

# Sanford And Daytona Split Double Bill

## Islanders Victorious In Fifteen Inning Thriller; Sanford Takes Night Game

Mote Gives Up Only Two Hits In Eighth Inning Relief Job, Only To Lose In Fifteenth

The Sanford Lookouts and the Daytona Beach Islanders, yesterday split a double bill at the Sanford Municipal Athletic Field. The first game made up the July 15 game with Daytona and was played yesterday afternoon and the second game was played last night. The scores were 3-2 and 2-1 respectively.

The first game was a fifteen inning thriller. Early Wynn started on the mound for the locals and was relieved in the eighth in favor of Mote. Wynn was picked for eight hits, four of these coming in the seventh and eighth. Mote pitched no-hit ball for seven innings, but in the fifteenth he was picked for two safeties and the ball game.

The Lookouts were the first to score. In their half of the second, Klase got a hit and was sacrificed to second by Bagorio. Buck Rodgers singled to right, scoring Klase. Bagorio grounded out to end the inning.

In the fifth, Sanders, first up for Daytona, singled and was sacrificed to second by Gentry. Wein tied out to Kaso. Lash singled to left scoring Sanders. Jackson tied out to end the inning.

Sanford came back in the sixth to take a one run lead. Clary singled to center, stole second and went to third on a fielder's choice. Two straight outs brought Priehard to the plate. Priehard doubled scoring Clary. Kaso filed out to end the inning.

Three hits in the seventh for Daytona tied the game up. There was no scoring until the fifteenth when Sanders singled and came home on Jackson's single to win the game.

Clary led the hitting with three hits in five trips to the plate. Kaso and Priehard each accounted for two hits.

In the second game Crisfield allowed Daytona but six hits. Poor fielding by his mates almost cost him the game.

Sanford started the scoring in the first inning when it scored two runs on two hits. There was no scoring until the fifth when Daytona scored three times on two hits and four errors. With two out, Klase singled and went to second on an error by the pitcher. Rodgers scored him with a single to right to tie the game up. The seventh inning saw Daytona score on a hit, an error, a stolen base.

Sanford players won the ball game in the seventh when they scored twice on two walks, two errors and a hit.

Sanford goes to Daytona today to battle the Islanders at the City Island Park.

## Change In Hialeah Government Is OK By Supreme Court

TALLAHASSEE, July 25. (AP)—A 1937 legislative act changing the form of Hialeah's municipal government and naming the city commissioners received tentative approval from the supreme court Monday.

The court overruled a demurrer to an action seeking to oust L. H. O'Quinn and other members of the city council who refused to surrender municipal records as required by the legislative act.

Mitchell D. Price, attorney for O'Quinn and others telegraphed the court a request for 15 days in which to file an answer to the action. An answer would bring the case on for further consideration by the court.

Vernon Hawthorne and other lawyers representing the new city commissioners, opposed any delay. Hawthorne telegraphed affairs of Hialeah are "chaotic and the people are practically without government," because of the squabble about who is in control.

The supreme court did not immediately rule on the time to be allowed for filing an answer. In its decision overruling the demurrer, the court said "under the plenary power given the legislature by the constitution to deal with municipalities in this state, we find no invalidity of the act complained of." It did not further discuss the act, or the constitutional powers of the legislature.

## PROSPERITY BY QUARTERS

STOCKHOLM, July 25. (AP)—The annual report of the liquor monopoly indicates that Sweden is in a period of rare prosperity. Last year the net income of the monopoly was \$3,787,500 against \$3,575,000 in 1935. In spite of this increase drunkenness continues to decline.

In the fifteenth century sugar sold in London for \$2 75 a pound.

## LEGAL NOTICE

**NOTICE OF LEGAL HEARING**  
**FLORIDA DRY-CLEANING AND LAUNDRY BOARD**  
 NOTICE IS HEREBY GIVEN pursuant to Chapter 11791, Compiled General Laws of Florida (Florida Statute No. 439, Acts of the Florida Legislature of 1937), that a public hearing of the Florida Dry-Cleaning and Laundry Board will be held in Sanford, at the city hall at 3 A. M. on the 10th day of August, A. D. 1937, for the purpose of considering and all matters which the said Board is authorized to consider, including a trade area, defining and establishing of services and prices, rules of fair competition, health and sanitary regulations and any and all other matters having to do with the regulation of the said laundry, dry cleaning, dyeing, and pressing industry as authorized under said act. Any and all persons, firms and corporations, properly interested, including the general public, are invited to be present and to be heard. All evidence to be received under oath and transmitted in the main office of the said Board for final consideration and decision of any and all orders thereon as by law authorized and enacted.

**DORE AND ORRINGER** by authority of the said Florida Dry-Cleaning and Laundry Board this 25th day of July, A. D. 1937.

## Government May Close Public Building Work

WASHINGTON, July 25. (AP)—The government may slow down its construction activities, a White House caller indicated yesterday.

Representative Woodrum, member of the house appropriations committee said after a visit to the president that Mr. Roosevelt believes a number of proposed public buildings should be deferred pending his efforts to balance the budget.

Among the buildings Woodrum listed the proposed \$25,000,000 war department building for the special equipment board and the projected memorial to Thomas Jefferson in Washington.

## NOTICE TO TAXPAYERS

The City Commission of the City of Sanford is now acting as a Municipal Delinquent Tax Adjustment Board for the adjustment of unpaid taxes for the years 1933 and prior, and/or special assessments. Application forms for such adjustment of taxes and/or special assessments may be obtained at the City Clerk's office in the City Hall.

F. S. LAMSON, City Clerk.

## Joe Louis And Tommy Farr Sign Contracts For August Heavyweight Title Fight

Challenger Introduced To Brown Bomber For First Time As They Sign Up

By EDDIE BRIETZ  
 NEW YORK, July 25. (AP)—Tommy Farr and Joe Louis met for the first time yesterday, shook hands, but did not wish each other luck. They were introduced in the offices of the New York State Athletic Commission where they formally signed articles for the Aug. 25 heavyweight title fight in the Yankee Stadium.

Their comments on each other were brief and to the point. "I see, but it's a big blow, aren't you?" said Farr. "Well, the bigger they are, the bigger they fall, wot?"

"I'm glad to see him looking so fit," said Louis. "It ought to be a good fight, but I hope to knock him out."  
 The two gladiators were in the same room for five minutes before anybody bothered to introduce them. They stood in opposite corners chatting to acquaintances. Neither so much as gave the other a glance. Finally, Chairman John J. Phelan took Farr to Louis's corner and presented him.

"Hello, my boy," greeted Tommy. "How are you? Glad to meet you."

"Louis stuck out a limp hand and replied: "Hello I'm glad to meet you, too."

That over the business of getting the boys to autograph contracts got under way. For a time it looked like there might be open warfare between Farr

## Employment Decrease Reported By Perkins

WASHINGTON, July 25. (AP)—Secretary Perkins reported yesterday that employment last month decreased by about 46,000 while weekly payrolls dropped \$2,100,000. Miss Perkins attributed the drop to strikes and seasonal business trends. Employment has dropped in June in nine of the last 18 years, she said. Asked whether the labor department intended to do anything further about the recent steel strike, Miss Perkins said all the mediation plans she considered several weeks ago had proved not feasible.

The United States exported 6,762,000 bales of cotton in 1936.

## Rayburn Predicts Adjournment Will Come In 3 Weeks

Majority Leader Says Congress Should Be Able To Finish Up Work In That Time

Court Bill Tie-Up Seen Possible Bar Early Action Is Predicted For Minimum Wage Legislation

WASHINGTON, July 29. (AP) — Majority Leader Rayburn told the House today that Congress should be able to adjourn in three weeks.

"Unless there is a tie up on the court bill in the Senate by something arising to call a halt," Rayburn said, "we can finish all of this (legislative) program in three weeks."

He spoke of prospects of Senate action this week on the wage and hour and housing legislation and on the court bill next week. These measures head the program.

The House labor committee, he said, should approve the wage and hour bill this week or the first of next.

At his press conference Speaker Bankhead said he thought the House members were "going to be reasonable about not being stampeded" into adjournment.

## All-Day Meeting Is Held By Junior 4-H Club Council

The Seminole County Junior Council 4-H Clubs held an all-day meeting recently at Sanford Springs in which every community in the County was represented with the exception of Chulavita and Oviedo.

Swimming and a picnic dinner were enjoyed by Club members during the day of festivities and in the business session, the Council adopted a list of aims to which they will aspire during the coming year.

## Woodmen Of World Will Meet Friday

A candidate will be presented for initiation at the meeting of the Sanford camp of the Woodmen of the World tomorrow night at 8:00 o'clock at the Odd Fellows Hall.

In addition, the Protection Degree will be conferred by the local degree team under the direction of Captain C. G. Hinchcliff.

## School Dean Gets Acquittal In Case Charging Assault

Elder Was Accused By Victim Of Having Kissed Stenographer

GREENFIELD, Mass., July 29. (AP) — Thomas E. Elder, 55-year-old former dean of Mount Hermon school for boys was acquitted last night of a charge of assault with intent to kill a former school associate, S. Allen Norton, who accused Elder of kissing his pretty stenographer.

Elder also was acquitted of a charge of simple assault on Norton. The Franklin county jury, which had heard testimony for nearly a week, returned its verdict after deliberating four hours.

The commonwealth had charged Elder accosted Norton, former school cashier, in Norton's Greenfield garage on the night of last May 22.

