Congress Pushes Measures To Halt Shipment Of Arms

President Roosevelt Gives Optimistic Report To Solons On State Of Union

Electoral Votes Get Official Okeh

Chief Executive Reviews Past Year, Also Looks Ahead

WASHINGTON, Jan. 6.—(AP)—Congress today pushed action on the Spanish arms embargo but turned aside first to hear an optimistic report by President Roosevelt on the state of the Union.

Differences over spending, monetary and other policies temporarily were forgotten in a general desire to spread the ban after the State Department reluctantly issued two permits to export more than \$7,000,000 worth of munitions and airplanes to war-torn Spain.

The Senate and House met jointly at 1 o'clock this afternoon to count the electoral vote in last November's general election in which Roosevelt and Garner won 363 electoral votes to eight for Landon and Knox.

President Roosevelt delivered his opening message to Congress at 2 o'clock this afternoon, reviewing the past year and looking ahead to the next. He left details of a legislative program for special messages. He will transmit to Congress from time to time.

Townsendites Plan Special Program For Friday Night

A special program will be presented Friday night by the Sanford Townsend Club in its new quarters at the Welaka Building, No. 5 Railroad Avenue, W. H. Hughes, president, said today.

Principal speaker of the evening will be Dr. H. Waters of Orlando. His subject is to be "Inspiration, Preparation and Shoe-leather."

An entertainment, the Purcell Quartet of Orlando will be heard, and a duet is scheduled by Earl Whiten and his sister, Miss Whiten.

School Nurse Sees 144 Pupils During Period In December

Mrs. Mary Farnell, acting school nurse, inspected 144 public school pupils in Seminole County between Dec. 5 and Dec. 19, she reported today in a brief to the County School Board.

Administrative work included 50 hours of office work with six interviews and the issuance of four permits to enter school. One patient was taken to the hospital. Three homes were visited, the report stated, and in eight cases medicine was given to children.

Householder Renamed County Attorney; Serves Five Years

R. F. Householder late yesterday was appointed County attorney for the fifth consecutive year. The current Board of County Commissioners is the third under which he has served.

Noteworthy in Mr. Householder's last term as County attorney was the successful negotiation of a \$250,000 bond refunding program in which he directed all legal operations for Seminole County.

The County Commission was in session this afternoon preparing to draw a new list of jurors.

Seek To Assess License Fee On Local Carnival

Commissioners Say Transient Group Should Pay Money

A possibility existed today that the Seminole County Agriculture Fair and Celery Display, scheduled here for Jan. 23-28, may not be allowed to exhibit here without the payment of the City's ordinance-authorized \$300 per week license.

The new Board of Commissioners discussed the proposal last night after Fred F. Dornier, ex-acting ruler of the Sanford Elks, had appeared with the announcement that his fraternity is sponsoring the show and asked that it be allowed to enter the City license-free.

While City officials took no definite action, they did request that they be given the opportunity to look over the contract which sealed the sponsorship between the fraternity and the fair promoters.

Commissioners were strong for the proposal of an agricultural exhibit and expressed themselves in favor of such a project without the payment of license, however, the carnival phase of the show, they said, should be levied against.

Henry Whitehurst suggested that Mr. Dornier attempt to find some method by which the license fee might be taken from the carnival's revenue, leaving the Elks' portion of the gate receipts untouched.

Mr. Dornier said his organization had been guaranteed \$400 as its share for sponsorship. He declared the fraternity is in need of the money, since there still remains an outstanding debt on the Elks Home.

Sixty-Five Golfers Use Country Club Athletic Facilities

Sixty-five persons used the facilities of the Sanford Country Club during the past week, one of the largest groups to do so recently, according to a report made today by Bert Fort, manager.

Among the out-of-town golfers were T. J. Wright of Chattanooga, N. Y.; C. J. Reese of Pittsburgh, Pa.; A. B. Lyon, J. B. Reeves and B. Reeves, all of New York, N. Y.; George E. Rollins of San Antonio, Texas; J. T. McMullen of Clearwater; Charles Gayle of Charleston, S. C.; Carl E. Clark of Syracuse, Ill.; Lauren Parrot of Pittsburgh, Pa.; Mrs. T. J. Wright of Chattanooga, N. Y.

Added interest had been displayed in the golf course since the erection of a sign at the zoo advertising the links. Photographs of the display are by Cox. Sanford Jay Cees furnished the lumber.

Hard Winter Hits On Pacific Coast

CHICAGO, Jan. 6.—(AP)—Winter concentrated its severest blows in the far west today after giving the middle west a taste of sub-zero weather, the coldest of the season.

Hillsides and rain swept the Pacific Coast, mauling 350 persons in eight scattered camps and killing at least one person. Continued cold was predicted.

City Plans Improvement To Shuffleboard Courts

\$100 Authorized To Repair Entertainment Facilities; Lodge, Moughton To Supervise Work

City Commissioners last night made a definite effort toward entertainment of winter tourists by authorizing the expenditure of \$100 for the repair and improvement of municipal shuffleboard courts.

The action followed a request by W. H. Francis who described the crowded conditions now existing on the recreation centers. Mr. Francis pointed out that light for night playing were needed, that considerable repair work is necessary on the courts; and that some painting is required on the structures adjacent to the courts.

Commissioner M. J. Lodge and James Moughton, superintendent of streets and parks, were named as a committee to supervise the improvement operations.

Mr. Francis' request for action toward improved tourist facilities were reinforced by an humorous but impressive informal talk by E. V. Haines who described himself as the "original tourist."

He said he started to Miami five years ago and stopped here to visit a friend who advised that he take an apartment and remain a tourist for one week. The one week lengthened into two weeks and eventually into five months.

Mr. Haines said that his friend introduced him as "Haines, the original tourist." He added that if you can find one more, the town will have two tourists.

Bonds For Deputies Meet With Approval

Bonds of \$1,000 each for eleven deputies sheriff today had been approved and the officers appointed to serve in various Seminole County districts under C. M. Hand, new County sheriff.

The deputies are R. C. Whitten, L. A. Tate, R. J. Hickson, H. O. Gray, C. A. Whithead, Robert Q. Gray, John G. Poulson, W. T. Wansley, J. H. Lee, J. W. Martin, George W. Gray, W. D. Lees and C. F. Marshall.

