NEW YORK, Jan. 17.—(INS)—A bomb was exploded today near the front door of the Italian Consul General's office at 20 East Twenty-second Street.

WATSON FIGHTS UPON NORRIS IN COURT

Connor, Former Detective, Tells Of Hearing Threat Of Killing Lumberman
Reputation When Drunk
Testimony Is Expected To Substantiate Story Of Nutt

COURT ROOM, AUSTIN, Jan. 17.—Details of alleged threats made against J. Frank Norris, pastor of the Fort Worth First Baptist Church, by D. E. Chipp, a health lumberman, were recalled in Rev. Norris' murder trial at district court here today.

Harry Connor, former Fort Worth detective, went on the stand today and told of hearing Chipp say that Chipp was going to kill Norris.

Something about the case testified, "I asked what afraid of getting with Norris and he was going to kill him."

Connor testified he knew Chipp was a health lumberman and that Chipp was a health lumberman.

NEW YORK, Jan. 17.—(INS)—The funeral of Mrs. E. G. Andler, retired editor of the New York Herald Tribune, was held today in Fern Hill cemetery.

Attitude Of State Officials Changes

Mexican Row May Be More Easily Settled Now, Capital Think

BY GEORGE R. HOLMES
Special Staff Correspondent
WASHINGTON, Jan. 17.—The extreme tension which has marked the Mexican situation since American warships and marines were concentrated in Caribbean waters appeared lessening today.

Both in Washington and in Latin-American circles, backed movements are expected to find a solution of the Mexican situation.

President Of Costa Rica Begins Active Mediatory Efforts Encouraged By U. S.

Attitude Of State Officials Changes
Mexican Row May Be More Easily Settled Now, Capital Think

BY GEORGE R. HOLMES
Special Staff Correspondent
WASHINGTON, Jan. 17.—The extreme tension which has marked the Mexican situation since American warships and marines were concentrated in Caribbean waters appeared lessening today.

Both in Washington and in Latin-American circles, backed movements are expected to find a solution of the Mexican situation.

Considerable pressure is being brought to bear upon President Huerta of America to military matters.

Once the Nicaraguan situation settled, observers here believe the controversy with Mexico could be brought to a close.

The attitude of the state department has undergone a marked change. One reflection of this was the secretary of state Kellogg's visit to the home of Senator Borah Sunday afternoon for a long conference.

"Big Navy" Head Win A Preliminary Victory In Senate

WASHINGTON, Jan. 17.—(INS)—The "Big Navy" advocates won a preliminary victory this afternoon when the senate appropriation committee restored authorization of three new fast cruisers to the bill.

The personal of the navy was to be increased from \$2,500 to \$4,000. Another increase would permit the navy to purchase 10,000 tons of naval aviation reserve to maintain four passenger stations.

A Kansas man lost control of his automobile because a motor car was up his leg. Perhaps the motor thought the car was an old leg.

More Developments in Cobb-Speaker Fight Expected In Ball World Today

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Jan. 14. (INS)—There was a vague yet conscious promise today of possible developments in the scandal of Cobb and Speaker versus organized or disorganized baseball. Some undercurrent of activity in the Cobb-Speaker matter is edging around Judge Landis' headquarters in Chicago but the official policy seems to call for neither admission or denial.

The judge, usually frank with newspapermen, was evasive when asked whether he would receive Cobb and Speaker in the event that they attempted to reopen their case.

"I have reasons of my own for not saying what course I would take in that event," was his reply. "Just say that anybody can see my time."

That Cobb and Speaker, having added their time while awaiting the Elsbys verdict, have been in communication with Landis, either personally or through their attorneys, seems to be pretty well understood. That the accused but neither Cobb nor Speaker will try to force Landis' hand appears to be equally probable.

They may take the Hiseberg verdict, with its refusal to accept the word of self-implicated "fixers," as having established a precedent and demand that Landis render a decision in their case. It was because

English Lord Hopes That His Horse Will Not Win Famous Race

LONDON, Jan. 6. (AP)—Lord Londonderry, who has but one entry in next year's derby, Bernadotte, while encouraging his trainer to bring the horse up to perfection, is in a way hoping he does not win.

To a peer, a great territorial landlord and one of the largest coal owners in the country, winning of the world's most famous race would mean an actual financial loss. According to custom all his tenants and the thousands of miners in his pits, and all the men connected with the stable would expect liberal bonuses as part of the celebration with such a noted event.