Norton testified Elder had pointed a gun at him, but Elder in testimony denied he was in Greenfield that night.

Elder told the jury he was at Keene, N. H., 40 miles away, and his wife corroborated his story in her testimony.

Witnesses testified that Norton six years ago, accused Elder of "kissing and embracing" his stenographer.

## Johnson Back From Trip Through State

Alex Johnson, advisor of the Seminole Chapter of the Future Farmers of America, recently returned from a trip to Homestead, Redlands and Gainesville where he conferred with members of the organization and assisted in a report of Future Farmer activities.

He stated that the report included photographs, newspaper clippings, stories, and limited reports of each boys work and earnings. Also in the statement were judgments of the boys as to their cooperative activities, community service, leadership activities, conduct at chapter meetings, scholarship, and recreation.

A prize of \$400 has been offered for the best report.

## Neiswander Rites To Be Held Tomorrow

Funeral services for C. O. Neiswander, retired merchant, who died at his home on Melrose Avenue last Tuesday night, will be held in the Erickson Funeral Home Friday afternoon at 4:00 o'clock.

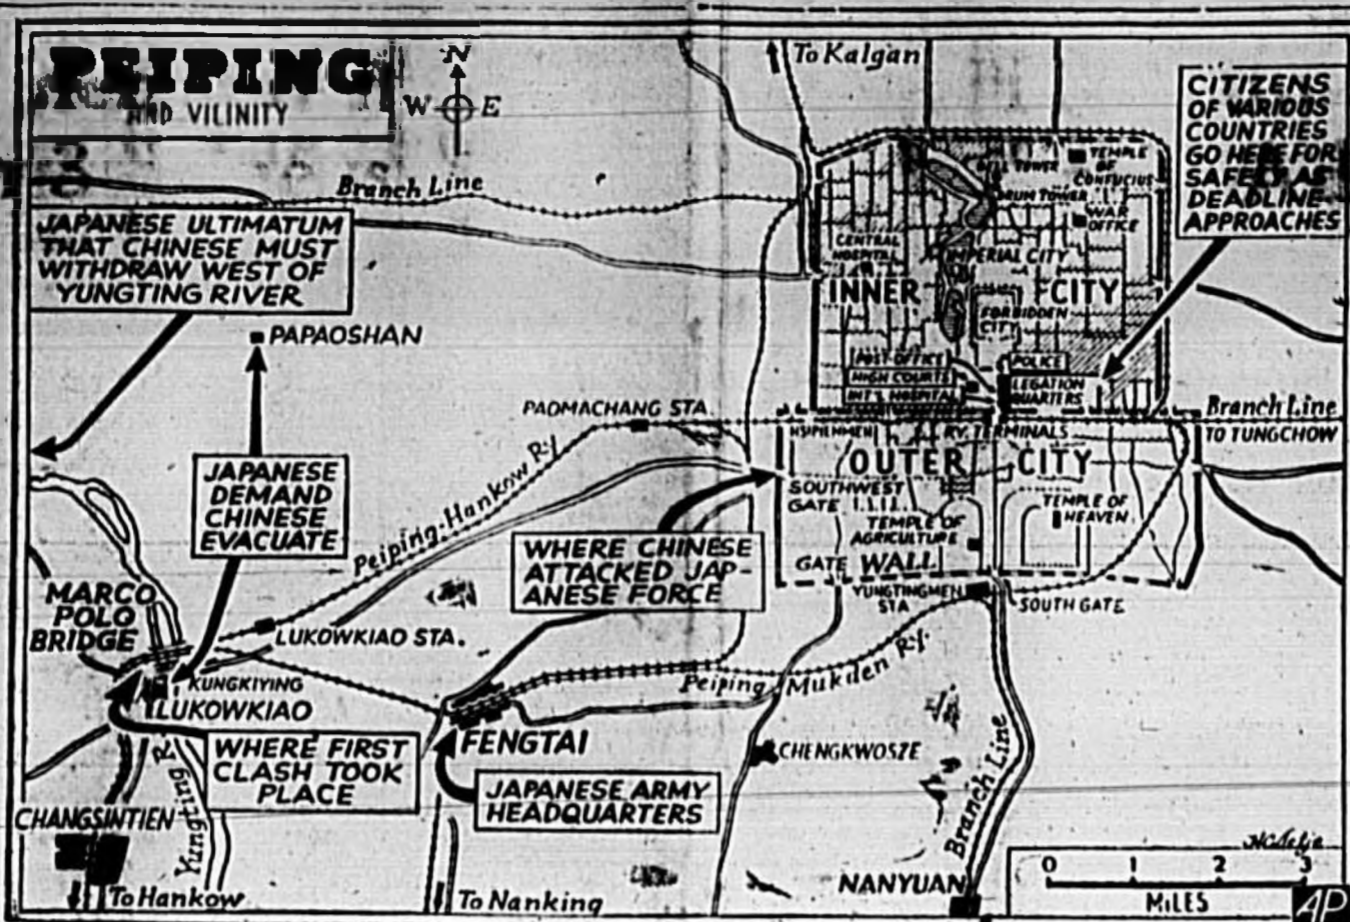

The bellbearers will be: W. A. Gaup, J. L. Harrison, George U. Stuart, G. T. Henderson, J. H. Truitt and R. H. Windham.

Several Kivans are attending a joint meeting with the DeLans and Winter Park Clubs at Sanford Springs this afternoon and night.

The regular weekly meeting of Sanford Sea Scouts at the ship "Seminole Lion" will be held tonight at 7:30 o'clock at the Junior High School.

**FAMILY AFFAIR**  
MICHIGAN CITY, Ind., July 29. — (AP) — Mrs. Rebecca Murray and Mrs. Robert Dabbert, who are living at the same address, gave birth to daughters the same day.

## WHERE FIGHTING RAGES IN CHINA'S UNDECLARED WAR

This map indicates the strategic points in bitter fighting between Chinese and Japanese around Peiping—a war that lacks only the formality of declaration. While foreigners from various nations fled to safety within their protected legations, battles raged on both sides claimed smashing victories. The Japanese reported they had seized the Chinese barracks at Nanyuan, a stronghold in the Peiping defense. Meanwhile, the Chinese claimed they had taken the Japanese army headquarters at Fengtai.

## 70-Cent Minimum Wage Seen Knell To Black's Bill

Labor Leader, Turned Solon, Succeeds In Obtaining Provision

WASHINGTON, July 29. (AP) — A labor leader turned legislator succeeded in writing into the wage-hour bill yesterday a provision permitting a board to fix minimum wages as high as 70 cents an hour and a maximum work week as short as 35 hours.

The house labor committee approved the provision, which members said had been prepared by Representative Wood, democrat, of Missouri, long-time president of the Missouri State Federation of Labor.

The proposal is a major change from the wage-hour bill as it is now being debated in the senate. Under the latter measure the administrative board could not compel the payment of more than 40 cents an hour, and could not reduce the work week below 40 hours.

The change led to immediate predictions that the bill would be defeated. Representative Ramspeck, of Georgia, democrat, declared: "Representing the section I do, I know I'll vote against the bill if these changes remain."

## 18-Year-Old Youth Is Egypt's New King

CAIRO, Egypt, July 29. (AP) — A 18-year-old, teen-aged youth first was crowned today as the first king of an independent Egypt since the Mameluke rulers were conquered by Turkish border in the 18th Century.

With a dignity beyond his years, the heavily shouldered monarch took the oath before his assembled chamber and senate. He became King of Nubia, Lord of Nubia and the Sudan and Sovereign of Kordofan and Darfour to the wild ocean of 18,000,000 subjects and display of fanfare and ritual within this ancient capital. There is no crown of Egypt and the ceremony was investiture rather than coronation in the western sense.

## MATCH STACKER PROVOKED

AIRDRIE, Ala., July 29. — (AP) — Nathan Benovsky, a storekeeper, has lost the evidence he used to prove that he was Canada's champion match stacker. Benovsky worked for several weeks building a pyramid of over 9000 matches on a battle line a customer came in, plucked one of the matches to light a cigarette, and the pyramid collapsed.

## A 'SALUTE' FOR NON-STRIKERS

With this gesture of very decided meaning, a militant strike sympathizer expressed her feelings for non-striking workers entering the plant of the Robins-Drydock company in Brooklyn. Policemen are guard watched carefully to see that she and other sympathizers confined their resentment to nothing more violent than jeers.

## Supreme Court Delays Decision On Land Recovery Act For Five Weeks

TALLAHASSEE, July 29. (AP) — The Supreme Court heard arguments yesterday on the disputed "land recovery act" of 1937, but indicated its constitutionality will not be decided for at least five weeks.

One group of attorneys maintained the act permitting sale to the highest bidder of two-year-old state tax certificates was invalid because it also permitted the "compromise" of taxes less than two years old.

Another group said the law was invalid as a measure for "liquidation" intended primarily for the "compromise" of delinquent taxes.

His law firms not directly connected with the two cases before the court filed briefs pro and con and three others were given additional time in which to submit briefs "as friends of the court."

## Legionnaires Of Orlando Vote To Fight Red Drives

Adopt Resolution Offering Assistance To County Sheriff

ORLANDO, July 29. — A stern and militant front to combat the rise of Communism in Orlando and Central Florida was voted here last night by Memorial Post No. 10 of the American Legion in one of the most spirited sessions held in years.

