## Miners and Operators Are Deadlocked---No Chance Under the Gov. Restraint

### Union Officials and Operators State MEANS LONG FIGHT

BOTH SIDES SEEM TO FEEL THAT SETTLEMENT IS UNCERTAIN

Chicago, Nov. 6, (By Associated Press) The dispute between the bituminous coal mine operators and the union miners continued to be deadlocked today with the leaders of both the operators and the miners agreed that the refusal of the Department of Justice to withdraw the injunction proceedings against the officers of the miners union had swept away all hope of any immediate settlement.

Refusal of the government to vacate the injunction means a long fight in the coal fields, while its withdrawal would have opened the way to settlement of the strike within 24 hours, according to Edgar Wallace, legislative representative of the United Mine Workers of America.

If the injunction were withdrawn scale committees of the operators and miners could get together within 24 hours and settle their differences at one sitting, Wallace said. The strike order, however, would not be called off until a new wage agreement was reached.

A miners' committee with power to accept the new agreement, could call off the strike without referring the question to a delegate convention, Wallace said.

President Lewis' statement that the miners would be willing to negotiate "without reservation," he said, "simply means that we would start with a clean slate, as to previous agreements, which the operators refused to do."

Confidential reports today to the department of justice said 50 per cent. more men worked in the coal mines of Colorado yesterday than the day before. A number of mines were said to be running full force.

## U. S. AMBASSADOR WILL BE CANDIDATE FOR THE PRESIDENCY OF MEXICO

BONILAS WIRES HOME FOLKS THAT HE WILL MAKE RACE

Mexico City, Nov. 4, (By Associated Press) Ignacio Bonillas, Mexican Ambassador to the United States will be a candidate for the presidency of Mexico in the election next year, according to a letter from Bonillas received replying to member of the Democratic party here.

## WOMEN THREW PEPPER IN EYES OF THE DEPUTIES AT THE STEEL MILLS

DEPUTIES APPEARED AT MILLS TODAY WEARING GOGGLES

Youngstown, Ohio, Nov. 4, (By Associated Press) Deputies appeared at the entrance to the steel plants today wearing goggles as a protection against a recurrence of the red pepper riots by the women which appeared on Tuesday and Wednesday when women strike sympathizers threw pepper in their faces. The women however failed to appear today.

## PEACE TREATY CARRIED TO THE WHITE HOUSE

SENATOR HITCHCOCK WILL GET HIS VIEWS ON DOCUMENT BEFORE PRESENTING

Washington, N. v. 6, (By Associated Press) President's views on the reservations of the Peace Treaty will be given

by Senator Hitchcock, the administration leader at the White House Conference soon. Hitchcock plans to lay the entire Treaty situation before the President and give his opinions as to what reservations are likely to receive the support of the majority of the senate. The President will say what reservations are acceptable to him and he has repeatedly said that no change in the treaty which would require its negotiation would be acceptable.

## VICE-ADMIRAL IS TO REPRESENT THE JAPANESE HERE

WILL VISIT ALLIED COUNTRIES WITH FRIENDLY GREETINGS

London, Nov. 6, (By Associated Press) Vice Admiral Kato, Japanese Minister of Navy, has arrived here at the head of an official mission which is to visit all of the principal Allied Countries, to convey the friendly greetings of Japan and congratulations on the winning of the war. The Japanese Admiral has been received by the First Lord of the Admiralty to whom he delivered the message from his country.

The mission will go to the Continent to visit France, Belgium and Italy. It will return home by way of America. In a statement published under his name, Admiral Kato says:

"My mission is to give all of the Allies the friendly greetings of Japan and congratulations on the winning of the war. But we are hoping to see something of what is being done by each country in the way of reconstruction after the war."

"The great problem for all of the nations now is to economize, and in Japan we would like to see a general agreement for disarmament."

"In my country there are no plans yet for a reduction of the navy or army. We are waiting to see what is done in that way by the other great powers. That seems to me to be the position of all of the nations. They are willing to disarm, but are waiting for a general agreement for that purpose."

"The Japanese people are fervently hoping for the success of the League of Nations, in which they see the prospect of the establishment of a permanent peace. All the nations have had enough of war, and the world must now give all its energies to securing lasting peace."

"This being so, I rather regret that the Allies are retiring from Russia before the complete pacification of the country has been obtained. While Russia is in such a disturbed state there is always the probability of another great war breaking out, and I would have been glad to see the Allies energetically take in hand the establishment of a sound, permanent government for that country."

"However Japan will loyally assist her friends in keeping the peace of the world, and will especially give her aid in this direction to her Ally, Great Britain."

"We have nearly settled our differences with China, and things in the far East are settling down rapidly."

## MUST LIVE WITH DAD

German Newly Weds Cannot Find Houses

Berlin, Nov. 5.—Berlin's Dwelling Bureau has notified newly-married persons that there are no houses or apartments available for them and has advised them to live with their parents or other relatives until the present dearth of dwelling has been overcome. The bureau also has advised lovers couples to postpone marriage until conditions improve.

The new consular officials and Entente Commission are meeting with difficulties in finding suitable quarters. The Hamburg senate has appropriated 2,500,000 marks to improve the situation in that city with respect to the shortage of homes.

## TEN MILLION POUNDS OF SUGAR COMING IN NOVEMBER

SUPPLY FOR SIXTY DAYS IS NOW EN ROUTE TO JACKSONVILLE TERRITORY FROM HAVANA, CUBA

Ten million pounds of the finest Cuban granulated sugar has just been bought in Cuba by jobbers of Jacksonville through the C. E. Smith and Company, brokerage firm of this city. This is one of the largest purchases of sugar ever made in the South, if not the largest. Nearly \$1,500,000 is involved in this single transaction.