Local Trustees Propose Buying Of School Site

Midway Location Is Sought For New Negro Building

Trustees of the Sanford school district today recommended to the County School Board the purchase of a tract of land, not to exceed \$1,000 in cost, in Midway for the erection of a new school building.

The office would replace one which burned down recently. Funds for the project are expected to be obtained partially from the Federal Government.

Elton J. Moughton, architect, bargained to the Board a five year plan of proposed improvements in County school districts involving WPA works. Superintendent F. W. Laxton was instructed to confer with district trustees for approval of plans as regards their sections.

Authorization was given Mrs. Mae Sheffer to enforce the trust title in several cases to which attention was called by the Longwood trustees.

John Fox, chairman of the Lido Moore's Park trustees, locally authorized the transfer of \$20 from an incidental fund in the building account of Book 17000 to the school for the erection of a lot house.

Although the Board was slated to hold a reorganization session today, that activity was postponed due to the absence of Chairman Fred Williams, who is in Army and Navy hospital in Hot Springs, Ark. He is expected to return for the February meeting.

Cone Tells Racing Commission To Cut Expenses To Bone

TALLAHASSEE, Jan. 6.—(AP)—Governor Cone started his new Racing Commission off today with instructions to trim costs to the bone.

Chairman Joseph E. Stein of Miami and other members selected Roy H. Chapman, Lake City, the Governor's former law partner, as their attorney. The post pays \$200 monthly.

Resignation of George W. Lavis from his \$1,500 per year job as Conservation Commissioner was received, and the Governor's office said E. F. Mizell sent his resignation as Vehicle Commissioner.

Exhibit Committee Will Meet Friday

The Exhibit Committee of the Seminole County Chamber of Commerce, which will direct activities of the County's display in the Central Florida Exposition at Orlando, will meet Friday night in the Chamber Building, Secretary Ralph Baywell said today.

On the program are discussions of exhibits to be shown at the exposition.

Santordites Named In \$450,000 Will

NEW YORK, Jan. 6.—(AP)—Philip R. and Walter H. Bach, both of Sanford, were named in the will of their father which was filed for probate in Surrogate Court here. The deceased, Philip Bach, of 59-11 Reisman Street, Flushing, left an estate of \$450,000 to his wife Elizabeth.

At her death, the principle is to be divided among the "en children, all of which but the two Sanford residents live in this city.

Celery Activity Becomes Lively After Jan. 15th

Scott Sees Better Local Conditions Prevailing In '37

Only a few scattering cars of celery have been shipped to date from Sanford, but right after Jan. 15 the celery season is expected to open up in a lively fashion. W. M. Scott, vegetable chief for American Fruit Growers, said here today in announcing that "the celery crop in the Sanford district is in better condition than usual for this time of year."

The weather for the most part during the fall and winter has been favorable for celery growth, Mr. Scott declared, and the oldest blocks of celery have been prepared for bleaching. During the cool period of the winter from two to three weeks are required to properly bleach celery; consequently the celery which was prepared late in December or early in January will be ready for shipment from Jan. 15 to 25, Mr. Scott said.

The first car of celery of the season, grown by John Bell and marketed by American Fruit Growers at Cleveland, was shipped late in December, but first carloads were scarce and in big demand. Quality of first celery was excellent and promises to remain that way.

"Usually the heavy shipping period for Sanford celery is the month of March, but this season on account of early setting and good growing conditions, a heavy period, or peak movement, is expected to be from Feb. 15 to Mar. 15," Mr. Scott added.

Setting of young plants in the field at Sanford will wind up about Jan. 15. Ovidio, however, is just getting well started in setting the late "mucklands" crop (Ovidio sometimes ships celery in to June).

Celery has been growing uniformly and at a good rate of late, according to Mr. Scott, who thinks that Florida will be shipping some of the finest celery in years during the coming season.

Outgoing Official Seen Bond Refund As Reality Soon

By PAT PATTERSON

Commissioner Ed Higgins was named mayor of Sanford last night by a unanimous vote from four other members of the Commission. He succeeded S. O. Shinholser, retiring after a three-year term.

Mr. Higgins' name was placed in nomination by Commissioner W. A. Laffler, and the second came from Commissioner M. J. Lodge.

On the invitation of Commissioner Lodge, retiring Mayor Shinholser agreed to sit informally, and frequently, with the new Board to offer suggestions regarding City Government.

The new mayor's first statement was one of commendation for the "zeal" of record of the past board, followed immediately by an assertion that he contemplates "no changes in the existing policies of the City. The only requisite for holding a job will be efficiency."

Outgoing Mayor Shinholser was lauded highly by the Commission. (Continued on Page Seven)

Executive Group Of Audubon Unit To Assemble Here

The Executive Committee of the Florida Audubon Society will meet Saturday morning at 9:30 o'clock in the Mayfair Hotel, it was announced today by C. Russell Mason, president of the organization.

Included in the program are scheduled discussions on the proposed assumption of wardship over two new bird sanctuaries, one in Alachua County and another on the Gulf Coast.

Other business is to include reports on proposed legislation to be presented to the 1937 Legislature. Reports also will be made on the tentative program being drafted for the annual meeting of the State Society at Winter Park in March.

Mr. Mason said the Committee will lunch at the hotel, and be invited members of the Seminole County Audubon Society to attend the noon-day event.

Thirteen members are on the Committee.

Public Speaking Classes To Resume

Public speaking classes under the direction of Prof. H. R. Pierce, Rollins College, will be resumed tomorrow night in the Chamber of Commerce Building.

Classes had been in progress for several weeks until the year-end holidays when they were suspended for two weeks.

A small fee is charged by the professor for a 10-weeks' course. Instruction is given each Thursday night.

News Paper reporters caught Fred Cone reading "Gone With the Wind." Probably figured it was some review of the pitfall of the Sholtz administration.

We see where Elaine Barrie and John Barrington have separated over a disagreement. Oh, the course of true love never runs smooth.

If the National Guard had been forced to fire upon the defender of Daytona Beach's city hall, Gov. Sholtz could have been said to have gone out of office in a blaze of glory after all.

