

### Light Workout Held Yesterday For Fed Eleven

### Baby Feds Meet Daytona Beach Second Stringers Monday

By JULIAN STENSTROM  
Herald Sports Editor

The Seminole High School Celery Feds underwent a light workout yesterday afternoon on the practice gridiron of the Seminole High School Athletic Field in preparation for their game against the Orlando Tigers on Tinker Field Friday night.

Head Coach Leonard L. McLucas took the second string backfield and gave them instructions as the Fed first string backs, with the exception of Buck Ferguson, were not present. McLucas ran back at quarter, Hugh Leisher and Pete Tillis at halves and Jimmie Page at fullback.

The line was coached by Russ McCracken and Woody Riser who sent the boys through drills on the blocking and charging methods.

Coach Woody Riser announced yesterday afternoon that the first game the Baby Feds play will take place here next Monday afternoon against the Baby Bucos of Daytona Beach.

A scrimmage session will probably be held this afternoon while

### Dies Says Two PWA Projects Stopped In His District

WASHINGTON, Nov. 1.—(AP)—Chairman Dies (D—Tex.) of House Committee investigating un-American activities, said today that two public works projects in his district had been cancelled since the committee inquiry began.

He added, however, that he was not prepared to charge the cancellations were due to administration's disapproval of the methods of the committee.

Die said he was prepared to establish by testimony under oath, if necessary, that the administration had used pressure to obtain time for Paul V. Anderson, a newspaper correspondent, to answer a radio address tonight in which Dies said he would discuss the lack of administration co-operation with the committee.

Approximately one-half of all the District Court cases filed at Oklahoma City in the past 12 months have been divorce petitions.

In hopes of the Baby Feds will probably undergo their initial scrimmage session.

Coach McLucas yesterday declined to make any announcement regarding the Fed chances in the game with the Tigers. Apparently he was not satisfied with the showing made at Ocala last Friday night.

A SMASHING FINISH enabled John Henry Lewis to retain his light heavyweight title in a close 15-round bout with Al Gainer, a New Haven bricklayer. Al Gainer, left, is shown receiving a solid blow to the jaw from Lewis' mighty right.

### Agriculture Bureau Forecasts Upturn

WASHINGTON, Nov. 1.—The Bureau of Agriculture Economics forecast yesterday that 1939 would be a better business and industrial year than this one but not quite as good as 1937.

In an annual report on demand and prices for agricultural products, the bureau said: "General economic conditions in the United States are most favorable to recovery."

Farmers were advised not to expect much of a rise in prices of their products as a whole. The bureau said, however, that an expected increase in consumer income should broaden markets for agricultural products and thereby put more dollars into the farmers' pockets than this year.

Important industries which the bureau said were expected to contribute to a 1939 rise in production were automobiles, building, steel, textiles and miscellaneous consumers' goods. Improvement in production of products and materials for industrial plants and railroads may be somewhat delayed, the bureau said, due to relatively unfavorable situations in the important railroad, utility and private non-residential building industries.

that there are persons described as hereinbefore set forth who are interested or claim interest in the lands involved in this suit whose names are unknown to the plaintiff and claiming interest as hereinbefore set forth, and that the names and residences of such persons are unknown to plaintiff and that relief is prayed in said Bill of Complaint as amended against such unknown persons, and that there is no person in the State of Florida the service of a subpoena upon whom would bind the said unknown persons, and that the said unknown person and each of them are above the age of 21 years.

IT IS THEREFORE ORDERED that all parties claiming interest under W. W. POTTER deceased or otherwise claim a bona fide, just, greater or other claim by through or under such deceased persons, or otherwise, and to the lands described as follows, situate in the County of Seminole and State of Florida, to-wit:

Lot 127 of Santa Park, according to plat thereof duly recorded among the public records of Seminole County, Florida, said lot being further described as follows: Beginning at a point on the Western margin of Meltonville Avenue in the City of Sanford, Florida, a distance of 495 feet as measured Northwesterly along the Western margin of said Avenue from the Southwest corner of Franklin Street and said Meltonville Avenue, thence running South 82 deg. 45 min. West 145 feet thence Northwesterly 135 feet thence North 82 deg. 45 min. East 100 feet to the Western margin of said Meltonville Avenue 50 feet to the point of beginning, said plat being recorded in Plat Book 5, page 42 of said public records.

