## Police Battle Pickets Again At GE's Plant

### Trouble Starts When 3,000 Strikers Try To Break Through Plant Police Lines

PHILADELPHIA, Feb. 28, (AP)—Police and pickets battled outside the strike-bound General Electric plant in Philadelphia again today in one of the most violent labor clashes of the postwar era. When the fighting subsided, casualties were said to be at least 20 injured. Twenty persons were arrested.

The trouble started when 3,000 strikers and sympathizers broke through police lines three blocks from the plant. The demonstrators bowled over six officers on motorcycles. Then 12 mounted policemen charged into the crowd of men and women.

This is the second day of fighting between members of the CIO United Electrical Workers and the police. The police are attempting to enforce a court order against picketing.

In New York the threat of a nationwide telephone strike appeared closer after the breakdown of negotiations between the American Telephone and Telegraph Company and the union representing 13,000 employees—the Federation of Long Line Telephone Workers.

Negotiations collapsed early today after both sides had conferred for 14 hours without reaching an agreement. While Union President J. J. Moran said after the meeting, "We are finished. Our answer will be Mar. 7," a phone company spokesman said that A-T and T is very willing to reopen negotiations.

In Detroit labor and management were said today to have lost in excess of \$750,000,000 so far in the General Motors strike. That strike has become the longest and costliest in the history of the automotive industry as it entered its one hundredth day. GM is estimated to have lost half a billion dollars in unfilled orders. Some 175,000 General Motors production workers—idle since last November—are estimated to have lost from \$113,000,000 to \$128,000,000 in wages. Other millions of dollars are said to have been lost as a result of the strike, due to the many industries dependent upon GM production to a greater or lesser extent.

One such concern is the Packard Motor Car Company. Packard's 8,000 production workers have been idle for more than a month because of a shortage of parts normally supplied by GM subsidiaries.

This, in part, is the background against which General Motors' officials and leaders of the striking CIO United Auto Workers Union are meeting today in another effort to reach a back-to-work formula.

### John L. Lewis Plans Drive To Hike Miners' Pay

Washington, Feb. 28, (AP)—John L. Lewis, president of the United Mine Workers, is expected to announce today a drive to raise miners' wages to \$1.25 an hour. Lewis is expected to announce the drive in a speech at the annual convention of the union in Washington, D. C., which opens today.

The union has been fighting for a long time to get its members' wages raised to \$1.25 an hour. Lewis is expected to announce the drive in a speech at the annual convention of the union in Washington, D. C., which opens today.

### Japanese Break Through Police To Cheer Hirohito

TOKYO, Feb. 28, (AP)—Emperor Hirohito visited a department store today in Tokyo when he came out of a crowd of 2,000 Japanese broke through police lines to surround the imperial automobile. The incident was without precedent in Japanese history.

A few months ago Hirohito was regarded by his subjects as a deity. The strict code that regulated the attitudes of his subjects required that they stand with heads bowed and eyes cast down when in the Emperor's presence.

Today, the crowd cheered Hirohito and the Emperor responded by lifting his hat to the throng. It was some time before police could clear a space so the Emperor's motorcade could pull away from the curb.

While in the department store, Hirohito became so interested in the things he saw that he forgot his usual lunch time. The story was one of several places visited by Hirohito.

### Harold Ickes Turns Newspaper Columnist

WASHINGTON, Feb. 28, (AP)—Former Interior Secretary Harold Ickes has turned newspaper columnist.

Ickes has signed up with the New York Post Syndicate to do a column three times a week. An official of the syndicate says the former cabinet member will be writing the "Ickes" column for the country.

Ickes' first column by the syndicate is scheduled to appear on Feb. 29. He will be writing the column throughout the country which subscribe to the Post Syndicate.

### MIAMI NAMED

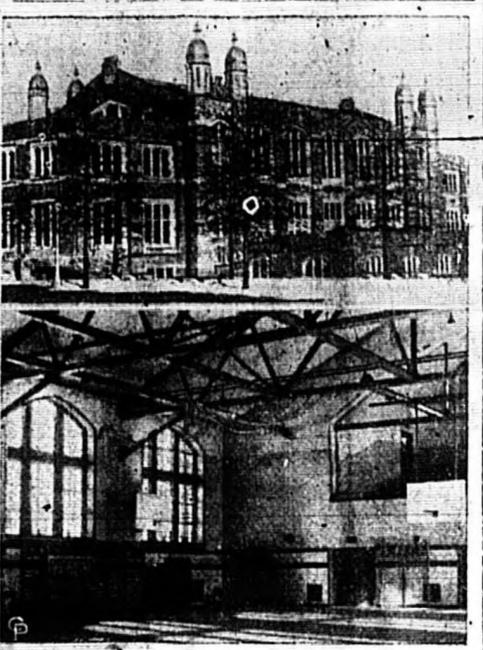

MIAMI, Feb. 28, (AP)—Former President Herbert Hoover is scheduled to fly from Miami to Washington today for a food conference with President Truman. Hoover has been on a fishing cruise off Miami for the past two weeks.

Hoover and his secretary, Lawrence Richey, who is making the trip to Washington, plan to return to Miami either Saturday or Sunday.

### COMMANDERY TO MEET

The regular meeting of Taylor Commandery No. 28, Knights Templar, will be held Friday, March 1 at 7:30 P. M. All its knights are invited to attend.

### College Gym Where UNO Will Meet

PICTURED AT TOP is an exterior view of the three-story gymnasium building at Hunter College in the Bronx, N. Y., in which the UNO Security Council will hold its first meeting on March 21 in the large gymnasium (bottom). Use of the structure was granted under arrangements worked out by Mayor Wm. O'Dwyer and UNO officials. (International)

### Rains Welcomed By Vegetable And Fruit Growers

Vegetable and fruit growers today welcomed another downpour of rain which, according to B. F. Whitner, weatherman, brought the total precipitation during the past two days up to 1.46 inches up to 8:00 o'clock this morning at which time it was still raining.

Up to Wednesday rainfall for the month had been only .90 of an inch or 1.51 inch below the normal figure for the month, or 2.31 inches. It is probable that recent rains will bring the monthly figure up to or slightly in excess of normal.

The rains have curtailed celery cutting for a two day period, which according to growers, should improve the quality of the product and steady the market on the golden variety which has been suffering behind—pastal—demand.

The celery market is much improved over conditions early in the month when it looked as though growers might vote to plow up 40 percent of the crop. Charles Sherman of Federal State Market News Service has been reporting much steeper markets for the product. Haulings have been heavier from the Sanford-Lake Okechobee section. Golden Heart has been quoted at \$2.75 per 100 lbs FOB for larger sizes and Pascal \$2.85 to \$3.00. California also reports a very good demand for celery.

Seminole County has the reputation of growing some of the best cabbage in the state. There will be increasing supplies until the end of April. Prices vary from \$1.50 to \$1.75 FOB per unit of 50 pounds.

In its latest bulletin, the Florida Vegetable Committee, reports that E. J. Holcomb of the fresh fruit and vegetable branch, USDA, will come to Florida next month to confer with celery growers and state and federal officials on a proposed celery marketing agreement. If the facts developed justify, it is probable the secretary of agriculture will call a hearing in the state to hear the viewpoint. No agreement will be invoked except on vote of a majority of the growers affected.

### John L. Lewis Plans Drive To Hike Miners' Pay

Washington, Feb. 28, (AP)—John L. Lewis, president of the United Mine Workers, is expected to announce today a drive to raise miners' wages to \$1.25 an hour. Lewis is expected to announce the drive in a speech at the annual convention of the union in Washington, D. C., which opens today.

The union has been fighting for a long time to get its members' wages raised to \$1.25 an hour. Lewis is expected to announce the drive in a speech at the annual convention of the union in Washington, D. C., which opens today.

### Japanese Break Through Police To Cheer Hirohito

TOKYO, Feb. 28, (AP)—Emperor Hirohito visited a department store today in Tokyo when he came out of a crowd of 2,000 Japanese broke through police lines to surround the imperial automobile. The incident was without precedent in Japanese history.

A few months ago Hirohito was regarded by his subjects as a deity. The strict code that regulated the attitudes of his subjects required that they stand with heads bowed and eyes cast down when in the Emperor's presence.

Today, the crowd cheered Hirohito and the Emperor responded by lifting his hat to the throng. It was some time before police could clear a space so the Emperor's motorcade could pull away from the curb.

While in the department store, Hirohito became so interested in the things he saw that he forgot his usual lunch time. The story was one of several places visited by Hirohito.

### Harold Ickes Turns Newspaper Columnist

WASHINGTON, Feb. 28, (AP)—Former Interior Secretary Harold Ickes has turned newspaper columnist.

Ickes has signed up with the New York Post Syndicate to do a column three times a week. An official of the syndicate says the former cabinet member will be writing the "Ickes" column for the country.

Ickes' first column by the syndicate is scheduled to appear on Feb. 29. He will be writing the column throughout the country which subscribe to the Post Syndicate.