Members unanimously adopted a resolution offering their assistance "morally and physically as 100 percent Americans" to the Sheriff's office, the city police department and any other law enforcement bodies in event violence flares here when a scheduled meeting of CIO locals opens Aug. 4.

The post went on record against "other aims" opposed to American institutions and denounced statements made in the press by C. H. Jackson, avowed Communist of Orlando.

Jackson had forecast that bloodshed will likely result here around Labor Day because he felt that vigilante committees would be organized to combat the CIO members and followers of the Communist party.

## Roper May Approve Mattern's Proposed Flight Over Arctic

WASHINGTON, July 29. (AP) — Jimmy Mattern has arranged with the Soviet North Pole radio station to flash an "okay" when Arctic weather conditions are right for his proposed non-stop flight across the top of the world to Moscow, it was learned yesterday.

It was strongly indicated that Secretary of Commerce Roper would approve the venture, reversing the tentative refusal of his department to issue a permit on the grounds that it is a "stunt." Following a conference with Mattern and federal experts, Roper ordered the war, navy and agriculture departments to ascertain whether the flight would have scientific value.

## Last Rites Are Held For Mrs. A. G. Gordon

Funeral services for Mrs. Adelaide G. Gordon who died at her home in Upsala Tuesday afternoon, were held in the Erickson Funeral Home this afternoon at 2:00 o'clock.

## Jap, Chinese Armies In Death Fight For Early Advantages

Duke And Duchess To Leave Retreat For "Canal City"

Ex-King And Bride Increase Activity In Public Events

NOETSUI, Austria, July 29. — The Duke of Windsor known here as "the restless squirrel," is preparing to take his American-born bride to romantic Venice.

The former King and his Duchess were expected to motor from their honeymoon retreat here to Washington, D.C., to the Hillman City of Canada where hotel accommodations "have been reserved."

Dressed like a native of his South American region, with a feather in his hat and bare knees showing below his short, leather breeches, the Duke has become a familiar figure on mountain byways.

The natives accept him as a neighbor who, when he is roaming abroad, is friendly to all but familiar with few. They gladly forgive him one social error—wearing a tyrolean costume in California.

He is known throughout the countryside as "the restless squirrel" because he is much more active than most of the natives of the vicinity.

When Edward is not playing tennis or golf or using his sticks on the grass about Washington, he is in the city.

While in Tientsin, the architect and engineer secured information concerning requirements made by the State in regard to trailer camps and other information which will be useful in compiling specifications for the improvements which will be offered to leaders as soon as completed.

After the bids have been tabulated and the cost of the project ascertained, members of the local Trailer Camp Committee and the Chamber of Commerce will start a drive for loans to pay for the improvements which the city plans to repay over a period of years.

## 2 Sanford Citizens Gather Data To Aid Trailer Camp Deal

Elton J. Moughton, local architect, and Fred T. Williams, City engineer, accompanied Mayor Edward Higgins and other City officials to Tampa yesterday to secure data relative to the proposed trailer camp here. It was revealed today.

While in Tampa, the architect and engineer secured information concerning requirements made by the State in regard to trailer camps and other information which will be useful in compiling specifications for the improvements which will be offered to leaders as soon as completed.

## Nearly 9,000 Knights Attend Miami Meet

MIAMI, July 29. (AP) — General Chairman John H. Phelps announced yesterday 8470 persons registered for the triennial convocation last week of the Knights Templar.

Cost of the convention in the city, county, state and individual was estimated at \$50,000, with an equal amount coming from the order.

## Sanford Group Will End Stetson Studies

Six Sanfordites will conclude eight weeks of study at Stetson University in DeLand at the commencement exercises to be held at 8:00 o'clock in the afternoon of Aug. 7, in the university auditorium, according to information received here today.

## Ruthless Air Attack Unleashed By Japanese In Tientsin Endangering US Lives

Many Parts Of City Set Afire

However, Soldiers Of China Repel Japs In Swift, Hard Attack

By The Associated Press  
The lives of Tientsin's many Americans were imperiled today by the literal death struggle between the Japanese and Chinese armies in North China.

The Japanese army in a drastic effort to rout the Chinese attack that threatened to drive it from Tientsin by North China stronghold, tossed a devastating aerial bombardment on the city.

Japanese officers declared an acute situation compelled them to ignore "earlier assurances not to expose the city's foreign residents to peril."

Wave on wave of bombing squadrons set many of Tientsin's principal buildings afire particularly the railroad center and burned the international bridge connecting the foreign concessions and the Chinese city. Bombs rained on the densely populated Chinese quarters. One village on Tientsin's outskirts was an inferno.

Both at Tientsin and Peiping, Americans huddled in cellars of foreign concessions and warned for safety in the railway station. Hundreds of the foreign syllable during the Boxer Rebellion of 1900.

Three Chinese armies—25th, 29th and 40th—attacked in concert to gain the strategic Tientsin area and cut Japanese communications.

## Charles Harman, Age 81, Dies From Illness

Charles P. Harman, aged resident here, died at the home of his son-in-law and daughter, Mr. and Mrs. A. L. Moore, of Hrentwood, at 9:00 o'clock last night.

Mr. Harman, who was 81 years of age at the time of his death, was born in Keosauha, Wis., Apr. 13, 1856. Death came after an illness of three years.

The aged resident is survived by his daughter, Mrs. A. L. Moore, of Sanford; C. T. Zurich, of Jacksonville; and a brother, Mike Harman, of Cincinnati, Ohio.

Funeral services will be held in the Erickson Funeral Home Friday afternoon at 2:00 o'clock. The Rev. J. W. Austin of Interden will officiate. Interment will be made in the Evergreen cemetery.

## CHINESE HEADLINE

SAN FRANCISCO, July 29. — (AP) — A San Francisco morning newspaper (the Chronicle) which circulates in this city's famed Chinatown appeared today with a headline in Chinese. Translated the characters read: "China, Japan start war."

PANTY RAIDERS

Let covers of the chairs grow dim...

Let carpets lose their lustre bright...

Let fill the ice box to the brim...

Let raiders coming home at night...

Let leave the sweets upon the shelves...

Let well stocked pantry try to keep...

Let And let the youngsters help themselves...

Let doorways creak and curtains flop...

Let fashion leave us far behind...

Let still keep glazer and pop on hand...

Let still be sure to order more...

Let never lock the ice box door...

Let this rule for happiness I make...

Let be sure to keep the pantry stocked...

Let Leave out the wedge of chocolate cake...

Let Always let the door be locked...

Let To read the shelves when they come home...

EDGAR A. GUEST

We don't like to believe it, but we suspect the Chinese will soon be singing that "swish" popular tune "All Of Me."

The biggest joke of the year is the effort of CIO leaders to make out like they are the victims of strong-arm tactics by the opposition.

The biggest problem confronting diplomats today is trying to find out whether two countries which are fighting each other, are at war.

Some folks get sore because you ask them to pay what they owe. They forget how sure you may be because they haven't paid.—Bronco Journal.

There may be some room for complaint about your business this summer but one thing is certain, no one can say the weather hasn't been ideal.

Orlando authorities put several tons of stum in a lake to settle the mud. And now we suppose every fish they catch will be a small-mouth bass.—Glorious Press.

The King and Queen of England got a typical Irish reception in Belfast the other day with bombings and burnings playing a prominent part in the festivities.

Speedo's Cards just can't stay away from this vicinity. They have deserted the east coast and will traipse at St. Petersburg next Spring.—Bradenton Herald.

On the heels of Sanford's progressive efforts to build a trailer camp, an announcement comes that Deland is waking up and is investigating the expediency of spending \$5,000 to build a modern municipal trailer camp. All fingers point to our neighbor on the north. There are plenty of trailers to divide.

Legionnaires of Orlando have gone on record as being willing and ready to assist police authorities in case CIO organizers attempt to disrupt the economic life of Central Florida. We have a few ex-soldiers around here who can be counted upon to suppress the stink under John Lewis if he attempts to spread lies and terror in this section.

The Florida Exhibit

The people of Florida have spent no money which brought greater returns than the funds expended for the Florida exhibit at Chicago, Rockefeller Center and Cleveland. The amount of free advertising which has accrued from these endeavors is beyond appraisal, but it is safe to say that the value would run easily into six figures. Outside of this, millions of persons, whose only impression of Florida was what they had heard or read, have been given a real and vital picture of the state, and their impression, judging from the quality of the exhibits, was of the kind which would make them want to visit within our borders.

It is not alone in the field of attracting visitors to our door that these Florida Exhibits have been of benefit to the state. Every industrial and agricultural enterprise has been aided by the displays which have unfolded to the millions of visitors what this state grows and makes and why our products are superior to all others.

Only recently a new sound-synchronized diorama, a product of Sanford's own Byron Stephens has been put on display telling the story of Florida's color-added citrus and acquainting the people with the real purposes of this process. It is stated by members of the citrus commission that this elaborate diorama is the "most powerful factor ever developed for removing common prejudice in northern markets against colored citrus." Sanford celery has been shown growing in the field and the merits of this food have been told to millions, thereby increasing the demand for our biggest money crop.

Newspapers from California to Maine recently printed dispatches about Postmaster General James A. Farley receiving a basket of prize Florida citrus at the entrance to Florida Manor and pictures of the event appeared on many newspaper pages. Such publicity as this cannot be bought. We can make no mistake in contributing to the limit to make the "Florida Exhibit" a perpetual institution.