Witness my hand and seal of said Court at Sanford, Florida, this 1st day of October, A. D. 1938.

## Local Leaders Pay Tribute To T. E. Simpson

### Over 200 Persons Attend Farewell Dinner In Honor Of Retiring Chamber Head

#### E. F. Housholder Is Toastmaster

#### Local Civic Leader Leaves For Duties In Newburgh, N. Y.

A gift as a token of appreciation for his services as president of the Seminole County Chamber of Commerce was presented to T. E. Simpson, who leaves this afternoon for Newburgh, N. Y., at a farewell dinner attended by more than 200 persons in the Mayfair Hotel last night.

Every community in the county was represented in the night's meeting and officials of other chambers of commerce in central Florida, who had close friendship with Mr. Simpson were also present, as would they regret to be unable to attend.

County Attorney E. F. Housholder acted as master of ceremonies and introduced County Clerk O. P. Hendon who presented a bouquet of mixed roses to Miss Beatrice Simpson, daughter of the retiring chamber president, as a token of love and affection from the people of Seminole County.

The Housholder sisters rendered several musical numbers and Cook Lawson led three pieces of songs appropriate for the occasion.

Mr. Housholder next called on the various civic club presidents who paid tribute to the work of Mr. Simpson in Sanford.

Stimely J. Nix, president of Kiwanis, was the first to speak. He praised the accomplishment of Mr. Simpson both as president of the Chamber of Commerce and as a vice president of Kiwanis. "We are glad you came, we have enjoyed your fellowship, we appreciate your work and we sincerely hope you will return again," Mr. Nix said in closing.

John Meisch, Jr., president of the Lions Club, also paid tribute.

(Continued on Page Three)

From the days David Lloyd George was directing the construction of the World War I tank, the machine is now being used in the defense of the British Empire.

## Principals For Mrs. Jack Hall Rail Recovery Named Red Cross Roll Call Head

### Suggestions May Form Basis For Rehabilitation Program

### Plans Are Made For Annual Campaign Opening Nov. 11

WASHINGTON, Nov. 2. (AP)—Railroad management, labor, and two government agencies were in substantial agreement today on three cardinal principles which may form the basis of a long-range rehabilitation program.

Although somewhat differences in scope the proposals are:

1. Authority for additional consolidations and merger of railroads;
2. Greater flexibility in rate fixing procedure;
3. Government loans for railroads on both long and short terms.

These suggestions are listed in the legislative program of the Association of American Railroad Executives' Association, Interstate Commerce Commission and the President's Emergency Board which recommended that carriers abandon an announced 15 percent wage cut.

Miss Jack Hall, Mrs. W. B. Williams, Mrs. Jack Scott, Mrs. James Shanon, Jr., Mrs. John Meisch, Jr., Mrs. G. W. Spencer, Mrs. E. H. Scott, Mrs. George Adams, Mrs. Maxwell Stewart, and Miss Frances McDougall, representing the colored district is Lela Nettles, R. N.

## 80 Forest Fires Rage In South As Drouth Continues

ATLANTA, Nov. 2. (AP)—More than 80 separate forest fires, blazing in eight southeastern states, sent billowing smoke clouds upward and left blackened forestation in their wake today as continued dry weather harassed the firefighting crews.

J. F. Itzook, assistant regional U. S. forester, said the lack of rain had left the entire South "bone dry."

Alabama, with 30 reported fires, was hardest hit, Louisiana and Mississippi were next with 12 each, while North Carolina reported eight, South Carolina nine, Tennessee seven, Georgia six and Florida three.

