About Real Estate

Thinking Out Loud

BY JULIAN STENSTROM

"Cold War" veterans now qualify for low down payment government-insured mortgages up to \$80,000. Members of the National Association of Realtors, who are active in the national office in Washington, D.C., are familiar with its requirements and financing arrangements and already have an inventory of homes in the price range covered by the new program, he said.

Steel Industry In State Of Tranquility

PITTSBURGH (UPI)—Tranquility, a rare commodity in the past nine months, pervades the basic steel industry today.

Bethlehem Steel Corporation accepted in full the settlement proposed by the United Steelworkers union (USW) Monday night, assuring labor peace for the next 36 months.

The signage brought down the curtain on a tumultuous negotiating period which began last December, when the union announced its contract goals, and reached a climax last Friday, when Johnson resigned as president of the nation of the agreement.

Workers now receive an average of \$4.40 an hour — \$2.40 in wages and the remainder in benefits.

Clothing Party To Be Sponsored By VFW Unit

By Jane Casselberry
The Ladies Auxiliary of Veterans of Foreign Wars is sponsoring a clothing party at 8 p.m. Wednesday at Post Home, 200 Concord St.

WCSB To Meet In Casselberry

By Jane Casselberry
The first meeting of the new district of the Women's Society of Christian Service of the Casselberry Community Methodist Church will be at 7:30 p.m. Wednesday at the church.

The executive committee will be in charge of the program, topic of which will be "A True Image for a New Age."

Next to a letter from homes; it is the most looked-for thing by the GI overseas. Support your Armed Forces through the USO headquarters in your local United Fund or Community Chest.

The earlier this is done the better, he said, because the October V rocket and moon exploration will be the last of the standard plates. Above the Guppy is a World War II B-29 bomber.

Capital Punishment: Arguments Pro, Con

Editor's Note: The trend seems to be against the death penalty but the arguments for and against still are violent. UPI's national reporter, in the first of three dispatches on the subject, covers some of those arguments and the history of capital punishment.

WASHINGTON (UPI)—Each morning for 12 years and five months Edgar Labat and Clifton Foret have awakened wondering whether they were going to die in the electric chair. They have lived under the death sentence longer than any other person in the history of the U.S. penal system.

Some states have abolished capital punishment and then gone back to it, sometimes by a narrow margin. In California, even though they have spent more time in the shadow

of death than he did. But Chezman is dead and there are no more arguments. Thus when the argument was made over the experts about capital punishment, Labat and Foret suddenly found this notion.

No moral or legal question of our time has divided the experts so sharply than whether or not a government should execute a man for any reason whatsoever. The trend in the world and in this nation is against capital punishment, but argument remains as violent as ever.

Persons opposed to capital punishment cite this fact: Vermont, which has the lowest homicide rate in the nation, has abolished the death penalty except in special cases. Alabama, which has the nation's highest homicide rate, retains the death penalty. At first glance this seems to be a conclusive argument, but the fact is that the statistics can be used to prove almost anything.

Over the last three decades the number of executions has dropped from 199 in 1935 to 18 in 1964. Governors, who hold the power of life and death over convicted murderers, are sensitive to the issue of capital punishment.

EDWARD (Rud) Thruau, author of "Three Men on A Raft," greets his uncle, Edward Thruau of Delbarton (left) upon return from a second trip aboard a raft. The men are looking at tip of his blow gun which extended more than two feet above their heads. (Middleton Photo)

Traveler Describes Life Aboard A Raft

Edward (Rud) Thruau, noted world traveler, lecturer and author of "Three Men on a Raft," who has just returned from a second river voyage aboard a raft, was in Delbarton to visit his uncle, Edward Thruau, of 161 Plantation Road.

Many persons of the area were privileged to hear Thruau and his wife, Emma, on their last visit in Delbarton in June when they presented a program and showed films of his life on a raft during the trip down the Amazon River. Mrs. Thruau, former school teacher and dancer at Lima, Peru, operated the movie projector as he followed action on the screen with commentary, and, at times, playing the guitar and singing.

Thruau stopped off in Delbarton to visit his uncle while on the way to Chicago to meet his wife. From that city they start a tour of bookings in town halls and high schools across the mid-west.

It is hoped that when Thruau next visit Delbarton, they will be kind enough to show their latest film for the benefit of many interested residents.

Thruau stopped off in Delbarton to visit his uncle while on the way to Chicago to meet his wife. From that city they start a tour of bookings in town halls and high schools across the mid-west.

It is hoped that when Thruau next visit Delbarton, they will be kind enough to show their latest film for the benefit of many interested residents.

Thruau explains that "Away-act" is an Indian word meaning "river of the devil" and says a good name for it is for the river is treacherous and the natives in the hills believe in woodsmen.

He gathered a crew of four and built a raft some 30 feet long and 15 feet wide of balsam logs. Bark from the logs was used to bind the raft together since nails would make the craft too rigid. A tent was erected and supplies, consisting of guns, bows and arrows, movie and still cameras, and food, were stored aboard.

As the raft was ready to get underway, one of the crewmen got married and another became afraid of the river and quit, leaving Thruau with only one Spanish boy to make the trip.

They found the river currents so strong that a 40 hp motor was employed to push upstream. Rapids were encountered going downstream with waves sometimes as high as 10 feet. To determine the most suitable route to shoot the rapids, the raft was stopped upstream and logs

New 'Indian Hills' Complex Planned For South Seminole

Plans for a new subdivision, known as "Indian Hills," was accepted by the Board of County Commissioners Tuesday.

The new subdivision, which is to be built near the Orange County line east of English Estates, will be the first construction on a large tract of land recently acquired by Florida Development and Utilities Company.

The land is east of U.S. 17-92 and south of SR 456. A complex which will include a recreation area, garden apartments, a shopping center and mobile park, is in the long-range plans of the company.

Homes to be built in Indian Hills are expected to be in the \$20,000 to \$25,000 class.

In other action at Tuesday's commission meeting the board:

1. Authorized County Attorney Harold Johnson to draw up a lease with the Seminole County Humane Society for operation of a proposed animal shelter. It also authorized advertising for materials to construct the shelter.

2. Voted to amend local zoning regulations to comply with new state and federal regulations in regard to junk yards along federal and state highways.

3. Received a report on the Smith Canal retaining wall meeting the objection of county depositors.

The report by County Engineer William Bush said responsibility for the wall's collapse was not determined. He said a remedy would cost the county approximately \$2,000.

4. Delayed until Sept. 14 meeting the objection of county depositors.

5. Authorized Bloch Brothers to utilize existing county drainage in Myrtle Lake Hills subdivision and to pay for additional canal work.

Newsman Taxed

Here, In Soviet Moscow (UPI) - The Soviet Union, angry over a state tax levied on Russian government newspapers in New York, announced it will raise the taxes of all American correspondents in Moscow.

The increase will be retroactive to Sept. 1, Soviet officials told the U.S. Embassy. The amount of the new tax and the exact form it will take were not known.

Most American correspondents here already are in the top Soviet income tax bracket and pay a maximum 13.5 per cent.

