Longwood To Set Method Of Selecting City Manager

The Longwood City Commission will set procedures for selecting a city administrator when it meets tonight.

The 7:30 p.m. meeting will be at city hall, 175 W. Warren Ave.

The city has received 63 applications, including those of several women, for the position left by the resignation of former administrator Dave Chacey.

The commission will consider how the applications will be submitted for screening to a committee consisting of Paula Stewart, deputy controller for the city of Orlando; Jim Scaggs, associate superintendent of Employee Relations for the Orange County School Board; Dennis Kelly, Longboat Key city manager; Frank Kruppenbacher, city attorney; and Greg Manning, acting city administrator.

The commission will also decide how many finalists it wishes to interview before making a final selection.

Three zoning change requests by Mike Hattaway for property on Evergreen Street tabled Jan. 14 will be back before the commission. Rezoning asked for the first group of lots is from commercial, office, to commercial, general. Two lots would be changed from residential, single family/duplex to commercial, general, while the third group would be from commercial, office to commercial, general.

Also on the agenda:

- Annexation and rezoning from residential, single family/duplex to commercial, general, requested by Freeman, LeMer, LeMer and Walling, for property on the southside of Longdale Avenue and the east side of Highland Street.

- Rezoning Request by Marian Adams to rezone two lots on southeast corner of Magnolia Avenue and North East Lake Street from R-1 Residential to Historical District

High Times

Getting some down-to-earth advice, Bill Reid, atop a scaffolding in downtown Sanford Sunday, follows instructions from supervisor Andy Bolton. The men work for Sanford Heating and Cooling and were installing a "garnish" — an ornamental ledge — on a building being renovated as part of the city's downtown redevelopment.

City To Get Briefing

Sewer Plant Costs Studied

Costs of sewage treatment plant improvements will be explained in detail to city commissioners at a 4 p.m. workshop today.

Sanford engineering consultants, Conklin, Porter & Holmes, are scheduled to explain the plant's needs, whether the city continues to dump effluent into Lake Monroe or whether it eventually must provide for a landspreading technique by state order of the Department of Environmental Regulation. But City Manager W.E. "Pete" Knowles has said he cannot recommend the engineers

continue to plan for either eventually.

The costs make it more logical to pursue appeal of the state's ruling banning dumping into Lake Monroe "to a conclusion as the savings exceed the possible grant amount" the city would receive if effluent disposal via land spreading were accomplished, Knowles said.

Hearings on the city's appeal began Monday and Tuesday last week and are scheduled to conclude with an April 18 hearing in Tallahassee.

The deadline for the city to apply

for a \$9 million to \$10 million state-federal grant for the more sophisticated landspreading technique for effluent disposal is April 15.

The city commission last year instructed the engineer to pursue two tracks in looking at expansion and modernization of the city sewer plant.

The first track called for the improvement, updating and expansion of the city's Poplar Avenue sewer plant, expanding its capacity from 6 million gallons daily to 9 million

Roadside 'Used Car Lot' Gets Scrutiny

By Deane Jordan
Herald Staff Writer

Residents annoyed by cars with "for sale" signs on them parked just off Lake Mary Boulevard at Hidden Lake Drive, may find it hard to get officials to put a stop to the nuisance.

A Seminole County traffic engineer will examine the situation this weekend and monitor it in subsequent weeks. But he said it may be difficult to determine if a law is being broken or if there is sufficient cause to put up no-parking signs. The right of way of Lake Mary Boulevard is under county control.

Acting county traffic engineer Steve Decker said his office has not received any complaints about the impromptu selling area, which at times is cluttered with as many as 10 cars lined up by their owners for sale.

Decker said he will investigate the parking practice following the inquiry by the *Evening Herald*.

He said complaints by residents are the most common way his office learns of a parking hazard.

Sunday, while nine vehicles were lined up, one of several angry residents called the Florida Highway Patrol who told him it was illegal to park on the right-of-way. A deputy at the scene said while it is illegal, the area must be posted with signs. He said that was the way the county solved right-of-way parking problem at Fica World.

See CARS, page 6A

Herald Photos

Looking east, six cars are lined up for sale Sunday on both sides of Hidden Lake Drive in along Lake Mary Boulevard.

Cars parked on one side of the Hidden Lake subdivision entrance at Lake Mary Boulevard and Hidden Lake Drive are accompanied by a moving sale sign. A traffic engineer will monitor the situation to determine if the cars or signs cause a traffic hazard. If so, "no parking" signs will be put up.

Westmoreland Withdraws Libel Suit

NEW YORK (UPI) — William Westmoreland, the spit-and-polish four-star general who led troops in three wars, has retreated from his protracted battle with CBS and withdrawn a \$120 million libel suit, the network has announced.

His decision to withdraw came on the eve of the trial's 19th week. Lawyers had told Westmoreland "his case was falling apart," due in part to the recent testimony of former subordinates, legal sources told Cable News Network.

CBS released a statement Sunday night that said: "At a news conference (Monday), Gen. William C. Westmoreland and CBS will jointly announce the discontinuance of the Westmoreland libel suit against CBS."

CNN and *The New York Times* reported that no money would be paid to the retired general by CBS, and there would be no retraction or apology for the 90-minute 1982 documentary "The Uncounted Enemy: A Vietnam Deception."

A CBS affiliate reported that both sides would agree they had received a fair trial and that "CBS would not disavow the documentary."

Last week, retired Gen. Joseph McChristian, Westmoreland's chief of intelligence in early 1967, and retired Col. Gains Hawkins, in charge of the Order of Battle, a roster of enemy troop estimates, testified as defense witnesses against the general in U.S. District Court in Manhattan.

McChristian said Westmoreland called an updated, higher estimate of enemy strength a "political bombshell" and added, "What am I going to tell the president? What am I going to tell the Congress? What will the press reaction be?"

Latest Heart Recipient's Recovery Best Yet

LOUISVILLE, Ky. (UPI) — Murray P. Haydon went through a "very uneventful night" less than 24 hours after a "perfect" operation to implant the world's third permanent man-made heart, doctors said today.

Haydon's vital signs were "extremely stable" and his initial recovery was better than that of Bill Schroeder, who had a heart implant in November and has been plagued by nagging fever and flagging spirits that could threaten his life, said Dr. Allan M. Lansing, medical director of the Humana Heart Institute.

Haydon squeezed his wife's hand when she visited Sunday and he waved to her and their children during a later visit.

Lansing said Haydon showed no signs of excessive bleeding, unlike Schroeder, who had to be rushed back

into surgery to correct a bleeding problem just hours after his implant.

With the lack of bleeding doctors were able to administer blood thinners to Haydon, reducing the risk of stroke due to blood clotting.

Doctors added aspirin, which acts as a blood thinner, to the anticoagulant drug, a course doctors said they would follow after Schroeder suffered a stroke 18 days after his surgery.

Lansing said Schroeder's survival might be in question if he cannot shake a recurring fever that has nagged him since Feb. 1 and his discouragement over delays in leaving the hospital.

Asked to compare the post-implant progress of Haydon and Schroeder, Lansing said, "He is much farther along than Mr. Schroeder."

Lansing said the process of weaning

Haydon from a respirator continued today, and he said Haydon might be able to breathe on his own by the end of the day.

Haydon's artificial heart rate was set at 60 beats per minute and may be increased to a more normal 70 beats later today, Lansing said.

Haydon's intestinal tract showed good signs of activity and doctors would begin feeding him today.

Haydon Sunday became the third man being kept alive by the Jarvik-7 mechanical heart, ending Schroeder's self-claimed title as the "bionic man," when doctors replaced Haydon's diseased and enlarged heart with the plastic-and-metal device.

Haydon's clinical condition was listed as critical but stable today.

Dr. William DeVries, the pioneer

surgeon who implanted both Schroeder's Jarvik-7 heart and a similar model that kept Dr. Barney Clark alive for 112 days, completed the implant in a record three hours and 28 minutes and pronounced it flawless.

Haydon, a one pack-a-day smoker until he quit when his heart disease was diagnosed in 1981, was considered too old at 58 for a heart transplant and had been given only weeks to live without an artificial heart. The cause of his disease, which resulted in a weight loss of 25 pounds in the past 2 1/2 weeks, was never determined.

Schroeder, who has had difficulty speaking since suffering the stroke and remains hospitalized at Humana, replied, "That's good," when told of Haydon's successful implant.

Amtrak Pros And Cons

What Happens If The Trains Stop?

WASHINGTON (UPI) — President Reagan is asking Congress to eliminate all federal assistance to Amtrak, which would save the average tax-paying American family 91 cents a month.

In the last budget, Amtrak — which carried 20 million passengers in 1984, most in the heavily traveled East Coast corridor — received \$684 million in federal tax dollars.

Like many of the programs the president wants to wipe off the books in fiscal 1986, the rail passenger service has supporters in Congress.

Indeed, Senate Republican leader Robert Dole — husband of Transportation Secretary Elizabeth Dole — told United Press International the administration will be hard-pressed to get all it wants in programs cuts.

"It's not any secret," Dole said. "You can go through that budget and say they are not going to get all of this and they won't get all of that ... like Amtrak."

Administration officials say Mrs. Dole will lobby for the Transportation Department budget — including cutting subsidies for Amtrak — when

she testifies before congressional appropriations committees this week.

"It costs roughly \$34 to taxpayers every time a passenger takes an Amtrak train," one official said. "This subsidy is made whether the passenger needs it or not, whether he or she is rich or poor."

Amtrak officials counter that the \$34 figure includes not only operating support but also taxes lost through business travel deductions. They say passengers on the nation's major airlines receive a comparable level of federal support.

For every airline passenger, the federal tax loss stemming from business travel deductions average \$33, Amtrak officials said. If one adds all federal support for such services as air traffic control, the subsidies would be much higher than what Amtrak is receiving, they said.

Proponents of Amtrak also point out that since a congressionally mandated reorganization in 1979, Amtrak's annual government subsidies have declined by 26 percent in

NATION

IN BRIEF

90 Mexicans Flee To U.S. After Riot

EAGLE PASS, Texas (UPI) — Ninety Mexicans, some of them requesting political asylum, remained in the custody of U.S. immigration officials today, one day after a bloody riot sent them scurrying to a border checkpoint for refuge.

About 300 protesters fled to the U.S. border station Sunday afternoon when a political rally in Mexico turned into a gun battle between police and demonstrators, witnesses and police said.

Three Mexican police were wounded in the riot, Mexican Judicial Police reported.

Lou Gonzales of the U.S. Border Patrol in Eagle Pass said the riot occurred about a quarter-mile from the checkpoint, already crowded because of searches related to the investigation of the Feb. 7 kidnapping of Enrique Camarena, a U.S. Drug Enforcement Administration agent, in Guadalajara, Mexico.

Customs officials say the border checks, which began Friday, will continue indefinitely, and the inspections have caused major delays all along the U.S.-Mexico border.

Sexual Child Abuse Up Sharply

CHICAGO (UPI) — Last year's 35 percent increase in the number of reports of sexually abused children may be "only the tip of the iceberg," says a national organization that studied figures from about 30 states.

Some states — led by Mississippi with a 128 percent jump — had more than double the number of incidents reported last year than the previous year, according to the National Committee for the Prevention of Child Abuse.

Other states with large increases were Nebraska (121 percent), Missouri (100 percent), Oregon (83 percent), Wisconsin (82 percent), Idaho (59 percent), New York (58 percent), South Dakota (54 percent), Kansas (52 percent) and Tennessee (50 percent).

The survey, based on a canvass of agencies in about 30 states that compile child abuse statistics, shows that the average increase was 35 percent.

"This translates into more than 123,000 reports of sexual molestation of children. And we are probably still only seeing the tip of the iceberg," said Anne Cohn, the committee's executive director.

Child abuse reports in general also increased significantly during the year — by 19 percent — bringing the total number of reports in 1982 to a projected 1,273,000.

FLORIDA

IN BRIEF

Short Circuit Sparks Fire Killing 5 Children

MIAMI (UPI) — A short circuit in an electrical heater wire started a fire killing five children, and officials called it the worst fatal blaze in four years in Dade County.

Police identified the youngsters as Shakita Walker, 6, and her brothers and sisters, Lamont, 4, Shonda, 2, Cory, 14 months, and Yvette, 2 months.

Three adults and two other children escaped from the flames which ravaged the two-story wood frame house in southwest Dade County early Sunday morning, Metro-Dade Fire and Rescue spokesman Stu Kaufman said.

The blaze was reported at 12:48 a.m. and was under control by 1:30 a.m. The nearest fire department was only 12 blocks from the suburban residential neighborhood and the first units arrived at 12:51, but the children already were trapped in the house, said Kaufman.

"When the first unit arrived there was heavy smoke coming from the east side of the house where the bedrooms were," he said. "There were no exits available other than the windows, where flames were shooting from."

Slain Man Lived in Fear

MIAMI (UPI) — A man who was sleeping in his car at an auto repair shop in fear for his life was shot dead in apparent retaliation for a slaying police say he committed in self-defense months ago.

Rafael Rodriguez, 60, was gunned down at sunrise Saturday, hours before he was to fly to his native Santo Domingo in the Dominican Republic from Miami International Airport.

Metro-Dade Police said Rodriguez apparently lived in fear for his life after he killed a bill collector five months ago in self-defense. They said during the last several weeks, Rodriguez moved out of his apartment, slept in his car every night and had his bags packed for escape from the country.

Rodriguez was slain at a friend's auto repair shop where he had been hiding since he moved out of his apartment, police said.

Local Legislation Subject Of Public Hearing Tuesday

The Seminole County Legislative Delegation will hold a public hearing on local legislation at 5 p.m. Tuesday in the Seminole County Services Building Commission Chamber, 1101 E. First St., Sanford.

State Rep. Art Grindie, R-Altamonte Springs, delegation chairman, said among those making presentations will be the Greater Orlando Transportation Study Committee, Common Cause and the Seminole League of Women Voters.

HOSPITAL NOTES

Central Florida Regional Hospital
Sanford: David J. O'Connor, M.D., Director; George Van Pelt, M.D., Chief of Staff; Richard L. Williams, M.D., Chairman; Joanne K. O'Connor, D.O., Secretary; Robert M. Krieger, M.D., Assistant Chairman; Nelson M. Shapiro, M.D., Director of Pediatrics; Travis G. Crabb, M.D., Director of Surgery; John H. Smith, M.D., Director of Internal Medicine; Paul C. Moore, M.D., Director of Obstetrics and Gynecology.