WASHINGTON, Nov. 2. (AP)—The Weather Bureau said today "one of the most severe and widespread droughts of record" has developed in a wide mid-western area, extending from the Appalachian to the Rocky Mountains. The Bureau's weekly bulletin said drought conditions were having a severe effect on the winter wheat crop.

## 2 Counties Added To Orlando Social Security Office

Two counties, Brevard and Indian River will be served by the Social Security Board's Orlando Field Office of the Bureau of Old-Age Insurance, effective Nov. 15, it is announced by Paul K. Weaver, Manager, Brevard and Indian River counties were formerly in the territory served by the Miami Field Office.

The relocation of territory will effect greater convenience for the public and will promote efficiency and economy in the administration of the old-age insurance program, Mr. Weaver said.

"The Orlando Field Office and all the other 718 offices located at strategic points throughout the country," Mr. Weaver explained, "furnish necessary information to employees covered by the old-age insurance provisions of the Social Security Act. Among the major activities of these offices is the issuance of account numbers to workers, identification numbers to employers. We also develop claims for lump-sum benefits, of which, to date there have been more than 300,000 certified for payment.

There are approximately 35,000 employees in the Orlando area which comprises the following counties: Orange, Seminole, Lake, Sumner, Polk, Osceola, Brevard and Indian River.

Mr. Weaver urges wage-earners who have reached age 65 since 1937, or relatives of wage-earners who have died, to communicate with him as they might be entitled to a lump-sum payment. Also wage-earners who have lost their account number cards may obtain a duplicate number at the Orlando office.

## ROPER SEES UPTURN

INDIANAPOLIS, Nov. 2. (AP)—Business is "definitely on the upturn," Secretary of Commerce Roper told Indianapolis business men today at a luncheon in his honor. The cabinet officer came to Indiana to aid the Democratic campaign. "Employment is rising and low inventories are being replenished," he said.

## Coast Line Offers Football Excursion

A special excursion round-trip Jacksonville train will be run by the Atlantic Coast Line Railroad for the benefit of those wishing to attend the Florida-Georgia Homecoming football game on Nov. 5, it was announced by L. T. Sheppard, local ticket agent today.

The excursion includes all trains on Nov. 4, the early morning train No. 76 on Nov. 5 and return by any train from Jacksonville up to and including No. 75 at 10:25 P. M. on Nov. 6. Special rates are being offered for this excursion.

## City News Briefs

The executive board of the West Side Primary I.T.A. will meet at the school Thursday afternoon at 2:30 o'clock.

Superintendent of Schools T. W. Lawton will speak on the party amendment at the regular meeting of the Woman's Club this afternoon.

Tomorrow members of the Seminole County Citrus Growers Association will visit the citrus experiment station in Lake Alfred, County Agent C. R. Lawford, said today, adding that approximately 75 growers had signified their intentions of making the trip.

Dr. A. F. Camp who spoke at a recent meeting of the citrus group, is in charge of the station and will explain to the growers various phases of the work being done there.

"You can take my word for it that there is plenty to see and talk about," Mr. Dawson stated, adding that growers will be given much valuable information. The group will meet at the experiment station at 10:00 o'clock, and will lunch at the Yacht Club there at noon.

## New Rioting In Near East Is Reported

### Czech Border Dispute Mediation Begins; Chamberlain Seeks Early Italian Peace

Associated Press

London, Nov. 2. (AP)—Rioting in the Near East, reported by the British Foreign Office, has been described as the most serious since the outbreak of the present war.

The Foreign Office said that the rioting in the Near East, which has been reported from the Mediterranean coast, is the result of the recent outbreak of the present war.

The Foreign Office said that the rioting in the Near East, which has been reported from the Mediterranean coast, is the result of the recent outbreak of the present war.

LET US GIVE THANKS: Thou
crownest the year with thy good-
ness; and thy paths drop fatness.
-Psalm 65:11.