Hart's Hits Hurdle Giants Into Loop Lead For First Time

Strikes . . . Spares

By John A. Spolton
 "The Cardinals! Go and get that Mustang!"
 Looks like just about every cracker in these parts is after that beautiful Mustang which'll be awarded on September 25th as the prize. And before it slips your mind, too many of the local bowlers think this is the only prize they're getting after. Well, it just isn't so, my friends. . . . just 'taint so. In addition to the Mustang, there'll be over \$1,000 in prize money presented right down to 21st place. So, you have just 11 more additional teams which qualify to represent Jet Lanee over in Leeburg on the 25th.

Our representatives to date include Jerry Wilson - 650, May Hatchel 670, Lay C. Carey 670, Earl Warren 670, Gil Luck 640 and W. R. Meek, Jr. - 628. All of these scores include handicap. To give you an idea of how easy it is to be one of the finalists, let me offer you this example. Suppose you have a 150 average. It automatically you get 120 pins handicap to whatever you bowl. Therefore, all you'd have to bowl scratch is 300 and you'd be in. If your average is lower than 100, then it's much easier for you to qualify.

One out of every five entries is assured of making it into the final. On Saturday or on a Junior Bowling Program got underway this week with registration of young bowlers filling eighteen teams. We'll have ten teams in the final (some are through twelve) and another eight teams from the age of thirteen through seventeen. So you see so many of our former league members joining us after their summer hiatus. Tonight at 7 o'clock Sam Stanley will pay us a visit at the lanes for the presentation of the All-Seminole County Bowling Team for the men and the women. And then tomorrow night, Ford Herald will be able to see the complete teams pictured (just in case you want some targets. You youngsters start at that is!).

Congratulations to the four Min-Pis of the Wednesday evening City League for grabbing the pennant in this summer league. They were a point and a half in front of the Teacher's Pits.

Heading the Min-Pis was Ray Hatchel, George Bowers, G. Mitchell, Rick Kelly and George Yulia. Bowling for the Teacher's Pits was Jack Kanner, Jim Woodard, Eddie Eldridge and Gerry Fox.

The Fall Schedule of the City League starts tonight, with an awards meeting preceding it at 6:30 p.m. There just might be an opening or two for this league, so come on out at this time and find yourself a slot on a team.

Looks like we're starting to get more action from the girls in regards to "jackpotting" over the week-end. Had some real action on Saturday - laid around 10 and 11 and again on Sunday afternoon.

Chisox Lose Ground In AL Pennant Race

By George C. Langford
 UPI Sports Writer

Jim Ray Hart loves to play baseball so much it hurts. When a guy has his shoulder or blade split his first day in the majors and gets his head cracked four days after that, he's got to love his work if he comes back for more.

And Jim Ray Hart keeps coming back again and again. If it wasn't for his great affection for his job, the Los Angeles Dodgers would be in first place in the National League today. But the San Francisco Giants hold that lofty-if tenuous-position for the first time this season because Jim Ray Hart was in their lineup Tuesday night for a 8-1 triumph over the Dodgers.

Hart was the game in the fifth inning after the Dodgers' Claude Osteen walked Willie Mays. The 23-year-old lefty-if tenuous-position was in first place in the National League today. But the San Francisco Giants hold that lofty-if tenuous-position for the first time this season because Jim Ray Hart was in their lineup Tuesday night for a 8-1 triumph over the Dodgers.

HAVING QUITE A BIT OF LUCK fishing recently was Miss Barbara Fletcher of Lake Mary as she stands next to her huge haul. While fishing aboard the charter boat Sandy Bill I and participating in the Key West Fishing Tournament, Miss Fletcher boated four amberjacks, three bonitas and 30 dolphin. Her comment on her big catch was, "Just wonderful." The tournament runs until Dec. 5, when winners will be announced.

Name Players Continue To Get Pro Axe And Huarte Tops List

By William Verigan
 UPI Sports Writer

High-priced rookie quarter-back John Huarte and Archie Roberts and 13-year veteran Dick (Night Train) Lane today expected to wait out their waiver periods without any buyers for their services.

Huarte, signed by the New York Jets for \$200,000, can be picked up by any other American Football League team within 24 hours of the time he was placed on waivers Tuesday.

However, the buyer also must assume the responsibility of paying off his hefty contract, and no one is expected to be willing to shell out the \$200,000 for the inexperienced Huarte.

Roberts, the Ivy League star from Columbia, has a contract with the Cleveland Browns which will readily discourage most prospective purchasers in the National Football League.

Roberts had nearly decided to pass up any pro football offer and go to medical school in the comforting confines of Tiger Stadium where 68,000 blood-thirsty fans show up for every contest.

Quarterback Pat Screen is reported to be in the hospital for the first time in his injury-ridden career and hard-running Danny LaBianca returns after a year's absence.

Roberts, the Ivy League star from Columbia, has a contract with the Cleveland Browns which will readily discourage most prospective purchasers in the National Football League.

Gators, LSU, 'Bama, UK All Strong 4 Favored In SEC

By David M. Meffitt
 UPI Sports Writer

There's one whale of a gridiron race brewing in the Southeastern Conference this fall. There are four thoroughbreds making a run for the title and a couple of dark horses who could slip in under the wire.

Defending national champion Alabama, Louisiana State which won No. 7 last year, Florida and Kentucky all have the look of a winner. Ole Miss, which ran on an off track in '64, and Mississippi State have the material to beat any of the big four on a given Saturday.

Alabama lost the renewal of the national championship to Florida and Kentucky all have the look of a winner. Ole Miss, which ran on an off track in '64, and Mississippi State have the material to beat any of the big four on a given Saturday.

Steve Spurrier, Florida quarterback, is expected to be the SEC's best all-around back now that Tucker Fredrickson is gone.

Ole Miss has its worst season in 15 years in '64 but obnoxious regard this as a fluke. The Rebels are loaded with huge, fast linemen including Stan Hindman, have a great runner in Mike Dennis and a quarterback to boot in Larry Duke.

Steve Spurrier, Florida quarterback, is expected to be the SEC's best all-around back now that Tucker Fredrickson is gone.

Extension Club Names Treasurer In Longwood

By Donna Estes
 UPI Sports Writer

The resignation of Mrs. E. F. Richards as treasurer of the Longwood Extension Homemakers Club was accepted with regret at the first meeting of the season of the organization last week.

Mrs. Charles Pierce was elected to fill the position. Mrs. Arthur Putnam, who provided the program, gave an interesting talk on health from a personal standpoint which she illustrated with posters.

Mrs. Molly Steudle, president, conducted the meeting and Mrs. Ella Cummings led the adults to the flag.

Tables for the covered dish luncheon following the meeting were decorated with flowers and arrangements in colors of green and yellow.

Hostesses were Mrs. Robert Williams, vice president and chairman of the hostess committee; Mrs. Steudle; Mrs. Frances Steje, secretary; and Mrs. H. D. Sweeney, and Mrs. Charles Crowley, chairman and co-chairman of 4-H, respectively.

The next meeting is scheduled for Oct. 7 with Mrs. B. R. Gray, Mrs. Ralph Newcomer and Mrs. W. J. Krebbs, as hostesses.

TWIRLING SEMINOLES for 1965-66 at Seminole High School are shown here as they prepare for coming school events. Kneeling in front is Capt. Vicki McArdle. Second row, from left: Carol Hall, Guy Echols, Laura Watson, Patsy Foy, Mary Pat Bertrand and Kathy Young. (Herald Photo)

Porpoises Get VIP Treatment

GRASSY KEY (UPI) - Miti, the original Flipper, and 16 other porpoises, spent Monday night at the school where they were just in case Hurricane Berta changes course.

