Brown and Selleck

HOME EDITION

NUMBER 97.

Plan to Erect 12 Homes in Pinehurst

The Sanford Bond & Mortgage Company has completed arrangements with Brown and Selleck for the construction of 12 houses to be built in Pinehurst at an expenditure of approximately \$75,000 according

to announcement made today. The houses are to be of sixrooms each and will have the exterior done in stucco. Robert J. Brown, one of the contractors, stated today the houses are to be built on lots of 52 x117, purchased from the E. A. Strout Farm Agency through its Sanford represent-

ative H. Corrington. Brown & Sellick are starting their first operations here after completing the construc-tion and sale of 60 one and two family houses at Bayshore, N. Y., and expect to continue extensive construction work on several other properties which they own in this vicinity.

News Summary

LOCAL

Members of Seminole Chapter of DeMolay are guests Friday night of Taylor Commandery, Knights Templar, at banquet at the Masonic Temple. Officers of the Sanford Shores Corporation elected and plans

for the development on Lake Monroe are made at meeting Thursday. Bill Savage, traveling representative of the Brooklya Daily

Eagle, is favorably impressed Sanford as substantial city. Daytona Beach High School defeats Sanford High on local gridiron Friday afternoon by score of 9 to 0.

Canadian concern purchases helfry, property here with a view to establishing a mill here, which ill be one of the largest of its the announcement says.

Prince of Wales Is Absent From Palace

British empire is in mourning over the passing of the loved Dowager and Longwood. Queen Alexandra. Flags flew at half mast today and many build-

ings were draped in black. Death came to the Danish princess late yesterday afternoon in Sandringham Palace while her son, King George and Queen Mary, and various members of the royal household stood with tear-bedfin-

med eyes at the bedside. The Prince of Wales, always her avoriate grandson, was delayed y a heavy fog as he traveled rom London to Sandringham and did not reach the palace in time to bid his grandmother farewell. Listeners in throughout the Bitish Isles heard over their rario sets that the widow of King Edward VII and the mother of their present monarch had gone

to her last rest. In London, from S to 9 o'clock, the big bell in St. Paul's tolled out sonorously the tale of the passing of a member Great Britain's royal family. is only when a member of royal dies that the clang of the beli St. Poul's awakens the eleeping

Social Functions Cancelled Numerous social functions arkind in this part of the state, |celled. The theaters did not receive the news in time to close were played.

No date has yet been announced or the funeral of Alexandria, nor when her body will be taken to Windsor to lie in the royal vault in St. Georoge's chapel beside that of Edward VII. It is expected, weser, that the funeral will not

e held for two weeks. Queen Alexandra passed to rest mid the peaceful rural surroundtor's announcement made it pretent that the aged queen was in Sandringham and its tiny neighbors, Wolferton and Dersingham, (Continued on page 3)

A Home where Golden Days Linger all the Year.

LOCHARDOR

A Country Club Property of Lakes and Hills

The setting itself is an inspiration, and though it now possesses wonderful charm, Loch Arbor will be beautifully lanscaped by experts to make it the finest and most desired residential suburb in the Sanford district. The keenest skill in arts, engineering and construction have been employed. Loch-Arbor will be a home spot so beautiful, and a wonderspot for health and happiness.

A superior home environment is being created in Loch Arbor, one that lends itself perfectly to homes of refinement which will be erected in this model home community. All the exclusive features of a distinctive property will be embodied in the entire development of Loch-Arbor. A program is being carried out which will provide the home builder with every possible convenience.

Here is, indeed your ideal homesite—one of which you would never tire. In the heart of Sanford's country estate district, surrounding the Country Club where one of Florida's sportiest golf courses can be enjoyed to the utmost. Fishing and boating can be made a pleasure the year around in the many lakes and canals. Life in Loch-Arbor will be days of perfect contentment.

The tourist that will visit Sanford this season, those that will be brought here from the important tourists points in busses, purchased especially for that purpose, will grasp the opportunity to buy and build in Loch Arbor. We believe that many of those desiring something different in beauty, location, and waterways will select Loch Arbor as the most suitable spot for their winter residence.

SOLIDITY

Solid as the rock is the economical base upon which Sanford is building. Thousands of acres of the most productive farming lands in the World are sending their golden treasure, amounting to millions of dollars and increasing yearly, through Sanford to Northern markets.

Seventeen years of co-operative, constructive, development in the building of this GREAT IN-LAND PORT is our record.

THE BETTER A PRODUCT IS THE SOO WILL SEE IT ADVERTISED.

A New Metropolitan Parkway System for Sanford

The boulevard that will encircle the city is the foundation of such a system. Sanford has the distinction of being the first Floridan city to adopt this feature. No other public improvement could assure greater enhancement of values.

This spacious boulevard will run directly through Sanford Grove. Plats that appeared in previous advertisement indicated that it would traverse this development by utilizing our original Walnut Avenue. It will traverse many of the higher type developments of Greater Sanford, and will shorten the distance from Sanford Grove to Lake Monroe by more than a mile.