PURSUIT

(From The New Yorker)
SEE, what chase is here,
How the lean hound of thought
Pursues the fleeing deer
That never will be caught;
How the high-antlered one
That looks not ever back
Runs and will always run
Beyond the yelping pack,
Till the hound is spent
And sees, beyond endeavor,
The way the fleet thing went,
Oh, beautiful forever.
-David Morton.

German aviation industries are
able to make 5000 airplanes every
month, far outstripping anything
in the way of aircraft production
ever dreamed of in this country
mainly because there are no labor
problems in Germany. This is the
substance of what TWA Expert Tomlinson
says on his return from Europe.
There is no unemployment in
Germany. Everyone works. Every-
one works a reasonable number
of hours per week. Everyone is
reasonably paid. And there are
no strikes. One thing is certain
Americans unemployed cannot
compete with Germans working.

People who were fooled by the
Orson Welles' broadcast the other
night could have calmed their
fears by turning the dial to any
NBC station where Charlie Mc-
Carthy was doing his regular
Sunday night stuff, by glancing
at the radio programs in any
Sunday morning newspaper where
the "Mercury Theater of the Air"
appeared in its usual place, or
by remembering what we have
told them many times before
concerning alleged news reports
don't believe it until you see it
in the newspaper. If it is true,
we'll print it; and if it is im-
portant, we'll print it; and if it
is in plenty of time for you to
make proper preparations for
flight.

While local politics nowadays
is largely confined to local is-
sues, the City Commission race,
the hospital referendum, history
is being made in a number of
northern states, where the line
seems to be fairly well drawn
between the Communists on the
one hand and the Fascists on
the other, if the extravagant
claims of the opposing factions
are believed. In New York, par-
ticularly, where Hackett Buser
Dewey is running against Gov.
Lehman for the governorship of
New York, and in Ohio, where
Robert Taft, a son of the former
President, is debating the New
Deal throughout the state with
Senator Bulkeley, are national
issues being given a real test.

We are not among those who
think the government should im-
pose a rigid censorship on the
radio because of the panic pro-
gram the other night. To leave
it up to a bunch of politicians
to decide what the radio might
broadcast and what they might
not would only make matters
worse. We do believe however
that the broadcasting systems
themselves should impose their
own censorship. They are in a
position to know what is all de-
cent and safety they can broad-
cast. They should make their
own rules and stick to them,
and their rules should be stric-
ter than those of the censor.

Penny Wise

During the past few weeks we have heard advanced
both in public and in private a number of excuses for
voting against the proposed hospital. The only one of
them in our opinion, which is in any way sound or can be
made to hold water, pertains to the matter of taxation.
Certainly no one has successfully shown that we do not
need a new hospital, or that the plans for the particular
hospital under consideration are not the best available to
us at this time.

As for those who see their taxes being further in-
creased by the proposed bond issue, there is much to be
said. We for one are in complete sympathy with them
and certainly no one has been more consistent or more out-
spoken in arguments against the ever-mounting burden of
taxation, and the absolute unfairness of its distribution
than we have. Both the extent and the manner of tax-
ing the public is one of the greatest evils of our times.

But that does not get around the fact that we need a
new hospital. To say that taxes are already too high does
not answer the problem of taking care of the sick and in-
valid. To argue that our whole tax system is palpably un-
fair is not going to save the life of the poor fellow who is
taken to the Fernald-Laughton after an automobile acci-
dent only to find that the operating room is busy. Nor is
voting against the new hospital going to produce any solu-
tion for our present tax problems.

There is no more reason why we should deny our
people a good hospital because we have an unfair tax sys-
tem than that we should close our public schools for the
same reason. We do not hear anyone arguing that we
should do away with our fire and police departments be-
cause our taxes are too high. These things are regarded
as necessities. Everyone recognizes that they must be
supported even though taxes are too high. And most fair-
minded persons will admit that it is just as essential to
have hospitals for the sick as schools for children.

