

One American Get Mikoyan In Lather

WASHINGTON (UPI) — One American at least has Deputy Soviet Premier Anastas I. Mikoyan all in a lather.

He's Alfonso Tana, a 70-year-old hotel barber. He stopped by the Soviet Embassy today — for the third straight day — to give the visiting diplomat his morning shave.

Tana, who has waited on so many prominent people in the past 30 years that he can't remember them all, said Mikoyan is "a very nice fellow, a kind and gentle man."

Unlike most barber-customer relations, there's little conversation — almost none, in fact.

"We just say 'good morning' and then, when I'm finished 'good day,'" Tana said. "Then Mr. Mikoyan thanks me and bows."

Proving to be something of a diplomat himself, Tana said when asked if Mikoyan got or needed a haircut:

"He didn't ask for one."

Tana refused to say whether Mikoyan paid him for the shaves, or gave him a tip for his services. "Those are money matters that I just won't discuss," he said.

Asked how he happened to be tapped for the job, he replied: "Someone at the State Department asked me to do it. Somebody must have recommended me."

Cliburn Cancels Four Concerts

TUCSON, Ariz. (UPI)—Pianist Van Cliburn said today he has cancelled his concerts for the next 12 days because of a toothache.

"I love playing, but I don't think the audience would enjoy it if I'm sitting there wracked with pain," the popular young pianist said. "And my powers of concentration would not be as good."

Cliburn, who said he had been bothered in the past few months by his teeth but has not had time to go to a dentist because of his heavy concert schedule, cancelled concerts set for San Antonio, Tex., Saturday; Atlanta, Jan. 13; Birmingham, Jan. 17, and Syracuse, N. Y., Jan. 20.

Cliburn has been here since Monday and said he would probably have to remain until next week in order to have a wisdom tooth pulled.

Rebels Say Flynn Never Saw Castro

HAVANA (UPI) — The rebel publication Revolution scoffed today at Hollywood star Errol Flynn's report that he was wounded "while operating with Fidel Castro."

"That one (Flynn) never saw Castro," said Violeta Casals, a woman broadcaster for the rebel radio, in an article published by Revolution.

Flynn, who said he had been strafed by a government plane while traveling with a band of rebel raiders, showed newsmen here a leg wound which he said was caused either by a government bullet or by a chip of the masonry it knocked off a pillar behind which he had taken cover.

Recognition Expected

WASHINGTON (UPI) — U. S. Ambassador to Cuba Earl E. T. Smith flew back to Havana today after hurried consultations at the State Department.

His sudden departure this morning led to speculation that the United States would recognize the new provisional government of President Manuel Urrutia sometime today.

River Breaks Dam, 100 Feared Killed

ZAMORA, Spain (UPI)—Rain-swollen waters crumbled a huge new power dam and cascaded a watery wall of death onto the lumbering village of Riva del Lago early today.

First sketchy reports said 10 or more persons may have been killed.

Compromise Voted On Filibuster Bill

WASHINGTON (UPI)—Compromise forces led by Senate Democratic Leader Lyndon B. Johnson won a last-minute vote today in the Senate to end the filibuster on the bill to change the present filibuster rule to some extent, but not as drastically as the liberal proposal.

They did so by tabling at Johnson's request a motion, backed by the liberal anti-filibuster bloc, to re-adapt all of the old Senate rules except the one applying to filibusters. The present rule provides for a two-thirds vote of all 80 members—or 67 votes—to cut off debate. The liberals want the rule changed to curb debate by a simple majority of 50 votes.

Johnson is willing to change the present filibuster rule to some extent, but not as drastically as the liberal proposal.

His motion, carried by a 60 to 30 vote, signified that Johnson's compromise proposal on the filibuster issue probably will be adopted.

Leaders of both parties threw their weight behind Johnson's compromise proposal to require only two-thirds of those present and voting. This could be as few as 31 and as many as 60. It also would let the same two-thirds vote to limit debate on rules changes, on which cloture is now banned.

Auto Suicide Try Proves Successful

MIAMI (UPI)—A dependent Miami attorney who police said tried to commit suicide by ramming into another car died Thursday of injuries.

Paul Foley, 33, never regained consciousness long enough to explain his crime. In his pocket, officers found a suicide note addressed to his girlfriend blaming his action on his acute alcoholism.

The Florida Highway Patrol charged that Foley, speeding at more than 80 miles an hour, deliberately followed the other car off the road in his suicide attempt. Henry Newton, 30, and his pet collie dog, were crushed to death in the wreckage of the other vehicle.

Commission Hears Report On Voting

MONTGOMERY, Ala. (UPI)—The Civil Rights Commission went behind closed doors today to hear testimony from its investigators who examined registration records in three Alabama counties to determine whether Negroes' voting rights have been violated.

Hannah said there will be a statement following the executive session. There was no indication how long the commission would meet behind closed doors.

Housewife Solves Case; Law Failed

NORWALK, Calif. (UPI)—A housewife, angered that her home had been burglarized three times within a month, turned detective Thursday and succeeded where the sheriff's office failed.

Mrs. Maria D. Villegas, 46, not only solved the case in the best tradition of a television cop-and-robbers thriller, she also forced the two suspects to sign confessions.

She took colored pictures of them in the act of breaking a lock on a hankie box where she kept money.

Completely humiliated the suspects by ordering them to the point of a rifle to open a window of her home and yell "help" until a neighbor called sheriff's deputies.

Both suspects—13-year-old boys—admitted breaking into Mrs. Villegas' home three times within the past month and taking a total of \$200 in cash.

Mrs. Villegas took off from work, armed herself with an unloaded .32 caliber rifle and a camera with color film and a flash attachment, and waited until the boys broke into her home.

"When they started in force the lock on a hankie box where I keep money," she said, "I stepped from behind a door and snapped their picture and then kept the gun on them."

Big Bombers Cost 'Weight in Gold'

WASHINGTON (UPI)—Some new U. S. Air Force bombers will really "cost their weight in gold," President Eisenhower cited that fact today as one reason national security costs 47 billion dollars a year.

Other examples: "We are now ordering fighter aircraft which are priced at 30 times as much as the fighters of World War II."

"The overall cost of introducing Atlas missiles into our armed forces will average 35 million dollars per missile on the firing line."

The bombers which "cost their weight in gold" were identified by the White House as the Air Force B52 and the Navy's A3J.

The President's arithmetic was based on gold being worth about \$500 a pound. The price in this country is \$35 per Troy ounce, which runs about 14 ounces to the pound.

The Navy bomber weighs 27,000 pounds and costs the government about \$17,600,000—averaging 18 cents slightly over \$500 per pound.

The B52 bomber weighs 47,000 pounds with a price tag of \$26,700,000, thus costing about \$567 a pound.

Truck Hits Truck Disabled On Road

A sleeper cab was torn loose and smashed flat against its trailer last night when a tractor-trailer jackknifed after running into the rear of a dump truck on State Road 427. No one was in the sleeper cab at the time.

The dump truck was broken down on the highway, one mile west of Altamonte Springs. According to Highway Patrolman J. L. Bikes, the driver of the tractor apparently did not see the flares and reflector signals.

Driver of the dump truck was Walter E. Tyson Jr., Orlando. Charges were placed against O. E. Threlkeld, Titusville, operator of the tractor-trailer, which sustained \$150 damages. There were no injuries.

Ike Predicts Record Prosperity

WASHINGTON (UPI)—President Eisenhower predicted today that the United States will enjoy a record of prosperity in the coming year.

"Recession is fading into history," he said, "and the year beginning in July '59 is expected to be the most prosperous in our history."

"There is real hope that we can look forward to a time in the foreseeable future when needed tax reforms can be accomplished."

The administration will prepare tax proposals "to remove inequities and to enhance incentives for all Americans to work, to save and to invest."

President Asks Congress To Bolster Integration

WASHINGTON (UPI)—President Eisenhower asked Congress today to join him in supporting the Supreme Court rulings against school segregation.

The chief executive said in his State of the Union address, that the United States was under close international scrutiny for its conduct in such areas of human rights as "freedom from discrimination in voting, in public education, in access to jobs."

"The image of America abroad is not improved when school children, through closing of some of our schools, and through no fault of their own, are deprived of their opportunity for an education," he said.

He referred to schools closed in Arkansas and Virginia by state authorities resisting the high court's desegregation orders.

Eisenhower told Congress he would soon submit his proposals for new civil rights legislation but he did not spell them out.

It was not the "sole responsibility of any one branch of government" to "work for the maximum realization of equality of opportunity," he said.

"Those of us who are privileged to hold public office," he said, "have a solemn obligation to make meaningful the 'inspiring objective' that all citizens are entitled to equal rights regardless of race, religion or national origin."

"We can fulfill that obligation," he said, "by our leadership in teaching, persuading, demonstrating and in enforcing the law."

Eisenhower told the lawmakers, "All of us should make clear that the government is united in the common purpose of giving support to the law and the decisions of the courts."

Squadron Planning 'Economical' Move

Defense dollars are being saved at the Sanford Naval Air Station with careful preparation for the move to an A3J squadron from Jacksonville to Sanford.