Wife Was Considering Leaving Him

Man Barricades Himself In Home

A Longwood man who barricaded himself in his home following a fight with his wife was hospitalized today, reportedly for psychiatric observation. No criminal charges were filed in connection with the incident.

According to Longwood police, a 42-year-old man living on Logan Drive was transported to Florida Hospital-Altamonte Springs after causing a disturbance in his home shortly after 5 p.m. Sunday.

When officers arrived at the house, they learned the man's wife had been struck several times in the face and kicked in the ribs, according to Lt. Mark Smock.

The man barricaded himself in the house alone and would neither leave nor let anyone else in, Smock said.

According to Smock, the man claimed to be armed with a knife and threatened to kill anyone who tried to enter the house, and threatened to kill himself.

During the next hour, a police negotiator managed to calm the man, Smock said. After the man talked with a former employer who was called to the scene, he agreed to leave the house.

Smock said the man was hesitant about leaving, but then asked to kiss his wife. After kissing her, he bolted and officers had to chase him down, Smock said.

Smock said the man was then transported to the hospital for psychiatric observation. A hospital spokesman confirmed the man was hospitalized but would not say where in the hospital he was or what treatment he was receiving.

According to Smock, the man's wife declined to press spouse abuse charges.

The fight reportedly began because the woman was thinking about leaving her husband, he said.

—Deane Jordan

Auto Operating Costs On The Upswing: Hertz

DETROIT (UPI) — Higher sticker prices and more expensive car loans have offset lower gas prices and better fuel efficiency to boost the cost of driving a typical new American compact car to 45.87 cents per mile or \$4,587 per year, Hertz Corp. reported today.

The rise in operating costs follows two years of falling expenses, Hertz said in its 1984 New Car Ownership and Operating Costs study.

The study, based on a car being driven 10,000 miles a year for five years, took into account depreciation — the largest expense — insurance, license and registration, inspection, interest, maintenance, accessories, typical repairs, and gasoline and oil costs.

The cost of a typical compact such as a Ford Tempo or Chevrolet Cavalier rose 2.4 cents to 45.87 cents per mile last year, 5.5 percent higher than 1983's 43.28 cents per mile and 1 cent higher than the previous record of 44.87 cents per mile set in 1982.

Hertz said higher sticker prices and more expensive car loans spearheaded the increase. When combined with rises in insurance and registration, taxes and licensing fees, they more than offset the recent declines in fuel prices and higher miles-per-gallon ratings.

Interest rates added 1.5 cents per mile to the new car costs, Hertz said, while insurance and registration and licensing fees added another 0.9 cent per mile. Repairs added 0.3 cent per mile, but gasoline and service station repairs lowered costs by 1.1 cent a mile, not enough to offset the increases.

Hertz said a standard-size car, such as the Ford Crown Victoria or the Chevrolet Caprice, cost 59.77 cents per mile to run, up 7.8 percent from 55.42 cents per mile in 1983.

At the smallest end of the market, driving a new subcompact such as the Ford Escort or the Chevrolet Chevette cost 36.83 cents per mile, up 5.8 percent from 34.83 cents a mile. Mid-sized models such as a Ford Mustang, cost 48.61 cents per mile, 6.9 percent higher than 45.46 cents in 1983.

The intermediate class, for cars the size of the Oldsmobile Cutlase or downsized Ford LTD, had the smallest increase, up only 1.3 percent to 50.19 cents per mile from 49.56 cents per mile in 1983.

Purchase prices shot up 9 percent to an average \$9,115 for a typically equipped compact. The rise boosted depreciation by 0.9 cents a mile.

The Hertz study said costs can be lowered by driving a car longer. Compact cars traded annually cost 53.69 cents per mile, 8 cents more than when driven a full five years. When driven for 10 years, costs dropped to only 38.42 cents per mile.

Suburban car costs

It costs almost 40 cents per mile to drive a van, compared to 23 cents for a subcompact. Costs are for a car driven 120,000 miles over 12 years and includes depreciated original vehicle price, maintenance and accessories, gas and oil (excluding taxes), parking and tolls, insurance, state and federal taxes.

Woman Raped In Construction Site Trailer

A 32-year-old Orlando woman reported that she was raped in a construction site trailer where she had gone to meet a man who was to give her some money.

The woman said she went to the site on U.S. Highway 17-92 in Fern Park at about 6 p.m. Sunday to meet with the man she said attacked her. Instead of giving her the money, however, the Fern Park man tried to pull her into the trailer, a sheriff's report said.

The woman pulled away and ran, but the man caught her on 17-92, dragged her back to the trailer and raped her, the report said.

Deputies report the woman was also hit in the left eye during the attack. Lawmen have the name of a suspect in the case.

ALCOHOL AND MINDORS
An 18-year-old Maitland resident was arrested for possession of alcohol in Fern Park. The man who reportedly sold him a six-pack of beer was also arrested.

According to a sheriff's report, two deputies saw an 18-year-old man buy a six-pack of Bush beer at a Shop and Go convenience store at 93 Spartan Drive.

The incident occurred Thursday at 7:45 p.m.

Arrested and held in lieu of \$100 bond Saturday for possession of alcohol by a minor was Douglas Jarrod Blake, of 2346 Falmouth Road.

Arrested for selling alcohol to a minor and released on \$100 bond Saturday was John Mehr, 52, of Orlando.

In a separate incident, an

Action Reports

18-year-old unemployed truck driver from New Jersey was arrested after Sanford officers saw him sitting in a bar drinking a beer. The drinking age in Florida is 19.

According to the arrest report, the officers saw the man in Uncle Nick's Lounge and Oyster Bar, 2606 Park Drive, Sanford.

Arrested and released on \$100 bond after being charged with possession of alcohol by a minor was Mark Andrew Smith, of Cherry Hill, N.J.

STOLEN TRUCK
A Winter Park man was arrested after his erratic driving caught an officer's attention and a subsequent computer check showed the was truck stolen and the man was wanted on various charges.

According to an officer's report, the man's pickup truck was speeding and swerving in and out of traffic on state Road 434 in Altamonte Springs. A check on the vehicle's license plate showed the truck to be stolen. After the vehicle was stopped, a further computer checked showed the driver wanted on a charge of accessory after the fact and aggravated battery with a firearm.

He was arrested at 9:36 p.m. Thursday.

Being held without bond Saturday was Jerry Fred Allen, 34, of 1701 Lee Road.

SNOWED GIRLFRIEND
A Sanford man has been arrested for battery after he grabbed and shoved his girlfriend while in the presence of officers.

The incident occurred at 103 Seminole Gardens, at 8:19 p.m. The report did not say why the police were in the area or possibly why the man pushed the woman.

Being held in lieu of \$500 bond Saturday on charge of battery was Lester Cooper, 47, of 108 Seminole Gardens.

COWBOY BOOT ASSAULT
A Deltona man received medical treatment following an assault by three men wearing pointed cowboy boots.

According to a Sanford police report, Danny Eugene Smith, 28, of 1970 Enterprise Road, was entering the Elbow Room, 3640 S. Sanford Ave., when three men exited the bar and beat him up and kicked him.

He said they told him to stay away from his (Smith's) former girlfriend. He was treated at Central Florida Regional Hospital, according to the report.

No arrests were made at the time of the report.

ACTING SUSPICIOUS
A Casselberry man has been arrested following the sale of a \$15 bag of marijuana in a Fern Park restaurant parking lot.

According to a sheriff's report, undercover drug agents saw a man acting in what they said was a suspicious manner, that is, nervously standing around the parking lot of Krystals, U.S. Highway 17-92, Fern Park, and then going into the restaurant but not buying anything.

After he met with two people in the parking lot, the deputies moved in and confiscated a bag of what appeared to be marijuana that reportedly had been sold to the couple.

Arrested at 6:55 p.m. Friday at his home, was David Ray Blankenship, 23, of 550 Diane Circle. He was charged with sale of marijuana and released from the jail on a \$5,000 bond.

BURGLARIES & THEFTS
William T. Christie, 44, of 4749 Fort Christmas, Chuluota, reported to deputies he lost a 18 gauge shotgun worth \$180 to a thief on Wednesday.

A set of weights worth \$175 were stolen from the carport of Dale Heis, 25, of 2600 Holly Road, Casselberry, Wednesday or Thursday, according to a sheriff's report.

Construction supervisor Lou Scaglia of Tavara reported to deputies that an air handler worth \$450 was stolen from an air conditioner at a construction site at lot 76 Albany Court, Longwood, Wednesday of Thursday. The item belongs to Florida Residential Communities, 101 Wymore Road, Altamonte Springs.

...Costs

Continued from page 1A

to meet the needs of present and future growth, while continuing the dumping of effluent into Lake Monroe. These improvements were last estimated by the engineers to cost \$28 million or less.

The second track called for plant improvements, purchase of a 2,700 acre site for landspreading and construction of eight miles of transmission line from the plant to the site. The site proposed by the engineers is north of Yankee Lake, three to four miles west of Interstate 4 and four miles from the St. Johns River. Cost for improvements under this track were last estimated at \$28 million.

WEATHER

NATIONAL REPORT: Winter's worst took a holiday today, granting most of the nation a respite from snowstorms and unseasonable cold. Only muggy fog in Utah and Texas and snow showers in the Missouri Valley marred the weather map. "The jet stream has moved farther north and it's allowed temperatures to reach seasonal levels, and even get above normal across the southern United States," said Paul Fike, a National Weather Service meteorologist.

AREA FORECAST: Partly cloudy and mild today with a high in the mid 80s to lower 70s. Wind northeast 10 to 15 mph. Tonight partly cloudy with a slight chance of rain. Low in lower 50s. Wind northeast

around 10 mph. Rain chance 20 percent after midnight.

AREA READINGS (9 a.m.): temperature: 69; overnight low: 47; Sunday's high: 70; barometric pressure: 30.36; relative humidity: 69 percent; winds: northeast at 12 mph; sunrise: 7:01 a.m.; sunset: 6:18 p.m.

TUESDAY TIDES: Daytona Beach high: 8:00 a.m.; 8:14 p.m.; low: 1:21 a.m.; 1:58 p.m.; Port Canaveral high: 7:52 a.m.; 8:08 p.m.; low: 1:12 a.m.; 1:49 p.m.; Bayport high: 12:31 a.m.; 1:31 p.m.; low: 7:31 a.m.; 7:23 p.m.

EXTENDED FORECAST: Wednesday through Friday generally fair weather and mild temperatures except a chance of rain mainly extreme north part Wednesday. Lows from 40s north to lower 60s south. Highs averaging near 70 north to upper 70s south.

Wristband To Help Trim Medical Costs

GAINESVILLE (UPI) — A computerized wristband that monitors the body's vital signs was praised by a U.S. congressman as proof that consumers are gaining more control over health care.

Rep. Kenneth "Buddy" MacKay, D-Fla., said such rapidly emerging technology will give consumers a greater role in their own medical treatment.

The U.S. military is testing the computerized tracking device. If it works, it will enable medics to monitor a soldier's health by signaling the injured soldier's vital signs, his whereabouts and an estimate of the time that will elapse before his condition is critical.

"You don't have to use a great deal of imagination to realize that if the watch-style device becomes available to the military and it works, it very quickly will become

available to the consumer," MacKay said.

"The hospital on the wrist may well be the beginning of a time when sophisticated consumers may decide when they have a problem, or may be in touch with a health care professional who can help them make the initial decision about what they should do," he said.

MacKay spoke to a luncheon crowd of 200 hosted by the University of Florida College of Health Related Professions. The luncheon was part of weekend ceremonies marking the inauguration of the university's eighth president, Marshall M. Criser.

MacKay also predicted changes in health care services as a result of Congressional budget cuts.

"As fumbling as we are in Congress, we are going to try to reduce the deficit in this country and to try and balance the budget,"

he said. "One of the places where is going to be major change as a consequence of that is in delivery of health care services."

MacKay said the relationship between patients and doctors will be one of the first things affected by proposed changes in reimbursement to health care providers. He said the distribution of income in the health field will drastically change.

The congressman also pointed out that Florida, as the fastest growing state in the nation, is being watched by the rest of the nation. The decisions made today, particularly in health care services for the elderly, will influence Floridians' choices in where they live tomorrow, he said.

"We have a chance to make the right decisions and be of great help to other Americans, and even the rest of the world," he said.

A Taste Of Athens

Charlotte Burton, left, and Kelly Hartman, both of Longwood, pause during Greek Week activities at Rock Lake Middle School. The students there are celebrating ancient Greek culture during the month of February. The studies include, eating Greek food, attending a Greek play and, like Charlotte and Kelly, dressing in traditional Hellenic attire.

Salt In Processed Foods Still High: Study

WASHINGTON (UPI) — A consumer group says the government has "failed to persuade manufacturers" to cut the amount of salt in foods and a survey shows most processed foods are as salty as they were a year ago.

The Center for Science in the Public Interest Sunday said its index of 100 commonly eaten processed foods, such as soups, gravies, snacks, frozen foods, juices and desserts, showed the sodium content of 78 products remained the same from 1983 through 1984.

The group, which has attempted unsuccessfully to have the Food and Drug Administration order a cut in sodium

content of processed foods, said only 12 foods had less sodium in 1984 than in 1983. The drop averaged only 8 percent.

"Meanwhile, the sodium content of 10 foods rose an average of 11 percent," the center said in a statement.

It also said a separate survey of 1,718 foods, including cake mixes and instant puddings, indicated 62 percent were unchanged in sodium content over 1984. 21 percent had more sodium than in previous years and 17 percent had less.

Bonnie Liebman, the center's nutrition director, said the index indicates "most corporate chefs show no signs of changing their cooking habits to protect the

public's health."

"The sodium index indicates that the FDA has failed to persuade manufacturers to voluntarily cut the salt," Liebman said.

Too much sodium, an ingredient of salt, is believed to increase the risk or severity of high blood pressure in people whose metabolisms are salt-sensitive.