This news was given out by the C. E. Smith and Company yesterday following consummation of the deal through the Havana office of the brokerage firm. The sugar will at once begin to move to Jacksonville from Havana by ferry, and will be transported by the Florida East Coast railroad in trains of sixty-four cars each. As there will be more than 200 cars this will make more than three trainloads of sugar to be given to this city and territory.

The jobbers of Jacksonville, co-operating with C. E. Smith and Company, have been working on this deal for several weeks, and only a few weeks ago succeeded in getting the government to issue import papers on the shipment through the port of Key West.

C. E. Smith and Company announce that every jobber in the city will receive a pro rata share of this sugar, no one jobber or wholesaler getting a lion's share. It will then be distributed to the retail trade.

But there is still danger of further shortage of sugar even when this sugar is distributed, for this is only a sixty day's supply, jobbers say. The prices at which this sugar will go on the market will also be a factor in the restraint of the amount used, for it will retail for about 20 cents per pound.

This is a greater price than has been paid in this city under war conditions, as the government controlled the price at that time.

C. W. Zaring of the wholesale firm of C. W. Zaring and Company is now in Havana with reference to his portion of this sugar, it is stated. But the distribution in Jacksonville will be on the pro rata basis Mr. Smith said, and all dealers will receive their portion of this sugar.

Mr. Smith also announced that his firm had a buying order of 15,000,000 pounds of Cuban refined sugar for Atlanta.—Times-Union.

## OHIO LOOKS FIND PLOT IN WET LATEST RETURNS SAY GERMANY OF THE SOVIETS

WET COUNTIES AND CITIES VOTE AGAINST STATE AND NATIONAL PROHIBITION

Columbus, Ohio, Nov. 6, (By Associated Press) Late returns today from Tuesday's election on prohibition measures seemed shattered in the prediction of Secretary of State Smith that the drys had carried four prohibition proposals voted upon by majorities ranging as high as seventy five thousand. Unofficial returns from fifty nine counties, including all the wet counties and centers and the big cities showed wet majorities on all four proposals and an unusually large wet majority against the ratification of national prohibition and the state prohibition enforcement act.

## The Woman's Club to Promote Carnival For White Way---Meeting Last Night

## RING ECLIPSE ON THE SUN IN NOVEMBER

WILL LOOK LIKE A RING OF FIRE AS IT COMES UP OVER THE HORIZON

The unusual phenomenon of an annular, or "ring" eclipse will be visible in the United States on the morning of November 22. The central path of the eclipse extends from the vicinity of Timbuktu, Africa, across the Atlantic ocean to a point near San Antonio, Tex. The natives of the African jungle will behold the sun going below the horizon as a great ring of fire while the inhabitants of the Texas plains will see his majesty, "Old Sol" come up above the sheets of morning mist in the same curious form.

When the moon passes directly across the face of the sun as seen from a position on the earth, an eclipse occurs. By a coincident the moon is very nearly the size of the sun as seen in our sky, though in reality it is only about one four-hundredth the diameter of the solar disk. The moon's distance is such that the planet ordinarily appears about as large as the sun, 93,000,000 miles away. But for this remarkable circumstance we would never see the sun sometimes completely hidden by the moon and at other times not quite screened by the opaque body of our satellite. Thus we can have either a total eclipse of the solar disc or an annular eclipse.

If the earth's atmosphere extended outward to the distance of the moon we could see the long conical shadow cast by the moon. When our ward satellite is at its near approach to the earth, its orbit being slightly eccentric, the tip of the shadow comes touches the ground and marks a narrow path of totality. The shadow may be large enough for the period of totality to last nearly seven minutes. Such was the duration of the total eclipse of May 29, this year.

But when the moon sweeps across the solar disc at a distance from the earth too great for the tip of its shadow to touch the surface, the phenomenon of an annular eclipse occurs. Sometimes both types of an eclipse may occur during the same event, the moon's distance varying enough in the course of its passage to change the character of the eclipse, the ring of fire either fading into blackness or growing out of it.

Mrs. Thigpen of Lakeland is the charming house guest of Mrs. C. J. Wolfe, for several days.

RADICALS WOULD OVER THROW PRESENT GOVERNMENT ESTABLISH SOVIET

Essen, Germany, Nov. 6, (By Associated Press) Investigations for Berlin newspapers claim they have discovered a plan for a Communist uprising for the purpose of deposing the present German Government and establishing a new one modelled after the Russian plan which would be associated with the present Russian soviet system.

Government Guarantees Return Washington, Nov. 5.—Temporary legislation continuing government guaranteed returns to the railroads of their return to private control January 1 until such time as congress can enact permanent legislation was decided upon

today by the senate interstate commerce commission.

Committee members said the President was determined to turn back the railroads next January and that as there was little likelihood of the enactment of the pending permanent railroad bill by that time, some temporary expedient would have to be adopted.

Chairman Cummins arranged today for conferences with Chairman Esch, of the house committee, Director General Hines and representatives of the railway executives to discuss the temporary legislation which, he said, probably would be presented next week.

## GOVERNMENT HAS REPRESENTATIVE ON THE SCENE

WILL USHER IN NEW DEVELOPMENTS IN COAL MINERS STRIKE

Indianapolis, Nov. 6, (By Associated Press) The arrival of the Assistant Attorney General Ames in charge of the government's injunction proceedings against the striking coal miners is expected to usher in the next developments in the strike situation here. Attorneys for the mine owners have practically completed the plans for defense against the government's action and it is understood that they will enter a motion on Saturday that the entire proceedings be dismissed.

## WIFE OF CARRANZA-- PRESIDENT OF MEXICO GIVEN UP BY DOCTORS

SENORA CARRANZA CAN LIVE ONLY A FEW HOURS

Mexico City, Nov. 6, (By Associated Press) The physicians attending Senora Carranza, wife of President Carranza, have given up hope for her recovery. The latest bulletins from her bedside state that she can live only a few hours.

