ALLEGED KILLER OF FIVE WINS IN 1ST COURT ROUND

Kennie Wagner Given Change Of Venue And Awaits Setting Of New Trial Date; Decision Ends 2-Day Hearing

—(AP)—With a victory in another round in his fight for life, tucked away, Kennie Wagner, alleged slayer of five men, today awaited the selection of a new date for his trial on a charge of murdering Murdock McIntosh, a Greene county deputy sheriff.

Evidence in Wagner's case will be presented in Meridian at a special session of circuit court beginning on a date to be decided by Judge J. M. Bordeaux.

After a two-day hearing, Judge Bordeaux here yesterday ruled favorably on a motion by counsel for the defense for a change of venue. Wagner's attorney had contended that the former cow- boy couldn't obtain a fair trial in Greene county.

With the exception of an hour required for the indictment of Wagner on a charge of first de- gree murder and the entering of a plea of not guilty, all of the days of the special session of circuit court concluded here last night were spent in hearing testimony by numerous residents of this section to determine whether Wagner could be given an impartial trial in Greene county.

KEYES LIKELY TO ASK ARREST OF EVANGELIST

Attorney Pushes His Investigation With Arrest Of Several Persons Forecast By Los Angeles Authorities

Miss 'X' Hoax Exposed By Story Of Woman

"Invisible Enemy" Blamed For Latest Sensations By Mrs. Aimee S. McPherson

LOS ANGELES, Sept. 16.—(AP)—With a number of arrests im- minent, a sensational climax was forecast today in the Aimee Semple McPherson kidnaping investi- gation. District Attorney Asa Keyes, pushing the inquiry into an alleged perjury conspiracy, said he would question a number of persons thought to be implicated by the recent expose of the Miss X. hoax.

The re-opening of the entire case was caused by Mrs. Lorraine Wise- man Siefaff, who charged that she had been hired and financed to conjure up a mythical "Miss X," as the companion of Kenneth G. Ormiston former Angelus Temple radio operator, during a 10-day so- journ at Carmel.

Witnesses in previous investi- gations testified that a man identi- fied as Ormiston had occupied a cottage at Carmel, with a woman companion shortly after the evangel- ist disappeared last May.

Evangelist May Be Arrested

From an authoritative source it has been learned that plans are under way to take the Angelus Temple pastor into custody within the next 48 hours, and at least two others, and possibly five per- sons face arrest on charges of sub- ordination of perjury, it was said.

Among those scheduled to ap- pear before Keyes for questioning today, was J. E. Watts, said to have been a process server for R. A. McKinley, blind Long Beach at- torney, recently killed in an auto- mobile accident. Watts entered the McPherson inquiry when Miss Bernice Morris, formerly private secretary for McKinley, identified him as the synthetic Steve in an alleged plot to produce mythical kidnapers to prove the evangel- ist's abduction story.

Three weeks before Mrs. Mc- Pherson reappeared at Agua Prieta, Mexico, her mother, Mrs. Minnie Kennedy, announced to newspapers she had received clues indicating her daughter had been kidnaped. McKinley then came forward with a story of having been approached by two strangers who sought to have him negoti- ate with Mrs. Kennedy for the collection of a posted reward of \$25,000 for the safe return of the woman pastor.

Solon Raps People Who Bemoan 'Jazz Craze' Of This Age

ATLANTIC CITY, Sept. 16.—(AP)—Pessimists who raise a cry over the fate of the American home and bemoan the "jazz craze" were taken to task today by Congressman Martin L. Davey, of Ohio. Addressing the International conven- tion of life underwriters, he cited the unprecedented volume of life insurance sold in America as reason why there should need be no fear as to the future of the home and why the "jazz" charge is unfounded.

"Life insurance," he declared, "is a positive expression of the great home instinct. Love is the motive power that makes possible the greater proportion of the tremen- dous volume of life insurance that we see in force among our people. Life insurance is a material evi- dence of something fine and won- derful in the character of America. So long as that something re- mains, America is safe and her future assured."

"Jazz," he said, "is merely the expression of a reckless demand of an irresponsible minority. It is froth and foam. It is conspicuous because of its boldness. Why is there so much talk about it? Be- cause so few people are involved in it."