The porpoises were in the bathroom, living room, bedroom and kitchen of Mrs. Virginia Sandlin's home here. They should be in the hands, Milton, teach porpoises how to act in movies.

Monday night the tanks at the school were crowded with the fish and Miti, star of the 1962 Flipper motion picture, was lifted gently into the bathroom.

An equally famous porpoise, owned by television personality Flipper Howard, also was taken into the home.

Flipper rated the bathtub. "Downs" fish got a bedroom. The others were scattered throughout the house, wrapped in wet blankets.

"I don't know my home over to my porpoises," Mrs. Sandlin said.

"A hurricane could hit us. My home is worth \$10,000. My porpoises are worth \$300,000."

Scientists Dream Of Forecasting Earthquakes

DENVER (UPI) — Forecasting little earthquakes called in the United States with some mild quakes in Colorado, Utah and parts of California. More serious tremors reported in parts of Chile in South America and possibly in Japan.

Scientists forecasting in all a dream, but scientists at the Colorado School of Mines in Golden think a forecast like that not too far off. Officials at the engineering school west of Denver are trying to develop a theory for prediction, studying data recorded on delicate equipment buried in the ground.

In sharp contrast of the project is Dr. Maurice W. Major, a seismologist. Major says instruments records already on hand suggest that something remarkable may go on prior to the occurrence of a quake. He does not have to go far for first hand quake information. The Denver area has recorded about 500 quakes in the past 10 years, most of them of a magnitude so small they can't be felt.

The strongest ever to shake the city occurred in December, 1960, with a reading on the Richter scale of just under 4. He then held the remains of the disastrous Alaskan earthquake of March 28, 1964.

Colorado's quakes caused no personal injuries, but the state had to appropriate \$30,000 to shore up the brick face on the west side of the State House Department Building. It is assumed had caused the face to shift as much as 1 1/2 inches.

Dr. Frank A. Haddell, a geophysicist professor, said, "It is statistics don't change, the Denver area might have a quake magnitude 5 in the next 10 or 20 years."

A quake of that magnitude could cause serious damage. Haddell and other officials have been able to pinpoint the Denver area's quakes to a fault, seven miles long, three miles wide and 10 miles underground, in an area northeast of the city of Denver.

School of Mines scientists hope that some of the more serious quakes eventually will be forecast, thanks to experiments they are conducting at their observatory at nearby Beargum Park.

Their intricate recording devices are stationed about 100 feet inside an old fiddler mine cut into solid rock.

One of the devices used is a strain gauge—an 80-foot long tube of fused quartz on which it can measure movements in fractions of a micron. A micron is 1/25,000th of an inch.

The instruments are so sensitive that they record the movement of the tide. Scientists once spent two weeks studying charts, trying to determine what made the graphs fluctuate erratically. One man finally discovered what it was. The machine was recording the fluctuation of the tides at the observatory.

Food Supplies Said Abundant For Weekend

The following shopping list in the nation's food shopping lists for the week-end was prepared by the U.S. Department of Agriculture and Interior for United Press International.

WASHINGTON (UPI) — Weekend shoppers will find abundant supplies of seasonal fruits and vegetables, with plentiful quantities of poultry and selected meats at their food centers.

Good supplies of meats are on hand. In the beef section, steaks, steaks, and ground meats are in good supply. In the pork section, chops, ribs and hams are plentiful. Poultry and turkeys continue to be in abundant supply and at low prices.

A wide selection of fruits and vegetables continues this week. Green beans, cabbage, carrots, celery, corn, eggplant, lettuce, onions, peppers, potatoes, radishes, and spinach are in ample supply.

Know Your Policeman

Ptinn. Richard Nooney is one of the newest men on the Sanford Police force. He has lived in the city for about one year, having come here from Hudson, N. Y. Nooney, his wife and four children reside at Cowan Moughton Terrace.

Brian A. Snow, New Fire Chief At Longwood

By Donna Kiefer The Longwood City Council, meeting in regular session, voted to accept a letter from Capt. B. B. Brown, of RVAIL-3, Sanford Naval Air Station, which granted permission for ADJ Brian A. (Hank) Snow to serve as fire chief of the city.

Registering a "no" vote on the matter was Councilman John Deaton, who explained that according to restrictive articles in the letter, Snow would have to be absent from the base in times of civil strife and thus might not be available to serve in the position of fire chief when most needed.

Deaton requested that action be taken on a petition of eight property owners on West Jessup Avenue (the B-11 road) which had been submitted to the board more than two months ago asking that the street be opened and ball game be stopped in the street. Mrs. Bobbie Jo Hunt, one of the signers of the petition, stated that the street has been a dedicated street for 37 years, according to her knowledge; further, that she uses it every day to gain access to her property; that it could not be used when ball games are in progress at two of the bases are on the street, and that council could not legally close it.

Council Chairman Carl Lommier agreed with Mrs. Hunt's last statement. The motion was turned over to Mayor B. E. Black for study. Black was authorized to contact the Federal Communications Commission for permission, and employ a radio communication service, to remove the high frequency radio from Police Chief Claude Layo's home. The action was requested by Mrs. Layo.

The request of Councilman Percy White, chairman of the water department committee, that an itemized account of all water department supplies furnished by Maintenance Superintendent John Farina was approved.

The motion by White that one ordinance with teeth in it be drawn up and adopted by the city council, was defeated by a three-to-two vote. Opposing the motion were Lommier and Councilman B. L. Helms and in favor of the motion were White and Councilman J. H. Helms.

In other action, council unanimously approved a contract renewal between the city and Florida Power Corporation to provide municipal lighting. A representative of the power company pointed out that the new contract reflects the change in rates set up by the Public Service Commission.

It was agreed to accept the resignation of John Reams as chairman and member of the Zoning and Planning Board. Council decided, at recommendation of Deaton, to purchase four movable "School Zone - 15 Miles Per Hour" speed signs to be given, one each, to the Baptist and Episcopal churches. Meeting adjourned subject to call. Council will sit on a board of equalization at 7 p.m. Thursday.

Mayfair Club Launches New Season With Labor Day Barbecue

PEGGY BILLUPS AND MR. AND MRS. HAROLD BROOKS

JACK NEIMAN, MR. AND MRS. AL KEETH AND BETTE NEIMAN

MIKE WHELCH, new owner-manager of Mayfair Country Club, and his staff went "all out" in preparing for the gigantic Labor Day barbecue at the club, which attracted more than 200 persons, with all members commencing the food and fun was "out of this world." The fête was just the beginning of activities and festivities Mike has planned for the members of the newly organized club. MR. AND MRS. JACK HORNER AND ROBERT BESSERER, photo below, were among the first to arrive. Other photos show some of the patrons enjoying the delightfully different barbecue.

July she visited her brother, Paul Conte, the well known composer and organist, at Colorado Springs, Colo., and heard one of his concertos while there. In August Miss Alice Cooper accompanied Miss Conte to Daytona Beach and they stayed at the Towers.

