

Railroad Strike Has Been Called Off By Big Five

OFFICIAL RECALL OF STRIKE ORDERS ISSUED BY SWITCHMEN, ENGINEERS, CONDUCTORS, TRAINMEN AND FIREMEN

REPEAL OF STRIKE ORDER COMES AS A SURPRISE BUT THE MEETING YESTERDAY TURNED THE TIDE

Railroad Labor Board Will Today Announce its Findings as Result of Public Hearing Wednesday—Official Washington Pleased With the Decision of the Labor Unions.

(By The Associated Press)

CHICAGO, Oct. 28.—Official recall of the railroad strike orders issued by Switchmen, Trainmen, Conductors, Engineers, and Firemen were dispatched today when leaders of the Big Five flashed code messages to their general chairmen. Similar orders probably will be dispatched today by the telegraphers. While these orders are being circulated the Labor Board today will announce its findings as a result of the public hearing Wednesday at which Union leaders and Railroad Executives testified.

WASHINGTON, Oct. 28.—Word that leaders of the five railroad service unions had withdrawn authorization for the railroad strike to begin Sunday was received in official circles here with undisguised satisfaction. Officials directly interested, however, decided to withhold comment until later.

CHICAGO, Oct. 28.—The rail strike scheduled for October 30 was averted last night when leaders of the Switchmen, Trainmen, Conductors, Engineers and Firemen at a joint meeting adopted a resolution withdrawing authorization of a walkout and officials of the Railroad Telegraphers announced they would take similar action. These were the only unions which had authorized a strike.

The vote calling off the strike was unanimous by organizations. W. G. Lee, president of the Brotherhood of Railroad Trainmen, announced. The official wording of the resolution adopted was that "the strike be declared not effective."

Unofficial reports were that the wiremen's executives had strenuously opposed adoption of the resolution. None of the presidents would confirm this, however.

L. E. Sheppard, president of the Order of Railway Conductors, said that the unions had decided to call off the strike because of "the growing public opinion that the strike would be against the labor board, and consequently the government, and not against the railroads."

"It was evident also that the entire Washington administration was opposed to us and that we have had little chance of gaining our objectives," said Mr. Sheppard.

The force of the storm passed west of Pass-a-Grille and St. Petersburg, St. Petersburg gives evidence of not having had the high wind which visited Tampa. A survey of the entire section indicates that the storm swept inland from a point near Clearwater, where Clearwater Beach suffered heavily, swept across the narrow neck of land striking Largo and Green Springs, crossed old Tampa Bay, struck Oldsmar and Tampa. Tarpon Springs, west of Clearwater, got less wind than did Clearwater. In that city there was no loss of life or serious injury though the wind from 11:30 a. m. until 3 p. m. Wednesday has been estimated at from 80 to 90 miles an hour.

An estimate of the damage done by the storm places the total at \$2,000,000 in Pinellas county. St. Petersburg's municipal pier is estimated at a \$75,000 loss, the A. C. L. pier at \$30,000, the Fountain of Youth pier at \$20,000, the U. S. Naval Reserve pier at \$15,000, the Braaf pier at \$10,000, waterfront damage other than the piers at \$15,000; Bayboro harbor including damage to boats, buildings and wharves, \$20,000, city parks at \$2,000. Gulfport's damage is estimated at \$75,000, Pass-a-Grille at \$50,000, Clearwater at \$80,000, Largo at \$25,000, the Bayou Bonita section at \$10,000, the North Shore section in St. Petersburg at \$25,000, the Bayboro section at \$25,000, and general damage throughout the central part of St. Petersburg at \$30,000.

Pass-a-Grille bridge is estimated to have sustained at least a \$80,000 damage, Seminole bridge, a damage of \$20,000, the Seaboard railroad bridge at \$60,000 and the Safety Harbor bridge at \$35,000. Pinellas county's fruit damage is estimated at \$1,000,000. W. F. Belcher, manager for the John S. Taylor Packing Co., at Largo, Thursday morning estimated that at least 50 per cent of the grapefruit crop in his section is on the ground. He placed his company's

loss at \$8,000 in a wrecked packing plant in Largo. L. S. Johnson, Largo druggist, estimated the damage in that city at less than \$50,000. Dr. P. Phillips lost approximately \$3,000 in the total destruction of his packing plant, Mr. Belcher says.

HISTORY OF STRIKE.

The decision of the United States Labor Board on July 1, authorizing the railroads to reduce wages of their employees an average of 12 1/2 per cent was the event in the series which led up to the orders for a general strike by six unions.

So soon as this decision was rendered, a majority of the rail unions voted overwhelmingly in favor of a strike rather than accept a wage cut, although on some lines, notably the Pennsylvania there were divisions where groups of workers voted not to strike.

The taking of the ballot itself, however, developed some signs of friction among the unions. W. G. Lee, president of the Brotherhood of Railroad Trainmen, sent out a separate ballot to his men when the other unions included in their ballots such questions as rules and working conditions. Mr. Lee held that it was illegal to vote on any thing but the already authorized wage cut.

Leaders of the big four brotherhoods—trainmen, conductors, engineers and firemen—met in Chicago to decide what action should be taken. On October 15 it was announced formally that a walkout beginning October 30 and extending progressively in four distinct movements until virtually every road in the country would be covered, had been authorized. The Swithman's Union of North America immediately announced that it would join the big four while B. M. Jewell, president of the Railway Employees' Department, American Federation of Labor, which is comprised of the shop

Following Greek Army in Anatolia

A newspaper war correspondent may lead an exciting life, but it's not a luxurious one. No limousine for this chap. A bullock cart was the best conveyance he could obtain to follow the Greek army on its path through Asia Minor. He is James A. Mills, associate press correspondent in the Greek-Turk war.

CHAIRMAN HUDSON BURR TELLS SENATE COMMITTEE OF USURPATION OF POWERS

Over the Railroads Operating in the State of Florida and Rates Were Ridiculous

(By The Associated Press)

WASHINGTON, Oct. 28.—Further complaints against alleged usurpation by the Interstate Commerce Commission of state powers over railroads made today to senate Interstate Commerce committee on behalf of national association of railway and utilities commissioners. R. Hudson Burr, chairman Florida Railroad Commission told the committee many state rates prescribed by the Interstate Commerce Commission were ridiculous and after a statement of details Chairman Cummings of the committee observed, "It is quite apparent so far as Florida is concerned the Interstate Commerce Commission did not consider any actual case of discrimination." Commodity rates mentioned by Burr were those on cotton, phosphate, sand and gravel. The commis-

sion, he said, "Actually compelled Florida carriers to make rate advances they did not desire." The commission, he said, compelled Florida railroads to put advances into effect although they had not asked for them.

Burr complained vigorously against the Interstate Commerce Commission order permitting the abandonment of the three mile railroad between St. Andrews and Panama City, Florida. The commissioners order, he said, did not set forth actual traffic facts and probably, he added, was never reviewed by commission but by some inexperienced clerk. State commissions, he said, should have exclusive authority to decide whether the railroad tracks within a state should be torn up.

IRISH QUESTION ALLOWS PREMIER TO COME TO U. S.

SMALL COMMITTEE IS TRYING TO BRIDE UP THE "VALERA GAP"

(By The Associated Press)

LONDON, Oct. 28.—The Irish conference seems to have resolved itself into meetings of the small committee which was appointed to find a formula as a bridge between the negotiating parties. This is the method favored by the prime minister in negotiations of a delicate and critical nature.

Lloyd George called a meeting of the committee unexpectedly yesterday in his rooms at the house of commons.

The meeting lasted an hour. Both sides are maintaining the same reticence as heretofore observed, but it is believed that the chief subject of yesterday's discussion was Ulster. A semi-official announcement, made last night, of arrangements for the premier's journey to Washington is considered a good augury.

POSTMASTER HAYES AND PARTY IN WRECK AND BADLY SHAKEN UP.

(By The Associated Press)

NEW YORK, Oct. 28.—Postmaster General Hayes and a score of passengers on the midnight express of the Pennsylvania railroad, for Washington, were badly shaken up early today when the express crashed into the rear of a local train at Manhattan transfer in New Jersey, during a heavy fog.

There was a time when you won the world's respect by going to church but now you buy an eight-cylinder car.

EFFECTS OF BIG STORM BEING REMOVED RAPIDLY DEATH LIST INCREASED

PRESIDENT HARDING RETURNS TO WASHINGTON.

(By The Associated Press) WASHINGTON, D. C., Oct. 28.—President Harding returned to Washington at eleven o'clock today from Atlanta.

WAY PAVED FOR OPENING BONUS BILL

SENATOR REED, DEMOCRAT, WILL BRING UP BILL AGAIN

(By The Associated Press)

WASHINGTON, Oct. 28.—The way was paved today by Senator Reed, Democrat, to force vote on soldier bonus bill which the senate recently laid on the table at the request of President Harding.

Reed introduced an amendment to the tax revision bill providing certain taxes be set aside as special fund to pay bonuses to former service men. The amendment included the McCumber bonus bill, reported by the senate finance committee, providing five way benefits.

LATEST REPORTS LESSEN DAMAGE TO CITRUS FRUIT

THOMAS AGENCY ESTIMATES LESS THAN FIVE PER CENT OF CROP ON TREES LOST

While reports received by the Metropolis from practically every part of the crop producing section of the state affected by the Tuesday storm tend to confirm the heavy losses to growing crops and property indicated by early reports carried by the Metropolis, authorities on Florida crop conditions and marketing venture the belief that the loss in actual money values will be a good deal less than is now apparent, especially so with respect to the fruit and truck crops.

Statements issued by the Thomas Advertising Service, advertising agents for the Florida Citrus Exchange, and by Chase and Company, extensive, point out that the rains accompanying the high winds will prove of immense benefit to the fruit left on the trees; that most of the fruit which dropped to the ground was diseased and therefore not of the first class; that the remaining fruit, which naturally forms the great bulk of the crop, will no doubt bring a better price. The better price, based upon lessened production and improved quality will more than offset the apparent damage from droppings, it was pointed out.