The derby stakes are of 100 sovereigns for each entry, with 3,000 sovereigns added. The breeder of the winner receives 500 sovereigns the owner of the second horse 400 sovereigns and the owner of the third 200 sovereigns, out of the stakes.

Legion Auxiliary Installs Officers

The auxiliary of the American Legion held its meeting Friday afternoon at the American Legion hall. At this time the new officers were installed, the installation being conducted by Mrs. C. H. Smith.

The following are the officers for the ensuing year: Mrs. George Knight, president; Mrs. W. T. Langley, vice-president; Mrs. S. M. Dighton, secretary; Mrs. R. H. Stevens, treasurer; Mrs. C. H. Smith, chaplain and historian; Miss Jeanette Laing, sergeant-at-arms.

4 Exhibition Games Arranged By Chicago

CHICAGO, Jan. 15. (AP)—Four exhibition games on the spring training trip were announced for the Chicago Americans today by Secretary Harry Grabmer. They are: April 6-7, Memphis Tenn; April 8, Louisville Ky.; and April 9, Toledo, O.

Ross Favorite To Win Swim Contest

NEW YORK, Jan. 15. (AP)—New York betting commissions today made Norman Ross of Chicago, a favorite in the Catalina Island marathon swim, rating his chances against the field and the tides at one to three.

Henry Sullivan, of Lowell, Mass., and Mrs. Milla Gade Corson, of New York, first mother to swim the English channel, were considered one to four choices, while Mrs. Lottie Schoemmel and Charles Cobb, of Boston, came next at one to five.

Based on his calculations on 32 strokes a minute, Martin Stern, manager of Clara Belle Harrett, estimated that it would require 267,000 strokes to negotiate the swim.

SPANISH VETERANS AND AUXILIARY INSTALL THEIR NEW OFFICERS

A joint installation of the officers of the Theodore Roosevelt Camp number three of Spanish War Veterans was conducted in the presence of about 100 and friends at the Community House, of Lake Mary on Thursday evening, with Judge James G. Sharon as installing officer.

The following officers of the Auxiliary took the oath of office in the usual impressive way: Mrs. Frank Evans, president; Mrs. Charles Lutz, vice-president; Mrs. Roy Schmidt, chaplain; Mrs. Lenore Johnson, guard; Mrs. E. Lagerquist, asst. guard; Mrs. C. Erickson, conductor; Mrs. A. King, asst. conductor; Mrs. Neva Haines, historian; Mrs. J. R. Lyles, patriotic instructor; Mrs. Mae Sheffer, secretary and treasurer.

At the conclusion of these ceremonies Mrs. Roy Schmidt, retiring president, was presented with a past president's pin, and words of appreciation for her efforts in behalf of the organization spoken by Mrs. Frank Evans, the newly installed president. The meeting was then turned over to the camp, and their officers installed were as follows: C. C. Priest, commander; Frank Evans, senior vice commander; E. Lagerquist, junior vice commander; Mrs. Mae Sheffer, adjutant and quartermaster; C. H. Lord, chaplain.

L. H. Walker, officer of the guard; A. King, officer of the day; A. Erickson, senior color sergeant; G. W. Rutherford, junior color sergeant; J. G. Sharon, trustee; Roy Schmidt, patriotic instructor.

Commander Priest presented the retiring commander, Judge Sharon, with past commander's pin. After addresses by Judge Sharon and Mrs. Schmidt, a delicious buffet luncheon consisting of chicken pilau, coffee and cake served by the ladies. The Lake Mary Orchestra furnished music for dancing until midnight, under the direction of Chester Saunders.

Boston Braves To Play 28 Exhibition Games Next Spring

BOSTON, Jan. 15. (AP)—The Boston Braves will play 28 pre-season exhibition games. The winter contest will be a game with Harvard in Boston April 11, on the eve of the formal opening of the National League schedule.

Members of the Braves will report at the spring training camp at St. Petersburg, Fla., on February 18, the rest of the squad following a week later. The pre-season games will begin on March 5, with a tilt with Washington at Tampa. Among the dates will be: March 8—Washington at St. Petersburg; 9—Cardinals at Avon Park; 10—Cleveland at St. Petersburg; 11—Cardinals at St. Petersburg; 12—Yankees at St. Petersburg; 14—Giant at Sarasota; 15—Athletics at St. Petersburg (double-header); 19—Yankees at St. Petersburg; 21—22—Athletics at Fort Myers; 23—24—Yankees at St. Petersburg; 25—St. Louis Browns at St. Petersburg.

On March 30 the Braves will begin their progress northward with a game at Jacksonville with Jacksonville.

