Officers demolish crack houses

Nine structures torn down after numerous arrests; property owner still owes taxes

By Christopher Patton Staff Writer

SANFORD — For more than a year, Seminole County Sheriff's Department Deputy Jason Bender has been working to get the nine "crack" houses torn down on the corner of 18th Street and Southwest Road.

Monday morning, several

SCSD officials and nearby residents watched as a demolition crew — funded through a \$21,000 Community Development Block Grant — took several hours to level the nine decrepit structures. The houses were originally located at the Sanford Naval Station and were moved to the Goldsboro Community in the 1920s.

"This is probably the largest See Demolition, Page 8A

number of structures we have torn down at one time," said Bender, a Seminole High School graduate. "I worked this area for awhile and I made arrests (at these homes) for people smoking crack cocaine."

Bender, who used to work as a beat cop in the Sanford area and has recently been assigned to property crimes investigations, estimates he made almost a dozen arrests in an eight-month

The Barn, a famous stop for country music greats, will reopen in June

By Christopher Patton Staff Writer

SANFORD — For more four years the Barn on U.S. Highway 17/92 and 13th Street has sat vacant, but Tuesday afternoon the faint twang of country musicians could almost be heard again as new owner Tom Wetherald opened

the front doors.

Although the Barn will not officially open until the middle of June, Wetherald plans to start taking applications for employment late next week. He anticipates to hire 40 employees to man the 18,000-square-front facility built for square-foot facility built for boot-scoot boogyin'.
"I have been in this business

for more than 20 years," said Wetherald who is originally from Indiana, but currently resides in Heathrow. "I didn't know much about the bar until I got down here and every-body is talking about how somebody has bought the Barn. It's definitely a hot

Officials break ground for **PublixDirect**

By Michelle Jeria Managing Editor

LAKE MARY — Online grocery shopping is one step closer to becoming a reality for area

consumers.

Maitland's Realvest Partners
Inc., officially broke ground
Tuesday for PublixDirect, an
Internet-based distribution and
fulfillment center located in the Skyline Business Center.

Operations at the facility are scheduled to begin next spring.

"The walls should be up in three weeks," Realvest Chief Operating Officer Geoffrey Longstaff said. "We plan on handing it over to Public in handing it over to Publix in September."

Lake Mary city officials and dignitaries scoop the first shovel of dirt during a ground-breaking ceremony for the new PublixDirect.

Earlier this year, Publix Super Markets Inc. negotiated and finalized a lease agreement with Realvest for construction of its second on-line market in Florida.

The term for the seven-year, \$5 million lease begins in January.

The facility's initial construction should be completed by the end of this year, Longstaff said.

Once Realvest completes its porconstruction, PublixDirect will begin tenant renovations, including the place-ment of coolers, a bakery and other items needed to operate the distribution center.

Police bust businesses for serving alcohol to minors

By Nick Pfelfauf Staff Writer

Friday, May 11, officers from the Sanford Police Department Juvenile Unit of the Special Operations Division, along with members of the State Division of Alcoholic Beverages and Tobacco, conducted an alcohol compliance check of local stores and restaurants within the City of Sanford.

During this operation, under-aged juveniles, accompanied by officers, were sent into 65 establishments. Out of the 65, a total of 10 arrests were made for establishment's owners/employees selling alcoholic products to under aged persons.

The following arrests have been reported.

 Amar Jyothi, 59, was arrested at Super Discount Beverage, 2473 S. Park Avenue. An 18-year old girl purchased one 12-ounce Bud Light beer. Police said Jyothi

did not ask for identification.

• Izzat Mustafa Ideis, 59, was arrested at Ideis Food Store, 1506 W. 13th Street. While police said the defendant did request identification from the underage operative, he did not verbally ask about his age. The underage operative purchased a 12-ounce can of Budweiser.

 Severnia L. Lockhart, 33, was arrested at Lockhart's Fish Market, 1805 W. 13th Street. Police said the defendant requested identification from the underage operative and did not

Commissioners learn county has deficit in bus program

By Christopher Patton Staff Writer

SANFORD - Seminole County Commissioners were stunned Tuesday morning as County Manager Kevin Grace informed the board the county's transit budget is facing an \$850,000 deficit.

Mansfield: One of many who fought the odds

Ever hear of Annabell Mansfield? I imagine few have. But according to my resource

..... materials, she was born as Belle Aurelia Babb, on May 23, 1846 in Iowa. Her claim to fame is that she is considered the first woman to be admitted to the legal profession in the United States.

She was admitted to the Iowa bar in 1869, while teaching at Iowa Wesleyan College. According to examiners, "she

Pfeifauf gave the very best rebuke possible to the imputation that ladies cannot qualify for the practice of law." Apparently, her argument held firm, as today, authorities say more than 50 percent of law students, and the same number of graduates admitted to the bar, are females. Look at the listings in the local telephone book under Attorneys. Female names appear time after time, with many being partners in the law firm with which they are connected. Mansfield really started some-

Mansfield however, never did practice law. She continued her career as an educator, joining the faculty of DePauw University in Greencastle, Indiana, where she became dean of the schools of art and music.

She was one of the first women college professors and administrators in the U.S. She was also credited with being instrumental in the founding of the Iowa Woman Suffrage Society in 1870. She died in Aurora, Illinois on Aug, 2, 1911, at the age of 65.

That's many "firsts" for one woman — but over the centuries, we have had others who probably qualify for such a designation. History records the first woman to fly an airplane, drive a motor vehicle, be allowed to vote in an election, be elected to a govern-ment position, etc. We also have "the first Black, or African American" woman to accomplish some fete, such as Dr. Velma Williams, the first African American woman to be elected to the Sanford City

Sandra Day O'Connor was the first woman associate justice on the U.S. Supreme Court in 1981. Geraldine Ferraro was nominated to run as vice president in the Walter Mondale presidential campaign of 1984.

These women were and are role models for women around the globe. Hopefully, schools teach this, not only for the enrichment of knowledge for the girls, but to teach the boys more about the role females have and are

having in our society. Look around us. We have females doing what they were never found doing several decades ago. There are women on our road construction crews, even driving bulldozers, female police officers and firefighters, and

on-and-on. Mansfield was a true pioneer in the professions. For school youngsters, consider this as you select a career for yourself. Just because women have not done something doesn't mean you can't do it.

Homeless man found in shallow grave

By Christopher Patton Staff Writer

Seminole County investigators discovered a shallow grave Saturday near the intersection of State Road

46 and Rhinehart Road. Investigators received a tip from a social worker that a grave was located at a homeless camp on the fiveacre track of property. The grave was described as less than four feet deep at its deepest point, and deputies said there were some signs

An autopsy performed Sunday, revealed that the man, John David Dykeman, 41, died of what appears to be foul play, according to the Seminole County Sheriff's Office.

Preliminary investigations have identified another homeless man, Gary Lee Miller, 46, as having information and or involvement in the death. According to SGSO, to consider Miller a suspect is incorrect because much of the evidence is "hearsay," however they do believe he has some "pertinent information" about Dykeman's death.

Investigators also believe Miller may no longer be present in Central Florida, but is still in the state. Miller has an outstanding arrest warrant in Osceola County on failure to appear and contempt-of-court charges. Anyone with information about

Officers plan to enhance enforcement of Zero Tolerance

It's Zero Tolerance. In other words, law enforcement officers are simply not going to put up with the use of alcohol and drugs during upcoming graduation or school's-out parties.