At the offices of the Thomas Advertising Service, it was stated this morning that into advices from most of the heavy citrus producing sections showed a decided tendency to lessen the earlier estimates of damage to the grapefruit and orange crop.

By reason of the familiarity of members of the Thomas staff with the citrus belt, they are able to base conclusions as to the total loss on the telegraphic reports from various points and the belief is expressed by them that in the final outcome it will probably be found that less than five per cent of the fruit on the trees before the storm has been rendered unmarketable.

Wayne Thomas was in Plant City (his former home) during the gale, returning to Jacksonville this morning. Yesterday he drove over a considerable portion of the Hillsboro and Polk county citrus territory. While in some groves the damage was heavy both to fruit and trees, and all suffered more or less, Mr. Thomas found

(Continued on Page Three)

Property Damage Will Not Exceed Five Million

TAMPA IS NORMAL

OUTLYING DISTRICTS CLEANING UP AND DAMAGE NOT AS GREAT AS SUPPOSED.

TAMPA, Oct. 28.—Tampa has emerged from the hurricanes of Tuesday and Tuesday night, to a point where the big storm bids fair to soon be nothing more than a memory. Any person walking or driving through the downtown section of the city, would have been hard put to find a trace of storm damage. To be sure, a number of sidewalk awnings whose friendly shade was sought in summertime by pedestrians are missing; here and there another awning is supported by temporary props and in a few instances there remains a plate glass window to be restored.

But all storm debris is gone, thanks to hard work done by the city's street cleaning department, the street car crews and individual workers. All street lights were on full blast down town last night and several of the "white ways" were as bright as ever.

Street car service was restored in part today and will reach further out tomorrow. There was some extension also of light and power for homes and industrial plants. The telephone company restored a great number of phones to working order. Both telegraph companies set up more wires, so that Tampa was in communication by ordinary means to northern points. The telegraph lines are still out of shape.

The Tribune got its first direct Associated Press service last night since last Monday.

Trains are running in normal fashion to nearly all points in this section of the state. Highways are being cleared of debris.

Reports from outlying sections indicate that the first estimate of losses were overdrawn. It is probable that the Tribune's estimate, published Wednesday morning at \$5,000,000 total for the entire storm swept section, with loss of \$1,600,000 to \$2,000,000 in Tampa and its suburbs will prove very close.

Unquestionably the citrus fruit trees have suffered and there has been heavy loss of fruit. This loss ranges from perhaps 50 per cent in Lee and Pinellas counties, down to 40 in Hillsborough, 10 in Polk to only trifling damage in Lake, Orange, Pasco and Hernando counties. There was considerable fruit loss in Manatee county, especially along the coast.

The death list in the storm still stands at five—three at Tampa and two at St. Petersburg.

Not to exceed one hundred and twenty-five persons were rendered homeless by the storm in Tampa, and these have been taken care of by neighbors and by the Red Cross which promptly opened two relief stations. Supplies of clothing and house furnishings as well as food have been made available.

Of the five or six ships which were washed ashore here during the storm only one or two will be lost. The others can be put back into the water.

An odd sight is a three masted schooner the Thomas B. Garland, high and dry, with a former mine sweeper and a steel hulled barge nestling alongside the schooner. All three will be salvaged and set afloat again.

The greater part of the damage was along the southwest coast from Punta Rassa, where the gale attained a velocity of 100 miles, to just north of Tarpon Springs. A few miles back from the coast the damage is much less and the path of the hurricane apparently was not more than fifty miles wide.

At none of the Gulf coast resorts (Continued on Page Eight.)

M. F. ROBINSON HAS ANOTHER BIRTHDAY RECEIVES FELICITATIONS.

M. F. Robinson, of this city, who says he is only 78 years old, yet who has a birthday several times during the year, celebrated another one last week and while few people knew about it several of his friends remembered it, and the following wire was received from Victor and Bella Check: "Were we editors today, we would get an extra out and say: 'Beneath your handsome printed phiz, we wish you all the joys there is.' P. S. We wish it any way."

To which Mr. Robinson replied by return wire:

"It would justify living for generations to receive your sweet congratulations. P. S. I intend to any way."

WOMAN'S CLUB MEETING.

The meeting of the Literature and Music Departments of the Woman's Club on Wednesday afternoon, was one of the most interesting and enjoyable in the history of these two departments. The subject for the year being, Grand Opera, the first number on the program was "Foust," by Mrs. T. W. Langley. Mrs. Langley told the story of the opera by Gounod. This is taken from the poetic drama of the same name by Goethe, and has been one of the most popular of all operas in the sixty years since its production.

After this interesting paper, Mrs. A. M. Phillips sang the "Jewel Song" from Foust, in a most charming manner.

Miss Ida Gray next gave a talk on the Schools of Opera, beginning in Italy where the opera first developed, then tracing its development with German, French, English and American schools. It is interesting to note from Miss Gray's talk that America, as yet, has no school of opera, but that we have the best audiences and the best musicians, and singers, in the world, here in our country. It has been prophesied that within ten years we shall have a great school of music.

After Miss Gray's talk, the club chorus gave the "Waltz Song," from Foust. The singers were, Mrs. A. M. Phillips, Mrs. J. Tackash, Mrs. Vance Douglas, Mrs. McAllister, Mrs. J. K. Mettinger, Mrs. Newberry, Mrs. A. Irwin, and Mrs. S. Malnes. The accompanists for the two musical numbers, were, Mrs. S. Malnes and Mrs. R. C. Bower.

All who were present to hear this wonderful program, feel that they cannot afford to miss another. It is hoped that the friends of the two departments will take advantage of the programs, to be given this winter, and that the meetings will be well attended as all guests are welcome.

At the next meeting, November 9, the two operas, Robin Hood, and Mignon, will be studied, and musical selections or records from each, will be given.

SHOE DAY AT THRASHER'S.

Saturday, October 20th, will be shoe day at Thrasher & Garner's, at which time all shoes in the house will be sold at ten per cent off the regular price. This is done in order that the general public will investigate the big new stock of shoes at Thrasher & Garner's and find the many good bargains, the many new styles and the wonderful stock carried by this firm. Read the advertisement in today's and tomorrow's Daily Herald.

According to the Key West Citizen, the cigar industry has shown real improvement during the month of September. Every establishment is now understood to be working full time, with all hands employed for which they have room and equipment. The Citizen, quoting E. H. Gato, Jr., tells that there are now six hundred employees in the Gato factory, and additional men will be employed as soon as space is made for them. Holiday orders will soon be coming in, and this is always an important period in the cigar-making industry. There were more than five million cigars made in Key West factories during the month of September.

Telling some of the things about the Miami Beach dairy, the Metropolis says that "Pritchard's Jersey cows are browsing on Para grass on the range north of the city and increasing their yield of milk." The newspaper goes on and talks about milking time, "when sixty fine cows are milked by electricity, while being cooled from overhead electric fans. Mr. Pritchard is pleased with the dairy," declares the Metropolis, "and looks for a successful season. Automobiles are being prepared for the delivery routes."

FATHER AND SON BANQUET.

At the Parish House tonight, the Father and Son banquet will be held, and it promises to be one of the most pleasant occasions of the season.

A Mystery Cake Can you name it?

Here is another new Royal Cake, so delicious and appetizing that we have been unable to give it a name that does justice to its unusual qualities. It can be made just right only with Royal Baking Powder. Will you make it and name it?

\$500 for the Best Names

For the name selected as best, we will pay \$250. For the second, third, fourth, and fifth choice, we will pay \$100, \$75, \$50, and \$25 respectively.

Anyone may enter the contest, but only one name from each person will be considered.

All names must be received by December 15th, 1921. In case of ties, the full amount of the prize will be given to each tying contestant. Do not send your cake. Simply send the name you suggest, with your own name and address, to the

ROYAL BAKING POWDER COMPANY
128 William Street, New York

How to make it

Use level measurements for all materials

- 1/2 cup shortening
- 1 1/2 cups sugar
- Grated rind of 1/2 orange
- 1 egg and 1 yolk
- 2 1/2 cups flour
- 4 teaspoons Royal Baking Powder
- 1 cup milk
- 1 1/2 squares (1 1/2 oz.) of unsweetened chocolate (melted)
- 1/4 teaspoon salt

Cream shortening. Add sugar and grated orange rind. Add beaten egg yolks. Sift together flour, salt and Royal Baking Powder and add alternately with the milk lastly fold in one beaten egg white. Divide batter into two parts. To one part add the chocolate. Put by tablespoonful, alternating dark and light batter, into three greased layer cake pans. Bake in moderate oven 20 minutes.

FILLING AND ICING

- 3 tablespoons melted butter
- 3 cups confectioner's sugar
- (Powdered sugar may be used but does not make as smooth icing)
- Grated rind of 1/2 orange and pulp of 1 orange
- 2 tablespoons orange juice
- 1 egg white
- 3 squares (3 oz.) unsweetened chocolate

Put butter, sugar, orange juice and rind into bowl. Cut pulp from orange, removing skin and seeds, and add. Beat together until smooth. Fold in beaten egg white. Spread this icing on layer used for top of cake. While icing is soft, sprinkle with unsweetened chocolate shaved in fine pieces with sharp knife (use 1/2 square). To remaining icing add 2 1/2 squares unsweetened chocolate which has been melted. Spread this thickly between layers and on sides of cake.

LOSS OF LIFE IN THE BIG STORM NOW PLACED AT FIVE.

(Continued from Page One)

the middle of the state, reports about \$200,000 damage, mostly to crops.

Daytona had a sixty-mile gale for a short time Tuesday morning, but comparatively little damage was done there. St. Augustine experienced high winds and some damage. There is a report that four fishermen in a boat were lost, but this has not been confirmed.

Bartow, Lakeland, Winter Haven, Arcadia and all other towns in the South Florida section suffered more or less, but the inland cities did not feel the force of the gale to the extent that the coastal towns did.

LOSS \$500,000 FOR SARASOTA, ESTIMATED.