Weather Report

For Florida fair north probably showers south portion tonight and Friday gentle to moderate north east winds except variable over extreme south portion.

Shipped One Hundred Hampers of Lettuce

The Garner Produce Co. shipped 100 hampers of lettuce yesterday which is probably the first to be shipped by the mail order business.

Weather and Crop Conditions

Temperature.—The mean temperature for the week was 4 deg. to 12 deg. above the seasonal, the least excess being over the southern section. The weekly means were: Pensacola, 72 deg.; Jacksonville, 77 deg.; Tampa 78 deg.; Miami and Key West, 80 deg.

Precipitation.—Good rains were general over the section during the latter part of the week. The greatest amounts fell west of the Apalachicola river and in some central counties. The following are the largest totals reported: Pensacola, 3.8; DeFuniak Springs, 2.4; St. Andrews, 4.2; Old Town, 2.6; Eustis, 3.6; Sanford, 2.3; Cedar Keys, 2.2; and Tarpon Springs, 3.2 inches.

Condition of Crops.—The continued unseasonable high temperatures and lack of general rains the fore part of the week were unfavorable for truck, citrus fruits, sweet potatoes and pastures, but general rains that occurred the latter half of the week relieved the drought condition. Cane is generally gone and some has been cut for syrup making. Oats planting continued locally but delayed account too dry soil some sections. Sweet potatoes are generally good. Truck crops are in fair condition on low lands and will be greatly benefited by recent rains. Early shipments of citrus fruits are being hastened account of fruit dropping.

Senator Martin Better Charlottesville, Va., (By Associated Press) Senator Martin slept well last night resting comfortably this morning.

## Ladies Are Enthusiastic Boosters

WILL HELP THE MEN

WOMEN ARE ALSO LAYING PLANS FOR THEIR NEW CLUB HOUSE

The regular business meeting of the Woman's Club was held on yesterday afternoon, with Mrs. W. L. Morgan, presiding and a good attendance of the members.

Reports from the officers and the various departments were most encouraging showing a splendid interest and activity.

The chairman of finance announced that tickets were being placed for the Alhambra Lyceum course, the date of the first number to be given later. Other plans for financing the club will be a rummage or rather white elephant sale to be held early in January. Members and friends interested in the club are requested to "save up" every old thing, including odds and ends in china, furniture, clothing, kitchen utensils etc for this event. A canvass of the business men is also being made, soliciting subscriptions to the building fund for the new club house.

Mrs. Watson presented the request from a committee of men, requesting the assistance of the Woman's Club in promoting a carnival in December the proceeds of which would be used in installing a white way in Sanford. The club unanimously voted to give their support and assistance.

Mrs. Herndon announced that a tag day would be in advance of the carnival for the expenses incurred for building booths etc. The membership committee reported new members and transfers as follows: For the social Department Mrs. C. H. Gabbett, Mrs. D. W. Smith, Music Department, Mrs. J. P. Hall, Miss Zoe Munson; Welfare Department Mrs. J. C. Hutchinson, Mrs. Holley, Associate member Mrs. Chas. Hand.

The Music Department will have a special program of music on the 15th with Mrs. Julius Tackach in the future role.

November 15th will be "Civic Day" with the Welfare department at which there will be a round table discussion on city improvements.

The social and welfare charmen made excellent reports on the activities for October in these two departments, the literature and Music departments pleading for greater zeal and better attendance.

Splendid programs have been arranged for these departments which require much study and time on the part of these featuring the various numbers that should bring a more appreciative response from the members.

Mrs. Morgan announced that the Red Cross had appealed to the Woman's Club for co-operative and assistance in putting over the Red Cross Drive for membership and requested that all those willing to assist would sign the pledge cards to that effect.

## BOLSHEVIKI GAINING SEVERAL BATTLES TODAY CAPTURE PRISONERS

EIGHTY THOUSAND MEN WERE RECRUITED FOR PETROGRAD DEFENSE

London, Nov. 6, (By Associated Press) Russian Bolshevik communication received here reports the capture of Tshin with twelve hundred prisoners. The Communiqué also claims the capture of one thousand prisoners at Ust Buzulku. Despatches from Copenhagen state that the Bolshevik report that they recruited eighty thousand men from Petrograd alone in organizing the defense of that city, according to a Reval despatch.

state, native Kentuckians, which of course is something to Cobb's(?) credit. So hail to the Sanford Daily Herald! Long may it live, great may be its possibilities and renowned its good works. So there now!

Whether the heat wave in Florida is attributable to the present excessive temperature of the Gulf Stream, or otherwise, the farmers in this county are not greatly concerned over the cause but the result just now as the extreme weather is greatly affecting the conditions of the crops, from whatever source it may come. The great, green fields of celery and early lettuce of only a few days ago, it seems, are more or less blighted and many farmers in this section have plowed awaiting with trepidation as it were the outcome of the early lettuce. Taking it altogether, this has been a hard season upon the farmer. Aside from the weather conditions, the planter is beset with insects and worms, until upon every hand an array of obstacles confront him. Several species of plant bugs attacked seeds before they had time to germinate and ate out the heart of the seed, which with the army of ants placed the poor farmer upon the defensive. Then he had the cabbage and cut worms with which to contend, till it did seem, "by hickory" that the Lord had something agin 'em. But despite of these difficulties with an untiring energy and an indomitable courage the farmer picked up and progressed along till his fields looked green and beautiful, then came the old weather man and he had July by the hanh. "But it ain't no use as I can see. In mortals such as you and me A faulten's Nature's wise intents and lockin' horns with Providence."

