

# HHH Eyes 'Political Debts'

WASHINGTON (AP) — Vice President Hubert H. Humphrey is counting on reflecting political debts owed up in his last days of office.

It is widely assumed he will assume his candidacy this week.

Humphrey's associates believe his sensitive handling of the Democratic caucus circuit will help to do for him what it has done for Richard M. Nixon.

The Democratic vice president is in the front rank of candidates.

Humphrey and Nixon are the men best known personally to local organization members of their parties who either turn up at convention delegates.

One of Humphrey's accomplishments has been to sell himself to Southern Democrats, who once looked upon him as the man who forced a strong civil-rights plank on the 1968 convention and triggered a Democratic walkout.

Sen. John J. Sparkman-D-Ala., said he thinks Humphrey is the choice of several Southern delegates. Gov. John J. McKeithen has indicated

Louisiana's vote will go to the vice president.

Humphrey support also is apparent in North and South Carolina.

"It is probable that the vice president is the only candidate who is strong in every region," said Sen. Walter F. Mondale, D-Minn., a top Humphrey backer.

He added in an interview he thought Humphrey is ahead now in delegate strength over the two announced Democratic candidates, Sen. Robert F. Kennedy and Eugene J. McCarthy.

Humphrey is encountering resistance on the part of Pres-

ident Johnson's supporters to switch to him after the President's statement that he would not accept renomination.

An Associated Press canvass disclosed 10 governors who had been counted on to support Johnson for renomination have now assumed an uncommitted stance.

They are Govs. John N. Dempsey of Connecticut, Charles L. Terry Jr. of Delaware, John A. Burns of Hawaii, Roger D. Branigan of Indiana, Otto Kerner of Illinois, Richard J. Hughes of New Jersey, Buford Ellington of Tennessee.

Sen. Thornton B. Morton, R-Ky., said "it was indicated at best for a public official" to get involved in politics. McNamara made a television tape in which he praised Kennedy but did not endorse him outright.

Sen. Robert S. McNamara of the World Bank has declined comment on a Republican's demand that he resign because he helped promote Kennedy's drive for the Democratic nomination.

# No. Koreans Kill 2 GIs

SEOUL (AP) — Two American and two South Korean soldiers were killed Sunday night by North Koreans who ambushed a U.N. Command truck half a mile south of the Panmunjom truce line.

The ambush rained American casualties to four killed and 14 wounded since the North Korean raid on Seoul Jan. 21 in an attempt to assassinate President Chung Hee Park. North Korea seized the U.S. intelligence ship Pueblo on Jan. 23.

and one of its crewmen was fatally wounded.

The spokesman said a truck from the U.S. 2nd Infantry Division was making a routine trip from an advance camp to Panmunjom when it was attacked. He said personnel aboard a second American vehicle heard about 20 rounds of automatic weapons fire and two explosions and rushed to the scene.

A 2nd Division force was dispatched to sweep the area but found no trace of the attackers.

The spokesman said the ambush was well inside the South Korean half of the demilitarized zone. The two South Koreans killed were attached to the U.S. division.

U.S. Rear Adm. John V. Smith, the U.N. Command member of the Military Armistice Commission, demanded a joint investigation of the attack.

Sen. Thornton B. Morton, R-Ky., said "it was indicated at best for a public official" to get involved in politics. McNamara made a television tape in which he praised Kennedy but did not endorse him outright.

MIAMI (AP) — The holiness of Easter spread from Jerusalem and Rome Sunday to blossom at Florida sunrise services, parades and egg hunts in the grass.

Throughout the Sunshine State Christians greeted the morning sun from special worship services.

Jews were celebrating the second day of the Passover and the Orthodox attended shul.

In Jerusalem, pilgrims from around the world gathered for special services and in Rome Pope Paul VI delivered an 1-1/2 hour address for Catholics.

In Tampa, there were three sunrise services.

Later in the day came the parades, picnics in the park, and Easter egg hunting.

In Orlando, an estimated 17,000 persons turned out for the

11th annual staging of an Easter Parade.

Twins and triplets competed for prizes at a parade in Miami. Trophies were handed out to youngsters in a parade at Jacksonville Beach, and there were about 150 people — from toddlers to the mature set — on parade at St. Petersburg for an audience of thousands.

Jaqueline Kennedy took Caroline and John F. Kennedy Jr. to a 2 a.m. mass at St. Edward's Roman Catholic Church in Palm

# Indiana Club Has Meeting

April meeting of Deltona's Indiana Club was highlighted with an egg rolling game sponsored by Rev. Earl D. Lohrbach. Male players were George Calhoun and Joseph Korman.

A written game of darts followed the carry-in dinner and brief business meeting conducted by John H. Stal, president.

Host and hostesses for the May 7 meeting at the Community Center will be Rev. Langford, Mrs. Ore Drew and Mrs. Howard Carl. Guest will be Mrs. Calhoun Moore.

# President Heads For Honolulu

AUSTIN, Tex. (AP) — President Johnson, with a relaxing Easter weekend behind him, is heading for talks in Honolulu with South Korea's president and with the U.S. military chiefs in the Pacific area.

