Joe Gill Expresses Faith In Sanford

The following telegram from Joe H. Gill was received this morning by Clyde A. Byrd, local manager of the Florida Power and Light Company, indicating that organization's confidence in the strength and stability of this community.

Miami Fla. Aug. 8, 1927. C. A. Byrd, Local Mgr. Florida Power & Light Co., Sanford Fla. I have been thinking about Sanford since talking to you relative closing Seminole Bank Saturday and I am sure that Sanford is very rich in natural resources and an earnest citizenship to let itself become discredited or cast down by reason of an occurrence of this kind and I am sure that Sanford will go along in the future as it has heretofore.

Sanford is very rich in natural resources and an earnest citizenship to let itself become discredited or cast down by reason of an occurrence of this kind and I am sure that Sanford will go along in the future as it has heretofore.

RESOLUTIONS ARE PASSED AT MEET OF LOCAL LEGION

Campbell-Lossing Post Holds Special Session Saturday To Express Sentiment Over Recent Developments Here

A special meeting of the Campbell-Lossing Post of the American Legion adopted the following resolutions relative to certain events that have taken place within the past few days:

WHEREAS on this day it was deemed advisable by the Board of Directors of the Seminole County Bank of Sanford, Florida, to temporarily refrain from opening its doors in the usual course of business, and

WHEREAS it has been known for some time that during the past week, unselfish, strenuous and untiring efforts have been made by the officers of the First National Bank of Sanford and other influential patriotic citizens of said City, to avert the present existing situation, and

WHEREAS said First National Bank has offered and expended its best efforts for such purpose, and

WHEREAS since the closing of the doors of the said Seminole County Bank derogatory remarks and statements have been made on the streets of the City of Sanford by numerous persons with regard to action of the officers of the said bank.

Resolved, That the members of this Post be and they are hereby authorized to adopt the following resolutions relative to certain events that have taken place within the past few days:

Resolved, That the members of this Post be and they are hereby authorized to adopt the following resolutions relative to certain events that have taken place within the past few days:

GENERAL WOOD IS TO BE BURIED IN ARLINGTON

Army Posts Hang Colors At Half Staff In Memory Of Famous Fighter Who Rose From Surgeon To General

Governor General OF The Philippines

Wood IS Famous As Companion Of "Rough Riders" In 1898

WASHINGTON, Aug. 8.—(INS)—Major General Leonard Wood will be laid to rest in Arlington Cemetery among his comrades of the "Rough Riders" regiment which he commanded during the Spanish-American War.

Burial will be tomorrow with full military honors. In all army posts the colors were at the half staff today in honor of General Wood.

Accompanied by Mrs. Wood and a military escort, General Wood's body will arrive in Washington this morning and will be taken immediately to Arlington Cemetery, at the Union Station, the military escort from Boston will be augmented by the Third Cavalry, the Sixteenth Field Artillery, a battalion of infantry, and a detachment of engineers.

Wood served in the Philippines since October, 1922, being appointed by President Harding. There was considerable speculation in Washington today as to Wood's successor.

Several names were mentioned, the most prominent being Carl Thompson of Ohio, who made a special invitation of the Island for President Coolidge's special envoy to Nicaragua, and ex-senator James W. Wadsworth, Jr., of New York, who as chairman of the senate military affairs committee became familiar with the Philippine administration.

Miami City Man Is Charged With Embezzling Funds

MIAMI, Fla., Aug. 8.—(INS)—W. A. Means, former city finance department cashier, recently arrested and charged with embezzling about \$24,000 in municipal funds, was bound over to the criminal court of Dade county following a preliminary hearing before H. L. Oppenheimer, justice of the peace.

Witnesses for the state testified that shortages as high as \$28,357 have been discovered in the daily records of the department between March 30 and July 1 of this year.

Failing to secure a dismissal of the case on the grounds that the only evidence produced by the state was that a shortage existed at the time Means was cashier, defense attorneys indicated that they will attempt to show that Means was not wholly responsible for the money in question.

Revivalist Who Let Snake Bite Him To Show His Faith Recovers From The Effects

SHREVEPORT, La., Aug. 8.—(INS)—Rev. G. G. Williams, who two weeks ago allowed a poisonous snake to bite him while staging a revival at Dumas, La., has fully recovered from effects of the wound on his arm and is now conducting a revival at Hollyridge, La.

Rev. Williams steadfastly clings to his claim that he did not allow any medical aid to be administered to him and that he "kept his faith in God who healed the wound of the reptile."

"I do not want you to take me as some freak that can do anything unusual with reptiles," said Rev. Williams over the phone to an international news service correspondent today.

LEVINE - DROUHIN 2 DIE AS RESULT MAKE CONTRACT OF FIERCE FIGHT FOR RETURN TRIP ON RUM RUNNERS

Arrangements Completed For French Pilot To Bring Levine Back To New York In Bellanca Plane "Columbia"

PARIS, Aug. 8.—Charles A. Levine and Marcel Drouhin today signed a definite contract for a fight from Paris to New York in the Bellanca plane "Columbia."

The signing of the contract eliminates a prolonged series of disputes and arguments between Levine and Drouhin, who was given a tentative contract to pilot the "Columbia" several weeks ago.

Under the terms of the contract if any other plane crosses the Atlantic from Europe to the United States the "Columbia" makes a start, either party has the right to cancel the contract within eight days.

In the event of an accident totally incapacitating Drouhin, Levine accepts responsibility for the amount of contingent funds.

If the "Columbia" fails to start on its flight within three months, Levine chooses pilot through no fault of Drouhin's, Levine agrees to pay Drouhin 100,000 francs.

Drouhin is to receive 50 per cent of the profits from the formation of any company resulting from the flight.

Levine agrees to pay Drouhin 100,000 francs for his services for one year and Levine also deposits a bankers letter of credit for 400,000 francs in a bank, this sum payable to Mme. Drouhin in the event that the fliers are not heard from for a month after their departure from Paris.

Wood served in the Philippines since October, 1922, being appointed by President Harding.

ATTORNEYS FOR RADICALS ASK ANOTHER WAIT

File Last Minute Writ Of Error Asking For Stay Of Sentence; District Atty Says Thayer Was Prejudiced

No Attack Made On Courts Themselves

Defense Committee Protests Against Public Meetings And Proposed March To Boston

BOSTON, Aug. 8.—(INS)—Within the quiet confines of the state supreme court, in the Suffolk county house which was guarded by armed officers of the law, attorney Arthur D. Hill today opened his legal artillery in a final effort before the state courts to save Nicola Sacco and Bartolomeo Vanzetti from the electric chair.

Filing a last minute writ of error and asking for a stay of sentence and a writ of habeas corpus, the former district attorney told Judge George A. Sanderson that the trial judge, Webster Thayer had been prejudiced and that the two defendants were being held in violation of the state and national constitution.

"This is not an attack on the courts as an institution," he argued. "Judges are human and liable to error without consciousness of error. That is why the constitution states that trial must be by judges as 'free, impartial and independent as the lot of humanity will admit.'"