The building of the Boulevard, as it is now planned will bring Sanford Grove right in line with Monroe Terrace, Marvania, Mayfair, and the Forrest Lake Hotel, and many other developments of the exclusive East side. The business section and the shopping district of the city will be within easy access of the fartherest point of Sanford Grove.

Geneva Street, where grading was started this week is of some improtance to the homebuilders and investors of Sanford Grove. This highway when completed will be the shortest route to the Dixie Highway and the East Coast. Geneva Street intersects the new boulevard in the first section of Sanford Grove.

0000000000000

We can still offer you a few lots on either of these highways, we recommend immediate action as public announcements will create an overwhelming demand for frontage on these thorough fares.

See the plats of this property, or better still arrange to see the property itself. No obligations will be involved by calling for an appointment to inspect Sanford Grove.

millions now living will never die

Not in any past ages was the Highway to Life opened up; for in all past ages men have continued to die.

The Highway to Life means what the words imply; namely, a way by which the people can get eternal life here, now.

The casting up of this highway and the gathering out of its stones is in progress before our eyes. The way of the people, a way they have never hitherto had, is being made

ready for them—the way by which they will gain everlasting life on earth.

Get Ready For Thanksgiving

Thanksgiving Day will be celebrated next Thursday.

The President of the United States has already issued a proclamation setting aside November 26 as the day on which the entire nation will be thankful.

> Some people, who wait for Thanksgiving Day to come so that they may be thankful, are already planning the details of the day's festitivities. Big dinners are being ar- | London's subways, predicts a popranged so that they may cat far more than is good for ulation of eleven millions soon. them. The many extras that will grace their bountiful boards will never be begrudged. The thought uppermost in York. Lord Ashfield, who has had the minds of those people will be the big dinner and it good training-he once managed will be made great.

There are, however, many others who are thankful often during the year, and these are also planning the way in which they will observe the holiday. These, too, plan their Thanksgiving dinner but they are thinking also of what they can do to make the day have its greatest meaning.

Thanksgiving Day offers a great opportunity for the dinosaurs, will grow to huge size, student of human nature to get a collection of facts. Instead of being a day devoted to gratitude as was originally intended it should be, it has degenerated into a day of gorging, while gratitude and thanksgiving has been very largely omitted from the program of festivities.

Americans in 1925 have so many things for which and fly to work in single units to be thankful it would seem that this year, of all years, to factory cities of gas and steel the day ought to be fittingly observed. It should be made a day for expressing gratitude for the many blessings that beginning of that. But don't sell have come to us and for carrying happiness and bringing you city corner lot, yet. gladness into the lives of those around us, some of whom may be less fortunate.

Sanford people undoubtedly will properly observe next Thursday so that its greatest meaning may be manifest. Substantial Sanford has been blessed in the last year and there are numerous reasons for which we, here in this favored spot, have cause for thanks. So in making your lample. with provision for increased fa- plans do not allow the dinner feature to be the only outstanding expression of gratitude. Sanford people have the opportunity of observing the day in a way which will bring lack sense and want to imitate the credit to the community and joy to many. Perhaps the wife of a British king, should do Thanksgiving spirit will make itself shown in more neigh- their shopping early. borliness and less selfishness and in an effort to take away God. Is there a God besides me? the loneliness of those hundreds of newcomers who have yea, there is no God: I know not chosen Sanford as their home during the recent months.

Girls Walk the Streets

Over fifty thousand girls, writes the World News Serbeside Whom there is none else, vice, are walking the streets of New York. Justice Boyle carly poems contain much warmth of the Children's Court says, "There are 50,808 fly-by-night and sunshine. girls roaming the streets of New York City because of lack of proper home environment".

Think of what that statement means, "Because of lack ers in heaven for billions of years? of proper home environment". Because a girl's parents failed in their duty to her, she is made to suffer degradation and an existence worse than death. Because a girl's parents think they must go to cabarets in order to remain lives every year in child birth. in the social whirl, or spend so much time quarreling between themselves that they don't have time to properly bring up children, a girl must walk the streets at night.

tion. Most of our Florida people believe that when a couple marries it is time to give up running around, if ever begun, But not a one of them would dare and settle down, in fact as well as in theory.

But as Florida grows, and comes to possess cities of control, a remedy, suggested by the state, or in the nation? This the offering as being fully adeconsiderable population, it may come to see more of that Dr. Nicoll. It is preposterous that is the most delicate and embar- quate to meet and satisfy the decondition of which we read in New York. It will if Florida any woman should be compelled to assing of all executive functions, mands of His government; and have children against her will, But, if this problem is so very thus solved the greatest moral people ever get the idea that social life, of the "running brutally cruel to withhold from difficult and embarrassing even in problem that had ever occupied around" kind, should have precedence over that more serious phase of raising a family.

Blood will tell and breeding has a lot to do with a man or woman's character, but give them the best in the world of that, coupled with a bad environment, and they haven't a chance. Take away the present good environment which thing in the creation of children which has for its Constitution the cording to His own infinite na-Florida has, and it will soon see, as New York City does, 50,808 girls walking the streets at night.