The New Air Loop

The establishment of the National Airlines in Florida may prove that Sanford will get air-passenger service connecting it with the larger cities of the state and country. Our city has an excellent air port and there is no reason why eventually we cannot become a regular stop on the new loop which will link the state.

"In Tampa and Orlando," says the Miami Herald, "special preparations are being made for the reception of National Airlines, which has begun an air loop around Florida, and someday may branch out to put Miami in touch with the Gulf Coast as Eastern Air Lines has with the East and the Middle West."

"With new and finer equipment ordered for the early fall, National Airlines will give fast service between Miami, Fort Myers, Sarasota, Tampa, St. Petersburg, Lakeland, Orlando and Daytona Beach. Of principal interest to this city will be the flight to Tampa and St. Petersburg and return.

"Orlando is preparing to expand its air field to give the new line more room. The city of Tampa is making permanent arrangements for assisting the line at Peter O. Knight field. Other cities along the way are being stimulated to spend money for the encouragement of this new enterprise.

"In time, of course, National Airlines hopes to find profitable way for a flight between Miami and the state capital at Tallahassee, and even for extension to Mobile or Atlanta, to tap the transcontinental routes to the California coast.

"It is an ambitious program, modeled along lines that gave Pan American Airways and Eastern Air Lines the firm confidence of the public and the active co-operation of public officials."

SANFORD TWENTY YEARS AGO

The government yesterday requested that the Senate finance committee produce \$5,000,000,000 to pay for an army of one million men abroad.

Ten steel coaches of the Southern Pacific Railroad filled with Chinamen from California and guarded by ten deputy United States Marshals passed through Orlando this morning. It is understood that the Chinamen are bound for Port Tampa to be shipped to Cuba for the planting of a Chinese colony.

Ruby Lee Black and Nolan Pike were passengers of the Orange Belt Auto Line from Sanford to Orlando yesterday.

Banana Lake near Paola is the summer home of Frank Brown, George DeCottet and Arthur Yowell. It has also become very popular as a swimming resort. The lake is beautifully clear with a sandy bottom and brings many picnic parties.

Word comes that J. Rowland Williams is now in France fighting for Uncle Sam with an officer's commission. His many friends in this city are watching his career with interest.

Mrs. Janus Turnbull and little daughter of Monticello are the guests of Mrs. Stella P. Armstrong.

A letter from Dr. Beowale at Montreal, N. C. says that he and his wife enjoyed their visit to Washington they got three meals a day in Montreal.

Roy Chittenden has enlisted in the Marine Corps in Utika, N. Y. It's always the person not in the predicament who knows what ought to have been done.

Rollins Announces Faculty Appointment

WINTER PARK, July 29.—The appointment of Dr. Jeremiah S. Young, an outstanding authority in his field, as professor in government at Rollins college, was announced recently. He will be a member of the faculty during the fall term only.

Dr. Young has been associated with the teaching staff of the University of Minnesota since 1908 and was formerly chairman of the Department of political science in that university.

He was graduated from Kansas college in 1890 with the A. B. degree, from the University of Michigan in 1893 with the A. M. degree, and from the University of Chicago in 1903 with the Ph. D. degree. Specializing in political science, history and economics, he pursued graduate studies later at the University of Chicago for two years.

SEATED FOR SAFETY

LONDON, July 29.—(AP)—Armchair cushions which can be converted into lifebelts with a buoyancy of 200 pounds are being installed in Imperial Airways airplanes.

FRANCO AND FAMILY. The quiet, thoughtful leader of the Spanish revolt, General Francisco Franco, is shown at his headquarters at Salamanca with his wife and daughter. War observers believed the decisive battle of the war was being fought at the gates of Madrid.

By degrees both the Duke and the Duchess are taking an increasing part in public events. Both took part in the official opening of the Worcester sports carnival recently. Last week they went to Vienna and motored across Austria for the first day of the Salzburg Music Festival.

They have entertained one party at the castle, a select group of aristocrats from the neighborhood including Prince and Princess Alfred Windischgratz at Zierdorf, who fell at home because the Prince formerly lived at Wasserleuburg. The Duke and Duchess of Windsor rest the castle.

One of Edward's mountain journeys took him to the top of the highest mountain, a point just over 9000 feet above sea level. He made the climb in four hours.

Ruthless Air Attack Unleashed By Japanese In Tientsin Endangering US Lives

(Continued from Page One) cations with the interior. Striking out their offensive from Tientsin, Tientsin's port 20 miles to the east, to Fungai, Japanese field headquarters west of Peiping. The attack was sudden, swift and strong.

It drove the Japanese from Tientsin's three key railroad stations and the Japanese congestion precipitating the furious Japanese aerial and artillery bombardment of the city.

The Thirty Seventh Division of the 25th Army mysteriously withdrew from Peiping where it had about 15 of the 47th American residents were quartered in emergency accommodations behind the embassy compound gates. Not a Chinese soldier remained within the former capital or its environs.

Peiping's lawless of barricades was ripped down and the newly-dug trenches in the main street were filled in.

One report ascribed the withdrawal to a prearranged Sino-Japanese understanding to end the crisis without loss of life.

Chinese newspapers at Shanghai, angered by the sudden collapse of Chinese resistance at Peiping, accused leaders of a "secret deal" which betrayed the nation.

Unofficial reports said a peace conference is under way.

70-Cent Minimum Wage Seen Knell To Black's Bill

(Continued from page one) ator Vandenberg object that it would give an administrative board life or death authority over industry.

Warning colleagues that "the American system of industry may be at stake," Vandenberg said the bill involves "power over the price fixing, power over the very creation and existence of jobs."

"There is such a thing as economic indignation," he declared. "There is also such a thing as economic suicide."

"It is not humanly possible for any five men to make the thousands of decisions to govern tens of thousands of industries and hundreds of thousands of men which this bill proposes."

Describing the bill's objectives as "infinitely just and desirable," Vandenberg said "there are some forward steps we can take immediately, but we should not move into the utterly transcendental field of bureaucratic regulation of wages without the most careful study."

Senator Harrison offered an amendment to decentralize administration of the law. It would require the board before fixing wage and hour standards, to ask state governors to set up advisory boards composed of representatives of employers, employees and the public.

# Social And Personal Activities

ELIZABETH BRIGHAM JORDAN, Society Editor

Telephone 148

## Social Calendar

**THURSDAY**  
The Orvedo Baptist Church will hold Sunday School picnic to be held at Coronado Beach tomorrow afternoon.  
The business and social meeting of the Young People's League of the First Methodist Church will be held at 8:00 o'clock at the annex.

**FRIDAY**  
The Girl Scouts will meet at 8:45 o'clock at the Little House.  
The regular business meeting of the Sanford Townsend Club will be held at 8:00 o'clock in their club rooms in the Welaka Building. The public is invited to attend.

**SUNDAY**  
There will be a meeting of the board of the Presbyterian Auxiliary at 3:30 o'clock. The Prayer Band will meet at 8:45 o'clock followed by the business and inspirational meeting at 4:00 o'clock.

## WPA Laborers To Complete Work On Pool In Lakeland

LAKELAND, July 29.—About 50 men will be put to work today on the new swimming pool at Northside park, Carl Scriber, WPA field engineer for Polk county, said yesterday. Close to \$30,000 already has been spent in building the elevated concrete pool, and more than \$16,000 will be used in constructing lockers and springboards, putting in lights, enameling the interior, and installing chlorinating equipment to purify the water.

## Sale Of Florida's Tobacco Crop To Begin At Live Oak

LIVE OAK, July 29.—(AP)—Auction sales on the Florida bright leaf tobacco market will begin here today with a full crop of buyers in action.  
Governor Cone and Commissioner of Agriculture Mayo are to be present and to participate in opening ceremonies.  
Loads of bright leaf are now moving here rapidly from all parts of north Florida, and by opening time it is expected that the entire five acres of floor space in the three warehouses will be filled with more than a million pounds of bright leaf for first day sales.  
Official department of agriculture figures show the Live Oak price average was 23.21 cents as compared to the Georgia average of 20.96 for 1936.  
More than five million pounds are expected to be marketed on the local floor this season.  
Warehouse charges on the Live Oak market will be the lowest in the South, according to Joseph W. Florida, and growers will be allowed to have sheets and baskets of over 200 pounds at no extra charge per basket. Warehouses have been enlarged to accommodate one-third more tobacco than was provided for in 1936.  
A recent official announcement has estimated the Florida tobacco production to be approximately 14,120,000 pounds this year as compared to 10,040,000 pounds raised in 1936.

## Legionnaires Of Orlando Vote To Fight Red Drives

Orlando, Fla. (AP)—Morning Sentinel setting forth the views of Jackson and his prediction of trouble for Central Florida was read aloud to the Legion members of Delaney Way, past commander and immediately afterwards he made a fiery address in which he called upon Legionnaires to adopt a firm and stern stand for the defense of American institutions.  
"Men, we must act, and we must act now. We cannot afford to wait any longer," Way declared, "and some of the members here remember the hell that raged here in 1920 when a Communist-inspired insurrection shook this section. Two of our own buddies were killed in that battle and nobody will ever know how many negroes were slain."  
"We must face this situation again because it appears that the same condition is upon us. Then we didn't have a National Guard and the Legion boys took charge when the Heber's department was unable to cope with the situation. We went on patrol duty and for four days martial law virtually existed in this section."  
While the resolution was being discussed Fred Base, a high officer in the Ku Klux Klan listened to the discussion. He made no comment.  
H. L. Murie, member of the post and a past officer of the Spanish American Veterans said that he favored the resolution and that the Spanish veterans were solidly behind any movement to combat Communism.  
Albert Marock urged members to take every precaution against the inroads of the Reds, declaring that the Communism was rampant in Cleveland and that the members were urged to take every measure to be advised for its suppression.