Johnson's major mission apparently is an effort to ease the fears of President Chung Hee Park, who will be flying in from Seoul Tuesday night.

Park has been reported fearful of the United States might not remain steadfast in its long-standing resolve to help protect his country against any incursions from Communist North Korea.

Besides offering reassurances of this score, Johnson will be going by motorcade to the Ilihi Palace, where Democratic Gov. John Burns has his office.

Press secretary George Christian said today's schedule in Hawaii would be largely ceremonial. The meeting with Sharp and Johnson is due to meet with Park on Wednesday.

The chief executive also has been invited to address the 8th annual Interparliamentary Congress of the United States and Mexico Tuesday morning. About 30 Congress members from each country are exchanging views.

# Area Deaths

DR. BEULAH FELTS WARD  
Dr. Beulah Felts Ward, 59, of 813 S. Magnolia Avenue, Sanford, died Friday night at Florida Sanitarium and Hospital in Orlando.

A native of Bradenton, she came to Sanford 18 months ago from Arcadia. At the time of her death, she was a junior high school teacher in the Seminole County school system. She had taught in elementary, junior high and senior high schools of Florida for the past 18 years and had been a principal in the Manatee County school system.

During World War II, she served as an officer in the Air Corps.

She was a graduate of Florida State University, received her master's degree at Auburn University and her doctorate at Columbia University. She had been a professor at Texas Women's University. She was a member of Phi Beta Kappa and a member of First Baptist Church of Green Cove Springs.

Survivors include a daughter, Barbara Jean Ward, of Sanford; five sisters, Mrs. Idell Joyner and Mrs. Leatha Prince, both of Miami, Mrs. Helen Evans, of Mulberry, Mrs. Priscilla Pennington, of

# Witness Murdered

ARCADIA (AP) — The man who testified that Richard E. Clue had been held with Richardson in the DeSoto County Jail after Richardson's seven children were shot to death over the weekend, just six weeks before Richardson was scheduled to go on trial.

Earnest Washington, 23, was shot and killed in an Arcadia bar Saturday night, Sheriff Frank E. Clue said Sunday. Clue said Sunday Clue said Richardson was accused only of the murder of his oldest daughter, Betty Jean Bryant. His trial begins May 27.

# Florida Celebrates Holy Days

# Steel Strike Looms Aug. 1

PITTSBURGH (AP) — Millhands at U.S. Steel's Homestead Works want more parking space and a doctor on duty fulltime.

Steelworkers at McKeesport want incentive pay for all workers at their plant.

These are some of the hundreds of local issues dropped onto the negotiating table Sunday in Miami. Howard Butt spoke to 5,000 at Miami Marine Stadium — including some who arrived at the waterfront park by boat.

But told the audience that he

# Deltona Legion Meet Today

By MILDRED HANEY  
Monthly executive meeting of Deltona American Legion Post 255 will be at 7:30 p.m. today at the home of Mr. and Mrs. John Bacon, 1411 E. Lombardy.

At Thursday's regular meeting of the post, honored guests will be Department of Florida Commander Charles Kilgore and his staff and Fifth District Commander Carlo Buckles and her staff. Election of officers will be conducted at this meeting and delegates will be named to the Department Convention to be held in Clearwater, May 22-26.

Constitutional Conference of the American Legion will be held this Saturday and Sunday in Daytona Beach with Post 50 as host. Delegates from the Deltona Legion will be Gordon Sholar, service officer, and Helen Bacon, historian. Alternates will be Mrs. Pat Granger, chairman of the executive committee, and Lawrence Genron, adjutant.

# Art Show Winners Named

By MILDRED HANEY  
Winners in the First Annual Indoor Art Exhibit of the Deltona Community Center have been announced by Mrs. Edith G. Brooks of DeBary, president and administrator of Florida Federation of Art Handicrafts in DeBary Hall, who judged the exhibit.

Receiving awards were Mrs. Edna Michael, first, landscape with "Ergalades"; Mrs. Marion Fiska, second, still life "Bald Mums"; and Mrs. Winifred Phillips, third, portrait "Nigerian Woman."

Honorable mentions went to Mrs. Lavera Schenck, Mrs. Margaret Rowland, Mrs. Helen Baker and Mrs. Gertrude Walker.

Mrs. Brooks has announced that she will publish a new book, "The Saga of Baron Fredrick DeBary and DeBary Hall" in the near future.

# THE WHITES OF THEIR EYES...

That's what the patriots wanted to see as the Redcoats charged up Breed's Hill.

Their gunfire was more effective at close range... and so is the message which your own calligrapher's brush brings to newcomers and new members.

Information on churches, civic organizations, shops and community facilities is delivered with the warmth of a personal calligrapher's touch.

Business firms... and yours can be among them. Call Virginia Wagon.

# Bad Ad

MIAMI (AP) — Harold Solomon, a candidate for state attorney, said his name is getting before the public, but in the wrong way. He said someone is passing worthless checks signed with his name.

When the Steelworkers drafted their contract objectives in

# Away With Apathy

The glow and inspiration of Easter need not be allowed to fade or diminish in the days ahead. What can be done to transcend these feelings into actions which would prove that the better lessons of the past weeks have not been lost in the mass of emotions they evoked.