Horses Trained By Tarterolo Winners

PARIS, Jan. 16 (AP)—Horses trained by Juan Tarterolo, of Argentina, during 1926 won 2,300,000 francs more than any other trainer on the French turf.

He has trained winners for such owners as the Aga Khan, Senors Roderigo and P. de Alagata Unzué, M. Simon Guttmann and M. J. A. Fernandez. He developed during the year, Biribi and Madrigal, who figured in most of the French classics.

Tarterolo has never yet won the grand prix de Biribi finished second last year—but with eight crack three year olds entered for the blue ribbon event of the French turf, he has great hopes of putting a winner across in June.

BILLY EVANS Says

Courage of Sweetster

For sheer courage, the palm must be passed to Jesse Sweetster in winning the British amateur the first time by any American-born golfer.

Sweetster played through the

entire tournament a very sick man. As a matter of fact, he almost ruined his health by his insistence on playing. He is still recuperating at Asheville, N. C., as a result.

Gene Tunney's defeat of Jack Dempsey was a terrific shock rather than a great thrill. I didn't think Tunney had a chance.

The remarkable golfing feat of Bobby Jones must not be overlooked when considering the big sport thrills of 1926. Jones was the outstanding golfer of the year. While Bill Tilden's defeat at tennis was a surprise, his play had

the possibility of such a happening.

Those Three Homers

When Grover Cleveland Alexander, after working a game of the 1926 series, with the bases filled, two out, and his team etc run behind, I suffered several attacks of goose flesh.

When Alexander proceeded to strike out Tony Lazzeri and save the game and the pennant for St. Louis, I was forced to loudly applaud and let out a couple of yells, although I hated to see Tony get down. It was a great feat for a fading veteran.

However, those three home runs that Babe Ruth hit in the 1926 series with the Cardinals constituted, to my way of thinking, the greatest thrill producer of the year.

I still can get a real kick out of the final drive that went into the center field bleachers. No one ever had hit a ball there before. I doubt if any one ever will again.

Lita Purviance Is Linked With Scandal Surrounding Lita Chaplin's Divorce Suit

SANFORD, Fla., Jan. 17.—(AP) Lita Purviance, formerly married to Charlie Chaplin, today was cast in the marital drama following the disclosure of the actress on the studio payroll.

It was reported that she had been investigated by the studio at \$250 a week for her alleged affair with Edward T. McMurry, Chaplin's uncle and her former lover for several years.

It was further reported that during the divorce proceedings she had been seen in the company of a man who was believed to be her lover.

It was also reported that she had been seen in the company of a man who was believed to be her lover.

pending the outcome of the divorce suit, have announced that they would interfere with the activities of technical crews of the studio which are tied up in divorce proceedings.

However, Mrs. Chaplin's attorneys said the investigation they will ask may include the employment status of other actors.

Detectives were sent by the receivers yesterday to guard Chaplin's palatial home in Beverly Hills, while other guards were stationed at the Chaplin studios in Hollywood. Servants in the actor's home were told that nothing could be removed from premises.

The receivers also obtained a court order directing United Artists Corporation, distributors for some of Chaplin's pictures and named as a defendant in Mrs. Chaplin's divorce action, to withhold all money due the comedian as well as any amounts due him in the future.

Notices preventing the withdrawal of funds or the contents of safety deposit boxes were served on all banks with which the actor and his associate are known to have transacted business.

In her divorce petition, Mrs. Chaplin accused the screen actor of having confessed intimacy with several motion picture women.

Handsome Home Of Henry Nickels

This two-story home containing 11 rooms was recently finished at a cost of \$35,000. The residence, one of the finest in Sanford, is located on Silver Lake. With furnishings and a three-car garage, the place represents an investment of approximately \$50,000, according to contractors.

Eleven-Room Residence Costing \$35,000 Erected Here For Henry Nickels

One of the finest residences to be erected in Sumner county during the past year is that of Henry Nickels on Silver Lake. The house, together with the garage, represents an investment of approximately \$35,000 and it stands on four acres of improved land.

A total of 11 rooms are included in the residence. Five bedrooms and bath are located on the second floor, while six rooms and bath are on the first floor. All of the rooms are large and the same scheme of decoration is carried through in all of them.

Over all the building dimensions are 34 by 50 feet. Of basic foundation, with hollow tile and stucco construction, the home is declared one of the most substantial structures ever erected here. In exposed places where wood is a part of the exterior of the building, natural cypress is used.