### MIAMI NAMED

MIAMI, Feb. 28, (AP)—Former President Herbert Hoover is scheduled to fly from Miami to Washington today for a food conference with President Truman. Hoover has been on a fishing cruise off Miami for the past two weeks.

Hoover and his secretary, Lawrence Richey, who is making the trip to Washington, plan to return to Miami either Saturday or Sunday.

## Pepper Opens Senate Fight For Projects

### Sanford Delegates Go Before Senate Group To Support St. John's Channel

WASHINGTON, Feb. 28, (AP)—Senator Claude Pepper of Florida has opened a drive in the Senate to add \$8,000,000 to appropriations for Florida harbors and waterways.

The War Department Civil Engineers bill would provide only \$2,500,000 for this state.

The largest item sought by Pepper is \$15,000,000 for the cross-state large canal, an item eliminated by the House. Besides increasing many House approved outlays, Senator Pepper's amendment would insert a series of new appropriations.

Among these would be \$300,000 for a project on the St. Johns River to Lake Harney. Representatives of Sanford, appeared before the Senate Appropriations Committee today in support of this appropriation. At the same time, representatives of the port of Palm Beach will argue for \$114,000 for harbor improvement.

### Advisory Group Is Appointed For U.S. Bonds Division

JACKSONVILLE, Feb. 28, (Special)—Appointment by Secretary of the Treasury Fred M. Vinson of a Florida Advisory Committee for the U. S. Savings Bonds Division, successor to the War Finance Committee, was announced today by W. W. McEachern, committee chairman.

Prominent Floridians who will serve in this important group are: E. Allen, Orlando; F. M. Mount, Pensacola; Courtney Campbell, Clearwater; Oliver B. Carr, West Palm Beach; James L. Cartwright, Jacksonville; Horace F. Cordes, Miami; Colin English, Tallahassee; John L. Fabs, Jacksonville; Walter J. Matherly, Gainesville; Nathan Mayo, Tallahassee; Victor H. Northcutt, Tampa; Clyde C. Pierce, Jacksonville; Mr. Thurston Roberts, Jacksonville; McGregor Smith, Miami; and George C. White, Tallahassee.

Members of the Advisory Committee will serve in a voluntary capacity as consultants to the Treasury's staff in the continuing sale of U. S. Savings Bonds and Stamps through banks, payroll savings plans, schools and other business and civic enterprises.

### Carl Fesler, Sr., Died In Georgia

Carl Fesler, Sr., former owner and operator of the West Side Service Station for a number of years, died last night at 6:00 o'clock in Quitman, Ga. following an illness of approximately one week.

Fesler, whose funeral arrangements have not yet been announced, is survived by Mrs. Fesler; two sons, Walter and Carl, Jr., and one grandson.

### Building Permits Issued At City Hall

Two city building permits for erection of concrete block structures in the Redding addition on West Thirteenth Street were recently issued.

One provides for construction of a ball room 40 by 96 feet in width and length at an estimated cost of \$3,000. The other project is a 24 by 32 foot concrete block store building facing Thirteenth Street at an estimated cost of \$1,500.

### POLICE SEEK PROWLER

Police are on the lookout for a prowler said to have been seen in the Elm Avenue and Eleventh Street neighborhood. Bert Chapman 1118 Elm, reported seeing the prowler in the shrubbery near his home. Mrs. Bohnenstiel, 908 Elm, reported that someone had been trying to open the door to her home between the hours of midnight and 4:00 A. M.

### TROOPS TO WITHDRAW

LONDON, Feb. 28, (AP)—A British News Agency (Reuters) quotes the British commander in chief in India as saying Indian troops in Indonesia will start withdrawing tomorrow. The British military leader, Sir Claude Auchinleck, is reported to have made his announcement in a speech at New Delhi before the Indian Council of State.

## Mayor Buys First Season Pass

Mayor James G. Cutler (left) is pictured above as he purchased the first Sanford Baseball Association season pass from E. J. Kilpatrick, vice president of the local baseball organization. Mayor Cutler endorsed the plan for financing the baseball club during the 1946 Florida State League season and has proclaimed tomorrow as Sanford Baseball Association Day. Season passes will go on sale tomorrow following a "Batter Up" breakfast at the USO building.

## Jackson Demands Tribunal Convict Six Nazi Groups

### Defense Expects To Begin Presentation Of Case On Monday

NUERNBERG, Feb. 28, (AP)—The Allied war crimes tribunal at Nuernberg will reconsider its decision against summoning Winston Churchill as a defense witness in the trial of 22 Nazi leaders. However, the reconsideration is based on a technicality brought up by Joachim von Ribbentrop's defense counsel.

### Spain Announces French Frontier Has Been Closed

LONDON, Feb. 28, (AP)—The Madrid Government has announced that it closed Spanish frontiers with France and Portugal more than 24 hours before the effective time of a similar French Government order.

The Spanish said their closure order has been made effective at Port Bou, on the east coast, and Irun, on the west coast, of the Iberian Peninsula. All normal traffic is said to have been barred from transit through these main arteries between Spain and France.

Meanwhile, sentiment against Generalissimo Francisco Franco has boiled up all over Europe in support of the French demand for a diplomatic break with Spain and UNO action against the Madrid regime. France has officially branded the Madrid Government a menace to international peace and security.

The State Department in Washington has disclosed a new statement of what it called "certain American views" on the Spanish situation have been dispatched to London and Paris. The French are seeking American and British support for their efforts to bring Spain before the UNO Security Council. However, diplomats in Washington say they do not believe the United States will go quite that far although a new American statement deploring the continued existence of the Franco regime is anticipated.

### ANGEL DISCHARGED

AMM 2/e John G. Angel of 435 North Seminary Street, Madisonville, Ky., and formerly of this city, has been discharged from the United States Navy, according to information received today from the Naval Personnel Separation Center, Jacksonville.

### TO COME HERE

T. D. Lancaster, assistant State Service Officer with headquarters in Ocala, announced today that he will be in Sanford on March 5 to assist anyone who desires aid from the Veterans Service.

## Rickey Assails Players Who Go To Mexican Loop

### Brooklyn President Asks Chandler To Take Strong Action

By ASSOCIATED PRESS  
Branch Rickey of the Brooklyn Dodgers called on Commissioner Happy Chandler to take strong action against major league ball players who jump to the Mexican League. The circuit under Rickey's fire lured another player away from the majors today when Alejandro Carresquel of the Chicago White Sox, recently purchased from the Washington Senators, signed with a Mexican League entry.

Carrasquel arrived in Mexico City last night, presumably en route from Venezuela to the United States. Apparently, officials of one of the Mexican clubs talked to him, and he agreed to sign a three-year contract.

General Manager Leslie O'Connor of the White Sox expressed surprise when he heard the news in Chicago. He said he wouldn't believe it until it was a proven fact. As an after thought O'Connor added: "If that's the kind of fellow he is, we'd be better off without him."

Officials of the Mexican League say they have signed these former major leaguers: Fernin Guerra of Washington, Rene Montesaudo of the Phillies, Danny Gardella of the Giants, Adrian Zabala of the Giants, Napoleon Reyes of the Giants, Luis Olmo of the Dodgers, Roberto Estalella of the Athletics, and Adolfo Luque of the Giants.

The league also is trying to sign Dumbo Fernandez, who is the property of the Dodgers.

Rickey is fuming over the loss of Olmo, who demonstrated an ability to hit big league pitching last season. Rickey tried to get Olmo to sign with the Dodgers even after he had agreed to play in the Mexican League. Apparently falling in that attempt, Rickey called on Chandler to take some form of action.

### Spain Announces French Frontier Has Been Closed

LONDON, Feb. 28, (AP)—The Madrid Government has announced that it closed Spanish frontiers with France and Portugal more than 24 hours before the effective time of a similar French Government order.

The Spanish said their closure order has been made effective at Port Bou, on the east coast, and Irun, on the west coast, of the Iberian Peninsula. All normal traffic is said to have been barred from transit through these main arteries between Spain and France.

## Duncan Reports Mad Dog Shot Yesterday

A warning to dog owners to keep their pets tied or confined within the next 60 days, in accordance with the ruling by the City Commission Monday evening, was given today by Grady Duncan, city sanitary inspector, who reported that yesterday another mad dog had been shot by police.

Mr. Duncan stressed the fact that it does not make any difference if the dog running loose has a license tag, it will be picked up, and said that owners should take precautions so as not to loose valuable pets.

City Manager H. N. Sayer also pointed out that the quarantining is now in effect, in an effort to combat rabies among animals.

## Colonel And Soldier Smash Black Market

YOKOHAMA, Feb. 28, (AP)—A deal between an Army colonel and a soldier in an effort to break up an alleged black market ring has been described in testimony before an Army tribunal. The court is trying Marino Bocca, an Italian national, an Army colonel, and a soldier, who devised the plan is James B. Layman, of Evansville, Ind. In a deposition, the colonel declares he gave Layman a written permit to draw 100 suits of underwear. Arrangements were made with another quartermaster colonel to have the soldier draw field rations.