Cool, sober and unselfish appraisal is required. Optimism is intellectually possible. Sobriety is enforced by the gravity of the high stakes involved. Unselfishness is the hardest factor to build, especially during the political campaign of today.

Yet all of these attributes of the responsible citizen exist in large measure among the civic-minded residents of our city. We are convinced of this by personal contact. There are, however, some indications that there are leaks in our dam of protection.

Of these apathy in terms of actions, not in the amount of words being expended, has already shown its ugly and unwelcome head. For, in spite of the political outcry, the wide publicity given by all news media to the mass registration for the May primaries, there was a noticeable lack of response.

How great this apathy is, and how great an impact on our government this can exert is obvious in statistics. Mrs. Camilla Brown, Supervisor of Elections, reported 23,348 voters as registered for the primaries.

Seminole county has a population of about 60,000 with 21,000 under the legal voting age of 21. This means that a 100 per cent registration would have qualified nearly twice as many citizens to express their opinion by ballot—the only effective way—so far.

This result has doubted the responsibility of the registered voter. It could well spur candidates to be more precise in their expostions of stands on issues, and even result in some spelloid promises that make sense.

Not only our action and the world stand at crossroads. Here in Sanford there are critical decisions to be made, and not only on election day. Almost every day brings new proof that our city and our country is caught in an inescapable tide of growth.

It is up to our local leaders and our local civic-minded citizens to see that this tide does not roll over, but that we mobilize our strength and ride the crest into the brightest of tomorrows.

## Employability!

Almost everybody who lives very long becomes "physically handicapped" in some degree; that is, with the passing of a little time, they are not the boys and girls they used to be. There are those, for example, who supplement their vision with eyeglasses, and eventually with bifocals. There are those who have to convert to dentures. Some acquire hearing aids.

These are wondrous devices, developed and perfected to keep people at par when natural endowments are impaired. They are products of research and applied science in their respective fields.

So don't jump to mistaken conclusions when reference is made to the employability of the physically handicapped. If, none but the physically perfect, were employed, much of the world's business suddenly would cease.—Nashville (Tenn.) Banner.

# Now as Far as the Republicans Are Concerned—

© 1968 by H.A. 60

## The World Today

### "Rocky's" Rocky G.O.P. Road

By WALTER R. MEARS  
WASHINGTON (AP) — A group of Republicans promoting the presidential cause of New York Gov. Nelson A. Rockefeller has set for itself a difficult task: To change in a month or two the course of the party.

That course appears to be propelling Richard M. Nixon toward the presidential nomination.

This is not the first time Rockefeller partisans have organized in an attempt to alter it. The new Rockefeller-for-President Committee is counting heavily on recent changes in the Democratic picture to turn the GOP in its direction. The crucial change: President Johnson's March 31 announcement that he would not seek or accept re-nomination.

Two days earlier, Rockefeller had stepped back from the front of active candidacy, declaring himself available but not running.

"I am not a candidate campaigning directly or indirectly for the presidency of the United States," Rockefeller said then.

That pronouncement led to the dismantling of the draft committee set up by Maryland Gov. Spiro T. Agnew. It was geared to a May 28 Oregon primary contest; between Rockefeller and Nixon.

Sen. Thurston B. Morton, R-Ky., and his assistant, Duff Reed, took the next step, announcing creation of something called the Coalition for a Republican Alternative.

Actually, it was a coalition of little more than those two men. It was designed to hold things together, if possible, while the Rockefeller group figured out what to do next.

The committee represents that next step. One of its organizers, Rep. Charles E. Goodell of New York, conceded "It's an uphill fight. The odds are against us." But he said the organization can succeed in its efforts to turn the party toward Rockefeller.

Morton said this could be done in a month. "We'll have more delegates lined up in four weeks than a mile can haul," Morton said.

But that figurative mile could face what amounts to a Nixon steamroller.

The Rockefeller partisans are counting on several things—none of which is in evidence yet—to bolster their cause.

First, they believe Republican leaders who looked toward Nixon will have second thoughts now that Johnson has stepped out of the competition.

That leads to the prospect of a GOP race against New York Sen. Robert F. Kennedy, undecorated Vice President Hubert H. Humphrey, or Minnesota Sen. Eugene J. McCarthy.

Rockefeller men feel the changes in the Democratic picture warrant a change in the Republican outlook. But there was no open rush to Rockefeller after Johnson stepped aside.

Morton said his group also is looking toward the Republican governors as a party constituency. Its predecessors have looked there before and found few governors ready to declare themselves for Rockefeller—or anybody else.

Children will smile within 30 seconds after the parents leave, if their attention is diverted by a case of baby-sitter.

In fact, their smile will occur actually while the last tears are still rolling off their cheeks!

## Crane's Worry Clinic: Don't Be Fooled By Tears

By DR. GEORGE W. CRANE  
CASE #436: Doris D., aged 4, is an only child.

"Dr. Crane," her dotting parents for the world in which they must live.

"But Doris cries as if her heart will break whenever we are about to leave her for the evening."