Our local governments are spending thousands of dol-
lars of taxpayers' money every year taking care of the un-
employed. This is in addition to the billions which the
federal government is pouring out on every hand for the
same purpose. We submit for the consideration of the
taxpayers of this county: Is it not more important for
the city and county to take care of a person who is sick or
injured than to furnish a job to a perfectly able bodied
man who should under normal condition be able to take
care of himself?

And we further submit that from the standpoint of
practical economy alone it is better for this county to have
a suitable place where sick people can be taken and re-
stored to active productive life than to allow them to re-
main sick or die, because of inadequate attention. The
loss of a single life because of improper hospitalization fac-
ilities represents an economic loss to the community off-
setting in a large measure the two mill additional tax levy.

The loss of time, energy and labor of a large number
of persons who because they are unable to obtain proper
medical attention, which to a large extent means proper
hospitalization, who because of incipient tuberculosis which
could be cured, or of bad tonsils or an appendix which
should be removed, continue trying to work, only half ef-
ficient, only half earning their pay, is an economic loss
which could easily be made up by an intelligent application
of tax funds to the health needs of the community.

In our opinion the only sound argument against the
hospital is based upon the short-sighted fallacy of being
penny wise and pound foolish.

Color-Blindness

The importance of uniform traffic regulations through-
out the United States is shown by a report recently made
in the city of Chicago alone which showed that in one
stretch of four miles on an important boulevard there
were six different traffic light arrangements—some with
green at the top, some with red, and some with amber,
and that every one of the 288 traffic lights in the business
heart of the city was exactly the opposite of what the
law said it should be.

Further investigations made by the National Safety
Council revealed that during the past six months Chicago
had sixteen deaths from automobile accidents at intersec-
tions where traffic lights were misinterpreted. The im-
portance of having lights in the proper order from top to
bottom, as well as in the proper color, is shown by the
fact that there are 50,000 automobile drivers in Chicago
who are color blind and cannot tell the difference between
red and green.

Tests made by the United States Health Service show
that between three and five men out of every hundred are
color-blind. Among women drivers color-blindness is not
such an important factor as it is among men, as there are
supposed to be about four times as many men who are col-
or-blind as women. However, about two women out of
every hundred are color-blind. It is estimated that there
are about 1,300,000 men in the United States who cannot
distinguish between red and green, as well as those who
are generally color-blind.

Color-blindness is said to be inherited and is incurable.
It is common among white people everywhere but is rare
among negroes. The normal driver stops when he sees a
red light, drives on when he sees the green light. But the
color-blind driver depends entirely upon the position of the
light. In some cities he knows that the top light is red,
that the bottom light is green. He can see the light, but
he cannot distinguish its color. All too frequently, he is
fooled by its position.

"There is no way of telling how many deaths have
been caused by color-blindness," says William H. Cameron,
managing director of the National Safety Council, "but it
doubtless would explain many seemingly strange acci-
dents where people have gone against the light. We are
urging a uniform system for every state, city, village and
at every cross-roads with a stop-and-go light in America.
"Put the red above the green and save lives."

front.

RETIRED OFFICER DIES

ORLANDO. (AP)—Lieut. Col.
Herbert Franklin French, 72, re-
tired army officer and former
post-official at Boston, died at a
hospital here today.

SPEECH ON DEMOCRACY

LONGWOOD

The students in the home ec-
onomics class at the Lyman School
will put on a benefit play entitled
"Crazy to Reduce."

It will be presented on Tuesday
night, Nov. 1 at 8:00 o'clock at
Lyman auditorium. Mrs. Ernie
Starr is sponsor and director of
the play.

Entertained by Mrs. E. H. Har-
ris on Saturday evening were Mr.
and Mrs. Daniel Leighton, Mr.
and Mrs. S. L. Topper, Mrs. Ab-
bie Morrison, Mr. and Mrs. J. H.
Menick, Lieutenant E. H. Harris,
Mr. and Mrs. D. E. Leighton,
who spent two months at their
former home in Strong, Me., have
returned by way of White Moun-
tains and Niagara Falls.