The walls of the interior are of plaster and finish and painted with a safety emulsion paint. The woodwork, floors and trim throughout the house are of figured gum in a natural finish.

One of the few hot air furnaces in this section of the state is to be used for heating purposes. This type of heating plant has been particularly recommended for Florida construction.

There are three large cedar closets. A three car garage adjacent to the residence. It is of cement block construction. In connection with the garage is the laundry.

A four room apartment is over the garage proper, with an additional pair of single bedrooms. V. C. Collier was the contractor for the construction of both house and garage.

BIRD BOOKS WILL BE PUBLISHED BY STATE MUSEUM

Four Volumes To Go To The Printers Soon To Include Entire Vertebrate Fauna That Is Found In Florida

GAINESVILLE, Fla., Jan. 17.—(AP) Director T. Van Hyning, of the Florida State Museum, has announced a large series of monographs to be published by the state museum. The first series will consist of four volumes covering the entire vertebrate fauna of the state. One volume will be devoted to the birds of Florida. This will be a royal octavo volume of about 650 pages, and colored plates of all the species. There are 410 species and subspecies in the state. This includes those that nest here and remain the year around, those that migrate here, and the "occasional visitors or stragglers."

For this bird book, Director Van Hyning, about twelve years ago, enlisted the services of A. H. Howell to prepare the text and compile the book. Mr. Howell is a member of the staff of the United States Biological Survey, of Washington, D. C. He has been making trips to Florida nearly every year since beginning the work of the bird survey of the state, and now has the work nearly ready for publication. This will be the first volume published. The colored plates will be by such well-known artists as Louis Agassiz Fuertes, Major Allen Brooks, E. H. Knapp, and others. Mr. Knapp, of Washington, D. C., is now engaged in painting the final plates.

This volume, when published will undoubtedly be the standard authority on the birds of Florida, and will represent the high class publications planned for the entire series. While Mr. Howell has been gathering data for the birds of Florida, he has also worked on the mammals of the state at the same time, and as soon as the bird book is finished, he will begin on the mammals. The check list of mammals is already completed and numbers 86 species and subspecies that belong to the state.

For the volume on the fishes of Florida, Director Van Hyning has secured the services of Dr. H. H. Bean, curator of the Division of Fishes of the United States National Museum, Washington, D. C. Dr. Bean has finished the check list of the fishes of the state and finds there are 601 species and subspecies belonging to the waters of

Florida. He is now writing the text for this publication, and the illustrations, which are principally colored plates, will be supplied by the United States Bureau of Fishes and the United States National Museum. The next volume published after the volume on birds will depend upon which is ready first, the mammals or fishes.

The fourth volume will be the reptile and batrachia of Florida. This includes the snakes, lizards, salamanders, alligators, crocodiles, turtles, toads and frogs, and concludes the vertebrate fauna of Florida. The check list of the reptiles is also now completed and numbers 132 species and subspecies of the state. This list has been prepared by Dr. Leonard Stejneger, curator of the Division of Reptiles of the United States National Museum, Washington, D. C., and Dr. Thomas Harshbarger, Boston, Mass. The text for this volume has not yet been written. It will probably be by Dr. Stejneger, his associate, and will be illustrated with the same high class colored plates as the other volumes of the set.

THIS IS IT!

- 30,000 used in New County Home
- 25,000 used in Whitney Warehouse 3rd & Poplar.

More Than 117 Millions Paid Into State Coffers From Taxation Last Year

TALLAHASSEE, Fla., Jan. 17.—(AP) A total of \$117,219,790 was paid into the state treasury from taxation for the free school fund for the various counties of Florida and books valued at \$15,000,000, according to figures released at the state department of public instruction.

Following are the figures giving the amount paid into the fund, and the value of the books received by those counties, as reported in the annual report of the department, made public in a short time.

Duval county paid in the largest amount of any of the counties. That county received books valued at \$1,200,000, or nearly \$12,000 less than the amount paid in.

Hillsborough county was second in amount paid in, which was \$7,000,000. Like Duval, Hillsborough did not find the value of its books exceeding the money contributed towards the free text book

Mrs. Cummer Heads State Federation Of Garden Groups

DAYTONA BEACH, Fla., Jan. 17. (INS)—Mrs. A. G. Cummer of Jacksonville heads the Florida Federation of Garden Clubs following her election at a meeting of the organization at Ormond Beach last night to the presidency to succeed Mrs. J. R. Ellsworth of Ormond Beach.