"Her big blue eyes with those tears rolling down her cheeks tremble as a distant university, she will succumb to the most widespread campus ailment nowadays, namely, nostalgia (homesickness)."

Literally thousands of young men and women drop out of their first term on the distant campus, due to homesickness.

So parents should studiously start cutting the ties that make their child dependent upon their home.

Start out by hiring an affectionate baby-sitter who is well-known to your youngster.

For the first baby-sitter must serve as a combination of Mamma and stranger.

Inform the child that they will be back soon, so it knows the parting is but temporary.

Children will smile within 30 seconds after the parents leave, if their attention is diverted by a case of baby-sitter.

In fact, their smile will occur actually while the last tears are still rolling off their cheeks!

So you parents have an obligation to prepare your youngsters for the world in which they must live.

Any time you are away from home, you should have second thoughts now that Johnson has stepped out of the competition.

That leads to the prospect of a GOP race against New York Sen. Robert F. Kennedy, undecorated Vice President Hubert H. Humphrey, or Minnesota Sen. Eugene J. McCarthy.

Rockefeller men feel the changes in the Democratic picture warrant a change in the Republican outlook. But there was no open rush to Rockefeller after Johnson stepped aside.

Morton said his group also is looking toward the Republican governors as a party constituency. Its predecessors have looked there before and found few governors ready to declare themselves for Rockefeller—or anybody else.

Children will smile within 30 seconds after the parents leave, if their attention is diverted by a case of baby-sitter.

In fact, their smile will occur actually while the last tears are still rolling off their cheeks!

## Political Notebooks: Indecision Re-Civil Rights

WASHINGTON (NEA)—When some Negroes came to the streets of this capital and other major American cities to burn and loot after Dr. Martin Luther King's assassination, they underscored a painful point for the whole country:

The rest of the nation's responsible leaders, white and Negro alike, have been badly adrift for at least the last two years—while the racial struggle wound all about them.

No balanced observer questions the genuineness of President Johnson's concern for disadvantaged Negroes. When he met first with the men he had chosen last summer for his special commission, he told them convincingly that he did not want them to serve unless they were willing to work hard and do a tough report. They took him at his word.

Yet, possibly because he was disturbed by the Vietnam war, he gave that report almost a brush-off when it appeared March 1. That seeming disinterest in the urban racial crisis was a very important factor in Sen. Robert Kennedy's reversal of his previous decision not to run for president in 1968.

The post-report climate was further damaged when Richard M. Nixon and some other political figures called for a more open speech for his stress on "white racism" as a basic element in five years of Negro rioting.

Key commission members were stumped at this response.

Worst of all was the evidence, heard first by the Vietnam war reporter, that the overriding concern of White House planners was to get the Negro conferees in and out of town, without even the faintest inconvenience or embarrassment to Johnson.

The final conference report was first badly delayed and then only superficially implemented.

The high promise of the report, issued by the President in his eloquent address to Congress in August 1966, was buried in "white dust."

Johnson did, of course, go on proposing further civil rights legislation, through 1967 and into 1968. But, even though

open emergency housing rules to search for deep-seated causes of the trouble, not to dwell upon the obvious—that running Negroes in Detroit, Newark and elsewhere actually shooting which fueled the great summer riots of 1967.

Yet if the President has floundered and other white leaders have floundered similarly on this one of racial trouble, so have many key Negroes.

Once the fruits of Dr. King's marches in Birmingham and Selma were taken through the Civil Rights Act of 1964 and 1965, these leaders could not find further benefit in the strategy of marching protest.

The massive, complex difficulties involved in providing millions of disadvantaged Negroes with better jobs, schools and housing did point to the warring placard and the emotional cry.

The venerable A. Philip Randolph and other respected Negro leaders talked of pouring hundreds of millions of dollars into the bank. But their private judgments were that, even without the costly Vietnam war, Americans generally were not prepared to spend such immense sums.

Their frustration was well-expressed in the words of an Atlanta leader to their private many months ago: "Nobody knows what the hell to do."

Since Dr. King's death, this report, and other reports, have shown of despair stronger than ever. The "responsibles" do not yet see the way out.

## 4 Art Clubs In Exhibition

An exhibition of members work is being shown this month at the Florida Federation of Art, Inc. galleries at DeBary Hall, state headquarters.

The pictures cover the entire range of style from objective to non-objective and all media: oil, watercolor, charcoal, block print, pen and ink, crayon, and collage.

The FFA is especially glad to show paintings selected for this exhibit by the four newest member clubs, Deltona Art Club, Deltona; Purple Isle Art League, Islamorada; Citrus County Art League, Inverness; and Matland Association of Fine Arts, Matland.

In addition, there are paintings entered by Mrs. Evelyn Henderson, Matland; Fred Taylor, Deltona, and Mrs. Donna Henry, Cocoa, all of whom are individual members of the FFA. All clubs were invited to participate in this exhibit.

Deltona Art and Crafts Club is also one of the 22 clubs exhibiting.

# We The Women: By Betty Canary

"Well, here we are," the sociologist said "right in the middle of the National Look-Foreward - to the Summer - Rites Month."

