(INS)—Former Governor
Frank O. Lowden of Illinois is
a formal candidate for Presi-
dent in his own state, it was
announced here today by his
campaign manager, Homer Custer,
former state treasurer.

M. F. ROBINSON, PIONEER, DIES OF PNEUMONIA

Local Resident Of 39 Years
Succumbs Following Short
Illness; Had Enjoyed Good
Health For Man Of His Age

Largest Citrus Owner
In State One Time

Native Pennsylvanian Came
To Florida In 1886, Estab-
lishing Bank At Seville

Following an illness of only
four days, M. F. Robinson, one
of Sanford's oldest and best known
citizens, passed away at 1:30
o'clock this morning at his home,
Park Avenue and Fourth Street.
Death was due to pneumonia.

Mr. Robinson, who was 81 years
old, had enjoyed unusually good
health for a man of his years.
Until shortly before his death he
was active in business, giving his
most attention to the manage-
ment of his extensive property
holdings and other interests.

Prosecution Rests Its Case In Trial Of William E. Hickman

LOS ANGELES, Feb. 8. (INS)—
The prosecution rested its case
in the trial of William E. Hickman,
Sanford resident, for the murder
and kidnaping of Marion Parker
at 10:30 o'clock this morning.

North Carolina Pays Tribute To Official

RALEIGH, N. C., Feb. 8. (INS)—
All that was mortal of W. N.
Everett, ex secretary of North
Carolina, lay in state in the draped
Capitol building here today, as
North Carolina paid tribute to
one of its most popular state
officials.

Brewer Sentenced

CINCINNATI, O., Feb. 8. (INS)—
Carl Wiedemann, vice president
of the George Wiedemann Brewer
Company of Newport, Ky., today
was sentenced to two years in the
Atlanta Federal Penitentiary and
fined \$10,000. Federal Court at
Covington, Ky., when he changed
his plea of not guilty to guilty of
the charge of violating federal pro-
hibition laws returned against him
last Oct.

Correspondence Reveals That Rockefeller Urged Oil Chairman To "Tell All"

WASHINGTON, Feb. 8. (INS)—
John D. Rockefeller, Jr., person-
ally urged Robert W. Stewart, Bel-
ligerent chairman of the Standard
Oil Company of Indiana, to tell
"the whole story" about the mysteri-
ous disappearance of the Standard
Oil Company's \$50,000,000 oil fund and
"to protect those who may have been
guilty of wrong doing, justifies the
withholding of any slight fact that
will help clear up the situation."

FRITZ KREISLER 'SPEED DEMON' OF TO APPEAR HERE BRITAIN ARRIVES THURSDAY NIGHT WITH RACING CAR

Program For Concert Is Made
Public By Alliance Managers
Many Choice Seats Are
Available, Says Marentette

Preparations are complete for
the appearance tomorrow night
of Fritz Kreisler, world famous
violinist, who will appear in con-
cert at the Milne Theater under
the auspices of the Chamber of
Commerce and other Sanford
 civic clubs.

2 German Officers Of Secret Militia Faced By Execution

BERLIN, Feb. 8. (INS)—Two
German officers of a secret mili-
tary organization were today
faced by execution.

Sanford Boys Win Honors At Tampa Fair In Past Week

SIX members of the agricultural
clubbers of the Sanford High
School have returned from Tampa
where for three days last week
they took part in demonstrations
and competed for prizes in the
judging contests of the South
Florida Fair. The group was
commanded by R. E. Cooper, in-
structor.

Four Members Of County Board Are To Ask Re-Election

Four members of the County
Commission today announced their
candidates for re-election in the
Democratic primary of June 5.
They were: John Meisch, chair-
man, Boston Steele, Frank Evans
and B. F. Wheeler.

ELECTRIC RAY SEEN AS CURE OF CANCER AIL

U. S. Public Health Service Is
Conducting Research That
May One Day Give Country
Actual Remedy For Disease

Small Animal Life
Used In Experiment

Congress Has Been Asked To
Appropriate Funds To Con-
tinue Remarkable Tests

WASHINGTON, Feb. 8. (INS)—
Believing into the mystery of a
little known band in the spectrum
of radiant energy, the extremely
high frequency electric oscillations
even more rapid than the ultra-
violet rays, the U. S. Public
Health Service is conducting a re-
search that may one day give the
world an actual cure for cancer.