Other officers chosen were Mrs. P. H. Brown of Winter Park, first vice president; Mrs. Harold Dorn of Miami, third vice president; Mrs. D. E. Hughes of Miami, Miss Gerie Mergo of Jacksonville, corresponding secretary; Mrs. C. M. Weller of Daytona Beach, recording secretary.

The election of officers brought to a close a one-day business session of the Federation, attended by 150 women. Beautification work was stressed by the speakers.

Florida Power and Light Company to extend \$22,000 for electric extensions and improvement of service in 67 cities and communities of Florida.

INDIANTOWN — New school to be erected in this place.

DAYTONA BEACH — Building finished here during month of November, totaled \$27,710.

CRYSTAL — Work to complete new water works and sewer system in this city.

DAYTONA BEACH — Building finished here during month of November, totaled \$27,710.

VOTE FOR A MODERN MUNICIPAL HOSPITAL

SANFORD NEEDS IT!

All Cities need Modern Hospitals—humanity demands it—one of the greatest needs of Sanford today is a MODERN MUNICIPAL HOSPITAL—one that will be ample to take care of the needs of this fair city and to serve those in need. We repeat, SANFORD NEEDS A MODERN MUNICIPAL HOSPITAL.

Tuesday will find voters at the Polls to decide whether or not Sanford will get This Modern Hospital that is needed so much. Let Tuesday find you at the polls and voting for one of Sanford's greatest needs—A Modern Municipal Hospital.

The Herald has been accused of inconsistency in its policy of economy and at the same time of advocating a large bond issue in order to provide Sanford with a new and modern city hospital.

But how anyone can say that a necessity is an extravagance is beyond us. We believe that the city should guard its expenditures with utmost care, but we would not have it dispense with the police force or the fire department.

And the hospital is an absolute necessity. The present make-shift is entirely inadequate. Fully half the patients brought there are turned away because of lack of room and those fortunate enough to get in are hindered and perhaps kept from getting well simply because of the poor accommodations and the gasoliness of the equipment.

Many voters who go to the polls tomorrow who have never had much association with hospitals, may look at this proposition in an abstract sort of way, as if it would never have any direct influence upon them one way or the other.

Furthermost of the voters have mothers, fathers, brothers, sisters, wives, all of whom are susceptible to many varying forms of illnesses calling for hospital treatment.

No, it is not extravagant, even at a time like this, to vote an additional two hundred and fifty thousand dollars to construct a three hundred and fifty thousand hospital.

And if some dearest relative or closest friend should come to his death sometime because you, and others like you, do not see fit to spend the money for the proper caring for the sick, you would call that economy which didn't pay and you would be right.

Sanford citizens have determined to save their money, but not at the expense of life itself. Little good a bank account will do a man with the breath all out of him.

"Company" Manners, By All Means

Teach your children "Company" manners. If you are inclined to be genuine and sincere, you may resent such advice. You may argue that you will teach your children manners that will answer creditably for every occasion.

"Company" manners are the manners people adopt with strangers they deem important. Children are seen and not heard. Children do not ask for the third helping at table.

After "Company" goes, let the pillow fight come on, let the children talk a living streak, let the children properly present an impudent question, let the children express ideas even at the risk of slang and bad grammar.

Home manners, better still "home-folk" manners, are always all right when a house is ruled by love and adult good manners. If parents and all the grown-ups in a home say "if you please" and "thank you," the children learn to say them, too.

Teach the children that they can show their love for you by helping to uphold the reputation of the family. Teach them that it is a mark of intelligence to show their best "Company" manners when "Company" manners are "the thing."

Sincerity is more than brutal frankness. Sincerity goes deep into something much entangled with tact and propriety. The sincere person can have good manners to offer for every occasion and never once play the hypocrite or the fool.

Hospitable kindness, considerate politeness—these can be emphasized as a part of "Company" manners, too, along with the "Company" airs that are perfectly right for children to learn.

LET JUSTICE TAKE ITS COURSE

Governor John W. Martin has seen fit to delay the carrying out of the execution of a man convicted of a cold-blooded murder in Volusia county.

Whoever attacks Russia, or is attacked by her, will have hard work. Russian women are prolific, young Russians are powerful, and fight splendidly if they have enthusiastic leaders.

SOME LEFT, PRAISE BE

One of the exchanges asks: "Where has grandmother gone?"—explaining that it means the silver-haired, placid-faced dame, the guardian of the children, the sage adviser in household affairs.

Grandmother went to the country to make a political speech, hurrying back in time to attend a slank. She hasn't much time because she is going to Paris to see the sights and pick up some risqué jokes.

