TEEN TALK

Poland Cooperation

(Continued from Page One)

representatives who expressed interest in the plan.

Meanwhile, a British-Foreign Office spokesman said that thus far Denmark, Norway, Belgium, Holland and Italy had asked Britain for further details on the Marshall plan through their diplomatic representatives in London.

Other authoritative informants said Foreign Secretary Bevin had called for a report from British occupation authorities as to how Germany should be fitted into any plan of continental reconstruction.

In Berlin the official newspaper of the Soviet military administration in Germany observed today that "the people of Europe look with great hopes" to the Marshall plan conference opening Friday in Paris.

"All European people now suffering the effect of the war would welcome with joy the aid that can be given them by America, a country which, as is known, did not suffer from the war but without doubt actually became richer through the war," said the newspaper, the Taegliche Rundschau.

"But the Marshall plan must be, as Secretary Marshall said, a fight against hunger and must not bear any political strings like 'dollar diplomacy.'"

A FOUR-ENGINE Pan American clipper flying from Karachi, India, to Istanbul, Turkey, en its way to New York, crashed in a remote region of Syria, killing 15 of the 36 persons aboard. The others were injured, four of them seriously. Among those who died in the crash were crew members Arthur O. Olson, Brooklyn, N. Y.; Howard Thompson, Astoria, N. Y.; Robert S. McCoy of Flushing, N. Y. One of the survivors was third officer Eugene W. Roddenberry of River Edge, N. J. (International)

Time Buying

(Continued from Page One)

Two of these would authorize continuation of the information program and the third would authorize employment of clerks and secretaries for federal judges.

The House eliminated funds for bought on credit. It also requires that installments be paid off in 15 months at most.

With controls removed, purchasers will be able to buy at whatever terms a dealer is willing to give.

With this Congress session scheduled to run only about five weeks more, leaders are beginning to whip together a stretch program. (They aim for adjournment about July 31).

One big measure put down for action is that to put the Army and Navy under a single cabinet officer. It is part of the answer the administration framed to one of the major questions confronting Congress when it met.

What can be done to strengthen national defenses?

President Truman asked also for a universal military training law, but G.O.P. leaders have passed the word there will be no decision on that at this session. It is getting study and the House Armed Services Committee decided today to go ahead with hearings.

Also in today's developments: Foreign Broadcasts.—The Senate Appropriations Committee recommended that the State Department be allowed to continue its foreign language radio broadcasts, known as "The Voice of America." It recommended however, an appropriation of \$11,500,000 to finance that and other information programs instead of the \$34,000,000 asked for operations in the 12 months beginning July 1.

Radio.—The Senate Commerce Committee, continuing hearings on legislation to rewrite radio broadcasting laws here at home, heard Rolf Kaltenborn recommend that radio stations be required to give a "fair presentation" of differing views on important public issues. He spoke as representative for a group organized under the name, "The Committee to Insure Non-

Airlines Claim Two New Speed Records

MIAMI, Fla., June 24, (AP)—Eastern Air Lines today claimed two new speed records for commercial flights between Newark and Miami.

One Lockheed Constellation arrived here last night 3 hours 27 minutes and 30 seconds after taking off from the Newark airport, 1,100 miles away, at an average speed of about 340 miles an hour.

Partisan Radio.—Before Congress adjourns, some House republicans want to bring up legislation to outlaw the poll tax.

NLRB Funds

(Continued from Page One)

the new federal mediation agency created by the Taft-Hartley Act.

In any event, the lawmakers will have some time to act on the question of funds to administer the new labor law. The

Wagner Act revisions, such as the ban on the closed shop, do not go into effect for 60 days. (The new mediation set up will start operating in 30 days).

But another major provision of the act is in effect now. This provision authorizes the government to obtain 80-day injunctions to block or stave off national emergency strikes.

However, Taft says he still is not certain that this section will list its purpose in the event of a coal strike next month when the government turns the soft coal pits back to private owners. The Ohioan says it is open to question whether the government could force the miners to remain at work for a new employer with whom they have no contract.

Meanwhile, there has been swift and bitter reaction from organized labor to enactment of the Taft-Hartley Act. There are actual mine shutdowns in effect and there have been irate calls for widespread protest strikes across the nation.

Union leaders have been stung by the ease with which the House and Senate overrode Mr. Truman's veto. And they have threatened reprisals at the polls against legislators who favored the labor law.

Other labor leaders have promised to work for the prompt repeal of the act and still others are going to try to get quick court tests of the constitutionality of the law.

Cries of anger and protest have come from many of the nation's top labor leaders. One of these has declared privately he sees about 10 years of litigation ahead for organized labor and industry. There has been some scattered talk of a general strike by the more than 15,500,000 members of labor unions. But AFL and CIO headquarters in Washington are minimizing the possibility of any such move.