Law enforcement officers will be onducting an enhanced enforcement of the Zero Tolerance policy with regard to alcohol consumption by underage persons.

During the period of May 29 through June 2, law enforcement will be on the lookout for graduation par-

ties where alcohol is being served to, or consumed by persons under the age of 21. Law enforcement will also patrol local motels as well as monitor routes to and from the beaches.

Parents are also being put on notice that they face criminal charges ly alcohol to persons under 21. Even under parental supervision, it is still Illegal for their children, and their children's friends, to be consuming or in the possession of alcohol.

The Zero Tolerance effort also

applies to the possession and/or use of drugs.

Officers warn that any incident involving the possession of drugs or illegal use of alcohol will result in the arrest of the offender.

Agencies involved in the Zero rogram include inc Seminole County sheriff's office, State Attorney's Office, and police departments from Sanford, Altamonte Springs, Lake Mary, Casselberry, Oviedo, Longwood and Winter Springs.

Home Burglary Sanford police arrested three persons Saturday, as the result of a residential burglary.

According to the arrest report, three men had gone to the home in the 1400 block of Mara Court, kicking in the door and demanding to know where another individual was. After they left, the home owner contacted police and gave a description of their vehicle.

The vehicle was located and stopped by police at 11th Street and Orange Avenue. All three men were identified and placed under arrest.

They were identified as Travis Trevette Chandler, 18, of West 15th Street, Johnny Lee Jones, 21, of Wynnwood Drive, and a 17year old juvenile. Each was charged with burglary to an occupied dwelling, property damage over \$1,000 criminal mis**Domestic Cases**

 Bart Layne Draper, 41, Silver Cloud Circle, Lake Mary, was arrested Monday by Seminole County Sheriff's deputies. Officers said he had become involved in an altercation with a female in his vehicle, in a convenience store parking lot on U.S. Highway 17-92 in Longwood. While he left the scene, he returned, at which time police arrested him on a charge of battery, domestic violence.

Fredrich Brady Froehlich, 47 of Sanford, was arrested by Sanford police early Tuesday at his residence following a dispute with his wife. He was charged with battery, domestic violence.

Naked Man

A Seminole County Sheriff's deputy was assisting other deputies Saturday, after dark, involved in a crime scene investigation in a wooded area near

Rinehart Road and West SR-46, when he suddenly saw a man, without any clothing, run past his patrol car. The deputy called to the man to stop, but he kept on running. The deputy turned his flashlight on the man, but he continued running into the woods with the man yelling to him to turn off the light.

Eventually, the naked man stopped and asked the deputy to help him find his clothes and shoes. The deputy took him out of the woods and placed him under arrest. Although the man's age was estimated as 37, deputies could not determine an identity. He was eventually arrested as John Doe, and charged with indecent exposure and resisting an officer without violence.

Juan Carlos Sanchez, 20, of Apopka, was arrested by sheriff's deputies Monday. Officers had been called to a convenience store on SR-436 in Altamonte Springs, regarding theft by an employee. Officers found Sanchez had reportedly taken \$500 by using a credit card accidentally left by a customer, then a second amount of \$500. He was arrested and charged with grand theft of over \$300 and under \$2,000.

Traffic Stope

 Timothy Lenard McCloud, 21, San Marcos, Sanford, was arrested by deputies Sunday as the result of a traffic stop in

Castle Brewer Court. He was charged with possession of under 20 grams of marijuana

 Scottie Wayne McQuiston, 34, Dresden Court, Sanford, was stopped by Sanford Police Sunday at 25th Street and Old Lake Mary Road. He was charged with driving with a suspended license, improper temporary tag, license plate not assigned and expired motor vehide registration.

 Lawrence Keith Webb, 30, of Apopka, was stopped by deputies on Interstate-4 and SR046 early Tuesday. He was charged with driving under the influence of alcohol

 Shawn Michael Hickman, 27, Amethyst Court, Lake Mary, was stopped on East SR-434 by Longwood police Sunday. He was charged with driving under the influence of alcohol and possession of under 20 grams of mar-

Fond memories

Weldon's legacy will be remembered by many

Everyone who knew Dr. Earl S. Weldon will have fond memories of not only him, but what he accomplished in his 30 years at Seminole Community College.

Weldon

When he first started his presidency of the state's newest junior college in 1965, the school had only 600 students. Most of them were in portable buildings, but he made certain the quality of education could never be judged by the quality of the buildings themselves.

When he retired in January 1996, his leadership had transformed the junior college into one of the leading Community Colleges in the state. More than 30,000 students each year attend classes at one of SCC's campuses, which are no longer populated with portables, but rather magnificent buildings designed to provide top-notch learning facilities.

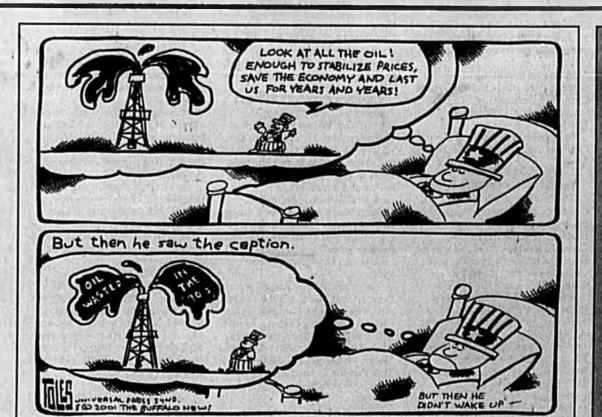

But Dr. Weldon's work at SCC is only one of the roles he played in the community. He was very active in the Salvation Army and served as a member of the advisory board. He was former chairman of the board at Central Florida Regional Hospital, and president of the board of directors and executive committee of the Sanford Chamber of Commerce. He was also president and board member of Kiwanis Club of Sanford, active in Prison Ministries and Central Florida Boy Scouts.

Dr. Weldon became deeply involved in every board or organization with which he was affiliated. In his attendance at the meetings of these various organizations, Dr. Weldon was an unassuming, soft-spoken member. His gentle way, however, belied the leadership the man provided to any organization he was a part of.

Dr. Weldon's easy nature allowed him to converse with anyone, and he developed friendships easily. A very modest man, Dr. Weldon was pleased to be recognized for his accomplishments - Weldon Boulevard, the main entrance to SCC from U.S. Highway 17-92 is named in his honor — but preferred to focus on the accomplishments of his faculty and students. Out of respect, friends and colleagues addressed him as "Dr. Weldon," but he was just as happy to be known as "Earl."

Dr. Weldon died Saturday. A special gathering will be held Thursday, May 24 at 2 p.m. in the Fine and Performing Arts Center of SCC to pay tribute to his life. It won't be a time for goodbyes, however, because Dr. Weldon's legacy will continue to live on through the lives of students, alumni and faculty of Seminole Community College, the institution he so dearly loved.