Half of the city dock at Sarasota was washed and blown away, the estimated damage over the entire city being placed at \$500,000, it was stated late last night by residents who made their way yesterday from Sarasota to Tampa. The entire bay front with its docks suffered the heaviest damage, the destruction in the business and residence sections of the city being slight.

Parts of the Sarasota county court house was blown in. Several boats, docked at the water front, were piled high and dry, three miles in the woods around the city. The railroad track was completely washed out.

The party from Sarasota, on their way to Tampa, passed through Palmetto, Bradentown and Ruskin. At Palmetto the power plant and telephone service was wrecked. The power plant at Bradentown was also put out of commission.

The little town of Cortez was completely wiped out, the fish houses and docks being swallowed by the storm

In its path. The partially constructed bridge over to Anna Maria was wiped out.

Manatee apparently went through the storm unhurt. The bridge over the Little Alafia river was destroyed.

The approaches to the bridge over the Little Manatee river were washed away and the bridge itself so loosened that traffic over it is dangerous.

At Sarasota the barometer reading at 11:20 a. m., Tuesday, was 29.2. The barometer stayed at this point until 1:30 p. m., when it commenced to rise. At 5 p. m., the reading was 29.40. Ruskin passed through the storm with little or no damage.

The party from Sarasota reported that no lives had been lost at any of the places through which they had come on their way to Tampa, yesterday.

M. H. Sheldon, residing at No. 210 Carter street, was in Bradentown Saturday. He returned to Tampa yesterday with the report that Bradentown's river front was badly damaged. The vegetable farms suffered heavily, as did the fruit trees. The estimated damage to the fruit crop was placed at twenty or twenty-five per cent of the crop.

Torra Sola was not badly damaged. Lack of communication with Anna Maria has left this town's fate in doubt. Buildings could be seen on Long Beach. West View was apparently completely wiped out.—Tampa Tribune.

TAMPA, Oct. 27.—Reports from all sections tell of heavy damage to citrus fruit and truck crops, estimates ranging from a loss of fifty to sixty per cent in the coastal region of Pinellas county, thirty to fifty per cent in Hillsborough down to five to ten per cent in Orange and Polk.

FLORIDIAN BUYS HISTORIC BOSTON PROPERTY.

Friends of E. H. Mote, prominent citrus nurseryman of Leesburg, Fla., will be interested in the following from a recent issue of the Boston Globe concerning the transfer of a valuable business property, once the site of that city's old Custom House: "One of the largest sales in the downtown section, involving garage property, has just been effected in the placing of final papers to record at the Suffolk Registry of Deeds, conveying title to the large parcel known as the Custom House Garage, numbered 12 to 20 Custom House Street.

The property was owned by Owen F. Farley and Ann H. Weeks, trustees, and is purchased by E. H. Mote, of Leesburg, Fla. It is a large brick and stone structure, standing on 4184 sq. ft. land, taxed for \$90,000. The whole property is rated at \$175,000, and the price paid was a figure far in excess of this amount.

"The building is erected on the site of the old Custom House, one of the historic locations in the city. The broker was Alfred H. Howard, and the papers passed through the office of the Owen F. Farley Co."

NEW DISPLAY WINDOWS FOR BAUMEL'S SHOP ARE UP TO DATE.

The new display windows recently built for the Baumel's Specialty Shop, are now finished and beautifully decorated for the occasion. The windows have been made much deeper and are up to date, and show the fine line of millinery and ladies ready to wear to much better advantage. Baumel's Shop has been handicapped for some time by the repairs being made in the store front, but the improvements make a big difference in this nifty shop where the ladies go to admire and to purchase the newest creations in millinery and dresses, coats and suits.

STATE ROTARY CLUBS POSTPONE MEETING TO BE HELD IN ORLANDO.

The meeting of all the Rotary Clubs in Florida, to be held in Orlando tomorrow (Friday), has been postponed on account of the storm that made travel impossible for several days in the southern part of the State, and would have cut down the attendance of the meeting greatly. The State meeting of Rotarians will be one of the largest and best in the history of the organization, and Orlando Rotas are anxious to have a large attendance, hence the change of dates. The big meeting will be held next Friday, November 4th, and it is hoped that by that time, the effects of the storm will be swept away, and the Rotes of Florida will be able to get to Orlando. Remember the date has been changed from Friday of this week to Friday of next week, and you will have it right.

HERALD GAVE THE NEWS ONLY PAPER IN SANFORD AVAILABLE YESTERDAY.

The Daily Herald was the only paper in Sanford yesterday. A few copies of the Tampa Tribune came to the newsdealers and were quickly gobbled up, and when the Herald came out at four o'clock, there was a rush made for them and the entire edition of extras was soon exhausted. Many times during the past years has it been demonstrated that Sanford needed the Daily Herald and needed it badly. It is the only medium through which the people of Sanford can get the news fresh from the wires, and is from five to ten hours ahead of anything else that gets here in the daily line. Yesterday was only one of the instances of your daily paper keeping you in touch with the outside world, and the Daily Herald is the only paper that you can depend upon to give you the fresh news right from the wires. In fact, it is a real daily paper in every respect.

Member of The Associated Press

All is quiet on the hurricane deck. One storm like that is sufficient for the next twenty years.

Florida is recovering and in a few weeks no one will know the difference.

The Fathers and Sons banquet at the Parish House last night gave a lot of people a better idea of what the Men's Club is doing for Sanford.

We take great pleasure today in announcing that the railroad strike will not be called now. This is a step in the right direction and will do much toward making business conditions more settled and getting the entire country on a more stable basis.

There is work enough for every man and woman in this world. God never makes any mistakes about that. With every man He brings into the world, He brings a job. "Here it is," He says. "Now take it and do your best with it."

THE NEWSBOY.

The Reporter-Star seems to have been thinking about the newsboys paddling through the rain and storm this week and in a write-up of the storm and the circulating of the paper during the drench of the hurricane had the following about the boys:

Wonder if we fully appreciate these little fellows who carry the paper to us evening after evening even though the weather is too severe for us to face it. Sometimes they miss us and then we scold them thereby emphasizing the value we set upon them and what they have to sell.

FOR THE GOOD OF ALL

A strong combination of the citizens of a community is necessary to give an impetus toward advancement that is always desirable.

It rests with you, Mr. Citizen, if there are improvements that will add to the comfort and advance the interests of the community, as to whether we will have them or not.

Combined effort is desirable and es-

sential. No town ever attained a satisfactory growth without the combined and continued efforts of its people, and when you see a progressive community you can count on it that there are some live wires in it that are receiving the hearty support and co-operation of a large majority of its good citizens.

Sanford is a fine town, with prospects bright for a steady future growth, but it must do more building. Houses are needed to shelter those who would make this their home.

Speak up and make a noise like progress. All the good ideas for our own advancement are nothing as long as you keep them to yourself.

OUR FRIEND DONNELLY.

Last winter, a stranger came among us unostentatiously and unannounced, and the Chamber of Commerce, through its active secretary, took him in and gave him all the courtesies due him as a guest of the city.

The Republican party injected the negro as a political factor. Left alone the South regards the negro as an economic problem, and will so regard him in the future if not forced to study him through political eyes.

The race problem is not a sectional one, but a national problem, as President Harding points out in his speech. The South is under no more obligation to the negro than the rest of the nation is under obligation to him.

If he is ever to advance the negro must help work out his own salvation, and here the real problem presents itself. Taken as a whole the black race lacks ambition, the very heart of progress and development.

The real question is not between Southern whites people and Southern negroes. Undisturbed the two races are not hostile to each other—furthermore they are friendly, each race holding its proper relation—but outsiders—the Republican party for one—have wedged the race question into politics and have given the negro a lot of false ideas and ideals.

President Harding's references to social equality would have been more timely in the North than in the South. The South already knows it will never be—Jacksonville Metropolis.

"Building program in the residential part of town shows no signs of abatement," remarks the Fort Pierce News-Tribune. The newspaper suggests that the permits for the past week or so have shown apartment houses, flats and residences to be constructed and considerable improvements going on in various parts of the city.

Scientists tell us the sea is growing more salty, a measure of protection, no doubt, against the fresh things that inhabit the beaches.

It seems that Babe Ruth has decided that a home-run king can do no wrong.

OUTSIDERS ARE RESPONSIBLE FOR RACE PROBLEMS IN SOUTH.

"I wish that both the tradition of a solidly Democratic South and the tradition of a solidly Republican black race might be broken up," President Harding declared in his address at Birmingham today.

This is the first time the President has spoken at length on the race question and his speech is evidently the result of careful analysis of conditions, because he chose to deliver it before an audience of Southern white citizens.

Taken broadly there is nothing in the speech to which the South can object, since Mr. Harding placed strong emphasis upon his opposition to race equality or anything approaching it, and equality is the very thing the Northern Republican party has sought to cram down the throats of white Southerners.

Race equality was never considered in the South by either white or black until ignorant outsiders openly advocated it. The very thought has caused true-blooded Southerners to revolt even at the discussion of the idea.

Herein, then, is the true conception of inter-relation of color—complete uniformity in ideals, absolute equality in the paths of knowledge and culture, equal opportunity for those who strive, equal admiration for those who achieve; in matters social and racial a separate path, each pursuing his own inherited traditions, preserving his own race purity and race pride, equality in things spiritual; agreed divergence in the physical and material.

The Republican party injected the negro as a political factor. Left alone the South regards the negro as an economic problem, and will so regard him in the future if not forced to study him through political eyes, as the Republican party has forced it to do in the past, and is forcing it to do at the present time.

Social equality will forever be a thing impossible. The South will see to this. The worth-while leaders of the negro race, however, also place the proper emphasis upon the impossibility.

The race problem is not a sectional one, but a national problem, as President Harding points out in his speech. The South is under no more obligation to the negro than the rest of the nation is under obligation to him.

If he is ever to advance the negro must help work out his own salvation, and here the real problem presents itself. Taken as a whole the black race lacks ambition, the very heart of progress and development.

The real question is not between Southern whites people and Southern negroes. Undisturbed the two races are not hostile to each other—furthermore they are friendly, each race holding its proper relation—but outsiders—the Republican party for one—have wedged the race question into politics and have given the negro a lot of false ideas and ideals.