The Seaboard Air Line evidently believes that population and business have gone to Florida to stay or it would not go in for building 216 miles of new road in that state. -Spartanburg (S. C.) Herald.

A Masterpiece Among Florida's Developments

I.OCH-ARBOR

A Country Club Property of Lakes and Hills

Loch-Arbor is one of the outstanding developments of this vicinity. Man and nature have combined to make this development beautiful beyond your dreams. It will be a city in itself of broad drives and winding parkways, lined with imposing homes and winter residences of the highest character. Loch-Arbor is destined to be the show place of the entire Sanford District.

Property in Loch-Arbor will be highly restricted. There will be no undesirable buildings. Nothing but the most beautiful structure will be permitted. Its distinctiveness will be emphasized by its magnificient homes, its silvery lakes, and for its people of wealth, culture, and refinement. Loch-Arbor will have characteristics of its own that will appeal to the most discriminating.

Loch-Arbor is rapidly being transformed into the Country Club property of lakes and hills. Dredges are deepening the lakes incident to the filling of the lowlands, landscaping and beautification are rapidly changing the rustic appearance of this historic spot. Development has brought many changes, all of which are being made to create the home spot beautiful.

Palatial motor busses will operate between Loch-Arbor and all the important cities of the state. Offices will be established in the different section of Florida and the country, to give the people an opportunity to learn of the wonderful opportunities that are being offered. Thou sands of tourist will be brought here by every means of tranportation to buy and build in this development.

We are proud to extend an invitation to the people of Sanford to visit Loch-Arbor while developments are forging ahead. You will enjoy seeing the progress that is being made. We feel that our friends will better realize the possibilities that will be offered and that they will grasp the opportunity to affiliate themselves this newest project.

Where there is Activity there is Profit

In the heart of Sanford's activity, where the greatest progress of the city is now being made lies---

In the immediate environs of this development is the new Forrest Lake Hotel that will be ready for tourists when the season opens. The new boulevard that will encircle the city will pass through Marvania. Contracts were let for its construction this week. Other developments in the immediate neighborhood are the scenes of much improvement and construction. Marvania in the path of the city's growth eastward is in the heart of this great activity.

The easy access to the heart of the city, the character and progress of the development work, and the prices at which lots can still be bought—these and other factors of desirability combined make Marvania the outstanding investment value in Sanford today.

Drive to Marvania Tomorrow

You are invited to drive over this property, appraise its value for yourself by comparing it with other offerings. We are sure your appraisals will be higher than the prices at which you can still buy this property.

We urge you to act at once, and not fail to take advantage of the opportunity that Marvania offers for investment and profit.

Make Your Selection Now

OF THE SECOND SECTION OF

Holly Hill Heights

FIRST SECTION NEARLY SOLD OUT

With the present introductory prices of the Second Section of Holly Hill Heights, the man with a limited amount of cash can grasp the opportunity that will reap golden profits. It is important that you act at once if you want to get in on ground floor prices.

Bear in mind that opportunities such as these offered in Holly Hill Heights come "once in a life time". Others will accept this as being a real outstanding investment. The man who acts quickly will profit most. Let us show you with bare facts why an investment here must and will prove profitable.

LOCATION

This is one of the most important factors to consider in making an investment, or selecting a home site. Holly Hill Heights just three miles from the business district of Daytona, bordered by two high grade developments, and only a five minute drive to the Ocean, offers the homeseekers or investor every feature that is offered in the higher type development.

IMPROVEMENTS

The improving program includes asphalt streets, paved sidewalks, city water and lights, in fact every convenience and improvement will be incorporated for the comfort of the residents of Holly Hill Heights.

INVESTMENTS

Quick generous profits awaits those buying for profit. Compare our property with other developments in Halifax County. Holly Hill Heights is Florida's biggest opportunity today.

JOE TINKER Tinker Bldg., Orlando. NEAR ORLANDO AND KISSIMMEE

O-K FARMS

10 Acres of Prosperity

O. K. Farms are located between Orlando and Kissimmee and easily and quickly accessible to both cities over good roads. These farms are cut into 10 acre tracts, and so laid out that every tract fronts on a wide road leading into main highway. For the raising of truck, citrus fruit, dairying or poultry, Florida offers no better land. The location is ideal, being not over 30 minutes from either Orlando or Kissimmee. These farms are high, dry and rich soil, and the price is only

E. T. FARMER,

604 Inter Southern Building,

Louisville, Ky. suggested the name that was selected by the committee. While all the suggestions were good, vet only one could be chosen.

The owners of the club will build, at once, a boathouse and the engineers will soon be busy running the streets and making the sandy beach.

This is the last week in which lots on Lake Mabel will be offered at pre development prices. Several purchasers of the lots have informed us that they intend to build at once.

POSITIVELY this will be the last advertising that will appear offering lots on Lake Mabel at prr-development prices.