A most delightful basket picnic
was sponsored by Mr. and Mrs.
Griffin at Sanlando Springs for
members of the Tourist Club on

LONGWOOD

Wednesday. There were 31 in at-
tendance including several from
Orlando. Mr. Griffin had prepared
the Sanlando grounds.

The Lyman High Glee Club is
larger this year than ever before.
The group is under the direction
of Miss Aldia La Vigne. The
8000ers will give a concert in the
school year.

The Seminole County Federa-
tion of Women's Clubs will be
guests of the Longwood Civic
League for the Fall meeting on
Thursday, Nov. 17. An all-day
affair will be held with a speaker
from Winter Park.

Guests of Miss Aldia La Vigne
at a recent dinner were Mrs.
Christine Starr, Mrs. C. Bell, E.
C. Douglas, Mr. and Mrs. Wal-
lace Crosby and John Spencer.

Wayne H. Hamilton of Tampa
was elected president of the West
Coast Teachers Association at the
annual convention of the organi-

STRANGE BUSINESS

Some DeLand Negroes were without authority, bull-doing and
frightened from their jobs Thurs-
day by the questioning of two
white men who, the Negroes said,
then we think it is a problem for
represented themselves as em-
plores officials under control.
Negress reported that she was
of the wages and hours adminis-
trator. They were asked a lot of
questions tending to leave the
impression that unless they were
being paid 25 cents per hour for
their labor they would be subject
to arrest.
As said before, perhaps the men
were government officials, as
what the thing was all about,
we don't believe that the men
were working under the direction
of the wages and hours adminis-
trator. If they were we will un-
questionably hear from them
and we will then be more happy
to make an explanation.
Granting that they were work-
ing under the wages and hours
administrator they were going
about their task in a peculiar
manner. If they wanted to know
for whom they were working,
etc., why didn't they ask their
employers?
Our theory of the thing is that
the pair were some sort of labor
organizers who were seeking to
create a feeling of discontent
among the colored people of the
city, possibly with the thought
of perfecting some sort of or-
ganization in future days.
If those men were operating

## Revision Of Treaty Of Trianon By Italy, Germany Is Feared

### Two Powers Ready To Guarantee New Borders Of Dismembered Czechoslovakia

Germany and Italy were understood to be ready to sign a guarantee of the new borders of dismembered Czechoslovakia as a Spanish war incident within sight of England's coast raised opposition in the House of Commons and fears grew of a new map revision in Central Europe.

## Guard Amendment Adoption Favored By J. C. Hutchison

### Lieutenant Colonel Says Change Would Take Out Politics

Declaring that the proposed National Guard amendment would raise tremendously the standard of Florida National Guard officers by giving them an incentive to improve themselves professionally, and by taking the National Guard out of politics, J. C. Hutchison, lieutenant colonel of the 124th Guard, today set forth his reasons for favoring adoption of the amendment in a letter to the editor of the Herald.

## Overcast Skies, Rains Promise End Of Drouth

CHICAGO, Nov. 3.—(AP)—Overcast skies carried promise of rain today to middle-western lands parched by Fall drought. The Weather Bureau forecast showers for most of the mid-continent where an autumn heat wave has shattered temperature records during the past month.

Fears were felt for the winter wheat areas, in urgent need of rain. The drought was reported by Gov. A. B. Chandler to have reached "unprecedented proportions" in Kentucky.

CHICAGO, Nov. 3.—(AP)—Forecaster C. A. Donnell said "a million dollar rain" had already fallen over part of the area and would slowly expand to other sections.

MIAMI, Nov. 3.—(AP)—Severe showers came to the assistance of fire-fighters in the Everglades today, bringing under control extensive blazes that had swept sawgrass areas for a week.

VIENNA, Nov. 3.—(AP)—Germany and Italy last night settled the territorial dispute between Czechoslovakia and Hungary by a rigid inspection made of dairies selling milk here.