## Missionary To India Speaks To Gathering

The First Baptist Church was the scene of a large gathering from all denominations last night when they heard Miss Inez Crane speak. Miss Crane is a missionary to Burma, India.  
She gave a very enlightening talk on missions and stated that the work was started in Burma by Dr. Judson 125 years ago and that there are 200,000 Baptists and 150,000 missionaries in the field at the present time.  
Miss Crane appeared in native costume and displayed several elaborate costumes which were embroidered with shell and silver ornaments. Some of these garments were 175 years old. She also displayed a number of pictures of the schools and workers and the students.  
She was formerly an Orlando girl and has been in India for six years. She is completing her A. B. degree this summer at Stetson University after which she will conduct a lecture tour for a month in Colorado. Miss Crane plans to leave for Burma the first of September.

J. G. Sharon introduced the speaker and the music for the program was directed by Mr. and Mrs. Alvin Milam. Mrs. J. E. Page, president, of the Woman's Missionary Union, expressed her appreciation to Miss Crane.  
Proceeding the meeting, Mr. Mrs. W. C. DeCoursey entertained with a dinner honoring Miss Crane. Those attending were: Miss Crane, Mr. and Mrs. Charles Henderson of Holly Hill, Mrs. J. E. Page and Mr. and Mrs. DeCoursey.

Word has been received that Mrs. H. M. Cochran, Mrs. L. M. Ball, R. M. Ball, Raymond Ball, Jr. of Lake Mary visited the famous Endless Caverns, New Market, Va. while they were motoring through the Shenandoah Valley recently.  
Miss Mary Maxwell has returned from Jacksonville where she has been visiting for several days.  
Julius Zell left yesterday for Brunswick, Ga. where he will make his future home.  
Mr. and Mrs. J. Regy Mathis of Perry, Fla. are the guests of Mr. and Mrs. E. G. Hays at their home in Dreamworld.  
Dr. B. D. Caswell returned last night from Waynesville, N. C. where he has been spending the past two weeks. Mrs. Caswell and Eugenia Anne are expected to return about Aug. 15.  
Miss Virginia Satcher and Miss Lorena Collins have returned from Daytona Beach where they were the guests of Mr. and Mrs. Harry Bradham for several days.  
Mr. and Mrs. R. H. Northcutt of Atlanta, Ga. are spending a few days with Mr. and Mrs. H. H. Moss.  
Mr. and Mrs. J. H. Truluck and son, McKay, have returned from South Carolina where they have been visiting friends and relatives.

## Improvements To Capitol Will Be Postponed A Year

TALLAHASSEE, July 29.—(AP)—State finances must be in better shape than they are now, Governor Cone decided yesterday, before \$40,000 is spent to install an electric roll call system in the House of Representatives and \$15,000 is spent to air-condition the Senate chamber.  
Comptroller Lee said, "We're going to have to take steps to get the money we need to keep the actual, live and necessary matters going."  
Governor Cone said, "We can postpone this thing for a year or so and see if we have the money."  
The cabinet promptly adopted a motion by Secretary of State Gray to postpone action for "at least a year."  
Gray reported the discussion as he reported Speaker W. McChesney Martin had appointed a committee of Representatives Leroy Collins of Tallahassee, Joe H. Beal of Perry and Robert F. Dixon of Crossview, to seek several aid in completing the new House chamber on the top floor of a capitol addition. The federal aid would match the \$40,000 provided by a House resolution for installing the electric roll call system. The Legislature rejected a proposed \$50,000 appropriation for completing the House chamber.  
Attorney General Landis said the House resolution was a legal authorization to spend money as a part of the 1937 session's legislative expense.  
Comptroller Lee said, "I'm not going to sign any vouchers for the expenditure of this money until the state is in better financial condition than it is now, or until the courts direct me to spend it."

## High Court Delays Decision On Land Act For 5 Weeks

(Continued From Page One)  
controversial law which permits subsequent and omitted taxes to be cleaned up in the one tax sale at any bid made the entire act had.  
Albert Bernstein of Miami told the court the taxpayer could "write his own ticket" in bidding in his own delinquent property at any price. He said a "very clever catch clause" of the law permits the owner, if any other person bids in his property, to redeem it in two years at three percent interest.  
The court considered the case in which Myers obtained a compulsory writ stopping delivery of certificates in all parts of the state, and the attempt of J. A. Bechard, Miami property owner, to force the Dade county clerk to conduct a sale of certain lands.  
Assistant Attorney General Graham appeared in defense of the law in both cases. Joseph Weintraub of Miami was counsel for Bechard and Bart A. Riley of Miami appeared for E. H. Leathers, Dade court clerk.  
The clerk was developed by Joseph Christopher Denner at Nuremberg in 1894.

## Personals

Frank Kelly is spending the summer with relatives in Evergreen, Ala.  
Mr. and Mrs. Edward Lambert and children returned recently from a vacation spent in Tampa.  
Claude and Albert Kelly have recently returned from Evergreen, Ala. where they spent several days visiting relatives.  
Miss Hazel Dean of Flomaton, Ala. and Miss Addie B. Kelly, of Selma, Ala. are the guests of their aunt, Mrs. A. L. Kelly.  
Mrs. Harry Heeren left yesterday for Washington, D. C., Cleveland, Ohio, Pittsburgh and the mountains of Pennsylvania.  
Word has been received that Mrs. H. M. Cochran, Mrs. L. M. Ball, R. M. Ball, Raymond Ball, Jr. of Lake Mary visited the famous Endless Caverns, New Market, Va. while they were motoring through the Shenandoah Valley recently.  
Miss Mary Maxwell has returned from Jacksonville where she has been visiting for several days.  
Julius Zell left yesterday for Brunswick, Ga. where he will make his future home.  
Mr. and Mrs. J. Regy Mathis of Perry, Fla. are the guests of Mr. and Mrs. E. G. Hays at their home in Dreamworld.  
Dr. B. D. Caswell returned last night from Waynesville, N. C. where he has been spending the past two weeks. Mrs. Caswell and Eugenia Anne are expected to return about Aug. 15.  
Miss Virginia Satcher and Miss Lorena Collins have returned from Daytona Beach where they were the guests of Mr. and Mrs. Harry Bradham for several days.  
Mr. and Mrs. R. H. Northcutt of Atlanta, Ga. are spending a few days with Mr. and Mrs. H. H. Moss.  
Mr. and Mrs. J. H. Truluck and son, McKay, have returned from South Carolina where they have been visiting friends and relatives.

## Beauty In Storage

Beauty in storage. She won't think of getting out her wardrobe until the weather is just what she needs. Here is a group of young women in a shop with a beautiful display.

## School And Pistals

School and pistols. The South's program of education is being hampered by the presence of a group of young women in a shop with a beautiful display.

## West Bound Limited Is At Ritz On Friday

Clear the track for J. P. McGowan, veteran railroad engineer and famous director of railroad movie thrillers. When "West Bound Limited" the picture opening at the Ritz on Friday, they found it necessary to get a player who knew both movies and railroads thoroughly. Only such an actor could give a convincing performance as a locomotive engineer before the camera. An important dramatic sequence depended on the character. The hunt began and McGowan was one of the few men who answered the requirements exactly.  
Back in 1910, McGowan was an engineer on the old Galveston, Houston and San Antonio road. Soon afterwards he started his directing career.

## Miss Garner Hostess At Party On Monday

Miss Sadie Garner entertained the T. C. Club and a few friends with a party Monday night at her home on Sanford Avenue.  
Games and contests were enjoyed throughout the evening. A late hour refreshments were served to the following:  
The Misses Helen Garner, Mildred Wells, Louise Driggers, Margaret Jones, Katelyn Echols, Mary Furverster, Sadie Garner and Minnie Strang.  
Also L. M. Tullford, Bill Stepper, Walter Haynes, Roy Ebel and Charles Robinson.

## Tired, Aching, Swollen Feet

## Phases Of Cuba's Three Year Plan Told By Batista

### Sugar Industry To Be Rebuilt In Redistribution Of Wealth

HAVANA, July 29.—(AP)—Cub Fulgencio Batista, chief of Cuba's army and strong man of the island republic, described yesterday the steps in the sugar industry, Cuba's greatest wealth, to be rebuilt as the first step in the former sergeant's plan to "redistribute in a just and proportional manner" the wealth of the nation "without, of course, the rich or the poor."  
The 35-year-old leader explained in the first time, the important phases of his "three-year plan" which was announced several weeks ago. The plan covers almost every phase of Cuban economic and social life and is designed to improve the health, education and living conditions of the country's millions of poor.  
"This plan is not a whim or a rightist movement," said the colonel, "but a serious, feasible plan to make life more enjoyable for the extremely poor but deserving Cuban, while offering ample opportunity to capital."  
The Batista plan embraces all general phases and several specific phases of economic and social reconstruction. It provides for abolition of profits in the sugar industry as an immediate step. It is to be enacted to guarantee the independence and independence of the country from the outside.  
Designed primarily to improve the living conditions of the working classes, the plan is in line with the army leader's oft-stated belief that "the state must take little from those that have and use it to help those that haven't." Batista always has said that capital is an essential as labor in the economic life of the island that must have government.  
The sugar industry program, Colonel Batista believes, would give the worker greater security by "self-ownership" in relation to such matters as small plots of golden land for raising tobacco crops from June to January and the "off-season" economic condition of agricultural workers has been a serious problem in Cuba.