However, the San Francisco CIO council, in a telegram to CIO President Phillip Murray, has proposed a 24-hour nationwide work stoppage in protest against congressional enactment of a law labor bosses have described as a "slave" labor law.

Murray has made no public reply. But he has summoned his 51 member executive board to meet with him Friday in Washington in an emergency session to

discuss the situation now confronting organized labor.

Enactment of the Taft-Hartley bill also is having its repercussions on the political front.

Democratic Senator Claude Pepper of Florida says he believes the Senate's action in overriding Mr. Truman's veto has given what he calls "tremendous impetus" to a fledgling Third Party movement. Says Pepper:

"Political history has been written here. Congress has done more than Henry Wallace ever did to lift a Third Party. We have seen a demonstration that neither party can muster a majority in Congress for liberal proposals. Nobody but intellectual liberals have been interested in a Third Party up to now, but if the working people feel that their rights aren't going to be protected they may make a third

party movement a vital affair."

Some Democratic Senators, including Harry Byrd of Virginia, are not in agreement with Pepper's views on the political effects of the enactment of the labor law.

And Republican colleagues are disrupting the views of Vermont's Senator George Aiken. Aiken declares that as he sees it, the Republican party as of today has lost the rank-and-file labor vote. However, says Aiken:

"If (the GOP) has a chance to recover some of it if it will act in the next Congress to amend some of the law's objectionable features before the 1948 election."

Aiken explains that on the strength of promises from GOP leaders to sponsor such amendments, he voted with his colleagues to override the President's veto.

U.S. Protests Arrests Made In Romania

Note States Action Seen As Effort To Suppress Anti-Communist Party

MOSCOW, June 25 (AP)—Pravda declared today that if future American economic aid to Europe is conditioned on the "Greek-Turkish example" then the whole idea of the Marshall proposal is doomed to fail.

"The question of the conditions which the United States will place on their economic aid is of decisive significance for European affairs," the Communist Party organ said editorially. "It is precisely the character of these terms that will reveal the real essence of the Marshall proposal and will determine its success or failure."

WASHINGTON, June 25 (AP)—The United States protested sharply to the Romanian government today against the "arbitrary arrest without warrant or charge" of "hundreds" of opposition party members and others.

A note said that the arrests appeared to represent "a deliberate effort at the suppression or terrorist intimidation of democrats opposing the present Communist-dominated regime."

The State Department made public the note which Roy H. Melbourne, acting United States Representative at Bucharest, has been instructed to deliver to the Romanian foreign minister.

The note said that the arrests appeared to violate formal assurances given by Romanian officials that public liberties would be safeguarded. It said further that "such evident deprivation of the most elemental human rights and fundamental freedoms" conflicted with terms of the Romanian peace treaty. This treaty has been signed by the Romanian government and ratified by the United States.

De Nicola Sends Resignation As Italian President

Congressman Shows Up At May Trial

WASHINGTON, June 25 (AP)—Rep. Charles A. Buckley (D-N.Y.), angrily denied in a federal courtroom today that he had avoided "in any way" appearing as a witness in the May-Garrison war fraud trial.

U.S. Warned Of Over-optimism About 3 Nation Paris Meeting

Marshall Plan Is Interpreted By Sec. Snyder

U. S. Not To Have Representative At Paris Conference

WASHINGTON, June 25 (AP)—Secretary of Treasury Snyder made plain today that he does not view the Marshall plan for European recovery as giving foreign countries a blank check on the United States for what they need.

Snyder told a news conference that Secretary of State Marshall has not extended an implied invitation to other countries to tell this nation "what they need or want."

"My interpretation is that he is asking them to make a self-inventory and see what they can do for themselves," Snyder told reporters.

Meanwhile, Marshall said at another news conference that he does not plan to have a representative attend the talks of British, French and Russian foreign ministers concerning the European recovery program. These discussions are scheduled to begin in Paris Friday.

Asked whether he plans to have an observer there, Marshall said he does not. He flatly declined to give out any more information now about these proposals. When a questioner referred to the program as "your proposal" Marshall interrupted quickly to say the reporter meant the American government proposal.

Snyder said he gave this interpretation to the Marshall plan proposal. "He invited them to sit down and see what their problem is. He didn't say anything about letting the United States know how much is wanted. He said they should get together and make up their own minds as to what they ought to do in their own countries."

Snyder's comments were made not only as treasury chief but as chairman of the Government's National Advisory Council on International Finance. This was set up by Congress to supervise government financial dealings with other countries. Marshall is a member of that council.