Swollen Streams Threaten To Increase Toll of Lives And Property In Mid-West

CHICAGO, Sept. 16.—(AP)—Streams swollen by the fourth general downpour in the mid-west in two weeks threatened today to add to the toll of lives and property in the heaviest September rain- fall in the history of the region. Along the Illinois River in West- ern Illinois householders moved their families and goods to higher land away from the levees lashed by water risen to the 22-foot stage. Every available person in Beard- town was drafted for patrol duty along the new embankment built in 1922, when the entire town was inundated. One break near the city was closed with sand bags.

Hundreds of acres of nearby farm lands were under water from a gap torn in a special drainage district levee. Farmers saved much of their livestock and per- sonal belongings by fleeing to higher ground.

Western Illinois was hardest hit by the rains, which descended on sections of Ohio, Indiana, Illinois, Iowa, Missouri, Kansas, Nebraska, South Dakota, Wisconsin, and Michigan.

The rain, of near cloudburst proportions in many places, swept the central grain states while they still suffered from previous recent deluges, and swelled the September rain fall to 12 inches for some areas.

Corn already fully two weeks late and under threat of heavy loss from frost, was further damaged. Farmers abandoned hope for much small grain. On the Kansas plains, whole sections of track were washed out.

KLAN HEAD GIVES FEW OF POLICIES FOR COMING YEAR

WASHINGTON, Sept. 16.—(AP)—With the annual conven- tion of the Ku Klux Klan now a matter of history, Dr. Hiram W. Evans, Emperor and Imperial Wizard, came forward today with some announcements of policy oth- er than those which the Knights went on record formally.

Meanwhile the Imperial Wizard himself was under authorization granted by the Knights at the con- cluding session to continue to occu- py hotel suites during his travels and to maintain otherwise the living standard commensurate with the "dignity of the Klan."

"Boys, I've just been strutting my stuff," Dr. Evans said in ex- plaining his use of an expensive automobile numbered only three behind the newest car of the Pres- ident of the United States. "I am going to leave it to you whether I shall continue to do so."

The delegates replied with a roar of approval and a unanimous vote to turn over to Dr. Evans for his private use a small yacht owned by the organization and now in Florida waters.

In explaining the policies today, Dr. Evans declared that the Klan stood four square for the payment by foreign nations of their debts to the United States, adding that if France did not want to pay on the terms agreed upon, she should repudiate the debt and stop talking about it.

Regarding the reported message sent to the state department by Premier Mussolini of Italy, protesting against anti-Fascist organ- izations in this country, the Imper- ial Wizard said America would pay no attention to ukases from foreign dictators.

He added that the Klan opposed dictators in government and "any sword rattling," because such things almost inevitably lead to war. Turning to domestic prob- lems, the Wizard declared the Klan is dry but added that it was a non-partisan organization in political affairs and could be relied upon to support a real man when the choice was between his selection and that of a non-competent running upon some of the moral issues.

The last session of the convoca- tion yesterday was the only secret one during the three days. It was devoted entirely to the transaction of business, including amendments to the constitution and the adoption of a resolution requesting the American government to keep hands off the religious controversy in Mexico.

Sanford Lions Endorse Forum Plan Proposed For City By Kiwanis Club

The Sanford Lions club today endorsed the Sanford Forum plan after it had been presented to the membership by W. R. Smith of the Kiwanis club. The Lions, meeting at the Seminole Cafe, appointed Volte Williams to represent the club on the committee, which will have charge of arrangements for the forum.

The forum plan originated in Daytona three years ago. Mr. Smith said. Authorities on inter- esting subjects, speakers of other lands and lecturers on business topics will appear on the lecture platform in the cities represented in the forum.

The Daytona men who had charge of the forum arrangements decided to include other cities in the forum in order that more representative speakers could be engaged, Mr. Smith said. The promoters are planning to have six cities in the circuit, so that a week's engagement can be guaran- teed each lecturer.

It is a non-profit enterprise and is entirely under the management of civic clubs in the cities repre- sented in the proposed forum, it is declared. No admission fees will be charged, the organizers depend- ing upon a free will offering to bear the costs.

A small guarantee fund will be raised to take care of a deficiency if the free will offering is not suf- ficient, it was said.

It is planned to open the forum in Sanford Dec. 20 and it will continue through March.