"Final and desperate efforts in the state courts to save Nicola Sacco and Bartolomeo Vanzetti from the electric chair were underway today, the defense committee sent out a call for a national parade to Boston in the interests of the two men and a death watch at the state house and state prison the night they are executed.

At the same time, Edward Holt, James, millwright nephew of the late Henry James, novelist, and professor William James, Harvard psychologist, after spending the night in a cell in the back Bay police station, and three others were up for arraignment in police court as the result of the breaking up of a "Sacco-Vanzetti rally" on Boston common.

The defense committee's call, which asked for strikes, protest meetings and a march to Boston as a "demonstration of solidarity behind these workers" was issued as the legal moves were made to make a plea to the United States Supreme Court to prevent the execution of Sacco and Vanzetti, doomed to die sometime after Aug. 10, for a payroll holdup and double killing.

While the legal rush was on in the state courts, Governor Alvan T. Fuller at the state house held under consideration a defense petition for another stay of sentence. Following his review, the chief executive had decided Sacco and Vanzetti "guilty" and had refused to intervene.

The first legal skirmish today was before Judge George A. Sanderson in supreme court. Defense counsel Arthur D. Hill had petitioned for a writ of habeas corpus in an effort to get Sacco and Vanzetti out of the state's prison death house, Warden William Hendry, (Continued On Page Three)

Mississippi Farmers Are Faced With Real Problems Of Failure

More Than 5 Hundred Square Miles Still Under Water; Victims Return Home

Emergency Credit Bodies Working

Farmers Find Cattle Gone, Soil Ruined And Funds Depleted

WASHINGTON, Aug. 8.—Four months after the Mississippi broke through the levees of Missouri and southern Illinois, the great flood is today ebbing in the most southerly reaches of its thousand-mile path of devastation, according to reports to government engineers and Red Cross officials.

More than five hundred miles of south central Louisiana are still under water, homeless victims are being cared for in 41 red cross camps throughout the southern half of the state, and thousands who have left the refugee camps are being partially supplied with food through the relief stations. More than 5,000 people are in the concentration camps.

As the work of emergency tapers off in the southern end of the valley, rehabilitation daily in Kentucky, Tennessee, Arkansas and Mississippi, where state and federal forces are co-operating with the Red Cross in re-establishing thousands of farmers on their lands.

Seed distribution stations are operating in thirty-eight counties out of the Ohio river. Emergency credit organizations set up by Secretary of Commerce Hoover have completed their survey in virtually every flooded county and are advancing funds for livestock purchases and new machinery daily wherever the flood victims are returning to their homes.

While the work of rebuilding goes forward on thousands of sand-covered cotton plantations, army engineers are pushing the work of levee repair and railroad gangs working night and day to reclaim their highways from the disaster. More than half of the 2,000 miles of washed out line in Arkansas, Louisiana and Mississippi have been opened since June 1, according to reports to the interstate commerce commission.

Sanford Kiwanians Are To Entertain Clermont Members

Members of the Clermont Kiwanis Club will be the guests Wednesday of the Sanford club at luncheon preceded by a motor tour of the city. In the afternoon teams representing the two clubs will meet at the municipal park in a return game the first having been played at Clermont two weeks ago.

The visitors will arrive in Sanford at about ten o'clock and will be taken for a ride through the business and residential sections. A luncheon in their honor will follow at the Seminole cafe at noon. Shortly after the meeting the Sanford Kiwanians and their guests will be entertained at the Atlantean Theater by Kiwanian J. L. Marentette. The baseball game will begin at 4 o'clock.

D. L. Hippler, of Euclid, chairman of the Kiwanis International inter club relations committee, will be the principal speaker at the luncheon, it was announced this morning by Secretary L. C. Behouk. Other interesting features have also been arranged for the gathering of the two clubs in an expected to be one of the most delightful affairs of its kind ever staged here, according to Mr. Behouk.

NOTICE TO HERALD ADVERTISERS

In an endeavor to co-operate with the merchants of Sanford during the present emergency The Herald announces a general reduction of rates pertaining to all classes of advertising. Beginning with this issue the display rate will be 35c an inch instead of 42c an inch as has formerly been the case.

The Herald assures its advertisers of its desire to work with them to the fullest extent of its ability and will co-operate with them in every possible way in main taining business at an even level and in returning this City to its former heights of prosperity. The rate reduction is being made to apply only to local advertising.

The schedule is as follows:

Local Display Advertising		
	Former Rate	New Rate
Transient matter	42c	35c
500 inches Per Month	35c	30c
750 inches Per Month	30c	25c
1,000 inches Per Month	25c	20c
Classified Advertising		
Per Line, One Time	10c	9c
Per Line, Three Times	8c	7c
Per Line, Six Times	7c	6c
Per Line, One Month	6c	4c

STONE MOUNTAIN BILL

ATLANTA, Aug. 8.—(INS)—A substitute bill designed to throw the influence of the state behind the Stone Mountain Confederate Memorial will be reported favorably by the subcommittee of the senate judiciary committee, it was disclosed today by Senator E. D. Rivers, chairman.

CHILDREN BURNED

CORINTH, Miss., Aug. 8.—(INS)—Two children were burned to death early today when they were sprayed with flaming gas when the stored gas exploded. Their mother was seriously burned in a futile rescue attempt. The children, Fred, 7, and Bertha, 5, were the son and daughter of Mrs. and Max Ed Jourdan, Bogmont Miss.

Funeral Services For Carl Hunt Are Performed Orlando

ORLANDO, Fla., Aug. 8.—(INS)—Funeral services for Carl Hunt, internationally known advertising expert who died at his home here Friday night, are to be held at 4:30 o'clock this afternoon at a local undertaking establishment.

Following the service, the body will be cremated, disposition of the ashes being held up pending the arrival here of relatives of the deceased.

Hunt, formerly manager of the Associated Advertising Clubs of the world and recognized as an international authority on advertising and trade questions, had been in ill health for a year prior to his death.

ASK FEDERAL CONTROL

WASHINGTON, Aug. 8.—(INS)—Federal control of the \$25,000,000 annual interstate business of American corporations is essential for adequate protection of the public and investors, in the opinion of Abram F. Myers, member of the federal trade commission and former anti-trust expert in the department of justice.

FLOGGING INVESTIGATED

CLARKESVILLE, Ga., Aug. 8.—(INS)—The alleged flogging of nine men and women in this section the night of May 12 was revealed today when the Habersham grand jury met with more than 50 witnesses summoned for what solicitor Robert McMillan termed "a sweeping investigation" into reported activities of night riders.

Ask Me Another!

Each day The Herald will present five questions concerning Sanford's history, its industries, its city government, its recreational facilities and other interesting subjects. The answers will be given with the questions. Persons who have questions which they desire to have included in this column, may communicate with The Herald.