Other factors, such as heredity and weight, also play important roles in the development of high blood pressure, which afflicts an estimated 38 million Americans and is a key contributor to stroke.

An FDA spokesman said the agency began its campaign

against salt in 1981, calling for voluntary sodium content labeling and voluntary sodium reduction. Sodium content labeling becomes mandatory this year.

Some major manufacturers have introduced limited lines of low or reduced-sodium products.

"The bigger point is that someone who's been told by his or her doctor to eat less sodium may go out and buy those low sodium foods, but we would like to reduce the risk of high blood pressure for the teenager, for example, who has a family history of high blood pressure but just doesn't think about what he or she is eating," said Liebman.

CALENDAR

MONDAY, FEB. 18
Bowling league for mentally handicapped, 4-5:45 p.m., Altamonte Lane, 280 Douglas Ave. Call 862-2500 for information.

Multi-Media First Aid class, eight hours, will be held 8:30-10:30 p.m. today and Tuesday. For information call the Office of Community Instructional Services, Seminole Community College, 323-1450, ext. 304, p.m.

Reboas Club AA, noon and 5:30 p.m., closed, 8 p.m., step, 130 Normandy Road, Casselberry.
Apopka Alcoholics Anonymous, 8 p.m., closed, Apopka Episcopal Church, 615 Highland.

Al-Anon Step and Study, 8 p.m., Casselberry Senior Center, 200 N. Triplet Drive.

Sanford AA, 8 p.m., closed, 1201 W. First St.
Fellowship Group AA, senior citizens, 8 p.m., closed, 200 N. Lake Triplet Drive, Casselberry.

TUESDAY, FEB. 19
Casselberry Kiwanis Club, 7 a.m., Denny's, State Road 436 and Oxford Road.

Free income tax help for retirees, 9 a.m. to 1 p.m., Longwood Recreation Center, 175 W. Warren St., Longwood. Through April 15. Bring copies of last tax return, forms for the current year and other relevant materials.

Sanford Lions Club, 12:05 p.m., Holiday Inn, Interstate 4, Sanford.

Great Decisions, 8-week foreign policy series lead by James L. Whitmore, retired aviation consultant to the U.S. government, 1:30-3:30 p.m., Casselberry Senior Center, 200 N. Lake Triplet Drive, Casselberry. Open to the public.

Central Florida Blood Bank Seminole County Branch, 1302 E. Second St., Sanford, 11 a.m. to 7 p.m. Florida Hospital-Altamonte Branch, 601 E. Altamonte Ave., 11 a.m. to 7 p.m.

Sanford Senior Citizens Club, noon, Sanford Civic Center. Bag lunch and program.

Sanford Lions Club, noon, 1-4 Holiday Inn.

Sanford Toastmasters, 7:15 a.m., Season's restaurant, 2565 S. French Ave.

Sanford Optimist Club, 11:45 a.m., Western Sizzlin Restaurant, Sanford.

First of six sessions on Cancer Focusing on Today for cancer patients and families, 5:30 p.m. to 7:30 p.m., Florida Hospital/Oxford Cancer Center. Call 897-1800 for reservations.

Sanford AA, 8:30, closed discussion, and 9 p.m., open discussion, 1201 W. First St.

Reboas Club AA, noon and 5:30 p.m., closed, 8 p.m., step, 130 Normandy Road, Casselberry. Clean Air Reboas Club, noon, closed.

24-Hour AA group beginners open discussion, 8 p.m., Second and Bay Streets, Sanford.

17-92 Group AA, 8 p.m., closed, Messiah Lutheran Church, 17-92 and Dogtrack Road.

Overeaters Anonymous, open, 7:30 p.m., Florida Power & Light, 301 S. Myrtle Ave., Sanford.

WEDNESDAY, FEB. 20
Full Gospel Business Men's Fellowship International breakfast meeting, 6:30 a.m., Holiday Inn, State Road 436 and

Wymore Road, Altamonte Springs. For details call 858-4255.

Central Florida Blood Bank Seminole County Branch, 1302 E. Second St., Sanford, 9 a.m. to 5 p.m. Florida Hospital-Altamonte Branch, 11 a.m. to 7 p.m.

Free income tax help for retirees, 9 a.m. to 1 p.m., Community United Methodist Church, 285 U.S. Highway 17-92, Casselberry. Bring copies of last tax return, forms for the current year and other relevant materials. Through April 15.

Sanford Kiwanis Club, noon, Sanford Civic Center.

Casselberry Rotary breakfast, 7:30 a.m., Casselberry Senior Center, 200 N. Lake Triplet Drive.

Financial advisory service for senior citizens available by appointment, 1 p.m., Casselberry Senior Center, 200 N. Lake Triplet Drive. Call 831-3851, ext. 284.

Medicare help for seniors, 10 a.m. until noon, Casselberry Senior Center 200 N. Triplet Drive, Casselberry.

THURSDAY, FEB. 21
Free blood pressure screenings, 10-11 a.m., West Volusia Medical Services building, 1681 Providence Blvd., Deltona.

Free income tax help for retirees, 9 a.m. to 1 p.m., Hacienda Village Mobile Home Park, 500 Longwood-Oviedo Road, Winter

Spings. Through April 15. Bring copies of last tax return, forms for the current year and other relevant materials.

South Seminole County Kiwanis Club, noon, Quincy's Restaurant, Highway 17-92 and Live Oaks Boulevard, Casselberry.

Central Florida Blood Bank Seminole County Branch, 1302 E. Second St., Sanford, 11 a.m. to 7 p.m. Florida Hospital-Altamonte Branch, 601 E. Altamonte Ave., 11 a.m. to 7 p.m.

South Seminole Senior Citizens, 12:30 p.m., Casselberry Woman's Club, Overbrook Drive. Covered dish luncheon. Bring table service.

Free workshop on alcohol and drug addiction presented by Central Florida Chapter of the Florida Psychological Assn. conducted by Dr. Stephen Robertson and Dr. Stephen Jordan, 8 p.m., All Saints Episcopal Church, 388 E. Lyman Ave., Winter Park.

Cardio-Pulmonary Resuscitation class will begin at Seminole Community College, Sanford and continue through Feb. 28 on Thursdays, 6:30 to 10:30 p.m. Call 323-1450, ext. 304 for information. Fee \$10.

Mother Earth Chapter 60, Seminole County Agri-Center, 4320 S. Orlando Drive, Sanford, 7:30 p.m. Alfred Beasesen, urban horticulturist, will show slides on vegetable gardening and answer questions. Open to

the public.

Sanford Jaycees, 7:30 p.m., Jaycee building, 5th and French, Sanford.

Sanford AA, 1201 W. First St., 5:30, closed discussion, and 8 p.m., open speaker.

Oviedo AA, 8 p.m., closed, First United Methodist Church.

Overeaters Anonymous, open, 7:30 p.m. Community United Methodist Church, Highway 17-92, Casselberry.

FRIDAY, FEB. 22
Central Florida Kiwanis Club, 7:30 a.m., Florida Federal Savings and Loan, State Road 436 at 434, Altamonte Springs.

Seminole Sunrise Kiwanis Club, 7 a.m., Airport Restaurant, Sanford.

Optimist Club of South Seminole, 7:30 a.m., Holiday Inn, Wymore Road, Altamonte Springs.

A Factor In U.S. Freedom

It often is the nature of economic news that important developments aren't identified until after the fact. Only since 1985 began, for example, has it been statistically possible to describe the performance of the U.S. economy during all of 1984.

What a year it was. The gross national product increased 6.8 percent. The 1984 increase in the GNP, which measures the market value of goods and services produced in the United States, was bigger than in any other year since 1951.

Personal income also rose 6.8 percent. It was the biggest increase in personal income since 1973.

Inflation, as measured by increases in consumer prices, was 4 percent. Inflation in the three years ending Dec. 31, 1984, was lower than during any other three-year period since the late 1960s.

Business productivity rose 3.6 percent, the biggest gain since 1971.

The 1984 performance is particularly significant in view of pressures and strains on the American economy in recent years. They include disruptions in the international oil trade, double-digit inflation, a growing trade deficit, a distressed farm economy, high interest rates, lingering unemployment and a monstrous federal budget deficit.

It is sometimes too easy to overlook the contribution of the U.S. economy to American freedom. Strong military defenses alone aren't enough to prevent a nation from falling under foreign influence. A nation that wants control of its destiny also needs a strong economy that is able to grow, overcome setbacks and change as conditions warrant.

The 1984 figures suggest that the United States has such an economy. Maintaining its strength and vitality is an essential part of the fight for freedom.

Jogging Rats?

"Whenever the urge to exercise comes over me," the hoary joke goes, "I lie down until it passes." "Not funny," the physical fitness camp responds. "Exercise is what keeps you alive and beautiful. It strengthens the heart and trims the fat."

The fitness enthusiasts have convinced almost everyone. Indeed, the quest for long life and beauty has changed the landscape. You can scarcely do laps in the swimming pool without raking injury from a passing swimmer's elbow. Lines form at the Nautilus machines. Elbows fly every which way in aerobics classes. And there is scarcely a city street or country lane that does not feel the pounding of squadrons of joggers.

The beneficial impact of exercise on heart and waistline is real enough. But now there's new research to suggest that the sedentary school wasn't entirely off base. Scientists at the University of California at Berkeley Membrane Bioenergetics Group report that vigorous physical exercise generates massive bursts of chemicals that may cause cancer and speed the aging process. These chemicals — free radicals they are called, which some might regard as an appropriate subject for study at Berkeley — are normally present in the body, but during rigorous workouts they can get out of control, multiplying in number, damaging DNA and disrupting the functioning of cells.

The evidence hardly is definitive, for the joggers that thus far have been investigated at Berkeley are rats and guinea pigs, trotting along at 1 mph for up to two miles a day. *Homo sapiens* has yet to be studied, and our bodies may just tell another story.

Don't bet on it, though. Animal research has pointed the way to healthy living before, most notably in a study several years back demonstrating that while jogging made pigs avelte, only fat-free diets made them healthy. The lesson of the Berkeley "free radicals" is very much the Lesson of Life these days: Everything, from deciding how much to exercise to cutting the federal budget, is one damn tradeoff after another.

BERRY'S WORLD

DONALD LAMBRO

There's Still Waste That Has To Be Cut

WASHINGTON — This year's budget debate is being deeply altered by a changing political chemistry in Congress — one that could significantly cut next year's deficit and breathe new vigor into the economic recovery.

With public-opinion polls showing clearly that Americans want runaway federal spending brought under control, members of Congress — both Republicans and Democrats — are increasingly beginning to sense that they have more to gain politically in 1986 and 1988 by cutting the budget than by voting to protect undeserving special interests.

In addition, the budget is no longer viewed as an unfathomable document understood only by lawyers and accountants. Nowadays, most of its major expenditures are well-known to an increasingly sophisticated electorate which understands that the budget is not made up solely of military spending and aid to the needy, as some politicians would lead us to believe.

Instead, it also is filled with low-priority or downright wasteful expenditures whose reduction or elimination would not harm a single needy American. This was the theme of my 1980 book, "Fat City," and my new book, "Washington — City of Scandals."

As congressional leaders begin to put together a \$50 billion budget-cutting package that they hope will pass Congress in the coming months, this is a good time to weigh in with some favorite deficit-reducing proposals of my own:

(1) REVENUE SHARING: With most of the states enjoying budget surpluses, how does Congress justify giving thousands of wealthy and middle-class localities, like Beverly Hills and Dallas, these no-strings-attached grants? Abolish it, but redirect the remaining \$90 billion in grants-in-aid programs to give poorer communities more than they're getting now. Savings: \$4.6 billion.

(2) SYNTHETIC FUELS CORPORATION: Why are we subsidizing synfuels research for America's biggest energy corporations, offering future production subsidies that could cost taxpayers billions of dollars? Savings: \$5 million.

(3) FOREIGN AID: Despite a yearly \$12 billion price tag, only about \$2 billion is actually spent to help the world's poor, though much of this is siphoned off by studies and consulting projects and thus never reaches the world's starving and homeless. The rest of the "foreign-aid" pot is spent on military and economic security

assistance, most of which goes to Israel, Egypt, Turkey, Central American countries and a handful of other nations.

Congress traditionally resists foreign aid, but the administration, like its predecessors, pushes it through by "buying" the votes of lawmakers with promises of budget add-ons for their pet domestic programs. In fiscal 1984, for example, Reagan's lobbyists gave away \$1 billion in such add-ons to buy the votes needed to pass the foreign-aid bill.

If Congress is going to freeze pay, pensions and Social Security, then surely it can freeze military foreign aid as well without endangering the security of our allies. Savings: at least \$2 billion.

(4) URBAN DEVELOPMENT ACTION GRANTS: Internal Department of Housing and Urban Development records show that big hotel chains and other businesses have richly benefited from this discretionary grant program. UDAGs don't create new jobs, as UDAG defenders argue. They simply redistribute capital from one locality to another — with politics a big factor in who gets what. Savings: \$440 million.

EDWARD J. WALSH

Using Space For War

A long time ago, a tiny satellite was launched by a faraway government. Sputnik struck panic in the hearts of all Americans, and the nation's energy and pride was directed for 15 years at the conquest of space. Unfortunately, the Soviet Union was just getting started. But Soviet space exploration was and is devoted to war, not science. Twenty years ago, the Soviet armed forces Journal Military Thought proclaimed that "the mastery of space is a prerequisite for achieving victory in war."

Today, the Soviet Union possesses the capability to employ anti-satellite devices at less-than strategic levels of conflict. The USSR is currently able to disrupt American C-3 functions — communication, command, and control — 70 percent of which are routed through satellites. The destruction of this system would bring a U.S.-Soviet conflict quickly to an end, the end being Soviet victory.

The fearsome rush of technology is now altering profoundly the nature of the U.S.-Soviet confrontation. Technology indeed, if properly steered by wise Americans, will do more to reduce the nuclear threat than the moralistic chants of a division of young European leftists and chic American clergy.

President Reagan has lent his prestige to a prudent project that aims at doing just that. His Strategic Defense Initiative, under the aegis of a determined and dedicated organization called High Frontier is directed ultimately at an immaculate goal, literally removing superpower warfare from the face of the earth.