Beauty after Forty

EDYTH THORNTON MCLEOD
"I am so much overweight that I cannot buy decent clothes. I do not know how I can reduce. I live alone and I have an apartment with a kitchen. How can a person, living as I do, reduce? — Amelia."
Of course, there is always a way. Start eating at home and preparing only what is called for in the menus of my "Figure Perfection Diet." Just determine that you must and will reduce. You can do it. Why go about dragging that fat which does you harm and makes your life miserable? Send me a long, self-addressed stamped envelope and enclose TEN cents in coin so that you will receive a copy of my "Figure Perfection Diet." Use it and be healthier and happier.

Miss Sarah Pipkin Honored At Surprise Bridal Shower

By Donna Estes
Awarded prizes for winning guessing games were Mrs. Sarah Pipkin, bride-elect of James McDaniels, was guest of honor at a surprise bridal shower held at the Burgess home on Pasadena Avenue, Longwood, recently. Miss Meta Burgess, assisted by her mother, Mrs. Lawrence Burgess, was hostess of the event.
Serving table for the occasion was covered with a white linen cloth and centered with an antique hob-nail glass punch bowl.
Guests were served strawberry punch, chips and dips, minis, cake and coffee.

Mrs. N. Gerstein of Narciand Drive visited relatives in Vincent, Ky., and Mrs. Wilma Williams and her son, Tommy, at Richmond, Ky. During her eight-day trip she stopped at Cumberland Falls, Ky., and went up into the Smoky Mountains. En route home she visited Marieland and other places of interest.

A reception will be held in honor of Rev. and Mrs. Cecil N. Ogg on the evening of Sept. 20 at 7:30 p. m. at the social hall of the DeBary Community Methodist Church. Miss Adelaide Conte will be the guest organist.

Mr. and Mrs. Morris Shawkey of Lila Drive entertained their son and daughter-in-law, Mr. and Mrs. Spencer Shawkey, and their children, David and Susan, of Wenhatch, D. C.

Mrs. Russell Cooper of Granada Road celebrated her 57th birthday on Friday, Aug. 27, with 12 neighbors and friends. She cut her birthday cake and received well wishes and gifts. Mrs. Cooper still drives her own car around town.

Mr. and Mrs. Charles Scudder of Lila Drive have returned from a two weeks trip to Woodside Inn, Flat Rock, N. C. While there they attended a performance at the Flat Rock Play House given by Blanche Yurka, the actress who is from Europe for this benefit show. "The Rose I Have Loved." In North Carolina they also visited Mt. Pisgah and later went to Sapphire and Walhalla, S. C. They visited in Georgia on route home.

Miss Angela Hurt, a 1955 graduate of Seminole High School, left last week to enter Florida State University.

Mr. and Mrs. L. E. Grubbs of Volusia Drive celebrated their 58th wedding anniversary on Saturday.

Mr. and Mrs. Douglas Fox of Valencia Road celebrated their 49th wedding anniversary on Sunday, Aug. 29, with a dinner party.

Mrs. Helen Bruce of Monroe Avenue entertained Mr. and Mrs. Ernest DeLoe of Pompano Beach.

Mr. and Mrs. Marie Rabe of Granada Drive spent her week in the lovely Florida Keys sailing with their two children. They enjoyed the beautiful scenery and the outdoor living.

Mr. and Mrs. William Drigg visited Florence and Daytona Beach at the Wesley Hospital on Sunday and found them in good spirits.

Mrs. Carl Spencer of Coquina Drive has returned to her home after receiving treatment at the Orange Memorial Hospital. Mrs. Spencer is reported doing very well.

Geneva Teacher Honored At Fete

By Mrs. J. E. Mathews
A number of friends gathered at the Geneva Elementary School to express their appreciation to Mrs. Mary Nichols, who has taught in Geneva for 18 years.

COMBINED TOTAL of years spent in teaching numbers 73 for Mr. and Mrs. Roy Nichols of Geneva. Breakdown shows five for him and two for her in Kentucky, 15 for him and 14 for her in Louisiana and 21 for him and 18 for her in Florida. Mrs. Nichols, who resigned as principal at Geneva Elementary School, was honored at a reception given by the Parent-Teacher Organization. Mrs. Virginia Hughes, PTO president (left, right photo) is shown serving refreshments to the guest of honor. (Herald Photos)

Sometimes Innocents Are Executed

(Editor's Note: Opponents of capital punishment contend there always is the possibility an innocent man will be put to death. In this dispatch, second of three, U.P.'s national reporter deals with this question and reports that in 1898 a New England man was hanged, but later was found innocent.)
By Harry Ferguson
WASHINGTON (UPI) — At high noon on May 3, 1946, Willie Francis, a 17-year-old Negro who had been convicted of murder, was strapped into the electric chair at St. Mary, La. and the switch was thrown. Three minutes later he rose from the chair and, being asked how he felt, commented that the "electricity tickled me a little bit."
There had been a malfunction of one of the wires leading to the electric chair and Francis received only a small jolt.
Had he died at the time and place appointed he would be a famous figure in the furor over capital punishment.
Had Willie Francis paid his debt to society when the switch was thrown? Did the state of Louisiana have a moral obligation to commute his sentence to life imprisonment because his life would not be placed in double jeopardy? Were there any precedents for such a case and what are they?
For one year and six days the Francis case went up the legal ladder to the U.S. Supreme Court and back again. Francis' lawyers delivered ingenious pleas to all the courts in which they appeared: Shadrach, Meshach and Abednego were pardoned after they were cast into the fiery furnace by King Nebuchadnezzar and survived. Daniel still was alive after a night in the den of lions and was pardoned. In 1899 John Lee was taken to the scaffold three times, but the trap never worked and he survived. The British home secretary reprieved him.
The way the U.S. Supreme Court divided on the Willie Francis case is an example of how wide is the chasm between opponents and proponents of capital punishment.
Four of the nine justices ruled there was no constitutional bar to putting Francis into the electric chair again. Four of them said that because of the cruel and unusual punishment involved in the case, it should be commuted to life imprisonment.

Enterprise Personals

By Mrs. Ritchie Harris
Mrs. Eunice Gray of Miami arrived Thursday to be with her sister, Mrs. Ed L. Cunningham, during the serious illness of her sister, Mrs. Bernice Boyer, of Orange City, who is now in West Volusia Hospital in DeLand.

Miss Florence Oakley of Cleveland, Ohio, is the houseguest of Mr. and Mrs. C. A. Henderson.

Mrs. and Mrs. L. M. Wright returned home last week after having spent several days with their daughter and son-in-law, Dr. and Mrs. T. Z. Canon, in Jacksonville.

Mrs. Lee Ludlow has returned home with her infant son, born Sunday, Aug. 29, at the West Volusia Hospital in DeLand. The Ludlows have another son, Michael Todd.

Mr. and Mrs. Billy Ray and children and Miss Joanie Ray, daughter of Mr. and Mrs. Charles Ray, of Birmingham, Ala., visited Mrs. E. B. Ray and other relatives in the area over the weekend. Mr. and Mrs. Billy Ray, Mr. and Mrs. S. B. Ray and Mr. and Mrs. O. B. Sides spent Saturday with Mr. and Mrs. Steve McDaniels in Crystal Beach.

Mr. and Mrs. Tom Magan.