Good Will Ambassador Lands On Cuban Soil Amid The Cheers Of Enthusiastic People

HAVANA, Feb. 8.—Col.
Charles A. Lindbergh com-
pleted his conquest of Span-
ish America today by bring-
ing his famous mono-
plane the Spirit of St. Louis
down to a safe landing at
Columbia Field, Havana, at 3:45
o'clock, amid the joyous ac-
clamation of one of the largest
crowds that has greeted him
since his departure from
Washington last December.

Notables Are Present
To Receive Honored
Citizen Of America

A group of representative offi-
cials and a great crowd of en-
thusiastic Cubans were ready at
Columbia Field to hail Col. Lind-
bergh's plane as it soars over
Cuba from Port Au Prince, Haiti.

Search Is Instituted For Missing Doctor

GASTONIA, N. C., Feb. 8. (INS)—
State-wide search was instituted
today for Dr. James A. Dimmette,
prominent Gastonia physician, who
mysteriously disappeared just be-
fore sheriff's officers called on him
to serve papers calling for his
commitment in the state insane
asylum.

HOOSIER LEADER PLACED ON TRIAL FOR CONSPIRACY

GOVERNOR OF INDIANA FACES IN-
DICTIONS WHICH ARE OUT-
GROWTHS OF SENSATIONAL POLI-
TICIAN SCANDALS OF 1927

INDIANAPOLIS, Ind., Feb. 8.—
(INS)—Ed. Jackson, thirty-second
governor of Indiana, was to go
on trial here today on the charge
of conspiring to commit bribery.
The governor planned to waive
arraignment and enter a plea of
not guilty as the trial opened.

Martin Gets Negro Charged With Theft Of Dress, Trousers

FRED LIND, negro, was arrested
today afternoon by Lieutenant
L. A. Martin on charges of the
theft of a dress, trousers and a
hat from the home of Anna
G. Bell, negro, who lives near
Lind. Facing a technical charge of
petty larceny, Lind was this morn-
ing turned over to county authori-
ties to await trial in county court.

Levitt And Moberg Will Be Seen Here In Feature Bout On Wednesday Night

The second of a series of boxing cards to be given here under the auspices of the Florida National Guard will be staged Wednesday night at the armory, according to an announcement today by Henry Godale, who is promoting the entertainment.

Larry Levitt, Sanford fighter, and Henry Moberg of Kissimmee will be seen in the main bout of ten rounds. Levitt has appeared frequently in the local ring and is a clever scrapper. He has been training under the watchful eye of Louis Retondo, his manager, who pronounces his protégé in fine trim for the Kissimmee flash.

On the other hand word comes from the Osceola seat that Moberg expects to make things hum for Levitt and is confident of winning by a knockout. Sanford fans have not had the opportunity of seeing Moberg, but his record is said to be good. He has fought considerably around Orlando here he has bowled over many opponents.

In matching the two, Godale believes he has arranged one of the best attractions seen by local ring enthusiasts for some time. The winner will probably be matched against even tougher opposition and Sanford is scheduled for such a match, according to the dope that is being given out now.

As a semi-final attraction, Godale has matched Kid Beckham, also of Sanford, with Kid Levy of Cleveland. It will be for eight rounds and is expected to be crammed full of action. Both scrappers like to mix it fast and furiously. If this scrap ends in a knockout it will surprise none of the local fans who are familiar with the tactics of both men.

Kid McAllister and Tommy Parson will be seen in one of the four-round preliminaries and two other scraps are also scheduled to make the evening's entertainment complete in every detail. The first bout gets under way at 8:30 o'clock and the main mill is scheduled for about 9:30 or 10 o'clock.

TRIS SPEAKER TO WEAR ATHLETIC SUIT THIS YEAR

Spoke Comes To Terms With Connie Mack And Is Understood To Receive \$25,000;

NEW YORK, Feb. 6. (INS)—Daddy Tris Speaker has gone to hunting and brought home approximately \$45,000 worth of bacon.

That is the salary which experts today estimated the veteran outfielder will get from the Philadelphia Athletics, with whom he came to terms yesterday. Speaker is understood to have received \$45,000 from Washington last season, and was released by the Senators last week after declining to take a voluntary salary education of considerable proportions.