High Frontier envisions a multi-layer system of non-nuclear defenses against Soviet attack. At its basic level, it would detect incoming ballistic missiles and destroy them with a point defense system of anti-missile missiles. Future generations of the SDI would use off-the-shelf technology to maintain missiles in space able to destroy Soviet ICBMs upon launch; an array of laser and particle-beam weapons capable of destroying enemy satellites, and a system of orbiting manned vehicles that would inspect and repair the SDI network.

JACK ANDERSON

KAL Shoot-Down Propaganda Win

WASHINGTON — When the Soviets shot down a Korean Air Lines 747 with 269 passengers and crew on Sept. 1, 1983, American embassies around the world were immediately ordered to report the reactions of foreign governments and press. The State Department wanted to know just how big a black eye the Soviets had given themselves.

Hundreds of recently declassified cables, reviewed by my associate Lucette Lagnado, show the keen interest Foggy Bottom had in what was clearly regarded as a propaganda windfall for the United States. Here are some of the most significant results of the worldwide survey conducted by U.S. embassies:

— Washington was particularly interested in determining which, if any, communist countries would issue flat-out condemnations of the Soviet shoot-down of the KAL plane. "Any notable — i.e., out of sync with Moscow — reactions... (would) be of interest, both to us and to our Korean friends," stated a cable sent out within days of the incident. The

SCIENCE WORLD

Space Burial Riches

By William Harwood
UPI Science Writer

CAPE CANAVERAL (UPI) — Entrepreneurs who plan to launch cremated human remains into space aboard an orbiting mausoleum say the venture has generated intense interest from those who want a final resting place on the high frontier.

The Celestis Group of Melbourne, Fla., hopes to launch the first such memorial, carrying the "remains" of more than 10,000 people in tiny capsules, in late 1986 or early 1987 aboard a Conestoga solid rocket built by Space Services Inc. of Houston.

The federal government gave its blessing to the project Feb. 12.

"Our preliminary market surveys were pretty positive," said John Cherry, a retired funeral director and one of three company founders. "We had absolutely no detrimental response to the program at all and we still haven't."

Launched into an orbit 1,900 miles high, the satellite should remain on station for at least 63 million years. The company's logo, fittingly enough, is an infinity symbol.

James Kuhl, a retired cemetery director and another part owner, said a man in Salt Lake City plans to send the remains of his parents into orbit because, as the man said, "I promised them that if it ever came along I'd get them up in space. That's what I want to do for them."

Another man called up and asked

to reserve 10 capsules.

Cherry said interest has been particularly high in Great Britain where the cremation rate averages about 85 percent.

"Obviously, the areas where you have the most cremations are going to be the areas that this probably will have the strongest appeal," he said. "England is going to be a good market for us and we think Scandinavia and Japan (as well)."

Kuhl said the service will be particularly valuable to people who don't know what to do with cremated remains.

"They really don't want to take them home and put them on the mantle and maybe they don't want to scatter them so a lot of times they leave them in the funeral home," he said.

"A guy next to me has got his father in the liquor cabinet, because that's the place he always wanted to be," Kuhl joked. "But he doesn't know what to do with his father's remains."

Cherry said for the first flight, the remains of 10,330 people will be carried aloft in the satellite in individual capsules, each measuring just two inches by five-eighths of an inch. The company will use a secret technique to reduce the remains to capsule size.

The cost per capsule is about \$3,900, which Cherry said is competitive with the cost of normal funerals in which the deceased is buried. Commercial cremations typically run between \$300 and \$500.

WASHINGTON WORLD

Rabbit In The Shed?

By Arnold Sawicki
UPI Senior Editor

WASHINGTON (UPI) — The theme is deep in American folklore: Br'er Rabbit escapes from Br'er Fox by pleading not to be thrown in the briar patch; Tom Sawyer persuades his buddies that whitewashing a fence is a rare treat.

Has President Reagan been reading Joel Chandler Harris or Mark Twain? There are some on Capitol Hill who think the president, who has been atung in the past when he tried to trim some on Social Security benefits, is setting up Congress to do what he wants to do but doesn't care or dare propose.

There even are some who think such a bait-and-switch strategy may be in place on the issue of the defense budget, which the president says can't be cut, and taxes, which he says can't be raised.

Suspicious about the president's intentions were aroused by his reply to a Jan. 9 news conference question about freezing cost of living increases for Social Security beneficiaries as a means of reducing the federal deficit.

The president's response was to remind the questioner that he had repeatedly pledged to safeguard existing Social Security benefits, but adding that he might be faced by an "overwhelming bipartisan majority" in Congress demanding a freeze on cost of living increases.

"I would have to look at that situation and what I was faced with, with regard to a possible congressional mandate," Reagan said.

He was less equivocal on the subject of defense spending and tax increases, but the response to the Social Security question reminded longtime Reagan watchers that he is a man who has yielded to the need for compromise before.

A number of students of Reagan's career in public life have said that he was able to do business with the Democratic-dominated California legislature in his second term as governor by skillful applications of political give and take.

And one enthusiastic Reagan supporter in Washington, Sen. Phil Gramm of Texas, said just last week that the president has had to compromise on every defense budget he has submitted since he entered the White House and probably would do so again this year.

SPORTS

Evening Herald, Sanford, Fla. Monday, Feb. 18, 1985—5A

Daytona Thumps Raiders

Payne: No Host Role May Help SCC In Tourney

By Sam Cook
Herald Sports Editor

DAYTONA BEACH — The Seminole Community College Raiders didn't qualify for the state basketball tournament while hosting the post-season playoff tournament in each of the past two years.

They wouldn't qualify at home again this year — but they could qualify away from home. Daytona Beach's Scots ran off with a 79-65 victory before 823 fans at Daytona Beach Community College Saturday night.

The victory secures the host's role for the Scots in the Mid-Florida Conference post-season tournament. The tournament opens with first-round games Tuesday night as SCC (20-11 overall, 9-5 MFC) hosts Valencia (1-13, 5-24), Santa Fe (15-15, 6-8) hosts Central Florida (15-16, 5-9) and Lake City (23-8, 9-5) hosts St. Johns River (8-15, 4-10). All tip-offs are 7:30 p.m. There is no charge for admission at SCC's Health Center.

Daytona (25-6, 10-4) has a bye until Thursday night's semifinal round begins at Daytona Beach. The winner of the tournament joins Florida Junior and six other teams at the state tournament next weekend.

"I'm glad we're not hosting it," said Payne. "It will give us a chance to get ready for the game instead worrying about being the host. We couldn't do it at home, maybe we'll have a good chance on the road."

The Raiders didn't have much of a chance Saturday night. Daytona, behind the penetrating play of guard Gary "Fast Hands" Hamm, broke to an 8-0 lead as SCC missed all four of its field goal tries.

And ahead did they get. After Hamm scored six of the Scots' first eight points, 6-6 center Jim Gable jumped into the flow. Gable, not known for his scoring, tossed in six straight points to ignite a 14-8 blitz which gave DBCC a 24-12 lead with 9:37 to go.

Payne called a timeout after Anthony Anderson pushed the margin to 12 points with a jumper from the baseline. SCC switched to a trapping defense during the timeout and Daytona coach Ray Ridenour countered with a spread offense.

Although Daytona scored twice on a Ham layup and an Anderson dunk, the Raiders finally warmed up and went on a 16-4 tear which pulled them within 53-28 with 2:10 left in the half.

Greg Bates had two buckets, including a steal and slam, to spark the surge. Kenny Edwards and Lenny Grace also had a pair of buckets while Greg "Slim" Johnson dominated the backboards, allowing the Scots just one shot on each possession.

In the final two minutes, though, Charles Stevenson wished a jumper from the wing and Sanford's Willie Mitchell bounced off the bench to drop through a short jumper in the paint with 43 seconds left to extend Daytona's halftime edge to 36-28.

"I didn't get to play much," said Mitchell, who is the Scots' third forward. "But when I got in there I tried to make things happen."

The closest SCC could come after that was 10 points and at one point, the six-minute mark. Anderson's two free throws gave the Scots a 66-46 bulge. Sanford's Fred Miller, who like Mitchell played sparingly, scored on a nice fastbreak layup but also turned the ball over several times.

"I can play a lot better than that," said Miller, who attended Lake Mary last year. "But I didn't get to play in the first half and I guess I didn't get the nervousness out of me."

Daytona converted 33 of 53 shots for a torrid 62 percent.

STATS: DBCC (18) — Edwards 9-15 1-4 17, Landell 2-8 3-8, Hughes 1-3 0-2, Green 4-12 0-7 12, Brantley 1-4 0-2, A. Johnson 0-2 0-2, Greer 1-1 0-2, Bryant 0-2 0-2, Bates 4-10 0-0, O. Johnson 0-2 0-2, Reid 0-2 0-2, Day 0-1 0-0, Stovall 1-1 0-0, Totals: 33-70 (47%) 9-19 (47%) 44.

DAYTONA BEACH (17) — Stevenson 9-9 3-4 18, Anderson 9-11 4-4 26, Gable 7-8 2-3 14, Moore 1-14 1-12 12, P. Miller 1-1 0-1 2, Mitchell 1-1 0-1 2, Green 4-7 1-2, D. Miller 0-1 1-1, Wilson 0-0 0-0, Gilmora 0-0 0-1 0, Bergin 0-1 0-0 0, Wilson 0-0 0-0 0, Totals: 33-66 (50%) 13-19 (68%) 75.

Halfway — Daytona Beach 24, Seminole 28. Final — Seminole 18, Daytona Beach 14. Fastest net — none. Technical — none. A — 823.

SCC's Mike Landell, above right, puts the defensive pressure on DBCC's Charles Stevenson. At the right, Stevenson puts a move on Shannon Greer. Stevenson scored 12 points to help Daytona Beach drill the Raiders Saturday.

Herald Photos by Susan Winkler

Oviedo Tips Tribe; Rams Sweep; Elwood Saves Lyman

By Sam Cook
Herald Sports Editor

There's still one week before the Five Star and Orange Belt conferences open their baseball seasons but several county teams flashed mid-season form over the weekend.

At Longwood, John Elwood's sparkling diving catch in the bottom of the seventh inning preserved a 5-4 Lyman victory over Lake Brantley in the championship game of the Lyman Invitational.

At Orlando, Seminole and Oviedo battled for 10 innings before a throwing error allowed the Lions to break the deadlock and pick up a 6-5 extra-inning victory in the third place game of the Seminole Invitational at Oak Ridge High School.

At Okeechobee, Lake Mary swept a double-header as Eric "The Whip" Hagen struck out 13 and hurled a two-hitter as the Rams slaughtered Okeechobee, 13-0. In the first game, Anthony Lazaic speed nined hits as Lake Mary won, 6-2.

Today, Seminole, 2-2, travels to Edgewater for a 3:30 p.m. game. James Hervey will pitch for the Tribe. Lyman, 4-0, entertains Evans with right-hander Derek Livermore looking for his third win. Oviedo, 2-5, hosts

Baseball

Cocoa Tuesday at 7:30 p.m. as right-hander Lee Watson or Mark Hofmann huris for the Lions. Lake Mary, 3-0, will send right-hander Mike Schmit after his second victory Wednesday at home against Winter Park at 4 p.m.

Oviedo coach Howard Mable said the Lions will play under the lights at the Oviedo Big League Field for the first time.

In the Seminole-Oviedo marathon, Brian Sheffield went the distance for the Tribe while Bobby Bradley relieved Craig Duncan in the sixth inning to pick up the Lions' victory.

Seminole jumped to a 3-0 lead in the first inning when Alonso Gainey was hit by a pitch and Larry Thomas, Sheffield and Tom Wilks drew walks. Hervey followed with a sacrifice fly for another run. Free passes by Duncan to Roy Jensen and Joey Corsi forced home the third.

Sheffield balked home Oviedo's first run in the second and Duncan delivered the second with a sacrifice fly. Seminole went up, 4-2, in the

third on a bases-loaded walk to Gary Derr.

Oviedo pushed across one in the fourth on singles by Tony Belflower, Jimmy Barrett and Bradley. Coral's RBI single pushed Seminole ahead, 5-3, in the top of the fifth but Oviedo bounced back to tie it on Lee Watson's RBI ground out and Bradley's bases-loaded walk.

Sheffield and Bradley matched goose eggs until the 10th when Belflower drew a two-out walk, stole second and third and romped home when catcher Tom Wilks' throw went over the third baseman's head on his theft of third.

Lake Mary, meanwhile, struggled against SA Okeechobee in the first game before rallying on RBI singles by Ryan Lisle (two), Kevin Hill and Mike Schmit. Lazaic helped himself with a single and a double.

In the second game, Hagen had an easy time as he threw just 94 pitches to record his 13th win. He walked one and hit one. "When 'The Whip' hits a guy early, they have a tendency to step in the bucket a little," said Tuttle.

Shane Letterio had a single and a

triple while Danny Bridges and Keith Wallace each had a pair of hits. Rod Metz chipped in an RBI single.

Lyman built a 5-1 lead for winner Mark Whittington on Kyle Brubaker's two-run homer, four Brantley errors and an RBI single by Jim Odom. Whittington, a junior, kept the Pats off balance for four innings with an assortment of off speed pitches.

Ken Oswald, a freshman left-hander, hurled the fifth and sixth frames before giving way to Craig Meyer in the seventh. Losing pitcher Tim Smith walked and Andy reached on a swinging bunt which Meyer heaved down the right field line to put the runners on second and third. Scott Salmon then reached on an error by Brubaker to score the first run.

Mark Coffey was then hit by pitch to load the bases. Dangerous Mike Beams rounded into a force out at home but Mike Davis pulled the Patriots within 5-3 with a fielder's choice. Dan Beatty then hit a bouncer off Meyer's glove to score another run and make it, 5-4. Kevin Bass following with a sinking liner to right field which Elwood snared with a diving catch and then held aloft for the umpire to see.

Patriots Nip Rams, Face Winter Park

John Nelson
Herald Sports Writer

Coming off an emotional upset over No. 1 ranked Lake Howell Thursday night, the Lake Mary Rams went into Altamonte Springs looking for a similar upset of the No. 4 ranked Lake Brantley Patriots.

Lake Brantley, however, had a different ending in mind.