A rigid inspection of dairies supplying milk to the City of Sanford has just been completed by an officer of the State Health Department, according to local Inspector G. P. Paxton, who stated that all defects found were ordered corrected at once by the inspectors.

The newly developed phosphate test of pasteurized milk was made. This test, Mr. Paxton stated, is done with chemicals and accurately shows whether the milk has been heated to 145 degrees and held at that temperature for 30 minutes, the requirements for pasteurization.

## Lawton Asks Approval Of Amendment

### Lawton States School Board Must Borrow \$300,000 For Payment Of Salaries

Pointing out that the school board is unable to pay the salaries of its members, the School Board today requested approval of an amendment to the State Constitution for payment of teacher salaries by the State.

Reading a letter from the State Department of Public Instruction, Mr. Lawton stated that the school board must borrow approximately \$300,000 to pay the salaries of its members for several months.

The amendment would allow the school board to raise revenue to defray the expenses of the State, including State appropriations for the benefit of a uniform system of public free schools provided in accordance with Article XII of the Constitution and of the higher learning for each fiscal year.

The Federal Government does not select National Guard officers.

MIAMI, Nov. 3.—(AP)—Severe showers came to the assistance of fire-fighters in the Everglades today, bringing under control extensive blazes that had swept sawgrass areas for a week.

VIENNA, Nov. 3.—(AP)—Germany and Italy last night settled the territorial dispute between Czechoslovakia and Hungary by a rigid inspection made of dairies selling milk here.

The newly developed phosphate test of pasteurized milk was made. This test, Mr. Paxton stated, is done with chemicals and accurately shows whether the milk has been heated to 145 degrees and held at that temperature for 30 minutes, the requirements for pasteurization.

The Inspector stated that an inspection of milk supplies in the City will be made and selected discontinued if the bottles are found improperly labeled or from unapproved sources.

Workmen for the past two days have been repairing the roof of the Yachtman Drug Company store here.

The Rev. Melton Ware, pastor of the Hastings Methodist Church, spent Monday with his parents, Judge and Mrs. R. W. Ware.

## CANDIDATE

## Democrats Urged By Cone To Vote In Election Nov. 8

### Says Voters Can Express Appreciation For Work Of Party

TALLAHASSEE, Nov. 3.—(AP)—During the Florida State election campaign, Governor Fred P. Cone, today urged the party in the State to vote in the polls on Nov. 8 and vote the straight ticket.

The executive branch support of New Deal policies and warm acquiescence of President Roosevelt, went down the line for Senator Claude Pepper, now facing a Republican opponent in the May primary.

DAYTON, Ohio, Nov. 3.—(AP)—Dayton school teachers voted almost unanimously yesterday to back the board of education in keeping the school closed until enough money was found to pay salaries and expenses, hence called a statement which said voters failed to show concern over the school problem.

The teachers' action brought down counsel for Richard W. Cook, board member who declined on the closing order, in a criticism that teachers broke faith with an agreement made in court Tuesday when contempt proceedings were dropped against five board members supporting the closing.

WASHINGTON, Nov. 3.—(AP)—The navy stepped up the pace of its expanding program today by receiving bids on three new battleships and announcing it would resume experiments with dirigibles.

NEW YORK, Nov. 3.—(AP)—Dwight Brantley, head of the New York FBI office, said today that federal agents were investigating a possible link between the unsolved kidnap-slaying of 12-year-old Peter Levine of New Rochelle, N. Y., and the newly captured members of an alleged "kidnap syndicate" who are accused of three kidnappings, two robberies and one murder.

North Carolina pared a total of \$85,565,746 from its bonded debt during the 11 years from 1927 to 1938.

## Kiwanis Give Farewell For T. E. Simpson

### Retiring President Of Chamber Of Commerce Is Presented Gift By Civic Club

Sanford Kiwanis today presented a gift to T. E. Simpson, retiring president of the Chamber of Commerce, as a token of appreciation for his services to the community.