Soan disturbed construction on memorial delayed

As a Charter Member of the World War II Memorial Society I am greatly disturbed to learn that construction of the National World War II Memorial in Washington, D.C., has once again been delayed indefinitely. I understand that still another public hearing will be held June 13 and 14,

This hearing appears to

stem from a procedural technistem from a procedural technicality which opponents of the Memorial are using to try to derail the project. Such a technicality should in no way abrogate the previous approvals by the National Capital Planning Commission and other commissions and boards responsible for preserv-ing our national heritage. After all, these approvals are the result of 22 public meetings, held in accordance with the Commemorative Works Act, since 1995. And based on these approvals a groundbreaking ceremony was held on

Veterans Day, November 11, 2000. A construction permit was issued in January by the National Parks Service to build the Memorial in its approved place of honor on the National

I am a combat veteran of World War II, having served with the 101st Airborne in the European theater. I am the lone survivor of five Sloan brothers who all served in combat during the war. I will be 80 years old a week after the public hearing in June and I long to see the Memorial completed in my lifetime. For

many it will come too late. Letters urging the National Capital Planning Commission to ratify its previous approvals may be e-mailed to:

War on drugs all about punishment, not treatment

Regina McKnight is a pathetic crackhead who has

Conway, S.C., mother of three ought to be sentenced to a supervised drug treatment program and subjected to random drug

Instead, she now faces 12 years in Cynthia prison. In a verdict Tucker that sets a dangerous precedent, a South rolina jury on Wednesday found her guilty of killing her unborn child by using cocaine while she was pregnant. This may be the first time that a woman has been found guilty of homicide because she used illegal narcotics during her preg-

nancy. Posing as a child's avenger, prosecutor Bert von Herrmann said, "The state needed to press forward because a child ended up dead." Don't be fooled. This case is not about pro-tecting children but rather about providing an opportunity to merge the interests of anti-abortionists and war-on-drugs hard-liners.

For a decade, the antiabortion movement -

ducted a guerrilla war on reproductive rights, chipping away at late-term abortions, fighting the abortion pill, forcing parental noti-fication for teenagers wanting the procedure. If antiabortionists can persuade a jury to con-

a fatal injury to a fetu a homicide, they win a major battle. Indeed, the U.S. House of Representatives recently passed the so-called Unborn Victims of Violence Act, which would make it a

crime to kill or injure a fetus during the commis-sion of one of 60 federal crimes. It represents a full frontal assault on Roe vs. Wade, the landmark 1973 Supreme Court ruling legalizing abortion.

And, of course, the hardliners of the so-called "war on drugs" want to incarcerate every man, woman and child who has ever sampled illegal narcotics, no matter how many Americans end

up under lock-and-key. President Bush's new drug czar, John Walters, is an extremist who has mocked drug treatment as

"the latest manifestation of the liberals' commitment to a 'therapeutic state' in which the government serves as the agent of per-sonal rehabilitation."

Even proponents of drug treatment would admit that it is no magic bullet. Those most dedicated to their own "personal rehabilitation" may experience many se backs and slip-ups; among recovering alcohol and drug addicts, relapses are com-mon. And forced rehab is most difficult with irresponsible crackheads like McKnight, who says she is pregnant again.
Addicts like McKnight

often destroy their children, if not with outright abuse, through neglect. Children of crackheads go hungry. They are left alone to burn up in house fires or to be molest-ed by predators.

They are not sent to school. Those children need the intervention of state

But there were more sensible ways to force

McKnight to get clean. If the state of South Carolina gazed about per chiliffer it would find a decent foster home for them and give McKnight a year to get her act together. If she didn't, the state should have gone to court to terminate her

parental rights and put up her kids for adoption. Even a sentence of forced long-term contraception using Norplant, for example - would have made more sense. The use of Norplant a sentence for ofte nant crackheads is controversial, but it would have been less harsh than 12 years of incarceration. After all, it is fully reversible and would give McKnight the opportunity to a mother again if she ever broke free of her cocaine addiction.

But that would require a drug policy that actually wants to see drug addicts
— including poor and
unsympathetic crackheads like McKnight - redeem themselves. That's not the drug policy America has put in place. Ours is a "war on drugs" that makes war on drug users.

Friends, Martin Luther King Jr. city of Sanford Steering Committee, and the residents of District Two will honor a special lady, City of Sanford Commissioner Dr. Velma Hayes Williams, for her achievements for the children, students, citizens of Sanford and Seminole

County community.

The community is invited to Commissioner Williams Celebration, "An Evening to Remember" honor program, Saturday, May 26 at 7 p.m. at Calvary Temple of Praise, 2020 McCracken Road, Sanford, Pastor Paul Wright.

Commissioner Dr. Williams has been a drum major for change in the lives of thousands of youth in the education system and for many changes and improvements in the Sanford community.

Her concern for having a better quality of life for all Sanford residents can be seen in the improvements in her district.

Commissioner Williams, a very passionate, dedicated person, continues to work on behalf of the residents of Sanford.

Friday, May 18, a project taken on by Commissioner

Williams

Williams for the improvement of the residents of Goldsboro was witnessed by the Goldsboro residents. It was the awarding of the Front Porch Grant presented by Florida Governor Jeb Bush. Through the efforts and leadership of Commissioner Williams, a grant of \$30,000 was presented to assist the residents of the Goldsboro area for the revitalization of the community. Currently serving her second term as the first African American female commissioner, she is always available to listen to the citizens.

Please come join the community as we bestow honors on this passionate servant of the people.

Program to honor Williams SCC schedules free Mars viewings

Mars will be making its closest approach to the Earth in fifteen years next month. Only the one

in 2003 will be closer. While the SCC Planetarium will be closed for renovations this summer, we have joined with the Central Florida Astronomical Society (CFAS) to bring the Central Florida public and media a chance to see this event close-up, through our telescopes. Five watches have been scheduled for the month of June. one every Friday evening to allow for more opportunities to visit one as well as allowing for possible poor weather on some nights. All Mars Watches are

June 1: This first Mars Watch will be a joint CFAS/SCC Planetarium event hosted at the

University of Central Florida's Robinson Observatory on Neptune Drive on the UCF Main Campus. The Robinson Observatory houses the second largest telescope, a 26" Schmidt-Cassegrain, in Florida, and one of the largest in the world routinely available to amateur astronomers and the public. In addition to the 26" telescope, there will be some smaller telescopes available as well as the SCC Planetarium's computerized telescope equipped with a video camera for people to view Mars on a monitor in between views through the other telescopes. The Mars Watch will begin as soon as Mars is high enough in the sky to see, about 10:30 PM. This Mars Watch will provide an excellent opportunity for live remote broadcasts on local 10

o'clock and 11 o'clock news programming.

June 8: Our second Mars Watch will be at the SCC Planetarium on the Main Campus of Seminole Community College at 100 Weldon Blvd, Sanford, Florida at 9:30 PM.

June 15: Our third Mars Watch and all others will also be at the SCC Planetarium on the Main Campus of Seminole Community College. Mars Opposition, i.e., when Mars is exactly opposite the Earth from the Sun, will occur with 24 hours of this Mars Watch on June 16th. This Mars watch will begin at 9:30 PM.

June 22: Mars will reach its closest point to the Earth on this date and the members of CFAS will be joining us at the SCC Planetarium for what should be the best of the Mars Watches starting at 9:00 PM.

June 29: Our final Mars Watch will begin at 9:00 PM for all those who missed earlier chances, once again at the SCC Planetarium.

Mars is currently a brilliant prange-red "star" in the latenight southeastern sky. Already surface details and the polar ice cap are readily visible in our telescopes. By June 22nd, even more details as well as clouds should be easy to see, so don't miss this

amazing event. For further details, please contact: Laurent A. Pellerin, Jr. at 407-328-2409.