The Patriots used a stellar defense and Steve DeLong's second-half goal to nip the Rams, 1-0, for the District 4A-9 Soccer championship Saturday night at Lake Brantley High School before 500 fans.

"It's tough to get up after beating the No. 1 team," said coach Larry McCorkle of Lake Mary. Despite beating the top ranked Hawks, Lake Mary (20-9) was still the underdog to the Patriots who have a 20-2-1 record.

At first it seemed both teams were evenly matched as the 0-0 first half score indicated. The major battles took place in midfield with few challenges on goal. The closest shots for either side were long loopers from outside the area and a Lake Mary corner kick.

The pace quickened in the next five minutes as Lake Brantley applied most of the offensive pressure. The Patriots entered the goal area three times before the Patriots finally netted what proved to be the winning goal with 35:56 showing on the clock.

A header assist from senior Rick Williams aided forward Steve DeLong to break away from the left to go one-on-one with Rams' keeper Greg Griffing. "It just felt great (scoring the winning goal), said a modest DeLong. "But it wasn't only me. It was the team."

Lake Brantley's first-year coach Jim Brody said DeLong has been at his best the past few games. "He (DeLong) has been great in the last couple games," said Brody. "He made the difference in the game."

The Rams still had a chance at equalizing, but stingy goal keeping by Aaron Kindel with eight saves for the night helped the Patriots get their 14th shutout this season. Lake Mary took 15 shots and seven corner kicks while Brantley shot seven times with one corner kick.

Lake Mary continued the pressure throughout the rest of the half without success leaving the Patriots to hold the trophy in front of approximately 500 chilly fans.

"Losing 1-0 is nothing to be ashamed of. Brantley deserved to win," said McCorkle. "They controlled the ball and dominated the game. I think they have a good shot at the title (state)."

The Patriots will now move on to the Region 3 playoff as they take on the Winter Park Wildcats (18-5-1) at home Tuesday night. The Wildcats upset Metro Conference champions Evans High in the District 4A-10 final Saturday with the only goal scored by former junior varsity player Nhan Lee.

Lake Brantley has already defeated Winter Park during their first game of the season, 5-1. "I think it will closer than that," said Brody. "They're playing better now, they usually do at the end of the season."

Brody said comparatively Lake Mary would be tougher since they beat the Rams, 3-2, during the regular season. "If we play like we're capable we should score a couple," predicted Brody.

Rams Send 11 Matmen To Region

Lake Mary Wins District In Romp

By Chris Fister
Herald Sports Writer

Although there were a few disappointments after Saturday's 4A-9 District Tournament, there is no doubt in which direction the Lake Mary High wrestling program is going — up.

The Rams continued to soar towards state prominence Saturday at Lake Mary High when they won the 4A-9 District title for the second straight year. Lake Mary also advanced 11 wrestlers to this weekend's Region 3 meet at Lyman High as it tries to repeat as region champ.

"I'm really happy with the way the kids are performing," Lake Mary coach Frank Schwartz said. "The program's really going strong."

Lake Mary took the district title with a score of 186 compared to 128 for Lake Brantley and 98½ for surprising Sanford Seminoles.

"We have a good feeling going into the regional," Lake Mary assistant Doug Peters said. "We don't have the individuals of the past, but we have a good, solid team. This is the three weeks (district, region, state) we key on in practice. It has to be the kids' beat three weeks."

The Rams pretty much sewed up the district crown in the first round by advancing 11 wrestlers to the semifinals. Lake Mary went on to put seven in the finals of which only two won, but three were beaten in the last 15 seconds of their matches.

Senior standout Ivan Carbia, down a weight class, was impressive in an 11-1 win over Deland's Paul Criche in the finals at 118-pounds 11-1.

"Ivan (Carbia) did a great job," Schwartz said. "He dominated Criche, a guy who had only one loss going in."

Lake Mary also picked up the title at 149 pounds when, in a bit of a surprise, Scott Ross, a transfer from Sarasota, upended Lake Howell's Greg Buckley, 8-5. Buckley, who had pulled out a 10-8 win over Ross in a dual meet, went in with a 2-1 record.

"Scott (Ross) was a district champion last year and was third in the region," Schwartz said. "He's really been working hard this year and he deserved it."

The three wrestlers who lost in the last seconds of their final matches included Matt Broberg at 130 pounds, Tom Olson at 136 and Billy "Bang Bang" Caughell at 224.

"Broberg was winning the entire match (against Brantley's Dan Black)," Schwartz said. "But he lost it (7-6) in the last 10 seconds."

Olson dropped a 6-4 decision to Mainland's Terry Emanuel in the last 15 seconds of their

Herald Photo by Tommy Vincent

Lyman's Matt Hughes has the upper hand (arm?) in his first-round match with Lake Brantley's Dan Black. The problem for Black, however, was just temporary. The

130-pound Patriot turned things in his favor Friday night and then came back Saturday to nip Lake Mary's Matt Broberg, 7-6, for the championship.

match. Emanuel was second in the region a year ago.

At 224 pounds, Caughell had the lead the entire match over Lake Howell's Harold Crowley, but "Crowley escaped with two seconds left and won (4-3)," said Schwartz.

"Some of the matches we lost were frustrating," added Schwartz. "But we were right in them all the way."

The 11 Lake Mary wrestlers going to the region included Enrique Carbia (102), Ivan Carbia (118), Mike McMorrow (123), Broberg (130), Olson (136), Todd Beauchamp (142), Ross (149), Mark Lindquist (159), Walt White (171), Caughell (224) and Troy Jackson (unlimited).

Enrique Carbia was upset by Mainland's Todd Bell in the semifinals at 102 pounds. "He (Carbia) was cold, he had two byes before the semifinals,"

Schwartz said. "But he came back strong for third place. I think he can win the region."

Seminole High's third place finish was the best ever and the Tribe advanced six wrestlers to the region in the process.

Two Seminoles came away with district titles and kept their unbeaten records intact.

Tony Brown continued his assault on the state title by upending Lake Mary's Beauchamp, 11-1, at 142 pounds.

"He (Brown) wrestled very well," Seminole coach Roger Beathard said. "He went right out and took charge."

Brown had a tough time getting to the finals though as he had to go into overtime to pull out a victory over Lake Brantley's Steve Drake. Drake built an early 2-0 lead in the first period but Brown came back to tie it at 2-2. Each wrestler

got two more points and it went into overtime tied at 4-4. Brown came back to shut out Drake in the overtime period.

"Tony tried everything but just couldn't get Drake on his back," Beathard said. "He tried cradles, arm bars, and even the knee crab ride he's working on."

Turner went head-to-head once again with Lake Brantley's Joe Waresak at 159 pounds and, as in the Five Star Conference match, the Seminole sophomore came out on top, 11-4.

"Troy (Turner) was ahead throughout the match," Beathard said. "He had a 6-2 lead after the second period and then got Joe (Waresak) on his back a couple times in the final period."

Also advancing to the regional for the Seminoles are Sheraton Mays (109 pounds), Steve Chung (130), Tracy Turner (149) and Walt Lowry (171).

Chung, however, was not able to go to the region as he suffered a slight separation of the collarbone in the wrestlebacks on Saturday according to Beathard.

"Steve (Chung) separated his collarbone during the match and went on to finish it out," Beathard said. "He should be proud of himself for what he did. I just hope he'll be able to wrestle in the regional."

Other district champions from Seminole County included Lake Brantley's Jim Martin at 102 and Lyman's Chad Dubin at 109. Martin upended Mainland's Bell, 14-4, in the finals while Dubin outmaneuvered Brantley's Kevin Greenstein, 11-2.

OVIDO'S HARMON WINS REGION

SEBRING — Ovido's Rob Harmon came away with the 3A-2 Region Championship at 102 pounds Saturday by pinning Lake Weir's Greg Anderson in 3:21. Harmon and two other Ovido wrestlers advanced to the 3A State Meet at Melbourne Palm Bay.

Also advancing for the Lions are Jerry Jordan at 109 pounds and Scott Clements at 142.

Elliott Says Pressure Is Off After 500 Win

By Carl Vanzura
Special to the Herald

DAYTONA BEACH — In a race that was never in doubt Bill Elliott put the Coors Ford into victory land after leading 137 of the 200 laps to win the 27th annual Daytona 500 Sunday before a record 125,000 fans at the Daytona International Speedway.

"This is beyond words to me," said an excited Elliott. "Even during last season I was thinking about the Daytona 500, even when we had races to run. If I never win another race, I've accomplished my main goal now."

Elliott, with speeds near a constant 200 mph all day won \$185,500 (the highest pay-off ever at Daytona) as he ran the second fastest 500 ever run. Elliott averaged 172.256 and won by seven car lengths over Lake Speed.

Elliott all week long said he knew had the car to beat as he set a new world record for stock cars when he qualified at 205.114 mph. "This was the hardest week I have ever had in my whole life," said the Dawson, Ga. native. "There was so much pressure on me to win, even if I hadn't won I am glad it is over."

Despite Elliott's record-setting trials, he said Cale Yarborough, who exited on the 62nd lap with

Auto Racing

a burned out piston, was the man to beat. "I think the pace was so high in the race because when Yarborough was out there I felt he was the car to beat," he said.

"I was doing all I could to just hang on. The only trouble I had all day was the car got loose a couple times and it overheated around the 70th lap."

"It was an odd race. Cale may have been stronger, and that early pace was mostly his."

After dropping out, Yarborough said, "I don't know what happened. I guess we lost a cylinder. I thought we ran out of gas, but that wasn't it. It was running but not on eight cylinders. The pace was awful fast, but my car was running good and felt good."

"My Ford and Elliott's Ford were pretty equal. I felt if we stayed together I had a good shot at winning. But now I don't think anyone has a shot at Bill Elliott."

Kyle Petty, another front leader out early in the race, said, "That was an unbelievable pace Elliott and Cale set, almost suicide."

Bobby Allison, another of

seven previous 500 winners who failed to finish, broke his motor trying to keep up the pace set by the two Fords. He said, "If the other guys (Elliott and Yarborough) run like that you are going to see a lot of motors breaking at that pace."

There must have been something to what Allison said as other drivers going behind pit row were, Neil Bonnett, Terry Labonte, Harry Gant, Phil Parsons, David Pearson, A.J. Foyt, Benny Parsons, Dale Earnhardt and Richard Petty, all top ten drivers. Bonnett blew with just five laps to go while running in second place.

Darrell Waltrip finished third in the Budweiser Chevy for the second year in a row. Buddy Baker in his first race as a car owner-driver finished fourth and was satisfied with his standing. "Darn right I'm happy. The only thing that hurt us was I ran out of gas before my first pit stop. I couldn't pit without running into someone. Fourth for a new team is not bad at all," he added.

Tim Richmond and Richard Brooks were the only two drivers to make contact with the wall. Both drivers were alright and the cars received minor damage. Other cautions were brought out by Lenny Pond and Bonnett when they spun going down the front stretch.

Mullin Regains Midas Touch, 31 Points Bury DePaul

United Press International
Lou Carnesecca has spent enough time agonizing at court-side to know this much:

"The good ones come back," St. John's Coach said. "The Barrys, the Wests, the Ocars."

On Sunday, Carnesecca's gold mine of an All-America, Chris Mullin, came back. After hitting just 2-of-10 shots in the first half, Mullin finished with a season-high 31 points to lead No. 1 St. John's to a 93-80 victory over No. 20 DePaul.

"I'm not worried about Chris," St. John's center Bill Wennington said. "I don't care what he's shooting."

DePaul threw a laugh some at the Redmen in the first half and led 38-34. Mullin, forced out of his range, was limited to 7 points. But in the second half he made all 7 shots from the floor and St. John's, 22-8, won on its way to its 17th straight victory, the nation's longest winning streak among major teams.

"Let's look at the complete picture," Carnesecca said. "That second half was a thing of beauty — offensively and defensively. I don't want to be negative. I want to enjoy this."

Before a raucous red-shirted crowd of 8,597 at Alumni Hall in New York, St. John's held a tenuous 65-64 lead midway through the second half. But then the Redmen got serious on the boards and at the line, boxed out well and went on an 18-4 run that hiked the score to 83-68 with 3:06 to go.

For the Redmen, Walter Berry scored 19 points while Willie Glass had 13 and Mike Moses 11, all after halftime. Ron Stewart, a reserve forward, played a gutsy second half and finished with 7 rebounds.

DePaul, 15-8 and losers of five of their last seven, was led by Dallas Comerys with 20 points, while Tyrone Corbin had 16 points and 11 rebounds and Kenay Patterson 17 points.

"It seems like a typical DePaul story," DePaul Coach Joey Meyer said.

Basketball

"I don't know what it is. We're not reaching deeper or whatever."

In the Atlantic Coast Conference Sunday at Clemson, the Tigers beat No. 19 Maryland 71-64 behind Vincent Hamilton's 20 points. Keith Gailin of Maryland scored 26 points on 14-of-15 shooting. Terpe coach Lefty Driesell was denied career victory No. 500 for the third straight game.

"We play well on TV," Clemson coach Cliff Ellis said. "People haven't seen us play bad yet. We ought to keep the cameras rolling."

And in the Southwest Conference, Houston downed Rice 96-91 on Greg Anderson's 29 points.

Saturday, No. 2 Georgetown defeated Providence 67-73; No. 3 Memphis State beat Cincinnati 70-66; No. 4 Duke stopped Notre Dame 81-69; co-No. 5 Georgia Tech fell to Virginia

62-65; co-No. 5 Oklahoma took Missouri 88-84; No. 7 Michigan edged Minnesota 86-84; No. 8 Syracuse dropped Louisiana State 76-64; No. 9 Southern Methodist topped Louisville 72-64; and No. 10 Kansas was upset by Iowa State 72-70.

Also, Michigan State 57, No. 11 Iowa 55; North Carolina State 65, No. 12 North Carolina 76; No. 13 Louisiana Tech 59, McNeese State 58; No. 14 Tulsa 78, Creighton 63; No. 15 Illinois 69, Wisconsin 49; No. 16 Nevada-Las Vegas 60, Cal-Irvine 59; Washington 60, No. 17 Oregon State 45; and Boston College 62, No. 18 Villanova 61.