COLLECTION of paintings by members of the Zephyrhills Art Club is being shown under sponsorship of the Florida Federation of Art, Inc. in galleries at DeBary Mansion House, a federation headquarters. Among outstanding selections of the exhibit are (top) Wood Nymph by Mrs. Ruth Smith and (bottom) Black Water by Bernard Wickstrom.

Swim Champ
OCEANSIDE, Calif. (UPI) — Alvin Stank, 16, won the rough water swim at Ventura, Calif. Than he drove 160 miles to come here and take part in the 55th annual Oceanside rough water swim — a mile-long competitive event in heavy surf.

WASHINGTON (UPI) — One phase over the argument over capital punishment is the suggestion that condemned criminals be executed by a method of drug administration. The idea stems from the sentence the Greeks imposed upon Socrates. Instead of excruciating death, the customary manner they decreed he should drink a cup of hemlock. The only stipulation was that he should walk around the room after taking the hemlock so the poison would penetrate quickly to his extremities.

Custom of wearing the wedding ring on the third finger is said to have originated in an ancient belief that a delicate nerve runs from that finger to the heart.

There are experts who have studied capital punishment for years and still are undecided whether to take a stand for or against. One reason is that each state makes its own laws and there is such a wide divergence in them that an American citizen literally can get away with murder without forfeiting his life if he kills in the right place.

Or as Clinton J. Duffy, former warden of San Quentin Prison in California, puts it: "A man does not die for the crime he commits. He dies because he has committed it in the wrong state, or in the wrong county of that state, or at the wrong time or because he faced a tough judge or a jury guided by a determined district attorney, or because he couldn't afford adequate counsel. A man dies because of his sex or the color of his skin. Women are rarely executed for crimes comparable to those of men. Negroes are more likely to die than white men for less serious crimes."

For reasons unknown to anybody except psychiatrists — and maybe them, too — many innocent persons have a compulsion to confess to a crime they did not commit and thereby risk execution. After any execution, murder police brag themselves for persons who walk in eager to sell how, when and why they did it. No longer ago than Aug. 25 Hector Cruz was charged with murder by the New York City police on the grounds he confessed.

The attorney for Cruz thought this was odd because he knew his client had been in jail on a charge of attempted extortion when the murder was committed. He pointed this out to the police and the murder charge was dropped.

Next: The alternatives to capital punishment.

THOMAS V. Snyder, aviation structural mechanic 1/d assigned to RVAH-9 at Sanford Naval Air Station, has retired for six years.

Charter Signed By Lake Mary C of C Members

A new charter incorporating the Lake Mary Chapter of Commerce as a non-profit organization was signed by members at the opening meeting for the new season at the Fire Hall, preceded by a covered dish dinner.

Judge C. Vernon Mize Jr., attorney for the chapter, explained and presented the incorporation papers to the members before the charter was signed.

A new secretary and treasurer, Mrs. Jack (Beverly) Williams, was elected to fill the office vacated by Mrs. Norma Schneider. Also elected were two new members for the board of directors, John Nord and Ed Zimmerman.

Morris Ruby, new principal for the Lake Mary School, attended and was introduced. Also present was Rev. W. C. Ladd of the First Baptist Church of Lake Mary who offered the prayers before the dinner. Rev. J. H. East opened the business meeting with prayer.

Donald Jackson, chamber president, expressed his appreciation for the good turn out and the interest shown in the meeting. "We are striving for the largest membership of all time in this current membership drive that is just starting. Even if you cannot be active members, please join because we need your name on our files and your support by vote," he stated.

Jackson said that he was grateful for himself, and for the chamber as a whole, for the volunteer help given on the house numbering project. There is still a need for more volunteer help and anyone interested may contact him or any chamber officer.

It was announced that the Lake Mary Blood Bank is now in order and set up to accept donations. Also, that the county had done some preliminary work on the Lake Mary Boulevard extension out to Interstate 4, clearing in preparation for full scale work later this year.

Assisting with the preparation and serving of the supper were Mrs. Don Jackson, Mrs. Violet Beckhorn, Mrs. W. C. Hopkins, Mrs. Mary Donaldson and Mrs. John Norden.

The next regular meeting will be at 8 p. m., Thursday, Oct. 7, in the Fire Hall. The public is invited to attend. All residents are urged to join.

Legion Unit Sets Supper

By Mrs. H. L. Johnson
American Legion Auxiliary Unit 53 of Sanford will have a covered dish supper at the Post Home at 6:30 p. m., Friday.

Following the supper, members will hear a report from Post Standard, Cady Westbrook and Stephanie Westgate who were sponsored by the unit in Florida State in Tallahassee this summer.

Gen. George B. MacCalla, member of the Board of Directors of the American Legion, was elected president of the unit in 1964.

Approach To Job Dilemma

Even with the best will in the world, throwing open the door of employment opportunity to all Americans is not going to solve the problem of the Negro into the economic mainstream of the nation.

Next comes following up on this policy—actively recruiting among minorities and co-operating in programs to increase their skills both before and after hiring them.

Here "tokenism"—maintaining a few "showcases" Negroes in scattered jobs—is not enough. What is important, says Gleason, is to give the sort of concrete encouragement that "can help a disadvantaged person to raise his sights because he feels that others are interested in his future, his potential."

Such a policy is not only ultimately good business; it is the only one tolerable in a democratic society.

Thought For Today

Before I go whence I shall not return, to the land of gloom and deep darkness, the land of gloom and deep darkness, my light is as darkness.—Job 10:21-22

When death comes to me it will find me busy, unless I am asleep. If I thought I was going to die tomorrow, I should nevertheless plant a tree.—Stephen Girard, American financier.

Dr. Crane's Worry Clinic

Charles reviled his former romantic regard for his young wife by resolutely following the basic law of love mentioned below. It always will work for you. It is simple, it is easy, it is quick, it is final.

Thus, if you go through the proper motions you will inevitably and inexorably produce both.

For example, if you take a piece of copper wire and bend it into a loop, then twist it in your fingers, you automatically will generate an electrical current.

You high schoolers will remember having performed this simple test in physics class.

Oh, the current from just one loop of wire is so slight it doesn't shock you, but it can be proved by use of an ammeter, as all physics classes have been shown.

If you employ more loops and twist them, the current is greater.

So our huge generating plants simply wrap thousands of loops of wire around a central axle and then turn it via water power or steam, thereby producing enough electricity to light an entire city.

Well, the very same type of law occurs regarding love.

Go through the proper motions of romantic dialogue and fervent kisses with a member of the opposite sex and soon you will feel the electricity of love current make you tingle.

Oh, that first kiss may not do much, just as that simple loop of wire may not produce enough electricity to be felt.

But multiple the exposure! Soon the love current will be so strong you can't let go of the girl (or boy) friend.

"But, Dr. Crane," many couples have violently protested, "surely marriages are made in heaven and not by such mechanical laws of psychology as you have described."

Well, girls, go on dreaming that "lovely moment of time" but if you want a devoted husband, you better get help! Happy marriages are no more a matter of predilection than electricity.

Granted, God Almighty is the source of the electricity, as well as love and all our other earthly rules of science, but God help those who help themselves!

Charles thus agreed to force himself to kiss his young wife and to go through the proper motions associated with young marital romance.

