

INSULL SHOUTS DEFENSE OF HIS HONESTY

Magnate Concludes Testimony In Denial Of Having Juggled Firm's Securities

CHICAGO, Nov. 3.—(A.P.)—With a final shouting defense of his honesty, Samuel Insull left the witness stand in the Insull mail fraud case today, his questioning by prosecutors at an end.

Before stepping down, the defamed Chicago utilities executive denied firmly that he was "running away" when he left Chicago in June of 1932 after his vast utilities empire had crashed.

Shouting "No sir, no sir, no sir," in a flare of anger, Insull denied that he kept his biggest company afloat only by juggling securities between other concerns of his system as far back as 1928.

Caught up by the cross examination he fought angrily all day, Samuel Insull admitted yesterday a \$10,000,000 mistake in one statement to stockholders of the Corporation Securities Co.

His defeat on this point came after he had parried questions from Prosecutor Leslie E. Quarter for three hours, battling for his financial reputation against government charges of mail fraud.

The 74-year-old Chicagoan, while Prosecutor Quarter pursued him with questions, had complained twice to Federal Judge James H. Wilkerson that he was "double barreled." The judge ordered Insull to answer but said he might cry.

2,000,000 Persons Expected To Cast Ballots On Tuesday

WASHINGTON, Nov. 3.—(A.P.)—When President Roosevelt drove his ballot in the box here Tuesday he will be one of 20,000,000 citizens from coast to coast who are registering their opinion of congressional and state candidates, and in many cases, of the New Deal.

This probable vote was forecast today on the basis of a nationwide survey of registration figures, and public interest in the first real test of the Roosevelt Administration.

Both sides were preparing today for pre-election statements expressing confidence.

Democratic Chairman James A. Farley said the Democrats probably would gain between six and nine seats in the Senate, giving them more than two-thirds majority.

The party chief also said that losses in the House survey will not exceed 10 and that they may gain 20 seats there.

Republican Chairman Henry F. Vetcher was preparing a statement painting a very different picture. Disputing Democratic claims of Senate gains, the Republicans also insist the GOP will pick up some 40 seats in the House.

POLICE HURT IN DENVER RIOT

Four policemen and about 30 other persons were either shot or beaten in a riot at Denver when strike agitators attempted to force relief project workers to quit because of reductions in relief funds and wages. Among the injured was Patrolman C. V. Satt, shown being defended by Sergeant Henry Durkop after being attacked by a barrage of rocks and beer bottles. (Associated Press Photo)

FISHER CLAIMS ANTI-EXEMPTION VIEWS ARE SILLY

Pioneer Miami Beach Developer For Act He Sees Beneficial

MIAMI, Nov. 3.—Arguments which have been used in an attempt to defeat the proposed \$5,000 Homestead Tax Exemption Amendment were called "silly" yesterday by Carl G. Fisher, pioneer developer of Miami Beach.

"Opponents of the amendment have been saying that other taxation would result if the amendment is approved by the people next Tuesday," said Mr. Fisher, who is largely responsible for the rapid growth and development of Miami Beach.

"If government officials were co-ordinated, thereby eliminating waste in the state's expenditures and if politicians who are paid from the trough are made to do some thing for their money, we would not need to assess any additional taxes after the amendment is approved."

Mr. Fisher explained that little revenue has been obtained from the many acres which would be favorably effected by the amendment.

Is favoring the Homestead Exemption Amendment, Mr. Fisher said he did not own any property in Florida outside of Miami. (Continued On Page Four)

AUTO CODE EXTENDED UNTIL FEB. 1

Roosevelt Slaps At Labor By Action In Which Agreement Goes On Unchanged

WASHINGTON, Nov. 3.—Organized labor suffered its first major rebuff under the New Deal last night when President Roosevelt extended the code for the automobile industry without change until Feb. 1, 1935.

At the same time, the President said he would order a study of wages and hours in the industry looking toward stabilization of employment and adequate yearly earnings for the workers.

Roosevelt's action climaxed a bitter struggle between trade unionists and the automobile manufacturers that began when the former NRA administrator Hugh S. Johnson approved the so-called "merit" clause in the industry's code.