An advance detachment is reading shops and offices for the 150 men who will arrive in Sanford next Friday. The squadron will pack its equipment in Jacksonville and move by truck to the prepared spaces, where unpacking problems will be kept to a minimum. Due to advance planning the squadron will save many hours of time and manpower in moving equipment after arrival.

Personnel will be transferred under written orders, and will report to Sanford with no leave authority. Commanding Officer will operate during the weekend with a full flight schedule the following Monday.

The advance detachment is under the command of Mrs. Donald Kinnard, who already has obtained housing for his wife and two children at 104 Pinecrest Drive.

Welcoming ceremonies will be held Jan. 16 for VAH-1, the latest Heavy Attack Wing One squadron in complete the family circle at the local air station. Many of the men have already found housing for their families. Others will be searching during the weekend after arrival.

10 Believed Dead In Crash Of Plane

KINGSPOINT, Tenn. (UPI)—The wreckage of a Southeast Airlines plane missing since Thursday night with 16 persons aboard was spotted today about 400 feet from the top of rugged Holston Mountain.

There was no sign of life at the scene of the wreckage.

An Air National Guard plane spotted the wreckage about 10 1/2 miles east of Holston Dam in the heavily forested upper East Tennessee area.

Capt. Robert A. Jackson of the Civil Air Patrol, who is also a doctor, led a mobile unit to the scene. He was accompanied by 18 members of the Greenville, Tenn., rescue squad.

It was believed it would take rescuers several hours to reach the scene which is about 35 air miles from the Tri-Cities Airport where search headquarters was centered.

The last report from the plane's pilot, Robert Gollmer, was at 8:22 p. m. Thursday that he was coming in on instruments.

State Taxes Dip, Troubles Increase

TALLAHASSEE (UPI)—Florida is not yet out of the financial woods, if revenue from the state's sales and gasoline taxes is any indication.

December collections, reflecting November sales dipped below November and the decline was greater percentage-wise than last year. Comptroller Ray R. Green reported Thursday.

But both taxes produced more money in December, 1958, than for December, 1957.

Sales tax collections in December came to \$11,598,826, an increase of 2.3 per cent over December of 1957. But collections fell \$77,002 or 0.7 per cent under collections for November.

In 1957, Green said, December collections fell only \$5,412 or 0.05 per cent under the figure for November, 1957.

Gas tax collections this December totaled \$6,608,037, up 2.2 per cent over collections for December, 1957; but down \$278,553 or 4.1 per cent under November, 1958.

Engel Will Speak To Chamber Board

Joe Engel, the "Harmless Haswell," will speak to the Board of Directors of the Seminole County Chamber of Commerce Tuesday night.

Engel is the president of the Chattanooga, Tenn., Chattanooga, Tenn. Although the baseball club has not been a pennant contender for many years, it has operated with financial success, due to Engel's original promotions.

The quarterly meeting of the board will be held at 7 p. m. in the Sanford Civic Center. A Dutch treat dinner of roast beef will be served by Mrs. Homer Little. Reservations must be made by noon Monday.

Kidnap Clues Sought

NEW YORK (UPI)—A task force of more than 200 police and FBI men continued to track down scores of tips and possible leads today in the intensive search for tiny Lisa Rose Chionchio, kidnapped a week ago from a hospital nursery only 24 hours after her birth.

Tax Cut Possible, But Not In 1959; Peace Predicted

WASHINGTON (UPI)—President Eisenhower in his State of the Union message today predicted America will achieve all-time record prosperity in the coming 18 months.

With the 1958 recession fading into history, he admonished the heavily Democratic Congress to help maintain "the marked forward thrust of our economy" by cutting the cost of government and adopting his forthcoming balanced budget.

If Congress will do this, the President held out hope for tax reductions "in the foreseeable future," although not this year. He will have the treasury prepare proposals to overhaul the tax structure "at the proper time."

He called for realistic action by government, business and labor "to curb the wage-price spiral" and prevent further declines in the value of the dollar.

No War Seen

Surveying the troubled world scene, the President denounced the Soviet Union for wishing an international arms race and twisting treaties, particularly in Berlin. The Communists regard treaties as "mere scraps of paper," he said.

He was cautiously confident, however, of avoiding major conflict as long as America remained powerful and dedicated to the genuine rule of law among nations.

He told Congress that national security will cost more than \$10 billion dollars a year—roughly 6 per cent of the total budget. The estimate covered the armed forces, the Atomic Energy Commission and military aid to other nations.

Mikoyan Arrives For Chicago Visit

CHICAGO (UPI)—Soviet Deputy Premier Anastas Mikoyan arrives in Chicago today, armed with an invitation to "drop in" at a bus driver's four-room apartment and chat with an average American.

Mikoyan was scheduled to arrive by plane at Midway Airport from Detroit, where his reception Thursday night included a barrage of eggs, snowballs and insults hurled by 200 demonstrators.

A spokesman for Hungarian freedom fighters in Chicago said Mikoyan was scheduled to arrive by plane at Midway and at other stops at the Conrad Hilton Hotel and the Chicago Club, in spite of a plea by President Eisenhower that he be treated with courtesy.

Imre Frank, city editor and business manager of the Hungarian Daily News, said he expected the demonstrators to be peaceful.

Pickets Hurl Eggs

In Detroit Thursday night, angry pickets threw about a dozen eggs and snowballs at Mikoyan when he emerged from a limousine at the exclusive Detroit Club to attend a dinner.

The eggs missed their target but splattered a State Department security agent and several newsmen. The demonstrators shouted "butcher go home" and "remember Budapest."

Chorus To Rehearse

The Sanford Male Chorus will rehearse at 8 p. m. Monday in the Sanford Civic Center under the direction of Harry Weir.

Seminole Seeking Expert Road Help

Wanted: one registered road construction engineer with administrative ability. This was the decision of Seminole County Commissioners after a four-hour drive over county roads yesterday.

The board discovered that roads only a month old were crumbling and full of pot holes. Commissioner David Gatchel, when asked about the roads said, "What those trails!"

Advertisements will be run in four newspapers, inviting applicants to submit their qualifications and minimum salary for the road engineer's job. Applicants will be screened by the board on Jan. 20.

Chairman John Ertler said, "In order to get and keep a good man we must give him some insurance that he will be able to do his job without interference from politicians."

The county roads have been built previously under the direction of a road supervisor, who lacks the experience and knowledge of an engineer. Ertler said, "We shouldn't build another county road without an engineer."

Until the new man is found, work will be done on roads in the Forest City subdivision and Prairie Lake section. Commissioners will study the road priority program before the next meeting.

All county employees who serve at the pleasure of the County Commissioners were suspended.

The Staff of Life

I am the bread of life; he that cometh to me shall never hunger.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	John	6	1-14
Monday	John	6	22-35
Tuesday	I Corinthians	10	14-17
Wednesday	I Corinthians	11	23-28
Thursday	II Corinthians	9	10-15
Friday	Matthew	28	36
Saturday	Acts	2	41-47

Have you tried to satisfy your appetite with a bit of candy or a hurried snack? The keen edge of hunger may leave—but only temporarily.

There is another hunger innate in each of us. It is a spiritual hunger, our desire to have protection and help from God. Sometimes we do not really recognize this need. We feel only a restlessness, a longing for something better, an unexplained loneliness.

We often try to satisfy this mysterious hunger with the sweets of pleasure, to cover it up with the hurry of many activities. But it can never be really satisfied until we know God as our Heavenly Father, His Son as our Saviour.

Jesus Christ said, "I am the bread of life; he that cometh to me shall never hunger."

In the Church we find this Christ who offers us the true bread from heaven, the bread which alone satisfies our spiritual hunger.

Incoming, Outgoing Boards Feted At Officers Wives Club Coffee

Thursday morning the ballroom of the Mayfair Inn was the scene of a change-of-board coffee held by the Officers Wives Club of the Sanford Naval Air Station. The coffee honored the outgoing executive board of the OWC and welcomed the new board. The head table was arranged in the shape of a horseshoe. Seated at this table were officers and squadron representatives. On the front table was a low wide arrangement of red and white cloths with runners of greenery extending the decoration on either side. Vivid callio leaves accented the arrangement. Small arrangements of the same were placed at intervals on the other tables. Behind the front table was a huge telegram extending best wishes from the old board to the new. This clever poster, designed by Mrs. Don Brubaker, caused much comment.

Corsages of white carnations were presented to the old president, Mrs. Brubaker, and the incoming president, Mrs. J. W. Crawford. Others on the new board are: VAH-3, representative, Mrs. K. M. Sandon, alternate, Mrs. H. M. Chapman; VAH-5, representative, Mrs. Jeff Taft, alternate, Mrs. Everett Foot; VAH-7 representative, Mrs. Kenneth Rowell alternate, Mrs. K. E. Hodges; VAH-9, representative, Mrs. William Kelyin, alternate, Mrs. William Malczowski; Staff representative, Mrs. Carl Hobbittell, alternate, Mrs. Frank Johnson; P-3 on representative, Mrs. George Ackley, alternate, Mrs. E. J. Mills, and Station representative, Mrs. L. D. Tamny, alternate, Mrs. J. E. Andrews.