Germany has again taken to sinking foreign ships. It seems to me it was something like this sort of thing that got her into war with the United States twenty years ago.

One thing about it, if Mrs. Armstrong is removed from office by the Supreme Court ruling, she could get a good job in Spain as commander of the allied armies defending Madrid.

A study of such things reveals that the housewife uses a knife an average of 130 times a day, on exchange reports. It might have added that every time she vows that knife simply must be sharpened.—Topeka State Journal.

If all the Cone colonels converge on the State capital tomorrow, Tallahassee will look like a military city during a siege.—Ocala Star. On the contrary, our observation is that the executive mansion would look more like an old soldier's home.

Clarence Darrow, the eminent criminal lawyer, doesn't think much of Christmas. "A lot of humping," says he. "Christmas is mainly a public nuisance." And then of course there are a lot of little boys and girls who don't think much of Clarence Darrow.

And by the way, that six million dollars which Gov. Cone says the State has got to raise for old age pensions, is in addition to the payroll taxes which the federal government is already levying for that purpose. By the time we get through with it the Townsend Plan may prove cheaper after all.

Our old friend Marshal Chung Hsueh-liang, who turned traitor and jailed his commander, General Chiang Kai-shek, and for which dastardly act, he was sentenced to ten years in prison, has now within a few days, been given an unconditional pardon. He couldn't have done any better than this in this country.

Andrew Mellon has offered the United States government some \$40,000,000 worth of priceless art treasures, a \$9,000,000 building to house them, and an endowment fund for their maintenance. One wonders whether after giving away some fifty million dollars of his fortune, Uncle Andy will have enough left to keep off relief.

Among other important news items of yesterday was the opening of another congressional session in Washington. Things had been progressing so nicely since the last session met, that one had begun to hope it wouldn't be necessary for our distinguished senators and representatives to meet again. But alas! No such luck. The time has come to grind some more laws.

A Look Ahead

As Congress convenes for its first session in the second term of the Roosevelt administration, there is considerable speculation as to what to expect from it, with many predictions ranging from those of an extremely radical nature to a definite turn to the right. However, a more reasonable estimate of the government's future course seems to be the following, taken from the United States News:

1. A friendly White House interest in suggestions of organized labor for legislation that will put more of the power of government on its side.
2. An early end to government borrowing from private investors to conform to basic principles of spending-for-recovery theory.
3. Technical alterations only in undistributed corporation profits tax which fits in closely with controlled-recovery theory which President has embraced.
4. Continued large appropriations for relief not only to keep unemployed from starving but to help maintain wage levels in some of lowest paid classifications.
5. An even more aggressive policy of tariff reduction and adjustment. Renewal by Congress of trade agreement powers may be taken for granted.
6. Tighter regulation of securities markets, new regulation of investment trusts, further jolts for holding companies.
7. A neutrality law lodging with President broad power to impose embargoes on munitions, war materials and credits in event of war between nations or of internal strife within nations.
8. Support for ideas of David Lillenthal who believes in continued use of "yardstick" plan of forcing electric power rates lower.

Men And Machines

The popular belief that modern invention and machinery are responsible for unemployment is blasted by a study recently made by the Machinery and Allied Products Institute on numerous technological problems. Among the many facts developed during this study were the following:

1. In the automobile industry (one of the most heavily mechanized in the world) employment per vehicle manufactured was 25 percent higher in 1935 than in 1929.
2. The number of telephone girls increased by more than 50,000 during the ten years that the dial system was being installed.
3. The number of ice dealers more than doubled between 1920 and 1930 because mechanical refrigeration popularized all refrigeration.
4. While population was increasing 16 percent, typists increased 32 percent and bookkeepers, accountants and cashiers increased 27 percent during the time when business machines were becoming so popular.
5. Although 50 percent of all theater musicians were displaced by sound motion pictures, during the same years musicians and teachers of music increased by 35,000, actors by 17,000, theater ushers by 7,000 and radio employees by 5,000.

Things are happening pretty fast these days in a new year gets under way and new public officials elected last year begin to take over important jobs which will keep them busy for the next few years. We have a new governor, Cone is in and Sholtz is out. We have almost an entirely new County Commission with W. B. Williams, the only hold over, as its chairman. We have a new county judge, with Judge Ware taking the place of Judge Sharon, who had become almost as much a part of the Court House as the cornerstone. We have a new sheriff with Old Timer Charlie Hand taking the place of Jim McClelland. And we have a new mayor, as Ed Higgins, the newest member on the Commission, was elected last night to take the place of Mayor Shinholser, whose term of office has expired. All of which brings us up to the point of our story which is that Mayor Shinholser goes out of office with his personal prestige unimpaired as a result of his fling in politics, and leaving behind him a three year record of public service which has brought the City to the very threshold of a permanent settlement of its financial obligations.

SANFORD TWENTY YEARS AGO

On Monday evening at the parish house, Miss Winnie Strong entertained with a New Year's reception to her many young friends that was a charming event. The gay young people enjoyed the dancing and other amusements furnished by their gracious hostess who was assisted by her mother, Mrs. Mary Strong. Those present were: Misses Helen Shelton, Helen Gonzalez, Helen Shelton, Helen Gonzalez, Norma Herndon, Dorothy Rumph, Serita Lake, Eleanor Herring, Mollie Abernathy, Anna Mason, Carolyn Spencer, Mary Howard, Mina Howard, Mildred Huston, Perry Lee Bell, Virginia DeCoursey, Virginia Bell, Ellen Chappell, Winnie Strong, Kathleen Brady, Adele Rines, Aline Lipford, Gladys Adams, Gladys Wilson, Ebel Henry, Florence Henry, Vera Terheun, Esther Miller, and Max Stewart, Scott Coulborn, Wallace Lipford, Alfred Robson, Jamie Robson, W. "TOO LATE TO CLASSIFY"

By RUSSELL KAY

By the time this column is published the Great Seal of the State of Florida will have changed hands and we'll have to be careful to address our gubernatorial correspondence "Dear Fred" instead of "Dear Dave."