President Harding's references to social equality would have been more timely in the North than in the South. The South already knows it will never be—Jacksonville Metropolis.

"Building program in the residential part of town shows no signs of abatement," remarks the Fort Pierce News-Tribune. The newspaper suggests that the permits for the past week or so have shown apartment houses, flats and residences to be constructed and considerable improvements going on in various parts of the city.

Scientists tell us the sea is growing more salty, a measure of protection, no doubt, against the fresh things that inhabit the beaches.

It seems that Babe Ruth has decided that a home-run king can do no wrong.

SHAKING THE HOLLY TREE

You can bring some people up to the tub but you can't make 'em take a bath.

Advice wouldn't be so cheap if those giving it were forced to follow it.

Some of us never think about praying until the equinoctial gale gets to roaring around the house.

It's wise to keep your troubles to yourself, but a fool is still wiser—he doesn't have any.

We may think we are having a lot of trouble but when you look around you it is easy to find a fellow who owes the bank more than you do.

The latest style in wedding rings is to have them large enough to slip off easily.

There were brave men went forth to battle in the world war but they had nothing on the young man who is contemplating marriage at the present price of bacon.

Everybody likes to do good, some like to "do" others good, but few like to be good.

We always did think the town in which we lived was the best place in the world but we seem to have a hard time convincing others of this fact. At that there is a good train service here.

"Jobs for everybody" is the administration slogan, but slogans do not fill dinner pails or buy shoes for the kiddies.

It is fine for the editor to tell the people to go to Sunday School every Sunday. He is like the doctor—he doesn't have to take his own medicine.

Some people talk much, think little, and do less; some people talk less, think much and do little; but the fellow who talks little, thinks much and acts according to his thoughts is the fellow who climbs.

Unfortunately putting up a "Post No Bills" sign won't prevent them from coming through the mails.

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida

Notice is hereby given that M. T. Spivey, purchaser of Tax Certificate No. 55, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lot 6, Block 8, Tier D, Sanford.

Witness my official signature and seal this the 23rd day of September, A. D. 1921.

LONGWOOD

Mr. and Mrs. W. S. Entaminger and little daughter, Lucy, of Plant City, are the guests of Mrs. Bill Allen and family, for a few days.

Mr. Muzanti had the misfortune to lose his packing house by fire, Wednesday night, which is on his grove in West Longwood. This was quite a loss, as Mr. Muzanti's Oldsmobile truck was also destroyed by fire.

Friends of Mrs. Geo. Lewis will be glad to know she is getting along nicely since her operation, and expects to be out in a few days.

Mr. and Mrs. A. R. Sandlin, of Leesburg, were visitors in town on Friday.

Mrs. Florence Hudson, of Orlando, spent the afternoon in town Friday.

A call meeting of the Ladies Civic League was held Tuesday, October 18, at the library.

C. W. Entzinger and Bill Satcher were visitors in Sanford, Saturday.

Mr. and Mrs. J. S. Dinkel and Miss Olive, were visitors in Orlando Saturday.

Maurice and Clyde Clouser, of Orlando, were in town Sunday afternoon.

J. E. Phipps left Wednesday for Miami for a several day's visit.

Claude Hinchcliff, Mrs. Roy Soura and Miss Nellie Baker formed a party motoring to Sanford Wednesday.

Mrs. J. A. Bistline and Mrs. A. Y. Fuller will entertain Friday evening with an Hallowe'en party at the library. Every one is invited and it is hoped there will be a big crowd as this is the first entertainment that has been had at the library for several months.

Mr. and Mrs. Herbert Tice, of Orlando, were visiting Mrs. Tice's parents, Mr. and Mrs. Chaffer.

Kirby Fuller is expected to arrive Saturday to spend some time with his parents.

The storm the first of the week was quite severe although no serious damage was done.

Friends of Mrs. J. S. Dinkel will be glad to know she is able to be out after a several week's illness.

ORANGE COUNTY LOAN ASSOCIATION ERRECTING ITS 27TH HOUSE

The Orange County Building and Loan Association has begun the erection of its twenty-seventh house in the city, which is considered to be ample proof that this institution is serving a long-felt need and a worthy purpose here.

Secretary-Treasurer I. W. Barr, of the organization, said today: "Half the cities in the United States have been built by building and loan associations, and I think Orlando is going to prove no exception to the rule. There are 1,000 such companies in the State of New Jersey, alone.

"We have only been organized since August 1, and we are now erecting our twenty-seventh house. It is our time, as it is the aim of all such companies, to help the man of small means to help himself. We organized the association to help finance the building up of Orlando, and the results are very encouraging indeed."

Mr. H. H. Dickson is president of the association.—Orlando Reporter-Star.

WILL MAKE SANFORD HOME

Mr. and Mrs. E. A. Ball and twin daughters, have arrived in the city from Mankato, Minn., and will make it their future home. After looking over the State of Florida, they chose Sanford as the fastest growing and best city in which to locate. Mrs. Ball is a graduate of the Chicago College of Music in piano and harmony, and will be ready to receive pupils shortly. Mr. Ball has just finished a contract with Mankato City to furnish music for the city park and had a large band in Mankato and surrounding towns. He was also bandmaster of a large military band in the world war, and served in France. He will organize a class and teach all band instruments. The Ball family have secured rooms with Mr. and Mrs. Stone on Oak avenue, and they will prove a welcome addition to Sanford in both musical and social circles.

DANCE AT PARISH HOUSE

The Men's Club will have a Hallowe'en dance at the Parish House, Monday night. Good music, refreshments, favors. Everybody welcome. Come out and enjoy yourself. Two dollars for yourself and ladies.

LATEST REPORTS LESSEN DAMAGE TO CITRUS FRUITS

(Continued from Page One)

that the harm done was not as great as he anticipated.

It appears from the wires received by the Thomas people, from local representatives of the Florida Citrus Exchange in almost all parts of the citrus section, that the loss of fruit has been heaviest in the areas which chiefly produce late varieties of grapefruit and oranges. To a considerable degree, the growth into larger sizes of that portion of the crop remaining on the trees, by the time it is ready for market, may prove a compensating factor of considerable importance.

There is little doubt in the mind of Jefferson Thomas, he said today, that growers who have fruit to sell during the remainder of the season will obtain materially better prices than might otherwise have been secured, in consequence of the losses due to the gale. The most recent estimates on the grapefruit and orange crop, made before the storm, indicated a total production for the state, little, is any, larger than that of last year. Consuming demand unquestionably will be increased, owing to the scarcity of deciduous fruits. With the reduction in the crop due to the storm, supply is likely to be much under demand and prices accordingly higher for citrus of good quality, properly packed and intelligently marketed. Offering to consumers of damaged stock will react unfavorably on the price situation and it is likely the leading marketing agencies will refuse to handle "drops."

At noon, Frank Kay Anderson, manager of the Tampa office of the Thomas Advertising Service, telegraphed that today there is a decidedly optimistic feeling in citrus circles there as to the hurricane damage. Mr. Anderson's wire stated that C. E. Stewart, Jr., business manager of the Florida Citrus Exchange, returned this morning from a motor trip down the east coast, going into Tampa through Volusia, Orange, Polk and Hillsborough counties, all heavy producers of grapefruit and oranges. Mr. Stewart now estimates that the total loss to the exchange holdings will not exceed three hundred thousand boxes and expresses himself as believing that even this low figure will probably be reduced by later reports. As it has been expected that the exchange

EAST SANFORD

L. B. Curry, of New Smyrna, has been the guest of his daughter, Mrs. W. E. Prevatt, and family, this week.

Mrs. J. C. Vaughn is in Green Cove Springs visiting her daughter, Mrs. E. J. Mulligan, and will visit cousins in Jacksonville before returning home. Her cousins have just returned from England, Mrs. Vaughn's girlhood home.

Frank Bassell, formerly of Carthage, N. Y., is here spending some time at the W. W. Dressor home, helping Mr. Dressor keep batch during Mrs. D.'s absence in the north.

The Samuel Schwartz home on Lake Golden was broken into and ransacked by thieves recently and also a work shop. It is impossible to know what was taken, as Mr. S., is not here.

Mrs. Buyers arrived here from Frankfort, Ky., last week, and was met by Louis Kinard, and they were immediately married and have gone to housekeeping in Mr. Kinard's home in Cameron City, the house formally owned by Dr. and Mrs. W. A. Minick. Mrs. Kinard is well known here as she was a resident on Beardall avenue several years. They have the good wishes of many friends. A large party from the west side came and gave them a rousing charivari the next evening.

Mrs. Margaret Marshall, in sending her renewal each year for her home paper in Edenburg, Scotland, receives a spray of Scotch heather as acknowledgement and pleasant reminders of home, besides Scotland and Florida. Mrs. M., has lived in Australia, New Zealand, England, and several points in the United States.

The storm has not done as much damage here as it was feared it might although there is some bad places seen in many fields where water is standing. Soil washed out in gullies where the soil was loose and covered newly set out small plants. Much work will have to be done over again. A good many telephone poles are down on Beardall avenue, and a limb blown off a large oak tree was carried some distance and landed in front of a house on B. J. Stearling's farm. Mr. Corley had a large clump of banana trees loaded with fruit blown down and some palms were uprooted at various places. We have rain enough now for some time.

NIGHT CLASSES OPEN ON TUESDAY NIGHT.

All carpenters, contractors, wood workers, and masons, interested in the course in architectural drawing and blue print reading, offered by the Federal Board of Vocational Education, are requested to meet with the instructor, D. D. Whitcomb, on Tuesday, November 1st, at 8 p. m., at the Sanford high school. This course is offered free to those engaged in the building trades, and it is to be hoped that a large number will be enrolled. Classes meet twice a week for a two hour period, and the weekly schedule of classes will be decided by the class members on Tuesday night. It is planned to make this course as interesting and instructive as possible, dealing at first with the more elementary phases of architecture and advances as the class progresses, into details of lettering, masonry, framing, interior and exterior finish, and construction, and applied designs. Remember that the course is absolutely free to tradesmen. 186-2tp.