Hurricane names announced for 2001-2002 season

The government's NOAA, National Oceanic and Atmospheric Administration. has issued the list of names for this year's hurricane season. The names include:

Allison Barry Chantal Dean

Erin Felix Gabrielle Humberto Iris lerry Karen Lorenzo Michelle Noel

Olga Pablo Rebekah Sebastien Tanya Van

Wendy. The names are actually part of lists which are used every six years. The only changes made

are those which were active during that year. Humberto therefore, is a new name, replacing Hugo, which was a disaster back in 1989. Lorenzo, Michelle, Olga and Rebekah are all new as well, replacing Lusi, Marilyn, Opal and Roxanne which caused damage back in 1995.

Weldon ·

Continued from Page 1A missed."

Born in Gainesville, Weldon moved to Central Florida in 1965. He was a member of First United Methodist Church in Sanford.

A University of Florida graduate, he began his career in the Florida Junior College system in 1962 as Dean of Instruction at St. Johns River Junior College.

In 1965, the Seminole County School Board selected the 36year-old Weldon to establish the state's 23rd junior college. His vision, commitment and dedication helped to move the Junior College, originally a few small buildings, mostly porta-bles, to one of the state's finest post-secondary schools.

During the time he served as President, the school grew from 600 students to over 30,000 with more than 600,000 students enrolled at SCC during

his 30 years.
While heading up the college, Weldon served as chairman of the Council of Presidents of Florida's Community Colleges, president of the Florida Association of Colleges and Universities, and the Florida Community College Activities Association. In 1994, he was awarded the Florida **Association of Community** College's President's Award for Professional Excellence.

Weldon retired as President of SCC in January 1996 after 30 years in that position. The members of the SCC District Board of Trustees unanimously

voted to name him President Emeritus. Dr. Weldon's lega-Locally, he was an active member

of the Seminole County community. He served as board member, president, or advisory committee member to numerous civic and service organizations.

Weldon was past Chairman of the Salvation Army in Sanford, and served on the Salvation Army Board in Seminole County.

He was a former chairman of the board for Central Florida Regional Hospital, president of the board of directors and executive committee of the Sanford Chamber of Commerce, board member of First Federal of Seminole, president and board member of Kiwanis Club of Sanford, and a member of the "President's Council" of the Prison Ministries Council and Central Florida Autistic Society. Weldon also served on the advisory committee of the Central Florida Boy Scouts of America.

He served in the U.S. Army during the Korean conflict. Survivors include wife, Geraldine "Gerry" Weldon,

Ann McGee

SCC President

Sanford; son, Steve, Howell, N.J.; daughter, Janice Hickson, Sanford; sister, Patricia Wilson, Huntsville, Alabama; four grandchildren.

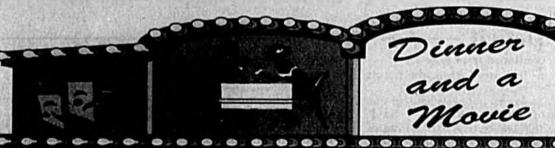

> Funeral services will be 2 p.m., Wednesday, May 23, at First United Methodist Church in Sanford, with Major Bruce Williams of the

Salvation Army and the Rev. Jim Bradshaw of First United Methodist Church officiating. Burial will be in Evergreen Cemetery.

There will be a special memorial ceremony, Thursday, May 24, at 2 p.m., in the Seminole Community College Concert Hall (Building-G) at the Sanford/Lake Mary Campus. The memorial ceremony is open to the public.

In lieu of flowers, the family has asked that contributions be made to the SCC Foundation to support the Weldon Scholarship Program.

Arrangements under the direction of Brisson Funeral Home, Sanford.

period at the tract of homes. He said other agencies have also made numerous arrests.

Although several houses were occupied by residents, the remaining homes were a haven for vagrants and drifters, which ultimately resulted in Illegal activities. The ousted tenants found refuge in nearby low income housing units after having three weeks notice.

These houses were some of the worst in the area," Bender "We said. used to drive in here with an unmarked car and it was amazing what you would see here."

The property is currently owned by David and Tonya Rowland, but according to Al White, Seminole County code enforcement agent, the landlords owe \$13,000 in back taxes and "really didn't care for property." It's estimated the landlords did not pick-up the monthly rent from tenants for more than a year, however there is still speculation of what will become of the

property.
If it was up to some local residents the land would be used for a new park.

A danger notice warns vagrants of this structures impending demolition. Nine houses were torn down Monday as part of an effort by the Seminole County Sheriff's Office to stop illegal activity in the neighborhood.

they sure are helping the com-munity," Johnny Knight said as he watched the demolition. "They'll (crack users) just go someplace else, but at least they won't be here anymore."

According to Knight while he was in the first grade his sister rented one of the homes and he frequently stayed with her.

"They may not realize it, but raggedy-ass house," he said.

"They don't have anything out this way for the children and this would be a great place for a park."

Another resident, Lovett Thomas, was glad to finally see the homes go and also thinks the land would be a great place for a

"They should of been down 50 years ago," Lovett said. "You'd get tired of looking at them

when you'd drive through here." No matter what becomes of this property, identifying prob-lem areas in the community one of SCSD duties, according to SCSD Lt. Bernie Erwin.

"We have had all our uni formed deputies to get out in the community to identify problem areas," he said. "We're real big into solving problems in the community."

Perhaps one of the things Wetherald is most impressed with is the condition of the

building.
"There's no doubt in mind it won't take anytime to get it open," he said. "It's in real good shape — the best building I've seen.

According to Wetherald, he's a flexible person and wants to give the people what they want, but in his game there is no three strikes and your out.

"I don't put up with much," Wetherald said. "I like everybody to have a good time. If they're causing trouble they're

Publix as our partner," Longstaff said. "We are counting on them

being here for a long time."

Lake Mary's facility is the second PublixDirect under construction in Florida, PublixDirect President Tom O'Conner said. A similar facility in Broward County is nearing completion, and the company also recently broke ground for a PublixDirect distribution center in Atlanta,

"This is another way of serv-ing our customers," O'Conner said. "Publix entered this new venture to offer multiple channels to our shoppers.

Once complete, the Lake Mary facility will serve as a warehouse distribution center for people ordering groceries on the Internet, O'Conner said. The distribution center will serve peo-ple, who make their selections on the Internet and pay by credit card, in a 25-mile radius, and

orders will be delivered within a 24-hour period through a small fleet of vehicles.

When the distribution center opens in spring, it will create about 300 jobs during a four-year period with an average salary of \$31,700. The facility will include a 121,000 squarefoot distribution center with an estimated capital investment of \$17.3 million.

As one of the demonstration sites for Publix' new venture, Lake Mary City Manager John Litton said the facility is a clean addition to the city's 1-4 corridor extension.

"It means that Lake Mary's reputation has gone a long way in attracting a quality industry such as Publix," Litton said

"Applying a new technology is what our city is about." For more information about PublixDirect and its job opportu-

Continued from Page 1A to find areas where the transit

service can be trimmed. "We have to evaluate all our

options," McLain said. "Originally, we looked for routes from Seminole County to go to Orange County, but now commuting east and west within the county is more of a priority. We need to reevaluate the money we are spending on mass transit."