"Do you think they expected all the new recruits pouring in from the wip-and-rip Middle Class after they paid their taxes? There is bound to be trouble in the ranks because of this."

"Oh, sure. Now you hear a lot of talk about the Nouveau Riche, but what has to be considered is the Old Poor will like it here. They are, marching on Washington protesting and doing their thing as they say in the world of hop, when all of a sudden the New Poor barge in on them."

"What's that?" "Well, don't think they're going to a party given by suspected enemy spy (Mario Mase) and (Lisa to distract the men with her considerable charms while the boys look around."

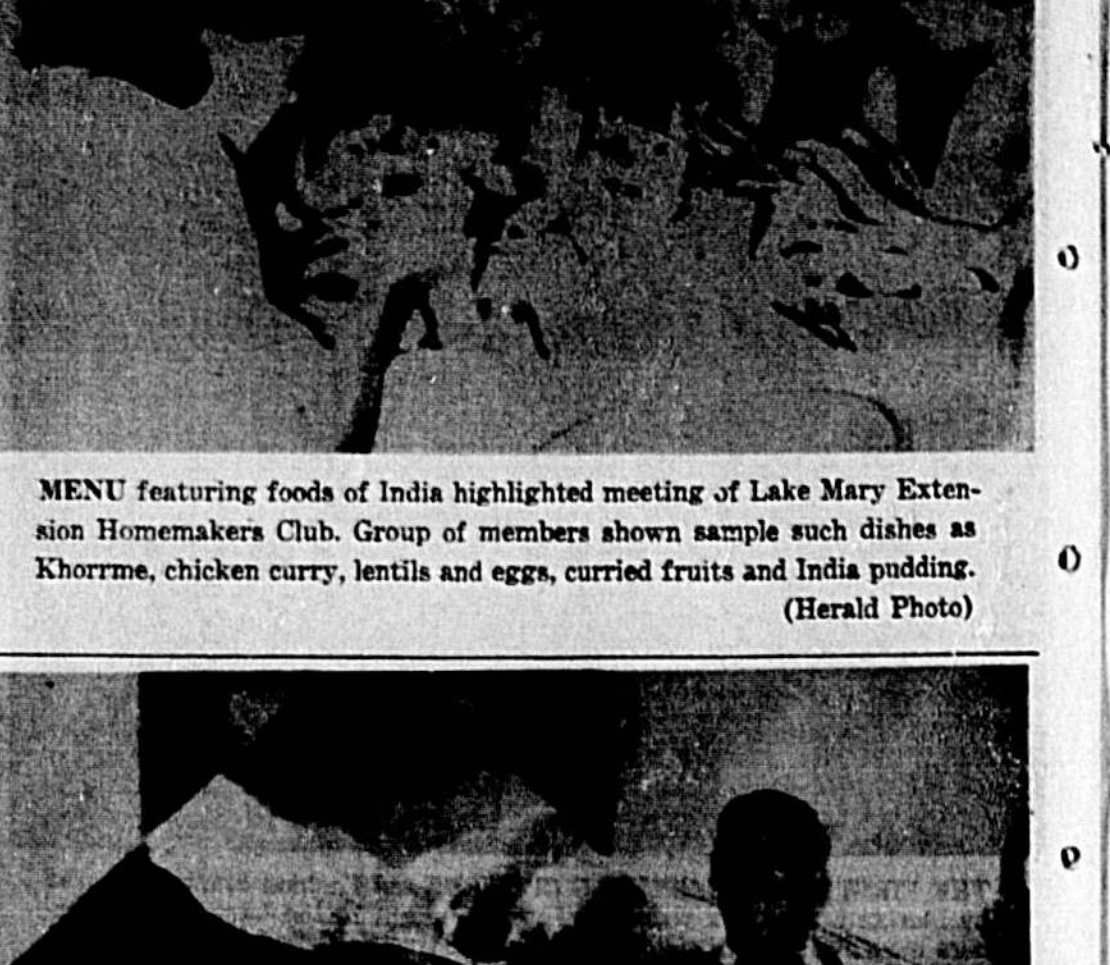

"I'm not referring to that sort of thing," he said. "I'm thinking about the summer political campaigns. However, now that you mentioned it, I never thought of that."

# Marines Seize Hill In Easter Day Battle

SANFORD (AP)—U.S. Marines seized a hill northwest of the town of Da Nang that 100 North Vietnamese were killed on the hill in an Easter Day battle. An American source said North Vietnamese troops were well into a battle along the southern border.

The battle for Hill 981 north of Da Nang was one of several sharp fights over Easter. AP correspondent John Long reported from Marine headquarters that the North Vietnamese were on to it after the seizure of Khe Sanh was lifted this month. The 2nd Marine Regiment had been in Khe Sanh during the 77-day siege. After the encirclement was broken the regiment moved out to sweep the surrounding area.

The U.S. Command is preparing to replace American troops along the demilitarized zone with South Vietnamese forces.

It was reliably learned that the move will be carried out as soon as the South Vietnamese 1st Division has completed retraining and retraining. The division suffered heavy casualties during the enemy's lunar new year offensive.