You know there is something really pathetic about a governor havin' to step up and turn be sent over to somebody else after he's spent four long years 'tainin' it and is just gettin' to the point where it will jump through when he cracks the whip or throws it to another fish. And it must be kind of tough on the seal, too. Just when he gets so he can do pretty well balance a deficit to have a new trainee take him in 'charge and start tryin' to teach him to balance a budget instead.

So far, nobody seems to know very much about what's gonna happen. Under the new administration we can expect to see our State officials fired with enthusiasm or at least resigned to the situation.

Probably the first thing Fred will do after the inaugural parade is march over to the mansion and attend to the little ceremony of removin' them padlocks we've heard so much about, and a lot of folks think he'll take 'em over and put 'em on the vault in the treasurer's office.

The theme song over in the offices of the State Road Department will probably be "HALE, to Chief." But bein' head of the Road Department is no slouch job and the man who takes it 'as a job on his SHOULDERS and he has to keep humpin' to make the GRADE.

A lot of poor fish are wonderin' who will have charge of the Conservation department. It is generally conceded that the present incumbent will be 'knocked reelin' off his PERCP in spite of the fact that he's made a pretty good record savin' the DOE.

The new governor promised to get us out of the woods but he's gonna have a hard time doin' it with the State Forestry Department' plantin' trees faster than we can chop 'em or burn 'em down. Rock-a-bye Baby in the Tree Top, when the wind blows, etc. Over in the Forestry office they're sittin' round wonderin' who will be "Gone with the Wind" and how soon it's gonna start blowin'.

Whether we will continue to receive FRANK statements on the subject of public safety re-

Thompson Now AP Chief in Washington

Carl G. Rose to the occasion by turnin' in his resignation as State Racing Commissioner, figurin' it was a break ON him anyway and knowin' he didn't stand a chance of bein' left at the POST. His successor will probably be appointed by Park-Mutual agreement.

Alex Stuart of Tampa and Earl Pace of Tavares are both bein' talked about as possible successors to Bryan Willis in the State Auditing Department. But Fred says he don't know how they figure, and that's one appointment that calls for a lot of figurin'.

The little game of tag between Motorists and the State will go right on, only a new guy will probably be IT. Fred has been havin' a lot of fun rummin' down the list of boys and girls in that particular playhouse and I can just hear him sayin' "Tomie, meenie, miney, moe, if he hollers let him go, O-U-T spells out."

But all kiddin' aside, the task of selectin' efficient, honest, loyal co-workers that faces an incoming governor is not an easy one. Too often appointments turn out to be disappointments. But one thing we can depend on, whatever Fred Cone does will be done honestly and sincerely for the best interests of the state as he sees it.

He may give jobs to his friends and supporters, but such appointments will be more in the nature of an opportunity, for I don't believe Fred will retain an appointee who does not fully measure up to the task from the standpoint of honesty, ability and conscientious service.

While the people of the State have little knowledge of Fred's plans and intentions, this has occasioned no lack of confidence in him and the general feeling persists everywhere that Fred will make a "GOOD GOVERNOR."

The goldenrod is the state flower of both Kentucky and Nebraska and one of the state flowers of North Carolina.

Ebsen Has Great Part In New Film At Ritz Wednesday

That outstanding exponent of eccentric dancing, Buddy Ebsen, relieved what might well be recorded as a tepid reception here, when he was selected by Darryl F. Zanuck, in charge of production for Twentieth Century-Fox, for the role of a shiftless ne'er-do-well who dances like nobody's business in "Hoop in My Knees" at the Ritz today and tomorrow.
Born in Florida, Buddy delivers several hot southern shuffles in this romantic drama of the strapping beauty of the large Mississippi, which will have movie devotees sitting on the edges of their seats. That Barbara Stanwyck, who is costarring in the picture with Joel McCrea, is Buddy's dancing partner, serves to make their joint performance an outstanding event.
One of the outstanding features is the very unusual music, which, while basically that of the Southern Mississippi River district, is nevertheless more particularly patterned after the type of melodies which are about the folk-songs of the shanty-boaters about whom the story revolves.

Mrs. A. D. Zachary, Jr. Entertains At Bridge

The members of Le March Club and a few other guests were entertained at a bridge party given Tuesday afternoon by Mrs. A. D. Zachary, Jr., at her home on Magnolia Avenue. Red roses and tallinn roses were used to decorate the rooms where the guests were seated.
After several progressions of bridge high score prizes for the club members were awarded to Mrs. Roy E. Mann and Mrs. Henry J. Douglas. Mrs. James G. Sharon, Jr., won high score prize among the guests and received a set of towels while Mrs. Joseph A. Meisch received out prize during the party.
At the tea hour refreshments were served by the hostess, assisted by Mrs. Harry B. Woodruff and Mrs. Andrew Garraway. Those present were: Mrs. Roy E. Mann, Mrs. James G. Sharon, Jr., Mrs. Harry B. Woodruff, Mrs. Andrew Garraway, Mrs. Joseph A. Meisch, Mrs. John L. Galloway, Mrs. E. N. Scott, Mrs. James A. Wright, Mrs. L. E. Boyle, Mrs. Henry M. Dougherty, Mrs. J. S. Adams, and Mrs. W. A. Adams.
Mrs. Inez M. Nelson, district supervisor of public health nurses, spent today here.