QUESTIONS	ANSWERS
1. How many schools has Sanford?	1. Nine.
2. What nickname has been given to the Sanford baseball club?	2. Celery Feds.
3. How long did Sanford have a street car line and between what years?	3. Four years from 1903 until 1912.
4. Who is commodore of the Sanford Yacht Club?	4. E. L. Markell.
5. Who is the chief of police and how long has he held the position?	5. R. G. Williams. He has been in office for nearly five years.

Tampa Bows Second Time To Celerymen In Slugging Contest

Sanford Counters One In First Frame And Knocks Craig Out In 5th With Six Runs

Celerymen Make Seven Misplay

Lee Withrow Rescues Lefty Myers, Holding Visitors Safely

Lee Crowe's protegee downed the Tampa Smokers in the second of the series at the Municipal Park on Friday afternoon by a score of 8 to 5. The game was a free hitting affair with the Celerymen making their hits count for scores while the visitors were wasting several.

The two teams made nine errors during the game, seven of these by the Celery-Feds. However, most of these errors were made on hard chances. Both pitchers walked under the sun and had to be relieved before the game was over.

In the fifth inning with Tampa leading by two to one count the Fed's jumped on the rapidly tiring Craig and before the Smoke had cleared six runs had crossed the pan and Willey had relieved him.

In the sixth Myers, with only one run and lost control as the Smokers tallied three times on three hits.

Sanford scored in the first after Tampa had counted twice in the first half of the inning on a combination of two hits, two errors and a walk. In the Fed's half Myers walked after Beazley was out. Allen went out but Crowe walked and Bailey promptly singled scoring Myers.

In the fifth Sanford counted six times, Beazley singled to center, Myers was hit by a pitched ball, and Cusack allowed to run for him by agreement. Pug Allen was walked. Filling the bases and Beazley scored on Crowe's R. field hit. Bailey singled to center again and Cusack and Allen counted. Willey then came in and Crowe was allowed to take a nice cool shower. Crowe and Bailey advanced a base each when Willey uncorked a wild pitch and Crowe scored. Willey buckled, erred on Danbar's runner. Bailey checked up with the last run of the inning when Frisbie singled sharply to right.

In the sixth the Smokers came back and tried to duplicate the Crowe-men's feat but they were halted after scoring three. Beazley walked, but was forced by Seehorn, who went to third when Edwards singled to center. Myers hit Blackstock's grounder and Seehorn scored. Willey singled checking the bases and Messner scored two of them when he shot a single into right. Sanford came back in the last of the sixth to recover one of the lost runs. Beazley singled and advanced to third on two sacrifices, he scored when Skipper Crowe singled to center. Withrow was now pitching for Sanford as Meyer had been relieved in the sixth.

Hoke Beazley brought the fans to their feet with one of the most spectacular catches ever seen here when he drove down to take Doran's line drive off the ground with one hand. Two men were on the sacks at the time and had the ball escaped Beazley it would have gone for three sacks. It was one of the nicest pieces of fielding ever seen in the local field. Crowe also contributed a great catch when he made a one handed stab to take Blackstock's line drive in the ninth after two were out and Edwards was on third.

"Pug" Frisbie led the Sanford hitters with three out of four tries. One of his hits was good for three bases and possibly would have been a home run had he not stumbled between second and first. Bailey Crowe and Beazley also hit well getting two hits apiece. Crowe hit

RICKARD MOVES OFFICE FORCES TO WINDY CITY

New York Promoter Making Plans To Move Rest Of The Feds After Delaney Scrap

NEW YORK, Aug. 6. (INS)—Tex Rickard is on his way back to Chicago today with half the Madison Square Garden office force. The other half will leave here immediately after the Delaney-Paulino bout, next Thursday night.

Apparently, Tex does not plan to promote any bouts here while the monster cauliflower convention is on in the windy city. After Delaney and Paulino have had their fling, his next big bout in this district will bring together champion Mike McGuire and Tommy Douglas, in a light-heavy-weight championship bout in the Garden, on October 7.

Just before his departure for the semi-wide open spaces, Tex was handed a big laugh. He heard that E. C. Clements had secured an injunction in Chicago against the want-it Dempsey to fight Henry promoter in a class by himself. Not even Wills wants that any more.

"I hope they stir up a lot of nice first stage suits for me out there," said Tex, as he prepared to board the train, and my favorite spectators wouldn't be out there to help me, so I'll have to dig up some new stand-ins."

Rickard declares that he is willing to pay two-to one that this bout breaks all previous attendance records and receipts figures. He also said that he would get all the money he had, which must be considerable by this time, from the earnings of the prairies will be a bigger thing than the sacrifice of the scapit last autumn.

Leo P. Byron talked to Dempsey over the long distance telephone last night. Jack reported himself in fine shape and said that he expected to leave Los Angeles around the 13th of August. He will bring Mrs. Dempsey to Chicago with him.

Fearful of injury to Dempsey and Toney, Rickard has protected himself by taking out \$200,000 insurance, was slightly over \$8,000.

The police provides that in case either fighter becomes physically ill before the Chicago fight at Madison Square Garden, Rickard will receive \$100,000, if both fighters become incapacitated the promoter will be entitled to \$200,000.

Old But Good

This is Cy Williams' fifteenth season in the major leagues, but the venerable outfielder of the Philadelphia National League club is the leading home run swatter of his organization. Cy had hit twenty homers by July 24.

Nick in Knickers

Like other politicians who have traded their tops for old clothes and are pursuing the tummy tribe in the woodland frame, is Nick Lounsworth, speaker of the House. Nick, in his knickers, is shown here after having a meal of trout out of a lake in Chester National Park. Unlike President Coolidge, who also uses worms, Nick is a fly fisherman.

Tagging All Bases

By International News

The last leg of the invasion of the west by the eastern clubs of the National League begins today, with the dope favoring the cubs to increase their two-game lead over the Pirates. Chicago takes on the Brooklyn Robins, who have dropped 10 out of 11 to the Braves this season, while the Pirates must defend themselves against the outshining Giants.

The Cubs won their sixth straight yesterday, beating Kent Greenfield, the Braves' overworked star, by a score of 5 to 2. Southpaw Percy Jones was the big name. He won his own game by making four hits in as many times at bat.

Cy Williams also had a perfect day at bat with four hits including his twenty-third homer, and his slugging enabled the Phillys to down the Pirates, 9 to 7. Williams drove in five runs and scored three more.

Flint Rhem, the prodigal son of the Cardinals, failed again. The Brooklyn Robins kayped him and won, 5 to 2. The Robins "carried the mail" for five bases, pulling two double steals.

Adolfo Luque of the Reds won a 3 to 0 duel from Virgil Barnes of the Giants, chalking up his fifth straight victory. Only one Giant reached third base.

The Reds have sent Walter Christensen, the acrobatic outfielder, to the Columbus club of the American Association under an optional agreement. Last year Christensen was one of the National League's brightest stars.

The Red Sox made it four straight by downing the White Sox, 4 to 1. Fingstend's two triples featured.

Bill Carrigan's reconstruction work is at last bearing fruit and the Red Sox are now playing the best ball in the league. They have won nine of their last 12 games.

