Chapel

Our Victory Corps—this was the theme of the chapel program held in the high school auditorium Thursday. Brief, yet thorough speeches about and concerning the Victory Corp, now being organized in the high school, were given by Mrs. Fred Williams, Mr. H. B. Pope, and Dr. Jarmain—president of the Stanton University in Virginia. Following these speakers Mr. Olin King gave a brief outline of the functions and duties of the Victory Corps, a corps which has now grown to be a nation-wide organization.

Concluding the program for the day, each captain of the Victory Corps gave a short and informative talk containing all the basic regulations and requirements needed to enter his particular branch of the Corps. These regulations and requirements are now posted on both the up and down-stairs bulletin boards.

WHAT'S COOKING BY SOME CHICKEN

Well kids your "backen" is back after taking a long needed vacation... LOIS MERIWETHER ER and "MAJOR" are getting along wonderful... If only all love affairs were as smooth as theirs!!! This affair between CAROLYN ROSIER and JACKIE SMITH of Gainesville seems to be getting serious—telegrams letters—pictures!!!! It seems that LILLIAN WALSH is cutting in on IRENE RABORN. What's wrong BENE???? ALL RABORN and NANCY GILL are still what "ya" about each other. It seems to be the real thing. LOIS CALDWELL, and GENE HARRELSON are seen together quite a lot—it seems to be getting serious... well here's wishing you luck!!! MILDRED SIRMONS has found her true love at last—it's BROWN-EYES!, a sailor—and girl—he's a second SMILIN' JACK—no kiddin' I've seen him. Miracle of the week—VALARIE WELLS refused to go out with her boy friend—BOBBY DUCKY went home on leave—She's got it bad!!! BETTY PETRAS has also been getting home for the past week because her O. A. O. is gone—but he'll be back in a few days—I let you in on something—He's awfully cute but he is not interested in any one but BETTY—so here's more power to you kid!!! MARY JANE ROB NOLTE just loves to dance with a certain Marine but we can't blame her because he is a wonderful dancer and as cute as they come!!! We wonder if a new love affair has begun??? DAN COLEMAN AND CHARLENE CALDWELL are seen at the

OPA Rules Out Attendance At Civic Meetings

Driving Home Cook, If Customary, Is Considered Personal Necessity

Driving to attend Kiwanis, Rotary, Lions, Junior League, Masons, Elk, Chamber of Commerce, P.T.A., Boy Scouts, American Legion, Civitan, and Eastern Star meetings constitutes a violation of the pleasure driving ban. Harold C. Johnson, regional representative, today advised A.B. Peterson, executive secretary of the rationing board.

Holders of B and C rations have never been allowed to "pleasure" ride on their rations. Mr. Peterson pointed out, consequently the A ration rules are the same which have always applied to B and C allotments.

Driving a cook home who lives many miles from her work, it has been customary, is considered a personal necessity and an emergency may continue to use gasoline for this purpose. Mr. Peterson said.

Under the personal necessity classification would be driving for the purpose of essential shopping such as marketing and buying medical supplies; driving for the purpose of purchasing medicine or medical supplies; driving to obtain personal necessities such as attending religious services, wakes or funerals, attending meetings directly related to the occupation or profession of the owner or person using the vehicle, such as farm mobilization meetings, ministers' meetings and doctors' meetings where they will hear a lecture by a specialist.

Clarifying driving by Naval or military personnel is left to the instructions, it was stated that rations may be used to visit relatives and make social calls, provided the driver has evidence that he is on furlough. This does not mean that the service man may go to theaters or night clubs. If the soldier does not own the car but is with friends who own the car, the pleasure ban would apply to the owner, unless the owner is a chauffeur for the car or unless the soldier is driving the car.

Occupational driving is not prohibited and this includes driving in connection with a business or general work, any work regularly performed by a person which contributes to the war effort or to the public welfare, parents of a regular and recognized course of study.

Driving to one's house or paying a social call is a violation, if the theater friend's house is on the way to or from an end that is permissible under the regulations, the driver may attend the movie.