GENERAL STRIKE OF AUTO WORKERS THREATENED

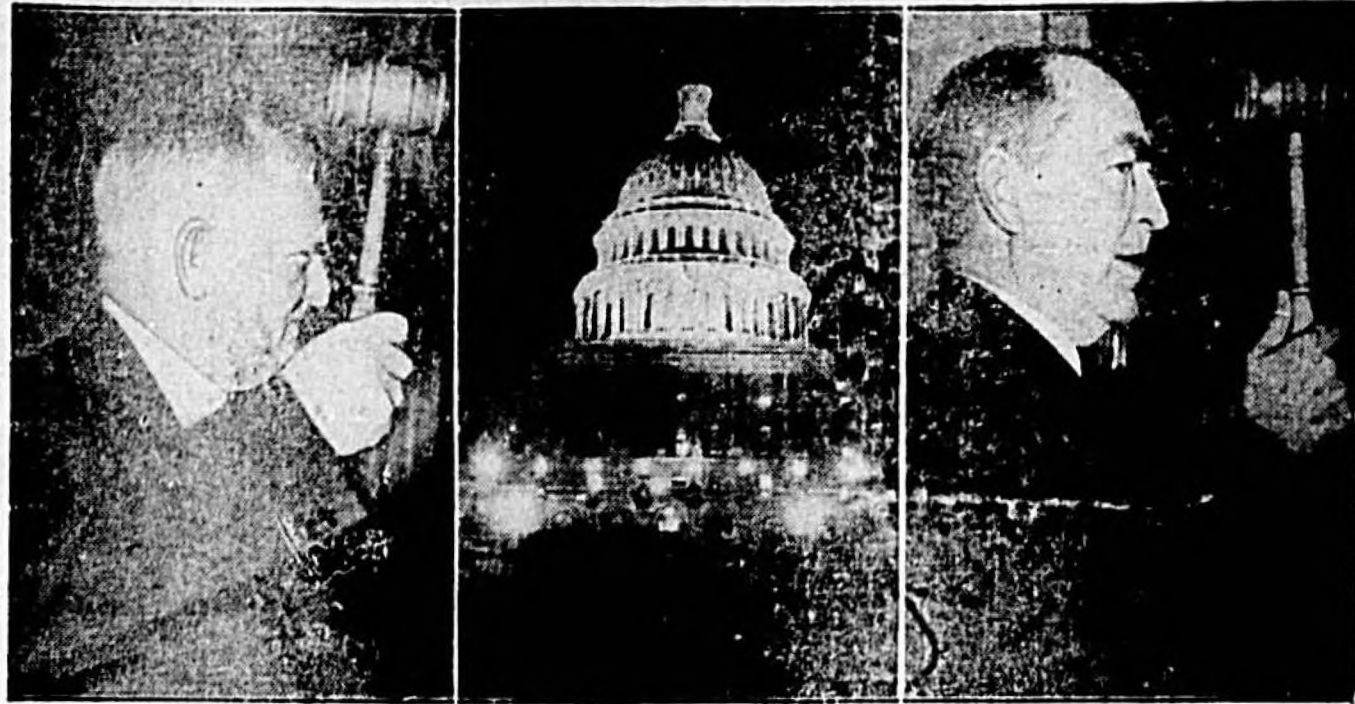

Industrial paralysis caused by strikes in plants of General Motors Corporation threatened to spread to other factories when the "strategy board" of the United Automobile Workers Union was authorized to call a general strike, if necessary, at 69 plants in 14 states. At Flint, Mich., "General Motors Stole-pigeons" were hung in effigy, as shown at the left, while "sit down" strikers held their posts inside the factory. In the same plant, Eldon Coale, a striker, receives a kiss through a window from his nine-year-old daughter who came to visit him. (Associated Press Photos)

CONGRESS READY TO CONVENE WITH HEAVY CALENDAR

Faced with many legislative problems, members of Congress are assembling in Washington for the session convening January 6. Here are familiar scenes that will be re-enacted in the capital. Vice-President Garner (left) presides over the senate and when he raps his gavel for order, he seldom fails to get it. Rep. William B. Bankhead (right) of Alabama, speaker of the house, also is a famous performer with the gavel. Before long, no doubt, Washington will be treated to the pretty spectacle of floodlights shining on the capitol dome with a low light burning at the top, indicating that Congress is holding a night session. SECRET SERVICE CHIEF CRITICIZES RETIREMENT

William J. Moran, chief of the United States Secret Service, relinquished his job after 25 years with the agency and to secretary of the Treasury, Joseph P. Morgan, today. He criticized the service's retirement system. "It's going to be a question now on what I'll use for money," he told Morganthau, referring to \$1,000 a year he will get as retirement pay. STRANGER ADDS MYSTERY TO RANSOM PLANS

A gray-haired stranger's hurried departure from the Mattson home in the type of automobile specified by the kidnaper for delivery of \$28,000 ransom added a new note of mystery to the strange abduction of 10-year-old Charles Mattson at Tacoma, Wash. The man, shown driving away in the old model car, refused to reveal his name or mission but some observers believed he was bound for a rendezvous with the abductor in efforts to recover the boy. Make Dedication To Former Local Mayor

The memory of the late Thomas L. Dumas, former mayor of Sanford, was perpetuated Sunday in the Holy Cross Episcopal Church through the dedication of two altars, the gifts of Mr. Dumas' daughters, Mrs. Arthur Hazard and Mrs. Raymond Phillips.

Sanford Kiwanians and members of the Men's Club of the Church attended the ceremony. The former mayor had been active in both organizations.

Highway Engineer Tells Speed Facts

AMES, Ia., Jan. 6. —(AP)—If you are in such a hurry that you drive your automobile at 70 miles an hour or faster, then your

time should be worth at least \$1.40 an hour or you are losing money.

Prof. R. A. Meyer, Iowa State University highway engineer, has figured out from a series of tests that gasoline expense increases about one cent per mile between the speeds of 35 to 70 miles an hour, while increased oil consumption and wear and tear on tires and motor adds another cent.

"If you drive a 70-mile trip at 70 miles an hour instead of the 35-mph. rate," the professor says, "you may save an hour's time but your expense cost for the trip goes up an extra \$1.40 to say nothing of increased danger to life and limb."

Seek Conciliation Of Big Motor Strike

Federal labor conciliators today increased efforts to bring General Motors and the United Automobile Workers together.

Two more of the corporation's branches laid off many employees, bringing the total idle to past 20,000. President Roosevelt, Secretary Perkins and the cabinet discussed the crisis.

Florida Youths To Become Real Cops

PENSACOLA, Fla., Jan. 6. —(AP)—Pensacola youths have the opportunity of realizing ambitions to be a policeman without waiting to "grow up."

In a move to curb a "growing" criminal tendency among youngsters, the Pensacola police department and the Pensacola trade

school collaborated in organizing a junior police department and an honor court to try juvenile offenders.

The department membership comprises boys under 16 who passed examinations. The policemen were required to take the oath administered regular policemen and they wear uniforms.

The 12 youths making highest marks in the examination were commissioned as members of the honor court and hear cases brought before them "by the junior cops."