Wallo Hoyt scored his fifteenth victory of the season as the Yankees fanned the Tigers, 5 to 2. Ruth captured his 25th homer, but is still behind Gehrig.

Gehrig's homer with two on featured as the Senators murdered the Browns, 17 to 8. The Nats are going strong but they must play 700 ball for the remainder of the season to tie the Yankees if the latter do no better than break even.

The Athletics and Indians did not play.

FIELD WINS

Seabright, N. J., Aug. 6. (INS)—Big Bill Thider, for the second time in his career, has his name etched on the Seabright Bowl. He achieved that distinction yesterday by defeating Frank T. Hunter, of New Rochelle, 6-4, 6-1, 8-0.

BASE HITS NO. 55

NEW YORK, Aug. 6. (INS)—Babe Ruth is only two behind Buster Gehrig today in the great home run derby. The Bambino blasted 20, 35 against the Detroit Tigers yesterday. He also hit a tremendous double against the center fielder, while Gehrig's triple in the third narrowly missed being a homer.

AMERICANS LEAD

TORONTO, Aug. 6. (INS)—American professionals held the first 12 positions as the third round of play began today in the Canadian open golf championship.

Lee Diegal, of White Plains, N. Y., was leading the pack with a score of 142 for 36 holes, while Walter Hagen and Johnny Farrell were tied for second place with 144.

GOLF MATCH

CLEVELAND, O., Aug. 6. (INS)—Car Kaufmann of Pittsburgh, Pa., will meet bats today in a 36 hole final match for the National public links golf championship.

In the 13 hole semi-final matches, Serreck eliminated the last of the youngsters, 20-year-old Kendall Morrison of St. Joseph, Mo., 5 to 4, and Kaufmann defeated Bob Wington of Jacksonville, Fla., after a dramatic tussle 3 and 1.

WHY MOTHERS GET GRAY, NIGHT NOISES.

Canal And Diversion Dam To Be Built On The Arkansas River

TULSA, Okla. AUG. 6. (INS)—A permit for the construction of a \$2,500,000 canal and diversion dam on the Arkansas river, has been granted by the state conservation committee to a group of Oklahomans.

The project will consist of a small diversion dam at Kaw City, Okla., which will direct the waters of the Arkansas river into a ten foot canal leading to a point near Fairfax, Okla., fourteen miles south of Kaw City, where a large reservoir will be built.

It is estimated that the dam will furnish more than twenty thousand

PTOMAINE POISONING

MACON, GA., Aug. 5. (INS)—Continued improvement was reported today in the condition of L. M. Ash, 45, and three of his children, all are in a hospital here with ptomaine poisoning, caused, it is believed, by drinking impure butter-

COOLIDGE TO TALK

RAPID CITY, S. D., Aug. 6. (INS)—President Coolidge will have opportunity today to amplify much discussed statements of days ago that he did not intend to run for re-election in 1928. Shortly before noon, he will receive the representatives of the press for the first time since the day when the startling announcement was made.

hour is growing late, but I can't submit, in my capacity as City At-Large, to have speakers appear on the platform that do not know what they are talking about and give out to the public by venal newspaper mis-information as to what we have done. I don't ask you to take my word, go to the Circuit Judge, write Caldwell & Raymond, write the bond unless the regularity thereof is unquestioned and unless they can secure an opinion, backed up by decree of Court, that the bonds are fixed bonding obligations of the municipality so issuing them.

I want to say on behalf of the Commissioners that I do not have to defend their action, they are men that are known by you, who have resided in your midst for many years—and I just want to say in conclusion that it doesn't make any difference to me whether we have two or five commissioners, whatever your will is will be abided.

I thank you.

If I have mis-quoted the gentlemen in any of these speeches it has not been intentional, but due to misunderstanding—I have reported them according to the best of my ability. Angels could do no more.

Jessie Kieman.

The Sanford Herald

Published every afternoon except Sunday at Sanford, Florida 111 Magnolia Avenue.

Entered as Second Class Matter, October 27, 1918, at the Postoffice at Sanford, Florida, under Act of Congress of March 3, 1879.

WILLIAM L. DEAN, EDITOR; H. HOWARD BERG, MANAGER; RALPH E. JONES, Managing Editor

SUBSCRIPTION RATES: One Year \$7.00, Six Months \$4.00, Three Months \$2.00, Single Copies 10c

The Herald, Sanford's pioneer newspaper, subscribes to the International News Service, receiving from this superior news organization twenty thousand words daily covering all the leading events of the world.

The Herald is a member of the Audit Bureau of Circulations, of the International Association of Publishers, Advertisers and Advertising Agents which require each publisher-member to submit to a thorough audit of circulation figures in order to verify absolutely all claims of circulation as well as to insure business well.

MONDAY AUGUST 8, 1927.

- THE HERALD'S PROGRAM: Economy in city and county administration, deeper water routes to Jacksonville, construction of St. Johns River (cont), inauguration of monthly "Pay-Per-Week", acquisition of building program—houses, hotels, apartment houses, a community chest, completion of city beautification program, a new and modern hospital.

BIBLE VERSE FOR TODAY

OUR CONCESSION:—God is our God forever and ever: he will be our guide even unto death. Psalm 48:14.

PRAYER:—O God, merciful and mighty, Thou art God alone and we trust in Thee.

THE SCHOLAR

My eyes are tired reading yellow pages. My hands are weary writing on and on. Why should I live again the Middle Ages, spend youth with people who...

Can you beat it? Kissimmee, too, is embroiled. They are having an election there tomorrow to keep live stock from running at large.

Bendle, the man who fired the shot, was given life while Dr. Dreher and Mrs. Le Boeuf, the plotters in the case, will be executed.

A cat has nine lives, but a pedestrian only one. Watch your step!—Tampa Times. Do human cats have nine lives too? If so, maybe that's the reason they don't have to watch their step.

Lowden, Hoover and Dawes seemed to hold the center of the limelight of Republican presidential possibilities. But none of them could beat a good Democrat if a good Democrat is run.

Leonard Wood, the man fortune forgot to smile upon, is dead. He was like the dog who never had his day. He led a regiment to Cuba during the Spanish-American War. That regiment was the "Rough Riders," the fame of which put "Teddy" Roosevelt, Wood's assistant, in the White House.

Harry Neel is still getting out the Kissimmee Gazette which seems to be as good a paper as ever.—Sanford Herald. The above is from the pen of our good friend Desr, or Berg, or Jones, or the red-headed stenographer of The Sanford Herald and we appreciate it. But why didn't the writer imitate Bob Holly and elongate—that is, prevaricate a mite—on the subject and tell the cock-eyed world The Gazette is absolutely the best (and only) newspaper printed in Kissimmee and that the gens of wit, by and hot air that flow from our fluent pen deserve a prominent position in the New York World or Sanford Herald. When you tell one, tell a good one. We are modestly aware of the fact that we are positively the most artistic writer in Florida with a number of shears or paste pot. Next time you fellows on The Herald have anything nice to say of The Gazette string it out—give particulars—it will help fill up your bloomin' old sheet anyway.—Kissimmee Gazette.