KIWANIS CLUB ENDORSE FLAG DAY.

Mrs. Henry Wight proposes through the civic department of the Woman's Club to conduct a flag campaign in order that a flag may float from each residence and business house on Armistice day.

The Kiwanis Club endorsed this movement and pledged loyal support.

The Popular Market will move to the new building on Park avenue where they will have two telephones to take care of the business and give the people good service. They have marked down prices on all their goods getting ready for this move. 186-1tc

If you are not careful of your enunciation, it sounds as though you were saying this is a freak country.

HALLOWE'EN DANCE—BIG TIME.

The Hallowe'en Dance at the Parish House Monday night, promises a good time for everybody. Good music, refreshments, favors. Two dollars yourself and lady. All are welcome.

BOY SCOUTS MEETING.

Troop three, Temple Boy Scouts, will meet at the Baptist Temple, Friday night. The meeting will begin at 7 o'clock sharp, instead of at 7:30, as previously reported. This is an important meeting, as there are only two meetings before Armistice Day. All the boys of the Baptist Sunday school between 12 and 17 years of age are urged to be present.

FAY LOSSING. Wed. & Fri.

would market this year approximately fifty per cent of the total crop and its holdings therefore would be between five and six million boxes, the manager's estimate of loss would indicate that a five per cent figure for the entire state is conservative.

The following statement was issued by Chase & Co., carlot distributors of citrus fruits and vegetables, Jacksonville:

The reports that reach us from all over the principal citrus and vegetable sections of the state indicate that the loss and damage to the crops as a whole, have been greatly exaggerated. From reports now at hand, we understand that the greatest damage to citrus interests is confined to a limited territory in the immediate vicinity of Tampa, which appears to have been the hardest hit by the storm.

As the storm made its path across the state, the percentage of damage diminished, and we now have advices from some of the largest producing sections that there has been no damage to the fruit by the wind, and the greatest amount of good has resulted from the needed rain.

In the Sanford territory, which is the largest producing vegetable section of the state, it is estimated that about 15 per cent of the early lettuce plantings, have been damaged and some damage to the celery fields. However, the growers are replanting, and there will be no shrinkage in the acreage or the output. The only possible damage in some fields will be caused by a loss of fertilizer, due to the heavy rainfall, and it may be necessary to use additional fertilizer to replace this leaching.

The loss to the truck growers will consist of the cost of the additional fertilizer, plus the cost of labor and replanting. The benefits of the rain to the citrus interests will no doubt more than offset the average damage from wind.—J. C. Chase, in Jacksonville Metropolis.

"Millions Now Living Will Never Die"—Free Bible Lecture, Star Theatre, Sunday, October 30, 7:30 p. m. 186-2tc

DANCE HALLOWE'EN NIGHT.

Hallowe'en night is the night to enjoy yourself and you could not enjoy yourself any better than by attending the Men's Club dance at the Parish House. Good music, refreshments, favors, the Hallowe'en spirit and the spirit of the dance. Everybody welcome.

SPECIAL MEETING AT BAPTIST CHURCH.

There is to be an 8-day special meeting beginning Sunday, October 30, and closing November 6. Dr. Hyman will be the preacher and Mr. Ralph Stodghill, of Alabama, will have charge of the music.

MARATHON RACE.

The Boy Scouts are to have a Marathon Race on Armistice Day. An arrangement will be made with the city for the use of certain streets. Two miles will be the run. Six valuable prizes will be given. Only registered Scouts may enter.

RALPH STODGHILL, COMING.

It is with pleasure we announce the coming to Sanford for ten days of Mr. Ralph Stodghill. He is one of Alabama's best singers, a great chorus leader, baritone soloist. He will assist Dr. George Hyman at the Baptist temple in a meeting beginning next Sunday.

BON TON BRIDGE CLUB

Mrs. Robert Hines was the charming hostess yesterday afternoon when she entertained the members of the Bon Ton Bridge Club at her home on Park avenue.

The Hallowe'en suggestions were beautifully carried out in the decorations. Pumpkins, cats, witches and Jack-o'-lanterns were much in evidence.

Several rubbers of bridge were played during the afternoon and the prize for high score, two Maderin Dollies, were won by Miss May Thrasher.

The Hallowe'en idea was carried out in the refreshments served at the conclusion of the card game. Apples, stuffed with salad, cheese sandwiches, hot chocolate and the favors were witches' bonnets, filled with salted nuts, concealed in each bonnet was the guest's fortune.

Among those enjoying Mrs. Hines cordial hospitality were: Mrs. Ed. Betts, Miss May Thrasher, Miss Norma Herndon, Miss Agnes Dumas, Mrs.

HOF-MAC BATTERY CO.

BUY A FLAG MOVEMENT IS ENDORSED

ENDORSED BY BOARD OF GOVERNORS OF THE SANFORD CHAMBER OF COMMERCE

Sanford will be appropriately decorated on Armistice day if the movement outlined by Mrs. Henry Wight, representing the Civic Department of the Woman's Club, receives the support of the citizens of Sanford.

It is the intention of the Woman's Club to purchase two hundred American flags, 3x5, and sell them through a house to house campaign. These flags will be of government bunting, the stripes and stars sewed in. A very attractive price of \$1.75 has been secured and individuals will have the opportunity of purchasing one of these flags for this price.

This commendable movement received the unanimous endorsement of the Board of Governors at their meeting today, and it was voted to assist the Woman's Club in placing these flags in the homes of Sanford people. Sanford has been conspicuous by its lack of this outward evidence of patriotism, and the failure to display the national colors on important holidays has been the cause of comment on the part of strangers from sections where Old Glory is flown to the breeze on every occasion. This outward evidence of patriotism on the part of the citizens of Sanford was particularly noticeable on Flag Day and the Fourth of July. A count of the flags displayed on these days showed there were but two outside of the one which is raised daily over the federal building. The apparent reason for this condition is due to the fact that very few families in the city own a flag. It is a mighty fine thing when the majority of citizens in a city own and display an American flag. The Woman's Club of Sanford are to be complimented on this patriotic move and it is hoped that every citizen, when approached, will avail themselves of the opportunity to purchase a good flag at a most reasonable figure. Armistice day will be a most appropriate occasion to fling the grand old emblem to the breeze.

The Board of Governors, realizing that patriotic ideals are more forcibly instilled during the early stages of life, recommended to the Educational Committee that steps be taken with the proper school authorities to have the national anthem sung at the beginning of the daily school exercises. There is, in all probability, a large percentage of our population that do not know the words of the national air. The inculcation of patriotic ideals in the minds of the young people and respect for the emblem and traditions of the nation is a positive antidote for any Bolshevik or radical propaganda with which they may come in contact. The buy-a-flag movement is also endorsed by the American Legion, and the local Boy Scouts will assist the Woman's Club in making the canvas.

Games and other features of special interest are in charge of Mrs. Clifford Peabody, assisted by Mrs. Raymond Key. Refreshments will be served and a good time assured all. A most cordial invitation is extended to the public, to attend this delightful evening's entertainment.

FOR BRIDE-TO-BE

Mrs. W. C. Hill will entertain at a bride party Tuesday afternoon at 3 o'clock at her home on Fourth street, complimenting Miss May Ferran Thrasher, whose engagement to Mr. J. D. Woodruff was recently announced, and whose marriage will be an event of Friday evening.

Mr. and Mrs. P. J. Feitner, of Osceola, were in the city yesterday. Mrs. Feitner and just arrived at Osceola from New York, and will spend the winter there.

Mrs. W. F. Blackman, of Woklwa Ranch, was in the city today.

The many friends of R. A. Terheun are glad to see his smiling face at the postoffice again, although Dick is not smiling much. He has been in bed for several days with a badly sprained back, received in slipping off the step at his home and falling, striking the step with his back. He will not be able to step as lively as usual for some time, but he is glad to be out again.

Mrs. T. W. Prevatt and mother, Mrs. Littler, of Geneva, were in the city today.

Get your ticket for the Hallowe'en Dance at the Parish House, at the store of T. J. Miller & Son.

SIX PAIRS OF SHOES GIVEN AWAY AT LLOYD'S

Lloyd's Shoe Store has an advertisement in this issue calling attention to the fact that they are giving away six pairs of school shoes to school children next Monday. This is something to read about and you should look into the matter at once. See the ad and get the shoes.

CHEAPER MEATS.

Brown's Market has an advertisement in this issue that will make the housewives sit up and take notice. All meats are quoted at prices that will fill Brown's market with orders Saturday morning. Read the ad in today's paper and save money.

CHEAPER GROCERIES.

Economy Grocery, in the Bishop block, has an advertisement in this issue quoting prices on groceries that will make the people sit up and take notice. Read the advertisement and go to the Economy Grocery in the Bishop block.

APPOINTED TO STATE BOARD OF OPTOMETRY.

TALLAHASSEE, Oct. 28.—The governor this morning appointed the following to be members of the state board of optometry: J. H. Keen, Jacksonville, to succeed himself; H. W. Grady, Tampa, to succeed H. B. Lough.

Mr. and Mrs. Roy Symes, of Winter Park, were in the city today on business and visiting friends.

"Millions Now Living Will Never Die"—Free Bible Lecture, Star Theatre, Sunday, October 30, 7:30 p. m. 186-2tc

The many friends of Mr. and Mrs. Donald Whitcomb are giving them a warm welcome home after an absence of several months in Illinois where they spent their honeymoon.

"Millions Now Living Will Never Die"—Free Bible Lecture, Star Theatre, Sunday, October 30, 7:30 p. m. 186-2tc

The honeymoon is over when he begins to hint that she looks just as well in cotton stockings.

There comes a time in the life of every man when he wishes somebody would steal his car and get safely away with it.

HAS MADE NEW PROFESSION

Philadelphia Woman Makes Excellent Living Arranging Details for Amateur Entertainments.