According to Grace, this is just one of the "budget challenges" the commission will have to face as they prepare next year's bud-get in July.

The discussions surrounding the high transit operating cost swayed as commissioners also discussed the future of the light

rail transportation system.
"I don't think it's that complicated," Chairman Dick Van Der Weide said. "If they don't address these two things (Sanford Airport and Altamonte Springs) they won't get any cooperation. I think Seminole County is in an excellent posltion to have our issues heard,

and quite frankly prevail.

"Our major focus is moving people within the county first of

people want to ride the rall to go to Orange County fine."

According to McLain, the Metropolitan Planning Organization technical committee is planning to have completed its study of the light rail in the upcoming month, however McLain said "we might not pre-pared to vote on this in June."

Several commissioners are balking at that new study that has the light rail traveling near Interstate 4 because the secondary roads that lead to Interstate 4 are already jammed. Iremmon blad Har boldenici

Mexican Tea: An interesting botanical find

The Mexican-tea is related to pigweed and other weeds, and considered by many as just another weed. In reali-

munity pride through artistic

ty, it is one of those plants that have many possible uses but many of them have just been overlooked.

The aromatic leaves impart an unusual flavor to cooked dishes and it is commonly used to make tea. It has been found to have antiparasitic, anti-bacterial, anti-fungal and antiviral properties without notice-

able side effects to people and higher plants. The plant is host of natural predators that are effective bio-control agents. A weed with these many

remarkable properties certainly deserves a second look.

Botanical Aspects The Mexican-tea,

Chenopodium ambrosioides is native to tropical America but has naturalized throughout much of the United States including Florida. It is an herb with alternate, elongated, toothed leaves, about 1 inch

long.
The most characteristic feature of the plant is the presence on the lower surface of the leaves, of strongly scented, tiny, golden-colored, glandular, resinous dots that can be seen when viewed with a 10 times hand-lens.

The flowers are tiny, green, in spike-like clusters. Individual flowers lack petals, have five persisting sepals enclosing the fruit, and have five stamens. The stem is grooved and can reach up to 3 feet tall. The plant has a pungent odor.

General Uses

Leaves of this plant are added to other foods as a flavoring agent for corn, beans, rice, soups, fish and seafood. It is used to make tea in Mexico, Germany and the West Indies.

> Medicinal Uses In Mexico, the tender new growth of the Mexican-tea is used as an additive to foods. This intensive daily use for flavoring food makes it an effective treatment for controlling

intestinal parasites because it is a mild toxicant and does not completely kill these parasites.

The repetitive use of the plant is necessary to maintain a person free of worms. The active ingredient is called "ascaridole" and has been described as effective in expelling intestinal parasites. The oil extracted from this plant is very dangerous because the therapeutic dose is close to minimum toxic levels. Overdoses of this oil lead to vomiting, convulsions, weakness, sleepiness, and cardiac and respiratory difficulties

Experiments indicate that the oil produces a toxic action of the liver and, when severe poisoning occurs, induces a fatal coma. Amazonian Indians use this plant as a purgative, intesti-nal worm medicine, contraceptive and to induce labor.

In the Philippines, poultices of this plant are applied to abdomens of children to cure stomachaches. In Africa, according to some reports, its seeds are used to control insects.

Ecological Considerations

Mexican-tea probably plays an important role as a host for at least 28 predator insect species and nine species of spiders. This observation indicates that it can be used to increase

Wife suspects man's greeting cards are not meant for her

Dear

Abby

DEAR ABBY: Over the past year, I have found several unsigned romantic greeting welcome as long as children cards in my husband's truck, or in bags stashed welcome as long as children are accompanied by parents.

throughout the house. I would wait a few days to see if I received any of them, and after time passed, confront my husband about them. He said he was waiting for the "right opportunity" to give them to me.

Well, it's been months, and I haven't received a single card from my husband. I'm beginning to wonder if there is someone else who is getting them.

Should I confront him again or keep waiting to see what happens?

WAITING FOR MAIL IN PHILLY

DEAR WAITING: You've waited long enough. If the cards were meant for you, you would have received at least a few of them. Tell your husband that unless he straight-ens out and flies right, you'll send HIM a card that says, "Change of Address."

DEAR ABBY: I live in a hot climate. I have the only swimming pool in the area. My neighbors and their children have taken an invitation to swim on a particular day as an opportunity to use my pool whenever their hearts desire.

DEAR ABBY: I am the mother of a beautiful 2 1/2-year-old girl. She lives with her adoptive parents two hours from where I now live.

I know they love her very much and take excellent care of her.

Mother's Day has passed, but during the weeks leading up to it, I was reminded of it on television, in newspapers and in retail stores - everywhere I turned. Mothers are very important and should be honored by their children and husbands, but I am a mother, too!

I did what I thought was best for my daughter by giving her to parents who could take better care of her than I. I don't begrudge them anything, but I am tired of being forgotten on

Mother's Day.
Please, Abby, I know Mother's Day has passed, but would you wish a belated Happy Mother's Day to all birth mothers, especially the ones with no one else to say it? **BIRTH MOTHER**

New school, new staff

Preparations are under way for the new Altermese Bentley Elementary School in Sanford, which is scheduled to open its door this fall. Altermese Bentley School Principal Ron Nathan, pictured left with Ms. Bentley, recently met with some of his new staff members, who are pictured above. Altermese Bentley Elementary School is located at 2190 Oregon Ave. on 17 acres of land. The school will have a capacity to house 800 students. A Sanford native, Bentley grew up in Bartow, where her father served as pastor of Mount Gilboa Baptist Church. After receiving her teaching certificate, Bentley taught school in Florida and Philadelphia, where she retired on Jan. 31, 1975. She also was the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and the supervisor of elementary education in Columbia County, Bartley, and Columbia County, Bartley, Bartley, County, Bartley, Coun sor of elementary education in Columbia County. Bentley is active in the church and has helped develop programs for youth groups, women's mission organizations and Christian education departments. She is the author of "The History of the First South Florida Missionary Baptist Association, 1888-1989" and "Georgetown: The History of a Black Neighborhood." The Seminole County School Board voted to name the new school in honor of Bentley last year.

Try Lake Istokpoga

This week we will look at Lake lstokpoga on our tour of the Top 10 bass fishing lakes in Florida according to the Florida Fish and Wildlife

Jim Shupe

Commission. The 28,000-acre Lake latokpoga is often overlooked by bass tinglers who fish the Kissimmee Chain of Lakes to the north and Lake Okeechobee to the south. Situated in Highlands

County between U.S. 27 and U.S. 98 south of Sebring, Istokpoga is the fifth largest natural lake in Florida.

Anglers frequently catch bass up to eight pounds, with some between 10 and 13 pounds. A 16-pound bass was caught by an angler in March 1998.

Bass fishing is excellent throughout the year.

From January through April, bass spawn in bulrush and deepwater cattail stands along the shoreline and around the lake's two islands (Big Island and Bumblebee Island). Flipping soft plastics in bulrush patches and in pockets of submerged vegetation can be productive during the

In spring and summer, topwater lures and jerkbalts worked over the top of hydrilla and pondweed in the south half of the lake are often successful.