A controversy having arisen over the sale of a lot and storehouse in Monroe, there was a resort to legal proceedings. The property consists of an acre of land and a combination storehouse and residence. Mr. Jim Moffet formerly owned the property having sold to T. J. Hornedge who in turn resold to Drue Warren. T. J. Benton, who was occupying the house and conducting a grocery refused to vacate, claiming that he had purchased the property from Mr. Hiredge and paid down \$50. He had no deeds to that effect, however, and could not prove his claim. The court decision came out in favor of Mr. Warren receiving the acre of land, the house reverts to Mr. Moffet and the lot upon which the house stands, to the county, as after a careful survey it was found that the house stood upon the public street and only one corner touched the land in dispute.

Petty thieving has occurred among the negroes here. Scott Tann, a negro living upon S. H. Buchanan's place, was deprived of \$1.90 in change and a shirt and pair of overalls to boot. The culprit, a colored lad of 14 years, donned the latter articles and proceeded to go on dress parade. Upon discovery, the transgressor was hotly pursued by the irate offender who loudly demanded the goods. Finding himself hard pressed the vagabond hastily diverted himself of all ill gotten accouterments and hid himself to the tall timbers, evidently in search of a fig tree, though it is very conceivable that a palmetto fan would have answered his pressing needs quite as advantageously.

Mrs. John Badger, formerly of this place but now of Knoxville, underwent quite a serious operation. The last reports were that she was improving very nicely. Mrs. Badger has many friends here who are greatly concerned over her serious illness and hope for her speedy recovery.

Mr. and Mrs. J. T. Jacobs have as their guest, Mr. Jacob's mother from Oviedo.

Miss Laura Hawkins, of Jacksonville, is a guest of her brother and wife, Mr. and Mrs. Albert Hawkins.

Mr. and Mrs. J. F. Mann had as their guests Wednesday the following gentlemen: Messrs. W. O. Trice, S. B. and Ollie Dunlap and O. D. Brooks, all of Cockran, Georgia. These men are down in their machine and are traveling through this state with a view of locating here with their families if conditions and prospects are promising to them. They came through Hastings and were attracted by the great potato section but decided to look farther and take a fair chance, so they traveled by way of DeLand here where this great trucking section appeals strongly to them. From here they go to Orlando, Kissimmee, Winter Haven, Lakeland and on to the West Coast, but will return through this section where in all probability they will locate. These gentlemen have an eye to business, but will make a thorough investigation of conditions before purchasing.

Mr. John Beacher and family of Charleston, South Carolina, have moved to this section and are

renting one of the C. K. Post places. He will engage in trucking this season. Mr. Beach was formerly in the cotton business in Carolina and reports that the boll weevil has about cleaned up the cotton in that state.

A new general store has been opened out First street at the junction of Paola road. Mr. George Garwood is conducting the store and has a nice line of groceries and drygoods, soft drinks, ice cream, etc. Ice cream and soda will be served the public every day in the week, Sunday inclusive.

**A MERCILESS JUDGE**

**One Who Shows No Favor**  
A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Sanford resident has witnessed this sternest of all tests.

Mrs. E. Woodcock, 300 Elm Ave., says: "Time has only increased my regard for Doan's Kidney Pills and I cheerfully give my endorsement. Since giving my last statement, I have used Doan's and they proved most satisfactory in relieving me of a severe case of kidney trouble." (Statement given May 21, 1914.)

On March 19, 1918, Mrs. Woodcock said: "Doan's Kidney Pills made a complete cure in my case of kidney trouble some years ago and the cure has lasted. I gladly give this endorsement and wish to confirm my former statement."

**St. Agnes' Guild**

The regular meeting of the St. Agnes Guild was held Monday afternoon at the home of Mrs. M. Minrick. The afternoon was delightfully spent in completing some of the pretty and useful articles for the Bazaar which will be held in the Parish House on December. Dainty refreshments of pineapple salads, cheese sandwiches and iced tea were served by the hostess, who was assisted by her mother, Mrs. Anna Walker. Members present included, Mrs. Gwynne Fox, Mrs. Robert Herndon, Mrs. Archie Betts, Mrs. Matthews, Mrs. Julia Takach, Mrs. Tom Getsen, Misses Mildred Dixon and Lillia Shinholser. Mrs. W. N. Ankeney was an invited guest.

**Noted Lecturer Coming to Florida.**

Russell H. Conwell, the biggest and most popular lecturer in the world has been signed up for four lectures in this State, by Dr. George Hyman and F. F. Dutton of this city, the lectures to be given the last week in January, using his famous lecture "Acres of Diamonds," which won for him a world wide reputation. On October 2nd, Dr. Conwell delivered this lecture for the five thousandth time in his home city, Philadelphia, the door receipts being twenty five thousand dollars. When given to him, he immediately turned over the entire amount for ministerial education.

In a recent address, before the Rotary Club of Philadelphia, John Wanamaker paid Dr. Conwell the tribute of being the "first citizen of Pennsylvania." Dr. Conwell is pastor of the Temple Church; President of Temple University and holds many other high offices of importance. The people of Florida are fortunate in having the opportunity of hearing so noted a lecturer. Sanford, Tampa, and Lakeland have already signed up, and it is probable that St. Petersburg will be the fourth city to engage him.

**Hallowe'en Bridge Party.**

The Social Department entertained at the Woman's Club with a very delightful bridge party, on Tuesday, at which Mrs. George D. Bishop was hostess. A suggestion of Hallowe'en was in the decorations. Jack O' Lanterns, black cats and bags hung upon the walls and in the doorways while quantities of Goldenrod and field daisies added a bright and glowing touch to the scene.

The score cards suggested also, the approaching gaities of Hallowe'en. There were seven tables of bridge, and the prize, a cut-glass bud vase won by Mrs. A. P. Connelly.