Approximately 110 officers wives and guests were present for the coffee. Hostesses were VAH-7 officers wives. Co-chairmen were Mrs. Ralph Mattus and Mrs. Verne Jennings. Programs were presented to each woman present. These contained a resume of the past six months of the OWC. An amusing cover bound the programs. This was also the work of the talented Mrs. Brubaker.

Pastor To Arrive

Rev. Gail B. Smith will become the pastor at the Central Baptist Church in February. Rev. H. L. Moore, who has been serving the church as interim pastor, will return to his home in Lake Helen. Rev. Smith was born in Athens, Ga., where he received his early education in the public schools. He attended college in Atlanta, Ga. Rev. Smith has received advanced training through Moody Bible Institute and the Pioneer Theological Seminary. He was ordained in the Day Haven Baptist Church of Sarasota in 1944 and has served in the ministry for 14 1/2 years. He has been the pastor of four churches. Rev. Smith has served as pastor to the Calvary Baptist Church in Palatka for the past nine years. During this pastorate 535 new members were added to the church. The church auditorium was completely renovated with a new interior, new lighting system, new pulpit furniture and pews. A new educational building was erected. A new house of worship was begun in January of this year. Rev. Smith married Miss Alice L. Smith of Sarasota in 1940. The couple has six sons, John Gall, Roy, Hubert, Phillip, Robbin, and David.

Garden Gate

The month of January often means freezing temperatures and resulting damage to your plantings. If a freeze does affect them, do not be hasty in cutting the damaged parts back as new growth may be forced and would be vulnerable to freeze again in February. Spring with an occasional frosty flavor is in the air for February. As February begins, the whole plant world seems to know that the dormant is almost over and the avid gardener can almost detect an air of expectancy in his garden. Gardening chores for January should include fertilizing all annuals, bulbs and roses about every two weeks. You will get more satisfying results on these plants by using a special formula fertilizer. Also, now is the time to plant or transplant Azaleas, camellias and other perennials. Prune only those shrubs that are not approaching or are in the blooming stage, except for Azaleas which will be in full bloom as the month of February begins. Prune your Azaleas while in bloom and enjoy the beautiful flowering branches indoors. Do not neglect watering of all plantings during January. A lack of water is not as quickly noticed when the temperature is cool. Preceding a freeze, a thorough watering will tend to reduce cold damage. Cover tender plants if frost is predicted. Sprinkle plants before the sun comes up. By melting the frost before the sun hits the foliage, damage will not occur. While there are not too many gardening chores for January, this perhaps would be a good time of year to focus attention on house plants and indoor planters. Adding a new beautiful foliage plant or perhaps a general revision of your present plants, would add a decorative eye appeal for the year to come.

Officers Installed

New officers were installed for the Ethel Root Circle of the Congregational Christian Church. The group met at the home of Mrs. Mahlon Billingsley. Mrs. William H. Bowles, director of District Six of the Florida Fellowship, was present to install the officers. Heading the class this year are: Mrs. Oscar Zittrower, president; Mrs. August Remusat, vice president; Mrs. Alene Rollins, secretary; Mrs. Ed Simpson, treasurer. The devotion was presented by Mrs. Gus Schumacher. Mrs. Laura Laucke gave the secretary's report and Mrs. Ed Simpson gave the treasurer's report. The group discussed plans for the annual meeting of the church. A covered dish supper is planned. The supper will begin at 8 p. m. Everyone is invited and asked to bring a covered dish and table service. The circle will supply the drink and dessert. Lovely pink camellias were given to each guest from the garden of Mrs. Simpson. Refreshments were served by the hostesses, Mrs. Walter Barton and Mrs. Mahlon.

Enlisted Wives Name Officers

Installation ceremonies highlighted the small informal dinner held Monday night by the Enlisted Men's Wives Club at the Lake Monroe Inn. Mrs. Walter Moore accepted the president's gavel from the retiring vice president Mrs. Howard Miller. The former president, Mrs. Lindel L. Carter, is en route to Okinawa to join her husband. Other officers installed were Mrs. Wesley Place, vice president; Mrs. Delton Wilson, secretary; and Mrs. Don Taylor, treasurer. Also attending were Mrs. George Hatch, Mrs. Robert M. Myers and Mrs. Deauron Carnley, and a guest, Mrs. Martha O'Donnell.

Wesley Daughters Have Recent Meeting

The Daughters of Wesley Sunday School Class met at McKinley Hall for a regular business and social meeting January 8. Hostesses were Mrs. Zeb Ratliff, Mrs. O. E. White, Mrs. S. G. Harriman, Mrs. A. D. Zachary, Mrs. J. O. Roney, and Miss Besie Zachary. Routine reports were given from committee chairmen. Mrs. O. E. White gave the devotion. Mrs. Harry Brown and Mrs. C. F. Harriman made donations to the birthday bank. During the social hour Mrs. S. G. Harriman read several selections. The hostesses served lemon pie, nuts and coffee. Hostesses for the February party were announced. A market basket sale will follow the business session.

General Meet Slated

The next general meeting of the Woman's Auxiliary of Holy Cross Episcopal Church will be held on January 12 at 2:30 p. m. in the parish house. Mrs. Joseph Saunders will speak on the Altar Guild. St. Ann's Chapter will be hostess. St. Mary's Chapter met at the home of Mrs. John Thomas on January 5. Father Thomas spoke on the Psalm. St. Mark's monthly meeting was held at the home of Mrs. Joe Masters in Osteen. Mrs. Fred Dyson continued the discussion and study of the Bible.

Cleaners Have Meet

The Cleaners' Sunday School Class of the First Baptist Church met Tuesday night at the home of Mrs. R. E. Peurifoy, 1104 Elm Ave. Mrs. A. H. Maddox assisted the hostess. The devotion was given by Mrs. C. A. Anderson followed by sentence prayers from the group. After the business meeting, conducted by the president, Mrs. R. L. Beard, a social hour was held. Refreshments were served to the 11 ladies present.

Woman's Club Has Meeting

A general business and luncheon meeting was held at the Sanford Woman's Club on Wednesday with Mrs. H. W. Rucker as hostess. Assisting Mrs. Rucker were Mrs. R. A. Smith, Mrs. Al Hunt, Mrs. Harry Hooley and Mrs. Arthur Brannan. Greeting guests on arrival in the foyer were Mrs. Hal Harris, Mrs. C. M. Wine, and Mrs. Donald Flamm. The club room contained arrangements of camellias and azaleas in shades of pink. The invocation was given by Mrs. W. P. Yesley. Mrs. N. V. Farmer presided over the business session. A nominating committee was appointed with Mrs. Roy Tillis as chairman. Members are Mrs. J. P. Wilson, Mrs. Ralph Austin Smith, Mrs. Clyde Ramsey, and Mrs. L. E. Spencer. Mrs. Hal Harris reported on the progress of the pleasure ride project of the club. Mrs. George Wells is chairman of this project. New members were introduced. They are Mrs. Ralph Goodspeed, Mrs. Tom Largent, Mrs. L. C. Munson, Mrs. C. E. Meke, and Mrs. Charles Bone and Mrs. W. D. Hardin. Visitors present were Mrs. Bertha Peley, Swant-Scott, Mrs. Mildred Gram-kow, Mrs. Paul Mathison, Orlando; Mrs. S. E. Ives Jr., Mrs. Tony Pritchard. A program on heart disease is planned for the general business meeting in February. A card party followed the business. Hostesses from the social department were Mrs. D. C. Moore, Mrs. J. E. Baker, Mrs. Fred Williams, Mrs. George Wells. There were two tables of canasta and five of bridge. Prizes were awarded as follows: canasta, Mrs. Harry Hooley; bridge, Mrs. George McCall and screen, Mrs. S. G. Harriman.

Pinecrest PTA Has Milwee As Speaker

A capacity audience at the meeting of the Pinecrest PTA held January 6 heard R. W. Milwee, superintendent of public instruction, guest speaker for the evening. Milwee gave a resume of the building program for schools in Seminole County, discussing the finances and officials. He predicted that after the 1959 school year the situation will be much improved. There will be a new high school, a new school in Lake Mary, two new schools in the southern part of the county, and perhaps a new junior high. Milwee stated "However, if the legislature reduces the matching fund we will be back in double sessions after a few years." Student increase in Seminole County this school year is 1400. Milwee informed the audience that new laws have been passed as a result of the Russian apolitics. Schools are entitled to a Federal Grant to promote the study of science. Seminole County will receive between two and seven thousand dollars this year. The National Defense Act provides funds for student loans from the federal government for college attendance. The student assumes financial responsibilities for repaying the loan with three per cent interest. Payment begins a year after graduation. A student can borrow \$1,000 per year with maximum of \$5,000. The welcome address was given by the president, Valda Robbins. He introduced Mrs. Theresa Bolick, a new faculty member. Mrs. Bolick taught school in South Carolina before coming here. Her husband, Rev. Ernest Bolick, is pastor of the new Lutheran Church here. Mrs. Helen Stephenson, faculty member, gave the devotion. Mrs. Margaret Reynolds, principal, publicly acknowledged the Christmas gift to the school. The gift included the paving of sidewalks from 27th St. to 30th St. on French Ave. Attendance banner was awarded to the first grade. Room visitation was held from 7:30-8 p. m.