This provision gave the employers the right to hire and fire workers without regard to their union affiliations. It was an effective barrier to unionization of automobile workers and labor chiefs have fought vigorously but vainly to dynamite it out of the code.

In extending the code without a public hearing or revision, Roosevelt also prevented labor leaders from attempting to impose a 30-hour week on the industry. The President said in making known his action that the National Automobile Cham-

Railroad Employees To Organize Local Pension Bill Group

Decision to organize a local chapter of the Railroad Employees' National Pension Association, Inc., was reached at the City Hall yesterday afternoon when a group of local railroad men had met and heard J. H. Burns of Tampa, national director of the Association, discuss the project.

L. Grov was named as temporary chairman of the local Chapter, with A. H. Hatcher as secretary.

The following men were named to a finance committee, which will contact all railroad men for the next few days: John Rogers, J. Gilson, R. E. Hancock, J. J. Duran, L. S. Harkley, R. E. Pourifoy, J. B. Field, A. H. E. Lewis, H. E. Sims, W. E. Evans, T. A. Johnson, J. A. Bloom, J. H. Smith and J. B. Crawford.

The next meeting is to be held at the City Hall on Nov. 13 when officers will be selected and the organization perfected. The public is invited to attend this meeting for the highlights of the pension bill are to be explained in detail.

Others attending yesterday's meeting included J. D. Holgood, J. C. Abritton, Mr. Kelly, M. J. J. Duran, E. Krupp, M. Munnick, W. A. Cagle, Rock Warren, C. E. Adams, C. L. Harrison, E. Shepher, C. H. Burns, Jas. A. Shepherd, and Bob Cole.

English Fliers Wipe Out Space With Speed

LYMPNE AIRPORT, England, Nov. 3.—Smashing air record-right and left, Lieut. Cathcart Jones and Ken Warler, British fliers, landed here yesterday after a phenomenal round-trip flight to Australia.

They broke the round-trip record between England and Melbourne, making the 22,000-mile flight—11,000 each way—in 13 days, 6 hours, 45 minutes, 20 seconds.

FERRA WHIDLECHARGE Reluctant Workers

TALLAHASSEE, Nov. 3.—(A.P.)—Julius F. Stone, Jr., Florida relief administrator, yesterday told Governor Bledsoe that persons now on relief rolls who refuse to accept employment at reasonable weekly wages will be dropped from the relief rolls.

The statement was made as the Governor informed Stone he had received complaints from persons on relief who had refused regular employment when it was offered to them.

MISSISSIPPI NOW ALMOST FLOODPROOF, SAYS DERN

Ending a 2,000 mile inspection trip down the Mississippi River to New Orleans, Secretary of War George H. Dern said that only "such a flood as has never been recorded" can harm the river valley again. He is shown (left) with Maj. Gen. Edward M. Markham, chief of Engineers, U. S. A., as they inspected the huge Bonnet Carré spillway, one of the government's major flood control works, 30 miles above New Orleans. The work cost \$30,000,000. (Associated Press Photo)

THOMAS WANTS FEDERAL PROBE OF RED CROSS

Socialist Attacks Management Of Great Relief Organization

NEW YORK, Nov. 3.—(A.P.)—Norman Thomas, socialist candidate for United States senator, last night expressed the belief Congress should investigate the activities of the American Red Cross.

Carrying his campaign into the Bronx, Thomas also advocated enactment of anti-lynching laws and the complete restoration of federal pay cuts.

"Speaking of the Red Cross, he said: "During the next few days or weeks the American people, mostly in small sums, will contribute about \$10,000,000 to an organization which they do not control and concerning which there is a strong suspicion that it is in fact a valuable auxiliary war machine. It certainly takes no part in relieving the victims of international states."

Thomas especially should refuse to contribute to the Red Cross until the Red Cross will bring aid to the victims of taxes as they are in the line of victims of war. This is not an attack on the Red Cross, but upon its management and administration in the United States.

"I do not say all charges are unfounded. I say they demand investigation. And for this I shall fight."