A pin-money career, for one Philadelphia woman, was the outcome of her refusal to drill some children for an Easter program. On previous occasions she had "thrust upon her" the responsibility of planning and preparing various kinds of entertainments, home-talent plays, cantatas, etc., for different organizations. As this work required much time and strength, she was offered remuneration for her services and accepted the money. Now she has work ahead in that line all the year round. She assumes the responsibility of miscellaneous programs, plays, etc., for all ages, for Sunday schools, lodges, clubs, etc. She arranges time and place of practice, and assigns parts to each one in drills, plays, dialogues, cantatas, solo, duet, quartette, chorus, etc. Superintendents in the schools often call on her to help in such lines, and various organizations of the city. Much of the work, as the practicing, is done in her own home. She receives from 20 to 40 cents an hour. Free-will offerings from a church organization have also been generous, as the manner of paying her.

Ductless Glands in College.

Ductless glands, said to be responsible for epilepsy, feeble-mindedness, cancer and other diseases, will be the subject of special study at the University of Pennsylvania. A chair in endocrinology, the branch of medical science dealing with ductless glands, has been endowed at the university, and it is said to be the first ever established in the world.

Experiments will be conducted at the ear, eye, nose and throat hospitals of Philadelphia, the various clinics under control of the university medical school and other places.

So important do the physicians of the American Therapeutic society regard this step that the chairman of the society's council was instructed to appoint a committee to formulate a curriculum for the teaching of endocrinology to graduates and post-graduates in every medical school in the United States.

Comforting.

A Hoosier minister's wife was getting ready to go to the hospital for an operation. Her husband and children had been solicitous of her all day, everything around the house had been very quiet until late that evening, when she heard the seven-year-old twins quarrelling. She asked her husband to see what it was about, and he summoned them into the room to give them a lecture on worrying their mother.

"It was all your fault, daddy," Flora retorted. Floyd nodded his head and the minister asked what he had done. Imagine the feeling when Floyd replied: "Mr. Long said he didn't see where you would get another wife if mother die, and I said you would want Miss E. and Flora said you would want her Sunday school teacher because you called her your helping hand all the time."—Indianapolis News.

Stopped at Last.

As little Harry came in the back door, he was saying to himself, "Well, I got the best of him that time." His mother happened to be in the kitchen. "Harry, have you and the neighbor boy been fighting again?" she asked.

Harry was quick to reply: "Not this time. You know when he was over here last week we made a kite and you made me let him take it home with him. Yesterday we made a birdhouse and he got to take it home. So today we dug holes and he didn't take them home with him."

Flights of the Future.

"Do you believe the automobile is the last word in transportation?" "No," replied the first of the children. "Some of these days we are all going to wear wings outdoors and hang 'em up on the back in the hall when we are not going anywhere in a particular."—Birmingham Age-Herald.

Known hero to "unknown hero." "How do you do it?"

That agricultural bloc is apparently a whole forest.

HURRICANE STILL HOING BUSINESS OUT IN ATLANTIC.

WASHINGTON, Oct. 28.—The tropical storm has continued to move eastward and it was apparently central last night about latitude 28 degrees and longitude 31 degrees, the weather bureau reported.

FIND ROUSE GUILTY OF MURDERING MAN.

SNOWHILL, N. C., Oct. 28.—Guilt of a murder in the first degree, was the verdict of a jury in the case of Wright Rouse, negro, charged jointly with Mrs. Sarah Whitley of Waltonburg and Thomas Hays with murder in connection with the killing of the woman's husband, several months ago. Judge Daniels has not yet sentenced Rouse.

The unemployed might be set to work to find normalcy.

THE WEATHER

For Florida: Generally fair tonight and Saturday.

Army officers' shoes just received at Thrasher & Garner's. 183-4tc

C. C. Beasley, of Lakeland, was in the city yesterday mingling with friends and attending to business.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

Calloway Gillian, of Tampa, was among the out-of-town visitors in this city yesterday.

Army rain coats at Thrasher & Garner's. 183-4tc

Sun is out. Glorious Florida weather again. What a difference from the London fog of the last few days.

Flags for Armistice Day or any other day. Regulation flag, 3x5, \$1.75.—Civic Department, Woman's Club.

Call and see our line of army goods, complete line.—Thrasher & Garner. 183-4tc

Dennis Ford, of Lakeland, representing the Central Shoe Co., of St. Louis, was in the city yesterday calling on his local customers.

Princess Pat?

Miss Mayme Mero has returned from Orlando where she spent a week as the guest of Miss Mildred Dickson at Jefferson Court. 183-tfc

The Ladies of the Episcopal Church will hold their Bazaar and Supper, December 1st and 2nd in the Parish House. 171-tfc

**SANFORD'S
TEMPERATURE**

Looks like weather was clearing up but we hate to make any more statements about what it is going to do. Every time we say the weather is clearing it rains and every time we say it will rain it does not. However, as we pen these lines just after a big breakfast of bread and water—mostly water—we can see where the sun used to shine and it looks like it might shine.

Buy your flags for Armistice Day from the Civic Department of the Woman's Club. 3x5 regulation flag, \$1.75.

Army pants for \$1.00 pair.—Thrasher & Garner. 183-4tc

Ernest Moore, of Marshville, N. C., arrived last night and is the guest of his uncle and aunt, Mr. and Mrs. W. J. McBride at their home on Palmetto avenue.

The Pipe Organ Club will have a Halloween Lawn Supper with Miss Martha Fox and Mrs. Forrest Gatchel, hostesses, at their homes, corner Oak and Eighth, Thursday, October 27th. 182-4tc

CHICKEN DINNER, Sunday noon and evening, Gray Gables, on the beach, Seabreeze, Fla. Phone 401. Free bath houses. 74-Fri-St-6m

Princess Pat?

Dr. and Mrs. L. D. Rhodes and family, of Tennille, Ga., arrived yesterday and will make Sanford their home. They are at the Montezuma at present.

The Ladies of the Presbyterian Church will hold their Christmas Bazaar, Dec. 2 and 3, 1921. 167-o.a.w.tfc

Mrs. J. W. Roe and little daughter, Lesley Sonia, arrived Monday from Miami, for an extended visit to the formers' parents, Mr. and Mrs. R. A. Torheun.

Princess Pat?

The many friends of Mrs. J. B. Calder will be glad to learn that she is recovering from an operation at a hospital at Orlando and will soon be able to come home.

"EXIDE" BATTERIES—Our Pullman cars, airplanes, submarines, telephones and great 7,000 mile wireless stations are equipped with the master "EXIDE" Batteries, the battery is the life of your car, get the best. We recharge and repair all makes.—Ray Brothers, Phone 548. 176-tfc

Mrs. Dick Fox (nee Anne Lee Caldwell) and attractive little daughter Evelyn, arrived last evening from Dallas, Texas, and will spend some time here with her parents, Mr. and Mrs. D. A. Caldwell.

\$400 cash and balance in 10 monthly installments for Chalmers 5 passenger, 1920 model. —B. & O. Motor Co. 182-tfc

The Men's Club of the Parish House cannot sing without their books and if those folks who have any of these books will bring them back it will again give to the world those magnificent voices that compose the Sextuple Sextette.

We have a few used cars that we are offering at Real Bargains. Call and look them over.—B. & O. Motor Co. 182-tfc

The Big Water Battle

is something that every one in Sanford has not seen. It will be a treat to those that have never witnessed one to see how these two teams battle with one another using the large fire hose, with the full pressure turned on. It's thrilling.

And It Is Just As Big A Treat

to walk into our store and look at the nice new suits and the nice new hats and see the nice new price, especially if you have been looking around any before coming to our place.

WE CATER TO THE BEST—THAT WANT THE BEST—AT POPULAR PRICES.

Perkins & Britt
THE STORE THAT IS DIFFERENT
Sanford, Fla.

Mr. and Mrs. Fred Daiger, Sr., left this morning for their home in Tampa after spending the past ten days here with relatives. They were accompanied home by R. T. Thrasher. The Daiger home in Tampa was damaged considerably by the recent storm.

Fresh cranberries, celery, lettuce, cucumbers, etc.—Popular Market. 186-1tc

Fable: Once upon a time there was a man who acquired the daily bath habit and didn't brag about it occasionally.

Saturday only, brooms extra good, 80c.—Popular Market. 186-1tc

With Simmons, Radcliffe and Vassar collectors all in the field at once, many a woman must feel compensations in having a college education.

The Temple Pipe Organ Club will hold its Christmas Bazaar November 20th. The place to be announced later. In case of bad weather, the affair will be held indoors. 182-mon-Thur-tfs.

Everything will come out all right at the Washington conference, if the yellow races act white and the white races don't act yellow.

Fresh line of White Rose and Heinz canned goods received this week.—Popular Market. 186-1tc

The civil war is over at last. Few southerners have been heard to rejoice at the defeat of the "damned Yankees" in the world series.

Princess Pat?

A reformer says he will move heaven and earth to enforce prohibition. He would get better results by moving Canada.

BATTERIES—America's first car was regularly equipped with starting and lighting batteries in 1911, this battery was an "EXIDE", today the master battery of the world. Do not be misled by the so-called just as good.—Ray Brothers, Phone 548. 175-tfc

A nice assortment of Halloween Goods, such as Hats, Caps, Hoods, Masks, Dominoes, Decorative paper, Place Cards, and Invitations at Mobley's Drug Store. 186-3tc

\$450.00 Cash and balance in 8 monthly installments, gets the best used car in Sanford—Studebaker Special Six. Looks and runs as good as new. Cord Tire equipment.—B. & O. Motor Co. 182-tfc

"Millions Now Living Will Never Die"—Free Bible Lecture, Star Theatre, Sunday, October 30, 7:30 p. m. 180-2tc

Ravenwood Coffee is selling fast as it is a good coffee and the premiums are worth while.—Popular Market. 186-1tc

HUGHES A GOLFER, TOO

Secretary of State Hughes, like President Harding, is fond of golf, but he is not so often photographed on the links. Indeed, this is the first photograph made of the secretary in his golf outfit.