Meanwhile, he had also urged his wife to let her hair go back so she would resemble a woman instead of a cello boy.

And she also became a little more stimulating by perfume diaphanous nights and other subtle seductive stimuli.

Impotence in men can arise in a single moment of time because of a negative mental outlook.

But it can also be dispelled in one night by reversing the negative and employing a full repertoire of positive romantic techniques.

So send for my booklet, "How to Prevent Platonic Marriages," a long stamped, return envelope, plus 20¢.

Dr. Crane's Worry Clinic, P.O. Box 100, Sanford, Florida.

"President Eisenhower Has Been a Tower of Strength"—LBJ

Bruce Bissot—Ray Cromley

Political Notebook

WASHINGTON (NEA)—Serious harm is being done to the rule of law in this country by growing attitudes which seem to have little to do with any reasonable concept of democracy.

The criminal's contempt for the law is easy to define and deplore where exhibited in "normal" criminal activities or the wild unleashing of a riot.

A new kind of disdain for the law is represented by the widening civil disobedience associated now with the civil rights movement and some other forms of social and political protest.

It is not implausible to suggest, as has been done, that this sort of disrespect or mistrust of the law has multiplied in rate with rising frustration against the flawed fulfillment of the American ideal.

The man without the substance of freedom finds it hard to accept freedom's inherent processes. He can be entranced at the delicate warping of those processes against him.

Nevertheless, in midsummer of 1965, this is not the full heart of the matter.

Beyond the criminal's contempt and the civil disobedience presumed temporary mistrust, there is developing the idea that the law and the ordered processes of liberty are the nearly permanent enemies of countless Americans standing in minority positions of one sort or another.

Whether the cause be "peace in Viet Nam," getting the United States out of the United Nations, reversing court reapportionment decisions or whatever, it is clear that increasing numbers of people are unprepared to accept contrary verdicts handed down by elected officials, legislatures and courts.

These people are espousing what might fairly be termed the Doctrine of the Unyielding.

Washington Help Stamp Out Ugliness

By Sen. Claiborne Pell (D-R.I.)

Try to take a pleasant Sunday drive in the country some time? The scenery may not be the sort of thing worth while. Either huge, ugly billboards, neon signs, masses of sagging over head wires, or junk yards piled high with rusty, sick cars will probably be there at every curve in the road.

The automobile is a central figure of American life. It takes people to and from work, it is used for travel to friends and relatives, it carries us to places of recreation and beauty. It helps to expand the horizons of our daily life. Yet it is indirectly responsible for much of the ugliness bordering our highways.

It is time we stopped the trend toward the "uglification" of America. Streams of asphalt and concrete are pouring over the land and will eventually congest every corner of the country with modern, fast roads. We must take care to see that these highways are made as beautiful as possible; that they are recognized as art and as a contribution to the beauty of the landscape and roadside development.

—Provide that one third of the Federal aid now received for secondary road construction by the states be used to construct scenic roads, roads leading to scenic and recreational areas and landscape and roadside developments along Federal-aid highways.

—Strengthen control over outdoor advertising.

—Set standards for the establishment and removal of junkyards.

—Broaden existing authority to use Federal-aid funds on a matching basis for the cost of landscape and roadside development.

—Provide that one third of the Federal aid now received for secondary road construction by the states be used to construct scenic roads, roads leading to scenic and recreational areas and landscape and roadside developments along Federal-aid highways.

We lead the world in health care. We lead the world in health care. We lead the world in health care.

Barbs

By Walter C. Parkes

What you get out of life is the interest on what you put into it.

Remember "way back when the World Series didn't have to compete with football games?"

Love is one four-letter word that goes strong in mixed company.

"Rent" means "to rent" and "rent" is just the way some feel when paying the landlord.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Last week my husband and I gave a housewarming party in our first new home. We sent out invitations to 16 couples saying it was a housewarming. Everyone came, but only one couple brought a gift. I was so hurt and embarrassed I didn't know what to think. Yesterday one of my friends told me she would have brought a gift, but one of the other invited guests took it upon herself to call up everybody and spread the word that it was not obligatory for people to give a housewarming party for themselves, and therefore it wasn't proper to bring a gift. She said a "real" housewarming party, where a gift is in order, is one that is given by friends for the new home owners. Abby, if we had known this we never would have given that gift. I am so embarrassed to a lot of expense entertaining those people with drinks and food. That girl sure had her nerve. But was she right?

NOT UP ON ETIQUETTE: DEAR NOT UP: "Etiquette" is a matter of common sense. When friends call on a couple in their new home for the first time, it's customary to bring a gift. Your friend, the self-appointed authority on etiquette, could use some pointers on what's proper. However, if you are so self and spoiled.

QUESTIONS and ANSWERS

Q. Will the hospital insurance program pay for my drugs?

A. Generally, no. But the hospital insurance program will pay for drugs which are ordinarily furnished by a hospital or an extended care facility to its inpatients.

KNOW what YOU'VE got coming from Medicare and Social Security. The above question and many others are answered in the 80-page book "What You've Got Coming from Medicare and Social Security" offered as a public service of this newspaper. To get your copy send \$1.00 plus your name, address and Zip Code to Medicare, c/o Sanford Herald, P. O. Box 489, Dept. 32771, Radio City Station, New York, New York 10019. Make check payable to "Medicare."

Legion To Have District School Of Instruction

By Jane Casselberry
Sixth District President Wilma Jones of the American Legion Auxiliary has announced a District School of Instruction to be held Sunday at the Community Building on Dixie Avenue in Leesburg. A joint meeting with the American Legion at 9 a.m. will follow registration, which begins at 8 a.m. Experienced instructors will speak on all phases of the auxiliary program at the 9:30 a.m. training session. All officers, chairmen and members are urged to attend. The meeting place is air conditioned and the session will end at 1 p.m.

TV News

WEDNESDAY, SEPT. 8, 1965 TV News Show of the Night: 8:30 p.m. CBS. Dick van Dyke Show "100 Terrible Hours." (Rerun) Hilarious show, largely in flashback. You'll see a glassy-eyed, messy-haired Rob as he tries to break a day jockey endurance record by staying awake 100 hours. After he undergoes this ordeal, he gets his long-awaited job interview with Alan Brady. The encounter is pure comedy as he tries desperately to make a good impression.

7:30 p.m. CBS. Mr. Ed. (Rerun) Ed gets the wrong idea from watching a rehearsal of "Robin Hood." Wilbur is made to look like a modern-day adaptation of Robin Hood. Ed, who follows the credo of "Steal From Nobody to Help Me," Ed launches Wilbur's career by stealing the neighbor's furniture and, of course, Wilbur gets drunk.

8:30 p.m. ABC. Patty Duke Show "Will the Real Sammy Davis Please Hang Up." (Rerun) Sammy Davis seems to be enjoying his guest spot on this show, so far so be it from us to suggest that it's a gimmick designed to bolster the ratings. If you look fast, you'll also see Peter Lawford. Most of all, you'll see Patty.

8:30 p.m. ABC. Shindig. It's a big night for Patty Duke. In addition to her own show, she's guest of honor (if that's the right term) on the Decibel hour. Now that she's a recording artist, she has no enjoying the act. The Gull-lotees, the Elgibles, the Collins Kids, the Blossoms, and such singers. Gena Gena Chandler, John Andrea, Barbara Lewis, Bruce Scott and Billy Preston.