Guests of the Club were Mrs. S. J. Gorman of DeLand, Mrs. Sam Younts, Miss Catherine Ball, Mrs. S. J. Carnes, Mrs. J. B. Coleman and Mrs. Bell. Members of the Club present were Mrs. W. L. Morgan, Mrs. E. M. Galloway, Mrs. Roy Symes, Mrs. L. P. McCuller, Mrs. George Davis Hart, Mrs. E. P. Morse, Mrs. G. F. Smith Mrs. Harry Lewis, Mrs. T. S. Huff, Mrs. B. W. **O. E. S. Initiation**

The order of the Eastern Star met at the Masonic Hall last night for the purpose of initiating new members and the regular business meeting. The Grand Matron of the State, Mrs. Alice E. Schultz and Grand Marshall Mrs. Montie O. Fish were prominent visitors of the Order. Among other visitors were Mrs. Conrad of DeLand and Mrs. Saunders of Gainesville.

Mrs. W. H. Taylor and Miss Vir-

gina Cox were initiated into the Order with the beautiful and impressive ceremony of the O. E. S. A happy surprise of the evening in honor of Mrs. Alice Robbins, which elicited heartfelt applause, was the unveiling of a life size portrait of Mrs. Robbins, in commemoration of her long and faithful service and as "Mother" of the Florida Order of the Eastern Star.

The hall was beautifully decorated with potted plants and flags and refreshments were served during the social hour. A school of instruction was held in the afternoon under the leadership of the Grand Matron of the State, Mrs. Schultz.

**Party For Three Year Old**

Wee, winsome little Evelyn Smith, the three year old daughter of Mr. and Mrs. Donald Smith, entertained twenty other tiny folks on Thursday afternoon the occasion being a big event in childhood days, nothing less important than a birthday. Evelyn's mama helped along the celebration by making the house very lovely with roses and ferns while the prettiest of pink and white birthday cake with its regulation number of candles graced the center of the dining table resting in a bed of loves wreath and fern. At each little guest's place were dainty white baskets with pink ribbon bows, filled with candies. Ice cream and pink iced cakes were served and kindergarten games were played during the afternoon. Assisting Mrs. Smith were, Mrs. D. C. Marlowe, Mrs. Leslie Bryan, Mrs. Sam Bradford, Mrs. Fred Daiger, Mrs. Leonardy and Mrs. Thigpen.

Among the business visitors at the Telephone Exchange, on Friday were, Messrs. C. M. Robinson, District Traffic Chief, of Jacksonville, F. L. Thorpe, of Orlando, M. L. Barre, and C. J. Roehuck of Jacksonville.

Mrs. Raymond D. Hill of Washington D. C. stopped over in Sanford Friday to visit Mrs. George Huff. Mrs. Hill was enroute to Tampa where she will spend some time with her parents Mr. and Mrs. Schoefflin.

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Sheriff Brady held a reception on the corner of Celery and Mellonville aves Saturday evening, all the cars passing, not properly lighted were held up. Some drivers warned and some fined. A number of deserted autos sat by the wayside said to have been driven by colored men that got scared and took to the tall timber.

A jolly party composed of the Misses Annie Weeks, Hattie Estridge and Eryma Scholl together with Okie and Harry Weeks drove over to Eustis last Friday evening and enjoyed the Steel dance.

during the heavy storm Sunday evening.

Joe Cameron had a nice young horse die and has several others in a bad condition from leeches. Several other people have had horses troubled with them recently.

Paul, the little son of Mr. and Mrs. George Mitchell has been very ill for a week. Dr. Robson is attending him. The illness developed into potato poisoning.

From time to time there has been mentioned in this column the new homes built and improvements made on those already built that has been going on during the past summer in East Sanford. Here is a complete list as far as known. On Celery ave Ben Monroe, C. L. Flowers and A. R. Chappel have built new homes and J. C. Hall and G. C. McDougal have added large porches. C. M. Stowe of Cameron ave is now building an attractive large addition on his home Alexander Foster and Vireli Hasty of Geneva ave, have both enlarged and otherwise improved their homes. On Beardall ave Nick Zernovean has built a very nice modern bungalow. G. C. Chamberlain had a large back porch added to his home and built a fine garage. J. C. Ellsworth has a large screened in front porch built and the interior of his house completed. Vance Douglass bought the L. J. Hancock place on Marquette ave and is having it entirely rebuilt making a wonderful improvement in appearance. A good many new tenant houses have been built. Chase & Co., Russell Company, C. M. Stowe and Fred Dornier have all built tenants. W. W. Dressor and the Tropical Produce Co., are building barns. Luther Frazier and O. J. Pope of Celery ave have their homes adorned with new paint. Joy Cameron's home is also newly painted and several have the painter spoken for as we have. G. W. Spencer had the large house occupied by his foreman improved and painted. More improvements during the past season than has taken place in any one year before we hope it has only been the beginning of greater better times. Improvements of every other kind has also been

going on a great deal of clearing, of land, ditching, tiling and retilling and fencing and many new wells put down, besides all of this more new cars bought than in any other place year since Celery grew in the Celery delta.

### WEST GENEVA AVENUE

It is much cooler since the heavy rain and thunder storm Sunday night. It was the hardest rain that has fallen in a long time and the wind was awful. So many people were frightened the wind blew so hard and the rain didn't fail to fall every place. Looked like a lake for some time.

Mrs. Neal Culp and Mrs. Jim Abbott was pleasant callers at the J. E. Vaughan Monday.

Mr. and Mrs. Tom Fortier and two little daughters spent Saturday night and Sunday with Mr. and Mrs. Joe Fortier on the old home place at Soldier Creek.