There are 12,000 new bills before Congress. That's only one of the things that the life cycle of the new bills has to go through.

As Brisbane Sees It

Who Made the Rays? Religious Civil War. One Billion, the Unit. No Chronometers, Please. By ARTHUR BRISBANE

IMPORTANT INFORMATION is shed on the mystery of life by the Millikan rays. Those mysterious rays, that permeate all the universe, have terrific power that can permeate six feet of lead.

SCIENCE IS OUR hope. But as knowledge increases the horizon of the unknown grows wider. Tests may show that Millikan rays account for the energy of living cells.

FIFTY-TWO MORE priests arrested in Mexico, and the Excelsior of Mexico City describes a reign of terror and wholesale executions, including the killing of five youths under 20 years of age.

IN THE SENATE yesterday, Mr. Hefflin, from Alabama, openly injected the religious issue into the United States-Mexican situation by accusing the Knights of Columbus and the Catholic church of stimulating and financing Mexican rebellion.

THE NEXT HIGH finance step in the railroad world will unite the Northern Pacific and the Great Northern railways, taking in probably the Chicago, Burlington and Quincy and Colorado and Southern railroads.

IF THE RAILROADS controlling property and farmers are to form one great combination, it ought to be like the postoffice, a government institution.

BARBERS ARE TOLD, wickily, that it would "add tone to their profession" if they would call themselves "chronometers" and give the vulgar "barber" "chronometer" barbers are told, comes from a fine Greek word their meaning "hand."

FOREIGNERS IN China have erected barricades to protect them against Chinese mobs. The best protection would be a ticket home.

WHOEVER ATTACKS Russia, or is attacked by her, will have hard work. Russian women are prolific, young Russians are powerful, and fight splendidly if they have enthusiastic leaders.

IT WAS NECESSARY to put up a price of speculation money in Wall street yesterday to buy rising prices, and make everything go along smoothly, that lamb might not become too much excited.

Members Of Woman's Club Will Visit City Schools Wednesday

The luncheon to be given by the Welfare Department of the Woman's Club Wednesday at 1 o'clock is open to members of the club of all other departments. Coffee will be prepared, and each one attending is asked to bring a few sandwiches or something of the kind as her contribution to the little spread.

As usual, matters of community interest will be discussed at the table, and afterwards, a tour will be made of the new schools, including the additions to the South Side Primary, the splendid new high school on French Avenue, and the new school for negro children in Goldsboro.

A great deal of money has been expended in recent years on school buildings and equipment, both inside the buildings and in the playgrounds and every mother of children should be interested in seeing these improvements.

Enjoyable Party Is Given For Children American Revolution

An unusually affair of Saturday afternoon was that given by Mrs. John Leonard when she entertained members of the Children of American Revolution at her home on Holly Avenue.

Red and green were the prevailing colors and were carried out with baskets of cut flowers in the varying shades of red, combined with ferns, and tall, red cathedral candles in green holders.

The children were delightfully entertained during the afternoon by a number of games, contests and making valentines. "Pinning on the Donkey's Tail" afforded much merriment. Artemesia Brooks won the first prize, a box of card cut outs, while the second prize, a game of "Puzzle Peg," went to Adelaide Key.

For finding the first valentine in the "Valentine Hunt," Georgena received a pink ostrich fan, Katherine Thigpen the second prize, it being a Fun-Saving Book. In the color contest the prizes, paper cutting scissors, were won by Adelaide Key, Georgena Hart and Virginia Melham.

Sarah Rossiter won a pair of scissors for finding the lost subject. At the conclusion of games and contests, the hostess assisted by Mrs. Raymond Key and Mrs. George Davis, served ice cream and cake as refreshments.

The young guests included only members of the Captain Hedges, Erico Chapter, Children of the American Revolution.

High School Parent-Teacher Body Meets Wednesday Afternoon

All members of the Parent-Teacher Association of the high school and mothers who are not yet members, but who have children attending the high school are requested to attend the meeting of the association Wednesday afternoon at 2:30 o'clock in the auditorium of the new High School building on French Avenue.

As this is the first meeting of the organization in the new building quite a number of important matters will be brought before the meeting. One of special importance will be the inspection of plans for the new lunch room to be installed.

Acety Caraway returned home Monday morning from Orlando where he spent the week-end.

San Fletcher, who is in the produce business at Palmerton, spent the week-end here with his mother, Mrs. M. Fletcher.

Mrs. Joe Butler of Leesburg is visiting here as the guest of her sister, Mrs. Robert Maack, at her home on Palmerton Avenue.