How Soap is Made From Clay.
Clay in the "colloidal form," when suitably prepared, may be satisfactorily substituted for a large proportion (up to about 50 per cent) of the fatty acids in soap. Matter may roughly be said to be in the "colloidal form" when it is in an extremely fine state of subdivision. As clay is cheap and soap relatively dear, the substitution of clay in this form for fatty acids produces a notable reduction in cost. The clay is a real substitute for soap, and not an adulterant. Hot solutions of colloidal clay soap form jellies on cooling and thus this soap not only resembles ordinary soap in appearance, but in cleansing properties it is said to be even better than pure soap. Developments of this interesting discovery will be awaited with interest.—London Discovery.

THIS RIDE A REAL THRILLER

Ascent by Elevator to Summit of Alpine Peak Worth Going Long Journey to Take.

For years one of the most thrilling incidents of a visit to the Alps has been the ascent of the Jungfrau on the cog-rail road that starts from Kleine Scheidegg, at an elevation of 6,711 feet and climbs the mountain-side at the startling grade of 25 per cent, or an angle of about 22 degrees, till it reaches Jungfraujoch, at an elevation of 11,889 feet.

In an illustrated article in Popular Mechanics Magazine is told how it is now proposed to add to this wonderful experience in mountain climbing a still further thrill, by comparison with which the former will appear quite inoffensive. From the present end of the track the mountain soars another 2,200 feet to the summit at an elevation of 18,547 feet. By means of excavations and tunnels the track will be extended until it reaches a spot in the center of the conical summit directly below its highest point. From the end of this tunnel a shaft will be bored vertically to the summit itself, and in this shaft passenger elevators will be installed, so that Alpine mountaineers will end their long thrilling railroad climb with an elevator trip like an exaggerated ride to the top of the Woolworth building in New York city. The climax will find them landed at the extreme summit of one of the highest peaks in the Alps, with a view of a world of snow-capped, craggy mountain tops around them.

Use for Exhaust Gas.

At its point of issue from the cylinder the exhaust has a temperature of from 800 degrees to 1,000 degrees F., and consists almost entirely of carbon dioxide—a colorless and odorless gas. These properties make it suitable for carbonizing wood, that is to say, making charcoal, and it is now being utilized for that purpose in France. The hot gases are caused to traverse a specially constructed oven, in which the wood is suitably arranged, by which means the temperature of the wood is raised to about 500 degrees, which carbonizes without burning or igniting it. Many ovens of this type were installed during the war, in Algeria and Tunis, with the object of furnishing a substitute for anthracite coal, which was very scarce and dear, for use in enriching low-grade gas for motor purposes.—Popular Mechanics Magazine.

"Good Neighbors."

Mrs. Merriweather and her four small children lived in a little house in — street, where the neighbors were exceedingly friendly over the back fence, and made many back-door calls. Mrs. M. began to worry about the children and their surroundings as they grew older, and moved to another part of the town. Shortly after moving away Geraldine met one of the old neighbors who inquired as to how she liked her new home and the neighbors. Geraldine, being only seven and honest, replied: "We like our new home all right, but we haven't any good neighbors now—they all stay home and mind their own business."—Indianapolis News.

MENUS OF TOWN AND FARM

Statistics Supplied by Department of Agriculture Reveal Rural Conditions Notably Satisfactory.

"How are the folks on the farm faring?" is a question that is answered with a "Very well, thank you," by the Department of Agriculture at Washington. Looking into the average American farm method of living, the department finds that the farmers are as generously supplied with meat as any other class of people, observes Gus Karger in the Cincinnati Times-Star. Strangely enough, they don't use eggs as abundantly as the folks elsewhere, but they use more milk, even where there are fewer than the average number of children.

Except in Southern states, where "quick" breads are often preferred, wheat bread is the staple. A relatively large proportion of starchy vegetables is consumed and a relatively small quantity of the green and succulent kinds, in spite of the fact that farm families have the best opportunities for growing vegetables at home. The studies of the home economics division of the Department of Agriculture "bear out the general impression," the report states, that on the average the farmers' families have an abundant diet, with enough different kinds of food to insure good health. Whether the food is well cooked and attractively served the studies do not show. The fact that almost twice as much cooking fat was used by the farm families as by the general average indicates that farm housewives are inclined to cook too many foods by frying. The only recommendation is that it would be well for the farmers to use more eggs, more coarse cereals, and a greater variety of vegetables and fruits, especially more green vegetables.

FINEST TRAINING FOR YOUTH

Business Man Tells Why He Would Have His Son Get Full Newspaper Experience.

"Journalism teaches that results alone count, that excuses and equivocations are failures," writes Henry Scott, vice president of a paper company. "There is a discipline in big newspaper offices that does not exist in the average business, and that discipline is based on the motto, 'No excuses.' It is accepted in ordinary business that when a man is told to do something he usually expects detailed instructions. 'Where do I go, what do I do, how do I do it, what do I ask, and what will I do then,' are the questions that show their utter helplessness and lack of action.

"On the other hand a reporter gets this training as no one else does. He learns to lean on his own initiative. He gets an assignment, plans his campaign and then carries it out without asking any questions. When an obstacle comes up in the path of the average young man he stops and yells for help. But a newspaper man learns to either go through it, knock it down or skid around it in a hurry. He has learned that excuses can't be cashed at the bank.

"If I had a boy and wanted to give him a rigid business training in order that he might bring distinction to himself some day in his profession, whatever it might be, I would like to give him about two years under a first-class city editor, the kind that commits mental murder three or four times a night."

Claims to Transplant Eyes.

New eyes for old can be given blind creatures, claims a young Hungarian zoologist. He says he can transplant sound eyes from living creatures to others that are blind. Before the Vienna Biological society he said that he had experimented first with fishes and frogs, and then with rats, moles and other small animals. He had observed that fishes which had lost their sight sometimes lost also the coloring of their bodies. By replacing their blind eyes with sound ones taken from another living creature, he had restored their sight and their coloring too. Frogs, when they became blind, gave up seeking food, but with their new eyes were as diligent as ever in this respect. Professor Kolmer declared that he had examined some of the eyes transplanted by Koppanyi under the microscope and had found them normal.

Toasted a Dead King.

Now that the city fathers of Paris have got back from their trip to Scandinavia, they are telling a merry story on M. Le Corbellier, who, as president of the municipal council, is about as close to being mayor of Paris anybody can be for Paris has no mayor in the American sense. M. Le Corbellier was called upon, at a Stockholm banquet, to respond to the toast of "La Belle France," the president of the republic, and so forth. Raising his glass of applejack, he replied: "I drink to the health of King Oscar, to that of the royal family, to the ministers."

"There was only one thing wrong," his friends will tell you maliciously. "King Oscar has been dead for the last ten years."—New York Sun.

Canadian Furs.

Furs taken in Canada in the 1919-1920 season were valued at more than \$21,000,000. Ontario contributed the greatest share, with Quebec in second place. The muskrat furs were first in value, amounting to nearly \$3,000,000. Beaver, marten, mink, silver fox, red fox, ermine and skunk followed in this order.

BIBLE LECTURES TO SPEAK ON AN UNUSUAL SUBJECT.

"Millions Now Living Will Never Die," is the subject announced for a free bible lecture to be given in the Star theatre, Sunday evening, October 30, beginning at 7:30 o'clock. The speaker will be J. Edward Grimes, of Jacksonville, who comes to Sanford under the auspices of the International Bible Students Association.

This topic, unusual and startling as it may seem, is not a catch-phrase, bible prophecies said to be fulfilling at the present time. It has been presented in nearly every city and town in this country, Canada and Europe, during the past year, and is in harmony with the teachings of the Association for more than forty years that the establishment of God's kingdom on earth will be an event of the near future. They claim that the purpose of that kingdom is to abolish death and start the human race on the road to health, happiness and unending life.

The speaker Sunday evening promises to produce evidence, both from Scripture and current events, that we today are witnessing the establishment of the kingdom of God, and that it is only a matter of a few more years until the existing order of things will give way to the new order, which the Scriptures declare will be "the desire of all nations." It is said that he will demonstrate from the Scriptures that the reign of righteousness will be fully ushered in by the year, 1925.

Mr. Grimes is said to be an interesting and enthusiastic speaker, and the local class of Bible Students cordially invites the public to hear his discussion of this timely topic. Seats will be free and no collection will be taken.

Light Wet Crowd Yesterday's Shoot

In spite of the rain, about two squads of marksmen were at the Rod and Gun Club trap on yesterday afternoon and took their turns in the rain. The scores were not so good as the week before, as a rule, although several improved their season's percentage by considerable.

Following is the score, only those shooting in October contests being published:

A New Role for Baby.

Johnny—Mother, may I take out the perambulator? I want to play with it for a little while.
Mother—Well, Johnny, I should think you might ask to take baby, too.
Johnny—Oh, yes, he shall come; he'll make a splendid fireman. Billy Gubbins has his mother's clothesline, the carriage will be the fire engine, and there'll be about twenty boys to pull.—The Scotsman.

People have lost most of their illusions, but they still buy special delivery stamps.

ANOTHER OPPORTUNITY TO REDUCE THE COST OF LIVING

SHOE DAY

AT

Thrasher & Garner's

The object: To express in terms of DOLLARS and CENTS our APPRECIATION of your past business, and also to induce new customers to our store. Our stock of Shoes is marked in plain figures and on an HONEST margin of profit, and we believe our Shoe prices, as a whole, are lower than the prices of most shoe stores. Nevertheless, for

One Day Only, SATURDAY, OCT. 29

Our entire stock of Shoes will be on sale at (10%) TEN PER CENT less than regular prices. In other words, if the regular price of an Army Officer Shoe is \$6.00, on Saturday it will be \$5.40; a \$10.00 Florsheim Shoe will be \$9.00; an \$8.50 Red Cross Women's Shoes at \$7.65, and so on. Give us a call. Courtesy, Service and Satisfaction guaranteed at—

FOR THE JEUNNE FILLE

This is a fascinating model for the girl in her teens. It is developed in fine pink and white gingham, with collar, cuffs and pocket facings of white organdy. The waist closes in front and has kimono sleeves. There is an applied front whose lower ends are cut in one with the sash, tied at the back. Pockets may be omitted, if preferred. This model is also attractive in silken fabrics. Medium size requires 3 1/2 yards 36-inch gingham, with 3/4 yard white organdy and 3/4 yard lining for underbody. Pictorial Review Dress No. 9452. Sizes, 13 to 17 years. Price, 35 cents.