Collapsible House Used By Traveler

MARION, O., Jan. 6. —(AP)—When Ross Showers of nearby LeRue goes traveling he carries his "hotel" on the rear bumper of his automobile.

It looks like a piano box when he drives into a farmer's

yard to park. Then quickly it is transformed into a one-room house with 25 feet of floor space, a standard-size bed, a kerosene stove, two closets and electricity.

Showers' collapsible automobile house is the width of his car and 14 inches thick when folded. The materials cost him only \$11, he said, and is made of spare pieces of lumber, galvanized metal sheeting and "lots of hinges."

Counterfeit Money Better Than Real

CLARION, Pa., Jan. 6. —(AP)—Edward Trunk found a counterfeit silver dollar which he prizes more than any genuine dollar he ever owned.

Trunk, owner of a hotel, picked up the bogus piece when workmen raised the floor to install a heating plant. One of the work-

men also found a similar coin. Both are dated 1884.

They said they believed the pieces were moulded and circulated by the notorious Ross Buck gang of the '90s, which operated near Lucinda, eluding federal authorities for a long time.

Anti-Cold Recipe Given By Professor

URBANA, Ill., Jan. 6. —(AP)—To fight a cold eat fruits, vegetables, butter, egg yolk and milk, says Miss Harriet Ertz, assistant professor of dietetics at the University of Illinois.

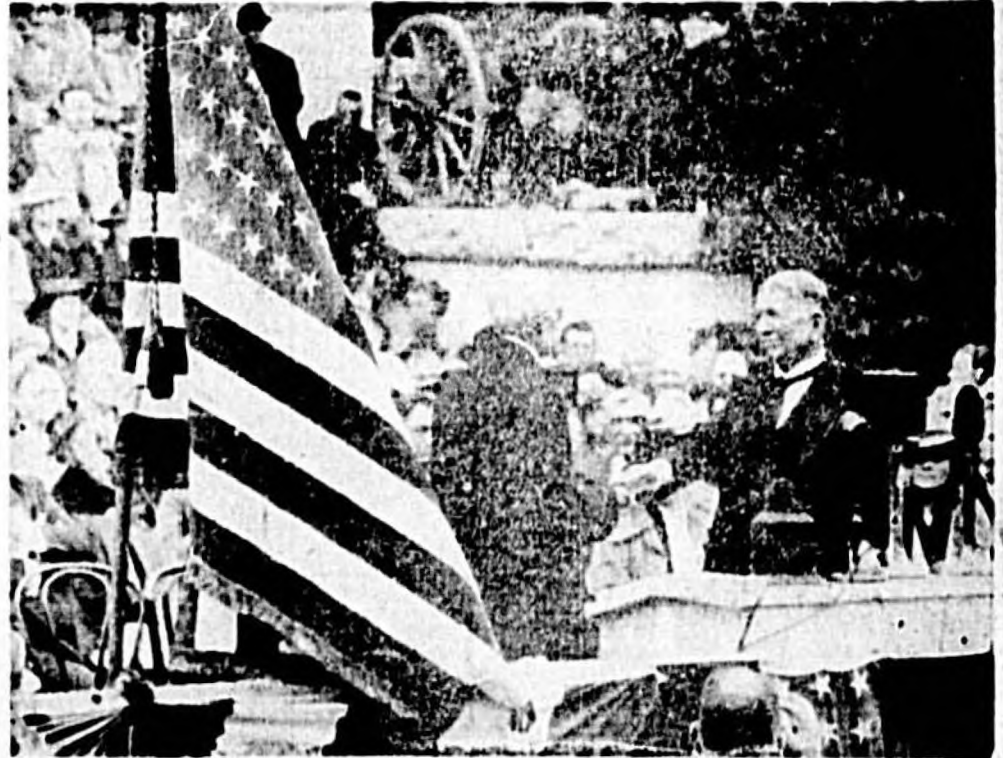

She says tests on college students show that a liberal amount of vitamin "A" included in the diet through use of butter, cream, whole milk, egg yolk, fruits, fruit juices, up the bogus piece when workmen raised the floor to install a heating plant. One of the work-

Ceremony Is Laid With Traditions; Golden Coach Used

THE HAGUE, Jan. 7.—(AP)—The Netherlands' royal maid, Crown Princess Juliana, became the bride of German Prince Bernhard Zu Lippe-Biesterfeld today amid the rejoicing of 2,000,000 subjects in this land of tulips and windmills.

First at the quaint town hall a civil ceremony, then in the historic, color-splashed Groot Kerk, Juliana and Bernhard pronounced their vows.

The princess, who is the sole hope of perpetuating the ancient House of Orange, stood in the center of a brilliant circle of bridesmaids. Quiet Bernhard, by royal decree, became "his royal highness, Prince of Netherlands."

Juliana and Bernhard rode from the palace to the town hall to the church in a golden coach drawn by eight horses in gay trappings. Cheering Dutchfolk lined the streets.

New Troubles Hit GM Heads In Auto Strike

70,000 Men Now Idle; Fear Spreading Of 'Sit Down' Reaching Entire Industry

DETROIT, Jan. 7.—(AP)—New sit down strikes at the plants of the Briggs Body and Murray Body Companies here today and the Chevrolet plant at Flint, Mich., the iron foundry and small parts plants at Saginaw, and Bay City, Mich., added to the seriousness of the strike against General Motors Corporation.

More than 50,000 men already are idle and the new closings will boost the number by about 20,000. Governor Murphy of Michigan and James F. Deway, federal labor conciliator, were reported as encouraging progress toward settlement negotiations.

Some observers said if the strike continues to spread it may extend to the entire automobile industry.

American Girl Playing Role In Red China

Communistic Activities Of Miss Smedley Oppose Kai-Shek Government

SIANFU, China, Jan. 7.—(AP)—Agnes Smedley, American, was reported today to be planning an important role in the campaign to establish a Communist empire in Northwest China openly opposed to Generalissimo Chiang Kai-Shek's government at Nanking.

The movement, reported to have attracted the support of 200,000 members of Marshal Chang Hsiang-shang's former Manchurian army, together with Chinese Communist forces numbering 30,000, as emerged into the open with a burst of propaganda led by Miss Smedley.