Forrest Lake and H. C. Du Bose returned home Saturday evening from Jacksonville where they spent a short time on business.

Mr. and Mrs. A. W. Smith, Juanita Smith, Mrs. E. J. Taylor, Melvin Taylor, Charles and Margaret Hirt motored to De Leon Springs Sunday when they spent the day.

Dr. R. B. Keller of East Orange, N. J., who has been visiting his daughter, Mrs. E. E. Watson, left Monday morning for St. Petersburg where he will spend a short time.

Mrs. H. B. McCall, Jr. returned from Varnhollen, S. C., where she spent the week-end with her mother, Mrs. E. E. Watson.

Mrs. Prudence Allen and Miss Anna Smith are two attractive out-of-town guests spending the week-end with Miss Harriette Smooth.

Mr. and Mrs. Bruce Anderson, whose marriage was a recent event at Savannah, Ga., returned Friday night after their honeymoon spent in Atlanta and other points.

Mr. and Mrs. Anderson will be at home to their friends at the Hand Apartments on Park Avenue.

About 17,000 people were killed in accidents in homes last year. Half of those killed were mothers of families.

FIRST OF SERIES OF TEAS IS GIVEN BY SANFORD YACHT CLUB MEMBERS

The first of a series of informal teas to be given each Sunday afternoon from four to six o'clock for the members of the Sanford Yacht Club, was held Sunday afternoon with Mrs. William Moore Scott, Mrs. Robert A. Newman and Mrs. Samuel Puleston as hostesses. They were assisted by Commodore Edward G. Markell and Nelson Gray, chairman of entertainment.

Bowls of golden Calamondins were effectively placed about the rooms and the table was also centered with these bright blossoms. Presiding at the tea service was Mrs. Robert John Holly.

During the afternoon a lovely musical program was rendered which included a number of beautiful violin selections by Miss Eleanor Herring, accompanied by Mrs. H. R. Deas.

Announcement was made by Commodore Markell that these informal teas would be held each Sunday until further notice and that the hostesses for next Sunday will be Mrs. Ernest Householder,

Woman's Club Notes

No mention was made last week of the recent sectional meeting at Winter Park, because our own club news took up as much space as your press chairman feels she should ask for at one time.

An unusually good delegation went over to this meeting of the delegates from the counties of Orange, Osceola, Lake, Seminole and Sumter, each club having a brief report of activities to report, and the convention was handled excellently by Mrs. R. M. Shearer, the vice-president of Section Seven. She kept everything in order as to time, and nothing was allowed to drag or become tiresome.

The reports showed that the other clubs are doing much the same kind of work as is our own organization. Very especial attention is being paid to those magazines which pander to a depraved taste for the morbid and unclean, and there is a strong concerted movement against their dissemination.

Mrs. Tippetts, State Federation president, spoke briefly and pointed out certain legislation to come up this year, and Mrs. Blackman, General Federation chairman of Education, outlined the impending campaign against illiteracy. Dr. Bailey, of Rollins, spoke in a most effective way on mental hygiene, and left his hearers with a desire to know more of this practical science in the bringing up of children. Good music, and features of entertainment were provided by the college.

Our Literature department has been compelled to make certain changes in its plan for the big play to be given in February, and these will be given full publicity next week.

Much interest was shown in the Cecil Arden concert, and the Music department feels a justifiable pride in having brought to a Sanford audience an artist of such charm and ability. The club auditorium was not large enough for her voice to show its full scope, but her control, and her sense of fitness were remarkable. Her accompanist, Miss Nelson, was fine, and it was interesting to learn that he was studying at the same school in Paris with Miss Eleanor Herring last summer.

A good deal of curiosity is expressed as to the financial side of the concert. While financial gain was by no means the chief design in bringing Miss Arden here, the department would have been glad if it could at least have broken even. However, the deficit will be taken care of, and the members are proud to give back to Sanford in artistic opportunity the constant gracious support he community has always shown to the Woman's Club.

Attention is again called to the business meeting of the Music department which will be held on Tuesday at 8 o'clock, to be followed by the coming together of the singers of Sanford to discuss the formation of a community chorus, to which any resident may be eligible. Mrs. Leck would be gratified if some one would volunteer as accompanist, in case the chorus is organized.

The Welfare department will hold a box luncheon in the club house at 1 o'clock Wednesday afternoon. The program will be in charge of the Education committee, Mrs. G. F. McKay, Mrs. R. H. Deas and Mrs. Stella Arrington, and will be followed by a visit to the new High School.