Near Khe Sanh, an enemy company attacked two companies of the U.S. 1st Air Cavalry Division, but the Americans repulsed the assault after 15 minutes. Eight U.S. soldiers were killed and six wounded.

The Khe Sanh airstrip was hit by six mortar and rocket rounds Sunday morning, two minutes after 1,800 Easter eggs arrived by helicopter for the garrison. Three Marines were wounded.

U.S. bombers flew 143 missions over the North Vietnamese, the second largest number this year and only one less than the 144 flown Jan. 6.

# Auto Show Opens Wednesday At Holiday Isle

By JANE CASSELLBERRY

More than a half-million dollars worth of chrome and horsepower will be on display Wednesday, Thursday and Friday when the Sanford Automobile Dealers Association's franchised new car dealers sponsor their annual Automobile Show at the new Holiday Isle.

The show will be open 2-9 p.m. adjacent to Holiday Inn and House of Steak. Visitors to the auto show may register for the valuable household appliances to be given away as prizes each night at 8:30 p.m. Winners must be present when their names are drawn and must be 18 or older.

Participating dealers include Seminole County Motors, Jim Lash Chrysler-Plymouth, Strickland-Morrison Ford, Hemphill Buick-Fontaine, Hunt Lincoln-Mercury, Ellnor Volkswagens, Toyota Economy

Cars, Holiday Ramblers and Joe Creamon Chevrolet-Cadillac-Olinobobile.

A concession stand will be manned by the Sanford-Seminole Jaycees.

There will be continuous music and night lighting is being provided through the cooperation of Rainfall Electric of Sanford, Florida Power Corporation, and Sanford City Manager Warren E. Knowles.

# Kelsey 'Out' Pending Probe

Seminole County \*\*\*\* on the St. Johns River \*\*\*\* "The Nile of America"

**The Sanford Herald**

Phone 322-2611 or 425-9858 Zip Code 32771

WEATHER: Monday 84-94; fair and mild thru Wednesday.

Vol. 60, No. 172 - AP Licensed Wire - Established 1908 - TUESDAY, APRIL 16, 1968 - SANFORD, FLORIDA - Price 10 Cents

The question of an occasional complaint to the newspaper about "false service" in the emergency ward at Seminole Memorial Hospital was "kicked around" yesterday afternoon by Andrew Carraway, chairman of the board of trustees; Robert Besser, administrator; and R. E. Porter.

The hospitalmen explained that oftentimes the doctor-on-call has an emergency of his own to treat, or the patient has a family doctor and it would be unethical for another medic to administer treatment.

The question of a resident physician came up, a doctor assigned only to the emergency ward. Besser said to have a doctor on duty 24 hours, seven days, would require the full-time services of five medical men at a cost of between \$150,000 and \$200,000 annually.

Carraway and Besser also explained that the hospital does pay its lower level employees "a bit more" than the required federal wage minimum.

Herald Reporter Verdeno Peck reports that Goldenrod Volunteer Fire Department was called out twice in a week to fight brush fires. On Thursday afternoon, the firemen controlled a grass fire on the road near Santa Fe and Paul Church, the second such fire in recent weeks in that particular area. Easter Sunday the department was called out to a fire on Bear Gully Lake which the men quickly brought under control.

This calls to mind the opinion expressed some years ago by our hospital and its medical staff was beginning to gain stature — that the Seminole County seat could well be an outstanding medical center. The idea was that we then had (and now have even more) some outstanding medical men, fine facilities in our hospital and nursing care that is second to none. The fine reputations of all these elements involved in the treatment and care of the sick is now widely acclaimed. And patients are finding out how these fine skills can help them.

Al Davis responds: "Thanks, Lawrence, that Al Davis has the ability and talent to work with both parties. That's one more qualification that I overlooked."

We're hearing more favorable comment about the plans for lighting the access highways to Seminole County municipalities. While the attractiveness is quickly recognized, the added desirability of the safety factor. This is especially true on Sanford's northern approach on the lakefront. Confidence is expressed by the Board of County Commissioners CAN find a way of meeting the expenses of the projects—and WILL do so!

Now, that's real encouraging, isn't it? And the Sanford municipal authorities say that they're "sitting on ready" waiting for the "Go" sign from the county.

Have you been approached by a Kiwanian or a Rotarian to buy tickets for the opening of the new Sanford Plaza theater? They're only \$5 apiece! Higher than 10 mills can be levied by the School Board. And the proposed 3.9 mills needed to pay off school bond issues (bonded indebtedness) making a total of 13.9.

New state law permits no higher than 10 mills can be levied by the School Board. And the proposed 3.9 mills needed to pay off school bond issues (bonded indebtedness) making a total of 13.9.

**Hikes Budget \$139,700**

By JACK LIVERLY

The proposed budget increase of \$139,700 was moved and passed last night in a swift and unanimous vote by the Seminole County Board of Commissioners at their board meeting held in the newly decorated offices at First Street and Park Avenue. The motion for adoption was made by member Lee P. Moore after presentation by Port Authority Administrator Francis E. Rountree.

In the original million dollar budget, land cost has risen from \$107,223 to \$128,700 with land purchases to date totaling \$37,977 and \$71,820 deposited with the court.