8:30 p.m. NBC. Wednesday Night Movie. "Elephant Walk." (Color) (Rerun) Elephant walk manager Peter Finch is her husband and Andrews is her manager. The big scene is a stampede of elephants.

8:30 p.m. ABC. Burke's Law "Who Killed the Richest Man in the World?" (Rerun) If Ricardo Montalban is really the richest man in the world, nobody killed him, but someone meant to. Among the possibilities are George Hamilton, Pilar Seurat, Diana Lynn and Karen Sharpe, plus a couple of newcomers to the ranks of dramatic murder suspects, the Smothers Brothers.

10:11 p.m. CBS. Lucy-Deaf Hour "Lucy's Summer Vacation." (Rerun) Fairy entertainer Lucy is on her vacation at Howard Duff join Deal Armas as foil for Lucy. The adventure finds the Ricardos on a rather confused vacation which alternately pits couple against couple and men against women.

Derailed Train

An Atlantic Coast Line freight car in Sanford, Fla., derailed on the tracks on 20th and 21st Streets for about an hour. There were no injuries.

The train left the tracks just south of the 21st Street A.C.L. crossing about 7:30 p.m., but by 8:45 p.m. the derailed cars were cleared and traffic resumed.

Washington, D. C. In a southern city about 200 miles from Washington, D. C., a short distance below the city and across the river.

Horoscope Forecast

THURSDAY, SEPT. 8, 1966. GENERAL: You feel that you are doing whatever you have agreed to do in a most meticulous and conscientious fashion, and you stop any desire to go off on any tangent or to walk away from duties. Get them behind you by your own consistent course of conduct. What you do earnestly now can save you well for a long time. ARIES (March 21 to April 20) Dell routine work can be put off until you have more authority if you make up your mind to do so. Go to right sources for information. Make plans for bigger things in the future. TAURUS (April 21 to May 20) It's all right to call on good comrades for assistance, but be honest about the situation so that they do not get hurt. Give another job your help, too. Be brave, altruistic. GEMINI (May 21 to June 20) The ideal day to handle office or business matters very efficiently and make a fine impression on higher-ups. Be loyal to big-wig. You make a fine combination, work well together. CANCER (June 21 to July 21) Rather than think the world owes you a living, think of what you can do for others. Be a great success at it. Look into that out-of-town mail. This may be the true channel for you. LEO (July 22 to Aug. 21) You are inspired to do things. You are going to pay bills, so don't put it off. Free time is mild for bigger plans. Be practical and thoughtful of others. This is the key to your success. VIRGO (Aug. 22 to Sept. 22) Don't try to get out of your mess. You have made, since you made them in good faith. Make your word your bond. If you labor diligently now, you get rid of that feeling of animosity directed toward you. The health benefits are yours. You get along famously. SCORPIO (Oct. 23 to Nov. 21) It's all right to have amusement, but don't be extravagant or with shady characters. Level out your emotions. Make it your business to be true, kind. SAGITTARIUS (Nov. 22 to Dec. 21) Home and family need your undivided attention so do not disappoint them and have more harmonious relations. Handle duties that mean greater well being for you. CAPRICORN (Dec. 22 to Jan. 20) Although you are restless, get busy and handle tasks at hand that are important. Losing temper with partners can be very expensive. Forget provoking words spoken in tension-ridden moments. AQUARIUS (Jan. 21 to Feb. 18) Instead of concentrating on expansion at this time, be sure you get important work out of the way that assures present security. Cut down on expenses. Keep promises. PISCES (Feb. 19 to March 20) Many tasks have accumulated and you would do well to pitch right in and get them completed. Foot right again. Giving attention to bettering your health is wise later. IF YOUR CHILD IS BORN TODAY he or she is destined to do a great deal for his fellow man, whether in the field of medicine or any other of the humanitarian professions such as social service, nursing, or the military or personnel work, selling, etc. Do not proceed, however, or a feeling of martyrdom begins and this would spoil the otherwise very wonderful chart. IF YOU ARE A PASTOR could be in this horoscope. (The Stars Impel, they do not compel.) What you make of your life is largely up to YOU! Carroll Righter's Individual Forecast for your sign for October is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter, Forecast, The Sanford Herald, Box 1281, Hollywood, Calif. LOW AGE FOUND: FORT LAUDERDALE (UPI) - A man and four children were safe at home here today after neighbors found them in a car which had been found to have a way out of the swampy Everglades. MIAMI (UPI) - Shopkeepers, worried about a hurricane, locked a convenience store before business hours, but for the most part were unharmed.

Democrats To Parley

SEN. CLEVELAND

AROUND THE CLOCK

Sen. Mack Cleveland Jr. will be a speaker and panelist at the Democratic National Committee at the Cherry Plaza Hotel in Orlando Saturday.

Other speakers and panelists include Attorney General Earl Warren, Mrs. Margaret Price, vice chairman of the Democratic National Committee; William Brawley, southeastern director; State Chairman Warren Goodrich and other state officers.

Members of the 67-county executive committee, congressional district committee and county committees of the Democratic Party in Seminole, Brevard, Lake, Osceola and Orange will attend, as well as State Cabinet members and their representatives.

Attending from Sanford will be Rep. J. Davis Jr., County Commissioner John Alexander, Lawrence Swafford and Edward Yarborough; Arthur Beckwith Jr., Circuit Court clerk; R. T. Milwe, school superintendent; Mary E. Walker, tax assessor; Sheriff J. L. Hobby, Troy Ray, tax collector; County Judge Kaylie Housholder, Hugh Duncan, justice of the peace, and Mrs. Camilla Bruce, supervisor of elections.

Dr. and Mrs. W. Vincent Roberts and a delegation from the Democratic Women's Club; Kathleen Reynolds, district vice president, and members of the Seminole County Democratic executive committee, including Mrs. J. M. Anderson, Mrs. Jane Adreatico, Mrs. J. W. Yarborough and Mrs. Roy Tilla will also attend.

Representatives of the Seminole County Democratic Association and the Young Democrats also are expected to be present.

Following the day-long session of working Democrats Women's Clubs of the district will honor Mrs. Price at a tea.

The pros and cons of the \$200 million road bond issue will be aired at the next two meetings of the Sanford Kiwanis Club.

Willard Peebles, State Road Board member from the Fifth District, will be the speaker next Wednesday. Peebles will give the "pro" side of the controversial program.

The following week the Kiwanis will hear Rep. Lawton M. Childs of Lakeland. Childs is opposed to the road bond program.

Voters will decide the issue on the November 2 ballot.

A transportation study of traffic patterns in Seminole County is being completed. Next on the agenda is a parking study to get under way in Sanford soon.

Three Seminoles County men will head a local committee to promote the \$200 million road bond issue to be voted on in the November election.

John Krier, John Evans and George Tandy have accepted appointments to the committee, according to Willard Peebles, fifth district road board member.

Peebles announced the appointments at a luncheon in Orlando Wednesday in front of members of 11 Central Florida county committees to promote the program in their areas.

Theme of the promotion campaign will be "Florida Forward, Vote For 4 Lanes."

Peebles said the real push to sell the bond program will be made in the next few weeks. He said the program is a "win-win" situation for all Floridians.