Name Chosen For Camp Carrabelle

WASHINGTON, Jan. 27. (AP)—The Army disclosed Tuesday that the name of Camp Carrabelle, Fla., has been changed to Camp Gordon, in memory of the late General John J. Pershing, commanding general of the American Expeditionary Forces in France during the First World War, and in 1918 when a special committee of the government selected the name of the "Pershing" camp.

His last assignment was chief of staff of the command division at Fort Sam Houston, Texas, where he died in 1940 as a result of injuries received in a car accident.

The Army said the number of soldiers at the camp will remain the same, about 10,000, and the name change will not affect the activities of the camp.

President Decorates General W. H. Wilbur

CASABLANCA, French Morocco, Jan. 27. (UPI)—President Roosevelt took time out from his war conference to decorate Brig. Gen. William H. Wilbur personally with the Congressional Medal of Honor—the highest award of decoration—for his gallantry in action on French soil.

Wilbur, 42, was decorated in the honor of the 100th Infantry, which had distinguished itself in the defense of the Philippines against the Japanese.

Cub's Ranks Not Yet Affected By Armed Force Needs

By DAVE HUFF

AP Features
CHICAGO, Jan. 27.—The Cubs, thank you, are sitting pat; their ranks are visibly thinnest, so far, by needs of the armed forces. The men lost happened to be those for whom reliable replacements appear available.

The Chicago National league entry doesn't appear to be any stronger than the outfit which finished sixth last fall, but many of the higher-ranking clubs have lost key men and the Cubs may profit thereby in the long run. Jimmie Wilson is hopeful of finding a potentially good outfit with Bill Nicholson, Lou Novikoff, Charley Gilbert, Dom D'Antonio and Peanuts Lowry back, plus Phil Cavarretta and Glen Russell who double in the outer gardens and infield.

Moreover, the Cubs acquired Ival Goodman from Cincinnati and have brought in Mizell Platt, a 22-year-old rookie who hit .305 for Madison of the Three Eye League.

Principal departures from the infield to the armed forces were Lou Stringer, Seymour Block, a promising youngster, and Bob Surgeon. But reliable Stanley Hack, Cavarretta, Jimmy Fox, Russell and Lenny Merullo are in the Cub inner defense plans and Ed Stanky and Helms Beale Milwaukeeans, who were one-two in the American association batting parade last year, are joining the North.

Gahan estimates that 100,000 people play shuffleboard in Florida alone in normal times. A national association was organized in 1931 and it and State associations standardized rules and equipment as well as the scoring diagram at each end of the courts. Gahan said there were 1,000 associations in Michigan, Colorado and Florida, and one was being organized in California. The game also is popular in parts of the country.

On The Spot

By DILLON GRAHAM
AP Features Sports Editor

New York, Jan. 27.—This war is going to add a few more years to the playing careers of some of baseball's major league old-timers. The caliber of play will decrease just enough to meet their own decreasing ability. And that means old John Cooney, the sprightly veteran, will be around with the Braves for several more seasons. Ted Lyons, the White Sox chunker, was probably last year the 42-year-old pitcher is now in the marines and the most ancient title goes to Cooney.

Cooney will be 42 in March, and he has been in the National league since 1921, except for a five year stretch in the American association in the early 1930's.

Brooklyn figured the old boy still had some life in him and brought him back, and in 1938 he went to Boston. He was good enough two years ago to author the second highest batting average in the league, only Pete Reiser of the Dodgers compiling a better average.

Johnny was a pitcher until he had 13 chips of bone removed from his elbow and since then he has been a flycatcher. He has been in baseball 22 years and he attributes his long career to good living. He doesn't smoke or drink and he doesn't lose his legs.

"Give out when I have to give out," says Cooney. "I take it on the easy side."

The Waners, Paul and Lloyd, at 40 and 37, are other veterans who might be on the way out except for the unusual wartime conditions. Other oldtimers include Dick Bartell, Ralph Campbell, Roger Clemens, Bill Courtney, Dick Farrell, Jim Foy, Fred Goodman, Rollie Hemsley, Billy Heron, Bob Johnson, Bill Jurgens, Joe Kubal, Gus Mancuso, Al Allen, Walter Beck, Tommy Bridges, Paul Derringer, Curt Davis, Carl Hubbard, Thornton Lee, John Nigrelle, Bill Lee, Vance Page, and Jim Turner.