Ben Cantwell, star hurler of the Sanford baseball club, was a guest of the club. Speaking of the pitch- er's fine record for this season, G. W. Spencer Jr., a member of the club, said that the work of win- ning 28 games and losing six, pitcher Er. Cantwell as the best pitcher in organized baseball of the south. Fourteen of the 28 games were shutouts, he said.

Dr. W. H. Rucker sang "Far Away In Egypt," and gave an encore, "You'll Get Heaps of Lick- ings." Joseph G. Graham sang "Bonnie Broom."

JONES LEADING EVANS 2 UP ON FIRST EIGHTEEN

Veteran Chicago Star Gives Champion Thrilling Fight All Way But Bobby Turns In 70 Against 74 For Evans

Champion Gets Away To An Excellent Start

Gunn And Von Elm Paired In Close Match; Dawson and Held Meet in Another

SHORT HILLS, N. J., Sept. 16.—(AP)—Bobby Jones, defending his title as amateur golf champion, led Chick Evans, of Chicago, 2 up at the end of the first 18 holes of their 72 hole battle.

The veteran Chicago star gave Jones a sensational battle all the way and it was only by posting a brilliant round of 70, two under par, that Bobby was able to gain three holes on the first 18 holes of their 72 hole battle.

Bobby Jones, locked with Chick Evans of Chicago, rared away to a sensational start on the first three holes on their 36 hole contest, becoming two up as they went to the fourth tee.

The champion and Evans halved the first hole with birdie fours after Chick had riddled the cup with his initial putt to miss narrowly sinking the ball for an eagle.

Bobby, playing flawless golf, was down in another birdie three at the second, becoming up as Evans, off the line with his iron, requested a five one over par.

They halved the sixth in par fours. Both were long on their approach putts, but Bobby's putt with their tee shots, but Bobby outdove Chick about 20 yards. Bobby's approach was 30 feet beyond the pin, while Evans was short and to the right. Both ran their approach putts within easy distance and were down on their second putts.

Jones turned at the seventh hole two up on Evans. Jones re- ceived off another birdie to take the seventh hole four to six. Two long wooden club shots straight and true, carried Bobby to the green, where he was down in two putts while the former champion was digging out of hazards most of the way.

Evans won his first hole of the match at the eighth when Bobby's drive found a trap to the left of the fairway. Chick was straight down the middle and was on with his second. Bobby's approach took two putts for a five, one over par. The ninth was halved in three. Their tee shots soared over the 21 yard route to the green, but Bobby missed his first putt, a ten footer for a birdie.

The tenth was halved in par fours. Evans sliced his drive into the rough but Bobby was straight down the center. Chick's second failed to bring him out of the tall grass with Bobby's approach took him to the edge of the green.

The Chicagoans made a sensation- al recovery, tossing his pitch dead to the pin, he then sank his first putt for a half.

The eleventh was halved in fours. Their drives continued straight and their approaches on this hole dropped safely on the green to give each a pair of putts for regulation figures.

They continued the terrific pace at the twelfth, each player once more matching par figures with three. Neither apparently could make a mistake. Their iron toss- es carried over the 181 yard stretch of sand and rough straight to the green. They ran down their approach putts to within two feet of the cup and holed out their thirds.

They halved the thirteenth, both (Continued on Page Two)

GAS TANK LEAKS, HALTING FLIGHT OF FONCK PLANE

WESTHURRY, N. Y., Sept. 16.—(AP)—The New York to Paris flight of Capt. Fonck, French aviator and three companions was postponed today, perhaps indefi- nitely because of a leak in the plane gasoline tank. The leak was found as they were preparing to hop off.

Leor Sikorsky, designer and builder of the huge three motored bi-plane gave orders to put the plane back into its hangar until the proved difficult to stop the flow of gasoline which was leaking at the rate of 10 gallons an hour.

It had been expressed that if the flyers did not get under way today weather conditions might not permit them to start this year. Tentatively the start of the flight was set again for tomorrow.

Mr. Sikorsky said the trouble was quickly located and that it was a small matter to repair. He expressed the belief that the plane would probably take off tomorrow morning if weather conditions were favorable.