Sanford Will Not Falter

It is inevitable that there should come a time in the course of events in the life of every city when something happens which casts a shadow over the glowing splendor of the city's prosperity and upon the joy and happiness of the people who call that place their home.

The Herald is not wont upon such an occasion to refer to the past. Mistakes that were made have been made and no amount of post mortems can un-make them. We do not wish to lay the blame for whatever the present may be at the feet of any one man, or any group of men.

At a time like this, rumors spread with more than ordinary speed. In every community there are certain mongrels, known as rumor-mongers, who take particular delight in dropping a lie here or a lie there, where it will be taken for a fact and started on its way of dangerous circulation.

The thing for us to do now is to work harder than ever. Sanford's little Ship of State will reach the shore of safety if we all strain at the oars a little harder, a little longer than we did before.

Have we lost faith in Sanford? Has anyone? We are speaking for a solid mass of citizenry when we say that the Sanford spirit will prevail and that this City, going steadily forward, will immediately rise above any little difficulties that may fall in its path.

The Popular Prince

The Prince of Wales who is now in Canada to attend the Diamond Jubilee in Ottawa is making a mighty favorable impression upon his trans-Atlantic cousins.

We are sometimes moved to wonder why this fellow who has never done a lick of what most of us call work in his whole life, should nevertheless, make such a favorable impression. He spends most of his time doing those things which Americans have come to regard not only as assinine but also effeminate.

But withal he is very much of a sportsman. He rides to hounds with the mightiest horsemen of Europe; he takes his own horses over the jumps in the most difficult, steep-chases in England; and he plays polo with a reckless daring that makes him the pride of English turfmen.

But these things alone cannot account for the whole-hearted, enthusiastic receptions he is accorded wherever he goes. We wonder if it is not more because no matter where he is, he is one of the crowd. He has that pleasing faculty of "rouming around like a Roman, when he is in Rome."

If it is the English navy which is to be brought before him, he is an admiral of the line. If the Royal Black Hussars are on parade the Prince stands before them as a honorary colonel with his own head weighed down with at least a ton of black canopy.

The people like this in him. They feel that he is one of them.

AN EDITORIAL BY DR. ASHBY JONES

COLUMBUS ENGINEER-SUN

As we face the task of mobilizing the mind and resources of this nation, not for the purpose of war, but for the purpose of peace, I dare insist that the success or failure of our enterprise will depend upon the nature of the appeal which we make to the people.

It must be an appeal to that same self-sacrificing, adventurous spirit which challenged this nation to supreme accomplishment in 1917-18. If we call to their sense of safety, their desire for security; if we appeal to their fears; if we strive to win them by approaching them from the standpoint of their self-interests, we shall fail, and we ought to fail.

WHAT IS THE PETTING LAW?

LESSBURG COMMERCIAL

Penacola is about to furnish an interesting legal study. Ordinarily this would receive the attention of those who are practicing attorneys or other people who have an academic interest in obscure legal matters.

In an attempt to stop petting parties, arrests of several couples were made one night recently in a park section of Pensacola. Several couples paid their fines of \$15 each and went their way to forget it as an unpleasant incident.

Lot, however, with one couple. They were made of sterner stuff. They pleaded not guilty to whatever charge it was and secured a lawyer to defend them. It was no use. The court had its own ideas and failed to answer the lawyer's

As Brisbane Sees It

Awaiting a Cyclone. Sauces and Religious. The Cow's Stomach. Slight Misunderstanding. By ARTHUR BRISBANE. Copyright 1927 by Star Co.

MR. OVERLY, OF Kansas City, has been expecting a cyclone for the last 10 years, and still expects it, although it hasn't come. He now builds himself a "cyclone proof" room with walls of iron, connected with a "cyclone cellar," also of thick reinforced concrete.

MILLIONS OF ASIATICS and other believers in "kismet" will tell Mr. Overly that if a cyclone is to get him it will get him, no matter what he does, and will tell of the ancient, warned that he would be killed by a falling house. He then spent his days in the open air to defy the prophecy.

THIS WRITER CAN testify that when cyclones did come in Kansas City they were efficient. One, a funnel-shaped yellow cloud came down the Missouri River, climbed the bank just above the old Coates house, and went across the city, cutting houses in two as though they had been cut by a gigantic knife.

ONE OF THE Beautiful young Chouteau girl, of St. Louis, in Kansas City at the time, followed the cyclone in a two horse hack to see what it would do. It did almost everything.

Voltaire, who visited England, described that land as having one nature and many religions. He preferred France with one religion and many sauces. Things have changed little. An English woman, sister of Lord Ashbourne, born a protestant, grand daughter of an Orangean, changed her faith and shot the Italian ruler, Mussolini, in a religious frenzy.

ONE ENGLISH FAMILY connected with the Standeys and the Russells includes Bertrand Russell and to be the ablest living mathematician, an ultra radical believing in a divorce. Another Protestant member of the family became converted to the Jewish religion. Another is a Mohammedan by conversion and still another, it is said, is a Monsieur in Rome.

THIS NEWS WILL not sell extra papers like a Dempsey-Sharkey fight, but will be important long after Dempsey and Sharkey cease to be important. Pennsylvania state college has discovered that the vitamin B, so important to life, is manufactured by the cow in her stomach in great quantities.

SCIENTISTS CUT A little door into the "rumen" or second stomach of the cow, and deprived her of all food containing vitamin B, nevertheless, in a little incubator in that second stomach the cow produced the previous vitamin B in profusion.

That may mean to child life as much as the admirable fight against injury milk made by Nathan Straus.

THIS COUNTRY, AS everybody knows has more miles of railroad track than any other country in the world. Something that ought to make railroad managers and their stock holders think is the fact that "Seamon carrier" motor omnibuses have more miles of bus routes than railroads have of rail lines.

Two hundred and seventy thousand miles for the buses, 257,000 miles for the railroads. When airplanes begin competing with the railroads and buses the situation will be more complicated.

CHILDREN IN THE schools now will tell their children: "I remember when my father used to travel long distances in the railroad train. When he went to California he had to sleep four nights on the train."

A DEAR LITTLE moving picture star interpreting Hawthorne's "Scarlet Letter" appears on the billboards with a downcast eye and a large red "A" on her chest.

RUSSIA, LIKE ALL countries in revolution, would fight with enthusiasm, and probably fight victoriously. Europe has not forgotten what armies of the French revolution did for her sleepy kings.

His wife fired at him with an old-fashioned revolver, a Chicago man testified in a divorce action. How romantic!

A man in Washington caught a white robin with pink eyes. It had a pink elephant that would have been news.

Waiting

A SOCIAL DISORDER

ORLANDO REPORTER-STAR

Concident with the front-page news story of the trial and acquittal of the fourth defendant in the Orlando flogging case, came the story of four men being arrested at Clearwater for a similar flogging. Not good publicity for this enlightened age.