Col. Anderson of the Tokyo Quartermaster Depot, says the soldier, who devised the plan is James B. Layman, of Evansville, Ind. In a deposition, the colonel declares he gave Layman a written permit to draw 100 suits of underwear. Arrangements were made with another quartermaster colonel to have the soldier draw field rations.

Col. Anderson says Layman's plan led to breaking up the ring with which Bocca, who is on trial, is said to have been connected.

## Bradley Backs Disabled Vet Pension Hike

### Disabled Vets Would Receive Increase Of \$17.25 Monthly Under New Plans

WASHINGTON, Feb. 28, (AP)—The chief of the Veterans Administration—General Omar Bradley—is throwing his weight behind a new pension bill that would benefit 115,000 disabled veterans. Bradley has explained in a statement for the House Veterans Committee that the plan would put into effect a schedule drawn in 1945. Under this plan virtually all claimants would receive check ratings for disability pensions.

Under the proposed legislation, an estimated 100,000 veterans of World War II and 15,000 veterans of World War I would receive increases averaging \$17.25 a month.

Bradley pointed out that the schedule is lower, in some cases, than the 1933 rating list now in effect. He added that the bill would apply only to increases, and not reductions. The administrator has estimated that the proposal would cost the government about \$26,000,000.

Other new regulations backed by the Veterans Administrator would let anybody be named as a beneficiary under the service insurance law. They also would permit lump sum payments and total disability protection.

General Bradley is advocating still a third measure, to add \$1,000,000 to the \$50,000,000 revolving fund for non-interest loans up to \$100 for disabled veterans starting vocational training.

### Caldwell Says He Intends To Sue Colliers Magazine

TALLAHASSEE, Feb. 28, (AP)—Governor Caldwell says he has formally notified Collier's Magazine he intends to sue it for an editorial which he says falsely quotes him about the killing of a negro who was awaiting trial at Madison last fall.

The Governor adds he is leaving to his lawyers the question of the amount of damages to be sought. He also says any proceeds from the case will be turned over to the Florida A. and M. College for Negroes.

The Governor has released to the press a nine-page letter to William C. Chery, publisher of Collier's, in which he reviews his statements about the killing of Jesse James Payne on Oct. 11.

In the letter, Caldwell itemizes three excerpts from the magazine editorial which he calls "false, defamatory and damaging to the State of Florida, its citizens and to me."

Payne was taken from an unguarded Madison County jail after he had been indicted for molesting a white girl.

The next morning he was found shot to death on a rural road.

### Spain Announces French Frontier Has Been Closed

**Salvation Army Salvage Bundles - Reveal Oddities**

NEW YORK, Feb. 27, (Special)—The Salvation Army, accustomed, by this time, to receiving just about everything in the bundles of paper, clothes and other salvage which it collects. But the pickings lately have been very unusual, national headquarters reports.

In Wilkes-Barre, Pa., Leo Everett ran into an 18 inch snake while collecting papers. He killed the snake, to calm a frightened housewife—but not until after it had bitten him on the thumb. Everett was taken to the hospital and treated for rattlesnake bite.

In New Orleans, Ray Nolan, an unemployed welder, noticed a "glittering piece of glass" mixed up with paper in a Salvation Army dump. "All that glitter's may not be gold, but in Nolan's case it turned out to be a one and one-half carat diamond, worth \$800.

In Houston, Tex., the Salvation Army, which fights its battle with a Bible, found itself in possession of a small arsenal recently. Maj. Hugo Bloomberg, going

through a pile of scrap, found a clip of four rifle cartridges, dated 1918; a round slender container and a quart bottle partly filled with some white liquid. The container had a live grenade inside it, and the bottle's white liquid turned out to be nitro-glycerine.

In Fort Worth, Tex., the Salvation Army received its greatest shock a few days ago. Inside a bundle of old clothes, mixed in with suits and dresses, were gun graving plates for printing currency. These were turned over to the police.

**RUSSIANS TO WITHDRAW**

TEHRAN, Feb. 27, (AP)—A Soviet embassy official has given assurance that Russian troops will be withdrawn from northern Iran. The Iranian foreign ministry and military observers say however, there are no apparent signs of any Russian evacuation.

The average amount of electricity in a lightning flash is far less than the amount that can be charged into a storage battery.

Massive sea walls now protect Galveston, Tex., from a recurrence of the 1900 hurricane's tidal wave.

Perry Tells Of Six Necessities For Poultry Ration

GAINESVILLE, Fla., (Special)—Six nutrients are necessary for a balanced ration for chickens...

The nutrients, Mr. Perry explained, are carbohydrates, which provide heat and energy and are supplied by grains; proteins, necessary for growth and egg production...

"While the war is over," he said, "many feeds continue to be scarce, and it is necessary for the poultry farmer to make adjustments in his feed if he is to produce high quality eggs and poultry economically and profitably."

Winn & Lovett Grocery Co., located in more than 50 Florida and South Georgia cities are participating.

BIBLE VERSE FOR TODAY

DISEASE GERMS DO NOT THRIVE IN THE SUN LIGHT. THERE IS AN AMAZING HEALING POWER IN GOD'S LOVE AND FAITH BRINGS PHILATES IT. I will put none of these diseases upon thee, for I am the Lord that health thee. -Exodus 15:26-

One nice thing about the increase in the price of meat is being a vegetarian.

President Truman is delighted to learn of the unification of air, sea and land forces in Russia under Marshal Stalin. He contends that is just what he has been striving for in this country. Stalin was boss of air, sea and land forces in Russia during the last war.

Tampa Downs, horse track near Tampa, where there has been no horse racing for twenty years, has been sold to a group of northern capitalists for \$200,000 who promise horse racing there for next winter. Meanwhile, quarter horse racing at Seminole Driving park makes it appear possible that horse racing may be a regular feature in this city before long.

Recalling Lex Green's speech after his defeat by 43,311 votes in 1944 at the hands of Millard Caldwell, the Tampa Tribune calls Green a "poor loser" for saying, "I'm deeply and profoundly grateful for the loyalty of my friends so well manifested yesterday. I do not feel that it is a personal defeat but a temporary setback for the masses. I prefer by far to go down temporarily and in honor with the poor man than to occupy a purchased office. The poor stand serene in their defeat. The cause of the people lives on."

The Baseball Association's drive for funds, with which to finance a Florida State League baseball team in Sanford begins tomorrow and is hoped to conclude in one day. The people of Sanford want baseball—and there is no one who will dispute the statement that Sanford is a good baseball town—they will have to pay for it. If they don't want to pay for it, and pay for it in advance, they won't have baseball here next summer. And when those long afternoons and evenings come, they will be sorry. But it will be too late then to say anything about it. There should certainly be 500 people who are willing to pay \$35 for a season's ticket. So lay it on the line.

John Temple Graves, Alabama editor, speaking in Tampa, warns of a possible collapse of the Florida boom which he sees as something already with us and not as something which may lie ahead. "Regardless of what it may be called in Florida," he says, "people all over the country are referring to it as another boom." And the 1928 boom, he continues, preceded the economic collapse of this whole nation in 1929 and this preceded the collapse of the whole world's peace in 1939. There is a definite connection, he seems to believe, between booms and bombs and atomic bombs are very likely to be preceded by atomic booms.

The trials and tribulations of small business in this day and time are clearly set forth by Mrs. Wetzel, president of the Florida Telephone Corp. of Leesburg, who tried to answer complaints filed with the Railroad Commission against poor service, which a little business which operates in Leesburg, Apopka, Kissimmee, and a number of small Florida towns. Mr. Wetzel has been best by the railroad following the

Our Schools

The trouble about trying to promote improvements in public institutions is that it is impossible to do so without pointing out the deficiencies that exist, inevitably to the chagrin of the public officials involved. It is hard to argue that the public schools should be improved unless you can show that they fall somewhere short of being perfect as they are.

Recently we had occasion to publish a remark of Governor Caldwell to the effect that not a single Florida boy has ever been admitted from a Florida high school to either West Point or Annapolis without additional study in preparatory schools outside this state. This, we are sure, was not intended as any reflection on the public schools of Florida but was meant to show that there is room for improvement.

We are now in receipt of a letter from William R. Boone, principal of the Orlando Senior High School, in which he incloses a copy of a letter from Governor Caldwell qualifying his statement as quoted to this extent: "During my eight years in Congress no Third (Congressional) District appointees to the academy were able to pass the entrance examinations without some preparatory work in addition to completion of high school."

Mr. Boone then goes on to mention two young men from Orlando who graduated from Orlando High School and entered the service academies without additional preparation and apparently are doing very well there. He suggests that there are others who have done the same thing and implies that on the whole Florida schools are just as good as those in any other state.

We are also in receipt of a letter from Colin English, superintendent of the State Department of Education, who also says he knows of two boys from Florida who entered the service schools without additional preparation. One of these was the son of the Dean of the Florida State College for Women. But he adds, "It is true, however, that most of those going to the military schools from Florida and the other states go to institutions which coach and prepare them for the type of examination given at West Point and Annapolis."