Mrs. David L. Thrasher and Mrs. David Thasher and Mrs. Raymond Key.

Weekly card parties will also be given, and the scores counted each time, and at the end of the season the person holding the "highest scores," would be awarded a prize. The card party scheduled for this Friday has been postponed until the following Monday on account of the regatta at Mount Dora.

Members attending the tea Sunday were Mr. and Mrs. Forrest Lake, Mr. and Mrs. Edward J. Markell, Mr. and Mrs. Nelson Gray Dr. and Mrs. Samuel Puleston, Mr. and Mrs. Robert A. Newman, Mr. and Mrs. David L. Thrasher, Miss and Mrs. William Moore Scott, Mr. and Mrs. Raymond Key, Mr. and Mrs. Ernest Householder, Mr. and Mrs. W. J. Thigpen, Mr. and Mrs. E. O. Shimbler, Mr. and Mrs. Ralph Wright, Mr. and Mrs. R. R. Deas, Mrs. George G. Herring, Miss Eleanor Herring, Mr. and Mrs. S. R. Dighton, Mr. and Mrs. Weyman E. White, Mr. and Mrs. J. F. Hirthle, and Mr. and Mrs. A. K. Platt.

The garden circle meeting of Friday at Mrs. Carlett's had not a dull moment, as there was interesting business to discuss, and it is seldom that the privilege of hearing such a comprehensive paper as that of Mrs. Galloway on Russia, is given to amateurs. Mrs. Galloway had given a great deal of study to her subject, and handled it in an informative manner all the way through.

Fred Hall, at the invitation of the chairman spoke of fertilizers, going into the scientific side, and yet keeping his information practical, answering patiently all questions.

Miss Grace Gilton's friends are glad to know that she has recovered from a two weeks' illness.

Miss Julia Laine, who has been visiting in Orlando, has returned and is at home with her sister, Mrs. J. E. Laine.

Mr. and Mrs. Jim Dandley announce the birth of a daughter on Jan. 14th at their home on Park Avenue. The baby has been named Bernice.

Mr. Ralph A. Smith, manager of the Sanford Credit Association, left Friday night for Lakeland, where he will attend a meeting of the Associated Credit Bureau.

Miss Susan Beck and sister Miss Gertrude Beck left Saturday for their home in St. Petersburg.

Mrs. G. A. Hart of Statesboro, Ga., is spending the winter here, at her home on Park Avenue.

Russell Wilson of the J. P. Wilson Produce Co., of Philadelphia, Pa., will arrive in Sanford Monday evening for an indefinite stay on business.

Mr. and Mrs. W. H. Sharpe of Statesboro, Ga., are the guests of their niece, Mrs. L. P. Hagan on Park Avenue.

ARCADIA — Wash wears completion on \$150,000 new post office building.

Make This a Happy New Year. Be certain that the home and furniture is protected from fire and fire. See that this is attended to before it comes.

Your Vote will be Needed Tomorrow

Do Your Bit towards a--

Modern Municipal Hospital

Demonstrating by its onward rush of unprecedented growth that she is a real City, Sanford needs and demands things of a real City. One of our most pressing needs, if not our greatest, is that for a Modern Municipal Hospital—one that will adequately meet the City's demands. The present hospital is always overcrowded, forcing our physicians to serve humanity while under a handicap. The election tomorrow will determine whether or not Sanford shall have a Modern Hospital—we urge you to go to the Polls and do your bit for a Greater Sanford.

Go To The Polls Tuesday And Vote For A

MODERN MUNICIPAL HOSPITAL

Sanford Needs It !!!

SANFORD'S present Municipal hospital is wholly inadequate-it is pitifully small and always overcrowded-doctors are forced to work under handicaps-it does not in any measure serve the needs of a city like Sanford ---- Sanford needs a Modern Municipal Hospital.

As a Substantial Citizen of "The City Substantial"

We know you will be at the Polls to do your duty on Tuesday--you could not do more for Sanford, you could not better serve humanity than to vote for and help secure for Sanford a Modern Municipal Hospital.

TERMS TO SOME PEOPLE

COLDS THAT DEVELOP INTO PNEUMONIA
Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified essence that is pleasant to take. Creomulsion is a new medical discovery for persistent coughs and colds and other forms of throat troubles. Creomulsion not only cures, other health elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the essence goes to the stomach, is absorbed into the blood, attacks the seat of the trouble, and checks the growth of the germ.
Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, sinusitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu, being refilled if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