Weedless spoons tipped with grub tails and spinnerbaits fished over pondweed south of Bumblebee Island are deadly on bass during early morning. Rattling lures (silver, gold, end "Tennessee Shad" are excellent colors) also can be effective during school in open water areas alone the north end of the lake. A live shiner fished a few feet under a popping cork is the most reliable bait for catching trophy bass.

Lake Istokpoga has a 15-to 24-inch slot limit for bass with a three fish daily bag limit, of which only one bass may be 24 inches or longer. All residents between 16 and 65 years of age and all nonresidents are required to have a fishing license. Several fish camps and

four public boat ramps provide access to the lake. For more information

about lodging and other amenities around Lake Istokpoga, contact the Greater Sebring Chamber of Commerce at (863) 385-8448.

SHUPE'S SCOOP Never go fishing without using a quality pair of polarized sunglasses. The reflection off of the water is very haz-ardous to unprotected eyes.

FISHING FORECAST Snook action is fair at Sebastian Inlet. Also expect trout, redfish, and a few flounder. Large live shrimp or finger mullet are top baits. Trout are also hitting on the grass flats just inside the inlet.

River action continues to hold up due to low water levels and moderate air temperatures. Bass action is good, particularly from Puzzle Lake south to Lake Winder. Use a light spinning outfit with six-pound test and tiny Rapalas for some fun fishing. Bream and catfish are hitting mussels and worms in the deep bends.

Seminole Memorial invite this weekend

Special to the Herald

LONGWOOD - The Seminole Soccer Club will host the 23rd Annual Seminole Memorial Invitational Tournament this weekend (May 26-28), at the Seminole Soccer Complex and the adjacent Sylvan Lake Park in Sanford.

As one of the longest running tournaments in Florida, the Seminole Memorial Invitational Tournament continues to be a success year after year.

As many as 120 youth girls and boys soccer teams are expected to participate Annual soccer tourney set for Seminole Soccer Complex and Sylvan Lake Park

in this year's tournament.

"Both athletes and fans look forward to this annual event," said Jack Wett, executive director of the Seminole County Convention and Visitors Bureau. "Our optimal year-round climate and playing conditions in addition to our convenient location, great hotel accommodations, restaurants, shopping and entertainment

venues make Seminole County the perfect place for sports events and family

The Seminole Soccer Complex (West of Sanford off of S.R. 46) offers state-of-theart facilities with meticulously maintained fields, one of which is dedicated in memory of Dustin Garber, a soccer standout with the Seminole Soccer Club

who was killed in an automobile accident in February 1998. The adjacent, Lake Sylvan Park, offers six Bermuda turf grass fields with all the amenities. Tucked within the perimeter of parkland, the facilities are situated in the perfect location for sports and recreation.

Seminole County visitors and residents are encouraged to come out and join the fun. The energy and skill of the young athletes will impress fans of all ages.

Call the Seminole Soccer Complex at 407-321-7264 for schedule.

Lake Mary players have nothing to be ashamed of

By Dean Smith Sports Editor

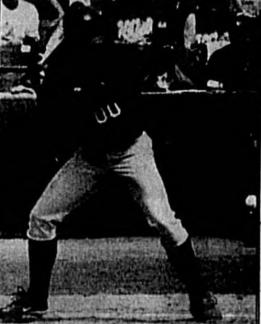

LAKE MARY - While the sting of coming so close to a state championship may never go away, the Lake Mary baseball team has nothing to hang its heads about.

When the final out was recorded in a 2-1 loss to Wellington last Friday at Legends Field in Tampa, you could feel the heartbreak among the players and fans all the way back to Seminole County.

When the players, coaches and fans recover from the shock they will have many See Rams, Page 4B

Lake Mary High School students (top photo, left to right) Robbie Frater, Evan Kosmac, Joey Licata and Brent McLaughlin leave no doubt as to who they were rooting for last Friday morning at Tampa's Legends Field. The day ended up being a bitter-sweet one for the Rams as senior's Chad LeGate (#00, middle), #6 Matt Mergo (right, silding into second with a stolen base) and #48 Adam Sanabriz (left) all did well but it all went for naught as Wellington High School edged Lake Mary, 2-1, in the FHSAA Class 8A State Semifinals.

SAC trio finish in Top 10 in state weightlifting

Sports Editor

DeLAND — Led by a state record lift by Seminole High School's Quoc Van, the Seminole Athletic Conference had three teams in the Top 10 and four teams in the Top 13 at the Florida High School Activities Association (FHSAA) Class 2A Florida Weightlifting Finals at held in the new Dog House at DeLand High School.

Van lifted a State-Record 255-pounds in the Clean-and-Jerk and finished with a 490pound total to win the 129-pound Weight Class by 10 pounds over Oviedo's James Jordan.

That class ended up being dominated by SAC school's as Lyman's Ryan Dalrymple hefted 430-pounds to finish sixth. Van was one of three county lifters to win

individual state titles. Winter Springs' Daniel Mactezyma (435 pounds) won the 119-pound Class and Lake Brantley's Jon Koren (625-pounds) claimed

the 169-pound Class. Mactezyma and Koren's efforts led the Bears and Patriots to a tie for fourth place with 14 points.

Spruce Creek again dominated the State Meet, rolling up 37 points, but it was close after that with Eagle Lake-Lake Region and Pensacola-Pine Forest tying for second with

18 points.
The Fighting Seminoles also gave a good account of themselves, scoring seven points to tie for ninth place.

Oviedo wound up tied for 13 with six points, while Lake Mary and Lyman tied for 30th with one point each.

The top six finishers in each weight class

scored points.
Other locals scoring points were Winter Springs' Esteban Murrillo, second with 515pounds in the 139-Pound Class; Lake Brantley's Correy Kalish, third with 510pounds in the 139-pound Class; Oviedo's Andrew Bailey-Barnett, sixth with 530pounds in the 154-pound Class; and Lake Brantley's Fernando Fernandez, fourth with 655-pounds in the 219-pound Class.

Braves unbeaten in Minors

By Dean Smith Sports Editor

SANFORD — If the first three days of the City of Sanford Recreation and Parks Babe Ruth Baseball Cal Ripken Baseball Minor Division City Championship Series are any indication, the Braves are the champions this morning.

The Braves, the top-seeded team in the five-team tournament, rolled to a pair of convincing victories, 18-4 over the No. 3 seeded Cardinals and 13-5 over the No. 2 seeded Mariners, to reach Tuesday's finals at the new Youth Baseball Complex at Chase Park.

The Tournament opened last Tuesday, May 15th, with the Cardinals topping the fourth-seeded Marlins, 9-6, and the Mariners thumping the fifth-seeded A's, 14-1.
The Double-Elimination event

continued on Thursday with the Marlins ousting the A's by a 14-7 count and the Braves advancing to the Winner's Bracket finals with its 18-4 win over the Cardinals.

In the three games on Saturday, the Cardinals eliminated the Marlins, 14-5, before the Braves earned a spot in the finals with a 13-5 victory over the Mariners.

The Mariners quickly bounced back from the loss to end the season for the Cardinals, 7-4.

That cet up a 6 p.m. game between the Braves and Mariners on Tuesday and if the Mariners won that game, a Winner-Take-All Championship Game would have followed at 8

The four-team Cal Ripken Major Division (12-year-olds) City Championship Series will begin next Wednesday, May 30, with four games and conclude on Friday, weather permitting.