We are not disposed to argue with Governor Caldwell on whether he said that "not a single boy from Florida ever entered one of these academies without additional preparation" or whether he said "not a single boy from the Third District"; nor are we interested in whether there actually was one from Orlando, or from Florida, who made the grade, or two or three. That seems to us to be trying pretty hard to make a liar out of us.

What we are interested in is how the average boy from Florida schools fairs when he goes to these academies, or similar colleges and universities, and whether Florida boys on the whole are as well prepared for college, or for meeting the problems of life in general, as the average boy from other states. What is the rate of illiteracy in this state, for instance, as compared with that in Indiana or Iowa? How much money does Florida spend in educating its children, per child, as, for example, New York or Massachusetts?

If it can be shown that Florida ranks first in the education of its children among all the 48 states in the union, then of course we do not need to bother with trying to improve our schools.

Foolishness

Speaking in general, the way for either a nation or an individual to prosper is to work steadily and intelligently in whatever field has been chosen for that purpose. It is true of organized labor as it is of individuals. The logical method is peaceful and steady pursuit of the course chosen. The steeper the pursuit is, the more prosperous is the result, whether for manual workers or office workers.

Viewed in this simple way, it cannot be said that either of these economic groups has benefited much lately from the opportunities open and beckoning on all sides. To take a conspicuous example, the strikers in General Motors plants are reported as having recently lost more than \$100,000,000 in wages. And nobody knows how much more will be lost on both sides.

Obviously it doesn't make sense, in any language or any locality or any group. Both sides of the industrial system are caught in a stiff and stubborn economic system which shuts its eyes to logic, common sense and cooperation. A group of squirrels talking things over in a tree-top, might do better.

Our Bomb Business

It is all right for the more or less United Nations to argue about the atom, as they have been doing lately—as long as they don't start fighting over it. A little mystery anywhere adds to the interest of life, but a big and growing mystery, involving international problems and practices, is not so good. And neither Uncle Sam nor Sister Canada wants to get tangled in European complications of any kind. If there must be "spy rings" in operation, let them keep to their own side of the world; and if we're wise, we'll keep to ours.

As for the atomic business, with its mysteries and perils, many Americans are beginning to wish we had never got into it. But having got into it up to our necks, we are definitely committed to such a powerful form of defense, while shying others from our secrets as quietly and effectively as we can.

Important Notice To All Dog Owners

In order to combat the dreadful and infectious disease of rabies that is spreading among dogs, cats and other animals in the community, which is also fatal to humans, it has become necessary to declare an emergency and order all dogs quarantined for sixty days.

Therefore, you are hereby notified to confine your dogs for the next sixty days by fastening or tying them up on the premises.

All dogs found running at large during this quarantine period will be shot by the police officers, or picked up and impounded.

By order of the City Commission.

H. N. Sayer, CITY MANAGER.

SONG OF INDIA

SANFORD TWENTY YEARS AGO

Johnny Farrell increased his lead over Walter Hagen to two strokes at the end of the first nine holes of the Central Florida 72 hole medal play at the Sanford Country Club course this afternoon. Farrell shot a 36, while Hagen's score was 37.

The Chamber of Commerce has a man on the course taking pictures of the big boys.

Visitors, who came in for the tourney, are marveling at the large field and the number of notable golfers who are competing. In the history of golf in this state there has never been such an array of national and international stars gathered for any one tournament.

Building operations in and around the city took a decided spurt yesterday when approximately a dozen permits were taken out for the erection of many houses, representing a total sum of \$64,500 according to entries at the city clerk's office.

The Sanford Woman's Club has made arrangements with Miss Rowena Dikman to establish a branch school of dancing in this city. Miss Dikman has achieved much success in her work in Jacksonville, having established a large school in that city.

The dance at the Sanford Country Club on Wednesday evening, honoring those taking part in the Central Florida Tourney,

Peron Gains Lead in Argentina Election

BUENOS AIRES, Feb. 28. (AP)—Argentina's so-called strong man, Col. Juan Peron, is in the lead today as the count continues of votes in the presidential election. Peron is ahead in both the popular and electoral vote as the count goes into its third day with the first big provinces ready to start their tally.

Peron is ahead in three provinces which hold an electoral vote of 32. His opponent, Dr. Jose Tamborini, leads in two provinces with 20 electoral votes.

The American oil tanker fleet now consists of 763 vessels.

The W.S.C.S. of the First Methodist Church will meet at 3:00 P. M. as follows: Circle No. 1 with Mrs. W. B. Jarrell, 210 West Fifteenth Street; Circle No. 2 with Mrs. R. F. Cole, 324 West Twentieth Street; Circle No. 3

## Mrs. Caswell Honors Mrs. Boyle's Guests

Mrs. Ben Caswell of Orlando entertained Friday morning from 11:00 to 12:30 o'clock with a lovely coffee honoring Mrs. L. F. Boyle's guests, Mrs. W. L. Robinson of Durham, N. C., and Mrs. H. L. Boyd of Rock Hill, S. C., at her home on North Eola Drive. The home was beautifully decorated with white azaleas, gerbera daisies and sweetpeas.

Spring flowers including various colored sweetpeas were arranged in the living room where Mrs. Caswell, Mrs. Robinson and Mrs. Boyd greeted guests.

The dining room table was covered with a lace cloth and appointments with silver. Azaleas and daisies were used in decorating this room. Mrs. Linton Allen, Mrs. Charles Collins, Mrs. Flynn, Mrs. Norman DeForest, Mrs. Frank Chase and Mrs. Roy Holler served the guests.

Those attending were: Mrs. Albert Connelly, Mrs. Robert Tilly, Mrs. James Pittman, Mrs. Paul Stine, Mrs. L. B. McLeod, Mr. Barr, Mrs. Linton Allen, Mrs. Charles Collins, Mrs. Flynn, and Mrs. Norman DeForest of Orlando.

Also Mrs. W. C. Hill, Mrs. J. N. Tolson, Mrs. J. D. Woodruff, Mrs. W. A. Adams, Jr., Mrs. Joseph Meisch, Mrs. Glenn Lingle, Mrs. Hawkins Connelly, Mrs. Ed Meisch, Mrs. Al Lee, Mrs. Ralph Wight, Mrs. Frank Chase, Mrs. C. R. Kirtley, Mrs. W. A. Leffler, Mrs. Ben Whitner, Mrs. Roy Holler, Mrs. Wallace Wright, Mrs. W. E. Kirchhoff and others from Sanford.

## Personals

Mrs. Eva Taylor of Raleigh, N. C. is a guest of Mrs. R. T. Thraasher of Celery Avenue.

Mr. and Mrs. C. H. Fairless of Detroit, Mich. are the guests of his aunt, Mrs. T. W. Williams at her home 302 Oak Avenue.

Walter Johnson of Tampa spent the weekend in Sanford with his mother, Mrs. Ada Johnson.

Lieut. and Mrs. Maurice Lee have returned to their home after visiting Mr. and Mrs. T. C. Bolt of this city.

Mrs. Roy Reed and infant daughter are visiting Mr. and Mrs. J. P. Ridge at their home in Mayfair.

Mrs. C. P. Martin has as a guest for several days her nephew, Pat Whitrow, Jr. of New York City.

Mr. and Mrs. Joel Field have as their guests Lieut. and Mrs. Law Fiero of St. Paul, Minn., and Robert F. Murray of Atlanta, Ga.

Mrs. William McCombs and two children left today for Massachusetts after spending several weeks here with the former's mother, Mrs. Elizabeth Turnbull.

Mr. and Mrs. Henry W. Hold and two children arrived yesterday for a visit with her parents, Mr. and Mrs. R. H. Muirhead, who reside on Brissan Avenue.

Capt. C. H. Latimer, Mrs. C. B. Latimer, Mrs. Zena B. Redding of Macon, Ga. are visiting Mr. and Mrs. W. T. Wansley of Lake Mary.

Forming a party spending Tuesday at Daytona Beach were: Mr. and Mrs. C. H. Fairless of Detroit, Mich., Mrs. T. W. Williams, Mrs. Maude Williams of Gadsden, Tenn., Mrs. Brodie Williams and Mrs. Tom Williams.

## Sixteenth Animated Magazine Is Presented By Sanford Womens Club

The Sixteenth Animated Magazine was presented by the Sanford Womens Club yesterday afternoon at the club house under the auspices of the Fine Arts Department of which Mrs. A.M. Phillips is general chairman. Mrs. E.D. Brownlee, editor-in-chief and associate editors Mrs. James Moughon, Mrs. Frank MacNeill and Mrs. A.M. Phillips presented the outstanding program of the year with Brig. General J.C. Hutchison, speaking on "Isles of the Pacific."

George Touhy presented an interesting editorial entitled "Sauced and Blowed" which was followed by the art section, music, cartoons, a fashion show staged by the Yowell Company, and tea which was enjoyed by the guests.