Elks May Bring Exposition Under Laws Of Charter

The Seminole County Fair and Celery Display scheduled for Jan. 25-30, appeared to be nearer a reality today after legal obstacles seemingly had melted away before certain stipulations of the city that must be met by the Sanford Elks' Club, sponsors of the exposition.

A commission meeting today afternoon developed the fact that if the proposed fair could qualify under a fair charter, then the city would have no authority to charge a \$300 per week license fee otherwise levied.

Mayor Ed Higgins today pointed out after conditions were met that if the proposed fair could qualify under a fair charter, then the city would have no authority to charge a \$300 per week license fee otherwise levied.

Britain Determined To Halt Enlistments Of Fascist Volunteers In Spain

Nations Expected To Evade Problem

Serenade Of Death Boomed By Madrid Area Guns

The Associated Press Great Britain, thinking of eventualities in terms of ships and men today sought "constructive" German and Italian answers to her plea for an end to Fascist volunteer armies in Spain.

The answers are expected to outline a joint Indo-German front, for the two Fascist states have joined in a formal accord on Spanish and other European problems. Germany and Italy are expected to evade the question by putting the matter up to other European nations.

With one-seventh of her fleet rusting about the coasts of Spain, Britain is capable of enforcing the arms and men blockade of the arms and men blockade of the zone should such a step be deemed the only way out.

Sir Thomas Inskip, British defense coordinator, hinted at the possibility of a speedy conscription if European peace seems lost.

Sanford Militia Relaxes Vigil; Ouster Revoked

Search for the kidnapers of Charles Matson, 10, from his home in Tacoma was pressed with renewed vigor after G. R. Grubbe (above), night watchman at a mill in Shelton, Wash., reported two strange men ordered him to inform the boy's father, Dr. W. W. Matson, that "everything is safe."

Cone Nullifies Mandate Of Sholtz In Daytona Trouble

A five day period of vigilance by the Sanford units of the Florida National Guard has been required today after Gov. Fred P. Cone signed an order yesterday revoking the Sholtz order in Daytona Beach municipal officials.

Chiefly-motivated here about dusk Friday, militia men were crowded into trucks and buses then trashed to Daytona Beach where trouble had been expected when Mrs. Irene Armstrong, mayor, object of the Sholtz order, barricaded herself and about 100 supporters in City Hall to prevent a Sholtz-appointed mayor and commission taking over city government.

The guard returned Saturday morning without having seen action, but since then has been prepared to move in on Daytona Beach at a moment's notice.

According to the Associated Press, Gov. Cone made the following statement regarding his nullification of the ex-Governor's order:

"I've signed orders restoring to persons who have not returned their applications, the communications bearing particular emphasis on the point that Jan. 15 is the final date for returning the blanks."

County Agent Dawson said growers who did not receive one of the letters may feel assured that their applications had been received in his office and turned through the proper channels.

The County Committee affirmed an announcement by Mr. Dawson that Jan. 15 is the final deadline for receipt of payment applications. After that date, it said, no more approvals will be written.

Health Program Inaugurated In County Schools

Nurse, Teachers Cooperate In Judging Plan's Results

A health program to effect about 2,000 Seminole County school children in the primary, grammar and junior high grades, was in progress today under the direction of Mrs. Dorothy Lamb, school nurse.

Introduction of the plan is divided into two phases, one involving four points in which results are to be judged by the nurse, and the second, containing five points, to be judged by the teacher.

Miss Lamb is to grade students on (1) normal or corrected teeth, (2) normal or corrected nose and throat, and (3) conditions for two out of the three following: snuffles, typhoid and diphtheria.

It will be the teacher's duty to grade on (1) satisfactory work attendance, with absence excusable only in the case of illness, (2) good health habits, (3) well-balanced meals with no tea, coffee, etc., and (4) cleanliness.

Mrs. Lamb said the purpose of the program is to stimulate the parent's interest in his own development and to arouse the cooperative effort on the part of the pupil, parent, teacher, nurse and physician in removing all impediments to fullest development.

The nurse said a similar program some time ago produced results which were exceedingly more satisfactory than had been expected.

Under the current plan, a student may make a maximum of 200 points. In order to win a blue ribbon certificate, he is required to score 150 points or more.

Employment of the family physician is being urged in correcting defects which the program may expose in Seminole County students, according to Mrs. Lamb.

Grapefruit Hull Dropping Probed By County Board

Attorney Housholder Investigating Alleged Nuisance

The attorney's action is in compliance with instructions of the County Commission who yesterday received a delegation of about 20 citizens from the Golden Lake section where the conditions is said to exist.

Two dangers result from the hulls, delegation spokesmen pointed out. First flies, which can swarm through fine screen wire and bring considerable annoyance to residents of the area, secondly, the slippery hulls on the highway create a traffic menace.

What course of action may be taken had not been determined this afternoon, although Golden Lake citizens said that in some cities similar nuisances had been overcome by an ordinance requiring he bull-hauling trucks to be covered.

Other action by Commissioners yesterday included the awarding of the month's grocery supply contract for the County home and (Continued on page five)

County Committee Writes Approvals On Pay Requests

The Seminole County Soil Conservation Committee late yesterday completed final approval of all applications for payments under the 1936 plan that had been returned to the office of County Agent C. R. Dawson.

Today letters were being mailed to persons who have not returned their applications, the communications bearing particular emphasis on the point that Jan. 15 is the final date for returning the blanks.

County Agent Dawson said growers who did not receive one of the letters may feel assured that their applications had been received in his office and turned through the proper channels.

The County Committee affirmed an announcement by Mr. Dawson that Jan. 15 is the final deadline for receipt of payment applications. After that date, it said, no more approvals will be written.

Sanford Country Club facilities were used by 56 local residents last week, it was reported today by Bert Fort, manager of the golf course.

Memorial Unveiled To Mrs. Williams In Seminole High

A large picture of the late Mrs. Gladys Morris Williams, for a number of years an instructor in Seminole County High School, was unveiled in chapel exercises of the institution this morning.

The photograph was presented by the Senior Class as a lasting memorial to Mrs. Williams, who was sponsor to the seniors when they were Juniors.