Construction costs, and the biggest item, increasing due to the general inflation, escalated from \$765,050 to \$908,400, according to the report submitted by the engineering firm of Lockwood Greene of Spartanburg, S.C.

Item three, the fees covering architects and engineers, dropped slightly to \$56,000 from \$61,150 and Rountree seemed to feel that, "while the figure is close, however it is the engineers' estimate for their final figure is lower than the budgeted amount."

The legal reserve of \$15,000 was lowered by \$5,000 from \$25,000 when it was decided to lease in lieu of purchase.

The contingency fund consisting of \$23,677 took the biggest dive of all in dropping to \$4,400 as the board felt that insurance at 1 1/2 percent for all proposed construction figures now equals the engineer's estimate of cost, a large contingency fund is no longer required.

The last item, that of government expense, remained at \$7,200, a figure that is constant and set by the government inspectors, according to Administrator Rountree.

Approval of the proposed budget removes the last barrier on the local level and the proposal now is being readied for forwarding to the U.S. Office of Housing and Urban Development (HUD) in Atlanta, Georgia, for final approval.

The Seminole County Port Authority, upon receiving final HUD approval, immediately will begin construction.

Equipment for the construction will begin, according to Chairman Andrew Carraway.

It was brought out at the meeting that the original budget that has been approved by HUD officers of one million dollars and the original proposal of \$1,000,000 will no longer suffice to build the port because of inflation of cost, a large contingency fund is no longer required.

The last item, that of government expense, remained at \$7,200, a figure that is constant and set by the government inspectors, according to Administrator Rountree.

# Chief Removes Self From Post

By DONNA ESTES

George A. Kelsey, under indictment by the grand jury for conspiracy and accepting bribes voluntarily placed himself on inactive status as police chief of Orlando, it was revealed at the special meeting of the City Council last night.

Kelsey who has served that Southeast Seminole County municipality for the past 20 years as its chief law enforcement officer assured the Council he will stay out of uniform pending completion of an investigation into the offenses alleged to have occurred in the City.

At recommendation of City Attorney G. Aigerson Spear, a committee composed of Councilmen Kirby Bucklewey, Rex Clonts and Edward Kasell was appointed to investigate the charges and make report to Council with recommendations of action to be taken concerning Kelsey's position with the police department. Bucklewey is chairman of the committee.

The city charter requires investigations into reported misconduct by city officials. Two charges alleged to have occurred in Orlando is that Kelsey accepted a bribe of \$17 for not citing a person for operating a motor vehicle without a license and that he conducted a license examination known as "balls and cats."

Manuelo Council Chairman William Martin said he has never seen anything to indicate that Kelsey was anything other than a fine police officer.

While the investigation of Kelsey is proceeding, Patrolman Kenneth Triplett will continue as police patrolman. Martin said the city also plans to hire a part-time temporary police officer.

**Port Ready To Call For Building Bids**

By JACK LIVERLY

The proposed budget increase of \$139,700 was moved and passed last night in a swift and unanimous vote by the Seminole County Board of Commissioners at their board meeting held in the newly decorated offices at First Street and Park Avenue. The motion for adoption was made by member Lee P. Moore after presentation by Port Authority Administrator Francis E. Rountree.

In the original million dollar budget, land cost has risen from \$107,223 to \$128,700 with land purchases to date totaling \$37,977 and \$71,820 deposited with the court.

Construction costs, and the biggest item, increasing due to the general inflation, escalated from \$765,050 to \$908,400, according to the report submitted by the engineering firm of Lockwood Greene of Spartanburg, S.C.

Item three, the fees covering architects and engineers, dropped slightly to \$56,000 from \$61,150 and Rountree seemed to feel that, "while the figure is close, however it is the engineers' estimate for their final figure is lower than the budgeted amount."

The legal reserve of \$15,000 was lowered by \$5,000 from \$25,000 when it was decided to lease in lieu of purchase.

The contingency fund consisting of \$23,677 took the biggest dive of all in dropping to \$4,400 as the board felt that insurance at 1 1/2 percent for all proposed construction figures now equals the engineer's estimate of cost, a large contingency fund is no longer required.

The last item, that of government expense, remained at \$7,200, a figure that is constant and set by the government inspectors, according to Administrator Rountree.

Approval of the proposed budget removes the last barrier on the local level and the proposal now is being readied for forwarding to the U.S. Office of Housing and Urban Development (HUD) in Atlanta, Georgia, for final approval.

The Seminole County Port Authority, upon receiving final HUD approval, immediately will begin construction.

Equipment for the construction will begin, according to Chairman Andrew Carraway.

It was brought out at the meeting that the original budget that has been approved by HUD officers of one million dollars and the original proposal of \$1,000,000 will no longer suffice to build the port because of inflation of cost, a large contingency fund is no longer required.

**Critical Drought Looming**

TALLAHASSEE (AP)—Florida is facing a drought building worse than the critical water shortage that caused millions of dollars of damage last year. Gov. Claude Kirk reported that with rainfall this spring only a fraction of normal amounts in general rains to relieve the condition. Kirk called on all citizens to "take a special precaution against forest fires."