Mrs. E.D. Brownlee introduced the various sections of the magazine with the page boy, Master Wallace M. Phillips, Jr., turning the pages as she spoke. She depicted the 1946 edition to Mrs. H. Wayne Rucker, president of the club, saying that Mrs. Rucker stood for the best in home life, civic life and church life. After the dedication she expressed "appreciation with flowers" and presented to the land and extremely hilly rather than flat. The hills seemed to rise abruptly out of the sea and on the flat land, which was an exception, the native huts and also the American air strips and bases were built.

Everything from thick grass to hardwood trees covered the ground. There were some swampy places similar to the Florida swamps, and through these places the soldiers had to cut their way. Where the overhead trees were thick, there could not shine through.

The agriculture was very limited with some coconut rubber and coffee being planted, he said, but these were in and around experimental stations. Plenty of birds of various species were around including parrots of all colors, mocking birds were around. For games the soldiers hunted pigeons of which he saw five varieties. Some turkeys and kangaroos inhabited the island. The fish were plentiful and when seeking a change of diet the soldiers used explosives in catching them. Plenty of rats were around that molested the men until they began carrying traps with them and catching rats in great numbers. The insects were not as bad as they were on the Louisiana maneuvers, General Hutchison said. He did not see any red bugs, mosquitoes or ticks, but plenty of flies. The mosquitoes found in the Philippines were definitely a malarial mosquito and if the soldiers did not use atabrine they were soon malarial victims, he added.

The rainfall on New Guinea was immense with 250 inches a year downfall. Sept. 15, 1944 General Hutchison's unit left New Guinea and arrived on Morotai, where some natives could speak English and were a little more civilized. Agriculture was on a higher level and vegetables such as tomatoes, corn, pepper and okra were available. Ebony and teakwood grew here. The weather was extremely hot during the day but the nights were delightfully cool, requiring

## Richard Maxwell To Appear Here Monday

Richard Maxwell, famed radio evangelist will be heard in person at First Baptist Church, Mar. 1 at 7:30 P. M., according to an announcement by Rev. W. P. Brooks, Jr.

Mr. Maxwell, for six years, played the role of "John" on the Seth Parker Broadcast. For seven years following he was heard in a program of his own, "Songs of 'Cider and Comfort'." For the past four years his time has been given to Army and Navy Campaigns throughout the United States. At the present time Mr. Maxwell has inaugurated a new program over seventy radio stations.

Mr. Maxwell's appearance here will be in the interest of Veterans Hospital Programs, an organization formed to take clean entertainment into the veterans hospitals, as well as give radios to the wounded men. This organization is governed by a national committee consisting of Bishop Edwin Holt Hughes, Senior Bishop of the Methodist Church of Washington, D. C., James T. Buckley, chairman of the executive committee of the Philco Radio Corporation of Philadelphia, Harold Peat of the Harold Peat Lecture Bureau, Inc., of New York City, Chaplain Alvin J. Braatz, former Chief Chaplain of the United States Army, and Homer Root-beaver, well-known religious leader.

The public is cordially invited to hear Mr. Maxwell in his only appearance here.

The east coast of North America is almost directly north of the west coast of South America.

## The Unions of India Pulverize Precious Stones and Mix them with Fruit, Herbs, Honey and Water—for Medicinal Purposes.

**RESOLUTIONS OF THE PILOT CLUB OF SANFORD, FLORIDA FEBRUARY 19, 1946**

Whereas, God in His infinite love and wisdom has called to her heavenly home, our beloved fellow Pilot, Elizabeth Margan, we, the members of the Sanford Pilot Club resolve:

1. That our club has lost a valued and loyal member, whose presence we shall miss in all our gatherings.
2. That we extend to her bereaved family our deep and sincere sympathy, praying that they may find comfort which comes from trustful faith in God.
3. That we extend to her devoted and her devotion to duty and her bravery and patience will remain as a benediction and example for us.
4. That a copy of these resolutions be placed on our permanent records, and that copies be sent to the members of her family.

Signed: Mary F. Rawlins, Ruth Bitting, Velma Mitchell (Committee)

# Sanford Baseball Association Day Set For Tomorrow

## "Batter Up" Breakfast Slated For Tomorrow Morning At USO Building

By JULIAN STENSTROM  
Herald Sports Editor

The drive for funds to operate the Sanford Baseball Association and the Celery Feds during the forthcoming season of the Florida State League gets underway tomorrow morning at 8:00 o'clock when 100 members of various Sanford civic organizations will attend a "Batter Up" breakfast at the USO building located on the corner of First Street and Sanford Avenue.

President Joel Field of the association this afternoon made a final appeal to the baseball minded public to be ready to purchase one or more of the 500 season passes that will go on sale tomorrow throughout the city.

"The proceeds derived from the sale of these passes," Mr. Field asserted, "will total \$17,500 if all the passes are sold and will assure the city of having a team represented in the league during the entire season, win, loss or regardless of whatever the circumstances may be."

E. G. Kilpatrick, the club's vice president, declared that "this movement needs the support of every baseball fan in Sanford and this city is too fine a community to not be represented in the Florida State League." He went on to urge that every fan be prepared to take an active part in putting over this movement.

Charles Morrison, former general manager of the Jacksonville Tars of the South Atlantic League, said this morning that the method being employed by the local baseball association to form a sound financial basis upon which to operate is very worthwhile, and he commended members of the association for the efforts they are putting forth to provide this year's fare.

City Commissioner Robert A. Williams yesterday received the approval of the plans of the baseball association and said he would do his utmost to aid in the campaign to raise funds.

## Levy-Whitner Signs To Manage Celery Feds

Ed Levy-Whitner, (sitting) former major and minor league first baseman and currently manager of the Seminole Country Club, is shown as he signed his contract with officials of the Sanford Baseball Association to manage the Celery Feds during the 1946 Florida State League Season. Also pictured are General Manager Claude A. Whiddon (left) President Joel Field (center) and Secretary Julian Stenstrom, officials of the Sanford Baseball Association.

## Inside Sports Report

With JULIAN STENSTROM  
Visitor

National leagues and was also umpire-in-chief in the American Association.

**Believe It Or Not**  
Fletcher Bolls, active chairman of the Seminole County Chamber of Commerce baseball committee, called a meeting of his group the other afternoon at the City Hall. Every member of his committee was present. Mr. Bolls remarked that this is the first time in his life that he ever saw 100 percent attendance at a committee meeting.

**Schedule Request**  
We received a card this morning from a DeLand fan wanting to know if we could furnish him with a schedule of Brooklyn exhibition games to be played here. We're sorry to report to

the gentleman that Brooklyn is actually training in Daytona Beach. We're filing his card however, and if Sanford is successful in bringing Brooklyn to our much admired Municipal Athletic Field for training next Spring, we'll send him a specially prepared schedule of games.

**Association Meeting**  
Porter Lansing this morning urged all members of the Seminole County Sportsmen's Association to attend the meeting scheduled for tomorrow night at 8:00 o'clock at the Armory. He appealed to other sportsmen who are not members but interested in hunting and fishing to be present. In our opinion, the association can and will do a world of good for the betterment of hunting and fishing in our county which will

better that major attraction to winter visitors and the enjoyment of our own citizens.

**Sport Oddity**  
Only one pitcher ever has led both major leagues in hurling. Jack Chesbro led the National League in percentage of games won in 1902. Two years later Chesbro led the American League while serving them up for the New York Highlanders.

**Sport Laugh**  
One of the Brooklyn Dodger scouts, Andy High, tells the one about the time he called the signals for the opposing team.

It happened about six years after High had left the Dodger club to play with the St. Louis Cardinals. He played third base for the Cards one day in a game with the Dodgers at Ebbets Field. The first time

## Ben Chapman's Phillies Plan To Depart National Loop's Cellar

MIAMI BEACH, Feb. 28. (AP)—Every time the weather gets warm, thoughts turn more and more to those Spring baseball camps here in the south. Today let's look in on the Philadelphia Phillies as they work the winter cranks out of their arms down.

Tucked on the wall of the Philadelphia clubhouse is a large cartoon of a ball player blinking as he comes out of an old-fashioned cellar. It has a lot over his shoulder and a bemused expression on his face. This is the picture that will appear on every score card sold in the Phillies home this season.

It not only is about the first instance on record of a ball club poking fun at its own uniforms, but it also sums up graphically just what Manager Ben Chapman has to say. The old outfielder declares: "We're coming up out of that cellar. I hope everybody picks us for last again, just so we can make them look bad."

The Philadelphia manager explains that he has a real infield now, and power. He says all he needs is pitching and a good catcher. Manager Chapman also gives his views on the rest of the league. Here they are: "The way I see it, St. Louis and Brooklyn will fight it out for the flag. After that anything can happen. With a little luck we can be right up in the race."

Incidentally, you ought to see the new uniforms the Phils will spring on a startled public this year. The uniform will be the most terrific red, white and blue ever seen on a ball field—extending to embroidery on the sleeves.