Staubitz Offers Aid To Local Merchants

Charles Staubitz of DeBary, retired merchandising expert, has given Sanford merchants a few hints on ways and means of increasing sales.

Staubitz suggested that local merchants study the town to find out what is needed in the way of stock, work to make the city more attractive to shoppers, improve stores and merchandise and learn to anticipate the demands of customers.

Speaking to the Retail Merchants Division of the Chamber of Commerce, Staubitz warned that shoppers will seek markets in outlying districts where they can get more parking space and more attractive surroundings if the downtown area doesn't accept the challenge.

"With the tremendous growth in this area, you will always stay behind unless you can forecast the needs of your customers," Staubitz said.

What Staubitz had to say in the way of constructive criticism should be considered carefully by local merchants. His opinions should carry a great deal of weight.

He was associated with Sears, Roebuck & Co. for many years, managing the New Orleans store for 17 years. He also headed the Southeastern merchandising division and established a Sears chain in Venezuela.

Sanford merchants have been offered the services of this expert. He said he would analyze any business in Sanford, go over the books, stocks and building, take a look at sales personnel and help in any other way.

Local merchants could benefit from the experience of this sales and promotion expert. His ideas might help solve a problem which will become more acute in the months and years ahead.

Sanford's downtown area is not in a unique position in its battle to keep its customers. Downtown business in every city and town are engaged in the same fight. Shopping centers, boasting no traffic congestion and plenty of free parking, are luring customers from downtown stores.

The local problem is made more complex by stiff competition from other cities. All of the merchants' problems cannot be solved. We believe that many deficiencies can be and should be corrected.

Baseball Almost Sure

Organized baseball for Sanford appears almost as certain as death and taxes, thanks to a fine boost by the City Commission.

Without a dissenting vote, the Commission removed the last big roadblock to obtaining a team when it approved use of the baseball park and voted to furnish utilities and a groundskeeper.

We believe this will become a profitable venture for the city, too. The baseball club will pay into the city treasury some 30 per cent of the net profits.

As Commissioner Earl Higginbotham so aptly put it: the city will be supplying recreation for at least 30,000 people, even if the team is able to draw no more than it did in its poorest season.

The Herald believes, however, that new attendance records for the league could be set in Sanford. The finest baseball park in Florida is located here. Some may challenge this statement, but Sanford would get a great deal of support from other cities in this contention.

City officials have helped, in no small way, to bring baseball back. It was a forward step, an example of physical progress.

'MISERY IN DE BACK'

Washington Calling

By William S. White
 WASHINGTON—The fact that Governor Nelson Rockefeller of New York has now let the other shoe drop and all but openly announced his candidacy for the 1960 Republican Presidential nomination is only the surface of this political story.

The joke in both parties here is that the new Governor's inaugural address at Albany has almost ruined the one he intends to make in Washington as President in 1961. It is too bad, the irreverent politicians say, that he has used up so many of his good lines ahead of time.

But the cream of the jest—though it has a certain sour taste to a good many people here, in

Sex Sadist Sought In Woman's Death

ST LOUIS, Mo. (UPI)—Police today sought a sex sadist in the slaying of a young mother whose husband gave her a "night off" to attend a sorority party while he baby-sat.

The body of Mrs. Charles E. Montague, 32, was found in the back seat of her car Wednesday. The car was parked in front of the home where Mrs. Montague, a former student at Washington University School of Journalism, had attended the party Tuesday night.

Montague, 34, told the authorities she had dined off while sitting with her two children, Charles, 10, and Linda, 9, and became alarmed when he awoke at 2:15 a. m. Wednesday and discovered his wife had not returned from the party.

A search was organized and Mrs. Montague's mutilated corpse was found hours later by her brother, Donald Jones.

Officials from the coroner's office said Mrs. Montague, a social worker, apparently had been strangled with a chain of rope.

The slaying occurred while police were investigating another college-connected murder, St. Louis' second in less than a month.

James Bullock, a night student at St. Louis University, was found shot to death and run over by a car outside the city art museum several weeks ago.

Bullock's pretty wife, a kindergarten teacher, and her former husband have both refused to take lie detector tests in the case.

French Attacks

NEW ORLEANS (UPI)—The going on in New Orleans' French Quarter were under attack again today.

Fred J. Cassidy, a city councilman, said he planned to ask at a meeting today that the council crack down on what he described as "immoral and illegal" night clubs along historic Bourbon Street.

Cassidy said his plea would be on behalf of the pocketbooks and the dignity of thousands of tourists expected here for Mardi Gras next month.

"It's the same old story of shakedowns, B-drinking, lewd and immoral shows, thefts by rolling and a large number of homosexuals frequenting certain bars," Cassidy said.

'Time's-A-Wastin'

HARRISBURG, Ill. (UPI)—The Henry Ammon family near Harrisburg wondered why a pilot was "buzzing" their house in his plane. After rushing outside, they found out why. The roof of the house was on fire.

Between 1946 and 1956, Communism gained control of more than five million square miles of territory inhabited by more than 600 million people.

Inez Robb Says

By INEZ ROBB
 During the past week I've been doing a little public peeping at the shape of things to come in women. In other words, I have been trying to ease the covering that American designers have draped up to drap the more-or-less female form divine for the next six to eight months.

The news is good for both sexes. The waistline is gradually creeping south to something approaching normalcy, which is good news for my sex. But skirts show no southward trend. They are still as high as a hound-dog's eye, or just barely over the kneecap. This is decidedly something for the boys.

Any woman who is interested in what the American couture has dreamed up for her for the spring and early summer doesn't have to wait to read the waxes in the papers. On the day following Christmas, if she has the energy, all she has to do is stroll down

Officials Hunting \$17 Million Stash

KEY WEST, Fla. (UPI)—U.S. customs agents continued what appeared to be a fruitless search today for 17 million dollars reported to be stashed away in one of three boats which brought Cuban refugees from their revolt-torn nation.

The new Cuban government filed a petition in federal court Wednesday asking the United States to seize the money. District Judge Emmet C. Choate ruled in Miami he had no jurisdiction over the funds.

The Cubans said the money was spirited away from the island nation by three top henchmen of ousted President Fulgencio Batista. The three were identified as Cuban Sen. Rolando Masferrer and his brothers, Rodolfo and Rinaldo.

They were believed to have been among 26 persons aboard the Olakun II, a converted torpedo boat which arrived here 12 hours after Batista fled Cuba.

Batista's own luxury yacht, the Maria III, arrived at the same time carrying seven high ranking naval officers. A third boat, a 40-foot cabin cruiser Simbad, came the following day with six persons aboard.

Customs agents searched the Maria III and the Olakun late Wednesday night and found only \$60,000 among the personal belongings of the 33 passengers. The Cubans were released with their money and told to report to Miami for further processing. They have asked for political asylum.

Chief customs agent C. P. Hogeboom said the two vessels were thoroughly searched after the Cubans departed. He said, however, "I'm satisfied there is nothing like 17 million dollars aboard the boats." Hogeboom added that a search would be made of the Simbad.

Ike Urges Nation To Show Courtesy On Mikoyan Tour

WASHINGTON (UPI)—President Eisenhower asked today that Americans receive Soviet Deputy Premier Anastas I. Mikoyan with "traditional courtesy" on his current tour.

The President made known his displeasure over hostile receptions given Mikoyan by anti-Soviet demonstrators in Cleveland and Detroit.

Press Secretary James C. Hagerty said Eisenhower had read reports of "rock-throwing, egg-throwing and spitting" in Cleveland and of the assembly of 500 demonstrators at Detroit.

Hagerty said the President asked him to make this statement.

"The President hopes that wherever he goes in this country, Mr. Mikoyan will be met with the courtesy Americans traditionally show visitors from abroad."

"The President wants Mr. Mikoyan to see the real America so that when he returns home, he will be able to convey an accurate picture of our good manners, as well as our strength, our confidence and determination in the pursuit of freedom and peace."

Worker Boasts Of Killing Officer

JACKSONVILLE (UPI)—A 27-year-old shipyard worker who companions said boasted of killing a Michigan policeman was questioned here today.

William Van Hedrick was arrested in a stolen car Wednesday after a high speed chase. He was charged with driving while drunk, speeding and having no driver's license.

Police said a man who roomed with Van Hedrick said the suspect had bragged of killing a policeman in Michigan. Officers said he denied the report, but admitted escaping from Southern Michigan State Prison last June while serving time on a bad check conviction.

River Surrenders Body Of Man, 78

FORT MYERS (UPI)—The nine-day search for a 78-year-old retired woodsman ended Wednesday when the man's body was found in the Colossohatchee River near here.