Mr. Jeff Vaughan was a pleasant caller at Mrs. Jack Vaughan's Monday.

We are all glad to see the cool days coming. We will feel much better and it will be fine on the lettuce crops from what we can hear is all going to seed.

Mr. James Mansfield and family of Tampa are coming to spend Xmas. with Mrs. Jack Vaughan, his sister. It will be a happy meeting but a sad parting.

There is a lot of fixing and cleaning for Xmas, but what we all want is plenty of sugar to fix with.

The vegetables are scarce now. Can't get enough to eat at no place. No one around has any at all.

Mrs. Sims has returned home again. We all wish her well and a happy life.

Well, the hunting season is near at hand and the poor birds had better begin to hunt the bay for their time is drawing near to be killed. There seems to be a good many birds this season but from the sound of guns I think there is a good many of them being killed now. I think the people could wait until the season was open. It would be a good job if some of them could be caught.

If the cold weather don't come it will be bad to hunt on account of rattlesnakes. There seems to be a great deal of them this year, but there is lots of them yet when it is cold they don't travel much.

NEWS OF THE GREAT STATE OF FLORIDA

Compiled in Tabloid Form For Busy Herald Readers

Shortly before noon yesterday the dead body of Lee Platt was found face down in a bath tub full of water, in a rooming house at Florida avenue and Cass street, Tampa.

Governor Sidney J. Catts and Commissioner of Agriculture W. A. McKee have returned from a visit to Gainesville, Bronson and Plant City, where with the other members

of the cabinet they inspected sites offered for the location of the colony for epileptics and feeble-minded. The cabinet will now receive from these localities definite proposals as to what they offer to the state, and will then consider the various propositions. It is expected that the colony will be located by November 15. The other members of the cabinet stopped at the state prison farm at Raiford where they will make an inspection, after which they will return to Tallahassee, probably this afternoon.

About 10 o'clock Thursday morning a dull thud was heard in A. D. Flora's spacious yard. The chickens suddenly became excited and some men going to the spot saw a brook trout six inches long flopping about on the lawn. It could have come from nowhere except from the clouds. Capt. Conova, an old fisherman, the man who attends the beacon lights viewed the strange fish and said there were no speckled brook trout in Florida. The fish was seen by Mr. Flora, Mr. Rudi and several others. To think that such high power would voluntarily drop fish at Green Cove Springs to reduce the cost of living is not every body speculating. It will remain a mystery until some person knows astronomy better than we do here. Green Cove Springs note in Times Union.

In Tarpon Springs, Florida, women have just voted in the municipal elections. This is the fourth town in Pinellas county to grant women the character right of suffrage in municipal elections. The other three are Clearwater, (right granted in 1917), Dunedin and St. Petersburg. All but Clearwater have given women the vote this year, says a suffrage publication, which also says that women of Miami, Dade county, to the number of 525 have registered within the past fortnight for their first municipal election.

County Agent C. D. Gunn states that he has viewed five pair of the prettiest blankets he has ever seen, the same being the property of G. T. Kennard of Newberry. The blankets are made from wool grown by Mr. Kennard's flock of sheep. It is the aim of the owner to exhibit the blankets here at the Alachua county fair November 11-14 and place the same in the Alachua county exhibit which will be sent to the State Fair at Jacksonville—Gainesville News.

Because there is over \$1,000,000 worth of new hotels and apartments and additions under way here that can not be completed much before the first of the year, W. N. Urney of Miami, proprietor of the Urney hotel and second vice president of Florida Hotel Men's association, has written to J. E. Kavanaugh of Jacksonville, president of the organization, requesting that the proposed convention here in December be held in March.

Ocala has been successful in landing headquarters for one of the districts for taking care of returned soldiers, especially those with an honorable record who need surgical or medical attention, says the Star. There are eighteen districts to be established in Florida, and each one is to have an examining board consisting of a surgeon, internist, dentist, eye, nose and throat specialist and an X-ray laboratory expert.

The state convention of the Woman's Christian Temperance Union will be held in Gainesville this week from the fourth to seventh inclusive. The opening event will be the jubilee banquet to be held at the Masonic temple on Tuesday evening. This promises to be a most delightful and interesting feature.

The program for the business meetings is splendid, a number of prominent speakers will appear. The musical committee have arranged some excellent numbers, with special selections by the little folks from the Odd fellow Home.

W. Markett had one leg cut off at the mill of the Kingjumber Company at Nocatee Thursday afternoon at 2:30 o'clock. Mr. Markett was foreman of the mill and in some manner stepped in front of the main saw and it completely severed on leg and cut the fleshy part of the other entirely.

The Bureau of Child Welfare of the State Board of Health, has returned from Pensacola, where she has been since the last of September directing physical examinations of the 10,000 school children in Escambia county. The State Board of Health has had its entire force of district health officers concentrated in Escambia county since the first of October and the examinations have been on a more thorough basis than ever before.

Added force was given to the abstention from buying movement inaugurated a week ago by the cigarmakers and other workers in the cigar industry when the Central Trades and Labor Assembly yesterday morning endorsed the movement and urged all affiliated unions to take similar steps and provide means of making the movement effective. The action of the trades assembly will reach several thousand workers in this city, including 2,000 shipyard workers whose payroll is around \$50,000 weekly. The central body yesterday was "that we endorse the effort of the cigarmakers to reduce the cost of wearing apparel and recommend to all locals affiliated with the central body that they take the same action and provide means to make it effective."—Tampa Tribune.

The members of the Presbyterian church rejoiced, and all Lakeland rejoiced with them, when their beautiful new house of worship was formally opened at the forenoon services last Sunday.