There's certainly no one in sight right now who figures to beat Joe Louis, but by the time the heavyweight champion returns to the ring after war ends some young fellow may take his measure.

And, if that's the case, it probably will be a chap who couldn't have gone a half dozen rounds

with Joe Louis.

Swiss Red Cross Finds Little Serbs Hard To Handle

By AP Features

LUGANO, Switzerland, Jan. 27.—"No, we won't stop fighting. We are guerrillas."

This is the answer given to their Swiss nurses by the Serb children—400 of whom are now vacationing for three months under the auspices of the Swiss Red Cross at various homes in the Tessin.

Unlike other children now being brought into Switzerland by the "Secours Suisse aux Enfants Victimes de la Guerre," the Swiss children, because of difficulties of the language, have not been placed in private homes. This probably is just as well. For no children have proved as intelligent as the little Serbs. But the Swiss know how to get around them. And eventually peace demands.

Although it is customary to think of the Red Cross as wholly responsible for helping to ease the sufferings of Europe, often smaller organizations started the work.

One of these is "Pentru Ouvriere Suisse," which grew out of a spontaneous action undertaken for the children of Swiss workers during the 1929-32 depression years.

2-Plane Attack On American Ships In Aleutians Balked

Navy Announces U.S. Forces Continue Westward On Isle Of Guadalcanal

(By Associated Press) In Washington, the Navy today announced American soldiers on Guadalcanal in the Solomons are continuing westward in their advance despite stiff resistance, telling also of an unsuccessful two-plane Jap raid against American ships in the Aleutians.

Premier Tojo, on the other hand, told the Japanese Diet, victories achieved by the Japanese during the past year had laid the foundations for certain victory over the United States and Britain whom he charged with "sinister ambitions to dominate the world."

Back in Europe, Russia's Caucausian Artilles were reported to have stormed back within 19 miles of the Maikop oil fields in a surprise thrust toward the Black Sea while on the Stalingrad front several thousand additional troops and German generals were said to have surrendered weekly.

Hilter's war foundries again felt the might of Allied bombs as the R.A.F. continued a round-the-clock smash started by the first all-American attack on German headquarters. Dusseldorf was hit with several hundred tons of high explosives and the first attack on Copenhagen also was reported. The new offensive was halted as the beginning of a campaign to "burn Germany wide open."

The two "firsts" in the steadily developing aerial offensive over Europe came just 14 hours apart, disclosure of the "transcendental surprise" coming between French Air Force and British Minister Churchill in Africa.

The huge four-engined American bombers flew 300 miles over the North African coast last night. With bombardments heavily, a United States Air Force command said, and although observation of results was difficult the harbor was believed to have been badly smashed.

Only three bombers were lost, one Fortress and two Liberators, and in the compressed Allied assault, Allied fighter planes also carried out sweeps over France.

The Danish capital of Copenhagen was pounded for the first time by British fast-bombers, the Mosquitos, which attacked airfields and diesel engine works in a morale blow at Germany's U-boat campaign.

Copenhagen is one of the biggest U-boat production centers in satellite countries.

The Mosquitos completed their round-trip of 1,000 miles with the loss of only one plane indicating that they, as well as the Fortresses and Liberators, took Axis defenses by surprise.

Ironically, the American bombers eight hours later return flight what looked like a large part of the German fleet—about 25 warships including a pocket battleship or heavy cruiser—but their bombers were empty.

At least nine enemy fighters planes were shot down during the operation, a preliminary count showed.

The attack at Wilhelmshaven, one of several targets attacked in Northwest Germany, was believed to have been concentrated on U-boat yards and installations in exchange for the R.A.F.'s raids against the submarine menaces featured by Tuesday night's heavy raid on the French capital of Lorient.

Returning Fortresses and Liberators said both the Germans and Allies had a check. It was reported they had suffered light and anti-aircraft opposition.