Sheriff Flanders Thompson said George Flint apparently had been in the water for several days. He said there was no evidence of foul play.

Flint wandered away from his home early on the morning of Dec. 30, touching off a widespread search.

QUINCY, Mass. (UPI)—Every day, 80-year-old Charles G. Childred practices for half an hour on his baritone horn, just as he did 65 years ago when he began playing with the Quincy Scotch Band.

About 60 million babies have been born in the U. S. since 1941.

Lady Golfers Start Mayfair Title Play

America's finest "play for pay" women golfers teed off today in the first Mayfair Inn \$5,000 Open tournament over the Mayfair Country Club course. Favorites in the field of 26 professionals and nine amateurs got the traditional late starting times and were still out when the first hole went to press. The golfers had 18-hole rounds scheduled today, tomorrow and Sunday. Checks for the winners among the pros and prizes for the top amateur will be given out at 4 p. m. Sunday by Frank...

Cepeda Top Rookie In Senior Circuit

BOSTON (UPI)—First baseman Orlando Cepeda of the San Francisco Giants, making it strictly no contest, was the unanimous choice today as the National League's "rookie of the year" for 1958. Selection of Cepeda, who was a major factor in the Giants' surprising climb to third place last season, was announced here by...

Guttersnipe Liked In Track Feature

Favorites may flow fastest to the seventh post position tonight where Guttersnipe leads a fast eight-greynoid field in the featured ninth race at Sanford-Orlando Kennel Club. In four regular season races, the 63-pound red brindle dog has been in the top four place three times. In his last race, he scampered home first by six-and-one-half lengths in 31.90 seconds over the 2 1/8ths-mile distance. But many fans will keep their bets on the number six position, from which Pretty White will run. The white and light fawn lady has finished in the top quartet every time she has raced this season, and sports two firsts well under the 32-second mark. Another one to watch in the ninth is Super Toy, a black fellow who is getting faster as the season progresses. The first and 10th races will feature the extra-long 3/8th-mile course, which thrills fans because of the homestretch excitement. Also in tonight's featured Grade A event are Casual Sue, Rocky Martinly, Frank Rex, Golden Empress and Phil Nug. The season's first Friday matinee was held this afternoon, and another afternoon card will get underway at 2 p. m. tomorrow, followed by more racing at 8:10.

Summerall Gets Radio Sports Job

LAKE CITY (UPI)—Pat Summerall, star field goal kicker for the New York Giants, will become a radio sports announcer here Jan. 15. Summerall, whose 48-yard field goal lifted the Giants into the playoff for the pro football championship, made the announcement here Thursday night at a banquet in his honor. Summerall said he would make daily sports casts over station WCRO. But he will continue playing football. Thursday was "Pat Summerall Day" in Lake City as this North Florida community honored one of its most famous sports sons.

Only Four Major Cage Teams Unbeaten

By JOHN GRIFITH United Press International There are only four major unbeaten basketball teams in the country but you can take it from the coach of one of them, Eddie Donovan of St. Bonaventure, that his team won't be able to "go all the way" in a perfect season. "Certainly not — not the way we're playing," said Donovan after the Bonnies easily gained win No. 7 of the season Thursday night, 68-51, over Iowa College. St. Bonaventure, ranked 14th nationally, was one of three high-ranked teams to post wins. Fourth-ranked North Carolina overcame "deep freeze" tactics to beat Wake Forest, 41-34, and 11th-ranked West Virginia downed Penn State in overtime, 89-81. Sophomore Tom Stith led St. Bonnie to its victory at New York's Madison Square Garden with 19 points and 10 rebounds but both he and the Bonnies, whose starting team was composed entirely of players from New York City, failed to impress New Yorkers who turned out to see their return home. Led by George Carter's 23 points and 15 rebounds, used a zone defense that held the Bonnies scoreless for the first five minutes and turned the game into a sloppy affair in which the Bonnies seemed unable to set up their plays. Tough Games Ahead Donovan, who admits that the Bonnies' overall schedule is not too rugged, said he is looking forward to two games each against Niagara and Canisius and one against St. Francis (Pa.) as potential stumbling blocks. The Bonnies are a long-range certainly to wind up with a good final record and probably a tournament berth and Donovan said he is bringing the team along toward the hopes will be a late season peak like that which carried them to third place in last year's National Invitation Tournament. Besides the Bonnies, the only other unbeaten major teams in the nation are Auburn (9-0), Villanova (8-0), and Boston University (6-0). North Carolina's victory at Chapel Hill was the 9th in 10 starts for Coach Frank McGuire's latest bunch of "Yankee Tarheels" and moved them into a tie with North Carolina State for first place in the Atlantic Coast Conference at 4-0. Wake Forest's slowdown produced a game in which no basket was scored for the first six minutes. The Tarheels held a 14-11 halftime lead, built the margin to 14 points in the second half and cruised home. Doug Moe had 11 for Carolina; George Ritchie had 11 for Wake Forest. Free Throw Saves WVU Jerry West and Bob Clouson scored six points each in the overtime period to carry West Virginia to its 10th win in 13 games after Penn State held the Mountaineers to a 21-11 tie in regulation in the game at University Park, Pa. West's free throw with a minute and a half to go and

Jim Brown Chosen 'Player Of Year'

NEW YORK (UPI)—Jim Brown of the Cleveland Browns, possibly the most powerful runner in National Football League history, today was named the professional circuit's "Player of the Year" for 1958 in the annual United Press International poll. Brown, a 230-pounder who runs through the line with a fullback's power and in the open with a halfback's speed, set an all-time NFL rushing record of 1,327 yards in scoring with 106 points. His 18 touchdowns included scoring runs of 65, 60, 59, 58, 52, 41 and 38 yards. This performance against football's smartest and toughest defenses earned him 21 of the 22 votes cast by sports writers who entered the campaign in the 11 league cities. John Unitas, quarterback for the champion Baltimore Colts, was second in the voting with five votes. Bobby Layne, Pittsburgh Steeler quarterback, was third with two. The other vote went to Dan Snelter, speedy offensive end for the Los Angeles Rams. Brown won the NFL rushing crown with 942 yards during his first professional campaign in 1957 and won "Rookie of the Year" honors by a landslide vote for that performance.

Cepeda Will Ask \$20,000 Salary

SAN JUAN P.R. (UPI) — First baseman Orlando Cepeda of the San Francisco Giants, the National League's Rookie of the Year in 1958, said today he will ask for a \$20,000 contract this year. "The award gives me ammunition for demanding a pay increase to \$20,000," said the 21-year old Cepeda when notified of his selection. "I feel honored for myself and for Puerto Rico. I hope my good fortune will encourage my fellow Puerto Ricans to try to excel in sports — especially baseball." Cepeda also announced his engagement to Annie Pino, a 16-year old junior at Albert Einstein High School in nearby Barrio Obregon. Cepeda said they may postpone the wedding until Miss Pino's graduation.

NCAA To Close Session By Voting On Hot Issues

CINCINNATI, Ohio (UPI)—Delegates met today for the closing general session of the weeklong NCAA convention here with fireworks expected in the voting on amendments to the bylaws. Walter Byers, executive director of the National Collegiate Athletic Assn., said disputes may arise when the 2,200 collegiate sports officials vote on eligibility and education amendments. Byers said the NCAA council would press for a vigorous campaign to eliminate fringe benefits such as different types of loans to students, particularly those for athletes. It was such a violation that led to the two-year probation levied on the University of Southern California Wednesday. Troublesome Amendments Byers said the council would also urge the general session to adopt a rule that any member school that retains a staff member who violated NCAA rules be required to show cause why its membership in the NCAA should not be suspended or ended. Some of the amendments expected to cause trouble in today's voting are: —To give the eligibility committee power to rule on "any question" submitted by member institutions regarding the eligibility of an athlete to take part in intercollegiate or tournament athletics under auspices of the NCAA. —To prohibit an institution from providing a prospective athlete financial aid for any educational costs prior to his enrollment in the institution, or for post-graduate work. —To set minimum study program at 12 semester hours for athletes. —Closer Rules Observance —To prohibit any member institution from making inter-school contacts with athletes without the permission of the institution's athletic director. At a news conference Thursday night, the committee on infraction reported that the climate of intercollegiate athletics has improved. It added that institutions are more closely observing NCAA rules. A. D. Kerwin of the University of Kentucky, chairman of the committee, said the schools are freer about reporting violations, both against themselves and against other institutions.

Indians Announce 21 Players Signed

CLEVELAND, Ohio (UPI)—Pitchers Herb Score and Don Ferrarese, utility infielder Billy Harrell and rookie outfielder Don Dilard were signed to 1959 season contracts by the Cleveland Indians today bringing to 21 the number of players to come to terms. Score, a southpaw strikeout specialist, was hampered by a sore arm last season. He won two and lost three as he appeared in 12 games and hurled only 41 innings.

'HOME BEFORE DARK'—Dan O'Herlihy and Jean Simmons during a dramatic sequence in the Warner Brothers film which begins Sunday at the Ritz Theatre.