At Providence, R.I., Reggie Williams scored 20 points and David Wingo 18 and the two combined on 18-of-19 shooting for Georgetown. The Hoyas, 23-2, shot 65 percent in the Big East game with Providence.

At Memphis, Tenn., Andre Turner's 20-footer with one second remaining boosted Memphis State, 19-2, in a

Metro Conference game with Florida State.

At East Rutherford, N.J., David Henderson scored 18 points and Duke shot 72 percent in the first half in beating Notre Dame. Ken Barlow paced the Irish with 27 points.

At Charlottesville, Va., Tom Calloway scored 16 points to push Virginia, last in the ACC, past league leader Georgia Tech. Odden Polynick added 14 points and 11 rebounds for the Cavaliers.

"This has got to tell you something about how balanced the ACC is, Virginia Coach Terry Holland said.

At Columbia, Mo., Wayman Tisdale's 23 points helped Oklahoma win its 23rd straight Big Eight game. Missouri's Malcolm Thomas had 31 points.

At Minneapolis, Butch Wade followed up Gary Grant's shot with 10 seconds left to beat Michigan, the Big Ten front-runner, past Minnesota for its 11th consecutive victory.

Tribe Flashes Winning Form

Barnett, Peterson Pace Win — Murray Hangs Up Spikes

By Chris Pister
Herald Sports Writer
WINTER PARK — Despite being hindered in its workouts by cold weather, Sanford's Fighting Seminoles showed fine early-season form Saturday by winning the 27-team Wildcat Open Saturday at Showalter Field in Winter Park.

Frank Barnett and Leo Peterson led the way with two first places each as the Tribe piled up 67 points compared to 50 for runnerup Oak Ridge. Lake Brantley finished sixth with 22, Lake Mary was tied for eighth with 17 points and Lake Howell was 18th with six points.

"Everyone ran well," Seminole coach Ken Brauman said. "We didn't overload anyone and just let them run two races apiece. All the times for this early in the season were excellent."

"We still have a number of weak areas to work on," added Brauman. "The weather has hindered work on these areas and also hurt our basic conditioning."

Peterson, third in the state in the triple jump last season, took first place in his specialty Saturday with a leap of 47-10 which is a new meet record. Peterson, a junior, also won the long jump with a 21-3/4.

Barnett turned in the best time in the state so far with a 13.9 in winning the 120 high hurdles. The powerful senior also won the

Track/Field

330 hurdles (second in state last season) with a time of 39.0.

Cliff Campbell turned in the Tribe's fifth, first-place finish as he blazed to a 34.3 in the 330 dash. Campbell finished third in the 220 at 22.4 after running a 21.8 in the prelims.

Junior distance standout Billy Penick finished second in both the mile and two mile as Satellite Beach's Bill Hibbard won both events. Penick ran the mile in 4:29.5, a personal best, compared to 4:23.9 for Hibbard. Penick's two mile time, 9:54, is a new school record. Hibbard won with an impressive 9:35.9 clocking.

Other second place finishes for the Seminoles included Louis Brown in the 440 yard dash (51.2), Larry Cooby in the 4-mile (3:23.5) and Dexter Jones gave Seminole a strong 1-2 punch in the triple jump as he was second to Peterson at 43-1/4.

Lake Mary's Rama had one school record broken and another tied Saturday. Harold Pitts broke Derek Tangeman's record (2:03.6) in the 800 with a fourth-place time of 2:02.6. Troy Stutta tied his own record in the pole vault by clearing 12-6 although coach Mark McGee said some people had it measured at

12-8. Stutta also took fourth in the high jump at 5-10.

Lake Mary had two of the top six finishers in the two mile as Matt Palumbo was third at 9:59.6 and Ken Rohr fifth at 10:11.5.

Freshman Richard Burkett was one second off the school record in the 220 with a time of 24.2. He also ran the 100 meters in 11.5. The officials made a mistake in running the prelims in 100 meters when it was supposed to be yards. The final was the 100 yard dash and in the final defending state champion Sammie Smith of Apopka was upset by Winter Haven's Dwight Frazier.

One of Lake Mary's top sprinters and long jump-triple jumpers the past three years, Patt Murray, has decided not to go out for track this season, according to McGee.

"A lot of people were asking about him (Murray)," McGee said. "Coaches from Florida and Florida State asked about him. I don't why he doesn't want to come out."

Lake Brantley took first, third and sixth place in the high jump Saturday as Mike Gehr won by clearing 6-2, Mark McCormick was third at 5-10 and Joel Miller sixth at 5-8.

John Mondo churned to second in the 880 with a time of 1:59.7. Other places for the Patriots included Tim Wilford

Frank Barnett hasn't lost his touch. The Seminole senior, one of the nation's top hurdlers, won both of his specialties Saturday at the Wildcat Open.

in the 120 hurdles (third at 15.5), Chris Ross in the 4-mile (fourth at 3:26.8) and Steve Emmons in the 440 (sixth at 51.7).

For Lake Howell, Sandy Potts was fifth in the 88 (2:05.1), Brent Springhard came in fifth in the 660 run (1:28.4), Brian King was sixth in the 330 hurdles (42.6) and John Knudsen was sixth in the pole vault (11-0).

Samocki Drives Chart Successfully Up Wall

It would be pretty hard to keep a chart on Lisa Samocki's progress over the past two years. Not only would the upward line go off the chart but probably about halfway up the wall.

The Lake Howell High sophomore continued to establish herself as one of the premier distance runners in the state Saturday when she won both the mile and two mile runs at the Lake Howell Open.

The host Lady Silver Hawks also ran away with the team title with a score of 107 compared to 45 for Lake Brantley's Lady Patriots. Trinity Prep was sixth at 19 and Lyman was seventh at 17.

Samocki turned in an excellent time of 5:11.7 in winning the mile with plenty to spare over Trinity Prep junior Adrienne Polittowicz (5:23.3). Samocki also won the two mile in impressive fashion with a 11:55.1 clocking compared to 12:21.2 for West Orange's Chris Cardwell and 12:31.9 for Lyman's Tracy Fisher.

While Samocki dominated the distance events Saturday, senior teammate Rochelle Spearman turned in a fine all-around performance by winning three events. Spearman won the long jump (15-6), 110 high hurdles (15.8) and 330 low hurdles (47.2).

Rochelle's twin sister, Michelle, was second in the long jump (14-11) and second in the

Track/Field

440 yard dash (62.1).

Other second place finishes for the Lady Hawks included Mary Kay Scott in the discus (93-7), Cheryl Brinkley in the high jump (5-2) and Angie Smith in the 880 (2:31.3).

Third place finishers for Lake Howell were Hillary Stout in the discus (76-0) and shot put (30-8), Kim Hammonree in the high jump (5-2), Lisa Cobert in the long jump (13-9/4) and Nancy Nystrom in the 880 (2:31.7). The Lady Hawks also took third in the mile relay at 4:23.8.

First place finishers for Lake Brantley included Debbie Lovelace in the discus (107-3) and Taleena Smith in the high jump (5-2). For Lyman, Rene Hitzges won the 880 with a time of 2:30.8.

In the Astronaut Open at Titusville Saturday, Fran "Flash" Gordon won two events and placed second in another as Lake Mary finished fourth with a score of 37 1/2.

Daytona Beach Father Lopez, a 2A power, won the meet by one point with 60 1/2 points over Astronaut (59 1/2). Orlando Oak Ridge was third at 53 1/2.

Gordon, a senior, blazed to first place in the 400 yard dash (59.7) and the 660 run (1:45.8) and she also took second in the 100 meters (13.2).

Blackburn Backs Into Big Time

LA JOLLA, Calif. (UPI) — Woody Blackburn, the picture of the unknown golfer, backed into the big time Sunday at the San Diego Open with the first solo victory of his 9-year career.

Blackburn and Ron Streck limped through four playoff holes Sunday until Streck splashed his second shot into a pond and Blackburn used three putts to salvage par on the par-5 18th.

The win was worth \$72,000 and a reservation at the Tournament of Champions to the Orange Park resident. His previous best year was when he earned

Golf

\$29,074 in 1964. "Money is not the reason I play golf," said Blackburn. "You need the money. You have to live, but winning the tournament is what's important to me." The last tournament Blackburn won was in 1976 with Bill Kratzert at the Walt Disney World National Team Play Championship. "A lot of people looking at the last four years of my career would say, 'What's he

doing out there,'" Blackburn said. "My purpose for joining the tour when I did was I felt I was good enough to win golf tournaments."

It seemed that fame would continue to elude Blackburn on the 18th and through the playoff.

Sporting a 20-under, 1-stroke lead over Streck on the final hole of regulation, Blackburn three-putted and wound up with a bogey. Blackburn and Streck could do no better than par on two of the extra holes while misfiring bogeys on the par-3 18, the third hole of the playoff.

Lake Mary, Lady Patriots Vie For District 4A-9 Flip

A tie for first place in the district is on the line tonight when Lake Brantley's Lady Patriots host Lake Mary's Lady Rama in Five Star Conference action.

Junior varsity action, featuring Lake Mary's unbeaten squad, tips off at 6:15 followed by varsity at 8.

The winner of tonight's game will tie Sanford's Lady Seminoles (provided they beat Apopka) for first place in the district and there will be a coin flip to decide the top seed in the 4A-9 District Tournament which begins Wednesday.

Lake Brantley goes into tonight's game with a 23-4 record overall, 15-2 in the conference, and 13-2 in the district. The Lady Patriots have won eight of their last nine games and have not lost at home (10-0) this season.

Lake Mary goes in with a 19-7 record overall, 14-3 in the Five Star, and 13-8 in the district. The Lady Rama have won six straight and 13 of their last 14.

Basketball

In their earlier meeting this season, Lake Mary came away with a 61-49 victory at Lake Mary High.

In other action tonight, Seminole (22-5, 15-2, 13-2), closes out the regular season at Apopka, Lake Howell (5-19, 2-15, 2-13) is at Daytona Beach Seabreeze and Lyman (9-15, 6-11, 8-9) hosts Spruce Creek.

There is also a similar deadlock for the boys' district seeds, but not for first place where DeLand has wrapped up the No. 1 spot. Mainland is 10-4 while Seminole, Spruce Creek and Apopka all have 9-5 records.

Seminole travels to Apopka Tuesday and hosts Lake Brantley Friday. Spruce Creek goes to Lyman Tuesday and hosts Apopka Friday. Mainland entertains DeLand Tuesday and goes to Seabreeze Friday.

SPORTS IN BRIEF

Celtics Come Calling, Magic Grooms Them With 117-111 Loss

United Press International
When the Celtics come calling, you can forget about the laid-back Los Angeles image. The Lakers put on their best macho front Sunday, and beat Boston in a rematch of last season's championship series.

"It's a game for men when we get together," said Earvin Johnson after recording 37 points and 13 assists in the Lakers' 117-111 victory at The Forum.

"Both teams are so aggressive and physical. You can't come in lackadaisical and soft because they'll take your heart out, just like we'll take theirs," he said.

Johnson took the heart out of a late Celtics surge with 9 free throws.

"Magic was ready to play," said Los Angeles' Pat Riley, who recorded his 200th coaching victory. "He plays with the flow. He was excited and he went after it."

The score was tied 103-103 with 2:34 left before Michael Cooper's layup put the Lakers ahead to stay. After Boston's Larry Bird missed a 3-point try with the shot clock running down, James Worthy made a short jumper and was fouled by Scott Wedman. The free throw gave Los Angeles a 108-103 lead.

In other NBA games Sunday, Milwaukee defeated Chicago 125-105; Phoenix beat Indiana 115-97; Golden State topped Washington 125-121 in double overtime; Atlanta defeated the Los Angeles Clippers 90-89; and Portland defeated Kansas City 115-96.

Mayotte Wins, Collects \$112,500

DELRAY BEACH (UPI) — John and Mary Mayotte finally decided to watch son Tim play tennis, and he didn't even know they were there until it was time to pick up his check for \$112,500.

Mayotte, ranked only 45th in the world, won the \$1.8 million International Players Championship Sunday by rallying from behind for a 4-6, 4-6, 6-3, 6-2, 6-4 victory over former Stanford teammate Scott Davis.

Mayotte said it came as a shock when his parents, who had flown in from Springfield, Mass., earlier in the day, came out of the stands after the match.

"It was one of those great moments. It's the kind of thing you work for all your life," he said.

"My mother has never seen me play. She gets too nervous. My father might have seen me play a couple of matches in college," he said.

It was Mayotte's first victory since turning pro in 1982, and he did it the hard way, dropping the first two sets before settling down.

Henderson Saves Idyllwilde

Floyd Henderson scored on a driving layup with 35 seconds to play to lift the Idyllwilde Froglers to a 36-35 victory over Sabal Point Sunday in Seminole Youth Sports Association basketball at Lake Brantley High School.

Idyllwilde, coached by Ed Teague, remained the only unbeaten fourth and fifth graders among 30 division teams with a 7-0 record. The Froglers try to complete an unbeaten season Sunday against 6-1 Altamonte Springs at Lake Brantley High. Game time is 4 p.m.

"We were down eight points (20-12) at halftime," said Teague. "But we've got a scrappy group. Sometimes we might look unorthodox, but we make the baskets when they count."

Henderson led the Froglers with 18 points while Matt Teague totaled 12 and James Sanders chipped in six.

Blind Fishing Tournery March 9

The ninth annual Gene Oilmartin Memorial Fishing Tournament for the blind, sponsored by the Sanford Lions Club will be held March 9, from 8:15 a.m. to 3:30 p.m. Over twenty area fishermen have volunteered to serve as guides for the sightless anglers, including supplying their boats and tackle. The event will offer prizes and trophies for first, second and third places in total stringer weights with all game species eligible.

Anyone interested in helping with the tournament may obtain additional information by contacting chairman Billy Fleming at 323-6661. There is no cost to the blind participants.

Burger: 'We're Buried Under Legal Avalanche'

DETROIT (UPI) — Chief Justice Warren Burger, complaining of an "avalanche of cases coming to the Supreme Court," is urging the nation's lawyers to help him create a new judicial panel.

Burger has failed in previous attempts to persuade Congress to set up an experimental panel to ease the caseload at the nation's highest court. The court

Burger proposes would settle conflicts among the 13 federal appeals courts — about 30 percent of the high court's workload — and interpret federal laws.