### France Says War Is Fight Against World Communism

#### Insurgent Leader Eagerly Explains Aims To Citizens Of U. S.

NEW YORK, July 25.—The Spanish insurgent forces are fighting not only for control of Spain but for the "destruction of Communism throughout the world," according to General Francisco Franco, rebel leader. In an exclusive interview with T. R. Ybarra, European correspondent, General Franco delivered a special message to the people of the United States, emphasizing that his objective is worldwide. "It is not generally realized,"

he told Ybarra, "that we are intent on a crusade that will ultimately lead to the destruction of Communism in the world. Russia has seen this; and that is why, with the help of the French Socialist Government, she has made such frantic efforts to supply Valencia (Spanish Government headquarters) with men and armaments. Had it not been for this, the war would have ended long ago."

"Just as Spain saved the civilized world from the Turks at the Battle of Lepanto, she has now engaged in another such historical feat against the modern but no less dangerous scourge. "We have time and again proved that there is no government at Valencia; by their own behavior they have proved themselves to be Communists, thieves and anti-patriots. They have systematically desecrated churches, assassinated priests, murdered peaceful citizens, slaughtered men, women and children. They

**'I'LL BEAT LOUIS.'**  
Over the tea cups, this fighting young Welshman unsmilingly asserted, "I'll beat Louis because I never have been knocked out... and am not afraid of anyone but God." Fighter Firr further elaborated, "I didn't expect to see him I wouldn't be here. All Louis has to do is stick his chin out once and he'll be gone."

have stolen and exported the national treasures which the whole world used to admire; they have deplored the nation of its gold reserves; they have laid waste and pillaged palace and

homestead. "Notwithstanding all this there are people blind enough or selfish enough to take sides with the Reds—who would prefer to see them win rather than the Nationalists. Many people are prejudiced to the extent that they do not care to see where the truth lies. But, with their support, or even subjected to their antipathy, the Nationalists will win through. Let them, reflect, let them truly ponder over the question, and I am sure that, if they examine the problem in all fairness, they will accept the truth and give us their wholehearted support."

The interview took place in Nationalist headquarters, the palace of the Bishop of Salamanca. Ybarra reports that Franco spoke cordially and eagerly, in an effort to explain his aims to the people of the United States. Among other statements made by the Nationalist leader were the following:

"In foreign relations the new Spanish State—(Franco assumed eventual victory for his forces)—will adopt a friendly attitude toward those other states which have offered her moral support from the inception of the Nationalist movement. There is one nation that the new Spain will never recognize or maintain friendly relations with—and that needlessly to say, is Soviet Russia.

"A military dictatorship will only be necessary until the country, freed from the political strife which has harassed it and hampered all activity during past years, can return to normal conditions, under a system of government that will insure order, peace and progress in the land. "A firm, stable government, capable of imposing its will on the people, and capable of ruling the country, is all that Spaniards need and yearn for."

### New Building For FFA Chapter Gets Presidential O. K.

A WPA project for the construction of a special building to be built on the Seminole High School Agricultural Farm has been approved by the President. It will house agriculture classes, rooms for a school shop, and will be used for the chapter room of the Seminole Future Farmers, meetings of the Seminole County Agricultural Association and other farmer's gatherings.

A telegram received today from Senator Charles O. Andrews stated, "The President has approved WPA Project No. 20,022 sponsored by the Sanford School District covering the construction of a special building to house agricultural classrooms and a school shop. The project calls for a federal contribution of \$7,021 and a sponsor's contribution of \$3,227. Though definite allocation of funds for this project will depend largely upon the amount of the total allocation to the state, the fact that the President has signed the project places it in favorable position for definite consideration sometime within the near future."

Alex. Johnson, agricultural instructor of Seminole High School, stated that the classrooms in the new building will be a great improvement. Plans indicate that the building will be of colonial style and modern in every respect, and when completed, the school will be one of the most modern equipped in the state, Mr. Johnson said. The plan was originally conceived by the Sanford School District and the Seminole Chapter of the Future Farmers of America.

### Chrysler's Salary Is Reported As \$200,700

WASHINGTON, July 25.—(AP)—The Chrysler corporation reported to the securities commission recently that Walter P. Chrysler's salary last year was \$200,700. The motor magnate is chairman of the corporation's board. K. T. Keller, president, drew \$109,500 and Vice President B. E. Hutchinson \$90,600.

### Ad Valorem Tax Is Restored To Five Mills

ATLANTA, July 25.—(AP)—Gov. E. D. Rivers, facing one of the largest financial bills in Georgia's history, ordered the state ad valorem property tax rate recently restored to five mills an increase of two mills. His action, the comptroller general's office estimated, will boost the state's income by \$2,120,000 over the three-mill rate of last year.

### 'Bounty' Authors Busy

PAPEETE, Tahiti, July 25.—(AP)—Chas. S. Nordhoff and James Norman Hall, authors of the "Bounty" trilogy, are at work on a new book. Its subject has not been announced.

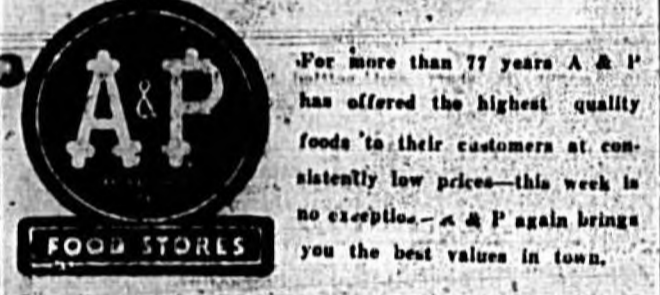

### Millions prefer this "flavor that is different"

It's a skillful cross between mayonnaise and old-fashioned boiled dressing—with a special piquancy all its own! Miracle Whip is totally different from all other dressings—smoother, fluffier, more delicious. Try Miracle Whip—soon!

### Florida Is Granted WPA Survey Project

TALLAHASSEE, July 25.—(AP)—Senator Andrews recently telegraphed Governor Cone the president signed WPA project for \$176,370 for topographical surveys of Florida.

The work in connection with the United States coast and geologic survey, will be carried on in every county, with headquarters in Gainesville. It will employ professional and clerical workers. Andrews said.

His telegram said that allotment of funds under the project "will depend largely upon the amount of total allocation to state. The fact that the president has signed the project places it in favorable position for definite consideration sometime within the near future."

Film Star Suffers Second Sunstroke

SANTA BARRERA, Calif., July 29.—(AP)—Bette Davis, blonde film star, collapsed from sunstroke yesterday at Carpinteria, a beach resort.

Dr. J. E. Coshaw, her physician, announced she would have to remain in seclusion for a month.

Last week Miss Davis suffered severely from sunburn. Three years ago she had a similar sunstroke.

The film star went to Carpinteria two weeks ago with her husband, Harmon Nelson, orchestra leader, for a vacation. She recently completed "I'm Love 'm After" with Leslie Howard and was due to return to her studio next week to start production of "Jezebel."

Life Term Captured After Night's Freedom

TALLAHASSEE, July 29.—(AP)—Joe Williams, life term robber from Palm Beach county, escaped from a state road department prison camp near Branford recently, but he had only one night of liberty.

Upon notice to the state prison bureau yesterday that Williams had escaped came another telegram reporting his recapture. Details of the escape and recapture were not reported.

Williams and Fred Houswert were sentenced to life imprisonment Feb. 13, 1935 for robbery while armed.

OLYMPIC STAR WEDS CLASSMATE

A romance which began when he carried her books between classes, led Forrest (Spee) Towns, Olympic hurdling champion, and Miss Martha Eberhardt, a classmate at the University of Georgia, to the altar. Towns and his bride, shown above, were married in a ceremony on the university athletic field.

Florida Dairymen To Witness Varied Program Aug. 5-6

Dairymen of Florida will witness a varied program and hear many prominent speakers of the nation at a two day educational program of the State Dairymen's Association sponsored by the University of Florida to be presented August 5 and 6 in the auditorium of the new P. K. Yonge laboratory school in Gainesville.

Presiding at the meeting will be M. C. Houser, president of the Association, who will introduce the speakers. The meeting will be opened with an address of welcome by Dr. John J. Tigert, president of the University of Florida, who will be followed by talks concerning modern developments in dairying and the problems associated with the industry, round table discussions and group singing.

Mr. Houser stated that the gathering will be very important to the dairymen of the state, especially due to the fact that a revision of the by-laws and the constitution of the association will be conducted.

A hearty welcome has been extended to all Florida dairymen to attend the meeting in order that it might be one of the most successful educational assemblies at the University of Florida, according to Hamlin L. Brown, extension dairymen.

Visitors Learn More Of State Advantages

JACKSONVILLE, July 29.—Several hundred West Virginians today know more about Florida, the Air-Conditioned State, and her friendly feeling toward the other States of the Union.

That has been the message brought them by Harold Cole, president of the Florida State Chamber of Commerce who has spoken before many West Virginians while on vacation there.