With "Spoke" in centerfield, Mr. McGillicuddy is assured of an outfield at least as strong as last year's, when Tyrus Cobb roamed the outfield in slowtown. And the Gray Eagle will provide a drawing card recently, when Cobb refused to take a cut in salary and left the A's flat.

Speaker said he and Mack reached a salary agreement in a long distance telephone conversation (S. E. 22nd day) afternoon. He declared that both he and Mack were satisfied with the terms. Speaker said he would report to the Philadelphia training camp at Fort Myers, Fla., on March 1.

This will be Speaker's twenty-first season in the big show and the Athletics will be his fourth Major League team. He formerly played with the Red Sox, Cleveland and Washington. In 1920 he led the Indians in world's championships.

But he is not yet ready to leave for his training camp on Feb. 23. This, of course, is going a bit too far.

What he means is that he will work out with the professor present. The sight of men working in the professor's reward for a life spent among medicine balls and dumbbells. A lot of the latter can't be hung on the wall, either.

Anyhow, the boy friend, having ignored his punch through an entire winter, is now ready to "begin" for his examinations. He probably will need plenty of go, old fashioned, obnoxious work at the age of thirty-four, and, unless I shove the professor mixed up with a few other fellows, he probably will need it.

It is said that he can bowl a 200 in 20 minutes for all the year, and is a regular in baseball. He has been in the Florida State team for the past few years. He is a regular in the Florida State team for the past few years. He is a regular in the Florida State team for the past few years.

Will Rogers, "Congressman-At-Large", One of the First to Drive Victory Six

The famous comedian, Will Rogers, who acted as master of ceremonies during the "Victory Hour," the \$67,000 national radio hook-up which announced the Dodge Brothers Victory Six on Jan. 4, was one of the first to drive the much talked of automobile. The "Congressman-At-Large," as he terms himself, is seen just as he is about to get into the new Victory Six Sedan in Hollywood, California, his home.

On the night of the "Victory Hour" he, who has stood in front of thousands of audiences had "mike" fright. Seated at the microphone in the study of his home, cold perspiration stood out on his brow. During a time when Paul Whitehead in other parts of the country was "on the air" for the Dodge Brothers, Inc. program, Mrs. Rogers looked in and said, "What's the matter, daddy, just night?" Will replied, "No, darling, it's the only night in my life that I'm afraid to go to bed."

In order that Rogers could tell that his "mike" were going over right, he had an audience of the "cousins" of C. C. McNam, Don E. Gilman and A. P. Hill. He looked over the microphone at them and watched them just as he would an audience in a theater.

Babe Ruth Reveals Large Profit For The Year And Improved Physical Shape

By Davis J. Walsh International News Service Sports Editor.

Physical reports were submitted by the board of estimate of Mr. B. Ruth, Inc., today, which is one of the most important Tuesdays this week. It may be only the seventh of the month to a lot of people who were born on the sixth and the eighth and weren't named B. Ruth in the first place, but this is the former's loss in home runs to the number of sixty and in dollars to the number of 100,000 each year.

It, therefore, is worthy of attention that fiscal reports on this his thirty-fourth birthday, show Mr. B. Ruth approximately \$120,000 "out of the red", a vulgar term indigenous to the patter of bank examiners and other opponents of personal liberty. For the benefit of the priests, it may be explained that this means Mr. B. Ruth is that much off the net.

again will be sworn from the parter ritual of self denial. Starting tomorrow, Mr. B. Ruth will be working out with the professor present. The sight of men working in the professor's reward for a life spent among medicine balls and dumbbells. A lot of the latter can't be hung on the wall, either.

Anyhow, the boy friend, having ignored his punch through an entire winter, is now ready to "begin" for his examinations. He probably will need plenty of go, old fashioned, obnoxious work at the age of thirty-four, and, unless I shove the professor mixed up with a few other fellows, he probably will need it.

Gene Tunney Thinks Dempsey's Through With Roped Arena

NEW YORK, Feb. 7. (INS)—Gene Tunney wants to defend his title twice this year but he says he will fight only once because he thinks that Jack Dempsey is through and will not be available for a bout this fall. The heavyweight champion, outlining his time plans today, said he was convinced that Dempsey has quit the squared circle for all time.

Gene Tunney wants to defend his title twice this year but he says he will fight only once because he thinks that Jack Dempsey is through and will not be available for a bout this fall. The heavyweight champion, outlining his time plans today, said he was convinced that Dempsey has quit the squared circle for all time.