"I urge you to let your views be known to the Congress," he told an audience of many of the 2,200 lawyers and their spouses at the midyear meeting of the American Bar Association.

"Years ago we passed any sensible limit on how much the Supreme Court should be asked to do," he said.

Burger first advanced the idea of creating an intermediate appeals court in a speech in February 1983. A bill creating such a court was introduced in Congress, but has not mustered enough support to become law. Burger criticized those who

have opposed setting up the panel, calling them "superficial observers."

The 77-year-old jurist said that during the 1953 term, the nine justices considered 1,463 appeals and wrote opinions on 65 of them. Thirty years later — during the 1983 term — the court considered 5,100 appeals and wrote 151 opinions.

...Cars

Continued from page 1A
Decker said, however, that the 'no parking' signs at Flea World were put up by the state, not the county, since U.S. Highway 17-92 is also state Road 600. He said cars parked on the right-of-way near Flea World were blocking a driver's view. He said he saw several near-miss accidents at the market. That plus erosion of the right-of-way were among the reasons the state put up the signs.

He said the usual procedure followed by the county to determine whether an area needs a no parking sign — and cars cannot be ticketed without such signs in the area — is to determine if the parking causes a traffic or fire hazard.

He said several near-miss accidents suddenly having to brake or swerve to avoid an accident at the area, and observed by an engineer, would also be sufficient reason to put up such signs. Also, if the county maintenance department reported the

The state of Florida put no parking signs at Flea World because parked cars block the view of drivers.

right-of-way was being damaged by the vehicles, signs could go up.

He said in the case of Lake Mary Boulevard at Hidden Lake Drive, his casual observation when he drove by recently was that the view of a driver was not blocked by the parked cars. He also said it would be difficult through a traffic study to de-

termine how many cars randomly cause a traffic problem by slowing down while the driver looks at the vehicles or stops to view them. It could be done, however by use of a standard state form, and will be looking for when he inspects the area this weekend.

He said it would be difficult to get no parking signs up if there is no traffic hazard attributable to the parked cars.

He said another problem in the way of putting up traffic signs in the area is whether the cars are parked on the county right-of-way.

Decker said he believes the county right-of-way on Lake Mary Boulevard is 50 feet either side of the centerline. If the cars are parked further away than 50 feet from the center of the road they are on private property and out of the county's jurisdiction.

If he determines there is a traffic hazard at the area, Decker said he has the authority to put up no parking signs for 90 days. Before that time runs out, he would ask the board of county commissioners for a resolution to make the signs permanent.

He said he would probably take video recording of the parked cars and traffic flow.

AREA DEATHS

MURIEL B. ABRAMS
Mrs. Muriel B. Abrams, 59, of 1030 Huntington Court, Longwood, died Friday at Florida Hospital-Orlando. Born Jan. 4, 1926 in Chicago, she moved to Longwood from there in 1970. She was a homemaker and a member of Temple Israel, Orlando. She was a member of Hadsadah, Women's American ORT and La Sertoma. She was a member of the Jewish War Veterans Auxiliary, Albertson's Post.

Survivors include her husband, Joseph L.; two sons, Howard L. Pasadena, Calif., Jeffrey R., Houston; daughter, Karen Miles, Seattle; 10 grandchildren; brother, Karl Brozman, Fort Lauderdale; sister, Esther Horwitz, San Jose, Calif.

Beth Shalom Goldstein Memorial Chapel, Orlando, is in charge of arrangements.

DOROTHY G. AKERSON
Mrs. Dorothy G. Akerson, 66, of 1403 Arborhouse Court, Longwood, died Friday at Florida Hospital-Altamonte Springs. Born Oct. 15, 1918 in Worcester, Mass., she moved to Longwood from Plymouth, Mass., last year. She was a homemaker.

Survivors include two sons, Steven, Longwood, Raymond, Columbia, Md.; daughter, Barbara York, Plymouth; brother, William George, Holden, Mass.; nine grandchildren.

Baldwin-Fairchild Funeral Home, Altamonte Springs, is in charge of arrangements.

WILLIE E. CARROLL
Mrs. Willie Evelyn Carroll, 59, of Feather Lane, Osteen, died Saturday at DeBary Manor. Born Sept. 15, 1925 in Fort Pierce, she was a lifetime resident of Osteen. She was a Baptist.

Survivors include two daughters, Carol Ann Smith, Sanford, Judy Murphy, Deltona; brother, Elmer Mattair, Osteen; two sisters, Mary Lee Koffel, Osteen, Gladys Harper, Sanford; four grandchildren, Jeff and Timmy Webb, Deltona, Sandy and Cory Smith, Sanford.

Oaklawn Funeral Home, Lake Mary, is in charge of arrangements.

MARLENE HAROLD FLETCHER

Mr. Marlene Harold Fletcher, 52, of 715 Briarcliffe St., Sanford, died Sunday at Central Florida Regional Hospital. Born Feb. 1, 1933 in Grundy, Va., he moved to Sanford 12 years ago from Maryland. He was owner-operator of Fletcher's Pressure Cleaning. He was a Lutheran and a member of Moose Lodge 1851, the Legion of Moose 178, and the Happy Campers, Sanford, the Disabled American Veterans Chapter 30, and Fraternal Order of Eagles 693.

Survivors include his wife, Shirley Ann; son, Robert L. Washburn, both of Sanford; four daughters, Debbie Fletcher, Orlando, Judy Mersk, Deltona, Judy Teala, Orlando, Joyce Muncie, Sanford; mother, Chlois Fletcher, Sanford; 13 grandchildren.

Oaklawn Funeral Home, Lake Mary, is in charge of arrangements.

VELMA ORA LITTE
Mrs. Velma Ora Litte, 90, of 1300 W. Lake Brantley Road, Longwood, died Saturday at Florida Diving Nursing Home, Forest City. Born April 9, 1894 in Allegan County, Mich., she moved to Longwood from Holly, Mich. in 1969. She was a homemaker and a Seventh-day Adventist.

Survivors include a daughter, June Clevering, Holly; two sons, Lowell, Dunn Loring, Va., Dale, Forest City; 10 grandchildren; 22 great-grandchildren; one great-great-grandchild.

Baldwin-Fairchild Funeral Home, Forest City, is in charge of arrangements.

LEWIS "PETE" COLESBY
Mr. Lewis Paul "Pete" Oglesby, 72, of North Elder Road, Lake Monroe, died Sunday at Central Florida Regional Hospital. Born June 18, 1912 in Lake Monroe, he was a lifetime resident. He was a retired farmer for Apex and Gerald Berhrens Farms and was a member of Lake Monroe Baptist Church.

Survivors include his wife, Mary; two sisters, Juanita Pent, Sanford; Betty Clark, Leesburg. Oaklawn Funeral Home, Lake Mary, is in charge of arrangements.

CARRIE W. IRVIN

Mrs. Carrie Wilson Irvin, 72, of 1418 W. 13th St., Sanford, died Friday morning at her residence. Born August 11, 1912 in Monticello, she was a resident of Sanford for more than 65 years. She was a homemaker and member of New Mount Calvary Missionary Baptist Church.

Survivors include a son, Theodore L. Johnson, Flagstaff, Ariz.; grandson, Jawando L. Johnson, Tempe, Ariz.; granddaughter, Angela Y. Johnson Combs, Phoenix; three sisters, Annie Mae Pollard, Norfolk; Olive W. Johnson and Eunice I. Wilson, Sanford; three brothers, Aaron E. Wilson, Thomas Wilson Jr., Sanford, and James W. Wilson, Orlando.

Wilson-Eichelberger Mortuary, Mitchell's Funeral Home, Orlando, and Marvin C. Zanders Funeral Home, Apopka, are in charge of arrangements.

WILLIAM R. HARRIS

Mr. William R. Harris, 56, of 2531 S. Cameron Ave., Sanford, died Saturday at Central Florida Regional Hospital. Born May 6, 1928 in Nyack, N.Y., he moved here three years ago from Orlando. He was a carpenter and an Air Force veteran of World II. He was a member of the Winter Park Elks Lodge.

Survivors include his wife, Doris; two daughters, Tracy Adamson, Maitland, and Cheri Buffaloe, Sanford; son, Bruce Adamson, Orlando; three sisters, Faye Mapes, St. Petersburg, Helen Cauthas, Palmdale, N.Y., Lillian Curry, New York City; Robert Harris, Spring Valley, N.Y.

Hawkins had delivered a report of enemy troop estimates to Westmoreland in May 1967, prior to the devastating January 1968 Tet offensive, and testified that the general called his estimate "politically unacceptable."

The Washington Post, quoting

sources close to the case, reported Monday that some of Westmoreland's friends, attorneys and financial backers suggested he drop the case following Hawkins' testimony last week.

The jury of six men and six women in the case had been expected to hear about two weeks more testimony from Hawkins, "60 Minutes" star Mike Wallace and others.

A Boy And His Dogs: A Lifesaving Combo

MOUNT AIRY, N.C. (UPI) — Missy and Sarah got steak treats for providing life-saving warmth to 2-year-old Robbie Campbell during his 12-hour ordeal in sub-freezing weather.

"If it hadn't been for the dogs, I don't think he would have been here," Robbie's mother, Debra Campbell said. "I think that's the only reason he made it — because he laid down by the dogs."

Surry County Sheriff Bill Hall, who organized a 400-member search party that found Robbie early Sunday, called his survival in the 20-degree temperatures "a miracle."

"The light clothing that he had on and the freezing temperature that we've had, it's a miracle that we found him in this good shape," Hall said.

Two women found Robbie curled up with Missy and Sarah in a dense, snow-dusted thicket about a quarter mile from his home.

"I hollered his name as loud as I could," said Teresa Wilson. "Finally, I heard him call out 'Mommy' I told him to keep calling until I could find him."

Robbie's body temperature had dropped to 94 degrees, but his grandfather, Art Mosblech, said the youngster was in good condition.

dollars adjusted for inflation and by nearly \$200 million in current valued dollars. Its federal subsidy was \$600 million in 1977; \$716 million in 1978 and \$684 million in fiscal 1985.

Mrs. Dole believes private enterprise would pick up Amtrak's lucrative routes, like the one between Washington and New York that carries 18,000 people a day, but again Amtrak officials disagree.

"If this proposal is adopted, all intercity rail passenger service in the nation will cease on Sept. 30 of this year," Amtrak management said in official reaction to Reagan's proposed budget.

Another problem, as Amtrak sees it, is that "total elimination of rail passenger service will leave many communities, particularly those in the more sparsely settled areas of the country, without any common carrier passenger transportation."

Dismantling the system also probably would cost the government billions over the next six years, the proponents say. Legislation that created Amtrak in 1971 provides for contractual guarantees to laid-off employees if rail service is discontinued. Amtrak estimates in the long run this would cost taxpayers \$2.1 billion in severance pay for the railroad's more than 25,000 employees, who are scattered through 44 states.

Newton, Mass.; nine grandchildren; five great-grandchildren.

Baldwin-Fairchild Funeral Home, Forest City, is in charge of arrangements.

CHARLES B. ARNOLD

Mr. Charles Barrett Arnold, 30, of 5792 Lake Mamie Road, DeLand, died Friday in Sanford. He had been a resident of Sanford and DeLand for 17 years. Born in Cherry Point, N.C., he was a member of the First Baptist Church, DeLand, a 1982 graduate of Stetson University and a chemistry teacher at Lake Brantley High School, Longwood.

He is survived by his mother, Dr. Ruth Arnold, DeLand; daughter, Layla Arnold, Sanford; three sisters, Mrs. Lynn Ward, Micanopy, Adria Arnold, DeLand, and Mrs. Meredith Kelly, DeLand; maternal grandparents, Mr. and Mrs. Allison S. Cobb, Pensacola and DeLand.

Allen Summerhill Funeral Home, DeLand, is in charge of arrangements.

FUNERAL NOTICES

CARROLL WILLIE EVELYN

Funeral services for Mrs. Willie Evelyn Carroll, 59, of Osteen, will be held Tuesday at 11 a.m. at Oaklawn Funeral Home chapel with the Rev. Raymond Crocker, Palm Bay Avenue Baptist Church, officiating. Visitation today 5-8 p.m. Burial, Oaklawn Memorial Park, Oaklawn Funeral Home, cemetery, flower shop — a full-service funeral home of one location.

MARRIE WILLIAM B.

Funeral services for William B. Marrie, 36, of Sanford, who died Saturday, will be held at

3 p.m. today at Graham Funeral Home chapel with the Rev. Robert Anderson officiating. Graham Funeral Home in charge.

OGLESBY, LEWIS "PETE"

Funeral services for Mr. Lewis Paul "Pete" Oglesby, 72, Lake Monroe, who died Sunday, will be held Thursday at 2 p.m. in the Oaklawn Funeral Home chapel with the Rev. Charles Snuggery officiating. Burial in Oaklawn Memorial Park. Visitation for family and friends will be held Wednesday 5-8 p.m. Oaklawn Funeral Home, cemetery, flower shop — a full-service funeral home of one location — in charge.

FLETCHER, MARLENE H.

Funeral services for Marlene Harold Fletcher, 52, of Sanford, who died Sunday, will be Wednesday at 2 p.m. in the Oaklawn Funeral Home chapel with the Rev. E.A. Bouscher of the Redeemer Lutheran Church, Sanford, officiating. The eulogy will be delivered by Mr. B.R. Carroll. Burial in Oaklawn Memorial Park. Visitation for family and friends will be Tuesday 5-8 p.m. with a service by the Local Order of the Moose at 7:30 p.m. Oaklawn Funeral Home, cemetery, flower shop — full-service funeral home of one location — in charge.

IRVIN, CARRIE W.

Funeral services for Mrs. Carrie Wilson Irvin, 72, of 1418 W. 13th St., Sanford, who died Friday, will be held at 2 p.m. Wednesday at New Mt. Calvary Missionary Baptist Church, 1111 W. 12th St., Sanford, with the Rev. George W. Warren in charge. Burial to follow in Restlawn Cemetery. Calling hours for friends will be 4-8 p.m. Tuesday at the church. Bernard D. Mitchell, Kenneth E. Mitchell and Marvin C. Zanders, directors in charge.

ARNOLD, CHARLES B.