In order to advertise Sanford and Seminole County at the National Soaring Meet at Wichita Falls, Texas, in which Mrs. Stuvia Bennis, national woman soaring champion, will participate on July 4, the Junior and Senior Chambers of Commerce have agreed to sponsor her entry. It was announced this morning by Edward Higgins, manager of the Seminole County Chamber of Commerce.

Trade Bodies Back Soaring Meet Entry

Army Bans Sending Tobacco To 2 Nations

FRANKFURT, Germany, June 25 (AP)—The U. S. Army today banned the shipment of American cigarettes to military personnel in Austria and France, effective July 1.

District Commander

John I. Sauls, new Fifth District VFW Commander, was officially installed in office at Sarasota at the State Encampment of the Veterans of Foreign Wars last week. He is adjutant of the local Seminole County VFW Post No. 3282, and is largely responsible for building it up to its present strength.

Hutchison Tells Kiwanians About Philippine War

Japanese General On Mindanao Surrendered To Sanford Man

Interesting anecdotes concerning the surrender of Japanese forces on Mindanao during September, 1945 were today told to Kiwanians at the Tourist Center by Brig. General J. C. Hutchison.

A musical program was presented and solos were sung by Mrs. H. H. Aiken and Miss Joyce Hartzel with Roger Harris, director of the choir of the First Methodist Church, accompanying. The program was under direction of Rev. J. E. McKinley. Guitar and piano numbers were given by W. R. Connelly and Harry Kudell.

General Hutchison told of the surrender of General Morozumi, commander of 39,000 Japanese forces on Mindanao, and exhibited the surrender document. He described the difficult terrain in which the Japanese were trapped, and of the lack of roads.

On this account, he said, leaflets were dropped from planes. Radios were also parachuted to Jap forces telling them of the fact that hostilities had ceased. Jap commanders so that in case their own radios were not in repair they could tune in on the news of the surrender.

The 31st Division of which he commanded was the first to be notified of the surrender.

Jews Make Kidnap Attempt In Palestine

Missouri River Sets New Record Level

OMAHA, June 25 (AP)—The turbulent Missouri River set a new record level in southeast Nebraska today as residents of Nebraska, Iowa and Missouri braced for new floods expected to follow widespread rains.

Steel Hit As More Miners Join Walkout

200,000 Bituminous Workers Said Idle: U. S. Steel Losing 70,000 Tons Daily

PITTSBURGH, June 25 (AP)—Thousands more of the nation's coal miners joined pre-emption walkouts today and the fifth steel industry curtailments because of the two-day old fuel stoppage were announced.

Field reports indicated nearly half of the 400,000 bituminous miners were idle. Some miners said they walked out protesting adoption of the Taft-Hartley union-curbing bill, while others said the stoppage was merely a "head start" on vacations which start in the coal-pit Friday midnight.

An attempt by United Mine Workers leaders to start a return to work in West Virginia mines was outdone by new mine closings there. Against 2,000 men returning in Monongahalia county, more than 11,500 joined the walkout, raising the state's total of idle to 41,000.

Reports from the coal mines administration and operators listed another 10,000 men idle in western Pennsylvania, raising the total to 51,000 or more than 50 percent of the soft coal diggers there. In eastern Pennsylvania, the first walkouts occurred in anthracite mines, with more than 3,200 quitting work in the Panther Valley area.

The Carnegie-Illinois Steel Corporation announced the shutting down of the equivalent of 4 1/2 blast furnaces in the Pittsburgh district. A two-thirds curtailment of its bessemer department at Youngstown, O., was also effected, cutting off production of 1,500 tons of steel daily.

The corporation's parent firm, U. S. Steel Corp., reported all its coal mines in Pennsylvania and Kentucky were closed, causing the loss of about 70,000 tons of coal daily. Other steel firms were similarly hit.

Carmody Testifies On Shipyard Deal

WASHINGTON, June 25 (AP)—John M. Carmody, former member of the Maritime Commission, denied today there were any irregularities in the sale of the St. Johns Shipyard at Jacksonville, Fla., to the Tampa Shipbuilding Co.

Carmody said he asked the company if it would change its installment plan bid of \$1,927,500 to a cash offer "because the Commission was anxious to get rid of all surplus yards as quickly as possible."

He testified before a House subcommittee on surplus property, which is investigating the sale, that maintenance costs for surplus yards were running above \$1,000,000 a month in February, 1946, when the Florida property was sold.

Inquiry Begins Into Tanker Explosion

WILMINGTON, Calif., June 25 (AP)—A special Coast Guard board of inquiry convened today to determine if possible, what caused the tanker Markav, loaded with nearly 3,000,000 gallons of fuel oil, to explode Sunday, killing at least five men and leaving eight still missing.

Capt. John Trebes, chief of staff of the district Coast Guard headquarters, was named senior member of the investigating board. Assisting him is Comdr. P. A. Orenden of the Washington Bureau of Marine Inspection and Navigation.