"Right now I am signed for only one bout this year," said Gene. "I will be in June, against the winner of the elimination tournament between Sharkey, Riske, Delaney and Heeney. I want two bouts, but it may be that no out-tending opponent will be available for a second match."

Tunney is back in his home town for a ten-day visit. The champion was visibly depressed. Far from that dear Miami shore, with its golf and swimming, he must go to a huddle with the income tax collector concerning his tax returns for 1927. Since he earned a cool million in the Dempsey bout at Chicago alone last year, the Tunney bankroll is due to absorb considerable punishment.

Gene revealed that promoter Tex Rickard offered Dempsey a "huge purse" for a title bout next Sept. "When Jack turned down that offer I knew he was through," continued the Champ. "I believe that his eyes are troubling him and that he will not risk a further injury to them. Once I had eye trouble for months, myself."

Other title holders in the first flight, who won their position in competition with a field of 25, were Miss Virginia Holdrege, of Baltimore, champion of Maryland, who was second in the qualifying round with 88; Mrs. Harold Trout, of the Springfield, Ohio, country club, city champion at Springfield; Mrs. Edwin Druephy, former city champion of Cincinnati; and Mrs. W. A. Webster, Jr., of Boston, former holder of the Miami Women's Championship.

GIANTS GET ORDERS
NEW YORK, Feb. 7. (INS)—Various members of the Giants and Yankees received in today's mail orders to go marching through Georgia and Florida to the spring training camps. The first squad of the Giants will leave here Sunday night, picking up a flock of catchers and pitchers in St. Louis and reporting at Hot Springs, Ark., a week from tomorrow. From there they will move to Augusta, Ga., on Feb. 29. Only ten Giants remain unsigned.

KEEPS COACHING METHODS
NEW HAVEN, Conn., Feb. 7. (INS)—Although T. A. D. ("Cudd") Jones will not coach the Yale football team next season, the methods which he inaugurated will be retained. This was assured by the appointment of Jones last night as chairman of the graduate advisory committee on football for 1928. The coach for 1928 will be picked by the committee, and indications today were that the new mentor will be a member of the present coaching staff, Marvin Stevens, 25 and Charlie Comerford, 18, were mentioned today as outstanding candidates.

SAYS DEMPSEY WILL FIGHT
NEW YORK, Feb. 7. (INS)—Leo Flynn, who trained Jack Dempsey for his last two bouts, is among the vast majority who refuse to back Jack Dempsey's return to the ring. Flynn said today he expects to hear from Dempsey within a few days and he also expects to handle the old Manassas Man Mauler for another Tunney fight next fall.

Perfect Refrigeration Is Assured In New Box Put On Sale By General Electric

The Research Laboratories of the General Electric Company have been responsible for the development of many of the electrical appliances and equipment which are now a part of our daily lives. The latest of these is a new refrigerator, which is now being put on sale by General Electric.

This refrigerator was built as a result of the research work of the General Electric Research Laboratories. It is a perfect example of the company's ability to develop new and improved electrical appliances.

The refrigerator is built with a special design which assures perfect refrigeration. It has a special cooling system which keeps the food fresh and cool for a long time.

The refrigerator is also very quiet and efficient. It uses very little current and maintains a uniform temperature. This makes it a perfect addition to any home.

"One is never lonely with the telephone."

Do I mind being alone? Well, I can't say I'm frightfully keen about it, but there are worse things, you know. Exactly, one is never out of reach of one's friends with a telephone near. . . . When Grant is away on one of these trips, he seldom fails to call me every evening by long distance. . . . My dear, it's the best sort of tonic — just hearing his voice. . . . No, I'm not a bit uneasy at night any more. It was his idea that we have an extension put in the bedroom, and you can imagine what a comfort it is, and besides it gives me such a complete sense of security."

The Herald, Sanford, Florida, is a member of the International News Service, receiving from this superior news organization daily all the leading events of the entire world.

WEDNESDAY, Feb. 8, 1928. THE HERALD'S PROGRAM: 1-Denunciation in city and county newspapers.

WIDE VENUE FOR TODAY HEART WISDOM-When wisdom entereth into Thine heart, and knowledge is pleasant unto thy soul.