'Home Before Dark' Scheduled At Ritz

"Home Before Dark," which opens Sunday at the Ritz Theatre, stars Jean Simmons, Dan O'Herlihy, Rhonda Fleming and Efrem Zimballist, Jr. in a dramatic story of a woman's hunger for love.

Bolt, Bayer, Boros Tijuana Favorites

TIJUANA, Mexico (UPI)—The "three H's" of golf—Bolt, Bayer and Boros—were the favorites as the \$20,000 Tijuana open tournament, second stop of the year for the play-for-pay boys.

Its National Open champion, Tommy Bolt; George Bayer, the longest hitter in golf, and powerful Julius Boros, who hold the spotlight.

Because the course is so long it is going to take a powerful hitter to win this one. The Tijuana Country Club layout will measure 7,355 yards the first day and gradually will be lengthened out to 7,400 yards for the last day.

The weatherman predicts there will be plenty of rain over the weekend, so it is going to take a long knocker to get around the course. It is in the open, with little trouble in the way of trees or traps, so the powerful swingers can let out off the tee.

Minors Meeting On Plans For '59

CHICAGO (UPI)—Baseball minor league presidents met today to decide who would play in which league and to try and figure a way to obtain more major league working agreements.

George M. Trautman, president of the National Association of Minor Leagues, said invitations to the meeting had been sent to presidents of all leagues from class AAA to class D.

Trautman said the farm directors of the 16 major league clubs also were invited.

Advance word indicated that "stabilization" would be the minor league keyword for 1959.

It seemed likely that there would be one less minor league than in 1958 — bringing the 1959 total to 23 — with the casualty being the now defunct Western League.

Four Western League clubs—Lincoln, Neb.; Topeka, Kan.; and Sioux City and Des Moines, Iowa—were to be absorbed into the Three-I League.

Card Party Slated At Legion Building

A benefit card party will be held at 8 p.m. Saturday in the American Legion Building on 17-92. Sponsoring the event are the Veterans of World War I, Sanford Barracks. The proceeds will finance the 7th District convention to be held in Sanford, Jan. 18.

The card party is open to the public. Attendance prizes and prizes for each game will be awarded. Chairman of the party is Ed Lubbeck, head of projects committee.

Dirksen Has Knack Of Winning Fights

United Press International Sen. Everett McKinley Dirksen, who survived a "liberal" revolt to win the Senate Republican leadership post, has the knack of coming out on top, even when he loses.

'Prince' Expected To Plead Guilty

TAMPA, Fla. (UPI)—A young Negro who paraded over the country posing as a Ubangi crown prince is expected to plead guilty to a federal bad check charge. Edward Lee Woods, 28, alias Prince Nkabouri Kawama Mboya of Ubangi-Sheri of Portuguese East Africa, told U.S. Commissioner Morrison Buck at his presentment hearing Thursday he would plead guilty to a charge of interstate transportation of a worthless check.

Woods, a former farm hand, was arrested at Fort Myers Monday when he sought to enter a hospital, allegedly suffering from a kidney ailment.

When he described himself as a Ubangi prince, hospital authorities recalled newspaper reports of such incidents in six other states and called the police. Woods had received hospitalization around the country and left without paying his bill.

The Negro told Buck that he has passed himself off as a "crown prince from Equatorial Africa." He said he would plead guilty at his arraignment, probably next Wednesday, and Buck ordered him jailed under \$5,000 bond.

In 1952, only two years after he became a senator, the Illinois Republican became a prominent figure in the bitter fight for the GOP presidential nomination.

In that battle, he backed the loser, the late Sen. Robert A. Taft of Ohio, against President Eisenhower. But Dirksen's star continued to rise.

Two years ago, he was named Senate GOP "whip," or assistant minority floor leader, while a number of the so-called "Eisenhower Republicans" languished in the background.

This year Dirksen's colleagues by 20 to 14 elected him as their titular leader, despite an organized drive by the liberal group to defeat him.

The vote was a tribute both to his parliamentary skill and his ability to stay abreast of the shifting tides of politics. He began moving closer to the middleground area represented by Eisenhower during the President's first term.

Since becoming GOP whip, Dirksen has been one of the administration's most vocal spokesmen on the Senate floor.

The 63-year-old Midwesterner, a veteran of almost a quarter of a century in Congress, retains in full the forensic powers that gained him national attention during the 1952 convention.

The televised fincer of scorn which he pointed at former Gov. Thomas E. Dewey of New York, an Eisenhower leader, was one of the dramatic highlights of that tumultuous meeting.

But Dirksen now uses his expansive vocabulary and organized voice more effectively in backstage maneuvering. During the next two years, he will have an opportunity to employ this art to the fullest.

You and each of you are hereby notified and required to present your claims and demands against the estate of HANS RICHARD KJENNERUD, deceased, to the County Judge of Seminole County, Florida, within eight calendar months from the time of the first publication of this notice.

Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant. His agent or attorney, and any such claim or demand not so filed shall be void.

Calla J. Robbins, Executor of the Last Will and Testament of HANS RICHARD KJENNERUD, deceased. First published November 9, 1959. KATHLEEN HOLTHOFFER, Sanford, Fla., Attorney for Executor.

Zimballist, Jr. in a dramatic story of a woman's hunger for love. The screenplay from the controversial novel by Eileen Bassing concerns a young wife's struggle to hold her husband's love and regain her place in a normal society following her detention in a mental hospital. Jean Simmons plays the wife and her husband is portrayed by Dan O'Herlihy.

To secure authentic backgrounds for the Warner Bros. picture, which has New England as its story locale, producer-director Mervyn LeRoy took his stars and a company of nearly 100 technicians to Marblehead and Boston, Mass., in the dead of winter where they located for more than a month to photograph exteriors.

Press and preview audiences, who viewed advance screenings of the film, are predicting an Academy Award nomination for Miss Simmons' performance in the dramatic story.

Hurricanes Rout Toronto, 97-55

MIAMI (UPI)—The University of Miami Hurricanes, the nation's highest scoring quintet, mercifully flooded the floor with reserves Thursday night as they routed Toronto, 97-55.

After running up a 29-0 lead early in the game, Coach Bruce Hale started sending in the subs. The Canadians, led by Center Ron Goldring, pulled up to a 44-33 deficit at halftime, but could not keep up the pace in the second half. Goldring was high scorer for the game with 23 points.

Dick Hickox, 5-6 Miami guard, led his team with 19 points.

Nazarene Slates Special Programs

The Rev. Ronald Denton, Nazarene missionary to South America, will speak tonight at the Sanford Church of the Nazarene.

Rev. and Mrs. Denton have just returned from 12 years service in Bolivia and Uruguay, where they have been introducing the Nazarene program.

This is the first furlough and deputation work for the couple since leaving for Bolivia. They have four children. The talk tonight will be illustrated with colored slides.

On Sunday the Christianaers Men's Quartet will sing during the Gospel service at 7 p.m. The Rev. H. H. Spear Jr., pastor of the Sanford Church of the Nazarene, will give the sermon.

Revival Scheduled

The Rev. Ernest T. Corbin will conduct a revival service nightly, except Saturdays, at the Pinecrest Assembly of God Church.

Rev. Corbin is from the West Florida District Council of the Assembly of God. The 7 p. m. services are open to the public. Special music and prayers for the sick will be offered. The pastor is the Rev. H. M. Snow.

Jazz Show Put Emphasis On Show, Not On Music

By WILLIAM EWALD
NEW YORK (UPI) - Now that four Times all-star jazz shows have been held, the pattern of the CBS-TV series is uncomfortably clear. The emphasis is on show, rather than jazz.

Whatever musical nourishment they might offer - and Wednesday night, there were a few cups - is accidental. The aim is to provide a spectacle, a circus of sound and faces, an unconscious burlesque. If you will, jazz complete with words like "dig," "man" and "blowing up a storm." They offer the sort of rustic exhibitions that genuine jazz buffs would boot off the stage.

Wednesday night, Jackie Gleason, acting in the role of appreciator - and dressed like "Joe" in "The Time of Your Life" - hawked the virtues of an unmanageable assembly that included the Duke Ellington band, the groups to Dizzy Gillespie, Louis Armstrong and George Shearing, Dakota Staton and Ruth Ells, and Coleman Hawkins, Roy Eldridge, Jo Jones, Gene Krupa and what looked like the entire membership of the Hundred Years War, Hirdland and the Grace Kelly wedding.

Visually, the show was the most resourceful of all the all-star jazz shows and there were occasional aural moments, too. Miss Staton, thrusting her way through "The Thrill is Gone" and cutting Miss Olay in shreds while they teamed up on "Body and Soul" - Gillespie, the muted bell of his horn tilted toward forward, carving a delicate figure out of "St. Louis Blues" while a restless rhythm section drove him politely - a very brief moment when Gillespie and Armstrong tried gamely, but awkwardly to mesh their styles.