Loftin Names Board To Probe New Deal

JACKSONVILLE, Nov. 3.—(A.P.)—Scott M. Loftin, president of the American Bar Association, today named the Association's special committee to study the rights of the New Deal on the "Rights and Liberties of American Citizens."

Those named: Clarence E. Martin, Martinsburg, W. Va., chairman; Owen D. Young, lawyer and industrialist of New York; William D. Mitchell, New York, former United States Attorney General; George Wharton Pepper, Philadelphia, former senator from Pennsylvania; George I. Butts, Charleston, S. C., author of the resolution asking that the study group be appointed; Charles P. Taft, 2nd, of Cincinnati, son of the late former President Taft; John D. Clark, Cheyenne, Wyo., lawyer and economist.

One Third Of St. Pete Taxes Already Paid

ST. PETERSBURG, Nov. 3.—(A.P.)—The tax collectors for October reported to almost one-third of the entire levy for the fiscal year which began Oct. 1, officials announced yesterday.

More than 20,000 tax receipts for a total of \$427,500 were issued during the month, an increase of nearly 100 percent over the receipts issued in October.

SHERIFF WARNS OPERATORS OF SLOT MACHINES

Arrests Will Be Made If Existing Law Is Discovered Broken

Promising an immediate arrest when it is discovered that slot machines are being used for gambling purposes in violation of existing laws, Sheriff J. F. McClelland today warned all merchants and storekeepers that they and not the owner or user of the machine will be held responsible for any law violations.

After several weeks' disappearance, slot machines began making their appearance in many places yesterday and today. Many machines are noted in the downtown section in places usually housing these devices.

"The law against slot machines, as gambling devices, will be enforced to the letter," Sheriff McClelland stated this morning before his departure for Jacksonville to attend the Florida-Georgia football game with friends.

"If any man find a machine that is being operated in violation of the law," he said, "we will arrest the party in possession, control or custody of the machine, and bring about his prosecution."

Sheriff McClelland stated that the law so provides that the party in custody of or in whose place of business a slot machine is operated legally will be the violator and not the owner or user of the machines.

Slot machines are being used unlawfully, he stated, when they pay money instead of slugs, or when the slugs are exchanged for cash or merchandise in the store.

Frocher Finally Free Of Fraud Count

TITUSVILLE, Nov. 3.—(A.P.)—Three indictments charging embezzlement against N. T. Frocher, former Brevard county clerk, have been dropped.

Frocher was charged with embezzling approximately \$8,000 in county funds. Twice previously he was indicted on the charges, but through technicalities, the indictments were quashed.

The case was closed on court records with the operation of the statute of limitations. The first indictments were brought in 1932.

Seminole High Scores 1st Victory Of 1934 Season By Defeating Ocala, 13 To 0

OCALA, Nov. 3.—Sanford High School's Seminoles outplayed Ocala High School's Wildcats here last night to win 13 to 0. It was the first victory Sanford has scored over an Ocala team in the four years since the two schools have met.

McClelland, Husky Sanford fullback, led the Seminoles offensive attack and accounted for all the scoring. He went off tackle two yards early in the first period to tally the first touchdowns after his teammates had advanced the ball and again went off tackle 15 yards for a marker in the final period.

A & P-UNION DISPUTE ENDS BY AGREEMENT

Labor Relations Body Announces That Two Groups Have Acted Upon Its Proposal

WASHINGTON, Nov. 3.—(A.P.)—The Labor Relations Board announced today that the Atlantic and Pacific Tea Company and the unions concerned in the labor dispute at its Cleveland store had agreed to a settlement proposed by the Board.

The unions acceptance was announced in the following telegram to the Board from Thomas S. Farrell, secretary of the Cleveland Federation of Labor.

"Please be advised that the unions involved in the A and P controversy in Cleveland have agreed to your proposal as a settlement of that dispute."

The Board did not make public the company's acceptance, received by telephone shortly after noon from John A. Hartford, president of the company.

The settlement called for the reopening of all Cleveland stores, closed a week ago today, in protest against picketing and the refusal of union truckmen to haul supplies. Truckmen struck because of alleged discrimination by the company against union employees.