William Zachry, Senior president, made the presentation for his class. The memorial was unveiled by Albert Pitts and Doris Stewart.

Prof. G. E. McKay, High School principal, accepted the picture for the faculty and students. It is to be hung in the school library.

Volusia County Road Abandonment Rumor Gains In Strength

Rumors that Gov. Fred P. Cone may cancel building operations of the new Daytona Beach-DeLand highway, a project of considerable interest to Sanford and Seminole County, had been strengthened today when the governor recalled advertised bids for three road contracts in other parts of the State.

The new highway, a much needed thoroughfare, had been promised for months by Dave Sholtz, retiring governor, but it was only recently that laborers began clearing the right-of-way.

While some Daytona Beach and Deland citizens see the halt of operations on the road others express an opinion that Gov. Cone will not allow the money already spent on the project to go to waste.

Burns Holds Title As Checker Champ In Local Tourney

R. M. Burns last night retained his title as checker player of the Sanford Chess and Checker Club when he piled up a grand total of 875 points in the Valdez Hotel tournament which was extended over a period of six weeks.

Mr. Burns won 17 1-2 games, while losing only 2 1-2 to hold his crown. It was explained that half games are recorded when games end in draws).

Other players are as follows: J. R. Stewart, won 12, lost 8, points 600; A. R. Lovejoy, won 1 1-2, lost 9 1-2, points 525; Nick Zernovzen, won 10 1-2, lost 10 1-2; points 525; A. C. Madden, won 0, lost 20, points 0.

Persons interested in chess or checkers are invited to the Club's Valdez Hotel room each Tuesday night at 7:30 o'clock.

Cemetery Committee Will Meet Friday

Members of the Sanford Cemetery Committee are slated to meet tomorrow at 9:30 A. M. in the City's Cemeteries for an inspection of local burial tracts.

Persons owning lots are urged to visit the cemetery at some time during the day and ascertain if their particular areas are in need of attention.

Tourists Visiting Central Florida In Greater Numbers

Natural beauties of Central Florida are attracting more visitors this year than ever before.

T. E. Simpson, president of the Seminole County Chamber of Commerce, said today after a review of guest registration cards received by the civic organization.

One tourist who called at the chamber today, Mrs. O. H. Knight of White Cottage, Ohio, was strong in the belief that "Central Florida is Florida at its best insofar as nature is concerned."

Mr. Simpson said conversation with visitors who stop here briefly has indicated that Central Florida section is becoming more popular each year through month-to-month tales related by one who make a trip through the area then visit persons who have not visited here.

Gilliland Resigns As State Loop Head; Goes With St. Louis

Eddie Gilliland of Deland, president of the Florida State League, was reported resigning today to accept a position on the executive staff of the St. Louis Browns in the American League.

Tentative plans call for the popular local league chieftain to leave his home town on Jan. 15.

Having already resigned as secretary of the Deland Chamber of Commerce, Gilliland has called a special meeting of the Florida State League directors for Sunday in Deland and will submit his resignation as head of the circuit.

Gilliland's employment by the St. Louis club drew the following comment from W. G. Branham, president of the National Association of Professional Baseball Leagues:

"He is a man of striking personality, unlimited enthusiasm, energy and has shown marked ability as an executive."

Collector Warns Approach Of Tag Deadline Jan. 15

Tax Collector J. H. Jenkins today warned that only six and one-half more business days remain before 1936 automobile licenses become void.

While there have been additional days of grace granted motorists in past years, Mr. Jenkins said he had received no indication that the 1937 deadline will be extended one minute.

After Jan. 15 State law enforcement agencies are placed to impose instructions for the arrest of all persons driving automobiles showing 1936 license plates.

About 5,000 tags are sold annually in Seminole County. To date less than 1,000 have been distributed from the tax collector's office.

Plan Improvement To River Between Jax, Lake Harney

An appropriation of \$20,000 for "examining surveys and engineering" on the St. Johns River between Palatka and Lake Harney was recommended yesterday by Gen. E. M. Mackham, chief of the army engineers, in his annual report, the Associated Press reported today.

Other recommendations of \$50,000 which would improve the St. Johns included one of \$30,000 to be spent on the water way between Jacksonville and the ocean; removing hydrants in the Jacksonville district, \$2,000 examining surveys and contingencies in the Jacksonville district, \$5,000.

General Mackham reported that \$5,000,000 had been spent up to June 30, 1936, on the St. Johns between Jacksonville and the Atlantic Ocean.

Agricultural Year Foresees Good Year For Local Farmers

Seminole County farmers should have a "very satisfactory" year in 1937, according to a general prediction for the State made today by A. P. Spencer, vice-director of the State Agricultural Extension Service in Gainesville.

Governmental interest in agriculture, anticipated increases in consumer income, a stronger demand for farm products and the expectation of growing co-operation on the part of farmers were cited by Spencer as reasons for steady advancement throughout Florida.

He commented on the assistance that the Government has given agriculture and pointed to the increased income and other benefits the farmer has received from this assistance.

President's Ball Tickets Go On Sale Within Few Days

Tickets for the President's Birthday Ball billed for Mayfair Hotel on Jan. 30, will go on sale later this week or early next week, the General Committee for the dance announced today.

Since the 1937 benefit affair falls on Saturday, the Committee is looking forward to entertaining a record crowd of merry-makers.

The President's Birthday Ball was established early in the first administration of President Roosevelt as a means of producing funds to combat and treat infantile paralysis.

Sanford Elks, who are sponsoring this year's dance, are urging the cooperation of every citizen, since 70 percent of the net profit goes to the Harry Anna Home for Crippled Children in Umahalla, an Elk-sponsored institution.

Thirty percent of the profits are remitted to the Warm Springs Foundation, Warm Springs, Ga.

25-Year Emblem Is Given Negro Fireman

James Minot, negro fireman of the Atlantic Coast Line Railway, today received a 25-year service emblem, presented by M. Carroll, general foreman of the A.C.L. here.

Minot has not been away from his job since he was originally employed on Dec. 7, 1911. He runs between Sanford and Jacksonville and is on an engine run by Lincoln Grow, veteran Coast Line engineer.