William Anderson, division superintendent of the Keystone Shipping Company, which operated the Markav, denied that the vessel, at the time of the explosion, was filled with butane.

Taft-Hartley Labor Bill Signed

A FEW MINUTES AFTER the Senate had overridden President Truman's veto of the Taft-Hartley labor bill, Senate Secretary Carl Leichter (center) is shown signing the measure which now becomes a law. Standing behind him are the co-authors, Sen. Robert A. Taft and Sen. Hartley.

Eisenhower Urges National Economy Pan-American Plan Blueprinted Armament Pact By Industrialist

Area Of Great Lakes Said Vulnerable Spot In New War

WASHINGTON, June 25 (AP)—Gen. Dwight D. Eisenhower, chief of staff, said today that "an initial step" by the enemy in any new war would be a probable air strike against the industrial area near the Great Lakes.

He appeared before the House Foreign Affairs Committee to urge speedy approval of legislation authorizing United States aid to standardize arms of all American nations. He emphasized that it is needed particularly between the United States and Canada.

The standardization is vital to the security of the North Atlantic area.

Suspension Of Curley Sentence Is Asked

WASHINGTON, June 25 (AP)—Attorneys for Mayor Joseph P. Curley of Boston, sentenced to 10 years of 18 months in jail on mail fraud charges, asked federal district court today to suspend sentence because of his "past serious and previous physical condition."

The 72 year old political leader who came here last night from a hospital where he had been undergoing treatment for diabetes and high blood pressure, is scheduled to appear in court tomorrow morning for committal to jail.

Laney Drug Installs Air Condition System

The Laney Drug Store has installed a Carrier air conditioning system which uses a water circulating system as a cooling basis. Fresh air is brought from the rear of the building through aluminum ventilators. The cabinet with the mechanism is in the prescription room and draws in and recirculates air in the store.

J. O. Laney, proprietor, pointed out that a temperature 10 degrees cooler than outside, proves most satisfactory. The store recently installed a new soda fountain with stainless steel sinks and fittings.

Legislation On Housing Seen By Taft

23 States Are Represented In "Fight For Homes" Rally In Senate Offices

WASHINGTON, June 25 (AP)—Senator Taft (R-Ohio) told a "Fight for Housing" rally here today that he believes long-range housing legislation can be put through the Senate before Congress adjourns next month.

He said that when House and Senate leaders meet next week to lay out a program for the remainder of the session he is "hopeful" of an agreement that will mean enactment of "some sort of a housing program."

He implied, however, that the program he is backing, embodied in the so-called Wagner-Ellender-Taft bill, might have to be modified considerably to win House acceptance. A similar bill passed the Senate in the 79th Congress but was bottled up in the House.

Some 400 housing advocates from 23 states attended the rally in the Senate office building.

Both Taft and Senator Ellender (D-La.), another co-author of the bill now pending before the Senate, told the crowd they knew of hardly any other legislation in recent years which had been so unrepresented.

Palestine Makes Report To U. N. Inquiry Group

JERUSALEM, June 25 (AP)—The Palestine government told the United Nations today its administration was based on the principle that the Holy Land "should neither be a Jew State nor an Arab state, but one in which the two peoples in Palestine should share authority in the government in such a way that the essential interests of each are secured."

In a 14-page memorandum submitted to the UN special committee on Palestine (UNSCOP), the Palestine government outlined Britain's 27-year mandate administration.

"Community of interests even more than material resources is fundamental to any large scale planning," the memorandum declared. "Creation of that community of interests has hitherto been blocked by a predominance of political influences."

"It may be that at any given time a few more battalions or airplanes or tanks would, as has sometimes been represented, have produced a different frame of mind in one or the other of the local communities."

"It may be that it would not, but in any event what frame of mind it would have produced in the other community?"

"It has seemed to the Palestine government that only through free recognition by both Arabs and Jews of the position, needs and rights of the other community, through free recognition of the other community."

Chinese Reds Near Fushun Coal Mines

NANKING, June 25 (AP)—Chinese Communists have seized virtually all of the key Manchurian rail town of Szepping and are within 18 miles of the big Fushun coal mines east of Mukden, press dispatches said today.

Szepping's garrison was reported holding grimly to a single stronghold in the Japanese-built walled section of the town. Nationalists were reported to have recaptured Chongtshien, 60 miles southwest of Szepping, and the old walled city of Kaiyuan, 42 miles southwest of Szepping.

UNRRA appealed to both Nationalists and Communists today to cease fighting along the Yellow River for one month so dikes can be repaired.

Harland Cleveland, UNRRA's Ghina director, warned there was great danger that July floods would break unrepaired dikes and endanger millions of peasants in Shantung, Kiangsu and Hopei provinces.