### Goldenrod Robbery Suspects Are Held

Sheriff Charlie Hand was notified yesterday that Orlando Bright and Herbert Bollen, who are alleged to have robbed the residence of D. F. Mathers in Jacksonville, last Sunday, while the family was away.

### Strikers At Republic Plant Return To Work

CLEVELAND, Nov. 3.—(AP)—A group of CIO "little steel" strikers returned to work at Republic Steel corporation's Union division yesterday over protests of a plant union which claims to represent a majority of the employees.

### City News Briefs

Workmen for the past two days have been repairing the roof of the Yachtman Drug Company store here.

The Rev. Melton Ware, pastor of the Hastings Methodist Church, spent Monday with his parents, Judge and Mrs. R. W. Ware.

### C. R. Mason To Speak On Bird Life Friday

C. R. Mason, president of the Florida Audubon Society, will be the guest speaker at the Jewish Community Center Friday evening following the regular services.

Mr. Mason has just returned from New York where he was elected a member of the Executive Council of the National Association of Audubon Societies. He will on Florida bird life will be illustrated with new slides.

### Unsolved Kidnaping Of Levine Is Probed

NEW YORK, Nov. 3.—(AP)—Dwight Brantley, head of the New York FBI office, said today that federal agents were investigating a possible link between the unsolved kidnap-slaying of 12-year-old Peter Levine of New Rochelle, N. Y., and the newly captured members of an alleged "kidnap syndicate" who are accused of three kidnappings, two robberies and one murder.

North Carolina pared a total of \$85,565,746 from its bonded debt during the 11 years from 1927 to 1938.

### Expanding Program For Navy Started

WASHINGTON, Nov. 3.—(AP)—The navy stepped up the pace of its expanding program today by receiving bids on three new battleships and announcing it would resume experiments with dirigibles.

A new airship of up to 3,000,000 cubic feet was authorized in the billion dollar fleet expansion act. The navy announced, however, it would invite bids for construction of a ship not over 325 feet long and of approximately 1,000,000 cubic feet capacity.

### PROJECT APPROVED

JACKSONVILLE, Nov. 3.—(AP)—Works Progress Administrator Robert J. Hill today announced approval of a project at Sanford under which 20 persons will be given work for nine months preparing hot lunches for undernourished school children. The total cost is set at \$10,861 of which the WPA will pay \$6,989.

### TAVERNS GIVEN LIST

CARROLLTON, Ky., Nov. 3.—(AP)—Tavern keepers in and near Carrollton were given a list of 55 persons and warned by County Judge William O. Reed against selling them liquor.

"They spend their money needed to support their families," the judge explained.

### Large Attendance Is Expected For Meeting

From the number of reservations that have been made, officials of the recently organized Business and Professional Men's Association today stated they expected a large attendance at the second dinner of the group in the Mayfair Hotel tonight.

At noon today more than 75 reservations for the dinner had been made. There will be no speakers at the meeting and the entire time will be devoted to discussions of business.

Loans to farmers from production credit associations were reported at a five-year high of \$83,000,000 at the mid-point of the 1938 financing season.

## Stewart Gatchel Breaks His Ankle In Gym Exercises

Stewart Gatchel, son of Mr. and Mrs. Peter Gatchel, today broke his ankle in a fall while practicing advanced tumbling, and in doing a flip over another student's back, Mr. Gatchel was last to balance and landed crooked on one foot with a bad break resulting.

The main ball joint of the foot was completely broken away from the leg," Mr. Gatchel wrote, "and the ankle was broken in a quarter of an inch clearance between the two fragments."

Mr. Gatchel has his leg in a plaster cast which he says will have to remain on for at least six weeks, but he expects to continue his studies in the meantime and reports that doctors do not believe his ankle will be stiff when well.

## LOCAL WEATHER

Generally fair tonight and Friday, except for a few scattered light showers on the East Coast and Florida Keys.