Brooklyn was at bat, Ivan Olson was sent down to coach behind third base.

Andy says that Manager Wilbert Robinson of the Dodgers—Uncle Robbie—was giving signals from the bench. He could see him all right while playing third, but Olson couldn't see Robbie because the catcher and the umpire were in the way. "I had an argument with Robbie yesterday and now he's hiding the signal from me so I can't relay it to the hitter."

At this point, High turned to Olson and said, "He has one hand on his left knee and that's the bunt sign. He used it when I played for him and never changed it."

Olson was disgusted. "How do you like that," he exploded, "I've got to get our signs from the other club's third baseman."

## Sportsmen Group To Meet Tomorrow Night

A meeting of the Seminole County Sportsmen's Association will be held tomorrow night at 8:00 o'clock at the Armory, according to an announcement today by Porter H. Lansing, president of the organization.

Mr. Lansing asserted that the public, particularly those interested in hunting and fishing, to attend the meeting.

## BARBECUE CANCELLED

Fletcher Bolls, chairman of the Chamber of Commerce baseball committee, announced at noon today that the scheduled barbecue for the Brooklyn Dodgers and members of the school here has been cancelled due to inclement weather.

The guinea pig, not from Guinea, and not a pig, is a South American cavy, distantly related to the rabbit.

At the end of the Revolutionary War, Congress ordered the disbandment of the entire army except "25 privates to guard the stores at Ft. Pitt and 55 to guard the stores at West Point."

# BUY YOUR SEASON PASS FRIDAY-- PRICE \$35.00

Tomorrow Is Sanford Baseball Association Day. You Are Urged To Take This Opportunity To Do Your Part In Providing Sanford With Baseball This Season. Passes Will Go On Sale At 8:00 A. M. Total	\$35,500

**PROCLAMATION**

WHEREAS, the citizens of the City of Sanford for a number of years disapproved of the presence of professional baseball and in the professional teams that have represented Sanford in the Florida State League; and

WHEREAS, since the game was eliminated during the past several years in order effectively to further the war effort; and

WHEREAS, the Sanford Baseball Association has been organized and every effort has been made to establish the organization as a normal association to be operated during the 1946 Florida State League season;

NOW THEREFORE, I, James G. Out, Mayor of the City of Sanford, Florida, do hereby proclaim Friday, Mar. 1, as Sanford Baseball Day, and on that day do urge the citizens of Sanford to purchase season passes to the Sanford baseball team and to attend the game, and to support the team by purchasing season passes and to attend the game.

JAMES G. OUT  
Mayor of the City of Sanford, Florida.

REPRESENTING 200 BRITISH BRIDES threatened with long-distance divorce, members of a delegation leave the U. S. Embassy in London after a conference with Ambassador Winant. They sought an inquiry into their legal status and asked for transportation to the United States to win their husbands again or defend themselves in court. Pictured with three of the brides are Lady Rhys-Williams (left), vice president of the Married Women's Association, and N. Wright (the man in the second row), secretary of the Women's Protection Assn. (International)

CHECKED ON BY THEIR YOUNGSTERS, a couple of mothers protest the refusal of the Center School Committee in Everett, Mass., to appoint Acting Principal Ruth D. Morrow to her post permanently. The furor began when Ada Comita, a war veteran, returned to his old job. The mothers threaten to keep the kids from school if they don't get their way. The youngsters, naturally, hope for a stalemate. (International)

### State News Briefs

By WILLARD CONNOLLY

Biggest social news of the week comes not from Palm Beach or Miami but from Tampa where the Tin Can Tourists of the World opened their two-week convention with a big dance at Municipal Trailer Park. This is the third time Tin Canners from all over the country have gathered here to meet old friends and welcome new ones. Retired business men, farmers, dentists, carpenters and other retired workers, and their wives make up the colony of 700 shabby people.

Following a raid in which the sheriff's deputies seized seven slot machines, the Moose Club of Lakeland was voluntarily packed by its own officers to rid the club of gambling activities. The club will be reopened in a few weeks after a re-organization is effected, it was announced by Lodge heads.

Fort Myers is happy over the way its six man delegation to the Junior Chamber of Commerce winter conference in Pensacola "brought home the bacon"—selection of Fort Myers as the site of the state-wide Jaycee annual convention that is expected to bring between 500 and 700 young Florida business men to that city for three days early in May.

Triple play with the bases loaded—The OPA is reported to be seeking triple refunds amounting to \$16,802 from the Cherokee Hotel at Tallahassee in a suit charging violation of rent ceilings during the 1945 session of the Legislature. Affidavits from four legislators were submitted by the OPA, and 21 other lawmakers alleged to have been overcharged were listed. Small wonder the Representatives complain about small expense accounts allowed.

Not in on the suit, but one who says he was charged \$5.00 a day at the Cherokee during the first 60 days of the session was Senator Lloyd F. Boyle of Sanford, also Representatives M. B. Smith and L. B. Mann. "With an allowance of \$6.00 a day, now can anyone nowadays live and eat on \$1.00 left after paying the hotel \$5.00," said Senator Boyle. The OPA will get the money in the suit, not the legislators, he added.

Spacing the arrival of new enterprises in the family far enough apart in that fourth dimension known as time so that the little folk may be properly cared for is the purpose of the Florida Federation for Planned Parenthood. Mrs. Thomas Harper is president and Mrs. C. D. Copen state director, both of Jacksonville.

## Moscow Says Red Troops To Begin Iran Withdrawal

### British Assert All Royal Army Forces Will Be Out Of Iran By Tomorrow

LONDON, Mar. 1. (AP)—The Moscow radio says that Russian troops will start withdrawing tomorrow from parts of Iran. The Soviet broadcast adds that Russian troops will remain in the northwest area of Iran, including the disputed province of Azerbaijan.

According to Moscow, the Soviet troops will pull out of those parts of the country which—in the words of the broadcast—are undisturbed. Thus it became apparent that Moscow intends to continue to take a hand in the so-called autonomy movement in Azerbaijan.

The Russians have refused to permit Tehran to send troops to put down uprisings by the self-styled autonomists in Azerbaijan. The Russian intervention was protested to the United Nations Security Council by Iran, but finally the case was referred back for direct negotiations between the two countries. An Iranian delegation now is in Moscow to discuss the subject.

The British-Russian Iranian treaty of 1942 set Mar. 2 as the deadline for the withdrawal of foreign troops. The British Foreign Office has announced that the last British troops have been removed from Tehran and that all British soldiers will be out of Iran by tomorrow. The British troops withdrew the last of its troops from Iran on Jan. 1.

## Missing Charlotte Child Is Located In Annapolis Home

ANNAPOLIS, Mar. 1. (AP)—A Charlotte, N. C. couple, Dr. and Mrs. Andrew Taylor, have been reunited with their four-year-old daughter, Terry, missing from her home since last Tuesday. Dr. and Mrs. Taylor arrived in Annapolis early this morning after an automobile and plane trip from Charlotte.

The missing Terry, who was located, safe and sound, late yesterday by Annapolis police, called to Mrs. George Seay, the child's aunt, in Annapolis. The child was brought to the house by a young woman whom Mrs. Seay hired as a maid. The woman told that she was a widow and Terry was her child.

Mrs. Seay became suspicious when she noticed that the child spoke with a southern drawl, while the woman she hired as a maid did not. Confronted with that and a news story telling of little Terry's disappearance, the maid confessed.

Annapolis police are holding the 19-year-old nursemaid, who used at least three different names for North Carolina, and the woman who have charged her with kidnapping.

## ACL To Establish Tallahassee Office

WILMINGTON, N. C., Mar. 1. (Special)—The Atlantic Coast Line Railroad company will establish an office at Tallahassee, effective March 1. R. J. Doss, Vice-President Traffic, Wilmington, N. C., announced today.

Thomas Fuller, a native Floridian and former U. S. Army, has been named general agent in charge of this office. Doss said.

Doss, who is visiting various Florida cities this week, also announced the appointment of E. E. Shepard as Assistant General Agent in charge of North Florida territory, with office at Jacksonville. Mr. Shepard was formerly Division Freight Agent in the same city.

While the Coast Line does not directly serve this city, Doss said in commenting on new representation at Tallahassee, "the railroad is looking ahead to the expected industrial expansion and continued growth in the State of Florida during the postwar years. The office at Tallahassee is being established in order to provide a closer coordination between the road and the various branches of the state government."

## Meet Doctor Garson

FIRST motion picture address to receive the honor from an American college, Greer Garson is shown at Winter Park, Fla. in cap and gown symbols of the honorary degree of Doctor of Humane Letters. The degree was conferred by Rollins College at its convention. (International)

## Jaycees Vote To Sponsor Blood Donors Group

The Seminole County Junior Chamber of Commerce upon the recommendation of various members, voted to sponsor a blood donors organization composed of 30 members for the purpose of donating blood every three months to the Central Florida Blood Bank.