A really deal of importance has just been consummated whereby Mr. F. H. Callahan becomes the owner of the Carter property adjoining the Lakeland Highlands clubhouse, one of the handsomest homes and finest groves in this section. The purchase includes the fine Carter home, completely furnished; the ten-acre grove surrounding the road from the home place. The price paid was \$45,000. Mr. L. P. Carter, of Jackson, Mich., son the G. W. Carter, is here and the deal was closed with him.—Lakeland Telegram.

Papers of incorporation for the H. M. deMontmollin Co., have been prepared with a capital stock of \$50,000 to engage in a general wholesale hardware and machinery as the distributing point, says the News. With this corporation will be merged the firm of H. M. deMontmollin, an establishment that has been successful in Palatka in the retail business. A full line of hardware, machinery and general farm supplies will be carried.

Two thousand standardized, ready-to-erect houses are to be produced according to contract, in Jacksonville for the French government, which will use them for housing homeless in devastated regions of France. Already standardized houses, twenty-two feet square, with three rooms each, are being produced in Jacksonville but the rate of production is to be greatly increased. The Arthur Brothers Company of New York, who will manufacture these houses are completing a new mill at the yards of the Putnam Lumber Company and will begin and will begin operation of it in a few days.

Efforts of about one hundred blue jackets from warships anchored in the bay at Pensacola to storm the county jail here early Sunday and rescue one of their number who had been arrested, were blocked by the appearance of Sheriff Van Pelt and a number of deputies. The sheriff and his men held the angry sailors at bay until naval officers could be summoned. The trouble started after the arrest of a blue jacket by two deputies who said provost guards sent ashore to preserve order were among the offenders. The sailor called on other men in uniform to rescue him, they said, and they were forced to draw their pistols and threaten to shoot before they could clear a way to take the man to jail. The trouble at the jail lasted only a short time.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.

Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida

Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1919

Mr. T. O. Charles Sanford, Fla.

I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color Clear Chlorine 1.75 parts per million  
Reaction Neutral Total solids 5.00 parts per million  
Free Ammonia .00 parts per million Hardness 23.03 parts per million  
Alumina .00 parts per million Trace  
Sulfates Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural astringent and 100W degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."  
Yours very respectfully,  
(Signed) THOMAS D. BAKER

small dailies, several new ones having begun existence within the month. The Sanford Herald is the latest to come to our exchange table. It is just such a paper as any one would expect "Bob" Holly to produce, and that it will fill a long felt want in the region which it will serve goes without saying. The Daily Herald has been contemplated for some time, but owing to the war, which necessitated many changes of plans and called many into service in some branch or another, Mr. Holly himself having answered the call, its publication was delayed until now, its existence dating from October 27th. We know it will continue as it began—a good paper—and it has our best wishes for success. Two other dailies, one at DeLand and one at Palatka have been started, but it has not been our privilege to receive these.—Ft. Myers Press.

**TAKE A JUNKETING TRIP**  
It is the opinion of the tax payers that the county commissioners should take a trip over the state in necessary and look carefully into all kinds of road building studying the conditions and the class of construction and taking no advice from anyone on these roads except the county commissioners of the various counties.

In other words we want an unbiased report on the different kinds of road construction other than brick and if there is any construction that will fill our needs we can go ahead and build this kind of road with the full knowledge gained by other parts of the state. It would be money well spent by Seminole county to ask this of the commissioners and to pay their expenses on this trip.

**HUNTING SEASON OPENS**  
**THURSDAY, NOVEMBER 20**  
**MANY TOURISTS TO COME**

**To Take Advantage of Our Great River**  
**FLORIDA GAME LAW**

IS GIVEN IN FULL FOR THE BENEFIT OF THE HUNTERS

Two weeks from next Thursday will be the great Day among the hunters and sportsmen not only of Florida but those from other states who are already making arrangements for coming to Sanford and take the great upper St. Johns river trip for the fine duck shooting, for the turkey and deer and bear hunting and for the fine quail and snipe shooting. There is no place in the state of Florida that offers such a varied sport as the upper St. Johns river and other parts of Seminole and adjoining counties. Aside from the fine hunting the fishing is also excellent and those who go for a camp hunt can while away many pleasant hours while resting from the hunt in fishing for the streams and the lakes are full of fish. There are many tourists already inquiring about Sanford for the hunting season and they want boats and guides and cooks, etc. They are coming and Sanford should prepare for them. For the benefit of the home people and those from other states the game laws are given below.

The title to all wild birds and game is invested in the various counties of the state.

The following only are game birds, Swan, geese, brant, ducks, rail, coots mud hens, gallinules, shore birds, plovers surf birds, snipe, woodcocks, sand pipers, tattlers, curlews, turkeys, grouse, pheasants, quail and turtle doves.

It is a \$50 fine to catch, kill or ship or have in possession any game bird, plumage, skin, eggs or nests thereof except as provided by law.

Open season Nov. 20th to March 1st following for deer, squirrels wild turkey, quail, doves, swan, geese, brant, rails, coots, sand pipers curlews, snipe, ducks and plover. Unlawful to kill squirrels in any public or private park at any time. Nov. 20th to Dec. 20th following; for pheasants and grouse.

Fine of \$25 to kill mud hens, gallinules, limicolate, commonly known as shore birds, surf birds and woodcocks at any time.

It is a \$25 fine to catch, hunt or kill any game bird or animal between dark and daylight the following day.

It is a fine to kill more than one deer, two turkeys, twenty quail or twenty-five birds of any other species in any one day. It is a \$500 fine to kill more than three deer ten turkeys or 300 of any other game bird species in one open season.

It is a \$25 fine to barter, sell or offer for sale any game bird or animal.

It is a \$100 fine to hunt outside of your voting precinct without a license; a \$25 fine to change or alter a license.

It is a \$25 fine to transport within or without this state any game without a proper license. It is a \$100 fine for any common carrier to receive such game for transportation.