"Millions Now Living Will Never Die"—Free Bible Lecture, Star Theatre, Sunday, October 30, 7:30 p. m. 186-2tc

FACTS OF HISTORIC INTEREST

Revealed by Extensive Excavations on Sites of Revolutionary Camps on the Hudson Heights.

Three years of excavating on sites of Revolutionary camps in the Hudson highlands, near West Point, has enabled a commission of the New York Historical society to establish interesting historical facts that have long been in dispute.

The chief source of information has been refuse heaps of the armed camps of Washington, and many facts have been learned merely from examining the buttons in the old dumps. Examination of cooking utensils and cutlery, broken pottery and other imperishable articles has aided the commission. The buttons, still showing the insignia after a century and a half, show that ten Massachusetts regiments, five from Connecticut and one from Rhode Island, occupied the main fortress in the highlands. Buttons worn in one camp by Connecticut soldiers bore an imprint in honor of the birth of the French dauphin, showing that the soldiers were in camp after 1781.

Similar investigation on the sites of British camps show their troops lived in much more luxury than the men who won independence for America. Silver buckles, china, and much broken glass from rum containers tell the story of the invaders' rations. The Revolutionary troops used hand-forged forks, pewter spoons, and left no broken glass.

The excavations have also revealed the extent of certain fortifications, and forts have been discovered of which there was no record.

When the inheritant-tax collector gets through with him you might call him a bobbed hair.

The only collar that galls the free American is the one the laundry has tried to convert into a saw.

It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way.

William Hohenzollern went about realizing his dream of power in the wrong way. He should have waited and become private secretary to Hugo Stinnes.

WALLACE REID

WALLACE REID, one of the fourteen stars appearing in "THE AFFAIRS OF ANATOL" which will be at the STAR THEATRE, TWO DAYS, FRIDAY and SATURDAY, OCTOBER 28TH and 29TH

OVIEDO

Mrs. W. P. Carter and Mrs. J. H. Lee, Sr., returned Tuesday from Denver, Col., and points in Georgia.

Quite a crowd of young people from the Oviedo Christian Endeavor went to Sanford Friday evening to meet with the B. Y. P. U., and other young people's societies of Seminole county. They report a most helpful program, and a most delightful evening.

Miss Elizabeth Lawton spent the week-end at home.

R. M. Sturdivant, of Selma, Ala., arrived Wednesday and is permanently located with his aunt and uncle, Mr. and Mrs. Frank Norris, at the Womble place.

Mr. and Mrs. C. S. Lee visited Orlando, Thursday.

A. J. McCulley and Carl Dowl spent Saturday in Sanford.

Mrs. W. M. Wright and Mrs. C. A. Brannon visited Orlando Friday.

Mr. and Mrs. S. W. Swope and R. M. Sturdivant visited Winter Park and Orlando, Saturday afternoon.

Dan Downs, of Ocoee, has opened a barber shop in the Marshall building next to the drug store. The shop seems to be a welcome addition to Oviedo, as it fills a long felt need.

Edward McCall spent the week-end with his parents, returning to Stetson Sunday afternoon.

The storm of Tuesday night did little damage to Oviedo. Some of the telephone wires were blown down and a few trees and limbs. A great deal of fruit was blown from the trees but the amount of damage to the fruit and vegetable crops can not yet be estimated.

Rev. J. N. Thompson is spending the week in Tampa and Plant City.

G. S. Bernrender, of Jacksonville, spent Sunday in Oviedo, the guest of R. W. Lawton.

Mrs. R. W. Lawton, Sr., of Jacksonville, returned to her home Wednesday after a visit of several weeks to her sons here.

Mrs. Mary Young, of Jacksonville, arrived Tuesday to be the guest of her nephew, W. E. Young, and his family.

Andrew Aulin spent Monday in Orlando.

Mrs. L. A. Sheldon spent Tuesday in Sanford, the guest of her daughter, Mrs. C. J. Marshall.

E. A. Farnell and son, Alton, spent Monday in Kissimmee.

"NEW-WOMAN" IDEA IN CHINA

Modern Agitators Work Along Lines That Would Rid Orient of "Clinging Vines."

About the only thing of modern times to which China has not laid claim as being so old in that country that it was outworn and discarded centuries ago, is the new woman with a magazine of her very own, published in the interest of her development. This publication, observes the Pittsburgh Dispatch, called the New Woman, boldly states as its object the reform of the old society to give a more honorable place to women, and the new woman is described as "a joyous being, of honest occupation, complete personality, free, independent and mutually helpful."

Yet the new woman of China comes in for some criticism, for among the things she is exhorted to cultivate are plain living and dressing, which, the writer goes on to say, was the rule in old China, but that now women wish to keep up with the styles and wear jewels. They are reminded that the chief thing about good dressing is to wear clean clothing. Another admonition to the new woman of China which might indicate she is prone to err, just like the new woman of any other land, is that she put far away from her the desire for empty glory of "face."

In other respects the things commended for the new woman seem to be along the same lines as in other lands—the cultivation of strength of will to go outside the home and mingle with others and take part in public affairs, and to discard the clinging-vine habit of looking to the men for everything.

HAY FEVERITES MADE TOWN

Chance Discovery Had Great Effect on the Building Up of Petoskey, Mich.

A most unwelcome visitor is hay fever. With its advent a vast army of hay feverites move northward; some to the Maline woods, some to Mackinac Island and points farther north, and many to Petoskey, Mich., or its immediate vicinity, which seems to be a most popular camping ground for sufferers from the "hay."

We met a real old lady there a few summers ago, who told us that she believed she was the first person to discover that the Petoskey atmosphere had a curative effect on hay fever; she was a sufferer with that disease herself and more than fifty years ago, she said, she and her husband were en route by boat from Chicago to a point much farther north when they were driven by a violent storm into the bay at Petoskey, where they remained for two or three days, during which time she noticed that she was entirely free from hay fever. At that time the medical profession was giving hay fever an extensive study, so when this lady and her husband returned to Chicago they related their experience and suggested that as Petoskey was so accessible to Chicago, the hay feverites form a colony and try out the place the next summer, which they did. They found Petoskey a straggling Indian village, with positively no accommodations for visitors, but as time went on and people continued to go there each year for hay fever, it gradually grew into a flourishing up-to-date town with several thousand inhabitants.—Cleveland Plain Dealer.

Harassing Wheat Pests.

Plant pests cause the loss of millions of bushels of wheat in the United States, and if all the wheat now destroyed annually by these pests could be saved and made into flour the United States Department of Agriculture says it would add approximately 29,463,700 barrels to the yearly output of the nation. The annual production of wheat in this country for the four-year period 1916 to 1919, inclusive, was 783,810,500 bushels. The annual loss from disease during this period was 147,318,600 bushels. While it is not possible entirely to eliminate wheat disease, it is possible to much reduce the toll. One branch of investigation in the bureau of plant industry is to work out the preventive measures for the diseases of all cereal crops.

Tree Saved by Washington.

An oak whose life Washington saved in 1791 is still flourishing on the Hampton plantation, Santee river, South Carolina, and has been nominated for a place in the Hall of Fame for trees with a history that is being compiled by the American Forestry association. The nomination is made by J. Danforth Bush of Wilmington, Del., who informs the association that the best of care is given the famous tree by Col. Henry Rutledge, the owner of the plantation. The beautiful old home was built by Daniel Horry, a French Huguenot, about 1750. Washington persuaded Mrs. Horry to abandon her plan to cut down the tree.

Puritan's Well Uncovered.

An old well, now dry, which is believed to have belonged to Gov. John Endicott of the Massachusetts bay colony, was discovered recently when a policeman kicked a brick loose in the sidewalk on Tremont Row in the downtown district of Boston. The sidewalk slipped in for several feet and investigation showed the well about ten feet and partly filled. Historians said the well was of the type used by the Puritans. Governor Endicott, in 1635, occupied an estate in the vicinity.

The latest campaign is for the suppression of prohibition jokes.

The latest campaign is for the suppression of prohibition jokes. The next will be for the suppression of jokes on the suppression of prohibition jokes.

M'RAE GIVES ESTIMATE OF STORM DAMAGE.

TALLAHASSEE, Fla., Oct. 28.—The following statement regarding storm damage throughout the state was issued this morning by Commissioner W. A. McRae, state commissioner of agriculture, on advices from L. M. Rhodes, state marketing commissioner:

North line of storm extends from the north line of Pinellas county on the Gulf to about Daytona, on the Atlantic, south line from Fort Myers on the Gulf to Cocoa on the Atlantic, the entire storm area being a strip about 100 miles, while the principal damage occurred over an area about fifty miles broad.

The estimated damage to fruit and vegetables is less than 10 per cent, many groves and fields being only slightly damaged, while others suffered considerable. Much fruit may be saved if prompt action is taken.

Property damage in the whole area will probably exceed not six million dollars. Tampa, St. Petersburg and Clearwater were hit hardest. Tampa damage placed at three million, St. Petersburg one million. Only five lives reported lost to date.

Slight damage is reported at Plant City, Bradentown, Lakeland, Bartow, Wauchula, Arcadia, Orlando, Kissimmee, Sanford, Daytona, DeLand, Fort Myers, and Punta Gorda. The latter suffered slight damage to the city and some small damage to shipping. At Titusville there was considerable damage to property, small boats sunk and some damage to telephone and telegraph wires.

Hit the Nail on the Head

It's getting up courage to drive the first nail that's the hard part about building. You can trump up dozens of reasons for postponing the job—but did you ever know anybody to be sorry he built?

Most building materials are low priced now. Not every thing is as cheap as lumber but by the time the other things have dropped probably lumber will rise. So all in all this is a good time for building. Hit the nail on the head!