President Jack Rutigan reported that the Jaycees sponsored blood bank project held recently was a complete success. The group voted to address letters of appreciation to those citizens of the city who assisted the Jaycees in making the program attain its objective.

The duties of the recently appointed chairman of the organization's standing committee were outlined briefly by Mr. Rutigan. He said that the organization's success depended greatly upon the work of the committee chairman and called for their untiring efforts in order to keep the committee and the organization as a whole functioning properly for the betterment of the city and county.

The budget for the forthcoming fiscal year which was drawn up and approved by the members of the board of directors, was adopted by the organization. The constitution and by-laws of the organization, which is currently being incorporated, were outlined by Mr. Rutigan and adopted by the group. The plans for a weekly publication to be known as the Jaycee Journal were approved. Members voted to table the sponsorship of a county-wide fishing contest until a later date since the closed season on bass has been proclaimed.

It was announced that H. H. Coleman, president of the Seminole County Chamber of Commerce, will be the guest speaker at the meeting to be held next Thursday night at 8:00 o'clock at the City Hall.

## TO ADDRESS ROTARY

Monday noon at the Mayfair Hotel the Rotary Club will have as its guest speaker, Capt. Carlos Fallon, now stationed at the Orlando Army Air Base. A native Cuban and formerly a lecturer on "Inter-American Relations," Capt. Fallon will talk on "What Latin America Means to the U. S. Business Man."

## Chinese Press Avers Soviets Lodge Protest

### Declares Reds Object To Demonstrations Ordering Russians Get Out Manchuria

CHUNGKING, Mar. 1. (AP)—Newspapers in China said today that the Soviet government has protested continuing a student demonstration demanding that Russia get out of Manchuria. These newspapers also assert that Generalissimo Chiang Kai-Shek's government has sent a reply to the Russian protest. The Chinese Foreign Office has never confirmed or denied the story.

The Catholic newspaper—Social Welfare—has said that Russian authorities in Manchuria had requested that Japanese property seized by the Russians be registered under Russian ownership. The story asserted, however, that Chinese representatives in Manchuria had taken an opposite view.

Meantime, the Soviet Ambassador—Apollon Petrov—in said to be meeting frequently with Chinese Foreign Minister Wang Shih-Chieh at Chungking. The World Daily News has added that the Generalissimo's elder son, Chiang Ching-Kuo, has postponed a proposed visit to Moscow.

Twenty-seven public organizations meanwhile, have sent a telegram to the U.N.O. urging sanctions against Russia. There have been persistent reports in Nanking that 300,000 Chinese troops are to be sent to Manchuria to take over from the Russians.

Chinese circles are said to have been encouraged by a Russian statement that Soviet troops expect to be out of Manchuria before the United States recalls its forces from China. Chinese officials have expressed gratification that the two situations are quite different.

As proof of this, the Chinese have expressed their gratitude to the American in the presence of the United States special envoy General George Marshall at Peking. The Central government committee man—General Chang Chih-Chung—has asserted that "there is no other place in this world where we could find friendship and assistance like that from America."

## Audubon Group To Begin 46th Annual Meeting Tomorrow

WINTER PARK, Mar. 1. (Special)—Florida's oldest conservation organization, the Florida Audubon Society, will hold its 46th annual meeting in the Annie Russell Theatre of Rollins College tomorrow and Sunday. Featuring this gathering of Florida conservationists will be the showing of five motion pictures of bird life in the state, a discussion of the problem of DDT, and field trips to Silver Springs, Merritt Island, St. Johns River and the Bivins' Arm Sanctuary, according to an announcement made by Dr. A. J. Hanna, President of the Society.

The entire evening program will be devoted to Kodachrome slides and descriptions of nature study activities in the state parks of Florida under the direction of Lewis G. Beorgan, Park Director of the Florida Park Service. Assisting him will be Carol H. Beck, botanist, of the Hillsborough River State Park, J. William Decker, of the Clinch State Park, and the Hon. H. Stovall of Highlands Hammock State Park, and Mrs. Arthur W. Cowell, guest ornithologist from the Pennsylvania State College.

The field trips for March 3 sponsored by Jack Russell of the New York area from the fact that some of the nation's leading sport writers have been staying at the Hotel Mayfair for the past few weeks in order to report activities at Branch Rickey's baseball training school for the Brooklyn Dodgers and the 18 odd clubs affiliated with them.

The following New York sport writers have made it necessary for Western Union Manager Lester Thorp to put on two extra operators: Emma McGowan of the New York Times; Bob Cook of the Herald Tribune; Dan Daniel of the World Telegram; Arch Murray of the Post; Michael Gavey of the Journal American; Howard T. Murphy of the Sun; Gus Steiger of the Mirror; Jack Smith of the Daily News; and Harold C. Barr of the Brooklyn Eagle.

The writers have been concentrating on baseball and the program by which the "future stars" are trained and have put attempted to write "Chamber of Commerce" literature about Sanford. However, reading news day after day with Sanford date lines, plus interesting descriptions of the Dodger tryout and activities should have its publicity effect on New Yorkers and Brooklyn-

## VA Hospital Waiting List Up 40 Percent

WASHINGTON, Mar. 1. (AP)—An increase of nearly 40 percent has been noted in the waiting list at Veterans Administration hospitals in a single month. During the month of January the number of patients on the list rose from 15,250 to 17,018.

The administration has asserted that only about four percent of those seeking hospitalization were suffering from ailments attributable directly to military service. During the same month of January, the number being cared for at veterans hospitals jumped to a new high of 90,754. The number in administration homes, has been listed as 11,649 during the first month of May of 1944.

## Higgins Presents Request To Senate

Edward Higgins, manager of the Seminole County Chamber of Commerce, reported by wire today that he had received a favorable reception from the Senate Appropriations Committee yesterday in Washington when he presented the request of Sanford for an allocation of funds for improvements of the St. Johns River from Palatka to Lake Harney.

Higgins, in a telegram to President H. H. Coleman of the trade body, said he was accompanied by Senator Claude Pepper and Representative Joe Hendrick. He plans to depart from Washington Sunday.

## Longer Life Of OPA Is Urged By Henry Kaiser

WASHINGTON, Mar. 1. (AP)—West coast industrialist Henry J. Kaiser, went to bat for a longer life for the OPA today. He told the House Banking Committee that in his opinion the removal of price controls would, quote "spell ruin for the great mass of mankind which has only limited purchasing power."

Kaiser predicted that abolition of the price control agency would result in inflation of disastrous proportions. He asserted the heaviest toll would be on persons least able to pay.

Kaiser agreed with opponents of price control that the best way to avoid inflation is to insure full production. But he added, "there is, as yet, no convincing argument that full production must await removal of price controls."

The industrialist took exception to the stand of the National Association of Manufacturers, which has urged abandonment of price control. He expressed the opinion that the NAM stands not that of thousands of manufacturers.

## Cab Driver Slightly Injured In Wreck

Richard R. Chalotte, taxi driver, was skinned about the arms and legs when thrown from his cab to the pavement at Eleventh Street and Magnolia Avenue shortly after 2:00 o'clock Thursday afternoon when his cab had collided with a Buick Sedan with a Michigan license driven by Robert A. Wilhelm.

Virginia Crawford six year old passenger with Chalotte was only slightly bruised, according to police.

The Buick sedan overturned and was damaged on the right rear door and right front door. Mr. and Mrs. Wilhelm were not injured. The taxi was damaged on the left front fender and grill. Both cars were taken by the wrecker to the Buick garage. The case in court is pending.

## TRUSTEES MEET

The Sanford Board of school trustees held a luncheon meeting yesterday at Seminole High School lunch room. Present were Mrs. Rosamond Chapman, new member of the board, John T. Galloway and S. O. Chase, Jr.

## KIRKMAN HONORED

TALLAHASSEE, Mar. 1. (AP)—The director of Florida's State Department of Public Safety, Col. H. N. Kirkman, received the Army's legion of merit award today. He was honored for outstanding service in the office of the Provost Marshal General from May of 1944 to November of 1945. The chief of staff of the Fourth Service Command, General Charles Palmer, presented the award in the office of Governor Caldwell in Tallahassee.

## Sanford Is Publicized In New York Area By Leading Baseball Writers

Sanford has derived quite a bit of publicity, especially among sport reading fans of the New York area from the fact that some of the nation's leading sport writers have been staying at the Hotel Mayfair for the past few weeks in order to report activities at Branch Rickey's baseball training school for the Brooklyn Dodgers and the 18 odd clubs affiliated with them.

The following New York sport writers have made it necessary for Western Union Manager Lester Thorp to put on two extra operators: Emma McGowan of the New York Times; Bob Cook of the Herald Tribune; Dan Daniel of the World Telegram; Arch Murray of the Post; Michael Gavey of the Journal American; Howard T. Murphy of the Sun; Gus Steiger of the Mirror; Jack Smith of the Daily News; and Harold C. Barr of the Brooklyn Eagle.