After the last bright wings had lifted, After the eddies in rain, Whispers of flame ran there, and drifted.

Only an old house came from behind, Peering down with its windows bluffed, Hearing once more 'a ghostly rind'

Traciless now is the deep snow, drifting, Filling the lane, to a snow-sealed door.

Never the sound of old hands lifting, The latch any more? By Gibson Ward Duesbach.

Many a Florida city hath a way of forming Hathaway Clubs. Every place are going up and Sanford is looking better every day.

Isn't it funny how seldom a cigarette fiend has a match, and never a cigarette? Wife and Paramour: Get Late 'of murder' headline. A fair exchange is no robbery.

The same people who knock one newspaper because they don't see anything in it, knock the other one because there is.

William Childs, the Hapack kid, has just been married. But his wife can't show him a thing or two about how to cook.

Well the bank trial has been postponed again. But sometimes, you know, the longest way round is the shortest way home.

Am Carson says the dispatch about his appointment for governor was premature. That's too bad. We had hoped it were true.

Modern Improvements

We read in the despatches that two hundred and seventy Reds were executed by a Chinese general in the vicinity of Canton. We gasp for breath and wonder what it is that causes such candid exhibition of the brute instinct.

Yet we read, and are not surprised to learn, that train wrecks in our own country caused the deaths of one hundred and fifty-two passengers in 1926. One might be inclined to think that all modern improvements, solid road beds and bridges, electric signal bells and lights, electrically controlled crossing arms, breaks, and whatnot, and hundreds of other precautionary devices, would have eliminated such accidents altogether.

It is true that remarkable progress has been made. In 1906, just twenty years earlier, no fewer than three hundred and fifty-nine persons were killed on trains although the traffic at that time was considerably lighter than it is today. This is largely attributed to the fact that steel coaches have supplanted the fragile wooden coaches of the earlier period.

In the early days of this century a train wreck meant a huge mass of splintered timbers and shattered bodies, almost a composite saw dust pile which might be expected promptly to burn. It was almost a complete annihilation. Today it means many bruised heads, a few cuts on arms and legs, possibly a death or two, but seldom anything in the nature of a disaster. Steel cars have done much to reduce train casualties.

Why we should not expect the same reduction in airplane accidents, there is apparently no obvious reason. In twenty years trains have become comparatively safe. It is only reasonable to believe that during the next twenty years improvements made on airplanes will render them quite as safe and as easily accessible even for the most retiring of old ladies.

Perhaps it will be the invention of steel airplanes with bumpers on the bottom so that when they fall they will bounce a few times until they finally come to a standstill of their own accord without even a heavy jolt for the passengers within. Or perhaps it will be the discovery of some powerful, non-inflammable gas, which can be compressed within a steel car, and which, in the event of an accident, will have sufficient lifting power to hold a heavy plane in air or at least allow it to fall only very gently to earth. Who knows?

The South Florida Fair

The South Florida fair is about to close. The most successful year in its history. Despite many handicaps, the event has been bigger and better than ever before. There can be no doubt as to this fact when we consider the numerous records that have been shattered in this year's undertaking. The exhibition has been a huge success from the beginning and each day has seen some new mark established.

Tampa and all Floridians are proud of the reception given the fair this year. Its exhibits have been larger and more numerous than ever before and the attractions have been more widespread. The Gasparilla celebration, held in conjunction with the event, is one of the most twenty anticipated celebrations of each year and the one top 1928 has served to eclipse all others in beauty and enjoyment.

Some idea of what has been done at the fair is given in an editorial appearing in the Times, which points out "Opening day attendance this year was 16,584, as against 16,125 for the same day last year. With a crowd mounting to 86,954 in attendance on Children's Day last year's total of 79,181 was exceeded by 6,873.

TEARS BALTIMORE SUN

It is of course, unfortunate to have to think of a husband and wife as pitted against each other in a suit of domestic warfare. But there are times in the best regulated homes when the two hearts that beat as one somehow get out of stride and the inevitable clash ensues.