In a telegram to State Chamber headquarters here, Mr. Cole said he had appeared before the White Sulphur Springs Rotary Club, the Lewisburg Rotary Club and the Business Men's Club, the State Board of Military Academy, and city officials' meetings in several West Virginia cities.

The theme of his addresses has been Florida, closer cooperation between the States, statewide advertising, and business promotion throughout the Nation, Mr. Cole said.

Mr. Cole is accompanied by his family and expects to be home the middle of next week.

How To Tell Horse's Age Arouses Debate

BOONE, Ia., July 28.—(AP)—The problem of how to tell a horse's age has divided Boone county residents into two camps.

One argumentative farmer, challenged the historic method of "looking at a horse's teeth." He said the wrinkles on a horse's neck were the proper gauge of its years.

A pony was brought out to test the theories, and when both schools of thought had finished they were only one year apart on the age.

England Leads World In Beer Exportation

BERLIN, July 29.—(AP)—Great Britain is the world's largest exporter of beer, the business report for the year 1936-37 of the German export breweries stated.

After Britain come Germany and Japan. The export figures for the year, according to the report, are: Great Britain, 8,508,000 gallons; Germany, 8,217,000 gallons. Britain's beer export increased by 8.70 percent in 1936, that of Germany by 10.49 percent, Japan's fell by 1.93 percent.

To solve construction problems, two exhibit palaces for the 1937 Golden Gate International exposition were built "from the top down," with roofs completed before walls.

LITTLE LORD FAUNTLEROY DIES HERO

Vivian Burnett (above), who spent his life attempting to disprove the popular belief that he was the sissy, "Little Lord Fauntleroy," portrayed in his mother's novel, died a hero. He collapsed from a heart attack after directing rescue of four persons in danger of drowning.

Resignations Of Park Commission Accepted

TALLAHASSEE, July 29.—(AP)—The governor's office said recently Governor Cone had accepted the resignations of members of the Everglades National Park commission, but had not appointed successors.

One resignation, that of Frank Dominick of Miami, has not been received.

Governor Cone said he had not decided whether any of those whose resignations he requested and accepted would be reappointed to the commission.

"I'm going to reorganize the commission and get it on a good working basis," he said.

Governor Cone asked for the resignations before he signed a legislative act appropriating \$87,500 a year to operate the park commission during the two years which began July 1.

Handwriting Is No Key To Character

Lexington, Ky., July 28.—(AP)—Don't judge a man's character by his portrait or his handwriting, advises Prof. Herman W. Martin of the University of Kentucky department of psychology.

While he believes there may be some truth in the old saying that the camera doesn't lie, "it doesn't say much either," Professor Martin says.

Tests conducted by his classes, the psychologist asserts, have demonstrated that it is impossible to judge general ability and character by a photograph and that handwriting is not an accurate means of analyzing character.

Pigs Are Rated Among Cleanest Of Animals

AMHERST, Mass., July 29.—(AP)—Pigs are among the cleanest of all animals, according to Victor A. Rice, professor of animal husbandry at Massachusetts State college.

"Pigs like to roll in mud to keep themselves warm," he explains. "Pigs have no sweat glands and this is a process of heat radiation whereby the body temperature of the animal is regulated. They are far cleaner than either horses or cows."

## China Orders Crack Central Army Into Fray Against Japs

### American Lives En- dangered By Shell- ing Of University By Heavy Artillery

### Airplanes Take Part In Attack

### Shek's Troops Are Re- ported To Be Well Equipped Fighters

PEIPING, July 30.—(AP)—  
J. L. Stuart, American president  
of Yenching University, came  
through the new Sian-Jiao  
Japanese battleground today to  
report the group of Americans  
taking refuge at the university  
was safe.

PEIPING, July 30.—(AP)—  
Heavy artillery fire started  
suddenly this afternoon  
southwest of here at Yenching  
University, where a group of  
Americans are taking refuge.  
The Japanese reported to have  
ordered their crack central  
army into action to drive the  
Japanese army out of North  
China.

Grave apprehension was felt  
for the safety of Americans at  
the university. The group was  
believed to number five women  
and three men including President  
J. L. Stuart who had refused the  
warning of the American embassy  
to leave. "It is my duty to stay,"  
he told diplomatic officials.

Fighting was general once  
again all about the ancient walls  
of the Manchou capital. The Japanese  
army was reported to be engaged  
in a relentless "sweeping up"  
operations against the remnants  
of the 29th Chinese army, which  
now holds positions across the Yung-  
ting River to the west.

All communication was severed  
with Yenching University as  
fighting there began. The university  
is supported by American  
missions and is one of China's  
outstanding educational institu-  
tions.

Firing was especially heavy  
west of the city indicating a ma-  
jor engagement might be in  
progress. Japanese troops were  
reported attempting to force a crossing  
of the Yungting River at the Wan-  
ping and Marco Polo bridges.

To support the 27th and 132nd  
divisions of the 29th Army which  
are entrenched on the west bank,  
Generalissimo Chiang Kai-Shek,  
premier and commander in chief  
of the Chinese Army, was reported  
to have ordered up 50,000  
highly trained and well equipped  
troops of the central army.

Japanese sources declared they  
had learned an attack in force  
had been ordered against their  
positions around Peiping with  
the main body of the Chinese  
army supported by the Nanking  
government's modernized air-  
force.

Japanese artillery and air  
planes pounded the Chinese sections  
of battered Tientsin with  
shells and bombs in a renewal  
of the attack which devastated a  
large area of the Chinese city  
yesterday.

The assault followed what the  
Japanese said was a Chinese  
counter-attack against Japanese  
forces fighting with machine  
guns and rifles along the fringe  
of the Japanese concession dur-  
ing the afternoon.

### Kiwianians Have Fun At Joint Festivity

Approximately 150 Central Flor-  
ida Kiwanians representing Win-  
ter Park, Deland and Sanford  
gathered last night at SanLando  
Springs for a fun, festival and  
chicken barbecue, according to  
Alice M. secretary of the local  
club.

Swimming and games were en-  
joyed during the late afternoon  
and after supper, a program was  
presented by Walter Winter-  
hof, president of the Winter Park  
Kiwanis Club.

A short talk by Lieutenant  
Governor J. Corlyle Rogers of  
Sebring, and another by H. V.  
Coulter of Orlando, former gov-  
ernor of the Florida District,  
preceded the entertainment.

## FAVORS CAMP

City Commissioner M. J. Lodge who is heartily in favor of the location decided upon for the proposed Sanford Trailer Camp.

## Lodge Is In Favor Of Trailer Camp On Lake Location

City Commissioner M. J. Lodge, city commissioner, stated in an interview today.

"I have personally inspected quite a number of trailer camps in Florida and find that except in instances where they operated as private enterprises, the closer they are located to the downtown section of the city the more agreeable it is to tourists and the more satisfactory to the business concerns. In instances where the camps were remotely located, the operators will at exception stated that it was the biggest mistake they had made."

Although Mr. Lodge believes the acreage from Park Avenue to Sanford Avenue to be sufficient for the coming year, he said, "If we find that the large number of trailers which patronize our camp necessitates an enlargement of the grounds, we may expand it east toward the Mayfair Hotel."

"The camp should have every possible convenience, such as police protection, fire protection, and various recreational facilities. We have a fine zoo for tourists' enjoyment, and we can construct a swimming pool, and courts for playground games," he said.

In reply to the question as to whether or not the brick winds coming from across the lake would be too cool for the comfort of the tourists, Mr. Lodge said that he didn't believe the weather would ever be too cool. Even if the temperature were almost frigid, winter tourists from the north are accustomed to that kind of weather, he declared.

"It has also been said that a trailer camp so near town would be an eyesore, and that the large number of tourists would make the grounds unattractive. If we cater to the wealthier classes of trailer tourists, we would not have a very serious problem in that direction."

"I am very much in favor of the project and sincerely hope to see it become a successful enterprise," Mr. Lodge concluded.

## Red Cross Members Attend Daytona Meet

A meeting of "disaster preparedness" of the Red Cross held recently in New Smyrna was attended by several Red Cross members of Sanford, according to Mrs. F. D. Scott.

During the meeting, reports were heard from the United States Coast Guard and the weather bureau at Jacksonville.

Mrs. F. D. Scott, Mrs. M. W. Scott, Mrs. Harry Woodruff, and the Rev. Martin J. Hram, head of the Red Cross Chapter, New Smyrna, attended the meeting.

## All But 4 Of Those Aboard Ship Rescued

### Ninety-Two Persons Survive Night Of Horror As Flames Sweep Entire Ship

BALTIMORE, July 30.—(AP)—  
All but four of the 96 passengers and crew, driven by flames from the liner, City of Baltimore, in a night of horror on Chesapeake Bay, reached land today with tales of amazing rescue.

Of the four not counted among the survivors, two were known dead and two unaccounted for. The dead are J. R. Polikoff, Aiken, South Carolina lawyer, and an unidentified member of the crew. Missing are H. Raige, passenger, address unknown and Cy Haynie, oiler.

Three navy seaplanes began an aerial survey of the bay shortly after dawn seeking the bodies of possible victims.

The liner sliding down the bay to Norfolk burst into a floating furnace 14 miles below Baltimore.

The flames, passengers said, roared from the lower holds and within three minutes after the first alarm had wrapped two thirds of the boat in fire.

Boats put out from beaches and picked up persons as they were forced to leap from the burning ship.