The witnesses furnishing evidence to convict for any violation of the game laws shall have half of the fine imposed.

Persons residing in the state 12 months, and a bona fide resident of the county, may, on payment of \$1 to the county judge, receive a "Resident County License," for \$3 and a "Non-resident County License" for and a "Non-Resident Hunter's License" for \$15. No license good except in county issued. No license required of resident Confederate veterans.

County judge to have 25c, 50c and \$1 respectively, for each license issued. Balance goes to county school fund.

All grades of licenses shall be of different color, contain a synopsis of the game law printed on the back, and shall be good only for the open season or fraction thereof immediately following their issue.

The sheriff is ex-officio game warden and may appoint deputies in each precinct.

Junior Red Cross activities of county and city schools included the collection of nutshells and tinfoil in large quantities; donations of clothing; membership dues and last but certainly not least, the adoption by the East Side Primary School of Germaine Babeau, a little fatherless girl in France.

Funds in memberships and donations raised by the branches as follows: Altamonte, \$117.50; Chuluota, \$31.00; East Sanford, \$32.00; Geneva, \$99.05; Longwood \$49.00; Monroe, \$18.00; Oviedo, \$148.72; Georgetown Colored Auxiliary, \$25.00; Colored Auxiliary, \$22.00.

Funds raised in Sanford, \$1,116.12. Christmas boxes sent to the men overseas by the local chapter, 143. December Roll Call, 1122.

A complete history of Seminole County Chapter compiled in May and a report on the influenza committee is the secretary's report in brief.

Miss Mitchell gave a comprehensive talk on the Home Service department of the Red Cross, its aims and purposes, and its bearing on the soldier, sailor and civilian life of a community. Stressing the importance of this phase of the A. R. C. she also gave an outline of the public health and Junior Red Cross plans included in the peace program.

Miss Virginia Smith followed with a short talk on the local situation. Much disappointment was expressed that the hour was late when Dr. Hyman's place on the program arrived, leaving but a few minutes for his address.

Dr. Hyman gave a brief resume of the work of the Red Cross in the trenches and on the battlefields overseas, paying a splendid tribute to the Home Service section of the Red Cross. Dr. Hyman endorsed the local Home Service department for community work in Seminole county and urged the co-operation of the town and county in the coming Red Cross Roll Call, Nov. 2-11, of which he is chairman.

The report of the nominating committee of five, composed of J. D. Jenkins, chairman; Mrs. W. E. Watson, Mrs. W. L. Morgan, Mrs. DeW. Brower and Mrs. Harry Kent, as follows: For Chairman of Seminole County Chapter, Mrs. Endor Curlett of Geneva; vice chairman, Judge Ernest Housholder; Treasurer, Mrs. R. A. Terheun; Secretary, Miss Virginia Smith.

The meeting closed with the benediction by Dr. Hyman.

## A \$4.50 SUIT

The wool that goes into a man's suit that costs—these days—\$50 to \$75, brings the farmer who raised the sheep only \$4.50, according to the official statement of the National Associated Wool Growers! This is one more bit of the evidence which

## The COUNTRY GENTLEMAN

is presenting almost weekly that somewhere in the mysterious journey of food and clothing materials from grower to consumer someone is getting more profit than is fair to either farmer or user.

The day of home-carded wool, homespun cloth and homemade garments is past—if it weren't, every one of us would keep a sheep for his winter clothes. But we can't try to find the profiteers who pay the farmer \$4.50 and charge the consumer \$50, and eliminate them—cutting some of the h. c. l. and bringing the farmer and the city man

into closer and more friendly relations. THE COUNTRY GENTLEMAN aims to give to every farmer a broader outlook on his own business; to help him to get his just share of the consumer's dollar. You can't afford to miss it at the present low cost of only \$1.00 a year—for 52 big weekly issues. Order through me, today.

#### Small Papers May Quit

Washington, Nov. 5.—Small daily and weekly newspapers are threatened with destruction because of inability to obtain print paper, the house was told today by Representative Reavis, Republican, Nebraska. He charged that newsprint manufacturers were refusing to sell small publishers in order to fill the wants of the metropolitan dailies.

Paper consumption by the big city dailies and magazines has been greatly increased Mr. Reavis said by an "extensive national advertising campaign conducted to defeat

the government in collecting taxes." He urged that the internal revenue bureau investigate the returns of concerns conducting the campaign to disclose to what extent their excess profits tax was reduced by the costs on the advertising.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything, to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the pain has been permanent for it has been two years since my awful bad health. I will always be a Cardui devotee. Try Cardui today.

new names to the roster in the past few months and at the meeting last night twelve names were placed upon the application list to be voted upon.

Sanford lodge is recognized as one of the strongest and best in the state and the fact that the lodge is pulling for new memberships and getting in a lot of the younger chaps means that the lodge will take on new life and become a most progressive lodge in every way. There is also much talk about the Odd Fellows building their own lodge room at some date in the near future when building materials are not quite so high and the Odd Fellows are up and coming all the time. If you are not a member of the Sanford lodge of Odd Fellows you are missing something good.

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste!

You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a plastic-paper-covered carton. We strongly recommend this carton for the home or office supply.

"HELP" is right! A smooth, mellow smoke is just the thing, when you're up against a tough one. And Chesterfield is that smoke.

An expert and exclusive blend is responsible—finest, silkiest Turkish tobaccos from Xanthi, Cavalla, Smyrna and Samsoun, and the best varieties of Domestic leaf—put together by the manufacturer's private formula that brings out every last bit of flavor. No other process, no other blend, can successfully imitate Chesterfield's smoothness and full-bodied flavor.

No argument here! Chesterfields satisfy as no other cigarette has ever satisfied before.