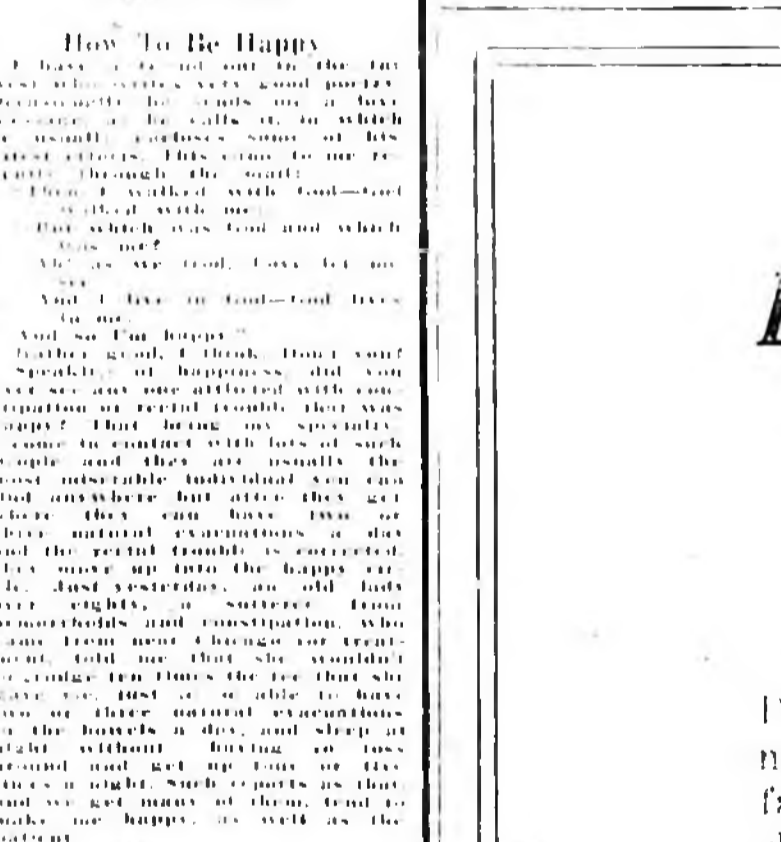

So far as debates concerned the sexes are equally endowed. Both are capable of irony, sarcasm, cynicism and the stinging blasts of personalities. The distinction between male and female only appears in the upper reaches of the emotions where the man instinctively thinks of force and the woman of tears.

Force, however, is no longer a practical weapon. Even if a husband were so brutal as to employ it the neighbors would object, and society steps in with all sorts of laws and penalties. Such behavior is justly set down as cruelty. Strangely enough, though, until recently, men have made until recently they have neglected to include a wife's tears among the cruelties of which the law takes account. It is not surprising that woman has realized the weapons forged to her hand and employs it when her back is against the wall.

Of course, a man, too, is within the law if he resorts to weeping. But while weeping in soprano or contralto is a very beautiful and non-inspiring thing, weeping in tenor, baritone or bass is altogether abhorrent unless a man has had training at a conservatory of music and can do it to the accompaniment of a full-strung orchestra. In consequence public sentiment is quite rightly as much opposed to it as it is to his use of force.

Baptist Alatheans Have Social Meeting

The Alathean Class of the First Baptist Church met Tuesday afternoon in their class room at the church for their regular business and social meeting. The hostesses for the afternoon were Mrs. J. C. Mitchell, Mrs. B. F. Gann and Mrs. C. P. Henderson.

Mrs. Mitchell, class president presided, when routine business was carried out. Miss Blossom Thompson, who is conducting a study course at the church this week, was present and gave a very interesting talk on the duty of the organized class member.

After all business had been finished, the members enjoyed a social hour, when several piñata selections were given by Miss Charlotte Nix, Mrs. Estridge and little daughter Marlin, and a group of readings were given by Miss Gladys Henderson. At the close of the program the hostesses served sandwiches, pickles, cheese wafers and orange ade.

St. Agnes Guild Will Sponsor Cabaret Soon

One of the largest and most enjoyable affairs of the season will be the cabaret on Tuesday evening at Hotel Forrest Lake, beginning at nine o'clock, under the auspices of the St. Agnes Guild. This affair will be held in the main dining room, which will be arranged for dancing as well as with tables for dinner parties. Service will be a la carte.

An especially interesting program has been arranged which will include several choruses, dances in which some of Sanford's prettiest society girls will take part. In addition to the choruses, dances, the feature of the evening will be a Gypsy Dance in costume, by Mrs. Edith Martin, "Red Barber," the incomparable, who will give a Black face song and dance which will be one of the hits of the evening. The latest Broadway songs will be sung by Miss Mildred Holly. During the past week, movies have been made about town and will be shown during the evening.