Clyde L. Herring, of Des Moines and Mrs. Mudge O'Neill, of Columbus Junction, Iowa, the Iowa members, issued a statement show- ing that 48 members of the national committee have pledged themselves to the adoption of majority rule in all future con- ventions, and predicting that an overwhelming majority of the con- vention vote of 1928 would be in favor of the movement on the basis of this figure.

Wets Fail To Defeat Drys In Eight States, Wheeler Points Out

WASHINGTON, Sept. 16.—(AP)—The wets' attempt to "defeat a large number of dry senators and representatives in Washington, Vermont, New York, Massachusetts, South Carolina, Louisiana, Michigan and Colorado failed in every instance in Tuesday's pri- maries" Wayne B. Wheeler, gen- eral counsel of the anti-saloon league, said here today in a statement.

Wherever a dry was replaced, he continued, it was by another dry. Even in the 34th congressional dis- trict in New York, Judge Clarke, who defeated Representative Tolley, in the Republican contest has a dry voting record in congress.

JONES BROTHERS TURNED DOWN IN CLEMENCY PLEA

ATLANTA, Ga., Sept. 16.—(AP)—Sentenced and Winfield Jones, serving two year sentences in the federal penitentiary here for conspir- acy to violate the prohibition act, have been denied clemency by the federal board of pardons. It was announced at the prison today.

The brothers were convicted in connection with an alleged whole- sale conversion of alcohol by the Maryland Drug and Manufacturing Company of Baltimore.

Also recommendations for par- don were said to have been read before the board, some of the ex- cited prisoners coming from out-of- state penitentiaries. It was an- nounced that some of the men made favorable expressions were the two brothers from Georgia and five Georgia congressmen.

The board also heard an affi- davit by Jesse H. Baker, said to have been the star witness at the trial, on the Jones brothers were convicted. The affidavit stated that his testimony had been given af- ter coercion by government offi- cials and that the Jones brothers had nothing to do with the Mary- land Drug & Manufacturing Com- pany after September, 1921.

Winfield Jones is now under in- dictment in Georgia for alleged at- tempt to evade paying income tax. He would not be eligible for par- don under the rules of the board but asked that his case be heard on the technical ground that a re- former warrant had not been filed in prison officials said.

HENRY STEVENS IS ARRESTED IN JERSEY KILLING

SOMERVILLE, N. J., Sept. 16.—(AP)—Henry Stevens, fire arms expert, today joined his brother Willie and cousin Henry Carpenter, in the Somerset county jail on charges of murdering Rev. Edward Wheeler Hall and Mrs. Eleanor Mills whose bodies were found four years ago.

The slain rector's relatives by marriage and his widow Mrs. Frances Stevens Hall, were indicted for the murder yesterday as one of the last acts of the grand jury which will probably consider evi- dence against other persons in the case, before it is superseded by the September grand jury. The four indicted yesterday will be ar- raigned tomorrow. The prosecution will make an effort to have Mrs. Hall's bail increased. She has been out in \$15,000 bail.

After the indictments were returned, Special Prosecutor Alex- ander Simpson said "there are some questions of perjury which may be presented to this grand jury." He refused to name individuals concerned, but re- vealed that while Ralph Gorsline, mer, vestryman in Dr. Hall's church was testifying, a grand juror, rose and said: "Is not some way in which that man may be punished for perjury."

Gorsline and Miss Katharine Hall formerly a member of the church led by Mrs. Mills, were indicted after four years of in- quiry, that they were within 500 yards of the murder.

Gorsline said he told the grand jury he "had seen as well as heard something" that night. Miss Hall also testified before the grand jury.

One of the surprise witnesses was John Stillwell, employed by the undertaker, who buried Dr. Hall. Stillwell is said to have told the grand jury that when Mrs. Hall raised her veil at the funeral he saw scratches on her left cheek. Mrs. Marie Demarest, another surprise witness is said to have told the jury she once overheard Gor- line threaten Mrs. Mills with dis- closure to Mrs. Hall of her love af- fair with the clergyman.

She also attacked the alibi of Henry Stevens that has stood for four years, saying she had seen him in New Brunswick the morning after the murder, when he claimed to have been fishing.

Rev. Paul H. Hamborgsky said Dr. Hall told him of threats made against him. Stevens, who has been under surveillance since the recent reopening of the investiga- tion was arrested in Lavallette, "Well," he said, "that is their side of the story. I have my own."