"Statewide drought, dropping water tables and cumulative rain deficits continue to intensify the forest fire hazard," the governor said reporting that millions of acres of commercial forest land are at critical fire danger levels.

In addition to the forest fire danger, there were predictions that the continued lack of rain could damage Florida fruit and vegetable crops and cause shortages in water supplies for some communities.

"Florida's citrus needs sub-buster rains within a week" to prevent damage to the 1968-69 crop, reports Wilson McGee of United Growers.

**Hobby Asks Fast Trial**

Former Seminole Sheriff Judson Luther Hobby told packed Circuit courtroom today he wants a "speedy trial" date fixed, "so the people of Seminole County will have opportunity to vote on a man a jury has acquitted."

Hobby, accused on eight bribery counts, plead not guilty through his attorney, Mack Cleveland, and requested Judge Volie A. Williams Jr. to arrange with Judge Tom Waddell to fix a trial date before the May 7 primary election date.

Hobby is one of six candidates seeking the office of Seminole County sheriff.

position he formerly held until relieved by Gov. Claude Kirk.

Judge Williams said it would be up to Waddell to fix trial date before May 7, and allowed Cleveland until Monday noon to file any motions.

Hobby was one of 42 persons indicted by recent grand jury and arraigned today in the Spring term of Circuit Court.

Orlando Police Chief George Kelsey, accused in four indictments, charging bribery and gambling, pleaded not guilty and was given until Monday noon by Williams to file motions to dismiss charges. Kelsey is also a candidate for county sheriff and along with Hobby was the second lawman indicted for alleged wrongdoing while in office.

Attorney Gordon Frederick, representing Kelsey, indicated to The Herald that at least one of the indictments would be dismissed. Kelsey also indicated his desire for a speedy hearing of the charges.

Dates mentioned by State Attorney Dominick Salfi as possible trial dates for all accused were May 30, June 3 or 7.

**Seminole Land Usage Study Opens May 8**

Study by the county planning and zoning commission, expected in 1900 should exceed 300,000 persons. Hanson pointed out charts were prepared before advent of General Dynamics, Port of Sanford and expected industrialization of Sanford Naval Air Station, which should increase growth of county at an even faster rate than anticipated.

Godlin is to complete report this coming week showing justification and explanation for his planning recommendation.

Hanson said final adoption of the report could take from three months to three years.

**School Tax Millage Cut Pictured**

By BILL SCOTT

(Fourth in a Series)

Seminole County property owners are presently paying 13.97 mills per \$100.00 assessed valuation for schools. With a \$16.3 million school bond issue source, this tax can be reduced to 13.9 mills or a reduction of .07 mills.

This is possible under the following plan, which has been proposed by the county School Board.

New state law permits no higher than 10 mills can be levied by the School Board. And the proposed 3.9 mills needed to pay off school bond issues (bonded indebtedness) making a total of 13.9.

This plan is in line with new state law which governs only ordinary millage, but does not affect board's authority to levy millage above ten to pay off bonded indebtedness. This 3.9 indebtedness will be reduced as the bonds are paid off during the 20 years they will be actively drawing interest at an expected 4.5 per cent, since the county can expect an average increase of \$10 million per year in new assessed valuation. This is in line with county's rate of growth in past 10 years.

County will be paying back the school bond issue actually rolls back the total property assessment to 13.9 mills per \$100.00—a saving of .07.

**300 Launch FCA Here**

By JOHN A. SPOLSKI

He proved that you can catch more bees with honey.

Fortunately, the more than 300 who attended the first annual Fellowship of Christian Athletes banquet at Sanford Civic Center last night "caught" a very gifted and extremely entertaining speaker in Jim Jeffrey, executive director of the Fellowship of Christian Athletes, Kansas City, Mo.

From the moment Jeffrey who is one of the most expert jugglers the audience had ever seen, went on stage, his charm and wit gave an early indication that it would be a night long to be remembered.

Jeffrey displayed his intimate knowledge of captivating the audience by constantly injecting the name of an individual he was talking about during his juggling act, he dropped one of the balls which was retrieved by Sanford's Mayor Vincent Roberts.

It was at this point that Jeffrey "brought the house down" with his remarks directed to the Mayor and said, "I like your suit, your car. As a matter of fact, the next time they come back in style I think I'll go out and buy one."

The humorous vein was changed abruptly by the former Baylor football great as he touched upon the FCA theme. "Our land is the stronger, thanks to its Christian athletes. The FCA is not ever intended to be in conflict with any church, but rather, to strengthen and supplement and influence our young men to become better students and sons. God wants you to always be at your best."

Although Jeffrey's keynote address was met with overwhelming success, a surprise note of recognition directed toward Dr. John Morgan brought the throng to its feet in a standing ovation for Morgan.

While reading the City of Sanford "FCA Day" proclamation, Mayor Roberts lauded the untiring efforts of Dr. Morgan, not only in the reception of the Sanford chapter of the FCA, but for the many years of time, efforts and personal contributions made by Morgan in the local athletic field, generally. This has been especially true with regard to Seminole High School athletes.

Roberts also presented the "keys to the city" to Jeffrey, with a request that "I hope