Funeral services for Charles Barrett Arnold, 30, of DeLand, will be at 2 p.m. Wednesday in the First Baptist Church, DeLand, with Dr. Donnan Calver officiating and Dr. Robert S. Mulhony, minister. Arnold was the son of the late Henry Charles and L. Arnold. Active pallbearers will be Clyde Hayes, Lynn Vesino, Rayman brothers, James Doyle, Ken Gelman, and Brett Cobb. Honorary pallbearers will be the chemistry classes of Lake Brantley High School. Family will receive friends at the Allen Summerhill Funeral Home Tuesday 2-4 and 7-9 p.m. Burial will be in Oaklawn Cemetery, Allen Summerhill, DeLand, in charge.

DAR Awards Good Citizens, Essay Winners And History Teacher Honored

February is one of the busiest months for the members of Sallie Harrison Chapter, NSDAR, Seminole County. Each year, at the request of the Chapter, the mayor of Sanford issues a proclamation, officially declaring February American History Month.

Then, at the February meeting, there are special guests invited, including the winners of the citizenship awards from the high schools in Seminole County, the winners of the American History Essay Contest and the outstanding American History Teacher. Representatives from the schools of the winning students, principals, and of course proud parents are included. The awards ceremony took place in the fellowship hall of the First Presbyterian Church, Sanford.

Dr. Sara Irrgang presented the awards for the essay contest to the winners in the 5th grade and 8th grade. Both students wrote essays on "The

Statue of Liberty, The Lady with a Lamp." The Certificates of Award were presented to Beth Renee Blumberg, Wekiva Elementary School, and Sandy Bryant, Sanford Middle School.

The NSDAR uses the Essay Contest to stimulate the interest of students in the grades 5 through 8 in American History. This year there were 63 entries in the contest, coming from eight different elementary and middle schools in the county.

The DAR Good Citizen Awards were presented by Mrs. W.S. Parks, chairman of the DAR Sallie Harrison Chapter's Good Citizen Committee, to six outstanding high school seniors representing Seminole County high schools.

The students were selected by their respective schools as the annual Good Citizen winner. Selection was based on four criteria: leadership, dependability, service and patriotism. Each Good Citizen completed a questionnaire related to high

school activities, awards and offices held; service given at home, church, and in the community; plans for the future; special interests; and specific instances exemplifying the four criteria used in selection.

Presented Good Citizen pins were: Cynthia Wong (Lake Mary High School), the daughter of Mr. and Mrs. Edward Wong, Longwood; Steve Inman (Lake Howell High School), son of Mr. and Mrs. William Worrell, Maitland; Jolene Beckler (Lake Mary High School), daughter of Mr. and Mrs. Joseph Beckler, Altamonte Springs; Michael Henley (Lyman High School), son of Mr. and Mrs. Carlton Henley, Lake Mary; Mark Pauley, (Oviedo High School), son of Mr. and Mrs. Bruce Pauley, Oviedo; and Judy White (Seminole

High School), daughter of Mr. and Mrs. Garnett White, Sanford.

A panel of judges selected Seminole High School's Judy White as Seminole County's representative in state competition. State winners are given a \$100 Educational Award; National winners receive a \$1,000 scholarship and a silver engraved bowl; and second and third place winners, \$750 and \$500 respectively.

The Outstanding American History Teacher this year is Andrew D. Williams, who teaches 11th grade American History at Seminole High School. He was highly recommended by school personnel and has been nominated for Seminole High School's Teacher of the Year.

Biology Textbooks Neglecting Evolution

WASHINGTON (UPI) — Pressure from fundamentalist and religious groups has led publishers of the nation's major biology textbooks to provide a "watered down version of biology," a study charges.

The study, "A Consumer's Guide to Biology Textbooks, 1985," found that half of the 18 major biology textbooks used in U.S. high schools don't adequately cover the theory of evolution and three don't mention the subject at all.

"The quality of biology textbooks has declined drastically since the late 1960s," said Dr. Wayne Moyer, former executive director of the National Association of Biology Teachers and a co-author of the study.

"Textbooks improved as a result of the renaissance in science education following the launching of the Soviet spacecraft Sputnik in 1957," Moyer said Sunday. "But, in recent years, publishers have given in to pressure from the ultra-fundamentalists and watered down references to evolution and other scientific theories."

The study found three textbooks do not use the word "evolution" at all. They are: Scott, Foresman's "Life Science," Holt, Rinehart, and Winston's "Living Things," and Silver Burdett's "Biology for Living."

But it praised three other textbooks for "doing an excellent job." They included Houghton Mifflin's "Biological Sciences: An Ecological Approach," Macmillan's "Biology," and Addison-Wesley's "Biology."

CITY OF LAKE MARY, FLORIDA
NOTICE OF PUBLIC HEARING
TO WHOM IT MAY CONCERN:
CITY OF LAKE MARY, FLORIDA
That said Board will hold a Public Hearing on March 4, 1983, at 7:30 P.M.
a) Consider a request for a variance to reduce the minimum width at the building line from the required 200 feet to 175 feet in areas zoned A-1, Agriculture, to allow for the construction of a single family dwelling, on the following described property situated in the City of Lake Mary, Florida:
Tax Parcel 456, Lot 20, of the unrecorded plat of Lake Bingham Estates, from the Northeast corner of the NE 1/4 of Section 22, Township 28 South, Range 28 East, run South 92.11 feet along the East line of said NE 1/4, thence run West 236.99 feet for a Point of Beginning; thence run S. 89°42' W., 238.58 feet, thence run N. 89°18' W., 248.82 feet, thence run Northwesterly along a curve concave Southwesterly having a radius of 72.8 feet, a central angle of 24°52'30"; an arc length of 27.22 feet, thence run S. 28°32'30" E., 4.97 feet, thence run Northwesterly along a curve concave Southwesterly having a radius of 72.8 feet, a central angle of 24°52'30"; an arc length of 27.22 feet, thence run N. 89°18' E., 123.8 feet, thence run Northwesterly along a curve concave Northwesterly, having a radius of 23.2 feet, thence run N. 89°18' E., 107.56 feet to the Point of Beginning. Subject to an Easement for Ingress and Egress over the East 80 feet thereof more commonly known as 543 Lake Bingham Road.
The Public Hearing will be held in the City Hall, 138 North Country Club Road, Lake Mary, Florida, at 7:30 P.M. on March 4, 1983, or as soon thereafter as possible, at which time interested parties for and against the request stated above will be heard. Said hearing may be continued from time to time until final action is taken by the Board of Adjustment.
The notice shall be posted in three public places within the City of Lake Mary, Florida, at the City Hall and published in the Evening Herald, a newspaper of general circulation in the City of Lake Mary, one time at least fifteen days prior to the aforesaid hearing. In addition, said notice shall be posted in the area to be considered at least fifteen days prior to the date of the Public Hearing.
A taped record of this meeting is made by the City for its convenience. This record may not constitute an adequate record for purposes of appeal from a decision made by the City with respect to the foregoing matter.
Any person wishing to ensure that an adequate record of the proceedings is maintained, an appellate procedure is advised to make the necessary arrangements of his or her own expense.

IN THE CIRCUIT COURT OF THE 16TH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA
CASE NO. 85-22-CA-05-K
CITY OF ALTAMONTE SPRINGS.
Plaintiff.
vs.
JOSEPH J. WEISFELD,
Trustee FIRST NATIONAL BANK OF BOSTON;
NATHANIEL VERSEN, SR.,
Trustee for NEW PROVIDENCE BAPTIST CHURCH,
67 1/2 Spring Lake Missionary Baptist Church; **NORTON HERRICK COMPANY c/o NORTON HERRICK;**
MERCANTILE NATIONAL BANK AT DALLAS;
LOWE - CHILDRS & S - HARROD LTD., a Texas Limited Partnership qualified to do business in the State of Florida c/o **WILLIAM B. DOSTER;** **WESLEY T. and FELTON H. WINGO;** **AMERIFIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF ORLANDO.**
Defendants.
NOTICE OF ACTION IN EMINENT DOMAIN AND NOTICE OF HEARING
TO: All Defendants named in Exhibit A, attached; to all parties claiming interests by, through, under or against the named Defendants; and to all parties having or claiming to have any right, title, or interest in the property described in Exhibit A.
A Petition in Eminent Domain proceedings has been filed to acquire certain property interests in Seminole County, Florida.
Each Defendant is required to serve written defense to the Petition on the Plaintiff's attorney, whose name and address are set forth below, on or before March 14, 1983, and to file the original of the defense with the Clerk of this Court either before service on the Plaintiff's attorney or immediately thereafter, at the Plaintiff's office or at the Court. If any Defendant fails to do so, a default will be entered against that Defendant for the relief demanded in the Petition.
PLEASE TAKE NOTICE that a Declaration of Taking has been filed in this case and that Plaintiff will seek an order of taking and any other order the Court deems proper at a hearing before the Honorable Judge McGreggor, one of the Judges of the Circuit Court of Seminole County, Florida, at 11:00 A.M. in Chambers of the Seminole County Courthouse of Sanford, Florida. All parties to the action and all parties interested may appear and be heard at that hearing.
WITNESS my hand and the seal of this Court on this 1st day of February, 1983, at Sanford, Seminole County, Florida.
DAVID N. BERRIEN

Good Fitting Shoes Relieve Corn Problems

Dr. Lamb

DEAR DR. LAMB — I have had a corn on my left little toe for 20 years. Every time the foot doctor removes it, it comes right back. It is very hard. What can I do to get rid of it?

DEAR READER — You will probably have a corn there until you get shoes that fit. That is a common location for a corn, since the shoe is often too tight over that area and constantly irritates the skin. If you cut your shoe where the top joins the sole — along the side, where the little toe is — this will relieve the pressure and you will stop having trouble with the corn.

A half-moon-shaped piece of moleskin tape can be cut and put around the corn. This helps to remove pressure from directly over the corn. The idea is to build up enough area around the corn to lift the shoe off the area.

I don't think much of corn plasters, since they often cause a chemical burn.

Do-it-yourself surgery can also lead to complications, including an infection. To have a corn removed immediately, see a doctor. However, to make it disappear on its own, get a shoe that does not put any pressure over the area and the corn will go away in time.

DEAR DR. LAMB — What causes glaucoma and what are the symptoms? Does diet have anything to do with eye pressure? Should one be on a salt-free diet? What does it mean if, when looking at a street light, one sees a little rainbow, or sees a ring around the bottom of a table lamp? Can glaucoma be caused by a deformed bone in the eye?

DEAR READER — Unfortunately, glaucoma may not cause any symptoms in its early stages. It can progress and lead to blindness, and a person will never know it until severe damage has occurred. This is one reason that middle-aged or older persons should have a regular eye examination, whether they note any eyesight changes or not.

Glaucoma is caused by increased pressure within the eye. The pressure on the optic nerve at the back of the eye may damage the specialized structures that transmit vision signals to the brain. The amount of pressure required to damage the eye varies, since other factors are also important. It is

generally said that pressures below 20 are normal.

Send your questions to Dr. Lamb, P.O. Box 1551, Radio City Station, New York, N.Y., 10019.

WIN AT BRIDGE

By James Jacoby

Each year Bols Royal Distilleries of the Netherlands sponsors a bridge brilliancy competition. New Yorker Jeff Rothstein gets my vote for first prize for his play of today's deal.

The pre-emptive club bid by West deprived North-South of bidding room. North felt he had to show his heart support at the four level. Rothstein, South, took that bid for substantial extra values, and simply bid a slam. West had succeeded in getting his opponents too high, but look what happened.

West led the club eight, East following with the deuce. Declarer knew that West's lead implied a void in diamonds. After winning in his hand, declarer played a heart to dummy's ace and continued with the heart jack, which held the trick. Next came a low diamond, and East chose to play low. Rothstein won the queen, drew the last trump with his king, and played king of spades. East unblocked the jack, but declarer still played a low spade from his hand and put in dummy's eight. East won the nine and led into dummy's A-J of diamonds to give declarer 12 tricks.

What if East had gone up with the diamond king? He could not lead away from the J-9 of spades since that would bring in the spade suit for declarer. On the return of a heart, declarer would cash the remaining hearts while discarding spades from dummy, play the diamond queen and then a spade to dummy's ace. Now the ace and jack of diamonds would squeeze West between the spade queen and the high club to let the contract make.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY FEBRUARY 18, 1985
 Knowledge gained from past experience will be put to profitable uses in the year ahead. You've been a good student and soon you will be rewarded.

AQUARIUS (Jan. 20-Feb. 19)
 The aspects indicate that this could be a period of prosperity for you. Your earning powers will be increased, but you'll have to work for what you get.

PISCES (Feb. 20-March 20)
 You'll function better at this time as a leader rather than a follower. Initiate situations instead of waiting for others to light the fuse.

ARIES (March 21-April 19)
 A change will take place today that will be of ultimate financial benefit. However, this shift in circumstances could be screened from your view.

TAURUS (April 20-May 20)
 You'll be extremely effective today in matters where you deal with several persons at the same time regarding issues of mutual interests.

GEMINI (May 21-June 20)
 It's to your advantage to devote your energies and efforts to your major goals for the next few days. Outstanding achievements are now within reach.

CANCER (June 21-July 22)
 People essential to your present plans will be receptive today. Just be sure your presentation is well thought out.

LEO (July 23-Aug. 22)
 Material gains could come to you both today and tomorrow through other than your normal sources. Do not put limitations on your thinking or efforts.

VERGO (Aug. 23-Sept. 22)
 You're now in a brief cycle where you can achieve things

through partners that can't be done alone. Align yourself with people who share a common purpose.

LIBRA (Sept. 23-Oct. 23)
 Give matters that relate to your work or career top priority at this time. Major ambitions can be fulfilled if you're willing to assert yourself.

SCORPIO (Oct. 24-Nov. 22)
 You're more in the minds and hearts of others now than you may realize. Those who care will be trying to help you secretly.

SAGITTARIUS (Nov. 23-Dec. 21)
 This is the time to try to finalize matters important to you and your family. Keep plugging until you get the desired results.

CAPRICORN (Dec. 22-Jan. 19)
 During the next few days you will be getting some creative ideas. They can be profitably developed if you act upon them promptly.

ANNIE