Thoughtful men and women can not fail to see a dangerous trend in this frequency of floggings. There certainly must be some disordered condition of society when such things happen. And some effective remedy must be found for it.

There are, to be sure, two sides to this serious problem. Sometimes members of society ignore the rules of decency to an extent that provoke the wrath of others to a point where they, too, lose their sense of responsibility and go out and commit a crime against society.

Maybe the president is trying to worm his way into the heart of the west.

Princess Carol, exiled in Prussia, proclaims himself king of Rumania. That boy must be a regular Jack Sharkey when it comes to asserting himself.

Mr. and Mrs. Charles T. Fuller left Sunday after noon in their car for Myrtle Beach, S. C., where they will spend the summer. They will go from there to Atlanta, Ga., where they will make their home.

LITTLE SPITFIRE WINS
SOUTHAMPTON, Eng., Aug. 8. (INS)—The American challenger "Little Spitfire" today won the second heat in the race for the Duke of New York's motor-boat trophy, with an average speed of 38.8 knots. The "Little Spitfire" now has eight points at the nearest British contender has but four points. The final heats will be held tomorrow with the American boat an almost certain winner.

FARM SITUATION DECLARED TO BE BEST IN 4 YEARS

Acting Secretary of Agriculture Says Last Year Was One of Disappointment But That This Year Is Better

NEW YORK, Aug. 8.—(INS)—By International News Service.—That the agricultural situation throughout the country and the individual farmer is in a sounder financial position today than at any time in the last four years, was asserted by acting Secretary of Agriculture H. W. Dunlap before a large gathering of New York business men at the Banker's club, held under the auspices of The National Farm School.

"If I were to sum up the agricultural situation," declared Secretary Dunlap, "I believe it would be correct to say that just as last year was one of disappointment, so this year is again one of improvement."

This condition, according to the acting Secretary, holds true of all the staple crops, and he added: "This is one opportunity of a lifetime to buy land. It is the time for young men to be preparing for farming. Ten years hence will find us talking of a genuinely flourishing, efficient, and profitable agriculture."

Harvest Big Crops
The South is forging ahead strongly again this summer. The price of cotton has risen during the last three months in a way to amaze everyone. The price of corn was down last year but now it is up. The whole spring wheat belt is rejoicing this year at prospects of a real crop. Some of the important wheat areas like Nebraska and the Pacific Northwest are harvesting one of the best crops in history.

"The sheep industry has been riding a tide of prosperity and steadily expanding for five years, although caution is urged to further expansion is suggested. The cattle industry is on the up-grade, cattlemen are restocking, and the outlook is for four of five years of increasing prosperity for them."

WOMAN LEADERS OF ASHLEY GANG TAKES OWN LIFE
(Continued From Page One)
some of the darddevil escapades of the gang and which claimed the lives of several people. Yet, although having been confined in jail several times on various charges, not once had she been convicted of a serious crime.

LOOK FOR MURDERER
CHARLOTTEVILLE, Va., Aug. 8.—(INS)—Bloodhounds were used by county officers today in seeking the murderer of James Allen, 60, a storekeeper, who was shot and killed apparently after he had robbed his store.

Mississippi Farmers Are Faced With Real Problems Of Failure

Secretary Hoover vacationing in California, maintains daily contact with the reconstruction task, and plans to visit the flooded states again early in September in the hope that by that time the last of the emergency relief camps may be closed and entire resources of the field workers devoted to the rehabilitation program.

Red Cross activities in the flood called in \$10,500,000 in contributions, more than \$14,000,000 of which has already been spent. Continuing on the present scale, the flood relief organizations will have expended the entire fund before mid-September, officials estimate.

Department of Agriculture surveys of crop losses indicate that replanting in large areas of southern Arkansas and Mississippi will be delayed until as late as October, but a majority of the farmers have been supplied with seed for food crops to tide them over next to next year's money crop.

THE PLIGHT OF THOUSANDS OF THE returning flood victims, according to Red Cross surveys, is that of utter destitution. Penniless and weary after weeks or even months in a tented camp, they return to their homes to find their barns and covered with six to ten inches of sand deposit, which makes plowing for the new crop a task of opening a virgin country.

The little Drummer of Bergerac

EVERY morning he parades the streets, rat-tat-tatting the gossip of the day.

He announces municipal orders, and auction sales; tells whose cow is astray, or child is lost, and what motion picture will be shown on the open air screen before the cafe on the Place D'Armes.

That's the way they get the news in Bergerac.