All employees are to be taken back without discrimination, and any future disputes are to be submitted to arbitration, the Board said. The unions involved agreed not to strike before next June 19 at least.

Kiwanians Defeat Trade Body 9 For Burro Ball Title

The Kiwanis Club won the burro ball championship of Seminole County at Municipal Park last night by defeating the picketed Seminole County Chamber of Commerce team by a 9 to 1 score.

The largest crowd of the three game series was present to witness the tilt, twice as exciting and laughable as the other two and offering just as many spills and thrills as the two put together.

Players and fans were agreed that the Kiwanians won a clean victory, and that Otis Caldwell and Lynn Howell are the champion burro ballers in this section.

As usual, the burros talked every effort to mount, and in the few minutes when a player was able to mount, he found himself either trying to lay mounted or being hauled all over the field, often ending up to the under side of a burro's neck.

The series was played for the benefit of the Municipal Zoo building fund, and, with all expenses paid, a small sum was realized. The Kiwanians lost to the Rotary Club Wednesday night by 2 to 1, while Seminole County Chamber of Commerce won from the Junior Chamber of Commerce Thursday night by 4 to 3.

However, the Rotarians voted not to appear in the final game. The Kiwanians took up where they left off, challenged the senior organization, and won.

Panama City Millage Boosted For Bond Men

PENSACOLA, Nov. 3.—(A.P.)—Panama City's millage for 1934 taxes was ordered increased from 40 to 60 mills, by Judge A. V. Long in United States District Court here yesterday, to meet annual payment on a judgment held by bondholders against the municipal corporation.

Bondholders' attorneys claimed the 40-mill levy recently fixed by Panama City commissioners will not produce funds sufficient to pay bondholders the required principal installment annual interest and deficit from last year, which they said, total \$28,000.

7 Amendments Are Discussed Before Local Club Women

An impartial explanation of the seven amendments to the Constitution which are to be voted upon on Nov. 6 was given by Karl Lehmann, secretary of the Seminole County Chamber of Commerce, at the Woman's Club Wednesday afternoon with the Civic Department of the club as sponsor. A large number of club members was in attendance.

During the meeting of the department, which preceded Mr. Lehmann's talk, Mrs. H. M. Papworth presided and Mrs. James Moughton was elected vice-chairman and Mrs. Karl Lehmann, secretary. A discussion of ways and means of promoting civic work was held.

Mrs. Papworth reported that she and Mrs. Walter L. Cooper, president of the club, had asked the City Commission to set aside a sufficient fund to improve the city water. The department then voted to further express its interest in this matter by sending a motion to the commission announcing its willingness to cooperate in every way possible.

It was also decided during the meeting that the department work for the interest of the Fernald-Lightfoot Memorial Hospital, and also provide more furnishings for the Woman's Club room at the hospital.

Excerpts from Mr. Lehmann's explanation of the amendments are as follows:

"Constitutional Amendment No. 1.—Is a measure to reduce the number of judicial circuits in the state to fifteen, allowing one circuit judge for each 50,000 population.

"Constitutional Amendment No. 2.—Is the Homestead Exemption Amendment, exempting 'From all taxation other than special assessments for benefits to every head of a family * * * up to the valuation of \$5000.'

"Constitutional Amendment No. 3.—Provides for the sale and manufacture of liquor in the State of Florida.

"Constitutional Amendment No. 4.—Provides for reducing the number of grand juries and the number of jurors.

"Constitutional Amendment No. 5.—To classify towns and cities by population to make uniform provision for their incorporation, government jurisdiction, powers, duties and privileges.

"Constitutional Amendment No. 6.—To exempt motion picture studios, etc. (not motion picture theaters) from taxation until 1947.

"Constitutional Amendment No. 7.—Provides that the voters of Duval County may have a referendum election to determine whether they will consolidate the city government of Jacksonville with the county government of Duval.

"Local Option.—To decide whether the sale of intoxicating liquors, wines or beer shall be prohibited in Seminole County."
