Hut and free colery will be given to all delegates. A ride on the Frenchman's Bay will climax the meeting. Commander Scott, Mrs. O. W. Johnson, president of the women's auxiliary and John L. Bauls, commander of the eighth district will preside.

SERVICE OFFICER
A representative of the Florida State Service Office will be in the office of County Service Officer Lloyd F. Boyle, 203 North Park Avenue, at 8:30 A. M. Friday to help all veterans, or their dependents, with claims or other benefits.