But the bulk of the show was made up of some terribly mediocre wares from the Dukes of Dixieland, Shearing and disappointingly enough, the Ellington band. There was an extended extravaganza at the close in which everyone joined and which was billed hopefully, but mistakenly, as a jam session. And there was Miss Olay, a performer more interested in dramatizing her material than singing it, who should not have been on board a jazz show at all.

But then, maybe I've missed the point. It could be the object wasn't jazz after all.

Short Shots: Gen. Carlos Romulo made for a charming guest on NBC-TV's "This is Your Life" Wednesday night, but the show, somewhat managed to make his life sound dull. I was happy to note Wednesday night that NBC-TV's "Bat Masterson" is now offering a premiums, genuine Bat Masterson canes for the kiddies to beat the TV sets with. And other kiddies, too, I trust.

The Channel Swim: Jimmy Durante is reported to be under consideration as a replacement for the NBC-TV Eddie Fisher Show when it goes off after March 17. Errol Flynn, who has been with Fidel Castro's forces in Cuba, made a special appearance on the NBC-TV Jack Parr show last night.

Martha Munt, John Williams, Cyril Cusack and Liam McKenna have joined Shobham McKenna and James Donald in the case of "What Every Woman Knows," a show of the month set for CBS-TV on Jan. 20. NBC-TV's Masque

Quotable Quotes

United Press International
WASHINGTON - Republican National Chairman Meade A. McCormack on Senate Democratic Leader Lyndon B. Johnson's "state of the union" speech at the opening of Congress: "It was a sorry opening day spectacle indeed."

HOLLYWOOD - Bill Gallagher, close friend and personal secretary of the late Tyrone Power, when a value of "more than \$500,000" was placed on the actor's estate: "Ty wasn't an extremely wealthy man. In addition to insurance, he owned a business building on Sunset Blvd and a house in Bel Air."

SHAWNEETOWN, Ill. - Elmer Garrett, 67, who killed his sister-in-law 23 years ago and then disappeared after he attempted suicide: "I'm tired of running."

CHICAGO - Coroner Walter J. McCarron in ordering an investigation of a doctor's emergency service which refused to send medical aid to a dying woman until guaranteed a \$10 fee: "We're going to ask for the records of the service. We're going to find out who makes these decisions while a person is dying."

ST. LOUIS, Mo. - Homicide Chief Maurice O'Neill on the sex slaying of Mrs. Charles E. Montague, 32, mother of two children: "This is a horror murder. It could happen again."

Sanford Gets Spot In Florida League

Sanford again will have organized baseball. It officially became a member of the Florida State League yesterday.

A full working agreement with the Washington Senators will be signed later this week. Sanford will celebrate its return to the league in the opening game of the season, April 22, in a home game against Orlando.

The working agreement with Washington was scheduled to be

signed today, but W. K. McRoberts, who posted the \$1,000 franchise guarantee, is out of town. It will be signed upon his return.

John Krider, who represented Sanford interests at the league meeting at the Mayfair Inn yesterday, said that the local group had decided in favor of Washington "because we have been guaranteed the pick of Senator rookies." He added that Washington had assured Sanford of "number one choice."

Sanford made the league after Gainesville dropped out. The University City club announced early in the meeting that it planned to operate independently if no working agreement could be secured.

After this announcement, Krider told the league board of directors that Sanford was not interested in becoming a seventh member of the league. He added that Sanford was not interested in "pushing anyone out of the league," but was ready to operate if a franchise were available.

The Gainesville issue was settled by board members following a telephone conversation with Baltimore, which turned down a plea from Gainesville for a working agreement.

At the same time, Baltimore offered an agreement to Sanford, an offer which had been made earlier and turned down by the local group. Pittsburgh also had asked to be allowed to sponsor the local team.

Heavy Mud Delays Rescue, 36 Killed By Fire In Crash

RIO DE JANEIRO, Brazil (UPI)—Fire, mud and rain combined Sunday to kill 36 persons in the crash of a German Lufthansa Super-Constellation in flames "hot enough to start a chain reaction."

Three crew members survived. All were reported out of danger today. The only American aboard, pilot Capt. Wren McManis of Westover Park, Stamford, Conn., died at the controls after he missed the runway at Galeão International Airport in a blinding rain storm.

The plane touched down in Rio Bay instead, bounced onto Tubiacanga Beach on Governor Island, exploded and split apart in flames.

Heavy mud delayed the rescue until it was too late. Most of the victims were burned to death.

Firemen who carried portable extinguishers several hundred yards through deep mud to the plane were forced to delay their operations until the flames died down.

They sought refuge from the rain beneath the unburned tail section. One shouted to officials: "No one's alive in there. It's hot enough to start a chain reaction!"

Officials said most of the victims were burned beyond recognition. Attempts at identification began in the Rio morgue today.

Search Under Way For Overdue Plane

KODIAK, Alaska (UPI)—The Coast Guard today launched a sea and air search for a C-124 Globemaster transport plane reported missing over the Gulf of Alaska 105 miles south of Anchorage.

A Coast Guard spokesman said two ships and one airplane were being used in the search.

Officials at Elmendorf Air Force Base at Anchorage said nine men were aboard the Military Air Transport plane which was reported missing on a flight from McChord Air Force Base at Tacoma, Wash., to the naval air installation here. However, the plane's home base, Travis Air Force Base, California, reported that 10 men left aboard the plane there Thursday.

The huge plane failed to arrive here as scheduled at 10 p.m. e.s.t. Sunday. Radio contact with the plane was lost 28 miles east of Homer, Alaska, after it reported it was flying on two of its four engines.

The Air Force at Travis said the plane left with its regular crew of seven plus three pilots in training. The transport plane stopped at McChord Thursday for a two-day layover before departing for the naval air station here Sunday morning. The plane was reported to be carrying about 34,300 pounds of cargo.

With the satellite and its human occupant, the United States will be able to study the psychological and physiological effects of space flight on man.

Research will cover the reaction of a man to weightlessness as he travels around the earth in a virtually gravity-free state.

Studies of weightlessness up to now have been limited to manned flights in jet aircraft and to the launching of a monkey in an Army Jupiter missile.

Local Merchants Plan To Discuss 'Trade At Home'

Representatives from each type of Sanford business will meet Wednesday morning to organize methods of increasing retail sales in this city.

According to Francis Roumillat, chairman of the Retail Merchants' Division, "A large portion of Sanford payrolls is spent in Orlando and other nearby towns. There must be reasons."

The Division will seek ways of combating this trend to "shop away from home" which is a serious threat to all Sanford business people.

The meeting Wednesday is deemed "of the utmost importance" to the merchants, and all representatives are urged to attend. The group will meet at the Chamber of Commerce building.

It will be up to Chief Judge Archibald Gardner of the 8th Circuit Court of Appeals at St. Louis to name the three-judge court if the complaint is relayed to him by Judge Miller.

The laws passed last August authorized Gov. Orval E. Fabus to close schools faced with integration and to withhold funds from any school district where schools are closed.

The complaint will be considered by Judge Miller next Saturday.

Reopen Schools, Negro Asks Court

LITTLE ROCK, Ark. (UPI)—An attorney for Negro students seeking to attend Little Rock's four closed high schools asked today for a three-judge court to open the schools immediately.

Wiley Branton, a Pine Bluff, Ark. attorney, filed a complaint with the federal clerk's office asking District Judge John E. Miller to call for a three-judge court to advance the case on its docket and to declare two state anti-integration laws unconstitutional.

It will be up to Chief Judge Archibald Gardner of the 8th Circuit Court of Appeals at St. Louis to name the three-judge court if the complaint is relayed to him by Judge Miller.

The laws passed last August authorized Gov. Orval E. Fabus to close schools faced with integration and to withhold funds from any school district where schools are closed.

Studies of weightlessness up to now have been limited to manned flights in jet aircraft and to the launching of a monkey in an Army Jupiter missile.

In the jets, pilots arched sharply upward and coasted weightless over the top of the plane's trajectory. Neither the men nor the monkey were weightless for more than a few minutes.

Thieves Stay Busy Here On Weekend

Thieves stole a display board full of pocket knives from Bennett Grocery, West 20th St. Saturday night, according to the Sanford Police Department.

Jim Spencer's Restaurant also was entered over the weekend. The kitchen door and the door to the office were forced sometime last night. About \$10 in cash was taken from the cigarette machine.

Other weekend reports included a broken water main at 8th and Pecan. Alfred Ludell told police that another vehicle had forced his off the road, cutting the water pipe. The accident occurred at 6:34 p.m. Friday.

It will be up to Chief Judge Archibald Gardner of the 8th Circuit Court of Appeals at St. Louis to name the three-judge court if the complaint is relayed to him by Judge Miller.

George Barr Ready For Umpire School

George Barr has arrived in Longwood to open another season with his famous umpire school. The six weeks course is held annually in Longwood, and includes lectures, discussions and field drill.

Barr was a National League umpire for 19 years. Graduates from the George Barr Umpire School are now found in leagues all over the U. S. Classes run from Jan. 15-Feb. 28. The school is in the gymnasium.

It will be up to Chief Judge Archibald Gardner of the 8th Circuit Court of Appeals at St. Louis to name the three-judge court if the complaint is relayed to him by Judge Miller.