A number of society matrons and maidens wearing fetching costumes will act as vendors, and other real cabaret features have been arranged.

Pipe Organ Club Has Meeting On Monday

The Pipe Organ Club of the First Baptist Church held its regular meeting Monday afternoon at the home of Mrs. E. Estridge in Edgewood. Mrs. Estridge and Mrs. Monahan were hostesses. Calendars and baby breath were combined and used in baskets and boxes about the rooms where the members assembled.

Regular business session was presided over by the club president, Mrs. J. H. Coleough after which the meeting was turned over to the study class chairman. The members responded to a roll call with incidents from the life of Abraham Lincoln.

The next meeting will be held Monday at the home of Mrs. E. Estridge on Palmetto Avenue. During the social hour, Mrs. Robert L. Glenn and Mrs. C. H. Cook sang a number of vocal solos and duets after which refreshments of a salad course and coffee were served by the hostesses assisted by Miss Willink.

Members present were Mrs. Leo Bryson, Mrs. F. E. Holz, Mrs. R. F. Cooper, Mrs. F. J. Coole, Mrs. James F. Hawkins, Mrs. H. Cook, Mrs. J. H. Coleough, Mrs. I. E. Estridge, Mrs. W. D. Gardner, Mrs. Robert L. Glenn, Mrs. J. C. Mitchell, Mrs. Charles Marghall, Mrs. B. G. Methvin, Mrs. C. M. Moore, Mrs. Sidney J. Nix, Mrs. A. K. Rossiter, Mrs. E. W. Lawton, Mrs. A. C. McLendon, Mrs. G. S. Selman, Mrs. James G. Sharon, Mrs. W. A. Zachary, Mrs. Arthur Gatchell, Mrs. T. L. Hale, Mrs. Charles Henderson and Mrs. H. A. Moreland.

BIRDS OF A FEATHER

Two weary strangers met on the road one day. One was a man who had been in business and extended credit to everybody without getting a credit report.

ANNUAL BRIDGE LUNCHEON

The annual bridge luncheon given for the members of the Social Department of the Woman's Club will be held Tuesday at one o'clock at Hotel Forrest Lake, with Mrs. John W. Melich Jr. and Mrs. A. P. Connelly as hostesses. This affair is always one of the largest and most brilliant social affairs of the season and one in which much interest is manifested. All members of the department may have an extra guest, but the guest's name and the remittance must be sent to the committee in charge not later than Monday noon, but no reservations will be taken after that time. For reservations please telephone either Mrs. John Melich or Mrs. Connelly.

Seed Firm To Stage Rose Bush Sale Here

The Dean Seed Company of Orlando will stage its annual rose bush sale in Sanford on Friday and Saturday of this week at the Bommiling and Anderson drug store, First Street and Park Avenue, according to an announcement today by James L. Dean, head of the company.

Two year-old budded roses, which the Orlando concern specializes in, will be offered for sale at reasonable prices, it was stated. The local sale follows one recently staged in Orlando, where the reception was most gratifying, according to Mr. Dean.

Last year's sale in Sanford was very successful and this year's is expected to eclipse the business of last year.

EARTHQUAKE FELT

FAENZA, Italy, Feb. 8.—(INS)—A violent earthquake lasting two hours was recorded today on the seismograph at the observatory of Professor Bondani. The disturbance was placed at 4,000 miles east of here.

Kreiser Is Greeted By Packed House At Recent Concert In Carnegie Hall

The eighty girls included in the east of the pageant ball which the American Legion will hold on February 20, held their first rehearsal last night at the City Hall Auditorium last night.

"Miss Sanford" and her ladies-in-waiting and ladies of the court will be chosen from the members of the east. Voting for the various candidates in this event has been brisk and a warmly contested race is assured.

Miss Catherine Waters is leading with a total of 1875 votes. Miss Elizabeth Moyer is second with 1575 and Miss Carmen Guthrie third with 1500. Miss Marjorie Smith, Mary Griggs and Ellen Telford are tied for fourth place with 1475 votes each. Miss Ann Moss is fifth with 1450 and Miss Irene Brandt sixth with 1425.