The writers have been concentrating on baseball and the program by which the "future stars" are trained and have put attempted to write "Chamber of Commerce" literature about Sanford. However, reading news day after day with Sanford date lines, plus interesting descriptions of the Dodger tryout and activities should have its publicity effect on New Yorkers and Brooklyn-

## Defense Says Brown Shirts Merely Mised

PROSECUTION SEEKS TO CONVICT FOUR MILLION MEMBERS OF HITLER GANG

NUERNBERG, Mar. 1. (AP)—The expected, albeit "They didn't know what they were doing" has been advanced by defense counsel for the SA, Adolf Hitler's original brown-shirted street fighters. The Allied prosecution is seeking the conviction of the organization's 4,000,000 members as war criminals.

The organization's counsel, Dr. Martin Loeffler, has advanced the argument that the Nazi toughs merely had been misled concerning Hitler's true objectives. Here is the way Loeffler looks at the situation.

"Foreign governments would have had no intercourse with the German government if that government had been composed of obvious criminals."

Therefore, argues Loeffler, how could the brown shirt street brawlers have been expected to know what they were up to—or were being led up to.

To support that argument, Loeffler has in effect described the German nation as a group of mentally incompetent—politically speaking he said.

"The political instinct which characterizes the British and American people is lacking in Germany. The Germans are politically immature and easily misled and hence particularly susceptible to political seduction."

## Seven GI Loans Are Approved By First Federal

Seven G. I. Loans were among the 16 loans approved for purchase of homes by the First Federal Savings and Loan Association at their February meeting, according to Frank Evans, president.

The Association has not turned down a single G. I. Loan since it was qualified to make them, Mr. Evans said.

The Association, which has available more than \$37,000 for loans on homes in Seminole County, is a home owned institution under the authority of the United States government and all individual details, up to \$5,000 are insured. A dividend was declared for the last part of the year 1945 at the rate of 2 1/2 percent annual. A deposit over \$5.00 draws interest.

Officers include, Mr. Evans, president, E. C. Harper, first vice president and Mrs. Rosamond Chapman, secretary and treasurer. Directors are: Walter B. Coleman, Sanford; Doudney, Frank Evans, Howard Fawcett, H. James Gut, E. C. Harper and J. H. Van Hoy.

## Boy Scout Training Group Has Meeting

A meeting of the Boy Scout Training Committee of Seminole County was held yesterday evening at the office of Supt. T. W. Lawton, but due to the weather there was a too small attendance to dispose of important matters. Therefore another meeting date has been set for the evening of March 12 at the same place, Mr. Lawton said.

Present at the meeting yesterday were: Floyd Woodward, assistant district scout director, Jack Russell, Harman E. Morris, Alfred Foster, the Rev. J. E. McKinley and Mr. Lawton.

## Japanese Crews To Man American Ships

WASHINGTON, Mar. 1. (AP)—The War and Navy departments have announced that Japanese crews will man 200 American ships to speed the evacuation of Japanese from China, Manchuria and Formosa. It is estimated that there are some 2,500,000 persons to be repatriated from those areas.

The Army is making 100 Liberty ships available for the task, and the Navy already has turned over 100 of its surplus "LST's." It is hoped that the evacuation can be completed before the end of the year.

## Police Set For Another Effort To Crash Lines

### Sunken Treasure Japs Didn't Find

MONEY BY THE SHOVELFUL—Filipino silver coin, part of the 17 million pesos sunk in Manila Bay by agents of the Philippines government to keep it from the Japs, is shown being dumped into a bag the deck of a Navy salvage boat after being recovered from the bottom near Corregidor. About two million pesos have already been salvaged by Navy divers working 118 feet below the surface. U.S. Navy photo. (International)

## Administration Says British Loan Would Not Set Precedent

PRESIDENT TRUMAN SERVES NOTICE HE WILL SOON ASK FOR EXPANSION OF EXPORT-IMPORT BANKS LENDING AUTHORITY

WASHINGTON, Mar. 1. (AP)—The Board of the Export-Import Bank today granted the proposal for \$750,000,000 credit to Britain would not set a precedent for other loans. The statement was made by the National Advisory Council on International Monetary and Financial Problems. President Truman passed the opinion on to capital bill.

At the same time, the Chief Executive served notice that he will ask soon for expansion of the Export-Import Bank's lending authority to \$1,225,000,000. The bill would also increase the bank's authorized future loans through a new ceiling ending on June 30, 1946, to the amount of the Export-Import Bank's capital under the proposed expansion.

The advisory council explained that the additional capital for the bank would be used to help needy foreign nations until the international institution established under the Bretton Woods agreement begins to function. Representatives of 35 nations will set up the international institution at a meeting near Savannah, Ga., beginning on Mar. 15.

"The Red Cross, he declared, battled through four bitter years of conflict to provide services to the valiant fighting forces throughout the world. We have seen that job accomplished, thanks to the support of the American people."

"Today we face another equally important task," Mr. Crumley asserted, "in fact more difficult, by reason of the transition from war to peace. It is the obligation and responsibility of every individual to see that the services of the Red Cross to our veterans, our men still overseas and the wounded in our hospitals continue for as long as these needs exist."

Mr. Crumley added that the campaign objective of \$100,000,000 represents an absolute minimum, and since the opportunity is extended for every citizen in Seminole County to participate "I am confident that our section's goal will be achieved."

## More Guardsmen Sent Into Columbia, Tenn.

COLUMBIA, Tenn., Mar. 1. (AP)—More state guardsmen have been moved into Columbia after the killing of two men (negroes) in an outbreak of gunplay last night in the county jail. The reinforcement will raise the number of guardsmen in Columbia to 650.

## Air Station Placed On Caretaker Basis

The Sanford Naval Air Station has been placed on a caretaker basis, it was announced today by Lt. Comdr. G. F. Avery, who has been placed in command.

Capt. William Easton, who has commanded the station since middle July when he relieved Capt. O. P. Smoot, has been transferred to Washington, D. C., with the Bureau of Aeronautics of the Navy.

The system of telephones has been revised at the station and only 10 telephones are now in operation there, said Lt. Comdr. Avery, who stated that he would soon release a detailed statement on the matter.

In his experiments to develop the incandescent light, Thomas Edison tried cardboard and the whisker of a man's beard for filaments.

## Governor Martin Of Pennsylvania Says He Will Use Troops To Maintain Order

(BY ASSOCIATED PRESS) Massed police on duty outside the strike bound General Electric plant today in Philadelphia, were poised for another possible attempt by CIO pickets and sympathizers to crash their lines.

In the meantime, the CIO Industrial Union Council of Philadelphia, as a result of police action the past two days against the pickets, is threatening a general strike. Union spokesmen have stated that mass marches were held outside the GE plant in protest against what they charged as "police brutality" in dealing with the pickets. Mounted police on Wednesday and Thursday charged into the mass of pickets in order to enforce a court order limiting the number of pickets at the plant.

Meanwhile in Harrisburg, Governor Edward Martin said Pennsylvania State Police and units of the Pennsylvania National Guard may be sent to Philadelphia. Martin declared that if he feels it is necessary for the maintenance of order, he will appeal to the Federal government for troops.

The Philadelphia CIO council, called on Phil Morris, CIO National president who was a major figure in settling New York transit strike this week, to help Philadelphia unions work out methods to fight the counter-attack on mass picketing. The council voted last night to hire special legal talent to fight the injunction.

Negotiations in Detroit in the General Motors strike have failed to achieve a settlement on the 34 day day of the costly walk-out. Today's latest matters section was adjourned until tomorrow.

## Large Food Center In Washington Is Destroyed By Fire

The largest food store in Washington, the nation's capital, has been destroyed by a fire which gutted the building. The structure, a five-story structure in the heart of the city, was built in 1928 and was one of the finest in the city. It was destroyed by a fire which broke out at 3:15 A. M. firemen began a search for the body of an unidentified workman. The man is believed to have perished in the heat, which was so intense that it kept curious crowds well back from the blazing structure at Fifth and K Streets, Northwest.

Prisoners at a nearby precinct police station were transferred from their cell block to other station houses.

The \$200,000 damage is the estimate of the manager of the Washington Convention Hall Company, which owned the building. The manager of a night diner nearby has asserted that he saw the fire begin in bowling alley in the upper stories of the building.

ROCK THROWING—Louisville, Ky. (AP)—School windows shattered by rock-throwing kids have cost Louisville taxpayers about \$2,500 annually for years, but at least something is being done about it. The city now install 12-section glass windows in replacing broken old-fashioned sashes containing a single expensive pane.

This doesn't stop rock-throwing, but it limits it about 3/4 the damage one rock can cause.

## Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator—E. B. Carter, Atlantic National Bank Building.  
Employment—U. S. Employment Service, 113 North Park Avenue.  
Vocational Training and Education—T. W. Lawton, Court House.  
Legal Assistance, Hospitalization and State Service Officer—Contact through Liss F. Boyle, County Service Officer, Takach Building.  
Emergency Funds—American Red Cross, Lake Shore Boulevard.  
Veterans Administration—Rocco, Hills, Sheriff's Office every Friday.