All four teams will play two games each on Wednesday, with the Expos taking on the Braves on the Major Field and the Cubs taking on the Marlins on the Minor Field at 5:45 p.m.

The two winner's will then meet on the Major Field and the two losing teams would play on the Minor Field at 8 p.m.

The Loser's Bracket final would be played at 5:45 p.m. on Thursday (May 31), with the winner of that game playing the undefeated team at 8 p.m. that same night.

If both teams have one loss after Thursday's games, the Winner-Take-All Championship Game would be played at 6 p.m. on Friday, June 1st.

The Mariners made quick work of the A's in the opening game, scoring four runs in each of the first and second inning, before putting a six-spot on the board in the third inning, the most runs a team can score in any one inning in the Minor Division, to take a 14-0 lead.

The A's finally scored in the top of the fourth inning, but it was far too little, too late as the game was called by the 10-run

BITHLO - It really didn't matter where Jason Boyd started last Friday night at Orlando Speedworld.

HI LO W HI LO W

The young man was on a mission as he claimed both the Super Late Model and Modified Joslin Memorial 50-lap races, winning over \$3,000 in prize money for his efforts.

This Friday night (May 25) Orlando Speedworld will be hosting round number two of the Florida Mini Stock Challenge "50" sponsored by South 40 Motorsports.

Also on the card will be heats and features in the regular FASCAR classes of Super Late Model, Modified, Sportsman, Super Stock & Strictly Stock

Boyd set fast time of 13.652 sec. for the Super successive Models driving his Racecar College Chevy Monte Carlo wrenched by Barry Haefle but drew the nine pill and thus had to grid ninth for the

Eddie King raced from the outside pole to the lead in his Ford Thunderbird, but the caution was out on lap six when Mack Hanbury was tapped and spun by Lake Mary's Mike Good.

Both cars were sent to the rear of the field as a

penalty, but on the restart, Hanbury returned the favor, bringing out the caution again and drawing a stern warning from starter Tony Boswell.

Mark Emberson spun to bring out the caution again on lap 11, as Boyd had worked his way already into the top five.

At this point, some great green-flag racing took place. Boyd methodically worked his way up to second and pulled even with King. For 10 iaps they raced side by side with Boyd finally getting a nose in front on Iap 29. It would still take five more laps for Boyd to clearly secure the lead but when he did it was no contest from that point.

Good spun again on lap 39 for the fourth caution period. Once racing resumed, Rusty Ebersole put the pressure on King, finally passing him for second on tap 35.

Hid Black tagged the backstretch wall with two laps to go after running in the top five the entire race to bring out the final caution flag.

Ebersole tried all he could, but Boyd took the win, his first ever here in Super Late Model competition. Ebersole was second in the Garrett
Fastening Systems Ford Taurus with King holding
on for third, Michael Williams drove his South 40
Motorsports "Frankie" Monte Carlo to fourth
while Good came back from his three spins to nab
fifth spot in the Briar Corp. Ford T-Bird.

B.J. McLeod, Morgan Hoover, Russ Thomson, Emberson and Robert Hight rounded out the top

Boyd won the CRE Machine Fast Time Award

as well as the Hard Charger award posted by Sara & Harry Leckie and Jimmy & Serena Joslin.

King won the Halfway Leader Award and Black took the Hard Luck Award. Both of those awards were posted by Action Performance of Orlando and Daytona Beach.

Mike Fitch set fast time for the Modifieds at 14.

258 sec. to earn the Fast Qualifler award put up by Jason Boyd's dad Dennis of Boyd Racing Engines.

Fitch drew the three pill putting third-quick timer Boyd on the pole for the Modified 50-lapper. Boyd raced to the early lead but Fitch was on the charge moving in quickly as the two filed away, from the rest of the Rold in node to tall fash,

This one looked like it would go green all the way until Gary English spun on lap 33 to put the field under caution. At this point, Fitch's car began to overheat and he was sent to the pits for leaking water on the track.

With his main competition out of the event, Boyd raced to an easy win spot with Andy Saffioti coming in second and Darren Gould grabbing

third. Veteran Wayne Reutimann, Sr. took fourth while Jerry Symons rounded out the top five and took the Hard Charger Award.

Jim "Hoot" Flynn was sixth with Frank Polly, Shain Held, Ted Head, and Eddie Hartin complet-

ing the top 10.

Boyd cleaned up in this one taking the Garrett
Fastening Systems Halfway Leader money as well
as all \$295 in posted lap-leader awards. Mike Pitch took the Action Performance Hard Luck

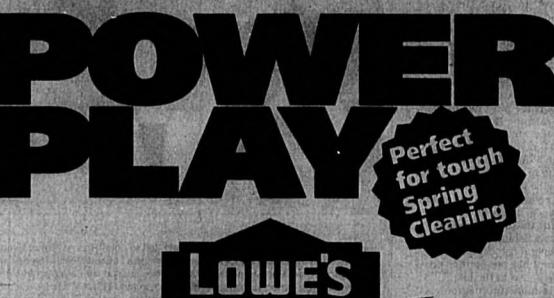

Tim "Miseleman" McPhail shook off some recent bad luck to race to his third Mini Stock win of the year

McPhail had just passed Steve Wagner for the lead when Wagner's engine exploded in a ball of the The fire quickly extinguished inself and Wagner was not hurt.

And while coach Allen Tuttle has built a successful program at Lake Mary, it's very rare for a team to get ranked highly in the state, let alone nationally, in its first real year among the state's elite programs.

Only a few local teams, Seminole and Lake Brantley, actually, have been ranked nationally in recent memory and neither of those programs were ranked in three national

polls at the same time like the Rams were this year.

Lake Mary's No. 6 national ranking by ESPN was the second highest ever in the county, only Lake Brantley's 1990 National Championship team was ranked higher.

Not very many teams open the season by winning 12 straight games and go 27-7 overall, and its almost unheard of to win four tournaments in one year and finish no worse than third in six tournaments.

And while replacing Adam Sanabria (11-3), Trevor Berryhill (6-1 pitching, .302 batting average), Steven Apfel (9-2), Chad LeGate (.291, 7 home runs, 27 RBI), Matt Mergo (.322) and

Josh Gray (.238) will be difficult, if not impossible, with seven full or part-time starters returning next year, plus top back-ups Chris Lane and Mike Muzeka, things look good for the Rams to continue to thrive.

Yes, Tuttle and pitching coach Ed Nuss do not have a single pitcher returning that won or lost a decision this year, but Kyle Bono did well in his one start this year and sophomore D.J. Ackley should step right into the rotation with no problem.

Also, the Lake Mary junior varsity team went undefeated under Larry Holbrook this year, leading one to believe that there must be some decent pitching

coming up.

Four of the top six hitters on the team this season, third baseman Kyle Bono (42-for-100, .420), shortstop Matt Horwath (.358), catcher Ryan Bono (.323), and outfielder Tucker Pearce (.298), all return.

Only Mergo and Berryhlll will be lost among the top six. Mergo was only seventh on the hitting list coming into the tournament, but went 3-for-3, including a triple, to raise his average from .299-to-.322.

Friday's tough defeat ended an outstanding career on a sour note for Sanabria, but even his stats improved in the loss. He finished the game with a fourhitter and saw his record fall to

11-3, but by only allowing one earned run, his earned run average dropped from 1.77 to 1.73.