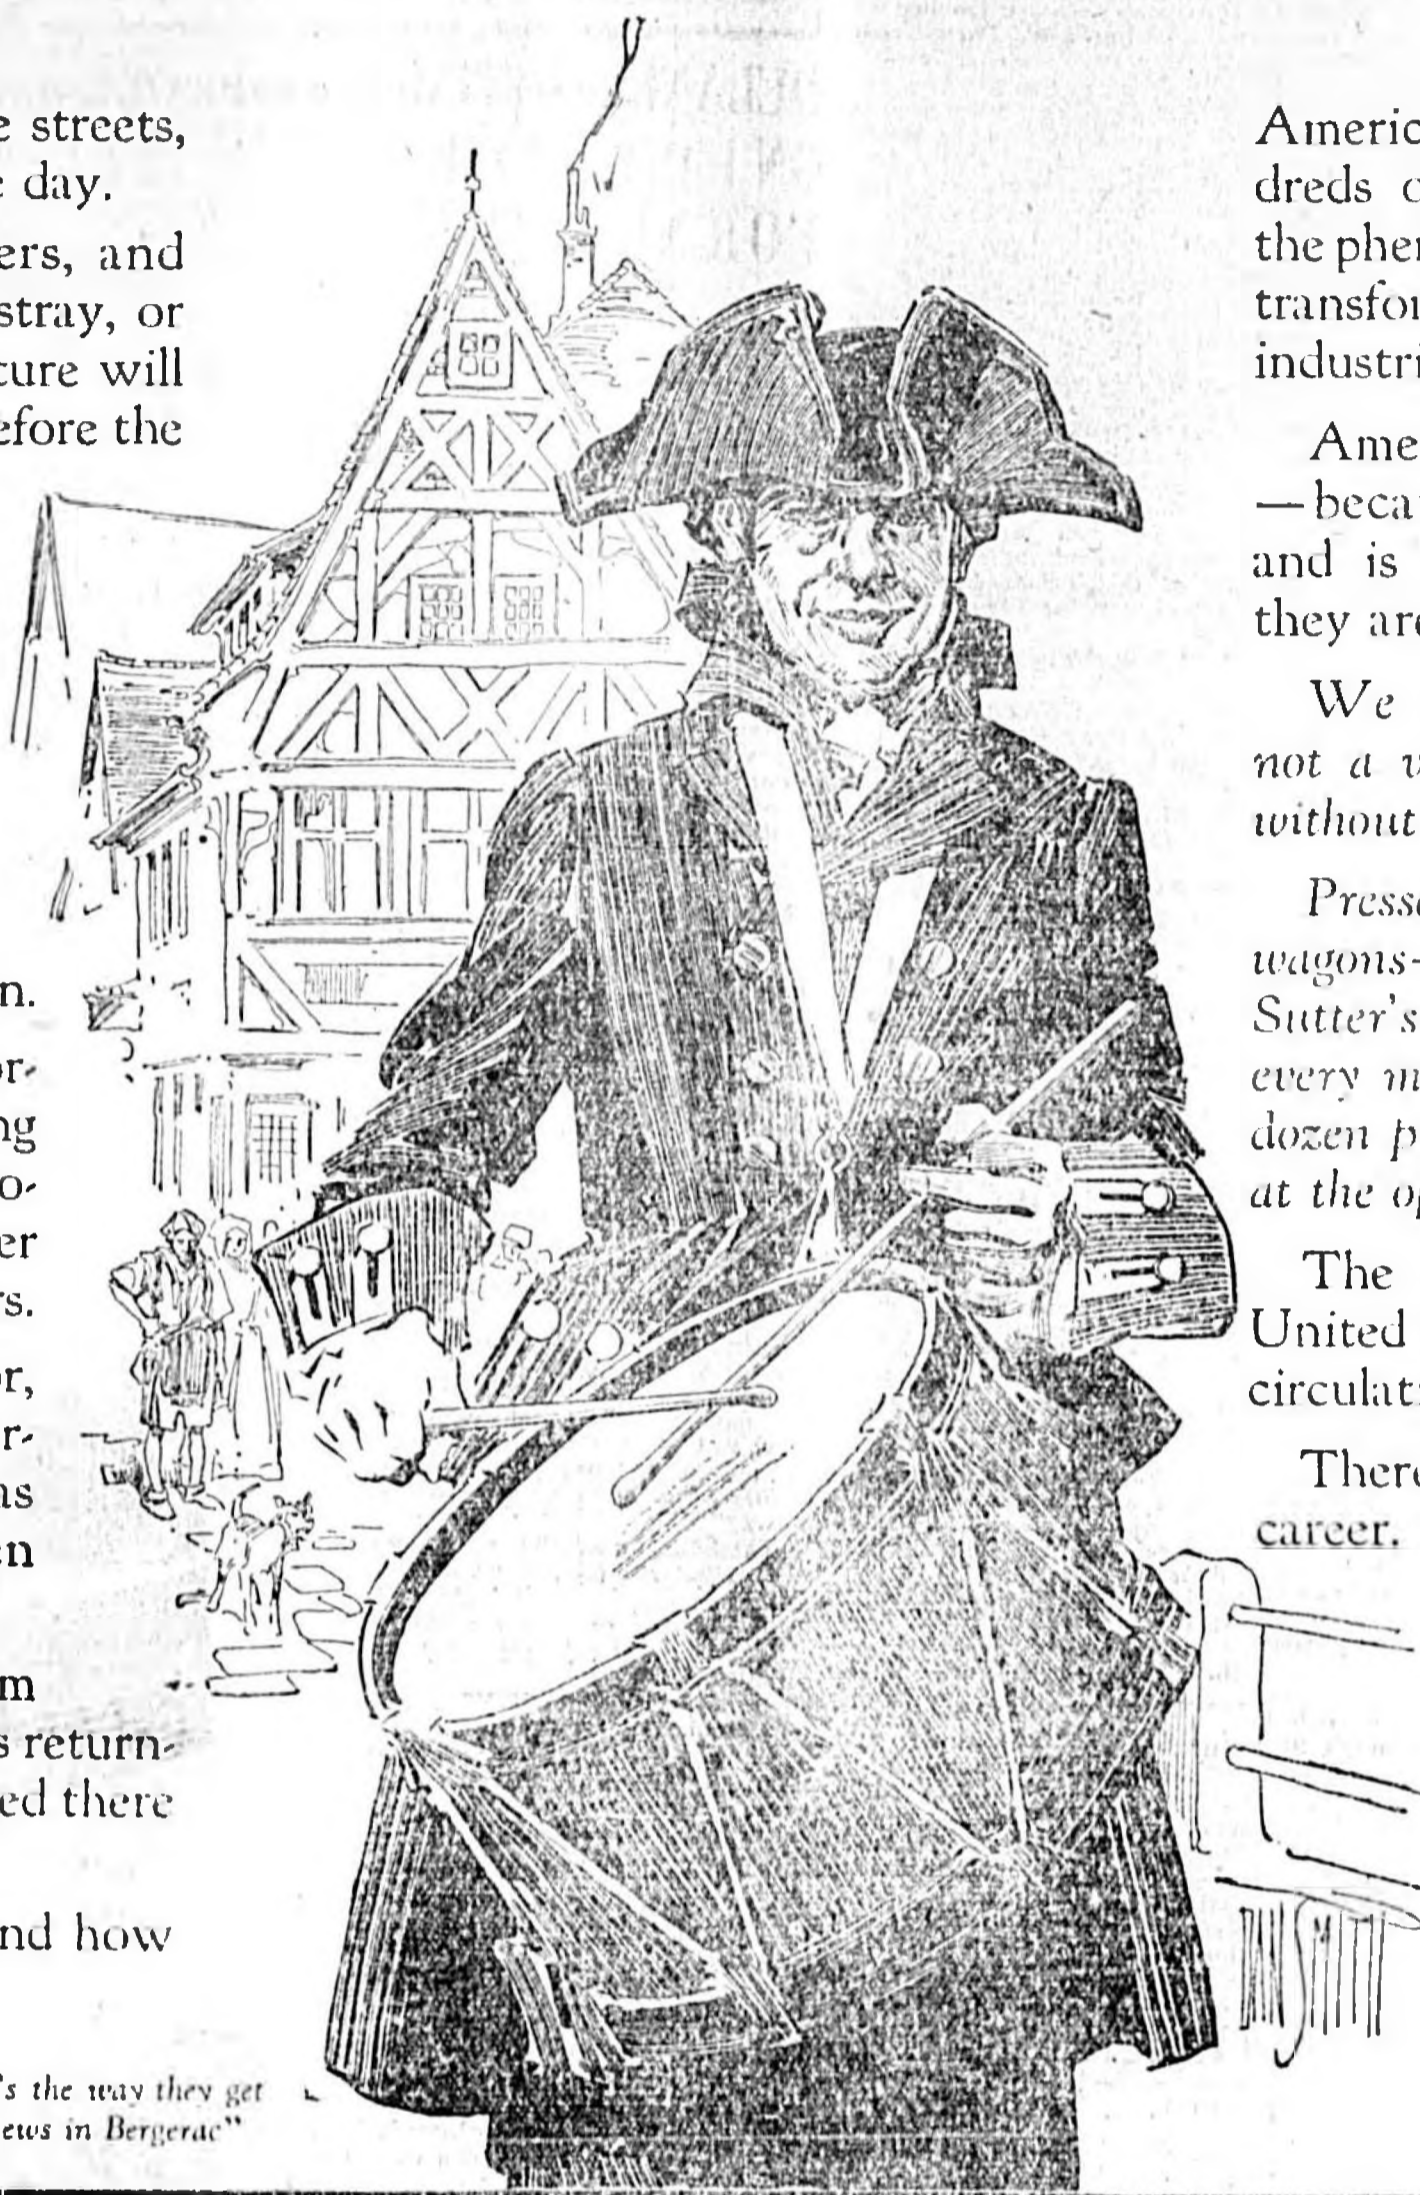

And that's why Bergerac STILL thinks in the mental ruts of mid-history and walks cobbled pavements laid when Black Prince Edward was sovereign in the land, and pence and pound, French coin.