Mr. and Mrs. W. C. Schumacher, 2008 Lily Court, are winners of "Garden of the Month" for September. Sanford Garden Club makes the monthly award.

Those people at DeBary cringe every time we write a story about St. Johns River Estates, Louis Lyman says he gets calls every time a story appears in the paper.

Any matter before the Seminole County Board of Commissioners, of course, would be in Seminole County. Our board has no jurisdiction in Volusia County where the other St. Johns River Estates is located.

The old Sears Store on First Street will be the site this weekend for a rummage sale sponsored by Theta Epsilon sorority with proceeds benefiting The Little Red School House. Hours are 10 a.m.-9 p.m., Sept. 10 and 11 a.m.-5 p.m., Sept. 11.

Pickets at Blythe Motor Line Inc. must be dedicated men. One was so absorbed in his duties Tuesday night he did not realize his car, parked on U.S. 17-92, had been stolen until sheriff's deputies returned it.

President Johnson will kick off the United Fruit Festival at 10:15 a.m. Sept. 11 with an appearance on all radio and television networks.

Seminole County's campaign will get under way September 20 with a goal of \$25,000.

A new wrinkle is being added to the rules and regulations governing school positions at City City Manager Pete Knowles says any secretary who "goes" will be "fed to the lions."

The County Road Department has been authorized to advertise for bids on a new motor road under.

Re-elected

(UPI) — Mayor Ivan Allen Jr., a supporter of the civil rights bill, was swept back into office by a landslide in a nonpartisan primary election.

U. S. Cuts Aid; LBJ 'Entertains'

WASHINGTON (UPI) — The United States in a move aimed at bringing India and Pakistan closer together has cut aid to the two nations.

In addition, Secretary of State Dean Rusk indicated that so new economic aid commitments would be undertaken in either country without consultation with key congressmen.

Rusk's statement came as the State Department announced preparations for a possible evacuation of the U. S. ambassador on the scene of East Pakistan citizens from the zones of Lahore and Amritsar.

Pakistan informed the United States, as well as other countries, that it had advised foreign nationals visiting the state of the State Department.

U. S. diplomatic personnel were asked to stay within the municipal limits of the Pakistani cities in which they are stationed.

President Johnson remained in close touch with developments. He was said to be "very much disturbed and worried" about the situation in Pakistan.

Since the Communist Chinese attack on her northern border in 1962, once neutral India has received \$200 million worth of U. S. military equipment.

The United States has been concerned that India and Pakistan are using U. S.-supplied military equipment against each other.

South Florida Digs Out

MIAMI (UPI) — State and local officials today tabulated the millions of dollars it will take to clean up after Hurricane Betsy and optimistically predicted damage wasn't as high as first feared.

The state's avocado and lime crop was considered totally destroyed. County farm officials estimated the loss at nearly \$2 million for the avocados and \$100,000 for the limes.

The southeast Florida tomato crop was believed damaged by the winds, but growers said the extent of their loss could not be known until they could see how their plants recovered.

Sugar growers escaped serious damage since winds in the cane fields along Lake Okechobee reached only 55 miles an hour.

Florida Power and Light Company estimated that 90 per cent of its 220,000 customers in Dade (Miami) and Broward (Fort Lauderdale) counties were without electricity. A telephone company estimated that less than 10 per cent of its customers had power.

Miami Beach escaped severe structural damage although the famous oceanfront hotels again lost much of the glass fronts to the storm wind.

Several homes in the Florida Keys, the area of the state to get the full blast of Betsy's winds, lost their roofs. Tide washed over the islands and flooding was extensive in large and small areas.

In Fort Lauderdale and Palm Beach, the severest damage appeared to be from beach erosion. Parts of the highway skirting the Atlantic coast and in several oceanfront motels were believed undermined.

Betsy was traveling fast — 18 mph and forecasters warned residents in low-lying Louisiana coastal areas to evacuate before their escape routes were cut off by rising waters.

The portion of Louisiana's coast threatened by Betsy is the scene of past destruction by such killers as Audrey in 1957, and Hilda last year when about 40 persons were killed and the entire sugar harvest destroyed.

Some flooding was reported on highways east and south of New Orleans. Sandbags for shorting up levees were being filled and necessary supplies stockpiled.

Major oil companies evacuated more than 3,500 workers from offshore rigs along the Louisiana and Texas coasts.

Surviving are his wife, Mrs. Marie Boyette Govecek, of 216 Holly Avenue; two sons, Joseph Jr., stationed at Orlando AFB, and convicts tied up their escape, and escaped from a road work gang near here.

Authorities said Richard McGee, 38, and another inmate, both serving sentences on armed robbery convictions, fled south on Interstate 75 in a State Road Department truck.

U. S. Cuts Aid; LBJ 'Entertains'

WASHINGTON (UPI) — President Johnson has found peace between Pakistan and India — right on the sidewalk in front of the White House.

During one of two strolls outside the executive mansion, the President bumped into three Mohatma Gandhi Pakistan and one from India. They told him they were close friends.

"I'm sure glad you boys are friends," Johnson told them.

The President spotted the three young men in peering through the White House fence during a walk with several bystanders.

Johnson introduced himself to two brothers from Karachi, Miri Daud Ahmed, 15, and Miri Yamin Ahmed, 20, and to Vinod Mohatma, 24, from Bombay, India. All three at Fort Wayne, Ind., where they study chemical and mechanical engineering.

It was around this time that news reports from the combat zone were saying Indian paratroopers were landing in Karachi.

Johnson invited the three students to come into the White House driveway.

And for about the next 20 minutes Johnson gave a conducted tour seldom made for any visitor.

THUNDERSTORMS Hit Midwest

United Press International Heavy Thunderstorms rained across the Midwest during the night, causing the death of a woman in Chicago and heavy damage to property in other areas.

The Midwest was hit by a heavy rain from 11 p.m. to 1:30 a.m. Tuesday.

Proceeding the meeting, a group of about 200 people gathered at the hotel for a social hour.

Joseph Govecek, Veteran Of AF, Funeral Friday

Funeral services will be conducted here Friday for Lt. Col. Joseph G. Govecek, 49, a veteran of 25 years in the U. S. Air Force.

Assigned to the office of the deputy chief of staff for the Pentagon, he was in Washington, D. C., when Govecek suffered a coronary occlusion on Monday. He was taken to the Naval Hospital at Quantico, Va., where he was pronounced dead on arrival.

Born March 29, 1916, at Urbana, Ill., Colonel Govecek had served in Sanford, attended local schools and was employed by The Sanford Herald in 1936-37.

He enlisted in the Army Reserves in August 1936 and was assigned to the 48th Central Postal Directory in England. He served as a master sergeant. He became a warrant officer in 1942 and was commissioned a second lieutenant in November 1942.

During World War II he served in the European Theater of War and held the WWII Victory Medal, American Campaign Medal, EAME Campaign Medal with one Silver Service Star, Good Conduct Medal, Bronze Star Medal, Occupation Medal (Germany), American Defense Service Medal, Air Force Longevity Service Award with one Oak Leaf Cluster, and the Purple Heart.

Funeral services will be conducted at 3 p.m. Friday at the Briston Funeral Home. Interment will be in Oaklawn Memorial Park.