Kidnaped Tot Is Found; Mother Of Eight Nabbed

NEW YORK (UPI)—A baby girl kidnaped from a hospital nursery 2 1/2 hours after her birth 10 days ago was found alive and well Sunday night. A 43-year-old grandmother was arrested for the kidnaping.

Even after the child had been positively identified as missing Lisa Rose Chionchio, police said the woman, Mrs. Jean Lavaronne, mother of eight children, continued to insist that she had given birth to the infant unattended in the Brooklyn apartment where she and the baby were found.

Police and F. B. I. agents recovered the infant after a telephone tip to police directed them to her apartment in the face of the woman's calm denial, however, they withheld action until the infant's blood-type and foot prints were checked with hospital records. They checked out perfectly.

Known by Bear

The child's father, Frank Chionchio, 28, an attorney, found his own identification—a tiny scar he had noticed above the baby girl's left eye in his brief first glimpse of her after birth.

Chionchio spent 15 minutes at St. Peter's Hospital, to which the baby was returned, and then left, wreathed in smiles, to take the good news to his wife, Frances, 26. She had been sent home from the hospital last week because the crying of other babies and the sight of her happy mothers had been too much for her to bear.

Police said Mrs. Lavaronne, a widow, had had eight children by two marriages, the youngest now three years old. Her oldest child, a married son, died last summer.

Another son, Francis Anthony Getch, 21, father of two children of his own, is presently in a Brooklyn jail.

The next oldest child is 16. Police said some of them are in orphanages.

Police said they learned the ring, working with duplicate keys, struck at numerous business establishments in Virginia, West Virginia and North Carolina during the past two years.

The group stole everything from television sets to ceramic bathroom tiles being used at a house under construction for a Virginia state trooper who helped crack the case.

Mathena, red-faced, 170 pounds, 6 feet, 8 inches tall, was described in a police bulletin as armed and dangerous. He was reported to have threatened members of the ring and their families.

Horse Turns Hound To Help Nab Cons
MARTINSVILLE, Va. (UPI)—A horse with the apparent instincts of a bloodhound pointed a posse to three escaped convicts Sunday.

The three, along with three companions, broke out of a state prison camp near here Saturday night. The fugitives apparently broke up into two groups.

Officers with bloodhounds followed one group to a farm near here. They stopped to question the farmer, who was feeding his horse.

While they talked, Dobbin raised his head from the feed trough, pawed the ground and started down a nearby railroad track.

Officers followed the horse's gaze, saw three figures and soon had in custody Johnny Jones Jr., Rudolph Jones and Richard L. Johnson, all Negroes.

Freeze Hits Area; Some Damage Seen
Heavy frost and below-freezing temperatures hit the Sanford area for the second day in a row early today, causing some damage to vegetable and fruits.

However, Warren O. Johnson, chief of the Federal-State Frost Warning Service in Lakeland, said that the freeze "came at a good time, if it had to come." He added that many farmers "are between plantings and the new crops are not above ground as yet."

Johnson said tender truck crops in North and Central Florida were hardest hit.

There was undoubtedly some damage to even the hardy truck crops, such as spinach," he said. "I would say the crops around Sanford, Plant City, Webster and Bushnell were about as hard hit as any in the state."

Sanford registered a 26-degree reading early Sunday, a 30 early today. Temperatures were expected to shoot up to the 70's this afternoon, but near-freezing temperatures are expected again tonight and early tomorrow. The forecast for the Sanford area is 32 to 42, with scattered frost.

Colest spot in the state was Cross City, which reported an icy 21. Only extreme South Florida and the Keys escaped freezing temperatures.

2 Children Awake, Escape Fatal Blows

A quiet-spoken, slightly-built engineer today hacked two of his children and his wife to death with an axe in their fashionable home in South Seminole County.

Officers called the crime the "bloodiest in Seminole history."

Harry Gifford Higgins, 40, used an axe to kill two of his sons and fatally wound his wife around 6 a. m. officers said. The two boys, Richard 8, and Bryan 12, died instantly. Mrs. Higgins succumbed in an Orlando hospital at 10:20 a. m. She did not regain consciousness. The victims' heads were cut to the spinal cord by heavy blows.

Two other children were saved from death because they awakened Higgins told sheriff's officers he "couldn't hit them while they were awake." Ruth Ann, 14, ran next door after discovering the body of her mother. Phillip, 10, awakened as his father killed his two sleeping brothers, authorities said.

The Higgins home in Lakewood Shores, South Seminole County is in the \$20,000 class. It is well-furnished with deep-piled rug, a grand piano and other evidence of luxurious living. Two dogs, a cat and two birds, new bicycles for the children, a late model car; all point to the above-average income of the Higgins family.

The family is reported to be deeply religious according to neighbors and the family priest.

There were no alcoholic beverages on the premises and no other weapons of violence. The house was well-kept and spotlessly clean. Higgins said he didn't know whether or not he would have killed himself.

He told sheriff's deputies that he went to bed at 10:30 last night, and arose shortly before dawn this morning. While he was dressing, he got the axe and attacked his wife as she lay asleep. He entered his daughter's room, and asked her to get her dog; then down the hall to the bedroom where the three boys slept. He killed Bryan; crossed the room and killed Richard when Phillip cried out, the Newton, Mass., engineer picked the boy up and moved him to the couch in the living room.

Ruth Ann went to her mother's room and flicked on the light. There she saw the picture of horror, she ran to a neighbor's who summoned Sheriff's deputies.

Higgins opened the back door to tell the assembled group that he would come out as soon as he made a phone call. He called his priest, and when investigating officers arrived, he was walking up and down the street with several neighbors.

Higgins is in Seminole County jail. Officers said he showed no remorse except that he was sorry he had not killed his wife instantly.

He said, "I'm sorry that Ruth, whom I loved the most, had to suffer." He admitted that had the other two children not awakened he would have killed them too, officers said.

Authorities have two letters addressed to Waltham, Mass., written by Higgins last night. The letters contain bequests, dividing all furniture and household possessions among the recipients.

The Seminole County Sheriff's Department said this morning that the crime would be thoroughly investigated, and Higgins' background searched.

"We are not satisfied with the facts in this case," Vern Brewster said. "We feel that Higgins' past will shed more light on his actions."

Gramkow Funeral Home is in charge of arrangements for the deceased. Those investigating were Marion Driggers, Vern Brewster and J. L. Hobby of the sheriff's department and Grady Hall, Altamonte Springs policeman.

Rietec Is Chosen Council Chairman
James Rietec has been elected chairman of the Longwood Town Council.

He was chosen after Mayor Allen Lorman read the oath of office to the new council members. Sworn in were R. C. Carlos Kidon E. Williams, Rietec, Homer (Bud) Scott, E. B. Hopkins, Oanis Boehm, town clerk, and Miss Anderson, tax collector.

Recommendations for civic improvement were read by the new mayor, including more street lights, a map of the water system and enactment of a building code.

Investigation Set Into Vice Scandal Of Police, Firemen
CLEVELAND, Ohio (UPI)—Police launched an intensive investigation today within their own ranks in a vice scandal allegedly involving the police and fire departments and a 15-year-old runaway girl.

Police Chief Frank Story said he would consult with the prosecutor regarding the issuance of warrants. He said the investigation of the girl's story might take several days.

He said she was unable to give names in every case, but was able to give accurate descriptions of the places where she allegedly met members of the two departments.

Rookie Patrolman James W. Kelly, 24, was stripped of his badge and jailed after signing a statement admitting he had shared a room with the girl last October.

An entire platoon of one fire department engine house was placed in a lineup for identification by the girl. Among those accused were four firemen, three patrolmen, a civilian ambulance driver and a suburban police chief.

The girl and Carl Galipo, 21, who police said admitted acting as the girl's procurer, told of their activities Sunday.

The girl's parents said they had spent \$4,000 on medical and psychiatric care for their daughter since 1956. They said she had run away before but had not been guilty of such immoral behavior.

15 States Aleried For Burglary Ring
BLUEFIELD, W. Va. (UPI)—An alarm was out today for 100 members of a 15-state \$500,000-a-year burglary ring and its leader who police said vowed death to any lawman who tried to capture him.

A 15-state alert was issued for Ira Mathena, 46, of Bluefield and Greensboro, N. C., after four alleged henchmen were charged in West Virginia and neighboring Tennessee County, Va.

Police said they learned the ring, working with duplicate keys, struck at numerous business establishments in Virginia, West Virginia and North Carolina during the past two years.

The group stole everything from television sets to ceramic bathroom tiles being used at a house under construction for a Virginia state trooper who helped crack the case.

Mathena, red-faced, 170 pounds, 6 feet, 8 inches tall, was described in a police bulletin as armed and dangerous. He was reported to have threatened members of the ring and their families.

Dream Didn't Pay Off
BRISTOL, Conn. (UPI)—After Elmer Madson lost his wallet containing \$10, he dreamed it was lying in a parking lot. Next day, he went to the lot where, sure enough, he found a wallet—but it wasn't his.