Bergerac squats beside the Dordogne, among foaming eddies aching to drive turbines for mills and factories but left to sport with the monster salmon that leap its rolling waters.

The shoemaker sits before his door, cobbling hand-made boots; the carpenter adzes beams and furniture as his fathers wrought for a dozen centuries.

Bergerac was old when William the Norman raped a crown, and his returning ghost would find much unchanged there since that day.

Half of Europe cannot understand how

"That's the way they get the news in Bergerac"

America is so affluent and resourceful. Hundreds of millions yonder are mystified by the phenomenon of a wilderness so suddenly transformed into the richest and the highest industrialized state on earth.

America is great because America THINKS —because America searches possibility and is forever dissatisfied with things as they are.

We are a news-reading people. There's not a village between Atlantic and Pacific without its little sheet.*

Presses crossed the continent in covered wagons—were at each gold rush—arrived at Sutter's Creek with the first prospectors—every mining camp had its journal—and a dozen printing outfits dashed across the line at the opening-up of Oklahoma.

The combined daily editions of these United States many times exceed the total circulation of ALL other countries.

There's the secret of America's successful career.

We learn facts first and make them common and simultaneous property.

The Constitution declared for an equalization of opportunity, but it took the newspaper to guarantee it.

International News Service, reaching the most readers of any evening news-gathering service, is a primary social and business force in America

MILLIONS of men and thousands of concerns rely upon I. N. S. news—base their calculations and map their plans upon I. N. S. thoroughness and accuracy.

The leading evening papers—the biggest in New England, in New York, in Chicago and in Los Angeles—the widest-read and influential dailies everywhere, exclusively rely on I. N. S. for foreign and unlocal news. I. N. S. has never betrayed their trust or violated their faith by furnishing canards, or permitting misrepresenta-

tation, propaganda or rumor admission to its wires.

I. N. S. is a purely American service, with no alien alliances and none but its own correspondents. Its representatives are the picked men of newsmen, the highest paid and the most expert reporters in all fields.

—But their paramount ability is RELIABILITY—their dispatches are cross-checked and verified before transmission, and every story carries within itself the authority for any important statement, and the source of the information. International News Service tells both sides and the insides besides. It furnishes SAFE news.

THIS IS AN I. N. S. NEWSPAPER

Tagging All Bases

By International News
 Although rival contenders and baseball observers have been predicting for some time that the Chicago Cubs are due to crack, the Braves refused to be experted out of the National League pennant race. Their two victories over the week-end stretched their winning streak to eight straight games, and they are now 3-1-2 games in front of the Pirates, who were idle yesterday.

Tagging All Bases

The Cubs have lost to Brooklyn only once all the season. They spotted the Robins to a four-run lead yesterday and then tossed them out in the eleventh, 4 to 5.

A three-run rally in the eighth featured by Holm's homer, enabled the Cardinals to down the Braves, 6 to 4, and advance to within two games of Pittsburgh.

The Reds ran wild and took both twins of a twin bill from the Philadelphia, 6 to 1, and 2 to 1. Jake May and Red Lucas held the Phils helpless.

In the World of Sports

DELANEY PUTTING ON LAST TOUCHES FOR NEXT FIGHT

Bridgeport Boxer Will Risk No Predictions As To The Outcome Of His Impending Battle With Italian Boxer

DELANEY TRAINING CAMP, LAUDON, N. H. Aug. 8.—(BSS) —A solitude that has been denied Jack Delaney for two weeks settled down over this camp today with the departure of Pete Reilly and Izzy Kaplan for New York. For the last two days here Jack can rest and meditate without being disturbed by strident voice except that of trainer Doc Casey and the doctor for seldom comes near him except when it's time to tie on the boxing gloves.

Reilly put his tricks back in the bag and Izzy packed up his camera after Delaney boxed a few rounds for the edification of a throng of Sunday visitors. The hot matches, the explosive cigars, the smearing powder, the cold deck of cards and the stime delays were puledked against a return of Reilly with more customers and Pete moved down to New York by motor.

Delaney, who has less to say than anybody around his own place, chuckled when he saw Reilly flying to his car. Jack's manager spruned an ankle Saturday night on a same hunt in the woods. "I know Pete would get it sooner or later chasing around the woods at night," chuckled Delaney. "He hasn't missed a night running his right-losing expedition to the swamps and losing the customers. He missed a jump last night and now look at him. Guess we'll have to put an elevator in my corner Thursday night to get Pete up and down."

That's about as near as Delaney will come to talking fight. Boxing never seems to be on his mind except when he puts on the gloves. You hear little conversation about "fisticuffs" around this camp and there are several professional boxers around.

"I dunno," says Delaney when you ask him about his opponent next Thursday night, "guess he's a tough guy, Pete'll tell you."

Delaney boxes here today for the last time. He will drive down to New York by easy stages, starting early tomorrow morning. Two nabs from Bridgeport, Gene Gello and Owen Curley, who have been with him here this summer will accompany him first to Holyoke and Bridgeport and then to New York. He probably will loosen up at the Garden Gymnasium Wednesday afternoon and then all the boys can get a peak at him. Mrs. Delaney,

Granger
ROUGH CUT
PIPE TOBACCO

No bulky, costly tin. Specially packed in heavy foil, hence 10¢

Strictly

a "one purpose" tobacco for pipes and nothing else

TOBACCOS which are made both for rolling cigarettes and for pipes are cut fine . . . you might say they are fine for cigarettes but too fine for pipes. For the finer the cut, the faster (and hotter) it burns.

Granger Tobacco, cut for pipes only, and mellowed by an old-time tobacco secret . . .

burns more slowly lasts longer and smokes cooler

A WORD ABOUT LEADING YOUR PIPE: Instead of putting Granger in as you would a granulated cut, put in a third of a pipeful, press it down firmly, then another third; then heaping full. Light it around the edges as well as in the middle . . . and you're all set for a long, cool smoke . . .

GRANGER ROUGH CUT IS MADE BY THE LIGHT & MYERS TOBACCO CO.

BY TAYLOR

COME UP TO MY ROOM—I CAN GIVE YOU THE DETAILS IN A NUT-SHELL—I AM A MAN OF FEW WORDS AND MANY DEEDS

I'M FOR IT—CAPT. ERICSON—THIS IS AN OPPORTUNITY I CAN'T PASS UP!