The senior lefthander struck out 115 and walked 31, while allowing only 64 hits and 23 earned runs in 93 innings this season.

Other players representing Lake Mary in the tourney were seniors Mehul Patel, Tim Brown, Mike Nicholas, and Fernando Baerga; juniors Jason Pires, Greg Courcy and Robert Yero; and sophomore Austin Pride, plus assistant coaches Joe Strada and Scott Underwood.

The Rams' 2-1 loss was the second straight loss by that score for Seminole County schools, following Seminole's 2-

I loss to Lakeland in the Class 5A Regional Finals last week.

That loss seems to have started a trend as Hialeah edged Venice 2-1 in the other 6A semifinal on Friday, and Lakeland dropped a 2-1 decision to Ft. Lauderdale-St. Thomas Aquinas in a Class 5A semifinal on Friday.

Only Seminole, from the town near St. Petersburg, was able to avoid the score, beating Gonzalez-Tate, 7-2.

For those who want to know, Hialeah won the 6A title with an 6-3 victory over Wellington and Seminole, which did not lose a game on the field this year, nipped St. Thomas Aquinas, 5-4, for the 5A crown.

How to Use the Media June 13 8am-9am Chamber Meeting Hall \$3.00 p/person

Want to learn how to manipulate the media? Well, maybe manipulate is wrong, but our chamber will provide a seminar on how to use the media to get coverage for your business, organization or issue.

Seminole Herald Editor, Dan Ping will provide background into how media companies gather news, how they build sources and how they handle press releases and public service announcements. He will also provide tips on working with the media including:

- Starting a media campaign
- How to write a new release
- Putting together a news packet
- Getting your event into the calendar
- Conducting a news conference
- Pitching story ideas to editors and news
- directors
- How to address unfair or inaccurate
- coverage
- Maintaining good media relations

The one hour seminar will provide the basics on how to build a working relationship with media companies. All attendees will receive an instructional book "How to Use the Media". Make your reservations early!

Chamber Business Expo – July 28 & 29

For the fourth consecutive year, businesses in

Sanford and Seminole County will look to the Business Expo to reach their marketing goals. Companies of all sizes and in all industries profit from personal contacts, new leads and face-to-face promotion, all

found at the Expo in the Seminole Towne Center Mall

The Expo is a unique promotional tool with a community-wide audience. Strategically held during the mall's busiest time of the year – back-to-school and the first weekend of tax-free shopping – the exhibitors benefit from the larger than usual crowds and are guaranteed

throughout the event. The variety and quality of exhibitors has made the Expo a popular tradition.

Whether you're a large business with many resources or a small start-up just getting off the ground, the Expo is the perfect way to let the community know you are here...and here to stay.

For more information on how your business can participate in the 2001 Business Expo at the Seminole Towne Center Mall in Sanford, see the registration form on page 3 in this paper or call Joan Breslin at the Sanford/Seminole County Chamber of Commerce at (407) 322-2212.

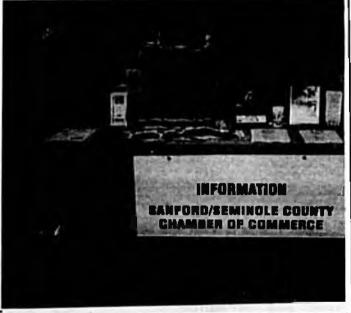

Litter Critter Bags

The Seminole Herald will be putting litter bags in their newspaper for the weekend of May 26th.

Be sure you look for it among the inserts for the weekend. You will be able to see the mascot that was chosen during our Litter Critter Contest this February. This contest was sponsored by the Civic Pride Committee and The Sanford/Seminole County Chamber of Commerce.

The winner of the contest was Brody Griffith of Wilson Elementary. We named this mascot "Wilson" in honor of Brody's school. This contest was for all the Sanford elementary schools and 6th graders. The Seminole Towne Center will be displaying these entries on the last Wednesday of each month

The Chamber would like to thank the Seminole Herald for all the help and support that they have given us.

Sanford/Seminole County Chember of Commerce Annual Golf Tournament

Our golf tournament was a huge success and a good time was had by all who participated. The 1st place winner was Byrd Oil Distributors, Inc. and the "Most Honest" was Colonial Room players.

A great big thank you goes out to Comair Aviation Academy for their generous sponsorship as our Luncheon Host.

Our thanks to Bill Heard Chevrolet and Longwood Lincoln Mercury for their hole-in-one donations. We also want to thank AAA Auto Club in Heathrow for sponsoring our Putting Contest.

We would like to express our appreciation to the following tee green sponsors: Bluewater Graphics, CPH Engineers, Inc., Legg Mason, McKee Construction Company, Monroe Harbour Marina, Orlando Sanford International Airport, William Howard Jewelers, Seminole Office Supply, Therm-o-tane. Other prize donations and gift bags from: BellSouth, Castrol Xpress Lube, Central Florida Regional Hospital, Magnolia Plantation, SunTrust Banks, Summerville Healthcare Group, and William Howard Jewelers.

A huge thank you to Timacuan Country Club for helping us to make this tournament a success. The box lunches and the barbecue were just great.

We look forward to an even bigger Golf Tournament next year. Plan on participating.

Community National Bank Groundbreaking/Cookout

Want to know what's new with the Sanford Chamber? Check out our Website!!

The Sanford/Seminole County Chamber of Commerce has partnered with Adian. Net for the development and marketing of our new website. It's live, interactive and updated daily to better serve our members. We even have banner advertisement spots available....

Our vision & mission with the new website is to promote our members and their businesses. I urge you to take full advantage of this wonderful opportunity. We're growing! In the month of May, 48% of the Chamber's inquiries were for relocation packages, 39% visitors information, 9% new business information and 3% seasonal resident's. With our website only being up about 2 weeks we have already had 20 requests for information.

The Chamber's website will play a strategic role in driving new business opportunities to our members. It's a completely new avenue designed to give you the exposure you've been looking for without the enormous cost of hiring a marketing staff. To learn more about this unique opportunity, call Adlan. Net at 407-325-2525. Have a great month.

Business Briefs

A ground breaking ceremony was held for the Unicell Tissue Plant on May 14. CPH Constructors, LLC of Sanford, was retained for general contracting, construction management, and design services for this \$35 million project. The state of the art plant will bring 70 new job opportunities to our community. Mayor Brady Lessard, City and County Commissioners along with 70 members of the community turned out to help CPH celebrate this unique venture.

Orlando Sanford International Airport (SFB) has announced that American Trans Air (ATA) will begin flying Into SFB on June 29,2001. The flights are part of a large program operated on behalf of United Kingdom tour operator, Travel City Direct. The program will have a schedule of nine flights per week and bring an additional 110,000 passengers through the airport.

The Tajiri School of the Performing Arts and Academics students paid tribute to the city of Sanford with the unveiling of a mural. The mural, peinted by students, portrays the history of Sanford, the Little Red School House and the Tajiri Arts. The mural can be seen adoming the fence at the Little Red School House.

Community National Bank of Mid-Fiorida announced plans to open three additional branches during the next two years. CNB currently has branch facilities in Sanford, Lake Mary and Winter Park.

We would like to spread your good news! Let us know if you or your company have any pertinent information such as promotions, expansions, relocations, etc. We'll try to print it here in the BUSINESS BRIEFS!