Cause of the fire was not determined immediately. Survivors landed at Annapolis, Md., said it apparently started about 7:25 P. M. in the hold. It spread so rapidly that the ship was soon an inferno. Some life boats filled with passengers were lowered—the number not known. Other passengers and members of the crew were trapped or jumped into the bay.

Reports from the scene were conflicting. Baltimore police said an explosion caused the blaze, that there was a blast and the entire craft was enveloped in flames.

They said reports reaching them were that 60 persons had perished. This was entirely without confirmation.

President Roosevelt, apprised in Washington of the disaster, immediately ordered the navy academy at nearby Annapolis and the navy department to offer all as

## Jenkins Attends Annual Meeting Of Church Group

Jno. D. Jenkins, chairman of the Board of Deacons of the First Baptist Church here and member of the Board of Trustees of the Florida Baptist Children's Home in Arcadia, attended the annual meeting of the Board of Trustees in Arcadia yesterday.

During the meeting, attended by trustees from all parts of the state, Professor T. M. Johns was re-elected supervisor for the ensuing year and many improvements to the home and grounds were discussed.

The supervisor of the home which cares for 100 children, reported that 1937 had been one of their best years. "The finances and good will of the people," he said, "have kept the home in splendid condition."

In the financial report, Mr. Jenkins stated that it was learned that the Sunday Schools of the state were the chief source of income and also that the Florida W. M. U. S. had supported in a very liberal manner.

## New Members Voted Into Sea Scout Body

Four members voted into the Sanford Sea Scout Troop and plans for acquiring water craft for the use of the group were discussed last night at the regular weekly meeting in the Junior High School, according to Clifford Bell, skipper.

The scouts who have an enrollment of 13 members and will soon apply for their charter. It was decided that all boys in the troop would pass their tests for the rank of apprentice seaman as soon as possible.

Included in the group who were voted into the troop last night were James Trawick, Hank Lester, Harry Jameson, and John McElshon.

## SURGING JAPANESE DRIVE CHINESE FROM PEIPING

The crushing Japanese army took a firmer hold on North China with the sudden collapse of the Chinese defense at Peiping. The defenders retreated 80 miles to the southwest, leaving the ancient city and its environs without a Chinese soldier in sight. This picture, made before the retreat, shows soldiers of the 29th Chinese army defending historic Marco Polo bridge 14 miles southwest of Peiping. The photo was flown from China and is one of the first pictures of actual combat to reach the United States.

## Andrews Attains Amendment Curb To Wage Measure

### Recommendation Ad- opted To Exempt Seasonable Labor

WASHINGTON, July 30.—(AP)—  
An amendment to exempt Florida's seasonable citrus workers and several other types of labor from certain blanket provisions of the Administration's wages and hours bill, offered here today by Senator Charles O. Andrews of Florida was adopted in the Senate as part of the measure.

Senator Charles O. Andrews, Florida Democrat, however, re-asserted opposition to the wage-hour bill last night despite the adoption of the amendment.

"But I'm still against the bill," Andrews said. "We're just trying to put as many patches on it as we can."

Senator Claude Pepper of Florida, a member of the Education

## Franco Sees Plot To Spread Germs Amid Rebel Ranks

By The Associated Press  
Charges that international plot-  
ters sought to cause disease epi-  
demics in insurgent Spain were  
put before General Francisco  
Franco's military court today.

Two Frenchmen were sentenced to die but Franco ordered their executions delayed until an international commission could investigate whether there was an international plot to loose typhoid and sleeping sickness germs behind insurgent lines.

In the Spanish war itself, two unidentified submarines rose out of French waters to take a prominent freighter with gunfire and left her blazing with 23 of floors and men missing.

Captain Obdulio Castel who reached shore near Mimes, France, in a small boat with 10 of the crew, described how the submarines appeared, one on each side, and for 20 minutes pounded his vessel.

Two government tankers, the La Yoleta and La Zorroza, were also shelled by submarines, but managed to continue their course for Valhala.

Franco charged the alleged poisoning plot was organized in London and involved Englishmen, Frenchmen and Spaniards.

## Community Singing Class Will Perform

An auditions of the Sanford Community Singing Class will be held Sunday afternoon at 2:30 o'clock in the Undenominational Tabernacle, according to an announcement made today by Alvey Bailey, president.

The singing will be led by Prof. L. L. Dewey, and E. H. Hayes, of Geneva, and the public is cordially invited to attend. It was stated.

## JAPANESE BULLET CAUGHT HIM

Hospital attaches are shown bearing a wounded Chinese soldier from a train at Peiping following severe fighting with Japanese in that vicinity. He and many others were wounded and hundreds were reported killed before the Chinese retreated from the city.

## King George Confers With His Prime Minister About Violence In Ireland

LONDON, July 30.—(AP)—Prime Minister Neville Chamberlain spent an hour with King George VI at Buckingham palace yesterday after the monarch's return from a coronation visit to northern Ireland, where terrorism and violence struck a discordant note in the general acclaim.

Indignation over the shooting, dynamiting and arson Wednesday in Belfast and on the Free State border was expressed on both sides of the Irish sea. It was known that Chamberlain and the king discussed Wednesday's disorders among other subjects.

Some authorities said they believed trouble in Ireland had been anticipated, pointing out that the visit of the king and Queen Elizabeth there was much briefer than any other coronation trip. They spent three days in Wales, a week in Scotland and less than 12 hours in Ulster.

The British press was divided between expressions of anger over the northern Ireland demonstrations and the peril to which the king and queen were exposed by being permitted to visit there.

"What next?" demanded the Daily Mirror, "a trip to the borders of Abyssinia? A call on Mr. Gandhi? A visit to Peiping?"

The conservative Morning Post declared, "the civilized world is now so familiar with the notorious character of Irish gangster politics to feel anything but disgust."

The Irish Times, the only Dublin paper to comment on the an-

## Work Continuing On Re-Laying Of Bricks On Street

### Slight Delay Caused By Non-Arrival Of Gutter Materials

Although re-laying of the brick on Magnolia Avenue is being slightly delayed until materials for the concrete gutter have arrived, the project will not exceed the allotted time of four months, it was stated today.

A cover, which will lessen the accumulation of water on First Street during heavy rains will also be completed soon. The pipes will continue out to 13th Street.

The complete re-laying of the street will be accomplished with out the need of additional bricks, according to Fred T. Williams, civil engineer, who pointed out how present-day methods differ from those of earlier times.

Magnolia Avenue was laid in 1910, and, according to the custom of the time, the 4 x 3 x 8 bricks were placed on edge with their 2-inch surface uppermost. It was believed at that time that the greater depth from the surface of the sandy base would cause it to be stronger and more resistant to use.

The brick that has been recently taken up will be replaced with the 4-inch surface uppermost, which gives the same number of bricks a greater coverage, and will also create a stronger road surface due to the fact that the pressure from the tires of automobiles will be evenly distributed along a wider surface.

Mr. Williams also said that asphalt would be sandwiched in between the bricks in the place of the sand that was formerly used. He explained that the chief difficulty from the use of a sand filler is that rubber tires pull the sand from between the bricks, eventually causing the entire street to sink.

## CITY NEWS BRIEFS

Circuit Judge Edward B. Smith was in Sanford today on official business.

City Accountant H. N. Sayer resumed duties at the City Hall today after an 8-day vacation.

Superintendent of Public Instruction T. W. Lawton will return to his office tomorrow after a vacation at Daytona Beach.

N. O. Garner yesterday was granted permission to tear down the old Ex Klux Klan building on Melbourne Avenue.

R. L. Robertson, of the Sanford clinic, left yesterday for North Carolina where he will be visiting for about 60 days.

## Groups Rally To Push Wage Hour Measure

### Labor Throws Its In- fluence In Opposi- tion To Legislation Affecting Workers

### Measure Was On 'Desirable' List

### Defeat Would Rank In Gravity Second Only To Court Reversal

WASHINGTON, July 30.—  
(AP)—Two determined groups rallied today around administration leaders trying to push the wage-hour legislation through Congress before the session ends.

A non-partisan group of House members headed by Representative Healey of Massachusetts, Democrat, was organized to stave off adjournment until the labor standards bill is passed.

William Green, president of the American Federation of Labor, threw his influence against the move which gained headway in the Senate late yesterday to return the bill from the Senate floor to the labor committee.

Labor's influence had been counted upon heavily to put the bill across, and many legislators expressed belief the measure is now in jeopardy. For Administration forces, who have urged the measure high on their "desirable" list, a defeat would be second only in gravity to their reversal on the court revamping bill.

John P. Free, president of the A. F. of L.'s central trade department, disclosed he had asked a number of senators to delay consideration of the wage-hour bill until next year.

While he favors the wage and hour provisions, he said, he is opposed to the powers the bill would give a proposed admin-

## Local Jaycees Will Attend State Meet

Four delegates from the Sanford Junior Chamber of Commerce will attend the mid-summer conference of Florida Jaycees in Daytona Beach, according to Edward Kirchhoff, president of the local body.

Features of the conference will be a consideration of whether or not the state organization should employ a full-time secretary, and a discussion of many state projects.

Among those from Sanford who will attend are Henry White, Jr., Edward Kirchhoff, Harry Bradham, and E. E. Laney.

## DeLand Will Study Trailer Camp Idea

DELAND, July 30.—DeLand City Commissioners recently appointed three members of the board to investigate the expediency of spending \$5,000 to build a modern municipal trailer camp. They will render a report Saturday. If the expenditure is approved, work will begin at once, the camp to be completed in time for early tourists this fall.