Detailed standings follow: Rosamond Radford 1200, Beverly Bender 1175, Gertrude Benjamin 1275, Virginia Barber, 1225, Betty Burman, 1300, Margaret Berner, 1175, Irene Brandt, 1425, Nell Brooks, 950, Bobby Chapman, 1100, Eugenia David, 1075, Helen Douglas, 1050, Frances Burton, 975, Ethel Dudley, 1050, Nattie Fairworth, 975, Norma Fellows 1100.

Marguerite Garner 1200, Carmen Guthrie 1500, R. E. Griffin 1025, Mary Griggs 1475, Edna Greene 1000, Sadie Gruber 1100, Jessie Garner 950, Helboe Lou Garrett 1000, Gladys Gifford 1000, Mildred Holly 1050, John Higgins 1050, Gladys Hickson 1025, Reba Jones 900, Mary Kinlaw 925, Margaret Long 1100, Elsie Lamer 1100, Kathleen Long 1125, Helen Martin 1100, Mary Helen Maye 1225, Lucila Mahon 1250, Ann Mae 1150, LeRoy Moore 1225, Dorothy Marshall 1125.

Auto Exhibit Lures Enthusiastic Crowd

(Continued from page one)

The low, beautifully proportioned cars are attracting popular appeal. The overhang is minimized and numerous improvements have been made to do away with as much friction as possible. The new school of foreign design is evident. The cars are more attractively colored in the most harmonious hues. There is a noticeable tendency to blend rather than make an appeal by offering a clash.

Summing up the innovations as they appeared in models shown here, the new automobiles are generally smaller in exterior appearance, but there has been no sacrifice in the matter of comfort. While they appeared smaller, with-out exception their interiors are more roomy. The fittings and trappings are elegant and furnishings are more comfortable than ever. Some of the higher priced cars are luxurious to a greater extent than ever before.

In addition to the cars, there was complete demonstration of accessories, tires, tubes and other essentials to good automobile performance. There was a very creditable exhibition of radios arranged by the Hof-Mac Battery Company, including the Yowell Automobile Electric Co. automatic vibrator.

Featuring the evening's program was dancing in the dining room with the music being furnished by a five-piece orchestra engaged by the auto dealers. At 9:30 o'clock \$25 in gold was given away in four awards, three for \$5 each and one for \$10. This part of the program was in charge of E. J. Trotter, secretary of the Chamber of Commerce.

Today the last day of the show, the doors opened at 2 o'clock and will remain open until midnight. An even larger attendance than that of last night is expected for this evening.

The San Juan Garage exhibited the newest thing in Studebaker manufacture in the President, straight-eight sedan. With it they displayed the Erskine Six, a sedan model.

Edward Higgins Inc., showed a Ford Tuller sedan and a sport coupe, both of which were in dark blue color.

The Florida Chandler Motor Company displayed two of the latest models of Chandler. They were the special six deluxe sedan and the Metropolitan Big Six Sedan.

White-Highlyman were exhibiting a four door sedan and a special sport coupe.

The Seminole Hudson-Essex Company showed a five-passenger standard sedan and an Essex super-six, four-door sedan.

The Sanford Buick Company exhibited two sedan models, one five and the other seven passenger type. Each was in an attractive shade of green.

Miller O. Phillips and Sons had the new Victory Six model on display, one being complete and the other showing only the chassis with the motor exposed.

The Sanford Automobile Company many showed a deluxe roadster and the custom sedan, two of the most popular Hupp models.

The Parkside Motor Company exhibited a Chrysler four and Chrysler six, both of them sedan models.

Bulletin Declares Work Of Engineers Should Be Aided By Reforestation

Engineering work for flood prevention and control, it is declared in a bulletin issued by the United States Army Corps of Engineers, should be aided by reforestation.

The bulletin, which is the result of a study made by the Corps of Engineers, states that reforestation is one of the most effective means of flood prevention and control. It is declared that the planting of trees in flood-prone areas will help to prevent soil erosion and to reduce the amount of sediment carried by the water.

The bulletin also states that reforestation will help to improve the water quality in flood-prone areas. It is declared that the planting of trees will help to reduce the amount of sediment carried by the water, which will in turn help to improve the water quality.

The bulletin further states that reforestation will help to reduce the amount of sediment carried by the water, which will in turn help to improve the water quality. It is declared that the planting of trees will help to reduce the amount of sediment carried by the water, which will in turn help to improve the water quality.
